

Johns

(Continued From Page One)
Johns said Collins "is merely displaying his ignorance of state governmental functions" in the discussion of the federal road money issue.

"Every dollar of federal aid that Florida can secure with matching funds is available to this state for the coming year in our \$100,000,000 road building program," he said.

"We are fully confident that the authenticated statement of W. A. Williams, auditor of the State Road Department, gives us sufficient basis financially speaking to proceed with our \$100,000,000 road program as we have heretofore outlined."

Williams said in a letter to former road Chairman Alfred McKethan that "there will be little or no primary state funds available for matching primary federal funds during the remainder of this year."

Later, he issued a statement emphasizing that federal funds unmatched this year will not be lost but may be used next year if the state can match them then.

Johns said in his Orlando statement "I want all the people of Florida to know that the peril to their homestead exemption is real and terrible under the Collins tax commission plan."

"A Tallahassee tax commission would be as far away from the people as the Russian secret police. I do not believe in putting such gigantic taxing powers in the hands of a central Tallahassee bureau. Charley Johns will fight this attempt to take over home rule with all his strength and power."

Collins

(Continued From Page One)
for a final check with campaign leaders around the state. Collins issued a statement declaring "It is clearly apparent that a strong reaction has set in against the acting governor because of his false and desperate campaign tactics in these closing days and hours."

"I confidently predict now that our margin of victory will be 25,000 votes or better."

He said "brazed campaigning by tax-paid state officials" also has reacted strongly against the acting governor. The people don't like this use of their own funds to support a political machine and are determined to put an end to it on election day.

"This feeling is not confined to certain areas. It is the same all over the state. Our position in North Florida is far stronger than in the first primary and our momentum in south Florida has gained more and more strength every day."

Collins addressed a telegram to St. Johns, Volusia, Flagler and Brevard County officials contending their proposed bond financed project for financing U. S. Highway 1 is jeopardized by failure of the Johns road board to "live up to commitments for state and federal aid."

He said if he is elected the road board he appoints will "show out" and use for such projects the "12 million dollars in federal aid funds" which the Johns board has "passed up" this year in an attempt to make a big showing for political purposes.

Negroes

officials will have certain administrative problems in transferring from a segregated to a non-segregated system," but added: "We will resist the use of any tactics contrived for the sole purpose of delaying desegregation."

Talmadge did not comment afterwards on the NAACP's plan for approaching local school boards. He did say, however: "The people of Georgia will know my views. As long as I'm governor of Georgia there will be no mixed schools. I am not interested in pleasing Communists at home or abroad."

Talmadge said on a CBS program yesterday that the state will not comply with the Supreme Court decision.

"It would take several divisions of troops to police every school building in Georgia and then they wouldn't be able to enforce it," he said.

Another defiant note came from Sea Island, Ga., where Leander Perez of Baton Rouge, La., declared that interracial marriages are the "ultimate objective" of the NAACP.

Perez, national director of the States Rights Committee, appeared with Georgia's Lt. Gov. Marvin Griffin on an MBS program. Both said the South will not accept the decision passively.

Jaycee Officers Will Be Installed

The Junior Chamber of Commerce is scheduled to hold a chicken barbecue at the Mayfair Inn County Club Thursday evening, according to Mrs. H. K. Ring, secretary.

To begin at 7 p. m., the affair will feature the installation of the group's new officers for the year 1954-55.

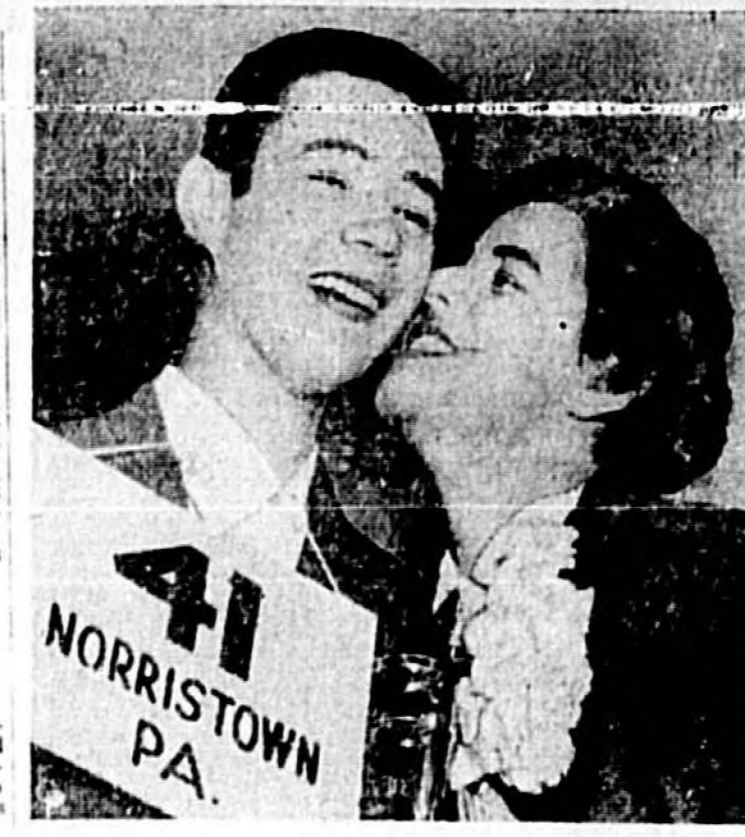

Charlie Johnson, president-elect of the state organization will attend and take part in the installation ceremonies.

Finish Renovation Of Well Houses

The City water department today reported that repairs and painting at the City's well head located on the Sanford-Orlando Highway, were completed this weekend.

The well houses have been painted with a long-lasting aluminum paint and repairs made where needed, according to City Manager Warren Kfowies.

The work had been scheduled to be completed last week, but difficulty was found in obtaining the paint. City labor was used in keeping costs at a minimum, it was said.

WILLIAM CASHORE, 14, of Center Square, Pa., is kissed by his mother, Mrs. Joseph T. Cashore, after he won the 27th annual national spelling championship in Washington, D. C. The winning word was "unquainted," which means "booked." The 15th-grader's advice to would-be champions: "study hard after school and think before you spell." He received \$500 and a week-end in New York. (International)

Rotary Speaker Tells Of Spain

Speaker and guest of honor at today's regular weekly luncheon meeting of the Sanford Rotary Club held in the Yacht Club, was Oliver Eaton, nationally known attorney and ex-mayor of Winter Park.

Eaton reviewed Spain's governmental struggles during the past 30 years, during which the country passed through three separate cycles of rule, monarchy, republic, and dictatorship.

He gave a brief dissertation on the country's economic problems over the same period and compared its present set-up with that of the United States.

Frog Wins \$1,000 For Its Owner

Lucky Lager, with three prodigious leaps totaling 16 feet 10 inches, set a new frog jumping record and won owner Roy Weimer \$1,000 yesterday in the 27th annual contest based on Mark Twain's famous story.

Lucky Lager bettered by 8 inches the mark set in 1941 by Maggie.

In Twain's story "The Celebrated Jumping Frog of Calaveras County," a villain loaded the favorite with buckshot and it never got off the ground.

Use distilled or rain water in your steam iron to prevent rust or lime crust from forming in the water receptacle.

State Tax Commission?

CHARLEY JOHNS Says NO!

Here's how it could work in Seminole County:

A tax expert comes into your county from a central Tallahassee bureau and decides your homestead assessment is not correct.

Your present assessment	\$5,000.00
Homestead Exemption	5,000.00
Present Taxes	\$0.00.00

NEW ASSESSMENT, SAME HOME BY TALLAHASSEE EXPERT

TALLAHASSEE EXPERT Homestead Exemption	\$9,500.00
Homestead Exemption	5,000.00
Taxable after revaluation	\$1,500.00

Same Seminole County Millage of 54 mills would cause you to pay in taxes on the same home \$ 153.00

I WILL APPRECIATE YOUR VOTE

Charley E. Johns.

All Florida Needs This
Man of Action

GILBERT NATHAN, 7, waits patiently in a San Francisco hospital for doctors to remove the blade of a pair of scissors from his skull. The shears were reportedly thrown by his brother, Johnny, 8, in a squabble over a box of crayons. The sharp point missed vital tissue, and the boy's condition was described as excellent after removal of blade. (International)

RICH CARBURETOR ROBS MOTORIST

Car owners who are wasting money and not getting proper gas mileage due to over-rich mixtures will be pleased to learn of a Wisconsin inventor who has developed a very clever unit that helps save gasoline by "Vaco-matic." It is automatic and operates on the supercharge principle. Simply installed in a few minutes. Fits all cars, trucks and trailers. The manufacturer, the Vaco-matic Carburetor Co., 1011-109 W. State St., Wausau, Wis., are offering a Vaco-matic to anyone who will install it on his car and help introduce it to others. They will gladly send you a literature and if you write them at once they will send you a 5 pin Vaco-matic.

It is Odham's 187,000 votes that will be decisive tomorrow and the politicians are asking each other: "Will they follow Odham's lead and swing to Collins? Will they break away and go to Johns? Or will they just stay home and pass up the election?"

There were some signs that voting might not fall so far below the abnormally low 55.6 per cent cast in the first primary.

VESSEL BURNS

MIAMI (AP)—The Coast Guard said today the motor vessel Caravel was on fire in the Gulf of Mexico a short distance off Bradenton Beach.

Air and surface craft were sent to assist her and the motor vessel Rio Sikaola was reported standing by.

The 130-foot Caravel was carrying a cargo of bananas.

Erroneous Road Information Given

The State Road Department is conducting an investigation attempting to locate the person who presented a staff reporter with erroneous information that State Road 46 had been more than half completed.

The story appeared in The Herald Thursday stating that another road running from Oviedo to Five Points was in the same state of completion.

On the following day it was called to the paper's attention that no construction was in evidence on either road. Investigation has proved this to be correct and The Herald is glad to print a correction.

Legal Notices

NOTICE TO PROPERTY OWNERS
The 1953 delinquent real estate tax list of the City of Sanford, Florida is posted at the front door of the City Hall and at the Court House in the City of Sanford, Florida, and will remain so posted for a period of four consecutive weeks.

Fourteen members of the Sanford Kiwanis Club made an inter-city visit to the St. Cloud Kiwanis Club last night. Those attending were W. W. Dawson, Douglas Stratton, Edward F. Lane, James Grant, M. H. Strickland, J. C. Davis, Irvin G. Peppor, Willis Jucker, Fred Wilson, Dr. Luther Doss, A. L. Wilson and Mack Cleveland Jr. Charlie Morrison, local Rotarian and honorary Kiwanian, led the group in singing and staged a comical quiz program.

Blimp Stays Aloft More Than Week

KEY WEST, Fla. — A U. S. Navy blimp that stayed aloft for more than a week without refueling to break the world's endurance record prepared to land today.

The ZPG-2 airship of the Navy type with 14 men aboard was due to land at the Boca Chica Naval Air Station, nine miles north of Key West, about 2:30 p. m. (EST), after approximately 200 hours in the air.

It was cruising in the Florida Keys early today, in radio communication with the Navy base here, under clear skies with moderate winds prevailing.

Cdr. Marion H. Eppes of Pinson, Ala., is in command, with a crew of 12 Navy men and a civilian observer aboard.

The higher-than-air ship left Lakehurst, N. J., Naval Air Station at 7:32 a. m. (EDT) Monday, May 17, to carry out a simulated sub-merine patrol.

It broke the old record of 170.3 hours while circling over Miami yesterday. Eppes told newsmen by radio that all aboard had eaten and slept well, "but after a week we need baths."

The 312-foot non-rigid airship cruised most of the night over the Caribbean and the Gulf of Mexico. A Navy spokesman said the blimp had been under way at all times and never "just hovered."

"The blimp could wait for a submarine to surface if it took all week," the spokesman added.

The old record of 170.3 hours was set in 1947 by an M-type airship, also out of Lakehurst.

'Crazy' College Professor Getting Doctor's Degree

DENTON, Tex. — The craziest college professor in the country, man, is getting his doctor's degree. Crazy is what his students call M. E. "Gene" Hall, meaning he's the greatest.

Hall, who has trouble switching between scholarly conversation and boisterous lingo, runs a real cool jazz music course at North Texas State College here. As far as he knows, it's the only course in the United States that will get you a degree as a bachelor of music in jazz from an accredited college.

By mail the first week of June, his doctor of education degree should arrive from New York University.

"I'm not going up there to get it because it costs money," he said. "I've got grocery bills and kids in school, you know."

Hall, a big, bespectacled man of 40, has been fighting grocery bills since he got out of school at Whitehurst, a little town in Iowa.

During the depression, he played the saxophone in a picnic band. That doesn't mean the band paid the people. Most of the time the band was in a picnic, wondering where it was going to play and eat.

He saved and entered NTSC. When his money ran low he'd go

Judge Says Florida Automobile Law Is Not Constitutional

WEST PALM BEACH, Fla. — Circuit Judge Joseph S. White says Florida's automobile financial responsibility law is unconstitutional. Judge White yesterday enjoined State Treasurer J. Edwin Larson, administrator of the law, from enforcing an order that Mary Johnson, who was involved in an accident, take out liability insurance and obtain property damage and personal injury releases or lose her driver's license.

In his ruling, Judge White said: "The court is not unmindful of the principle that a temporary injunction should not be granted in a case such as this, the validity of a statute is fairly debatable."

"However, there is no doubt in the court mind at this time that the provisions of Chapter 324 (which encompasses the financial responsibility law) are unconstitutional. The question is not fairly debatable."

The law was passed in 1949 and amended in 1951. Attorney William H. Hallman, who represented the Johnson woman, said it had not previously been tested in this court nor in the Florida Supreme Court.

The Johnson woman was involved in an accident last March 14 when an automobile she was driving collided with another which, in turn, struck a bicycle and injured the 12-year-old rider. All are Negroes.

Police Protection Asked By Company

The Southwest Fruit Company, Sanford, yesterday requested City police to keep a close watch on the company's building at 1200 French Ave.

The report stated that recently two Negro youths broke into the truck storage garage and started one of the firm's heavy trucks.

The vehicle ran out of control and smashed into a truck trailer causing approximately \$200 damage, according to the report.

No arrests were made because of the time element between the damage and its being reported to the police.

B. L. Perkins Jr. Named To Group

The City commission last night appointed B. L. Perkins Jr. of 214 S. E. 1st St., local, to the City Chamber of Commerce and to the office of director. He is also a member of the Seminole County Chamber of Commerce and president of the Sanford Rotary Club.

Prisoner Escapes From City Jail

It was learned today from police reports that a prisoner had escaped from the city jail Saturday.

Willie Moore, a trustee at the jail, had been patrolling the outside facilities before he was missed at 7:30 a. m. Saturday.

Chief Roy Williams commented that Moore was a model prisoner and had only a short time left to serve on his sentence.

"It's spring and I guess he just couldn't take it," said the chief. He has since been seen in a local tavern and around his home, according to the report.

City Body Awards Contracts

Sanford's City commissioners last night awarded three contracts on the City's water and sewerage project over the protests of John Kader, city commissioner, who felt that there was an irregularity in the lettering of the contracts.

The commissioner objected to the lettering of a \$60,442.21 contract to E. H. Holcomb Jr., Clearwater, for the laying of water pipe by the design plans. Kader stated that another contractor had bid \$223 less for the same job. Records at the city hall bear out Kader's statement.

Commissioner John Kader, however, pointed out that Holcomb had pledged to do the work in half the time stated by the lower bidder. He commented that the time element would actually save the City money because of increased revenue at an earlier date.

After some further discussion the contract was let to Holcomb, who stated in his bid that the job would be completed in 60 days.

Contracts were let to the Whitmer Tank Co., Jacksonville, to construct the proposed 200,000-gallon water tank, \$39,640; Peninsula Construction Co., Pinecastle, for a concrete water tank base, \$9,996; and a \$64,442.21 contract to Holcomb to lay four miles of new pipe for water.

Contracts on the City's proposed sewer installations were tabled until the commission's next meeting when the city hopes to be notified whether or not it can extend its sewer bond issue of \$1,175,000 another \$200,000 without additional security.

This action was made necessary because bills on the work are running higher than expected by the planning engineers and City officials.

The commissioners debated the possibility of reducing parts of the contracts to save money and another possibility advanced by Robert Angus, Jacksonville engineer employed by the City, that contact be held back. However, representatives of the City and Angus, said that it would not be feasible to split the contract as it would be a construction cost estimate higher.

No decision was reached by the group and the sewer question is tabled until the next regular meeting. Commr. William Strickland, absent from last night's meeting.

Reports Are Given At Lions Meeting

Today's regular weekly luncheon meeting of the Sanford Lions Club held at the Yacht Club, was given over to reports at the direction of President Volts Williams.

Henry Wille, president-elect of the organization, reported to members on the Annual Lions State Convention held in Orlando last week.

He stated that the Sanford group was given special recognition for completing its 25th consecutive year working with local children in Lions baseball leagues. This is the only club in the state to complete that length of time with the league.

Wille also commented on the local club's attendance at the club's annual picnic at the clubhouse, saying, "It was the best attendance we've ever had at a picnic, which was attended by more than 100 Lions from over the state."

The Seminole High School band was one of the hits of the convention when it presented its renowned dance-matinee during the parade Monday night at the opening of the convalescence, according to Wille.

District four of which Sanford is a member resolves at the convention having completed more than 500 separate projects in outstanding activities, according to the report.

Perkins has been an active officer of the Sanford Merchants' Association for the past year, holding the office of director. He is also a member of the Seminole County Chamber of Commerce and president of the Sanford Rotary Club.

Nurse Freed From Fortress Tells Story Of Experience

HANOI, Indochina (AP)—Genevieve de Galard Terrauze declared today that tending French wounded in forty terror-filled nights and days in the fortress of Dien Bien Phu was the "most formidable experience of my life."

"It opened new horizons to me of courage and devotion to duty while French soldiers and officers were so bravely fighting and dying."

Facing a battery of 20 newsmen from nine countries, photographers and American television representatives, the heroic nurse in her first mass interview calmly and simply said:

"I only did my duty. She asserted the most 'dangerous and dramatic moment' of the long, savage battle for the French Union fortress northwestern Indochina's jungle came on the night of March 30-31.

"It was then that the Vietminh hurled over thousands of mortars and heavy artillery projectiles and there were hundreds of French wounded and so many dying."

"To me it was so dramatic and tragic, for so many of the wounded

U. S. Is Sending Arms Shipments To Two Central American Nations

WASHINGTON (AP)—Secretary of State Dulles said today that the U. S. is sending arms shipments to two Central American nations.

Dulles also declared: "The United States would support an appeal to the United Nations for the dispatch of a peace observation mission to Southeast Asia. Dulles also said that the prospects for some kind of United Nations action looked better now than they had recently."

The United States government had made clear to the French in talks on May 17 that the terms and conditions under which the United States would consider American intervention in the Indochina War. The conditions include: 1. The consent of the French government; 2. The consent of the United States Congress; 3. The consent of the United States people; 4. The consent of the United States military and naval commands; 5. The consent of the United States State Department; 6. The consent of the United States Atomic Energy Commission; 7. Hearings Draw Varied Reactions

BY THE ASSOCIATED PRESS
Yesterday, Americans once again clustered around TV screens to watch the Army-McCarthy hearings. "The most dramatic thing ever lensed," said one fan in a letter to the ABC network. One thing seems certain: the hearings have stirred up a tremendous reaction among newspaper readers, TV viewers and radio listeners. As many as 1,000 protests have

decended on a TV station that dropped live telecasts. Thousands of letters have piled into newspaper offices to commend or condemn Sen. Joseph P. McCarthy (R-Wis.). "If McCarthy, Cohn and Schine are protecting us from Communists, who will protect us from McCarthy, Cohn and Schine?" a reader wrote the New York Post. "Sen. Joe McCarthy... carries the cross, not that he has to carry it, but because his country comes first with him, regardless of party lines or beliefs," said a letter in the St. Paul Dispatch-Monitor Press.

The Associated Press checked 61 representative newspapers from coast to coast and North to South to see how sentiment was running in letters to the editors. Twenty-five of the newspapers said the majority of the letters they received on the topic favored McCarthy, 19 said the majority was anti-McCarthy, and 17 said there was about an even split. Here is the breakdown regarding McCarthy by sections:

Section	Pro	Anti	Even
East	8	6	5
South	0	3	3
Midwest	9	7	6
West, Southwest	8	3	3

Nineteen editors said the letters showed an increasing anti-McCarthy trend since the hearings began and four said there was an upswing for the senator. Little or no change in sentiment was noted by 23.

The Providence (R.I.) Sunday Journal polled its readers and said results indicated:

1. Neutrality about the senator has all but disappeared.
2. While McCarthy has increased his supporters slightly, the number who now disapprove of him has greatly increased.
3. The Journal said its replies broke down this way:

Before Hearing Nov.	Yes	No
Approve McCarthy	2,679	2,523
Disapprove	2,963	4,118
Indifferent	1,724	24

The Boston Post said it has noted little shift in sentiment since the hearings began. The Post circulated in 29 towns and cities of Greater Boston a questionnaire asking: "Do you consider McCarthy has performed a valuable service for the United States?" The results were listed as follows:

Party	Yes	No
Democrats	596	192
Republicans	321	168

Convention Told World's End Near

SAN FRANCISCO — Retiring President William H. Branson told a convention of Seventh Day Adventists last night that "the time of world's second coming is at hand." The second coming is at hand, Branson told 8,500 Adventists from 100 countries in the key-note speech at the church's 44th annual conference. The world has almost reached the end of its history. All things are ready for the second coming of Christ and we must now live in a state of constant expectancy. "The prophecies of the Bible are fulfilled," Branson said, "and the return of Jesus is announced by his angels." He said that a church member had just had a vision of the second coming. The church member had seen a man with a sword in his hand and a banner that said "The Kingdom of God is at hand." The man was among the clouds of the Pacific Islands and the banner was held high. Their number had jumped 331 per cent.

Catches Hand-Saw Fish With 'Hands'

YACHTING — One of the best part of a yachting trip is the fish you catch with your hands. A fisherman on a yacht was a fisherman when he caught a hand-saw fish. The fish was a member of the shark family. It had a saw-like mouth full of sharp teeth. The fisherman caught the fish with his hands. The fish was a member of the shark family. It had a saw-like mouth full of sharp teeth. The fisherman caught the fish with his hands.

Point Will Have Many Vacancies After Graduation

WASHINGTON — When this year's class graduates, West Point is going to have the greatest number of vacancies in the 152-year history of the U.S. Military Academy. The famous Army school for officers is in a maximum capacity of 2,400. It has an estimated 1,000 vacancies after graduation. But the Army seems neither war-torn nor in a hurry to get rid of its surplus. The Army is not in a hurry to get rid of its surplus. The Army is not in a hurry to get rid of its surplus.

WITNESSES MURDER

WITNESSES — A witness who watched a small overboard from the car of Eva Duggan of Winters, may have felt some pangs of conscience when he saw the body. The witness saw the body of a young man who had been killed. The witness saw the body of a young man who had been killed.

BOY KILLED

BALTIMORE — P. Edward Perera, 15-year-old high school student, was shot and killed yesterday while target shooting in a wooded area with his best friend. George Allender, Perera's 18-year-old friend, ran from the woods to get help after the shooting. But when police arrived he was nearly by himself and had lost all sense of direction. Six police men hunted for 20 minutes before locating Perera's body, which had rolled part way into a thicket. Allender was held at Northwest city police station.

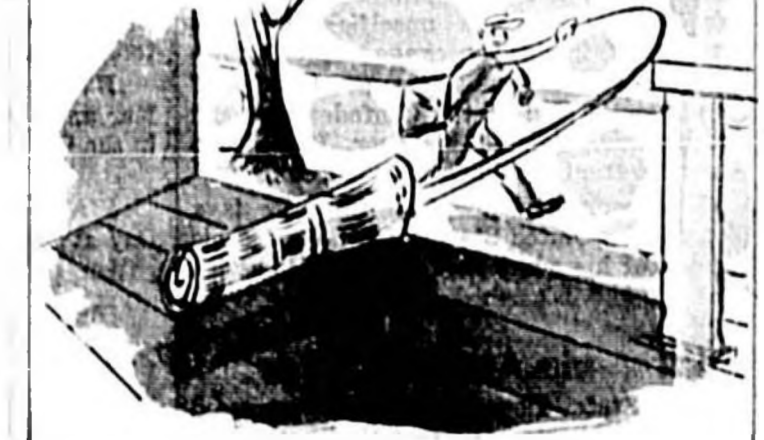

Robert Taylor, Ursula Thiess Are Married

JACKSON, Wyo. (AP)—Movie actor Robert Taylor and his bride, actress Ursula Thiess, flew back to Los Angeles today after their honeymoon wedding at picturesque Jackson Lake. They were married yesterday afternoon aboard the cabin cruiser of Jess and John Wort, hotel operator brothers. Taylor, who has a share in some Wyoming oil operations, has stayed with the Wortes in the past and fished at Jackson Lake, at the foot of the 13,000-foot Teton Mountains. Thiess is a Justice of the Peace. Russell Robinson performed the ceremony. He said the only witnesses were Taylor's secretary, Mrs. Ivy Pearson, and his pilot, Ralph S. Cooney. The party flew here from Los Angeles yesterday morning. Taylor listed his age on the wedding license as 42 and Miss Thiess gave her's as 30. They met two years ago.

PLAN PARIS STAY

LOS ANGELES — Zsa Zsa Gabor and Porfirio Rubirosa plan to leave Sunday night for a month's stay in Paris, the actress said yesterday. A trip to Mexico City, she said, was canceled because she had to prepare for the European trip, and Rubirosa "couldn't go to Mexico City without me."

we don't know of a newspaperboy who wants an orchid...

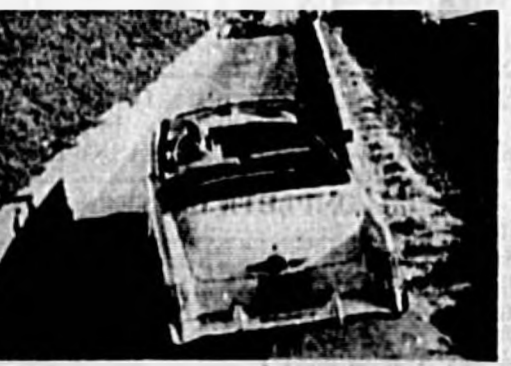

...but we know a lot of them who deserve at least a verbal orchid! The newspaperboy is an important part of the machine that speeds today's news to you. Operating their own businesses, these young merchants are forming habits of punctuality, reliability, thrift and record keeping. Your newspaperboy typifies the finest in American free enterprise. WE SALUTE HIM!

Get the facts before you buy—
SEE WHY IT PAYS TO OWN AMERICA'S FASTEST GROWING CAR

SEE WHAT YOU GET IN... 1. YEARS-AHEAD STYLING No fancy chrome tracks or bulges to date it—just clean, far-advanced lines.

2. 161-HP PERFORMANCE With Mercury you get far more than high horsepower, you get an entirely new overhead valve V-8. New features like a 4-barrel vacuum-controlled carburetor and high-turbulence combustion chambers make it the smoothest, most responsive engine in Mercury's history.

3. GREATER ECONOMY With Mercury you enjoy the advantages of high horsepower without sacrificing economy. For this 20% more powerful Mercury is also the most efficient in our history. You save on upkeep, too. New deep-Elock gives you a V-8 unmatched for sheer ruggedness.

4. TOP TRADE-IN VALUE Mercury consistently leads all other cars in its class for trade-in value! This fact is proved by authoritative national reports of used car prices. No wonder Mercury is called the "smart money" car. No wonder Mercury sales keep climbing fast. Better see us for your trial drive soon. How about today? Come in—or phone.

Panty Raid Call Brings Police

COLUMBIA, Mo. — A University of Missouri student last night called police. "Panty raid!" Recalling the destructive raid on sorority houses two years ago, someone called police. Police were swiftly swept into location. Highway patrolmen stood guard. The National Guard was alerted. Auxiliary policemen were called. No panty raiders appeared.

AGENCY TELLS OF RUSSIAN TAMPING

FORMOSA — The Interior Ministry's Ts-Tao News Agency said today at least 2,000 Russians now live in Tsingtau, an important naval station on the north China coast. The News Agency, which claims reliable information from the China mainland, said 70 per cent of the Russians are advisers to the Chinese Reds, naval personnel and their dependents.

FAST FLIGHT MADE

HONOLULU — A giant United Air Lines four-engine DC7 Mainliner whisked from New York to Honolulu in 17 hours flat yesterday, setting what UAL described as a new commercial speed record.

Johnny Jones Is Seminole Batting Champion With .400 Avg.

Jones Breaks Stafford's .397 Average, Bisbee Is Batting Second With .390

By TOMMY KUHN
Johnny Jones, 17-year-old junior at Seminole High School, is the 1954 batting champion of the Seminole baseball team. Jones, making this year his first complete year on the team, broke last year's batting champion, Frank Stafford's .397 batting average with a .400 average.

It was the three hits in the Titusville game that put Jones in the champion's seat. Jones got three hits in three times at bat and passed Bubba Bisbee, who was not able to get a hit in three times to the plate. Bisbee ended the season right behind Jones with an average of .390.

Bubba Bisbee took the lead in the hitting contest of the team in the ninth game of the season. Jones then started his attack and finally made his break for top recognition. The duel between Bisbee and Jones was one of the most fascinating batting contests in the history of the Seminole baseball team. Bisbee was leading Jones by nine points with a .409 batting average by the time the 13th game had been played. Jones, however, got four hits in ten tries in the next three games. Bisbee was able to get only three hits in ten tries. Although Bisbee did not lead in

Ends Season With High Average.

Cardinals Will Play Clermont Tomorrow

Sanford Cardinals will play the Clermont baseball team here tomorrow night in Memorial Stadium. The game will start at 8:00 p. m. and will be a Central Florida League contest.

The Cards will be looking for their fourth win in the CFL and their third straight. So far this year the Cardinals have compiled a 4-3 record in the league. Clermont has yet to taste victory. They have not won any of their sixth league games.

The match should be packed with plenty of thrills for the baseball fans that come out and see it. Among the many Cardinal heroes that the fans will see are Fulton Haxley, Red Hires, Gene Pennington, and Bill Crabtree. Haxley will be looking for his tenth hit in 12 tries to the plate. In the last two games he has scored 9 hits in 11 tries at bat. Crabtree and Pennington will be looking for their second home runs of the year. Hires

BUBBA BISBEE
Jim Hawkins, sophomore pitcher on the team, was right behind Bisbee with a .364 batting average. The Lake Monroe flash had the most extra base hits of any single player on the team. He hit two doubles, two triples, and a home run. He was the only player on the team to hit a four bagger.

Four other Seminoles hit above the .300 mark. Jimmy Krider hit a cool .333 and had the most doubles of any player. He had three. Jim Butler followed Krider with a .328 average. Also he led the team in scoring the most runs with 20.

Larry Bates made a late season start and boosted his batting average to the .310 mark. Bates got 12

ED MCCALL
Lark Krider, one of which two were doubles and one was a triple. Ross Hanum, making it his last year with the high school baseball team, ended the season with a .263 batting average. Ross led the team in getting up to bat the most times officially with 39 at bats.

Handy Reynolds made a late season start in hitting and raised his average to his highest point of the season at .290. Reynolds was second in scoring the most runs with 19. Harold Pate followed with an average of .250. Gene Estridge started the season off with a bang, but couldn't keep it up and he wound up with a .222 average.

Ed McCall was able to get five hits this year but two of the hits were three baggers and he ended the season with a .179 average.

will be seeking to keep his batting average up and he will also be trying to get his fourth double of the season.

The second base position will still be open. John Keeling has not recovered from his bad ankle and it doesn't look as though he will for quite a while. Buddy Lake may play this position. He played it in Groveland and got five hits and committed one error.

The Cardinals started the season off by defeating Longwood 8-3 in a rough nine inning game. The Cardinals then lost the next three straight ball games. First they were defeated by Longwood 7-2, then by the Sanford Navy 11-0. They then dropped another game to the Navy boys. This time the score was 9-3.

The Cardinals then bounced back into the winning streak by outslugging Groveland 13-12. Next they traveled to Groveland and won again. This time the score was 13-2.

Other games throughout the CFL Wednesday night are: Longwood at the Sanford Navy base, and Groveland meeting Pinecote in Kissimmee.

Probable Starting Cardinal Lineup:
Pennington—short stop
Crabtree—center field
Lake—second base
Haxley—right field
Krisis—left field
Hires—first base
Carlton—third base
Schirard—catcher
Thomas—pitcher

you have the basic ingredients for genuine fishing fun.

Probably no fish gives as much pleasure to so many different kinds of anglers as the bluegill. Why? Well, bluegills being what they are, piscatorial billygoats willing to eat anything, any time, and not choosy as to where they live, they provide sport and food throughout this nation and Canada.

It is the smallest member of the sunfish family and the best known. The remark has often been made, if the bluegill suddenly grew to the proportions of its big cousin, the large-mouth bass, a rash of fractured fly rods would break out across the country. Once for once, it's a great little sport fish and fishing would be a sport sport were it not for the borbastic bluegill.

they will take over a lake if not controlled.

Identification—Usually the breast is bright copper-orange, depending on habitat. Most distinctive is the black blotch at the lower end of the dorsal fin, and the jet black opercular, or gill cover. Body is dark olive, with greenish bars.

Range—The bluegill now is found most everywhere in the United States and Canada.

World Record—Imagine how the eyes of T. S. Hudson popped when he hauled in his record shattering 4½ pounder from Ketona Lake, Ala., April 9, 1950! Looks like one mark that will stand forever.

Natural Foods—It's digestible, the bluegill will eat it; if not, the bluegill will try it anyway! Favorite foods are small minnows, worms, grasshoppers, crickets, insects, small crustaceans and such extras as popcorn, candy or picnic leftovers tossed its way.

One of the deadliest fly lures is the rubber spider, or cricket, for underwater fishing. For surface fishing, the small poppers are hard to beat when the water is calm. In extremely clear water it may be necessary to go to 2 or even 2 pound leader. Normally 6 pound test is best because this will pull loose from most fly lures.

Spinning with a plastic bubble and fly has become very popular and is accounting for a large take of bluegills throughout the country. Also effective, of course, is the old standby cane pole and bobber for just relaxing bluegill fishing.

Fishing Tip—The biggest bluegills in any lake will be found in the deepest holes, especially during the warmer months. Try this sometime and hold onto your hat. Use 4 pound monofilament on a single action or casting reel. Most any rod will do. Anchor your boat over the deepest hole in the lake. Tie on a small jig spoon, the kind used through the ice, and jig just off the bottom. There are times when this method will produce nothing but exercise. But, there are other times when the size and numbers of bluegills you'll take will amaze you.

Guatemala Terms Note Intervention

GUATEMALA has rejected an intervention in its internal affairs by the U. S. note demanding compensation for expropriated United Fruit Co. property in this country.

This position was outlined in a Foreign Ministry memorandum replying to a State Department note delivered in February. The memorandum was made public last night.

The U. S. note demanded payment of 15 million dollars for the expropriated property or submission of the matter to international arbitration.

Guatemala's reply said "there has been no denial or delay of justice" to justify the State Department demand "in favor of the United Fruit Co. and the Guatemalan Agricultural Co. since they have had access to protection provided under the new agrarian law." (The Guatemalan Agricultural Co. is a United Fruit subsidiary.)

The note said:

"If the United States continues acting in support of the illegitimate pretensions of these companies, the government of Guatemala cannot but consider this attitude as a persistence in the intervention of the internal affairs of Guatemala, contrary to the most firmly established principles of inter-American unity."

Nurse

(Continued From Page One)

planes took off or landed. All supplies thereafter were dropped by parachute.

L. De Galard lived in a tiny, rain-filled dugout. She said she had little sleep during the ensuing fighting—sometimes only an hour a night.

"All of the sanitary equipment and places for the wounded were in underground bunkers," she said. "All radios had been destroyed in the fierce Vietnam shelling."

"And with each terrific barrage there were new problems as to how the wounded could be cared for."

"They had to be shifted from place to place the best we could, saying them on stretchers when they were available, or on the wet or damp ground until some better place could be found."

"How we ever managed to care for the increasing numbers of wounded was in itself a miracle."

"I think we saved the maximum number of lives. We had not enough blood plasma."

The brave young nurse already has received his honors for her heroism at Dien Bien Phu. Gen. De Castries pinned two of France's most cherished medals on her during the height of the battle. Other countries also bestowed their honors.

At a meeting of the League of Red Cross Societies at Oslo, Norway, Greece proposed yesterday that the board of governors send "warmest congratulations" to the nurse. A Greek delegate said she had "shown herself worthy of the example set by Florence Nightingale."

New Death Time Set For Condemned Kidnap-Rapist

SAN RAFAEL, Calif.—Kidnap-rape victim Caryl Chessman is scheduled to die July 30.

The stay of execution granted the convict-turned-author on the eve of his scheduled death in San Quentin's gas chamber May 11 was terminated yesterday and a new date set.

Superior Judge Thomas E. Keating of Marin County denied a petition of habeas corpus and revoked his own previous order that stayed Chessman's execution.

In Los Angeles, Superior Judge Charles W. Fricke, who presided at Chessman's trial, set the new execution date.

Chessman's attorney, Berwyn Rice, said he would appeal again to the State Supreme Court and the U. S. Supreme Court if necessary.

Chessman attracted national attention recently with his autobiographical best seller "Cell 2455, Death Row."

U. S.-HELD FARM GOODS INCREASE

(Continued From Page One)

THIS CHART SHOWS how much the government's inventory of farm products grew in the year from Feb. 28, 1953, to Feb. 28, 1954. Black bar is the 1954 figure, with dotted bar the 1953 total. The government's holding of tobacco is the only decrease.

J. S. Is Sending Road Department Tells Of Projects

According to a report received from the State Road Department, extensive grading, paving and structural work of State Road 8320 is continuing today.

The road runs from the Orange county line to Ojeda, according to the mimeographed report.

The road is closed to through traffic and the SRD urges drivers to use the road with care. Construction time was given as two months, but no completion date was stated in the report.

According to the state office, the Highway Patrol was today notified of 54 new or existing construction projects in the state.

The projects are on from one to 10-month work and construction schedules. One of the continuing projects is the work presently in progress on U. S. 90 between Monticello and Tallahassee which should last approximately nine months.

Other U. S. 90 projects still going include those in Holmes, Okaloosa, Jackson and Madison Counties. Work today is continuing on the U. S. 1 project on the east coast side of the state in Nassau County and is scheduled to last another month before completion. Another stretch of the same project is scheduled to last another month, according to the road department.

A 10-month long project is in progress on U. S. 1 in Indian River county. Other projects are in progress in Broward and Dade counties on the highway.

Several other projects are in progress on U. S. 41 in Hamilton, Columbia and Collier counties, according to the state report.

State Department officials made it plain the double-quick movement of military equipment to Nicaragua and Honduras is a special effort prompted by Guatemala's arms acquisition. It is being done under the authority of recently signed mutual defense agreements.

Officials said the first American shipments were trucked for air movement, with further cargoes being by sea.

Details of the actual movement were checked to military secrecy. It was understood the equipment had been assembled somewhere in Central America and was not disclosed.

Officials said two big C-54 transport planes were loaded for the high-priority delivery.

DELIVERS ANNOUNCEMENT
OMAHA—Carrier Joe James Corrie was surprised but not stunned when Mrs. Theima Kaski handed him a marriage certificate along with payment of her paper bill.

It seemed she wanted an announcement of her marriage at Papillion, Neb., in the paper and took the way as the simplest one to get it.

James brought it in along with his congratulations, and the World Herald made the announcement—with a story about how it happened.

More Than 100 Building Permits Issued In May

Four building permits were applied for and granted at City Hall yesterday and today, bringing the month's permit total to approximately 105.

The Sanford Charitable Fraternal Organization Inc. received a permit to re-roof its building located at 114 Park Ave. Approximate cost of the new roof was set at \$1,700.

The project will be handled by Evans Roofing and Heating Company, local contractors.

Worth Cherry was granted a permit to erect a frame home at 1506 Mulberry Ave. Approximate cost of the construction was stated as \$12,285, according to the report. It will be built by Walker Construction Company.

Two permits were issued to Lowell E. Oiler to erect frame homes on two lots in Palm Terrace, subdivision. One will be located at 2525 Princeton Ave. and the other at 2513 Princeton Ave.

Total cost of construction of both houses was set at \$16,000, according to the record.

Agent Attends Club Meetings

Miss Myrtle Wilson, Seminole County Home Demonstration agent, yesterday attended a meeting of the Longwood 4-H Club where she gave a demonstration on the proper method of sewing buttons and snaps. There were 58 girls present at the meeting, according to Miss Wilson.

Today, the agent is scheduled to attend a meeting of the Seminole High School 4-H Club and present the same demonstration, and give an additional talk on the annual 4-H summer camp.

The camp is scheduled to be held for one week, beginning June 5 at Camp McQuarrie, which is located near Ocala National Park. Tomorrow, Miss Wilson will speak at a meeting of the Ojeda 4-H Club, according to her report.

Springtime dessert: place sliced sugared strawberries in the bottom of sherbert glasses; cover with tapioca cream and garnish with whole strawberries.

Thailand Wants To Avert War

BANGKOK, Thailand—Thailand's involvement in the Indochina war, Lt. Gen. Mom Luang Kharb deputy prime minister, said today.

Kharb said Thai troops sent to the border were only "to protect Thailand and to prevent Communist invasion."

The statement was prompted by a Communist Peiping radio broadcast Saturday quoting a Bangkok newspaper as saying Thailand was preparing to "interfere" and had strengthened ground and air forces on her northern frontier.

Boys Escape Jail

GOLDSBORO, N.C.—Two thin boys, 8 and 9 years old, removed their clothes and squeezed through the bars of a city jail cell here over the weekend.

Police recaptured the pair in a corridor outside the cell block.

They had been arrested for investigation of bicycle thefts.

Uranium Boom Swamps Western Brokerage Firms

SALT LAKE CITY—A uranium boom swamped Salt Lake City brokerage firms yesterday, with an estimated five million shares of uranium stocks changing hands in over-the-counter trade—which accounts for most of the uranium stock business.

Issues listed on the Salt Lake Stock Exchange also were active and made substantial price gains.

E. N. Bogle, manager of the J. A. Hogle and Co. office, attributed the brisk trade to demand that has been "building up for several days." He said "a lot of outside money" coming mostly from Texas, New York and California, boosted the volume and also the prices.

Missings Man Returns

SPARTANBURG, S. C.—In April last year, H. J. Johnson Jr. rented a motor boat and went fishing.

The next day the boat was found overturned, in the Santee-Cooper Lake and an unsuccessful search for Johnson's body followed.

Yesterday Johnson came home. Asked about his strange disappearance, he replied, "No comment."

Knowland Speaks On Indochina

MANCHESTER, N. H.—Senate Majority Leader Knowland (R-Calif.) says "the road to agreement (in Asia) is not the road to peace... It is only surrender on the installation plan."

Urging a policy of "effective collective security" in Asia, the senator told the New Hampshire Federation of Republican Women's Clubs yesterday.

"The United States has the right to ask other nations 'What are you going to do to build a collective security system?' And we are entitled to straight answers."

Kibitzers At Fire

ELMHURST, N.Y.—Three were 300 kibitzers on hand last night when firemen doused a small blaze in the kitchen of the Mark Twain Hotel.

The advice came from delegates to the 27th annual conference of the Eastern Assn. of Fire Chiefs.

Money Found In Magazine

WILMINGTON, N.C.—The battered old safe had been standing in a corner in police headquarters here for two weeks. Part of the evidence in a robbery case.

It was found in a rooming house personal papers and a detective story magazine. The robbers had taken the remainder of the contents.

Officer J. S. Smith idly picked up the old magazine and began leafing through it. Out dropped \$300 in bills—possibly a remnant of the \$2,000 taken in the robbery. The magazine—Inside Detective.

Stays Within Limit

FREMONT, Neb.—When the time came to let the candidates talk at the Republican state primary election convention here, State Chairman W. W. S'yan warned them to stay within a five-minute time limit.

Atty. Gen. Clarence S. Beck, seeking re-election, did it again. His address: "Thank you, Bill. Goodnight to you all and God bless the magazine—Inside Detective."

Collins Wins Nomination In Landslide

Approximately 100 Die In Fire Aboard U. S. Aircraft Carrier

Strolling In Sanford

General Electric's "House of Magic" display will be shown tomorrow at 10:30 a. m. in the Seminole High School auditorium. The demonstration will be open to the public at no cost.

Announcement has been made that the Edwin L. Newcomb Award for 1953 has been won by James E. Renaud, Charleston, S. C., who was graduated from the School of Pharmacy of the Medical College of South Carolina last June. He formerly was a resident of Sanford. This undergraduate student award for original work in the field of pharmacology is open to all senior students in American pharmacy schools and is administered by the American Foundation for Pharmaceutical Education.

Mr. Renaud studied the pharmacology of Erythrophleum bark, an African tree from which heart stimulants and other drugs are obtained. The work was carried out under the supervision of the biology and pharmacology departments of the School of Pharmacy of the Medical College.

After five years active service in the Army, Mr. Renaud attended the Citadel for a year before starting his professional course in pharmacy at the Medical College.

Mr. Renaud is a member of Phi Delta Chi fraternity, the Rho Chi Pharmaceutical Honor Society, South Carolina Academy of Science, Sigma Xi and Charleston County Pharmaceutical Association. He resides on James Island and is employed at the Avondale Pharmacy.

Presentation of the Newcomb Award will be made on Aug. 20 during the 1954 meeting of the Plant Science Seminar at the University of Florida campus.

Com. Dr. J. Hampton Rice, professor of biology and pharmacology at the Medical College is secretary-treasurer of the national Plant Science Seminar.

A joint meeting of Sanford's VFW and its newly formed auxiliary is scheduled to be held tonight at the Legion Hut at 8 p. m. All post members are urged to bring their wives and daughters.

Knowles Advises More Questioning Of Disposal Plant

City Manager Warren Knowles, speaking before the Sanford Kiwanis Club at the group's regular weekly luncheon meeting held in the Yacht Club today, recommended that the City commissioners ask more questions of engineers in the matter of Sanford's proposed sewage plant.

Knowles later commented that construction costs on the two plants would be approximately the same, but that operation of the faster plant would be higher.

The City commission has placed the construction figure at approximately \$200,000 for the primary plant. In the past, Knowles has expressed belief that the plant was pressed before that the plant was the same job in 14 days.

Knowles later commented that construction costs on the two plants would be approximately the same, but that operation of the faster plant would be higher.

About 200 Are Hurt In Two Explosions Aboard Bennington

QUONSET, R. I. — About 100 men died and 220 were injured early today in two explosions and a fire aboard the aircraft carrier Bennington as she cruised along the eastern coastline.

Several hours after the Navy had announced that 79 were killed and 220 injured, the ship's skipper, Capt. William F. Harbo, Jr., told newsmen that "about 100" were killed.

The craft came into this port shortly after noon today, her decks lined with fired explosives, their faces blackened by smoke.

Ensign Robert Grant of Brooklyn, N. Y., his own ankles bleeding, told newsmen "all I can say is, God bless the ship." He was directed to the evacuation of the casualties as he spoke.

Grant estimated the first of two explosions occurred about 6:15 a. m. today.

He said: "I was in the forward hangar when I heard general quarters alarm sounded. I listened for a moment and suddenly it dawned on me that there was no report that this was a drill."

The disaster probably was one of the worst in Naval peacetime history. There were 178 men missing or killed in 1932 in a mid-Atlantic collision between the destroyer Hobson and the carrier Wasp.

A shift of helicopters carried many of the seriously injured ashore to the Newport Naval Hospital across the bay from here as the 22,600-ton Essex class carrier moved toward port.

There was no immediate explanation of the explosions but one report said high octane gas was involved.

Grant said the fire evidently was caused by an explosion on the fore deck, which caused the general quarters alarm.

Tucker Tells Pilot Club Of New Hospital Here

Local Banker Says Interest Stemmed From Medical Confinement In Army

"We are going to have a hospital in Sanford," declared T. E. Tucker, president of the Florida State Bank and chairman of the Seminole Hospital Association at the dinner meeting of the Pilot Club which met at the Yacht Club last night with Mrs. George A. Stine presiding.

A large architect's drawing of the hospital was placed on an easel, and while Mr. Tucker told of the plans and specifications for the building, he pointed out the locations of the various departments such as delivery rooms, maternity ward, operating rooms, etc.

Costing \$1,119,480.00, the building will be constructed of Roman brick and stucco over reinforced concrete structure. The first floor will contain the delivery, maternity, and administration offices, the examination rooms, snack bar, conference rooms and a morgue. The second floor will be set aside for the four beds, the delivery room and maternity ward, while the other rooms will be furnished with two beds, thus making it possible to convert a semi-private room into a private room by removing one of the beds. On the second floor will be 30 rooms, of which four will be private; one isolation ward, one pediatric ward for children, the delivery room, the entire building will be air conditioned and fire proofed, and as an added precaution, there will be four fire escapes. The hospital will face beautiful Lake Monroe and occupy the block between Alfordville and San Carlos Aves. between First and Second Sts.

The wing will be called the "E. J. Fernald Memorial Wing" and the other "The Fernald Memorial Wing." The hospital will be called the Seminole Memorial Hospital" to distinguish it from being a county hospital. All operations will be handled by Dr. Tucker, who said that the Pilot Club which was completely furnished and equipped, will be ready to be moved and the club could continue to maintain it.

Dr. Tucker said that the club would be restored and the club could continue to maintain it.

Extends Thanks To Odham Victory Assures Governorship

By THE ASSOCIATED PRESS

State Sen. Leroy Collins of Tallahassee won the votes of south Florida's heavily populated areas yesterday to defeat Acting Gov. Charley Johns for the two-year unexpired term of the late Gov. Dan Mcarty.

Collins, close friend and supporter of the late governor, won by 67,000 votes in the Democratic runoff primary which virtually assures election.

Big Dade County, throwing the mass of its voting strength to one man for the first time in history, gave him a 55,000 vote majority that placed a decisive part in Collins' victory.

Re-elected to the state's 124th precinct, Collins' 721,000 votes to 570,000 for Johns.

He will take office in January, 1955, and will serve a full term of two years.

Collins' victory was a triumph for the Democratic party in the November general election.

But Johns said he was going to start working right away on a "mighty big and far reaching program," because he will have only two years to put it over. He said he will name a committee soon for preliminary work on plans for revising the state Constitution.

Johns, who is acting governor because he is state Senate president, will retain his Senate seat. He said he stands ready to cooperate "in any way I can" to make Collins' administration a success.

Collins, Tallahassee lawyer and veteran legislator who spoke out for such things as greater legislative representation for the large counties, won largely on the strength of heavy majorities in Miami and other West coast urban areas plus the heavily populated Tampa Bay area.

Johns carried 43 of the 67 counties, mostly in north Florida, but lost five of them packed the kind of voting power needed to cut substantially into Collins' big down-state margin.

Brick Odham, who was eliminated in the first primary and thus his support to Collins—apparently with great effect—said he was "very happy" at the outcome of the election. He had previously fought election contests in years.

Collins and he could never adequately express his appreciation to Odham and his supporters for the magnificent support they had given him in his fight for Collins' election in 1952.

Collins has and he's through running for office. Johns told supporters however "We shall re-engage the contest because I still must decide whether Collins will be able to seek a full four-year term in 1956."

Collins took an early lead when Hillsborough County reported an 11,200 vote majority for him. That was a blow to Johns, who had led there in the first primary as the three candidates divided the county.

The returns showed most of Odham's votes had swung to Collins.

It was the same in other big counties. Even in the Johns stronghold of Duval and Escambia the voters gave Collins the big majorities his supporters were expecting and knew they would need to overcome the Collins strength against Miami.

In Johns' own county he was behind when he carried defeat at 9:25 p. m. Most of the returns from his Committee.

Langiotti Rites Will Be Friday

Funeral services for Eddie Langiotti, 58, owner and operator of Eddie's restaurant, who died of a heart attack Saturday at 10 a. m. at his home, 717 Park Ave., will be held at 2 p. m. Friday at the Harrison Funeral Home, with the Rev. W. P. Brooks, pastor of the First Baptist Church, officiating. Burial will be in Greenwood Cemetery, Orlando.

Mr. Langiotti had been in the restaurant business at the Valdez Hotel since coming here from Orlando 18 years ago. Previously, he had been in the restaurant business in Orlando and Winter Park for more than 20 years.

He first operated a restaurant over a check in Orlando, then moved to a location at the Empire Hotel. He later sold out and then opened a restaurant in Winter Park, which he operated for four years before moving to Sanford in 1936.

Mr. Langiotti was born in Tampa, April 5, 1896.

Survivors include his widow, Virginia; three daughters, Miss Virginia, Miss Langiotti, Sanford; two sons, Robert, Sanford, and Edward A., Washington, D. C.; two sisters, Mrs. Ray Horning, and Mrs. Joe Felicio, both of Tampa, and stepmother.

New Super Market To Open Tomorrow

Final preparations are today in progress for the grand opening of "Chuck" Atkinson's and Ted Williams' new modern \$100,000 "Food Mart," scheduled to be held tomorrow.

According to Atkinson, the Food Mart is Sanford's largest market and one of the largest in Central Florida with over 15,000 square feet of floor space.

The market, which is the ultimate in modern design, features self-service with special service when asked by the customer, according to the manager, Atkinson, who served with the Navy as commissary manager for 12 years.

Such modern features as mechanically operated check-out counters, soft music, self-service meat counters, where if the customer doesn't find the cut he wants, he may ring a bell and the desired cut will be prepared in a matter of minutes, and complete air conditioning, make the "Food Mart" one of the area's leading markets.

The meat department with its four freezers kept at temperatures as low as 10 degrees below zero, is managed by Archie Bennett. The produce department is managed by Clyde Peeples. Both are men of long experience in their respective fields.

The store will employ more than 22 persons with an annual payroll of between \$55,000 and \$60,000, according to Atkinson.

It is expected that the store's 15-car parking lot will be jammed for tomorrow's opening when a 21-inch television set will be given away.

Atkinson stated that the "Food Mart" would purchase its stock in what he termed "huge quantities" and thus earn high savings which would be passed on to the market's customers.

Dignitaries Attend VFW Meet; Special Meeting Tonight

A social meeting for all people interested in forming a women's auxiliary to the local Veterans of Foreign Wars post will be held at 8 o'clock tonight at the American Legion Hut.

Progress in forming the auxiliary is well under way, according to Michael Thomas, post quartermaster.

Thomas was elected as quartermaster last night at a meeting of the post, filling the vacancy left by the resignation of John L. Galloway.

Present at the meeting were William D. Moran, state commander, and Harold A. Gorb, district commander-in-chief, both of Orlando, and James Sine, commander of the DeLaud post. The post went into operation last night and is now recording an impressive record.

John R. Siers, private detective who helped Dietrich, reported he received two anonymous telephone

County Follows Trend Of State In Its Voting

Seminole County yesterday followed the state trend by giving Sen. Leroy Collins a majority of its votes in the race for Democratic gubernatorial candidate.

The final tally, after the ballots were counted this morning, showed 2,881 votes for Collins and 2,752 for his opponent, Acting Governor Charley Johns. Voting in the county was not as heavy as at the May 4 primary, but it was canvassed by Mrs. Cynthia Bruce, county supervisor of registration; Otis Burdette, chairman of the County Board of Supervisors; and County Judge Douglas Stenstrom.

A total of 61,000 ballots were cast.

Last night, the Herald posted state and county returns as they came in by Associated Press wire and telephone. The first precinct to report in the county to the Herald was Pauline, with Mrs. John Evans and a majority of 135. She was followed within a minute by the Rev. S. M. Toby, who reported on results at Shady Lake. Lake Mary 10 reported shortly afterwards.

A break down of voting in the county is as follows:

County	Collins	Johns
Sanford	260	105
Sanford	75	17
Sanford	108	63
Sanford	499	66
Lake Monroe	107	95
Faola	6	29
Oviedo	128	114
Conover	108	53
Chuluota	21	18
Goldenrod	68	61
Longwood	135	202
Lake Mary	107	118
Altamonte Springs	99	142
Forest City	26	27
Slavia	13	12
Fern Park	118	142
John Lake	25	54
Total	2,881	2,752

Will Have Holiday Hagerstown, Md. Workers

Workers of the Western Maryland Railroad here, has not yet appeared before the grand jury.

Dietrich would not comment on reports he had been threatened.

Police Chief Hegerich said detective Walter Tinton had been assigned to guard Dietrich at the request of State Atty. Clair Davis.

Detective Ralph Lee said the assignment was a "security measure for protection in transportation of highly important documents" — presumably tape recordings Dietrich said were made in the course of his probe.

Trips Planned By Eisenhowers

WASHINGTON (AP) — Weekend trips to their new farm home near Gettysburg, Pa., will be on the fall schedule of President and Mrs. Eisenhower, the First Lady says.

The president and Mrs. Eisenhower will be completely rebuilt on the 180-acre farm they purchased after World War II.

Mrs. Eisenhower told women reporters yesterday she is looking forward to the close of the White House social season this year, when she can concentrate on decorating the house.

Hans Will Attempt To Span Continent In Relay Saturday

ALBUQUERQUE (AP) — The first official attempt to span the continent by amateur radio relay on two meters is scheduled Saturday at 8 a. m. by New Mexico hams.

The relay will be held by the Albuquerque club and the headquarters of the American Radio Relay League in West Hartford, Conn.

The relay is a national organization of hams that has been in existence for 40 years ago. The first transcontinental relay on low frequency bands in the vicinity of the present broadcast band was completed in 1917.

The situation they faced then was similar to that facing the hams engaged in the higher frequency test now. The average two meter signal will travel between 100 and 200 miles.

An unofficial practice relay attempted last Sunday failed when the messages were going both ways bogged down as the result of an abnormal change in weather conditions which interfered with reception at Amarillo and Santa Cruz, east of Albuquerque.

They'll try it again this week with several added stations.

"The day might come when a two-meter relay across the country could prove a lifesaver in getting an important message through," Middleton said.

Investigator Reports Threat; Second Prober Has Body Guard

ST. PETERSBURG (AP) — One investigator who worked on a big two-county ballot case has reported being threatened, and another has been assigned a body guard.

Detective Sgt. Harry Dietrich, whose undercover investigations led to the arrest of 49 persons on ballot charges, was accompanied by an officer armed with a shotgun on trips to and from the room where a grand jury is probing the gambling racket and reports that some law enforcement officers are involved.

John R. Siers, private detective who helped Dietrich, reported he received two anonymous telephone
