

# Commiss Fire Missiles Over DMZ; Saigon Troops Repulse Big Attack

By BERT W. OKULEY  
 SAIGON (UPI) — North Vietnamese anti-aircraft batteries have fired surface to air missiles across the Demilitarized Zone for the first time in the war, U.S. military spokesmen said today.

The 37-foot, radar controlled missiles were aimed at U.S. aircraft supporting the South Vietnamese drive into Laos to cut the Ho Chi Minh Trail. The incident involving two Navy AT Intruder jets and an Army OV-10 Bronco, took place Tuesday, the spokesman said.

None of the planes was damaged by the missiles which have a range of 30 miles, travel at 2,400 miles an hour, and can bring down an aircraft at 40,000 feet.

Although there have been reports of the North Vietnamese moving missile sites into

Laos, U.S. military spokesmen said the SAMs, which pilots call "flying telephone poles," were fired from inside North Vietnam.

In the continued fighting between the 30,000 North Vietnamese in Laos to try to cut the Ho Chi Minh Trail and the Communists, government paratroopers today turned back a heavy assault on one of their positions deep in Laos. They killed 88 North Vietnamese in 30 hours of bitter fighting, military sources said.

The action began early today about six miles south of Hill 30, an artillery base five miles north of the government troops but only one man killed and three wounded.

In another incident, officials said a U.S. Air Force F105 early today fired one of its

Shrike missiles at a SAM missile site about 30 miles north of the Demilitarized Zone bordering North and South Vietnam. It was the 17th "protective reaction" strike by American planes this year against North Vietnamese missile and anti-aircraft batteries.

Until Tuesday's action, the massive U.S. armada of helicopters and fixed-wing aircraft had encountered heavy anti-aircraft fire while supporting the South Vietnamese task force in Laos but they had not been fired on by SAMs.

Hanoi Radio claimed in a broadcast heard in Saigon today that American jets bombed populated areas of North Vietnam's southern most province of Quang Binh Tuesday. It said two U.S. aircraft were shot down.

American spokesmen in Saigon refused comment as they do with all Hanoi Radio broadcasts.

## Israelis Seeking Support

By United Press International  
 Official Israeli sources said today Foreign Minister Abba Eban has begun a diplomatic campaign to get support among United Nations Security Council members for Tel Aviv's current stance in the Middle East.

Eban is in the midst of meeting foreign envoys to explain Israel's refusal to budge from Arab lands seized in the 1967 war in exchange for a peace agreement.

Premier Golda Meir and General J. Ozeri, Zurlinden Tuesday on differences between the two governments. More meetings were in progress.

Official spokesmen declined to elaborate on the meeting but the Israeli State Radio said it concerned the role the United States is playing at the Big Four talks on the Middle East.

Israel has turned down concerted Big Four attempts to bring about a Middle East settlement as detrimental to the peace efforts of Secretary of State Henry Kissinger.

Replying to latest Middle East peace proposals put forward by Egypt and Jordan, Israel last week rejected Arab demands for total troop withdrawal from captured Arab territory as a requisite to peace.

The Israeli stand was reported to have drawn American criticism as a move that could hinder progress of the peace mission and forestall efforts to extend the Suez Canal ceasefire beyond its scheduled expiration this Sunday.

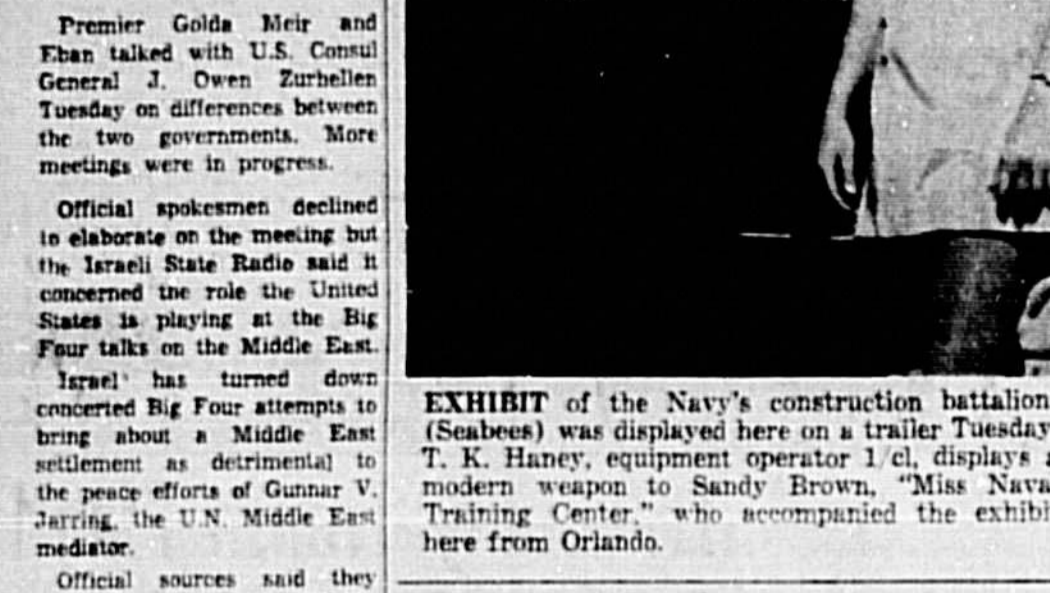

EXHIBIT of the Navy's construction battalions (Seabees) was displayed here on a trailer Tuesday. T. K. Haney, equipment operator 1/c, displays a modern weapon to Sandy Brown, Miss Naval Training Center, who accompanied the exhibit here from Orlando.

## Altamonte Getting Its Traffic Signal

\* Continued From Page 1  
 made, expressly in the fiscal year, so that it would coincide with that of the county and state. However, Swoford said that he wants to keep "government local."

He continued that City Attorney S. J. Davis should go before the legislative delegation and request that the changes initiated by the County Commission be turned down.

Davis said that he had been advised by the delegation chairman, William Gorman, that the Legislature would not entertain any special acts relating to municipalities due to home rule.

Swoford said that the delegation "doesn't practice what it preaches" in that it has amended the charters in other cities in the district.

Swoford commented that the county is using a modified North Carolina plan, and that the original "want not" bars Davis, in explaining the fact that the League of Municipalities had supported the plan, said that the league had intended the bill as a supplementary and accumulative bill, whereas the county would have an exclusive method of annexation.

He continued that the plan presented by the county would force people to come into the city, and that the league did not intend this to be an exclusive method.

Councilman Dan Dorfman objected that the plan of the county would limit referendum and eliminate annexation by petition. Further, Dorfman said the county "preparing an amendment to the city charter is both restrictive and unreasonable." Swoford retorted, "Yes, and it doesn't have a chance either."

## Altamonte's Sewers Eyed By Maitland

By MARION BETHEA  
 ALTAMONTE SPRINGS — City Council, at a meeting yesterday, was apprised that the City of Maitland has authorized \$4,500 for a feasibility study of a cooperative effort with Altamonte in the use of the new sewer system. Mayor Lawrence Swoford stressed to council that the city is not giving any firm commitments but had just agreed to a study with Maitland.

A decision upon designation of a bank as depository for federal loan funds for the city was deferred until a special meeting tentatively scheduled for next Tuesday.

A letter from the county highway safety committee requesting that the city send a representative to meetings of the committee, elicited the comment from Swoford that, "I wouldn't like to sit up there and be best over the head."

However, Swoford conceded that the city should be represented upon any county study committee and requested that the matter be placed upon the agenda for the next meeting.

Also deferred to a future agenda was a contract with architect Robert Webb for the city administration building and construction. Councilman Keith Nixon was authorized to work with Webb in preparation of preliminary for application for federal funding, which will include design of the new city hall and the estimated cost. Webb told council that he would prepare the specifics with the estimated figure of cost of \$200,000. Swoford said that it is hoped that construction will commence this year.

Council was stumped by a telephone line to discuss this price rise, as well as the scope of services to be included.

Vihlen said that he would support a study of \$100,000 which included the same scope of services as the cost one year ago of \$100,000.

The county has appropriated \$2,500 for this study, and with the rising cost of the fee by VTN, Vihlen said the county's share of the cost would escalate to \$18,000.

At the meeting of OSO Vihlen said that he hoped that by an 11th hour maneuver in double the price, and that Seminole County stopped further action until the price rise is discussed.

## Transit Plan Is Criticized

Such dumping is now being carried out on a piece of property bounded by SR 436, Essex Street, and Orange Avenue. The site may have been merely as a land fill using construction materials, but now it has the earmarks of escalating into a real problem.

Since the tract is on the edge of the city, many of the residents who are most concerned live in the county. In addition, county property directly adjacent to the subject area is also the site of continued dumping.

The problem, according to County Sanitarian, Valda Robbins, is that people are dumping illegally in many locations in the county. It is impossible to monitor all areas and apprehend the offenders. Furthermore, it is difficult to prevent the dumping of "dry materials." Dry materials are defined as refuse which is absent of any food or food containers.

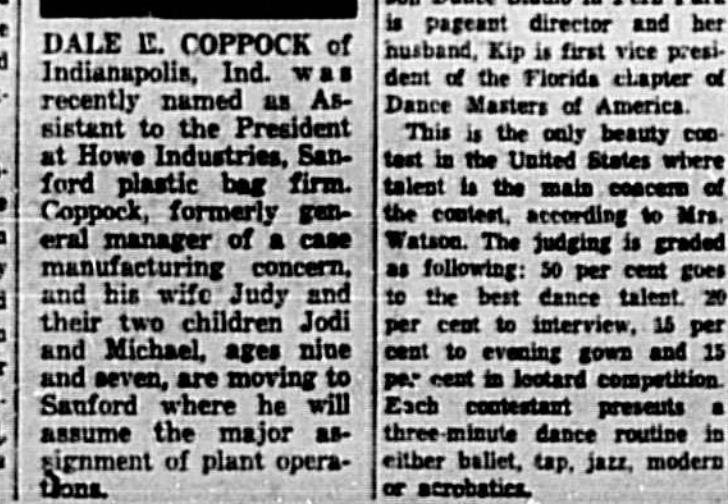

Robbins pointed out that a property owner, either filling in his own property or allowing others to dump there, is borrowing trouble. Dumping seems to be contagious. Once someone starts it, passively cannot resist the temptation to add to the material.

## 4 Dance Students Compete

By MARILYN GORDON  
 Four Seminole County dance students will be competing in the "Miss Dance" contest Friday at 8 p.m. in Winter Park sponsored by the Dance Masters of Florida, Inc. They include Shelley Mebane, daughter of Mr. and Mrs. Frank N. Mebane Jr., 307 South Crystal Drive, Sanford; Sharon L. Clinton, daughter of Mr. and Mrs. William M. Reed, 1224 Cambridge Road, English Estates; Jina Marie Meyer, daughter of Mr. and Mrs. Ivan E. Meyer, of 609 Faith Terrace, Oakland Shores, and Kathryn Bliss, daughter of Mr. and Mrs. Walter D. Bliss, of 3065 Fairmount Road, English Estates.

Mrs. Patti Watson of Kip Watson Dance Studio in Fern Park is pageant director and her husband, Kip is first vice president of the Florida chapter of Dance Masters of America.

This is the only beauty contest in the United States where talent is the main concern of the contest, according to Mrs. Watson. The judging is graded as follows: 50 per cent goes to the best dance talent, 20 per cent to interview, 15 per cent to evening gown and 15 per cent to general competition. Each contestant presents a three-minute dance routine in either ballet, tap, jazz, modern or acrobatics.

DALE E. COPPOCK of Indianapolis, Ind., was recently named as Assistant to the President at Howe Industries, Sanford plastic bag firm. Coppock, formerly general manager of a cane manufacturing concern, and his wife Judy and their two children Jodi and Michael, ages nine and seven, are moving to Sanford where he will assume the major assignment of plant operations.

## At Altamonte Springs Dumping Trash OK If...

By GLENDA BRADFORD  
 ALTAMONTE SPRINGS — Anyone planning to dump trash within the city limits can do so, according to Don Bundy, director of public works, as long as the material being dumped is not garbage, the person either owns or has permission to dump on the piece of property, the final plan includes the covering up of the waste, and residents in the area do not protest.

Such dumping is now being carried out on a piece of property bounded by SR 436, Essex Street, and Orange Avenue. The site may have been merely as a land fill using construction materials, but now it has the earmarks of escalating into a real problem.

Since the tract is on the edge of the city, many of the residents who are most concerned live in the county. In addition, county property directly adjacent to the subject area is also the site of continued dumping.

The problem, according to County Sanitarian, Valda Robbins, is that people are dumping illegally in many locations in the county. It is impossible to monitor all areas and apprehend the offenders. Furthermore, it is difficult to prevent the dumping of "dry materials." Dry materials are defined as refuse which is absent of any food or food containers.

Robbins pointed out that a property owner, either filling in his own property or allowing others to dump there, is borrowing trouble. Dumping seems to be contagious. Once someone starts it, passively cannot resist the temptation to add to the material.

## President Under Fire For Withholding Report

By JIM ADAMS  
 Associated Press Writer  
 WASHINGTON (AP) — The Nixon administration is facing new fire for withholding a two-year-old report said to describe the proposed supersonic-transport plane as "an economic fiasco, an environmental disaster and a social outrage."

Rep. Silvio O. Conte, R-Mass., said he has learned "that's a pretty reliable quote" from the so-called Garwin memorandum. He planned to press administration witnesses on its accuracy at today's House hearing on the SST.

Secretary of Transportation John A. Volpe testified Monday the memorandum is outdated, makes an already-disputed statement on SST noise, and says nothing new.

Volpe said that the memorandum, named for Richard L. Garwin, a former White House science adviser, could be released only by President Nixon — and possibly not even by the President because it is involved in a lawsuit.

Conte planned to turn his guns on SST backers after linking a theory that SSTs might cause skin cancer to a scientist's view relating unidentified flying objects to the 1965 New York power blackout.

Dr. James E. McDonald, a member of the National Academy of Sciences, testified flights by 500 SSTs might cause an annual increase of at least 5,000 U.S. skin-cancer cases by reducing the ozone layer that filters the sun's skin-cancer-producing ultraviolet rays.

While the theory has not been proved, McDonald said, his evidence is conclusive enough that it "should be looked into" before SSTs are put into operation.

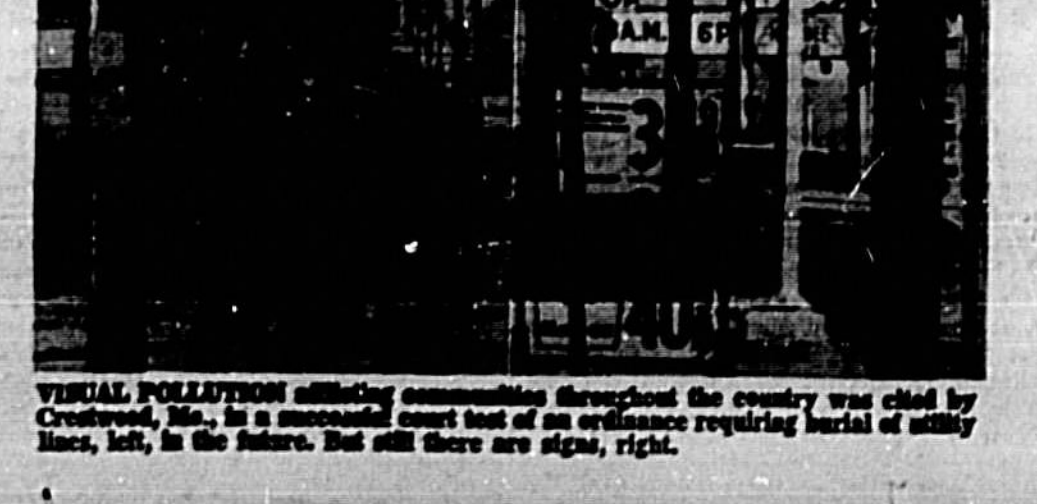

Bringing stunned silence to the hearing room, Conte asked the scientist if his congressional testimony last year that UFOs might have been connected with the New York power blackout "has held up."

## 2 To Take Seats On Canal Unit

Everett Huskey, Maitland real estate broker, and Edwin Sanders, Deland attorney, are the newest members of the St. Johns-Indian River Canal District and both are expected to attend the 11 a. m. Thursday meeting of the district at the Sanford Chamber of Commerce building.

Huskey and Sanders were recently appointed to the canal district by Gov. Reubin Askew as representatives from Orange and Volusia Counties.

According to the agenda the session will be devoted to routine canal business, but past sessions have been highlighted by the appearance of various conservation groups who usually voice their opposition to the canal to be placed between Lake Monroe and Lake Harney because of what they say will be the upsetting of the ecological balance of nature.

VERNAL POLLUTION abatement committee throughout the country was cited by Congress, Inc. in a statement which said an ordinance requiring burial of utility lines, fully in the future, but will have no effect, right.

PASS IT ON  
 by L.M. Boyd

THE FORMAL WEDDING ANNOUNCEMENT is long established. But what about the formal divorce announcement? A wife who to shed her gentleman friend should be allowed to make it known she is at liberty again. That's the contention of some. Why should this girl, they ask, sit around in her undergrowth waiting for the jungle drums to carry the word? Her revised status, they contend, ought to be declared on embossed cards between tissues. Truly, there's a scatter of agreed citizens pushing this notion now.

This was indicated at the School Board work session when parents representing enrollments at Lyman High and Middle School crowded the board room to seek an alternative to double sessions next year at Lyman.

Previously the board had adopted the double sessions of a way showing the need for 10 new schools within the next 10 years. Preliminary plans call for the need of 13 new elementary and six additional middle (6-8) grades by 1981.

Costs to build these facilities will be partly funded by the state, but more local funds will be needed or double sessions everywhere will be the inevitable, it was revealed.

The county just finished with the last of a \$10.3 million bond issue for school construction which was approved by the voters in 1968.

Walter Teague, school finance officer, said a levy of four mills of additional taxes with approval of the voters would supply the needed funds for putting the county on a pay as you go plan.

CUSTOMER SERVICE — "Where does cleaning the stove tank on that list of chores wives hate most?" A. That's No. 1 is still missing. No. 5, scrubbing floors. No. 4, cleaning out closets. No. 3, washing windows. . . . Q. "Wasn't there an enormous baby boom in New York City in the July that followed that vast blackout all over the Northeast on Nov. 9, 1963?" A. Nothing to it. Turns out that widely circulated report was hogwash. . . . Q. "Ever see an American Indian with a beard?" A. Never have. But some Indians grow beards. Sparse ones, usually. If you see an Indian with a big bushy set of whiskers, you've found yourself a much-admired man among his fellows.

MUSIC TEACHERS are not generally considered the best credit risks. So says a bank loan officer. He also looks twice, he says, at loan applications from laundry workers, writers and taxi cab drivers. Exceptions abound, certainly. . . . A YOUNG lady doing post-graduate work in Denver has her studies show rock-and-roll music kills some house plants. Only the hardest foliage can survive in a discotheque, she contends. Why remains unclear.

A GIRL CALLED Leslie tends to be boyish and gossipy. That's not our Name Game man's theory. It's the opinion of numerous women in Great Britain. They were questioned on the matter by one Joseph M. Weber. He's a researcher at the University of Bristol. They also said an Elizabeth seems to be likable and intelligent, a Doris is usually excellent in the kitchen although she fights overweight, a Susan generally gets what she wants because of a stubborn streak, and a Jane almost invariably winds up running the show, however subtly.

WHAT POET used the title "I?" Not just Rudyard Kipling. Emily Dickinson, John Massfield and several dozen others did, too. . . . UNDERSTAND the 49-star U.S. flag turned out to be true. . . . WHY IS IT Tuesday is that day of the week when most divorces are granted? Mysterious.

Your questions and comments are welcomed and will be used in PASS IT ON whenever possible. Please address your letters to L. M. Boyd, P. O. Box 90088, Seattle Wash. 98199.

# Schools Ponder Financing Of New Construction

By BILL SCOTT  
 Seminole Counties will soon be asked to fund the costs of new school construction with either a bond issue or a B and B (build and buy) type arrangement to finance costs of building new schools to escape the double sessions.

This was indicated at the School Board work session when parents representing enrollments at Lyman High and Middle School crowded the board room to seek an alternative to double sessions next year at Lyman.

Previously the board had adopted the double sessions of a way showing the need for 10 new schools within the next 10 years. Preliminary plans call for the need of 13 new elementary and six additional middle (6-8) grades by 1981.

Costs to build these facilities will be partly funded by the state, but more local funds will be needed or double sessions everywhere will be the inevitable, it was revealed.

The county just finished with the last of a \$10.3 million bond issue for school construction which was approved by the voters in 1968.

Walter Teague, school finance officer, said a levy of four mills of additional taxes with approval of the voters would supply the needed funds for putting the county on a pay as you go plan.

Effective Sanford Police: Their Welcome Role

Residents of the city of Sanford are increasing reasons to be glad that they live in a municipal area where the police protection is effective, professionally directed and conducted, and ever alert.

The security which this force maintains. It is the broad understanding which stems from the leadership and extends through all ranks, that a Sanford policeman is more than a trained and effective law enforcement officer.

Sanford, as the county seat, thus is the home base for the sheriff. It is from Sanford that his deputies spread out to meet the complex, varied and growing law enforcement demands of the expanding county.

# Dear Abby:

By Abigail Van Buren

DEAR ABBY: Are you on vacation or what? I can't believe you couldn't have thought up a better answer for the person who wrote in saying "Grandma" loves to knit and crochet but she never makes anything to fit anybody and the colors and styles she uses are terrible, so consequently nobody wears any of her hand-knit sweaters, socks, scarves, etc. And Grandma wanders why. Abby, anybody who can knit and crochet can make things people can wear! All they need is the yarn and the pattern. Obviously Grandma doesn't have either. So instead of complaining about the terrible things she turns out, the relatives should select their own yarn. In the policy they prefer, and also give Grandma a pattern. Frim! This!

MAD IN MILWAUKEE DEAR MAD: You forgot the needles. (It'll be glad to turn the one you just gave me.) Thanks for writing.

DEAR ABBY: A few months back some new people moved in across the street, so my husband and I went over to visit them and welcome them into the neighborhood. She offered us a cup of coffee, so we sat down at their table and I noticed a trash was crawling around

on the table. My husband noticed it same time as I did but neither of us said anything. The lady saw it, too, as I saw her watching it, but I guess she was too embarrassed to do anything about it. What do you do in a case like that? Shouldn't somebody have brushed the trash off? Or killed it maybe? Or do you just sit there and watch it crawl all over the table? If something should have been done, who should have done it?

WONDERING DEAR WONDERING: The first person to spot the little creature should have "re-moved" it as inconspicuously as possible.

DEAR ABBY: You must be kidding! That snoring mother-in-law is to be expected. What do you do in a case like that? Shouldn't somebody have brushed the trash off? Or killed it maybe? Or do you just sit there and watch it crawl all over the table? If something should have been done, who should have done it?

# Forecast Horoscope

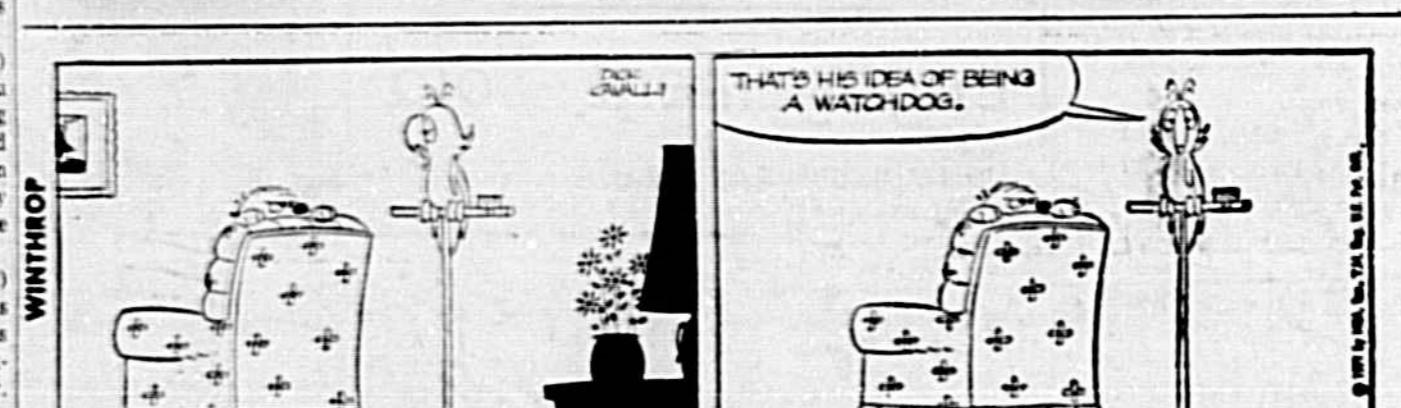

THURSDAY, MARCH 4, 1971

**GENERAL TENDENCIES:** Arguments or differences of opinion, no matter how carefully conducted, could easily cause an estrangement today from one who really means a great deal to you. Will be the person who remains cool, calm and collected and who refuses to enter into any type of controversy.

**ARIES (Mar. 21 to Apr. 19):** You must do the work ahead of you with care and precision today. Make sure you doublecheck on important papers, reports. Do more listening than talking on the telephone. Don't commit yourself to anything.

**TAURUS (Apr. 20 to May 20):** If you put through what you think is a very clever business deal, you may find later it wasn't so clever after all. Put in economy measures that are worthwhile. It's security that counts today.

**GEMINI (May 21 to June 21):** You are in a cantankerous mood today so try to avoid getting into a dispute with the ones you mean a great deal to you. You will get back on the beam. Do some self-analysis that is good for you. Avoid strife.

Some players seem to go out of their way to make mistakes. Others make the right play automatically. Nevertheless, if you give your opponents as many chances to make mistakes as you can, they might.

South's four-heart contract started out badly. West opened a spade and the opponents took two spades before South could ruff.

Now, South goes over to dummy with either a diamond or a club and leads a trump. East plays the 10 (it would make no difference if he played the jack) and South's king loses to West's ace. A fourth spade is led and ruffed and South can only play his queen of trumps and hope for the best.

# Worry Clinic

By Dr. Crane

hor to drive a team and run a grain wagon, so I got frequent rest periods till it was my turn to drive under the grain chute.

But Uncle Vick was pitching heavy that day. And he had to work steadily.

So I gladly swapped jobs. For in dry summers, cows go into the woods and eat white snake root, the poison which comes out in their milk.

Uncle Vick and I never drank much milk, for we didn't have the modern refrigerators then. But we finally were able to get back to work.

But I mention this case to show that certain ailments cause distinctive aromas.

Indeed, one of our military dogs, a German shepherd, was dog to detect contraband narcotics.

Thus, he'd let the dog wander around the luggage of soldiers all the dog would stop before any package that contained narcotics.

Suppose we were thus to take dogs (such as hounds) as a model for their best scent) and then "condition" them, as we call it in psychology, to the specific blood odor of cancer vs. diabetes vs. tuberculosis, or a business that would allow such hounds wander around a large crowd of snuff out such preliminary disease victims long before other symptoms became apparent.

For our blood chemistry varies in different ailments! A keen-scented canine should theoretically at least, save many dollars now spent trying to make a medical diagnosis.

This isn't as far-fetched as you might think, for dogs do follow the faintest spoor of one person vs. another, several days after they have walked over a given pathway.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs if you need for one of his booklets.)

# OUR BOARDING HOUSE

# We The Women:

Not too many years ago, a boy was easy. Start him out with a supply of toy trucks, fill his closet with checkered shirts, tell him to play football, baseball and basketball, preferably in that order, and teach him that steak was what a Real Man ate.

Other basic rules for Basic Boys included: Boys wear blue booties. Boys boys don't cry.

# Polly's Pointers

DEAR POLLY—I would like to know how to clean bed pillow cases with old-fashioned blue-and-white ticking.—MRS. R. O. J.

DEAR POLLY—My husband and I have a sink built from styrofoam egg cartons. Use eight matching cartons, remove lids but leave flaps on the ends where they are attached to the bottom. Cut out the indentations where the eggs were. Start with two cartons on top, place glue heavily on the two flaps that will hold them together. Be sure they are lined-up, then staple to the proper position. Continue until all eight cartons are glued together. (Polly's note—Our reader did not say so but I am sure the cartons were arranged so there are two on each side of the four-sided shade.) When glue is thoroughly dry set cartons up and carefully draw a pattern on plywood for the top of your lamp. Cut out like the pattern. Mark center of top and make a small hole in center for the light chain to go through. Spray paint gold, black or any desired color. After I inserted my top inside the shade I placed a few small tacks to hold it firmly in place even though it was glued. Spray paint the cartons top and all, with at least two coats of paint and then apply spray varnish on the outside. 910 ABC The Johnny Cash Show. "A Circus Special for Children of All Ages" features Big Top stars Emmet Kelly, Bob Williams, Senor Antonio, Bobby's Chimps, Marco Polo, and Miss Nova and the Rodrigues.

# Highlights

7:30 ABC The Courtship of Eddie's Father. Tom Corbett (Bill Hixby) is concerned when Tina's mother, who believes in magic, makes a convert of Eddie. Guest stars are Lisa Kirk, Kristina Holland, Jodie Foster and Chris Worthy.

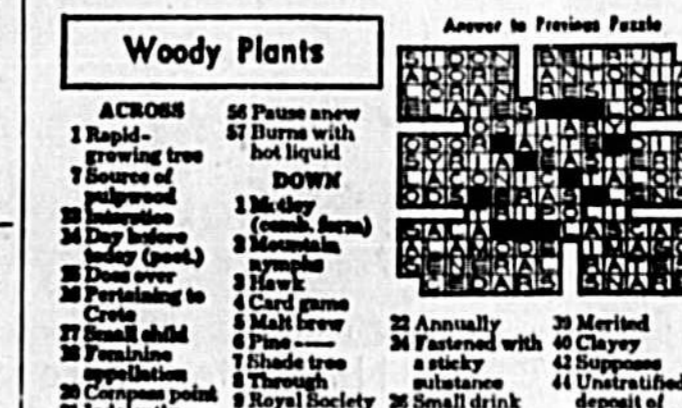

7:30-8:30 CBS Men At Law. David Wayne is tonight's guest star as a mild-mannered insurance salesman accused in a series of bizarre killings. Identified by a witness from his voice, Wayne's wife (Chris Leachman) fails to give him an alibi.

7:30 NBC The Men From Shiloh. Stewart Granger as Colonel Mackenzie stars in tonight's segment. John Saxon is guest star as a deserter from Mackenzie's old regiment in India. The Colonel recognizes him and the deserter takes off with Mackenzie right on his tail.

9:10 ABC The Johnny Cash Show. "A Circus Special for Children of All Ages" features Big Top stars Emmet Kelly, Bob Williams, Senor Antonio, Bobby's Chimps, Marco Polo, and Miss Nova and the Rodrigues.

# CARNIVAL

# Recital Presented By Brass

The Cornet and Trumpet students of Mrs. Robert Griswold presented a recital Sunday afternoon, Feb. 8, at Mrs. Griswold's home, 820 N. Winter Park Drive, Casselberry.

Students performing were Douglas Slaback, who attends Sanford Middle School, playing "David's Dream," Kevin Anderson, a Lyman High School student, played "Contra Altus," and David Barnhardt's solo, "State Fair." Tom Iddings played "Bonita" and Brent Doherty concluded the program with "Concert Etude" by Goedeck.

All of the instrumental students are members of the Lyman High School Bands.

The accompanists for the recital were Mrs. Ora Anderson and Miss Carol Stein.

Punch and cookies were served by Miss Kay Griswold to the students and guests attending.

### Boy Scouts Hold Blue-Gold Banquet

## Adult Education Program Sponsored By College

By MRS. F. R. THOMAS  
An adult education program sponsored by Seminole Junior College is being held twice a week at Crooms, Milwee Middle School, Bookertown Head Start Center, Mt. Sinai MB Church, Sanford and New Salem MB Church, Maitland.

The purpose of the program is to upgrade the educational status of persons who for various reasons were unable to attain or complete their basic formal education.

The basic courses are designed for adults in grades 1-8, the offerings are basic language arts and mathematics skills and sewing.

Persons attending advanced grade levels according to their individual rate of speed and achievement. Since learning is individualized, you may enroll at your convenience.

Center offerings are as follows: Mt. Sinai MB Church, Bookertown Head Start Center and New Salem MB Church.

of Maitland, basic education courses.

Chief Smith talked about the aim and purposes of scouting. The boys were admonished to "stay with scouting, have all you can because one day it may save your life or the life of someone you know."

Sharing the birthday celebration were Traci L. Stephens, Valerie, Ronald and James Burke, Patty King, Joan, Renee and Patricia Martin, Sherlene and Michelle Fields, Elizabeth Moore, Judy, Murelia and Jimmie Cain, Robin Riggins, Veronica Bradley, Robert and Jackie Goy, Kenneth and Sandra Noble, Troy Jackson, and Corintha Spencer.

Assisting Mrs. Pinkney with the youngsters were Robin Blackshear, Patricia Millet, Rosemary Burke and Ann Pinkney.

Mershara and her friends enjoyed a variety of party games and refreshments consisting of hot dogs, cookies, ice cream cake, peanuts and candies.

Sharing the birthday celebration were Traci L. ### Kidnaped Agri-Expert Freed By Terrorists

By HECTOR MENONI  
MONTEVIDEO, Uruguay (UPI) — Tupamaro terrorists freed kidnaped U.S. agriculture expert Claude L. Fly Tuesday night and left him on a hospital stretcher for treatment at a heart attack. Fly said he was "excited at finding myself among free men again."

Fly, 65, of Fort Collins, Colo., wrote from captivity in December that he had been kept for months in a four-by-six foot chicken coop "suspended in time and space."

"Please help me, I'm sick!" he called out in Spanish from a makeshift stretcher after Tupamaros left him at the British hospital and roared away in a Volkswagen bus. A note giving his medical history in captivity was pinned to sheets in which he was strapped. The terrorists had forced a physician "who had an extremely complete medical history of the patient" to accompany him.

Fly was wrapped in several sheets and his eyes were bandaged, apparently as a blindfold.

Fly was kidnaped Aug. 7 by Tupamaro urban guerrillas in a struggle with the government of President Jorge Pacheco Areco, who refuses to negotiate with the terrorists.

Doctors said Fly's condition was serious but not critical, and he would have to stay in the hospital three or four weeks.

"I'm happy and excited at finding myself among free men again," Fly told U.S. Ambassador Charles Adair Jr. from his hospital bed. "I'm anxious to see my family again."

MERSHARA STEPHENS celebrates her seventh birthday with a party in her honor.

### Calley Court Martial In Its Windup Phase

FT. BENNING, Ga. (UPI)—The Calley murder court martial entered its windup phase today with the government reaching up the Army chain of command for rebuttal witnesses to swear there was no order to massacre unarmed and unresisting villagers at My Lai.

One witness to an assault may be Capt. Ernest L. Medina, called not by the prosecution in rebuttal but by the jury itself.

The six-officer panel has the power to call its own witnesses at the end of the case under court-martial procedure.

The jury also could call Col. Oran K. Henderson, commander of the 11th Light Infantry Brigade, who believed Riccio Medina and other company commanders who in turn briefed their infantrymen and platoon leaders.

The case of United States vs. William L. Calley Jr. first continued after a two-day recess called to give the government time to organize its extensive rebuttal case, which was to be held off with at least 12 witnesses to Medina's briefing on March 15, 1968.

The trial was expected to last three more weeks. Calley, who led one of the three platoons in Medina's company, and more than 20 other defense witnesses have testified Medina ordered his company to destroy every living thing in the Vietnamese hamlet the next day.

Calley is charged with premeditated murder of at least 102 civilians that day. The defense contends he followed Medina's orders like a robot, and that combat stress temporarily impaired his mental processes to the point that he could not premeditate.

It also contends there were no innocents that day in My Lai, that the no-surrender villagers in the long-time Communist stronghold were all active enemy—women, babies, and old men.

Pending was an important decision by the judge, Col. Reid W. Kennedy, on a government request that it be allowed to "show the whole man" by calling witnesses to testify of Calley's conduct outside My Lai. The prosecutor said these would include shooting and unarmed old man in a well a month before My Lai and the beating of a Vietnamese woman before and after the My Lai sweep.

Not only that, but three appellate officials—Secretary of Health and Rehabilitation Services James Bax and his health and mental health division directors—would be paid more than them.

Bax would get from \$32,000 to \$42,000 and his two directors from \$22,000 to \$41,000.

But there's not enough money around to make the salaries competitive and other things take priority, said Gov. Askew in drastically revising recommendations of the study by Frank C. Brown & Co.

Askew recommended to the legislature he pay increases for elective officials, and more for Bax, although he urged that his two division directors be raised

### Woman Burned In Garage

A woman was treated for burns and is listed in "good" condition today by Seminole Memorial Hospital spokesman after a flash fire at a Sanford auto repair firm.

According to G. M. Horvath, city fire chief, Mrs. Brenda Windsor was burned and a portion of a garage operated by David Arnold at 100 North Maple Avenue received damages as a result of the ignition of a can of gasoline used by Arnold to clean a labor bus motor.

Chief Horvath said a vapor trail was apparently ignited by the gasoline fumes coming from the motor, which had its cable hooked to the vehicle's battery.

The woman was in the garage to obtain car repairs when the ignition occurred, the fireman added.

The resultant blast damaged the metal roof and rafters. Chief Horvath stated.

### FILM, "Is it worth your life?" dealing with harmful effects of smoking on the respiratory system was shown to emphysema patients and their families by Mrs. Ethel Troutman, RN, who is tuberculosis nurse at the Seminole County Health Department. Dr. Charles F. Tate, associate professor at University of Miami School of Medicine, was the film's narrator and surgeon on Emphysema. The program was sponsored by the Central Florida TB and Respiratory Disease Association.

### Salary Increases Recommended

Askew Nixes Pay Hikes For Top Aides

TALLAHASSEE, Fla. (AP)—If state salaries were raised to make them competitive with private industry, Gov. Reubin Askew would get a \$9,000 raise to \$45,000, according to management consultants.

And Lt. Gov. Tom Adams, the six cabinet members and four justices of the Supreme Court would get \$48,000 a year.

Not only that, but three appellate officials—Secretary of Health and Rehabilitation Services James Bax and his health and mental health division directors—would be paid more than them.

Bax would get from \$32,000 to \$42,000 and his two directors from \$22,000 to \$41,000.

But there's not enough money around to make the salaries competitive and other things take priority, said Gov. Askew in drastically revising recommendations of the study by Frank C. Brown & Co.

Askew recommended to the legislature he pay increases for elective officials, and more for Bax, although he urged that his two division directors be raised

### Leaves For New York

## Cassius Packs His Bags

By HUBERT MIZELL  
Associated Press Sports Writer  
MIAMI BEACH (AP) — Residents at the classy Octagon Towers tossed a party for a departing neighbor. Mostly retirees, they served coffee and cake.

The guest of honor brought the punch. Muhammad Ali had lived among them for two months, doing road work before dawn at nearby Bayshore Golf Club and boxing daily at Fifth Street Gym.

Now, the unbeaten and controversial fighter was getting set to close up shop and head for New York. All fights Joe Frazier for the world heavyweight title Monday night.

"All the folks been nice to me," said Ali. "They sorta adopted me and all told me they gonna be pullin' for me."

All went to New York for a preflight physical today, but was scheduled to return to Miami Beach for three more days of wrap training behind locked doors.

"There's no radio and no home television, but theater TV patrons will pay up to \$30 at out-lets' cost to coast."

Dundee said he had contained Ali as much as possible during the training period. "He had an apartment and nobody was allowed up there," said Angelo. "That is, nobody except those he invited. And he enjoys inviting people he trusts."

The apartment tower is directly across the street from Miami Beach Convention Hall, site of a Cassius Clay title victory over Sonny Liston in 1964.

### 'There Ain't But One' Says Foster After Bout

By RALPH BERNSTEIN  
Associated Press Sports Writer  
SCRANTON, Pa. (AP) — "There ain't but one" 118-pound heavyweight champion, said Bob Foster after hopping his "TNT" Carroll in the fourth of their scheduled 15-round 175-pound title bout Tuesday night.

Foster disposed of Carroll at 2:32 of the fourth round, setting up the 28-year-old challenger from Syracuse, N.Y., with a left hook and then spreading him on the canvas with a blistering right.

It was the fifth successful defense by the 35-year-old Foster of the title he won in 1963 from Dick Tiger. The victory was the 42nd in 47 fights for the Washington, D.C., fighter and his 36th knockout.

Foster's one-champ declaration was his answer to the World Boxing Association, which recently withdrew its championship recognition of him for failing to meet a worthy challenger within a reasonable period of time. Foster last defended against Mark Tessman on June 27, 1970.

The WBA recognizes Vicente Rondón of Venezuela as the light heavyweight champion by virtue of his sixth-round knockdown of Jimmy Dupree of Jersey City, N.J., last Saturday night in Caracas.

Foster said he wants to defend the 175-pound title twice more and then take another shot at the heavyweight championship. He tried for the big title last November, only to be knocked out in the second round by champion Joe Frazier.

Who does he want as light heavyweight challenger? "Rondon," he said without hesitation. "And I'll fight him in Venezuela. I'm the man in the light heavyweight division. I don't even have to train to beat some of these guys."

Foster's manager, Lou Viscusi, was asked if he would try to settle the dispute with the WBA. "What WBA?" retorted Viscusi with a straight face.

"If the WBA has a pretender who wants to challenge Foster, we're ready with two weeks notice," Viscusi said.

Foster earned \$13,856 as a crowd of 628 turned out at the 4,500-seat Catholic Youth Center for Scranton's first title bout in 45 years.

Carroll picked up \$6,928 and 38 stitches on his left ear for his trouble. It was only his third loss in 33 bouts and the first time he had ever been knocked down. He claimed the nasty cut was caused by a butt. Foster said it came from a left hook.

## Seminole Raiders Defeat Talented Manatee Squad

By GARY TAYLOR  
Herald Sports Editor

BRAIDSTON — The team to lead in the junior college baseball ranks has always been Manatee Junior College. Yesterday, the Seminole Junior College Raiders did just that. They stopped Manatee at the MJC field, 5-2, and boosted their season mark to 5-4.

Actually, the Raiders won the game in the top of the first inning when they pushed three runs across the park station. Ricky Sparkman led off with a walk and Dick Brink reached on an error by the pitcher as he attempted a sacrifice. Bill Dancy then singled to lead the bases. Joe Turnbull laced a base hit into left center field, scoring one run, and one out later, Steve White drilled a two run single.

Manatee stranded runners in both the first and second innings, but didn't hit the scorebook until the bottom of the third frame. Pitcher Dave Clark walked and Bobby Smith then bounced the ball to third baseman Dick Brink. Brink whipped the ball to second baseman Sparkman who threw over to first for an attempted double play. The umpire made no sign at second, but called the runner safe at first. Clark, thinking he had been safe, raced toward third and first baseman Steve White threw the ball over the third baseman's head. When the dust finally settled, the umpire declared Clark out and Smith safe at third. Tommy Zimmer grounded out to the

second baseman, but Smith crossed home plate for the first Manatee run.

In both the third and fourth innings, Seminole put runners on with only one out, but saw double plays wipe out possible threats. Manatee got the first man on in the fourth inning, but he was caught stealing. Had he not tried to steal, the Raiders would have loaded the bases with only one out. Smith reached on an error by third baseman Dick Brink with one out in the fifth, going all the way to second as the ball got by the Manatee infielder. He went to third on a balk and scored on a single by Zimmer. Zimmer stole second and reached third on an error, but the next two men went down on strikes.

With the score 3-2, Seminole hurler Bobby Sherman came out of a jam that could have cost him the ball game in the sixth inning. He hit John O'Connor and then Randy McNeil attempted a sacrifice bunt. Sherman threw to second and all hands were safe. Donny Williams, who went three for three on the day, sacrificed the runners to second and third and then Sherman hit Tom Kleampack to load the bases. But he fanned a pinch hitter and got the next batter to pop up.

After one out in the eighth, McNeil and Williams put together back-to-back infield hits. Chip Gierke then came in as a relief pitcher and retired the next two batters.

With one out in the ninth, Ron Behr crossed on an error and Mike Ruffo slammed a home run that easily cleared the left field fence at the 330 foot mark. This gave Seminole a comfortable 5-3 lead.

After two outs in the bottom of the ninth, Manatee put together two straight hits, but second baseman Ricky Sparkman staked a hard grounder in the hole and next runner in the hole was out and the inning.

Joe Turnbull paced the Raiders at the bat as he slammed two hits. Ruffo and White had a pair of RBIs each.

## Wrestling Season Over; Coaches Are 'Recruiting'

By HERRY CLSH  
Herald Sports Staff

Officially the wrestling season is over for Florida Technological University. But not for its coaches. Gerry Gerley and John Ellis.

Head coach Gerley and Ellis will be busy in the next few months trying to recruit (if that term really applies) potential wrestlers for next year's Florida Tech wrestling team.

Perhaps it might be better to say Gerley and Ellis will be trying to "lure" some of the top high school mat prospects to Florida Tech which will join the intercollegiate ranks next season as far as wrestling is concerned.

While they can not offer scholarships to any of the prospects they talk with Gerley and Ellis do have several things working for them in their efforts to bring top wrestlers to FTU.

Among the top items on their list is that chance for high school grapplers to break into the FTU starting lineup next year. While the Knights did not have a senior on this year's club they were not especially strong and this offers a great deal of hope for the current crop of high school seniors who participated in a group track meet hosted by Seminole High.

In the last meet, Oviedo's first of the year, the Lions posted 17 1/2 points. Coach George Austin was happy over the showing, stating that it was much better than he had anticipated.

Just as it is with all of the other spring sports at Oviedo, with the exception of baseball, this year's track effort is a fledgling affair. Austin has nearly 20 boys out for the start of this year's team including several of the school's cagers who just finished up their season.

Oviedo's strength lies in their running capabilities. In last week's meet, Andrew White, Donnae Allen and Dwayne Boston swept second, third and fourth respectively.

Austin said that the first four or five meets will be primarily a learning experience for the Lions. He added that the primary aim is to build for the future in hopes of making a decent showing the Orange Belt Conference Meet at Apopka, Dwayne Boston swept second, third and fourth respectively at Dade City on April 23.

## SHS Hosting Thinclads In Today's Kiwanis Meet

This afternoon the Buddy Lawson Memorial Track at Seminole High School will be the site of the 1971 Invitational Kiwanis Track Meet.

Participating in the meet will be the thinclads from the three county high schools, Seminole, Oviedo and Lyman, along with Winter Haven, DeLand, New Smyrna Beach and Melbourne Central Catholic.

It will be the second time this spring that Oviedo has participated in a group track meet hosted by Seminole High.

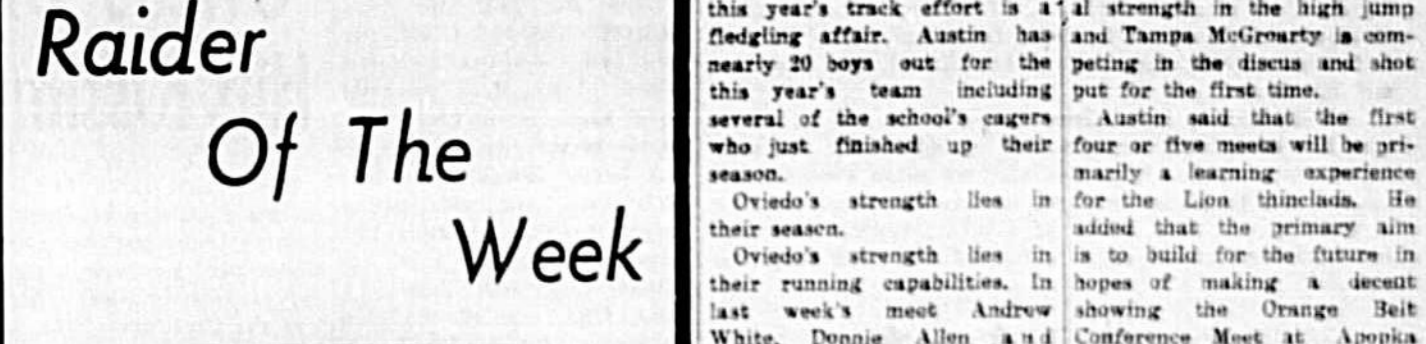

In the last meet, Oviedo's first of the year, the Lions posted 17 1/2 points. Coach George Austin was happy over the showing, stating that it was much better than he had anticipated.

Just as it is with all of the other spring sports at Oviedo, with the exception of baseball, this year's track effort is a fledgling affair. Austin has nearly 20 boys out for the start of this year's team including several of the school's cagers who just finished up their season.

Oviedo's strength lies in their running capabilities. In last week's meet, Andrew White, Donnae Allen and Dwayne Boston swept second, third and fourth respectively at Dade City on April 23.

## Raider Of The Week

CHIP GIERKE has been named this week's Sanford Herald "Raider of the Week" at Seminole Junior College, for his fine pitching performance last weekend against St. Petersburg. Gierke is 1-0 on the season, but has come in as a relief pitcher several times, gaining three saves. Gierke is a sophomore and is expected to be a key to a good season for the Raiders this year. His latest performance was yesterday when he pitched some two innings of relief, picking up his third save, as the Raiders defeated Manatee.

# Strikes And Spare

BY JOHN A. SPOLSKI

Words in this particular case don't do justice to the excitement which prevailed last weekend during the competition of the 10th Annual Sanford Women's Bowling Association Tournament.

We're hoping that you were one of the many who shared in these thrills as if per chance you missed out on the action, then there's still an outside chance that the men will be going to the task and come up with some big games and series this weekend.

The teams for the girls will bowl on Saturday at 3, 6 and 9 p.m., and the doubles-singles will take place the following day on Sunday at 1 and 2:30 p.m.

Of course the picture is more than welcome to come in for free and watch all of those pins topple and tumble.

**BOWLING POT POURRI . . .**  
The kids turned in some mighty fine bowling last Saturday . . . good enough to merit your attention, I'm sure.

First of all, the younger Benjamins who take to the lanes at 9:30 a.m. . . they're from six up to 12 years of age . . . Liz Kanavel 137, Janell Spolski 137 — both same scores from the same team; Tracy Towers 115, Bryan Burgess 129 and Johnny Yelkoc 125.

And then at 1 p.m., the Jr.-Sr.s who are from 13 to 19, came up with their share of "goodies," too . . . Scott Roche with 201 (and it seems like they're coming more regularly for Scott, here of late), and team-mate Vicki MacLayley with a 201, and here again, both from the same team; Larry Brown 192, 184/182, Rodney Butcher 207, Terry Waldrop 185/180, Kevin Spolski 182/186, Dawn Gail 171, Ricky Schliko 174, Eddie Ryan 183, Johnny Spolski 183/170.

**Big Bill Blasts Away**  
There's really no telling on how high the scores will be (or that low, for that matter) when the guys and gals hit the approaches on Monday evening for the benefit of the Florida State Bank Mixed League. And this past Monday was a prime example of really, really big ones.

Not only was his score pretty big, but he's no small potato, either.

Speaking of permissible Bill Kinney of the Penny Pinchers who was most consistent with games of 202, 211, 200 for a fine 613 score. Don Myers just missed the "charmed circle" with a 189 effort, and Joe Pauline was still two more pins in the shy department with a 196/190 combination. Others in the 90s were Bill Varner 89, 195, Ken Alexander 191, while those who did get the single pin to topple for a strike were Jack Horner with a 202/194, and Ron Morris also with a 202/194.

**From the Teacher's League**  
It would appear that each Friday evening we can depend on at least one of the members of this league to get red hot and the three good games together . . . good enough usually to break a 600 series. That was the case this past week with the bowling of Tom Best . . . who has to be one of the hottest bowlers at the lanes, right now.

With each game, Best added just a few more pins . . . 196, 204, 211 for a respectable 611 set.

## Doug Dickey Is Speaker FCA Banquet Is Tomorrow Night

University of Florida Head Football Coach Doug Dickey will be the guest speaker at tomorrow night's annual banquet of the Fellowship of Christian Athletes (FCA). The proceeds from the banquet will be used to send representatives of the Huddle Group, the high school chapter of the FCA, to one of the national FCA summer conferences. The dinner will be held at 7 p.m. tomorrow night at the Sanford Civic Center.

THE GRIMACES BELONG TO Duke's Richie O'Connor, Princeton's Bill Daake and Duke's Alan Shaw, left to right, as they pursue loose basketball.

## There Are Many 'Ifs' For The Atlanta Braves

BY DAVID MOFFIT  
UPI Sports Writer

WEST PALM BEACH, Fla. (UPI)—Even Manager Lumkin Harris, forever outwardly optimistic as long as the slightest mathematical chance remains, admits there are a lot of "ifs" in this year's forecast for the Atlanta Braves.

"In all the years I've been around professional baseball (1941), I've never been associated with a ball club that is as injury prone as this one has been," Harris said.

"The one year we were almost healthy (1969), we were hurt, divided . . . I wish we could do it again, if we could keep people in our lineup."

A happy thought, unfortunately, Jimmy Carter, who led the major league's in hitting last season with a .266 mark, is already lost until June and Mike Lum, one of the men figured to fill in for Carter, pulled up his leg two days after spring drills began.

## Oviedo Diamond Nine Hits Kissimmee Kowboys

The Oviedo Lions began a six game home stretch with a decisive 13-5 victory over the Kissimmee Kowboys yesterday at John Courier Field. It was the first win of the season for the Oviedo rounders.

Kissimmee came through with their biggest threat in the fifth inning with a pair of runs and the Oviedo nine kept their distance from their fellow OBC team with another tally. The Lions notched two more runs in the bottom of the sixth inning to widen the gap to 10 runs and the umpire called the game.

Oviedo coach Jim Courier was satisfied with the effort of the Lions. Several of the starters including Alan Daniel and Lynn Burck made their first appearance with the team after only one day of practice having just completed the basketball season.

Oviedo coach Jim Courier was satisfied with the effort of the Lions. Several of the starters including Alan Daniel and Lynn Burck made their first appearance with the team after only one day of practice having just completed the basketball season.

## Bids Are Issued For Cage Tourneys

By HERSCHEL NISSENSON  
Associated Press Sports Writer

The NCAA and NIT are the folks issuing the college basketball invitations these days, but Texas Christian, Ohio State, St. John's, Rutgers and Duke decided to do some bidding of their own Tuesday night while Southwestern Methodist's Gene Phillips won his hand in Texas.

After the NCAA picked its 16 all-large teams for its postseason extravaganza and the NIT named three, TCU won the way into the former with a 76-63 fight-marred victory over Texas A&M that clinched the Southwestern conference title for the Horned Frogs.

Three of Tuesday's NCAA selections were victorious at night. Ninth-ranked Jacksonville belted Miami of Florida 64-75. No. 11 Duquesne shellied Detroit 92-73 and 17th-ranked Long Beach State downed Centenary 66-50.

The other NCAA at-large bids went to Marquette, Fordham, Houston, Notre Dame, Utah State, Villanova and New Mexico State. The NIT then tapped Dayton, St. Bonaventure and Tennessee.

And deep in the heart of Texas, SMU's Phillips poured in 21 points, wiping out the S.W.C. mark of 50 held by the late Jim Krebs of SMU and Dub Malone of Texas Tech. As the 6-foot-4 senior set his record by finishing two free throws with six seconds left at Texas' Gregory Gmyk, scattered pieces of paper floated to the floor and public address

announcer Wally Pryor scolded: "I don't know who threw that, but I think that's one of the worst displays of sportsmanship I have ever seen. I think we should give Phillips a round of applause."

He got it. The Longhorns, however, got the victory 96-88. TCU's Eugene "Goo" Kennedy scored only eight points against A&M but pulled down 19 rebounds; for a season S.W.C. record of 238. The old mark of 235 was set by Doug Boyd, also of TCU. Simpson Degrafe paced the winners with 29 points.

LYMAN'S BARBARA HITT is shown during diving competition last year against Seminole. Yesterday she finished first in the girls diving competition for the Greyhounds.

## Yankee Stadium Bought By City Of New York

By FRED DOWN  
UPI Sports Writer

NEW YORK (UPI)—Yankee Stadium, once the jewel of Major League Baseball stadia but now one of the last of the old-time parks, will be purchased by the City of New York. The city plans to purchase the stadium for \$24 million and will make extensive improvements in parking facilities, auto approach and lighting in the surrounding area.

In 1923 at the cost of \$2 million, "The House That Ruth Built" became the most famous baseball stadium in the United States and was generally acknowledged to be the best in its field until the baseball expansion in the 1950s led to the construction of many new stadia.

In its heyday, Yankee Stadium was big a tourist attraction in New York City as the Empire State Building, the Statue of Liberty and the United Nations.

The man who made Yankee Stadium possible was Babe Ruth, who was purchased by the Yankees from the Boston Red Sox after the 1919 season for \$100,000. Ruth's introduction of "long ball"—home runs—changed the history of baseball and persuaded Rupert to desert the Polo Grounds, home of the New York Giants and build his own stadium.

By the time Yankee Stadium was opened in 1923, Ruth had

## Lyman Boys Finally Beat Seminole

By CHUCK GRILE  
Yesterday afternoon at the Eastbrook Community pool, Seminole County high school sports took a big step. For the first time in history, three county high schools, Oviedo, Seminole and Lyman, met in a swimming meet. The first was hosted by the Oviedo tankers, their first encounter ever in competition.

Results of the double-meet found the Lyman boys proving to be too much for Seminole and Oviedo, winning over the Seminoles by a 68-36 final, and handing the brand new Lions 79-27 defeat. The Seminoles boys handed Oviedo its similar style. In the girls competition, the Seminoles were triumphant in a tight, down to the wire battle with Lyman, 51-44. While both the

girls gave a top effort for this early in the season. The Seminoles boys swept all first places against the Lions but lost to Lyman by the score of 55-34 and the Greyhounds have really improved under the coaching of Skip Foster. The Seminoles did not have the depth of past seasons and not having any divers eligible cost the team

JACKSON HEIGHTS Middle School Chorus under the direction of Mrs. Mae T. Muller, music teacher, at the piano, sang for the assembly during Negro History Week at the Oviedo school. (Liz Mathieux Photo)

### Three Assembly Programs

# Students Observe Negro History Week

By LIZ MATHIEUX  
OVIEDO — The Jackson Heights Middle School observed Negro History Week, using three assembly programs for its theme "Brotherhood Begins with Respect." Monday, the program consisted of the presentation of the flag by the Girl Scouts, representing the student body on the stage were Pam Harwood, Girl Scout, Jeff Smith, Boy Scout, and Jim Graham, Student Council.

BROTHERHOOD Begins with Respect was the theme of Negro History Week observed at Jackson Heights Middle School. Three assembly programs were presented during the week by the students. (Liz Mathieux Photo)

pal, S. T. Muller, followed by an address given by Rev. C. N. Ozer, of the First United Methodist Church of Oviedo. Representing the student body on the stage were Pam Harwood, Girl Scout, Jeff Smith, Boy Scout, and Jim Graham, Student Council.

On Wednesday, the program consisted of the flag salute by Cliff Smith, Boy Scout, with a short address of welcome by the principal, Margaret Manning introduced various schoolmates who recited poetry set to music, followed by an address by Rev. Amos Jones, director of Sem-

ole Community Action. "The Impossible Dream" was sung by Miss Carrie Lee Harper. Students proceeded to their class rooms listening to "Lift Every Voice and Sing" records written by James Weldon Johnson and also received booklets of poetry.

On Thursday morning, the assembly consisted of a program presented by the students entitled "Two Races." The chorus, under the direction of Mrs. Mae T. Muller, rendered "No Man is an Island" and "Swing Low Sweet Chariot," and closed with a moving presentation of "Let There Be Peace on Earth."

During the week each student participating worked on essays. Contest winners will be announced later in the week by Principal Muller. Essays dealt with prominent and famous Negroes and extolled the value of their great contributions to science, mankind and the general well-being and progress of our country.

"Although this week's activities were spearheaded by Mrs. D. J. Moore, reading teacher, Mrs. Jess Ramsey and John Price, Social Studies teachers, at the Jackson Heights Middle School, all teachers have played an important part in these activities" said Muller.

# Cuban Fish Boats Pay Fines, Leave

By ISAAC M. FLORES  
Associated Press Writer  
KEY WEST, Fla. (AP) — While four Cuban fishing boats chugged back to Havana today after paying \$2,500 in fines for poaching in American waters, American authorities hunted for another Cuban fishing flotilla believed to be heading for Florida sea space.

The captains of the four Cuban boats were greeted warmly by their crews when they returned from Miami Tuesday afternoon after pleading no contest to charges of fishing within 12 miles of U.S. shores.

The boats were seized last Thursday when they were caught fishing seven miles south of Loghead Light in the U.S. waters.

U.S. Dist. Court Judge William Meriberts fined Capt. Eliseo Soto Fuentes \$7,500, Capt. Humberto Garcia Reyes, Humberto Bello and Bartolomeo Lambia Leira each were fined \$2,000, and the boats were hit with \$12,000 in fines in a civil suit filed by the U.S. government.

The captains were flown in chains from Key West to Miami for the court appearance then were told to go back to Cuba.

Before the 49 Cuban fishermen left, Lt. Cmdr. Richard Clements of the Key West Coast Guard Station told them through an interpreter that anyone who

# Tanzler Defeats Burns At Jax

By F. T. MACFEELY  
Associated Press Writer  
JACKSONVILLE, Fla. (AP) — Hans Tanzler's political future took on a rosy hue with a smashing victory over former Gov. Haydon Burns Tuesday for the Democratic nomination as mayor of consolidated Jacksonville.

The tall, athletic 43-year-old Tanzler, who guided the combined city-county government through its birth pangs over the past two and one-half years, polled a resounding vote of confidence.

Complete but unofficial returns, minus 1,065 absentee's votes, gave Tanzler 65,731 and Burns 38,487.

It is up to the federal courts whether Tanzler will have a Republican opponent May 11, when the city will hold a primary election to qualify as a GOP candidate for mayor without paying the \$1,500 fee, but the U.S. Supreme Court upheld Florida's fee requirement law.

Spillers has now asked the court to let him pay the fee and get on the ballot. His supporters slipped a white hat on his head and a floral horseshoe around his neck.

# Zoologist To Study Facility

Sanford's zoo committee Monday decided to prepare a zoo plan for submission to the City Commission at the 8 p.m. March 8 meeting.

Commissioner Gordon Meyer, also zoo committee chairman, said he would use the sketches made by architect Eoghan Kelley for use in preparing the zoo plan as directed by the City Commission before the December action by the commission to phase out the zoo by Sept. 70.

Harold Rowland, committee member, said efforts would be made to update the cost of casing used in the zoo removal study that was prepared in 1967.

The zoo director is scheduled to leave Sanford Friday morning.

Responding to their enthusiasm, the mayor declared: "We're going to show the public some progress they wouldn't have believed."

# \$348 Million Asked For Welfare

By JOHN VAN GIESON  
Associated Press Writer  
TALLAHASSEE, Fla. (AP) — Gov. Reubin Askew Tuesday asked for a \$348.4 million welfare budget—up \$99.4 million—on the assumption there will be staggering increases in the costs of aid to families with dependent children (AFDC) and Medicaid.

"I am proposing that the state come closer to meeting the minimum needs of those families who cannot provide for themselves (and) that the state fully fund Medicaid and relieve the counties of any costs," he said.

In the largest single slice of the \$348.4 million Division of Family Services pie, Askew asked for \$121.2 million for AFDC, a 67.8 per cent increase of \$49 million.

"We currently have 256,581 persons qualifying for AFDC payments and the estimate for 1971-72 is more than 335,000 an increase of more than 32 per cent," he said.

# No-Cooking Lunch For The Gals

By CECILY BROWNSTONE  
Associated Press Food Editor

What's cooking for a ladies' lunch? Nothing! This menu is a no-cook affair. Start off by serving hot shrimp soup—heat the ready-prepared frozen variety and add a dollop of sherry. Go on to Stuffed Pear Salad with Ham Rolls. The pears are the canned Bartlett variety and the stuffing is made with a date-walnut or raisin-cinnamon mixture. Buy the boiled or baked ham and roll it up. With the soup and salad serve packaged melba toast. No spread needed. For dessert of hot coffee or tea with bakery pastries or cookies.

## STUFFED PEAR SALADS WITH HAM ROLLS

1 can (1 pound, 13 ounces) Bartlett pears halves, chilled  
1 Date-walnut or Sunshine Stuffing, see below  
Honey Dressing, see below  
8 to 10 large thin slices boiled or baked ham  
Parsley sprigs  
Drain pear halves; reserve ¼ cup of the pear syrup. Use in Honey Dressing. (Use remaining syrup in a cold beverage or in a fruit compote.)  
Arrange lettuce at one side of each salad or luncheon size plate. Place 2 pear halves on lettuce on each plate.  
Fill pear cavities with Date-walnut or Sunshine Stuffing. Drizzle with Honey Dressing or Date-walnut or Sunshine Dressing.  
Roll up ham and place 2 rolls on each plate. Garnish ham with parsley sprigs.  
Makes 4 to 5 servings.

## DATE-WALNUT STUFFING

¼ cup olive oil  
¼ cup finely diced celery  
3 tablespoons chopped (medium fine) walnuts  
2 to 3 teaspoons Honey Dressing, see below

## DATE-WALNUT STUFFING

In a small bowl mix together the dates, celery and walnuts; moisten with the Honey Dressing.

## SUNSHINE STUFFING

¼ cup finely ground carrot  
¼ cup raisins, rinsed in hot water and chopped  
3 tablespoons chopped peanuts  
1 tablespoon Honey Dressing, see below

## SUNSHINE STUFFING

In a small bowl mix together the carrot, raisins and peanuts; moisten with the Honey Dressing.

## HONEY DRESSING

¼ cup pear syrup from canned Bartlett pear halves  
¼ cup honey  
¼ cup lemon juice  
¼ cup salad (not olive) oil  
¼ teaspoon salt  
1 teaspoon dry mustard  
Into a small bowl turn the pear syrup, honey, lemon juice, salad oil, salt and mustard; beat until blended. Cover and chill; beat again just before using. Store any leftover dressing in the refrigerator. Makes about 1½ cups.

## DIET SUPPER

Skillet Veal Snap Beans  
Tomato and Lettuce Salad  
Figure-right Apricot Custard

## FIGURE-RIGHT APRICOT CUSTARD

Ever non-dieters enjoy this dessert.

3 large eggs  
¾ cup sugar  
¾ cup skim milk, scalded  
1 teaspoon vanilla  
6 drained diet-style unpeeled apricot halves, from an 8½-ounce can

In a medium mixing bowl beat eggs just enough to combine yolks and whites; add sugar and salt. Gradually and vigorously stir in hot milk and vanilla. Put an apricot cavity side up, in each of six 6-ounce glass custard cups; apricots will float and be at top after baking. Place cups in a baking pan (about 13 by 9 by 2 inches). Fill cups with egg mixture. Pour boiling water around cups to almost height of custard. Bake in a preheated 325-degree oven until a knife inserted near center comes out clean—40 to 45 minutes. Remove from water; chill. Makes 6 servings. (Serve in cups.)

Serve minted orange juice as a first course at brunch. To do so just add mint flavoring to taste to the orange juice.

Garnish green cabbage slaw with fresh orange sections. Looks pretty and tastes good.

# Colonial Cooking Inspiring

By Susan Delight  
Capley News Service

New England has been a pioneer's paradise since early Colonial times. "I love you as New Englanders love pie" is a long-time simile used in that section of the country.

In those early days a housewife would bake 50 to 100 pies in early winter, store them carefully in the deep freeze of a nearby shed, and bring the pies out as needed. She would defrost them in a pie cupboard by the fireplace chimney. Apple pie was a popular one then, just as it is now. Others were mince, pumpkin and ginger. The latter, a raisin-type pie, closely resembles mince-meat. A recipe for spiced vinegar pie, inspired by the early Colonial variety, follows:

Spiced Vinegar Pie  
Pastry for 9-inch pie shell  
1/2 cup flour  
1 tsp. ground cinnamon  
1/4 tsp. ground allspice  
1/4 tsp. ground cloves  
1/4 tsp. ground nutmeg  
1/16 tsp. salt  
4 eggs  
1 cup sugar  
1 cup dairy sour cream  
3 tbsps. butter or margarine, melted  
3 tbsps. cider vinegar  
1 cup coarsely chopped nuts  
1 cup molasses raisins

Line a 9-inch pie plate with pastry; flute edges and chill. Sift flour with spices and salt; set aside. Separate eggs reserving only two of the egg whites. Beat egg whites until thick and pale yellow.

With clean beaters beat the two egg whites until stiff but not dry. Using a spatula, gently fold sugar into egg whites; then fold egg white mixture into yolks. Gently stir in flour mixture alternately with sour cream. Combine butter, vinegar, nuts and raisins, blend into filling. Turn into chilled pie shell. Bake in a preheated hot oven (450 degrees) 15 minutes. Reduce heat to moderate (350 degrees) and bake 25 to 30 minutes longer or until filling is set. Cool. Serve with whipped cream if desired.

"Down East" Apple Pie  
4 to 8 large, tart apples  
2-inch unbaked pie shell  
1/4 cup sugar  
1/2 cup ginger snap crumbs  
1 tbs. flour  
1/4 tsp. cinnamon  
1/4 cup melted butter or margarine

Core and pare apples, slice thin, arrange in pie shell. Combine all remaining ingredients except molasses, mix well and spread over apples. Bake at 350 degrees for about 40 minutes. Heat molasses, pour evenly over top of pie, bake 15 minutes longer. Cool. Garnish with a frill of whipped cream if desired.

SUNDAY SUPPER  
Phyll's Chicken Salad  
Watercress, Sandwiches  
Hot Apple Pie with Gherkins  
Phyll's Chicken Salad  
The toasted walnuts give this salad unique flavor.

2 cups sliced cooked chicken (white meat only)  
2-3rd cup coarsely chopped toasted walnuts  
1/4 cup finely diced celery  
1/4 cup mayonnaise  
1 teaspoon lemon juice  
2 teaspoons Worcestershire sauce

Romaine  
Mix together the chicken, walnuts and celery. In a cup thoroughly mix together the mayonnaise, lemon juice and Worcestershire; mix with chicken mixture. Serve on romaine. Makes 4 servings.

If thin crisp cookies soften on storage, re-crisp them by placing them in a 300-degree oven for 3 to 5 minutes.

Mix Seedless green grapes with diced fresh pineapple; add cream and a sprinkling of brown sugar.

Mix a half pint of fresh raspberries with about a quarter-cup of sugar and let stand until sugar dissolves. Serve as a refreshing topping for vanilla ice cream.

### Charlotte's Hot Potato Salad

By CECILY BROWNSTONE  
AP Food Editor  
SATURDAY SUPPER  
Sliced Meat Platter  
Charlotte's Hot Potato Salad  
Green Peas  
Lemon Peas  
Gingersnap

**CHARLOTTE'S HOT POTATO SALAD**  
You can prepare this salad ahead and keep it warm.  
6 medium potatoes, about 2 pounds  
12 slices bacon, about 1/2 pound  
1 1/2 cups chopped onion, about 2 medium onions  
1 cup plus 2 tablespoons cider vinegar  
2 1/2 tablespoons sugar  
1 1/2 teaspoons salt  
1/4 teaspoon white pepper  
Scrub potatoes in cold water but do not peel; cut in half. Cook in boiling salted water (1 teaspoon salt to 1 quart water) until tender—about 20 minutes. Drain, peel and slice 1/4-inch thick. Meanwhile in a large skillet, fry over low heat fry bacon until crisp, drain and coarsely crumble. Fry off bacon fat and return 2 tablespoons of these drippings to skillet; add onion and cook gently until transparent; stir in vinegar, sugar, salt and pepper, bring to a boil. Pour over hot potatoes; add crumbled bacon; toss lightly but thoroughly. Keep warm until serving time. Makes 6 servings.

### HAWAIIAN SUPPER

Polynesian Ham Loaf  
Rice  
Braised Beans  
Breadfruit Salad  
Pineapple Cake  
Elizabeth Ann Toppin  
Candied Ginger  
ELIZABETH ANN TOPPIN'S CANDIED GINGER  
This easy recipe works extremely well. It is from Hawaii Cookbook & Backyard Leafy by Elizabeth Ann Toppin (hard cover, Silvermine; paperback, Bantam)—a practical and delightful book.  
1 cup fresh ginger root, sliced across the grain  
1/2 cup sugar  
1/4 cup instant superfine sugar  
Wash, scrape and slice ginger root into thin slices cutting against the grain. Cover with cold water and boil for 5 minutes. Drain. Cover with cold water again and boil for 5 minutes. Drain, then spread ginger pieces on a clean dry towel. Prepare syrup by combining 1/2 cup sugar and 1/4 cup water. Stir till sugar dissolves. Add ginger and cook over low heat till syrup is absorbed. Shake the pot occasionally so that the ginger won't burn. Place ginger slices on rack to dry for at least an hour. Roll in instant superfine sugar. Let stand till sugar crystallizes. Store in airtight jar. Makes 1 cup.

### HUFFET LUNCH

Sherried Tomato Soup  
Garden Club Sandwiches  
Fruit Compote  
Beverage  
GARDEN CLUB SANDWICHES  
Any of this spread leftovers may be used as a topping for crackers  
2 radishes  
2 ribs celery  
1 medium carrot, pared  
1 small cucumber, pared  
1 small green pepper, seeded  
1 small onion, peeled  
1/3rd cup parsley sprigs  
1 package (8 ounces) cream cheese, softened  
1/3rd cup real mayonnaise  
1 small clove garlic, peeled and minced  
1/4 teaspoon lemon juice  
1/4 teaspoon salt  
White pepper to taste  
Thinly sliced white bread  
Put all vegetables through fine blade of food grinder. Drain in a fine-mesh strainer, presure with a spoon. Blend cheese, mayonnaise, garlic, lemon juice, salt and pepper; thoroughly stir in vegetable mixture. Chill, tightly covered, 2 hours or overnight. Makes about 2 cups. Use as filling with bread for sandwiches; cut off crusts and slice each sandwich into 2 triangles.  
Adding sherry to drained purple pears results in great flavor. You can use the leftover plum syrup in a cold drink.  
Add grated orange rind to apple cake batter for a flavor change.  
Creamed tuna has extra good flavor when sherry and sliced pitted ripe olives are added to the cream sauce.

1/4 cup fine dry bread crumbs  
1/2 cup milk  
1 egg, slightly beaten  
1 teaspoon salt  
1/4 teaspoon nutmeg  
1/4 teaspoon pepper  
1 1/2 teaspoons Worcestershire sauce  
3 cups buttermilk biscuit mix  
1/2 cup cold water  
Pour 3 tablespoons peanut oil into electric fry pan; set dial at 375 degrees; heat about 3 minutes. Add and cook until transparent; turn off fry pan. In large bowl combine sausage onions, ground beef, bread crumbs, milk and Worcestershire; mix well. Shape into twelve 3-inch loaves. Pour 2 tablespoons peanut oil into electric fry pan; set dial at 375 degrees; heat about 5 minutes. Add meat and brown on all sides; continue to cook until meat is done, about 5 minutes longer. Remove from fry pan; set aside. Pour 8 cups peanut oil into electric deep fat fryer; set dial at 425 degrees; preheat 25 minutes. Combine biscuit mix and cold water in bowl; stir with a fork until blended. Turn out onto a lightly floured board. Form dough into a ball and knead 5 times. Roll out to 1/4-inch thickness; cut in twelve 1/4-inch rounds. Place a meat log in center of each round. Gently bring edges together forming a half circle. Seal well. Using basket, immerse 4 biscuits at a time in hot oil. Fry until golden brown, about 3 minutes. Drain on paper towels; serve hot with Tomato Sauce.

### FAMILY DINNER

Skillet Chicken  
Snap Beans  
Phyllis' Cake Pudding  
PHYLLIS' CAKE PUDDING  
It's made from leftover cake.  
2 cups milk  
2 tablespoons sugar  
2 eggs coarsely scrambled dry white or yellow cake crumbs  
2 large eggs  
1/4 teaspoon vanilla  
Butter, six 6-ounce custard cups. Into a small saucepan pour milk and sugar and heat until very hot. In a medium mixing bowl beat eggs enough to combine yolks and whites; gradually and vigorously stir in hot milk mixture; add cake crumbs and vanilla and mix well. Ladle into prepared custard cups being careful to distribute solids evenly. Place pans in a roasting pan and fill with enough hot water to come half-way up cups. Bake in a preheated 375-degree oven until a knife blade comes out clean—40 to 50 minutes. Serve warm with pour cream. Makes 4 servings. (If you have leftover cinnamon bun that are on the dry side, you may crumble them and use as part of the cake crumbs called for.)

### FAMILY DINNER

Beef Stew with Mushrooms  
Rice  
Sautéed Peas  
Southern Kisses  
SOUTHERN KISSES  
1 large egg white  
1 cup firmly packed light brown sugar  
1 cup finely chopped walnuts  
In medium mixing bowl beat egg white and salt until white holds soft down-titled peaks when beater is slowly drawn down. Gradually beat in sugar until stiff straight peaks form—mixture will be very thick. Fold in walnuts. Drop by heaping teaspoonfuls, a few inches apart, on a generously buttered cookie sheet. Bake in a preheated 300-degree oven until lightly browned and firm—about 15 minutes. Cool 3 to 5 minutes before removing with wide metal spatula to wire rack. Store cooled cookies in tightly covered tin box. Makes about 24 dozen. (Some or all of the cookies will crack.)  
Chile con carne is often served with crackers, but it's also good served with crisp canned potato sticks.

# Spoon Bread Tasty With Pork Chops

By CECILY BROWNSTONE, Associated Press Food Editor. There are two different kinds of spoon bread in the world. There is the basic kind, rich with the homespun flavor of cornmeal, eggs, butter and milk. And there's the kind that calls for an extra ingredient—tomato, green chilis, corn, pimiento, rice, cheese or bacon. Today we're harking back to the basic kind—and it's a sturdy variety, not so soft as some

when it's spooned onto plates. **STURDY SPOON BREAD**  
 2 1/2 cups milk  
 1 cup enriched white corn meal  
 1 teaspoon salt  
 2 1/2 teaspoons baking powder  
 2 tablespoons butter, cut up  
 3 large eggs, separated  
 Butter entire inside surface of a round 1 1/2-quart glass casserole (7" by 2 1/2" inches) as similar utensil such as a soufflé dish.  
 In a medium saucepan over

moderate heat, heat 1 1/2 cups of the milk until bubbles appear around the edge so milk is scalding-hot.  
 In a small mixing bowl stir together the cornmeal, salt and remaining 1 cup cold milk; gradually stir into scalding-hot milk. Stirring constantly, cook just until thickened and spartan liquid will be absorbed by cornmeal. Remove from heat; stir in baking powder and butter.  
 In a large mixing bowl beat

egg yolks until thickened and lemon color; gradually stir in cornmeal mixture.  
 With a clean beater in a medium mixing bowl beat egg whites until they hold stiff straight peaks when beater is slowly withdrawn; fold into cornmeal mixture.  
 Turn into prepared casserole. Bake in a preheated 400-degree oven for 15 minutes; reduce heat to 350 degrees and bake until puffed and browned—30 to 35 minutes longer. Serve at once

or spoon bread will fall. Remove spoon bread from casserole with a large serving spoon; offer with 1/2 of butter.  
**AFTERSCHOOL TREAT**  
 Red Apple Wedges  
 Molasses Crunch  
**MOLASSES CRUNCH**  
 Please your youngsters with this easy-to-put-together sweet.  
 1 1/2 cups semi-sweet chocolate pieces  
 1/4 cup light molasses

1 tablespoon butter  
 1 tablespoon water  
 1 1/2 cups toasted ready-to-eat crisp rice cereal  
 1/2 cup raisins  
 Into a medium saucepan turn and water. Stir constantly over low heat until chocolate and butter are melted. Remove from heat. Add cereal and raisins; mix well. Drop by teaspoons onto wax paper. Refrigerate until set. Makes about 3 dozen.

**SPOON BREAD** — Delicious when served with pork chops, a green vegetable and cherry tomatoes or spiced red cranapples.

# Secret In A Perfect Souffle Is Precise Timing

By TOM HOGE, Associated Press Writer. Everyone who likes to cook dreams of making the perfect souffle, but many hesitate for fear of winding up with a fallen soufflé.  
 The secret lies in precise timing when the souffle is cooking and in serving at once when the dish is ready.  
 The egg whites which make the souffle puff up are beaten to

incorporate as much air as possible before they are folded into the rest of the souffle mix. The oven heat makes the air globules expand and gives the souffle its feathery texture.  
 There are two general categories of souffle: one made from meat, fish, cheese or vegetables which often serves as the main course of the meal. And the dessert souffle: made from pureed fruits or nuts or with liqueur.  
 There are a few basic rules to follow in making a souffle, which should guide you past the pitfalls.

The souffle dish can be the classic French one with fluted sides, but a glass, oven-proof casserole will do nicely. Just make sure you chill the receptacle in the refrigerator first and rub the inside well with butter.  
 A souffle should be cooked in a preheated oven set at 375 degrees F., and certainly no more than 400 degrees.  
 Most French cooks prefer their soufflés with the inside almost liquid so that it will serve as a sauce for the firmer outer edges. But Americans prefer

theirs cooked evenly throughout.  
 For a French souffle cooked in the American style, try this recipe: made with pureed chestnuts and chocolate.  
**SOUFFLE AUX MARRONS**  
 2 tablespoons butter  
 2 tablespoons flour  
 1 cup milk  
 1 cup pureed chestnuts unsweetened  
 1/2 cup sugar  
 2 squares (2 oz) unsweetened chocolate  
 4 egg yolks  
 4 egg whites

1 tablespoon vanilla extract  
 Melt butter in a saucepan. Stir in flour. With a rotary beater, beat milk with chestnut puree and sugar until smooth and well blended. Slowly combine chestnut mixture with melted butter and flour to make a sauce. Cook over low heat, stirring constantly until thickened. Melt chocolate and stir into chestnut sauce. Beat egg yolks. Gradually stir hot sauce into egg yolks. Cool, beat egg whites until stiff. Fold egg whites and vanilla into chestnut mixture. Pour mixture into a

heavily buttered 1 1/2 quart soufflé dish sprinkled with granulated sugar. Place souffle dish in a pan of hot water. Bake in a preheated moderate oven (375 degrees) for about 40 minutes. Serve immediately. Serves 6 to 8 persons.  
**COMPANY BUFFET**  
 Sliced Veal with Vinaigrette Sauce  
 Rice Salad with Tomatoes and Cucumbers  
 Heavenly Toast  
 Coffee Bavarois Beverage  
**COFFEE BAVAROIS**

2 envelopes unflavored gelatin  
 1 cup sugar  
 1/2 teaspoon salt  
 8 egg yolks, from large eggs  
 1 quart milk  
 4 tablespoons instant powdered coffee  
 2 teaspoons vanilla  
 2 containers (each 1/2 pint) heavy cream  
 In the top of a large double boiler or a metal mixing bowl, stir together the gelatin, sugar and salt. Beat together the egg yolks and 2 cups of the milk; stir into gelatin mixture with the remaining 2 cups milk. In a

Place over boiling water and cook, stirring constantly, until gelatin dissolves and mixture thickens slightly—about 8 minutes. (Water in lower part of double boiler may touch bottom of top part.) Remove from heat. Add coffee and vanilla; stir until coffee is dissolved. Chill, stirring occasionally, until mixture mounds slightly when dropped from a spoon. Whip cream until stiff and fold in. Turn into a 9-cup mold; chill until set; cover with plastic film. Unmold at serving time. Makes 16 servings.
