Allied Offensive Begins With Drive On Inchon

Byrd Demands Quick Action On Marshall

Senator Says Russia Could Force U. S. Out Of Korea; Bill Passes 18-7

NEW YORK, Sept. 15—(AP)—The Atlantic Council deputies informed their foreign ministers today that all the efforts thus far planned for strengthening the defenses of Europe against aggression are inadequate. This report from the deputies, who have been meeting in London under the leadership of American Charles M. Spofford, cleared the way for a recommendation that the 12-nation Atlantic Council agree promptly on the formation of a unified defense force under a single command in Western Europe.

WASHINGTON, Sept. 15—(AP)—Senator Byrd (D-Va.) told the Senate today that American forces fighting in Korea are "not even beginning to see daylight" and would have to pull out if Russia started World War III.

The Virginia Senator urged speedy approval of a bill to permit President Truman to appoint General George C. Marshall, former Secretary of State, as secretary of defense to succeed Louis A. Johnson, resigned.

"This will give notice to the world that we are going to get down to brass tacks about preparedness instead of just spending money," Byrd declared. "We are going to get something for the money we spend."

Asserting that United States prestige had been dealt a "severe blow" in Korea, Byrd said the situation there is still critical.

"If Russia declared war, we would have to evacuate Korea," he said. "We have had more casualties there than the newspapers report. We are not even beginning to see daylight there after three months of fighting."

Earlier today the House Armed Services Committee approved the Marshall legislation, 18 to 7.

Chairman Vinson (D-Ga.) announced the vote. The Senate Armed Services Committee had

U. S. Is Reported In Favor Of Soft Peace With Japan

Unlimited Re-Armament Favored With U. S. Providing Aid

WASHINGTON, Sept. 15—(AP)—An official source said today plans for peace with Japan contemplate no limit on the right of the Japanese to train.

This official, who may not be identified by name, said that the United States will ask for no military bases in Japan, but favors U. S. control over Okinawa under a United Nations trusteeship.

American plans were said to call for an arrangement by which U. S. forces would underwrite the security of Japan with troops somewhat as American Air Forces are currently stationed in England to bolster Western European defenses against the threat of aggression.

This report on American views followed President Truman's announcement that he has directed the State Department to go ahead with preliminary negotiations on a Japanese peace treaty with representatives of the 13 nations which are members of the Far Eastern Commission. Soviet Russia is one of these and is expected

War Profiteer Is Denounced By Symington

Truman Orders Rubber Output Uppe; Army Camps To Be Reactivated Soon

WASHINGTON, Sept. 15—(AP)—Senator Symington said today that "a few unscrupulous chiselers" are profiting from the war.

Symington, chairman of the National Security Resources Board, declared that some businessmen are following a policy of "hoop profit" and indicated that the government is getting ready to crack down on them.

The government's top home front mobilizer, Symington told a Senate Armed Services subcommittee that sharp price increases since the start of the Korean war are due in large part "to people new in the market, organized to make an illegal or black market profit, or at least a profiteering profit."

Symington noted that under the new economic controls law the government has the power to require

South Koreans reveal desire for N. Korea

South Korean leaders have feared United Nations forces might stop at the line which from June 25, marked the border between two portions of the country. A Soviet-sponsored Communist government was formed north of the line and a democracy in the south.

The members moved to abolish the division by invading South Korea that last Sunday in June.

Since then the Communists steadily expanded their holdings, driving the South Koreans and United Nations forces to a small southeast corner of the peninsula.

But today marked the start of the long awaited democratic offensive. The South Koreans want it to go all the way north.

The move rally was sponsored by the Patriotic League of Korea. Leaders read messages to the United Nations.

Willie E. LeGer, 53 Dies At Paola Home

Willie E. LeGer, 53, died at his home in Paola late Wednesday afternoon following an illness of more than 18 years.

He was born in Enterprise, Ala. Aug. 19, 1897 and was formerly employed by the Atlantic Coast Line Railroad for about six years. He was forced to retire because of ill health.

Surviving are the widow and two sons, E. G. LeGer and D. P. LeGer of Haines City, four daughters, Mrs. Doris Spivey, the Misses Dorothy, LeGer and Mary LeGer all of Sanford, also two brothers and two sisters in Enterprise and one sister in Erickson Springs.

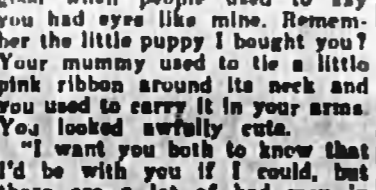

Funeral services will be held at Erickson Funeral Home at 10:30 A. M. Saturday with the Rev. L. R. Rushton officiating. Burial will be made in Evergreen Cemetery.

Highly Enraged Orlando, Sept. 15—(AP)—Orange Memorial Hospital officials said today a "similarity of names" results in an erroneous report last night that former State Superintendent of Public Instruction Colin English had been stricken with a heart attack.

The patient, admitted to the hospital in critical condition, was identified today as Cullen English of Montverde, truck driver for a fruit concern.

Hospital aides said they were checking to see if anyone at the hospital was at fault in confusing the name of the patient with that of Colin English, unsuccessful candidate for governor in 1948.

Stemper Selects Group To Study Auction Market

Proper Observance Of Flag Courtesy Is Told Jaycees

Establishment here of a new farmers auction market, moving of a misplaced Orange county sign, and the proper observance of the American flag, were the principal topics of discussion yesterday at the meeting of the Jaycees.

The discussion about the auction market followed the reading of a letter from John Pearson, veteran agricultural instructor, asking the Jaycees to study the farmers' program. President W. H. Stemper appointed a committee to investigate the matter, and this included John Kader, B. F. Gans and Sonny Powell.

Leo Wellman, past president of the Jaycees of Huntington, W. Va., and local vacuum cleaner salesman, presented his Flag Crusade program on which he said he had made about a year of research in the State Department.

YOUNG LOVE LOC ANGELES, Sept. 15—(AP)—"What finally drew you together?" a reporter asked the elderly couple after they exchanged marriage vows.

To which 74-year-old Miss Pearl Adella Hughes replied: "It was his ardent and persistent love making."

PHYSICIAN KILLED THERMOPOLIS, Wyo., Sept. 15—(AP)—An automobile-truck collision claimed the life of Dr. William Harrow Pugh, 62, executive-secretary of the General Assembly of the Presbyterian Church. His position made him head of a church with more than 2,000,000 communicants. The State Highway Patrol said he was a passenger in a southbound car driven by the Rev. Joseph Lininger of Cheyenne; that the accident occurred on U. S. Highway 20, ten miles south of here. The truck was going north.

DOUBLE HEADER NEWARK, N. J., Sept. 15—(AP)—Patrolman Patrick Hennessy brought a new sedan but had not gotten around to disposing of his old coupe.

He didn't think he ought to let either car stand around with out valid license plates, so he put one plate on each.

He got tickets on both.

GI Daddy's Last Word To Family Asks Them To Stand Up For Right

COLLINGDALE, Pa., Sept. 15—(AP)—A young soldier in Korea took a piece of notepaper from his helmet and wrote a letter to his two small daughters back home.

That letter was delivered yesterday to the home of six-year-old Rose Marie McCormick and her sister, Joan, three.

Three days ago, their mother was notified that Pfc. John E. McCormick, 28, paratrooper veteran of World War two and infantryman in Korea, had been killed in action.

That's what Pfc. McCormick wrote to "Dear Joannie and Rose Marie:"

"This is daddy. I want you to listen and pay attention while mommie reads this to you. Just fire and make believe I was there, talking to you.

"Joannie, I don't think you'll remember me because you were a little baby when I had to go away, but I used to sit and hold you a lot, and when you were a tad little girl, I used to make you sit in a chair until you were good, but I always loved you a

lot and I was very proud of you. "Rose Marie, you should remember me because I used to take you out with me a lot, and I used to buy you a lot of candy and soda, and I used to feel so good when people used to say you had eyes like mine. Remember the little puppy I bought you? Your mummy used to tie a little pink ribbon around its neck and you used to carry it in your arms. You looked awfully cute.

"I want you both to know that I'd be with you if I could, but there are a lot of bad men in the world, and if they were allowed to do what they wanted to do, little girls like you wouldn't be allowed to go to church on

South Koreans Reveal Desire For N. Korea

Mass Meeting Shows Burning Desire For Abolition Of 38th Parallel And Unity

IS BELL MINN. PUSAN, South Korea, Sept. 15—(AP)—Fifteen thousand Koreans were gathered in the Pusan railroad station plaza today while United Nations forces were making amphibious landings far up in Communist-held territory.

News of the landings brought cheers. They had been waiting a long time for such news.

The news meeting had been called to express a burning desire for national unification by abolishing the 38th Parallel.

South Korean leaders have feared United Nations forces might stop at the line which from June 25, marked the border between two portions of the country. A Soviet-sponsored Communist government was formed north of the line and a democracy in the south.

Inchon Is On Low Lying Heavily Populated West Korean Coast

YOKO, Sept. 15—(AP)—Inchon, where U. S. Marines and doughboys made their major landing, is near the middle of the west coast of Korea on the Yellow Sea.

The west coast itself is mostly low, greatly indented and has a one-hundred mile belt of mud flats exposed at low tide.

Heavy Korean population is about the coast. The port of Seoul, the capital of the Republic of South Korea, 25 miles inland, is Korea's fourth largest port with a population of nearly 1,000,000.

The invasion city is 30 miles south of the 38th Parallel, which divided Communist North Korea and Republic of South Korea. It is 120 miles southeast of Pyongyang, the Red capital, and 724 miles west of Tokyo.

Inchon, badly pounded industry produced railroad rolling stock and equipment machinery and steel.

During World War II, when Korea was under Japanese dominion, the Japanese manufactured 1,000 tanks and submarines at Inchon.

Twenty miles northeast of Inchon, the Japanese built a large steel mill.

51 Killed, 27 Are Hurt as Philippine Volcano Erupts

MANILA, Sept. 15—(AP)—Maldonado Palace announced tonight 51 persons were killed by an eruption of Hibok Hibok volcano. It is on Camiguin Island near the northern coast of Mindanao in the southern Philippines.

Twenty-seven others were injured, including the Philippine White House announcement said. The report of the casualties was received by the presidential palace from Red Cross representatives on the island.

LEGION MEET The Sanford Post 53, the American Legion, will have a meeting Monday night at 7:30 o'clock and the meeting will follow at 8:00 o'clock. Commander Karl B. Haushalter announced today.

SHAW WATSON LUTON, Eng., Sept. 15—(AP)—George Bernard Shaw, suffering from a fracture of the thigh, took a turn for the worse today.

The Luton and Dunstable Hospital announced that a specialist in diseases of the kidney and bladder has been called to examine the 94-year-old playwright.

BLOOD BANK DRIVE The Lions Club sponsored Blood Bank Drive will begin Sunday in all of the Sanford churches. John Kader, chairman of the Seminoke County Health Unit, announced today. Blood donors at this time will be signed up for added blood will be given on Sept. 28 at the County Health Unit next to the Fire station.

Three donors will be processed every 15 minutes. Mr. Kader said and no inconvenience will be caused.

DETROIT, Sept. 15—(AP)—If it's any consolation to you, General Motors' tax bill for 1949 is \$444,377,880.44.

It is believed to be the largest tax paid by any corporation in the country.

G.M. filed its completed return today, along with a 1949 third quarter payment of \$108,901,928.82. The company will make a final payment of \$111,094,470.81 Dec. 15.

Marines And Tenth Army Corps Led By MacArthur Launch Amphibious Assault

WASHINGTON, Sept. 15—(AP)—The Navy said today the Marines suffered only "negligible losses" in storming ashore at Inchon in Korea. A headquarters spokesman said 80 prisoners were taken in the initial assault after the Marines overcame considerable opposition from an army unit occupying the 1,000 yard causeway between Wolmi Island and Inchon itself.

Wolmi Island, which commands the seaward approach to Inchon, was saturated with napalm fire bombs before the Marines stormed ashore. The Navy spokesman said this wooded island literally was burned out by the bombs he added.

WASHINGTON, Sept. 15—(AP)—American Marines and infantry stormed ashore in Korea's west coast today far behind Red battle lines and landed swiftly under fire into the sea port of Inchon.

The landings were near the harbor for Seoul, the Red-held South Korean capital 22 miles inland. Covered by bombardments from British and American warships, the landings were made at 6:30 AM (4:30 PM EST, Thursday).

Eleven hours later, the U.S. 10th Army Corps went ashore. Led by tanks, they drove two miles into Inchon on their first lunge.

General Douglas MacArthur, the United Nations commander, who planned the bold operation, was on hand to direct the landings.

Later he said the deep amphibious penetration might break the backbone of the Korean Red army.

South Korean Marines landed at the same time on Korea's east coast.

Three coordinated thrusts deep into the Korean peninsula were planned. The first was to capture Seoul, the Red capital, and to drive on to Pyongyang, the North Korean capital.

The second was to capture the port of Pusan, the South Korean capital, and to drive on to Seoul. The third was to capture the port of Wonsan, the North Korean capital, and to drive on to Seoul.

The agreement calls for a 10-cent hourly wage increase about half of which already has been in effect since July 1, and a cost of living wage increase arrangement following the pattern set by the CIO auto workers and General Motors.

The wage arrangement is for six months only, however, and both sides will reexamine the plan on Mar. 15, 1951, to determine whether to continue tying future wage adjustments to the government's cost of living index.

The agreement also provides for a 10-cent hourly wage increase about half of which already has been in effect since July 1, and a cost of living wage increase arrangement following the pattern set by the CIO auto workers and General Motors.

THE HAGUE, The Netherlands, Sept. 15—(AP)—Defense Minister Willem Schokking told Parliament last night the Dutch government may send ground forces to Western Germany because Holland doesn't have room for them at home.

BUILDING PERMIT Permit was recently issued by the City Hall for the construction of five new homes. Four of these, estimated at \$8,000 each in cost, will be erected by Percy Homes, Inc. at 2525, 2527, 2529 and 2531 Palmetto Avenue. The other permit was for a \$8,000 building to be erected by E. K. Roberts at 2300 Park Avenue.

TEN KILLED ORANGEVILLE, S. C., Sept. 15—(AP)—Ten Negro laborers were killed today in a creek accident, miles north of Holly Hill. The laborers were aboard a bus formerly used in carrying school children. It and a large van collided head-on on a small bridge on a straight stretch of Highway 153.

An undetermined number of men were injured. Two ambulances were loaded with injured. They were brought to tri-county hospital here.

Ball Is Named To Head New Group Of Real Estate Men

Raymond M. Ball was inducted yesterday as president of a new organization of real estate men, the Seminole County Board of Realtors at a meeting held yesterday noon at the Anchor Inn.

The new organization takes the place of the Sanford Board of Realtors of which Mr. Ball was president. Jack E. Robinson, Daytona Beach, former president of the Florida Association of Realtors, conducted the induction, and presented the new charter and seal.

Other officers are Fred Bender, vice president and John D. Brown, secretary-treasurer.

Charles H. Warner, Daytona Beach district vice president of the Florida Association of Realtors, made the Constitution, by address, and spoke on the values of freedom in the Constitution and the Bill of Rights.

Violet Dunham, Orlando secretary of the Association, told of plans for the national convention of Realtors in Miami on Nov. 12.

In Memphis, Tenn., Mrs. Charles Ray Parker gave birth to a fine baby daughter Tuesday night. She is 13, her husband 18. How does it feel to be a mother at 13? "I'm thrilled to death," says Mrs. Parker.

There will be more meat at lower prices, says a Department of Agriculture official. The current production of hogs, for instance, is the largest in peacetime history, he says, and the number of cattle by 1954 will reach 90 million head.

Although the United States is carrying the load in Korea, actually some 15 nations have offered aid in some form or other, 13 of them ground troops. And at least three other nations have men already at the front.

Although there has been only one case of polio in Sanford this year, the disease is on the increase elsewhere in the United States. There were 1,745 new cases last week, an increase of 7.3 percent over the previous week and the greatest number so far this year.

Senator Russell of Georgia is another who would start a war in order to prevent one. We would seem at the moment to have about all the war on our hands we can take care of without inviting further trouble either with Russia or China.

Is something the matter with the American system of free education? Some Army leaders and many congressmen seem to think so. "It seems to me that too many of our young men are failing to pass the Army intelligence tests," says Rep. Vinson of the House Armed Services Committee.

Many a man has the feeling, when suddenly called upon to make a speech that he might swallow his false teeth, or the roof fall in on him. However, it remained for Frank Lott, railroad executive, addressing students at Spring Hill College campus to offer the best excuse for his shaking knees.

It isn't the housekeeping, it's the housekeeper that makes housekeeping so difficult. This is the conclusion reached at the sixth Congress of Medical Women's International Association meeting in Philadelphia this week. Questionnaires sent to housekeepers in 13 different nations by women doctors belonging to the association revealed that 78 percent had flat feet, corns or bunions, frequent colds and coughs, rheumatic joints, indigestion and various other ailments.

Squaring Away

Gradually the nation is squaring away to meet the new world job which began with the intervention in Korea. The size of the job is beginning to be apparent in the recent moves of the Administration.

The return of credit controls and the call of the President for less buying and for co-operation in holding down wages and prices combine to suggest what may be in prospect in the way of disruption of the supplies of ordinary consumer goods. The probable effect of the \$4,500,000,000 tax rise bill now in Congress can be seen, and now it is disclosed that a second tax hike of \$7,000,000,000 is being prepared.

Even so there is a general belief that the whole prospect has not yet been laid before the people. Ever since the Korean trouble began observers on all sides have remarked on a reluctance of government officials to hand out the bad news in large batches, a tendency to emphasize the cheerful items and minimize the gloomy ones.

Second-guessing, it is now all too clear that in our eagerness to get away from the burdens and worries of World War II we stumbled headlong into the fresh burdens which now confront us. We began to see now that the job of holding a peace may be as hard and troublesome and long as the job of winning a war.

Safety For Troops

For two reasons the troop train accident near Coshocton, Ohio, was a jolting shock. The death toll was high enough to place it on the list of the nation's major rail disasters. The fact that the dead and injured were National Guard soldiers and drafted recruits en route to their training camp added a sharp emotional emphasis.

A serious rail accident always brings searching investigation, and the demands for such have been immediate and strong in this case. No doubt a thorough inquiry will be made into the causes of the accident; to the outside observer it seems that this must center around the presence of two trains in one signal block on a foggy night.

Every veteran of World War II will remember the decrepit cars usually found in troop trains. That was largely unavoidable, as every available piece of rolling stock was being put to maximum use in those days. Standard railroad procedure is to keep the best equipment in scheduled service, and to make up special trains from what is left.

Stinting The Schools?

Most taxpayers think that they pay plenty for the schools. If Federal Security Administrator Oscar R. Ewing is right, they are paying less proportionally than they did twenty years ago. He told the annual convention of the American Federation of Teachers that in 1930 the United States spent three cents out of every dollar of income for education, while now the amount is less than two cents.

This does not mean, of course, that the schools are being run on less money. The national income has increased so vastly since 1930 that two per cent of it today amounts to far more than three per cent in the former day. On the other hand, demands are much greater. School buildings are larger and more costly, courses are more varied, school libraries and equipment are much improved, and teachers' salaries have been increased decidedly.

Probably the National Education Association will have interesting views on this.

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, Sept. 15.—(AP)—This writer has great respect for General George C. Marshall as a man, as a citizen, as a soldier, and as a public servant. So what follows here is not meant as a criticism of him. But his selection by President Truman to succeed Louis Johnson as Secretary of Defense raises one question at once:

Why, in a country of 150,000,000 people, does one man, like General Marshall, have to serve in one critical job after another? Are no other men capable of filling critical jobs well?

Marshall was Chief of Staff during World War II. He retired in 1945, thinking that after his long Army career and World War duties he could get a well-earned rest.

But the situation in China—between Chiang Kai-shek and the Communists—was so bad that Mr. Truman called the General out of retirement and sent him to China as the one man capable of mediating the dispute.

Then when Marshall finished that job, Mr. Truman asked him to be Secretary of State. A good man was needed, Marshall was a good man. He served until ill health forced him to retire again to private life.

He's 69 years old. And now, with the nation in a dither over its defenses, Marshall once more is asked to help the country out. Granted that Marshall is one of the outstanding men of his time, it still is some kind of commentary on the other 150,000,000 people that one man repeatedly has to be called on to bail his country out of trouble.

Then there's another question: how will Marshall make out if Congress approves his appointment as Secretary of Defense? Elections are coming in November. Few people are sacred in politics. Will he get a political rickety around?

Until now the Republicans have been blaming Secretary of State Dean Acheson for our China policy. That policy can be stated briefly: Several years ago the Truman Administration decided it was hopeless to keep pouring help into Chiang Kai-shek's government in its fight against the

Chinese Communists. On these grounds: That Chiang's government has corrupted, that it wouldn't take the steps at reform necessary to help itself, and that it could not win against the Communists so long as it persisted in not reforming.

As a result, American aid was withdrawn and eventually the Communists drove Chiang out. Marshall had a big hand in shaping that policy. When Acheson succeeded him as Secretary of State, the policy was continued, always, of course, with the approval of Mr. Truman, who was the connecting link between the two men.

But for many months now, with the Communists in control of China, Acheson has been condemned by the Republicans for our China policy. Senator McCarthy, Wisconsin Republican, even called him the "Red Dean." It seems unlikely that anyone would dare try to put any Red label on Marshall, but... Now we'll have to see whether Marshall is going to be criticized along with Acheson for the China policy. The latter until now has had to bear the brunt of the attacks almost alone.

In order for Marshall to take the job as Secretary of Defense Congress must change a law which it passed only a couple of years ago. That law says no former regular officer can be Secretary of Defense unless 10 years have elapsed since he left the service.

Marshall retired from the Army only five years ago. So before he can be Secretary of Defense Congress will have to change the law—at least in his case. The purpose behind the present law, of course, was to preserve civilian control of the armed forces.

That's part of the American, Democratic tradition of keeping control of the country in civilian hands and out of the hands of military men. Several members of Congress, offered strange reasoning in explaining why they'll approve changing the law for Marshall.

They said they'd be against a military man as head of the armed forces in ordinary times, but—these are unusual times and therefore it's all right to put in a military man.

That's a little like saying civilians are all right till things get tough, but then we need military

leaders. If that thinking was followed all the way down the line we'd have a military state, not democracy.

And that kind of thinking is completely to the thinking of the founding fathers who wanted civilian control to be sure that military men always remained servants of the people, not their masters.

So it will be interesting to see

Seminole Hi Is Beverly Gray

We had as our guest speaker Reverend McKinley from the First Methodist Church in chapel Thursday. He made an interesting talk and we appreciated his coming. Here's hoping he visits us again soon.

Looks like it's going to be a wild weekend with the Sox dance Friday night. Be sure and wear your brightest socks and win a prize. It's only fifty cents stag or drag (you boys make it drag) and it starts at 8:00. You'll know your Tourist Center. All you freshmen come too. See you there.

So sorry to hear about Walter Graham's dad being ill. Hope he gets well soon. Blue Ireland doesn't seem to like his team in the upper D. K. Use, my mistake. He must be with the F.H.I. or something. Seems we have tennis and golf camp on our hands by the name of George Herndon. Keep up the good work!

Hope you all buy College Grants membership cards. There'll be loads of fun down there this year. The cards are only a \$100 for a year. Otherwise it's 25 cents a week time you go. Mrs. Hutzclaw is in charge this year (you'll know her) and we're glad to have her. We'll miss Mrs. Graham and hope she might be back with us soon. In fact, there are a lot of fine shagrons with us. It's every Saturday night so be sure and come. See you.

Jean Lane Miller sure is one cute gal. Ya'll boys better watch her. Mildred Miller had on a cute pink plaid the other day. I loved Shirley Fraseck's red dress. Didn't you? Cecil Kowitz asked some one Thursday morning if it were that Court. Didn't they have chapel in Junior High? I see Jane Davis talking in the halls to Edward Dora Lee Richardson sets lunch with Chester. More fun! Warren Mett seems to be mad with a little.

Before you wash your face, be sure to wash your hands. These are good habits to get into. Wash your hands for about 10 minutes. Bake the fruit after rolls in a hot oven.

Southeastern Gridders Flash Cleats To Catch Coaches' Eyes

The lads who pound the gridiron turf are beginning to show their wares, and coaches in the Southeastern Conference are coming up with pre-season appraisals.

The southeastern gridders—never the coy or shrinking violet type—are flashing their cleated hoofs and having their padded shoulders every which way in the hope a mentor's eye will detect the gleam of genius in their football gyrations.

Wednesday's practice sessions around the loop produced a likely crop of aspirants for fame and first-string glory.

Two sophomores were standouts at Georgia's long, hard scrimmage—Bobby Morris and Dexter Pass. Morris, a 170-pounder, laid some vicious tackles on the line for Coach Wally Butts to see, and Pass did all right at pass defense. Pass is a hard-working candidate for center.

Alabama's workout turned the spotlight on Larry Chiodetti, and he performed like a prima donna in his pleasant glare.

Chiodetti is a 160-pound scabbard, and it's seldom that he doesn't steal the show at the Bama shindig. His chores yesterday—carrying the ball and snagging aerials—had the deft touch of an expert. It was all Tom Calvin, a hard-hitting fullback, could do to shove his way into the glory.

A quartette—staunch fellows, all—were sufficient to impress to quicken the stricken heart of Coach Johnny Vaught at Mississippi.

A rough and tumble scrimmage revealed the sterling worth of jumping John Dettley, quarterback Rocky Byrd (a rare one), Scrapper Hart who plays at left halfback, and right halfback Teddy Millette.

For the team as a whole, expandedbaugh, "We've still got some green spots to work out, but it looks as though we are making progress."

A 154-pound halfback, Loren Broadus, took the honors for Florida. Coach Coffey noted that the alternate captain showed considerable improvement in broken field running, and several of his long jaunts were a sight for sufficient impressiveness.

Ken Sumner, who has a powerful way of plugging through his opponents, also rated a word of praise.

Towering Joe Tiburzi, a junior tackle of large-scale beef, led defensive safety in Auburn's practice against upcoming Wake Forest, and big Joe took the bows for a job well done. With him for the plaudits were Foss Bauer, a junior tackle, and Bobby Rhed, a sophomore guard.

Illness kept Bobby Weaver, a 207-pound tackle, from the practice.

A single glint of promise shone at Vanderbilt. Bob Woodruff, center was responsible for that.

Ron Clary booted the ball in a way that makes the kickoff one of the most rousing and breathing moments of football. Ron tossed his 200 pounds into every kick, and the ball each time sailed off with the easy grace usually attributed to the gent on the flying trapeze.

But aside from this spiraling splendor, Coach Bill Edwards had little to laud, except the fast, shifty footwork of Art Hebbert.

Art doesn't have much weight to throw around, but he gave a good account of himself at right halfback, and it looks as if he'll see plenty of action when the season begins. He's a 155-pound sophomore.

Tulane went through a short, snappy session that showed advantage Harold Waggoner to advantage. Tennessee footballers heard Coach Bob Neyland tell them how terrible they were—worse than the day before; and Kentucky began tapering off for Saturday night's opener against North Texas State, and no Texas cyclone that.

At Louisiana State, Coach Graynell Tinsley mapped out fairly

Red Hats Cop Title In League Playoffs By Blanking G-Men

DELAND, Sept. 15—(AP)—DeLand's Red Hats walked off the Conrad Park diamond here last night as Florida State League playoff Champions following a 2-0 shut out victory over Gainesville. The set went to DeLand four games to one.

The Hats southpaw sensation Pate Nicolls, notched his fifth playoff victory and broke the most season series record for strikeouts, fanning 17 G-Men. The record of 16 set by Jeter of Sanford had stood since 1929.

Nicolls gave up eight hits last night, but avert fielding blunders. The G's, The Hats pushed a run over in the third when George Barrow poked a single to right, went to second on Nicolls' sacrifice stole third and came home on a safety by third baseman Spiker Fernandez.

Den Allen banked a hit to right in the sixth and circled the bag to score on a three base error, and the ball rolled past outfielder Hank Penton to the wall.

No Gainesville batter escaped being fanned by Nicolls at least once in the hour and 17 minute quickie.

Collegiate Pigskin Parade Gets Under Way This Weekend

COLLEGIATE PIGSKIN SPT 18 NEW YORK, Sept. 15—(AP)—Despite mid-summer temperatures and even hotter baseball races, college football begins its schedule this weekend.

Nearly two dozen games are booked. They include such schools as Denver, Drake, Cincinnati, Brigham Young, Kansas State, Kentucky, Tulsa, Nevada, Wyoming, Duquesne and St. Bonaventure.

Denver and Drake are the first of the major schools to send their players into action. The two play tonight at Des Moines. The game gives John Bright of Drake a head start on his campaign to retain the nation's ground-gaining title he won last season.

There will be an entirely different feeling at Lexington, Ky. The Kentucky Wildcats take on North Texas State in full confidence that the contest is but the first victory in another successful campaign. Kentucky, one of the Southeastern Conference favorites, won nine and lost three last year, including a 21 to 13 setback by Santa Clara in the Orange Bowl.

Cincinnati, which could be one of the mid-west's toughest, opens its schedule by playing host to Texas Western and Tulsa and St. Louis.

Philadelphia at home (3); Brooklyn 2, Cincinnati 1; Pittsburgh 2, New York 2; Boston 2, New York 2; Brooklyn at home (13); Boston 4, New York 2; Philadelphia 2, St. Louis 2; Chicago 2, Pittsburgh 2; Cincinnati 2, St. Louis 2; New York 2, Away (4); New York at home (13); Boston 2, Chicago 2; St. Louis 2, Cincinnati 2; Philadelphia 4, Away (3); Boston 2, Brooklyn 2.

AMERICAN ASSOCIATION (Remainder Playoff Series) Results Yesterday Indianapolis 4, St. Paul 2 (Indianapolis leads, 2-0); Columbus 2, Minneapolis 4 (12 in. lead); Columbus leads, 1-0; Indianapolis 4, St. Paul 2 (Indianapolis leads, 2-0).

WESTERN ASSOCIATION (Championship Playoff Series) Results Yesterday No games scheduled.

INTERNATIONAL LEAGUE (Championship Playoff Series) Results Yesterday Rochester 10, Jersey City 4 (Series tied, 1-1); Montreal 3, Baltimore 2 (Series tied, 1-1).

FLORIDA INTERNATIONAL LEAGUE (Final Standings, Playoff Series) Results Yesterday Miami 2, Havana 2 (Miami leads in seven-game series, 3-1).

SOUTH ATLANTIC STANDINGS (Final Playoff Series) Results Yesterday Macon 4, Columbia 0 (Macon leads, 2-0).

GEORGIA-FLORIDA LEAGUE (Final Playoff Series) Results Yesterday Tallahassee 3, Americus 6 (Tallahassee leads series, 2-0).

DiMaggio And Mize Pace Yank Attack In 7-5 Tiger Win

DETROIT, Sept. 15—(AP)—They began calling 'em the Bronx Bombers in Babe Ruth's day—and that's still the best name for the New York Yankees.

The league-leading Yanks barged into the second game of their series with the Detroit Tigers today sporting a record of 30 home runs in the last 15 days.

Manager Casey Stengel's lads have belted at least one four-bagger in 15 of their last 16 per war No. 29 and it kept up a hitting spree that has been a tremendous factor in the Yankees' late season pennant surge.

Two more games remain in the series with the clubs who have headed first place back and fourth for the last two weeks. If Detroit wins today and New York wins tomorrow, it may set some sort of record for "Now I'm in, now you're in."

The Yankee slugger was furnished by Joe DiMaggio, Jonny Mize, and Cliff Mapes. For Di Mag, the round trip Mize, who also has been pounding out extra base hits pretty regularly, now has 20 homers. Mapes was his 11th.

Of course a couple other guys Wyoming, two other candidates for post-season play, also start punting and passing.

Here's a list of this weekend's games: Tonight: Arkansas Tech at Central Oklahoma State Teachers; Denver at Drake; Presbyterian at Furman.

Saturday: Arizona (Flagstaff) State vs. West Texas State at Amarillo, Tex. (night); Pepperdine at California Poly (night); Colorado Mines at Chadron, Neb. State (night); Texas Western at Cincinnati (night); Brigham Young at Idaho State South Dakota State at Iowa State Teachers (night); Washah at Kalamazoo (night); Eaker at Kansas State (night); North Texas State vs. Kentucky (night); Hardin Simmons at New Mexico A & M (night); McMurtry at Tulsa (night); Montana State at Wyoming (night); Duquesne at St. Vincent John Carroll at St. Bonaventure.

Macon Blanks Reds In South Atlantic Tilt

MACON, Ga., Sept. 15—(AP)—Macon's Bill Seimouth pitched himself a five hit shutout over Columbus last night to give the Peaches a 2-0 advantage in the final South Atlantic League playoffs. The score was 4 to 0.

The third game of the best four of seven series will be played here tonight. Then the teams move to

the Carona city for the window. Seimouth, a big right-hander, was a little wilder than usual, but he had the Reds well under control most of the way. He was a little shaky in the first couple of innings and in the ninth, but his change of pace kept him out of serious trouble. Two Macon double plays helped.

Don Phelps connected for a 850-foot homer good for two runs. Ibery Palmer got three singles. Columbia 000 000 000—0 8 0 Macon 300 010 00x—4 10 3 Ziser and Nebel; Seimouth and Palmer.

Army football teams were battling 300 before the 1950 campaign—the Cadets had won 358 games lost 117 and tied 35 since the Academy began playing football in 1890.

were hitting the ball for the Yanks. Second baseman Gerry Coleman slapped a single that marked the eighth straight game in which he's hit safely. Moreover, it helped Gerry celebrate his 26th birthday.

The Tigers just couldn't do much with their bats. A couple guys hit doubles and the rest got singles—several hit in all. George Kell slapped his 80th double, but it might as well have been his 1,000,000th. It didn't help. You can't beat three home runs with a handful of one and two base singles.

Veteran Wants Papers Sent Him Secretly

DETROIT, Sept. 15—(AP)—Did you ever slip out to a burlesque show without telling your wife—or girl friend—or mother? Then you'll understand how this veteran from Peckville, Pa., feels. Back in 1942 he slipped into a Detroit burlesque palace to watch the gals. As he was leaving, he dropped his Army discharge papers and they disappeared into a crack between the steps. The ushers took a dim view of tearing up the step so he could have his papers back. The veteran went back to Peckville. Recently he heard the burlesque house was about to be torn down—to make room for a new county-city building. So now John G. Dunn, assistant city corporation counsel, has a letter on his desk from the Peckville veteran. He sent along a sketch showing where he lost his discharge papers. He wants the wreckers to watch for the papers and then send them back to him "very secretly."

Marshall Approved

(Continued From Page One) previously approved the legislation. The opposing votes in the House committee were cast by Republicans: Reps. Short of Missouri, Atreid of Illinois, Shafer of Michigan, Elston of Ohio, Towse of New Jersey, Gavin of Pennsylvania and Myers of Kansas. Republican Representatives Blackney of Michigan and Norblad of Oregon joined with the following 10 Democrats to approve the bill: Chairman Vinson, Kilday of Texas, Durham of North Carolina, Sasser of Maryland, Hefferon of New York, Phillips of Massachusetts, Winstead of Mississippi, Price of Illinois, Fisher of Texas, Hardy of Virginia, Green of Pennsylvania, DeGraffenried of Alabama, Walsh of Indiana, Brooks of Louisiana, Herbert of Louisiana, and Doyle of California. The last three voted by proxy. The House Rules Committee took speedy action on getting the bill to the floor, allowing two hours of debate and making a House vote possible today. Vinson had suggested four wishes "so as to give everyone who wishes an opportunity to speak." Vinson told the Rules Committee that General Marshall can restore confidence. "Everybody—rightly or wrongly—has lost confidence in the present situation," he said. Vinson described Marshall as the pre-eminent man in America for the situation right now. He is barred from the office now by the law that created the job in 1947. One provision says the secretary may not be a man who has seen active duty as a commissioned officer in the armed forces in the past 10 years. Marshall, wartime army Chief of Staff, has. President Truman chose Marshall for the job after accepting the resignation of Secretary Louis Johnson, who quit Tuesday amid accusations by political enemies that he had sacrificed national security in the name of economy. The President asked Congress to change the law only for General Marshall.

South Koreans

(Continued From Page One) ted Nations and to heads of 52 member governments supporting South Korea, including President Truman. One was to General MacArthur. All appealed for Korea's admission to the United Nations and asked for realization of complete unification of Korea by the march of troops to the Manchuria border. They also expressed gratitude to the U.N. forces for the general offensive action. Korea's application for U.N. membership has been vetoed by Russia. A statement from U.S. Ambassador John J. Muccio was read. It said: "For two years I have witnessed the burning desires of the Korean people to protect their freedom and independence and to achieve their duty. "It is this feeling of love of country that is holding back the barbaric invasion from the north. Korea no longer stands alone. I feel that historic decisions are in the making" in the fifth session of the General Assembly of the U.N., which opens next Tuesday in New York. Present at the meeting were representatives of the U.N. Commission on Korea, including the chairman Dr. Anup Singh of India. The crowd was stirred by band music. Many carried banners saying: "The earnest and ardent desires of 30,000,000 Koreans are being achieved" and "a general offensive has been launched and 'Red devils are being mopped up' and 'world peace by Korea's national unification' and 'march on to Paektu mountain.'" Paektu mountain is 100 miles due north of Pyongyang, the North Korean capital, and only 20 miles from the Manchuria border. The South Korean national assembly today authorized nine groups of 10 national assemblymen each to visit various fronts to encourage the fighting men the wounded and to inspect the general situation of civilians near a front in anticipation of re-constitution work when the war ends. Assembly chairman P. S. Shim said a permanent U.N. guard should be stationed along the Manchurian border to secure Korea's future independence.

ROBERT NEWTON and BOBBY DRISCOLL in scene from Walt Disney's "TREASURE ISLAND," in color by Technicolor, an RKO release.

Walt Disney Brings in 'Treasure Island' Actionful Saga of Fabulous Pirate Gold

Robert Louis Stevenson, whose "Treasure Island" filmed by Walt Disney in England as an all-action feature, is one of few great authors to have revealed the native and method of writing their masterpieces. The picture is showing at the Ritz Theater Sunday and Monday. Stevenson discusses his craftsmanship with fascinating frankness and almost boyish zest in letters to his good friend, W. E. Henley, and in his essay, "My First Book." And it was recognition of the author's stated reason for telling his magnificent swashbuckling melodrama that motivated Disney too, in a faithful approach to his screen version in color by Technicolor, for release through RKO Radio. "You will be surprised to learn," says the author of "Treasure Island" in his missive to Henley, from whom he got much of his seafaring, "that it is about buccaners, that it begins in the 'Admiral Ben-

(Continued From Page One) to be consulted in discussions to be held during the next two months in connection with the new session of the United Nations General Assembly. If Russia persists in its demand that the peace treaty be dictated by the big four Pacific powers—including Communist China—the discussions are expected to be of short duration. President Truman declined to say yesterday whether the United States would then favor going ahead without Russia. About 3,100 Liberty and Victory ships were built during the war. The telephone exchange at the Pentagon building in Washington has 68,600 miles of trunk lines. Typhon was the ancient Greek god of wind storms. The National Geographic Society says a possible ancestor of the word typhoon is the Arabic tufan, meaning tempest. The Flemish language resembles Dutch. Many Belgians speak both French and Flemish. Korea has more than 100 usable off-shore anchorages. Both Flemish and French are official Belgian languages.

(Continued From Page One) only disappointing but disgusting." Symington said he would have some plans ready in a week or so to deal with the situation. An inventory control order designed to curb hoarding is due this week-end from the National Production Authority. Meanwhile, President Truman ordered production of synthetic rubber at government-owned plants stepped up to capacity to meet defense needs. Symington said the order will boost output of so called general service rubber another 80,000 tons a year. That would hike total annual production to 720,000 tons annually as compared with 600,000 tons prior to last Sept. 1 when a first 80,000-ton increase in production was ordered. Secretary of the Army Pace also said that plans are being made to reactivate more World War II military training camps. Asked whether the Army has been giving any thought to reopening training camps as a result of the expanding military program and the chance that a universal military training program will be enacted next year, Pace replied "Unquestionably, and our plans are being arranged for it." Some World War II camps already have been reopened. Pace did not specify which ones will be added to the list. Senator Lucas (D-Ill.) told the Senate Congress won't be able to quit Saturday night. Lucas said a disagreement between the Houses over the \$4,500,000,000 tax increase bill probably won't be settled until next week. "When we get through with business today we will recess until Monday and see what happens then," Lucas told his colleagues. Safflower seeds yield up to 37 per cent oil.
