

Racing Season At Longwood To Come To Close Tonight; Record Crowd Is Looked For

Eight Greyhounds In Feature Event For The Final Program

Marked as a decided success and endorsed by thousands of Central Florida sportsmen and women, Sanford-Orlando Kennel Club greyhound race track near Longwood tonight winds up a 90-day race meeting with an 11-event program headlined by a Consolation Derby.

Eight fleet greyhounds, headed by Ann Will, sister of the dog that won the \$1,000 added Derby on Wednesday night, will compete in the feature race tonight for second best honors of the season.

The entry list includes Ann Will, Lady Traffic, Sunny Kay, Flash Past Careless Panny, and Skinny Wager, Wild Panny, and Skinny Barney.

Wise track followers believe that Ann Will can win the Consolation just about as easily as did Ann Hope when she finished eight lengths ahead of Chance Charlie to cop Derby and track championship honors.

Sunny Kay is figured as the most dangerous challenger to the young Franklin kennel dog, while Flash Past and Skinny Barney are being given consideration as third place winners.

A crowd rivaling in size that of Wednesday when 2,100 paid admissions were recorded, is expected for the "get-away" program which starts at 8:15 o'clock.

Myer Goldberg, general manager of the plant, expressing his appreciation for the season's patronage, promised an even greater race meeting in 1937, with several additions and improvements projected.

Tonight's entries and selections, with the latter capitulating to dogs which should finish in the money:

- First race, 3-16 mile: Consolation Derby (1), Miss Glenside, TORNA-DEBRO (2), ALLEYOOP (3), Invincible.
- Second race, 3-16 mile (first half double): DIMMAL OUTLOOK (1), War Viking, Michael Baum, Don Duncin, Blondie Meadows, MAE BIDE (2), SPEEDY CHOICE (3), Dutch Mickey.
- Third race, 3-16 mile (last half double): Miss Harville, RONDY RYAN (2), Trunket, BRIGHT BIDE (3), Texas Friend, Last Count, KANAR FAWN (1), Land Lord.
- Fourth race, 3-16 mile: JOE'S CHOICE (1), Annie's Choice, TIOGA (2), MORPLUCK (3), Bell-slava, Armed Lady, Omaha, Miss Dittaler.
- Fifth race, 3-16 mile: Officer Dues, American Clipper, JACK CUP (1), Captain Martin, HATTIE COMPANY (2), Elizabeth Mahout, Cedar Maid, GLENN BLITZ (3), Sixth race, 3-16 mile: KING BOSHAM (1), PADDY BLUE (2), The Quers, Cactus Flower, CARELESS BREAK (1).

110 Merchants Of The County Back Ball Club

Big red stars are now displayed in 110 business establishments in Sanford and other towns in Seminole County by that number of business men who are backing the Sanford Baseball Association by giving a percentage of their receipts to finance the Sanford Lookouts. Each of these merchants is giving baseball coupons. One hundred thousand of these coupons have been distributed to the various business houses and 40,000 are being printed.

Four more business houses have put up the red stars since the list was published. These are McReynold's Drug Store, the Sun Oil Company, E. B. Smith and the Florida Power and Light Company.

The financing campaign is to close on May 21. The baseball season opens on Apr. 19.

Future Farmers Are Better Farmers Than Diamond Ball Players

Seminole Chapter of the Future Farmers of America in Sanford holds the state record for having the most successful junior farmers in Florida, but the boys found out yesterday that they can't play diamond ball, or that the Homestead Future Farmers can play a better game. Teams composed of the two groups played on the school grounds, and the Homestead bunch won by the decisive score of 18 to 1.

Twelve ads are on the tour from Homestead. They spent the afternoon here, went to DeLand for the night, expected to visit Hastings and Hawthorne today, go to Williston and Chiefland tomorrow, and return to Homestead on Sunday. G. N. Wakefield, advisor of the group, is in charge of the tour. In the group are Jim Fredricks president of Homestead Chapter; M. Greenville secretary; J. B. Carrington treasurer; and T. Moffett reporter.

More Men Needed By Daytona Reds Of State League

DELAND, Apr. 10.—DeLand has the makings of a good ball club, but the local entry will need another outfielder, a good infielder, and some more pitchers to make it a pennant contending outfit in the new Class D Florida State League.

This was the opinion expressed by W. L. "Pat" Patterson, new pilot of the DeLand Reds sent here by Larry McPhail of the Cincinnati Reds. After he watched the approximately 28 players work out under his direction for the first time today.

However, any help DeLand will need can be obtained from the general manager of the big league club, Patterson said. He said he was going to get some more pitchers at once, as there are only three in camp now.

Before coming here, Patterson had two pennant-winning teams at Dubuque, Iowa, and a second place club at Rock Island, Ill., both Class D circuits. The team he managed at Norfolk, Neb., last year, also won a Class D league flag. A club he piloted at Peoria, Ill., in the Three-Eye circuit took fifth place.

Another Game Is Won By Cobb's Seminoles

The Seminoles, R. A. Cobb, manager, won again last evening, defeating the Red Sox by a score of 26 to 6. There were many spectators including a number of adults.

The first week of the Junior League season closes this evening with a game between the Pirates and the Yankees.

William Bryson and Eugene Cochrane pitched for the Seminoles and Alvin Odham, George Kenis and Hubert Hayes pitched for the Red Sox. The catchers were Roland Floyd for the Seminoles and Mack Cleveland for the Red Sox.

Big Leagues Will Start The Season On Next Tuesday

Packed Grandstands Are Looked For By Pilots Of Majors

NEW YORK, Apr. 10.—(AP)—Major league owners, optimistic to the last, agreed that Tuesday, opening day, would be one of golden sunshine and estimated that 300,000 persons will be in the stands. In the event of inclement weather, they will settle for 150,000, they admit.

Largest crowd of the day is expected to watch the Giants and Dodgers at the Polo Grounds. All reserved seats have been sold, already and Giants' officials predict that 40,000 unreserved seats will be sold Tuesday. This will hit the crowd to 55,000.

In Cincinnati Reds' officials are not even taking a chance on the weather. They have sold over 25,000 tickets already for their game with the Pirates and the capacity of 33,000 is anticipated.

Crowds of 25,000 also loom as the world champion Tigers start defense of their title against the Indians at Cleveland and the Cubs open their drive for another pennant against the Cardinals at St. Louis.

President Roosevelt, just back from the South, should be in fine condition for the opener in the capital between the Senators and the Yankees, but even this fact is not expected to fill the park. Only 20,000, which 12,000 less than capacity, were anticipated today.

When Connie Mack takes his Athletics to Boston for a game with his old players, 20,000 probably will look on from the Fenway Park stands. This estimate may go higher, it is thought, with Boston nursing hopes that the Red Sox are off on a pennant campaign.

In point of attendance the Philadelphia Athletics and the White Sox-Brown game at Chicago are not given much chance of breaking any records. Approximately 15,000 may watch the Chicago inaugural in this figure may be whittled because of the great interest in the primary election today.

Philadelphia estimates a crowd of 10,000.

Pynchon Says That He Can't Raise Pay

JACKSONVILLE, Apr. 10.—(AP)—E. A. Pynchon, state WPA administrator, replied to demands for his ouster with the assertion he is without authority to raise the total monthly wages paid WPA workers in his state.

MRS. M* knows Electric Cookery and Water Heating is Cheap and Cool!

Mrs. M. has cooked and heated water many different ways . . . but she prefers to operate her kitchen electrically. Electric cooking and water heating is cheap . . . and cool. Why is Mrs. M. enjoying such economical comfort?

Electric cooking is cheap and cool because the heat is concentrated directly on the bottom of the pan. There are no waste flames to go licking up the side of the utensil and out into the kitchen air. Your fuel dollar is spent in cooking food and not in heating the kitchen.

The heat is concentrated in an electric water heater, too. And the insulated tank keeps this concentrated heat in the water. Your kitchen is just as cool with the heater turned on as off.

Your cost of operation? A Thirty-Three rate has been especially designed for electric kitchens. This rate sees to it that the cost of electric cooking and water heating is well within your budget. See us or your dealer tomorrow and begin to plan your cool kitchen before summer sets in.

Mrs. J. B. Crawford of Sanford is a Modern Housewife. She says: "My family consists of three adults and I use an electric water heater and electric cooking. I save many other things and I am satisfied with the service."

Highway Board Orders Buying Of Road Route

Right-Of-Way For 44 East From Sanford Is To Be Acquired At Earliest Date

Engineers Start Work Next Week

Road To Be Surveyed From Sanford To The Wekiva River

Right-of-way for State Road No. 44 from Sanford east to the Titusville ferry over the St. Johns River is to be acquired at the earliest possible date, County Engineer Tony Fletcher stated today, and engineers will be here Monday to begin surveying the route for the highway west from Sanford to the Wekiva River.

Instructions to proceed with the purchase of the right-of-way east from Sanford were received by the County Commissioners from the State Road Department which has approved the survey, and the board yesterday instructed Mr. Fletcher to hasten the acquiring of title to land needed for the highway. The right-of-way is to be 100 feet wide, extending through the town of Geneva, where the width will be reduced to 60 feet. The distance is about 20 miles, and 2.5 miles will be on a new route.

This is the road over which H. M. Faywood, former president of the Seminole County Chamber of Commerce, and Senator J. J. Parrish have battled with the State Road Department at several sessions.

State engineers who will be here Monday will survey Route 44 from State Road No. 3 to Altamonte Springs, a distance of 1.05 miles, and the route for State Road No. 44 from the Sanford west limits to the Wekiva River, a distance of about four and one-half miles.

When these surveys are completed and approved, the County will acquire title to needed properties. Construction work on State Road 44 east from Sanford will not begin until title has been obtained to the 100-foot right-of-way, Mr. Fletcher said today, but he said he hopes there will be little delay and that the road improvement can be undertaken at an early date.

Funeral Today For T. J. Green Of Paola

Funeral services for T. J. Green, who died at his home in Paola, Friday afternoon, were to be held at 2 o'clock this afternoon from the Nazarene Church in Paola in Silver Lake Cemetery, with the Rev. Woman Found Dead In Bath; No Clue To Murderer Found

NEW YORK, Apr. 11.—(AP)—An autopsy established today that Mrs. Nancy Evans Titterton, wife and sister of a broadcasting company executive, was criminally assaulted before she was strangled with her pajamas in the bathtub of her apartment. Police sought clues to establish identity of the slayer, but so far have been unsuccessful. Fingerprint on the wall of the bathroom were too smeared to be of help. A fountain pen believed to have been dropped by the slayer turned out to be Mrs. Titterton's property.

Engineer Sees Halt In Work If Unions Win

Projects 60 Per Cent Complete; Pynchon Explains Position On Wages Dispute

Should the demands of labor unions that the prevailing wage scale be paid on WPA projects such work in Sanford and Seminole County will practically be suspended, declared W. S. Earle, WPA engineer, today, in making the statement he was issued by E. A. Pynchon, state WPA administrator, who today informed WPA directors throughout the state that "Florida will be dotted with incomplete WPA projects if demands of labor unions for the prevailing wage scale are granted."

Local WPA projects are only about 60 percent complete, Mr. Earle stated. The green house is farthest along and if the present force of workmen can be kept on the job, should be finished within a month, he said. If work can continue on the present schedule the Park Avenue pavement should be completed about the first of June and the First Street pavement about the middle of June, but the Army can not be completed until July, Mr. Earle said. Completion of improvements at the Municipal Airport will be still later.

"If we should be forced to pay the prevailing wage scale we would have to cut down the hours of labor and it would mean that it would take three times as long to finish the job, or we would have to employ three times as many men," Mr. Earle declared.

Replying to charges embodied in a resolution adopted in the state labor convention in Orlando this week that he had been unfair to organized labor in the operation of the Federal work program in Florida, State Administrator Pynchon writes: Engineer Earle (Continued on page four)

City To Be Asked To Release Brick For French Ave.

W. S. Earle, WPA engineer, has written a letter to the City Commission suggesting that the municipality buy another carload of cement and build a concrete gutter on First Street to the end of the brick pavement at Mill Creek and thereby release paving brick for the improvement of French Avenue between First Street and Bay Shore Boulevard. It is expected that the letter will be read at Monday evening's meeting of the Commission.

According to the engineer, fully \$1,000 can be saved by the City in buying the cement and releasing the paving brick that cost \$50 per thousand, or five cents each. Between 17,000 and 18,000 bricks were released by building a concrete gutter between Myrtle and French Avenue, and about an equal number can be salvaged if such a gutter is built from French Avenue on to Mill Creek, said the engineer.

W. H. Schmidt Is Named Major General Of Chamber Of Commerce Sales Army

W. H. Schmidt was today commissioned a major general in the "sales army" of the Seminole County Chamber of Commerce which will begin its annual campaign for membership next Thursday morning, Apr. 16. He will be second in command to General Frank Evans, while B. F. Haines, John Meehan, Sr., E. L. Shalsholer, T. E. Simpson and W. H. Tumbull will comprise the "General Staff." The appointments were announced by T. K. Simpson, president of the Chamber of Commerce.

The "sales army" will be divided into five "divisions," three for Sanford and two for the outlying communities of the County. Sanford's division will be headed by the Chamber's president, Walter I. Simpson, and the other divisions will be headed by: Division One, Walter I. Simpson; Division Two, Walter I. Simpson; Division Three, Walter I. Simpson; Division Four, Walter I. Simpson; Division Five, Walter I. Simpson.

Mrs. Julia Laing, Sanford Pioneer, Died Last Night

Funeral Service Will Be Held Monday At The Baptist Church

Mrs. Julia Felicia Laing, 73, a resident of Sanford for more than half a century, and a leader in civic and welfare work before advancing years overtook her activity, died last night in her home at 621 Oak Avenue where she had resided for 40 years.

Funeral services will be conducted at 3:30 o'clock Monday afternoon from the First Baptist Church to Lakeview Cemetery where the body will be interred by the side of her late husband, Joseph Early Laing, who died in 1926. The Rev. W. P. Brooks, Jr., pastor of the Baptist Church, assisted by the Rev. E. D. Brown, pastor of the Presbyterian Church, will conduct the services.

The body will lie in state at the late residence this evening and until the hour of the funeral. Mrs. Laing was born in New York City on June 6, 1863, and came to Sanford in 1884. She was a pioneer member of the First Baptist Church which she joined on Sept. 4, 1885, was member of the T. E. L. Class a number of years, and took an active part in Sunday School work and in all departments of the church.

Surviving relatives are one daughter, Miss Jeanette Laing; a nephew, William H. Marshburn of Little Rock, Ark., and a cousin, F. H. Vickers of Sanford.

5,000 FLEE FLOODS

MEMPHIS, Apr. 11.—(AP)—Five thousand residents of bottom land country in six states sought the refuge of higher ground yesterday as overflow waters from the Mississippi and its tributaries rolled over more than a million acres of unprotected lowlands adjacent to the streams.

Speeches Hard Work Now With Broadcasts

OGDEN, Utah, Apr. 11.—(AP)—Herbert Hoover, bluffing a cigar, engaged in his Pullman compartment and complained that speech-making isn't what it used to be. "Time was," said the former President, "that you could go around the country making the same speech at each town. This way you could polish up the speech as you went along."

"Not now with the radio, speech-making is hard work. A speech is only good once, because the public is quick to detect repetition. I do a lot of research and spend ten or three weeks on each of my speeches."

Chances Are Against War, Hull Believes

Must Not Get False Impression We Will Not Fight, Declares Secretary Of State

WASHINGTON, Apr. 11.—(AP)—The January statement by Secretary Hull that the chances were "nine out of ten" against a "general war" was made public today by the Senate foreign relations committee. It was coupled with a warning from the State Department head that the United States must not let the "false impression" go out that "we will not fight."

These views were given by Hull during committee hearings on neutrality legislation and were made public today for the first time. While nearly four months old, they preceded Germany's rearmament of the Rhineland which added a new European crisis to the Italo-Ethiopian war.

Diplomats Take a Rest

GENEVA, Apr. 11.—(AP)—European diplomats, wearied from extensive conversations on two international problems, paused today in their negotiations for peace in Africa and in Europe to observe the Easter holidays as Turkey requested formal permission to abrogate the Lausanne pact. The Turkish foreign minister handed formal notes to seven other signatories of the treaty which established demilitarized zones on each side of the Dardanelles. The governments were asked to permit Turkey to arm its area there. Otherwise, peace efforts to settle the Italian invasion of Ethiopia and Germany's rearming of the Rhineland remained about at the same status.

Revolution In Mexico Forecast By Noted Exile

DALLAS, Texas, Apr. 11.—(AP)—Disillusioned and ill in political banishment, Plutarco Elias Calles today predicted that revolution is inevitable in Mexico which yesterday expelled him and three close advisors.

"Revolution is already stirring in Mexico," said the former president and maker of presidents who ruled the country with an iron hand for 11 years. "My exile will make matters worse." Communism, he said, is ruling Mexico.

Calles flew from here today to California and retirement. From Mexico City came word Calles' property would be confiscated by the government.

President To Give Another Hearing To General Hagood

WASHINGTON, Apr. 11.—(AP)—President Roosevelt granted another hearing today to Major General Johnson Hagood who was relieved of command of the Eighth Corps Area after criticizing Works Progress Administration spending. General Hagood had a long conversation with the President on his train while enroute to Florida for a vacation a few weeks ago.

Fletcher Expects Work To Continue On Florida Canal

Knows Nothing Of Hopkins' Promise Not To Use Funds

WASHINGTON, Apr. 11.—(AP)—Senator Fletcher said he still expected work to continue on the \$146,000,000 ship canal across Florida.

The senator, who led an unsuccessful move for Senate approval of the canal project, said he would confer with President Roosevelt on the waterway as soon as possible after his return to Washington.

Fletcher said he had no knowledge of a reported statement by Harry L. Hopkins, works administrator, that none of the \$1,500,000,000 appropriation for relief would be used for construction of the Florida canal.

Members of the House Appropriations Committee said they had been told by Hopkins that none of the appropriation would be used either on the canal or the Panama project in Maine.

"I don't know anything about that," Fletcher said. "The President had \$4,800,000,000. He must have some of that left. I expect work to continue, but of course I can't say whether it will be with relief funds. There is still a chance of including it in the deficiency bill in the House."

Water Conservation Committee Asks Buckman To Debate

Advising H. H. Buckman, Jacksonville engineer who has been in Washington for many months, allegedly lobbying for the cross-state canal, showed "bad taste" in challenging Senator Arthur H. Vandenberg, Michigan Republican, to a debate on canal issues, the Central and South Florida Water Conservation Committee today invited him to debate the issue here.

The committee believes that the people of Florida should hear Buckman if he "desires to air the subject fully," and it therefore today wired the engineer the following invitation to debate the subject in this state:

"Your challenge to Senator Vandenberg to debate Florida canal legislation is both inappropriate and in bad taste. If you have desire to air this subject fully, the people of Florida should hear you, therefore, we invite you to debate the subject with one of our engineers or water experts next week at any point in Florida you may select where radio transmission facilities are adequate."

2 Tampons Indicted For Poll Tax Fraud

TAMPA, Apr. 11.—(AP)—Hillsborough county's grand jury, after a four-day session, returned two indictments charging violation of state law which prohibit payment of poll taxes for others. Those named were Abe Marandis, erstwhile professional hoodlum, and operator of a taxicab service, and Bobby Marvin, former local pugilist. They were placed in jail last night.

3 Drowned As Big Airliner Sinks In Sea

Brazilian Clipper, Weighing 19 Tons, In Collision With Boat Off Trinidad

MIAMI, Apr. 11.—(AP)—The nineteen-ton airliner Brazilian Clipper sank today after a collision with a small boat in the harbor of Port of Spain, Trinidad, drowning two passengers and the steward and injuring nearly a score of others, including Jose Iturbi, world famous pianist.

Others On Board Are All Rescued

Clipper's Home Port Is Miami Of Pan-American Airways

Radio messages to the Pan-American Airways division headquarters here reported others of the 18 passengers and seven crewmen were rescued from the partly submerged queen of the South American airways.

The dead included E. Roman Martinez, 52, export manager of the Eagle Pencil Company, New York; Eric R. Brogh, London, England; Amado Lopez of Miami, dining steward.

The big airliner overturned as it Wallase Culbertson of Miami served in a vain attempt to avoid striking the small launch directly in its path during the dawn takeoff. The plane's left pontoon struck the launch, plunging the clipper over the water. A "crash" boat from the Pan-American aidmate immediately put out and picked up the survivors.

The Brazilian Clipper has been making regular trips from the Pan-American Airways terminal in Miami to South American ports for many months, one of a number of tremendous flying ships that make their headquarters here.

The clipper on the route between Miami and Central and South American ports are slightly smaller than the new ships in service over the Pacific Ocean between Alameda, Calif., port and the Hawaiian and Philippine Islands. The Brazilian Clipper, which blazed the trail from California to Manila in the Philippines and which took off from this port, weighs 25 tons. The largest ship afloat, the new Hawaiian Clipper, which roared out of Miami last Wednesday to join the Pacific fleet, weighs 28 tons.

U. Of F. Allowed To Borrow For Building

TALLAHASSEE, Apr. 11.—(AP)—The State Board of Control was Supreme Court approval of its plan to borrow \$500,000 from the Federal Public Works Administration for erecting new buildings at the University of Florida, the Florida State College for Women, and the Florida Agricultural College for Negroes.

Revenues derived from rentals and fees charged to students and faculty members who use the new buildings will be pledged to repayment of the loan, and so that the Supreme Court said it would be legal. Any pledge of public funds for the repayment would be unconstitutional.

If any effort ever is made to use public funds for retirement of the loans, the Supreme Court said it could be restrained by suitable legal action at that time.

The entire program, it was estimated, will cost \$1,167,000.

The Value Of Credit

Though Russell Leffingwell is a partner in the firm of J. P. Morgan & Co., the well known New York bankers, we were interested in a recent warning from him with respect to the growing size of the government debt.

Mr. Leffingwell is not one of those "money changers" who has condemned everything that the New Deal has done or who has viewed with alarm every effort made for the betterment of society.

What would this country do if, after borrowing all it can during the depression, it should then become involved in a war with a foreign power, is the question raised by Mr. Leffingwell.

This may be so. But the question remains, what would this country do if it SHOULD become involved in war after it had spent all the money it could borrow?

That is the chief value of credit, as every successful business man knows. It is something to tide one over an emergency. If we exhaust our credit in this depression, what will we do when the next emergency arises?

How To Cook Thrift Meals

An Ohio woman, brought to New York as a "reader editor" for one month of a national woman's magazine, has decided to use her temporary position of command to instruct American women on "thrift meals," which she says will save a lot of money, and provide adequately for the meal-time needs of any family.

"Really it is interesting and exciting to match your wits against a budget," she writes. "Prices go up and incomes go down, but we housekeepers go on forever. I can't see anything dull about keeping house and bringing up children, these days. It's such a challenge to mind and ability to keep everything going and the family well fed and comfortable.

Mrs. Murray has two children. On one of the editorial pages in the magazine she emphasizes a buffet supper as the way she can entertain a number of friends at once and provide left-overs that will work into family meals. It's a gray menu always, but economical of time and money. Here is a typical menu:

Platter of cold baked ham and sliced cheese

Spring vegetable salad in bowl, French dressing

Assorted breads, sliced Butter balls

Angel food cake Orange cake

The cold platter can be made attractive with rows of sliced ham and a variety of sliced cheeses, and some spicy green watercress as garnish, she says. Other cold meats can be included, if the budget permits.

The vegetable salad is a combination of new spring greens—young lettuce or romaine, cucumber, radishes, scallions and peas. Or it may be a heartier variety, including canned or fresh peas, beets, carrots, asparagus tips and so on. Vegetables left over from the opened cans will provide luncheon or supper for the next day. A combination of the less perfect salad greens may be used for soup.

"Using left-overs is one of the big problems in economy cooking," Mrs. Murray says. "But planning them in advance is an answer. In practicing thrift in cooking, the homemaker has several problems. She must not sacrifice food value because of a desire to save a few pennies. She must achieve variety. She must plan and cook meals that appeal to the appetite. And she must be economical of time used in preparation or she loses the proper balance in the budget of living."

121 MARKETING PLACES

WINTER HAVEN CHIEF

The Works Progress Administration has approved a project calling for 121 marketing places for Florida vegetables and other products and construction is to start immediately. There are to be of exceptional large size, and four types of markets, five to be located at Chipley, Live Oak, Palatka, Ocala and Wauchula, eight of slightly lesser size, 13 in the third class and 100 roadside markets. The location of the second, third and fourth class markets have not been definitely decided as yet. They are being placed in agricultural centers and most of them are to be in rural sections rather than in cities or towns.

Two High Honors Are Accorded To Sanford Man At U

Franklin Bennett, well known Sanford young man, junior in the University of Florida, has received two outstanding honors in the past two weeks. First, he was appointed varsity football manager for 1936; and in the campus-wide student body elections last week he was elected editor-in-chief of the 1937 Seminoles, the student body year book. Franklin's candidacy was so strongly qualified that the opposing party did not nominate anyone to oppose him. Graduate of Seminole High

School, class of 1933, where he served as business manager of the school's year book, Franklin Bennett has made a very fine record on the University of Florida campus. He has been a real leader in the year book activities—serving on the make-up staff as assistant managing editor. He has also been on the staffs of the Florida Review, literary publication, and the Alligator, student body weekly newspaper. He has been assistant varsity football manager for two years and served this year as secretary of the Interfraternity Conference. He is an advanced student in R. O. T. C.; a member of the Commerce Club and secretary of Phi Kappa Tau, social fraternity.

Mrs. Roberta Howard Is Guest Of Honor

Mrs. Roberta Howard, who celebrated her eighty-fifth birthday anniversary Friday, was honor guest at a buffet supper given last night by her daughter, Mrs. Wallace W. SPRING FEVER?
TAKE MY TIP! EAT GRAPEFRUIT TWICE OR MORE A DAY
FLORIDA GRAPEFRUIT now at their finest..golden-ripe..juicy.. BUY SOME TODAY!
WHY DO we so often feel limp, listless and languid these Spring days? Very probably because, after months of winter and a diet made up largely of acid-producing foods, our systems have become over-acid.
Add fresh Florida grapefruit to your menu. It alkalizes. Eat it at least twice a day or drink the juice. You'll enjoy its zestful tart-sweet flavor to the full. And you'll feel like a different person. You'll eat better, sleep better. Your skin will be clearer, eyes bright with new energy. You'll feel like going places, doing things!
Just one reminder. Insist on FLORIDA grapefruit. They're the thin-skinned, fresher kind with the most juice, the most delicious flavor. Right now they're at their very finest and surprisingly low-priced. Buy a dozen today. Start everyone in your family eating grapefruit at least twice a day. It's the best Spring tonic in the world!
A TEMPTING SALAD: Peel Florida grapefruit and slice thinly across; cut in half again crosswise; remove all seeds. Allow 2 slices for portion. Serve on crisp lettuce with French dressing, to which has been added crumbled Roquefort cheese in any desired amount. Garnish with minced green pepper or pepper strips.

CHRISTIAN SCIENCE CHURCH
"Are Sin, Disease, and Death Real?" is the subject of the lesson-sermon in all Churches of Christ, Scientist, Apr. 12.
The Golden Text is from Luke 3:6. "All flesh shall see the salvation of God."
Among the citations which comprise the lesson-sermon is the following from the Bible: "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases; who redeemeth thy life from destruction; who crowneth thee with loving kindness and tender mercies" (Ps. 103:3-4).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Does God send sickness, giving the mother her child for the brief space of a few years and then taking it away by death? Instead of God sending sickness and death, He destroys them, and brings to light immortality. Omnipotent Infinite Mind needs all and sustains all. This Mind does not send sickness and death, and consequently cannot send them. God does not come near to us, to be sick, or die."

Jacksonville Tars Come Tuesday For Exhibition Game

Personnel Of Locals Will Probably Be Complete By Then

The major leagues start the 1936 baseball season Tuesday, and the first exhibition game in Central Florida will also be played that day. It is to be between the Jacksonville Lookouts of the Florida State League and the Jacksonville Tars of the South Atlantic League. And it will be played in Sanford.

Stuffy McCrone, manager of the Lookouts, used to play on the Tars and succeeded in inducing the Jacksonville Club to come here for an exhibition game before the opening of the two leagues a few days later. The first game of the Florida State League will be played against DeLand in Sanford one week from tomorrow.

Tuesday's game will be called at 3:30 o'clock, on Sanford Field. The admission charge is to be 40 cents.

Stuffy hopes to have his club practically complete by Tuesday, though some changes may be made after that and before the formal opening of the season. Two new players were signed up yesterday, a pitcher and a catcher, both sent here by the Chattanooga Lookouts with which the Sanford Lookouts have a working agreement. Bob Gillon is the new pitcher and Jack Pinlon is the new catcher.

Several players well known to local fans will be seen with the Tars in Tuesday's game. Bert Maxwell, who played with Sanford the last two seasons, is with the Tars this season, as is Sloane who was in center field for DeLand last season and Bill Letts who was a pitcher and held down first base for DeLand the last two years.

An automobile-airplane crash was averted at St. Petersburg, Fla., when the ship's pilot gave the plane, speeding for a take off a "full stick" and jumped the car.

OLD PEOPLE find way to keep breath wholesome

Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant

Either because of stomach disturbances, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance. But new Listerine has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on mouth, teeth, or dental plate surfaces. This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and gums surfaces. Halitosis, fermentation, and putrefaction, a major cause of odors, and then neutralizes the odorous themselves. Try using Listerine every two or three days. See how much more wholesome is your breath. How it sweetens your breath. Lambert Pharmaceutical Co., St. Louis, Mo.

Stuffy Tells Paper He's Well Satisfied With Sanford Club

Stuffy McCrone, manager of the Sanford Baseball Club, tells Sam Butz, sports editor of the Jacksonville Times-Union, that he is "well satisfied" with his club Stuffy was in Jacksonville yesterday, and Butz has the following to say in his column. "Ifs, Ands and Buts," in this morning's Times-Union:

Stuffy McCrone, former Tar, who now is managing Sanford in the State League, was up yesterday to move his family down to the celery center and to look for a few ball players. But on the whole, Stuffy is pretty well satisfied with his club, though the battery department could stand a little more charging.

Stuffy was particularly delighted with a 17-year-old shortstop who blew in from up the country three days ahead of practice. The lad slept in the clubhouse for three nights and was the first out to work when the sessions finally started. Then when he was asked about the salary, he replied "Just put your own figures on that contract. All I want is a chance." You don't find many of that type running round loose these days. They're business men first—then ball players. And you can hardly blame them at that.

More Business Firms Display Red Stars

Red stars were displayed by three more business houses today, bringing well above 50 the number of merchants and others who are supporting the financing campaign of the Sanford baseball association.

The new red stars are in the windows of Reel and Sons, Dodge and Plymouth dealers; A. D. Rozler, plumber; and the Better Food Store on First Street.

Pirates Defeated By The Junior Yankees

The Yankees of the Junior League broke the winning streak of the Pirates last evening, defeating them by a score of 19 to 11. But Manager Maxwell Stewart of the Pirates said that errors on the part of fielders in his team really caused the defeat.

Echols and Carver were the Yankee battery, opposed by Willis and Cochran.

Snappy Uniforms For Sanford Club Received Today

The uniforms for the Sanford Lookouts, complete with the exception of caps and Sox, arrived, "and they're the snappiest you ever saw," in the opinion of Manager Stuffy McCrone.

The uniforms are of grey flannel with a blue stripe, trimmed with red. On the backs of the shirts are 10-inch numbers, and on the sleeves will be placed the letter S in red on a blue circle. The name Lookouts is not on the shirts, as was expected. The uniforms were furnished by the Chattanooga Lookouts.

New York Giants caps and Sox have been ordered and it is expected they will be here before the season opens, though they will not arrive in time for the exhibition game with the Jacksonville Tars next Tuesday. The caps are to be grey and the Sox red, white and blue.

Baseball Moguls To Hold Confab Sunday

Charles F. Wert, president of the Sanford Baseball Association, will confer with the directing heads of the other Clubs in the Florida State League at a conference called by G. E. Gilliland, president of the league, in DeLand tomorrow afternoon at 3 o'clock. The other teams in the League are DeLand, Palatka, Gainesville, Daytona Beach and St. Augustine.

Famous Pitchers Won't Be Seen In First Day's Play

Dizzy Dean, Hubbell And Lefty Gomez To Stay On Bench

NEW YORK, Apr. 11.—(AP)—Reserving the traditional right to change their minds, major league managers have named several surprising pitching selections for Tuesday's opening games.

These selections relegate such stars as Dizzy Dean, Carl Hubbell, Lefty Gomez, and Van Lingle Mungo to the bench and elevate a couple of players who were traded away during the off season.

Most surprising of the lot is Franke Frisch's selection of Leroy Parmelee to hurl for the Cardinals against Lonnie Warneke of the Cubs at St. Louis. This is considered one of Frisch's psychological moves to bolster Parmelee's confidence. Traded with Phil Weintraub by the Giants for infielder Burgess Whitehead, Parmelee last year won one and lost one to the Cubs. Warneke won three games and lost four against the Cards.

Perhaps the most promising pitching exhibition of the day in the American League will be seen in Cleveland where Tommy Bridges, pitching hero of the Tigers' victory in the last world series, faces Mel Harder of the Indians.

2,000 At Close Of Kennel Club Racing Season

By the margin of not more than a nose, Tiny Ann Will, full sister of Ann Hope, winner of the \$1,000 Derby Wednesday night, scored a victory in the Consolation Derby which was the feature of the closing night at Sanford-Orlando Kennel Club last night.

Over 2,000 men and women witnessed one of the year's best programs, and although few voiced disapproval when Ann Will was declared the winner, the victory went into the books by decision of both the track and state judge as belonging to her.

Proud of the success of the season which is the first ever completed at Longwood, Myer Goldberg, president of the Club, pledged his organization to present an even greater meeting next year.

Application will be made to the State Racing Commission this fall for permission to operate a 90-day meeting beginning 90 days before Apr. 10, 1937.

University Boys Are Selling Auto Tags

Two Sanford boys, Woodrow River, junior in the University of Florida, and Roy Echols, sophomore, will be in the city this weekend in the interest and the sale of front auto scholarship tags for the University of Florida.

The tags are of the same size and color as the official 1936 Florida license plate and bear the words "University of Florida" in addition to a number. These can be purchased for \$2, and practically all of the proceeds will be put into the University scholarship fund which has been created as a means of aiding worthy and needy students.

The general response to the scholarship tags throughout Florida has been encouraging and alumni and friends of the University of Florida have co-operated in the purchase of tags. More than 80 percent of the students of the University of Florida are, wholly or in part, dependent upon what they can earn while in the University and many outstanding students are in great need of scholarship assistance.

Sanford citizens are urged to give their full co-operation and purchase as many tags as possible.

DOUBLE HONEY OUTPUT

MANHATTAN, Kan. Apr. 11.—(AP)—Kansas beekeepers are getting information from Dr. C. L. Farrer of Laramie, Wyo., formerly of Kansas State College, for doubling, even tripling, honey production. The plan entails the introduction of a second queen bee, and making pollen available to the bees during the fall.

Engineer Sees Halt In Work If Unions Win

(Continued From Page One) that "communities which, despite their distressed financial condition, have made sizeable contributions to these projects will have their confidence betrayed, and literally will be left holding the bag."

"No authority has been given me by Harry L. Hopkins, Federal works administrator," Mr. Pynchon said, "to raise the total monthly wages in Florida. Therefore, the only process by which the prevailing wage can be paid is to cut the total number of hours of work."

"The unions," he continued, "demand that this should be cut to meet a prevailing wage of \$1 per hour for skilled mechanics which would require eight and one-half days per month for skilled workers who receive \$68 per month, or six and one-third days per month for skilled workers who receive \$50 per month."

Commenting on the effect this would have on other workers in the federal program, Administrator Pynchon said:

"It is obviously the height of unfairness to cut the number of hours required from the \$68 per month skilled worker in the cities without making a corresponding cut in the number of hours of common labor in the smaller communities who receive as low as \$19 a month in Florida."

"Certainly, at all fairness, all grades and classes should be cut alike if any class is to be cut at all. This procedure would allow

Chances Are Against War, Hull Believes

(Continued From Page One) Hails Salasie, his famous beard cut off to prevent recognition, came close to death on the northern front, Italian dispatches said today, but he escaped by hiding in an abandoned church while his body guard held the defense. Advice from Asmara, Eritrea, said the emperor was cut off with slight possibilities of fleeing to Addis Ababa or to French Somaliland after his personal troops were defeated by the northern Italian army just south of Lake Asbangi.

Native troops friendly to the Italians came upon the emperor and a small group of personal troops in the village. While the emperor hid in an abandoned church his bodyguard defended him against the natives.

matically increase labor costs to the point where it would be absolutely impossible to complete projects with the money available. Constant complaints are coming to this office from employers who contend that the WPA setup is interfering with their operations.

"Some of these doubtless come from employers who are not willing to pay a living wage, and the WPA is making every effort to keep the security wage scale from being used as a level to further their designs."

The administrator added at this point, that "the works program will not accomplish its objective unless it stimulates the expansion of private employment and no greater catastrophe could overtake the working man than to have private employment collapse because of destructive competition from a federal works program."

"It should be further noted," Mr. Pynchon continued, "that under the present system of WPA employment, a relief client in Florida, who reports for duty on a day when weather conditions prevent work, is ordinarily given credit for the time lost and a great portion of such lost time is not made up."

"This fact, apparently, has been entirely lost sight of in the claims of the labor unions as to low rates of pay," he added.

The administrator also pointed to the fact that no one but a certified relief client can be employed by the WPA, and that previous to the organization of the works administration, these same relief clients, who now receive from \$30 to \$68 per month, were receiving an average of \$10 per month on direct relief under the FERA.

Charges by labor organizations that the state works' chief had held the WPA wage scale to further the interests of lumber and turpentine interests, also were answered by Mr. Pynchon.

He emphatically declared that, "in no instance have I been approached by representatives of such industries and I am not even acquainted with anyone engaged in those activities."

At the same time, the administrator said that he would "plead guilty," to making every possible effort to stimulate all private industry to the point where no works program would be necessary in Florida.

"For the reasons cited, and in the further belief that the WPA program should be administered with equal fairness to all classes, and with due regard to its obligations to the cities and counties which are contributing to the cost, no action has been taken by the WPA in Florida looking toward a reduction in the hours of labor per month to be required from skilled workers." Administrator Pynchon concluded.

WRECKED AIRLINER SURRENDERS ITS DEAD

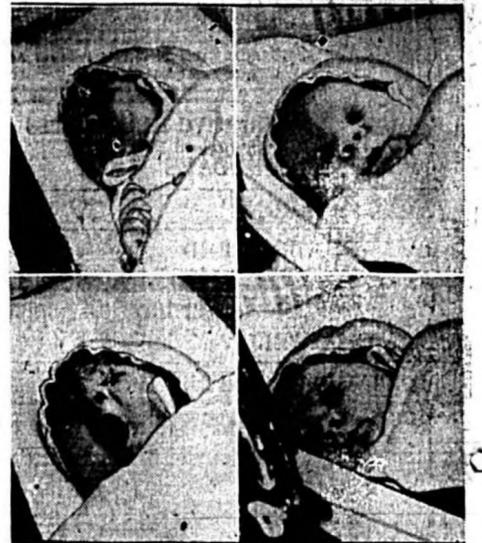

An old-fashioned farm wagon was the only vehicle capable of negotiating the steep, rough mountainside to remove the bodies of 11 persons who perished in the crash of the TWA airliner, Sun Racer near Uniontown, Pa. Toiling by flashlight, rescue workers are shown lifting a body from the wreckage to the wagon. (Associated Press Photo)

BRUNO HAUPTMANN COMES HOME—IN A COFFIN!

In death, as in life, Bruno Hauptmann was a magnet for all eyes. A crowd of the curious is shown surrounding a mortuary in New York as a hearse bearing his remains arrived from Trenton, N. J., where he was electrocuted for the kidnaping and murder of Baby Lindbergh. (Associated Press Photo)

... JUST LIKE ANY OTHER BABY!

Count Lance Haugwitz von Reventlow, infant son of the former Barbara Hutton, is one of the richest youngsters in the world. But with all of that, his "conduct" is about like that of all other babies the world over. Seen during an airing in a London park, the candid camera shows him to be a fine young fellow who frets (upper left) when he's tired of lying on one side. Then he kicks a time or two and feels better (upper right). He hums! He's sleepy (lower left), and finally he drops off for a snooze. (Associated Press Photos)

ASHES TO ASHES!—AND SO ENDS STORY OF BRUNO

Here is the last scene in the terrible drama that cast Bruno Hauptmann as chief actor. In the dead of night and with greatest secrecy, mortuary attendants took the body of the executed killer of kidnaped Baby Lindbergh to Fresh Pond crematory in Queens, Long Island, and attempted to smuggle it into the rearing furnace before spectators could follow them. But an Associated Press photographer saw them carrying the coffin—and this exclusive picture resulted. (Associated Press Photo)

FLOODS FOLLOW TORNADO IN SOUTHERN STATES

The tornado-wrecked South had floods added to its plight as swollen streams inundated many sections. The Congaree river swept over sandbags and invaded the Broad River Power company building (top) at Columbia, S. C., necessitating removal of machinery. The boys shown below didn't have to go to the river to fish at Columbia. The river came to their porch, so they waded out with fish nets. (Associated Press Photos)

'HOW'S FISHING, MR. PRESIDENT?'

Gov. Dave Sholtz of Florida (standing) heard all about how the fish are biting off the Florida coast when President Roosevelt landed at Fort Lauderdale at the end of his vacation cruise in southern waters. (Associated Press Photo)

TORNADO WAIFS! WHO ARE THEY?

Injured in the tornado at Gainesville, Ga., these little girls—too young to tell their names—lie unidentified in an Atlanta hospital. The battered little waif at the top tells nurses her first name is Lillian—but hasn't heard all she knows. The 18-month-old baby (below) can't even tell that much. They were picked up in debris and taken to Atlanta with scores of other casualties on relief train. (Associated Press Photos)

1,184 Quality For Tuesday's City Election

Poll Books Contain
Names Of 200 New
Voters And Heavy
Poll Is Expected

Speer And Lodge Are Candidates

Polls Open At 7:30
A. M. And Close At
Sundown, 6:53 P. M.

With a total registration of 1,184 qualified electors, an unusually large poll is expected to be cast at tomorrow's special city election called to choose a successor to the late Mayor T. L. Dumas as a member of the City Commission.

More than 200 new voters have registered. In the last primary in November, 934 voters were qualified.

The polls will open at 7:30 A. M. and will close at sundown, or 6:53 P. M. There will be only one polling place, in City Hall.

The candidates are Vivian A. Speer, former member of the City Commission, and M. J. Lodge. Both are merchants, the former in the clothing business and the latter a grocer.

E. F. Lane, W. E. Watson and J. Beck were named by the City Commission as inspectors and Wm. M. McKinnon was named as clerk of the election.

The term of the late Mayor Dumas would have expired in January of next year, and the election tomorrow is for the purpose of choosing a Commissioner to fill out the unexpired term.

Tampa Flogging Case On Trial In Bartow Court

BARTOW, Apr. 13.—(AP)—Verdict of 108 men summoned to provide a six man jury to try the Tampa flogging case was whitewashed to 81 today with the state and defense still to question prospective jurors. Judge Robert Dewell excused 10 veniremen because they were special deputies and the other 14 for various causes.

Seven former Tampa policemen, including former Chief R. G. Tittsworth, are now on trial charged with the kidnapping of E. F. Paulson who with Joseph Shoemaker and Sam Rogers were manhandled by a mob at Tampa on Nov. 12. Shoemaker died of his injuries.

Mrs. Jas. T. Hardy, 29, Died This Morning

Mrs. Carrie Starr Hardy, wife of James T. Hardy, died this morning at her home at 1400 East Twelfth Street leaving a short illness. She was 29 years of age, born on Nov. 13, 1906, in Montgomery, Ala., and had lived here for 10 years.

Funeral services will be conducted Tuesday afternoon at 2 o'clock from the First Baptist Church with the Rev. W. F. Brooks, Jr. in charge and burial will be in Evergreen Cemetery. The pall bearers will be John Gove, Walter Rook, J. C. Truick, J. K. Smith, G. H. Beckley and L. E. Hodgins.

Mrs. Hardy is survived by her husband, four small children, one step-son, Charlie Hardy, and one step-daughter, Miss Florence Hardy; her parents, Mr. and Mrs. D. E. Starr; two sisters, Mrs. H. E. Derrick, Jr., and Miss Emily Starr; and one brother, W. L. Starr. All are residents of Sanford with the exception of the brother who lives in DuLac.

Report Missionaries In China In Danger

HANKING, China, Apr. 12.—(AP)—The American embassy called to the attention of the Chinese government yesterday reports of missionaries possibly undergoing a hostile group of American missionaries.

Reports from the American consuls at Tientsin, Pei, and other cities in the north of China are reported to be of a nature which indicates that the missionaries are in danger.

One Fern Shipment

One shipment of ferns from Fern Park shown on the loading platform at Longwood, Florida. In the foreground, several hundred thousand new ferns being put out by the A. C. L. railroad will contain this picture, Mr. Barnett said.

2 Million Sprays Of Ferns Shipped From This County

Pre-Easter Business Largest In History Of Local Industry

More than two million sprays of asparagus ferns were shipped out of Seminole County for the pre-Easter trade, reports Gordon Barnett of Florida Foliage at Fern Park. He said it was the best season the local fern business has ever enjoyed. His firm alone shipped more than \$1,000 worth of ferns, he stated.

Shipments went as far north and west as Medicine Hat, Alberta, Canada, and as far north and east as Prince Edward Island, and as far west as El Paso, Texas, and east to Brunswick, Maine.

According to Mr. Barnett, florists have come to the conclusion that their hothouse space can be put to better use in growing ferns than in any other commodity desired can be shipped from Florida at any season of the year. Shipments went forward during the coldest weather and no shipment was damaged, he said.

Hagood Restored To Duty By Order Of The President

WASHINGTON, Apr. 13.—(AP)—Major General Johnson Hagood was ordered restored to active duty today in command of the Sixth Corps area at Chicago. He was removed from command of the Eighth Corps area after he criticized WPA money as "stagnant money."

The disciplined officer conferred twice with President Roosevelt who personally ordered Hagood restored to duty.

At Chicago Hagood will replace Major General Frank McCoy, effective May 2. McCoy will command the Second Corps area at New York, succeeding Major General Dennis Nolan who is retiring.

Papworth Will Fight Proposed Markets

H. M. Papworth, chairman of the Advisory committee of the Sanford State Farmers Market, proposed to "raise the dickens" at a meeting of the board this evening over the proposal to build 121 other markets in Florida. He said he did not know exactly what could be done about it, but he plans to write to Governor Shivers and Agricultural Commissioner Mayo and urge them to oppose the proposal. "For if they build a market within 100 miles of Sanford it is going to hurt our market," he said.

The advisory board will meet in the office of the State Market at 7:30 o'clock.

Metcalf Qualifies In Constable Race

One ("Buster") Metcalf of Oviedo today qualified as a candidate for constable in District No. 3 which includes Oviedo, Chuluota, Goldenrod and Hovis. He has 81 votes in Oviedo the last time placed in between a grocery store and a cigar station, and was for three years a deputy sheriff under Sheriff McChisland.

Council Called By Sales Army Of Trade Body

Meets Wednesday To
Make Final Check
Of Campaign For
New Memberships

Preparatory to starting out on their drive for new members of the Seminole County Chamber of Commerce, captains of all teams in the "sales army" have called a "council of war" for next Wednesday afternoon at 3:30 o'clock at which time cards will be selected for delivery to the teams at a "kick-off" breakfast at 8 o'clock Thursday morning, the "zero hour" when the army will go over the top. Captains unable to attend the Wednesday afternoon council meeting are asked to see to it that their lieutenants attend.

Officers of the sales army expressed themselves today as being highly pleased with the advance response being made by firms subscribing for multiple memberships. Additional advance multiple membership subscriptions announced today are the Georgia-Florida Grocery Company, operating the Suwannee stores, eight memberships; C. I. and M. Dingfelder, seven memberships; Lake Charm Fruit Company of Oviedo, five memberships.

President T. E. Simpson, of the Chamber of Commerce, in a bulletin issued today calls attention of the workers to the following important dates:

Thursday, 8 A. M. sharp, all members of the "sales army" to report at the Chamber of Commerce Building for the "kick-off" breakfast. Just one hour, a good meal, lots of enthusiasm and a pep talk for the 4-day campaign to keep Seminole County where she belongs in the Chamber of Commerce field; to make plans now to attend. A group picture of the entire army will be taken at 9:05 A. M. and then at 9:10 A. M. the drive begins in earnest. Team workers will solicit only those for whom they have prospect cards until Monday. However, Monday will be a free-for-all, when anyone can be "sold" who isn't wearing a membership button.

Monday, Apr. 20, at 8 A. M. free-for-all solicitation begins and team workers need no longer regard prospect cards, but try to "sell" a membership to everyone who isn't wearing a button which reads "I am a Member of the Seminole County Chamber of Commerce." The "victory supper" is to be Monday evening at 6 o'clock in the Chamber of Commerce Building. "This will be a real gathering, so don't fail to be there," said President Simpson.

Sightseeing Truck Overturns, 2 Killed

TUPELO, Miss., Apr. 12.—(AP)—Two persons were killed, two injured critically and 18 others hurt slightly when a truck bringing 51 sightseers to tornado-ravaged Tupelo overturned near here Sunday. Herschel Parker, 23, and Ann Grady, about 22, died after the truck struck a bridge railing. Mr. and Mrs. T. J. Brown sustained serious leg injuries. Hospital attendances expressed doubt the Browns would live.

The truck was en route from Lone Star, Miss., on the first day the tornado-torn city has been open to visitors.

THREE DROWNED IN FLYING BOAT TRAGEDY

Three persons perished in the harbor at Port of Spain, Trinidad, when the flying boat, Puerto Rican Clipper, enroute to Buenos Aires, grazed alaunch and "ground looped" on the surface of the water. A forward compartment of the 19-ton clipper (top) was broken open and the muzzling swirl of water drowned Steward Amador Lopes (lower left) of Miami, Fla., and E. R. Martinez (right) of New York. Jose Rurbi (center), the famous Spanish pianist, was rescued unharmed.

Public Spirited Citizens Should Join Chamber Of Commerce, Says Mr. Evans

"Every public spirited citizen in Seminole County should join the Chamber of Commerce," said Frank Evans, generalissimo of the membership campaign, today in commenting upon the prospects for the drive which begins next Thursday.

"The reputation of a city is measured by the reputation of its citizens. If there are any who are dissatisfied with their city, who are tired of the Chamber of Commerce, or who are tired of the way it is run, they should bring up and do their part toward bringing about the changes which they desire."

"None of us is perfect," Mr. Evans said, "and we all make mistakes. The Chamber of Commerce has made mistakes, but it is our desire to correct them. With your help and the active co-operation of the whole County, we can have a better Chamber of Commerce than would be possible if you merely sit on the sidelines and throw stones."

"There is no better way to show your interest and your pride in your family and in your community than to join the Chamber of Commerce and work for it. Don't be a follower, or a pole sitter, but jump right in and do your part. Be the first to put your shoulder to the wheel. Let us have your ideas and your pep and energy, and that we can put them to work making Seminole County a bigger and better place in which to live."

"One of the greatest assets that any man can have is to believe that he will be successful. We believe that this Chamber of Commerce drive is going to be successful. We believe that the Chamber of Commerce will be successful. We believe that Sanford and Seminole County will be successful. And we believe that you, the loyal, patriotic, and progressive citizens of Seminole County, are going to help us make it successful.

Premier Of Greece Found Dead In Bed

ATHENS, Apr. 12.—(AP)—Constantine Demertzis, premier of Greece, was found dead in bed today from an attack of apoplexy. A monarch with no known views, Demertzis had been inactive politically for some time until King George called him to form a cabinet after the recalled monarch began to side with George Kandyliis.

Ritter Wanted Former Partner Named To Bench

Prosecution Pulls A Surprise In Trial Of Florida Jurist

WASHINGTON, Apr. 13.—(AP)—Pulling a surprise on the defense, the House prosecution today introduced evidence in the Senate impeachment trial that Federal Judge H. Sted L. Ritter of Florida, defendant, recommended his former law partner in 1929 for the federal bench. In the recommendation Ritter noted that his former partner, A. L. Rankin of West Palm Beach, was a supporter of Herbert Hoover.

Frank P. Walsh, defense counsel, objected, but Vice President Garner, presiding, allowed the testimony with the declaration the Senate was familiar enough with the case to judge its relevancy. Walsh said it was "pretty political" and immaterial. He said Judge Ritter had denied politics had entered into any of his actions or appointments.

The prosecution has based its principal argument for removal on charges that Ritter arranged with others to bring a receivership suit in his court and that he granted excessive fees in that case to his former law partner, and then "corruptly" received \$1,500 from those fees.

It also stressed the charge that Ritter accepted \$2,000 after going on the bench in February, 1929, for services rendered the Mulford Realty Corporation, and another \$7,500 from J. R. Francis, Flint, Mich., manufacturer, now dead, for legal services in obtaining some real estate from Francis.

Testifying in his own behalf yesterday, Ritter agreed he had accepted the \$7,500 but said it was a "gift" from a long-time friend. He contended the services he performed for Francis were not legal but purely personal and that the \$7,500 were intended for a lot on which to build a house.

First reports from the membership drive being put on by the Junior Chamber of Commerce will be made at a dinner meeting of the organization in the Mayfair Hotel Tuesday evening at 7:30 o'clock. Members of the membership committee are especially urged to be present.

Roosevelt Speaks In Baltimore Tonight

WASHINGTON, Apr. 13.—(AP)—To the fanfare of an old-fashioned torchlight procession, President Roosevelt will carry forward his campaign for re-election tonight at a Baltimore Democratic rally. The President will be the guest of Maryland's young Democratic Club. He will participate in the torchlight procession leading to Baltimore's Fifth Regiment Armory and there will deliver his address.

People In Panic As Planes Soar Over Ethiopian Capital

Baltimore Rally To Be Addressed By Mr. Roosevelt

Shelter Is Sought In Foreign Legations Though Fascists Did Not Bomb The City

Selassie Leads Reservist Army Counts On Rainy Season Against Invaders

ADDIS ABABA, Apr. 13.—(AP)—Nine Italian planes flew over Ethiopia's capital today, throwing the populace into a panic, just as a government spokesman said Emperor Haile Selassie was leading a movement of 300,000 fresh warriors to the northern front.

The Fascist aerial squadron appeared out of the north, completed its flight over the city and turned back to the northern front. The fliers apparently were bent only on a scouting mission, dropping no bombs. On their last appearance, nine days ago, Italian pilots attacked the Addis Ababa airfield, but also refrained from bombing the capital itself.

While nine Italian planes carried out their observations, foreign legations were crowded with persons seeking shelter. No shots were fired. A Fascist bomb later exploded over the capital.

Ethiopian reports said a squadron of Italian planes bombarded Warra Bahu, 40 miles southwest of Dessaye, yesterday, sending crowds of Sunday worshippers rushing from the churches. Three persons were reported killed.

Emperor Selassie dispatched the reserve army to "defensive" positions from Lake Tana, sphere of British influence in the north west to Lake Ashangi in the central sector, 100 miles north of Dessaye, scene of an earlier Ethiopian defeat.

Government officials here said the earlier retreat of Ethiopian armies in the north was due to an absolute lack of defense against alleged poison gas attacks and aerial bombardments. But, contended the official, the Italians have now handicapped themselves by a hasty extension of their lines with the rains daily becoming heavier. Difficulties in keeping open communication south of Mukale and in the Lake Tana region are expected here to supply the Ethiopians "opportunities to exhaust the invaders by harassing their lines."

The Emperor's action in calling out reserve manpower indicated a change in fighting tactics. Thus far he has not permitted large concentrations, especially in the extreme north, where the country is poorest.

Woman In Red Drops Deportation Fight

CHICAGO, Apr. 13.—(AP)—Mrs. Anna Sage, "the Woman in Red" who claims to have led desperado John Dillinger to his death in 1934 at the hands of police and federal agents, has abandoned her long fight against deportation, her attorney, Thomas Johnson, Jr., announced.

Lack of funds, the attorney said, prevented Mrs. Sage from continuing the struggle. Johnson said time for filing a petition for a rehearing of the recently upheld deportation order, would expire Wednesday. The attorney said such a petition would not be filed.

Frank J. Scholtzfeldt, district director for the Department of Immigration, said Mrs. Sage would be started for her homeland, Rumania, aboard the next train carrying aliens from Chicago to the East, probably on Apr. 25. The deportation order was based on a conviction in Gary, Ind., on a charge of operating a disorderly house. Her husband, Alexander, and her son, Steve, are remaining in the United States.

WARSAW, Apr. 13.—(AP)—For the triple victory of Polish balloons in the Gordon Bennett races of 1933, 1934 and 1935, the Polish Air club has awarded the aeronauts special medals.
