

### Legal Gambling In Broward, Dade Hit By Lawyers, Church

MIAMI, May 11.—(AP)—Grand jury recommendations that gambling be legalized in two of South Florida's gold coast counties—Broward and Dade—were attacked today by lawyers, legislators and church people.

A Dade grand jury suggested yesterday that bookmaking be legalized in the county which consists of the greater Miami area "before there is a general breakdown of all law enforcement."

The Broward grand jury suggested legalized gambling for the county which is adjacent to Dade and the location of several top flight nightclubs, one of which closed suddenly at the height of the winter season when there was a sudden lull placed on all games of chance.

Arthur Collett, assistant foreman of the Dade grand jury, said in a statement that "properly operated, an off-track betting station could be a combination stock exchange and movie theater where televised flashes of the 'tote board' and actual running of the races could be seen."

### Korean Violence

(Continued from Page One)  
registration booths, had cost 384 lives in 10 weeks.

The violence failed of its purpose. Nearly 90 percent of the eligibles registered, and 90 percent of the registrants voted.

American officials said they expect the United Nations Commission which observed the election would give it approval in view of the great outpouring of voters.

North Koreans, prevented by Soviet occupation forces from taking part in the election, nevertheless have been invited to participate in the government to be set up here.

In continuance of the needling campaign which North Korean Communists have directed at the South, their Pyongyang radio announced that unless the South Korean government is paid shortly, power will be cut off. The threat has been made on several previous occasions.

North Korea, which produces most of the electric power of the nation, is under contract to supply the South. American officials repeatedly have offered to pay the bill in dollars, but the Communists demand payment in electrical equipment, an impossibility because of the shortage of the parts.

American headquarters has refused to negotiate with the North Korean people's committee, since its contract is with the Soviet occupation forces. The Russians said the whole business was turned over to the committee.

The latest announcement demanded that South Korea send a representative to Pyongyang to negotiate.

**Auto Strike**  
(Continued from Page One)  
strike strategy.

Matthews did not rule out the possibility of further negotiations with Chrysler following the union report tonight to the conference.

Hopes of averting the automobile industry's first major strike in two years rested precariously on mediators' attempts to resolve the UAW's demand for a 20-cent hourly raise and Chrysler's refusal of any increase at all.

Actually, however, the difference standing in the way of an agreement is only 12½ cents. Chrysler offered a six-cent raise several weeks ago but withdrew it after the union rejected it. And to get the proposal the union scaled its demand down to 18½ cents.

Both the company and union have reverted to their original positions. But mediators consider any commitments made in negotiations as an indication of willingness to compromise.

Heading the union delegation in final bargaining sessions is Emil Mazey, UAW secretary-treasurer and acting president since Walter Reuther was shot by an unknown assailant Apr. 20.

A union request that one or more "top Chrysler executives" take part in the meetings was turned down yesterday by the company. Chrysler said Robert W. Conder, director of labor relations who has done the bargaining since Feb. 27, had been delegated "full authority" to negotiate an agreement.

Yesterday's two brief meetings, described by mediators as "exploratory," produced no reports of progress. Everyone seemed hopeful despite a union statement that "not one cent" had been offered.

More than half a billion dollars have been spent in building levees on the Mississippi River since 1927.

### Riddle's Ailing Arm Is Showing Good Comeback

By JOE REICHLER  
Associated Press Sports Writer

Any doubts over Elmer Riddle's comeback, termed by Pittsburgh's part-owner Bing Crosby as the "greatest since Al Johnson," were definitely dispelled today.

The gritty 31-year-old right-hander, forced to quit baseball four years ago because of ailing arm, proved his previous stellar performances were no mere flashes in the pan last night when he pitched the Pirates to a 4-2 victory over the Brooklyn Dodgers.

Purchased last winter from the Cincinnati Reds for the \$10,000 waiver price strictly as a gamble, Riddle has turned out to be the ace of Pittsburgh's mound corps. Last night's triumph was the third in a row for the Columbus, Ga., veteran, his fourth outstanding season job in as many starts.

The triumph, coupled with Boston's 6-0 victory over the Cardinals in a night game in St. Louis, put the Pirates in a virtual tie for first place with the idle New York Giants and the Redbirds. The Cardinals, however, still maintained a 14-point mathematical advantage, although the three teams are even-Stephen in games won and lost. St. Louis has won 19 and lost six for a .625 percentage. New York and Pittsburgh own 11-7 records for .611.

Although Johnny Sain of Boston was clipped for 10 hits, he became the first pitcher to shut out the Cards this season. It occurred in a night game in St. Louis. The victory boosted the Braves into a three-way tie with Brooklyn and Philadelphia's Phillies for fourth place. Two and a half games behind the leaders, each team has won nine and lost 10.

The Cleveland Indians strengthened their hold on first place in the American League by outslugging the Red Sox in Boston 12-7. It was the fifth straight triumph for the Indians and the first straight loss for Joe McCarthy's disappointing pennant contender.

Larry Doby, hard-hitting Negro outfielder, led the Tribe attack. He pounded out four hits including his fifth home run.

The victory enabled the Indians to increase their first place lead over the idle Philadelphia Athletics to 27 percentage points. The teams are tied in games won and lost.

The third place New York Yankees swamped the Chicago White Sox, 9-3, to keep within a game of the lead. Joe Di Maggio, Bill Johnson and George Stinewiss each hammered home runs off the White Sox's Bill Wight and Earl Harritt.

Early Wynn registered his third victory with a five-hit performance as he pitched the Washington Senators to a 6-2 triumph over the St. Louis Browns in a night contest at the capital city. The victory shoved the Senators into the first division with a .500 rating.

The National League's only scheduled day game, between the Giants and Cubs in Chicago, was postponed because of rain. All other teams in the majors were not scheduled.

**Charleston Tops Jax To Take 2nd Place In Sally**  
By ASSOCIATED PRESS

Charleston went back into second place in the South Atlantic League standings last night, defeating Jacksonville by a half game by beating the Tars, 9-1, in the finale of their four game series. Jacksonville won the first two meetings but Charleston got the next two.

The pacesetter Greenville Spinners, after dropping a twin bill to Macon Sunday, captured last night's battle, 5-2, with all their runs in the ninth inning to break even in the four games.

Savannah dumped Columbia in both ends of a doubleheader, 11-1 and 2-0, to take the series, three-to-one, and Columbia came up with the same margin over Augusta by taking the final game, 11-4.

By beating Columbia in both games, the Indians passed the Reds in the standings, going into a fifth place tie with Macon.

At Jacksonville, Stan West held the Tars to six hits while his Charleston mates got a dozen off three hurlers. The Rebels broke up a tight duel between West and the Spinners with three runs in the seventh and then added four in the ninth.

Pete Giordano held Macon to three hits in the eight innings he worked before being lifted for a pinchhitter in the ninth when the Spinners rallied to take the lead. George Starrett, gave up only seven blows until Greenville's spurt in the ninth, which featured three hits.

Tom Poholsky, a Columbus ace last year, came back to the Cards last night in time to hold Augusta to six hits while his mates collected 13 off four Trier hurlers. Poholsky was returned by the Houston Buffs.

Savannah coasted home in the opener against Columbia and completed a triple play in the second inning. The Indians got only five hits in the second game but collected three of them in the fourth inning to score the winning runs. Columbia got seven hits in the first game and six in the seven-inning nightcap.

Tonight's schedule: Greenville at Columbus; Columbia at Jacksonville; Macon at Augusta; Savannah at Charleston.

**FISHING REQUEST**  
TALLAHASSEE, May 11 (AP)—Commercial fishermen today asked the State Game and Fresh Water Fish Commission to permit use of baited traps and fish in Lake Okechobee and the St. Johns River.

The commission took no immediate action on the request.

St. Johns River fishermen also asked that they be allowed to use gill nets for taking shad, herring and mullet during regular open seasons.

John F. Dequine, commission biologist, said if "commercial fishermen cooperate 100 percent, traps and nets can be used without harming game fish."

**New Curbs Demanded For U.S. Communists**  
WASHINGTON, May 11.—(AP)—A new demand for curbs on American Communists was made today by a House Committee, which formally accused them of planning the violent overthrow of the government.

"What the Chinese or Greek Communists are doing today is what the American Communists plan to do tomorrow," said the committee on an American activities in a 160-page report.

The committee prodded the executive branch for "vigorous enforcement" of existing laws to quell subversive activities, and declared the Administration had failed to understand "the potentialities of Communist agents within our nation."

The report also was an argument for the enactment of new anti-Communist legislation.

### Diabetes Produced Roof Top Preacher in Animals Marks Advance In Study

PHILADELPHIA, May 11 (AP)—Diabetes has been produced in animals by means of prolonged injections of sugar, University of Pennsylvania researchers announced.

The Penn scientists said Sunday that the experiments marked "the first time in medical history" that experimental diabetes had been produced by means other than surgical removal of the pancreas, or the destruction of the pancreatic cells by a drug, or by injections of the pituitary gland.

The Penn experiments were conducted at the university's George S. Cox Medical Research Institute under the direction of Dr. Francis D. W. Lukens and Dr. F. Curtis Dohan.

The university said that in the experiments, Penn scientists succeeded "in damaging the insulin-producing cells of the pancreas and producing permanent diabetes in cats by prolonged injections of large amounts of the kind of sugar known as glucose."

Dr. Lukens said the Penn experiments revealed that in a cat "the long continued high concentration of sugar in the blood such as that produced by repeated injections of glucose leads to the destruction of the cells needed for the proper use of this foodstuff by the body."

The scientist said "these animal experiments with glucose, known also as dextrose and grape sugar, point up the need for persons diabetically inclined to watch their weight more closely."

**BALTIMORE**, May 11 (AP)—An hysterical rooftop preacher who used his feet to thwart efforts to bring him to earth was accused today of causing the death of a Baltimore deputy fire chief.

Lorenz A. Dolle, 63, kicked from a fire ladder Sunday, died in a hospital early this morning.

A charge of kicking and causing the death of Dolle was filed by police against William Lane, 39-year-old negro. Dolle fell 25 feet from the ladder and suffered a fractured skull.

Patrolman Louis J. Mitchell said he found Lane dancing about the roof of a three-story house in robe and pajamas and "preaching to save the world."

Witnesses said the preaching was audible for three or four blocks.

Members of the fire department and four more policemen were on hand before Lane could be coaxed onto the ladder.

Dolle, who met Lane two-thirds of the way up the ladder, had mounted to try to prevent the "preacher" from falling. The ladder was gradually lowered after Dolle was kicked to the street.

Dolle is survived by his mother, widow, a son, and a daughter.

### U. S. Is Setting Tax Refund Speed Record

WASHINGTON, May 11 (AP)—The government is setting a tax refund speed record.

Internal Revenue Bureau officials said yesterday checks averaging slightly more than \$40 have been mailed to some 20,000,000 taxpayers whose final Mar. 15 returns showed them clearly entitled to refunds.

Some 5,000,000 more people still have checks coming, but at the current rate all uncollected refunds will be paid before the end of this month. In past years, it has taken until late June or July to get the job finished—not counting contestable claims which sometimes take several years to straighten out.

**You say Used Fats are still needed?**

You bet they are, Mrs. Housewife. We wish we could whisper over your shoulder every time you cook . . . to scrape that pan, skin that stew, melt down those meat trimmings . . . every trick you know, to get more fat. That's how serious this world-wide shortage of fats and oils is, according to government reports.

**Yes! And You Get Paid For Them!**

Used fats are the only kitchen "leftover" you can turn into cash . . . and cash is mighty handy these days of stiff food prices. So don't throw out even a few drops of used fats. Every bit, even what's left after you've saved your fats, is worth saving . . . to help your country, and to help you!

## 75,000 Chrysler Employees Strike For Wage Increase

### Governor Sigler Orders Strike Vote Under Michigan's Bonine-Tripp Law

DETROIT, May 12 (AP)—The CIO's 75,000 Chrysler Corp. employees struck today for a third round of post-war wage increases.

Governor Sigler immediately ordered a complaint against the strikers under Michigan's new Bonine-Tripp labor law.

It requires that the state take a strike vote before workers can walk out. The CIO United Auto Workers contend it does not apply when a firm has plants outside of Michigan.

Sigler told reporters that he had asked the state labor mediation board to make a complaint to Wayne county (Detroit) Prosecutor James McNally. Under the law, McNally then could ask a court injunction.

"Either the law is good or it isn't," Sigler said. "If it's constitutional, we might as well find out now."

Meanwhile, Briggs Manufacturing Co. said 13,000 workers in its six Detroit plants would be laid off by Monday because of the strike.

## State-Wide Meet Held At Mayfair On Delinquency

Approximately 150 judges and juvenile workers in Florida attended a state-wide meeting, Monday and Tuesday, at the Mayfair Hotel in Sanford. The meeting was held by the Florida State Bar Association, the Florida State Juvenile Court Association, and the Florida State Probation and Parole Association.

Judge Walter C. Criswell, juvenile judge of Duval county, presided at the Monday meeting, and Judge M. J. Nease, juvenile judge of Orange county, presided at the Tuesday meeting. Among those taking part in the round table discussions were Sheriff Alyce McWhorter of the Florida Industrial School for Girls at Ocala, and Arthur Dostler, superintendent of the Florida Industrial School for Boys at Marianna.

## Volusia Dog Track Racing Dates Set

MIAMI May 12 (AP)—The Florida State Racing Commission today awarded the following dates to the three south Florida horse tracks for the 1948-49 season: Tropical Park, Dec. 1-Jan. 15; Hialeah Park, Jan. 16-Mar. 3; Gulfstream Park—Mar. 4-Apr. 10.

## Galloway Is Seated As VFW Commander

John L. Galloway was installed as commander of Post 3282 of the Veterans of Foreign Wars at a well attended meeting at the Legion Hut Monday evening. He succeeds F. D. Scott, and was installed by L. F. Boyle, a past commander.

Other officers installed were Jack Gordy as vice commander, Harvey Hale as post chaplain, and Roy Wright as quartermaster. O. Douglas Stenstrom was named as adjutant by Comdr. Galloway, and succeeds John Nault.

The main item of routine business was a discussion of the coming state VFW convention at War: Palm Beach Jan. 12-14. A fried chicken supper was enjoyed on the Legion grounds.

**WATSON RECOVERING**  
Henry Watson, local abstractor, has recovered to some extent from his recent automobile accident and is recuperating in his home on West Eighteenth Street.

## Arabs Appeal For Peace In City Of Jaffa

### Unofficial Reports Say Haganah Will Send Security Forces In Tomorrow

LAKE SUCCESS, May 12 (AP)—Britain warned the United Nations today that any new emergency regime for Palestine must be created by action here before 5 P. M. Friday.

John Fletcher Cooke, British representative, told a U. N. assembly of Palestine sub-committee members that the mandate would be ended at that hour—Friday midnight in Palestine, and the British high commissioner would call immediately.

TEL AVIV, Palestine, May 12 (AP)—Arab Jaffa appealed to Jewish Tel Aviv tonight for a permanent truce and Tel Aviv's mayor said he is ready to take over administration of the neighborhood part city as soon as Haganah can move in.

A spokesman for Haganah, the Jewish militia, said although negotiations on this had ended, some details were incomplete. Unofficial reports said Haganah would send security forces into Jaffa tomorrow morning. This report, unconfirmed, appeared to hinge on whether British troops complete their withdrawal from Jaffa tonight.

Tel Aviv's mayor, Israel Rokach, told a Hebrew news conference he would take over administration of Jaffa in a few hours. Versions of his statement differed. The Associated Press first quoted him as saying his administration had "taken over" Jaffa. Rokach said later he is prepared to take over within a few hours after Haganah entered the Arab city, which has been a main Arab Palestine port.

The Jews already control Palestine. The Jews already control Palestine.

It would provide a one-year jail sentence and a \$1,000 fine for any individual, including congressmen, who divulges the information once a committee declares it confidential.

Hoffman, the resolution was passed.

**High School Glee Club Entertains At Kiwanis Luncheon**

The Seminole High School Glee Club today entertained Kiwanis at the Tourist Center with a varied program under the direction of Miss Ollie Reese Whittle, and with Lillian Moran and Miss Whittle accompanying.

"They're wonderful," exclaimed Dan McCarty, candidate for governor, who with Edgar Charles Jones of Jacksonville, accompanied J. C. Hutchison to the meeting.

Following the program, Mr. McCarty was surrounded by boys and girls outside on the lawn, and he told Miss Whittle that they were about the best singing group he had ever heard, and "wished that he could take them along on his campaign tour." He and Mr. Jones were welcomed by Kiwanis Secretary Ralph A. Smith.

W. A. Morrison and Howard Montleth, together with Herman E. Morris, high school principal, and charge of the musical program, Herbert Stenstrom, Glee Club president, announced the numbers.

An expression of sympathy to the bereaved family of the late Rev. W. P. Vesley, pastor of the First Christian Church, was read by Fred Wilson, who with a committee of Kiwanis members.

The commission also awarded 90 nights of racing, June 2 to Sept. 14, inclusive, to the Volusia County Kennel Club of Daytona Beach. The track is a new one.

**Steel Users Are Confused By Drops In Price, Says Iron Age**

NEW YORK May 12 (AP)—Steel users this week are confused by unprecedented variations in prices of steel products, the Iron Age, metalworking trade weekly, said today.

If the reductions started by U. S. Steel Corp. remain in effect, the publication said, the steel consumer will benefit in the long run. But it added:

"He will not always be able to tell what his total steel costs will be ahead of time. It depends on where he gets his steel."

While most large steel firms have met U. S. Steel's price-cutting move on a total basis—the cuts have not been the same on all products. The Iron Age reported, "Some firms made no reductions on some items the corporation reduced, others slashed their prices by a lesser amount while one company made deeper cuts on a few items."

If the anti-inflation experiment does not pay dividends by way of lower prices on finished goods and a halt in the rise of raw material costs, the trade weekly said "Some steel firms won't be able to stand the guff and will have to withdraw their steel price reductions."

The outlook for this week was described as an unhappy one. The Iron Age said predictions of topping last year's output of

## Catholic War Vets And Soviet Sympathizers Clash Over Film

NEW YORK May 12 (AP)—Thousands pouring out of theaters near Times Square last night were swept into a milling throng of rival pickets, clashing over the movie "The Iron Curtain." Fist fights broke out, and the yells and catcalls rose above the roar of traffic.

Almost 200 police—some riding horses on the sidewalks—struggled with the pickets a half hour before cleaning the area. Five persons were arrested, one accused of punching a policeman.

Traffic halted in some places and slowed to a snail's pace in others as pickets who identified themselves as members of the New York Committee Against War Propaganda marched in front of the RKO Theater, 36th Street and the RKO Theater, Fifth Street and Seventh Avenue. They carried placards protesting the movie.

Members of the Catholic War Veterans had waited at the scene for hours for the rival pickets to show up.

Fights between a half dozen on each side started after a woman distributing leaflets assailing the film snuffed with a policeman.

Before the clash, Richard McTeague, New York county commander of the Catholic War Veterans, had said "If the Communists post a picket line, the CWV will post a counter picket line."

There were about 1,500 veterans in the vicinity.

After the picketing, McTeague said the veterans "got home. You've done a good job."

The film, scheduled to start today at the RKO, is advertised as "based on the personal story of Igor Gouzenko, former code clerk, USSR embassy in Ottawa, Canada."

Many in the group opposing the film called anti-war slogans "Fascist films," and cried "Fascists" at the mounted police forcing the crowd down the streets.

## Queen Wilhelmina Florida Pleads For Congress OK Of Flood Control

WASHINGTON, May 12 (AP)—Florida members of Congress and citizens joined today in a plea for congressional approval of a \$208,000,000 state-wide flood control program.

Senators Pepper and Holland told a Senate public works subcommittee that 1947 floods in the state caused damage estimated at \$59,000,000.

Both expressed fear that unless the program drafted by the Army Corps of Engineers, to overcome storms and floods comparable to those of 1926 and 1928 may occur. In those two years more than 2,500 were drowned in Florida.

Governor Millard Caldwell and Reps. Peterson, Rogers, Smith and Price joined Senators Pepper and Holland in supporting the program.

Smith said Army engineers estimate annual benefits from the program will be \$24,533,000.

Holland explained giant tunnels for reservoirs are planned in the Everglades south of Lake Okechobee. Pepper said the program contemplates pumping water from these areas in drought years.

Caldwell said that state and local governments and affected interests are willing to put up the 25 per cent of the cost of the project which Army engineers suggested they should pay.

## Warren Declares Caldwell Directs Political Machine

By ASSOCIATED PRESS  
Fuller Warren said yesterday Governor Caldwell is directing a state political machine "in an attempt to elect a hand-picked candidate for governor."

Warren's declaration came as he and Dan McCarty continued their campaign tours in the second primary race for the Democratic gubernatorial nomination.

McCarty urged expansion of Florida's educational system to prevent increasing numbers of lower school graduates migrating to other states to complete their education.

Warren is scheduled to visit Coral Gables, Hialeah, Belle Glade, Clewiston, Moore Haven, Labelle and Fort Myers today. McCarty will be in Palatka, Crescent City, Deland, Winter Park, Orlando, Sanford and Daytona Beach.

Employees of the State Road Department and State Beverage Department traveled over Florida in state automobiles just before the May 4 primary in an attempt to defeat the will of the people," Warren said.

## 1,669 Men Are Needed In Reserve

WASHINGTON, May 12 (AP)—The Army was advised today that the Armed Services will need 1,669,000 new men during the next year in the regular reserve forces.

The big estimate of manpower needs came in a formal report from the Senate Armed Services Committee supporting its bill to draft men from 19 through 25 years for two year terms and train thousands of 18 year olds as a reserve.

John Gurney (R-S-D) filed both the bill and report shortly after the Senate met.

All Seminole County Junior Chamber of Commerce members have been urged to attend the regularly scheduled meeting at the Tourist Center tomorrow noon as the annual election of officers will be held.

"All Jaycee members are requested to be present for this meeting," President Hiramly Odham declared yesterday.

In addition to the election of officers for the coming year, one proposed change in the by-laws for the organization will be presented.

Those listed by the nominating committee for officers include Gordon L. Bradley, president; Capt. Byrd Hudson and B. L. Perkins, Jr., vice president; Alvin Odham and Raymond Lundquist, vice president; George H. Williams, treasurer; Dr. Charles Persons and Clifford A. Able, secretary; Douglas Stenstrom, John Sheppard, B. F. Gans, Claude Eaton, Karlite Housholder, H. G. McIntosh, James L. Fields, Jack Morrison, Charles Todopich and John Benmark, board of directors.

Other nominations may be made from the floor at the time of the meeting.

## Bevin States Only Reds Bar World Peace

### Secretary Criticizes Soviets For Publication Even Before Replied To U. S.

LONDON, May 12 (AP)—Foreign Secretary Ernest Bevin told Parliament today only the Communists are standing in the way of world peace.

"I am anxious for peace, anyone for a settlement with Soviet Russia," he said.

He added that there could be no settlement until "the ground has been cleared."

Bevin was replying to a question by Anthony Eden, wartime foreign secretary. Eden had asked whether he could make a statement about the American-Russian diplomatic exchange which the Moscow radio disclosed early yesterday.

The Russian pronouncement had aroused hope among official and unofficial Europeans that Soviet willingness to talk things over with the United States was a hopeful sign for lasting peace. The general reaction was that there may be much to gain and little to lose by such talks, no matter whose idea it was.

Bevin criticized the Russian and American statements, saying: "Before the United States government received a reply from the Soviet government, publication was made through the Tass agency while that diplomatic exchange was in progress."

"If the ambassador of a nation cannot discuss quite frankly with the foreign minister of another country without publication, if he cannot do that in order to bring the parties together, then the situation is not only intolerable, but peace is impossible."

Bevin earlier had been reported as slightly annoyed that he was not informed in advance of the exchange. He was said to have felt better when he learned that even U. S. Ambassador Lewis W. Douglas had no advance knowledge.

Bevin said that "I have had too much to do today to continue the page two."

## Warren Declares Caldwell Directs Political Machine

By ASSOCIATED PRESS  
Fuller Warren said yesterday Governor Caldwell is directing a state political machine "in an attempt to elect a hand-picked candidate for governor."

Warren's declaration came as he and Dan McCarty continued their campaign tours in the second primary race for the Democratic gubernatorial nomination.

McCarty urged expansion of Florida's educational system to prevent increasing numbers of lower school graduates migrating to other states to complete their education.

Warren is scheduled to visit Coral Gables, Hialeah, Belle Glade, Clewiston, Moore Haven, Labelle and Fort Myers today. McCarty will be in Palatka, Crescent City, Deland, Winter Park, Orlando, Sanford and Daytona Beach.

Employees of the State Road Department and State Beverage Department traveled over Florida in state automobiles just before the May 4 primary in an attempt to defeat the will of the people," Warren said.

## Jaycees Are Urged To Attend Election

All Seminole County Junior Chamber of Commerce members have been urged to attend the regularly scheduled meeting at the Tourist Center tomorrow noon as the annual election of officers will be held.

"All Jaycee members are requested to be present for this meeting," President Hiramly Odham declared yesterday.

In addition to the election of officers for the coming year, one proposed change in the by-laws for the organization will be presented.

Those listed by the nominating committee for officers include Gordon L. Bradley, president; Capt. Byrd Hudson and B. L. Perkins, Jr., vice president; Alvin Odham and Raymond Lundquist, vice president; George H. Williams, treasurer; Dr. Charles Persons and Clifford A. Able, secretary; Douglas Stenstrom, John Sheppard, B. F. Gans, Claude Eaton, Karlite Housholder, H. G. McIntosh, James L. Fields, Jack Morrison, Charles Todopich and John Benmark, board of directors.

Other nominations may be made from the floor at the time of the meeting.

## Marshall Says UN Action Needed On World Conditions

### Luigi Einaudi Is Sworn In As First President Of Italy

ROME, May 12 (AP)—Luigi Einaudi, 74-year-old banker who says he loves America, took the oath tonight as the first president of Italy.

He is expected to appoint Alcide De Gasperi premier. De Gasperi has been premier of the provisional government since December of 1945.

Einaudi, governor of the Bank of Italy, vice premier in De Gasperi's cabinet and budget minister, will take the oath of office as president at 6 P. M. before the senators and deputies who elected him yesterday.

The ceremony originally was set for this morning, but delayed, reportedly to give the new president time to prepare his inaugural address.

This day, he has been declared a national holiday.

Einaudi, a political independent and a dark horse in the presidential race, is widely disliked by Italy's Communists, who voted against him.

When interviewed at his home shortly after being elected, the new president had this brief comment for American reporters: "You are a great I love America."

"I think America holds the answer to Europe's recovery and the peace of the world."

"I have learned to admire America through my son, Mario."

Mario is a professor of political history at the University of Turin. Known for his tight credit and frugal habits.

## West Virginia Vote Indicates Neely Is Winner For Senate

CHARLESTON, W. Va., May 12 (AP)—Former Senator Matthew M. Neely was nominated as the Democratic candidate for U. S. senator in yesterday's West Virginia primary election. Neely's partial unofficial returns indicated today.

Former Senator Bush D. Holt conceded defeat as unofficial returns from about half of the state's 2,788 precincts show Neely 58,214 to 41,077 for Holt. Three other candidates trailed.

The Democratic nomination of Okey L. Patterson for governor was conceded by James Kay Thomas.

Senator Chauman Revercomb, who defeated Neely six years ago, was in the lead for the Republican gubernatorial election. Neely won 1,113 precincts. His opponent, John A. Shinn of Charleston, had 12,367.

Gubernatorial returns from 1,091 precincts gave Patterson—former executive secretary under incumbent Governor Clarence Meadows and the latter's choice of successor—51,943 votes. Thomas, a former state attorney general who was backed by a number of party officials, had 38,878. A third Democrat, failed while Senator Herbert C. Borenman led a field of five Republicans.

**TREASURE THIEVES**  
CORBURG, Germany, May 12 (AP)—Military government officials said today thieves have robbed historic Corburg Castle of priceless art objects which German police valued at \$200,000.

The loot included two silver clocks presented to the Duke of Coburg by Queen Victoria of Britain, and three paintings.

Military government officials said the thieves entered the castle—now an art museum—by removing the iron bars from a window. They cut the paintings from their frames. A solid silver model, apparently too heavy to abduct, was found lying outside the building.

The Central Florida Traffic Club, which was suspended during the war, has been reorganized, with approximately 35 members. The membership drive is headed by J. C. Moore.

**MCCARTY SPEAKS**  
Dan McCarty, candidate for governor, who was slated to speak in downtown Sanford at 4:30 o'clock this afternoon, will deliver a major address over Station WDBO in Orlando tonight at 10 o'clock.

## Traffic Club Plans Meeting In Orlando

The first regular monthly meeting of the newly organized Central Florida Traffic Club will be held at the San Juan Hotel in Orlando on May 18th at 8:00 P. M. It was announced today. All members and those in Central Florida who are connected with traffic work in any way are invited to attend this meeting.

The Central Florida Traffic Club, which was suspended during the war, has been reorganized, with approximately 35 members. The membership drive is headed by J. C. Moore.

**MCCARTY SPEAKS**  
Dan McCarty, candidate for governor, who was slated to speak in downtown Sanford at 4:30 o'clock this afternoon, will deliver a major address over Station WDBO in Orlando tonight at 10 o'clock.

## Babies Registered For May 20 Show Of Pilots Club

A total of 100 babies have been registered for the Baby Show to be held at the Junior High School on May 20 under the auspices of the Sanford Pilot Club. It was announced at the meeting of the club held in the Tourist Center last night.

Jeffie Smith of Winter Haven, who is directing the baby show, spoke briefly to members of the club on the progress of the plans. Her headquarters are in the Sears, Roebuck Order Office where registrations will be accepted through May 15.

Prizes will be awarded to three age groups of baby girls; three age groups of baby boys; most perfect baby in height and weight according to age and sex and the Grand Champion Baby, said Mrs. Smith. In addition to a photograph will be given to each winning baby by Raymond Studio and the Polar Bear will give a quart of ice cream to each winner.

Mrs. J. C. Mitchell, who presided at the meeting, gave an interesting report on the Spring council meeting held in April in St. Augustine, at which time Mrs. Viola Young of St. Petersburg was elected district governor of District Four. Mrs. Sara Griffin Hughes of Orlando is the retiring governor.

Recent members were inducted with appropriate ceremonies, Mrs. William Tyne, Mrs. A. B. Peterson, Mrs. M. C. Stone and Mrs. Gordon Sweeney. The "Code of Ethics" was read by Mrs. Joel S. Field who also presented the new members to the charter. Hostesses for the meeting were Mrs. H. A. Swanson and Mrs. Field.

There were 24 members present and visitors included Mrs. Jeffie Smith, Mrs. Frances Granter, Mrs. Belle Harwood of Randolph, Ky., and Miss Thos Vickery of Key West.

### Boy Succumbs To Fate Predicted By His Doctor

SOMERVILLE, Mass., May 12 (AP)—Three years ago Robert W. Osgood was told he had less than three years to live and to give up playing his favorite—baseball.

However, Somerville High School faculty manager Robert Buckley said, Bob didn't think he'd live anyway and wanted to continue playing ball.

At first Bob was turned down for the school team by Dr. David O'Brien. But the youth's parents thought it better that Bob's playing be supervised and permission was granted.

He went on to become one of the greatest catchers in the school's history and was chosen on several Massachusetts all-scholastic teams in his senior year.

After graduating last year, Bob signed with the Chicago Cubs and was assigned to a Fayetteville, N. C. club.

This year he was promoted to the Chicago farm in the Ohio-Indiana League, the Marion, O. Cubs.

He reported last Sunday after recovering from an attack of influenza.

Last night he was sitting on the bench during a rainstorm which forced postponement of a game at Richmond, Ind.

Bob suddenly slumped over.

An hour later the 19-year-old catcher was pronounced dead of a heart attack.

### Thomasville Drops Tallahassee Into Second Place In G-F

By ASSOCIATED PRESS

Thomasville is back on top of the Georgia-Florida league standings today and Tallahassee's Pirates are back in second place—right where they started their four-game series which ended last night.

The Tigers took the finale, 12-9, to gain an even break in the meetings, scoring seven runs in the top of the ninth after the Pirates had scored all their runs in the third. The game was somewhat of a contrast to their three previous meetings, each of which was settled by a single run.

Valdosta thwarted Waycross' bid for a third place win with a 15-6 triumph, and the Americus Phillies suffered their ninth straight defeat, 12-4, at the hands of the Albany Cards. Moultrie took both games of a twin bill from Cordale, 8-4 and 11-4, to take the series, three games to one.

Valdosta's victory was the third straight over Waycross and the eighth in the last nine games for the Dodgers. The Dodgers are now only a game out of second place and by sweeping the two-game series with the Pirates, which opens tonight at Valdosta, could replace Tallahassee as the tumbler.

If Thomasville drops its two-game series with Waycross and the Dodgers whip the Pirates twice, then the Tigers and Valdosta will be tied for first place. Albany swept the three-game meeting with Americus by taking the final game.

Tallahassee was charged with five errors and the Tigers had 14 hits off two Pirate hurlers. The Tigers used four pitchers. Valdosta rapped off 20 hits off three Waycross pitchers in racking up their second highest total of the season.

### Eggs and Poultry

JACKSONVILLE, May 12 (AP)—Egg and poultry prices were unchanged here today.

NEW YORK, May 12 (AP)—Spot trading in butter and eggs was resumed today on the New York mercantile exchange after a two-day suspension because of the railroad situation.

Prices quoted by the exchange during the suspension reflected business transacted along the coast.

Eggs 37-33, steady.

New York spot quotations follow:

Midwestern:

Mixed colors:

Fancy heavyweights 49-50; extra 1 large 48-49; extra 2 large 47; extra 1 medium 45-46; current receipts 42-43; dirties 41-42; checks 39-39 1/2.

Whites:

Fancy heavyweights 50-51; extra 1 large 48 1/2-49; extra 2 large 47 1/2; extra 1 medium 47.

Brown:

Fancy heavyweights 49-51; extra 1 large 48 1/2-49; extra 2 large 47 1/2; extra 1 medium 46 1/2.

Nearby:

(These quotations are based on the bulk of the reported wholesale sales to jobbers and large retailers and include premiums.)

Whites:

Fancy heavyweights 52-54; mediums 48-49.

### SUGGS IN HOPE

LONDON, May 12—(AP)—Little Louise Sugra of Atlanta, Ga., the United States champion, is America's chief hope in the British Women's Amateur Golf Tournament beginning May 31.

The title was won last year by Mrs. Mildred (Babe) Didrikson Zaharias, who since has turned professional.

### State Farmers Market

Celery 16 inch crates Goldenheart 2 1/2 ds 2.50, 3 ds 2.00-2.75, 4 ds 2.00-3.00, few low as 1.75. 12 inch crates 2 1/2 ds 2.75-3.25, XX's few 2.50-3.00. Pascal type 2 1/2 ds 2.00-3.00, best 2.00-3.00, 4 ds 2.00-2.75.

Potatoes 100-pound sacks Seagoers 1 1/2 one size A 2.25-2.75, B one 4.50-4.75, B size few 3.25-3.50, few 1.00, few creamers 2.00, 50 pound sacks Illies Triumphs one size few 1.75-2.00, B size few 1.25-1.50.

Squash bu yellow straight-neck few 2.00-2.25, Italian few 2.50.

### Butter Market

NEW YORK, May 12 (AP)—Butter 75.277, weak.

Wholesale prices on bulk cartons:

Creamery, higher than 92 score and premium marks (AA) 84 1/2 cents

92 score (A) 82.

90 score (B) 80.

88 score (C) 78.

(New tubs usually command 1/2 cent a pound over the bulk carton price.)

Chicago 55.80; steady, prices unchanged.

### Bevin Hits Reds

(Continued From Page One)

many failures' already in trying to reconcile the dispute between the West and East." He said that, before he could take part in any new attempt, "a good deal of preparatory work has to be done."

An informed source said Douglas has assured Bevin that Britain will be kept informed if any moves develop looking toward Russian-American talks. Authoritative informants said Britain had asked her ambassadors in Washington and Moscow for full reports on the Russian-American exchange.

The French expressed optimism. Maurice Schumann, president of France's popular Republican Movement Party, said:

"American firmness and the promptness with which the 16 (Marshall Plan) nations pushed their efforts to union and organization, the Cominform's setback in France and Italy, all are beginning to bear fruit."

Leon Blum, former Socialist premier of France, said it now is possible that there may be a "frank and loyal entente between Washington and Moscow" which could mean peace and security for all humanity. J. P. David, secretary-general of the radical-Socialist grouping in the French national assembly, said "It is always useful to talk in a period of diplomatic tension, even if no positive result can be immediately looked for."

Florimond Bonte, a member of the French Communist Party's Central Committee, said "It is certain that the announcement of the negotiations is going to raise a great hope in the world."

In Rome, Italian Foreign Minister Carlo Sforza declared:

"Silences are dangerous, and conversations never are. It is for this, holding peace above all else, that I am happy contact has been made between Washington and Moscow."

European newspapers echoed these views.

### Marshall Speaks

(Continued From Page One)

negotiations on interests of other governments.

"The discussion of any proposals in regard to outstanding issues which the Soviet government may have in mind, must, as a matter of course, be conducted in the body charged with responsibility for these questions."

This was a clear reference to the United Nations and to the various allied bodies set up during and after the war for handling such problems as the future of Germany and Austria.

Marshall then presented the positive side of the American attitude. He asserted that "what we want is action in the fields where action is possible and urgently necessary at the present time."

He specified issues before the United Nations Security Council and other UN agencies, such as the Korean situation, as well as German issues before the allied control council in Berlin and Austrian treaty negotiations.

### GREEK FIGHT

ATHENS, May 12—(AP)—A Greek communiqué said today 60 guerrillas were killed in the continued chase northwest of Grevena. Another 29 were captured there and 41 more in the mop up in the Roumeli area, it said.

### Auto Strike

(Continued From Page One)

the strike. Briggs supplies Chrysler with bodies.

Workers streamed from the Detroit area Chrysler plants quietly. A few sang. Many joined picket lines to bear placards reading:

"We are on the picket line because we can't buy the things we need" and "my wife can't buy pork and beans on sympathy."

A flood of workers from the Dodge main plant jammed traffic for 20 minutes. Guards threw the main gates wide open to allow the men and women out.

Food and sandwiches were awaiting pickets. Union members were preparing it two hours before the strike deadline.

Within an hour all 12 Chrysler plants in Michigan were idle. There are three more in Indiana and one in California.

Picket Cal Moorehead, parading before the big Dodge main plant, told reporters "it looks like a long strike."

"This will probably be tough," he added.

Picketing was quiet. Union headquarters said the first workers were there at the Dodge truck plant. They jumped the gun by 30 minutes.

The union already is raising a million dollar "kitty" to finance the walkout.

The executive board of the union met in special session as picket lines were thrown about Chrysler's Detroit plants.

Negotiations broke down Tuesday night on wage demands of the CIO United Auto Workers. The union scaled its 30 cent an hour demand down to 17 cents without success. The best company offer was six cents an hour.

The Chrysler production workers in 16 plants average about \$1.50 an hour now.

It was the auto industry's first major strike since November, 1945, when the UAW-CIO walked out at General Motors Corp. to begin a 113-day siege.

It was the first big strike at Chrysler since 1939.

Picketing began at one of the main gates of the Highland Park. There were no reports of any disorders.

### JUDGE CANDIDATES

TALLAHASSEE, May 12—(AP)—Harold Soehl of St. Petersburg today qualified as a candidate for the position of judge of the Sixth Judicial Circuit.

The circuit includes Pinellas and Pasco counties. The judgeship is left open by the appointment of Judge T. Frank Hobson to the state supreme court.

Two other persons have qualified as candidates for the post, a special primary election will be held in the race on May 25.

Peiping's Temple of Heaven, where former Chinese emperors prayed for prosperity during the first moon, has three circular roofs of sky-colored ceramic tile.

### Housing Shortage Easing Slightly In Parts Of State

MIAMI May 12 (AP)—Strange headings such as "Children Welcome" and "Apartments \$50 up" are appearing in want ads here these days.

It's all the result of a rapid construction program in the area since the war. It's also the summer season, which helps.

But while the trough is still a little empty for apartment seekers in the low income brackets, there appear to be numerous places ranging from \$60 to \$100 a month.

Many of these same places rented in a range from \$80 to \$150 a year ago.

There were 595 ads in last Sunday's Herald representing roughly 3,000 units for rent as against 129 ads and only 325 units a year ago.

Aside from quantity and price, there is considerable difference in the type of apartment now being offered. In May of 1947, only a few apartments were new and unfinished.

Now, new apartments seem to predominate in the advertising and householders who have had to keep their own furniture in Miami's crowded storage spots can take it out.

Rapid building is responsible. Miami started off its 1946 construction program with a modest 2,615 units, constructed 6,062 new units in 1947 and has built or building 5,702—or one completed unit every 18 minutes of the eight-hour day—during the first nine months of the fiscal year, says W. H. Peace, Miami building inspector.

Miami Beach has added 3,321 units since 1945 to the Miami total of 14,379.

### HAMBONE'S MEDITATIONS

Tamerlane: 14th Century Mongol conqueror of the Near East and India, introduced tile floor and wall coverings to Turkestan and parts of India which later became centers of artistic tile making.

### Italy's President

(Continued From Page One)

public spending policies, he was regarded as Italy's treasury watchdog. Economists generally credit him with having saved Italy from a wild period of inflation.

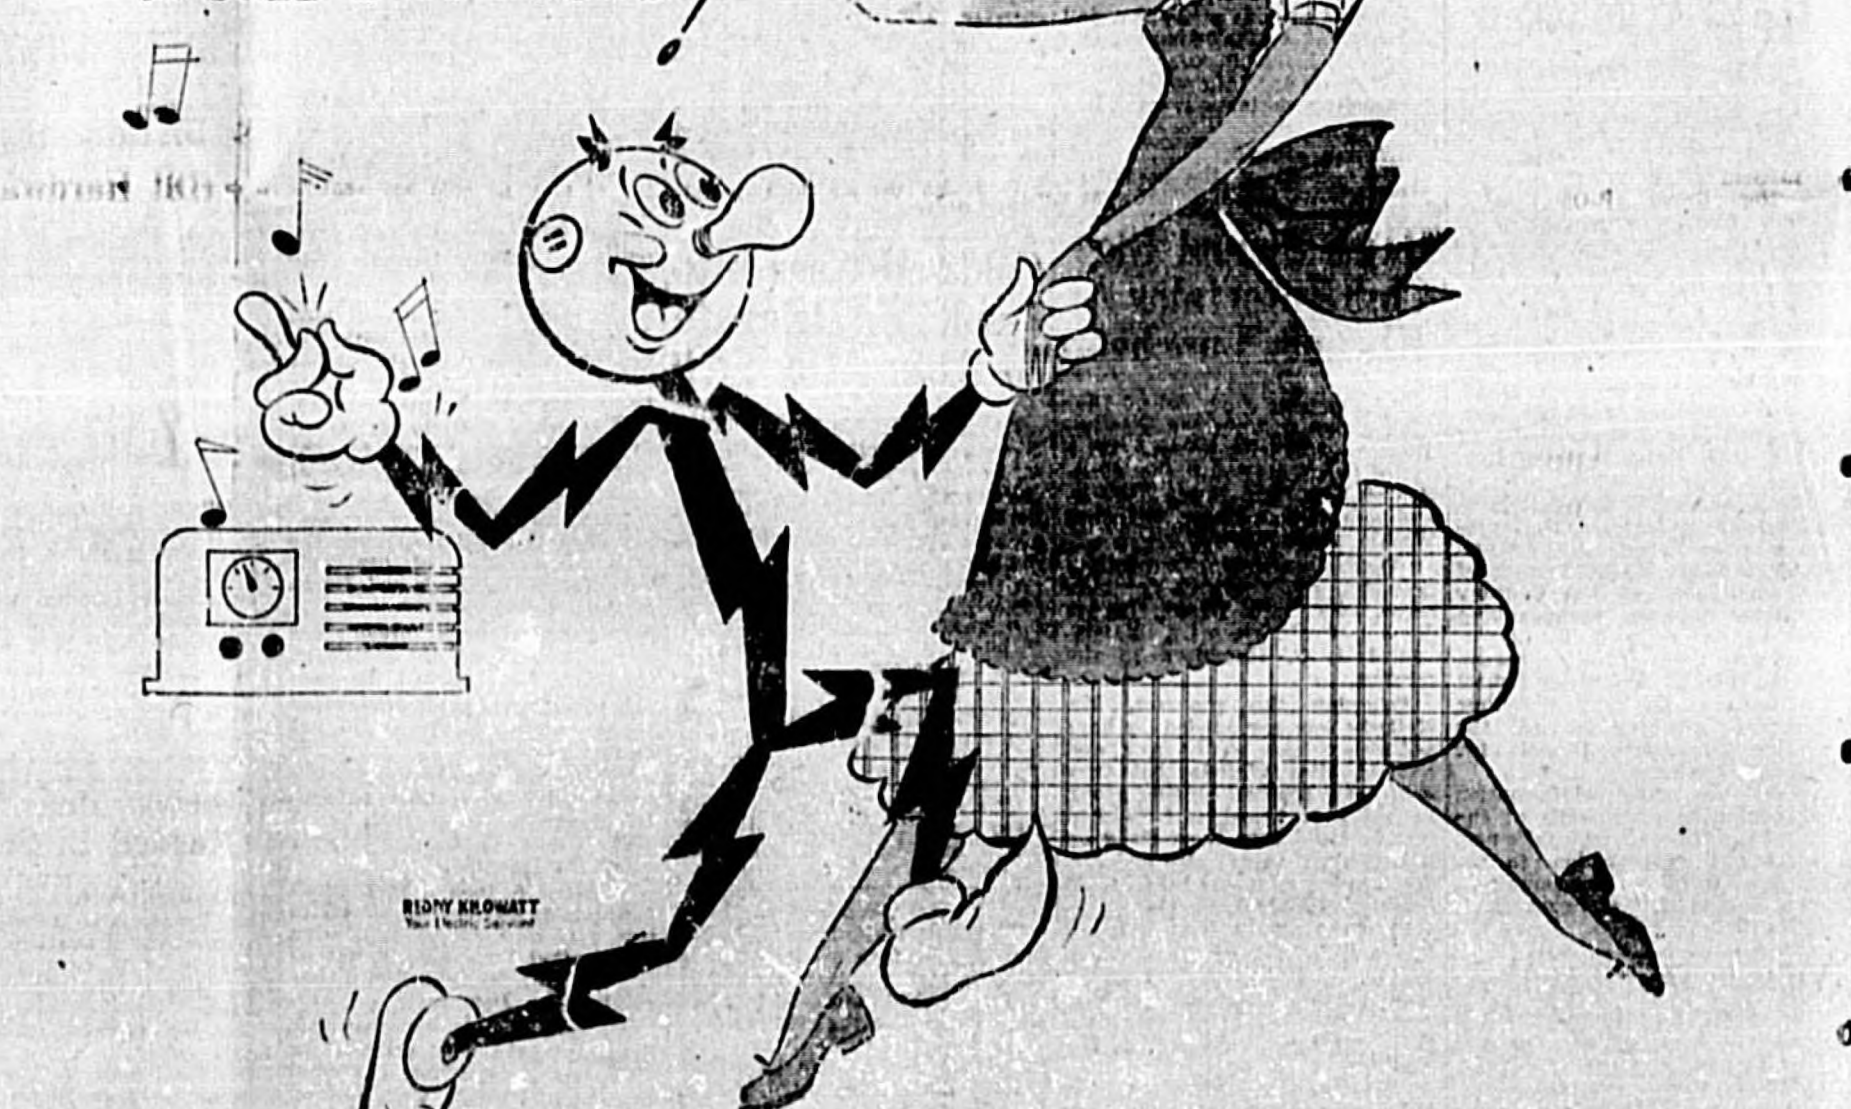

De Gasperi's Christian Democratic Party, which won the Apr. 18-19 elections, swung the balance of its strength to Einaudi yesterday and he wound up with 518 votes, 67 more than the required majority.

His nearest competitor, aging Vittorio Emanuele Orlando, Italian premier during World War I, got 320 votes, most of them from the Communist-led Popular Front, which switched to Orlando on the last ballot in an effort to head off Einaudi.

Einaudi, small, modest, shy and nearly bald, walks with a cane because of a broken leg suffered more than 20 years ago.

Thirty-six of Idaho's 41 counties contain minerals of commercial importance.

# "Someone's in the kitchen with Mother

Sure, it's Reddy Kilowatt! Keeping the cooking cool. Piping in plenty of hot water. Refrigerating the rations for a few cents a day. Beating better batter, warming baby's bottle, doing the dishes, taking over scores of chores. What's more, despite present-day high costs, this genial genius is working for "wages" much lower than he drew 10 years ago. No wonder Mother's dancing while the kitchen radio sings "Happy Days are Here Again!"

## STOP! READ! THINK!

VOTERS of Seminole County, Florida:

Did you know that during the year of 1947 your County Court disposed of 550 criminal cases, many where judgment and sentence had to be passed?

Did you know that we handled more than 80 probate proceedings?

Ask any lawyer, if experience, and mature judgment is not a necessary requirement.

We handled some 26 Juvenile cases and sent three to Industrial School, and have had only two—one white and one colored—returned a second time.

We had an average of more than one a day come to us as a Domestic Relations Court.

Do you THINK these causes need much of life, understanding and mature judgment?

THEN VOTE FOR AN OFFICER WITH THESE QUALIFICATIONS AND RE-ELECT R. W. WARE COUNTY JUDGE

WEDNESDAY, MAY 12, 1948
BIBLE VERSE TODAY.

IT IS NOT ENOUGH TO SAY WE WERE MISTAKEN. WE SHOULD NOT PASS ON INJURIOUS RUMORS AND SUSPICIONS THAT ARE NOT PROVEN.—James 1:26

Russia is making noises like reconciliation. Must be preparing another coup d'etat.

Fuller Warren seems to be fruitfully concerned over that "West Coast millionaire" who is supporting Dan McCarty. Is Fuller prepared to say there are no millionaires supporting him?

The value of political polls (that is, the Florida polls) is indicated in an article by Henning Heldt of the Miami Herald. It comes pretty close to being exactly nil. You should read it.

We see where a Senate group has decided to undertake a volunteer military training program for 18 year olds. Yeah, that would be a fine thing . . . for both of them.

It would be interesting to know at what low prices and in what quantities things like automobiles, radios, washing machines could be produced and distributed through out this country if there were no such things as strikes and if business leaders were satisfied with a fair and reasonable profit.

Fuller Warren did get more votes in his race for governor than any other man who ever ran for governor. But Dan McCarty also got more votes than anybody else who ever ran second. And there were a lot of votes for English, Shands, and Watson besides.

Already a decided trend is perceptible. The supporters of Shands are flocking to the McCarty standard. While the movement of supporters of English and Watson is not so clearly defined, it is reasonable to believe that Dan McCarty will gather in a majority of them. So, as the run-off race gets off to a strong start, all indications favor the nomination of the young man from Fort Pierce.—Tampa Tribune.

The sheriff's race is getting hot. Both sides are accusing the other of being backed by the gamblers. And one thing is sure, the gamblers have a stake in the outcome of any sheriff's race which church people are not apt to recognize until too late. Why don't both candidates come out publicly and declare fully and frankly just how they feel about law enforcement, not forgetting gambling? The people have a right to know if the slots are coming back.

Southern Democrats now are keenly in earnest in their protest against the invasion of states rights contained in Truman's civil rights program. This protest will be voiced in the national convention, but will not be powerful enough to overcome the regular party machinery committed to Truman's nomination. It may, however, spoken in terms of electoral votes, make impossible his election.—Tampa Tribune.

In Crown Point, Ind. the question of whether school authorities have the right to spank unruly school children is being fought out in court. There a 10 year old boy, who was never actually spanked in school, was withdrawn by his parents when the school authorities refused to promise that he would not be whipped when he continued being disorderly and irregular in his attendance. Ordinarily we do not believe that physical punishment is of much value either to the boy or to the school, but certainly some way has to be found for maintaining discipline. Sometimes we think it might be well to spank the parents.

The Air Power Vote

There is something quite remarkable in the virtually unanimous votes in Congress for the 70-group air force, 74 to two in the Senate and 343 to three in the House. Such unanimity on any but routine matters is achieved in Congress rarely indeed.

Under the circumstances it does not appear impertinent to ask who performed the job of super-salesmanship which brought about this overwhelming favor for air power. Was it the lobby of the Air Force? Or was it the lobby of the aircraft industry?

An aura of magic somehow has become attached to the 70-group air arm, for which the Air Force has been campaigning diligently ever since the end of the shooting in the recent war. Apparently it has been accepted by some as a panacea to halt aggression in its tracks, to dissolve the need for manpower for the Army and Navy, to consign universal military training to oblivion, to make America invincible. It is the magic of the idea: World's Greatest Air Force.

The manpower deficiencies of the services have not been dissolved. In March the shortages were, on the basis of presently authorized strength, 160,000 men for the Navy, 117,000 for the Army, 42,000 for the Air Force (before expansion) and 20,000 for the Marine Corps. The need for a universal training program has not been changed. This is not a day to trust in magic.

Russian View

Walter Duranty, writer in the New York Times, emphasizes the Russian misunderstanding of our political system and voices his fear that this misinterpretation will lead to some overt act on Russia's part.

Their foreign policy, says Mr. Duranty, is strongly influenced by the fact that this is an American election year. They are unable to distinguish between party divisions and matters of public policy, and they believe that the accepted influence of a party in opposition to the one in power means a discordant weakness. They are unable to realize that, no matter who is elected next fall, the European recovery program will still get through, and our formal commitments will be held sacred.

In Russia, political opposition is treason, punishable by death, and to the Russians any other view predicated weakness on the part of its possessor. Duranty believes that this lack of understanding is "a dangerous factor in a situation already charged with dynamite," and that it may lead Russia to actions still more provocative than those of the past.

Underestimation of the strength and unity of purpose of an adversary has in the past proved fatal to many enterprises. If Russia expects to take advantage of what she considers our weakness and vacillation a great surprise is in store for her. She will find that we are indubitably "one nation, indivisible".

Oleo Point Of View

The bill to repeal federal taxes on margarine and lift some of the restrictions on sale of the product, now in process in the Senate, could have been referred to either of two committees. One was the Agriculture Committee, because it is a bill dealing with a product of agricultural origin, and the other was the Finance Committee, because it is a bill dealing with taxes.

The Senate voted to end the bill to the Finance Committee, and this is regarded as an indication of favor for the bill. In the Senate Agriculture Committee it would have been vulnerable to manipulation by the dairy interests, which might have managed to get it into a pigeonhole, just as the House Agriculture Committee did, albeit unsuccessfully.

It is thought the Finance Committee probably will report the measure out for action on the floor. The incident serves to illustrate how point of view affects legislation in Congress. As an agricultural measure the margarine tax repealer probably would have been smothered in committee; as a tax-cut bill it seems to have a chance to pass.

Twenty Years Ago Today

E. L. Markell last night was elected president of the Men's Club of the Holy Cross Church at a short business meeting following a talk by the Rev. Melville E. Johnson, who is in charge of church work at the University of Florida.

Other officers selected were: George McRory, vice-president; Archie Betts, secretary; and H. L. Perkins, treasurer.

One of the largest and most elaborate bridge parties given this season was that of yesterday afternoon when Mrs. W. C. Hill and Mrs. B. D. Caswell entertained at the Woman's Club. There were 20 tables in play during the afternoon.

Exquisite in every detail were the decorations and appointments. The spacious club auditorium where the card tables had been arranged for play were converted into veritable fairy-land gardens.

The balconies, colonades and stairway were festooned with feathery garlands of asparagus ferns studded with myriads of blue plumbago, pink verbena and pink cut flowers. The mantel was banked solidly with ferns forming a rich background for verbena and plumbago. Placed at artistic intervals were white trellises entwined with asparagus ferns, studded with verbena and plumbago, alternating with tall pedestals, baskets which held blue salvia, pink radianse roses, blue and pink larkspur, stock, carnations, snap dragons and blue lace flowers, accentuated the dainty color motif of pink and blue.

Greeting the guests upon arrival were Mrs. Robert A. Newman and Mrs. J. D. Woodruff, while in the receiving line were Mrs. W. C. Hill, Mrs. B. D. Caswell and Mrs. Linton Allen. The guests were then shown to their places by Mrs. Robert J. Holly, Jr., Mrs. D. L. Thrasher, Mrs. James P. Biddy, Mrs. F. E. Roumillat and Mrs. A. B. Wallace.

After the usual number of propositions of auction bridge had been played, scores were collected and high scores given, an exquisite musical concert set consisting of a large bowl and two sandalwood was won by Mrs. Fussy Mera. Second high score prize, a French handkerchief and gorgeously handkerchief went

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Further elucidation of the American bid for "decent and reasonable" relations with Russia shows that Washington didn't propose any conference but merely restated American policy and added that the door is always open for discussions.

In short, if the Russians have any special proposals there can be discussions between the two governments. However, highly placed American officials say that if the Muscovites have no proposals, there seems to be no ground for conversations.

President Truman himself took a hand in the clarification yesterday. He said the statement made well Soviet Foreign Minister Molotov by American Ambassador Walter Bedell Smith represented no departure in American policy. The present international policies will be vigorously and firmly prosecuted. On the other hand, America wants to make it unmistakably clear that she has no hostile designs with respect to Russia.

Now this doesn't mean that the United States wouldn't be pleased to have Moscow initiate conversations, for she would. Still it is well that the matter be cleared up lest anybody get the wrong notion that America is hitting the appeasement trail. Furthermore, European nations are watching this development eagerly and some show an inclination to be over-optimistic.

Since Molotov has chosen to construe the American move as an invitation, it is possible that a meeting of some sort might develop. Appropos of this, there appears to be no thought in Washington that it might be staged between President Truman and Marshal Stalin, although the former has said he would be glad to see the Generalissimo in America.

The value of such a conference is, of course, problematical. It might have the virtue of further clarifying the positions of the two governments. Still it must be said that the post-war allied conferences in Europe not only haven't helped matters but have made them worse.

As indicated in yesterday's column, the only thing which would help relations between the Democracies and Russia very much would be Soviet abandonment of a policy of world revolution for the spread of Communism. That is the crux of the whole trouble. So long as the Muscovites are bent on jamming the Redism down the unwilling throats of all nations, there can be no peace.

The United States government in effect recognized that thesis by withholding recognition from the new Soviet government for 16 years—until 1933. America wouldn't stand the Bolshevik propaganda. Britain had similar difficulties. Finally F. D. R. accorded recognition when Moscow promised to stop pushing Communism in this country.

However, Moscow didn't stop pushing world revolution. Finally along came World War II and created exactly the conditions the Soviet needed to further its crusade. Since then the Bolsheviks have bodily pushed their aggression in Europe and Asia and the Western Hemisphere. Only yesterday the U. S. House of Representatives Committee on Un-American Affairs formally accused the Communist Party in this country of advocating "the overthrow of our government by force and

Civil Service Tells Of Sanford Openings

The U. S. Civil Service Commission, Atlanta, Ga., announced today an open competitive examination for probational (leading to permanent) appointment to the position of substitute clerk, substitute carrier and special delivery messenger in the post office at Sanford.

No definite date has been set for the examination has been set, but the examination has been set for this morning, as this depends on how soon a sufficient number of applications are received from this area.

Applications will be accepted from persons who reside within the delivery of the post office named or who are bona fide patrons of such office. Persons employed in the post office will be considered bona fide patrons of the office.

Veterans will be given preference in appointments as well as widows of veterans, and wives of disabled veterans. The basic rate of pay for substitutes is \$1.04 an hour. After the performance of 2,024 hours of satisfactory service, including time served as a special delivery messenger, the basic rate of pay is increased five cents an hour each year thereafter until a maximum rate of \$1.54 an hour is reached.

ASSEMBLY PROGRAMS

MIAMI—Seven Dade County 4-H clubs recently presented assembly programs at schools, according to Asst. County Agent John B. Campbell. Club boys and girls told about various phases of 4-H work in assembly programs at: Perrine, Kinloch Park, and Pinewood schools, while club boys of the Robert E. Lee school also appeared in an assembly program. The day on which the club boys presented the program at the Robert E. Lee school was observed as "4-H Day."

OTTER CREEK CLUB

BRONSON—Mrs. E. W. Gideon is president of the newly-organized home demonstration club in the Otter Creek community, according to Miss Lila Woodard, Levy County home agent. Other officers are Mrs. T. P. Brown, vice-president, Mrs. Willis Mae Schilly, secretary-treasurer, and Mrs. Culppeper, council delegate.

BEEH AND CUCUMBERS

SARASOT—Growers in the Venice section were troubled about pollination of their cucumbers—there were not enough honey bees to do the job satisfactorily—but the crop turned out all right after County Agent W. E. Evans arranged for moving in 30 colonies of bees.

BUY FARM LAND

MONTICELLO—Two negro farmers in the Linton Mill community recently bought 200 acres of land, making a down payment of half the purchase price in closing the transaction, according to M. E. Groover, Jefferson County negro farm agent.

Considering all these things do you believe for one moment that Russia is prepared to abandon its world revolution? Of course you don't. Such a supposition would be absurd. And on that basis anyone couldn't get very far toward settling their main differences.

Those Political Polls

By Henning Heldt
Miami Herald

One result of the first primary vote in the Florida governorship race was to show that what passed during the campaign as "polls" of voter sentiment were anything but.

In fact, most of them were so far off the actual results as to create suspicion whether they weren't issued more as attempts to influence votes than to indicate how the votes would go.

Joe Abram of Jacksonville, who gets out many thousands of copies of what he calls the "Florida Political Survey and Poll," and mails them to key people all over the state, is getting ready to operate again in the second primary.

His first step was to wire Florida newspapers and politically important persons, boasting he "picked the exact order of finish in the governor's race. He also claims that his prediction of 685,000 votes in the governorship race was "almost perfect."

When you look closely at Abram's predictions, however, it's surprising that he has the gall to keep it up.

In his last release just before the first primary, he predicted a vote for Fuller Warren, for example, of 280,800 votes or MORE; for McCarty of only 107,500; for English of 100,500; for Shands of 84,000, and for Watson of 44,700.

By percentages, he predicted McCarty would get less than 20 per cent of Warren's vote—that McCarty would get only a little more than 1 per cent more votes than English.

With the count completed, figures show that McCarty's first primary vote was better than 20 per cent of Warren's—and that McCarty piled up almost exactly 100 per cent more than English, instead of only an extra 1 per cent plus, as predicted. Abram also credited Shands with 83,000 votes. Actually, the state senator piled only 55,000.

As for Abram's prediction that 885,000 persons would vote for governor in the first primary—he was nearly 100,000 too high.

But the self-styled public relations and labor consultant carefully refrained from going into the figures in his boast that he picked the candidates in order.

It will be very interesting to see how he picks them in the runoff.

Then there is the "poll" issued by the Phillips Advertising Agency in Orlando, whose operator claims a record of having been 92 per cent right in the last 25 years.

In his first release about a month before the first primary, Phillips had Warren in first place with 37 1/2 per cent of the vote—McCarty in fifth place with a mere 11 per cent.

In another issued just before the primary, Phillips got McCarty up to second place—but with only 23 1/2 per cent of the vote compared with 39 1/2 per cent of the vote for Warren.

An interesting feature of both these "polls" is that they showed a continued gain for Warren as the primary approached. It was perfectly obvious to everyone close to politics that it was the other candidates who were gaining and Warren who was slipping percentages-wise as more and more people began to make up their minds how they would vote May 4.

Then there was the Tracy "poll" put out from Jacksonville, whose barber shop operator claims a record of having been 90 per cent right in the past (with I had time to check up on some of those claims).

Throughout the campaign, Tracy had W. A. Shands of Gainesville, who finished a poor fourth, "firmly entrenched in second place" behind Warren.

The danger in the polls is that many people who have gained faith in them in recent years because of the usually accurate Gallup forecasts may be inclined to believe that the "political polls" are conducted along the same scientific lines as the Gallup and Elmo Roper polls. Don't you believe it!

# Giants Take Second Place In Florida State League

### Locals Trim Saints In 9 To 3 Game; Tyler Hits Homer And Rosy Adds 2

FRANCIS FIELD, ST. AUGUSTINE May 12 (Special)—The Sanford Giants unleashed a 12 hit attack on Lefthander Frank Gillespie here last night to emerge victoriously in a 9 to 3 contest, which placed the Sanfordites one-half game ahead of the Daytona Beach in the wild scramble for the second slot in the Florida State League ladder.

Tyler continued his hitting pace and scored the contest for the invaders in the sixth inning by rapping a grand slam home run. Lloyd Clifton, Tom Cataldo and Connie Kavakis were perched on the runways, to give the Giants a total of four runs for the frame. Eddie Rosenkrans, driving first baseman for the Sanfordites, banged two home runs, driving in three Sanford tallies. The home run hit by Rosenkrans were his sixth and seventh for the year. The loop record is 11.

Tyler continued his hitting pace for the Giants by blasting five hits in five trips to the plate. Tyler hit two singles, two doubles and the home run.

Despite the hard hitting by the visitors, the outstanding feat of the contest was the steady pitching by Eddie Lisiewski, Sanford righthander. Time and time again he would send his fast ball steaming past the Saints batters. He sent 11 down by the strikeout route.

Tonight the Giants moved to Palatka for a single contest with the Azules, and will return to their home park for a contest with the upset Deland Red Hats tomorrow evening with the game getting underway at 8:00 o'clock.

### Orlando, DeLand And Gainesville Win FSL Games

By the Associated Press  
Home teams held the fans in their seats until the end of three Florida State Baseball League games Tuesday night, scoring the winning run in each case in the last of the ninth.

Orlando won its eighth straight that way, nipping Palatka, 4-3. DeLand clinched a wild-scoring affair with Leesburg in like manner to win 13-12. Gainesville also did it, beating Daytona Beach, 5-4.

In the fourth game of the night, Sanford smacked St. Augustine, 9-2, and went into second place in the league standings. Daytona's loss dropped the Islanders to third place, half a game behind Sanford. Stubby Stabfield's wild throw to first allowed Dave Burke to score the winning run for Gainesville with one out. It was the first loss for Stabfield, appearing in a relief role after racking up his seventh straight victory Monday.

### 35 Games Have Been Won By One Run In Southeastern Play

By ASSOCIATED PRESS  
One-run victories are getting to be the vogue in the Southeastern League with the two recorded last night making a total of 35 for the season. On the average, about every third game has been settled by that margin.

Pensacola was involved in one of last night's, losing to Selma, 5-4, as the Leafs scored three times in the last of the ninth. That marked the third straight night the Fliers have gone down by one run.

The Montgomery Rebels beat Meridian, 6-5, for their second victory in a row by one run. The Rebels have not only won six games and four of them were by one run.

In other games, Jackson pounded Gadsden, 13-6, and Aniston beat Vicksburg, 3-1. As a result of the night's action, Montgomery leads the league by eight and one-half games with Pensacola second. Three teams, Jackson, Aniston and Selma, are tied for third only one-half game behind the Fliers.

The Fliers and Meridian have now lost five straight, Aniston in his late thirties, got his training under one of the sport's best—Father Ben. He was listed as an assistant trainer until 1946, when he was given charge of half of Calumet's string which came to Maryland while Ben took the rest to Kentucky.

In Jimmy's charge was Armed. The smooth gelding won the Philadelphia Handicap, setting a new track record, and Pimlico's Dixie. Last year Jimmy got a chance to saddle a Preakness entry, but the fans are talking as they haven't talked since the days of Lefty Grove.

"Whatta team," said a short, stocky man as he left the park last night. "I think maybe I'll put in a bid for some world series tickets."

"That" puts the A's in first place," a young man explained to his young lady, "and this year I think maybe they can—"

"I'm supposed to go to the dentist's tomorrow night," a middle aged woman was saying, "but I just can't miss the game. I'll call up and cancel my appointment."

The A's themselves are not talking pennant—not yet anyway—but the way they've been playing is evidence enough of their confidence.

One of the policemen who has been stationed at Shibe Park at various times in the last 10 years offered his explanation: "The A's are hoisting this year. That's what wins ball games—hustling."

### Jimmy Jones Gets Another Big Chance To Reap Recognition

By GEORGE BOWEN  
BALTIMORE May 12 (AP)—When one has to back in an illustrious father's limelight it usually takes exceptional skill to reap the recognition, but horse trainer Jimmy Jones is well on his way to doing it.

Jimmy gets his second big chance Saturday when he saddles Citation for the Preakness. As far as the "experts" are concerned, any old barn hand could do it and have the honor of tightening the reins on the winner of the second leg of the turf's triple crown.

Citation, cream of Calumet's three-year-old crop, is that good. Actually, there is more to getting a colt ready for the big stakes than merely being listed as his sadder, but that's the way the record books work in horse racing.

Jimmy, a short, congenial man in his late thirties, got his training under one of the sport's best—Father Ben. He was listed as an assistant trainer until 1946, when he was given charge of half of Calumet's string which came to Maryland while Ben took the rest to Kentucky.

In Jimmy's charge was Armed. The smooth gelding won the Philadelphia Handicap, setting a new track record, and Pimlico's Dixie. Last year Jimmy got a chance to saddle a Preakness entry, but the fans are talking as they haven't talked since the days of Lefty Grove.

"Whatta team," said a short, stocky man as he left the park last night. "I think maybe I'll put in a bid for some world series tickets."

"That" puts the A's in first place," a young man explained to his young lady, "and this year I think maybe they can—"

"I'm supposed to go to the dentist's tomorrow night," a middle aged woman was saying, "but I just can't miss the game. I'll call up and cancel my appointment."

The A's themselves are not talking pennant—not yet anyway—but the way they've been playing is evidence enough of their confidence.

One of the policemen who has been stationed at Shibe Park at various times in the last 10 years offered his explanation: "The A's are hoisting this year. That's what wins ball games—hustling."

### Mason Leeper Limits Mobile To Nine Hits To Win For Atlanta

By ASSOCIATED PRESS  
Three of the Southern Association games were settled by a single run last night. New Orleans beating Birmingham, 2-1, in a strange battle on the latter's field.

Nashville edged Memphis, 6-5, to sweep the four game series and increase its first place margin and Little Rock bested Chattanooga, 5-4, in the other. Atlanta routed Mobile, 12-7, to split the four games.

New Orleans got only two hits—both in the first inning—off four Baron hurlers. Stan Wentzel singled and Larry Rosenthal drove him home with a double. The Pels got their other run in the eighth when Taraminia walked and took third on a wild pitch. He scored on an infield out. The Barons, who left 13 stranded after getting eight hits, scored their run in the eighth on two singles and a walk.

The victory gave the Pels a split in the four games. Al Piechota, Little Rock, held Chattanooga to seven hits and won despite the fact two Lookouts hit home runs after the Travelers had taken a 5-2 lead. Larry Drake clouted one in the eighth and Leo Shoals got the other in the ninth—both coming with the bases empty. Piechota walked only one man and fanned five.

Mason Leeper, young Atlanta lefthander, spaced nine hits and eight walks in neat fashion to beat Mobile. The Crackers broke loose for six runs in the sixth and four in the seventh, two coming in the latter instance on Ernie Logan's home run.

Bob Schultz held Nashville to nine hits, but one of them was a three-run homer by Charlie Workman in the fifth. The Vols scored five times in that inning. Jean Davidson limited the Chicks to eight hits.

Birmingham and Mobile open a series in the latter's park tonight with second-place in the standings resting on the outcome.

**PASTURES GOOD**  
ST. AUGUSTINE—St. Johns County's improved pastures are in very good condition now, and cattle are making rapid gains, according to County Agent Ross V. Swartzel.

### Sports Roundup By HUGH FULLERTON, JR.

**NEW YORK** May 12 (AP)—You can give Ted Schroeder, still an amateur tennis player, an assist on Jack Kramer's amazing series of professional victories over Bobby Riggs... "Schroeder and I worked it out together," Kramer explains. "We decided there's no use trying to outstaidy a fellow with perfect ground strokes like Riggs or Frank Parker. The way to beat them is to have no rallies—just serve and go to the net..." Apparently it has worked. Riggs now says Big Jake has the "most receptive" service, though not the hardest, he ever has seen... And they both agree that Kramer's slam-bang tactics put the pressure on Bobby so that Riggs' own serves and passing shots lost steam and accuracy while Jake was gaining confidence all the time.

**One-minute sports page**  
Sam Pian, the Chicago manager who brought Barney Ross East to "make" Mike Jacobs' early promotions, now is being given credit for "making" the new tournament of champions promotion outfit with Tony Zale... And Sam will be lucky if he makes a few bucks for himself... Buck Freeman, the old St. John's basketball star and coach, is reported in line for the Holy Cross coaching job... Bob Ross, Penn State football lineman who migrated to the U. of Washington, has withdrawn from classes there and plans to reenter Penn State in June... Elmer Layden, who quit pro football for the transportation business, has switched to another Chicago firm... Sal Cuttitta of Newark, N. J., who pitches for the Fort Wayne, Ind., Generals in the Central League, is a night club M. C. during the off season. They say he hasn't introduced many hits from the mound.

**Choice of nightmares**  
Taft Wright, who does some outfielding for the Chicago White Sox, came downstairs in his hotel the other day moaning: "I fell asleep in my room and dreamed I was traded to the Cubs for Pennants Lowrey... He's all right, but I don't want to play in that blank league... I'll never sleep during the day again..." From here we can't see much difference between the cellar-dwelling Sox and the seventh-place Cubs.

**Pirates And Cubs Play Game Today**  
The contest to be played between the Pirates and the Cubs in the Rotary League at the Ninth Street Park was postponed yesterday afternoon. The teams are scheduled to meet this afternoon at Lawton Field, opposite the Seminole High School, it was announced this morning by Orville Touchton.

## British Weather Perplexes Even The Meteorologists

LONDON, May 12, (AP)—British weather, which has perplexed every visitor, has even the experts puzzled now.

They're puzzled by a drought which has gripped these islands since last June, after one of the wettest Springs in years. The experts said it is the worst drought in 101 years with the exception of the dry spell in 1921.

In October, traditionally the wettest month of the year when rivers and underground springs should be filled—the rainfall average over England and Wales was 18 percent of normal. Over Scotland it was just 50 per cent.

Now, says the ministry of agriculture, wells and springs over a large section of Britain are at a "dangerously low level." The Thames, which should show a natural flow of 1,400,000,000 gallons a day, is down to 600,000,000 gallons.

A meteorological office official said: "During the winter we should have had an abundance of rain. Instead, every month except January was below average. It will need a very heavy rain for days now to make up the losses and prevent a serious drought this summer."

A metropolitan water board official said: "Things look serious. We are taking two-thirds of London's water supply from the Thames—some 200,000,000 gallons a day. If warm weather comes, consumption may go up as much as 100,000,000 gallons daily, and if the water level drops we may have to introduce restrictions."

The ministry of agriculture already is putting into effect plans for combating a summer drought. Committees are arranging for water to be transported to farmers. In particularly dry areas ponds are being deepened and streams and small rivers dammed.

**ALIENS CHARGED**  
MIAMI May 12 (AP)—Assistant United States Attorney Ernest Dubois yesterday filed criminal information in federal court charging eight aliens, six of them Chinese, with illegally entering this country.

### Progressive Voter League To Endorse Runoff Candidates

TALLAHASSEE, May 12, (AP)—The head of the Progressive Voters' League said today his organization is going to endorse Florida Democratic runoff primary election candidates and make a "determined effort" to line up a solid negro support for them.

Harry T. Moore, executive secretary of the statewide negro organization, said the league "is now making contact with each candidate in an effort to determine his attitude with regard to the many problems that confront negro citizens."

"The Progressive Voters' League is interested in honest and efficient government. It seeks no special favors for the privileged few, but it is concerned about the general welfare of the masses of our people. The league stands for justice and equal opportunities for all citizens, without regard to race, color or creed," Moore said.

"As soon as the league has reached a decision as to the better candidate in each race, this information will be released to our voters throughout the state. A determined effort will be made to get unanimous support for the candidates that seem more inclined to give our people fair consideration."

About 70,000 of Florida's 890,000 registered Democrats are negroes. It still is an open question among political leaders whether a negro organization's endorsement would be an asset or a liability to a candidate.

### U. of Michigan Pupils To Have Trust Fund

ANN ARBOR, Mich., May 12 (AP)—University of Michigan students—present and future—are the recipients of more than \$1,000,000 left them by a modest 79-year-old bachelor.

They have seen him strolling around the campus for 11 years. Most of them knew only that his name was Mr. Smith and that he lived in a small room in the Michigan union, center of campus activities.

The donor was C. C. Smith, once a prominent Detroit attorney, who died Mar. 4, leaving more than \$1,000,000 in cash and securities.

University President Alexander Ruthven and the Ann Arbor Trust Co. were named co-administrators of the estate under terms of the will revealed yesterday.

### THE OLD HOME TOWN By STANLEY

### Heavy Liquor, Beer Sales Send April's Tax Receipts Up

TALLAHASSEE, May 12, (AP)—Heavy sales of beer and liquor during April sent Florida's revenue from cigarette and beverage taxes soaring above 1947 receipts for the first time this fiscal year.

Beverage director James T. Vocolle reported April's receipts of \$1,903,942 on beverages was 37.31 percent above the \$1,386,558 collected last April.

The 10-month total of \$18,380,402 was still 1.92 percent below the 1947 total for the same period, but the steady gain in cigarette taxes made up the deficit.

Vocolle said \$1,074,859 was collected from the four cents a package tax on cigarettes during April, compared to \$992,528 last April. Collections for the first 10

### REPLANTING NECESSARY MONTICELLO

—Many Jefferson County negro farmers have found it necessary to replant watermelons, corn, and cotton because their first plantings were destroyed by excess water in the fields, M. E. Groover, negro farm agent, reports. Several hundred acres have not been replanted because of wet soil, and the farm outlook is not very encouraging for farmers owning such land.

months of the fiscal year on cigarettes total \$10,218,086, an increase of 6.66 percent above the \$9,673,312 for the same period last year.

Vocolle said receipts from beer and liquor taxes both showed a decided increase during April. He added that more stamps were sold for halfpints of liquor than all other sizes combined.

At the beginning of the fiscal year, Beverage Department officials estimated revenue for the year would be three percent below that for 1947.

### NEW CLUB FORMED DADE CITY

—A new home demonstration club has been organized in the Denham-Drexel community, according to Miss Ruby Brant, Pasco County home demonstration agent. It has taken as its principal project the equipping and starting of a school lunchroom. The members plan to can as many foods as possible for the lunchroom during the summer.

### EARLY MELON SEASON TAVARES

—Lake County's 1948 watermelon season opened 30 days earlier than usual, with prospects of reduced yields due to anthracnose in fields. Market prospects were good, however, because of lateness and reduced acreage of crops in competitive areas, according to County Agent R. E. Norris.

Idaho's first official highway took three years to build and was 624 miles long.

### Rise To Fame Told Of National Figure In Daily Life—The Fuller Brush Man

By HAL BOYLE  
NEW YORK (AP)—If you push enough doorbells, you'll sell enough brushes.

That is the simple sales formula on which Alfred C. Fuller, the original Fuller brush man, has built a gigantic house-to-house business.

Fuller, now 63, started in the basement of his sister-in-law's house in 1905. He made the brushes on a \$15 second-hand machine in the afternoon and evening, peddled them the next morning.

He doesn't have to push doorbells himself anymore. He's so wealthy he doesn't even have to answer the door himself when a Fuller brush man rings his doorbell to try to sell him a brush.

But this year some 7,000 Fuller brush men across the nation will push approximately 43,750,000 doorbells to sell housewives nearly \$50,000,000 worth of brushes.

Today the Fuller brush man has become a familiar figure on the American doorstep. Red Skelton has just made a movie about him and the Saturday Evening Post featured him this week in one of its "men at work" series.

What's he like—this door-to-door salesman who has taken the place of the oldtime itinerant peddler and knocks more often than the postman?

The brush company recently polled some of its 7,000 dealers and came up with this picture:

The average Fuller brush man is 40 years old, has a high school education, sets his own hours, earns \$70 a week. He has been married 12½ years, has a boy and a girl, owns a 5½-room house and a low-priced car 7½ years old with 52,000 miles on the speedometer.

He owns two radios, has been selling brushes for four years. His favorite hobbies are fishing, gardening and hunting, but he may collect seashells or pictures of steamships. This probably reflects a get-away-from-it-all feeling.

Some 35 percent saw military service, 36 percent belong to a fraternal lodge, one out of five has held a public office. Three have been mayors, three were ministers and one was a Royal Canadian Mounted Policeman who wearied of the horse.

The Fuller brush man works five days a week, pushes 25 doorbells a day, gives free to every prospect a vegetable scrubbing brush that costs him three cents. He has at least 2,000 families in

his district, calls on them three or more times a year, sells to one out of every two housewives who come to the door.

The door is his big problem. He isn't allowed to put his foot in it, but once he gets past it he generally figures he's in—physically and in a sales sense, too. He then has 135 items to sell—from nail brushes to furniture polish.

In one out of 25 cases the Fuller brush man isn't a man at all. He's a Fuller brush lady. The percentage of women salesmen rose during the war.

Strange things happen to the Fuller brush man. He has helped deliver babies, rushed stricken people to hospitals. One saved a child strangling on a coin by upending the baby and slapping her bottom until the coin dropped out. One was picked up by a policeman looking for a robbery suspect. The Fuller brush man sold the cop a clothesbrush.

The Fuller brush man can't bristle when a door slams in his face, has to try again.

"One superintendent told me I could never get into this building while he was alive," a Fuller brush man wrote cheerfully. "But he dropped dead, so now I can go into the building."

Many Fuller brush men go on to bigger things. One the company doesn't mention much is Landon C. Kellogg of Westfield, Mass. He began pushing doorbells for Fuller in 1922. Two years later, he began manufacturing brushes himself, built the business to a \$3,000,000 annual volume by 1946.

Kellogg sold out three months ago and retired at 48. He has a private plane and an estate in Florida.

Now he's like Fuller—doesn't even have to answer his own doorbell.

### Can Black-Draught Help Sleeplessness?

Yes, Black-Draught may help sleeplessness if the only reason you can't sleep is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose.

That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental distress, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

**CATFISH FISHING**  
TALLAHASSEE May 11 (AP)—Taking of catfish from Lake Okechobee and the St. Johns River with pound nets and baited traps was authorized yesterday by the Game and Fresh Water Fish Commission. The board agreed to grant 35 permits to commercial operators in the St. Johns and 30 for fishing in Lake Okechobee. The permits will be given by the game director upon approval by the commissioner of the district affected. All nets and traps will be subject to inspection by commission agents and biologists.

ALLEN MORRIS. Cracker Politics.

HERE'S PROOF OF SINISTER MOTIVES ON THE MARCH!

EXCERPT FROM "Cracker Politics" of May 8, 1948.

The Caldwell administration handles the McCoy situation with deftness. The word was passed down channels in the road and other departments until Thursday, before the election, in such manner as an actor throws away a bunch line. Ed Strawn, the governor's secretary, told department heads "we'd like to see" McCoy elected.

Now the issue is clear! Can there be any doubt in your mind about these sinister motives? Don't fail to hear Fuller Warren when he speaks in your County!

Let's Elect FULLER WARREN ALL FLORIDA'S NEXT GOVERNOR
