Trade Body Drive Brought To Close With Goal Near

(Continued from Page One) progressive year, basing his prediction on "the confidence indicated by the remarkable number of memberships turned in since yesterday morning."

"In these days of depression and economies," he said, "when heads of families must consider first the absolute necessities of life, it is most encouraging and gratifying to note that the future welfare of the city in which they have been considered favorably by 717 residents of this community. The record set here during the past two days ought to be spread far and wide as an indication that there is one Florida city whose residents are looking with confidence and courage toward an early return of the days which we know are ahead."

The first report turned in came from Colonel Mrs. J. W. Coates, of Oviedo, whose workers covered Geneva, Oviedo, Slavia, Chulotta and Ocoela. A total of 73 memberships came in from these cities with Major L. H. Ellis, of Oviedo, reporting as captain of his team, that 34 memberships are from that bustling town.

Colonel H. W. Loder, who

headed the Lake Monroe, Lake Mary, Paola, Altamonte Springs, Longwood, and Fern Park divisions, introduced his captains who reported a total of 72 memberships, with Mayor J. H. Menick's Longwood team leading with 19 memberships.

Colonel Walter S. Coleman's various team captains then were introduced, reporting a total of 191 memberships with Captain E. H. Laney's team turning in 71.

Colonel E. D. Shinholser's team captains reported a total of 180 memberships, with Captain W. A. Leffler accounting for 91 of them.

Colonel W. M. Haynes' captains were last to report, their efforts having produced 182 memberships, with Captain M. S. Lamson bringing in 90 of them.

When attention was called to the fact that the total was 13 short of 700 memberships, various team captains pledged memberships that brought the total to 717.

Almost every report was accompanied by the statement that "there'll be more coming as soon as we can hear from all of our workers." Taking advantage of those statements, Mr. Lehmann called upon every worker in the room to pledge himself to secure at least one membership for the next three months, "mainly because our yearly budget is based on 1000 memberships," and also

because "more than 300 people who we believe are friendly to the trade body were not solicited owing to the lack of time."

Attention was called during the dinner meeting by General R. A. Newman, to the fact that the county towns had responded in a most generous manner to the drive. He took occasion to congratulate each worker, reminding them that the trade body stands ready to assist them in any endeavor which may be projected. He pointed to the fact that the county towns' quota was 135 memberships and that already they had turned in 143 memberships.

One of the significant facts which Mr. Newman called to the attention of the group when reports had reached the more than 700 mark is that out of all the money pledged to the trade body on its 1264 memberships last year, only one seventh of one percent of it was unpaid when the year came to a close.

Among those attending the "Victory Supper" were R. A. Newman, S. M. Lloyd, S. D. Hightleyman, J. G. Sharon, B. F. Haines, of Altamonte Springs, Mrs. J. W. Coates, L. H. Ellis, of Oviedo, H. B. Levy, of Geneva, Martin Stanko, of Slavia, C. H. Ellis, of Lake Mary, L. D. Haines, of Altamonte Springs, J. H. Menick and H. W. Loder, of Longwood, R. A. Smith, Captain Clements Haller and Mr. and Mrs. Gordon Barnett, of Fern Park, Linton Allen, W. A. Leffler, H. J. Lehman, R. L. Dean, S. O. Shinholser, V. A. Williams, W. M. Haynes, Mr. and Mrs. H. M. Papworth, W. C. Hutcheson, George E. Balmer, Mr. and Mrs. H. B. Pope, Mr. and

Mrs. Julius Dingfelder, Mr. and Mrs. E. H. Laney, Mr. and Mrs. W. L. Cooper, F. S. Lamson, H. P. Kent, W. S. Coleman, May Fox, T. W. Lavton, M. S. Bloodworth, Dave Boniske, Sid. Nix, Mrs. R. A. Smith, V. A. Spurr, Mrs. Helen T. Moore, Mrs. Arthur Braun, and Miss Carmen Guthrie.

Lakeland Seeking To Equalize Load Of City Taxpayer

LAKELAND, Feb. 9.—Efforts to collect delinquent taxes and paving assessments are being inaugurated by the city commission with a purpose of giving relief to citizens who have been carrying the load, Charles Larson, city manager, explained yesterday. Commissioner Ben M. Pulliam, city mayor, was at a desk in the office formerly occupied by the comptroller, and is checking the lists closely.

With bonds selling for 30 to 40 cents on the dollar—probably less in some cases—it is believed that many property owners can make a settlement on delinquent taxes and paving to the advantage of themselves and the community. The city wants property back on the tax rolls and the commission is studying the best means of getting it there.

It was pointed out that the municipal government cannot get along unless it makes strong efforts to collect from people who are able to carry their part of the load.

LAKE WORTH.—Work on High School Campus progressing rapidly.

Celery Market Reports

Through courtesy of the U. S. Department of Agriculture in co-operation with the Florida State Marketing Bureau, R. E. Winfrey, Sanford representative.

TAMPA—Unit of J. C. Penney chain of department stores opened here.

What is a Bladder Physic? A medicine that works on the bladder as center oil on the wheels. Drives out impurities and excess acids that cause irritation which results in getting up at night, frequent desire, burning, etc. painless, safe, effective. BUN-KETON (15 gr. Tablets) is a pleasant bladder physic. Get a 7-day test box from your druggist. After four days it will have done its work and you will feel clean and fresh. You will get your regular sleep. Touchton's Bladder Drug Co. and McPherson's Drug Co., 100 BUCKETS is a boat seller.

THIS WOMAN LOST 35 LBS. OF FAT

Miss M. Kistner, of Brooklyn, N. Y., writes: "I have used Kruschen for the past 4 months and have not only lost 35 pounds but feel so much better in every way. Even for people who don't care to reduce, Kruschen is wonderful to keep the system healthy. I believe a name should know for I've tried so many things, but only Kruschen answered all purposes." (May 12, 1933). To lose fat SAFELY and HARMLESSLY, take a half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—don't miss a morning—a bottle that lasts 4 weeks costs but a trifle—but don't take chances—be sure it's Kruschen—your health comes first—get it at Touchton's Sanford Drug Co.—or any druggist in America. If not wholly satisfied after the first bottle—money back—Adv.

ABLE VERSE FOR TODAY

STAY WITH THE LORD: The Lord is with you, while ye be with him, and if ye seek him, he will be found of you; but if ye forsake him, he will forsake you.—2

Up to a late hour this afternoon Congress has not done anything for the relief of newspapermen.

Just think President Hoover has less than one month in which to be the sole cause of the depression!

That familiar song of ten years ago, "Yes, We Have No Bananas," would be quite appropriate today.

We hear a great deal about the floating debt in this country, but the real pain in the neck is the debt that won't float.

Evidently some Americans are so determined to have inflation of the currency that they are issuing counterfeit money.

An exchange suggests that the medical problem can be cured by inducing the people to eat an apple only every other day.

Roosevelt decided to postpone naming his cabinet until after he had been out to sea, which may be a good thing after all.

Practically everyone in the United States of any importance at all has visited Florida at one time or another this season, including Rudy Vallee and Franklin D. Roosevelt.

An Associated Press dispatch says only two hundred thousand persons are expected in Washington for the inaugural. That's funny. There's been that many suggested for the cabinet.

The thing we can't get over about Technocracy is that they claim a razor blade can be made which will last a life time and we can't get one which will keep an edge through one shave.

Dauntless Dan Hardie, sheriff of Duval county, has issued a communique to the effect that the "big is on in Miami." There's hope for Jacksonville and Tampa—St. Petersburg Independent. Yes, undoubtedly if they run all the crooks out of Miami, they will have to spend their winters in other Florida resorts.

Sanford shivered last night, all right, but thirty years ago, old timers tell us, almost to the minute, it got cold here in a big way. That was the night of the Big Freeze when everything in the county was frozen down to the roots except the First National Bank. And the only reason it remained was because it was more accustomed to a frigid atmosphere than the citrus trees. Boy, that was the day!

The Herald regrets a typographical error, yesterday which made one of our editorials quote the Boy Scout Oath, as follows: "On my honor I will do my best, to do my duty to God and my country, and to obey the Scout Law; to help other people at all times; to keep myself physically strong, mentally awake and morally straight." The last line should have read, "mentally awake and morally straight."

The State and Justice department have been sorely exercised over the recent perpetration upon some of our citizens by Olan Harrington, an Englishman, in connection with certain claims against the estate of Sir Francis.

But what about the forty million of dollars of government bonds? Or the ten million dollars worth of foreign securities to purchase government investments? Compared with the debts now in a big way.

Weather

With wintry blasts sending the thermometer to almost record low marks in many parts of the country, the subject of weather takes on added significance at this time.

What is the coldest point in the world? Where is it the hottest? What section has the greatest rainfall? One might say off-hand that the coldest spot would be at the poles, and that the warmest would be on the Equator, but actually that is not the case at all.

According to Charles Fitzhugh Talman, meteorologist and author of "Our Weather" and "The Realm of the Air", the title of "coldest spot" in the world goes to Oimekon, Siberia, a place well inside the temperate zone. Readings of from 90 to 100 degrees below zero have been recorded there.

The temperate zone also furnishes us with hottest places in summer. Within this limit, recordings of 183 degrees above zero have been made at In-Salah, Algeria; 134 in Death Valley, California, and 136 at Azizia, Tripolitania. In-Salah is 250 miles north of the Tropic of Cancer; Azizia, 600 miles, and Death Valley station is in about the latitude of Norfolk, Virginia.

Besides holding the record as the hottest place in the United States, Death Valley also takes the honor for being the driest, with an average yearly rainfall of 1.45 inches. A combination of, terrifically hot air and intense dryness gives Death Valley a high rate of evaporation in summer, making the climate endurable for human beings.

Many popular beliefs have been circulated about the Valley and it used to be thought that its air in many places was fatal to animal life and even to vegetation, but this opinion was modified afterward that its marshes gave off poisonous vapors.

Important only because it is known as the place where more rain is measured, on an average, than anywhere else on earth, is the village of Cherapunji, in the Khasi Hills district of Assam. The latest official average is placed at 428 inches a year, based on a record of 49 years. When it is considered that New York has an average rainfall of about 40 inches a year, then one can get a rough idea how really wet Cherapunji is. In the single month of August, 1841, this spot had a rainfall of 241 inches.

Those of us who live in a place that is not too cold, not too hot, not too dry or not too moist, can better appreciate our favored position when we consider the extremes of weather in other sections.

War Costs

Recently a chart showing the relative numerical strength of the various armies in the world was published in this newspaper. It almost gives one the cold chills to read that the United States with its vast possessions in remote parts of the world, its enormous interests in many foreign countries, and the superior wealth of its vast resources within its own borders, has the smallest regular army of almost a score of nations.

We read that Russia heads the list with a standing army of over 800 thousand, and a trained reserve of some 18 million men. France, a country which is in debt to us by several billion dollars, comes second with over 600 thousand active soldiers, and over six million trained reserves, not to mention a separate air force of over 40 thousand. Little Japan, hardly grown up but boasting for war boasts a standing army of a quarter of a million men and trained reserves of nearly two millions. While big, rich United States imagines security behind a total armed force 132,000 regulars and 307 thousand reserves.

And yet other figures regarding military defenses are equally as interesting. We have been considering the number of men actually engaged in their country's defense. Let us look at the money spent for this purpose. The United States heads the list with \$707,425,000 appropriated for national defense in 1931. France, with unfriendly nations on at least three sides, spends \$541,854,102. Great Britain, with tremendous colonies in all parts of the world, to protect, spends only \$461,475,990 on its army and navy. Italy, under Mussolini, a soldier himself, appropriates \$331,000,000 for national defense. And Japan, in 1931 just before embarking upon an era of conquest, spent only \$234,256,000 on its army and navy.

Of course, higher prices and a higher cost of living as well as a higher cost of war materials account for these discrepancies in our numerical weakness and our military appropriations as compared with other countries. No other explanation can be found for a situation which sees Russia boasting an army of over 18 millions spending less than 600 thousand on it, and the United States with a military strength of some 400 thousand, spending over 700 thousand dollars on it.

It is easy to see from such figures as these how terrifically expensive unsettled world conditions really are, and how enormously important disarmament is to American taxpayers.

SANFORD, TWENTY YEARS AGO

Will Messenger is home for a few days visiting his parents and shaking hands with his many Sanford friends. Billy is with the Jacksonville Press at Jacksonville and making good.

Mr. and Mrs. J. Cookston, of West Liberty, Ohio, have been spending the past week with the latter's niece, Mrs. W. S. Thornton.

Willie Stringfellow is in the city for a few days looking over the field with a view of starting a Bible conference.

Hon. J. H. Lee, of Oviedo, was among the prominent East Orange visitors to the city yesterday.

Shipments of celery are increasing and the total movement this week will be about 70 cars. Some mixed cars of celery and lettuce are moving to a fair demand. Cooler weather has greatly benefited the celery crop and the stock now under boards is bleaching up nicely and except where affected with blight will be all that could be desired.

A few years ago Kansas banished roller towels. Many people laughed at the idea then, but now other states, interstate transportation companies, many hotels and other institutions have followed suit. The movement for the

YOUR INCOME TAX

INCOME TAX IN A NUTSHELL

WHO?—Single persons who had net income of \$1,000 or more or gross income of \$3,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? The filing period begins January 1 and ends March 15, 1933.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? See instructions on Forms 1040A and 1040.

WHAT? Four per cent normal tax on the first \$4,000 in excess of the personal exemption and credits. Eight per cent normal tax on the balance of net income. Surtax on net income in excess of \$8,000.

INCOME-TAX DONT'S

DONT prepare your return without first studying the instructions on the form.

DONT procrastinate. Early assembling of data permits a careful consideration of all tax problems.

DONT destroy the memoranda from which your return was prepared.

DONT omit explanation when such information is essential to an intelligent audit. Attach memoranda to your return.

EXEMPTION ALLOWED STATE EMPLOYEES

The compensation of officers and employees of a state or any political subdivision thereof, if the services of such officers or employees are rendered in connection with activities which constitute the discharge of an essential governmental function, as distinguished from a proprietary function, is exempt from federal income tax. The compensation of such officers and employees is subject to federal income tax if their services were rendered in connection with the exercise of a proprietary function. For example, the compensation of the governor of a state, the mayor of a city, councilmen, board of aldermen, public school teachers, firemen, and policemen is not subject to federal income tax. Public commissions in states are exempt from federal income tax. Compensation received by employees of a municipally owned waterworks or street railway or electric-light plant is subject to federal income tax, as such activities are proprietary rather than governmental in character.

Fees for special services to a state are taxable, as, for example, compensation paid architects and builders for planning and erecting a state capital or other state or municipal building. An officer or an employee of a state, for the purpose of the income-tax law, is one whose services are continuous and not occasional or temporary. Certain new provisions are contained in the revenue act of 1932 under the above-mentioned heading limiting the deduction for losses sustained on the sale or exchange of stocks and bonds which are not capital assets—that is, which have not been held for a period of more than two years. In accordance with the limitation, such losses may be deducted only against gains from similar transactions for the year, although the amount of the excess of such losses disallowed as a deduction for the year 1932 may be carried forward and taken as a deduction against gains from similar transactions for the succeeding year to the extent of the taxpayer's net income.

A discussion of many important subjects will be heard during this meeting. Services will be held every night except Saturday at 7:45 o'clock.

For itching feet, Eczema, Tet. etc. Ring Worms and all skin irritations or insect bites. Sold under money back guarantee, if not satisfied. For sale at TRY NEWZO TOUCHSTONE'S SANFORD DRUG CO.

DR. L. T. DODD, Chiropractor, Acute and Chronic Diseases, Rheumatism, Neuritis, Sciatica, Headache, Stomach, Liver, Kidney, Bladder, Glandular, Nervous, and all other ailments. Phone 123. Office 222 S. Palm St. Sanford, Fla.

Long's Meat, Is A Treat To Eat

for the year 1932. It is also to be noted that such loss may not be offset against capital gains.

The above-mentioned limitation is in general applicable to both corporations and individuals as well as other taxpayers. By the terms of the statute, however, the limitations does not apply to dealers in securities as to stocks and bonds acquired for resale to customers or to banks or trust companies incorporated under the laws of the United States or any state or territory.

In defining "stocks and bonds" for the purpose of such limitation the statute specifically excludes therefrom bonds issued by a government or political subdivision thereof. Such exclusion not only includes bonds issued by the Government of the United States or a state or political subdivision thereof but includes bonds issued by a foreign country or foreign municipality. It therefore follows

tained on the sale or exchange of that the deduction for losses sustained on such bonds is not subject to such limitations

Literature Group Of Club Holds Meeting

Election of officers and talks by Mr. and Mrs. Julius Dingfelder were features of the regular meeting of the Literature Department of the Woman's Club held Wednesday afternoon at the club house with Mrs. S. O. Shinholser in charge of the program and Mrs. M. A. Martin and Mrs. C. W. Baker as hostesses.

The following members will serve as officers during the coming year: Dr. Elizabeth Tracy, chairman; Mrs. E. D. Brownlee, vice-chairman; Mrs. J. B. Root, secretary; Mrs. G. H. Brown, chairman of the finance committee; Mrs. Julius Dingfelder, chairman of the membership committee; and Mrs. S. O. Shinholser, program chairman.

Mrs. Dingfelder gave a comparison of the German and American customs and modes of living after which Mr. Dingfelder told of the history and development of the youth movement in Germany. He stated that the idea of a youth movement began centuries ago but the present organization was an outgrowth of reactions in Germany after the World War.

He added that when he left Germany the object of the organization was to promote means of enjoying life and membership was open to anyone procuring a permit from the Department of Interior. At the present time the movement is controlled by political parties and membership is granted according to belief.

At the conclusion of the talks an informal social period was enjoyed when refreshments were served by the hostesses. Among those present were: Mr. and Mrs. Julius Dingfelder, Mr. and Mrs. H. H. Walther, Mrs. H. H. Coleman, Mrs. Rosa Markwood, Mrs.

Social Calendar

FRIDAY
Miss Ann Gabriel will give a lecture at 7:30 o'clock at the Junior High School auditorium. A Valentine bridge party, entertainment and dance will be given at 8:00 o'clock at the Elks Hall for the benefit of the building fund of All Souls Catholic Church.

Mrs. Fitts Hostess Honoring Her Club

Complimenting the members of her bridge club, Mrs. A. W. Fitts, entertained with a bridge luncheon yesterday morning at her home on East Second Street. At the conclusion of the bridge games, high score prize, a luncheon set, was awarded to Mrs. Ralph B. Wight.

At the noon hour the guests were invited into the dining room which was decorated for the occasion with quantities of bright colored azaleas. Luncheon was served in courses from the long dining room table which was overlaid with a lace cloth and centered with a bowl of azaleas.

Those present were: Mrs. M. S. Wiggins, Mrs. B. L. Perkins, Mrs. Ralph B. Wight, Mrs. Ha' Wight, Mrs. D. D. Caldwell, Mrs. Winston Hayes, Mrs. Walter S. Coleman, and Mrs. Floyd A. Palmer.

NAMES OMITTED
The names of Mrs. Smith Harlin, Mrs. L. P. Hagam, and Mrs. C. A. Ponder were omitted.

Miss Margaret Wight Honored With Party

In honor of Miss Margaret Wight, of Cairo, Ga., who is visiting friends here for some time, Miss Billie Wight entertained with an informal waffle supper last night at her home in Mayfair. Supper was served by the hostess, assisted by her mother, Mrs. Hal Wight, and Mrs. A. W. Fitts.

Later in the evening card games were enjoyed by the guests. A profusion of pink roses and other garden flowers were used to adorn the rooms where the guests were entertained. Those present were: the Misses Margaret Wight, Katherine Spines, Frances Morrow, Carmita Barber, Mary Maxwell, and Billie Wight.

PLANS ARE MADE

Plans for the coming month were made at the executive meeting of the Christian Endeavor Society of the First Presbyterian Church held on Tuesday evening in the ballroom at the church. Through inadvertence in the story about the meeting of Circle Number Two of the First Methodist Church which appeared in the Tuesday issue of The Herald.

SATURDAY DOUBLE SHOW

Tom Mix in "Flaming Guns"
Clive Brook "Sherlock Holmes"

MILANE

"Sherlock Holmes" At Milane Saturday

"Sherlock Holmes," the master detective, will live again on the screen Saturday where he matches wits with law and order in solving his most baffling problem.

Clive Brook plays the title role in this new Fox picture and the leading feminine role is enacted by Miriam Jordan, who left the stage to play a featured role in "Six Hours to Live" with Walter Baxter and John Boles.

Ernest Torrence appears as "Moriarty," the constant ponderer of "Holmes," and other important roles are portrayed by Alan Shaw, Arnold Lucy, Howard Leeds, Brandon Hurst, Claude King, Lucien Prival, and Stanley Fields.

The picture was directed by William K. Howard of "Transatlantic," "Scotland Yard" and "The Sign of the Cross."

It was announced that the Religious Education Committee, Spott Lodge, chairman, will have some programs for the month. It is especially interesting as they will deal with the founding of the Presbyterian Church.

Miss Dekle Presides At Meeting Of Group

Miss Lucille Dekle presided over the regular meeting of the World Club Group of the First Methodist Church held on Wednesday afternoon at 3:30 o'clock at the church. Mrs. A. K. Shoemaker, mission study superintendent, entertained with a story, "Heroes of Africa."

Those present were: Mary Schmehl, Olive Chapman, Peggy Hoochan, Laura Schmehl, Mabel Chapman, Lucille Dekle, Georgia Dekle, Gwynn M. Crum, Billy Hoochan, Katherine Spencer, Ansel Powell, Geraldine Rigney, Al Rigney, Mary Wyatt Raliff, Jane Schultz, Joe Greenhaw, Buster Ferguson, Frank Keene, Harriett Hayman, and Helen Shoemaker.

Two inches below, biscuits were baking at 475°. Yet this forty-five pound block of ice melted less than 4 ounces in fifteen minutes. With an electric oven there is no flame. The hot air in the oven stays hot, and the cool kitchen stays cool.

IN THE OVEN IT WAS 475°

An ordinary flame-type range requires air in order that the flames may burn. Cool air must go into the oven and the steam, fumes and hot air must escape. That is why the kitchen heats up with a flame-type range.

With electric cookery there will be no heat and bad air in your kitchen to make you tired and nervous.

With the insulated electric oven you can bake or roast for many hours without raising the temperature of your kitchen 1°. Ask any employee or your favorite electric dealer about this cool way to cook.

HILL HARDWARE CO. SANFORD FLORIDA

PIGGY WIGGLY IS CELEBRATING ITS ANNIVERSARY

Local Units Putting On 1 Of Their Most Important Sales

A double celebration, celebrating the seventeenth anniversary of the birth of the Piggy Wiggly idea and the third anniversary of the Lovett's Groceries system of modern food stores will be observed by the local units of the

Unusual Bargain In Antiseptics At Local Druggists

Local druggists are introducing a new oral antiseptic made by the makers of Vicks VapoRub. It is called Vicks-Vorone-Antiseptic. Of course, the only real proof of its quality and economy is actual use. To make this proof possible, a special trial size has been prepared. It contains 2 1/2 ounces—a 25c value. Its price, while the limited supply lasts, is only 10c. You can use Vicks Antiseptic in your customary way, for bad breath; as a gargle, mouth-wash, or antiseptic lotion; and for all the other customary antiseptic uses.

divisions with one of the most important sales of quality foods in modern times, it was announced Thursday.

The anniversary of the systems will be celebrated here with a week-long sale, beginning Friday, Feb. 10 and closing Thursday, Feb. 16. A host of nationally advertised famous foods, choicest meats and fresh fruits and vegetables will be featured in the event and managers of the three stores declare prices have been more sharply cut than at any time within the memory of their long connection with the systems.

The story of the rise of Piggy Wiggly from a single unit in Tennessee 17 years ago to a food system which is now in the front rank of word leaders, reads like fiction.

The rapid rise of the Lovett system from a single unit three years ago to a vast host of stores throughout Florida and Georgia has been no less phenomenal than the rapid strides made by Piggy Wiggly, local managers declare. The Lovett idea features service to the customer. Like it, you yourself or have a courteous clerk wait upon you.

The Winn & Lovett Grocery Co., which operates these systems of popular food stores constantly seeks to improve the service of its company insist. Fruit and vegetable sections were added and then improved until now they occupy a large and important section of every store. Meat markets were added, because meat, after all, is one of the most important of foods. Every suggestion and need of the shopper was considered and adopted if possible. And the result? Just step into any store in

the system; orderliness, cleanliness, attractiveness, convenience and advantages too numerous to list. But that isn't all. Winn & Lovett intends to go on improving, to be as modern as every minute of the day, officials of the company said today.

Although national in scope the Lovett and Piggy Wiggly stores in this division are Florida owned and buy vast quantities of Florida and Georgia products. The Winn & Lovett Grocery Co., which operates these stores, has its own creamery at Ashburn, Ga.

Attention is directed to the store's advertisement elsewhere in this paper which lists a few of the many special prices effective during the anniversary sale.

80 Lives Reported Lost In Cold Wave; Florida Is Spared

(Continued from Page One)

The Mississippi delta's low was 7.

Atlanta had a five year record low of six above but at 2 it had gone up to 30 with a drop expected as the sun went down.

It was around 24 at the lowest at Jacksonville but during the day rose to 40. Temperatures in the northern part of the state were forecasted about the same as those of last night.

HOOVER SEEN AS OPPOSED TO BROAD POWERS

(Continued from Page One)

hope that Representative Byrns, of Tennessee, chairman of the appropriations committee, would return. Byrns has been ill for several days.

Despite Snell's avowed opposition to the proposal, the Democratic leadership predicted President Hoover would sign the treasury post office bill if it reaches him at this session.

The New Yorker blocked the Democrats' effort in the House to send the measure to conference early in the day, in the ground that "this bill contains some of the most far-reaching legislation ever to reach this House" and added he did not want "to abrogate all the rights of Congress."

Undeterred, the Democrats obtained a rule from the House rules committee and plan today to disagree to the Senate amendments and send the bill to conference between members of the appropriations committees of the two branches. Buchanan said that it probably would be next week before the House would be called upon to vote on the new proposal.

Seeking further economy, the House Democrats plan to retain the Bratton amendment calling for a five percent reduction in all appropriation bills and to eliminate the Costigan amendment, approved by the Senate, exempting federal salaries from this cut.

"I shall oppose giving any executive carte blanche authority to reorganize and abolish the entire executive department of government," Snell said. "Those provisions would make an absolute dictator of Mr. Roosevelt. It would give him more power than any executive in the world."

Republican leaders in the Senate indicate they would oppose Garner's proposals.

21 years. Nashville, which recorded two below at 7 A. M. yesterday had a high of 17 during the day and the weather bureau predicted 12 above for last night with probably more snow today. A 9 degree low mark at Memphis lasted only a short time, the mercury hitting 20 early in the afternoon with a 10-15 drop on schedule during the night. Warmer was forecast today.

Little Rock shivered, at 7 above early yesterday and the high mark in the afternoon was 19. Other cities in the state reported warmth after lows of the preceding night.

Birmingham with a 7 above low climbed up to 26 at 2 P. M. with two more degrees higher seen before the night's predicted drop. It warmed up considerably in Virginia during the day. An unofficial low of 8 below at Norton in the West Virginia mountains was recorded. The state's official low was 2 below at Wethersville. Richmond had an 8 above.

Charlotte, N. C., registered a low of 12 yesterday and was expected to be the same during the night. Asheville had a zero mark for its lowest reading and there were several other cold spots, whose names went that low, in other sections of the state. South Carolina was a few degrees warmer.

WOMAN IS KILLED AS SACRIFICE IN STRANGE RITES

7 Members Of Family Held In Jail In Connection With Death

INEZ, Ky., Feb. 10.—(AP)—From the hills of Kentucky yesterday came the weird story of an alleged human sacrifice, offered up in the bizarre rites of a mountain cult. Praying and shouting in the "unknown tongue," a mountain folk, seven members of a family are in the Martin county jail here in connection with the death of Mrs. Lucinda Mills, 72-year-old mountain mother.

Officers who arrested them near Tomahawk, west of Inez, charged the aged woman had been strangled. They said they looked into the barred hms of the Mills family, far in the mountain fastnesses, as plans were being made

to place the body on an altar. Rites that culminated in the alleged sacrifice lasted for many hours, officers said, and were preceded by a period of fasting that began in the Mills home on Friday.

Similar rites had been held frequently in the little mountain settlement, the officers asserted, since a revival meeting last year when the village was aroused to fanatic frenzy.

Officers charged that two daughters, a daughter-in-law, two sons, a grandson, and two sons-in-law of the aged woman took part in the weird rites performed behind locked doors and shaded windows. All were arrested, six of them charged with the slaying and one as a matrilial witness.

Hours of praying, shouting, singing and dancing, cult members told officers, brought "divine commands" to offer the life of a human as a sacrifice.

Mrs. Mills was chosen, they said, and her son, John, 36, clutched her by the throat as other cult members watched. She was taken into the barred hms of the Mills family, far in the mountain fastnesses, as plans were being made

ing to prevent the sacrifice but feeling impelled him to stand back. Then, the sacrifice completed, he said, chains were tied about his throat and plans were made for a burnt offering.

A cross on an altar, he said, was to be erected and her body was to be placed upon it and burned. Officers said their discovery of the alleged sacrifice halted the burning.

NOTICE TO TAXPAYERS

Sanford, Florida, February 10th, 1933

As required by Section 12, Chapter 5336, Laws of Florida, NOTICE IS HEREBY GIVEN that I will be in the following places, on the date and between the hours set after each, for the purpose of receiving TAX RETURNS for the year 1933.

A. VAUGHAN, TAX ASSESSOR

GOOD FOODS AND INEXPENSIVE!

When money was plentiful it wasn't such a hard job selecting good appetizing foods for your family—but now while money is so scarce, and a little bit must be made to go so far—it's pretty hard sometimes to serve the kind of foods that make eating a real pleasure—that's unless you are an A&P customer. A&P customers have found that we have reduced prices in proportion to the times—and that they can still secure the tastiest delicacies as well as the necessary staple foods of the highest quality, at prices that do not wreck the food budget!

Life Of Richest Girl In Chicago Goes Digging With Few Claimants

CHICAGO, Feb. 28.—(AP)—The life of the richest girl in Chicago, going to the grave, has been dug up by her own right. No one seems to want it. Yet the wills and testaments of three Chicago grandfathers named three girls to the field of possible claimants.

They were: Betty Orlford, "sun" heiress, granddaughter of the late William Wrigley, Jr.; Katherine Crane, "iron heiress," granddaughter of the late H. B. Crane, known through his life as

Former Carl Dean Wins Their Battles In Quarter-Finals

CHICAGO, Feb. 28.—(AP)—The former Carl Dean, who won the 1928 Olympic gold medal in the 100-yard dash, has won his quarter-final battle in the 100-yard dash at the 1934 American Athletic Union championships here today.

Dean, who was defeated in the final of the 100-yard dash at the 1928 Olympics, won his quarter-final in 15.8 seconds, ahead of the other competitors.

Dean's victory was a surprise, as he had not been expected to compete in the 100-yard dash at the championships.

NATIONAL GUARD NEWS

The National Guard, having the honor of being the first to receive the new National Reserve Corps, is now being organized in the various states.

The National Guard is a part of the United States Army, and is composed of men who are citizens of the United States and who are between the ages of 21 and 45.

The National Guard is organized into regiments, battalions, and companies. Each regiment is commanded by a colonel, each battalion by a major, and each company by a captain.

WARRIORS' NAMES

The names of the warriors who fought in the battle of the Marston, which took place on the 25th of May, 1141, have been discovered by a group of historians.

The names of the warriors who fought in the battle of the Marston were: King Stephen, King Matilda, and their respective supporters.

The battle of the Marston was a decisive battle in the civil war between King Stephen and King Matilda for the English throne.
