A carrier-based squadron will compete in the major and final events of the sixth bombing derby, staged this week by Heavy Attack Wing One.

VAH-11, affectionately known as the "Checkertails", is stationed aboard the USS Franklin D. Roosevelt, preparing to deploy to the Mediterranean in February. Even though they may be hundreds of miles at sea, the squadron's A3D Skywarriors have permission to participate in the Airmanship Competition on Friday, and simulated bomb drops on major cities Thursday.

This is the first time in bombing derby history that a squadron has been permitted to enter from a ship. The remainder of the men in VAH-11 will participate prior to reporting aboard the Roosevelt. The major event on Thursday includes a series of simulated bomb drops scored by a radar bomb scoring system, covering cities in the Eastern U. S. The exercise will be completed with a celestial navigation problem covering some 900 miles.

Hatron Eleven will land aboard the super carrier at sea following the navigation problem. The squadron has won two of the last three bombing derbies, and hopes to make it three out of four when the winners are announced Friday afternoon at the Sanford Naval Air Station.

Josephine and Catherine Wiegman both teach sixth-grade classes. They live together, dress alike and belong to the same professional and social organizations. They both graduated from Illinois State Normal University and earned masters' degrees from the University of Illinois.

Tom and Tim Hall are the other Dwight faculty twins. But they don't dress alike and they do not live together. Tom is married and has three children. Tim is a bachelor.

The brothers were graduated from Iowa Wesleyan but then each went his own way. Tom did his graduate work at Illinois Normal; Tim was awarded his master's degree from Southern Illinois University.

Tim is a coach, physical education instructor and eighth-grade social studies teacher at Dwight. Tom is principal of the school.

Burglars Report Non-Paying Guests
YONKERS, N. Y. —(UPI)—Burglars broke into the Angus Steak House here and took \$3,000 in cash as well as a tin box containing \$100 in IOU's from the restaurant's customers.

Apparently appalled at the thought of anyone getting away without paying for his meals, the burglars telephoned the restaurant's assistant manager to advise him where the box — and the IOU's — could be found.

Maintenance Crews Get No Time For Coffee Now

The glory that comes with bombing derby awards may go to the flight crews, but the deep satisfaction of their success is in the hearts of the maintenance gang.

For a few hours the other day, the mechanics and technicians of VAH-9 were relaxed and enjoyed coffee. It's up to the bombardiers now. We have done all we can until they come back from the first flight," said First Class Aviation Firecontrol Technician (quite a title), Dwight W. Mayo.

Mayo is a bombing system trouble-shooter who will be a key figure during this week of the sixth bombing derby. His skill will be used to analyze malfunctions in the complex bombing system of the A3D Skywarrior, flown by all squadrons in the competition.

Chief Aviation Machinist Mate Frank W. Staus, line chief of VAH-9 told the men, "This is just the lull before the storm, boys, if you think you've been busy before the derby, just wait 'til the planes start coming back!"

This veteran of 19 years in the Navy knows what he is talking about. When the planes return from the long bombing derby flights, they may have to be used again in the next launch. A turnaround time of one hour is not uncommon. Only perfect coordination makes it possible for a plane

to be completely inspected, repaired, refueled and oxygen replenished in 60 minutes. Each man must be able to perform his particular job in the least possible time.

Coordinator of VAH-9 aircraft maintenance, Jimmy Downs, mentioned this during the coffee session. "We are using the same procedures we used when we were at sea. Each shop will have a crew standing by to check and repair the aircraft as they land. Another will stand by to inspect and help when needed. I'll supervise and make sure they don't get in each other's way."

Well, the first flight went out last night for long-range radar bombing operations. They will launch again today at sundown. There is no time now in the maintenance department for coffee. All their efforts are concentrated on VAH-9's A3D Skywarriors, convinced that the "Dails" will be victorious in the bombing derby.

MAINTENANCE GANG RELAXES — Long hours of work on Heavy Attack Squadron Nine's A3D Skywarriors leaves little time for coffee breaks. Now the crews feel they have done their job — temporarily. Left to right, Solomon, AQL, Ellis, AQL, Mayo, D. W. AQL, Perrin A. C. AQL.

WIVES BRIEFED ON DERBY ACTIVITIES — Importance of the HATWING One bombing derby is explained to the VAH-7 wives whose husbands will be competing for awards this week. Snow Storm Buries Frigid Midlands

United Press International — A diminishing snow storm today swept out of the frigid midlands into the East already staggered by record snows in upstate New York.

It sucked sub-zero cold behind it from Montana to the Great Lakes. Readings plunged to 10 below zero early Tuesday at Chicago's O'Hare International Airport.

A dozen huge snow plows worked through the night to dig Oswego, N. Y., on the eastern shore of Lake Ontario, from a record five-foot snowfall Monday. Drifts up to 20 feet paralyzed the city, prompting Mayor Vincent Corsani to declare an emergency.

Mail and milk deliveries, cut off by the lowering snows, were being resumed at Oswego. However, schools and industries in the city of 23,000 were scheduled to remain closed a second day.

Weathermen warned more snow flurries were expected along the eastern and southern shores of the Great Lakes and in New England.

At least nine weather fatalities were blamed on the storm, which began during the weekend and spread heavy snow across the northern state to the East Coast. There were five auto deaths on snow-laden roads in Illinois and one each in Indiana and New York. In addition, two transients were found dead in Chicago's cold and snow.

The extreme cold also played a part in a rash of home fires since the weekend which killed 10 persons, nine of them children, in Michigan, Minnesota and North Carolina.

The storm hit Pittsburgh, Pa., during the evening rush hour Monday night, dumping four inches of snow on the city and delaying home-bound motorists as much as two hours. Pennsylvania state police reported roads, including the Pennsylvania Turnpike, snow covered and dangerous throughout the western part of the state where accumulations reached up to 17 inches.

A two-inch snowfall in the New York metropolitan area during the night snarled traffic in mid-Manhattan and caused numerous minor traffic accidents.

Ships Flee Ice
Heavy snow elsewhere in New York buried Boonville under 45 inches, Pulaski 24, Rome 21 and Ulica 14.

About 30 ships were jammed on the St. Lawrence Seaway at the Lachine Canal south of Montreal trying to clear the locks before they are frozen in for the winter. Another ship went aground near Massena, N. Y.

At Houghton, Mich., the Coast Guard cutter Woodruff freed itself from ice Monday and sought to break a path to a freighter icebound in the Keweenaw Waterway. The Brown Steamship Co. freighter James McAlphine has been locked by ice since last Thursday. The ship was en route from Buffalo, N. Y., to Duluth, Minn.

Forecasters said the cold weather will push into Texas today and spread to parts of the Gulf states and the Ohio Valley. Occasional rain was expected along the northern Pacific Coast with rain or snow inland in Washington, Idaho and Oregon and northern Nevada and Utah.

Professor Cites Rural Church Lag
MADISON, Wis. —(UPI)—A University of Wisconsin rural sociologist doubts that country churches have kept pace with the changing world.

Prof. A. F. Wilder said church literature and programs must be as good as other modern teaching materials to fill the needs of the present generation.

"In the past, country churches and country schools have grown side by side," he said. "Most schools are changing to meet today's needs but I question whether country churches have kept pace."

Wilder said that because of the "suburban area trend" and its many social needs, churches have an opportunity for adult education, improvement of physical and mental health and citizenship training.

Church Bomb Is Fatal To Nine

Barefoot 'Messiah' Among Dead; 3 Seriously Injured

CHATHSWORTH, Calif. (UPI) — An exploding bomb ripped through the Fountain of the World religious colony today, killing barefoot "messiah" Krishna Vanta and destroying the main monastery building.

At least eight other persons—including an 11-month-old boy—were killed or missing according to Sheriff Capt. Howard Bowman. At least three others were injured, one—a 9-year-old girl—critically.

Vanta's charred body was found in the smoldering wreckage. It was identified by dental work.

The blast caved in one wall of the building, and spread debris several hundred feet in Box Canyon, some 30 miles northwest of Los Angeles in the Santa Susana Mountains.

Debris Starts Fire
The flaming wreckage touched off a brush fire that roared out of control through the tinder dry watershed. Some 250 men were out on the fire lines.

A cult member, Brother Martin, told deputies that shortly before the explosion he overheard "Master" Vanta and another brother in a conversation with a stranger in the office of the main monastery building.

The man was wearing shoes and was not a member of the sect because none of them wear shoes, Martin said. The stranger was in his early 20s, wore khaki clothes and carried a small canvas zipper bag about 18 inches long.

"I heard the master say, 'What do you think I am, a hypocrite?' just before I left the building and in a moment the whole thing exploded," Martin said.

Fire officials said there was "no doubt the explosion was caused by a bomb."

Fly-Over Planned For Public Friday

The air demonstration Friday at the Sanford Naval Air Station will include a fly-over by the largest formation of ASD Skywarrior ever assembled.

The aircraft of the HatWing One will demonstrate carrier landing procedures in judged competition during the final exercise of the sixth bombing derby.

Timing will be of prime consideration, just as it is during operations from the flight deck of an aircraft carrier. The pilots will land the jet bombers at 40 second intervals. The Skywarrior is the largest carrier aircraft in the world.

The air show Friday is not intended to be a display of trick flying, which is never used in operations. Proper carrier procedures and timing will be emphasized.

The airmanship competition will climax an entire week of bombing derby events. The Sanford Naval Air Station will be open to the public from 11 a. m. until 4:30 p. m. Highlight of the Open House will be the airmanship demonstration.

Weather

Partly cloudy with scattered showers today, tonight and Thursday. Temperatures about the same. High today 75 to 80, low tonight 55 to 62. North to northeast winds 10 to 15 miles per hour today, becoming east to northeast tonight.

Market Humming, Additions Started

The Sanford State Farmer's Market sold fruit and produce valued at \$445,978.75 during the month of November, officials said today.

Stalls during the past month included 20 varieties of produce and fruit, a total of 137,153 packages.

Leo Butner, manager of the market, said "we are anticipating a record-breaking year." Climate conditions cooperating, the market is expecting to do a \$5 million business in this fiscal year.

Butner said when present plans are completed, including the landscaping along French Ave., the Sanford State Farmer's Market will be the "show place of the South," so far as markets are concerned.

Squadron Nine Increases Lead In Bombing Derby

At the close of the second day of the Sixth Bombing Derby, Squadron Nine of the USS Saratoga increased its lead to 63 points over the nearest competitor, Heavy Attack Squadron Eleven of the USS F. D. Roosevelt.

Yesterday's derby event consisted of a special weapons operation on mission for each competing crew. The mission was carried out on the ground in special training facilities. Malfunctions were introduced in the equipment during the simulated mission and crews were graded on the manner in which the discrepancies were corrected.

A Squadron One crew from the USS Independence consisting of Lt. Dick Davis, aircraft commander, Ensign Bill Halsey, bombardier-navigator and Ed Sykes, aviation machinist, third class made a perfect score in the event, as did aircraft commander Lt. Ralph Mattus, bombardier-navigator Lt. (jg) Abe Fennell, and radar gunner Gordon Mitchell, aviation structural mechanic first class, all of Heavy Attack Squadron Nine.

In Event III, Nine scored a near-perfect 96 points, followed closely by One with 93 points. Squadron Seven, representing the USS Enterprise, scored 90 points and Eleven with 78 points.

With scores adjusted by arbitration umpires, the Derby standings through Event III are: Nine 410 points; Eleven, 341 points; One, 309 points, and Seven, 186 points.

Three additional high scores remain in the Derby, all consisting of mock combat missions and either actual practice bomb drops or Radar Bomb Site scored drops. Competition still can be won by any of the competing squadrons.

Event IV began today at 7:30 a. m. when a twin jet Skywarrior roared into the air carrying a practice bomb "shape" to be dropped on a target ship grounded at Cape Hatteras, off the coast of North Carolina.

A bomber stream of A4Ds followed at 10-minute intervals as each crew prepared to better its squadron's position in the standings. Final scores for this event also will contain the score the bombers make on a Radar Bomb Site run at Jacksonville, Fla. A total of 450 points are at stake.

5,000 Hot Dogs To Be Prepared By Four Women

Five thousand hot dogs will be cooked Friday by four officers of the HatWing One staff.

The hotdogs and soft drinks will be served to guests at the public open house during the sixth bombing derby.

Topped with chef's hats, Mrs. John Miller, Mrs. Donald Runyon, Mrs. Carl Hobbitt and Mrs. Ralph Chandler will affiliate at the stands when hungry spectators crowd the Naval Air Station.

The dogs, buns and relishes have all been donated for the open house by Wade's Supermarket. Bill Wade also has arranged for free cold drinks from the Coca-Cola Bottling Co.

Gov. LeRoy Collins is expected to head the list of distinguished visitors Friday, final day of the derby.

Pretty Weather Is Forecast Here

Excellent weather is ahead for Sanford and Seminole County.

In a report to the Chamber of Commerce this morning, the weather bureau at the Sanford Naval Air Station said that only a few showers tomorrow morning might mar the remaining days of this busy week, which includes the Mayfair Golf Open, the HatWing One bombing derby and Navy Appreciation Day.

Gas Tax Increased In Past 3 Years

CHICAGO (UPI) — Fourteen states have raised taxes on gasoline or diesel oil in the past three years, according to a survey by the Federation of Tax Administrators.

The increases boosted the average state tax on a gallon of gasoline to 3.94 cents. The average had been 3.76.

Twenty states tax gasoline six cents a gallon, 10 states impose a seven-cent tax, and 10 tax each gallon five cents.

Tempers Get Short In 'Mixing' Hearing

ATLANTA (UPI) — A Negro minister and an attorney for the State Board of Regents were ruled out of order by a federal judge today in a sharp exchange during the trial of a suit by three Negroes seeking admission to a white college.

The Rev. Samuel W. Williams, professor of philosophy at Morehouse College, a Negro institution in Atlanta, was on the witness stand when attorney B. D. (Dick) Murphy asked him:

"Are you a member of the Communist Party?"

Williams at first said simply that he was not. Upon reflection, however, he added that he considered the question an insult and shot a question at Murphy:

"Are you a member of the Klan?" he asked.

At that point Federal Judge Boyd Sloan ruled both out of order and the case got back to fundamentals.

Mrs. Marion Moore, now of Springfield, Ohio, and formerly secretary in the Atlanta NAACP office, testified that she applied for admission to Georgia State College in Atlanta with four other Negroes.

She said she typed a number of letters and did some mailing in an effort to have the applications processed according to regulations of the university system.

The regulation that tripped up the Negroes who brought the suit was one requiring signatures of three alumni on all applications.

Another witness, Rosalind Mc Gee Williams, testified that she picked up her application blank at the Atlanta Life Insurance Co., a Negro-operated firm located half a block from the NAACP office.

Mistrial Declared In Bomber's Case

ATLANTA (UPI) — A mistrial was declared today in the case of George Bright, accused of murdering the bombing of the Atlanta Jewish Temple.

Judge Durwood T. Pyle pronounced the case a mistrial after 10 hours of testimony they could "never reach a verdict."

The 12-man jury, which included former Ku Klux Klan member, reported it had reached no verdict in 22 hours and 30 minutes of debate, the longest such deliberation in an Atlanta criminal case in 23 years.

Foreman Ralph Castleberry told the court, "I believe this jury will never reach a verdict."

Judge Pyle gave the state until March 1 to bring Bright to trial again. He was the first of five indictments to go on trial for the Oct. 12 bombing.

The defense was blocked in its attempt to free Bright. Defense lawyers charged he would be prejudiced in double jeopardy by being retried, but Judge Pyle said the Georgia Constitution allowed retrial and that a mistrial is declared.

Appreciation Day Recreation Listed

Recreational activities for all ages will be part of Navy Appreciation Day Saturday at Fort Meigs Park.

Under the direction of the Sanford Recreation Department, relay, volleyball, horse shoes, dodge ball and basketball will keep athletic guests busy. Also planned are a father-and-son softball game.

The Jaycee-sponsored luncheon will feature a free chicken dinner for all Navy personnel and their families. Civilians may purchase tickets at the park, or get them from business houses announced in yesterday's Herald.

Added to the list are Goodyear Service Stores, Marcel Fails Sign Co., Western Auto Associate Store, Bonwillit and Anderson, Ho-Jay's Hill Implement Co., Nebi Bottling Co. and Central Florida Foods.

PERFECT PUTT — Jay Herbert, Mayfair Inn's touring pro, addresses his ball just before he sank a short putt in a practice round yesterday. Right is John Barsum, Herbert's partner. At left is Walter Burkemo, last year's Mayfair winner, who teamed with Arnold Palmer in the match. (Herald Staff Photo)

Around The Golf Course

Around the Mayfair Inn Country Club and golf course, more than 100 of the nation's outstanding pros are warming up for the \$15,000 tournament, which starts tomorrow.

What are these celebrities like? What do they talk about, how do they act?

Most are just plain people who love to play golf. They also "talk shop" a great deal. On occasions,

some look like weekend "duffers". A tour around the club yesterday produced a few interesting notes. Such as: TV's Maverick is much faster on the draw than his brother because he didn't report in the tee box fast enough.

Man with the most sympathetic audience, golfer who stepped up, aimed at the first green and trickled one down the fairway. The guy just ahead had boomed one long and long. Many, many people were watching because it was a play-off.

Henry Williams Jr., Fleetwood, Pa., who set a new course record with a 66 in the qualifying round: "I just play on the winter circuit." His major claim to fame came in winning the 1952 Tucson Open. He was a finalist in the 1950 PGA championship.

Last year, Williams was struck in the head here by a ball driven by Bob Crowe, who drove the green on which Williams was putting. He made a few repairs and continued to play, but failed to qualify.

Huston (Faddy) LaClair Jr., Birmingham, Ala., who fired a 69 second low: "I'd like to have four of those (69s) back-to-back. I went home for two weeks because my putting and chipping was so bad. They treated me right today."

Housewives Saved \$2 Million—Odham

TALLAHASSEE (UPI) — Florida housewives saved more than two million dollars this year through abolishment of retail price controls, the MVB Commission said today.

Administrator Howard Walton said during the year there was a total savings of \$2,241,885, or about eight cents per unit on milk bought in supermarkets in half-gallon containers.

Walton said apparently there had been no cut prices on quart containers, and that all the competition is with the half gallon size.

The commission also reported another \$156,000 was saved by producers since the first of July by transferring milk from areas of surplus to areas of need, thus making it possible for the milk to bring a higher price.

Chairman J. Hradley Odham emphasized the savings was not to the detriment of the producers. He said it apparently came from some seven to 12 million dollars in rebates which were being paid yearly by the markets.

Appliance Sales Statement Wrong

A Herald story yesterday said that Sanford Gas Co., which is seeking a franchise for distribution of natural gas here, would be unable to sell appliances.

This statement was untrue. According to the proposed ordinance granting the franchise, the city of Sanford agrees not to sell appliances or connect in any way with the gas company during the 25 years that the franchise would be in effect.

Following the first 25 years, the city could, if it so desired, purchase the system, run it and sell appliances.

City Judge Rules Navy Man Guilty

Joseph Renkowie, 20-year-old Navy man, was found guilty of larceny and opposing a police officer early today by municipal Judge Ambrose Olliff. Renkowie was fined \$50 and costs or 30 days in jail for the first offense, and \$150 and costs or 45 days for the second.

Another charge of drunk and disorderly was dismissed by the court. Renkowie was arrested Nov. 8 by police officer Herman Harriet.

Bond was placed by the chief of police at \$50 for the charges of petty larceny and drunk and disorderly, and \$102 for opposing a police officer.

Gordon Frederick, Renkowie's attorney, protested the fine. He told The Sanford Herald this morning, "The fine of \$50 more than the bond is extremely unusual. I have remarked often that the municipal court is a reves-

ther, Jack Bumgarner of Leesburg. Bumgarner, a brother of Jim of "Maverick" fame, lost a chance to qualify for an alternate position in the tournament yesterday because he didn't report in the tee box fast enough.

Where was Bumgarner? Watching some of the world's best golfers on the 10th tee, of course. A friend finally located him, informed him that he'd missed his "last call" from the public address system. He eluded anyway, although told he could finish no higher than fourth—in a four-some.

Bumgarner is president of the Florida-Georgia Turf Association. He is the greenskeeper at Leesburg.

Father Takes Life After Slaying Two

NEW PORT RICHEY, Fla. (UPI) — A father shot and killed his two teenage stepdaughters, critically wounded his wife and then took his own life in their trailer home late Tuesday night.

Sheriff's Deputy Basil Gaines, the first officer on the scene, said William Cooper, about 35, fired three pistol shots into his stepdaughters, Dorothy Allen, 17, and Katherine, 14, as they walked down the narrow hallway of their trailer about 10 miles north of here.

Cooper's critically wounded wife, Dorothy, 35, was found in her bed. Cooper, an electrician and handyman, was slumped nearby, a .32 caliber pistol near his body. Gaines said he could determine no motive for the shootings. There was no suicide note.

The deputy said, however, that Cooper and his wife were known to have had violent quarrels recently.

Appliance Dealers Expect Good Year

CHICAGO (UPI) — Significant sales increases in 1959 for major appliances have been predicted by a leading sales executive.

Forecasting a five to eight percent rise in the coming year, John F. McDaniel, Holpoint Company's general sales manager, said "the sales gain will be all across the board; no one product will stand out."

Children Unhurt In Bus Accident

LAWDALE, N. C. (UPI) — More than 60 children crowded into a school bus swayed seriously today Tuesday when the bus hit a ditch, plunged down a 12 foot embankment and landed on its roof.

The State Highway Patrol said 10 of the children were treated by local physicians for minor cuts and bruises and were released.

Children were not injured in the accident. The bus was overturned on its roof. The driver was not injured.

Plane Hits Homes, Six Persons Dead

NORFOLK, Va. (UPI)—A Navy tanker plane, turning for an emergency landing, lost its port engine only eight city blocks from the runways of Norfolk Naval Air Station Tuesday and crashed into a cluster of homes, killing six persons.

The dead were the plane's four crewmen and two infants in one of the homes. The mother of the children, who was in the home at the time, was hospitalized in a state of shock.

The Navy launched an investigation today into the cause of the crash, which touched off an explosion and sent 15,000 pounds of jet fuel and gasoline spewing fire through two houses and scorching a third. Firemen fought the blaze two hours but the two homes, one unoccupied, were destroyed.

The twin prop tankers also sliced a truck in half.

The infant victims were identified as 14-month-old Joseph R. Tondora Jr. and his month-old sister, Josephine.

Their father, Navy Lt. Joseph R. Tondora, was picked up by a helicopter from the submarine USS Requin off the Virginia Capes and returned to Norfolk.

The crew members killed were Lt. Cmdr. George Wilson, 38, pilot of Norfolk, survived by his wife and three children; Ensign Fred M. Clancy III, 20, co-pilot, survived by his parents, of Kissimmee, Fla.; Patrick T. Toomey, 19, son of Mr. and Mrs. Francis J. Toomey of Durham, N. C.; and John E. Delaney, 20, son of Mr. and Mrs. Timothy J. Delaney of Chelsea, Mass.

The truck driver, C. Sheppard Jr. of Suffolk, Va., was treated for shock and sent home.

Deaths

NEW YORK (UPI)—Dr. Donald G. Teakshury, 84, professor of education at Teachers College of Columbia University, died Monday after an illness of several months.

NEW YORK (UPI)—Funeral services will be held today for G. Gale Dixon, 13, an expert in water supply and sewer engineering. Dixon, who died Sunday of a heart ailment, had supervised projects throughout the United States and in South America.

and help with practically every other function.

Now they are selling Christmas trees. The sale will begin Sunday afternoon in the Jaycees lot at the corner of French Ave. and Fifth St. There is no doubt about the location—it's the one with the half-completed Jaycee information booth on it. The young men hope to finance its completion with funds from the sale of the trees.

On Sunday morning, the Jaycees will put up many of the woody-smelling fir trees, shipped from northwestern Canada. Salesmen will be on the lot from 3 to 9 p. m. every night. Sales ladies (Jaycee Wives) will take over the lot during the daytime, from 10 to 3. Weekend duty will go to the men.

About 700 trees have been ordered for the sale. In addition, wreaths and Christmas tree stands will be sold this year. The wreaths are the permanent kind that last for years. If given proper care.

Christmas Tree Chairman Mason Wharton urges Seminole County residents to buy their trees early. "The trees will stay fresh and green if you put them in a bucket with water and sugar," he said.

Reject Ultimatum, Berlin Mayor Asks

BERLIN (UPI)—Lord Mayor Willy Brandt will fly to Paris this week and end to Washington and New York next month to plead for Western rejection of the Soviet "ultimatum" on Berlin.

Brandt, armed with a resounding mandate from West Berlin voters, will go to Bonn Friday for talks with West German leaders and then to Paris where he will make himself available to a NATO foreign ministers meeting.

He will go to the United States in January to make speeches and hold discussions in New York and Washington. He also may visit other American cities to plead West Berlin's case.

Sources said the trip reflected West Berlin concern that the Western powers may be growing tired of holding this former enemy capital against the Soviet and Communist East German armies that surround it.

West Berliners returned Brandt to office Sunday with a vastly increased majority for his Socialist Party in an election that was clearly a personal victory for the lord mayor. He has become the symbol of the city's determination to remain free.

DeMille Is Warned Of Impending Suit

NEW ORLEANS (UPI)—A descendant of Louisiana's first governor, offended by a film story, served producer Cecil B. DeMille notice today that he will seek damages if the movie "The Buccaneer" is exhibited.

Henri de Balathier Claiborne, a retired Navy captain and great grandson of former Gov. Charles Claiborne, telegraphed DeMille that he objected to the presentation in the motion picture of the daughter of Gov. Claiborne and her engagement to the pirate Jean Lafitte.

Henri Claiborne of Center Cross, Va., will seek damages, he said, if "Paramount Pictures persists in exhibiting this slanderous misrepresentation of Gov. Claiborne's private life," according to New Orleans attorney Hugh Wilkison, who is counsel for Claiborne. The great-grandson maintained that it was impossible for Claiborne to possess "a legitimate daughter born of any of his three marriages who would have been of an age to carry on a romantic affair with Jean Lafitte in the period of the Battle of New Orleans."

'Beeping' To Aid Rescue Of Pilots

LOS ANGELES (UPI)—A new radio impulse device which emits 140 "beeps" per minute after it is activated by opening of a parachute will be a great aid in rescuing pilots lost in water, desert or mountain areas, according to its developers.

The device, jointly developed by North American Aviation and the Telephonics Corp. of New York was approved following tests at El Centro Naval Auxiliary Air Station. The low-weight transmitter can be heard by a homing receiver 60 to 80 miles away.

It Happened Finally

LUTYAN ST. ANNE'S, England (UPI)—Joyce Cookson, 11, was snatched by her bull hoop Monday. A joint in her cane hoop parted when another girl bumped her and one end was driven deep into her thigh. Firemen cut off the hoop and the end was removed.

Civic Center Damage Hard To Understand

The Sanford City Commission has authorized City Manager Warren E. (Pete) Knowles to uncover the culprits who broke locks on doors of Civic Center cupboards, taking dishes therefrom, using said dishes and leaving them dirty.

As a result of the above underhanded action, several members of local civic clubs were forced to wash their dishes, which are kept stored in the cupboards at the Civic Center.

According to the report of Commissioner David Gatchel, the acts are believed to have been committed by someone other than members of organizations which meet at the Center regularly.

Commissioner Earl Higginbotham suggested that the organization which was meeting at the Center be held responsible for the damage. In a light vein, he also suggested that the offender be charged a "reasonable" price for the dish-washing chores performed by club members.

In a serious vein, however, Higginbotham said that the city is paying enough money to get better supervision than these acts indicate.

Sanford has a modern Civic Center, a building of which all can be proud. It is hard to understand why anyone would attempt to destroy any of the property in the Center. Evidently the culprits were not taxpayers. Otherwise, they probably would be more careful.

The Civic Center has been used as one of Sanford's chief drawing cards for conventions. In recent months, several large groups have come to this city because of the facilities available at the Center.

Commissioners are so interested in keeping it in fine shape that they have passed a resolution which prohibits the use of chairs or any other Civic Center equipment outside the building, no matter who or what the request.

Charity Ball Saturday

Sanford Elks will stage their annual charity ball Saturday night.

Funds from the ball will be used to help support the Harry-Anna Children's Home in Umatilla.

The charity ball is one of several fund-raising projects sponsored for the home by the Elks. Another is the Tangerine Bowl football game, to be staged in Orlando this month.

The charity ball is a big social event each year. Club members, their friends and patrons dance so that youngsters of Harry-Anna might have the finest care possible.

A visit to Harry-Anna would convince anyone that Florida Elks are doing an outstanding job.

Just in case you haven't got your ticket, there is plenty of time before the ball.

Sales Tax Gains In October Cited

TALLAHASSEE (UPI)—Sales tax collections based on October sales increased more than \$250,000 over the same month in 1957.

But Comptroller Ray E. Green says this is no cause to expect any overnight changes in the state's financial picture.

Green said collections totaled \$11,476,000, an increase of \$283,074 over October of last year. It was an increase of \$223,973 over the amount collected this past September.

However, Green said these reports "offer no encouragement for any immediate change in the state's present financial or economic condition."

The state recently has had to borrow from some of its trust funds to stay on a cash basis.

Total sales tax collections this fiscal year amounted to \$54,632,230, an increase of \$4,487,627 over collections at this time last year.

Gas tax collections based on October sales were \$2,886,591, an increase of \$547,340 over the same period last year. Total gasoline collections were \$43,997,500, an increase of \$2,702,318.

Dade County led in sales tax collections with \$2,804,800, followed by Duval with \$1,180,874 and Hillsborough with \$909,672.

CHICHESTER, England (UPI)—The stone birds stop the gate posts in front of the inland revenue income tax office here are vultures.

WASHINGTON — Of the Senate's forthcoming debate on the filibuster rule it could be said that rarely have so many been so profoundly affected by so grave an issue understood by so few.

The decision will come at a time when the power of persuading the country by bland and happy oversimplifications, by stirring the fear of being "out of line," by the comforting appeal of simply being in the majority, is incomparably the greatest in our history.

Everywhere more, and more gaunt television towers beam out endless messages making it all too clear who are the good guys and who the bad guys in everything—including the good guys who support and the bad guys who do not support a duty thing called the filibuster. This is the term for endless talking in the Senate to prevent a vote.

And the decision will come also in a supercharged political atmosphere that will affect and possibly even decide the 1960 Presidential contest.

But at stake are things infinitely more important than all these. For the background: It is not now possible to shut off a major filibuster—short of simply wearing it out by letting the filibusters exhaust themselves—without the votes of two-thirds of the entire Senate.

The advanced liberals in both parties wish to provide that a bare majority—50 of the 96 Senators—could halt all debate after a specified time.

The old guard Southerners will resist any kind of change. The moderate Southerners, some of the Western liberal Democrats and a good many Republicans are for a moderate alternative. This would permit two thirds of those voting (instead of two thirds of the whole membership) to clamp down on debate.

The advanced liberals would fundamentally alter the Senate as an institution. This they bitterly deny, but it is historically and demonstrably the truth. For the Senate was deliberately designed, and for nearly two centuries has operated, as a frank check on unqualified majority rule. The notion has been that even majorities may sometimes be angrily wrong—as they were wrong in trying to draft strikers into the Army and to pack the Supreme Court and thus to destroy its integrity as an institution.

The advanced liberals are earnest men, but in some cases they are impatient men. Some are like the violent abolitionists of long ago who much troubled a reasonably liberal President named Lincoln. These are inflamed by their long frustrations in seeking full civil rights for Negroes. And, of course, they are influenced, too, by the thoroughly legitimate power of racial minorities in the polls.

The extremists among them are profoundly illiberal toward any dissent on this question. Intellectually, some have blood in some nostrils. They overlook that many fairly decent men—even many liberals—are also for civil rights but reject the extreme view on how far and how soon the county can go. The extremists treat respect for constitutional tradition as hostility to civil rights.

They forget that not long ago other extremists—these were on the right wing—treated opposition to Senator Joseph R. McCarthy's attacks on other constitutional traditions as the equivalent of pro-communism.

Too, they do not face up to the fact that any filibuster can be broken, rule or no rule, by a substantial and truly determined majority. The operative words are "truly determined." What the civil rights forces have needed far more than a new rule is more genuinely devoted—as distinguished from lip-service—backers. Perhaps they have those backers now. Perhaps there could be a real effort to break a civil rights filibuster flat out and head-on; this correspondent has never yet seen one in 12 years of watching the Senate.

The advanced liberals can fairly argue that the Senate ought to be a place of straight majority rule. But they cannot fairly argue that the Constitution has made it such. They intend to change the meaning of the constitutional structure; surely they ought to say so.

And they cannot deny that there have been times when a simple majority anti-filibuster rule could have imperilled all civil rights in the 'twenties, for illustration, disinterested scholars estimated 28 states to be politically in the grip of the Ku Klux Klan. This could have meant not 50 but 32 votes to halt Senate debate—a majority no less.

The ultimate victims of halting Senate debate by simple majority would be any or every minority and any or every minority interest or issue, given a favorable atmosphere for the majority.

Fred Othman Says

WASHINGTON — Now the Senators have visions of Christmas among Chicago's elderly tinmiths snipping out with the flick of practiced wrists, galvanized stars for the tops of their Christmas trees.

The deal for the retired sheet metal men at first sounded good in an old-time, Chicago-style sort of way. A parade of heating-duct contractors told the Senate rackets committee that they weren't allowed to go into business until they'd forked over \$300 each in cash—no checks, please—for the Christmas Fund of Sheet Metal Union Local 73, headed by the white-haired and almost Santa Claus-looking Arthur H. Cronin.

They said they either gave the money to Cronin, himself, or to his \$22,000 per year assistant, Joseph K. Kabelein. One said he thought it was odd that he was solicited for the Christmas Fund in September, but he forked over anyhow.

Another said he gave a total of \$650 in cash to Cronin plus a pair of \$75 cuff links to make the Christmas of the union boss a little happier. It developed then that anybody who wants to be a tinmith in Chicago has got to pay \$375 in initiation fees. This did seem to include his rights to a Christmas food basket when he got old, but Cronin angrily stretched that idea.

He said that Cecil Johnson, the youngish, nervous president of the Bond Ventilating Co., Inc., did not give him any cuff links, or money, either. He said nobody gave him cash for Christmas baskets. The union has no Christmas Fund.

"We used to have one years ago, when there was a lot of unemployment," he said. "We'd put one of our jobless men in charge and the employers would send around their trucks to deliver the baskets of food. But we stopped all that when employment got better."

Sen. John McClellan (D., Ark.) wondered how four contractors in a row testified they had to give cash personally to Cronin, while a fifth said he believed he handed his \$300 to Kabelein.

"All lies," cried Cronin. "I never did hear such lies."

Kabelein said he did believe those contractors probably had cheated on their income-tax returns and were fibbing about the Christmas Fund to cover up.

"Yes, but we have talked to numerous sheet metal firms in Chicago," insisted committee counsel Robert Kennedy, "and two out of three said they made these contributions."

Liar, every one, Cronin said. He took no gifts from anybody, except maybe a little fruit and whisky, he added. Sen. McClellan demanded to see the records for when there was a Christmas Fund. No records, Cronin retorted.

He then found himself explaining how come he received two dividend checks of \$2,500 each from a heating firm in which he was stockholder. One of these checks Cronin listed on his own tax returns. The other he said he forgot. All this struck the Senators as being strange at Christmas-time.

"I must agree with you, Mr. Cronin, that some of the biggest lies I've heard in a long time have been heard right here today under oath," Sen. McClellan said.

Looks to me like a rough Christmas coming up for the Chicago tinmiths and their handsomely tailored leaders.

Demands Ignored, Bandit Flees Bank

NEW YORK (UPI)—A man walked up to Mrs. Sylvia Meyers, a teller at a New York savings bank, and handed her a deposit slip on which he had written a warning that he'd blow up the place if she didn't hand over "a thousand dollars fast."

Mrs. Meyers just waved him aside and attended to two other customers. When he demanded to know if the teller thought he was kidding, she still ignored him.

The bandit, thoroughly discouraged, shambled out.

Alaskan Life, Homes Described By Pauley

By GAY PAULEY
NEW YORK (UPI)—One thing about picture windows in Alaska—they look out on something besides other picture windows or the highway traffic whizzing by.

Almost every home in our newest and largest state has a view, says Mrs. Beatrice Culver, and interior decorators cater to it. Mrs. Culver, who studied decorating at the University of California at Berkeley, and has been in Alaska since 1945, described life and home decor in a fascinating report to the American Institute of Decorators Headquarters. She is the institute's first Alaskan member.

Architecture may range from the practical and picturesque log cabin to Cape Cod and modern. The more "modest" homes cost their owners from \$15,000 to \$20,000, she said; the "average" from \$20,000 to \$35,000, and the more elaborate, going on up through \$65,000, \$85,000 and even \$125,000.

Unusual Expenses
 "But one must realize," she continued, "that dollar for dollar, it costs one-fourth to one-third more to build here than in most areas and that we have expenses not thought of in other cities, such as making our own provisions for wells and sewage systems."

Mrs. Culver said that "if there is such a thing as trend, it seems to be toward the spring and summer colors — which incidentally have their counterpart in the winter in the dramatic northern lights — lovely blues, mauves, violets, and even flame pink."

"Alaskans live and let live," she said. "There is no keeping up with the Joneses, so there is a great deal of individuality and originality in homes."

"If one secures a beautiful location, builds a basement and moves into it (himself and fam-

A good furniture finish is hard, smooth, and evenly applied. It should be egg shell smooth and show the grain of the wood clearly, even when the wood has been stained.

Visitors Entertained At Morning Coffee

Mrs. C. M. Walls and Mrs. George Stone entertained at a coffee Tuesday morning. The occasion honored Mrs. M. C. Roberts, Augusta, Ga., who is visiting her son and daughter-in-law, Dr. and Mrs. W. V. Roberts, and Mrs. Henderson, who is visiting her niece, Mrs. Harry Montieith.

The Walls home was attractively decorated in keeping with the holiday theme. Tall white tapered trees from a cluster of white and gold Christmas ornaments on the mantle. A multi-colored Christmas table decoration was placed on the coffee table. Other arrangements consisted of gladioli and poinsettias.

The dining room table was overlaid with a white cutwork cloth. The centerpiece was a gay creation made with red and white ornaments. Pouring coffee from the silver coffee service during the morning were Mrs. Montieith and Mrs. E. C. Harper. Mrs. Denver Cordell assisted in the kitchen. Festive refreshments were served to the guests. Red cherry ribbons decorated miniature *crucifix* wreaths. Christmas cookies, ham biscuits, and fruit cake completed the array.

Those attending were: Mrs. George Wells, Mrs. E. A. Montfort, Mrs. Harry Oakes, Mrs. Paul Chesterton, Mrs. A. B. Peterson Sr., Mrs. M. L. Rabron, Mrs. Clarence Dorr, Mrs. W. V. Thirty-three husbands and wives attended.

The Woman's Angle

BY ELIZABETH ASHBY
 Carolyn Higgins has many attributes, the nicest being her compassion and understanding of people. She is a warm, attractive person with a rich sense of humor and unusual perspective.

First of all Carolyn is a mother and wife. She is married to J. Malcolm Higgins, informally known as Pete. He is a salesman for McRoberts Tire Supply. The Higgins children number four. The three oldest are boys, typical of Higgins boys in every neighborhood. They are Malcolm, Billy, and Dale, in that order. The youngest child is a lovely little girl, Shannon, who, at the age of eight has a soft voice and shy flirtatious eyes. Out of all of Mrs. Julia Higgins's grandchildren Shannon is the only girl who bears the family name.

Carolyn was born in Montgomery, Ala., and came with her family to Sanford in 1923. She graduated from the Wesleyan Conservatory in Macon, Ga., where she majored in dramatics. Soon after graduation she became a member of the Higgins clan. No one knows just how long the Higgins have been here. Carolyn once attended a family reunion in Orlando and was overwhelmed by the number of relatives present.

The Higgins live in a comfortable cozy home that sets on a large lot. Tall mossy green trees shade the house and the sidewalk in front is usually littered with bicycles and pets. At present there is a dalmatian, Maggie, beloved by all, and a cat, Holly, that has a slightly demoted outlook on life. Maggie has her own chair in the living room which is emptied of any human content when she arrives on the scene. Carolyn has always scorned women who let pets lounge around the house but somehow Maggie is different.

Carolyn enjoys reading but has no time for a hobby. She is an excellent cook. She is fascinated by the brilliant concoctions displayed on the pages of magazines and instead of clipping the articles she saves the entire magazine. She has to search through stacks of old magazines to find the recipe she wishes to use. She claims that her children prefer Merita cakes to her own. With a sister-in-law, Mrs. John Higgins, Carolyn undertakes catering for several months. She specializes in the fancy end of luncheons, banquets, and cocktail parties.

Last July she became the staff aide at the local USO. This job utilizes a great many of her talents and abilities. It calls for patience, tact, and a large capacity for understanding and enjoying people. The boys who frequent the USO are generally from 18 to 20 years of age. Carolyn shares their problems and helps them in any way she can. There is a genuine need for this sort of work as getting off the base and talking to civilians mean much to servicemen. Carolyn feels the same to-

ward these boys as she would her next door neighbors' children or her own offspring.

One of the features about the USO that she likes most is that the boys entertained by the organization are ordinary sailors. Most are working on their rates; some are fresh out of boot camp; others have already attained rate. She receives splendid cooperation from the Navy departments in her work. The job presents various problems that must be handled as they arise. She stated that she has made several blunders but learns more each day and derives great satisfaction from the work. All walks of life are represented in these sailors. They are all serving for different reasons and each is an individual.

Carolyn does mostly behind-the-scene work. She shops, plans, supervises and keeps the local books. Suppers, beach parties, gift wrapping sessions, cooking lessons, open house are frequently part of the agenda. Carolyn enters into all phases of her work with deep enthusiasm. She plans things carefully and tries to accommodate all the needs.

She is a member of the Catholic Women's Club and also belongs in Chapter AX of the P.E.O. Sisterhood in Sanford. She was a den mother for a couple of years, and is ever willing to help in civic or community projects. She spends a good deal of time transporting children and husband from one place to another. Carolyn is always busy, no matter the time of day.

Carolyn is the only girl who bears the family name.

Stars Of American Golfdom To Tee Off Tomorrow

Tee-Off Schedule For First 2 Days

Following is the tee-off time schedule for the Mayfair Inn Open tournament for the first two days. The first time given is for Thursday, the second for Friday.

Indurall Will Try For Third Victory In Schooling Runs

Keith Dillon's great Indurall, the first greyhound definitely picked for Saturday night's inaugural Handicap, will try for his third schooling victory in the 22nd race on tonight's 22-race pre-season program at the Sanford-Orlando Kennel Club.

Opposing this winner of the International at Biscayne last May will be three other Grade A speedsters, each one an inaugural prospect. They are Fable Bluest and two of Indurall's kennelmates, Cri Tears and Bel Del.

Tonight's 21st race, a four-dog affair, boasts two inaugural candidates, Rockin Jo and Society Sister. Opposites then will be Fable Becky and Rebel Midnite, such a one-time winner. Both Rockin Jo and Society Sister will be trying for a third schooling victory.

The first and 11th races are also rated Grade A and list such top performers as Fable Formula, Koo Happy, Fortress Time and Casual Sue.

A total of 177 greyhounds are scheduled to gallop tonight starting at 7:30. For many of them it will be their third schooling try, the required number of pre-season eligibility tests.

Tomorrow marks the final schooling session. The track will be dark Friday night as final preparations are made for Saturday's opening.

Archie Goes After 'Knockout Record'

MONTREAL (UPI) — Light heavyweight Archie Moore plans to "shoot the works" in an attempt to set an all-time knockout record tonight in his latest title defense against fighter Yvon Durelle.

Enduring Archie, who'll be 42 on Saturday, will be gunning for a record-breaking 127th lay as he risks his 175-pound crown for the seventh time against the Canadian and British Empire champion in a scheduled 15-rounder at the Montreal Forum. Moore is favored at 3-1.

Leoport Pigeon, chairman of the Montreal Athletic Commission, announced Tuesday night that Jack Sharkey, former heavy-weight champion, had been selected to referee Montreal's first world title fight in five years. Sharkey will have no scoring vote. Three judges do the scoring in Montreal on a five-point basis. Promoter Eddie Quinn reported that a brisk ticket sale had put \$45,000 in the till and indicated a crowd of 11,000 and a gate of \$128,000 — new Montreal fight records.

The scheduled 15-rounder between Moore and the 29-year-old fisherman from Belle St. Anne, New Brunswick, will be televised throughout the United States by the American Broadcasting Company and throughout Canada by the Canadian Broadcasting Company.

18 Beat Or Match Par In Qualifying

Eighteen of the 105 golfers who battled it out for 12 places in the Mayfair Inn Open tournament beat or matched par yesterday. These golfers were competing for berths in the annual \$15,000 tournament which starts tomorrow. A total of 64 golfers were not required to post qualifying scores. The field numbers 150 for the first round.

Leading the par-busters was Henry Williams Jr., 46-year-old Fleetwood, Pa., golfer. Williams had a sizzling 66, five under par. He led a 31-35.

Three strokes higher were Huston (Paddy) LaClair Jr., Birmingham, Ala., and Fred Ferrara, Lynchburg, N. Y. LaClair posted 68-33. Ferrara a 35-31.

Touring the course in 70 were Skip Alexander, Everett Vinzant, J. C. Gossie, Bob Crow, Dick Tiddy and Carroll Armstrong.

Golfers who shot more than 78 failed to qualify for the tournament.

Oklahoma Center Lineman Of Year

NEW YORK (UPI)—Bob Harrison, a Texas farm boy who became an All-America star at the University of Oklahoma, today was voted college football's "Lineman of 1958" in a nationwide United Press International poll.

Harrison, a 211-pound center and linebacker who was drafted last week by the San Francisco Forty-Niners of the National Football League, received 64 votes in balloting by 287 sports writers and broadcasters.

John Guzik, Pittsburgh's All-America star, was second in the poll with 29 votes. Max Fugler, center for unbeaten United Louisiana State, was next with 21.

The remaining 184 votes were scattered among 38 linemen with Jim Houston, Ohio State end, and Ted Bates, Oregon State tackle, tied for fourth with 19 apiece. Zeké Smith, Auburn guard, was sixth with 13. Jackie Burnett, Auburn center, and Monte Slickers, Notre Dame end, each drew 12. Vel Heckman, Florida tackle, and Brock Strom, Air Force Academy tackle, each received 10.

Harrison, 21, is a 6-foot-2 senior from Stanford, Tex. He is the latest in a long line of brilliant Oklahoma linemen developed by Gomer Jones, the university's line coach.

Nugent Names 40 For Travel Squad

TALLAHASSEE (UPI) — A 40-man squad from Florida State will make the trip to Louisville, Ky., for the Blue Grass Bowl game Saturday.

Coach Tom Nugent said the Seminoles will leave by plane Friday morning. Their opponent in the inaugural game of its new bowl is Oklahoma State.

FAU practiced pass defense and offense Tuesday.

Afterwards, Nugent ruled out any more pre-game scrimmages for fear of injuries.

Field Of 105 To Pursue Lion's Share Of \$15,000

Topflight stars of American golf will tee off here tomorrow in the annual Mayfair Inn Open Golf tournament.

This is the most impressive field in the four-year history of the tournament. Based on practice rounds of several of the pre-tournament favorites, and rounds of steady golfers who had to qualify yesterday, the sprawling 6,400-yard, par 71 course at the Mayfair Country Club could be in for a real feasting.

Not fewer than 18 who qualified yesterday were even or better than par. Add to this number the 84

top-ranked players who did not have to qualify and the average fan can get some idea of what the competition will be like.

Who will win the title? None of the golfers cared to offer a name. Several listed about half of the entries as possibilities.

In three years, the Mayfair Open has had three different champions. None has been able to repeat thus far. Al Balding, Mike Fetcheck and Walter Burkemo, winners in successive years, are high on the list of favorites.

But so are Dow Finsterwald, PGA Player of the Year, Julius Boros, winner of the Carling Open; Arnold Palmer, leading money winner of 1958; George Bayer, winner of the Havana Open; Pete Cooper, West Palm Beach champion; Paul Harney, Dorado Beach winner on Sunday.

Add to this list the Hebert brothers, Lionel and Jay. The former is an ex-PGA champ, the latter, who is Mayfair's touring pro, was runner-up to Burkemo last year. Then there are Purky Oliver, former Mayfair pro, Doug Ford, Bill Casper Jr., Frank Stranahan, Fred Hawkins, Marty Furgel, Al Hesse-link and dozens of others.

Greens and fairways are in good shape. A foursome of Burkemo, Palmer, Jay Hebert and John Barnum toured the course in "about par" yesterday. Hebert and Stranahan took the honors on the front nine.

Finsterwald, Balding, Stranahan and many of the others toured the revamped course yesterday. Since the leading contenders were not required to qualify, few were talked about their scores. The Mayfair course has been altered since the 1957 tournament. Most of the players wanted to get the "feel" of the greens and look over the new layout before competition starts.

Practice rounds also were scheduled for today. A clinic this afternoon was to highlight the last day prior to getting down to business tomorrow morning.

Finals in the 72-hole tourney are scheduled Sunday.

Blackout Ordered For Orange Battle

MIAMI (UPI) — The Orange Bowl Committee has ordered a television "blackout" within a 150-mile radius of Miami for the New Year's Day game between Oklahoma and Syracuse.

But officials said the blackout, agreed to by CBS Television, may be lifted if enough tickets are sold to the football classic by Christmas.

The TV order was issued Monday after the competing universities returned 3,000 unsold tickets. Transportation problems, due partly to the crippling Eastern Air Lines strike, were blamed for the lag in ticket sales.

Americans had a total of \$7 and a half billion dollars in the bank at the end of 1957, a seven-billion-dollar increase in savings during the year.

Horses are so rare on Formosa that a pair of them attracts throngs to the Taipei Zoo.

Field Of 105 To Pursue Lion's Share Of \$15,000

Topflight stars of American golf will tee off here tomorrow in the annual Mayfair Inn Open Golf tournament.

This is the most impressive field in the four-year history of the tournament. Based on practice rounds of several of the pre-tournament favorites, and rounds of steady golfers who had to qualify yesterday, the sprawling 6,400-yard, par 71 course at the Mayfair Country Club could be in for a real feasting.

Not fewer than 18 who qualified yesterday were even or better than par. Add to this number the 84

top-ranked players who did not have to qualify and the average fan can get some idea of what the competition will be like.

Who will win the title? None of the golfers cared to offer a name. Several listed about half of the entries as possibilities.

Gators, Tide Play Independents; Vols Top Wake Forest

United Press International

Alabama and Florida go against a couple of independents in tonight's only basketball action in the Southeastern Conference.

The Crimson Tide visits at Memphis State University, where basketball is one of the major subjects and considerable trouble could be encountered.

The Gators, still remembering how close a homestate team came to upsetting them Monday, play Rollins College — another Florida team.

Florida won its first game of the season in a runaway over Erskine but lost to Georgia before edging Stetson Monday. Alabama, operating without last year's high scorers Jack Rubinsky and Jim Fulmer, defeated Jacksonville State and Spring Hill in two previous outings.

Tennessee continues its unbeaten string Tuesday night with a 61-50 victory over stubborn Wake Forest. In the only other area game scheduled, Louisiana State showed fine speed in beating Arkansas 67-58.

Tennessee appeared to be in trouble early in the game, after the coach benched big Gene Tommbien because of three fast fouls. It was only in the closing minutes, with the 68 shotmaker back in action, that the Vols were able to pull safely ahead of the Deacons.

Arkansas led LSU for a time, but the Tigers' fast break brought them out front in the second half and kept them there.

High for Bishop Moore was Jim Ellis with 21. Jack Sullivan and John Lane each had 17.

This was the second loss of the season for the Lions.

Other Oviedo scorers: Joe Duda (8), Alford, Smith and Tesinsky (4 each), Brookshire (3), Willis (3) and Briggs (2).

Dandridge Winner Of Schaal Trophy

Cecil Dandridge, senior quarterback for Coach Jim Pigott's Seminole High School Orange Belt championship football squad, today was named winner of the Peter Schaal trophy as his team's Most Valuable Player.

The trophy, 31st to be presented since the first was handed to end

Lofton Edenfield in 1928, is the oldest consecutively presented individual sports award in the South.

It will be tendered the younger by the donor, now an Orlando advertising company owner, at the annual All-Sports Banquet next May.

Eleven judges, all former football players, agreed that Dandridge, more than any other of the 20-odd squad members, best fitted the "Most Valuable" title. He was the one player the "team" could have least done without.

The one progressively more competent "take charge" player.

His scholastic ability was pointed to as "more than adequate," while his coolness under fire, his pinpoint passing, and his lightning speed earned him vote after vote.

Runner-up was David Stanley, senior guard, who also was second to the 1957 winner, Eddie Barbour.

Schaal was sports editor of The Herald when in the spring of 1928, after the team had had one of its worst of several consecutive seasons, he secured Coach Hugh Whelchel's permission to offer what was for years the only incentive award other than the usual letter or numeral.

In addition, he posted an offer to have the first and second team players as his guests at an Orange Bowl game should they come through with a perfect record. He extended this to cover the 23 players and their dates for a trip to the Gator Bowl in Jacksonville after that affair became established.

So far, the squad has not reached that eminence, although the 1957 team almost did it.

Other winners were: In 1928 and 1929, Lofton Edenfield; 1930 George Moye; 1931, Johnny Courter; 1932, Hendrix Lytle; 1933, Quillian Jordan; 1934, George McClelland; 1935, Elwyn Squires; 1936, Leland McClelland; 1937, Robert Starnoff; 1938, the late Capt. Darrell Ferguson; 1939, Jim Riser.

Alfred 1940, Robert Altman; 1941, Bill Branham; 1942 and 1943, Bill Fleming; 1944, Fouts Drumley; 1945 and 1946, Willis Anderson; 1947, Wally Tyre; 1948, Richard Bass; 1949, Charles Anderson; 1950, Mike Whelchel; 1951, Ed Gordon; 1952, Junior Melis; 1953, Ross Hamman; 1954, John Jones; 1955, Jim Hawkins; 1956, Branley Schirard; 1957, Eddie Barbour.

The so-called Big Four — the University of California, UCLA, University of Southern California and the University of Washington — representatives met with people from the old Pacific Coast Conference (PCC) during the past two days to wind up affairs of the athletic league which was founded in 1915. But they had their eyes at the same time on the future.

The Big Four may woo such titans as Army, Navy, Pitt and Notre Dame.

More Snow For Embattled Areas; 21 Dead

United Press International
A foot of new snow was predicted for the snow-crusted city of Oswego, N. Y., today and a bitter sub-zero freeze.

Oswego, already under a state of emergency, was hit by a new storm Tuesday night as it fought to free itself of a record 65 inch snow accumulation and drifts 20 feet high.

More than 40 snow plows were thrown into the battle against the towering snow mounds in and

around Oswego. House roofs threatened to crumple under the weight of the snow.

Heavy snow squalls also swirled over the lee shores of Lake Erie where Erie, Pa., was buried under 25 inches of snow and faced the prospect of another 6 to 12 inches today.

State police said roads in north-west Pennsylvania and southwest New York were "terrible" with visibility cut by the heavy snow. All main roads were open, but about 60 per cent of the secondary roads in the area were shut.

The most prolonged cold wave of the season extended from the Continental Divide to the Atlantic.

Sub-zero readings were common during the night from Montana across the northern plains, the Great Lakes, the central Appalachians and into New England. And the official onset of winter still 12 days away.

Below freezing weather drove as far south as Georgia and central Texas.

The snow and cold was blamed for at least 21 deaths. Ice highways claimed nine lives in traffic in Illinois, three in Indiana, two in New Jersey and one each in Iowa and New York state. Two transients rose to death in Chicago, two men suffered fatal heart attacks shoveling snow in Iowa and a Michigan man met the same fate.

Among the latest victims were two persons killed when a bus and truck collided on an icy highway Tuesday night near Somerville, N. J. Twenty persons were injured in the crash.

A Gurnee, Ill., man was killed Tuesday night in a traffic accident while trying to help a neighbor start his stalled car.

Fire Kills Man
Cold weather fires also took a heavy toll of lives. At Champaign, Ill., three little girls, including twins, were killed Tuesday night when flames swept their small frame home.

An overheated wood stove was

blamed for a fire which killed two boys at Lawrenceburg, Ind. In Ohio, two fires claimed two lives. Rodney Lee Cade, 18 months, was found burned to death near an open fire when his mother returned to their Dayton home after chopping wood outside. Milton Moreland, 78, was killed when a fire swept his house trailer at Etna in central Ohio.

At Allentown, Pa., a furnace explosion forced 11 persons to flee a wrecked home into wintry weather.

In the Northwest, searchers combed back roads and forested areas near Portland, Ore., for a family of five missing since Sunday when they went out to look for Christmas trees. Missing were Mr. and Mrs. Ken Martin and their three daughters.

Ice Covers Mississippi
The intense cold brought a four-inch thick ice cover to the Mississippi River from Clarksville to Hannibal, Mo., and ice formed on the river as far south as St. Louis, which reported its coldest Dec. 9 in 41 years. Barge traffic continued on the Mississippi despite the ice.

However, three ships were trapped in ice in Lake Erie and seven cargo vessels were ice-bound below Sault Ste. Marie, Mich., in the Lower Saint Mary's River. The Coast Guard cutter Mosquito was enroute to try and clear a path for the ships to Lake Huron.

Another 35 ships were stalled at the Lachine and Soulanges locks in the St. Lawrence River east and west of Montreal. An ice breaking tug was sent to Soulanges.

Other heavy snow amounts included 30 inches at Fulton and

36 inches at Boonville, N. Y.; 48 inches at Houghton, 30 inches at Pellston, and 40 inches at Hancock, Mich., and up to four inches as far south as northern West Virginia and western Maryland.

The coldest weather of the season closed in on the New York metropolitan area where readings dipped into the teens.

A slight warming trend brought a little relief to the Dakotas, eastern Montana, Iowa and Minnesota. Although it was 10 to 20 degrees warmer in this area, most temperatures still were below zero.

Waner Is Selected Honorary Chairman Of '58 Seal Sale

Paul G. Waner of Sarasota, batting instructor for the St. Louis Cardinals and a member of baseball's Hall of Fame, will serve this year as honorary state chairman for the Christmas Seal Sale.

Waner, who only a year ago won a personal victory over TB, expressed eagerness to do anything he could "to help keep my fellow men from being benched by tuberculosis."

A story of his bout with TB, written last year for the Sarasota Herald-Tribune while he was a patient in the Southwest Florida Tuberculosis Hospital, Tampa, has been widely reprinted throughout the country with Waner's "blessing" to all those afflicted with TB.

He urges people everywhere to support the work of their tuberculosis association through the purchase of Christmas Seals.

Admitting that in past years he used to buy Christmas Seals rather grudgingly, Waner said, "If someone had told me then that the money I gave might spare my life and certainly save me years of confinement, I would have laughed. Then I would sit down, sigh, and write out a check. As I did, I might remark, 'I hope this helps some poor fellow.' . . . Well, it did. It helped me."

One of the greatest hitters that ever lived, Waner had a 20-year batting average of .334 in the National League and led the National League twice each in batting, runs, hits, doubles and triples. He was one of only seven men to make 3,000 hits against big league pitching. In 1927 he drove in 131 runs for a Pirate record.

With five National League records to his credit, he was the league's Most Valuable Player in 1927.

Ernest A. Lilley of Lakeland, president of the Florida TB and Health Association, terms Waner "not only a great baseball champion but a great champion in the fight against TB."

Mate Used Strap, Wife Gets Divorce

DETROIT (UPI) — A woman was granted a divorce Tuesday when she charged her husband beat her with a cat-o-nine tails.

Mrs. Lura Tajejowski, 30, said her husband, Casimir, an automotive technical writer, made the whip of leather tongs in a basement workshop and kept the lash hanging in the kitchen between the pots and pans as a lesson in psychology.

She said her husband is working on his master's degree in psychology.

Army Will Remove Marriage Pamphlet

TOKYO (UPI) — U. S. authorities ordered military chapels today to remove from their shelves a controversial pamphlet urging Americans not to marry foreigners.

The pamphlet, which had begun to create ill will in Japan where 30,000 U. S. servicemen have married foreign girls, was written by a chaplain named George W. Thompson.

Titled "If I Marry A Foreigner," it warned Americans against attempting to hurdle the social and religious barriers involved in such a marriage.

Col. Albert C. Schiff Jr., staff chaplain of the 5th Air Force here, ordered the pamphlet removed from chapel shelves.

"This pamphlet should not be on the literature racks of our chapels," he said in an official statement. "This is not an official pamphlet and was distributed inadvertently. Now that it has been brought to our attention it is being withdrawn."

The pamphlet asked Americans to "think a long time" before marrying a foreigner.

More Homes, But They'll Cost More

WASHINGTON (UPI) — There will be more homes started in 1959, but they'll cost more, according to a group of home builders.

About half of the 36 builders at an outlook symposium, sponsored by the National Association of Home Builders, said Tuesday they expect a 5 per cent spurt in housing starts. They also forecast a price increase in 1959 of at least 5 per cent over this year.

FORMER MAYFAIR CHAMPIONS—These are the three former Mayfair Inn Open golf champions. Left to right, Al Harding, Markham, Ont., 1955; Mike Feteich, Yonkers, N. Y., 1956, and Walter Burkemo, Franklin Hills, Mich., 1957 champion. All are trying for their second Mayfair title. (Herald Staff Photo)

Beasley Top Early Bird

The nation's top-ranked golfer backed double odds—the weather and par—on the Mayfair Inn Country Club course today in an effort to get a good first "leg" toward top prize money in the \$15,000 tournament.

A steady drizzle was uncomfortable, but scores were good, according to Jim Gagin, PGA field secretary. The weatherman promised an end to the showers this afternoon, sunny and mild weather for the second round tomorrow.

Leading the "early birds" through the first 18 holes was Halard Beasley, Chattanooga, who posted a 21-33 for a two-under 54. The only golfer on the circuit who travels in a trailer with his family, Beasley posted a 62 in a practice round yesterday. Only one has finished in the money this year, in the LaFayette, La., Open. Beasley was among the lesser-known golfers, who get the "privilege" of teeing off early in the morning. He was the only golfer to report a sub-par round among the finishers by noon.

Authorities Check Phenix Confession

MONTGOMERY, Ala. (UPI)—Alabama authorities checked carefully today into the behind-prison confession of a former soldier that he killed state Attorney General Elect Patterson in Phenix City, Ala., in 1954.

The man who bared the latest confession to the mysterious Patterson slaying gave a three-page handwritten statement to a prison chaplain in Richmond, Va., two weeks ago. He was quizzed by Alabama authorities Nov. 20-22, and the story was made public Wednesday night by Gov. James E. Folsom.

Folsom said there "appears to be a degree of truthfulness" to the confession. He asked Atty. Gen. John Patterson, son of the slain vice crusader, to investigate further.

Hillsborough Sued For Integration

TAMPA (UPI)—Five Negro families are seeking to break the color barrier at Hillsborough County's segregated schools.

Negro Attorney Francisco Rodriguez filed suit in U.S. District Court Wednesday to enjoin the Hillsborough County School Board from "the practice of segregation and asks for a declaratory decree which would in effect order the School Board to begin some program of desegregation."

The suit was filed in the court of federal Judge William J. Barker. It was the first of its kind to be filed in Hillsborough County.

There are no integrated public schools in Florida, but several such units are pending elsewhere in the state.

Rodriguez is an attorney for the NAACP, but he said the suit had nothing to do with the Negro organization. He said it was filed by five Negro families who are seeking to enter their children in white schools.

The suit was filed less than 10 weeks after the local branch of the NAACP warned County School Superintendent J. Crockett Farnell that unless the county School Board took some action toward desegregation it would have to face court action.

About a week later, Farnell offered to meet with NAACP officials and discuss the matter. But the NAACP declined, saying it was the obligation of the School Board, not the NAACP, to initiate desegregation under a U.S. Supreme Court order.

Georgia Mix Case Gets Short Recess

ATLANTA (UPI)—Lawyers for three Negro women seeking a federal court order to integrate Georgia State College interrupted their case today and tried to bring in a fourth plaintiff who could meet all entrance requirements.

Federal Judge Floyd S. Shaw called a brief recess to let defense counsel for the State Board of Regents study a motion to bring college graduate Edward Jacob Clemons into the suit. The three women have admitted in earlier testimony they did not comply with all entrance requirements at the state-supported college.

Clemons, an insurance company employee, applied at the college in 1956 but was not originally a party to the current suit.

The suit was filed in 1956 by Barbara Hunt, Iris Mae Welch and Myra Elliott Dismore. A ruling in their favor could result in state funds being denied the college.

Barbecue Shifted To Mayfair Inn

Due to inclement weather, the stag barbecue planned at the Mayfair Country Club tonight at 8:30 will be held instead in the Mayfair Inn ballroom.

The barbecue will draw more than 100 civilian and Naval officers in honor of the bombing derby visitors. Arrangements have been made by the Armed Forces Committee of the Seminole County Chamber of Commerce.

Many of the dignitaries are staying at the Mayfair Inn and Motel, which is a ready hosting professional golfer and their wives, here for the Mayfair Open.

'Navy Week' Celebration To Be Climaxed Saturday

Squadron 9 Holds Bomb Derby Lead; Final Stage Set

A squadron which returned to Sanford two months ago, after nine months in the Mediterranean aboard the USS Saratoga is still ahead in the Heavy Attack Wing One sixth bombing derby.

VAH-8 now leads with 822 points, having placed first in all events except one. Yesterday's event required the select crews to fly a 2,000-mile simulated combat mission terminating with a practice bomb drop on a target ship grounded off Cape Hatteras, N. C.

At 10-minute intervals the bombs plunged toward the target from the swept wing Skywarrior. Observers scored the accuracy of the drops made at a height of 600 miles an hour.

Squadron Eleven remained within striking distance of Nine's "float" with a score of 608. VAH-11 is close behind with 666 points. In fourth place is VAH-7, with 418 points.

Event Five will begin tonight at 7:30 when the Skywarrior rises from the Sanford Naval Air Station (VAH-11 from the USS Roosevelt), for an extended over-water navigation flight. All electronic navigation equipment will be secured, as the crews rely only on the stars to guide their way.

Radar Bomb Site scores will be made on Charlotte, N. C. and Richmond, Va. A crucial total of 700 points and the coveted Trophy hang in the balance tonight. The trophy is awarded to the winning squadron. H. S. and "Mitch" Mitchell, third crewman.

Public Will Tour Station Tomorrow

The gates of Sanford Naval Air Station will be opened to the public tomorrow.

Public Open House will take place from 11 a. m. to 4:30 p. m. Capt. Lionel A. Arthur, commanding officer, urged citizens of Central Florida to take advantage of this opportunity to see, first hand, the station, aircraft and personnel who are contributing so much to the mission of the Navy and the defense effort of the nation.

One of the newly-completed hangars at the station will house an interesting aviation exhibit open to the general public. A static display of the Navy's latest carrier jet aircraft from Carrier Air Group Four will be on exhibition.

Governor To Visit Local Ceremonies; Events Are Listed

Capt. James Ramare, Commander, Heavy Attack Wing One, and Capt. Lionel Arthur, skipper of the Sanford Naval Air Station, will host an estimated 5,000 spectators tomorrow at NAS public open house.

While the open house eliminates the sixth bombing derby, visiting dignitaries should leave Sanford with the same warm feeling of welcome that will fill the hearts of local Navy personnel Saturday during Navy Appreciation Day.

The "Inchworms" will begin tonight when local business and professional men meet dignitaries of the Navy and aircraft companies at a stag barbecue, sponsored by the Seminole County Chamber of Commerce.

The barbecue will be held at 6:30 at Mayfair Inn. Simultaneously, Gov. LeRoy Collins will host a dinner at the Orlando Country Club, honoring commanders of every Navy, Army, Air Force and Marine installation in Florida. Attending from Sanford will be both SNAB Captains and Major Merle Warner.

Tomorrow's schedule begins with the open house at the Air Station, where Gov. Collins is expected to be a brief visitor. Spectators will have an opportunity to see the giant F-4 Phantom II maneuvers, culminating with presentation of awards by Capt. Robert Elder, Director of Flight Test, Patuxent River, Md. The public is invited to attend the ceremonies from 11 a. m. until 4:00 p. m. Static displays of Navy jet aircraft will be on view.

Douglas Aircraft Co., manufacturers of the Heavy Attack Wing's Skywarrior, will entertain more than 400 officers and their wives Friday night at the Mayfair Inn. Refreshments will be served at 9:47 tonight, and will stay at the Inn during his visit. Parties for enlisted men and their families will be given on a squadron level by the aircraft company. Mayfair party guests will be entertained at the Naval Air Station and visiting dignitaries.

The second annual Navy Appreciation Day will be held Saturday from 12:30 to 3:30 p. m. in Fort Mellon Park. Sponsored by the Jaycees, the day is a fitting end to the week-long activity of local Naval personnel participating in the derby. All Naval personnel and their families will enjoy a free luncheon and entertainment by the Rebels and the Fire Owls.

Many of the visitors will remain for the Navy Appreciation Day, and should watch in awe as 5,000 men, women and children are fed from serving tables manned by civic clubs.

Officers and wives of the winning squadron in the bombing derby will be entertained Saturday night at the Mayfair Inn by North American Aviation Company. A party for enlisted men of the squadron and their wives will be held simultaneously in the Enlisted Men's Club at the Naval Air Station.

The bombing derby is the most comprehensive ever held by the Navy, according to officials. The scheduled events have covered every phase of the Heavy Attack Wing One operations. Results of the derby will be utilized in future plans for the carrier based squadrons.

Notes, Tapes Show Monastery Blast Murder, Suicide

CHATSWORTH, Calif. (UPI)—Tape recordings and notes today showed the bombing of a religious sect's monastery which claimed 11 lives was a carefully planned murder-suicide plot aimed at Krishna-Venta, the cult's leader.

Two hour-long tape recordings and notes left by two disgruntled former members of the Fountain of the World religious colony just west of here disclosed the men were determined in "blowing the master (Krishna-Venta) to justice."

"If we don't return, people will know what happened," the recordings which were left for the men's relatives said.

Ralph Hunter, 33, and Peter Hanna Kamenof, 42, both of Joshua Tree, Calif., were identified by authorities as the former members who apparently lost their lives along with Venta and seven other persons, including two children, in the blast which ripped through the sect's monastery Wednesday.

Venta, 47, was the master of the sect. He was killed in the blast.

U. S. Seeks Probe Of Hungary Terror

UNITED NATIONS, N. Y. (UPI)—The United States said today a reign of terror is still being carried out in Hungary "by Hungarians who are in truth agents of the Soviet Union in the presence of the Soviet occupation army."

Together with 36 other countries, it asked the General Assembly to appoint Sir Leslie Munn, Assembly President last year, as "the watchdog of the United Nations" to report to the world on Soviet repressions in Hungary.

"We cannot now foresee exact dates but tasks must be set," U. S. Ambassador Henry Cabot Lodge told the Assembly. "We hope his activity and his reporting role will be a sign to the authorities in Hungary that the United Nations is watching to see whether the current repressions also end."

Serving with him will be Mrs. William Gray, who was chosen vice president after Ed Zimmerman declined the nomination.

Mrs. Gray reported that more than \$1,500 had been collected during the recent combined membership and building fund drive. The firehouse is now half completed. More blocks will be laid this week-end by the volunteer bricklayers who double as firemen.

Rev. Stone Resigns

The Rev. Perry L. Stone has resigned as pastor of the First Christian Church.

Rev. Stone announced his resignation at a congregational meeting last night, and said that he had accepted a call to the Rhett Ave. Christian Church, North Charleston, S. C. He will begin his work there Feb. 1.

Ivers Will Head Fire Department

Richard Ivers has been elected president of the Lake Mary Volunteer Fire Department.

Serving with him will be Mrs. William Gray, who was chosen vice president after Ed Zimmerman declined the nomination.

Mrs. Gray reported that more than \$1,500 had been collected during the recent combined membership and building fund drive. The firehouse is now half completed. More blocks will be laid this week-end by the volunteer bricklayers who double as firemen.

Pardon Board Says Slayers Must Die

TALLAHASSEE (UPI)—Dallas Withers, Panama City electrician convicted of drowning two small brothers after sexually molesting the older one, lost out Wednesday in his final plea to escape the electric chair.

The State Pardon Board, meeting Wednesday, also refused clemency to Jacksonville Negro Willie Horne Jr., 23, condemned to die for raping a white woman after slugging her male companion.

The next steps in the two cases will be taken by Gov. LeRoy Collins who is now free to sign death warrants and to set dates for the electrocutions.

House Speaker designate Thomas D. Beasley argued that Withers was too drunk to know what he was doing when he drowned Douglas Cecil Wilson, 4, and his 7-year-old brother, David, in lonely Pollock Lagoon in 1954.

Judge Asks Board To Transfer Youth

TALLAHASSEE (UPI)—Leon County Juvenile Court Judge Rufus Jefferson asked the State Pardon Board Wednesday night to send a 12-year-old boy convicted of second degree murder to the Boys School in Marianna instead of Raiford Prison.

The boy, James Frank King, was convicted in Hamilton Circuit Court of second degree murder and sentenced to 20 years in prison.

Jefferson, who said he has no connection with the case, asked that the boy be allowed to serve his time until he is 18 years old at Marianna, away from the hardened criminals of Raiford.

But Atty. Gen. Richard Ervin ruled that under Florida law, a circuit judge cannot sentence a murderer to reform school, regardless of his age.

Gov. LeRoy Collins said the Board will ask Superintendent L. L. Dozier at Marianna for a report. Collins indicated that he thinks Dozier will keep the boy out of Raiford.

Among the display of modern jet aircraft at the NAS open house tomorrow will be AD3 number "00" from VAH-8.

This is the Skywarrior representing the U. S. at the Brussels World Fair last summer. It was flown to Belgium from the decks of the USS Saratoga.

A week after thousands from every country had seen the sleek swept wing aircraft, it was back on the job again flying over LeBannon during the crisis last July. The plane is the only Heavy Attack Wing One aircraft numbered "00".
