## Senators Play Here Tomorrow Night; Locals To Invade DeLand On Sunday

Manager Myrl Hoag's Gainesville G-Men invade the Sanford Giants home confines tonight for a contest, and tomorrow night the Giants will play hosts to the Orlando Senators. Sunday the locals move to DeLand for an engagement with the Red Hats in Conrad Park and move to Leesburg on Monday night.

Manager Hal Gruber announced this morning that either John Bakelaar or Charles Spinks will handle the mound duties for tonight's contest and Buddy Lake will face the Senators tomorrow evening.

Last night the St. Augustine Saints clubbed the deliveries of Bob Marshall, Art Dunham and Jim McKenna for ten safeties and a 13 to 2 victory as righthander Hill Goodwin limited the Sanford sluggers to five well scattered singles.

Eight runs in the eighth inning by the Saints used the contest.

Daytona Beach is continuing to pace the Florida State circuit. They trimmed the Gainesville G-men last night by a 10 to 5 margin. Orlando nipped the Leesburg Pirates, 7 to 5. As the result of the Orlando and St. Augustine victories, Sanford is resting in third place in the loop standings.

## Extra Batting Punch Is Needed To Give Tigers Or A's Winner

By JOE REICHLER  
Associated Press Sports Writer

If the Detroit Tigers and Philadelphia Athletics had more batting punch to back up their strong pitching staffs, they and not the New York Yankees and Boston Red Sox probably would be the co-favorites for the American League flag.

There seems little doubt the Tigers and Athletics possess the best mound corps in the junior circuit.

Currently they are leading the parade with three victories and two defeats each. And it takes to Sherlock Holmes to come up with the reason—fine pitching plus clutch hitting.

Take yesterday's games, for example. The Tigers got only six hits off rookie Howard Judson and Ike Pearson, yet defeated the White Sox in Chicago, 3-2. Virgil (Fire) Trucks went the route for Detroit, yielding eight hits. He walked one and allowed one extra base hit.

That made it only 23 hits and seven runs given up by Detroit hurlers in three games, an average of less than eight hits and about two runs per game. Hal Newhouse yielded two runs and eight hits opening day and Dizzy Trout and Stubby Overmire gave up three runs and seven hits Wednesday. The Tigers, meanwhile, accumulated only 27 hits and 12 runs themselves.

Philadelphia's pitchers have been equally effective. Joe Coleman yesterday became the first Athletics hurler to fail to go the distance, but some splendid relief pitching by Bob Savage helped the Marksmen nip the Red Sox in Boston, 5-3. Savage held the slugging Red Sox to one hit in a three-inning chore. He was credited with the victory when the A's scored two runs in the ninth as righthander Sam Leis lost Barney McCosky's fly ball in the sun.

The Red Sox could master only eight safeties off Coleman and Savage for a total of only 19 hits and nine runs in 29 innings. That's an average of six hits and three runs per game.

On the other hand, the Red Sox and Yankee pitchers have been faring badly. The Sox have used seven pitchers in three games and the Yankees six.

The National League race, as predicted, already is showing signs of turning into a free-for-all. With only four playing days gone, every club has been beaten at least once. The St. Louis Cardinals and Philadelphia Phillies, first likings yesterday. The Cards were edged out by the Cincinnati Reds in St. Louis, 4-3, while the Boston Braves walloped the Phils in Philadelphia, 10-4.

In the other National League games the Brooklyn Dodgers defeated the Pittsburgh Pirates, 3-0. The Yankees, St. Louis Browns, Cleveland and Washington were not scheduled.

## COMMENT'S from the SIDELINES

By ARTHUR BECKWITH, JR.  
Herald Sports Editor

**Analyze Decisions**

"It is often very helpful to analyze a play backwards when you are in doubt as to the scoring. Look at it this way: If the fielder had retired the batter, would there have been a great or unusual play? If so do not penalize the fielder with an error because he failed to make a play that would have been a sensational one. A manager's thought on that angle of play will often give you the decision in a flash," says the Manual for Official scorers published by the National Association of Professional Baseball Leagues.

The manual goes on to say, "What a player MIGHT have done does not enter into a case. You can only be guided by what the player DID do."

These are two points which are vividly brought out in the official scorer's handbook, and they are points often overlooked by Mr. Average Baseball Fan.

In making decisions, the manual says, "When in doubt about a hit-error decision, analyze the play. If the fielder had retired his man, would it have been a great play? If so, you would not want to penalize a defense player with an error."

These are things for everyone to keep in mind when attending baseball contests at the local park, or any other park in the country.

## Youngsters Urged To Enter Jaycee Golf Tournament

All young people under 19 years of age are urged to enter the First Annual Seminole County Junior Chamber of Commerce Golf Tournament, which will open tomorrow at the Seminole Country Club under the direction of Clyde Terwillegar, club pro.

R. F. Ganas, sports committee chairman, has been in charge of making arrangements for the tournament, and has expressed satisfaction with the co-operation received at the Seminole Country Club and with the young people, who are eligible to enter the tourney.

Two trophies will be given in the affair. The winner and the runner up will each receive the awards, Ganas declared today.

"We are attempting to increase interest in golf among the youngsters of Sanford and Seminole County and feel that this is one of the best ways in which it can be done," Ganas added.

## Nashville, Mobile Meet Tonight To Set League Lead

By ASSOCIATED PRESS

The Nashville Vols, the preseason favorites, and Mobile, the defending champion, meet tonight in a battle for the Southern Association lead.

The Vols, winner of four straight from the Chattanooga Lookouts, after dropping the season's opener, went into first place yesterday by leading the Lookouts, 7-1. Mobile and Memphis each lost.

The Vols and the Lookouts played only seven innings to enable the former to catch a train for Mobile. Memphis dropped a 2-0 game to Little Rock, and New Orleans gave the Mobile Bears a 6-0 lead and then beat them, 10-7, in ten innings.

In the other game, Atlanta gained an even break with Birmingham in six meetings by taking the finale, 7-5, although out-hit, 13 to seven. The triumph for New Orleans and Little Rock gave them each two victories in six games with their respective opponents.

New Orleans and Memphis are tied tonight, but Chattanooga plays at Atlanta in a one-game stand, and Little Rock plays at Birmingham.

Mike Johnson, making his first start for Little Rock, held Memphis to four hits as his mates got six off Chuck Eisenmann. Bob Davis tripled and scored on an error in the second inning for the merits of victory.

Charlie Gilbert, the Nashville Giants' pitcher, hit any more home runs at Chattanooga, but had two doubles in three official trips

Clyde Terwillegar, club pro at the Seminole Country Club, announced today that he has been named pro at the Lenoir, N. C. Golf and Country Club, and will report to his new position on May 1. "I hate to leave Sanford and my many good friends here, but this is an opportunity for advancement, and I feel that I must accept it," Terwillegar declared today.

He had hit seven roundtrips off Lookout hurlers in the first four games. Lee Holloman, a rookie, held the Lookouts to three hits, all singles. The loss dropped Chattanooga into the cellar.

Atlanta was leading the Barons, 6-0, going into the last of the seventh when the home team called for two runs. Then in the eighth, after the Crackers had made it 7-2, Ralph Atkins, Barons firstbaseman, hit his third home run of the season with two on. That ended the scoring.

Mobile appeared headed for certain victory with a 6-0 lead going into the eighth, but New Orleans rallied for two runs. Then in the ninth, the Pelts broke loose for five runs to take a 7-6 lead and drive Pete Wojey from the mound. The Bears used three hurlers in relief roles with Dale Mathewson being charged the loss when the Pelts counted three times in the tenth inning.

**AUBURN TRIMS GATORS**  
AUBURN, Ala., Apr. 23. (AP)—The Auburn Tigers completed a sweep of the two-game series with the Florida Gators yesterday with a 9-5 victory. Auburn took the opener, 13-1, Wednesday.

## Terwillegar Is To Report On May 1; Tourneys Underway Will Be Completed

Clyde Terwillegar, golf pro at the Seminole Country Club for the past two years, announced this morning that he has been named pro at the Lenoir, N. C. Golf and Country Club of Lenoir, N. C. Acceptance of the position will be an advancement in his golf career, he added.

"I sincerely will miss the wonderful Sanford people, because they have been so cooperative in building golf interest. The Sanford Women's Golf Association, which we formed this year, resulted in a peak of 60 members."

"The number of men golfers and teenage players has increased beyond expectation. This would only have been done through fine cooperation and enthusiasm for the tournaments," Terwillegar said. "Our club membership for the men and women this year were the largest ever to be held at the Sanford club," he declared.

During his stay in Sanford, Terwillegar gave free golf instruction at the Seminole High School and had an enrollment of 125 students. A junior tournament has always been a feature of the Sanford club, and this year such a tournament will begin with the Jaycees presenting two trophies. Miss Dot Powell and Andrew Caraway are giving trophies for tournaments which are now under way.

Some of the largest professional amateur tournaments ever held at the local club were held in Sanford this year, the pro added, and many inter-city meets were staged. These extra activities were able to display the golf course to many out of town golfers and therefore build up the course play.

Terwillegar will report for his new job in Lenoir on May 1.

## Sam Gardner Wins Skeet Shoot Honors

Sam Gardner scored 66 of a possible 75 points to win top honors at the Sanford Skeet Club shoot at the Municipal Airport here yesterday.

Gardner was closely followed by Andrew Caraway, who posted 65.

The following scores were recorded:

Sam Gardner 66 x 75  
Andrew Caraway 65 x 75  
C. K. Ellis 64 x 75  
Frank Woodruff, Jr. 62 x 75  
Roy Williams 61 x 75  
Mrs. Frank Woodruff, Jr. 61 x 75

Yesterday, The Blue Grass Stakes, a mile-and-one-eighth test for the Derby, was practically over after about 60 yards.

## Annual School Is Wanted By Florida Coaches Association

MIAMI Apr. 23. (AP)—The Florida State Coaches Association wants an annual summer coaching school, sponsored jointly by the coaches and the State High School Athletic Association.

Coaches voted at their convention here yesterday to ask the Universities of Florida and Miami to aid in establishing the school. No site was chosen.

A code of ethics was adopted and a proposal that any legislation passed or rejected by members of the Florida High School Athletic Association be tabled for three years was adopted.

In another meeting, big 10 schools clarified football schedules. Basketball coaches agreed that 12 cage games must be played with conference foes for a team to be eligible for the championship.

The conference golf, swimming and tennis tournaments will be held at St. Petersburg on the weekend of May 15, and the baseball tournament at Jacksonville

## Forrestal Says 66-Group Air Force Is Best

### Secretary Decides Against 70-Group Plan If Military Spending Is Limited

WASHINGTON, Apr. 26.—(AP)—Secretary Forrestal today said that the defense program is left "solely to the military, they'll fortify their troops."  
He said there are other things, such as the threat of inflation, which have to be considered when making America's armament spending program.

WASHINGTON, Apr. 26. (AP)—Secretary Forrestal said today a 66-group Air Force would give the United States "the best military results it our budget is to be limited." He added he has decided military spending should be limited.

The Secretary of Defense testified to a Senate Appropriations Subcommittee in a new round of congressional hearings on the 66 vs. 70 group Air Force controversy.

Forrestal said that "as a military matter" both he and the joint chiefs of staff would support a 70-group force, but that factors other than military also must be considered.

He went on:  
"After taking into account all considerations—fiscal, economic and all others, as well as military—I have reached the conclusion that an over program for the service."

## "Fire Bugs" Blamed For Setting Fires

"Fire bugs" were blamed this morning by Fire Chief M. N. Cleveland for setting fire "at both ends" to the paintless leaf screen which had been erected by the City to shelter shuffle board players in Fort Mallon Park from chill winds off the lake. The blaze, first reported at 1:00 A. M. Sunday, was put out before damage was done to the nearby wooden shelter.  
Chief Cleveland and all of his force are at different times attending the State Fire Chief and Firemen's Convention at Daytona Beach, he reported this morning.  
The fire force includes: Lieut. J. W. Horner, Lieut. R. Crow, R. E. White, G. M. Harriett, C. M. Whitten, J. T. Bennett, C. F. Godwin, J. S. Lee, C. L. Keller, D. W. Swoley and B. H. Gilles.

They were born at 315 S. M. St. Providence Hospital.

## Pepper Seeks Senatorial Agricultural Group's OK For Florida Projects

WASHINGTON, Apr. 26. (AP)—Senator Pepper (D-Fla) requested the Senate Agricultural Appropriations Subcommittee today to approve \$255,000 for Florida projects.  
In addition, he asked that \$15,000,000 be added to the \$60,000,000 approved by the House for making emergency seed and feed loans. He also recommended a series of additional increases in the House-approved appropriations and requested several new items be voted by the Senate, including \$219,000 for sweet potato weevil control.

Florida projects which Pepper recommended to the subcommittee follow:  
A Florida livestock market news service, \$5,000; eradication of wild cotton in Florida, \$173,000; investigation of malarial malarial in the Dutch East Indies, with a view to establishment of natural rubber farms in Florida, \$25,000; for upkeep of Ocala National Forest, \$12,600; for research in glandular fungi, \$20,000; for Quincy, Fla., tobacco research laboratory, \$20,000.

## Firm Policy On Russia Is Urged By Charles Layng

### Soviets Understand Force Only, Rotary Club Is Informed

The need for a firm policy on the part of the United States toward Soviet Russia, backed by a strong Army and Air Force, was today stressed by Charles Layng, who was introduced at the Rotary luncheon today as having served in the United States military intelligence service during both World Wars. The only argument the Russians can understand, he said, is force.

Declaring that the recent election in Italy is the first check which Soviet Russia has ever received, Mr. Layng said that the Communists there will nevertheless continue their fight, not only in Italy, but also in France and the rest of the world.  
"If there were anyway we could do in Russia what we did in Italy," he said, "there would be a revolution."

## Sanford Author, Hazel Higgins Gobay, Pens Novel, "Georgia Clay"

By WILLARD CONNOLLY  
Another Sanford author Hazel Higgins Gobay looms brightly on the literary horizon with the publication of "Georgia Clay," a tale of simple, hard-working people in a Georgia rural environment.

The daughter of the late T. R. Higgins, well known newspaperman of Sanford, Pittsburg and Detroit, Miss Gobay first attracted her father's attention by winning the first prize in a short story contest. She later did newspaper and advertising work on the Sanford Signal, which was operated for a time by her father.  
Sidney H. Gobay, her husband, is a salesman, and for eight years he has traveled with her throughout the South. Their pleasant little home was in the Mayfair section of Sanford. The tinshays purchased and developed a 1,000 acre ranch in Georgia, and Mrs. Gobay on return to Sanford, often told her father interesting anecdotes of their experiences there, and on occasions induced her father to visit the ranch. The Gobays now live in Jacksonville.

Becoming enthusiastic over the possibilities of a novel resulting from the Georgia setting, and thwarted in his own fiction writing ambitions by the limitations on a newspaper man's time, plus waning health, Mr. Higgins induced his daughter to write the novel. He later formed his critical attention on the novel's reading and made many valuable suggestions and corrections toward making the story in finished form.  
For readers who like to hurry through a novel, the story will have but little appeal; but for

## Labor Group Has Rally For Candidates

### Office-Seekers Are Given All The Time They Want To Air Views On Politics

For the first time in the present political campaign, candidates for county and state offices were given all the time they wanted to speak when they addressed a group at a rally at the Municipal Park Saturday afternoon and evening sponsored by the United Labor Political Committee. As a result, it was nighttime, and the lights of the diamond were on when the last speaker finished at about 8:00 o'clock.

The rally was efficiently planned by the labor committee, including a parade at 2:00 P. M. in which candidates in their automobiles followed the Seminole High School Band and the horsemen of the Dusty Boots Riding Association.

The parade drew a large crowd in the downtown section, and with the high stepping majorettes of the band leading, started and ended opposite the Tourist Center after a loop that included Sanford Avenue, Fifth Street, Park Avenue, and a turn to the left at the block east on First Street. B. E. Black led the band.

## King And Queen Of England Celebrate 25th Anniversary

LONDON, Apr. 26.—(AP)—King George VI and Queen Elizabeth, whose domestic life has endeared them to home-loving Britons, celebrated their 25th wedding anniversary today amid empire-wide rejoicing.

From early morning thousands streamed into the capital to watch the royal family drive in state from Buckingham Palace to St. Paul's Cathedral for a national service of thanksgiving.  
Flags of virtually all nations decked the "silver bridal path" where thousands waited to cheer their rulers. Many arrived early to get good observation points, but few camped out all night as they did for the Princess's wedding.

The palace was a bustle of activity. First to congratulate the monarchs were Elizabeth and Philip.  
Two 41-gun salutes signaled the start of the procession. People perched in trees and filled every window and balcony for a glimpse of the royal couple. Newsboys hawked programs among the crowd.

## 1 Killed, 10 Safe In Navy Plane Accident

NEW ORLEANS, Apr. 26.—(AP)—A Navy plane carrying ten men alighted to a landing last night after the co-pilot had been killed when the PBY bomber hit a group of trees near the runway at Molokai International airport.

Grave Diggers Strike  
PITTSBURGH, Apr. 26.—(AP)—Bodies are being temporarily placed in a receiving vault during a week-old strike of A.P.A. grave-diggers at Allegheny cemetery. The grave-diggers are demanding a wage increase, including a \$1-an-hour minimum for laborers. Cemetery officials were today with representatives of the grave-diggers today.

## Oleo Forces Win Against Butter Bloc

### Action Makes Virtual Certainty Of Legis- lation To Repeal Federal Oleo Tax

WASHINGTON, Apr. 26. (AP)—The oleo forces won a test against the butter bloc in the House today. That makes it virtually certain the House will pass legislation to end all federal taxes on oleomargarine.

The test came when the House voted to discharge its Agriculture Committee from further consideration of oleo tax repealer bills, and to plump the issue directly on the floor immediately for a showdown.

The Agriculture Committee has been pigeon-holing the repeal legislation.  
Before the first test came, Chairman Hope (R-Kan.) of the Agriculture Committee and Rep. Reed (R-N.Y.) told the House the fight to remove the oleo taxes is backed by a powerful lobby.  
Rep. Ellsworth Buck (R-N.Y.) replied that "the daily lobby tricked Congress" 62 years ago when the tax was put on oleomargarine.

## Tomato Shipments Reach High Volume In State Markets

JACKSONVILLE, Apr. 26.—(Special)—Tomato shipments reached heavy volume at several Florida production centers during the last week, with Fort Pierce reporting handling 40,000 crates, and Wauchula moving 8,024 in a single day according to reports available at the weekend in Jacksonville office of Florida State Markets. Other lines of produce added substantially to the over-all volume under the influence of favorable weather and other receding with the advancing season.

Carlot shipments of eggplant continued during the week from the Gulf Coast and inland areas served by the Fort Myers State Farmers' Market. Manager W. F. Nehring reported quality is good and shipments may continue for another month. Some pepper and cucumbers are also being shipped. "Corn seems to be on the way to becoming one of the major crops another season," said the Fort Myers market manager. "One firm here shipped six cars this week, netting the grower \$4 per six dozen box." Cantaloupes have been grown in a limited way in the Fort Myers area this season, and appeared on the New York market during the last week.

## SHIP GROUND

NEW YORK, Apr. 26.—(AP)—The 7,000-ton Liberty ship Charles Tufts, lost in a fog, crashed through a breakwater in Coney Island yesterday and was grounded with its nose on the beach for 12 hours.  
The impact broke dishes and shook mirrors and pictures in nearby houses.  
There was great excitement in the sea gate section of Coney Island when the freighter, inbound from France without cargo, ploughed through the big rocks of the breakwater. No injuries were reported.

## Nation's Fuel Requirements Will Create Increased Need For Coal

CINCINNATI, Apr. 26.—(AP)—The nation's fuel requirements in the coming decade will cause a rapid increase in the need for coal, Dr. John H. Yellott, told the opening session of the American Mining Congress' coal convention today.

Dr. Yellott, director of research for the locomotive development committee, Baltimore, Md., said the balance between supply and demand for coal, oil, and gas no longer exist, and predicted the consumption of petroleum would rise to more than 7,000,000 barrels daily by 1930.

He said three factors make major increases in our fuel requirements inevitable. They were: The deficiency of fluid fuels, the export of more than 3,000,000 tons of U. S. coal to meet Marshall Plan requirements in the next 12 months, and the interchangability from a chemical point of view of oil, oil and gas.

## Senator Hints At Army Incentives For Volunteers

WASHINGTON, Apr. 26. (AP)—Senator Wherry (R-Neb.) hinted today that Congress may try to solve the military manpower problem by voting "incentives" to volunteers—plus draft authority if the volunteers don't show up.

On the same platform—at the opening session of the United States Chamber of Commerce annual meeting—James A. Farley declared he has "no intention of playing a return engagement in politics."

## Duration Of Return Not Assured Due To Pension Fight

By Associated Press  
The United Mine workers were back on a full production basis in the nation's soft coal pits today, but nobody knew how long they would stay at their jobs.  
John L. Lewis' \$100-a-month pension plan, issue in the walkout which began Mar. 15, was not in the bag. Operators were seeking to have it voided in federal court.

## FISHERMAN RESCUE

KANSAS CITY, Apr. 26.—(AP)—A fisherman rescued an unconscious 16-year-old youth from 30 feet of water by snagging him with a hook and line on a bamboo pole.  
The youth, John C. Moses, fell 20 feet from a rock ledge into Indian Creek while fishing yesterday. Nearby was Elvin A. Holker, 42.  
Holker carefully dropped the fishing hook and line and caught Moses' clothing just back of the neck. Then he towed the youth downstream about 40 feet where he and other fishermen could reach him.  
Holker applied artificial respiration and revived Moses.

## 46 To 0 Ballot Came After Approval Of French-Swedish Re- quest Of Protection

JERUSALEM, Apr. 26.—(AP)—Jews and Arabs hastily despoiled their forces today in apparent preparation for a major battle for Jerusalem.  
The two sides mobilized on the southern edge of the city within 200 yards of each other. Their objective was the strategic Al-Masnun camp which the British are evacuating.

LAKE SUCCESS, Apr. 26.—(AP)—Frank E. was reported ready today to ask for creation of a volunteer elite police force to protect the menaced Holy City of Jerusalem.  
The French suggested the force might include, for example, 100 New York City policemen as volunteers.

LAKE SUCCESS, Apr. 26. (AP)—The United Nations assembly today moved for immediate action to protect Jerusalem. The action was taken by 46 to 0 ballot in an emergency sitting of the assembly in plenary session.  
The assembly proper was in session only five minutes. It approved a French-Swedish request calling on the trusteeship council to devise immediate plans to safeguard the Holy City and its inhabitants.

The same 58 delegates sat as the plenary assembly just after the political committee had accepted the plan, 44 to 3, Russia, the Soviet Ukraine and White Russia voted in opposition in committee on the grounds that the assembly (Continued on Page Five)

## Dr. MacGowan Will Deliver Address At Men's Club Dinner

In a meeting open to the public Dr. Robert MacGowan, eminent author, educator and lecturer, will speak at the First Presbyterian Church tomorrow night at 8:00 o'clock on the topic "The Central Problem of Civilization." The speaker is being brought here by the Presbyterian Men's club as a feature of their regular monthly meetings.

The Men's Club will meet at 7:00 o'clock for supper and in a recessed session will re-convene in the auditorium of the church for the address of the evening.  
Dr. MacGowan is a professor at Florida State College at Lakeland. Although he was born in Scotland, Dr. MacGowan has done much of his life's work in this country. He has served as lyceum speaker, has made numerous addresses before the State University and six seasons appeared on Chautauqua platforms throughout the United States.

## New Sewing Machine Business Opens Here

Another new business for Sanford was announced today when H. W. Bazemore revealed that the Sewing Machine Shop will be opened tomorrow at 407 West First Street. Mr. Bazemore recently came to this city from Daytona Beach where he has worked for Weather Sewing Machine Exchange ever since his separation from the armed services three years ago.  
The new concern will sell the new domestic sewing machine, and also rebuild machines and sewing supplies. It will also operate a repair department. Terms may be secured on new machines for which one year free service is provided.

## Osteen Postmistress Dies At Hospital

Mrs. Frances Marshall, postmistress at Osteen, died this morning at 11:00 o'clock. She was taken ill a week ago, and has been in Fernald-Laughton Memorial Hospital since that time. She was 50 years of age.  
R. C. Carroll, merchant at Osteen, was taken suddenly ill Sunday morning and was rushed to the hospital. He is reported to be resting comfortably this morning.

## SPPELLMAN IN SYDNEY

SYDNEY, Australia, Apr. 26. (AP)—Francis Cardinal Spellman of New York arrived tonight to attend Catholic anniversary celebrations in Melbourne.  
Thirteen prominent churchmen accompanied him. These included Archbishop Gerald T. Bergan of Omaha; Msgr. Fulton J. Sheen of Washington; and Bishop James E. Walsh, superior of the Foreign Mission Society of America. They traveled in a chartered plane.

SAMPLE PRIMARY ELECTION BALLOT DEMOCRATIC PARTY Tuesday, May 4, 1948 SEMINOLE COUNTY PRECINCT NUMBER

### Dan McCarty Ends Second Swing Of State Campaigning

FORT PIERCE Apr. 26 (Special)—Dan McCarty will complete his second swing of the state this week in his quest for the democratic nomination for governor.

The Fort Pierce citrus grower and cattleman begins the week Monday with a swing up the East coast from Fort Pierce, through Indian River, Brevard and Volusia counties. He will end the day with an 8 P. M. speech in Daytona Beach.

Tuesday, he will drop down the coast for a summation of the campaign to a hometown rally before going into Martin and Palm Beach counties. He will conclude the day at West Palm Beach.

McCarty will speak Wednesday night at 8 P. M. in Orlando after a day of campaigning in Osceola, Seminole and Orange counties.

Thursday's schedule includes a speech in Dade City before going into Hillsborough county for more speaking and visiting. He will speak in Tampa at 8 P. M.

Friday, the World War II veteran will spend the day in Pinellas and western Pasco counties. His night address will be made in St. Petersburg at 8 P. M.

Saturday, after a tour of Polk county, he will go to Miami for a main in Dade county over the weekend and will conclude his first primary campaign in Miami Monday night.

### Richard Ervin Makes Whirlwind State Tour

TALLAHASSEE Apr. 26 (Special)—Attorney General candidate, Richard W. Ervin, is conducting a whirlwind speaking campaign during the few remaining days before the first primary. During the past week Ervin, campaigned and spoke in eight central and northeast Florida counties, speaking on an average of six times a day.

Ervin told his listeners, "I believe that cooperation among public officials and with the public is of paramount importance, and that if Florida is to continue to grow and prosper, our cabinet officers must make cooperation with each other a primary objective."

The candidate for Attorney General spoke and campaigned in Polk, Osceola, Orange, Lake, Seminole, Volusia, Putnam and Duval Counties during the past week.

Ervin stated that, in view of the endorsement given to him by the newspapers of Florida—including the Miami Herald, St. Petersburg Times and the Orlando Sentinel, there is a strong possibility of his winning in the first primary.

### Rose Show Will Be Held In Thomasville

THOMASVILLE, Ga., Apr. 26.—The Thomasville Rose Show, an event of Friday of this week, will be the magnet that will draw thousands of visitors from all over the Southeast.

The Rose Show will be the 27th annual event, and the show this year will excel any previous undertaking, both as to size and in localities of displays.

The large gymnasium building at Finney Veterans Hospital will be the scene of this exhibit. The building, itself an attractive structure, situated in a beautiful setting will add to the splendor of the way out.

### President Miller Is Made Trustee Of IIE

GAINESVILLE, Apr. 26.—(Special)—President J. Hillis Miller of the University of Florida has been elected a trustee of the Institute of International Education, according to an announcement from New York headquarters of the institute.

President Miller joins outstanding educators and men prominent in international affairs on the policy making and administrative board of the institute, which fosters educational and cultural activities on an international level.

The pioneer in the field of international educational relations, the institute was founded in 1919 and has since sponsored thousands of exchange students between the United States and Europe. It also offers advice and counsel here and abroad to students and educators, sponsors in international lecture bureau; publishes handbooks for students studying in foreign countries and arranges for exchange assignments for teachers.

### ROBENT CONTROL

GAINESVILLE, Apr. 26.—(Special)—Urban areas as well as rural are launching rat control campaigns to help reduce food losses and safeguard health, according to V. L. Johnson, rodent control specialist with the U. S. Fish and Wildlife Service assigned to the Florida extension service.

He has recently assisted in getting rat control inspectors to carry on permanent rodent control appointed in the sanitary departments of Panama City, Tallahassee, Lakeland, Fort Myers, Orlando, Palatka, St. Augustine and West Palm Beach. He says Jacksonville, Miami and Sanford already had such a setup and public health departments in Sarasota, St. Petersburg and Clearwater are conducting similar campaigns.

The rodent show, it is easily accessible from Thomasville, being only a couple of miles from the heart of the city, with paved roads all the way out.

### Florida State News In Brief

#### BABY POISONED

OCALA, Apr. 26.—(Special)—Sheriff Edward Porter reported this morning that Melario Ann Chauncey, 11 months daughter of Mr. and Mrs. Ernest Chauncey, died in the hospital Saturday night about 9 o'clock, after chewing a small paper cup containing crystals of "1080" highly lethal poison which had been placed in the Chauncey home to kill rats.

The baby was given the cup sometime during the forenoon of Saturday by her four-year-old sister, who had found it in the home, Porter said. There is no antidote for the "1080" poison, Sheriff Porter said he had been informed by a physician.

#### PRISONER STRIKE

JACKSONVILLE, Apr. 26.—(Special)—Reports of a "sit down strike" by convicts at State Road Camp 19 near Blounton today and that tear gas had been sent there brought comment from the camp that "nothing of consequence" had happened.

The captain of the camp was unavailable for comment but another official who would not be quoted by name said "I can tell you only this: nothing of consequence has happened. It was nothing serious." This indicated that whatever had occurred was over.

Reports from Ocala said a State Highway patrolman had been sent to Blounton with tear gas.

#### CONTEMPT HAIL

TALLAHASSEE, Apr. 26.—(Special)—The Supreme Court today ruled Mrs. Leah Adler Benemovsky is entitled to bail for release from jail at Miami pending an appeal of a 90-day contempt of court sentence imposed after she refused to say whether she is a Communist.

The court left the amount and conditions of bond up to the Dade county circuit court.

#### FIGHTER SHOOT

TAMPA, Apr. 26.—(Special)—Fifteen fighter pilots—crews of the Air Force—fired their first competitive rounds over the Gulf today to determine who's the best in the nation.

The pilots—all veterans—fired at targets towed by planes over conditions of bond up to the Dade county circuit court.

MONDAY, APR. 26, 1948

BIBLE VERSE TODAY

THAT IS THE MARK OF DISTINCTION BETWEEN CIVILIZED AND BARBAROUS PEOPLE. Be civilized.—Eph. 4:32: Be ye kind to one another.

And then there was the fellow who thought that the "freedom of the press" meant that you weren't suppose to pay for it.

Incidentally, it is interesting to note that that "old reactionary" Senator Taft of Ohio is one of the chief sponsors of the housing bill which undertakes to provide everyone in the United States with a first class bungalow.

How does it feel to be stuck for three hours in the mud 30 feet below the surface of New York Bay? We don't know. But we'll bet Democratic and Republican politics, civil rights, the horrors of atomic warfare seem of relatively trivial importance for the time being at least.

Co-operation, like courtesy, is a two-way street. It is hard to be courteous to people who are discourteous to you. And it is hard to co-operate with people who expect you to do all the co-operating. Be sure when you seek co-operation you are doing your part, that you are not asking the impossible.

New York's City Councilman Michael J. Quill has resigned from the American Labor Party which elected him to office, saying, "I have good reason to believe that as it stands today, the American Labor Party is the prisoner of the crackpot." Huh! That's just what we've been saying all the time.

Uncle Sam has now gone into the cookbook business. Despite the newsprint shortage, the government is now busily engaged in printing one million new government cookbooks that will be offered free to every family in the United States in order to show them how to conserve food and to encourage them to substitute "potatoburgers for T-bones." We hope someone reads one of them.

From Homer Hardesty of Daytona Beach comes a letter on his candidacy for delegate to the Democratic National Convention. He is for Henry Kaiser, assuming General Eisenhower will not run. However, he also says he wants the Democratic platform to advocate extending common citizenship to the Democratic peoples of the world, and appeasement of Russia. "The United States of America," he says, "is in no position to dicker with the armed might of the USSR."

We didn't give Dan McCarty credit in this column Thursday night for as much newspaper support as he really has. There are now seven daily newspapers in Florida supporting him instead of six. But, of course, more and more are coming out for him every day and so it is hard to keep up with all of them. Having newspaper support doesn't necessarily win an election, but it helps. The newspapermen are in a pretty good position to judge the character and quality of the various candidates.

We are glad to see that we have the support of some of the college professors in our opposition to Senator Pepper's 75-cent minimum wage proposal, something we do not often have on political and economic controversies. Dr. Paul H. Nystrom, professor of marketing at Columbia University, says the minimum wage law is an important contributing factor to the present inflation and an increase in the basic wage law at this time would make it a major factor. Inflation, and by that we mean, continuously rising prices - is not something which benefits those who are forced to live in the minimum wage groups.

Necessary Escape

There is too much glib talk about the tendency to "escape reality". Psychologists and psychiatrists like to lay troubles and abnormalities at the door of "escapism". They say the alcoholic drinks because he cannot face issues. The ill-mated wife takes worries out in irascibility toward her children; the weakling compensates himself by bragging; the coward bullies someone weaker than himself; the idle middle-aged woman offsets boredom with bridge. The list is endless.

It might be said that everything is an escape from something else. A concert, a play or a motion picture transports its audience from work-a-day responsibilities to other worlds. Travel brings new vistas against which to measure familiar settings. A novel or detective story frees the mind for the time being. Religion, whether in casual church attendance or in a high form of mystic devotion, takes participants out of their everyday routine, gives them a lift.

Everybody needs to escape now and then, needs change, needs recreation. Escape isn't all bad. It's a matter of proportion. All work and no play makes Jack a dull boy. It's only when there is a tendency to make life all play and no work, all getting and no giving, all fun and no responsibility, that the escape becomes dangerous.

Who Won The War?

World War II, despite its length and the number of men involved, was not the bloodiest war in our history. That distinction, according to the Bulletin of the Army Medical Department, belongs to the Civil War. From 1861 to 1865 Northern and Southern armies combined had 620,000 deaths. The second world war had 375,000.

One reason for the reduction in increased medical efficiency. In the Civil War 71 men out of every 1,000 died of disease each year. Had the same rate prevailed in World War II, the loss from disease would have been 1,600,000. Actually it was only 13,700.

A sign of better medical care is the fact that in World War II 13 men died in battle to one who perished of disease. In that incompetently managed struggle, the Spanish War, the ratio was exactly reversed, 13 men dying of disease to one who lost his life in battle.

Had the rates of loss of the Civil and Spanish Wars prevailed in World War II, it would have proved almost impossible to carry on the war. So, if anyone asks, "Who won the war?", the answer might be, "The doctors".

Prescription For Leadership

The ideal leader has vision without being a visionary, He can listen reflectively, He can think creatively, He can talk inspiringly, He can work cooperatively, He is courteous without being vacillating, He is courageous without being dominating, He knows how to delegate duties without avoiding his own.

He always shares recognition and rewards with others, He has enthusiastic co-workers rather than sheeplike followers, He knows the shortest path, but will take the longer way if he can attain the same objective with less friction, He knows how to compromise in nonessentials without sacrificing fundamentals.

No one man can achieve all these desirable qualities, but these ideals are a daily challenge to every leader of men who hopes to leave the world better than he found it. —Harold C. Keesinger, Potarian.

Selection Of Delegates

The question is being asked, here and there, "how will we be able to tell who to vote for as delegates to the democratic national convention in the May 4th primary."

The question can be answered only in part. Under the revised primary law candidates for delegate can be labeled on the ballot so that voters can see who they stand for. Here's how it will work this time:

Candidates for delegate who are opposed to the nomination of President Truman at the Philadelphia convention have filed as a group and will be segregated on the ballot from the other candidates.

Because the amended primary law provides that they must name some person that they favor for the presidential nomination, these delegate candidates have pledged themselves to support Gov. Fielding Wright of Mississippi, who has been prominently identified with the anti-Truman movement in the south. It should be noted that these candidates will be listed as supporters of Gov. Wright merely to comply with the law, as they are pledged to support any other candidate acceptable to the

South. Florida will have 20 votes in the convention. They will be cast as follows: eight by delegates from the state at large and 12 by a man and woman from each of the six congressional districts. There are to be 16 delegates elected from the state at large, eight men and eight women, each with half a vote. For these 16 positions there are 78 candidates and with the exception of the "Wright group" most of them are running "uninstructed." They will appear on the ballot in alphabetical order. The "uninstructed" group of candidates for delegate will appear ahead of the group pledged to Wright on the ballot.

It all adds up to this: Candidates for delegate, pledged to oppose the Truman civil rights program, will appear in a group separate from the uninstructed delegates, some few of whom are for Mr. Truman, and some believed to be friends of Senator Claude Pepper, who is expected to have a voice in the deliberations at Philadelphia.

It will be comparatively easy to vote for the anti-Truman slate of candidates; it won't be so easy to pick the others out on the ticket.

Twenty Years Ago Today

One of the largest and most spectacular affairs given in the city in some time was the play "The Seasons in Fairyland", presented Friday evening at the Junior High School by the pupils of the East Side Primary School under the direction of Mrs. J. C. Mitchell, Mrs. Marion St. John, Miss Cleo Thayer, and Miss Anna Belle Dyson.

Those taking part in the play were: Miss Betty Thurmond, Miss Rhoda Walker, Sam Crook, Billy Zachary, and Frank Woodruff III. This play was attended by a capacity audience and many requests have been made for the directors to repeat the play to enable those who could not be accommodated Friday night.

Mrs. Harvey Woodcock of Glennville, Ga. is visiting in Sanford as the guest of Mr. and Mrs. J. L. Zorn.

Mrs. Mary Higgins is visiting her daughter Mrs. Lucius B. McLeod in Tampa for several weeks.

Mrs. W. L. Hughey, Miss Esther Hughey and Miss Frances Hughey have returned from Daytona Beach where the latter has been attending the Rebecca Assembly as a delegate from the Seminole Rebecca Lodge No. 43.

Mrs. T. C. Butler of Chicago, Ill., is visiting here as the guest of her niece, Mrs. Collier Brown.

Mrs. S. Robbins left Tuesday for St. Petersburg where she will spend a week as the guest of her sisters Mrs. V. H. Pace and Mrs. R. B. Traser.

Help Yourself To Health

By W. V. Hitting Touchton Drug Co.

There are many ways in which you can help yourself to good health. Just a little daily care added together over the years will help keep you well and strong. . . . like getting plenty of rest and relaxation, eating the proper food, and knowing your limitations when it comes to work and exercise.

Of course you will require regular physical examinations by your doctor to determine what amount of each of these factors will benefit you; and to keep your health program modified to the changes which will occur in your body as you advance in age.

When medicine is necessary, have your doctor's prescription filled with fresh, potent drugs by a worthy pharmacist.

Your County Judge

Speech delivered by Karlyle Housholder, your candidate for County Judge, Station WTRR last Thursday evening.

HOWDY, FOLKS! This is Karlyle Housholder, your candidate for County Judge. Last week I announced I was to speak on the County Court, but on account of my program crossing the baseball game time, I changed over until tonight.

You have been hearing much of late about the County Judge and the County Court, but only on the surface, so I am going to try and give you a few facts about how this branch of the duties of a County Judge should be handled and just what the Court represents.

The County Court is a Court provided for by the Florida Constitution and created by the Legislature. Our County Court was created by the legislature of the year 1923. The County Judge under the law, automatically becomes the Judge of the County Court. The County Judge receives pay for being Judge of the County Court, under the 1923 law, at the rate of a \$600.00 salary for the year, and \$3.00 for each criminal and civil case placed on the docket.

I understand that the County has grown in population so as to fall within a law that allows a Judge \$1200.00 a year salary and that the Judge of the County Court has now claimed the higher salary under that law, and also some docket fees. The Judge is now using the County in that matter to secure a court determination so I don't know just what the final pay will be.

This Court has civil jurisdiction (damages and property rights) in all cases in which the amount involved does not exceed \$800.00. The criminal jurisdiction of the Court includes the violation of all laws the penalty for which is less than confinement in the State prison; all such violations are called the small crimes or misdemeanors. The difference between a misdemeanor and a felony is that the felony is punishable by imprisonment in the State penitentiary and must be tried in the Circuit Court.

Now, just a birdseye view of the activities of the Court and I will use the past year as an example. In 1947 there were 29 civil cases filed, 28 of these were disposed of either by default or settlement. Only one case was tried in which the judgment of the Judge was required. Let's take a look at the criminal side of this Court for the year 1947. From as near a check as I could make of the Criminal Docket for the year 1947, I find on that Docket 659 cases. Let's see just what happened. -- Of that number, 13 were dismissed and in 324 cases the bonds were exonerated. This means that at the time the person was arrested the arresting officer set a bond for the appearance of the arrested party in Court and that when the Court met the party did not appear. The part the Judge plays in these 324 cases is about like this. -- He calls the name of the arrested person, thus "John Doe" -- no answer, he calls his name again -- no answer. Prosecuting Attorney moves bond be exonerated, and; the Judge says, "So Ordered. -- Bond Exonerated." This is the judgment the Judge was required to use in 324 cases. 174 of the arrested persons either appeared in Court in person or by attorney and pled guilty. The judgment required of the Judge in these 174 cases is that of common sense and justice -- no question of law.

24 cases only were tried before a jury during the entire year. In these there might have arisen questions of law to be determined, but a lawyer could pass on them.

The Judge of the County Court does not arrest persons or cause their arrest for violation of law. The only way a case can be brought before him is upon information duly filed by the County Prosecuting Attorney. As such Judge, he is not a law enforcement officer, but his mind must be free, open and impartial at all times as to all cases.

Now I want to again remind you to vote an absentee ballot if you expect to be absent from the County on May 4th. Get your ballot in the County Judge's office and vote in privacy in the little booth just outside the office door.

Folks I'm working hard and I'm going fine all over the County. With your continued support I will be elected on May 4th. Thank you for listening and good night for now.

# Giants Won Two Tilts And Lost One Game Over Weekend

## Locals Play Pirates Tonite In Leesburg; Trim Hats And G's But Lose To Sens

Manager Hal Gruber's Sanford Giants completed the weekend with two victories and one defeat, having trimmed Gainesville on Friday evening at the local park by a 13 to 10 score, lost to Orlando here Saturday night by a 6 to 5 margin and nipped DeLand in the University City yesterday by an 11 to 8 count.

As the result of the play over the weekend, Orlando went into top position in the Florida State League standings and Daytona Beach is resting in second place and the locals are holding fast to the third berth, just one half game behind the Resort City nine.

Twenty-three runs, 25 hits and 16 bases on balls were witnessed in the battle with Gainesville at the local ball orchard Friday night. The contest lasted for three hours.

Manager Myrl Hoag used four G-Men hurlers in an attempt to throttle the Sanford scoring, but the fabulous Hoag himself, the last hurler to enter the contest, was unable to silence the Sanford unsmiling. Gruber opened the game with Bill Spinks on the hill and relieved Spinks in the sixth in favor of Joe Schultz. Len Matte caught the game.

The Orlando Senators jammed three runs across the plate in the top of the ninth inning here Saturday evening to take a nip and tuck decision from Sanford. Buddy Lake went the route for the Giants. The locals tallied all five runs in the eighth frame.

Yesterday the Giants edged the DeLand Red Hats in DeLand's Conrad Park with seven hurlers being called into the contest. Bob Marshall, Bill Spinks and Joe Schultz hurled for the Sanford. It was Alonzo, Vitola, Weygant and Moore toiled for the Hats.

Tonight the Sanford club invades Leesburg for a return engagement with Eddie Leiter's Pirates, and tomorrow evening the Giants will return to the Municipal Park for an all important contest with the Daytona Beach Islets.

### Political Rally

(Continued from Page One)  
chairs, a pitcher of ice water, Senator L. F. Boyle presided and introduced the speakers. The sun shone and so did Seminole County voters, among them, E. E. Brady, veteran candidate for sheriff, who when he finally stepped from the platform after reviewing his record as sheriff and legislator and poking fun at certain opponents, was told by Senator Boyle, "This is the first time I have ever heard you talk yourself out, Brady."  
This provoked considerable merriment, but the crowd howled with glee, and many candidates doubled up with laughter when County Clerk O. P. Herndon as a prelude to auctioning off cakes for the benefit of the high school band, donned a wide brimmed hat, after a mock introduction by Mr. Boyle as a "late arrived candidate for sheriff," and based his "phony" platform on his desire to "tote" a pistol.  
The hottest contests developed in the Sheriff's race, Alex E. Johnson, versus Supt. T. W. Lawton for the office of county superintendent, and refutations by J. Bralley Odham, incumbent candidate for the Legislature, against previous statements by J. H. "Happy" Lyles in regard to "playing ball with Legislators by bringing up the 'bribery incident.'"  
Mr. Lyles had reviewed his Road 17 and 44 promotion as a former member of the Legislature, his Spanish War record, including three years in the Philippines, and other accomplishments and had sat down, when Mr. Odham arose, and after introduction, quoted his opponent, in a previous talk, as questioning whether, he, Rep. Odham, would ever be of any benefit to the County in the Legislature after the Papy bribery incident.  
"Is my opponent saying I am too honest?" questioned Mr. Odham. He then declared that most of the legislators he had worked with were men of high honesty, and showed confidence in him. He also told of his work on the House Finance and Taxation committee, and as a member of a five-man committee appointed to study a request, which they disapproved, of \$30,000,000 addition to state taxes. He declared he would give labor impartial consideration in all matters brought before him.  
Sheriff P. A. Mero declared that he would try to enforce the law to the best of his ability, and described new methods of modern law enforcement introduced by his office since appointment by Governor Caldwell following the death of Sheriff Hand. This, he said, included two radios in cars, photographic and X-ray print equipment and FBI training for deputies. He said that he had eliminated illegal operation of slot machines and punch boards, and warned against "false prop-

aganda" by gambling interests. E. E. Brady, jilted at his opponents in the sheriff race as "wanting to be sheriff to tote a pistol." He complained because his rivals had not complained about him, reviewed his mule selling, and his legislative record and said that as former sheriff he had returned to the county Lewis Tate laughed off a jibe by Brady that he had been "handicapped in infancy," and said that he was glad that he had someone with better ability than E. E. Brady to raise him. He told of his long record of service with the ACL railroad, then slashed back, "Mr. Brady is a good orator, but I have to work for a living." Then seriously he said that he believed that he could co-operate with other law enforcement officers if elected.  
Ed Walker, another candidate for sheriff told of his record of public service since 1919, declared that if elected he would not let "snake joints" run on Sunday and that he would catch Sunday violators of the whisky selling law. He said there had been a lot of people had been killed here and the murders unsolved.  
C. E. Carl Williams, stated that he had been a public service officer for 15 years and his record was open for inspection. He declared that he had no defamatory word against any of his opponents.  
Jack Hickson told of his record as a deputy sheriff since 1929 and his resignation following the death of Sheriff Hand. He said that he had but one promise that was to co-operate in enforcing the law, if made sheriff.  
J. Rosa Adams declared that if elected sheriff, he would maintain 24 hour a day service, and that either he or a deputy would answer all telephone inquiries at all times. He stated that he intended to have dependable men as deputies.  
In the race for school superintendent of Seminole County, Alex R. Johnson, after reviewing his record as a teacher of high school agriculture and crafts, and his War Production School direction, read reports on the conditions of schools in the county, citing the need for repairs in five schools and declaring two were beyond repair. He wanted to know why Seminole County had not shared in a \$923,000 school appropriation. He also declared that he honored T. W. Lawton for his long service in schools.  
Supt. Lawton agreed with Mr. Johnson in some statements and said that the State Citizens Committee had found the physical conditions of schools in practically every county in the state in a "deplorable state of repair." During the past six years, he explained, it has been impossible to get the necessary labor and materials, and the dollar value of tax money has shrunk. Provision has been made in the long range program to

the miners' pension proposal. In New York, the threat of a strike by the CIO transport workers union arose in a pay dispute with five companies that operate 98 trolley and bus lines serving 3,350,000 persons. Union President Michael J. Quill said members of his union are "getting very restless" over delay in settling correct these conditions, he said, also to in respect to raising teachers' salaries.  
Other speakers included: H. H. Pope, incumbent chairman of the County Commission; and Boston Steele in District No. 1; L. T. Bryan and H. J. Overstreet incumbent in District No. 2.  
Speaking for county judges were: R. W. Ware, incumbent; Karlyle Housholder, John G. Leonard, James G. Sharon and O. Douglas Stenstrom. Talks for county registrar were given by Lourdes A. Beal and Hugh Dunson. Herman L. Brumley and R. L. O'Neill spoke for constable in District No. 4.  
John L. Galloway incumbent spoke for election as county tax collector, and his opponent, Ned Smith, a Legion delegate in Panama City, sent a letter to be read in his behalf.  
Richard (Dick) Mack of Miami spoke for re-election as a member of the Railway Commission, and explained rate regulations. Victor Green spoke for Nathan Mayo for Commissioner of Agriculture.  
Dick Cooper, candidate for governor and Stetson law student, outlined his own platform. Virgil Conner of Apopka and John W. L. Hicks spoke as candidates for Congress in the Fifth District.  
Robby Laing of Sanford spoke in behalf of Collin English for governor; Martin Segal of Orlando for Fuller Warren, Edwin Shindler for Dan McCarty, John Saults for W. A. Shands.

upon a contract. The union demands a 30-cent hourly increase and other concessions.  
Also in New York, the CIO fur and leather workers' union officially declared today that 10,000 of its members were on strike against 750 firms. Most of the shops have been closed since Apr. 2 in a dispute over contract demands. Some 600 manufacturers were not affected by the strike.  
A threatened strike of 4,000 CIO United Electrical Workers at the Buffalo, N. Y., plant of Westinghouse Electric Corp. was averted when the union accepted four management proposals on job classification and other changes.  
In Cincinnati, O., Local 3 of the AFL International Typographical Union asked the ITU's International Executive Council for permission to strike against three daily newspapers. The union had taken similar action in February, but a federal court decision at Indianapolis voided the request.  
**BOATING DISASTER**  
MACON, Ga., Apr. 26—(AP)—A mother fishing on the bank of the Ocmulgee River stood helpless and saw her three-year-old daughter drown in the muddy water less than 20 feet away.  
The child was Merita Johnson, daughter of Mr. and Mrs. Clyde Johnson. She was riding in a motorboat with her sisters, Martha, 12 and Linda, 6, her eight-year-old brother Jack, and two other children. The boat struck a snag and capsized yesterday.  
**TEAM TO WATCH**  
A definite "team to watch" in 1949 Southern swim circles, the University of Florida's sophomore team ended its 1948 season with six wins and four losses and placed second in the Southeastern Conference meet.
