## She'll Set Longevity Record

# Elections Official Camilla Bruce To Retire

By MICHAEL BEHA  
Herald Staff Writer

She's overseen elections in Seminole County for 32 years, taking the county from the dark ages to the computer age.

But on Feb. 28, Camilla Bruce, 68, will retire as supervisor of elections.

Mrs. Bruce announced her resignation Tuesday, citing the hassles of her job and increased state regulation. When she leaves office she'll be the record holder for longevity, breaking by two months the 32 years of Jay Love Hutchinson of Gadsden County.

She was elected eight times, the last time even though she admitted that she had grown weary of the demands of the job. But she wanted to oversee the county's transition from voting machines to computer punch cards ballots.

Election tabulations, which used to take days of hand counting, now are done in hours.

"Going on the punch cards was wonderful. It used to take two or three days to count all the absentee ballots," she said.

Mrs. Bruce said she had not planned to announce her resignation until after Christmas but published reports of her decision forced her to send her letter of resignation to Gov. Bob Graham.

Mrs. Bruce said she has not made any recommendation to the governor for a successor.

But Mrs. Bruce said "if the governor asks" she will recommend that Deputy Supervisor Sandy Goard fill out the remainder of her term, which expires in January 1985.

"I think she is the logical one," Mrs. Bruce said. "Sandy has been with this office since 1977. She knows the law better than I do."

## Deputy Supervisor Sandy Goard Is Likely Successor

Mrs. Bruce described Mrs. Goard as "a great manager."

Mrs. Goard joined the office in 1977 after serving in the Board of County Commissioners' Office.

"We are going to miss Cami. She's grand to work for and grand to work with," Mrs. Goard said.

Mrs. Goard said she would be "honored and pleased" to take over supervisor of elections.

As for Mrs. Bruce's plans, "I may go fishing, I don't know. It's just time for a younger person to take over."

Mrs. Bruce was appointed to the post in 1951 by Gov. Fuller Warren after the resignation of Lourine Messinger.

She ran for the office in 1952, winning without opposition. For the past 30 years she has been virtually unchallenged at the ballot box. "Back then primaries were tantamount to election. There were no Republicans back then," Mrs. Bruce said. "I didn't find out what an election was until 1968."

She faced Republican opposition again in 1972 but won easily. The only other time she was opposed was in the 1960 Democratic primary.

The changes in the county have been immense, she said. In 1950, the county had between 8,000 and 9,000 registered voters and 15 precincts. Today the county has 76,000 voters registered in its 72 precincts.

But the biggest changes have come from Tallahassee where the state Legislature has been busy changing the laws, Mrs. Bruce said.

"When I was first appointed, the Legislature met every two years. We had the chance to adapt to the new laws," she said. "Now we don't even have the chance to adjust to the laws before they change them."

## Sanford Rejects Charter Proposal

In the worst election turnout in veteran Seminole Elections Supervisor Camilla Bruce's memory, 4.8 percent of Sanford's voters went to the polls Tuesday to turn down a proposed new city charter by nearly a 3-1 margin.

A major provision in the proposed charter was that City Commissioners be required to reside in certain geographic areas of the community while continuing to be elected at large.

But the document also contained other provisions, such as the deletion of sections conflicting with state law, a proposal to place the city's police and fire departments under the direction of City Manager W.E. "Pete" Knowles as are all other city departments, the changing of city election times and the changing of even the name of the governing body.

The proposal was suggested by a charter revision committee after 14 months study and effort from February 1981 to April of this year.

Originally, residents of the black community strongly urged charter

## Youth Dies After Fall From Car

A 19-year-old Altamonte Springs youth has died from injuries sustained in an accident at an Orlando area restaurant Sunday night.

Michael Eric Therkildsen of 613 Lake Orianta Drive died at 11:30 p.m. Tuesday at Orlando Regional Medical Center from head injuries sustained in the accident.

According to family friends, Therkildsen fell off a friend's car in Orlando and hit his head on the pavement. He lapsed into a coma after the mishap, according to a hospital spokesman.

Therkildsen was a senior at Lyman High School and a member of the school's football team. The 5' 9", 155-pound student played defensive back for the Greyhounds. — BRITT SMITH

Hundreds of persons lined up to receive food vouchers and toys Tuesday during the annual Christmas distribution by the Salvation Army in Sanford.

## Salvation Army Responding To Greater Than Usual Need

By JANIS CASSELBERRY  
Herald Staff Writer

The line began to form in the chilly pre-dawn darkness at 6 a.m. Tuesday outside the Salvation Army center in Sanford and by the time they opened the line stretched down the block to the Badcock Furniture Store.

In the first two hours, 200 needy persons, who had applied for Christmas aid, had gone through the process of picking up food vouchers and choosing toys. By the end of the day, 350 families had been served, said Capt. Beverly Waters. "It went real smooth yesterday, no problems," she said. There were families who did not sign up who were being helped today on an emergency basis, she added. The total for the two days is expected to be around 400.

The food vouchers for use at a local grocery store range from \$5 to \$20 depending on the size of the family. Parents were permitted to choose two toys for each child in the family from more than 2,000 on display in the "toy shop."

Funds from the annual Christmas kettle drive are used to pay for the groceries and the toys are provided by the Sentinel Santa Fund.

Not many groceries were donated by groups to the Salvation Army this Christmas, Mrs. Waters said, necessitating more food vouchers.

Welfare already dispensed this month plus the Christmas program will be in the thousands of dollars, she said, due to unemployment, layoffs and unavailability of jobs. "We've

Salvation Army Sharon Mullins (left) signs up an applicant.

been giving out clothing and furniture, too. It's worse this year because of the cutbacks and layoffs," she said.

In her line of work Mrs. Waters hears many sad tales. "We helped one senior citizen, who was without gas to heat his small trailer. He said that all he wanted for Christmas was for him and his wife to be warm and to be able to take a hot bath."

"About the saddest case I've heard this Christmas is that of a lady with four small children whose husband is

in jail and the mortgage on her home is being foreclosed. We also are helping a lady who was in an auto accident and just got out of a body cast and just got over pneumonia. She is coming in today for food and toys for her children," Mrs. Waters said.

The Christmas fund drive got off to a slow start, but the cooler weather seems to have brought out the Christmas spirit in shoppers and donations have picked up this week, she said.

## Lake Mary Lytle, Megonegal Win; 42% Vote

By DONNA ESTES  
Herald Staff Writer

Lake Mary's voters went to the polls in record numbers for a run-off election Tuesday and chose two new councilmen.

It was the last runoff election the city will have. The citizens of the nine-year-old municipality two weeks ago amended the city charter to elect by plurality (the largest number of votes) rather than majority in future elections, thus eliminating runoffs.

Named were Charlie Lytle, 33, of Lake Bingham, an account executive with Gulf and Western Corp., and Russ Megonegal, 61, of The Forest mobile home community, a retired assistant school superintendent in his native Pennsylvania.

The unofficial results gave Lytle 338 votes over his opponent, George Duryea, a certified public accountant.

Two weeks ago, Duryea was the high man in a three-way race. Lytle's margin of victory Tuesday was 37 votes. He has previously served on the city's planning and zoning commission for a brief period.

For the Seat 2 post, Megonegal in a three-to-two victory defeated Bill Durrenberger, who had served on the city's planning and zoning commission and the board of adjustment.

Megonegal received 378 votes to 267 for Durrenberger. Lytle will serve the remaining eight months in the unexpired term of Vic Olvera, who resigned in mid-term to run for mayor. Megonegal will serve in the seat currently held by Dick Fess, who instead of running for election to a second term on the council ran unsuccessfully for mayor.

Megonegal's term will be nearly two years. He is the first councilman elected from The Forest.

Lytle, Megonegal and Councilman-elect Burt Perinchief will be sworn into office at 4 p.m. on Jan. 3. Perinchief was elected Dec. 7 defeating Josef Stern.

While City Clerk Connie Major expected that 550 or 35.5 percent of the

## Casselberry Elects Three, See Page 3A

city's 1,500 eligible voters would go to the polls, her projection was too conservative.

Some 663 persons, including 12 absentees, voted for a turnout of 42.7 percent, a higher percentage than any of the other cities had in either November or December city elections this year.

Tuesday's election not only marked the end of runoffs in the city, but also the end of December elections. And while "councilmen" were elected, their titles will be changed to commissioners as soon as Secretary of State George Firestone certifies the city's new charter.

The voters in the Dec. 7 city election approved a new charter calling for city elections to be held in September to coincide with the first primary election in the state.

And Perinchief, elected to serve the remainder of the term of Gene McDonald who resigned, and Lytle will be up for election again next September. So the two will actually be serving only eight-month terms in office.

## Abortion Considered By Murder Suspect Mom

By BRITT SMITH  
Herald Staff Writer

Susan Barrett Assaid has already lost one child, 5-year-old Ursula Sunshine Assaid who police believe was murdered, and now she is questioning whether she should have another.

The 29-year-old former Altamonte Springs resident, in the Seminole County jail awaiting trial on a charge of murdering her daughter, is 19 weeks pregnant and reportedly considering an abortion.

On Monday, she asked Seminole County Sheriff John Polk "what her options were," according to her attorney, Assistant Public Defender Don West. "She hasn't asked for an abortion. She's just considering one."

"The sheriff doesn't really have the authority to say yes or no to an abortion request," according to Polk's spokesman, Capt. Jay Leeman.

The sheriff reportedly told Mrs. Assaid that "yes, she is allowed to have an abortion and the sheriff's office will provide transportation and security," West said.

"But she will have to foot the bill and the best estimates we can get is \$800 to \$900. She would probably have to go to Miami or Tampa," West said, "because so far as we can determine there are no facilities in the Orlando area that perform abortions for women that far along."

West said his client has not made a final decision as to an abortion, "but she'll have to do that within the next few weeks."

Mrs. Assaid has said she is pregnant by her boyfriend, 26-year-old Donald Glenn McDougall. The pair are being held on charges of first-degree murder and aggravated child abuse in connection with the Assaid girl's death.

Police theorize the child died in late September from physical and mental torture and was placed in a sack with two 10-pound chunks of metal and tossed into a retention pond in Altamonte Springs.

Mrs. Assaid and McDougall reportedly left Altamonte Springs on Thanksgiving for California to seek employment. Shortly thereafter, Mrs. Assaid told Riverside, Calif., police where the girl's body was located.

Police divers found the badly decomposed body on Dec. 1.

According to court records, Mrs. Assaid has pointed an accusatory finger at McDougall for her daughter's death. McDougall, however, has denied any involvement.

She is scheduled to stand trial in early March and could be either free or in a state prison by the time the baby is born, should she choose not to have an abortion.

If she has the child in prison, the state would be liable for the cost of delivery.

# NATION IN BRIEF

## Senate Still On Gas Tax; The House Goes Home

WASHINGTON (UPI) — The House passed a compromise version of President Reagan's proposed gasoline tax increase and quit for the year, but a two-man filibuster in the Senate stalled final congressional action until Thursday.

The House Tuesday voted 180-67 for the compromise package worked out earlier in the day by a House-Senate conference committee. It sent the bill to the Senate, and shortly afterwards, adjourned for the year.

But when the bill reached the Senate floor, two conservative senators resumed their filibuster that had tied the Senate in parliamentary knots for more than a week.

Sen. Jesse Helms, R-N.C., backed by John East, R-N.C., announced he would delay the Senate as long as possible from voting on the nickel-a-gallon gasoline tax hike that President Reagan considers a "must" piece of legislation.

The Senate scheduled a cloture vote for Thursday morning to shut off debate, with final passage expected shortly after. Although Senate rules permit each senator to speak for an hour after cloture is invoked, only Helms and East are expected to use their allotted time.

The nickel tax increase to 9 cents a gallon would raise about \$5.5 billion a year to finance needed repairs of the nation's roads and bridges, as well as new construction. A penny of the increase would be earmarked for mass transit assistance.

### Lewis Is Recovering

LAS VEGAS, Nev. (UPI) — Jerry Lewis is "doing very well with no complications" in his recovery from emergency open heart surgery and doctors say the movie comic and teletown host could go home before New Year's Day.

Lewis, 56, underwent a heart bypass operation Tuesday after tests showed a blockage in his arteries. Doctors said Lewis was in good condition and could be released from Desert Springs Hospital in seven to 10 days.

"He is doing very well after a double cardiac bypass for blockage in an artery," said hospital spokeswoman Barbara Scarantino, adding that the zany comic exchanged "a few witticisms" with doctors after the surgery.

The 2-hour, 5-minute operation by a three-man surgical team was headed by Dr. Harold Feikes and backed up with 10 assistants.

### Doctors 'Don't Quit'

SALT LAKE CITY (UPI) — Artificial heart recipient Barney Clark, able to speak for the first time since suffering convulsions two weeks ago, told his doctors "don't give up" on plastic organ research.

The 61-year-old retired Des Moines, Wash., dentist remained in serious, but stable condition at the University of Utah Medical Center, where doctors worked today to build up his body enough to take him off a respirator.

On Tuesday, Clark passed a small milestone in his recovery from the historic surgery by whispering audible words for the first time since he suffered post-operative seizures and was placed on the breathing device.

# Gunman Robs Casselberry Handy Way

A lone gunman walked into a Casselberry convenience store Tuesday night and made off with an undisclosed amount of cash.

According to a Seminole County sheriff's report, a man entered the Handy Way store, located at 170 Tuskawilla Road, about 10:40 p.m. and milled about until all other customers had left.

He then pulled a pistol and told the 23-year-old clerk, "I want all your money; just what's in the register in a brown paper bag," the report said.

The bandit fled on foot.

**CAMERAS STOLEN**  
Carole Ekstrom, 31 Academy Drive, Forest City, told police more than \$1,000 in camera equipment was stolen from her residence Friday evening.

Ms. Ekstrom said she could not get into her apartment after returning home shortly after 9 p.m. Friday and police discovered the bolt lock had been jammed.

Upon entering her home, Ms. Ekstrom said that various camera bodies, lenses and flash units were missing.

**UCF WORKER HEADS FOR TRIAL**  
A Seminole County woman will stand trial Feb. 23 in Orange County Circuit Court on grand theft charges stemming from the alleged misuse of University of Central Florida bookstore funds.

Alice Battle, 33, of 409 Celery Circle, Oviedo, was charged with 16 counts of second degree grand theft. Ms. Battle, who served as fiscal assistant at the UCF bookstore until she was fired on Aug. 20, has pleaded not guilty to the charges.

The charges stemmed from an audit performed by the state which revealed some inconsistencies in the financial statement of the bookstore.

Ms. Battle's duties at the bookstore included making deposits of revenues and reconciling cash sales with bookstore accounts.

The bookstore made a profit of \$112,000 in fiscal 1981-82 on sales of \$2.2 million, UCF officials said. The amount missing has not been revealed.

**WEAPONS FOUND**  
A Sanford man was arrested Friday night on charges of using a license plate on an unassigned vehicle and possession of a concealed weapon.

Raymond Bumgardner, 24, of 551 Vihlen Road, was arrested shortly after 10 p.m. Friday when deputies saw his car with a license plate that had been reported stolen.

Upon arresting Bumgardner, deputies also discovered a set of nunchakus and a knife on the dashboard and hatchet under the seat.

**CITRUS BROKER SENTENCED**  
Perry Frasure Hull Sr., an Orlando citrus broker, has been sentenced in U.S. District Court in Orlando on income tax evasion.

Hull, 57, a resident of Orlando and Winter Garden, was indicted and found guilty of evading \$117,000 in income tax during the years 1975-1977. Hull had approximately \$241,000 in income during those years.

U.S. District Court Judge John Reed sentenced Hull to 18 months in prison on each of two counts of income tax evasion for 1975 and 1977, sentences to run concurrently. Hull received five years probation for the 1976 tax year. The probationary period will begin upon Hull's release from jail.

In addition to the criminal sentence imposed, persons convicted of criminal tax offenses are required to pay the tax determined to be due along with all interest and civil penalties that may be assessed. A civil fraud penalty of up to 50 percent of the tax amount could be assessed under the law.

**LONGWOOD HOME BURGLARIZED**  
Thieves broke into a Longwood man's home at about noon Sunday and stole a watch, gold chain and silver coins.

Deputies said someone broke into the home of Ronald L. Hassel, 48, of 800 Sweetwater Club Blvd., through a bedroom window and made off with the property valued at about \$550.

**GOLF CARTS SCATTERED**  
Someone broke into the golf cart storage compound at the Deer Run Country Club between 8 p.m. Sunday and 7:34 a.m. Monday, unplugged about 12 carts then scattered them across the golf course.

Deputies said the culprits unplugged the carts from battery chargers then pushed or drove the 12 vehicles, leaving them in sand and at the course along Eagle Circle in Casselberry.

**SANFORD MAN HELD**  
A 35-year-old Sanford man was being held in the Seminole County jail today on \$5,000 bond following his arrest at 10:20 p.m. Monday.

Undercover drug agents charged Jeff Gates, 35, of 201 E. 20th St., Sanford, with possession and delivery of marijuana and possession of drug paraphernalia.

Gates was arrested at Woogie's Pub, U.S. Highway 17-92, Sanford, after agents said they were invited by a man to leave the bar and smoke the illegal drug in his car in the parking lot.

Agents said that once in the man's car, the officers were offered a pipe filled with marijuana. A bag of the drug was also in the car, agents said.

**FIRE CALLS**

# Russo And Robertson Win

By DONNA ESTES  
Herald Staff Writer

The complexion of the city government in Casselberry will change Jan. 10 when three new councilmen—the majority of the board—and a new mayor will take office. Two of the three new councilmen were elected in Tuesday's runoff.

For the second time in two weeks, the Casselberry voters turned an incumbent Bill Grier—out of office in favor of an ex-councilman and a newcomer to city politics, experienced in the partisan politics rank, was elected.

Elected were Carl Robertson Jr., 49, who had previously served two terms on the council, and Richard Russo, 45, an aerospace engineering company administrator at the Kennedy Space Center who was actively involved in the Seminole County Democratic Party for many years.

This was the first time Russo had run for elective office. The unofficial tally gave Russo 691 votes to 453 for his

opponent, Jim Hill, a mathematics teacher and coach who had previously run unsuccessfully for city office.

Grier, who has served for 11 years in city office as mayor and councilman, was defeated 543 to 600 votes by Robertson, a furniture store manager and retired Air Force technical sergeant.

Two weeks ago, three-term incumbent Councilman Frank Schutte was defeated by city fire department member Frank Stone.

Meanwhile, Charles Glascock, a former councilman, was officially elected unopposed Dec. 7 to the remaining one year in the term of Owen Sheppard, who resigned effective Jan. 10.

While City Clerk Mary Hawthorne predicted that 13 percent or 789 of the city's 6,070 qualified voters would cast ballots in the runoff election, she was pleasantly surprised with a 19.1 percent turnout, 1,165 voters.

# Trencher To Fill Winter Springs Vacancy

Martin Trencher, manager of the Stars Hall of Fame near Orlando, has been appointed to the Winter Springs City Commission to serve the remaining two years in the term of Maureen Boyd who resigned.

Mrs. Boyd resigned earlier this month to become a patrolman with the city of Winter Park Police Department.

Trencher served previously on the Winter Springs City Commission and ran an unsuccessful campaign for mayor in November.

He was appointed to the vacancy by the City Commission Monday after applications for the office were received from 16 persons.

Three of the applications were immediately rejected, according to City Clerk Mary Norton. One application was from a man who lived in Altamonte Springs, a second applicant while living in Winter Springs, was registered to vote in Casselberry, and a third applicant was not registered to vote.

The only qualification that the City Commission requested of applicants was that they be registered voters in the city.

After City Commissioners took seven votes on the matter, Trencher was elected to the post when Commissioner Burley "Buck" Adkins joined with Commissioners Leanne Grove and Inez Linville to approve the appointment.

Those who were in the running after the list of applicants was narrowed to seven included in addition to Trencher, Harry Reid, John Hatfield, Michael Boyd, husband of former Commissioner Maureen Boyd; Frank Grasso, Bob Ogus and Frank Broyles, employed in the Casselberry zoning office.

Trencher was immediately sworn into office after the Monday night appointment. Residing at 632 Clearn Court, Trencher will attend his first official City Commission meeting at 7:30 p.m., Jan. 11.

## Holiday Closings

With Christmas falling on Saturday this year, government employees will be getting an extended weekend but not all will be observing the same days off.

The Seminole County Courthouse and annexes will be closed on Thursday and Friday, as will City Halls in Altamonte Springs, Oviedo and Sanford. City workers in Casselberry, Lake Mary, and Winter Springs will have only Friday off. State and Federal offices will be closed Friday.

Longwood City Hall will be closed on Friday and Monday.

Local banks and savings and loans will be closed Friday. There will be no garbage collection in Sanford on Thursday and Friday, but there will be a trash pick-up on Wednesday.

The Christmas holidays will be a little longer than usual this year at Southern Bell.

Due to Christmas being on a Saturday and a special contractual agreement with the Communication Workers of America, all of Southern Bell general offices will be closed an unprecedented two days—Dec. 23 and 24.

However, all essential (operator services, directory assistance and central office forces) and emergency services will continue on their normal 24 hour-a-day schedules through the holiday period.

Service representatives in customer business offices will close at 5 p.m. on Wednesday and reopen Monday at 9 a.m. The same general offices will be closed Dec. 31 in order to celebrate the New Year.

Sanford city employees will have Christmas Eve as a holiday this year, the same as all other government employees in the county.

The Sanford City Commission, on the recommendation of City Manager W. E. "Pete" Knowles, has modified its holiday policy to include all of Christmas Eve. Thus commissioners gave city workers eight full holidays with pay for the year.

Previously, the employees were given only half a day off with pay on Christmas Eve.

At the same time, five of the other cities in the county — Lake Mary, Longwood, Casselberry, Winter Springs and Oviedo — were receiving eight days off and Altamonte Springs employees have a spring holiday in addition. Meanwhile, employees at Seminole Community College, the sheriff's department, the School Board and the county government have 10 holidays, a survey done by the Sanford city hall staff revealed.

Knowles also recommended and the commission approved a proposal to give emergency personnel who must work holidays additional time off with pay.

Emergency personnel were getting an additional week of vacation to make up for no holidays. Knowles proposed the holiday schedule be amended to reflect one additional week of vacation plus three floating holidays as the employee chooses with the consent of the department head based on the needs of the duty schedule. This also was approved.

## IN BRIEF

### Christmas Came Early For 50,000 Kids, Judge

JACKSONVILLE (UPI)—Christmas came four days early this year for 50,000 underprivileged Jacksonville youngsters and one 66-year-old former city judge.

Dorcas Drake threw her 25th annual Christmas party in the Jacksonville Coliseum Tuesday. She and about 150 volunteers handed out candy, fruit and grocery sacks full of toys to a record number of needy children.

"We get more children each time, and the number has really jumped in the past couple years," she said. "But as the number of children increases, so does the number of toys and the number of people who help us. We've never run out yet."

About 48,000 youngsters, mostly under age 11 but a few up to age 15, received Christmas presents from Mrs. Drake last year, and the former justice of the peace attributed the additional 2,000 children this year to rising unemployment.

### Surname Is Not Required

FORT LAUDERDALE (UPI)—A married couple has won the right to give their child a last name different from the father's surname.

U.S. District Judge Jose Gonzalez announced this week that a 1977 Florida statute requiring children born in wedlock to be given their father's surname is unconstitutional.

Gonzalez struck down the statute Dec. 17 but did not make his ruling public until Monday.

The suit against the statute was filed by a married Delray Beach couple, Dean Skylar and Christine Ledbetter, who wanted to name their firstborn son Sydney Skybetter.

### Vo-Tech Classes Outdated

TALLAHASSEE (UPI)—Business leaders advising Gov. Bob Graham have concluded that the key to Florida's ability to attract computer companies and other high technology industries is its public education system.

And the 14 business executives meeting with Graham, Lt. Gov. Wayne Mixson and other state officials Tuesday identified some weaknesses in this system.

Their biggest complaint was with the vocational-technical schools. Many of these institutions simply are outdated, the executives said. They called for refinements in university engineering schools, rather than drastic changes. Recommending, among other things, more post-graduate programs.

The industrial leaders and the state officials they huddled with all agreed Florida has a better opportunity than states already heavy with conventional industry to capture much of the new investment in computers, other communications systems, specialized electronics and similar fields.

### THOSE BELLS

Members of the Woman's Club of Sanford are one of many groups manning the Salvation Army kettles, such as the one in front of the Sanford Post Office. They are helping to raise funds to help

needy families at Christmas. From left Betty Brown watches as Corinne Campbell makes a donation and Olive Hunt and Lacie Fleming ring bells.

## Nancy 'Fine,' Maintains Schedule

WASHINGTON (UPI) — First lady Nancy Reagan is carrying on with her normal holiday schedule, including acting as hostess at a round of White House Christmas parties, following the removal of a small cancerous growth from her upper lip.

"She is going to be fine," said Dr. Daniel Ruge, the White House physician.

The growth was removed Monday during a brief operation in Ruge's office, and a biopsy determined that the abnormal skin

condition was malignant.

But the first lady's press secretary, Sheila Tate, said that the operation was successful and that no further treatment is needed for Mrs. Reagan.

"Her reaction was she was startled to learn it was malignant, but glad it's been attended to," Mrs. Tate said.

Mrs. Reagan is scheduled to have the four stitches from the surgical procedure removed on Sunday.

## Sanford Voters Reject Plan

Continued From Page 1A

revision to call for one or more commissioners elected from geographic areas by those persons living in the areas only to assure equal representation on the City Commission.

Ultimately the black members of the charter revision commission compromised on the residency districts.

In the first election on Dec. 7, three charter questions were on the ballot. They were: a new charter without districting, a new charter with districting and retention of the old charter.

The charter without districting failed, leaving the new charter with districting and retention of the old charter for the runoff.

Only 20 percent of the voters turned out in the Dec. 7 election.

City Clerk Henry Tamun had projected a 12 percent turnout Tuesday, but the turnout fell far below that.

Only 415 of the city's 8,830 registered voters actually voted.

The City Commission was scheduled to count the 12 absenteees and certify the election at a special noon meeting today.

The voters cast 115 ballots in favor of the new charter and 292 against.

Tamun said today that the turnout was a disappointment. "The weather was beautiful, but there was no interest in the subject matter," the clerk said. "That's unfortunate."

Tamun said Tuesday's election cost the city's taxpayers about \$1,100 or \$2.59 per vote. —DONNA ESTES.

## Andropov Makes Arms Reduction Plan Offer

MOSCOW (UPI) — Communist Party chief Yuri Andropov aimed the Kremlin's latest arms reduction proposal at western Europe, the target for more than 200 of his country's SS-20 nuclear missiles.

Andropov was aware of the negative response from Washington to his offer to reduce Moscow's nuclear arsenal in Europe before he even delivered his speech at the Soviet Union's 60th anniversary celebrations in the Kremlin on Tuesday.

Reagan administration officials leaked the Soviet offer to reporters more than 10 days ago, enabling the U.S. president to defuse its impact and reject it as inadequate.

"The ball is now in the court of the U.S.A.," Andropov said.

### Lebanon Cabinet Eyes

### U.S. Plan For Withdrawal

United Press International

Lebanon's Cabinet called a meeting today to approve a U.S.-negotiated plan for the withdrawal of all foreign forces from its territory by mid-February, amid reports that direct peace talks with Israel could begin before Christmas.

Jordan's King Hussein, however, declined President Reagan's request in a White House summit Tuesday to enter negotiations with Israel and Egypt over his plan to set up a Palestinian entity on the West Bank linked to Amman.

Israeli Defense Minister Ariel Sharon said in Jerusalem Tuesday that Israel undercut U.S. attempts to link withdrawals from Lebanon to Reagan's Sept. 1 Middle East plan by making its own private agreements with the Lebanese.

In Beirut, government sources said Tuesday the Cabinet, at its regular weekly session, would give full approval to a plan for the withdrawal of 40,000 Syrians, 10,000 Palestinians and 30,000 Israeli forces from Lebanon.

## DJs Take Over Station Protesting Country Music

ORLANDO (UPI) — Three disc jockeys seized their radio station for more than three hours Tuesday in a protest of a format change from easy listening to country music that will cost them their jobs.

The announcers ended the peaceful protest at WDBO-FM after station management agreed to pay the three two extra weeks' severance pay, letters of recommendation and a promise not to blackball them in the industry.

Management also agreed not to seek Federal Communications Commission charges.

The episode was similar to the plot of the 1978 movie "FM," in which announcers unhappy with an upcoming format change take over their station.

WDBO general manager Robert Longwell said the move was not a publicity stunt to advertise the format switch. He said he first heard of the takeover while listening to his sister station WDBO-AM on his car radio.

During the protest, the three dee-jays played easy-listening music and continued to air commercials. They occasionally played a country song "to jolt the audience" with the music the station will start airing next month.

The three threatened to erase taped commercials if any attempt were made to evict them.

About 6:15 p.m., announcers Gary Schaffer, 41, Ron Kocher, 23, and Lon Wagner, 33, locked themselves in the WDBO-FM control room and told their audience they had taken it over in protest of the change.

About 3 1/2 hours later, management and the announcers worked out the agreement.

## Reaganomics Is Working?

United Press International  
Democrats who are hoping to make Reaganomics the major issue in the November election might want to start thinking up an alternate strategy.

For when President Reagan comes down from his California mountaintop next week, he will have in his pocket some strong numbers to back up his argument about how the economy should be run.

Interest rates are falling fast and inflation is down, giving Republicans solid statistics to cite. While Democrats will continue to hit hard at the tremendous unemployment rate and other unattractive parts of the president's program, the man in the street will react positively to the recent economic developments.

It is at this moment that Reagan plans to start his attack on the campaign trail, to keep reminding voters that their wallets are getting fatter.

However, even while administration sources are claiming "a moderate recovery is under way," the president is playing a cautious hand.

Continued good economic news could work wonders at the polls two months from now, but he knows well that the numbers that have shifted so quickly in his direction could just as easily boomerang before election day. He will make no statements that might come back to haunt him.

Economists disagree — as they usually do on most things — on the reasons for the sudden improvement in important indicators. Few, however, assign the success to the president's financial austerity program.

That alone will not prevent Reagan from telling voters that he must be doing something right in Washington because his policies are bearing fruit.

The administration has carefully laid the groundwork for defending the high rate of jobless America by calling that particular statistic "a lagging indicator." In other words, most of the rest of the economy must be bubbling healthily along before the administration can be brought to task for the nation's unemployment woes.

In the meantime, Reagan will continue to express sympathy for those out of work in order to defuse the problem on the campaign trail.

In all, Reagan is resuming his role as leader of the Republican Party at a particularly good time. While no seasoned political observer would dare claim the Republicans will make a big sweep of House seats in November, some borderline candidates are sleeping easier knowing that Reagan's economic policies are out of the doghouse as long as the interest rates remain lower than they have for months.

## Phone Excise Tax To Go Up Jan. 1

The Federal Excise Tax the government imposes on all long distance telephone service will increase from 1 to 3 percent beginning Jan. 1, a Southern Bell spokesman said.

Larry Strickler, Southern Bell's manager here, said the increase was the result of the Tax Equity and Fiscal Responsibility Bill of 1982 that Congress approved early in 1982.

The 3 percent tax rate will apply to all intra- and interstate long distance calls billed after Dec. 31. Calls that are completed in December but not billed until January will be taxed at the three percent rate, Strickler said.

The 3 percent tax rate is scheduled to remain in effect through Dec. 31, 1985.

## Florida Sand Pine Is Good Yuletide Tree

Persons who need to cut holiday expenses this year may consider buying a native Florida Christmas tree, the sand pine.

Florida is the largest consumer of Christmas trees in the nation, according to Tony Jensen, Extension forester with the Institute of Food and Agricultural Sciences (IFAS). Yet nearly all Christmas trees that Floridians purchase are imported.

"It costs about \$8 to ship down a Scotch pine from Minnesota," said Jensen. "But we can grow a Florida tree like the sand pine for about half as much."

Sand pines make good Christmas trees because their needles are short, flexible and darkish-green. Tree crowns are full, having many short, heavily foliated branches. Sand pines produce cones at a young age, for a ready-made decorative touch.

Sand pines thrive on "the highest, driest, sorriest land you can find," said Jensen. "They grow where nothing else will and if you water them, they die." The sandhills of Florida, characterized by scrubby longleaf pine and turkey oaks, are an ideal site for sand pine, and are widely and extensively distributed throughout the state. The Ocala National Forest is the widest expanse of sand pine in the world. Farms of sand pines are maintained for paper production in several parts of Florida.

# Interventional Surgery Saves Trouble

NEW YORK (UPI) — Doctors are finding more ways to save patients the pain, expense and risk of major surgery by using catheters as "substitute scalpels" in operations such as using sound waves to break up kidney stones, a University of Pennsylvania professor says.

Dr. Howard M. Pollack, one of several people reporting on imaginative techniques used by radiologists, said Wednesday the kidney-stone therapy is carried out in conjunction with a urologist.

A catheter just a little wider than spaghetti is snaked into the kidney through an opening made by a hollow tube, he said. No incision is involved, so no stitches are taken.

He said a system of optics enables the doctors to see the stone. Then sound waves are aimed at it, breaking it up. The stone is pulverized in 15 to 20 minutes.

Other uses of catheters or thin tubes were described by Dr. Robert I. White, of Johns Hopkins University, at the American College of Radiology seminar on "interventional radiology" — the name for the non-surgical "operations."

In one procedure, a tiny balloon on the end of a catheter is inflated and deflated at 10-second intervals to open blocked blood vessels in kidneys, correcting the cause of high blood pressure in susceptible patients, said Dr. Thomas A. Sos, professor of radiology at New York Hospital-Cornell Medical Center.

He estimated 1.5 million persons with high blood pressure have the type caused by a blocked blood vessel in the kidneys and could benefit from the therapy that is done in conjunction with a urologist.

Other doctors told of "fishing" for gallstones by using flexible catheters with tiny metal

baskets on the end. These are manipulated — opened and closed — to snatch the gallstone and snake it through a tiny hole in the skin.

"The catheter is a substitute scalpel," said Dr. Samuel H. Madell, chairman of the college's commission on communication.

"Without opening the abdomen or other parts of the body and without general anesthesia, interventional radiology can do these things:

"Push tubes through the skin and into the liver to relieve itching from jaundice.

"Remove kidney stones.  
"Snare gallstones surgeons accidentally leave in bile ducts. An estimated 5,000 patients a year would require additional surgery for gallstones if the non-surgical procedure had not been developed.  
"Salvage legs by removing obstructions to the blood supply to lower limbs."  
He attributed the growth of interventional radiology to the versatility of fluoroscopic image intensifying systems and the addition of television.

"Push tubes through the skin and into the liver to relieve itching from jaundice.

## Geneva Phone Rate Going Up

Geneva customers with telephone numbers beginning with 349 will begin paying slightly more for phone service beginning Dec. 29. Basic residential service will increase 40 cents while business service will go up \$1.05.

"Geneva will move into a new rate band, causing the rate increase, because of the growth in the number of telephone customers in that calling area," explained Southern Bell

Manager Larry Strickler. Florida is divided into 12 rate bands, ranging from fewer than 2,000 customers to more than 700,000 customers, based on the number of telephone users in local calling areas.

"Different rate bands are necessary because your telephone service becomes more valuable as the number of telephones you can call in your local area increases," explained Strickler. "It would not be fair for everyone in

Florida to pay the same local rate for telephone service because of the big differences in size of local calling areas. A telephone in Miami allowing a customer to call more than 700,000 other telephones is more valuable than a phone in Cedar Key that can call fewer than 2,000 phones.

The new rate for residence service will be \$10.65 and for business service will be \$25.55.

## Bryant's 36 Points Bombard Hornets; Sanford In Semis Against Oak Ridge

**By SAM COOK**  
Herald Sports Editor

ORLANDO — There's an uninvited guest in the final four of the Burger King-Metro Whopper Shoot Out.

Sanford's Fighting Seminoles join three Metro schools — Evans, Oak Ridge and Boone — in the semifinals tonight at Valencia Community College. Seminole plays Oak Ridge at 7:30 p.m. while Evans and Boone battle at 9 p.m.

Seminole's Calvin "Kiki" Bryant put on a clinic on outside shooting Tuesday, hitting 14 of 20 field goals and all eight free throws, as the 'Noles ripped Bishop Moore, 78-61, behind Bryant's career-high 36 points.

"If that doesn't earn him an all-tournament team spot, I don't know what will," said Seminole coach Chris Marlette about his senior's awesome display. "Kiki hasn't missed a free throw in two weeks and his outside shooting is coming around to what it was last year."

Bryant, a 6-1 senior wingman, started the afternoon inauspiciously enough by missing his first three shots. "He wasn't squaring up (facing the basket)," pointed out Marlette. "Once he did that, it was all over."

And it was. Squaring himself, Bryant rattled home the next seven shots in succession as the Tribe extended a seven-point first-quarter advantage to a 33-16 lead midway through the second quarter. Despite Bryant's one-man show,

veteran Hornet coach Gregg Robinson wasn't going to go take drastic preventive measures to stop him.

"No, we had played some pretty good defense," said the knowledgeable skipper who was one of the finalists for the Seminole coaching post last summer. "We figured he'd cool off. We didn't think he'd make them all night."

But he did. After Bryant's three misses and seven makes, the quiet senior missed another, then made five more in a row. In both halves, he was 7 of 10 from the floor.

The Hornets, 3-4, made a run at the 'Noles at the end of the second quarter on a string of free throws by seniors Chris Saunders and Mike Cuff along with junior Sean Miller.

Saunders and Miller combined for four straight in the final minute to cut the lead to 35-26, but junior William Wynn took a snappy pass from Vernon Law, dropped it in and was fouled. Wynn notched the free throw to give Sanford a 38-26 halftime edge.

"That was crucial," Robinson said about the three-point play. "We made a run at them but that three-point play just killed us."

In the second half, the Hornets could get no closer than 10 as Bryant hit his first four shots, the last a three-point play midway through which gave Seminole a 49-32 lead.

Bryant added six of his eight free throws in the quarter's final two minutes

as the 'Noles led by 57-38 after three quarters.

With less than two minutes left, Saunders, a three-year starter, stole the ball from Law twice in a row and scored to pull Bishop Moore within 70-58, but Willie Mitchell added two free throws to salt away the game.

Seminole continued its fine shooting, connecting on 29 of 57 shots for 53 per-

cent. Bryant's 14 of 20 for 70 percent helped considerably. Bishop Moore hit 21 of 45 for 47 percent.

Seminole and Wynn dominated the backboards as they have for the past five games, all of which Sanford has won to boost its record to 6-2. Wynn had 10 boards while Mitchell collected seven and Torie Hendricks five.

Law had another dazzling floor game with 11 assists which gave him 40 assists in the past four games. James Rouse, Wynn and junior guard Bruce Franklin each doled out four assists.

Saunders led the Hornets with 15 points while Cuff added 13 and Miller chipped in 12.

In other games, Oak Ridge handled Edgewater, 60-49, as Fred Callaway scored 18 points while Chris Horne and Mike Tolbert each had 11.

"They just fiddled around," said Robinson about the Oak Ridge effort. "But then they always do that and come back and win."

Evans, 7-1 and fifth-ranked, didn't have a bit of trouble with Tampa Catholic, pasting the third-ranked 3A school, 72-50. The Trojans will meet Boone, a 64-56 winner over West Orange, in tonight's other semifinal game.

### Lake Mary Nips Hawks

**By CHRIS FISTER**  
Herald Sports Writer

Lake Mary basketball coach Willie Richardson is glad the '82-83 season is still in its early stages because his youthful Rams learned a valuable lesson against Lake Howell Tuesday night in the opening round of the Oviedo Outlook Invitational Tournament at Seminole Community College.

The Rams learned that you cannot underestimate any team, regardless of how bad you beat them the last time and how many straight games they have won without a win.

"We (Lake Mary players) tried to ride through this game on the last time we played Lake Howell," Richardson said. "We were walking around in warmups and didn't get ready to play and it hurt us. I hope they learned."

Leading an early 11-point lead, the Rams had to struggle to pull out a narrow 61-59 victory over the winless Silver Hawks.

In other action Tuesday night, Lyman rode a string of free throws down the stretch to a 72-63 victory over Lake Gibson while Oviedo fought off the outside barrage of Zephyrhills to claim a narrow 60-54 win.

Vero Beach knocked off Lake Brantley, 70-55, in Tuesday's late game.

Taking advantage of seven Lake Howell turnovers, Lake Mary, playing without center Bobby Counts who is on vacation, ran up a 15-6 lead by the end of the first quarter.

Twenty seconds into the second quarter, Darryl Merthle connected on a jumper to give the Rams a 17-6 lead. Then, the roof caved in on Lake Mary.

A hard-pressing Silver Hawks' defense forced numerous Lake Mary turnovers as the Hawks outscored the Rams, 23-8, in the second quarter and rallied to a 29-23 halftime lead.

At one point in the second quarter, with the Rams holding a 19-11 lead, Lake Howell took advantage of three straight Lake Mary turnovers and reeled off six unanswered points to pull within two points, 19-17. Lake Howell maintained the momentum into the third quarter when the Hawks hit eight of 11 shots from the field, mostly layups, and increased its lead to 43-36 going into the fourth quarter.

The Rams pulled themselves together and a jumper by Fred Miller brought Lake Mary to within one point, 45-44. Moments later, Lake Howell was delivered a big setback when John Hamrick, who had 12 points and seven rebounds, was whistled for his fifth foul.

The game then saw-sawed back and forth the next few minutes until the Rams broke loose for a 54-49 lead. Two straight baskets by Lake Howell's sophomore

guard Eftrem Brooks out Lake Mary's lead to 56-53 and a bank shot by Ed Norton made it 56-55.

The Silver Hawks were then dealt another crucial blow as Brooks, the game's high scorer with 21 points, took a seat along side Hamrick with his fifth foul with 1:21 remaining in the game.

Clutch free throws by Donald Grayson and Billy Dunn down the stretch kept the Rams in the lead and eventually gave them the victory as Spike Gordon's shot from outside the college three-point circle hit the front rim and bounced away.

"The kids just have to come out and execute like they did the last four minutes tonight," Richardson said. "We have to be able to handle the pressure situations."

Lake Mary, 5-1, advances to play Oviedo tonight. The loss was 29th in a row for the Silver Hawks.

### Greyhounds Trip Braves

Tuesday night's second game saw two teams with contrasting styles, the ball-movement offense of Lyman's Greyhounds and run-and-gun, stop-and-pop method of Lake Gibson's Braves.

The game was tied seven times in the first quarter before Lyman scored six unanswered points and built a 23-17 lead after one quarter had expired.

The patient offensive attack of the 'Hounds and poor shot selection by Lake Gibson enabled Lyman to increase its lead to 29-19 early in the second quarter. Two baskets by Alexis Cleveland near the end of the half gave Lyman a 40-33 halftime advantage.

The Greyhounds suffered a cold spell early in the second half, missing their first five shots from the field and Lake Gibson, still playing with reckless abandon, worked its way back into the game.

Anthony Thomas' layup off an offensive rebound gave Lake Gibson its first lead since 2-0. Only a jumper by Rod Hillman with two seconds remaining in the third quarter, kept Lyman from trailing going into the fourth. Hillman's shot tied the score at 49.

Lake Gibson, 4-2, came out running again in the fourth quarter and held on to the lead until being hit with foul trouble. Seven free throws in the final two minutes lifted Lyman, 3-3, to a 70-63 victory and advanced the 'Hounds into tonight's 8:30 game against Vero Beach.

### Free Throws Lift Oviedo

Tuesday's third game saw the Oviedo Lions using a strong inside game and Ronnie Murphy's outside shooting while the Zephyrhills, 6-1, Bulldogs rarely went inside but still managed to stay close.

It could have been a cakewalk for the Lions, if only Zephyrhills would have missed from long range more often. Except for an occasional shovel pass inside, the Bulldogs depended on bomb-shells that dropped in more often than not.

Oviedo, behind Murphy's 14 first-half points, led by as much as 10 points and took a 28-22 halftime advantage.

In fact, the Lions, 5-3, never lost the lead once they gained it, but Zephyrhills managed to stay close and trailed by just two points, 54-52 with 1:41 remaining in the game.

Then, just as Lake Mary and Lyman had done previously, Oviedo sewed up the victory with clutch free throw shooting down the stretch. Oviedo connected on nine of 12 from the charity stripe in the last two minutes of the game.

Murphy led all scorers with 23 points.

Total fouls — Oviedo 9, Zephyrhills 21.  
Fouled out — Flannery, Smith.

Despite 25 points from 6-3 senior Paul Hoffman, Lake Brantley lost its fifth straight game in the night's finale by 15 points to Vero Beach.

The east coast Indians, 3-6, jumped to a 31-22 halftime lead over the Patriots as Anthony Simmons, James Mella and Tim Holderman supplied the scoring punch.

Simmons, a 5-8 guard, was especially effective in the fourth quarter when he pumped in 10 of his team-high 20 points as Vero Beach extended its lead. Mella finished with 12 points and Holderman added 10.

Sophomore Dennis Groseclose added 12 points for the Patriots who play 4-2 Lake Gibson at 5:30 p.m. on Thursday.

## Guilty Plea Nets Sanford Man 25 Years In Drug Deal

By TENI YARBOROUGH  
Herald Staff Writer

A Sanford man has been sentenced in Seminole Circuit Court to a year in jail and 25 years probation in connection with a drug-related incident in August.

Circuit Judge Kenneth M. Leffler sentenced Stephen Dale Ilges, 101 W. Ninth St., to 360 days in jail and ordered him to be placed on probation for 25 years after Ilges pleaded guilty Oct. 22 to possession, sale and delivery of phencyclidine, an animal tranquilizer, and possession of more than 20 grams of marijuana.

Ilges was arrested Aug. 4 in his home after undercover agents of the Seminole Drug Task Force entered his home with a search warrant and found the illegal drugs, records show.

In other court action, John D. Kennedy, 20, of Orlando, was sentenced to six months in jail and five years probation after being found guilty of grand theft for stealing a lawnmower from Judith Volkema, 810 Pt. Pleasant Place, Altamonte Springs, on July 14.

Danny R. Flynn, of Apt. 9, Staten Motel, Longwood, was sentenced by Circuit Judge C. Vernon Mize Jr. to six months in jail with credit for 26 days already served after he pleaded no contest to a charge of discharging a firearm in public.

Flynn was arrested July 3 at his home after witnesses told deputies that a man had displayed a .357-caliber handgun at the Circus-Circus bar in Fern Park and fired it at a customer, wounding her. Flynn was also charged with two counts of aggravated assault in connection with the incident, but

a Circuit Court jury found him not guilty on both counts, records show.

In addition, Clemmie Alloway, 26, of 118 Academy Ave., Sanford, was sentenced to 90 days in jail with credit for 48 days already served plus 5½ years probation by Leffler.

Alloway was sentenced in connection with the theft of a cassette recorder and speakers from a car parked at Chuck Hobbs Auto in Casselberry on June 12. A Circuit Court jury convicted Alloway of burglary and petty theft in connection with the incident, records show.

Kelly James Bradley, 21, of 125 Bethune Circle, Sanford, was also sentenced in connection with the June break-in of the car at Chuck Hobbs Auto. Leffler sentenced Bradley to 5½ years probation following his conviction of charges of burglary and petty theft.

And, Randel Kent Mills, 23, of MacDill AFB, Fla., was sentenced by Mize to four months in jail and two years probation following his conviction of fleeing and attempting to elude a police officer and his plea of guilty to a charge of driving under the influence of alcoholic beverages.

Mills was found not guilty of obstructing an officer with violence although deputies said Mills kicked a deputy while he was being placed under arrest. Also, state prosecutors declined to prosecute two other charges against Mills including reckless driving and having an unlawful blood-alcohol level while behind the wheel.

Mills was arrested May 31 along U.S. Highway 17-92 at State Road 434.

## Temik Levels Safe, Makers Claim

TALLAHASSEE (UPI) — Officials for Union Carbide, the maker of the pesticide Temik, claim the recent discovery of residues in groundwater do not pose a health threat to Floridians.

A coalition of migrant farmworker

organizations disagrees, however, and has scheduled a press conference in Tallahassee today to call for a ban on the sale and use of Temik in Florida.

Temik residues were found in groundwater near Lake Wales earlier this month.

## Gross National Product Down Again

WASHINGTON (UPI) — Government economists Tuesday projected that the broadest measure of the economy — gross national product — is sinking at an annual rate of 2.2 percent.

The tentative projection, known as the "flash" GNP report, is based on partial data for the October-through-December quarter.

The projection is used for internal government budget estimates and is disclosed four times a year as the final revision of the previous quarter is published.

The revision showed the July-through-September quarter posted a 0.7 percent growth in the nation's output of goods and services, weak but nevertheless on the positive side.

When last reported Nov. 19 before the final revision, thirdquarter GNP was at a flat zero rate of growth — no change from the second quarter.

The second quarter had seen GNP going up at a 2.1 percent annual rate. The first quarter had been the year's most severe downturn, with GNP dropping at a 5.1 percent rate.

Revised corporate profits after taxes were up just 2.7 percent, a slight improvement over the 2.4 percent last reported.

All GNP figures were adjusted for inflation.

In 1981, GNP increased by 1.8 percent over 1980 despite the recession that began after the last peak in economic activity in July 1981.

Some analysts now foresee GNP through all of

**'Declining demand has pulled down prices as businesses have struggled to liquidate excess inventory. High unemployment has also slowed down wage increases.'** —Gordon Richards

1982 shrinking. Georgia State University economist Donald Ratajczak said he expects the year to show a 1.8 drop in GNP.

Hopes for an improvement in the economy, which had earlier been pegged on various portions of 1982, are now being placed on sometime next year.

In the third quarter, Tuesday's final GNP revision showed the value of the nation's goods and services sold in the United States and elsewhere to be at an

annual level of \$3,088.2 trillion before adjustment for inflation.

In 1972 dollars, the value of the nation's economic activity was \$1,481 trillion, the department's Bureau of Economic Analysis said.

While the deterioration in the economy was bad news for the White House a report from the Labor Department earlier in the day showed that consumer prices were remaining stable with only a 0.1 percent increase from October.

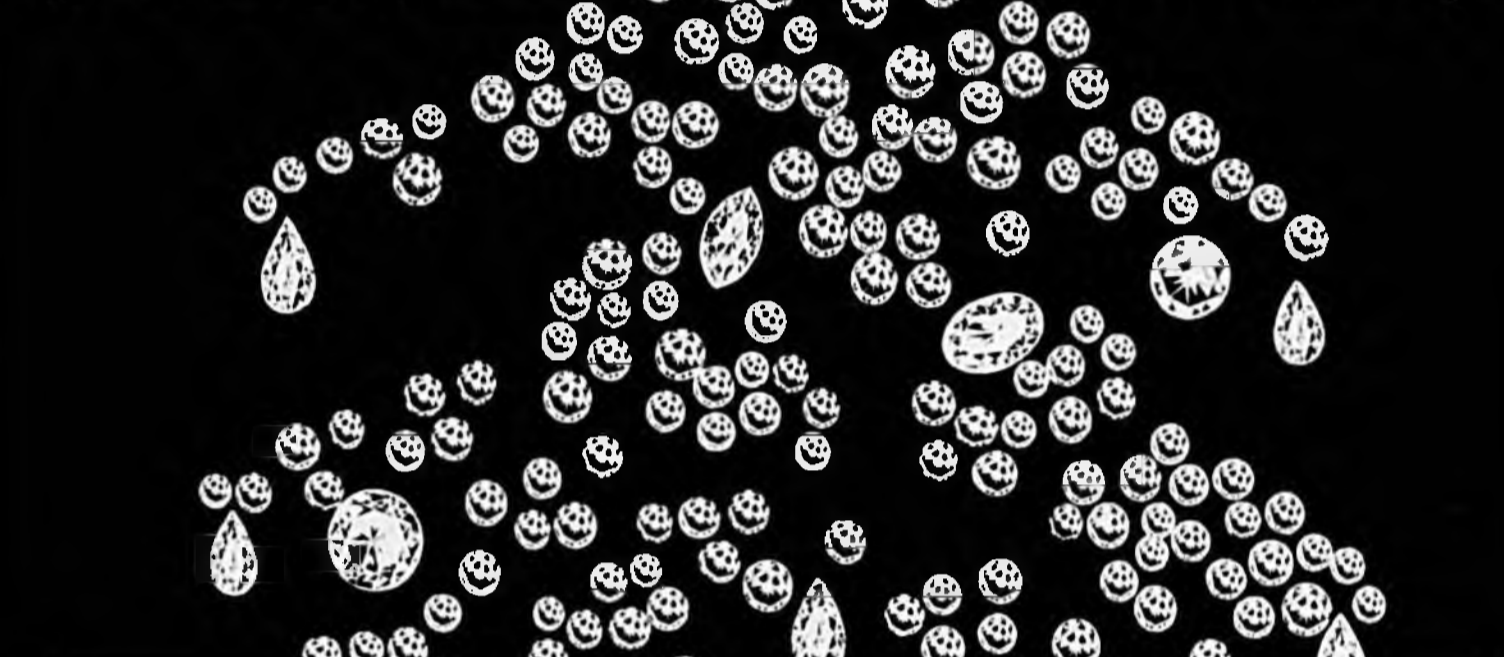

Since the original "tight money" policy of the Federal Reserve was designed to subdue inflation, the report suggested the policy had made major progress. Many analysts, however, said the policy actually contributed to the recession.

Through November the inflation rate of consumer prices has been only 4.5 percent, the lowest since 1972.

Gordon Richards, director of economic analysis of the National Association of Manufacturers, said "The main factor for the drop in inflation has been the depth of the recession."

He said, "Declining demand has pulled down prices as businesses have struggled to liquidate excess inventory. High unemployment has also slowed down wage increases."

### Slovak Family Adheres To Christmas Tradition

By LOU CHILDERS  
Herald Correspondent

Betty Pempey lives in the house she was born in, on the road named after her parents, Joseph and Katherine Mikler, in the community of Slavia, near Oviedo. Betty and her husband, Harry, plan on carrying forth the Slovak tradition handed down from her parents when it comes to celebrating the birth of their Savior.

In the Old World, Christmas Eve Day is a fasting day for Lutheran Slovaks. The fast is broken in the early evening when the family gathers for a special meal that focuses on the oblatky, a thin wafer.

Betty explains, "These thin wafers are symbolic of Jesus and a reminder of His title as the bread of life."

She outlines the serving of the meal this way. The dining room table is covered with the most beautiful cloth the family possesses. The meal begins when the father leads his family in prayer and hymns as well as the reading of the Christmas story from Luke.

The wafers are dipped in honey, a symbol of God's goodness and a reminder that Christians are to live a sweet and good life, pleasing to God. The head of the household distributes the honey-dipped wafers, proclaiming a fitting blessing for each family member.

Next, a special Christmas Mushroom Soup is served, followed by dessert biscuits called "Bobalky." The Christmas Mushroom Soup is made of dehydrated mushrooms, browned onions, and sauerkraut juice, indicating simple peasant origins.

Betty says, "My parents came to the United States in 1912, settling first in Cleveland. When they heard of a new community of Slovaks in Florida, they

headed South."

Of the 12 children born into the Mikler family, Betty is the baby. Betty's remaining family, two brothers, Paul of Oviedo, and Steve of Naples, and two sisters, Sue Colbert and Anna Duda both of Slavia, all have fond memories of family tradition, "and doing all our cooking on the old wood burning stove."

The Christmas wafers, the oblatky, used to be made by the women of the church, according to Betty, but now, for convenience sake, they are ordered months in advance from a company, and are picked up by each family at their home church in December.

Betty says her three children, Susan Perry, Harry Jr., and Jane Cowart, all understand the tradition of the family meal held each Christmas Eve now that they are adults. But, she confesses, "When they were youngsters, they thought the thin wafers strange and often asked why they had to eat paper dipped in honey on Christmas Eve!"

Coming from a large family, Betty has some real budget stretcher recipes like Slovak Style Homemade Soup. Among the ingredients called for in this soup are one large chicken and one choice piece of roast. When the chicken and roast are tender, they are removed and used for meals in following days. The rich stock contains lots of vegetables for great nourishment.

If you haven't done any Holiday baking yet, Betty says try either Rasky, a pastry she says anyone can make, or Sugar Cookies that can be cut in varying shapes and easily decorated by sprinkling with colored sugars, or iced.

#### CHRISTMAS MUSHROOM SOUP

1 package sauerkraut  
1/2 cup dry mushrooms (or more if

desired)

1 piece Kielbasa sausage  
1 piece of fresh pork salt and pepper to taste  
1 tablespoon caraway seed  
1 small chopped onion  
Place all ingredients in soup kettle with about 1/2 cup of water and cook until meat is done, about 1 1/2 hours. Make 1 cup white sauce and add to soup to thicken.

#### SLOVAK STYLE HOMEMADE SOUP

In large soup kettle place:  
1 large chicken  
1 large choice piece of roast  
1 large onion, whole  
5-6 ribs of celery  
1 package carrots, whole or cut big  
6 medium to large potatoes, quartered  
Enough water to cover all ingredients  
Cook for 1 to 2 hours. If chicken gets done before beef, remove and let cool. Cook rice or egg noodles to go with soup. Chicken salad can be made from the chicken, and barbecue from the beef.

#### RASKY

6 cups flour  
1 1/4 pounds butter or margarine  
2 packages yeast  
6 egg yolks  
dash of salt  
1 cup milk  
3 tablespoons sugar  
Dissolve yeast in warm milk. Stir in sugar and salt. In separate bowl, mix butter into flour. Add egg yolks, followed by yeast mixture. Knead well. Let rise over night in refrigerator. Divide dough into six balls. Roll one at a time to 1/8" and cut with pastry cutter into 3x3-inch squares. Put nut filling in one corner and roll into crescent shape. Bake in a 350 degree oven 12 to 15 minutes.  
Filling:  
1 1/2 pounds pecans, ground fine

1 1/2 pounds walnuts, ground fine  
sugar and cinnamon to taste  
Mix nuts, sugar and cinnamon together. Add enough canned evaporated milk to make a spreading consistency.

#### SUGAR COOKIES

2 cups butter

3 cups sugar  
2 eggs  
6 cups flour  
1 teaspoon salt  
6 teaspoons baking powder  
12 tablespoons milk  
2 teaspoons vanilla

Cream butter and sugar. Add the eggs and beat. Add dry ingredients and mix well. Chill dough 4 or more hours. Roll out on board that has been floured with a mixture of half flour, half sugar, and cut into desired shapes. Bake at 350 degrees for 12-15 minutes.

## Lake Mary Club Installs At Christmas Gathering

By DEE GATRELL  
Special To The Herald

The Lake Mary Extension Homemakers Club held its annual installation of officers and Christmas party at the Agriculture Center.

Special guests included Thelma Mike, from the Good Samaritan Home in Sanford; Lois Jackson, Seminole County social school worker; Sgt. Sam Belfiore, Lake Mary Police Department; Barbara Hughes, Home Economics and County Extension Agent of Seminole County; Olive Babbitt, Seminole County Council president; and Frank Jasa, Seminole County Agriculture agent.

The club's president, Andrea Wise, presented wrapped Christmas gifts to Thelma Mike for the residents of Good Samaritan Home, good used toys and clothing to Lois Jackson, to be given to needy families, and non-perishable canned goods to Sgt. Belfiore for the Community Children's Christmas fund.

Barbara Hughes installed the following for the coming year: Andrea Wise, president; Phyllis Welton, first vice-president; Violet Beckhorn, second vice-president; Delores Muse, secretary; Jackie Lockwood, treasurer; Lois Maheu, delegate; and Mildred Sandusky, alternate delegate.

A Christmas exchange of gifts and a luncheon was held for members and guests.

## Wife Dumps Problems On Mate's Mom

DEAR ABBY: How do you tell your daughter-in-law not to call you up and tell you what a terrible son you have? I have told her countless times that I don't want to hear about their fights and misunderstandings, but she still calls me. It starts out with, "Hi. How was your day?" And before I can get the words out, she proceeds to tell me about the argument she and my son just had. She never calls to tell me anything nice he did — only the bad things. They have been married for a short time and I see little hope for a first anniversary.

Dear Abby

She has even called me up at 11 p.m., just before I go to bed, to tell me about this terrible fight she just had, saying he stormed out of the house, slammed the door and raced off in the car. She never calls back to tell me he came home and everything's fine. So I lie there all night worrying that he's out drinking and driving when all the while they have already kissed and made up.

Any suggestions besides telling her not to call? I've tried that and it hasn't worked.

UNNERVED MOTHER-IN-LAW

DEAR UNNERVED: The poor girl probably has no one else to dump on. She sounds like an immature, angry child frantically crying for help. And to compound the problem, she's punishing you. (Look what your rotten son did to me!) Insist that both she and your son get professional help from a marriage counselor. It's a matter of survival for their marriage, and your nerves.

DEAR ABBY: I am a healthy 20-year-old male who would like to donate one of my eyes to a blind person right now while I am living. Many people get along all right with only one eye, and I'm sure I

could, too. It would be well worth the inconvenience knowing that I gave a blind person the gift of sight.

I do not want any publicity. I just want to donate one of my eyes anonymously as a gift. Has a blind person ever received a transplant from a living donor, or would I be the first?

ANONYMOUSLY YOURS  
DEAR ANONYMOUSLY: Your generosity is indeed commendable, but I am informed by a spokesperson for the Lions Club, whose pet project is the cornea transplant program, that a cornea is never taken from a living person.

DEAR ABBY: Reams have been written about women in love with married men. However, not much has been written about the aftermath. Let me tell you how it was with me.

Years ago I was head over heels in love with a prominent Chicago doctor. I was thrilled and proud to think that this important man found a few hours for me. I froze in his car as he made hospital calls to visit patients. Everyone told me he would never divorce his wife and leave his children for me. I knew in my heart that one day — when he got his finances straightened out — we would end up together.

Well, his children are all through college, married and have homes of their own. His wife just took a trip to the Holy Land. Me? I'm retired on Social Security. The doctor? He died of a heart attack in his wife's arms in 1954!

# Zara: Losing Weight, Staying Thin Is A Procedure Of Learning

By ELLIE GROSSMAN  
Special To The Herald  
She was the fat kid the other kids in Succasunna, N.J., called "Crisco." "I'd say, I don't care, or give them a good shot—but at home, I cried a lot," says Barbara Zara.

At 18, she stood 5 feet 4 inches and weighed 211 pounds, but she had married beauty. "He was tall, thin, very attractive. I loved what I saw on the outside."

He married her, she says, because "he knew he would always have a roof over his head, food, and because I was fat, I'd let him lead his own life. I accepted that because being fat I thought I deserved it. At least I had a husband. That was a necessity 30 years ago."

For 12 years, though, no matter how well she cleaned and cooked, she says, "He'd call me a slob and tell me I was stupid."

"I knew I was headed back to 211 and I thought I couldn't keep control by myself," she explains. "So I borrowed \$100 from my husband, bought a scale, made up 50 recipes and put an ad in the local paper: 'Overweight? Hate it? Slim-U is opening April 18, 1973. No guilt. No anger. No low self-esteem.'"

"Twenty-eight people showed up. Now there are 52 chapters in Florida, New Jersey and Michigan and we may be opening some in California and New York. All told we've helped probably a million people so far."

Who knows how many more she'll encourage through her new book, "I Left My Fat Behind" (New Century Publishers Inc., \$9.95). Jolly and inspiring, the book recounts how she lost weight, how anyone can who wants to.

Twice, she failed at suicide. "Tell me the Lord doesn't love me," she says with an explosive laugh. "After the second time, my husband said, 'Sorry you didn't make it.' We separated after that. When I finally gave him the divorce papers, I said, 'Now that it's over, why did you treat me that way?' He said, 'Because you took it.'"

Barbara Zara was 30 then. She joined a weight control group, lost 90 pounds and, for three years, was a group director. She married her hairdresser and moved to Fort Lauderdale and founded Slim-U Inc., because in Florida she regained 32 pounds.

"I knew I was headed back to 211 and I thought I couldn't keep control by myself," she explains. "So I borrowed \$100 from my husband, bought a scale, made up 50 recipes and put an ad in the local paper: 'Overweight? Hate it? Slim-U is opening April 18, 1973. No guilt. No anger. No low self-esteem.'"

"Twenty-eight people showed up. Now there are 52 chapters in Florida, New Jersey and Michigan and we may be opening some in California and New York. All told we've helped probably a million people so far."

Who knows how many more she'll encourage through her new book, "I Left My Fat Behind" (New Century Publishers Inc., \$9.95). Jolly and inspiring, the book recounts how she lost weight, how anyone can who wants to.

Barbara Zara was the fat little kid in Succasunna, N.J., the other kids called "Crisco." Now she is 121 pounds and the founder of Slim-U Inc. "Stop delegating the responsibility for your weight elsewhere," she says. "You've got the control within to be slim."

What it doesn't do is recount her personal heartbreaks. "If I wrote the book the way I lived it, it would have been called 'The Pain of Obesity,'" she says.

The messages of 121-pound Barbara Zara, now 50, are ebullient, like the woman herself—and painfully direct. "Stop delegating the responsibility for your weight elsewhere," she says. "Sara Lee, your mother and God made you fat, not you. You sure? If you want to remain that way, OK but don't play the victim. You've got the control within to be slim. Once you make the decision, you just have to put forth the action. When 'but' goes out of your vocabulary, you're on your way."

Yes, she says, there's more than a dollop of Norman

Vincent Peale's "The Power of Positive Thinking" in her philosophy. "Nothing wrong with it," she says.

Yes, the diet she pro-pounds is similar to the one originated by the New York City Department of Health. "So is Weight Watchers," she says. Yes, she provides recipes, a 30-day eating plan to eliminate choices until people can make them.

What she stresses, though, is "putting that mental tape into rewind and cleaning out everything you've thought and heard about yourself. And that's the difficulty. From birth, parents, teachers, rabbis, ministers, they all teach us we're worthless. Then, at 18, we're patted on the head by these loving people and told to do our best. We don't know what the hell that is! And we were always told it was never good enough!"

Accept yourself, she tells the overweight. "Then, one day at a time, go about changing the things you don't like or that are detrimental."

Losing weight and staying thin, she says, is "a procedure of learning." It's not easy, but then, neither is life and even after all she has accomplished, Barbara Zara is still struggling, with self-acceptance, for one thing. "I like myself as a person and I like my feelings toward people, but I'm still trying to like what I see in the mirror," she says.

Depression, too, is not unknown to her. "My daughter was here in New York with me last night," she says. "I thoroughly enjoy that child and after I put her on the bus to New Jersey, it was very hard coming back alone to the hotel. So I said to myself, 'If you sit down and think about her, you'll be depressed. Get busy.' So I washed my hair. I wrote some thank-you notes. My husband called from Florida. I went about living and by the time I went to bed, I was in a fine frame of mind. Otherwise," she says, laughing, "you would have been talking to a basket case today."

## Math Teachers To Meet At UCF

Math teachers at colleges and secondary schools in Central Florida are invited to a meeting at the University of Central Florida Jan. 21 where the emphasis will be on professional concerns.

The main portion of the afternoon meeting, in the UCF administration building, will be turned over to teacher-panels from area colleges and high schools. Their topic will be "concerns of mathematics educators in Central Florida" and will include discussion on the CLAST and Gordon Rule, which set mandatory testing and course work requirements for Florida college students.

The afternoon session will get under way at 1:30 with remarks by William D. Schwartz, president of International Laser Systems, Inc., on concerns of area industry related to math education.

Faculty from the UCF math and statistics department will follow with briefings on undergraduate and graduate programs offered within the department.

Panelists include Joby Anthony, chairman of the UCF department; Don Argo, Brevard Community College; Maria Gerrity, Rock Lake Middle School; Bill Jordan, Seminole Community College; Sally O'Brien, Winter Park High School; Lee Sathre, Valencia Community College; Wenona Sorrells, VCC; Dan Stout, Daytona Beach Community College; and Bobbie Wagoner, Lake-Sumter Community College.

Teachers who plan to attend all or part of the UCF meeting are asked to call Dr. Lee Armstrong, at (305) 275-2753 to permit an estimate of the audience.

HOROSCOPE

For Thursday, December 23, 1982

YOUR BIRTHDAY Dec. 23, 1982
You're a hard-working, responsible person. You rely upon yourself instead of Lady Luck. However, this coming year she may play a big role in your affairs.
CAPRICORN (Dec. 22-Jan. 19) Family members are likely to have a low kinking point today. Don't do anything which would cause sparks. Be a peacemaker, not a provoker. Your Capricorn Astro-Graph predictions for 1983 are now ready. Send \$1 to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Send an additional \$2 for the NEW Astro-Graph Matchmaker wheel and booklet. Reveals romantic combinations and compatibilities for all signs.
AQUARIUS (Jan. 20-Feb. 19) Basically you're a forgiving person, but today you could create ill will by not excusing something another did in the past. Let bygones be bygones.
PISCES (Feb. 20-March 20) Have fun and enjoy yourself today, but try to do it as inexpensively as possible. If it costs you too much, you'll have regrets later.
ARIES (March 21-April 19) You are very capable, but don't set goals for yourself today when you know going in that the odds are stacked against you. Be aware of your limitations.
TAURUS (April 20-May 20) Persons who like you will try to be helpful today, provided you don't demand that they do so. Let their aid come of their own volition.
GEMINI (May 21-June 20) Don't let your curiosity cause you to ask prying questions today about something which a friend prefers to keep secret. Respect his privacy.
CANCER (June 21-July 22) Persons who are likely to support you in career matters today might not have enough clout to help you accomplish your aims. Seek strong teammates.
LEO (July 23-Aug. 22) Co-workers must be dealt with very tactfully today. If you come on too strong, you may create problems which could have been easily avoided.
VIRGO (Aug. 23-Sept. 22) Rather than take on new obligations now, it will prove wiser to work on ways to put your financial affairs in better balance.
LIBRA (Sept. 23-Oct. 23) To avoid domestic rumbles today, skirt issues which simply invite opposing positions. Neither of you is likely to give in.
SCORPIO (Oct. 24-Nov. 22) Uncharacteristically, you might try to take credit today for something another had a big hand in helping bring about. Share the spotlight.
SAGITTARIUS (Nov. 23-Dec. 21) Avoid temptations today to take gambles on things where you could lose more than you hope to gain. There are no free rides on the merry-go-round.

Bulk Necessary For Good Colon Function

DEAR DR. LAMB - I'm interested in what you can take or eat for a laxative instead of Ex-Lax and other store-bought laxatives. Could you name some things other than prunes, raisins, orange juice? I don't like to take laxatives. It can mess up your bowels, can't it? Tell me something about that, too.
When I moved to South Carolina from Louisiana I had a bowel movement about every day but when I moved back here I only have a bowel movement about two times a week. Could it be from what you eat? Send me a pamphlet on this if you have one and tell me what to eat or drink.

DEAR DR. LAMB - Would you give me some information on Librax? I had a history of diarrhea for many years. I had the usual tests and got the usual answers. These past few years the condition has improved while taking Metamucil and Librax, but I still have gas in the lower bowel. I have only been nauseated twice in the past six months. The doctor suggested gallbladder tests but I had them two years ago and don't want to go through that again.
The Librax causes dryness in my mouth and affects my eyes. I do not eat spices or raw vegetables. I am 84 years old. My family thinks I am fine except for arthritis pains.

DEAR READER - I'm glad you recognize the dangers of developing a laxative habit. A number of laxative preparations sold to the public do contain chemicals that stimulate the contraction and movement of the bowels. Most of these, if used regularly, do cause poor bowel function. They empty the bowel too soon and then there is a long waiting period for more undigested food residue to accumulate for normal function. Such a habit can lead to or contribute to a spastic colon problem.
These include Knosyl, Metamucil, Movicol and Syllact. The action of different laxatives is discussed in The Health Letter number 12-8, Laxatives, Enemas and Suppositories, which I am sending you at your request.
Others who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

What you eat and drink does indeed have a lot to do with normal bowel function. The best source of bulk for normal function is in your food. Apples are good as are other fruits that contain bulk. So are whole cereals that contain

**...Or You Can Call Me Pele**

PENARTH, Wales (UPI)—Trevor George named his new daughter after 20 of the world's greatest soccer players. His wife sat down and cried, then went home to mother and eventually had the child's name changed to something more conventional.

"I never expected him to give a girl those sorts of names," wept Lynette George, 25.

George, 28, registered his daughter's names as "Jennifer, Edson Arantes do Nascimento (Pele), Jairzinho, Rivellino, Carlos-Alberto, Paulo-Cesar, Brielner, Cruyff, Greaves, Charlton, Rest, Moore, Ball, Keegan, Banks, Gray, Francis, Brookings, Curtis, Toshack, Law George."

Mrs. George managed to cancel the registration and rename the baby Jennifer Anne George.

"I'm angrier about her changing the names than about her leaving," George said. "She can stay where she is if that's what she's going to do."
