

Court Orders Primary For Senate Posts

Secretary Of State Directed To Prepare For Elimination Elections

Gray Left Free To Make Choice

Pepper Is Unopposed In One Race; Three Seek Other Seat

TALLAHASSEE, July 23.—(AP)—By a four to two decision the Florida Supreme Court today directed Secretary of State R. A. Gray to proceed with arrangements for the special Democratic primary to nominate successors to the late Senators Park Trammell and Duncan U. Fletcher.

The decision, reported today, was reported, but it left Gray free to decline if he so desired and tell the court why he was not complying with the order.

Developments today have been awaited several days since Attorney-General Cary D. Ladd refused to rule on the legality of the special primaries and dumped the problem into the lap of the Supreme Court.

Gray said he would be glad to comply with the temporary court order if the attorney-general's office advises him the court's opinion gives him sufficient authority for spending public funds.

By any chance Secretary of State Ladd will abide by the court decision, the rank of nominating two material candidates will fall to the State Democratic Executive Committee.

Special primaries have been tentatively set for Aug. 11 and Sept. 1.

The election as arranged for by Secretary Gray would be paid for by the state. It had been the suggestion of the Democratic Executive Committee that each party committee in Florida's 67 counties withstand the expense of the balloting.

Four men are qualified for the two nominations. Claude Pepper of Tallahassee is the only Democratic candidate for the Trammell post. Former Governor Dunn E. Carlton of Tampa, C. O. Andrews of Orlando, and Robert Boone of Miami seek the nomination for the Fletcher vacancy.

TOPEKA READY FOR NOTIFICATION

Wearing gay attire, Topeka, capital of Kansas, is all set for ceremonies which will formally notify Gov. Alf M. Landon he is Republican Presidential nominee. Here a huge picture of Landon is shown as it was hung on the side of Topeka's tallest building. Forty by sixty feet in size, the picture weighs more than 900 pounds. (Associated Press Photo)

Auto Driven By Commissioner's Son Strikes Man

I. Herbert Frances Is Hit By Jessie Lodge's Vehicle

I. Herbert Frances, about 75, of the Eastside-Laughton Memorial Hospital critically injured today after being struck last night by an automobile driven by Jessie Lodge, 18-year-old son of City Commissioner M. J. Lodge.

The youth was not detained by police. Chief Roy Williams this afternoon was in the midst of a thorough investigation.

Mr. Frances, according to the official report, sustained a crushed left leg which possibly may have to be amputated. Other minor injuries also were sustained, the report continued. Young Lodge and several witnesses said Mr. Frances stopped from between two parked automobiles at the corner of Third Street and Palmetto Avenue (Continued on page three)

No Funds Given For Local Work In St. Johns River

Appropriation Is Cut From \$4000 In '36 To Nothing In '37

Federal expenditures will be lacking next year for work in the St. Johns River between Jacksonville and Lake Harney, according to an Associated Press dispatch received today from Washington.

On the other hand, the government plans to spend \$901,000 in 1937 for dredging operations in the St. Johns between Jacksonville and the Atlantic Ocean, the report further stated.

Last year the government allocated \$4,000 for activities on the Jacksonville-Lake Harney section of the river. Not a single cent was appropriated for next year. Total allocations for work on all waterways in the state will amount to only \$4,360,800 next year as compared to the \$11,487,375 expended for the fiscal year ending in 1936.

Civic Clubs Urged To Tell Friends Of Weather In State

Sanford Kiwanians yesterday urged that every member of all local civic clubs write at least one letter to some friend in the north and describe the pleasant weather which Florida has had while the heat wave has been sweeping the northern half of the country.

The move was the second taken within two days to bring tourists here. The Junior Chamber of Commerce early this week instituted a program which, it is hoped, will bring a host of returning friends to the city.

Dr. H. D. Smith, chairman of the Kiwanis underprivileged children's committee, reported that four tons of operations were donated last week.

Bill DuBois, chairman of the entertainment committee, presented the Russ Sisters in several songs. They were accompanied by Miss Madeline Malton at the piano.

Civic clubs yesterday were Dr. L. A. Klein of Ocoola and the Rev. P. I. Dean of Clearwater.

Sanford Woodmen Will Meet Tonight

The Sanford unit of the Woodmen of the World tonight will convene for attending the district organization meeting in Sanford next Tuesday.

Special entertainment has been arranged for the evening's session by L. F. Parr, head of the district entertainment committee.

Deadly Screw Worm Almost Exterminated In Seminole County

Screw worm, one of the most persistent and deadly enemies of cattle and other live stock, is practically non-existent in this county, Farm Agent C. R. Dawson said today.

The last case reported in Seminole was more than two weeks ago, county farm records reveal. The last serious epidemic caused by the worm was under way at this time last year, according to Mr. Dawson.

A comprehensive report of the screw worm's damage in 1935 revealed that 1388 cases in the county resulted in the death of 20 heads of live stock.

There were more than 150,000 cases in the state, a Department of Agriculture report shows.

Charge Of Reckless Driving Gets Fine Of \$15 Or Jail Term

Mary "Sugar" Nelson, a negro who went on a mad driving spree Sunday and almost wrecked a residence, was fined \$15 or given 30 days in jail when arraigned in municipal court today on charges of reckless driving.

The woman, said to have taken an automobile without the owner's permission, ran off the street and did damage to both front and rear of a home at Seventh Street and Cypress Avenue.

Three separate charges of larceny against Frank McKee, negro, each drew fines of \$15 or 30 days in prison.

Deputy Dies In Alabama Labor Fight

National Guardsmen Mustered To Scene; Nineteen Arrested After Fierce War

TALLADEGA, Ala., July 23.—(AP)—Nineteen men were arrested here today by National Guardsmen patrolling the streets where a police officer was slain and 17 persons wounded last night in the savage climax of a labor dispute at the Samsco Cotton Mills.

More than 150 troopers with fixed bayonets restored order in thoroughfare that had run red with blood, and that echoed with the crashing fire of guns.

The soldiers were directed to prevent crowds gathering, an order resulting from the death last night of Deputy Sheriff John J. Bryant who was shot during the fiercest of the day's disorders.

National Guard officers refused to reveal the names of those arrested by militiamen.

While reports of the incident are being investigated by the state, the city was a seething mass of fighting last night.

Stones, clubs and guns were employed by an army of laborites who stormed their way into the streets. Local officers dived grimly into the situation but were unable to surmount the overwhelming odds until state troopers arrived.

\$22,500,000 Is Paid To Floridians By Insurance Firms

Life insurance policyholders and beneficiaries in Florida received \$22,500,000 in 1935, according to a report released today by the National Underwriters Association, issued in Chicago.

Jacksonville led all cities in the state, receiving a total of \$1,362,000. Miami was second in payments with the receipt of \$1,320,000.

The largest individual payment was made to a person in Palm Beach whose name was withheld. Total amount was \$272,500.

In commenting on insurance, Gov. Dave Sholtz gave the following statement to the National Underwriter:

"Life insurance payments in 1935 to Florida policyholders and beneficiaries approximated \$22,500,000. There are few who realize that such a huge sum has been paid. In so doing, the life insurance companies are performing an important service to our citizens in time of financial stress and contributing in no small measure to the development of our state."

Emergency Crop Loans Available After August 1

\$25,000 Used Here In 1935 To Buy Seed, Fertilizer

More than 25 inquiries have been received from Seminole County growers and farmers concerning federal emergency crop loans which will be available after Aug. 1, C. R. Dawson, county farm agent, announced today.

Last year the government loaned approximately \$25,000 to the agriculture industry in this territory and the immediate vicinity. Only a small percentage has not been repaid, according to county records.

Mr. Dawson said the available (Continued on page three)

PASSENGERS ON MISSING NUNOCA

Shown above are five of the passengers aboard the British motorship Nunoca which is missing on a trip from Georgetown, Grand Cayman Island, to Tampa, Fla. At top are Mr. and Mrs. Louis R. Warren, honeymooners from Tampa. At left below is Harold Eden, 17-year-old son of J. L. Eden, veteran Tampa seaman, and at right below are Mr. and Mrs. Durbin Tibbitts of Jacksonville. Fears are expressed for the safety of the Nunoca, more than two weeks overdue. (Associated Press Photos)

School Board To Hire 12 Drivers For Local Area

Arrangements Will Be Made At Meeting On August 5

Arrangements to employ 12 school bus drivers for the Sanford district will be made on Aug. 5 by the Seminole County School Board, Superintendent T. W. Lawton said today.

They will be assigned to county-owned buses, the purchase of which was authorized after the board rejected several private bids recently.

Superintendent Lawton said the main point to be settled will be that of deciding whether all five routes involved are to be under the direction of one person, or whether five individuals will be selected, each to direct one route.

Rigid physical examinations must be satisfactorily passed before any applicant will be considered for a driver's job, Mr. Lawton asserted.

The state law at present requires that one be at least 18 years of age before receiving a school bus driving assignment. However, Seminole County in the past has stipulated one must (Continued on page three)

Heart Attack Is Fatal To Grower From Lake Wales

I. A. Yarnell, 60, a prominent citrus grower well-known in Sanford, died suddenly in an Orlando hospital yesterday afternoon, according to press dispatches received here today.

At the time of his death his home was in Lake Wales. A heart attack was said to be responsible for the development yesterday.

Mr. Yarnell came to Florida in 1916. Formerly, he had been associated with the banking business in Minneapolis.

He was a large developer of groves and residence property. In the last few years he had cleared ground and developed 2,600 acres of citrus lands.

Also, he developed the high class Highland Park community near Lake Wales. He was a builder of large homes during the real estate boom of a decade ago.

Funeral arrangements had not been made today, although it was understood interment will be in Lake Wales.

Hunt Is Cleared Of Trespassing Charge

L. T. Hunt was cleared of trespassing charges yesterday when Judge James G. Sharon directed a county court jury to bring in a verdict of "not guilty."

The trial consumed the major portion of the day. Court adjourned in the afternoon and will reconvene for one day next week when several civil cases are booked. All criminal cases have been disposed of.

British Destroyer Fires On Spanish Rebel Aircraft

Landon 'Lauds' Roosevelt For Postal Change

Republican Nominee Prepares To Hear Official Notice

TOPEKA, Kan., July 23.—(AP)—Governor Alf M. Landon, who tonight will be officially notified of his nomination as Republican candidate for the presidency, today said President Roosevelt's order extending the merit system to the postoffice department "shows the advantages of competition."

Landon said he is glad to see Roosevelt extend the new system of civil service tests to all postmasters. He added that he hoped Roosevelt would extend it to relief organizations.

WASHINGTON, July 23.—(AP)—President Roosevelt last night issued an executive order apparently designed to remove first, second and third class postmasters from the field of political patronage.

The order specified that in the future the applicant for such a vacancy making the highest grade in a competitive civil service examination shall win the appointment, regardless of his political affiliations.

TOPEKA, Kan., July 23.—(AP)—In sharp contrast with tense campaign days ahead, Alf M. Landon devoted the eve of his formal acceptance of the Republican presidential nomination to routine tasks of the Kansas governorship and greeting party visitors.

Shirt-sleeved and chatty, he received callers who trickled in from the crowds already swarming downtown Topeka as the first of Republican thousands arrived by train, plane and motor for Thursday's elaborate notification ceremonies.

A larger consignment of guardsmen will leave probably Saturday, making the trip by truck. Originally the camp was scheduled to have been held in Anniston Ala., but the infantile paralysis epidemic sweeping parts of that state caused a shift in location.

Ten officers and 125 men compose the local unit.

Mrs. A. M. Klemm Is Dead In Asbury Park

Mrs. Annie M. Klemm, well-known to Sanford citizens although a resident of Winter Haven, died in Asbury Park, N. J., according to dispatches reaching here today.

The deceased had been prominent in Winter Haven civic affairs for many years.

Mrs. Klemm was the widow of A. R. Klemm, Sr., a pioneer citrus operator of South Florida who died in 1923.

Guard Surrounds Hungarian Legation

WASHINGTON, July 23.—(AP)—The Washington Post today says police have assigned a special guard to the Hungarian Legation here because of a reported plot to assassinate the Hungarian minister, John Pelenyi and members of his staff.

The paper says attaches were alarmed and describe an alleged bomb plot as a Communist reprisal for the recent execution of a Red agitator in Budapest. A woman in an apartment house was reported to have overheard plotters making plans. She is said to have reported to authorities.

Lindbergh Speaks To German Airmen

BERLIN, July 23.—(AP)—Colonel Charles Lindbergh, speaking at the Air Club luncheon, today called upon Nazi aviation leaders to realize the responsibility they bear for deadly weapons they have created. He said aviation has changed the whole aspect of war.

Lindbergh and his wife were acclaimed by German officials and the public, and the press. They flew here yesterday from England. Hitler will see them before they leave the country.

When Mrs. Tom Moore of Pleasant Hill, Kan., drove to town for grasshopper poison, some of the insects rode along and ate three holes in her dress.

Bombs Fall Close To Hulks Of English Warships Lying In Gibraltar Waters

Fighting Spreads Over All Spain

France And England Warn Liberals To Watch Fleets

(By The Associated Press) A British destroyer routed a rebel Spanish plane with gunfire today as the great battle of Fascists and loyal Loyalist militiamen loomed north of Madrid.

Some reports fixed the size of the insurgent troops at 100,000. Defenders, rallying forth from the capital, numbered about 36,000.

The American battleship, Ottham, steamed from Cherbourg Harbor for Vigo Spain, to evacuate American women and children on the northern coast of the revolt-ridden republic.

The British destroyer Whitehall fired on a rebel airplane in Angler Harbor after the plane had bombed the British destroyer Wildawan off Tarifa, Spain, and fired a "warning" after the rebel plane dropped bombs uncomfortably close.

Government bombs plummeted to rebel targets from airplanes swooping over the Army barracks at Zaragoza Spain, in a fresh assault intended to break the back of the rebellion now in its seventh day.

Fighting continued in virtually all parts of the country indicating how widespread the rebellion has become.

Four Persons Die As Trains Collide

OGEECHEE, Ga., July 23.—(AP)—Four persons were killed, and 20 least 15 injured today in a head-on collision between two Central of Georgia passenger trains.

The dead are listed as W. P. Starr, Savannah, engineer on train number six; Berry Johnson, fireman; Joe Wright, fireman.

None of the passengers were reported seriously hurt but some crewmen were said to be in serious condition.

THURSDAY, JULY 23, 1936

SHORT VERBS FOR TODAY

Remember the good old days when a racket was something you played tennis with. There may be plenty of room at the top but there seems to be plenty at the bottom, too. If Woodrow Wilson were alive today we wonder what he would think of the League of Nations?

The trouble with those who are not meek is that they enjoy a good fight more than a large inheritance.

Al Smith is planning to take the stump, it seems, for London, which will be a big help for Roosevelt, particularly in the South.

The St. Augustine Record quotes this one of the politicians: Politics does make strange bed fellows, but that's all right, they all use the same bunk.

The Miami Post extends its best wishes to Ruth Bryan Owen, expressing the hope that her marriage will put her on the high road to happiness.

Gov. Landon is going to make a 2,500 word speech of acceptance Thursday. "Silent Cal's" acceptance speech in 1924 contained 7,300 words.

Some of the remarks passed at the recent Townsend convention in Cleveland remind one of the late Huey Long's prediction about "cars being blasted back."

Gov. Landon is going to be spotted tonight that he has received the Republican nomination for the presidency. We imagine it will come as a great surprise to him.

The biggest question in England today is "Who Saved the King?" with practically everyone on the island claiming the distinction with the possible exception of George Andrew McKelton.

Of course, England is planning to furnish its 40,000,000 citizens with gas masks for a very different reason, but it seems to us that during the political campaign of least Uncle Sam should furnish each of us with a gas mask.

Florida citizens believe in life insurance. And who shouldn't? During the year of 1935 more than \$21,500,000 was paid to policyholders and beneficiaries residing in this state. This is more than all the money the state has in its state bank.

Crissie Robinson intimates that the country may come to the attention of financing itself by means of great national loans. But he points out that what if it does, the lucky winner of a million dollar sweepstakes will have to turn \$700,000 of it over to the government to finance taxes.

There is nothing quite so admirable as government when it doesn't charge money.

The other day a bird was seen in the city of Sanford. The bird was seen in the city of Sanford. The bird was seen in the city of Sanford.

There is nothing quite so admirable as government when it doesn't charge money.

The Prospects Of Reapportionment

Noting our little barb to the effect that fair reapportionment would do much to quiet the feeling of "sectionalism" which is developing in this state, one of Florida's most prominent lawyers and himself often mentioned as a gubernatorial or senatorial prospect, writes us wondering what Florida's next governor is going to do about it and pointing out many of the injustices of the present system, as follows:

"The representation in the House must be three representatives for each of the five most populous counties, two representatives to each of the next eighteen counties in order of population, and one representative to each of the remaining counties. The provision is that there shall be thirty-eight Senatorial districts, each district to be as nearly equal in population as practical, but that no county should be divided in making such an apportionment."

"Nassau and Hamilton counties, with less than 10,000 population each, have a senator each. Levy and Jefferson, with less than 15,000 population each, have a senator each. Columbia, Suwannee and Madison, each with populations between 15 and 20,000, have a senator each."

"There are eight districts consisting of one county each which cannot be reduced in size, which have a total population of \$36,006, leaving for the other thirty districts a total population of 780,324. Until the Constitution is changed, we cannot prevent a minority of the population from having at least a three-to-one majority in the Senate, but certainly we can within some reasonable limits, readjust the situation as it now stands."

"Palm Beach county, for example, with 33,000 population, only has a part of a senator. Broward county, with 23,000 population, in the last Legislature gained a member of the House at the expense of Columbia county; but Columbia still retains its senator, and Broward has only about one-third of a senator."

"The eight districts referred to are the Second, Seventh, Eleventh, Thirteenth, Eighteenth, Nineteenth, Twenty-eighth, and Thirty-fourth. If the other 30 senatorial seats should be divided according to population, there would be approximately 26,000 in each district. In your district, (Seminole and Bradford) the Thirty-seventh, there are 36,637 people."

"We are further reminded that the counties which benefit most from the present system of apportionment are the home county of the next governor, and those immediately adjoining to Columbia, Hamilton, Suwannee, Madison, Bradford, Union, Baker, Clay, Jefferson and Levy."

High Taxes

Despite huge deficits in recent years which have necessitated tremendous borrowings running up to four or five billion dollars annually, the federal government collected more money from its taxpayers last year than in any previous year since 1921 when the unusually high taxes of the war period made their strongest impression on Treasury revenues.

Though the government spent approximately eight billion dollars last year, it collected in taxes only \$3,520,000,000. But this \$3,520,000,000 was \$221,600,800 more than was collected in the previous year. In 1921 the only year when tax collections were higher than last year or the year before, a total of \$4,598,000,000 was paid in by the nation's taxpayers to the federal government. All of these figures omit consideration of city, county, or state taxes.

Just what these taxes mean to American business, labor, and the average consumer was shown recently by the National Association of Manufacturers which disclosed that for every dollar which industry as a whole pays out in payroll it has to raise 84 additional cents for taxes. Another way of putting it was to say that taxes amounted to \$303 for every common stockholder or \$2 per share on every common stock certificate. Taxes were also equivalent to eight percent of all sales.

What this means is that the price of all commodities on the average could have been eight percent less in price to the ultimate consumer had it not been for taxation. It also means that if taxes had been diverted from the government to industrial payroll, labor would have received 84 percent in additional pay. Or, that if the taxes paid by industry had been turned over to the stockholders every one of them would have received \$303 more per year.

Taxes in the oil industry were shown as being particularly heavy. On the whole 25 percent of the selling price is devoted to paying taxes. In Florida, where gasoline taxes are the highest in the country, the percentage is even greater than that. But if it were not for taxation, common stockholders in the oil industry could receive \$945 a year more in dividends.

Taking all industries as a whole the report showed that for every dollar which was paid out in dividends \$1.42 was paid in taxes.

SANFORD TWENTY YEARS AGO

Will Colbert is moving his office from the building on the West Side and will confine his farming to Cameron City hereafter.

Mr. and Mrs. L. M. Lucas and little daughter, together with Mr. Gramer from town came supper guests at the A. E. Cameron home Sunday evening.

The Misses Belle and Gertrude Runge were out of town guests of Mr. and Mrs. G. C. Chamberlain on Beaulieu Avenue a portion of the week.

WOLLNER'S ALIBI IN SLAYING UNDER FIRE

Continued inquiry into the strange slaying of 18-year-old Neil Cleveland at Asheville, N. C., led officials to doubt the alibi of Mark Wollner, concert violinist, who was imprisoned for questioning. Wollner (left), 19-year-old tuba player, sought to corroborate his claim that he was at home the night of the killing but police imprisoned him for investigation. Wearing a broad shoulder pad, Wollner is shown nonchalantly smoking in jail. Below are the blood-stained bread knife, a bullet and shell which police believe were used in the murder. (Associated Press Photos)

"THE LUNATIC FRINGE" BY DOROTHY THOMPSON

"The lunatic fringe," boasted the Rev. Gerald L. K. Smith at Cleveland last week, "is about to take over the government." The Rev. Mr. Smith, once the stooge of the late Huey P. Long, who still carries on the share-the-wealth ideas of the Louisiana dictator, was addressing a convention of the Townsendites, attended by Father Coughlin and supporters of William Lemke, Union party candidate for President. Whether any real alliance between the four groups will emerge is not yet certain. But a serious move has been made in that direction. They are held together by something like a common viewpoint. And it represents a much more widespread attitude of mind than many Americans realize.

The combination is a nearer approach to a national fascist tendency than any which America has yet developed. In many ways the Union Party platform and the Coughlin program bear a resemblance to the so-called "Federal platform" on which the German Nazis campaigned. Furthermore, the appeal is similar and to a similar section of the electorate. The Rev. Mr. Smith, one of the most effective platform rabble rousers in the country today, and Father Coughlin, one of the most potent radio rabble rousers, are both militantly "Christian" in their own interpretation of the word. They preach an apparently advanced social program, while, at the same time, they campaign against the "atheism" and "alien nature" of socialism, communism and the New Deal.

Lemke, Father Coughlin and the Rev. Mr. Smith all attack the concentration of wealth and the great trusts, while standing firmly for private property. They find it perfectly possible to attack President Roosevelt for socialistic tendencies in almost

identical words, to those used by the Liberty League, while at the same time exhorting him for failing to "drive out the money changers." This is very reminiscent of Mr. Hitler's attack on the German Liberals and Social Democrats. All of them—Lemke, Coughlin, Smith and, by implication, Dr. Townsend—demand some form of socialized credit, and attack "the bankers' monopoly" and "the international bankers." So did Mr. Hitler, whose platform, from the beginning, demanded "the breaking of the servitude to interest." The Nazis demanded a purely German state and economic autarchy. The Union party says "America shall be self-contained and self-sustained." Lemke, Coughlin and Smith attack the moneyed interests of Wall Street, the gold standard, and the "reactionaries, socialists, communists, and radicals," but they reserved their greatest vituperation for "advanced liberalism" which they lump with socialists. So did Mr. Hitler.

The Union party also its appeal also, to precisely the same groups who were originally the followers of the Nazis: the dispossessed and humiliated of the middle classes, bankrupt farmers, cracker-box radicals, and the "respectable" but extremely discontented provincials. If a strong trade union group aiming at political power, and with international sympathies, should emerge in the next four years under the leadership, say, of John L. Lewis, that group would also come under their fire. There is a strong possibility that for this reason powerful industrial and conservative interests would secretly support them, and certainly intend

Ninth Inning Rally Gives Lookouts 5-3 Victory.

Davis' Homerun Scores Langston In Final Frame

Torres, Hayes Limit Palatka Batsmen To Five, Safe Bingles

PALATKA, July 23.—Pushing three runs across the plate in the ninth inning here yesterday, the Sanford Lookouts posted a 5-3 victory over the Azaleas when it appeared that the locals had scored the game up in the eighth when they tallied one run to break a 2-all deadlock.

Eddie Davis, Sanford first necker, salted the game away for the Lookouts with a home-run clout in the final stanza which scored Langston ahead of him.

Palatka's markers were employed by Lonnie Smith and the opposing pitcher, Hayes. Smith hit for the circuit with Casauer on base in the fourth frame and Hayes balked a runner home in the eighth.

A walk, single by Clary, fielder's choice and error by Guerra gave Sanford their first tally in the fifth and they followed with another run in the sixth resulting from a miscue, sacrifice, infield out and Malby's single.

Clary stroled and went to second when Jumonville dropped a perfect double play Hoppler to second. Henderson replaced Gouli, who started the game at this point and Blatruf looting the left field with Clary offed to the left run after the catch.

Brundage Denies U. S. Athletes Are Under Heavy Hand

Reports Spirit of Olympic Entries 'Is Admirable'

ABOARD S. B. MANHATTAN, En Route to Berlin, July 23.—(AP)—Taking steps designed to minimize the impression that America's Olympic athletes required an iron disciplinary hand on the voyage to Europe, Avery Brundage last night termed the "department and spirit of the team, with few exceptions, admirable throughout the trip."

"Such disciplinary action as it was felt essential to take in one case produced gratifying results," the president of the American Olympic committee said. Brundage refused to divulge details of the incident cited. He asserted it was not desirable to stigmatize or take advantage of a situation which now was considered closed but emphasized that "the entire team was the best behaved of all those we have taken aboard."

It was well known aboard ship that the members of at least three teams were reprimanded early in the voyage but warnings sounded then by Brundage proved effective.

The department and spirit of the team, with a few exceptions have been admirable throughout," the Brundage statement read in part. "Such disciplinary action as it was felt essential to take in any group so large with personnel detailed on such short notice, there was bound to be some difficulty in personal adjustments. There was a problem in dealing with a group of high-strung athletes who had just emerged from the most strenuous tryouts in history."

Troy P. Agnew Purchases Baseball Club At Palatka

Azaleas Unit To Be Used As Farm For South Atlantic League Entry; No Change Planned In Operation

PALATKA, July 23.—Troy P. Agnew, president of the Augusta Baseball Club of the South Atlantic League, purchased the franchise of the Palatka ball club in the Florida State League here yesterday. The Palatka entry is in a Class "D" circuit and will be used as a farm club for the Tigers.

No change will be made for the present in the operation of the Azaleas, it was announced by the new owner. Neither will there be any change in the lineup of the local club, it was disclosed.

Herb Thomas, manager of the Azaleas in 1934 when they defeated St. Augustine in the play-off to win the Northeast Florida League title to bring Palatka its first championship in many a year, was here with Agnew to consummate the deal yesterday. Thomas is manager of the Augusta Club which had won 13 and lost 11 games since he took charge shortly after the start of the second half of the sally League this summer.

Manager Jeff Emerson and George Andrews, of the Azaleas, considered to be of Class "B" or better calibre by baseball experts, will not be sent to Augusta, according to the new owner. In fact the Azaleas will be strengthened by the addition of new players sent here from Augusta, with the rest of the lineup remaining the same.

Palatka will be the training site for the Augusta club next year and there is a possibility that the new owner will operate a baseball school here prior to the spring training camp of the Tigers. Agnew staged a baseball school in Augusta last spring.

Islanders Fail To Hold Up Pace, Saints Win, 7-3

Moose Fralick Gives 15 Good Hits As Mates Err Thrice

DAYTONA BEACH, July 23.—After taking a three-run lead in the first frame and knocking Vickery from the box, the labels failed to maintain the pace here yesterday and bowed to St. Augustine, 7 to 3.

The Saints got to Moose Fralick for 15 safe blows, which, added to three Islander errors, gave the St. Augustine club an easy win.

Veale replaced Vickery in the first with two out, after the latter had allowed three runs on as many singles and two bases on balls. The Islanders found him readily, getting seven hits, but they were unable to bunch the blows.

The Saints scored a pair of runs in the first on a walk and single by Zupanic, McGowan and Veale. Another tally was scored in the fifth when Bonner singled, Baker rapped out a double and Swindell hit the ball to short, forcing Fitzgerald at second.

In the seventh, the Saints scored three runs on a double by Swindell and a single by Veale. A neat double play, Martin to Mittleman, retired the side.

Thomasville Will Remain In League

THOMASVILLE, Ga., July 23.—(AP)—Thomasville will remain in the Georgia-Florida League with a new and improved local organization, the league directors were told last night at a meeting which closed an association of 25 members.

President H. H. Fort attended a meeting of local fans and officials to throw the support of the league behind the Thomasville club. His offer was appreciated, said R. C. Ballou, Jr., manufacturer and civic leader, but Ballou declared that Thomasville club bear its own burden.

Jinx Of G-Men Routs DeLand In 5 To 3 Contest

DELAND, July 23.—Gainesville's G-Men kept their jinx working on the DeLand Reds here yesterday afternoon, defeating the local club, 5 to 3.

A costly error in the seventh inning gave Gainesville two runs and its margin of victory. The G-Men combined a double and two singles in the second to score once, bunched another single and double in the fourth for another. The Reds, who with a hit, a walk and a hit batsman made one in the third, tied the count in their half of the fourth when they rapped McNamara for three consecutive singles, only to have a fast double play stop the rally.

Derringer Scores In Divorce Case

TAMPA, July 23.—(AP)—Paul Derringer, pitching ace for the Cincinnati Reds, yesterday scored a point in the suit in which he seeks divorce from his wife, Mrs. Varnet W. Derringer.

Radio Priest May Be Banned From Politics

Trans-Ocean Phone Conference Brings Speculation Over Coughlin's Future

Apology Is Given To The President

Catholic Figure Believes Roosevelt Should Be Ousted

VATICAN CITY, July 24.—(AP)—Trans-Atlantic telephone conversations between Father Charles Coughlin and Vatican officials today caused speculation over whether the radio priest would be told to discontinue his political activities in the United States. The priest publicly apologized to President Roosevelt for calling him a "liar" in an address before the recent Townsend convention at Cleveland. He said he spoke extemporaneously and regretted it and had no personal ill feeling toward the President, the priest declared he believed Roosevelt should be "supplanted."

Automobile Victim 'About The Same' In Local Hospital

L. Herbert Frances, about 70, was reported "about the same" in Fernald-Laughton Memorial Hospital today where he is confined with a broken left leg sustained after being struck by Jesse Lecky's automobile Wednesday night. Dr. C. M. Mitchell, attending physician, said the leg was the only seriously injured part of Mr. Frances' body, although he received superficial wounds. Meanwhile, Chief of Police Williams is continuing an investigation into the mishap which occurred at the intersection of Third Street and Palmetto Avenue. Young Lodge, son of City Commissioner M. J. Lodge, was said to have been driving about 25 miles per hour when Mr. Frances is alleged to have stepped from between two cars parked at the curb. The police department has made no arrests and it was indicated that any action taken in the case will depend upon the outcome of Mr. Frances' injuries.

Elliot Is Named Committee Chairman

R. W. Elliot of Palatka, today was elected chairman of the fifth congressional district's executive committee which reorganized in Orlando, according to George McKay, Seminole County member who attended.

Ritz Will Present Second Program Of Seminole Amateurs

The second in a series of six amateur night performances will be presented from the stage of the Ritz Theater tonight, according to J. L. Marantette, manager of the playhouse. Following is the program: Evelyn Webster, tap dancer; Horace Walter, balladist; June May, tap dancer; Volie Williams, Jr., tenor; Virginia Smith, acrobatic dancer and the Struck Sisters, harmony singers. Applauders from tonight's audience will select from the six acts one winner who will compete with one winner from each of the five other presentations. Final eliminations will be held Aug. 26 over WDSB in Orlando. The radio audience will vote the winner who probably will be given a chance to appear at some entertainment in Jacksonville. Striver Wagner and his Killarney Tavern Orchestra will provide the music and the band leader himself will act as master of ceremonies. Persons who wish to enter the amateur contest should make their applications to Mr. Marantette at the Ritz Theater or to Mr. Webster at White Park.

Call Is Issued For Beauty Contestants

Seminole County girls who wish to compete for the title of "Miss Sanford" for the month of September will be invited to the Ritz Theater on Aug. 31 are requested to make their applications at the playhouse. The winner of the contest here will appear in a parade of beauty scheduled for Daytona Beach during a Labor Day week celebration. Miss Helen Johnson, recently crowned "Miss Sanford," will appear at the contest and the victor of the contest will be crowned "Miss Sanford" for the month of September. All girls in the county are eligible for competition.

Professor Of Soil Inspects County

Prof. C. C. Bryan, professor of soils at the University of Florida, said Seminole County a visit to inspect results obtained from application of lime to citrus groves. Prof. Bryan was pleased with visible results, according to C. R. Dawson, county farm agent. The University of Florida faculty member makes irregular tours of inspection, Mr. Dawson said.

WILL LEAVE FOR CAMP

Lt. Col. J. C. Hutchison, left, commandant of the Sanford Guard unit, and Capt. Harold Washburn, right, will leave Sunday morning for Camp Foster in Jacksonville where they will encamp for two weeks and undergo regular summer training activities.

National Guard Plans To Leave For Camp Foster

The Sanford unit of the Florida National Guard today was preparing to leave for Camp Foster, Jacksonville, Sunday morning where 185 men and about 10 officers will undergo an annual two-weeks' period of training. A small detachment of the medical corps left here today and other than local men included some of the personnel from Company "K" and the headquarters company of the third battalion of Orlando. Trucks will be used in transporting the local contingent which will be under the command of Lt. W. W. Range of Company "D." He will be accompanied by Lt. Karl Schroeder of the same unit and by Lt. George A. DeCottis and Lt. Wilbur D. Hoffman, both of headquarters company. Lt. Col. Joseph C. Hutchison, Capt. Harold C. Washburn, Capt. Arthur W. Knox and Capt. George W. McRory will travel in private conveyances as will Lt. Col. Robert S. Lytle and Sgt. John Gladis, Regular Army instructor personnel assigned to the camp. The truck convoy will consist of three station wagons, two ambulances, eight trucks for personnel and eight trucks for baggage, camp equipment and material. Approximately 125 enlisted men will enter from this post, in addition to the 10 National Guard officers. Two local reserve officers have been assigned for training with the troops this year. They are Lt. D. U. Scott and Lt. R. L. Robinson, both of whom are attached to the medical unit.

Sanford Citizens Buy \$67,483.25 In 'Baby Bonds'

Sanford citizens have purchased \$67,483.25 in "baby" postal bonds since they went on sale in March, 1935, according to a report released today by Postmaster R. J. Holly. During the period between Mar. 1, 1935 and May 1, 1936, the entire State of Florida bought \$3,387,293.75 worth of the securities. Last April state citizens handed over \$285,987.50 for the bonds. In a treasury department statement received by Mr. Holly, it was announced that the one-half billion dollar mark already has been exceeded. Savings bonds were first made available on Mar. 1, 1935. For the ten months' period from that date to the end of the year purchases amounted to a maturity value of \$29,000,000 or an average daily sale for each business day for the period of approximately \$1,000,000 maturity value. Purchases from Jan. 1, 1936, to July 6, represent a maturity value of \$241,000,000 or an average daily sale of approximately \$1,535,000 for each business day, reflecting an increase of 50 percent in the average daily sales of 1935 over 1936. United States saving bonds may be purchased at all postoffices of first and second classes and at many third class offices and some of the fourth class. They may also be bought through the mail from the treasurer of the United States, Mr. Holly stated. Mail sales have shown a consistent ratio of increase during the last several months, according to the Treasury report. The upward trend of sales is apparently due not to increasing number of new purchasers but to the purchases made by present owners at regular intervals, according to the report.

Judge Sharon Will Address WOW Meet

Judge James G. Sharon will be principal speaker at the district meeting of the Woodmen of the World next Tuesday in Umatilla, lodge members learned at their weekly meeting last night. O. P. Herndon, head of the local organization and president of the district, will be presiding officer. Approximately 50 members from the Sanford unit are planning to attend the session, it was indicated. A musical program was furnished. Wished Woodmen last night by J. E. Fox, chairman of the entertainment committee.

Call Is Issued For Beauty Contestants

Seminole County girls who wish to compete for the title of "Miss Sanford" for the month of September will be invited to the Ritz Theater on Aug. 31 are requested to make their applications at the playhouse. The winner of the contest here will appear in a parade of beauty scheduled for Daytona Beach during a Labor Day week celebration. CITY MAY BUY AIRPORT

TOLSON, July 24.—(AP)—President Hoover today ordered the city of Tolson, Transylvania, to buy the airport.

McMahon Gets Week In Jail; Is Confused

Would-Be Assassin Of English King Wanted To Shoot Self Before Edward

LONDON, July 24.—(AP)—George Andrew McMahon, held Briton who drew a revolver at King Edward's military parade, was remanded to jail for a week after a hearing today on a charge of producing a weapon "with the intent to alarm His Majesty." He told the Court he wanted to call witnesses at a later hearing. Constable Anthony Gordon Dick told how he smashed at the pistol hand of McMahon held in the air just as the King passed. He said he had an "object" in it. Other witnesses identified the object as a revolver. Dick said the object flew through the air as he grabbed McMahon. Other witnesses said the gun either hit the King's horse or fell at its feet. The "woman in grey" previously credited with saving the King by grabbing McMahon, did not appear at the hearing. Attorney-General Sir Donald Somervell said the prisoner claimed "I wanted to shoot myself in front of the King but I lost my head." The attorney-general also quoted McMahon as saying "I wish I had done the job properly, I could easily have shot him," and later as saying "it would have been better if I had shot myself."

Forty Ask Loans To Build Homes Under FHA Plan

Nearly 40 Seminole County citizens have already applied for Federal Housing Administration loans. It was announced today through Henry Watson, local representative of a Jacksonville firm advancing cash for the erection of homes. He pointed out that not all have been approved, since there is considerable work to be done locally before the request for funds is forwarded to headquarters. Mr. Watson said that under ordinary conditions about 70 days is required to get a loan application through. Andrew Carraway was the first Seminole County resident to obtain a federal loan for the construction of a home. Ground was broken last week where the building is to be erected. Funds obtained under this Federal Housing Administration are used entirely for new construction. Loans are available in amounts between \$2,500 and \$10,000. The repayment period may cover 20 years at a five percent interest. In order to obtain a loan, the applicant must produce satisfactory evidence that his salary is sufficient to care for the monthly payments. Also, a passable credit rating certificate must be presented. Plans for the home to be built are submitted to a local representative of the housing administration and either approved or turned down. Another requisite is that the applicant be in possession of 20 percent of the amount of the house and lot will cost at the time of completion.

Ready To Announce Plans For Junior Legion Rifle Team

Final plans for the formation of a rifle team in the Sanford Sons of the Legion will be made tonight at 7:30 o'clock when the organization meets in the Legion Club, according to Percy McChesney, chairman of the American Legion Boys' Work Committee. Legion officials urged that all interested youths and their parents attend the session. W. D. Hofmann is scheduled to outline tentative plans for the team and make arrangements for tournaments in the near future. "The team should be ready for active competition within six weeks," it was announced.

25 Is Sought For Celery Unit Prize

C. T. Bickford, secretary and general manager of the Central Florida Exposition, today asked C. R. Dawson, Seminole County farm agent, to assist in raising \$25 which would be awarded to the Exposition next February to the best celery exhibit. Mr. Bickford, in a letter to the local agent, said an Orlando bank had offered \$25 for the celery display and \$25 for the best citrus display. Chamber of Commerce officials said this afternoon the problem of raising the desired fund here will be laid before the board of directors.

Will Take Drivers' Applications Soon

Applications for 12 bus drivers to operate behelms on school routes in the Sanford area will be accepted until Aug. 5, W. Lawton, county superintendent, said today. The drivers will be employed to handle the 12 new, all-steel buses whose purchases were recently authorized by the county school board following the body's rejection of five private contracts. Rigid physical examinations will be required of all applying for the positions, Mr. Lawton said.

35 Seek Enlistment In CCC Organization

Approximately 35 Seminole County youths have applied for enlistments in the CCC, according to a report released today by Mrs. Jimmie Ridge, social welfare director at the Court House. The next consignment to be drawn from this county will be mustered in about Aug. 1, according to information available here. Persons who wish to enlist with the CCC are advised to make their applications to the welfare office in the basement of the Court House. Three candidates will be initiated into the Sanford Elks Lodge tonight when the organization meets in its clubhouse at 8 P. M. All members are urged to attend. Refreshments are to be served after the ceremonies. G. E. Thurston will preside in the absence of P. F. Demas, exalted ruler, who is out of the city.

SPANISH REVOLUTIONISTS ADVANCE ON MADRID

Sanford Man Writes Of Voyage Through Arctic

W. L. Cooper of Sanford, on a summer voyage to the Scandanavian Peninsula, today writes The Herald of his experiences in Iceland. The letter was written as Mr. Cooper's ship, the Reliance, plowed through the icy Arctic Ocean. It follows: "We were in Iceland yesterday. It is not a great cake of ice with prehistoric mammas, elephants, whales and other things frozen solid that the travelers look at with amazement as the story goes. "Iceland has an area of about 40,000 square miles and has a population of 100,000. They all eat and catch fish. Geologists claim that Iceland was pushed up out of the ocean by volcanic pressure. This may be true, as it is covered with lava rock and there are numerous volcanoes, one active. "The country is very mountainous and rough, no trees. Crops of vegetables are short as the season is short. Considerable coal is mined. There is extensive fishing businesses and great stacks of codfish drying everywhere. "Many houses in the country are built on the side of a hill and after the roof is on they cover it with sod. "Reykjavik is the capital and has a population of 25,000. The legislative body is called the Althing with 43 members. Iceland (Continued on Page Two)

NOMINATED FOR SENATE

DES MOINES, Iowa, July 24.—(AP)—Guy Gillette, Cherokee, representative in Congress from the ninth district, was nominated as the Democratic candidate for United States senator yesterday at the state Democratic convention to fill the vacancy caused by the death of Louis Murphy.

Rebels Wage Bloody Fight Near Madrid

Revolutionists Plan 'Starve Out' Move In Great Effort To Take Capital

4,000 Are Killed At San Sebastian

American Women, Children Reported Safely In Embassy

(By The Associated Press) Spanish Fascists and Loyal Leftists waged a bloody battle today northwest of Madrid for possession of the Capital City. The rebels planned an encircling movement from the north and south to starve Madrid into submission. Similar "starve out" tactics are contemplated at San Sebastian and Irun where fighting also is under way. Insurgents rushed reinforcements to the north. Government radio announced that loyal forces are defending the capital and are in control of one strategic post and were driving the rebels out of another. Col. Villanueva, rebel commander in the north estimated that 4,000 were killed in the fighting around San Sebastian. Fifty-five rebels and an undetermined number of government soldiers were killed in the vicious battle lasting more than two hours at Estacion in Northern Spain. The American state department was advised that two men, attending a mission of relief for the American consulate at Barcelona, had been killed. Neither was a United States citizen. The American embassy in Paris was informed that Ambassador Claude G. Bowers had been killed in a fight between San Sebastian, American and English regulars, arriving at Marseille, France, from Barcelona, said they heard a Spanish general and 47 other rebel officers had been slain by loyalist captors. Lisbon, Portugal heard a provisional government for Spain is being organized at the rebel stronghold of Burgos. American, British, French and German vessels sped to aid their nationals in the revolt-ridden Peninsula. Spanish Communists in San Sebastian were reported to have threatened to kill 500 Spanish aristocrats unless rebel airplanes ceased bombing the town. Diplomatic dispatches received in Paris said the rebels apparently were "on top" in Spain. French Nationalists in Paris charged Leon Blum's Leftist Government with giving orders to French airplanes and munitions plants to make supplies available to the Madrid government. American women and children were reported safe in the embassy at Madrid.
