

### Ceery Feds Get Off To Slow Start

#### Bad Weather Halts Opening Drill As 16 Gridders Turn Out For Session

Coach Leonard McLucas' Seminole High football squad got off to an inauspicious start on the first practice of the 1942 campaign with only 16 players turning out for the first drill and then getting only a little over an hour's work as weather cooled the practice.

Two of the returning seven lettermen were present, Coach Gormley and Warren Daniels. McLucas sent the team to work around the kicking and passing drills, and having an exercise. Hereafter, practice will start at 4:00 P.M. at the high school field, and it is hoped that several gridders who have jobs will be able to attend the sessions. The squad is expected to be augmented daily, and the full group will be on hand Sept. 14 when school starts. A number of the boys are employed at present and won't quit their jobs until school opens. The turnout yesterday, predominated by juniors was light as regards weight. Gormley, a veteran linebacker topped the field weighing 210.

### Coach Lieb Calls Florida Gridders For First Drill

GAINESVILLE, Sept. 1, (AP)—Coach Tom Lieb will call the University of Florida football team together this morning for its first official practice and nearly all of the squad of 36 players will be on hand except Floyd Konovsky, Andy Bracken, Hoy Gardner and Paul Duhart. For the first few days, practice will consist of light workouts without pads, but due to the early game with the Naval Air Station at Jacksonville on Sept. 19, plenty of action may be expected by the beginning of next week. With only minor exceptions, this year's squad will fill all of Coach Lieb's expectations. Duhart scored Lieb yesterday from his home in Worcester, Mass., that he would be inducted into the army this month and would be unable to attend. Lieb also stated that if he could enter one of the reserve forces, there still was a possibility that he could work with the team this season. Coach Lieb said it had been reported that Hoy Gardner of Northern school this Fall. Kinley and Bracken are expected to arrive within the next few days.

### Brooklyn Purchases Bashful Buck Newsom From Washington

NEW YORK, Sept. 1, (AP)—The deadline for player eligibility in the world series caused both of the prospective rivals, the New York Yankees and the Brooklyn Dodgers, to make an emergency trip to market yesterday, and both went to the same market. In two deals with the Washington Senators the Dodgers obtained gregarious old Louis (Bobby) Newsom, the right-handed pitcher who starred for Detroit in the 1940 series, and the Yankees bought outfielder Roy Cullenbine.

### Dodgers Gain Half-Game In 11-Inning Win

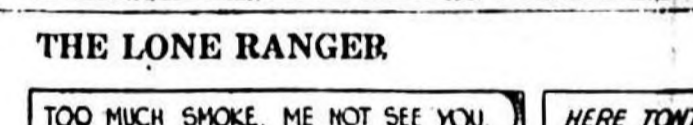

PITTSBURGH, Sept. 1, (AP)—The Brooklyn Dodgers struggled to stop their pennant slide yesterday and finally after three hours of a tight but turbulent battle with the Pittsburgh Pirates, won out in a 5-4 decision in 11 innings. This boosted Brooklyn's lead over the St. Louis Cardinals to 1 1/2 games. The encounter was a scoreless stand-off between rookies Max Mason and Hank Gornicki for the first four frames and it was Pittsburgh which drew blood when Gornicki singled to the fifth and came home on a triple by the ordinarily weak-hitting Pete Gossard, a former Dodger. The Dodgers tied the score in the sixth and took an early lead in the seventh, were tied through an error in the ninth and eventually won through an error.

### GOOD AN GEORIANA

LAMP LEE, Va. Sept. 1, (AP)—An officer looked with amazement at what the soldier wrote above the line for rapid occupation "Georgia Trains". The crew was none other than Private Julius J. Verlick, for the past three years assigned to transport 500-pound Hindling circus attraction.

New Guinea was the first south seas island known to Europeans.

### ETTA KETT

### SELECT SELECTIONS Sandspurs give up—Hey, backfield

Many Ceery Fed gridders of other years can remember early season practices in the sandspurs. They used to roll around in them, until the burrs gave up and went away. How is it this year, me? Coach McLucas is not singing the blues this year, although a glance at his riddled backfield might be deemed sufficient reason for a good cry. Brannen, Cleveland and Truitt are gone, leaving Billy Fleming, the hefty youngster with much promise.

### Yanks Plaster 8 to 3 Beating On Detroit

NEW YORK, Sept. 1, (AP)—The New York Yankees hammered out a dozen hits, including a pair of home runs, to beat the Detroit Tigers 8 to 3 today for Allyn Donald, who previously never had muzzled the Tigers in five years in the American League. Donald pitched two-hit shutout ball for eight innings, but was belabored for four hits and three runs in the ninth inning before Fireman Johnny Murphy was summoned from the bullpen to perform the final out. The Yankees, however, had done all the damage necessary early in the game. Little Phil Rizuto hit his fifth homer of the year with one blow in the fourth inning and Joe Gordin notched his sixteenth will one in the fifth.

## Many U. S. Tanks, Planes Bar Axis March In Egypt

### British Forces And Rommel's Men Are Locked In Battle In Southern Sector

LONDON, Sept. 2. (AP)—American troops have arrived in the Belgian Congo, near the center of Africa, to await the supply route across the continent to Egypt.

(By Associated Press)

United States Army tanks, fighting alongside the British, helped bar the path of Marshal Rommel's new three-day offensive in western Egypt today while American fighters shuttled through one of the worst dust storms of the war, blasting Axis supply depots and breaking up German dive bomber formations over the desert battlefield.

The British general headquarters said British forces were locked in a heavy battle with Axis armored columns all yesterday in the southern sector of the narrow front. U. S. Army planes engaged in extensive operations over the entire area, the commander said. A captured dispatch from Edward Kennedy, Associated Press correspondent at the battlefield, said American tanks in greater numbers than ever before are supporting Gen. Alexander's British imperial army.

The attack in the southern sector of the El Alamein line, 75 miles west of Alexandria, had been expected and the German armor was shelled heavily by artillery and bombed from the air as it pushed ahead.

Rommel's 20th light infantry north of the impassable salt marshes tried to push ahead simultaneously but became tangled in a minefield and was shelled heavily by British artillery. Then Allied forces attacked. That was a signal for action along the 30-mile front extending from the depression to the Mediterranean.

## U. S. Government Works To Prevent Strikes In Nation

(By Associated Press)

Strikes or threats of strikes involving steelworkers, truck drivers, air plane plant employees, timbermen, and makers of paper boxes for packing shells were reported over the nation today as government agencies work to prevent any such interference with the war effort.

In Pennsylvania more than 600 drivers of trucks which deliver coal to some 2,500 bituminous coke ovens at the Connellsville coke region struck in sympathy with 5,000 timbermen. The timbermen walked out Friday demanding a 10-cent increase in their 80-cent-an-hour pay.

Thomas P. McTigue, regional director of the construction workers of America, told the truckers to stay away from their jobs to enforce their demands and forecast that in "four days you will paralyze the whole coke situation."

Meanwhile cranesmen employed at the Farrell, Pa., works of the Carnegie-Illinois Steel Corporation were idle, contending the management had ignored a long list of grievances, including a demand for a 10-cent increase in hourly pay now ranging from 91 to 96 cents an hour.

At Kansas City four companies supply the Lake City Remington arms ordnance plant with paper boxes for packing shells were tied up by a strike by AFL union members. The union business of 10 cents an hour since April and that employers offered 2-1/2 cents.

## First Disorders Occur Today In Belfast, Ireland

BELFAST, Northern Ireland, Sept. 2. (AP)—The appearance of two United States soldiers in Belfast streets touched off the first disorders today after Thomas J. Williams, 18-year-old member of the Gaelic League, was severely wounded in a heavily guarded jail for killing a policeman. When police sought to disperse the crowd, gunfire shouting at the wounded man's funeral today.

Two hundred rioters there were to other outbreaks. Two demonstrators were arrested and sentenced to three months' imprisonment.

## 62 Are Named To C. Of C. Board Of Directors

### 16 Are Appointed And 46 Elected, With 34 From Sanford

Forty-six prominent men were elected and 16 were appointed to the Board of Directors of the Chamber of Commerce, Edward Higgins, secretary, announced today, following the counting of ballots yesterday afternoon by the Election Committee.

C. E. Adams, chairman of the election group, reported the election of 34 representatives to the Board from Sanford, and three each from Longwood, Geneva, Slavia and Ocoee, to President W. A. Leffer of the Chamber of Commerce. President Leffer appointed a delegate or delegates to the Board from Altamonte Springs, Chuluota, Casselberry, Goldenrod, Lake Mary, Lake Monroe, Palmdale and Oviedo. Out of 321 Chamber of Commerce members, 248 cast ballots.

Mr. Higgins stated an organization meeting of the directors will be held at 8 o'clock for the purpose of electing officers for 1942. A president, vice president and treasurer will be selected.

The directors who were elected follow: SANFORD, W. A. Leffer, E. F. Housholder, J. L. Ingley, H. B. Pope, O. P. Herndon, H. James Ott, R. H. Wight, Charles Merriam, Rolland L. Dean, T. Bradford Byrd, W. V. Bittling, G. D. Workman, W. A. Patrick, Forrest Gatchel, G. E. Rollins, G. D. Bishop, Lee R. Lecher, W. E. Collins, F. K. Oyster, B. L. Perkins, R. G. Brisson, Fred T. Williams, Geo. A. Speer, Jr., L. F. Boyle, Roy Haller, Ned Smith, W. M. Haynes, L. T. Doss, T. W. Lawton, Randall Chase, A. E. Yowell, R. A. Newman, R. E. Kipp and W. C. Hill.

LONGWOOD: J. A. Battine, M. R. Blankenship, George H. Bridge, DENVER: W. G. Hill, W. L. Sire, R. N. Strevell, SLAVIA: Andrew Duda, Jr., Paul Miller, Martin Stanke, ONCEOLA: H. D. Haldeman, M. J. E. Hoban, J. A. Redpath.

Those appointed were: ALTA-MONTE SPRINGS: C. E. Bradshaw, H. E. Fuller, CHULUOTA: S. F. Long, James Wilson (AS-Casselberry), GOLDENROD: B. C. Dodd, LAKE MARY: Frank Evans, C. W. Isbill, R. E. Trus, LAKE MONROE: L. B. Mann, PAOLA: H. F. McWhorter, OVIEDO: H. F. Wheeler, P. W. Talbot, C. E. Clement, H. A. Ward, J. E. Partin.

## City Softballers Take Rubber Tilt From Base, 11-4

Taking advantage of errors and bases on balls, the Sanford Independent softball team hit for victory for 11 runs and an 11 to 4 victory, the second out of three starts, against the Navy Base all-stars last night at the lake front diamond.

Epps, on the hill for the town team, scattered four hits over as many innings, shutting out the Base team until the fifth, when the all-stars dented the plate with two runs. However, in the last of the fifth, the Independent added three markers to the four scored earlier, and in the sixth virtually ended the engagement with a cluster of four.

Lucky Hodson was the losing hurler. Danny Altman led the stars but with two blurs, one a double, Rummy smashed a triple. For the town club, Evans, who included a triple in his collection, and Colbert, who doubled, Wheeler, P. W. Talbot, C. E. Fretti matched Evans' triple.

There are 100,000 model railroad hobbyists in the country, of railroad track.

## Pilot Club Sells War Bonds, Stamps

A patriotically decorated booth stands in the Yowell Co. where members of the local Pilot Interiors Club are conducting the sale of War Stamps and Bonds.

Up to 9:00 P. M. today, the woman's club had sold two hundred and a total of \$13.50 in stamps.

## Two Chinese Columns Are Near Kinhua

### Gen. Joseph Stilwell In India Warns Of Possible Japanese Blow At Siberia

(By Associated Press)

Two columns of the Chinese army which swept from Kinshui Province into the coastal province of Chekiang were approaching Kinhua last night from the west and south, front line dispatches said. The city is the site of one of the last Japanese-held air bases in Chekiang.

The column in the west was reported to be only nine miles away, while the southern column said to have proceeded six towns in a 30-mile sweep above the coast of Sungyang and Tshui was 12 miles distant.

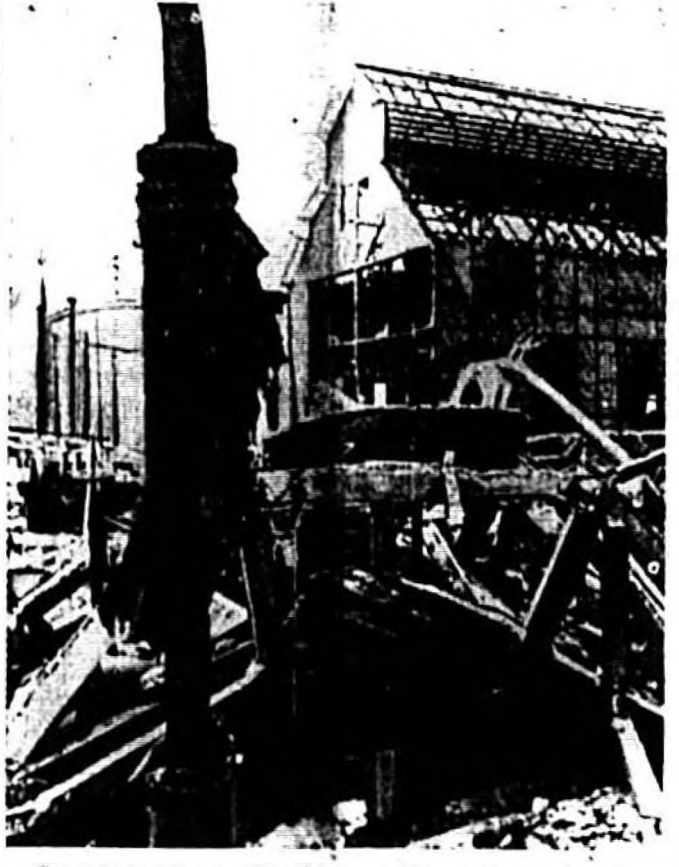

The high command announced that Japanese reinforcements had been routed after an ambush as they moved up a branch rail line between Kinhua and Lanchow.

The Japanese have held Kinhua since May 28.

An army spokesman said the Chinese had also advanced closer to Nanchang, main Japanese base in Kiangsi in the western half of the town drive.

Gen. Joseph W. Stilwell, commander of United States forces in the Far East, asserted yesterday that there was a good chance the Japanese will attack Siberia and warned that the United States is certainly assisting American military interests.

## Marseilles' Gas Works in Ruins

This picture, which comes from German news agency, shows the ruins of the gas works in Marseilles, France, after the Allied bombing of May 27, 1942.

## Stalingrad Faces New And Grave Threat As Nazis Gain In South

## \$1,100 Is Pledged Seminole County In Bond Rally Needs Volunteer At Local Theater Air Observers

### Housholder Speaks; Names Of Many Men, \$58,000 Is County Quota This Month, Women Spotters In Area Are Revealed

(By Associated Press)

Sanford, Sept. 2. (AP)—Hear Admiral Woodard predicted Tuesday that Americans would fall into three groups: fighters, producers, and children. The aged and young are "absolutely essential" to maintain homes and national situations.

There will be no other chief of the Navy's industrial incentive program told the forty-third yearling of the Veterans of Foreign Wars. And the final test for any individual in any group will be the answer to the question: are you making your utmost effort for American victory?

"The outcome of the war will depend on our answer."

At present, Admiral Woodard said, there are two classes of men who know the full meaning of the words "sacrifice" and "duty." These men are the men who have been brought to realize that they are actually living the tremendous responsibility which was placed on every person who would call himself an American.

"Those who fail to realize that unwillingness to sacrifice is the same as giving aid to the enemy," he said, "are disputing between themselves, instead of making war on the enemy who demand special benefits for particular groups who would mean or debate any creed or race for the false aggrandizement of another; and who selfishly engage in production stoppage or delay, whether prompted by management or labor."

He added that he did not believe "these portions are deliberately unpatriotic."

"I think the reason lies in an ignorance and a selfishness from our fighting men who return from the front invariably these men make such statements as 'I am shocked at the attitude of the people here in the United States. They don't realize the seriousness of this war.'"

## Geneva Band Will Play In Sanford Thursday Night

(By Associated Press)

Geneva Band will play in Sanford Thursday night.

## WPA Trucks Start Scrap Collection In Outlying Area

Collection of scrap from WPA trucks was started this morning, and a thorough collection of the county for metal will be undertaken for the next few weeks, according to C. R. Dawson, chairman of the drive, who again renewed his plea that anyone having scrap to either sell or donate, either mail in the scrap quota cards set to them last week, or call 470.

At the start of the present drive for scrap, Chairman C. R. Dawson announced that anyone from a pin to a locomotive would be acceptable. "The pin," says Mr. Dawson, "has just arrived together with a message from the donor, none other than Herb Green of Muscle, Ind., standing six foot, six inches in height. Herb is famed as being the tallest 'ham' radio operator in the United States. In enclosing the pin, Herb wrote that if Mr. Dawson wanted the locomotive, he would have to come and get it."

County Tax Assessor Sanford Dodson came an assortment of small metal articles salvaged from the ashes of his former garage. Included is an old-fashioned cyclone light generator, used for auto lighting prior to introduction of electric headlights.

## 36 Employees Of Government Have Been Discharged

WASHINGTON, Sept. 2. (AP)—Declaring the broadside of allegations of disloyalty in the government had not been proved, Attorney General Biddle today reported in Congress 36 Federal employees were discharged and 13 otherwise disciplined after an investigation of 4,879 complaints charging subversive affiliations.

He said the large proportion of complaints clearly is unfounded, adding this is "compulsively true of the list submitted by Congressman Dies."

## Convicted Spy Gets 30-Year Sentence

NEWARK, N. J., Sept. 2. (AP)—Herbert E. Ehrh, convicted of conspiracy to serve Germany as a spy, received a 30-year prison sentence today. The court could have meted the death penalty.

## 23 Gridders Take Part In Second Celery Fed Drill

Hugh Carlston, Theron Maden, both members of the 1941 Celery Fed football squad, George Farnes and several other gridiron aspirants, augmented the Seminole squad as Coach Leo and (Whitey) Melucas trotted the boys through exercises and pass line and kicking drills yesterday afternoon at the high school field in the second practice session of the year. All told, 23 men were on hand as compared with 16 on Monday.

Carlston and Maden were lineemen last year. Melucas, who is running the practices from 9 P. M. to 9:30 P. M., said this morning that equipment will be issued to the boys Friday, and next Tuesday, the squad ought to be in condition to try a little rougher work, including blocking and tackling, the two main fundamentals of the grid game.

Several men are expected out later, including five lettermen. A number of the boys have jobs which they will not relinquish until the start of school or Sept. 14. The Feds have their first encounter Sept. 25 with Eustis here.

## Sheep, Hogs, Cattle Rushed To Market

THURSDAY, Sept. 2. (AP)—The rush to beat the threatened livestock ceiling, which nearly closed many meat producing animals to the major markets in the first two days of this week as in the corresponding period last year.

The operation over 104 animals to 87 percent for all animals, with sheep up 140 percent, hogs 98 percent and cattle 66 percent.

## Wendell Willkie Arrives In Cairo

CAIRO, Egypt, Sept. 2. (AP)—Wendell Willkie, en route to Russia, India, China and other lands, arrived here by plane today on his mission from President Roosevelt to tell these countries the truth about the American war effort and unity.

## WEATHER

FLORIDA—Continued normal temperatures with showers of thunderstorms in a few scattered places this afternoon and possibly near the extreme south coast tonight.

## LUCKY RIGGS

BROOKLYN, Sept. 2. (AP)—Low Riggs, of the Dodgers, isn't playing regularly, but that isn't worrying the utility third baseman a bit. He's looking forward to his fourth World Series. Riggs has been in two with Cincinnati and one with Brooklyn. As a member of the Columbus club, he participated in two Little World Series.

WEDNESDAY, SEPT. 2, 1942.

BIBLE VERSE FOR TODAY

GET WITHIN THE AREA OF GOD'S RENEWING AND CREATIVE SPIRIT. WE MAY WORK WITH HIM: Thou sendest forth Thy Spirit, they are created, and Thou renewest the face of the earth.—Psalms 104:30

The Temporaries (From Poetry)

In the mountains the houses neither of age nor die... The paint, the wood, are neither new nor old...

As I came around the corner of one such... Suddenly that was where there is no time...

Now they are planning to ration meat. Another raw job for the rationing board.

This cool and misty weather we have been having lately undoubtedly has been due at least in part to the Texas hurricane.

Study Vallee has joined the Coast Guard as a band leader. If they'll let him have his way, he'll crown those Japs to death.

Of course the doctors who packed up and went off to war deserve a lot of credit, but the doctors who stayed behind and took care of the home folks are worthy of some praise.

The United States and her Allies have lost nearly five hundred ships since the Pearl Harbor disaster and it is ships that are needed more than anything else in launching a second front and beginning the end of the war.

Until the submarine menace is better controlled, we can hardly begin to fight.

Hart Peterson reveals that Seminole County fire quotas will be two new fires and eight rats a week. A year ago nobody would have thought that Seminole County people could, or would if they could, get along on that many a day, much less a week.

But we have learned in the last twelve months that we can manage without lots of things we used to regard as essential.

The nation's motion picture theaters are launching a brand new drive to help sell War bonds and stamps. The movies, daily reaching more people than any other medium except newspapers and the radio, will raise a billion dollars during the month of September. A billion dollars to buy bombers, and ships and tanks and guns to protect this nation and the nations fighting on our side.

The United States should not worry about nations with Vichy France making it hard to clear out North Africa and regain control of the Mediterranean area. Not much can be done in this direction as long as the French continue to let the Germans rear their fangs in Libya by troop and supply movements through Tunisia and to hamper American operations by air and submarine attacks from Dakar. The time has come to take the gloves off and let the French don't take it any longer.

Remember, war is not a game. It is a struggle for the survival of the fittest. It is a struggle for the survival of the fittest. It is a struggle for the survival of the fittest.

Developing Leaders

As the question of drafting 18 year old youths comes to a head, the importance of selecting the most promising high school graduates and assuring them a college education also comes to the fore. The War Manpower Commission is now studying a proposal of President Conant of Harvard that the government subsidize certain college students who have the brains but lack the funds to continue their studies.

"Aside from the 'democratizing' feature of the plan and the help it would be to the colleges anticipating a 30 percent drop in enrollment this fall, why should there be any hesitation over \$10,000,000 or so that will be a direct contribution to the winning of the war?", asks the Christian Science Monitor.

"During World War One, the Government created the Students' Army Training Corps and Students' Navy Training Corps which enrolled some 185,000 students in the fall of 1918. The students were given pay and service uniforms. They drilled daily on the college campuses. Since this is a different type war, the proposed plan is different, and in the opinion of many educators, more practical.

"The contemplated program will affect 1,800 colleges and universities with an enrollment of 600,000 men. The students will take subjects leading to specialized military fields; the subjects will count toward graduation. There are many thousands of mentally superior high school graduates of 18 and 19 who cannot get more education without Federal assistance. Many of them are potentially valuable leaders."

10 Rules For Highway Safety

Because more than 90 percent of the judgments and actions of automobile drivers are guided by their eyes, the Better Vision Institute has set down the following 10 rules for highway safety:

- 1. Keep the windshield clean. A dirty windshield will cut down vision 50 percent, or more.
2. Keep your eyes on the road. A car traveling 40 miles an hour goes nearly 60 feet in a second.
3. Wear glasses if necessary. If your eyes were good 20 years ago when you first took out a driver's license, don't take it for granted that they are as sharp as ever.
4. If you have driven a long distance and are tired, don't take a drink of alcoholic liquor to "brace you up" to finish the trip.
5. Don't drive fast at night after leaving a brightly lighted room.
6. Dim your headlights at night when passing another car.
7. If you have eyes that see well only at 30 miles an hour, don't drive at 50 miles an hour.
8. There are more accidents during twilight than other periods of the day.
9. Know your own eyesight limitations.
10. If you are blinded by headlights in night driving, don't wear sunglasses to cut down the glare.

Matter of Opinion

Always strictly impartial, Gen. Robert E. Lee once announced his intention of recommending a certain officer for promotion. A subordinate who was present protested strongly. "That man," he said, "has spoken disparagingly of you, sir, I have heard him." The general nodded. "Yes, I know," he replied. "Yet the question is not what he thinks of me, but of what I think of him."

Nothing But the Truth

"Dad, what is an American communique writer?" "He is a military man, son, who believes in telling nothing but the truth and as little of that as possible."—Pathfinder.

TOO LATE TO CLASSIFY

By RUSSELL KAY

Courageous, aggressive, hot-headed Tom Watson punched his way into newspaper headlines again last week when he used his fists to impress upon a Yankee lawyer representing the National Labor Relations Board, the fact that in the "deep south" some folks still resent being called "Japs." While some folks may deplore the affair and point out that such action should be beneath the dignity of an attorney General, I find that the average run-of-the-mill man on the street glories in Tom's spunk and they only regret that he was prevented from finishing the prize-worthy job he'd set out to accomplish. Millions of Americans today are fed up with the Administration's maintaining a recruiting service in support of un-American labor activities and consistently supporting in the proposition that "the right of a free born American citizen to work is vested in his ability to procure and hold a working permit from a labor czar."

THAT EXTRA SOMETHING!

...You can spot it every time

ON the campus or off, Coca-Cola has that extra something that rates with youth. That's why Coca-Cola—a long-established product—belongs to the younger set year after year.

Choice, special ingredients and special care in its making, give Coca-Cola a special refreshing taste and quality.

This unique taste comes from a finished art in its making, unknown to others... a blend of flavor-essences merging the ingredients of Coca-Cola into a taste all its own.

And it leaves that unmistakable after-sense of refreshment that everybody recognizes... and welcomes.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke, Cola-Cola and Coka mean the same thing... the real thing... a single thing coming from a single source, and well known to the community.

Until 1909 there were to different standard times in use in the United States.

Lake Mary To Have Labor Day Dance

The Lake Mary Chamber of Commerce will sponsor a dance to raise funds for the county's Red Cross and Follow Up Committee at the Lake Mary Community House Labor Day beginning at 9:00 P. M.

WASHINGTON

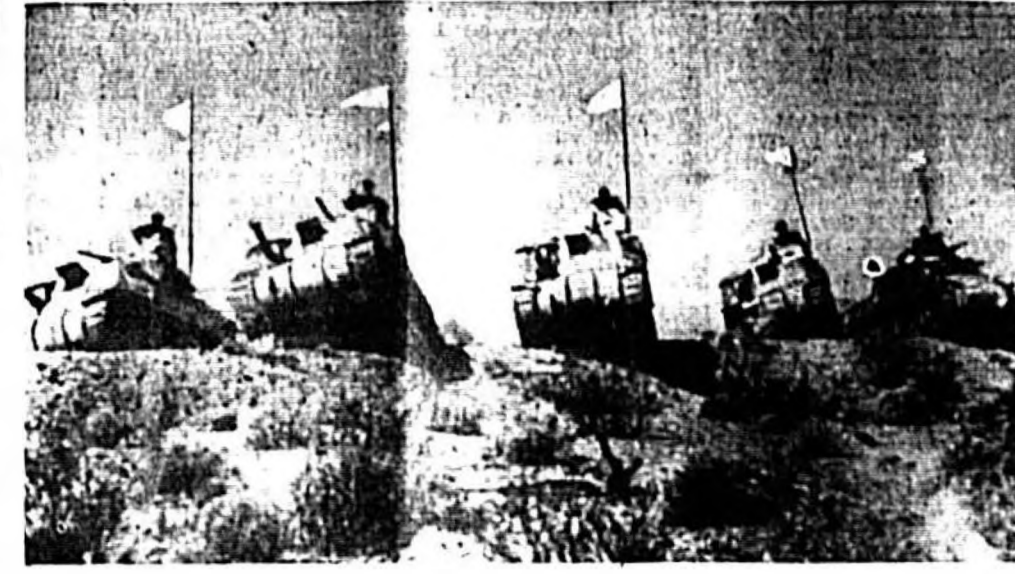

WASHINGTON, Sept. 2, (AP)—You've been told that the nation's capital is practically popping at the seams with the influx of federal workers, but it remained for reality to go to the streets and tell the truth in real life fashion and just what the overcrowding and inconvenience is doing to people's nerves here.
This is the day in the life of Felix Finkel, a local bus driver. Felix is one of those earliest hit by the crowds here. They take out their bad temper at scalding packed transportation on the bus jockey. But let him tell the story himself.
"The day started when I saw a man sneak on the bus through the automatic back doors when another passenger got off. I tried to make him pay up, but he pulled out a knife and threatened to cut my throat and got off.
"I made one round trip on my run. On my next out trip, the foot throttle broke. When a breakdown happens, we are instructed to put the passengers on the next bus, have that driver take care of the crippled bus, and carry through. Well, it happened that the next bus was one that follows a slightly different route, so I had to double back and forth between both routes. Some folks were late getting home, and they made some cracks. I was getting pretty fed up.
"Later that evening I got caught in a blackout with a packed bus. We're supposed to stop and put the passengers off, but we happened to be in a tight neighborhood and I told them they could stay on the bus if they wanted to. They had then a man—who turned out to be a cop—knocked on the door and wanted to know the score.
"I made him identify himself and he ordered all the passengers out and into a drugstore. After the blackout we went on our way.
"Then I got a theater crowd at one stop. They are practically standing on each other's heads. They were crowded so far front I couldn't see out. I told 'em they'd have to move back so I could see. They didn't move, and just began popping off.
"I told them they'd have to move before we could go on, and that I could sit there all night. They said they would, too. So we sat there for 15 minutes block-by-block.
"Well, I can't say I blame the messengers. They wanted to get home, and I did. After some more arguing, I decided I was going to get home anyway. I told the bus driver we could go without me.
"I gave my change carrier and told the passengers another word would be along, maybe, and left.
"Ever since the story is that the bus company announced that the messengers will be temporarily suspended. But the folks who get stuck in the messengers are in various Washington spots.
"I am through, Finkel says.

Daughters Of Wesley Have Regular Meet

Mrs. W. A. McMullen, Mrs. H. McCall, Mrs. J. O. Laney, Mrs. Fred P. Birrane, Mrs. L. Sullivan and Mrs. W. L. Laney, who are the members of the Daughters of Wesley Class of the First Methodist Church, met at their regular business and social meeting in the church annex last evening.
Mrs. Ernest Southward, accompanied by Mrs. L. S. Hartley, sang a group of three selections, and Mrs. Harvey played a few piano selections.
Mrs. Chester Daniels, class president, following the devotion by Mrs. Glenn E. McKay, presided over the meeting which included routine business.
The following members were present: Mrs. H. A. Stranahan, Mrs. E. Cole, Mrs. J. E. Coover, Mrs. I. M. Terry, Mrs. Cleaver Smith, Mrs. H. Laney, Mrs. J. P. Thurmond, Mrs. W. L. Morgan, Mrs. M. I. Wright, Mrs. Fred E. Williams, Mrs. Roy Tills, Mrs. J. M. Smith, Mrs. E. B. Rafferty, Mrs. McMullen, Mrs. McCall, Mrs. J. O. Laney, Mrs. Stranahan, Mrs. Sullivan, Mrs. Daniels, Mrs. McKay, Mrs. Helen Clark and Mrs. Joe Telle, visitors at the meeting.

Pupils Are Urged To Take 'Hard Subjects'

TALLAHASSEE, Sept. 2, (Special)—Florida's high school pupils were urged today to face the future by selecting "those so-called hard subjects which make good soldiers and skilled workers—mathematics and physical science."
This "call to the colors" on the part of pupils is made, by 60 high school teachers and principals who spent the month of August at the University of Florida studying ways of making mathematics and physics of greater value in the war effort. Most of them have been studying theory of flight, the weather and air navigation.
This group of teachers, along with other doing similar work at other colleges, was commended today by State Superintendent English for their active assistance in adjusting the public schools to war needs.
Seminole County schools were represented in this wartime program at the University of Florida by Glenn E. McKay, Seminole High School and Walter A. Tague, Orinda, who were members of a committee which produced a manual entitled Warlike Course in Physics.
VICHY DENIES REPORTS
VICHY, Sept. 2, (AP)—The French Government issued a statement last night shortly after Marshal Pétain conferred with Gov. Gen. Pierre Bolstein of Gibraltar, denying reports that Germany had demanded bases in French West Africa.

Uncle Sam is now training his forces in the art of desert warfare in real surroundings somewhere in California. A tank detachment is shown pulling up from a ditch during maneuvers. The way the tanks take holes and traps prepared for them, is to prove nothing can stop these American steel monsters. (Central Press)

Three Are Sentenced For Assisting Enemy

Three men were sentenced today for assisting the enemy during the war. The sentences were handed down by a military court.

Miss Catherine Clark, Betty King, and Bobby King returned Saturday from a vacation in Georgia and North Carolina. While away, Mr. Scott attended to business duties in connection with the peach industry.

Dean Says Colleges Must Help Win War

WILLIAMSBURG, Va. Sept. 2, (AP)—Dr. John E. Pomfret, 41-year-old Vanderbilt educator who is to become president of Williamsburg College Sept. 15, arrived yesterday with the stated idea that it's definitely up to the college to help win the war.
"I'm going to look things over for a while," he said. "As far as policy is concerned, my idea is that for the duration policy will be dictated by the government. That will be true of every college, not just of William and Mary."

REARER RATINGS

JACKSONVILLE, Sept. 2, (AP)—The reopening of all ratings for enlistment in the Seabee navy construction battalions, was announced here Tuesday by Lieut. T. J. Needham, Jr., officer-in-charge for Florida Navy recruiting.

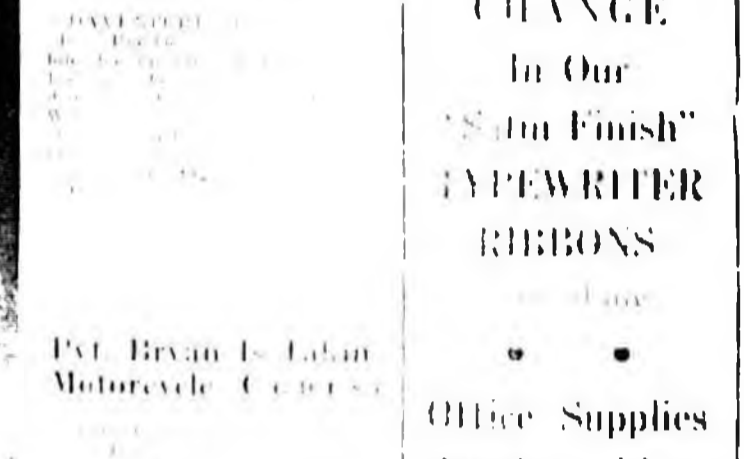

Seminole County Needs Volunteer Air Observers

The county administration and main transportation route taken by the county is the Florida Turnpike. After the turnpike is completed, it is expected to grade and receive.

Volunteer Air Observers are needed for the county. The county administration is seeking individuals who are interested in aviation and who can provide valuable information on air traffic and other aerial activities.

### Cards Down Braves As Dodgers Win, Maintaining 3 1/2 Game Lead

ST. LOUIS, Sept. 2. (AP)—Mort Cooper pitched his 14th victory of the season last night as the rampant Cardinals trimmed the Boston Braves, 4 to 3, in a see-saw game which saw the Cards come from behind twice. The triumph shaved the Brooklyn Dodgers' lead to 3 1/2 games.

It was the first defeat for Al Javery, the Boston ace, in the last seven starts, and for a time it looked like he had the seventh successive decision stowed in his hip pocket. The Braves nipped Cooper for a run in the first on three singles, then grabbed another on the fourth on a hit and an error.

The Cards were getting hits, meantime, but couldn't count on all the fourth, when Cooper scratched a single and pushed two across.

The Braves took the lead again with one marker in the sixth on two singles and a long fly, but the Red Sox came back with one run in the seventh and another in the eighth, the winning run counting on a long fly after three singles.

Mort Cooper still played along with his pet superstition, wearing shirt 18 as he sought his 18th triumph, which gave the Cards 20 victories in the last 23 games. Enos Slaughter crept up on Pete Reiser of Brooklyn in the National League batting race with two hits, one a double, in three times at the plate.

PITTSBURGH, Sept. 2. (AP)—The Brooklyn Dodgers protected their grip on the National League yesterday by beating the Pittsburgh Pirates, 4 to 2, behind the five-hit hurling of Kirby Higbe and thus eliminated the Pirates, needs mathematically from the pennant race.

The triumph, Higbe's 14th, broke a long-standing jinx the Pirates have held over the Dodgers' right-hander, who never before had beaten them as a starting pitcher. In his six years in the National League Higbe had lost one time to Pittsburgh and his only previous victory came in a relief role last year.

Higbe went the route yesterday and fanned six men, but had two shaky innings, one of them in the fifth when the Pirates scored twice on a walk, singles by Elbie Fletcher and Vince DiMaggio, and a long fly by Babe Phelps.

Pittsburgh was unable to capitalize on its best chance, however, when it loaded the bases with none out in the seventh.

### Ted Williams Is Headed For Batting Triple

By DILLON GRAHAM  
NEW YORK, Sept. 1. (AP)—Baseball's greatest offensive prize—the batting triple—seems headed this year for Ted Williams of the Boston Red Sox, perhaps the game's most remarkable youngster.

Unless he stumbles somewhere along the short stretch that remains of this campaign, Ted appears fairly certain to lead the American League in home runs, batted in and batting average. He's out front in each of these departments now with little more than five weeks to go.

Williams has a big edge on Joe DiMaggio in runs batted in, an apparently safe margin over Joe Gordon in batting average and a thinner advantage over Chet Laabs and Charley Keller in homers.

Only four players, two in each major league have ever won the triple since the three-way competition began in 1920, when Ted led in only 23 and this is his fourth semester in the big time. Babe Ruth won two of the

three crowns five times. Bob Meusel, Simmons, Greenberg (twice), Paul Waner, Jim Bottomley, Mel Ott, Wally Berger, Dolph Camnitz, Nedwick and Johnny Mize (twice) won two but couldn't snag the third.

Ted's has been a spectacular career. He was the only freshman ever to lead in runs batted in.

A year ago, in his third season, Williams became the youngest player and the first American League since 1923 to hit better than 400. Furthermore, he topped the home run as well as the batting average championship. And Ted was only five runs behind DiMaggio, the winner, in RBI.

This may well be his last year for he's due for military service soon and there may be no career for him after the war. Of modern-day players, no one except Joe DiMaggio can boast of a better all-round offensive record during his first four years. Pete Reiser of Brooklyn won the batting crown as a freshman and seems likely to repeat, but Pete isn't in Ted's class as a home run hitter or a run producer.

OH, MEN  
TULSA, Okla., Sept. 2. (AP)—Roger Devlin, columnist for the Tulsa Tribune, invited girls to criticize male habits and attitudes. Here's what they said they didn't like:

Men in bathing suits "When they look like so many men look in bathing suits."

Shirt tails outside trousers; sloppy socks.

Men mowing lawns in nothing but shorts.

PASS THE AIR  
ROYAL, Neb., Sept. 2. (AP)—Ole Johnson, who works in the ice house, saw a dark object in a cake of ice. Closer observation disclosed it was a frog. Johnson put the cake of ice in the sun. Soon there was a pool of water and the frog in the middle. The frog stretched one leg, then another, drew in a breath of air and snatched at a fly.

35 Gridders Are Present As Lieb Starts Practice

GAINESVILLE, Sept. 2. (AP)—The Gator grid machine began to roll yesterday as Coach Tom Lieb and Bob Pittman put the University of Florida hopefuls through two short but spirited workouts.

The squad of 35 seemed in top physical shape and with the addition of 10 late arrivals Lieb indicated he expects to start the season with a lively team.

The Gators meet the Jacksonville Naval Air Station in that city, Sept. 19 in the opener.

The practice sessions yesterday consisted of limbering up drills, stressing passing, punting and charging exercises.

Veterans sporting were Ends Joe Graham, Al Greve, Hughman Williams, Louis Wollinger, Sol Hawkins and Harry Platt. Tackles Hodge McEown, Theo Chave, Bob Henry and Hug Miller. Guards Charles Fields, Bill Rabert, Walter McRae, Ed Kelly and Gilbert Wilson. Centers Frank Daoulla and Eugene Lee. Backs Percy Enteninger, Eddie Haisenberg, George Katschard, Hal M. M. Smit, Hobbs Gilbert, Tommy Horsey, Eudore Mitchell, Francis Salvatore, Bill Corey and O'Neal Hill.

## British Armies Lash Out At Axis Forces In Desert Campaign

### U.S. And RAF Planes Sweep Battle Area In Record-Breaking Assault On Rommel

WITH UNITED STATES FORCES NEAR CAIRO, Sept. 3, (AP) Wendell Wilkie told American troops today, "I just want to say I'm damned glad to see you. God bless you and give 'em hell. He is in his mission to tell other countries of America's war effort."

LEOPOLDVILLE, Belgium, Sept. 3, (AP)—American Army technical forces arrived at this Belgian Congo capital today and started building a large supply base. Roosevelt, apparently in preparation for further troop arrivals.

Britain's desert armies lashed out today at Axis forces massed in the southern sector, 36 miles from the Alamein front, and 80 miles west of Alexandria, counter-attacking Rommel's new four-day offensive.

Rommel's mechanized armies were subjected to a record-breaking bombardment yesterday, with American and RAF planes sweeping the battle area from dawn till nightfall. With still no sign of a breakthrough, the Axis forces met stiffer opposition than expected and his hopes of a lightning drive to the Nile river basin were dashed.

As the desert artillery kept up steady shelling of the southern and central parts of the front and Allied planes shelled on bomb missions over the battle field, Lt. Gen. B. I. Montgomery, field commander, said:

"No place and in no part of the eighth army area have the enemy penetrated our organized defenses."

Planes were carrying a heavy share of the fighting, both on the principal battle field and the auxiliary field, supporting the Axis troops at the front.

Heavy bombers of the U. S. air force attacked shipping in the eastern Mediterranean Tuesday, hitting one vessel and almost hitting four others in convoy; and hitting four ships and possibly a fifth in a raid on Candia, Crete, a line in the Axis supply chain.

## \$150,000 Jewel Robbery Solved By Federal Men

MIAMI, Sept. 3, (AP)—The Federal Bureau of Investigation Wednesday claimed the arrest of four men yesterday and today in your eastern cities had resulted in complete solution of the \$150,000 jewel robbery and diamond stunts from St. Petersburg store last Mar. 18.

One of those arrested yesterday was Joseph Ramon, FBI agent in charge, who named the other three accused as Morgan Thomas, Atlanta City, N. Y. attorney; Lou Bern of Atlantic City, a former business partner of Ramon; and Maurice Schiffman, New York City attorney.

The FBI said the loot was taken from the safe of St. Petersburg jewelry business partner of Ramon, and the safe had been taken by a burglar who watched the jewelry store last night.

The case was handled by a burglary squad, which was alerted to the case by a tip from a confidential source, and the case by continuing the search for the loot.

The search was completed within a week, and the case was solved by a tip from a confidential source.

## Sanford Residents Are Asked To List All Rental Properties

### War Production Pools In State Are Qualified

### Orange County Manufacturers Unit Is Included In Group

ATLANTA, Sept. 3, (AP)—T. E. Falvey, regional WPB pooling chief said yesterday that 21 war production pools, formed by Southeastern manufacturers who were not equipped to produce war goods independently, have been qualified for war contracts.

He predicted the pools would materially enlarge the South's contribution to the war effort. A list of the pools is being prepared by the Attorney General's office, which tests their legality under anti-trust laws, and clearance by the War Production Board, Falvey reported.

He said the new pools, through which the manufacturers have combined their resources of equipment, factory space, managerial talent and labor skills, will produce war supplies involving the use of textiles, metals, wood, work and plastics.

Of the pools were qualified last month, the highest total of approvals for any month since the Southeast's first pool—the Orange County Manufacturers' Defense Pool—was certified in February.

Other approved included: Florida West Coast Boat Builders Association, Hillsborough County Manufacturers' Defense Pool, Inc., and Sparrowhawk Defense Association of Tampa, Fla. Manatee County Manufacturers' Defense Pool, Inc. of Bradenton, Fla. Palm Beach County Manufacturers' Defense Pool, Inc. of Palm Beach, Fla.; St. Petersburg, Fla. Defense Production Manufacturers' Association and the St. Petersburg Industrial Association, Inc.; Jacksonville, Fla., and the Tri-County Manufacturers' Defense Pool of Fort Pierce, Fla.

## Rank Of Captain Is Awarded To Frank Miller

First Lieut. Frank L. Miller, Jr., son of City Judge Frank L. Miller and brother of Mrs. James P. Miller, has been promoted to the rank of captain, it was reported here today.

Capt. Miller is stationed at Camp Croft, Spartanburg, S. C., and is attached to the 2nd Infantry Division. A graduate of Seminole High School, Capt. Miller had four years of military training in the ROTC at Gainesville, Fla., studying at the University of Florida in 1933.

Being a reserve ROTC officer when he entered the Army Mar. 26, he joined with a first lieutenant's rank. He was contracted with the Commercial Credit Company in Tallahassee where he entered the service.

## 32 Are Arrested For Draft Evasion

NEW YORK, Sept. 3, (AP)—The Federal Bureau of Investigation announced Wednesday the arrest of 32 men on charges of selective service law violation in the first big-scale move to clean up numerous draft law delinquencies reported in the city.

The raids were conducted in Manhattan and Brooklyn last night. Two more were reported today, and the FBI said it would continue to make arrests.

Maximum penalty on conviction is five years imprisonment and a fine of \$5,000. The FBI said it would continue to make arrests.

The FBI said it would continue to make arrests.

## British Army Is Training For Invasion

LONDON, Sept. 3, (AP)—British army training and other preparations all are directed toward operations on a continental scale in the west, a review of the island forces' part in the third year of the war was said today.

The assurance that the whole resources of the United States in manpower and material will be brought into the struggle against the Axis, and the mobilization of equipment and training of American Army formations, enabled the Allies to concentrate a greater striking power in the British Isles than at any other period of the war, the review added.

The third year of war was marked by a steady transition from defensive to offensive preparation for the home forces, the review stated.

The organization of equipment and training of British land forces have been conditioned by the need for a conventional war, the review added.

The review stated that the British army, which would be the main force in the invasion of the continent, has increased its mobility and speed by the addition of "landing" supplies of armored fighting vehicles, and of all-terrain and mechanical transport.

The organization trend has been to increase the self-sufficiency of all units, to increase the mobility and speed of the units, and to increase the self-sufficiency of all units.

## Yonnally Tops Gun Club Shoot; Williams Second

Roy Williams, Sanford chief of police, who was honored at a dinner at the Valdes Hotel last night for his fine shooting in the recent West Coast League pistol match, finished second in the Seminole Gun Club's Wednesday afternoon shoot at the lake front range, Capt. Franklyn H. Yonnally said today.

Williams made 97 out of 100 in the slow and rapid fire, and 89 in the timed firing for a total of 293. A. J. Yonnally, shooting 98 slow, 100 timed, and 89 rapid, led with a 287.

Williams recently won four out of a possible five medals in the Class D rating in the recent league shoot, copying first place honors. The medals were given him at the dinner, which was headed by Mr. Goode Yonnally, Jim Allenby and H. Williams also received awards.

Mr. Goode, who has aided in the development of the Seminole marksmen, emphasized the results that can be obtained on the firing line by persistent practice.

Present at the banquet were W. C. Hill, Yonnally, Allenby, H. Williams, P. M. Dowling, William Williams, Charles Shafer, O. E. White, Leo Butner, James Ridge, R. E. Welch and Williams and Goode.

Other names in the shoot yesterday, in slow, timed and rapid order, follow: H. Williams, 97-98-99-101 total; Allenby, 92-96-92-280; Shafer, 92-96-95-278; H. Yonnally, 92-98-94-284; P. Dowling, 94-95-95-284; Lane, 79-95-95-269; Butner, 84-81-89-254.

Wynn, here on furlough, is a former Sanford resident now serving in the Navy. Dowling of White Park is a new member in the club.

## Actions To Be Filed Against Violators

WASHINGTON, Sept. 3, (AP)—OPA announced today it would file suits against 10 citizens in connection with the campaign against the war bonds and stamps. The suits were filed in the U. S. District Court in New York.

## Nazi Steamroller Smashes To "Very Approaches" Of Heavily Bombed Stalingrad

### Roosevelt at Dedication of New Naval Hospital

President Roosevelt today headed a band of 100,000 men in the dedication of the new naval hospital at the Naval Station, San Diego, Calif. The ceremony was presided over by the President, who was accompanied by Mrs. Roosevelt and a large group of officials and military leaders.

### Scrap Metal Will Be Collected At Local Navy Base

The local navy base is planning to collect scrap metal from the community. The program is part of a national drive to collect scrap metal for the war effort.

The league is being organized by a group of local businessmen and sports enthusiasts. The teams are expected to be formed soon.

## Jack Morrison Is Promoted To Rank Of Captain

Capt. Morrison has been promoted to the rank of captain. He has served in various capacities in the Navy during the war.

## Salon Barkley Is Not In Favor Of Drafting Youth's

Salon Barkley is not in favor of drafting youth. He believes that the current draft policy is too restrictive.

## 68 Vessels Are Built In U.S. Last Month

American shipyards delivered 68 new cargo vessels and large tankers in August, the Maritime Commission announced Wednesday.

The commission reported that the total tonnage of the vessels was 753,600 deadweight tons.

The commission also reported that the cost of the vessels was approximately \$100 million.

## Additional Tax Levy Is Sought

Treasury Secretary Henry Morgenthau asked the Senate Finance Committee today for legislation to levy an additional \$5,000,000,000 tax on individuals, over and above the \$6,871,000,000 tax bill passed by the House.

The commission also reported that the cost of the vessels was approximately \$100 million.

## Siege Guns Are Within Range Of Town City, Hitler Says; RAF Hits Rail Town

Continued shelling by assault today drove the Red armies back further upon the southern approaches to Stalingrad.

Russian headquarters acknowledged, and the Berlin radio said Nazi siege guns now are within range of the already bomb-torn Volga.

RAF planes hit a rail town near Stalingrad today, and the British said they had destroyed several trains.

The RAF said it had also destroyed several buildings and bridges in the area.
