1924 Model T And Donald Snyder, Who Restored It  
His Mother, Mrs. Clarence Snyder, Is At Wheel

### 32 m.p.h. Will Get You There

From Ohio to Osteen is a long way at 32 m.p.h.  
That's how Mr. and Mrs. Donald Snyder traveled last week when they came to Florida in their 1924 Model T Ford.  
Mrs. Snyder said that a sure way to discard tensions is to drive a car that won't go faster than 40 m.p.h.  
The Snyders got into the restored night red, antique auto Feb. 31 and took off from their Springfield, O., home. Their destination was the Osteen home of Mr. and Mrs. Clarence Snyder, parents of Snyder.  
The couple traveled 1,150 miles at a 32 m.p.h. speed average. The fire-engine red car got 16 miles for each gallon of gas. It took 1 1/2 quarts of oil. The Snyders spent 30 hours travel time between Feb. 21 and their arrival in Osteen Wednesday.  
The Model T hit the Pennsylvania Turnpike shortly after it was opened to traffic after a snow storm. Snyder said he has gotten used to people driving up to the back of his antique, peering at it, and then rushing past. "Why Hurry?" is painted in tall letters on the rear of the car.  
Snyder thought he was driving below the minimum speed limit when a deputy sheriff's car pulled up with light flashing and siren screaming in North Carolina. But the deputy was only another antique auto collector whose hobby enthusiasm didn't stop during work hours. He wanted to see the old car. It turned out the deputy owns a 1924 coupe himself.  
Going over the mountains between Ohio and Florida, Snyder had to drop the car out of high gear only twice. The Model T has two gears, high and low.  
It was time to secure the roadster's roof when the Florida border appeared. Heavy rains came down until the couple reached Deland.  
The only trouble with the car's original parts came when a nut on the exhaust pipe cracked at Jacksonville. Snyder had this fixed when he got to Sanford. The speedometer gear and the radio broke down on the trip, but these weren't original parts.  
Snyder says the Model T is better for long trips now than when it was built, because of improved roads. His mother recalled that on a trip from Washington to Richmond in 1918, the only stretch of paved road between these two cities was so short it took only a minute and a half to travel it. Cars had to ford the creeks then.  
Restoring the Model T took Snyder a year. There were holes in the body and fenders. He stripped the car down to its frame and repaired each part before putting it back. Snyder spent 800 hours working on the auto which he values at \$1,500. The car has been restored for six months.  
Snyder has been an antique car enthusiast for about eight years. He has been a member of the Antique Automobile Club of America for that time and is in the Tri-State Antique Auto Club. He also owns a 1924 Model T touring car and has owned a Sears 1908 motor buggy. Snyder said you can go places in the Model T where you can't in the motor buggy.  
The Model T is in great demand for parades, especially firemen's parades. It has been driven 300 miles to antique shows but this was the first long trip for the restored auto.  
Snyder, who is a contractor and painter in Ohio, arrived here with his wife the night of his 48th birthday and wedding anniversary. The Snyders are returning to Ohio this week.

### Negro Integration Efforts Mount Throughout South

MONTGOMERY, Ala. (UPI)—More than 1,000 Negro students from Alabama State College marched to the campus to the steps of the state Capitol today, sang the national anthem and the Lord's Prayer, then returned to their campus.  
There were no incidents although several autos filled with whites drove slowly around the building, their horns blowing.  
The rally appeared to be in defiance of Gov. John Patterson's warning Monday that if Negroes continued to demonstrate in this Deep South capital, "someone is likely to get killed."  
The South faced one of the most tense, explosive racial situations since the Little Rock, Ark., school integration crisis of 1957 as calls for action by Negroes spread throughout the southern states. Arrests, threats of violence and demonstrations by both whites and Negroes mounted steadily.  
At a rally in Rock Hill, N.C., Negro student Abe Palmer told cheering listeners: "If we fight now, we'll be free by '63."  
The trial of 76 Negroes and four whites arrested Saturday in a drive for lunch counter desegregation at Nashville, Tenn., resumed in a tense atmosphere. About 2,500 Negroes stood outside the courthouse Monday singing the national anthem and the "Battle Hymn of the Republic."  
Other developments included:  
Daytona Beach: The local NAACP announced a "14 to 20-day" economic boycott of department stores.  
Tampa: The Negro Youth Council, which protested lunch counter segregation Monday said it would stage more demonstrations.  
Birmingham, Ala.: Thirteen Negroes were arrested and released after displaying integration signs and placards in a Negro park.  
Richmond, Va.: A segregation bloc in the Virginia House won a vital test vote to delay for another two years start of the state's moderate "freedom of choice" approach to school integration.

### News Briefs

**Outlook Is Chilly**  
WASHINGTON (UPI)—The weather bureau predicts continued wintry weather for much of the nation in March, with temperatures averaging below seasonal normals except in the extreme Northeast and Southeast. The coldest weather was forecast for the western half of the country.

**Retired Bishop Dies**  
ORLANDO (UPI)—The Right Rev. John D. Wing, 77, retired bishop of the Episcopal diocese of South Florida, died Monday at a local hospital. Wing, a native of Atlanta, resided in Winter Park. He was named bishop in 1932 and served until 1950. In that time, membership in the diocese tripled.

**TV To Aid Search**  
FT. LAUDERDALE (UPI)—An underwater television searching device completed two weeks of tests Monday and was moved to search in the Gulf of Mexico for a plane's wreckage. Navy sources said the 900-pound XN-3 would be landed at either Panama City or New Orleans before going to hunt for a National Air Lines plane which crashed in the Gulf Nov. 16 with 42 persons aboard.

**Enters Primary**  
MADISON, Wis. (UPI)—Sen. Hubert H. Humphrey (D-Minn.) today officially threw his hat into Wisconsin's presidential primary ring by filing formal papers at the secretary of state's office. Humphrey said delegates pledged to him would "not only work for my own candidacy but also for a Democratic Party platform worthy of our party's great liberal and progressive tradition."

**Cubans Relocated**  
MIAMI (UPI)—Federal immigration authorities have begun moving Cuban exiles to different parts of the country in an apparent effort to reduce tension in this area. Rodolfo Masferrer Rojas, brother of Rolando Masferrer Rojas, former senator under Dictator Batista, was sent to the Baltimore area in parole status Monday. Rolando has a heart condition and will be given more time before being sent to Baltimore.

### County Jobs Survey Planned

The County Commission today called on all county department heads to work together to establish a job classification schedule for employees.  
Tax Assessor Richard McCanna and Circuit Court Clerk David Gatchel said the plan could mean a general pay raise for all county workers.  
Discussing the merits of the plan, Commission Chairman John Krider said that "this county is way out of line" in regard to pay scales compared with other counties.

### Sanford Police Honor Dr. Roberts

Sanford police honored Dr. W. V. Roberts at a dinner at Jim Spencer's Restaurant Monday night. The policemen presented the Sanford physician with a gold badge in recognition of the help he has been to them.

### McCORD Recovering

Cassiberry Keating Commissioner Ray McCord was recuperating at home yesterday after undergoing minor surgery at Winter Park Hospital last week.

### Thanks

Sheriff J. L. Hobby today received a letter of thanks from the parents of an Orlando boy who was found in south Seminole County after he had been lost for almost 24 hours.  
Retired Capt. C. Q. Wright of Orlando wrote to Hobby thanking him and three of his deputies for finding his son, John, who was on a camping trip in the area.

### Quake, Fire, Tide Wreck African City

CASABLANCA, Morocco (UPI)—Devastating twin earthquakes, a tidal wave and fire struck the sleeping Atlantic port city of Agadir Monday night, and fragmentary reports placed the casualties at anywhere from "hundreds" to thousands.  
A second earth shock followed quickly, and then flames began to eat through the wreckage of houses and buildings.  
The coastal radio station at La Paloma in the Canary Islands said it had heard a report from a Moroccan radio saying there were 2,000 dead.  
The shock crumbled the city's biggest hospital, some of the largest hotels and the chamber of commerce building. The crowded Moslem section of the city was reported 90 per cent destroyed. "It was horrible," sobbed one woman tourist who reached Casablanca after a 240-mile flight north by car.  
The tidal wave rolled in from the Atlantic shortly after the earthquake and smashed into the seaside edge of the city like a giant fist. Fires broke out in various places throughout the city.  
Land communications with the stricken city were wiped out and radio channels were filled with calls for help and fragmentary reports of the disaster. The full extent may not be known for days.  
Morocco is part of the Mediterranean earthquake belt that extends to Greece, up through Italy and into southern France. The Melous region of Algiers, 800 miles from Agadir, was hit by a quake eight days ago. Forty-seven persons were killed.

## County To Ask Special Election To Fill Board

The County Commission today voted to suggest that Gov. Collins call a special election to name a District 2 commissioner to fill the unexpired term of David Gatchel.  
The board authorized Clerk Gatchel to write a letter to the legislative delegation citing the need for the special election to be held concurrently with the May 3 Democratic primary.  
After the special and regular elections are held, the legislative delegation then will ask Collins to appoint the candidate with the highest vote to the job until Jan. 31, 1961.  
The election will put a man in the position until Jan. 31, 1962, as two years remain in the term.  
Candidates on the special election ballot also will be placed on the regular primary ballot.  
Gatchel read a letter addressed to the board from City Manager Warren Knowles, who said that the Herald carried a misleading headline—Feb. 23 which said "City Leaders Back Van Hoy For County Commission Post."  
During a meeting of the city board Feb. 22, Van Hoy was mentioned as a possible appointee to the vacant District 2 post.  
Knowles stressed in his letter that city board members have no intention of backing any candidate for any elective post.  
County Commissioner Vernon Dunn said: "I believe that the Sanford city board should confine itself to city activities alone."  
Chairman John Krider said the board had enough problems of its own and should not get into any row with city officials.  
"The only solution is for a special election and let the people decide for themselves," Krider emphasized.

Sketch Of Sanford Atlantic Bank Drive-In Addition

### County Qualifying Begins

Candidates running for the 20 county offices open in the May 3 Democratic primaries began officially qualifying at noon today.  
The first candidate to announce was James Avery of Lake Mary who will oppose incumbent Lawrence Swoford in the District 3 race.  
Another Lake Mary resident, Ed Zimmerman also qualified today to oppose Swoford. Zimmerman has been first district chairman in that area.  
Other candidates who qualified at noon were T. V. Brown, running for the District 1 commissioner post; W. D. Bridge, for constable in the Sixth District; and Arthur Beckwith Jr. running for the office of Circuit Court Clerk.  
The qualifying period ends March 18.  
In other political news, J. A. Hiltline of Longwood today announced he would not seek reelection for the county school board District 4 Post.  
Hiltline has completed his 19th year with the school board.  
He commented also that the people of Seminole County had been very cooperative and interested in their schools, and he hoped that the progress now taking place would continue.

### Kirchoff Heads Conner Campaign

Ed Kirchoff was elected chairman of the Seminole County For-Doyles Conner Committee at an organizational meeting of supporters for the candidate for commissioner of agriculture in the May primary.  
Lauren R. Johnson was named secretary-treasurer for the group.  
Conner, farmer, rancher and realtor, who was the youngest speaker of the Florida House of Representatives in the history of the state, visited Seminole last week to initiate the organization of his county organization.  
He is seeking the post being vacated by Nathan Mayo after 27 years.

### Rights Bill Foes Lose Test Vote

WASHINGTON (UPI)—The Senate passed the 24-hour work day on its around-the-clock battle over civil rights.  
Debate dragged on past noon after sponsors of a raft of civil rights bills reaffirmed overwhelmingly the continuous session called by Democratic and Republican leaders.  
A test vote on the marathon session was held shortly after dawn. Southerners, fighting the measures with a talkation, were defeated 52-4.  
Sen. Wayne Morse (D-Ore.) brought on the test with a motion that the Senate adjourn at 8 p. m.  
Its defeat represented a vote of confidence for Democratic Leader Lyndon B. Johnson and GOP Leader Everett M. Dirksen.  
Sen. John L. McClellan (D-Ark.) took over for the southerners, reading the second half of a speech he started last Friday. He charged the "whole burden" of the legislation to school integration in the U. S. Army today with a Hollywood-style press conference at which he said he liked Army life so well he was thinking of writing a book about it.

### Elvis May Write Book On Army Life

FRIEDBERG, Germany (UPI)—Sgt. Elvis Presley began his farewell to the U. S. Army today with a Hollywood-style press conference at which he said he liked Army life so well he was thinking of writing a book about it.

### Construction Set On Bank Drive-In

Construction of the Sanford Atlantic National Bank's drive-in addition will start today or Wednesday.  
The \$70,000 addition will provide three teller enclosures connected by an overhead corridor on the south side of the main bank building. When the drive-in facilities are finished, bank customers driving north on Park Ave. may turn into the bank area, conduct their business with the tellers and drive through onto Second St.  
The overhead corridor also connects the teller enclosures to the main bank so that employees may remain inside while going from the main bank to the addition.  
The drive-in addition will remain open during regular banking hours, 9 a. m. until 4 p. m. on week days, with additional drive-in until 8 p. m. hours on Fridays.  
The addition will be cement block covered with stucco. The bank expects to speed up service by adding three drive-in lanes.  
The Carroll Daniel Construction Co., Sanford, is contractor for the project.

### Teen Dancing Class To Start

The City Recreation Department today announced that another class in teenage ballroom dancing is being formed and instruction will start Monday at 7 p. m. at the Civic Center.  
The course will begin with basic steps and end with all popular steps having been covered. Further information may be obtained by contacting the recreation department.

### Soviets Emphasize Air Corridor Curb

BERLIN (UPI)—A Soviet embassy spokesman insisted today that Western aircraft using the three 20-mile air corridors to West Berlin may not fly higher than 10,000 feet.  
He said higher flights would be considered an infringement of East German air space.  
The spokesman was commenting on Monday's Washington announcement that the U. S., Britain and France have agreed to send supply aircraft to West Berlin at heights above 10,000 feet.  
Soviet fighters last May and June burned Allied aircraft that flew above 10,000 feet. Today's statement showed the Soviet attitude has not changed.

### Longwood Seeks Firemen Recruits

The Longwood Volunteer Fire Department will be looking for new recruits at a meeting in the town fire house Wednesday night at 7 p. m.  
The volunteers and Riverside firefighters put out a blaze in a Laska Service station last week.

# Around The Clock

A leap year monkey was born in Sanford's zoo Monday. The Bonnet monkey was born in a cage in the zoo and was unnamed today.

Nearly 250 youngsters danced in a "winter wonderland" at the Seminole High senior prom Saturday night.

The junior class gave the formal dance for the seniors, and decorated the Sanford Civic Center with a sleigh, pastel colored angel hair, magnolia leaves and snowmen.

Nearly 30 juniors headed by their class president Deanna Nichols, worked on preparations for the prom.

All Jaycee members are urged to attend Thursday's meeting of the organization when voting on a proposed by-law change will take place. The proposed by-law would revise the method of election of officers and directors.

The meeting will be held at noon at the Civic Center.

Phillip J. Lee, vice president of the Atlantic Coast Line Railroad, will be the main speaker at the Kiwanis Club meeting Wednesday. Lee will speak on future railroad growth.

The meeting will be held at the Civic Center at noon.

Sanford Electric Co. has a city permit to build a \$15,000 sales and contracting office at 2322 Park Dr. Shoemaker Construction Co. was awarded the contract.

Got any problems concerning old age benefits or social security? A representative of the Social Security Administration will be at City Hall Wednesday at 9 a. m. to answer any questions regarding the two subjects.

# Chessman Offers Life To Help End Death Penalty

SACRAMENTO, Calif. (UPI)—Caryl Chessman, who fought for more than a decade to avoid death in the gas chamber, offered his life today in the battle against capital punishment.

The 35-year-old convict-author made his offer in a letter to Gov. Edmund G. Brown, who was expected to comment on it at his press conference today.

The 19-page letter was delivered to the governor late Monday, as the California Legislature opened a special session to consider abolition of the death penalty for the ninth time. It has defeated similar bills on eight occasions in the past 37 years.

Brown put the matter before the legislature again on Feb. 19, when he granted Chessman a 60-day reprieve just 48 hours before the convicted robber-rapist was scheduled to keep his eighth appointment with the gas chamber. Chessman praised Brown in his letter for refusing to "bow down to political expediency" in granting the reprieve. But, the condemned man said his case had no "continued existence" and threatened to "throttle" action on the death penalty.

Chessman said he had asked himself over and over again what he could do to "divorce the ugly, ancient-inhumane laws of California from the grave social issue of capital punishment." He said that he decided that he could, "without theatrics," offer his life.

WORLD WAR I vets of Barracks 486 held their officer installation recently. At the installation ceremonies were: left to right, front row, John McCloskey, commander; Clifford Gilbert, district commander; Michael Dwyer of St. Cloud, national rehabilitation chairman and William Convery Jr., vice commander. Back row, left to right, Robert Williams, quartermaster; Harvey Swanson, chaplain; Sidney Fowler, judge advocate; Ed Ludecke, senior vice commander; Nick Coslow, sergeant at arms; William Greuber, trustee and Joel Field, adjutant. (Herald Photo)

# Sub-Zero Cold Spreads Across Much Of Nation

By United Press International

Freezing rain turned north Texas highways into skating rinks, the Army prepared to rescue stranded Colorado ranchers and a sub-zero cold wave spread across the country today.

Travel through north-central Texas was called extremely dangerous because of ice-covered highways. The weatherman said the freezing rain would spread into Arkansas and Tennessee today.

Colorado civil defense officials asked the Army for help in reaching ranchers near the southeastern Colorado town of Kim.

A spokesman at Ft. Carson, Colo., said some of the ranchers have not been heard from in two weeks and hundreds if not thousands of head of livestock were stranded.

Much of the country from the Rockies to the Atlantic shore under readings below 20 degrees. In the midlands, below-zero readings were common.

The icebox of the country was Pella, Mich., which reported 11 degrees below zero. It was 15 below at Dillon, Mont., 10 below at Cutbank, Lewiston and Butte, Mont., 11 below at Minot, N. D.

# Finding Out Why There Is Leap Year Can Turn Out 'Confusing'

By BOCK WEST

WASHINGTON (UPI) — I have decided to throw caution to the winds and explain to you why Monday was leap year day.

I do so despite a lesson I should have learned a few weeks ago when I came to grips with another calendar peculiarity.

On that occasion, someone brought to my attention that 200 had 52 weekly paydays instead of 51 which I understood in part for the reason.

Things like that make me nervous as I want to consider the trouble to determine where the extra paydays come from.

This information I passed along to my readers. I wish now that I had not done so for themselves.

Some readers claimed they had a clear understanding of the situation and they "read" my column. They said they hadn't been aware that the situation existed and preferred it that way.

That being the case, you may wonder why I am now endeavoring to explain about leap year. I can only answer in the oft-quoted words of the mountain climber: "because it is there."

Let us begin the ascent to leap year understanding by examining the basic rule used to determine which year leaps.

Briefly stated, the rule requires that an extra day be added to every year which is represented by a number divisible by four, except those divisible by 100 but not by 400.

Anyone who can understand that will have no trouble reaching the summit.

This brings us to the year 44 B. C. and Julius Caesar, who wanted his name on a calendar and drew up one based on an Egyptian calculation.

After that, the Romans never trusted the Egyptians again. The Egyptian figured that the earth revolved around the sun in 365 days and six hours. Caesar then made his calendar 365 days long, threw in an extra day every fourth year to take up the slack and let it go at that.

He tucked the extra day onto February because that was then the last month in the Roman year. But let's not go into that.

Along about the 15th Century Pope Gregory VII noticed that spring seemed to be coming a little early and, upon investigation, discovered that the Julian Calendar was 11 days ahead of schedule.

He told everybody to forget about the 11 days and revised a new calendar which dropped one leap year every four centuries. This still was not precisely accurate but at least gave us something we can live with.

# Princess Takes Fiance To Palace

LONDON (UPI)—Princess Margaret hastened her fiance to Buckingham Palace today and proposed to take him to the ball tonight for the public debut of the Jones boy who made good.

Margaret and Anthony Armstrong-Jones, a commander, drove in from a hotel westward of Windsor and sped directly to Buckingham Palace where a Buckingham Palace spokesman said the princess was waiting for him.

The princess personally took him to the palace to introduce him to senior members of the royal household who were gathered for his wedding.

Armstrong-Jones, the man who indeed caught her fancy, and Margaret have not been seen together in public since their engagement was announced last Friday. The British Broadcasting Corp. canceled regular programs in order to televise their theater arrival.

Armstrong-Jones, the man who indeed caught her fancy, and Margaret have not been seen together in public since their engagement was announced last Friday. The British Broadcasting Corp. canceled regular programs in order to televise their theater arrival.

# Abandon Reigns On Mardi Gras Day

NEW ORLEANS (UPI)—"Sam, stop that," gasped a gorilla in the middle of the street.

"But honey," replied George Washington, "it's Mardi Gras."

And indeed it was, as half a million persons, their inhibitions gone with a chilly wind, ran wild through the streets of New Orleans.

Dressed in costumes, wearing masks they won't have to face in the mirror Wednesday, visitors and natives alike took advantage of the yearly open season on abandon that is Mardi Gras Day—Shrove Tuesday.

A clown kissed a cannibal on Canal St. and Dracula fell off a lamp post in the French Quarter.

A few of humanity roiled before the magnificent floats of Rex as the king of Mardi Gras climbed a tall pole with his parade through the streets.

Two toots from a tugboat whistled this morning heralded the arrival of King Zulu, monarch of the Republic of Zulu, as he landed at the Mississippi on a barge and debarked to form his parade.

Where the ensuing parade would go was anybody's guess. It has probably never gone the same way twice and generally follows the route containing the most bars, particularly the most bars offering a free toast to the monarch and his wild-haired warriors.

It generally ends when the king gets lost or when his followers sink gently to the pavement and are removed and revived for another round, even less organized, sometime later.

All of the past week has been but a preparation for today—all the parades, all the gaiety that would last most cities for a long long time.

Everything has gone according to schedule. Just like Mardi Gras has gone since 1827.

# Congressional Leak Of Military Secrets Probed

WASHINGTON (UPI)—The government has been investigating "leaks" of classified military information after it has been secretly given to Congress by U. S. intelligence agencies.

The investigation centered on a leak to the press of closed-door testimony by Allen W. Dulles, director of the Central Intelligence Agency, before the Senate space-preparedness committees in January.

Dulles' testimony concerned estimates of Russian missile capabilities.

Security on the whole has been considered good. Publication of what purported to be Dulles' January testimony is regarded in some quarters as the one major "leak."

But the incident prompted an investigation both inside and outside the CIA.

It also raised in official circles the problem of how to deal with one basic strategic advantage of the Soviet Union over the United States — Russia's far superior capacity for keeping information secret.

The Russian advantage is based on both geography — her vast open spaces — and on her totalitarian system of government.

It has been behind Russia's consistent refusal to permit disarmament inspections by Western countries.

# Thief Provides For Watch Return

SAN FRANCISCO (UPI)—Tavern owner William Gallagher has found a "fairly honest thief."

The thief took Gallagher's \$300 wristwatch from the back bar and escaped before Gallagher noticed the watch was gone.

The next day Gallagher got a pawn ticket in the mail. He took it to the pawn shop and redeemed the watch, for \$4.

"Is that all you will give on this watch?" Gallagher asked the pawn shop keeper.

"No," was the reply. "I would have given him \$50, but he said \$4 was all he wanted. Said he just wanted to get a meal."

Spring military moves to the back of the head. The important situations are the roller, broken, puffed-up bar and the "holy"—all, leaving the forehead in view.

# Hospital Notes

FEBRUARY 20 Admissions

Mae C. Sturdivant, Sanford; Bessie Pickering, Lake Mary; Robert C. Swope, Sanford; Frederick Goodwin, Sanford; Barbara Ann Massey, Sanford; James Williams, Sanford.

Deaths

Mr. and Mrs. Darrell Muldowney, Sanford; a son.

Dismissals

Robert A. Lewis, Mt. Dora; Mrs. Ellis Lloyd and baby, Lake Mary; John Tyson, Sanford; Dexter Pilcher, Sanford; Claude Beasley, Sanford.

# Statehood Idea

SAN MARCOS, Tex. (UPI) — It isn't an organized movement, but students at Southwest Texas State College are toying with the idea of expanding the U. S. even farther. They have been debating this issue: "Resolved, that New Zealand should be the 51st state."

# Gubernatorial Hopfuls Open Throttle

By United Press International

Deadlines fell at noon today for state campaign qualifying and tonight another candidate for governor will formally open his campaign.

Two other gubernatorial hopfuls, their campaign wagons going at full throttle, roved through the Florida panhandle today looking for support.

# Flynn 'Protege' Mother, Suitor Jailed After Row

HOLLYWOOD (UPI)—Beverly Addams, 17-year-old 'protege' of the late Senator Everett Flynn, said yesterday she was terribly embarrassed about the weekend ruckus in which her new suitor fired his pistol at her mother—landing both mother and suitor in jail.

"I don't know what got into me," said Beverly. "It wasn't good for my career."

Mrs. Florence Addams, 42, was jailed for several hours when police found her entangled in the row-draws Sunday on the doorstep of the home of Jack Dulin, 36, a skin-diver who sued only last Thursday for trying to "lure" Beverly away.

She went there to look for Beverly, who later told the FBI her mother's home for only a few minutes to go to a restaurant.

Mrs. Addams, unscathed by a blast from an antique .45-caliber pistol fired by Dulin to scare her, was charged with being drunk and released on \$51 bail set up by Beverly.

Dulin was booked on an outstanding traffic warrant and released on \$50 bail. Police said they would seek a complaint against him for firing a gun within city limits.

# Warning Overdone

STRAUCER, N. Y. (UPI)—On an unusually cold day, a man named John O'Keefe started his car in the driveway and returned to his home to let the auto "warm up."

Money given candidates for governor, and money spent by them, continued to rise. Through Monday the total was \$187,871 spent on \$274,048 donated.

Former Circuit Judge John McCarty will open his campaign for governor tonight in his home town of Ft. Pierce at a high school named in honor of his late brother, former Gov. Dan McCarty.

Fred O. Dickinson and Hayden Burns were both in the panhandle today.

Dickinson opened his tour of the area Monday with a speech at Pensacola. He told Jaycees there Florida has an "unfortunate business climate."

He said anti-industry taxes and discriminatory freight rates are discouraging factory owners from locating in Florida.

Burns also dealt with the problems of attracting industry. At Tallahassee he said: "Florida needs a governor experienced in I am in dealing with big business."

Two men withdrew from the race for secretary of state Monday and a third announced his platform for that office.

Angus Laird, former state merit system director, said he would, if elected, insure prompt and efficient service and honesty in the administration of elections.

The two who dropped out of the race for secretary of state were Henry Land, Orlando and John Crowder, Ft. Pierce.

The Ritz NOW SHOWING OPEN 12:45

FEATURE: 1:15 - 5:45 6:35 - 9:15

Their withdrawal left eight Democrats and one Republican vying for the important post.

Of the \$187,871 spent by gubernatorial candidates, \$147,871 has been spent by Doyle E. Carlton Jr., Wauchula, \$57,280. He has been given \$70,534 so far.

C. Farris Bryant, Ocala, has received more to date than any other candidate, \$60,344. He has spent \$32,673.

Other major candidates, their expenditures and receipts:

Dickinson, West Palm Beach, \$32,708 spent, \$37,121 received.

Rev. George Dewas, Winter Park, \$4,088 spent, \$2,088 received.

The Daily Herald, \$9,819 spent, \$15,300 received.

McCarty, \$13,000 spent, \$13,378 received.

Burns, \$20,000 spent, \$33,774 received.

Harvie J. Belser, Bonifay, \$3,118 spent, \$3,148 received.

## Mrs. Largen Named Sorority President

Mrs. Frank Stenstrom was hostess of the Gamma Lambda chapter of Beta Sigma Phi for their bi-monthly business meeting. The annual election of officers was held and Mrs. Tom Largen was elected president.

Other officers elected to serve for the coming year are Mrs. Clyde Robertson, vice president; Mrs. Bob McKee, recording secretary; Mrs. Ben Howland, corresponding secretary and Mrs. Gertrude White, treasurer.

Several rubbers were also voted in at the business session, with the president, Mrs. Glenn McCall, presiding. A tea will be held in their honor, Wednesday from 3:30 to 5 p. m. at the home of Mrs. Jack Little.

It was announced that the organization has sponsored another birthday party for the county home this month with Mrs. Joe Dennison and Mrs. F. Wade Yoc as hostesses.

## Dorcas Circle Of Upsala Church Holds Meeting

Members of the Dorcas Circle of the Upsala Community Presbyterian Church discussed plans for a spring bazaar at the February meeting which was held at the church. Mrs. Freda Daniels was appointed chairman of the committee to make further plans for the event.

Mrs. Clover Marrs led the devotion and presided at the business session. A white elephant sale was conducted and the proceeds added to the class treasury.

During the program the Misses Edith and Clara Speers sang a duet entitled "It Is No Secret." Hostesses for the afternoon, Mrs. Eunice Martin and Mrs. Kay Thomson, served refreshments to Mrs. Marrs, Mrs. Daniels, Mrs. Josephine White, Mrs. Jessie Southard, Mrs. Sara Hodge, Mrs. Daisy Dowell, Mrs. Dorothy Lloyd, Mrs. Amanda Reeves and guest, Mrs. May Martin and Misses Edith and Clara Speers.

## Church Calendar

Business and Program meeting of W.S.C.S. of First Methodist Church. Executive board meeting 9 a. m. business and program 9:45 a. m. in McKinley Hall. Panel discussion and program by E. W. Christensen and Mrs. T. J. Taylor with Mrs. E. C. Williams as moderator. Topic "Youth Conservation."

Grace Methodist W.S.C.S. meets at 8 p. m. at the church.

W.S.C.S. of the Barnett Memorial Methodist Church meets at the home of Mrs. Harold Hiers at 7:30 p. m.

**WEDNESDAY**

The Shut-in Prayer meeting of the First Methodist Church will meet at the home of Mrs. A. W. Hamill at 9:30 p. m. Holy Communion will be given at the church at 7:30 and 8:15 p. m. Total Enlistment Rally will be in McKinley Hall at 8:15 p. m.

Pinecrest Baptist Church S. S. Officers and teachers Supper at 6:30 p. m. The R. A. meeting is at 7 p. m.

## Lake Mary

### Personals

**BY FRANCES WESTER**

Several visitors from out of state like it so much better here, after a short stay, they will remain longer than first planned. They like the sunshine better than the snow up north. They include Mrs. Betty Bolantz and her mother, Mrs. Gene Kline, of Mansfield, Ohio; Mr. and Mrs. Paul Davis, from Burlington, Ind.; Mr. and Mrs. George Kabal, Sturgeon Bay, Wis.; and Mr. and Mrs. Otto Boretsky of Green Bay, Wis.

While here they visited Mr. and Mrs. Joe Smathers and spent some time sightseeing in the state. Accompanied by Mrs. Smathers, Mrs. Bolantz and Mrs. Kline spent two days in Tampa and St. Petersburg last week.

Fred Howell of Atlanta, Ga., has been visiting his brother, Roy Howell Sr. and his wife in Lake Mary and Mrs. Howell's mother, Mrs. A. McDermott and daughter, Leah Jordan, in Daytona Beach.

Mrs. J. E. Robinson is home from Seminole Memorial Hospital after a bout with pneumonia. She hopes to be back on the job driving the school bus, this week. Because of the double sessions, she makes several trips a day from Lake Mary to Sanford.

Ironing for an hour uses up about 140 calories. But eating a dinner piece of apple pie afterwards adds 200. It's better to have a glass of skim milk or fruit juice.

Mrs. Ralph Cowan and Mrs. Largen presented a program on drama. Mrs. Largen stressed the drama in every day life when she read a news clipping appearing recently about a plane crash in Montana. She then rewrote the incident and presented it in the form of a play.

Mrs. Cowan presented two book reviews on popular fiction books and stressed the importance an actor plays in drama, explaining the different kinds of actors and how they each interpret roles they portray. Members were requested to play charades in order to test their talents as actors.

The hostess served refreshments to Mrs. McCall, Mrs. Cowan, Mrs. Dennison, Mrs. Largen, Mrs. McKee, Mrs. Robertson, Mrs. Tye, Mrs. White, Mrs. Howland, Mrs. Clarke Bruestle, Mrs. Gerald Covington, Mrs. Alfred Greene, Mrs. Cameron Lawrence, Mrs. Ed Peterson, Mrs. Frank Stenstrom and Mrs. Stuart Stenstrom.

GENETTE, ROBERTA AND MARY RAE HITE

MRS. DAVID GATCHEL, right, entertained a group of her former classmates at her home, recently. In addition to several members who still live in Sanford, some out of town members were visiting in the vicinity and attended the party. Mrs. D. R. Hasty, left, and her husband, who is in the armed services, are visiting here on their way to Andrews Air Force Base. Mrs. Ben Currie, daughter of Mrs. George Wells, now lives in Daytona Beach. (Herald Photo)

## Plan Good Diets For Teenagers

**BY MYRTIE C. WILSON**  
Home Demonstration Agent

Your teenagers may seem to eat all the time. This does not mean that they are eating the right food for good health.

In fact, teenagers are our most poorly nourished people, according to nutrition research scientists, says Bonnie McDonald, Assistant Economist in Food Conservation.

In the case of teenage girls, 6 out of every 10 need to improve their diets. In the case of teenage boys, 4 out of every 10 have poor eating habits. In both instances, the cause may not be eating too little food, but not eating enough of the right food.

When girls have inadequate diets, they usually need more calcium, iron or Vitamin C. Boys are most often short of Calcium, thiamine or Vitamin A. More riboflavin and Vitamin A also are needed in teenagers' diets. Poor diets can show up in several ways: poor complexion, lack of energy and poor teeth are some often observed.

To improve poor diets, teenagers need to eat more:

1. Milk products for calcium and riboflavin.
2. Citrus fruits, melons, strawberries, cabbage and tomatoes for Vitamin C.
3. Meats for riboflavin; liver, heart and kidney for iron.
4. Dark green and deep yellow fruits and vegetables for Vitamin A.
5. Whole grain and enriched breads and cereals for iron, thiamine and riboflavin.
6. Dried vegetable and fruits for iron and thiamine.

The right foods in adequate amounts furnished the building materials for good health, good looks and lots of pep and energy. Use the relationship between a good diet and good looks to help convince your teenagers to eat more of the right foods at meal-time and for snacks.

## Sidney Hawkins Honored With Birthday Party

Mrs. Claude Hawkins honored her son, Sidney, with a party on his 13th birthday, Friday, at her home in Lake Monroe. A color scheme of yellow and green was carried out in party decorations. Sidney's young guests enjoyed dancing and games, with prizes being won by Miss Ann Rose, Miss Doris Carlson, Brian Thurston and Mike Burk.

After the gifts were opened Mrs. Hawkins served cup cakes and soft drinks to Darlene Roberts, Janis Dowdy, Doris Co. Ison, Sandra Burk, Pat Muse, Ann Rose, Terry Rabun, Danny Lee, Mike Burk, Richard Hittell, Jimmy Wakefield, Donald Bell, Brian Thurston, Ray Rans, Ronnie Tindel, Johnny Hawkins, the guest of honor, and his grandmother, Mrs. Annie Hawkins.

## Farewell Parties Given For Members Of The Hite Family

The three young daughters of Ensign and Mrs. Raymond Hite, Laurel Dr. in Pinecrest, have been guests of honor at several parties the past few days. Roberta, Mary Rae and Genette, with their parents will be leaving Sanford, Wednesday, to make their home in Albuquerque, New Mexico.

The sixth grade Sunday School Class of Pinecrest Baptist Church entertained Roberta at the home of Mrs. Mary Rhea. The group enjoyed a scavenger hunt, then presented the honoree (known as Bobbie to her close friends) with an autograph dog.

Attending were Linda Ashby, Linda Conn, Marina Kosky, Peggy Gerrin, Marilyn Smith, Tina Nichols, Bonny Todd, Patsy Burke and Karen Vickers. Genette celebrated her sixth birthday, Saturday, with her young

Pinecrest neighbors. The youngsters played several party games and were treated to the traditional birthday cake, ice cream and punch.

Guests included Ted Ashton, Colleen Conrad, Janice and Cindy Holcomb, Lillian Jordan, Susie and Robert Simpson, Keith Tourney, Kenneth Taylor, Paul Womack Jr. and Tom Nickelson.

Mary Rae was guest of honor at a cake and chatter party, yesterday afternoon at the home of Jan Simpson. A group of her friends gathered to chat and play records.

Attending were Sherry Daniels, Linda Rubel, Sharon and Loreita Conrad, Susan White, Roberta Hite, Barbara Fogg, Candy Ashton and Sheila Jordan.

Some of the neighbors also gave a farewell party for the girls' mother, Mrs. Raymond Hite. She was guest of honor at a dinner at the Skyline Restaurant in Orlando.

This group included Mrs. Raymond Ashton, Mrs. Clyde Nickelson, Mrs. Norris Jordan, Mrs. Alfred Taylor and Mrs. Phillip Simpson.

## DeBary Home Club Hears Program On Care Of Floors

The DeBary Home Demonstration Club held their meeting at the Community Center Thursday morning. Mrs. Arthur Gray gave instruction in pine-needle craft during the morning. In the afternoon the regular meeting was held, and five new members were introduced: Mrs. Cecil Pendergast, Mrs. Ivan Walker, Mrs. Stanley Lawton, Mrs. Agnes Gersteneck, and Dr. May Anderson. Three members—Mrs. Adam Muller, Mrs. Elden Benedict, and Mrs. Arthur Gray—were honored for having been members of H. D. C. for 25 or more years.

Mrs. Mary McManus and Mrs. George W. Wright presented a program on "Care of Floors." The next meeting will be all day March 1. The morning crafts will include "Making Hats," and continued pine needle work. The program subject will be "Food Fallacies," and anyone interested is invited to attend.

## African Study Class Sponsored By WSCS

The Woman's Society of Christian Service of the First Methodist and Grace Methodist Churches sponsored a joint study class on "The Way In Africa," during the month of February.

Four sessions were held for jurisdictional credit. The purpose of the class was to help the study group to understand the heritage of the African people and better understand the new roles of the church and missionaries as they deal with the changing picture of African life today.

Attractive worship settings, post-

ers, maps, souvenirs, and literature provided interest and atmosphere to the African scene. Program techniques were panels, role playing, discussions, map study, lectures, folk songs and games.

Dr. Ralph Wallon of Winter Park was a guest speaker at one of the sessions. He is a former educator and missionary who has traveled in the Middle East and Africa. He presented general phases of African life, religious, economic and political to the class. An informal discussion period followed his most informative talk and film showing.

During the course of study, special African menus and drinks were served each day. A gift of money was sent to a Christian Social Center in Kinshasa, Belgian Congo, following the study.

The planning committee included Mrs. Robert Drayton, Mrs. R. U. Hutchison, Mrs. L. D. Hastings and Mrs. John R. Dominicy Jr. Others assisting were Mrs. Ray Heron, Mrs. W. E. Higginsboam, Mrs. T. C. O'Steen, Mrs. Joe Azzarello, Mrs. W. W. Tyre, Mrs. F. J. Harris, Mrs. Graceland Crowell and Miss Mary Margaret Houk.

## S. S. Class To Meet In Church Chapel

The T.E.L. Sunday School Class of the First Baptist Church will meet in the church chapel, Thursday afternoon at 3 o'clock. Mrs. J. A. Benson and Mrs. Ruby Hemerle will serve as hostesses.

One average serving of ice cream contains almost as much protein and calcium as one-half cup of milk.

*Gay Gibson goes places*

# Rotary Observes 55th Anniversary

The Sanford Rotary Club celebrated the 55th anniversary of Rotary International yesterday at its weekly luncheon. That's a long time for continuous civic service and world communities must be proud of these men who have kept at it during all those years.

Several speakers outlined the progress of Rotary and its aims and told how it has affected communities such as Sanford. Mort McDonald of DeLand, a former district governor of Rotary, said the club has been instrumental in improving personal, business and civic relations.

The Sanford club was chartered in 1921, giving it a 39-year run of civic achievement. Some of the projects it has supported are the blood bank, Boys' State, handicapped children's schools, Boy Scouts and other youth activities.

The local men have lived up to Rotary's motto—Service Above Self—and their good works surely are their own reward.

# MacLeish's Drama On Freedom Seems Too 'Preachy' For TV Screen

By FRED DANES  
NEW YORK (UPI) — Archibald MacLeish, that "angry young man" of American letters, invaded prime TV time Sunday night to deliver the smoldering message that is usually reserved for Sunday afternoon TV, Sunday newspaper supplements and, of course, the public utterances of another of our angry young men, Admiral Rickover.

It is a Leites's passion and a smoldering cry, "The Secret of Freedom," occupied NBC-TV "Sunday Showcase" spot. It related a community's rejection of a "better schools" program to the great debate of our post-World War II era: What is the secret of our nation's purpose?

"Secret" was more concerned with addressing itself to that question than it was in telling a story. I found, in fact, that the production was awkward and plot-lessly unconvincing. If the "message" was less preachy and more implicit, it might have had greater impact. If an unknown playwright had submitted this manuscript, it would not have passed the first reader's desk, in terms of TV plays.

But this wasn't the work of an unknown. MacLeish happens to be a man of magnificent eloquence. He is incisive, outspoken and persuasive. And he brings a point of view to his work and the TV medium that is of great importance.

The secret of freedom, says MacLeish, is each man's courage to believe in himself, his community and his country's future. He tells us that this courage is in short supply today, we must not abandon it. It will again become abundant — provided those relative few who have courage to speak keep plugging away.

MacLeish's sermon on Mount Holly, N.J. — where the production was filmed — punched its message across by utilizing the technique of sending a lost soul out on a self-imposed voyage of spiritual discovery. In this case, the wanderer is a fellow named Joe. Disturbed by the school program's rejection in a referendum,

# WASHINGTON CALLING by Marquis Childs

UNITED NATIONS, N. Y.—The authority that resides in the great cube of glass and steel thrust up beside the East River is as intangible as the hopes in men's hearts. No missiles, no planes, no bombs, no tanks, yet again and again the authority of the United Nations has been used to keep the peace in a world torn by the fiercest disensions.

The newest threat to peace seems for the moment to defy that authority. Specifically it is the peace-making powers of Secretary-General Dag Hammarskjöld that are under challenge, and some of his persistent critics are ready to count him out. During his years as head of the permanent organization Hammarskjöld has enlarged the U.S. potentialities for keeping order in a time of disorder and revolution.

Granted the new threat is a tough one — the old hostility of the United Arab Republic and Israel in a seemingly insoluble form. Repeated border incidents and reports of extensive Egyptian mobilization have resulted in a complaint by Israel to the Security Council against "warlike threats." So cautious in public, bold and resourceful in private, Hammarskjöld in his latest press conference said the situation was "deteriorating."

While the big powers would currently like to ignore it, so cautious in public, bold and resourceful in private, Hammarskjöld in his latest press conference said the situation was "deteriorating."

For the Israelis, however, it is less vital a matter to rely on subtlety. To prosper, Israel must become a Middle East Switzerland, trading in goods of high quality. With the Arab boycott and the competition in Europe the ready markets are in Africa and Southeast Asia. That means continuing an uninterrupted passage through the canal for the long future.

On their side, the Egyptians have been saying that when Israel lives up to the agreements of 1949-50 to repatriate the Arab refugees perhaps it will be time to say that Israeli ships may go through the canal. These are the iron rigidities against which hopes of a settlement have been repeatedly dashed.

Hammarskjöld intimated at this press conference that it might be necessary to go to the Security Council with the problem. His critics took this as a signal of defeat

# Quotable Quotes

LONDON — Anthony Armstrong-Jones' cleaning woman, commenting on his engagement to Princess Margaret:

"Princess Margaret will have to persuade Tony to be tidier — he used to let his place get into an awful mess."

WASHINGTON — A Senate elevator operator working a 20-hour shift, discussing the possibility of an around-the-clock civil rights filibuster:

"I've got my toothbrush and coffee jug. I'm ready."

SACRAMENTO, Calif. — Caryl Chessman, in a 13-page letter to Gov. Edmund G. Brown, urging that he be excluded from a capital punishment repeal bill if such a step would aid the bill's chances:

"First... I can and do, without theatrics, offer them my life."

# WAILING PLACE

WASHINGTON — One relief which President Eisenhower will enjoy on his tour of South America will be his escape from a running verbal battle with press conference correspondents.

Probably no chief executive in our history has tight-roped the brink of impatience as much as has Ike at the past three White House press meetings.

The questions have been rough. They've been cutting. And some few at times shrank in leather. But their points hit their mark.

Ironically, it is a president's privilege to avoid altogether the calling of press conferences. However, like asking for punishment, Eisenhower has held the meetings regularly. In fact, his last two press conferences were only six days apart.

Theme of the needle barrage has been: the president's complacency on national defense.

I thought his emotional outburst earlier in the month was unsurpassable by him. This was when correspondent Sarah McClendon asked him whether he hadn't "kissed off" defense adequacy. The president, bellowing toward a volcanic explosion, snapped: "Are you asking a question or making a speech?"

# ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON — One relief which President Eisenhower will enjoy on his tour of South America will be his escape from a running verbal battle with press conference correspondents.

Probably no chief executive in our history has tight-roped the brink of impatience as much as has Ike at the past three White House press meetings.

The questions have been rough. They've been cutting. And some few at times shrank in leather. But their points hit their mark.

Ironically, it is a president's privilege to avoid altogether the calling of press conferences. However, like asking for punishment, Eisenhower has held the meetings regularly. In fact, his last two press conferences were only six days apart.

Theme of the needle barrage has been: the president's complacency on national defense.

# WORRY CLINIC by Dr. G. W. Crane

ANNO'S complaints are shared by every one of you readers at some time or other. And they are not just a symptom of the female sex, for men spend those worried, too. You'd save millions of dollars each year on patent medicine if you'd use the booklet below and learn to live like a lion instead of a timid sheep.

CASE D-487: Anne D., aged 42, is a high school teacher.

"Dr. Crane," she began fearfully, "am I losing my mind?"

"For I see spots floating in front of my eyes when I look at the sky."

"And I have a ringing in my ears at night that prevents my falling asleep."

"In fact, I have often lain awake for hours just because of this constant din in my ears. It sounds like crickets chirping."

All of you readers can see spots before your eyes if you gaze blankly at the sky.

They may float across your vision. Most people ignore them because of greater interest in nearby persons or things.

So it is entirely normal to see spots! Don't get self-hypnotized by concerns over them.

And the same is true of the crickets that seem to chirp if you happen to pay attention to your own ears.

If you have ever used a rural telephone system, you may be aware of the hum and constant noise inherent in the telephone system itself.

Sometimes it sounds so loud you doubt if you will be able to hear your party at the other end of the line.

But as soon as your girl friend gets on the line, your attention shifts to the dialogue and you forget the humming.

Well, the same thing occurs with all of us if we focus attention on our ears as such. We then magnify the normal hum and crackling or cricket sounds in our hearing machinery.

Sometimes, it is true, anemia or low thyroid secretion may help intensify these noises, but they are

Oil was struck on Jan. 10, 1901, at Spindletop, Texas. The great Lucas well came in with a roar, according to the American Petroleum Institute. At its peak, it produced 100,000 barrels a day.

# Covington Covers Sports

By JERRY COVINGTON

The Seminoles are hard at work this week and are anxiously awaiting the departure time for their trip to Ft. Pierce for the district tournament.

Sanford drew a bye in the first round of the tourney that gets underway Wednesday and they will face the winner of the Stuart-DeLand game Thursday at 9:45 p. m.

Cocoa is in the Sanford bracket of the tourney and it is pretty well established that these two teams will be meeting Friday night in the semi-finals. If the Seminoles are able to outrun a giant-sized Tiger team that is headed by sharpshooting Danny Tharp, they will probably get a shot at Seabreeze, seeded in the number one spot in the other bracket.

The Seminoles closed out their finest regular season in the history of the school here last Friday when they rolled over New Smyrna. An 18-2 record is a great year in itself, but now all eyes are focused upon the Seminoles to see if they are able to upset two of the most highly touted teams in the entire state.

With such players as Jim Gracey, Ray Lundquist, and Terry Christensen in there to make points and Doug Tamny and Cowboy Oravets to handle the rebounding, they should be able to give anyone a run for their money even if they aren't successful enough to outlast them.

Both Seabreeze and Cocoa are loaded with height and good shooters so the Seminoles are counting on their full court press and their fast break to completely knock them off balance.

The type of ball that the Seminoles play has a strange way of making a good team lose all of its poise. A good example of this was in the Winter Park game. The proud Wildcats came prancing on the court and before long the Seminoles began their "gnat slapping" and the Parkers completely lost their poise.

Actually, Coach Layer and Dick Silvers dubbed this type of defense as "gnat slapping" last season for this is exactly what it looks like they are doing. Two of the most outstanding "gnat slappers" on the Seminoles are Lundquist and Christensen. They go into their full court press and immediately they begin clapping their hands and jumping up and down. It gets results for those youngsters have stolen more basketballs than anyone outside of jail.

The word, "color" doesn't begin to describe the Seminoles this year because they thrill everybody who sees them on the court with their unusual type of play. Even if they don't make it past their tough opponents in the tourney, you can bet that the fans will long remember them.

## Greyhound Club Opens Concerted Drive For Needed Advertising Funds

A concerted drive to get needed funds for the Sanford Greyhound Club is under way. The drive was started yesterday, Drive Chairman W. Kenneth McRoberts reported.

Letters went into the mails, he said, to all firms who purchased

## Election Meeting Scheduled Tonight

A meeting of the Sanford Greyhound Baseball Club Inc. will be held at the McRoberts Tire Co. office at 8 p. m. today, with election of 1960 officers, and a detailed report by General Manager Peter Schaal of club progress to date, as principal items of business.

## Oscar Leaves Fans Cheering

United Press International Champs leave 'em cheering, and that's how the "Big O" said goodbye at Cincinnati.

Playing his final campus home game for the University of Cincinnati, Oscar Robertson ripped off 43 points Monday to pace a 110-84 rout of Tulsa and assure Cincinnati of at least a tie for the Missouri Valley Conference championship.

A crowd of 2,138 gave Robertson and his mates a standing ovation at the end of the game in tribute to one of the most amazing careers in court history. Robertson has one road game and one Cincinnati Garden game left in the regular season before leading Cincinnati into post-season competition.

fence sign and scoreboard space last summer, inviting them to again join with local sponsors in providing the city with baseball this summer.

"Half of our 24 sign spaces are sold," he said, "and we are most hopeful that our 12 other 1959 advertisers will come forward as enthusiastically as did the first 12. Our general manager will call upon them all this week to present one of the most unusual promotional programs I've ever seen, a program that cannot help but fill our park throughout the season."

Those that have already have renewed their fence sign support are: Boyd-Wallace Insurance Co., B. L. Perkins and Son, Mrs. Appleby's Restaurants, Lake Monroe Inn, Sanford-Atlantic National Bank, Sistrum Real Estate, Florida Power and Light Co., George's Tavern, Sanford-Orlando Kennel Club, Florida State Bank, McRoberts Tire Co. and Odham-Tudor.

"Each fence advertiser," McRoberts said, "will be honored with a special 'night' during which all their employees will be guests of the Greyhounds at a game in which several surprise features will be presented."

Meanwhile, from Kansas City came word Sunday that players assigned to the Sanford team will report to the Athletics' minor league training camp at Pensacola on March 16 for a full month of training. The squad of 30 men, headed by Manager Robbie Robertson, is due in Sanford about April 17, two days before they open the 1960 season in Leesburg against the Baltimore owned Leesburg Orioles.

## Set Baseball Site

KANSAS CITY, Mo. (UPI)—The National Association of Intercollegiate Athletics announced Monday that its fourth annual baseball championships will be held in Sioux City, Iowa, June 8-10.

## Three Top Coaches Resign Cage Posts

United Press International Three resignations, all jammed within two hours, left the San Francisco Bay area shorn today of some of its top-notch basketball coaches.

The biggest jolt was turned in by Pete Newell, low-chewing strategist for California's top-ranked Golden Bears, who announced Monday that he would quit the post after this season to become the school's athletic director.

Scarcely had Newell given his reasons for "staying as far away from the bench as possible" than the University of San Francisco announced that Phil Woolpert would not return. The Don's famed strategist took a year's leave of absence on Nov. 22 and now is director of sales and public relations for a local vending machine firm.

Then came news from San Jose State that Walt McPherson was stepping down after 17 years as the Spartans' coach.

## Seminole Golfers Topple Cadets

Seminole High golfers started the season on the right foot last week as they toppled Florida Military School, 21-0.

Medalist for the Seminoles was Bob Gleason with 83.

Other members of the Sanford team were Richard Roth, Ed Hamilton, Bill Fouk and Ladd McCoy. The play against FMS was held at the Mayfair Golf Course.

## Rare 'Double'

NEW YORK (UPI)—Dick Engelbrink of Penn State will attempt a rare "double" in the ICA indoor track championships at Madison Square Garden Saturday night when he runs in the 1,000-yard and the three-mile events. Red Delany is the only runner ever to win both events on the same program. He achieved the double twice, in 1957 and 1958.

**BOWLING CHAMP A. K. Shoemaker Jr. (center) is crowned by Jet Bowling Lane Manager John Spolski, left, Sunday after he took top honors in a special kegler match among local officials at the grand opening of the new alley. Congratulating Shoemaker is Jet Lanes Corporation President F. Stabinsky. Over 1,000 persons attended the grand opening ceremonies. (Herald Photo)**

## Pennant Winning Chisox Face Problem With Holdouts

United Press International The Chicago White Sox, who won their first pennant in 40 years last season, today were leading the American League in another department.

Seven players were listed as holdouts when the White Sox held their first full-scale drill Monday at their new Sarasota base.

Heading the list, as usual, was Minnie Minoso, a perennial spring "rebel" who was re-acquired by the White Sox from Cleveland in an off-season trade. The other Chicago holdouts were pitchers Turk Lown, Stover McWhain, Dick Donovan and Joe Stanka, center fielder Jim Landis and utility infielder Billy Goodman.

The White Sox, as defending AL champions, anticipated trouble in their contract negotiations but the Baltimore Orioles, who finished sixth last year, had six potential holdouts when their full speed reported today at Miami.

The unsigned Orioles were out-

fielders Gene Woodling, Al Pilarcik, Albie Pearson and Willie Tasby, and infielders Billy Klaus and Ron Hanson.

The New York Yankees, too, were having trouble lining up some of their top stars. Veteran relief pitcher Hyne Duren and outfielder Roger Maris, acquired in an off-season trade with the Kansas City Athletics, held fruitless day-long conferences with assistant general manager Roy Lamey Monday.

Both Maris and Duren reportedly were waiting until the Yankees settle their salary dispute with Mickey Mantle, who claims he won't leave his Dallas home until the club meets his terms. The slugging outfielder received an estimated \$78,000 last year and the Yankees want to cut at least \$5,000 from that figure.

Among National League teams, the Milwaukee Braves have eight

unsigned players. Lew Burdette, Juan Pizarro, Don McMahon, Joe Adcock, Felix Mantilla, Johnny Logan, Bobby Avila and Wes Covington will be classified as holdouts if they do not come to terms when full-scale workouts begin Saturday.

The Detroit Tigers finally signed outfielder Al Kaline for an estimated \$40,000 and infielder Frank Bolling for about \$20,000 Monday. But they opened their drills today with such stars as Harvey Kuenn, Charley Maxwell and Frank Lary among the missing.

Other prominent major leaguers still unsigned included Bob Allison and Jim Lemon of the Washington Senators, Ned Garver of the Kansas City Athletics, Valmy Thomas of the Philadelphia Phillies, Orlando Cepeda of the San Francisco Giants, and Sammy White of the Boston Red Sox.

## Pete O'Leary, Top Choice In Race

Pete O'Leary, a coal black greyhound who was expected to complete one of the top records at Sanford-Orlando Kennel Club this season, is favored to find the victory path in tonight's featured Grade-A ninth encounter.

The solid 62-pounder gets the popular one-box for the feature and he's rated a 5-to-2 choice by morning line odds.

The top-grade ninth race will highlight a 10-event schedule starting at 8:10 p. m.

A strongman from the Race Street Kennel, Pete O'Leary has managed only two victories this season but he's continually been matched against the best at the oval and he's turned in some of the most exciting performances of the year. From the first position, railbirds think he'll be hard to beat.

Two feat products of the Oswald Brothers Kennel also are slated in the hot feature and all five other greyhounds make the field evenly matched.

## Jordan May Defend Title Soon

LOS ANGELES (UPI)—Well-timed champion Don Jordan's first defense of his crown since last July appears to be close at hand today.

Matchmaker Teddy Brenner announced in New York Monday night that arrangements were nearing completion for Jordan to meet the winner of a March 18 battle between Federico Thompson, of Argentina, and Benny (Kid) Parcel, of Cuba.

Parcel and Thompson, who kayoed Jordan last December when the pair met in Buenos Aires, Argentina, will trade punches in Madison Square Garden in a 12-round bout.

Brenner said the winner would challenge Jordan in a Las Vegas, Nev., match, probably June 10.

The way for the title bout was cleared for Jordan Monday when the California Athletic Commission gave him a clean bill of health and the NBA withdrew a threat to vacate his title.

## Palmer Favored In Pro-Am Play

BATON ROUGE, La. (UPI)—A field of 176 pro and amateur golfers swarmed out onto the cold, wind-whipped Sherwood Forest Country Club course here today in a pro-am tourney preceding Thursday's \$15,000 Baton Rouge Open.

Arnold Palmer heads the contingent of 44 professionals scheduled to check in here as the next stop on the PGA winter circuit.

The pro from Ligonier, Pa., is fresh from winning the \$20,000 Texas Open at San Antonio.

## California Holds Lead In Cage Rating Poll

NEW YORK (UPI)—The California Bears led the runner-up Cincinnati Bearcats by 18 points today in the next-to-last United Press International major college basketball rating of the 1959-60 season.

The 35 leading coaches who rate the major schools for UPI gave the defense-conscious Bears 22 first-place votes and 334 points. They gave the Bearcats nine first-place votes and 318 points.

The coaches, who based their latest ballots on games played through last Saturday, will vote for a regular-season national champion after next Saturday's games.

Ohio State, which has an outside chance of leading the final balloting if the two top-ranked teams stumble badly this week, was third with three first-place votes and 281 points. Bradley was fourth with 214 points and Utah was fifth with the remaining first-place vote and 191 points.

West Virginia remained sixth with 151 points. Utah State received 70 and Georgia Tech eighth with 62. North Carolina was the only newcomer in the top 10, mov-

ing from 12th to ninth with 81 points for its first appearance in the select group since Dec. 14.

Villanova, beaten last week by Wake Forest and St. Joseph's (Pa.), slipped from ninth to 16th with 50 points. Texas A & M dropped from 16th to 18th because of losses last week to Texas Tech and Southern Methodist.

St. Bonaventure advanced from 13th to 11th to head the second 10 group. St. Louis was 12th and two New York City teams, St. John's and New York University tied for 13th. Texas, Auburn, Wake Forest, Texas A&M, Dayton, Kansas and Providence followed in order. Kansas and Providence tied for 20th.

## Phoenix Golf Site

DUNEDIN, Fla. (UPI)—Phoenix, Ariz., has been selected as the site of the Professional Golfers' Association 44th annual meeting. Details of the Nov. 18-19 event will be worked out by John Reuter Jr., of Phoenix, president of the PGA's southwest section, and the PGA executive committee.

**Negro Woman Shot In Leg By Husband**

A Sanford Negro woman was taken to Seminole Memorial Hospital with gunshot wound in her leg Saturday night.

Hattie Peoples, 21, said her husband, Bishop Peoples, shot her, according to police reports. Bishop Peoples was arrested Saturday night for brandishing a fire arm in a threatening manner, discharging firearms within the city limits and assault with a deadly weapon. The shooting took place at 608 E. Ninth St.

ROTARY'S 55TH ANNIVERSARY was celebrated at a Civic Center luncheon Monday. Eighteen past presidents of the Sanford Rotary Club attended the birthday meeting. Incumbent Sanford Rotary President Sonny Powell welcomes Mort McDonald of DeLand, a past Rotary district governor, as Walter Haynes and F. E. Roumillat look on. Haynes and Roumillat are charter members of the Sanford Rotary Club founded in 1921. From the left are Haynes, Powell, McDonald and Roumillat. (Herald Photo)

### Sanford Rotarians Get Plaudits At 55th Anniversary Luncheon

Sanford Rotarians deeds prove the worth of their club, George Touhy said on the 55th anniversary of Rotary International, Monday. Support of boy scouts, help for a children's home in Jacksonville, support for the Seminole County Blood Bank, annually sending a boy to Florida Boys' State and annual contributions to the Orlando Forrest Park school for handicapped children proves Sanford's Rotarians really get the job done, Touhy said. Touhy, Sanford Church of the Nazarene Pastor Robert Spear and former District Governor Mort McDonald told Sanford Rotarians, including 19 past presidents of the Sanford club, of Rotary's achievements. Touhy stressed Rotary's motto of "service above self."

### One-Day Girdle Breather Urged

NEW YORK (UPI) — It's a mistake to expect a girdle to be a bulwark against the figure's creeping inflation, warns the head of a firm that makes the garments. "Walter Stein doesn't advocate an end to girdle-wearing, however. He suggests one day a week sans girdles—but only if that day is spent in keeping the figure in good shape on his own. "Taking a weekly breather," he said, "gives a woman a chance to reflect realistically upon her natural assets and liabilities. A self-improvement day like this can go a long way toward helping shape the American woman's figure. "A girdle will never replace a sensible diet, good posture and a consistent program of exercise in the figure control department."

CPL. PHILIP A. BYRD, son of Mr. and Mrs. Harry Byrd Sr. of Sanford, is now stationed at Kabul, Afghanistan with the Marine Corps. Byrd, recently completed his basic training at Camp Lejeune, N. C. and served as a rifle coach at Parris Island.

### Former FBI Agent Who Helped Nab John Dillinger Takes Own Life

FLORENCE, S.C. (UPI) — John Dillinger, the notorious bank robber who eluded numerous traps set by law enforcement agencies in the early 1930's never had a chance to come face-to-face with the man responsible for his one-way ticket to the morgue. If Dillinger had, he probably would have been shocked. The FBI agent credited with setting the trap that resulted in Dillinger's death was 5-foot 7-inch, 127-pound attorney by the name of Melvin Purvis. Purvis, who had become agent-in-charge at Chicago in 1932, disclaimed credit for ending the infamous career of America's public enemy No. 1 near a Chicago movie house on the night of July 22, 1934. Dillinger was shot to death as he tried to escape from FBI agents.

### DeBary Firemen Thank Supporters

The DeBary Volunteer Fire Department today thanked those who were instrumental in making their eighth annual dance a successful event. They extend special appreciation to the business houses which donated door prizes. Sanford businesses included the Winn-Dixie Stores, Dick Maps, Sanford Linoleum and Tile, Barry's Warehouse, Mother of Sanford, and Food Fair. In DeBary the following merchants donated door prizes: Redman's Barber Shop, Keston's Station, Blond's Shell Station, Murr's Standard Oil, Colonial Oil Co., Jackson's Pure Station, Stripes Superette, LaRoy Hardware, Peterson's Gift Shop, DeBary Pharmacy, Lederhaus' DeBary Radio, Stanley Stroud Electric, and Western Auto.

### Pinecrest Introduces Teachers

Here are two more members of the Pinecrest Elementary school faculty, being introduced as part

of the P-TA program of urging closer association between parents and teachers at the school.

FREEMAN BAGGETT has the distinction of being the only man on the Pinecrest Elementary School faculty. A native of Cross City and a graduate of Dixie County High School, Baggett lists singing, gardening and woodworking among his hobbies. He has a bachelor of science and a master of science degree from Florida State University. Baggett has traveled through most of the United States and Mexico. He and his wife, Rita, have two girls, Kaye, five; and Sue, 3 1/2.

MRS. RUTH LONG holds the keys to knowledge as Pinecrest Elementary School's librarian. Educated at New York State Teacher's College and at the University of Alabama, Mrs. Long is trained as a librarian at all levels and as an elementary school teacher. Her hobbies are painting, reading and stamp collecting. She and her husband, Fremont, have two daughters, nine and ten years old. Mrs. Long hopes some day to take a trip to Europe.

### Finch's Maid Back On Stand

LOS ANGELES (UPI) — The defense for Dr. R. Bernard Finch rips again today into the testimony of Swedish maid Marie Anne Lidholm about the struggle preceding the death of the doctor's wife.

Miss Lidholm, 19, and "prouty as they grow them in Sweden," is the most dangerous witness in the 68-year-old surgeon had in his trial with Carole Tregoff, 23, for the alleged murder of Barbara Finch.

Grant Cooper, Finch's lawyer, pinpointed 11 discrepancies in her story Monday and was set today to emphasize what he thinks may be a key to the case.

That consists of the two varying stories of whether Finch had a gun in his hand when he ran out of the Finch garage after his wife the night of July 18. She was found shot in the back. The defense says the fatal injury came after a struggle for a gun first held by Mrs. Finch.

Cooper said Monday he thought Miss Lidholm was doing her best to tell the truth. But she was more sympathetic toward Mrs. Finch, he said, and open to the "power of suggestion." Cooper said the jury was duty bound to accept reasonable explanations of actions by Finch that might have been innocent. He said they also had to find the surgeon guilty beyond reasonable doubt. "Reasonable doubt is like love," he said. "You can't define it but you know when you've got it."

### Wily Senator Assured Of Vote

PROVIDENCE, R. I. (UPI) — After a campaign rally one evening, 92-year-old Sen. Theodore F. Green (D-R.I.) got into a cab with a friend, as they reached their destination, the senator paid the driver. "Well, there's one vote I can count on," remarked Green as the cab pulled away. Asked why, he explained: "I didn't tip him and I told him to vote Republican."

### New York Gamblers Aghast; Get Jail Instead Of Fines

NEW YORK (UPI) — The guys didn't get back to their dolls today. The gamblers' merry-go-round broke down.

Most gamblers arrested in New York City got released on bail, plead guilty in court and are given a sentence which can be paid by a fine.

A ride on this legal merry-go-round puts them right back in business, although they have had to lose a few gold rings into the state coffers.

But the new presiding justice of the court of special sessions, John M. Murtagh, reversed the odds Monday. He sentenced six gamblers to jail terms, more than probably had been jailed in gambling courts in the past year.

"That man on the bench is nuts," one merry-go-round rider was heard to whisper to his attorney.

"The honeymoon is over," an attorney was heard to murmur. Murtagh said he just happened to be sitting in gamblers court because another justice was ill. He was asked if he would institute a harder policy on gamblers than before.

"Res ipsa loquitur (the thing speaks for itself)," he replied with a smile and left the bustling courtroom.

### Advice Unappreciated

HARTFORD, Conn. (UPI) — James L. O'Brien was acquitted after being arrested by a policeman to whom he gave advice. The officer had stopped to unseat a traffic jam and O'Brien's advice was: "Officer, you could expedite traffic by moving your arse."

# Mrs. Walker To Run Again

Mrs. Mary Earle Walker announced today that she will be a candidate for tax assessor, the post she formerly held.

Mrs. Walker issued this statement:

"I wish to announce my candidacy for re-election to the office of assessor of taxes for Seminole County subject to the May 3 Democratic primary.

"I had been employed in the assessor's office since 1933 and I served as assessor from Jan. 2, 1937, to Sept. 26, 1938, at which time I was removed from office on a charge of incompetency and neglect of duty, although the facts were that I had 26 years of con-

tinuous, efficient and faithful service in this office.

"The office of tax assessor is a constitutional elective office with its own responsibilities and obligations to the people. There is no substitute for experience.

"During my term of office I was making progress in revaluing property on a sound, stabilized basis. If I am re-elected to the office, you can be assured that I will make every effort to adjust any unfair assessments which now exist and give you the same prompt, efficient and courteous service which I have rendered in the past.

"I will gratefully appreciate your efforts in returning me to the tax assessor's office."

MARY EARLE WALKER

## 14 Die, 60 Hurt In Train Crash

**BAKERSFIELD, Calif. (UPI)—** A crack Santa Fe passenger train carrying 83 persons buckled like a tin toy Tuesday night when it slammed into a loaded fuel oil tanker-truck. Burning oil spread over the train, contributing to the heavy loss of life.

At least 60 persons were injured, 40 of them seriously enough to be hospitalized. Fourteen bodies have been re-

moved from the gnarled steel that once was a gleaming streamliner. Deputy Coroner John Ross said he believed that number would stand as the total death toll but could not be positive until every shred of wreckage had been checked.

Railroad crews began replacing sections of the twisted rails to clear the line for traffic. Flames from the fiercely burn-

ing fuel oil shot 100 feet into the sky and crackled for more than two hours before they could be subdued.

Many of the dead were trapped by the mangled wreckage and claimed by flames.

The San Francisco-to-Chicago "San Francisco Chief" had 11 passenger cars and was traveling between 75 and 85 miles an hour at impact, according to train

attendant Edgar Pollard of Chicago. Nine of the cars were derailed or overturned, several of the front cars rose piggy-back style atop each other.

Rescuers using acetylene torches and cranes had to work through the pre-dawn hours under the garish light of flood lamps to cut loose bodies from the mangled and charred wreckage.

There were 72 passengers and 11 crewmen aboard, with crewmen in the engine and passengers in the front cars numbering most of the dead and seriously injured. Screaming passengers tried to claw their way through the wreckage to escape the deadly flames. Once the fire was put out, cranes went into operation, gently lifting the twisted cars for removal of the bodies.

## 11 Qualify For County Races

ED ZIMMERMAN  
Zimmerman Enters Commission Race

Edward L. Zimmerman of Lake Mary qualified Tuesday to run for county commissioner from District 3.

Zimmerman, 50, has been an active member of the Lake Mary Chamber of Commerce, the Lake Mary Volunteer Fire Dept., the Seminole County Firemen's Assn. and the Lake Mary Community Presbyterian Church. He has lived in Lake Mary 12 years.

He owns an orange grove and has property rented for business in Seminole County. Zimmerman is married and is the father of three sons, Elaine Gille, Marjorie, and Robert L. Zimmerman, Esplanade Heights, Md. (News of the candidates for state offices on Page 4.)

State Reps. Mack Cleveland Jr. and Gordon Frederick and three incumbent judges from the Seminole County Judicial circuit are unopposed for re-election. Qualifying for the state posts ended at noon Tuesday.

Cleveland has served four terms in the legislature and Frederick two.

The unopposed circuit judges are Volie Williams Jr., Vassar Carlton and William Akridge.

The legal lid on campaigning for county office came off at noon Tuesday as seven candidates qualified for some of the 20 offices that will be on the ballot this year. Candidates now can begin circulating literature, making speeches and spending money to foster their campaigns.

Four candidates qualified as of noon today including incumbent Sheriff J. L. Hobbs.

The first in line to qualify Tuesday was James Avery seeking the District 3 commissioner post. Others who qualified Tuesday were Ed Zimmerman for the same post; T. V. Brown, running for the District 1 commissioner post; W. D. Bridge, for constable in the Sixth District; Arthur Beck with Jr. for Circuit Court Clerk; incumbent George Kelsey for the District 3 Constable post and J. D. Cordell for the District 1 commissioner post.

HOMER LITTLE  
Little Announces For Re-Election

Homer Little, present county commissioner from District 5 announced today that he will be a candidate for re-election in the May primary.

"It has been a great privilege and an enlightening experience to have served as a member of the Board of County Commissioners for the past three and one-half years, and I am very proud of the small part that I have had in helping the county to progress to where it now ranks fifth in the state growth," Little said.

"I am also proud of the sound economy of the county government operation as this year Seminole County is operating on the lowest millage in the state, and I feel sure that next year we can operate on even lower millage.

"I am interested in the progress of Seminole County and its people and feel sure that if we all work and pull together we can have the finest county in the state."

Little has been a resident of Seminole County for 32 years and has owned and operated his own business for 22 years.

His wife is a lifelong resident of Sanford, and they have one son, Bobby, a Little is a member of the First Baptist Church.

MRS. MAE SHEPPARD received a pin from Southern Bell Telephone Co. Orlando District Office commercial supervisor Marvin Coram at the Mayfair Inn Tuesday as she was honored for 35 years service with Southern Bell since 1925. The Lake Mary resident was the first and only business representative in the Sanford Southern Bell office in 1929. Mrs. Sheppard is now the veteran among seven business representatives in the Sanford office. She is married to L. T. Sheppard and is a member of the Lake Mary Presbyterian Church, the Business and Professional Women's Club and is a former worthy matron of the Eastern Star. (Herald Photo)

## South Loses 3 Rights Votes

WASHINGTON (UPI) — Outnumbered southern foes of civil rights legislation lost three lopsided votes today as the Senate plodded into its third day of around-the-clock debate.

However, the southern senators continued to hold the floor throughout the marathon struggle and showed no signs of abandoning their efforts to either defeat the measure or possibly water it down drastically.

At 10 a. m. the fight had been going on continuously for 48 hours except for a 15-minute recess.

The three roll call votes came before sunrise this morning.

Two southern moves to recess the Senate were overwhelmingly defeated. The Senate then by a 64 to 36 margin killed a southern proposal which would have specifically sanctioned statements advocating use of "all legal means" to oppose integration.

A few hours later, Sen. Sam Jones, arrangements committee vice chairman, said the president will probably fly here for the opening session that morning and return to Washington in the afternoon.

**Ordnance Rejected**  
TALLAHASSEE (UPI) — The Supreme Court today refused to throw out a Daytona Beach ordinance prohibiting signs advertising the rates at tourist facilities.

The case was brought to the high court by Lafayette A. Johnson, owner of a motel in the city. He charged the ordinance was "unconstitutional, arbitrary and unreasonable."

**Private Club**  
JACKSONVILLE (UPI) — New owner Roland Hurley said today Brentwood Golf Course will be opened as a private club for whites only March 10. Hurley purchased the course from the city for \$600,000. The transaction was completed Monday. Hyde Park, the other course formerly owned by the city, opened this week under private ownership, to avoid integration.

**Stampede Kills 12**  
YOKOHAMA, Japan (UPI) — Twelve persons were killed and 13 were injured Wednesday night in a stampede to enter Yokohama's civic auditorium for a concert. The accident occurred when doors for a program featuring singer Chiyoko Shimakura were opened. Police estimated a crowd of 6,000 was waiting to get into the auditorium which has a seating capacity of 3,500.

**Earthquake Toll At Least 2,000**  
AGADIR, Morocco (UPI) — French Army bulldozers pushed through the rubble of this dead city today, scraping out wide paths for the mass burial of the hundreds and perhaps thousands who died in a 10-second earthquake that turned Agadir into a hell.

A stream of U. S. and French Air Force planes flew in doctors, nurses, supplies and medicine and took out the injured in mercy operations rivaling the Berlin airlift. Almost every nation in Western Europe sent money, food, blankets for the victims of the cataclysm that killed a sleeping city.

There still was no official figure for the toll of dead and injured in this city that is now as silent as Pompeii when it was smothered by Mt. Vesuvius. Moroccan Crown Prince Moulay Hassan put the toll as high as 5,000. The French press agreed the death toll would reach 2,000.

The Moroccan government ordered the 40,000 to 45,000 residents to evacuate Agadir, a resort city, on the southern Moroccan coast, but already long lines of refugees were streaming out of the city toward the open spaces, fearful of the return of the horror that struck in the night.

The earthquake was followed by a tidal wave which surged over the fashionable beach resorts and daisy fishermen's shacks in a nightmare of green, swirling water. Fire completed the devastation.

**Postoffice Site Survey Planned**  
A survey team from the General Service Administration is expected to be in Sanford within the next two weeks to look over proposed sites for the new Sanford postoffice.

A spokesman for the sites committee of the Chamber of Commerce said today the GSA regional office in Atlanta notified the group that the survey team will inspect the proposed sites designated by a group of Sanford businessmen.

## Personal Property Returns Required

The Assessor Richard McCanna today emphasized the need for all residents to file personal property tax returns by March 31.

McCanna said returns must be filed with the assessor's office on all "intangible" personal property used for business purposes. The returns should be classified as business inventory, fixtures, equipment and machinery.

Furnishings of rental property must also be filed by landlords or owners of such property.

McCanna stressed that the filing of all tangible personal property tax returns is mandatory.

Household goods, clothing and personal effects are considered a special class of personal property under Florida statutes, McCanna pointed out.

The tax assessor explained their value is "very difficult" to ascertain by comparison, and has been found to be more equitably assessed when scheduled in proportion to the value of the dwelling in which they are contained.

## Cordell Seeking District 2 Post

J. D. Cordell, former Seminole County sheriff and one-time mayor of Sanford, today announced he will be a candidate for the County Commission District 2 seat.

Owner of the Willy Jeep agency and used car lot in Sanford, he has lived in Sanford 24 years, and with his wife and two sons, resides at 2425 Elm Ave.

Cordell said in announcing his candidacy that he felt that the many joint meetings of the City Commission had with the County Commission during his three years on the city board and his tenure as sheriff made him familiar with county problems.

Cordell added that he felt his background of city and county government service has given him an understanding of the problems we are facing in a fast growing community, and qualifies him to seek the county board post.

## Vote Registration Deadline April 2

County residents have until April 2 to register to vote in the May Democratic primaries scheduled and the general election in November.

Supervisor of Registration Camille Bruce said the registration office in the Chamber of Commerce Bldg. will be open from 9 a. m. to 5 p. m. Monday through Friday and from 9 a. m. until noon Saturdays, starting Friday through April 2.

Voting registrars are taking the rolls around the county and will be at the Florida Power lounge at Bear Lake today and Thursday from 2 p. m. to 9 p. m. Mrs. Bruce reported 284 names were added to the rolls in Altamonte Springs Monday and Tuesday.

## Birth Anniversaries 4 Years Off For 2

A boy and girl born at Seminole Memorial Hospital Tuesday won't have a birth date anniversary until they are four calendar years old.

That's the way it goes when you're born Feb. 29. A son was born to Mr. and Mrs. Daniel C. Massey Jr. of Sanford while Mr. and Mrs. Willie Davenport of Sanford became the parents of a daughter.

## Police Report Shooting Of Dog

The wounding of a German shepherd dog here was reported to Sanford police today.

John A. Ellsworth, 129 Mayfair Circle, told police that someone shot his German shepherd dog in the top of one of his right legs about 2:20 a. m. today.

## Dutchman Freed

BOSTON (UPI) — An all-male jury today acquitted Dutch radio operator William Van Bie of all counts in the death of his party shipboard paramour. (Earlier story on Page 16.)

## Ike Gets Relaxed Uruguay Welcome

MONTEVIDEO, Uruguay (UPI) — President Eisenhower flew into Montevideo and probably the most relaxed atmosphere of his entire South American trip today. His arrival was marked by friendliness and an absence of tommy-gun-carrying troops as he has seen elsewhere.

The president's plane landed at Montevideo at 10:15 a. m. after a three-hour and 28-minute, 815-mile flight across the Andes from Santiago, Chile; where he did some plain talking and won the warm affection of the people.

Eisenhower was smiling and bouncy of step as he went through the airport arrival ceremonies here on the last leg of his "Operation Amigo" that has taken him to four South American countries in little more than a week.

He was greeted by officials headed by Uruguayan President Benito Nardone, son of an Italian immigrant who became leader of one of the most respected democracies in Latin America only Tuesday.

## Special Flood Control Board Session Expected

A plan to give immediate relief to residents in the south end of the county from flood and drainage problems is expected to be presented to the County Commission sometime this week, County Engineer Robert Davis said today.

Davis said he hopes to have the plan ready by Thursday or Friday and present it to the commission in the hopes a special meeting will be called Friday to start action on a giant drainage improvement program involving Seminole and Orange counties and Winter Park.

Governing bodies of the three areas have approved a \$372,960 program and engineers met Tuesday to discuss the project.

## Bank Building Sold For \$100,000

The Sanford Florida State Bank property was sold for \$100,000 Tuesday.

The bank property and building at First St. and Park Ave. were sold to Dr. and Mrs. Orville L. Barks and Mr. and Mrs. Frederick H. Williams, all of Sanford. The bank will lease the building until the new Florida State Bank, adjacent to The Herald building on W. First St., is completed.

Bank President T. E. Tucker said the bank plans to proceed immediately with plans for its new building. Barks and Williams have not decided on any lease of the present property after the bank moves. They said they bought the building for investment purposes.

Barks and Williams, the latter an engineer, started their commercial land investment partnership in 1946. They bought and still own the Palmetto Bldg., at Second St. and Palmetto Ave., which was an apartment building before they converted it into an office building.

They filed in the adjacent land north of the Palmetto Bldg. with stores and offices. There are seven firms in the building and three in the addition.

Barks and Williams also built and own four stores on the southeast corner of First St. and Oak Ave. They put up filling stations at 15th St. and French Ave. and at Ninth St. and French Ave. They also built the office on French Ave. now owned by McKee Motors.

They also own filling stations in Casselberry, DeBary and DeLand. Barks and Williams bought and improved the Avalon Bldg. at Second St. and Oak Ave. They have plans for an office building to be erected on Oak Ave. between existing stores on Oak and First and the Avalon Bldg. This is slated for completion by July 1.

## Two Injured In Auto Mishap

Two men received slight injuries when their car ran into a parked auto at 2400 Manville Ave. Tuesday.

James V. DeMaio, 19, of the Sanford Naval Air Station, received a bruised nose and knee and Hervey Hugo DeWitt, 36, suffered a nosebleed from the collision.

DeWitt, who was driving the car, hit a parked auto owned by Lillian Higgins Wight of 214 S. Summerlin Ave., according to Sanford police.

## Six Fire Truck Drivers Appointed

Six official drivers have been named for Longwood's fire trucks. James Reiter, John Farina, Claude Lavo, Dick Zarimann, Tyrus Hicks and Ken Imman are the only persons authorized to drive the town's two trucks without getting special permission from the fire marshal or town fire chief. Legal penalties will be enforced against anyone violating the declaration.

SIGNING THE SALE of the Florida State Bank property in Sanford are, from left, Fred Williams, Dr. Orville L. Barks, Mrs. Barks, T. E. Tucker, bank president; Mrs. Williams, C. Howard McNulty, bank vice president, and G. Andrew Speer, attorney in the transaction. (Herald Photo)
