

Sanford-DeLand Game Postponed Due To Weather

The game between the Sanford Giants and the DeLand Red Hats was postponed at the Municipal Park last night, and as the result of the postponed game, the Giants and the Hats will play a twin bill at the local park on Aug. 19, which is the last time the DeLand club comes to Sanford in the 1943 season.

The Giants gained one-half game on the St. Augustine Saints last night. The Saints dropped a 4 to 3 game to the Leesburg Pirates last night. Leesburg's Howard Bailey limited the Saints to eight hits to register the victory. Bill Story and Stan Karpinski worked for the Ancient City nine.

The Daytona Beach Islanders trimmed the loop leading Orlando Senators in Daytona Beach by a 4 to 1 count. Stubby Stabelfeld racked up his 22nd victory of the year. Orlando's Lou Howell was rapped for ten hits by the Daytona club. The contest was "Sam Demma Appreciation Night" in honor of the late manager.

Palatka and Gainesville were rained out at Gainesville.

Tonight the Giants move to Leesburg, and tomorrow evening the Giants play the Pirates at the local park.

All-Star Contest In G-F Loop Rained Out

MOULTREE, Ga., Aug. 11 (AP)—Four thousand or more fans expecting to see the Georgia Florida League's annual North-South game hoped for clear skies tonight over the baseball park of the Moultrie Athletics, site of the fray.

Showers caused postponement of the game last night. The weather man indicated it may rain again today.

The game pits the stars of the four northern cities of the league—Albany, Americus, Cordele and Moultrie—against the leading players of the southern cities—Tallahassee, Thomasville, Waycross and Valdosta.

The "Confederates," piloted by Manager Jack Rothrock of the Tallahassee Pirates, are the favorites. The squad includes the cream of the three first division clubs—the first-place Valdosta Dodgers, the second-place Waycross Bears, and the fourth-place Thomasville Tigers.

Manager Bob Stanton of the Albany Cardinals will direct the "Yankees."

Both teams comprise 15 players, picked by sports writers who cover the league.

The first pitch is slated for 8:15 P. M.

M. J. Moss To Reward Home Run Hitters

M. J. Moss, Jr., Orlando real estate man, has announced that he will give \$7.50 to all players of the Florida State League who hit home runs. The offer was made to include all remaining games on the 1943 schedule.

Ray Rosenkrantz of Sanford will be the first to receive an award for rapping a home run in the Orlando park last Sunday. Len Matle will also receive a like amount for hitting a four

Battle Of Giants To Be Held Tonite At Volusia Oval

The feature ninth race at the Volusia County Kennel Club in Daytona Beach tonight could be fittingly called a "battle of the giants," for Racing Secretary Merrill Watts has assembled a whole octet of wonder greyhounds to gallop in this classic. Both Rolling Roy and Gloria Ann will be there. The latter is regarded as the track's "First Lady," while Roy is the "super-runner" which humbled beautiful Palatka in a two-dog exhibition match last Saturday. Many persons regard Gloria Ann as the local oval's ace of aces, but hundreds of dog racing fans think that Roy will push her from that pedestal tonight.

And Gloria's prestige also will be threatened by nimble-footed Snow and Sleet. This brilliant female, in a big track upset, defeated her just recently. Olla Honey Bird is another serious threat. In her last five races she has come in either to win or to place. And then there is Rapid Feller. Everyone knows that he has what it takes but he never opened up locally until last Monday night. Then he pulled a brilliant win in the seventh race.

Other races which will run in tonight's main attraction are Ante Over, Poverty, Pride and Little Super.

- 1st Race 5:10th Mile: First Half Daily Double: Blue, Blue, Chillum, Chocolate Eyes, Aspire, Poplar Joe, Texas Flyer, King Midas, Top Hatler.
- 2nd Race 5:10th Mile: Last Half Daily Double: East Lynn, Backstroker, Shatto, Happy Leah, Dixie, Top Hatler, Ray Moultrie, Struff.
- 3rd Race 5:10th Mile: Dash 1/2 Mile: Jaded John, Pincock, Dina, Hoosier Ace, Diamond Tops, Korm Queen, Sky Lane, Sly Hoot.
- 4th Race 5:10th Mile: Susan Slavers, Texas First, Moon Rocket, Mr. Testosterone, Jo A Jolly, He Happy, Wanango, Slabury, Jol.
- 5th Race 5:10th Mile: Princess Mink, Klondike, Lady's Happy, Dismal, Hel-dorado, Jopell Box, Juvia.
- 6th Race 5:10th Mile: Mad Atom, Shiri Hand, Junction Jones, Huber's Choice, Tom's Commander, With Pleasure, Benny Squawk, Lucky Scott.
- 7th Race 5:10th Mile: Joe Major, Mystery Spot, Featured Anniversary, In Action, Symphony, Prize Label, Howards-town Bridge.
- 8th Race 5:10th Mile: Dusty Rebel, in Dutton, Pay Out, Rolling Canyon, Whiting Miss, Big Bomber, Now, Myagard, Conard.
- 9th Race 5:10th Mile: Little Super, Snow and Sleet, Poverty, Pride, Rolling Roy, Antelope, Gloria Ann, Olla Honey Bird, Rapid Feller.
- 10th Race 5:10th Mile: Viking Lane, Dumb Deal, Candy Lane, Jill Shink, Purley Hootler, Bomber, Mr. Pleasant, Mr. Sea Swallow.

Nine Major League Teams Have Chance To Capture Loop Flags

By JOE REICHLER
ASSOCIATED PRESS SPORTS WRITER

Nine teams are still in the running for the Major League flags today as the greatest of all baseball campaigns roars past the two-third mark.

The list includes Cleveland, Philadelphia, Boston and New York in the American League, and Boston, Brooklyn, St. Louis, New York and Pittsburgh in the National.

Only two and a half games separate the first four clubs in the American, while six and a half games separate the first five teams in the senior circuit.

At the moment, the Indians and Braves are on top, but neither position is secure. Only a matter of percentage points separates the Tribe from Connie Mack's amazing Athletics. The Braves, who lead a three game lead, are slipping fast. A month ago they enjoyed an eight game bulge.

By splitting a twilight night doubleheader with Washington while the Tigers were defeating the Indians, 7-3, in Detroit, the A's tied Cleveland for first in games won and lost. However, since they've played six more games and could do no better than get an even break in them, the A's trail the Tribe by six percentage points. After the Senators won yesterday's opener, 8-2, the A's came back to win, 11-2.

The Red Sox moved past New York into third place two games off the pace by growing the Yankees, 9-6, in New York. The New Yorkers dropped into fourth place, two and a half games behind the leaders.

In the only other game yesterday, the St. Louis Browns advanced within a game of sixth place by vanquishing the last place Chicago White Sox, 3-1.

Bobby Feller, trying for his 12th victory, went down in his 12th defeat instead when he was clubbed for eight hits and five runs in the six innings he worked. Young Ed Grady of the Tigers struck out 10 in the 7 1/3 innings he pitched to rack up his second victory in as many starts. Pat Mullin's 18th home run in the fifth produced three runs and pinned the loss on Feller.

A crowd of 67,591 saw the Red Sox come from behind with five runs in the eighth to defeat the Yankees. Vern Stephens' double off Vic Raschi with the base loaded was the big blow. Tex Hughson, pitching in relief, was the winner.

Trailing 3-0, the Giants scored four runs in the seventh, added two more in the top of the eighth, then staved off a Boston rally in

Sgt. Arthur Dudley Stationed In Japan

WITH THE EIGHTH ARMY IN OSAKA, JAPAN: (Special)—Sgt. Arthur C. Dudley, son of Mr. and Mrs. Acy Dudley of 1109 Orange Avenue, Sanford, Fla., is a member of the 24th Infantry, now stationed at Gifu, Japan; The 24th Infantry is a part of the 25th Infantry (Tropic Lightning) Division, commanded by Brigadier General Everett E. Brown.

Sgt. Dudley is a section leader in Com. M. and during a recent range firing he qualified as sharpshooter with the M-1 Rifle.

Sgt. Dudley entered the Army in October, 1942 and received his basic training at Camp Hood, Texas. He departed for overseas duty in February, 1947 and since arrival in Japan was assigned to the 24th Infantry.

Before entering the service Sgt. Dudley attended McChapter school.

Olympic Meet

(Continued from Page One)

Oyster Bay, N. Y., won the sixth race in the championship seven-race yachting series on congested Tonnage Bay.

The United States has strong title chances in this and in the star and firefly dinghy class.

Over in the Empire Pool House at Wembley, Welterweight Horace Herring of St. Petersburg joined three American teammates in the third round of the boxing tournament.

The rugged U. S. Navy 147-pound champion banged out a decision over Peter Foran of Erie to catch up with teammates Frankie Sodano of Philadelphia, 112; Wallace Smith of Cincinnati, 135, and Edward Johnson of Kansas City, 126.

But Uncle Sam's fighters suffered two reversals.

Washington Jones, 22-year-old U. S. middleweight from Loveloy, Ill., was disqualified in his second round bout with A. Gavignac of Belgium for hitting with an open glove. The disqualification came in the second round with Jones apparently well ahead on points.

Charlie Spelzer, 18-year-old Detroit truck driver who fights in the light heavy division, was beaten on a decision by George Hunter of South Africa.

Stanley A. Stancayk of Detroit lifted 286½ pounds in a two-hand press in the light heavyweight weight lifting competition for a new Olympic record.

It was the 17th record established in the competition and maintained a 100 per cent average of a new mark in every division. American fencers defeated France, 11-5, and Holland, 9-2.

Members who participated in these conquests were Norman Armitage of Greenwich, Conn., Tibor Nyilas of New York, Dean Cetrulo of Hollywood, Calif., and Miguel De Capriles of Pleasantville, N. Y.

Long Session With Samarin Proves Futile

House Group Says Teacher To Be Held As Source Of Future Information

WASHINGTON, Aug. 12.—(AP)—President Truman repeated today that he thinks the Congressional spy hearings are a red herring. And he said they have the strongest kind of a smell.

WASHINGTON, Aug. 12, (AP)—The House Un-American Activities Committee questioned Michael Samarin, Russian school teacher, today, but said it got no "pertinent information" from him.

At the end of an hour and a half session with Samarin behind closed doors, Chairman Thomas (R-NJ) told reporters the witness would be held under subpoena "as a source of future information."

Meanwhile in Washington the House Un-American Activities Committee announced that "preliminary steps" had been taken to prosecute some spy hearing witnesses for perjury—lying under oath.

On the perjury move, Thomas said George Morris Fay, United States attorney for the District of Columbia, has obtained a transcript of all hearings in the committee's current investigation of an alleged espionage ring. Thomas said Fay is "particularly interested in the perjury angle."

Several committee members have demanded that the Justice Department institute perjury proceedings. They said testimony has been so conflicting that it was obvious some one was deliberately lying.

Georgia Negroes Are Left Stranded In Michigan Fields

SAVANNAH, Ga., Aug. 12.—(AP)—Complaints that 220 Georgia negroes taken to Michigan for farm work had been left stranded in that state, have brought an investigation by the Georgia State Employment Service.

Employment Service spokesmen said today the negroes would be furnished transportation back to Georgia or offered employment in Michigan.

Difficulties encountered by the negroes were reported recently by the Pontiac (Mich.) Daily Press. The newspaper said one of the workers, Reuben Shavers, who lives near Savannah, appealed to the Veterans Administration office in Pontiac for help.

Shavers was described as destitute and ill. He said illness forced him off a truck loaded with Savannah negroes who were enroute to a point near Pontiac to pick cucumbers. His plea for help was turned over to the Red Cross in Pontiac.

The Georgia Employment Service office in Atlanta said the negroes were recruited by Clyde Thompson, of Savannah, for work in cucumber fields near Linwood, Mich. The state office said it understood Thompson operates a farm near here and was a grower in Michigan.

Michigan Employment Service officials were contacted to determine if seasonal labor was needed. Michigan authorities confirmed the need, Georgia employment spokesmen reported.

H. R. Nelson, Savannah area supervisor for the Georgia Employment Service, said the negroes were recruited here in July. They were to receive half the price of the cucumber crop and be given housing and transportation back home.

Meeting Planned To Set State Mapping

GAINESVILLE, Aug. 12 (AP)—A committee of engineers is meeting at the University of Florida today for the purpose of planning a two-day conference to be held in October in an effort to coordinate the Florida mapping and surveying efforts of various federal, state, and private groups.

Professor Tom L. Brantford of the University's civil engineering department, who heads surveying courses at the institution, said that the steering committee meeting today hopes that the October conference will aid in the early completion of adequate mapping of the state.

Forecasts A Woman President

IN THE WHITE HOUSE rose garden, President Truman shakes hands with two of the 94 teen-agers who are in Washington to attend a Girls' Nation assembly sponsored by the American Legion. They are Lillian Gong (left), Miami, Fla., and Kennon Kethley, McAllen, Texas. The President told the high school girls that "some day the lightning may strike" one of them and make her President of the United States. (International)

U. S. Offers Seat On Danube Board For Concessions

Cannon Offers Trade For Representation By Germany, Austria

BELGRADE, YUGOSLAVIA, Aug. 12 (AP)—Britain challenged Russia today to prove she has riparian rights on the Danube, a river that touches the Danube touches Soviet soil. Russia claims to be one of the riparian states with the right of jurisdiction over the waterway. So does the Soviet Ukraine. The Ukraine does touch the Danube just barely. But if the Ukraine is considered separate from the rest of the Soviet Union, the nearest Russian point to the Danube is about 100 miles away. Britain's Ambassador Sir Charles Peake waded a map, Show him, he demanded, where the Danube touches Russia except in the Ukraine.

By ALEX H. SINGLETON BELGRADE, Yugoslavia, Aug. 12, (AP)—The United States offered today to trade away its seat on a new Danubian Control Commission in return for representation for Austria and Germany.

"The United States does not insist upon becoming a permanent member," said U. S. Ambassador Cavendish Cannon. "When Germany and Austria become members of the commission, and adequate provision is made for non-riparian representation, the United States is prepared to give up its position."

The offer was laid down as the conference began debating the Soviet proposal that membership on the commission be limited to the Danubian States alone. This proposal would give Eastern Europe's Communist bloc exclusive control over affairs of the 1,800-mile long trade artery.

The United States has offered an amendment to set up immediately an all-member commission which would provide for "full and equal" membership for Germany just as soon as she received a peace treaty, or earlier if agreement is reached by the other members of the commission.

Cannon told the conference that the United States interest in the Danubian question is based upon its effort to preserve peace and in the economic progress of Europe in general. He said that interest is not limited to one region.

The American amendment drew a prompt and sharp attack from members of the Communist majority which foreshadowed defeat of the amendment, probably late today.

MORE MONEY
TALLAHASSEE, Aug. 12.—(AP)—Governor Caldwell said today he has "reason to believe" money may be available in the next few months to boost the monthly payments to Florida's most needy dependent children, aged and blind.

DIXON ARRESTED
JACKSONVILLE, Aug. 12.—(AP)—A man identified as Jack Dixon, 34, was arrested here today and held in connection with a week during the trailing season. A soda fountain will be operated and soft drinks will be served. There will be facilities for playing pool, ping pong and other games.

Report Is Made Of Progress On Road 46 At C Of C

Pope Says Property Secured For Fill Near Geneva Bridge

Progress in routing the Sanford link in State Highway No. 46 from Geneva Avenue along the shore of the St. Johns River and Lake Monroe to Sanford Avenue, was reported last evening by County Commission Chairman H. B. Pope to directors of the Seminole County Chamber of Commerce at a meeting at the Tourist Center, said Edward Higgins, manager.

Mr. Pope revealed that the property necessary for construction of a new fill and bridge near the present Geneva Bridge has been secured and that the deed had been submitted to the State Road Department.

County Engineer M. C. Hagan has been instructed to check over the route between Geneva and Sanford Avenues with the idea of eliminating some of the objections to the present route as designated by the State Road Department.

Mr. Higgins read a notice from the U. S. Engineers promising a survey of the upper St. Johns River from Sanford to Lake Harney as soon as maintenance funds are available.

The engineers advised that they will remove the old hycacinth guard from Lake Monroe during the fall or winter months, and also stated that they have requested the ACL Railroad to install power on the draw bridge at Lake Monroe to facilitate the handling of river shipping through the bridge.

Reporting on the filing with the RFC in Washington of the City's request for funds to construct a terminal and warehouse on City property west of French Avenue on the lake front, Mr. Higgins declared that he was well satisfied with the interview and said that he believes that the City will be able to secure the funds with which to do this work.

Mr. Higgins revealed that Mr. Conant of the U. S. Chamber of Commerce has asked for a meeting here on Aug. 21, and that arrangements will be made to have as large group as possible to hear the latter.

W. A. Morrison reported on a meeting of U. S. Chamber of Commerce officials which he attended in Orlando, outlining five important subjects brought up and suggested that the local Chamber become more active in (Continued on Page Four)

Giants To Operate Service Building
The Ship's Service Building at the Sanford Municipal Airport has been taken over by the New York Giants, who will operate it as a recreation center for players and their farm teams. It was announced this morning by Charles Marion, Giant official.

The building which was used by the Navy for recreation purposes, and later by the Fellowship Front, contains an auditorium where movies will be shown three times a week during the trailing season. A soda fountain will be operated and soft drinks will be served. There will be facilities for playing pool, ping pong and other games.

Habeas Corpus Writ Is Denied Soviet Teacher

State Justice Re-Serves Decision To Study International Questions

NEW YORK, Aug. 12.—(AP)—An unidentified woman jumped or fell from a third or fourth floor window of the Soviet Consulate late today, police reported. The woman was alive when carried into the Consulate by attendants. The woman reportedly moaned in Russian as several persons approached her: "leave me alone."

NEW YORK, Aug. 12, (AP)—A state supreme court justice today reserved decision on a writ of habeas corpus brought to free a Russian school teacher excluded in the Soviet Consulate here.

The court took the writ under advisement after attorneys for the petitioner, Christopher Emmet, sought writs of certiorari against both the consular general and Mrs. Oksana Stepanovna Kosenkina.

State Supreme Court Justice Samuel Dickstein said he was delaying action "because of the international questions involved here."

In Washington, meanwhile, Russia protested the action of the New York court in ordering the Soviet consul to produce the woman in court. Immediately after the protest was lodged with the State Department, the department wired Governor Thomas E. Dewey requesting that any further action against the consul be held up temporarily.

Justice Dickstein said the Russian consul had informed him he was seeking advice from the Soviet Embassy in Washington "as to his rights and status on this question."

"This matter is important enough to give to the consul every opportunity to consult with his embassy," Dickstein added.

"It is also important for the court to consult with the State Department because there are some international questions involved here with respect to these persons who were brought here, whether under diplomatic immunity or as employees."

The consul general, Yakov M. Lomakin, had been ordered to bring the woman, Mrs. Oksana Stepanovna Kosenkina, into court at 9:30 A. M. today. Lomakin filed the writ and neither appeared.

During the morning-long court session, (Continued on Page Two)

Financial Study Of Air Transport Industry Ordered

WASHINGTON, Aug. 12.—(AP)—President Truman today ordered a government financial study of the entire air transport industry.

Mr. Truman acted after a conference with top-ranking officials of the Reconstruction Finance Corporation, the Civil Aeronautics Board and the Budget Bureau.

The White House said later that Mr. Truman is "extremely interested" in finding means by which the industry can best finance its immediate requirements and long-term developments.

He asked the RFC to make a study with a view of making recommendations to him "at an early date." The CAB and the Budget Bureau were directed to assist the RFC.

Conferring with the President were RFC Chairman Harley Hise, CAB Chairman J. J. O'Connell, and Budget Director James E. Webb.

A White House statement said the conference was "for the purpose of discussing the general financial situation of the air transport industry."

American And British Police Turn Back Forays In Berlin

'Mystery Man' Refuses To Identify Spy Queen

A DRAMATIC HIGHLIGHT of the House Un-American Activities Committee's Washington hearing occurs as Alexander Korral (standing, extreme right), named as a Communist courier, refuses to identify Elizabeth Bentley (standing, extreme left), self-accused spy queen. The committee contended that Korral took over Miss Bentley's job in 1945, shortly before she spied her spy ring story to the FBI. (International)

President Names Maurice J. Tobin Labor Secretary

Truman's Aides Hope Newcomer Will Get Nation's Labor Vote

WASHINGTON, Aug. 12.—(AP)—President Truman added a record vote-writer to his cabinet today and Democratic Party aides hoped the newcomer, Maurice J. Tobin, would help control the labor ballot in November.

Tobin stepped out of the Massachusetts governor's race last night to accept the post of Secretary of Labor which has been vacant since the death of Lewis B. Schwelbensch June 10.

The 47-year-old New Englander brings to Washington a political record in which (1) He twice defeated James M. Curley, late mayor of Boston, the stronghold of the veteran Democratic Party leader; (2) In winning the Bay State's governorship in 1944, he became the first candidate to top the million-vote mark in a gubernatorial race there. In fact, Tobin polled 1,100,000 more votes than the late President Roosevelt received in the state.

Well-liked by union organizations, Tobin was expected to take a major part in the Truman election drive, stressing the Democrats' pledge to seek repeal of the Taft-Hartley labor law.

The President nominated Tobin last Saturday but the Senate did not pass on the appointment in its adjournment rush. However, he will hold down the \$15,000 a year job under a recess appointment.

A check of labor organizations showed they are pleased with the choice, especially because of Tobin's stand on the Taft-Hartley law.

Tobin told reporters after a visit to the White House Tuesday while he was still debating with himself whether to accept the assignment—that he is "definitely" opposed to the labor act.

"I am against discriminatory or oppressive legislation of any kind or character whether it applies to labor or anything else," Tobin said.

Gov. Thomas E. Dewey, the GOP nominee, joined in the attack on the Truman Administration. (Continued on Page Six)

Truman Expected To Sign Inflation Bill

WASHINGTON, Aug. 12 (AP)—The White House said today that President Truman probably will sign tomorrow on the Republican-sponsored anti-inflation bill.

Mr. Truman is expected to sign the measure with a blast at Congress for its refusal to grant him limited price, wage, rationing and other controls.

The bill authorizes restoration of controls over installment buying, and increases the reserve requirements of Federal Reserve banks.

Opposition For Governor Jester Of Texas Threatened By Dixiecrats

Houston, Tex., Aug. 12 (AP)—Texas state's incline Democrats, who last night were hosts for the formal opening of the southerners' presidential campaign, today threatened Governor Beauford Jester of Texas with opposition in the November general election.

The threat came as Nowlin Randolph, president of the Houston Bar Association, nominated E. E. Townes, Houston attorney, as permanent chairman for a Texas state's rights party mass meeting.

Randolph threatened Jester with November opposition unless the September state Democratic convention in Fort Worth "is handled in a legal way."

"We will win that convention unless they defeat us by unlawful means," Randolph said.

"If the convention is taken away from us by unlawful means, it is possible for a high state of mind to have opposition in November," Randolph continued.

Reinforcing the approximately 200 state's rights attendees attending the meeting of the fate of Charles I of England and Louis XVI of France, Randolph commented:

"We don't dispute the responsibility of the people, but we might be able to get them out of office."

"We ought to tell Lord Beauford, the Duke of Jester, that there is no need for him to leave any further the responsibility of his high office and he can leave the 'peoples path' and follow the dim path that leads to Corcoran and oblivion."

Corcoran is Jester's home town. Today's meeting in the music hall of Saint Houston College was called for the purpose of mounting strategy which the State's Righters hope will lead to their capturing Texas' 23 electoral votes in the November presidential election.

Governor J. Strom Thurmond of South Carolina, who last night formally accepted his nomination as the State's Righters' Presidential candidate at a big rally in the coliseum, is scheduled to appear before the Texas group before they adjourn today.

Rail Unions Complete Second Wage Fight

WASHINGTON, Aug. 12 (AP)—Railroads and the unions completed their second postwar wage fight today headed into negotiations for a third round in September.

The carriers and three unions signed an agreement late last night to finish the second round. The unions were the Locomotive Engineers, Firemen and Engineers, and Switchmen. They had threatened a nationwide rail strike in early May.

Major features of the agreement, including a 15 1/2-cent hourly wage increase, had been announced by the White House several weeks ago. The settlement was worked out by Presidential Assistant John R. Steelman who umpired disagreements over the final, minor details.

Russian Troops Are Stopped In Attempts To Search Houses Across Zone Lines

BERLIN, Aug. 12, (AP)—American and British military police turned back two Russian forays into their sectors of Berlin today.

Russian military police, augmented by German policemen from the Soviet sector, were attempting to search German in the western sectors. The Russians said they were looking for black marketeers. British and Americans said the Soviets also might be looking for Russian army deserters, or might just have been engaging in "harassing tactics."

The Americans at Kreuzberg turned back Soviet-controlled German policemen and Russian MPs who were trying to search houses across the border from their zones. The British, aided by western sector German officers, stopped a similar foray at Potsdamer Platz.

In Frankfurt German things estimated to total 300,000 demonstrated in the U. S. zone today against high prices.

Mass meetings in all major cities of the state of Iowa demanded that Gen. Lucius D. Clay, the American military governor, approve a law which would provide more rights for workers in management.

About 20,000 office and industrial workers actively protested rising living costs at a mass meeting called by trade unions in Frankfurt.

The Berlin newspaper Telegraf, operating under a British license, reported clothing factories and tailor shops in the Soviet-occupied Mecklenburg were busy with orders for Russian military uniforms.

"It is reported that the uniforms are intended for new Soviet troops whose arrival is expected in Mecklenburg in the near future," said the Telegraf dispatch, from Schwaan.

There was no confirmation, nor was it clear whether any such fresh troops moved in would be replacements or additions to the occupation force.

Meanwhile in Moscow the envoys of the United States, Britain (Continued on Page Six)

Five Are Killed In Latest Series Of Air Accidents

By ASSOCIATED PRESS
Five men were killed today in the latest of a series of airplane accidents in which two planes were destroyed by fire and three others were reported missing in widely separated sections of the globe.

In Kansas an Air Force plane crashed in flames shortly after its takeoff from the Topeka Air Base. Five men were killed and two injured seriously.

A Trans-Canada Air Lines plane burst into flames shortly after landing at Sydney, N. S. Cool work by the slowdancers aided the escape without injury of the 11 passengers and six crew members. The plane was destroyed.

The Navy reported a four-engine navy privateer with a crew of nine and two aviators missing on a weather reconnaissance flight 450 miles west of Guam today.

Meanwhile, search continued for two planes reported missing in Canada's northland.

Edmonton, Alta., reported one plane with a pilot and a passenger missing from Bathurst Inlet on the Arctic Circle, about 900 miles north of Edmonton. The passenger was Miss Oldenburg, geologist from the University of Minnesota. In the other missing plane was V. B. Murray, of Washington, D. C., who disappeared Saturday about 250 miles northwest of Edmonton.

CARTER SELECTED
E. B. Carter, former selective service clerk for Seminole County, has been recommended by the Selective Service Board to again serve in that capacity. It was announced today by E. C. Harper, chairman of the board.

At a recent meeting of the board, Joseph Leinhardt was named as secretary. John Krider, recently appointed to the board, presided.

The location of the Selective Service office, together with information concerning registration, will be announced when sufficient information is received from St. Augustine, said Mr. Harper.

TAX PROTESTS

Fifteen property owners appeared yesterday before the City Commission to present complaints on recent assessments. These were reviewed and the assessments were taken under consideration. The assessments will be taken up by the Commissioners later, said H. N. Beyer, city manager.

CAMPBELL TO SPEAK

TALLAHASSEE, Aug. 12 (AP)—President Donk S. Campbell of Florida State University will deliver a commencement address tomorrow during graduation ceremonies at Troy State Teachers College, Troy, Ala.

He will discuss "The Scholar and Democracy-1948."

The Sanford Herald

Established in 1908... Published every Tuesday and Sunday at Sanford, Florida...

Entered as second class matter October 27, 1918, at the Post Office at Sanford, Florida, under the Act of Congress of March 3, 1907.

THURSDAY, AUG. 12 1948 BIBLE VERSE TODAY

LET COUNTLESS MEN HAVE TRADED THEIR SOUL FOR MERE TRIFLES! WHY STORE UP ONLY TREASURES WE MUST SOON LEAVE BEHIND?

Secretary Marshall is not planning to resign, says Presidential Secretary Ross. May be not, but we'll bet he'd like to be.

The City of Bradenton has this week awarded a million dollars worth of contracts in a water-sewer expansion program and has under consideration a \$632,000 budget for the coming year.

The tendency of the federal government to federalize everything continues with the proposed federalization of the National Guard. Then the National Guard would be as completely under the authority of the War Department as the regular Army and could be sent overseas as readily as the Marine Corps.

An interesting comparison between the Soviet system and America's free enterprise by the National Patent Council shows that it takes a Russian workman one hour and 18 minutes to earn enough money to buy a quart of milk while in this country the same quart could be bought with ten minutes' labor.

It is an amazing thing how much one hears about the importance of recreational programs to the youth of our country and how much time and money is spent in promoting and carrying out such programs only to find that the children do not want them at all.

One gathers from the protests made at the City Commission meeting the other night that everybody is in favor of high wages except for the police and firemen, that everybody is for progress and civic improvements except the taxpayers.

Back To College

When colleges and universities begin their fall schedules a more nearly normal number of recent high school graduates will be found in the freshman classes.

According to Dr. Raymond Walters, president of the University of Cincinnati, who is known for expert predictions of college enrollment, the number of war veterans in the higher halls of learning will decrease substantially this fall.

Most college officials will not be sorry to see total enrollments decline by that much or more. Their institutions have been sorely over-crowded or the past year or two.

Probably not for several years will it be possible to gauge accurately what the normal enrollment level is to be. By that time the nation might be ready to consider some permanent form of general subsidy to students, to make it possible for larger numbers to study beyond high school.

Berlin Policy Support

The results of a recent Gallup Poll which asked for opinions on the current American policy in Berlin seem to show general approval.

In every state this question was asked: "Do you think the United States and her allies should stay in Berlin even if it means war with Russia, or should we give up Berlin to the Russians?"

This result is encouraging to those who remember the nation's attitude between the world wars. Propitiation and appeasement were widely favored. A general aloofness from Europe and its affairs contributed to the nation's fussy-minded foreign policy at that time.

New Sight For Tourists

Another masterpiece of Colonial architecture has been restored for tourists. This is William Penn's Manor House where the Delaware River makes a wide bend between Philadelphia and Trenton.

The Penn house will now draw travelers as do William Byrd's mansion at Westover, Va., and on a larger scale the restoration of an eighteenth century town at Williamsburg, Va.

Upchurch To Littlefield

Frank Upchurch who, as chairman of the Florida delegation at Philadelphia, steadfastly refused to join in the Truman nomination parade, makes appropriate and timely answer to the call of State Chairman Littlefield for all Florida Democrats to support the party ticket.

Upchurch reminds Littlefield that "Florida Democrats are already on record against Truman. They elected an anti-Truman delegation to the national convention and nominated presidential electors pledged to vote against Truman."

The Advancing South

The Advancing South Ed. Roger (An editorial in the Richmond Times-Dispatch)

To what extent has the South advanced in the past decade? The question is asked and answered at least in part by The Raleigh News and Observer, which has recently published an excellent symposium on the subject.

It is not easy to measure precisely a decade of progress, or anything else. He points out that in 1938, when Mr. Roosevelt enunciated his famous dictum, "The New Deal was five years old, much of TVA was already built, Huey Long was three years dead, the Scottsboro case was seven years old."

Now that the South has passed through the war, along with the rest of the world, and the major fighting has been over for nearly three years, the moment seems opportune for an analysis of where the South stands. Such an analysis is necessarily tentative, since many imperponderables are involved, but certain conclusions can be drawn, even though there is disagreement as to whether the South ever was "Economic Problem No. 1."

Continued from Page One) Kestel a trip to Moscow for Elizabeth T. Bentley when they began to suspect her loyalty to Communism.

Mundt said the invitation came after the Soviet government awarded Miss Bentley a medal in 1945 for spy work. According to her story, she had then turned against Communism and was secretly reporting to the FBI.

Mundt said he did not know whether the Russian purpose was to get her to Moscow and do away with her, or simply to test her.

Charles Kramer denied charges when sent to the witness chair immediately after Thomas' announcements.

A tall red-haired man of 41, Kramer is now doing research work for the Progressive Party, but from 1933 to 1946 worked for government agencies and three Congressional committees.

Senator Pepper (D-Fla.) said that Kramer, called as a witness in the Congressional Communist investigation, gave a wartime Senate Education Subcommittee "able and faithful service."

"He never had any war secrets before him, of course, during the year he was employed by the Senate Subcommittee," Pepper told a reporter.

After the subcommittee disbanded in 1946, Pepper said someone, whom he doesn't recall, criticized Kramer and questioned his loyalty.

"He (Kramer) assured me," Pepper said, "that he was not a Communist and never had been a Communist front organization."

In this connection, A. E. Adamson, one of the nominated Florida presidential electors, declares that at least four of the Florida electors will vote the Thurmond-Wright ticket, and two of the others will not vote for Truman. Of the other two, only one has positively announced his intention to vote for Truman. So, even though the state's popular plurality goes to the Democratic ticket, Truman can surely count on only one of the eight Florida electoral votes.

Mr. Littlefield could be saving his time and typewriter.

of the recent emigrants to the North and West belong to his class, and some may have good anticipation of approaching events.

Wider distribution of the colored population could have the effects of easing racial tensions in the South, since a dispersal of the Negroes throughout the nation would reduce the number of now resident below the Potomac, and would at the same time give our Northern and Western friends a greater appreciation of the difficulties which arise with any biracial civilization.

At all events, the South has made important forward strides in the past decade. Serious problems remain, of course. They can be solved, insofar as solutions are possible, if we address ourselves to them with determination, ability and tolerance. It is good to have Raleigh newspaper's courageous balance sheet, and to see that the South is marching steadily ahead.

IS THERE GOLD IN YOUR CELLAR? Yes, and in Your Attic Too! Turn These Things You Don't Want Into Money with a Want Ad

U Of F Professor Says Two Of Three People Live In City

GAINESVILLE, Aug. 12 (Special) — "In 1940 only 45 of every hundred Floridians lived outside town or cities, while in 1920 two-thirds of our people were rural, and as recently as 1900 four-fifths of were country dwellers."

These and other such revealing facts about the people of the state of Florida, as disclosed by Dr. John W. MacLachlan, head professor of Sociology at the University of Florida, truly show Florida to be a "Land of Change."

"It would be fair to estimate, in contrast," says Dr. MacLachlan "that at least two of every three citizens of the state, today, are them city folk."

Not only have the people filled the cities of the state, but they have filled them at a fast rate. For example, he says, "In every decade since she entered the Union, Florida has grown faster than the country as a whole, and faster than the other states of the south. And, since the first census in 1830, the number of people in the state has increased about eighty times over."

Dr. MacLachlan also notes that Florida has gone along with the nation in making great technological strides, and that all these combined increases have brought about important changes in social aspects.

The state and nation, he says, have transferred "vital personal social functions from individuals within the home, from the home itself, from the neighborhood and the community."

Functions which normally belong in the home, he says, have been turned over to commercial business, governmental agencies and to inanimate machines, and that the result may in the long run prove disastrous.

To Dr. MacLachlan it appears that society has sacrificed the importance of family, neighborhood and community living to material progress and social-institutional gains.

However, he explained, he does not advocate "return to a lost yesterday... but rather to put social causes and consequences into juxtaposition."

Writ Denied

Continued from Page One) session, several witnesses testified that Mrs. Kosenkina had expressed fear of returning to Russia.

One of the witnesses was Countess Alexander L. Tolstoy, who operates the White Russian retreat at Valley Cottage, N. Y., from which Mrs. Kosenkina was taken last week. Lomakin said then that he had "rescued" the woman from the retreat.

The Countess testified that she first came in contact with Mrs. Kosenkina on July 29, after receiving a telephone call from Vladimir Zensinov, a Russian writer.

As a result of the call, the Countess said, Mrs. Kosenkina came to the Valley Cottage farm. Mrs. Kosenkina, she added, "seemed very excited" when she reached the farm.

"She said she did not want to go back to Russia," Countess Tolstoy continued. "She said she did not belong to the Communist Party and did not espouse its ideals. She said she had a son, who was lost during the war and a sister in England. She begged me to give her refuge for a few days."

But Mrs. Kosenkina had expressed fear of returning to Russia.

MONDAY
The Dependable Class of the First Methodist Church will meet at the home of Mrs. Harold Appleby, 718 West First Street, at 8:00 P. M. with Mrs. Cyril Butler as co-hostess.

The program meeting of the W.M.U. of the First Baptist Church will meet at the church at 7:30 P.M. with Mrs. E. M. Carroll in charge. The topic will be "One Saviour for Latin America". The Sunbeams and the G.A.s will also meet at 3:30 P.M. at the church.

The Elsie Knight Circle of the First Baptist Church will meet at 8:00 P.M. with Mrs. J. A. Riser, 1914 French Avenue, Mrs. David Sperring, the former Miss Ruth Strange, who has recently spent some time in Japan will tell of her experiences and work in that country and will also show pictures. All members are urged to be present.

The Prayer Band of the women of the First Presbyterian Church will meet at 3:00 P. M. The regular monthly meeting of the Presbyterian women will be held at 3:30 P. M.

WEDNESDAY
The second session of the study on world evangelism will be held at the First Methodist Church at 8:00 P. M.

St. Monica Chapter Has Monthly Meeting
Mrs. Charles Vodopich entertained members of St. Monica Chapter of Holy Cross Episcopal Church for its August meeting on Tuesday night at her home at Indian Mound Village at 8:00 o'clock. Miss Carol Stone presided in the absence of Mrs. F. A. Devon and discussed the book, "Revive Thy Church Beginning With Me," which is currently being studied by the group.

At the conclusion of the meeting refreshments were served by the hostess assisted by her mother, Mrs. E. B. Stone. Those attending were Mrs. Ava Davis, Mrs. Karylle Haushalter, Mrs. M. Vontony, Mrs. G. D. Bishop, Jr., Mrs. Irving Feinberg, Mrs. Gordon Bradley, Mrs. Robert W. Williams, Mrs. Cecil Carlton, Miss Stone and the hostess.

Mrs. Douglas Charles Honored At Meeting

Mrs. Douglas Charles was honored with a surprise shower during the regular meeting of the Business Women's Circle No. 2 of the First Presbyterian Church which met on Monday night. The meeting was held at the home of Miss Mary Earle at 8:00 P. M. The rooms where the group met were decorated with arrangements of mixed summer flowers.

Miss Earle presided over a brief business session in the absence of the chairman, Mrs. Dick Aiken. Miss Mary Thomas Wilkes told of the Presbyterian program of progress and the Bible study was taught by Miss Charlotte Moughton.

Following the business meeting Mrs. Leon Bryan conducted a treasure hunt during which time Mrs. Charles found her gifts. Refreshments consisting of small sandwiches, punch and iced nuts were served late in the evening.

Those enjoying the meeting and party were Mrs. Charles, Mrs. Harris Folds, Mrs. William Hartley, Jr., Mrs. Richard Verony, Mrs. Bryan, Mrs. Robert Rumbley and Mrs. Harold Hamill. Also the Misses Elizabeth Fite, Mary Thomas Wilkes, Ruth Davidson, Betty Bohayer, Virginia Earle, Rebecca Stevens, Charlotte Moughton, Elise Huchison, Maude Wilson and the hostess.

Christian-Power Nuptials Rumored
ROME, Aug. 12—(AP)—Rome's leading fashion designers, the Fontana sisters, said today they are finishing a wedding dress for Hollywood starlet Linda Christian, whose dressmaker said the actress is going to marry Tyrone Power Saturday morning.

Power, here to make a new picture, could not be reached. His press agent, James Denton, was still saying what he has said so often before about the Power-Christian romance: "There is nothing new."

The dress is of white tulle and is to be delivered tomorrow night, the Fontana sisters said. They did not know where the wedding would take place.

Personals

Mr. and Mrs. James A. Riser have as their guests, Mr. and Mrs. Wilson Jones of Tampa.

Robert H. Reedy has left to spend a week in New York where he will attend the apple convention for Chase and Company.

Mr. and Mrs. J. E. Deneff have returned from a week's vacation spent in Alabama, Georgia, and Tennessee.

Rev. Douglas Charles returned last Sunday from Montreat, N. C. where he has spent the past month.

Joe McCaslin has returned from points in Canada and Solus Point, N. Y. where he was the guest of Mr. and Mrs. John A. Eick.

Miss Mary Thomas Wilkes left today for Wimsboro, S. C. where she will visit her mother Mrs. Myrtle Wilkes for about two weeks.

Mr. and Mrs. Ben F. Wade and son Jimmy have returned from Chley where they attended a celebration of the 50th wedding anniversary of Mrs. Wade's parents on Aug. 8.

Mrs. James C. Higgins and young son Tolliver Laney Higgins returned today from the Fernald Loughton Memorial Hospital to their new home at 2404 Oak Avenue.

Mrs. Steven Larch and son Billy of Wierton, W. Va. arrived today to spend some time with Mrs. Peter H. Lopic and daughter, Martha Jean, at their home in Mayfair.

Mr. and Mrs. Frank Shames are expected to return over the weekend from a buying trip in New York City. They also spent some time at points in Canada and in Baltimore.

Miss Lillian Morgan and children, Miss Shirley Morgan and Harold Morgan, and Michael

World Evangelism Is Being Studied

The first in a series of studies on world evangelism was held last evening at the First Methodist Church with about 45 persons present. Mrs. E. C. Williams, district secretary of Missionary Education and Service made a short introductory talk after which a dramatic presentation was given with Africa, Asia and Latin America being represented by Mrs. McCall, Mrs. C. H. Winn, Mrs. W. E. Smith and Mrs. H. F. Cole. The production was under the direction of Mrs. J. C. Davis, chairman of Circle No. 5. The entire program was under the change of Mrs. R. F. Crenshaw, secretary of the local Women's Society of Christian Services.

The presentation was followed with talk given by Mrs. Ralph Austin Smith, president of the Presbyterian Women of the Church. She had as the subject for her talk "North American Frontiers."

"The Revival in Europe" was the subject of a talk by Al Brock of the Methodist Church. He stated that the Baptist religion is the most important religion in Russia save for the Catholic Orthodox Church and at one time the Baptists numbered 15,000,000 persons. According to Mr. Brock, the Soviet remains suspicious of any attempt to influence religious development from outside Russia.

Lake Mary

(B) MRS. RAYMOND M. BAKER

Miss Helen Baker, daughter of Col. and Mrs. W. E. Baker, left recently for Washington, D. C. to visit Miss Joan Jackson and her parents, Col. and Mrs. Paul B. Jackson, aboard their yacht, now at anchor in the Potomac River. While there they will make several cruises to points of interest along the Potomac and adjacent waters.

Mrs. R. D. Baker left Aug. 1 on an extended trip to the north. She will visit relatives in Big Stone Gap, Va., Charleston, W. Va., and Cincinnati, Ohio before returning to spend the winter in her recently completed home in Lake Mary.

Miss Jean Johnston has returned to her home in Alliance, Ohio after a visit with her grandfather, Mr. D. J. Pearson and family. Miss Johnston visited many points of interest in Central Florida while here.

Miss Peggy Best of Jacksonville spent the week end with her parents, Mr. and Mrs. C. R. Best, at their home on Crystal Lake. Miss Best entertained Miss Jean Johnston while here at Sandalwood Springs.

Mr. and Mrs. Joe Polack, formerly of Maryland have returned to their home in Washington, D. C. Mr. and Mrs. C. P. Hrasington have returned from a visit to their daughter and family in Cincinnati, Ohio.

Mr. Merle Haven spent the past few days in Atlanta on business. Mrs. A. N. Scott and daughter, Charlotte have returned to their home on Crystal Lake after a short visit in Savannah, Georgia.

Mr. R. E. True will return this week from Amesbury, Mass. where he was called by the illness of his mother, Mrs. Ada True.

Mr. and Mrs. Raymond Hall Jr. and son, Jimmy, of Teheran, Iran are expected to arrive within a few days to visit Mr. Hall's parents, Mr. and Mrs. Raymond Hall Sr. at their home on Crystal Lake.

Mr. and Mrs. Raymond Hall Jr. and son, Jimmy, of Teheran, Iran are expected to arrive within a few days to visit Mr. Hall's parents, Mr. and Mrs. Raymond Hall Sr. at their home on Crystal Lake.

Compare the Values!... Compare the Prices!... —see why

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR

COMPARE the values; compare the prices...
Do this and you'll know that now more than ever before CHEVROLET AND ONLY CHEVROLET IS FIRST in Big-Car quality at lowest prices, just as it is first in nationwide demand for the total 17-year period, 1931 to date!

To compare the values is to know that only Chevrolet brings you the Big-Car riding-smoothness of the original and outstanding Unitized Knee-Action Ride... the Big-Car performance and dependability of a world's champion Valve-in-Head engine... the Big-Car beauty and luxury of the enviable Body by Fisher... the Big-Car safety of Fisher Unitel Body-Construction and Positive-Action Hydraulic Brakes... plus many another major quality advantage still not available in any other motor car in its field.

And to compare the prices is to know that Chevrolet prices are the lowest in the field... and that Chevrolet value continues to be the highest in its field!

That is why more and more people in all parts of the country are deciding, more and more enthusiastically, that only one is Number One, only Chevrolet is first.

That is why we believe you, too, will make this same decision when you compare the values and compare the prices... for you win in every way with Chevrolet!

FIRST in Riding-Smoothness!
You just can't beat the genuine Unitized Knee-Action Gliding Ride for real riding-smoothness—real travel—easy on any and all kinds of roads, from boulevard to byway; and, remember, this famous "Knee-Action" ride is exclusive to Chevrolet and more expensive cars.

FIRST in Thrills with Thrill!
There's nothing like Chevrolet's world's champion Valve-in-Head engine for thrill and thrill. It holds all records for miles served, owners satisfied, and years tested and proved. It embodies that extra-sound, extra-dependable Valve-in-Head design, found elsewhere only in costlier cars.

FIRST in Tasteful Beauty!
You will be perfectly sure of your car's beauty leadership when you own a car with the world-famous Body by Fisher; and this most desired and desirable of all car bodies—superbly beautiful from every angle, inside and out—is available only on Chevrolet and higher-priced cars.

FIRST in All-Round Safety!
You and your family will enjoy extra safety, too, the triple safety protection of Fisher Unitel Body-Construction, the Unitized Knee-Action Gliding Ride and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and higher-priced cars.

CHEVROLET — and Only CHEVROLET — IS FIRST!

Sanford Giants To Meet Pirates Here In Tilt Tonight

The game between the Giants and the Leesburg Pirates scheduled to be played in Leesburg last night was washed out, and the two teams will meet in a twin bill at the Lake County City on Aug. 25.

The only game played in the Florida State League last night was between the Gainesville G-Men and the St. Augustine Saints, which the G's won by a 4 to 0 margin.

New Greyhound To Race With Feature Dogs In 9th Event

A new greyhound star is ascending and a graph of her rise to fame would go straight up. The name of this sensation is Never Out and she is owned by Duane Randle.

Poverty Promise is another greyhound which has landed in the upper bracket with one jump, and he will be galloping tonight in the main attraction.

Other greyhounds running in tonight's feature race are Forever Amber, Rocket Lad, Sooner Select, O'Brien's Calaway, Gum and O'Brien's Ginger.

Playoff Series Is Being Set In League

SILVER SPRINGS, Aug. 12—(Special) First Shaughnessy playoff games of the Class D Florida State League season will be the "sudden death" type provided for in the league by-laws but waived last year so as to allow the league to catch up with the Georgia-Florida League series that started late, it was pointed out at league headquarters here today.

In other words, the 1948 pennant winner will meet the fourth place club in a three out of five game series, while the second and

Olympic Strength Shown As America Wins More Events

U. S. Cops Yachting Crowns As Ringmen Advance Step

LONDON, Aug. 12. (AP)—America won two championships in yachting and sent two fighters into the ring semifinals today in another display of all-round Olympic strength.

Uncle Sam's sailors, completely shut out in the 1936 games, gave a spectacular show on Torquay Bay. They took a second, third and sixth besides the two firsts in the five yachting classes.

Climaxing more than a week of competition, much of it held in rain squalls and gusty winds, America's international six-meter Llanoria and two-man star craft Hilaris proved the best of their classes.

They were graded on the best six races of a seven-race series. The Llanoria, handled by a crew from Oyster Bay, N. Y., and skippered by Herman F. Whiton, finished second in today's final test, but had enough points to lead in the overall ratings.

The same was true of the Hilaris, a small yacht handled by the father-son team of Paul and Hilary Smart of Noroton, Conn. It finished sixth in the final race after piling up a heavy point advantage during the past week.

The United States ring survivors were Wallace Smith, Cincinnati lightweight, and Horace Hergin, St. Petersburg, welterweight.

They won quarter-final victories in a day's session of slugfests that saw the defeat of the remaining U. S. hopes—Edward Johnson of Kansas City, a featherweight, and Jay Lambert, brawny heavyweight from West Jordan, Utah.

The 19-year-old Smith scored a second round knockout victory over R. B. Zumbano of Brazil. Herring, a 24-year-old Navy man stationed at San Diego, Calif., outpointed Aladio Herrera of Argentina.

Lambert, a heavy favorite in the unlimited division, dropped a decision to J. D. Arthur of South Africa. Johnson was beaten by another rugged South African—D. G. Sheppard.

In yachting, Ralph L. Evans, Jr., of Bay Shore, N. Y., had a sailing accident in his final race and it cost him the championship in the fiery dinghy class.

He finished fifth in the race and was barely beaten out for the overall championship by Denmark's P. B. Elvstrom.

The United States swallow entry, The Margaret, got third place in the final standings of that class and the U. S. Dragon yacht finished sixth. Great Britain was the swallow champion and Norway led the dragons.

Uncle Sam's representatives went after additional gold medals and other sports today, including equestrian, canoeing and gymnastics.

Lt. Col. Earl F. Thomson of Lake James, Ind., member of the U. S. Army three-man equestrian team, returned one of the fastest times of the endurance run, finishing 21 miles of difficult jumps in two hours and two minutes.

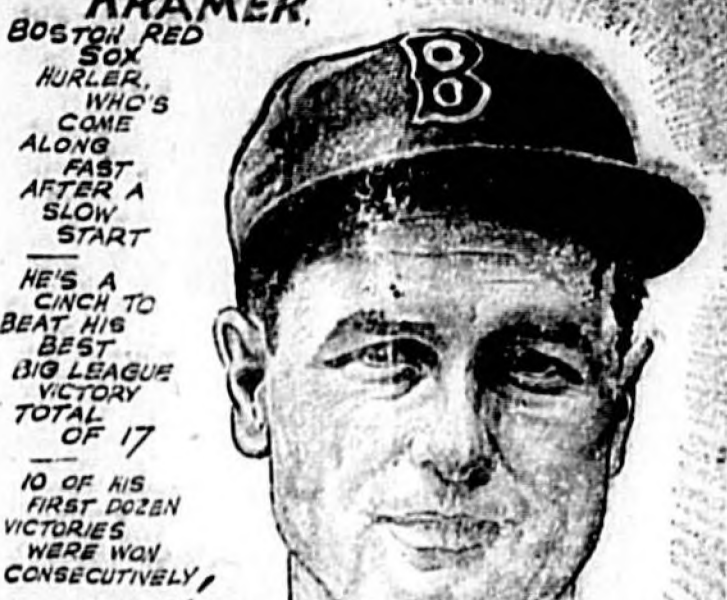

The U. S. Women gymnasts were grouped with Sweden and Hungary at the top after completion of the women's free exercises but the male gymnasts were leading. Finland held the men's gymnastic lead after compulsory exercises, with European nations the closest challengers.

Third place clubs will meet each other in a similar series. The two winners then will meet in a four out of seven game series, with that winner to meet the winner of the Georgia-Florida League playoff for the mythical "Class D Championship of the South-east."

Opening play-off games will be in the cities in first and second place, whereas opening games of the Georgia-Florida State League series will be in the Florida City.

G-F Loop Returns To Work Following All-Star Contest

By ASSOCIATED PRESS
The Georgia-Florida League gets back to the business of baseball tonight after a two-day lay-off for the North-South All-Star game, which was won by the south 6-2 in Moultrie last night.

Tonight's schedule has Waycross in Cordelle, Americus in Tallahassee, Moultrie in Thomasville and Albany in Valdosta.

The Dodgers of Valdosta will be trying to snap a six-game losing streak and Americus will be trying to add another win to its four game victory string.

Looking back over the past seven games the Albany Gards have won six; the Waycross Bears four; the Cordelle Indians three; Tallahassee is rejuvenated with five victories; Thomasville has lost six; and Moultrie has won but three.

Behind the four-hit pitching of four hurlers, the southern half of the Georgia-Florida League beat the northern half 6-2 in the loop's annual North-South game.

The northerners did not get a man on base until one was out in the fifth. Then Rhyme walked. Long singled, Louis walked and Ataway grounded out to score Rhyme.

The Southerners took the lead immediately with one out in the first. Henkle singled, took second on a wild pitch and scored on Thomas' single. Kwiatkowski doubled and Thomas went to third, scoring on Weathers' fly ball.

In the second, Leth homered for the Southerners. Again in the third, Kwiatkowski walked, went to second on Willard's error and scored on Luberto's single.

Stammen singled to open the sixth and went to third on Wopnick's base hit. Then Talomob set both men home with a sharp single.

The north got its last run in the ninth when Ippolito walked and scored on Howard's single.

FSL Player Roster Changes Announced

SILVER SPRINGS, Aug. 12—(Special) Player roster changes reported to Florida State League headquarters here thru Tuesday afternoon were as follows:
St. Augustine signed rookie catcher Ramos H. Duncan Jr.; Sanford disabled Don Umscheid and signed rookie right-hander Mackel; Gainesville released Jake Powell, traded Mickey Griggs to Palatka, and signed Al Pirtle, released by Palatka; Daytona optioned Herman Meadows to Fitzgerald, Ga., signed limited service infielder Gus J. Montalbano, and returned Joe Caravola

REDISCOUNT RATE

NEW YORK, Aug. 12—(AP)—The New York Federal Reserve Bank today raised the rediscount rate to 1 1/2 per cent from 1 1/4 per cent.

Road 46

(Continued from page 3)
The national affairs division of the U. S. Chamber.
John Krider reported on the deal that led to the purchase of the Mayfair Inn by the New York Giants.
John Brumley reported on work of the Coast Guard Auxiliary in placing markers on the upper St. Johns River from the Osteen Bridge to Lemon Bluff. Mr. Higgins was instructed to write the Coast Guard commending them for their work.
W. A. Morrison suggested that the New York Giants be represented if Seminole County participates in inaugural ceremonies at Palatka. A letter from Col. R. G. Howie was read in which appreciation was expressed to the Chamber of Commerce for requesting employees to allow all employees to participate in National Guard maneuvers.

Jack Ratigan requested Chamber co-operation in plans for raising funds for the Fernald-Laughton Memorial Hospital. Mr. Higgins was directed to cooperate with Mr. Ratigan's committee when called upon.
Manager Higgins read a letter from the State Road Department in answer to his protest that the St. Johns River was not prominently displayed on their official map. The department promised that the matter will be corrected in the next edition of the map.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eye, headache and dizziness. Prevention or relief possible with IOD-ISE. IOD-ISE is a powerful medicine that has been proved remarkably helpful to women troubled in this way. Any druggist can give you IOD-ISE.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS

Are you troubled by absence of female function? Monthly disturbances? Does this make you suffer from pain, feel nervous, weak, high-strung, or prone to depression? No! Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It is a powerful medicine that has been proved remarkably helpful to women troubled in this way. Any druggist can give you IOD-ISE.

MR. CITRUS GROWER Do You Know? Memberships in the Central Florida Growers Cooperative are expected to remain available for a time. There is a strong possibility that the full quota may be secured and memberships closed indefinitely. The reason for setting a definite quota is based on the policy of the group of maximum benefits for the grower member. The group will not accept membership beyond the capacity of the packing and processing plants so that members are assured that no fruit will be left on their trees and that it will be packed at maturity. It is intended that all products of the CENTRAL FLORIDA GROWERS CO-OPERATIVE reach the market with superior quality, and in such quantities and through such channels as will insure top prices throughout the season.

Babe Ruth

(Continued from Page One) he had talked with Ruth. "I talked to him, but he didn't speak -- he just smiled. He smiled when I called him 'Herm'."

Berlin Forays

(Continued from Page One) and France conferred with Soviet Foreign Minister Molotov for almost three hours today. "We are still without any conclusions," U. S. Ambassador Walter Bedell Smith said after leaving the Kremlin.

RUSSIAN Ambassador Alexander S. Pavlov is shown at a press conference in Washington after a conference with Undersecretary of State Robert Lovett.

No signs appeared that the talks are coming to an end in the near future. Such rigid secrecy has been imposed that there is almost no reliable information here on the trend.

Smith, suffering from a cold, appeared tired. He has been working intensely at the embassy on the diplomatic impasse.

U. S. Ambassador Walter B. Smith, French Ambassador Yves Chateigneaup and the special British envoy, Frank Roberts, met together from the American Embassy to the Kremlin for the appointment with Molotov at 3 P. M. (9 A. M. Eastern Standard Time).

It was the fourth time in two weeks the western representatives have called upon Molotov for talks aimed at ending Soviet blockade of Berlin and a solution of other East-West differences in Europe.

A diplomatic informant in London said today that the West "can be expected to ask" Prime Minister Stalin to intervene personally in the Berlin stalemate of the talks with Molotov.

There is no sign that the negotiations with the Russians are nearing an end. Asked by a newsman if there would be more conferences, Smith replied: "We never know that, but I don't think so."

It is known that Russian views were presented on Monday, and it is logical to suppose that the meeting today was devoted to the answers given by the United States, British and French governments.

Alex Belder, Yugoslav deputy foreign minister, asserted the American delegation is "not sincere" in claiming its only interest in the Danube lies in peace and economic progress.

He declared German membership before the peace treaty inadmissible and said the United States has been responsible for dividing Germany in two.

Anna Pauker, Romania's foreign minister, took a similar line. She said that in 1939 only one American ship, a vessel of 400 tons, used the Danube.

Penke cited Yugoslavia's acceptance of UNRRA assistance in challenging charges that American and British were attempting economic and political penetration.

British Ambassador Sir Charles Danube Meet

The Democratic committee is equivalent to election in both South Carolina and Arkansas.

Rep. William Jennings Bryan took second to Maybank in the South Carolina Senate race.

Almost complete unofficial returns gave Maybank a majority exceeding 9,000 over his four opponents.

In Arkansas, McMath led Holt 155,414 to 144,066 in 2,172 of the state's 2,235 precincts.

McMath's victory was hailed as a "glorious" triumph.

Reds Walk Out Of Four Power Berlin Building

Action Appeared To Complete Division Of City Between East, West Powers

By GEORGE BRIDGEMAN
BERLIN, Aug. 13, (AP)—The Russians evacuated the allied four-power Kommandatura building in Berlin today and hauled down their flag.

This action appeared to complete the division of Berlin between the East and West—at least as far as the Russians are concerned.

The Russians withdrew July 1 from the Allied Kommandatura, which had provided four-power administration for this city for three years. They pulled out with the comment that "the Kommandatura no longer exists."

They then announced they would retain their garrison and flag at the building until their archives have been removed. The Kommandatura is situated in the American sector of the city.

An Army spokesman said today an American C-54 cargo plane engaged in the allied airlift over the Soviet land blockade crashed on landing at Tempelhof airfield this morning. The crew was rescued.

Although they walked out on the Allied Control Council for Germany on March 20, the Russians still fly their colors and maintain sentries at the Allied control authority building.

They also maintain a representative in the permanent allied secretariat there, which now has little to do but exchange inter-allied messages and handle protocol matters.

The Allied Control Building also is situated in the American sector. All four powers have flown their flags side by side and four-power sentry staffs have been on duty since the Western Allies joined in the occupation of Berlin in 1945.

Negroes Flock To Carolina Polls

VOTING FOR THE FIRST TIME IN 76 YEARS, South Carolina Negroes flock to the polls in Columbia to cast their vote in the state's Democratic primary. The Negroes won their right to vote in the state under a recent Federal court decision by Judge J. Waring of Charleston. (International)

Not All Colored Residents Are Against New City Assessments

Not all the taxpayers of Goldboro are opposed to the increased assessments. J. W. Knowles, a prominent resident of that community and chairman of the recreation committee of the Welfare League, revealed this morning. Coming to the Herald office with a petition signed by 76 names, he said that the better class of citizens of Goldboro realize that much needed improvements can come only from City taxes.

He said that many of the colored people who attended the meeting at the City Hall Tuesday night were not there to complain against higher taxes, but rather to find out just what was expected of them and to make an appeal for municipal improvements in Goldboro. He was supported in his contention by W. D. Powell, president and Timothy Wilson, secretary, of the Welfare League.

Their petition reads as follows: To The Honorable City Commissioners of the City of Sanford:

"We tax payers, received a letter from the City of Sanford, showing the amount of increase valuation on our property, and we are sure this will increase our taxes, which we all hereby agree to. The letter ask that we have any complaints to come down the 10th of August. We don't have any complaints against increase valuation, we wish to register this as a complaint against the unsanitary conditions in our community in Goldboro.

We wish to point out the following:

1. South of 13th Street, the majority of the Negroes lives in Goldboro, and the one sewage sewer of 13th St. runs up between Olando Ave. and Magentine Ave. The rest of the streets south of 13th St. has no sewage at all. The mass of Negro property owners were forced to have cess pools put down when they built their homes. As you gentlemen will agree that a section of community as low as this section, is not suitable for cess pools. Therefore, during this rainy season now, we find that all the cess pools are flooded out and overflowing and it is a deplorable condition.

Commission Candidate

William H. Stemper today announced his candidacy for the City Commission for group two in the November election.

Stemper Announces Candidacy For City Commission Post

William H. Stemper, life-long resident of Sanford, today announced his candidacy for the City Commission, group two, in the November election.

In making his announcement, Mr. Stemper stated that he was "primarily interested in at progressive city of Sanford, and a Sanford to which our children would be proud to practice their various professions, trades, and businesses."

"I am particularly interested in the continued development of the tourist trade in Sanford," he stated, and in doubling our efforts to attract tourists to our city. I feel that Sanford has many natural advantages to offer vacationists and industrialists, as well as those persons seeking permanent Florida homes."

Mr. Stemper was born in Sanford in 1916. Married and the father of two children, he is a graduate of John B. Stetson University, where he received the degree of Bachelor of Science in 1937. He is a member of national fraternities in both chemistry and mathematics.

Mr. Stemper was a member of (Continued on Page Three)

Tax Meeting

No meeting was held today by the City Commission as a tax equalization board, but they will meet again at 8:00 o'clock to receive information to review complaints. It was announced today by City Commissioner H. M. Stemper, to date 24 of the 100 written complaints have been reviewed.

Currie, White Deny Red Aid In Spy Probe

Government Workers Testify As Events Continue To Involve Diplomatic Levels

By WILLIAM F. ARBOGAST
WASHINGTON, Aug. 13, (AP)—Two top government aides of the Roosevelt Administration—Lauchlin Currie and Harry D. White—denied today and denied giving secret information or aid to Soviet agents.

Each declared, too, that he was no Communist and had never done anything disloyal to the American Government.

Their testimony came at the events stemming, directly or indirectly, from the hearings continued to involve the highest diplomatic levels.

1. Ambassador Walter Bedell Smith told Soviet Foreign Minister Molotov in Moscow that the United States government is not involved in any illegal action in the cases of the Soviet school teachers in New York. Molotov had charged American authorities connived in "kidnaping" the teachers.

Smith also gave notice in effect that if Michael Ivanovitch Samarin, one of the teachers, and his wife do not want to return to Russia, the United States will let them stay here despite Soviet displeasure.

2. Mrs. Okana S. Kosenkina, the other teacher, who jumped from a high window of the Soviet Consulate in New York yesterday, presumably will also be allowed to stay here if she wishes.

3. In Detroit, Senator Ferguson (R-Mich.) hit back at President Truman's fresh description of the spy hearings as a "red herring." Ferguson, who leads a coalition of five House Democrats.

Raymond Ball, Jr. Dixiecrats Expect Arrives From Iran To Raise \$1,000,000 To Buy Radio Goods For Campaign Fund

Raymond M. Ball, Jr., Communications director for the government of Iran, arrived here yesterday morning with Mrs. Ball and their year and a half old son Jimmie, for a visit with his parents. Mr. and Mrs. Raymond M. Ball of Lake Mary, and will remain in this country for several months during which time he will purchase radio equipment for Iran.

The travelers arrived yesterday morning on the Champion at the APL depot, after a trip of 7,000 miles, most of it by air. Mr. Ball helped to pilot an Iranian plane from Teheran to Paris. He then left his wife and son in Paris, flew to London and left from there, and returning to Paris on a commercial plane. The family after a few days of taking in the sights of Paris, then boarded a Constellation passenger plane which made the flight to New York in 22 hours, according to Ray Ball, Sr., local realtor.

Last evening the family had an interesting time viewing the many stereoscopic photographs that Ray Jr. had brought back from Iran and Europe.

Ray Ball, Jr. is a graduate of Seminole High School and attended the University of Florida for a year. During his early youth he became fascinated by radio and studied everything he could get in the subject, and made many experiments with radio apparatus.

Skeletal Remains Of Indians Are Unearthed

MADISON, Wis., Aug. 12, (AP)—The unearthing of skeletal remains of four prehistoric Indians near here was described today by Dr. Andrew Whiteford, of Beloit College, as one of the most important archaeological finds ever made in southern Wisconsin.

Dr. Whiteford, professor of anthropology, said the remains had been identified as belonging to the Hopewell culture, an Indian civilization which flourished at least 15 centuries ago.

The remains were uncovered by a road-building crew.

Dr. Whiteford said the skeletons were found in an excellent state of preservation "probably because of the mound-like grave where drainage has been good, and the clay in which they were imbedded."

A female skull included a perfect set of teeth, he said.

Mrs. Mary Seward, of the state historical society, said the Hopewell developed agriculture, a distinctive type of pottery, copper handicraft and a trading system which covered most of the North American Continent.

Nothing of the remains, Dr. Whiteford said, was the first evidence to prove the white had lived in Wisconsin. He said the rest of Hopewell culture was in Ohio, and it was known that Indians also lived in Minnesota.

Republicans Indicate Acceptance Of Truman's Spy Probe Challenge

By JACK BELL
WASHINGTON, Aug. 13 (AP)—Republicans gave every indication today of accepting President Truman's challenge to make a political issue of the Congressional hunt for Communists in the government.

Mr. Truman's second declaration that the Senate and House investigations are nothing but a red herring—with the added phrase: of the strongest type you can smell—brought a burst of answering fire from GOP ranks.

Gov. Thomas E. Dewey's campaign manager declared at Albany that the people are "shocked" at what he called the President's attitude "in seeming to cover up information bearing on Communist activities."

Herbert Brownell, Jr., the campaign chief for the Republican nominee, said in Wisconsin he had nothing else but has happened in Washington in the last three weeks could match the "intense"

U.S. To Provide Asylum For Two Soviet School Teachers; Mrs. Kosenkina Sees Red

Offer Of "Aid" From Russian Consulate Rejected By Woman Who Seeks Freedom

NEW YORK, Aug. 13, (AP)—Mrs. Okana Stepanovna Kosenkina today rejected the suggestion of a Soviet vice-consul that she be moved to another hospital, saying "You kept me a prisoner, you would not let me go."

The suggestion was made by Vice-Consul Zof I. Chepurnykh who visited the police-guarded hospital room of the Russian teacher, seriously injured yesterday when she jumped three stories from the Soviet consulate building.

Detective William Dyzko, a Russian-speaking officer who was in the hospital room during the vice-consul's visit, said Mrs. Kosenkina said, "No!" when Chepurnykh advanced his suggestion. The detective said that after the vice-consul and a secretary arrived at the hospital and asked for permission to arrange for a visit from the consul general, he and Inspector Michael E. J. Ladden went upstairs to the teacher's room.

They told Mrs. Kosenkina there were two persons from the Soviet consulate who wanted to speak to her, Dyzko said.

"We told her we are going to bring them in and see if you can identify them."

A few minutes later they escorted Chepurnykh and the secretary into the room.

"The injured woman's eyes were open," Dyzko said. The vice-consul earlier had said her eyes were closed.

Soviet Consul Protects Teacher

STANDING AT THE DOOR of the Russian Consulate in New York City, Soviet Consul General Yakov Lomakin talks to reporters in connection with the story of the "kidnaping" of Russian teacher Mrs. Okana Kosenkina. Lomakin says the White Russians were the kidnapers and that he rescued her. The House Un-American Activities Committee would like to subpoena Mrs. Kosenkina to tell her story, if its agents can reach her, but the Consulate refuses to let her be served. (International)

Caldwell Outlines Red Plan Barring Conditions For Big 3 On Danube Special Session Group Approved

TALLAHASSEE, Aug. 13, (AP)—Governor Caldwell calls a special session on changing state election laws, the Florida Senate may have a hard time finding a place in which to consider the issue. The new chamber it used during the 1947 regular session is being redecorated. It's at the stage just now where all the old furnishings and paneling have been torn out and none of the new ones have been put in.

Most Legislators Say They Favor Change In Election Laws

TALLAHASSEE, Aug. 13, (AP)—Governor Caldwell has set up the conditions under which he might consider calling a special legislative session to provide direct voting for President in Florida but an organized move to meet them could not be found today.

Several prominent members of the Legislature said they hadn't heard of the plan since it was introduced at a state House of Representatives caucus in Tampa last month.

Most of them said they would favor doing something about the Presidential elector muddle which appears to give Floridians no clear and simple way to vote for either Harry S. Truman or J. Strom Thurmond for President.

Senate President S. D. Clarke (Continued on Page Eight)

Greek Troops Fired On From Albania

ATHENS, Aug. 13, (AP)—The government announced today that Greek troops on the northeastern Grammos front are being shelled from inside Albania.

Greek troops have clearly heard orders to fire being given in the Albanian language, a general staff spokesman said.

Newspapers here reported guerrilla columns have been seen retreating into Albania despite a resolution by the United Nations special committee on the Balkans calling for their internment by Albania, Bulgaria and Yugoslavia.

U. N. Says World Not Ready For Arms Slash

LAKE SUCCESS, Aug. 13, (AP)—World armaments can be slashed only when confidence and security are established, the United Nations Commission for Conventional Armaments decided today.

This was one of the two major principles accepted by the commission as it prepared an interim report to the Security Council on its efforts during the past year.

The other principle was that the commission must confine its efforts to weapons not within the jurisdiction of the atomic energy commission. The Russians have insisted that the arms commission must deal with all weapons, including a-bombs.

STOVE EXPLOSION

WINTER HAVEN, Aug. 13, (AP)—Mrs. John L. Rawls, 50, was killed instantly today in a kitchen stove explosion which wrecked a large portion of her home.

Fire Chief George T. Bassett said it was "hard to say" what caused the explosion but believed an accumulation of natural gas used in cooking was ignited when she attempted to light her stove.

Tension Increases As Russian Radio Declares U. S. Took Part In Kidnaping

WASHINGTON, Aug. 13, (AP)—The State Department today promised asylum for two Soviet school teachers who have figured in current congressional spy investigations if—as expected they want to remain in this country.

At the same time, the department disclosed that the Russian government's claim that official agencies of the United States were involved in "kidnaping" at least one of the teachers have been denied directly to Soviet Foreign Minister Molotov by American Ambassador Walter Bedell Smith.

Moreover, department spokesman Michael J. McDermott also vigorously denied a report broadcast by the Moscow radio that Undersecretary of State Robert A. Lovett had told the Russian ambassador in Washington last Monday night that one of the teachers, Michael Ivanovitch Samarin, "was subject to interrogation by the Federal Bureau of Investigation."

McDermott characterized that Moscow radio report, which was represented as the official version of what Molotov told Smith Wednesday night, as being "preposterous."

McDermott said that Lovett actually told the Soviet ambassador that all he knew was what he had read in the newspapers about the case and that the newspaper accounts showed Samarin had voluntarily requested an interview.

Christian Church Reports Progress On Memorial Fund

Five progress in raising funds to build a memorial parsonage in honor of the late Rev. W. P. Wesley of the First Christian Church was reported today by Lester Tharp, fund chairman, who revealed that contributions have passed the \$100,000 mark, an amount the funds are on deposit in Sanford bank.

The parsonage committee has definitely decided that the parsonage will be built on the lots adjoining the church on Sanford Avenue, he said. A fourth lot was recently purchased on order that the playground may be between the church and parsonage.

Serving with Mr. Tharp are the following committee members: O. D. Landress, Mrs. B. G. Fox, Alex R. Johnson, The Rev. J. E. McKinley of the First Methodist (Continued on Page Three)

Hospital Benefit To Be Aided By Lions

Sanford Lions at their meeting today at the Tourist Center pledged co-operation with other civic organizations in promoting a Thanksgiving ball, proceeds of which are to be donated to Fernald-Laughton Memorial Hospital.

The Lions have always held their annual ball in October, and are relinquishing it for the hospital benefit, but plan to resume their annual Thanksgiving ball next year, it was announced.

Leroy Northrop, secretary of the De-Land Lions Club was a visitor.

King Lion Hamilton Bibbee read an editorial from the New York Daily Mirror entitled, "Love Those Lions." This contrasted the ideals of the Lions who recently convened in New York and who were described as "good people who love their country and their fellow men" with those of the Wallace, "so called intellectuals" who at Shibe Park, Philadelphia, "master-minded the show for the rabid mob, ridiculing their own land and its great men and paying slavish tribute to a bloody foreign dictator."

Health Board H as Authority To Force Quarantine Action

Mrs. Edward Kitcher, secretary of the Seminole County Tuberculosis and Health Association, today pointed out an opinion by Attorney General Tom Watson that the State Board of Health has the authority to use force if necessary to isolate or quarantine persons with communicable diseases such as tuberculosis.

"It is opinion applies to persons who refuse hospitalization or who leave the hospital before their disease is under control. The ruling is to the effect that the State Board has the authority to use force if necessary to keep these persons in the hospital."

Babe Ruth Shows No Improvement Today

NEW YORK, Aug. 13 (AP)—Babe Ruth, baseball's ailing home-run king, showed "no improvement in his condition" today, memorial Hospital announced.

"Babe Ruth continues to run a moderately high fever and in general there is no improvement in his condition," the hospital bulletin read.

This contrasted with a bulletin yesterday that the sick, retired baseball star had rallied and was improved.

Even his wife said yesterday that "he's feeling better."

FLOOR ENLARGEMENT

In further preparation for the Labor Day dance the Dpt. Book Riding Association is taking out a partition in its club house near Golden Lake in order to afford more room for the event. Decoration of the hall has been started said P. A. Moro, president, this morning. The building, a former Navy storehouse, measures 24 by 100 feet and has a concrete floor.

MIAMI BEACH SHOOTING

A man was dead and a young woman critically wounded in a Friday the 13th shooting today which police reported to be "something of a mystery."

The dead man was Edward Samuel Robinson, 41, night club doorman. The girl is Miss Lorna Deane, 24, who was shot in the chest by a bullet from a .38 Smith & Wesson revolver. The woman was identified by the two, said her family lived in the Bronx, New York.
