The Passing Bogie

These days of intensified selling have sounded the death-knell of many time-honored bogies, Perhaps the latest one to-go is the conviction that in order to sell a man something we have to sit before him and look him in the eye.

The astute merchandiser has found that a talk with his out-of-town prospect by long distance telephone is just as productively personaland is much less expensive.

The sales executive of any class of business would do well to request us to furnish data on what others in his line are accomplishing by long distance telephone. And at the same time we will be glad to assign a trained representative to help him plan a telephone campaign. A note or call to our Commercial Department will bring information that other executives re-

> The Herald has been thinking what a fine thing it would be for the various civic organizations to take upon themselves the responsibility of mustering a big vote on August 5. Let the various clubs go down in bodies to others, including the king, in an emregister and pay poll taxes. Then let them begin an educational campaign urging people to qualify for the election. Let the individual members of these clubs appoint themselves committees of one to ask their friends, their neighbors, their business associates, their employees or employers to pay their poll taxes and register on the city books.

Why not a collective slogan of "Let's Get Out And Vote."

How Are Your Teeth?

It is strange we do not always know what is best for us. Animals usually do; instinct tells them. But we poor human beings have to suffer along with nothing any better than our brains to tell us what to do. There is the mate and before the new year he will be ter of teeth, for instance. Dogs almost never suffer from flying through the celdest region abscesses or decayed teeth. Almost all people sooner or on earth. He is determined to be

But it is not necessary. If we ate the proper foods, He paints each picture on its own foods with plenty of lime in them, if we did not damage our teeth by pulling nails out of boards, or using them for monkey wrenches, and if we kept them properly cleaned, we would very likely have no trouble at all with them. be the poles. Oil wells that Stand-dent, The president has lately an-fair and open debate with the ofof. But if trouble should develop, if we would see a dentist in and Oil has located inside the Are- nounced that he thinks the gov- ficial on who independs the job the early stages, the trouble would never become serious.

But we will not do these things. We are people of great prejudices. In London county, England, dental work He grinds his paints in his own is provided for all school children free of charge. But the parents of the children do not care to take advantage of the opportunity. They are prejudiced against dentists. a Recently questionaires were mailed to the parents of school children asking them why they didn't send their children oil stocks, if you have any. Things is set in an opinion of his own in and holds to he opinions on mili-Keeps with his wife and neither to the dentists. Here are some of the reasons:

His father has had toothache all his life, so the the child will have to put up with it.

Other reasons given by parents include: Bad teeth run in the family.

He wont go and I can't make him. What was our feeth given us but to eat with,

and you want to draw them. I'll take her to a proper dentist when her teeth

Shock was so great in another child that it

brought on scarlet fever. Is the child mine or the London County

In all probability there are no parents in Sanford who feel quite so strongly about it. Doubtless they would be glad to have their children's teeth looked after if they could of the temple. Liberia has repaid to the United get it done for nothing. But it is also equally probable States its total war debt. Must that there are a great many children in Sanford, and adults not be many statesmen over there. too, whose teeth need attention and are not getting it because If you haven't registered and the importance of dentistry is not fully realized.

Poor teeth may be the cause of all your troubles. Bet- be corrupted. Christianity itself

FLORIDA'S GREAT SUMMERTIME TOWN

For many years people from all over United States and Canada have visited Daytona Beach—to play! It's fortunate location was long ago acknowledged to have endowed this East Coast city with the World's Finest All-Year Climate. Warm in Winter. Cool in Summer. Its Winter call is already world-wide. From the North. East and Mid-West, even the Pacific Coust, they come; for the climate, the Beach and for the great program of entertainment which includes the World's greatest musical organizations and individual artists; for the beauty of seventy miles of water front—ocean and river; for golf, fishing, bathing, motoring, riding, hunting, sailing, yachting. Its an ideal summertime town, too. People in Central Florida, Alabama, Georgia and the Carolinas know this and come by thousands. Its call is reaching you now. Will you come? thousands, Its call is reaching you now. Will you come?

Address 16 Chamber of Commerce for Schedule of reduced summer rates in hotels, apartments and on bus lines.

modern industry, it marks the re-alization of David Moffat, one of Colorado's pioneer empire builders, sand on seaste In the excavation of the tunnels,

750,000 cubic yards, or about three a billion pounds of rock, which is equivalent to 1,600 freight trains of forty carloads, have been removed. At either end of the tunnel small towns have been constructed, here, at East Portal and West Portal, have lived the 1,000 men who have been employed on the

Not caly will the Moffat tunnel cut off a large part of the A per cent grade on the D. and S. L. railroad, reducing the maximum grade from four to two percent, but it will also eliminate much roadbed curvature, and shorten the line by twenty-three miles world

It is believed that the tunnel will open up one of the richest areas of Colorado. The region which the tunnel will tap is rich in timber, coal, oil, live stock, agricultural and mineral resources. A further advantage will be gained with the construction of the Dotsero cut-off which would join the Denver and Salt Lake line with that of the Rio Grande Western cutting off 175 miles between Denver and Salt Lake City. This would also place Denver on a through Trancontin-

"Edenton Tea Party" Is Celebrated At Opening Of New Carolina Bridge

The elaborate ceremonies plan-ed here will mark the linking of Chowan Bridge

NOTICE OF STOCKHOLDERS MEETING

The annual Stockholders meeting of the Sanford-Oviedo Truck Growers, Inc., will be held at the Court House Tuesday Evening, August 2nd. 1927 at 8:00 o'clock. Election of officers and other business will be transacted at this time. A full attendance is desired. T. F. ADAMS

President

A. Cobb, Secty-Treas.

DANCING

Every Wednesday Night Lake Mary-Community House Music by Syncopators.

EDENTON, N. C., July 19—(IN S) —Layendar-and-old-lace Edenton, scene of the famous "Edenton Tea Party," is preparing for the most lavish celebration in its history.

The occasion is the formal opening on July 20 of the Chowan River Paridge, the longest span over fresh water along the Atlantic seaboard.

The opening.

The bridge across the Chowan is of plain design, built of reinforced concrete with an asphalt top. Long approaches have been constructed. Middleways across the structure is the drawbridge and the toll-keeping will begin shortly, according to an announcement by Mrs. W. D. Henderson, president of the alumnac council of the university. The bridge cost something like \$600,000.

The idea of a span across the mace council of the university. The idea of a span across the bepresent. A squadron of seaping to the Coast Guard cutter Pamilico will be sent here for the opening.

The elaborate ceremonies planned here will mark the linking of North Carolina's "Lost Colonies," rich in lore and a veritable sportsman's paradise, with the remainder of the State.

Big Crowds Expected
The mile and one half structure across the choppy Chowan, under construction for the most part of a year, will be completed in time for the celebration on July 20, it

the opening.

Chowan Bridge
Congressman Lindsay Warren, of North Carolina, State Highway Commissioner Frank Page, and state officials also expect to journey here for the day. Several addresses and a historical pageant will mark the ceremonies.

Overdoing?

Hurry, Worry and Overwork Bring Heavy Strain.

MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Re-tention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic back-aches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of Doan's Pills-a stimulant diuretic. Ask your neighbor!

PILLS

Now Comes the 60-Passenger Flying Boat

The huge all-metal Dornier "Super-Wal" flying boat, with capacity for 60 passengers, is pictured above. The plane was tested recently at Friedrichshafen, Germany. It is capable om maintaining a speed of 180 kilometers an hour and is equipped with two 500 -- horsepower Rolls Royce Condor motors in tandem. A plane similiar to this will be used by Captain F. T. Courney, British flyer, in his trans-Atlantic flight, scheduled for the near future.
