**CHARLES BERTRAND, OF FRANCE, MEMBER OF DEPUTIES, IS CHAIRMAN
WEARS THE MEDAL**

And is One of the Most Prominent European Delegates to the Meeting

(By The Associated Press)
NEW ORLEANS, Oct. 14.—Delegates of seven European nations and the United States opened the convention of Inter-Allied Veterans Federation here today. Presiding over the gathering which included countries from Belgium to America, who have come here as guests of the American Legion, to participate in the Legion's National convention next week was Charles Bertrand, of France. Bertrand, a member of the French Chamber of Deputies, head of the former extreme men's party in French legislative body and wearer of the American distinguished service cross and French Legion of Honor.

**REVEREND PREDICTS
LOW-PRICED SUGAR**

NEW YORK, Oct. 14.—Claud A. Spreckles, president of the Federal Sugar Refining Company, who declared his arrival from abroad three days ago that the price of sugar was too high, emphasized his remarks today by announcing that he would at once shut down the federal company's plant at Yonkers. "Sugar must fall in price," said Mr. Spreckles. "Conditions in Cuba received in reports by cable assert that there is so much heavy cane growing that they expect to begin grinding the new crop about one month to six weeks earlier than usual that is, they will begin about Dec. 1 instead of Jan. 1." Reports from France show that there is an unprecedented in the price of the beet roots, and a higher price of sugar contained than has been recorded for many years. Beet sugar producers in Europe will have a surplus of over 800,000 tons and I cannot see that there will be any exports to Europe for the next six months."

LABOR MUST SURRENDER RIGHT TO CALL STRIKE SAYS PENNSYLVANIA HEAD

But Does Not Say How Labor is to Be Protected or When

(By The Associated Press)
CLEVELAND, O., Oct. 14.—The railroad labor surrender the right to strike if the railway is to be stabilized and the "rights of the people to uninterrupted transportation service permanently secured," Elisha J. Lee, vice-president of the Pennsylvania declared in an address last night at the annual banquet of the American Mining Congress.

"I am not prepared to say, at the present time," Mr. Lee said, "that we should go to the length of absolutely forbidding railroad strikes by specific statutes. Nor would I attempt otherwise to lay down any particular method by which acceptance of this basically correct principle may be brought about."

"I am only sure of one thing and that is that it must be accomplished somehow way if the railroad labor situation is to be stabilized."

Mr. Lee described the Pennsylvania's system of labor relations which brought it into conflict with the railroad labor board this year. He also quoted with approval a recent statement of W. G. Lee, president of the Brotherhood of Railroad Employees, who said that the railroad labor board was "a body of men who are not interested in the welfare of the railroad industry."

well as for ourselves and the executives." "With these observations," Mr. Lee continued, "I heartily concur."

"Railroad management has the social duty of effecting a revival among working forces of the spirit of ambition, enterprise and social progress. I wish we could return to the condition which existed in the days when every man entering the ranks thought that he had a chance to become president of the company, and that he should work for that job, if he had it in him, or at any rate for the best position which his abilities could win."

"No greater harm has been done than has resulted from the efforts of some labor organizations and their leaders attempting to create a permanent split between the working classes and the managing classes, and in so doing the worker that has hopes not in improving himself as a producer, or in fitting himself for more responsible duties, but accepting the highest pay he can possibly obtain for the least work he can compel his employer to accept."

SIXTEEN RAILROADS AGREE WITH NEW ORGANIZATIONS THAT WILL OBEY RULES

And Abide by the Decisions of the Railroad Labor Board

(By The Associated Press)

LOCHNER-JERKIGAN MARRIAGE THURSDAY

Miss Ethel, daughter of Mr. and Mrs. John C. Lochner, and Perry Jerkigan of Sanford, son of Mr. and Mrs. R. E. Jerkigan of Dunn, N. C., were married at the home of the bride's parents at ten this morning. Dr. F. T. King, of the Sanford Baptist church, officiating. The trip to the ceremony was by auto. The guests were Rossie Baggett, the groom's first cousin, and Charles Mahoney, brother of Sanford and Mr. and Mrs. D. M. Lochner.

The bride joined her parents in a recent visit to Jacksonville, coming from Valdun, Indiana. She has enjoyed an active part in the social life of the city and is a member of several clubs.

Mr. Jerkigan is half owner of the B. & O. Motor Co., in Sanford, and is one of the foremost of that city's business men, enjoying a wide circle of friends throughout the state and adjoining counties and has just recently received a French license for the automobile in Eustis.

Immediately following the ceremony they left for a wedding trip to Tampa, St. Petersburg and other south Florida points, and will be at home at 600 West First street, in Sanford, after Oct. 20—Herald Press.

The many Sanford friends of Mr. Jerkigan extend their hearty congratulations and best wishes.

At eight o'clock Monday night the Catholic Women's League met at their hall and will meet every Monday night hereafter.

Each Monday evening will be devoted to different subjects. Next Monday will be a lecture by Rev. Fr. Hennessy on the "Church History."

These are opportunities to learn about the faith and no Catholic should miss them.

Monday night we had a most interesting talk on the situation in Turkey and the fact that we are facing another war with them in Europe that would be very serious to the whole world.

Mrs. Geo. Fellows was elected president and the meeting adjourned.

because it is by its newspaper that a city is largely judged. Recent consolidation announced are those of the two Brooksville papers, the Southern Argus, established in 1892, and the Brooksville Star, established in 1888, also the two papers hitherto published in Chipley, the Chipley Banner, established in 1886 and the Washington Verdict, established in 1916. Rumors in state press circles are to the effect that in at least two cities of considerable size there is brewing the merging of the two dailies into one substantial publication backed solidly by the business interests for the purpose of enabling the publishers to get out a truly metropolitan newspaper and thereby directly benefitting the home town both in the matter of prestige and drawing power and also in the important factor of circulation. JURIES, THEIR SELECTION, AND THE PUBLIC

The man who knows of a case where there is an infringement of the law and lacks the courage to make a proper complaint to the proper authorities, and make affidavit to it is a snicker. Judge O. C. Andrews, of the seventh judicial circuit of Florida, was a guest at a luncheon given by the Business Chamber of Commerce recently and made an address from which the local newspaper distills this quotation as the essence of his theme. The judge and the states attorney, J. H. Jones, also put stress on the part juries have in executing the purpose of state law. "No county can be better than its jury box," the states attorney emphasized. Law enforcement processes have been vigorously enforced in the central part of the state recently and the discussion there follows the somewhat heated discussion of juries and their selection and actions that took place in Bushborough county. These discussions are worth while, especially now when there is a general opinion prevailing for a bit of assistance in providing a list of names of persons who are qualified to serve on juries. The names of such persons are published in the county clerk's office. The names are not in any way connected with the names of the persons who are actually called upon to serve on a jury. It is a matter of public interest to know the names of those who are qualified to serve on a jury. The names are published in the county clerk's office. The names are not in any way connected with the names of the persons who are actually called upon to serve on a jury.

STOCK MARKET SITUATION

WELLESLEY HILLS, Mass., Oct. 11.—Readers should not be surprised according to Roger W. Babson, the cause of the recent action of the stock market. When interviewed in Wellesley regarding the matter, Mr. Babson today said the seriousness of the European situation is greater than most people realize. "It is really surprising that the stock market has held up so well during the past two weeks. Of course the break was due to the gravity of the Turkish situation which was understood only by the big bankers in New York. The real facts are that France is today in quite a similar position as that held by Germany in 1914.

The real seriousness of the danger has somehow been hidden. The change has come swiftly. A few weeks ago England was in the saddle. At conference she was the dictator. She did the talking and France did the worrying. Today the situation is just the reverse. England is now in a hole. France deliberately put her there.

England alone of all European nations has stood for law and order. She alone has stood for the payment of debts, and the fulfillment of obligations. Germany and Austria are bankrupt. Chaos reigns in Russia. Italy is on the verge of bankruptcy. France is compromising. England is the only country who has told us that she will pay her debts with interest.

England's policy with Germany has been in opposition to that of France. England has wanted to get for France as much out of Germany as possible without killing the goose, but still for demanding the eggs. England was Europe's big brother and upon her the financial world has relied.

Today England is faced with fighting Europe because she stands for law and order. The new government in France is not with her. Germany is not with her. Italy is not with her. Russia is not with her. The world is not with her.

When the law are likely to be better off than they were before the war.

The people in the state are likely to be better off than they were before the war.

men and money, without the full operation of her own people, or else she has to lose India, Egypt, Persia and the Holy Land. Do you wonder the stock markets broke? "What will happen?" I do not know, but whatever happens, there will be no check on business. The farmer will be helped by higher prices for wheat. Manufacturing and shipping will become more active. The cost of living will go up. Money will be firmer and scarcer. People will sell their foreign securities. The stock market, however, will not permanently suffer. When the financial history of 1922 is written, this will be chronicled only as a "break in a bull market." Moreover, the write-up will add: "Considering the great seriousness of the Turkish situation, it is most surprising that the stock market has behaved so well. Only the fact that business was not inflated but was still 6 points below normal saved the situation. Had the nation in 1922 been enjoying a period of real prosperity there would have been witnessed a real old-fashioned panic."

Low prices of produce are not such a detriment to the farmers as they are accompanied by low prices of the things he is compelled to buy. It is the exchangeable value that counts more than the absolute dollars and cents. If \$1 wheat or 10-cent cotton will buy more of the goods they need than they would when it was \$1.25 and cotton 20 cents, the farmer is relatively better off.

That he was in those penny days, he can get more for his money than he can get now. This is true of course, only in a general way. The farmer cannot prosper if he is obliged to pay war time prices for his labor, his tools and everything he must buy. This is why he condemns the profiteer who is endeavoring to maintain war prices and war profits; it explains why he looks coldly on the strikes which have cut their way through the heart of war wages.

These are words of truth and soberness, and they are followed by the assertion that he "never knew a country to go broke because of abundant crops," but they do not carry much comfort for the farmer who must sell at present prices. He supplements them with the statement which may be more truthful than palatable that "in the long run the farmers, like the rest of us, will fare better on a moderate scale of prices with small fluctuations."

This is true, too, but the farmers are not to be blamed if they "view with alarm" the lowering prices of their products and the slowly increasing prices of everything they have to buy. They have not a wide enough margin of profit to give them much confidence in the future.

What we need in this country is a stabilization of prices through such

broad international policies as will bring us into co-operation with other nations instead of rivalry. That should be the aim of our national legislation. —Tampa Times.

The Herald wishes to again congratulate the High School football team upon winning another victory. It shows training and the proper support of the home people. The team did not have the support last year and with no equipment or encouragement could do nothing. This year it is different and with the people of Sanford standing by the boys they will mop up with the rest of the state.

OVIEDO

M. A. Kilvert is in New York on business this week.

The Oviedo school opened Monday morning, October 9th, with appropriate exercises, which were well attended by parents and interested friends. Speeches were made by the following: Supt. T. W. Lawton representing the County Board of Education; Prof. M. J. Okerlund, for the faculty; Mrs. R. W. Lawton for the Woman's Club and Rev. L. E. Wright for the churches. Mrs. C. L. West sang beautifully two numbers and Rev. J. N. Thompson closed with prayer. The exercises were held in the splendid auditorium of the new school building. This building is indeed a credit to the town and the county and Oviedo people are justly proud of it.

Mrs. O. P. Swope entertained the Rook Club Wednesday afternoon.

Messrs. Hutchins and Walthall, of the Sanford Truck Growers, were Oviedo visitors Tuesday.

Mrs. B. G. Smith, Mrs. Theodore Aulin, Mrs. W. P. Carter, Mrs. O. G. Wolcott, Mrs. R. W. Lawton and Mrs. H. B. McCall visited Sanford Tuesday to attend to some club business.

Another "clean-up day" was held at Sweetwater Park Thursday by the

Park committee of the Woman's Club. When this park is completed it will be one of the beauty spots of Seminole county.

Harold Varn spent Wednesday afternoon in Sanford.

Mr. and Mrs. R. L. King and little daughter, Minnie, visited relatives in Sanford Sunday.

Mr. and Mrs. W. J. Lawton spent a few days in Jacksonville this week.

ELECT NEW HEAD TO MAINTENANCE OF WAY RR. UNION

(By The Associated Press) DETROIT, Mich., Oct. 14.—Overthrow of E. F. Grable, of Detroit, as grand president of the International Brotherhood of Maintenance of Way employees and Railway Shop Laborers, and announcement by his successor, F. H. Fleishdal, of Duquoin, Manitoba, that a new demand "for improved working conditions and a living wage" would be made by the organization upon the United States railway labor board, marked today's sessions of the brotherhood's triennial convention here.

President Grable credited with having averted a strike of the 400,000 railway maintenance of way men of the country last summer after they had voted overwhelmingly in favor of joining the shopmen's walkout, was defeated by more than 3,000 votes out of a total of approximately 80,000, each delegate casting as many votes as there were members in the hall and men he represented.

The new president and other officers will be installed before the convention, probably early next week. In a statement made through his personal representative, Frank Finmore, of Detroit, the president-elect declared his opposition to a strike of the maintenance men at any time in the future, but announced that "the most membership might be prepared to walk out if impossible working conditions and a living wage were not secured."

Thomas M. Gorman, of Detroit, was elected secretary of the convention. It was voted to limit the number of delegates from 11 to 10 and to lower their annual salary from \$6,000 to \$4,000. It was estimated by delegates that other matters which would be voted upon.

BRITISH GOVERNMENT UNDER POLITICAL FIRE

CONSERVATIVE CLAMOR

(By The Associated Press) Birmingham, Eng., Oct. 14.—Austen Chamberlain, the government leader in the house of commons in a sensational speech to the Midland Conservative club here today declared the coalition government must be continued. His speech reflected the line upon which Premier Lloyd George will make his fight for political life in the next general election and removed doubt as to whether Mr Chamberlain as Unionist party leader, would support his chief.

Special significance attached to the speech inasmuch as the prime minister himself was said to be awaiting the pronouncement to learn what support he had before writing his speech he is to deliver at Manchester tomorrow.

LONDON, Oct. 14.—Discussion of the political crisis again fills the columns of most of the newspapers this morning. The outstanding feature is an increased indication of the hardening of the conservative opposition to Austen Chamberlain's continuance as leader of the unionist party unless he cuts loose from Prime Minister Lloyd George and his coalition.

That he will do this is regarded in best informed quarters as altogether unlikely. It is recalled that he has been in close agreement with Lloyd George on all political questions since the beginning of their association and he has made it plain that he cannot in any way wish to escape his share of the responsibility for the course which has been followed.

ARRANGES RAIL FOR BROTHER WHO KILLED MAN 11 YEARS AGO

(By The Associated Press) OKLAHOMA, Oct. 14.—J. J. Kemp, well known business man here, returned today from Elizabeth, N. C., where he arranged for bail for his brother J. B. Kemp, arrested recently on St. Augustine in connection with the killing of a man in N. C. forty-two years ago. Mr. Kemp stated that his brother had been in the United States since the late 1880s and had been in the United States since the late 1880s and had been in the United States since the late 1880s.

TO ERECT GENERAL HOSPITAL AT FORT LAUDERDALE SOON

FORT LAUDERDALE, Fla., Oct. 14.—Contracts were signed today by the Broward county commissioners and Dr. Scott R. Edwards, of Indianapolis, a widely known surgeon, for the establishment of a general hospital here. Under the contract, Dr. Edwards is given an option to purchase the hospital for the original cost to the county at the expiration of five years. Four and three quarters acres of land in the Calve Hammock section were given for the hospital grounds by Frank Stranahan, a pioneer resident.

The first unit will cost \$18,000 which the county will furnish, and it is proposed to use for this purpose the fine collected from the wiretappers and confidence men who plead guilty here last spring. The next session of the legislature will be asked to authorize the expenditure, and until this is done, the commissioners and local business men will act as trustees and sign notes for the amount required. Dr. Edwards will furnish the equipment. The hospital will care for charity patients and sanatorium cases.

INEFFICIENT TEACHERS CAUSE WASTE MONEY

(By The Associated Press) NOFOLK, Va., Oct. 14.—Vast sums of public money are going to waste in the South because of inefficient teachers in the public school systems, declared Bishop W. A. Candler, of Georgia, and presiding officer of the Virginia Methodist conference, in an address today. Bishop Candler was the principal speaker on the educational program and also emphasized the importance of church schools and colleges to educate and train teachers for work in Southern states.

CITRUS FRUITS ARE DEVELOPING IN ALL SECTIONS

COMMERCIAL CROP WILL EXCEED ESTIMATE OF 15,000,000 BOXES

(By The Associated Press) GAINESVILLE, Oct. 14.—Citrus fruits are developing excellent sizes the condition of grapefruit and oranges is higher than a month ago, and if the season continued favorable the commercial crop probably will exceed last month's estimate of 15,000,000 boxes, the Federal Bureau of Crop Estimates here declares in its report on the condition of Florida's crops on October 1.

The Bureau states that reports indicate the production of staple crops will fall under that of last year although several crops, notably Irish potatoes and cotton, show heavy increases. The truck crops have suffered from flooding rains, especially in South Florida.

Some splitting of citrus fruits is reported as a result of several weeks of heavy rains and the fruit is coloring slowly in localities which have had continuous cloudy, wet weather. The condition as compared with last month and last year, with estimated of production for this season and final production last season, follows:

Oranges, Oct. 1, 90 per cent; Sept. 1, 89 per cent; year ago, 81 per cent; preliminary 1922-23, 8,400,000 boxes; final, 1921-22, 7,300,000 boxes.

Grapefruit, Oct. 1, 88 per cent; Sept. 1, 86 per cent; year ago, 80 per cent; preliminary, 1922-23, 6,600,000 boxes; final 1921-22, 6,000,000 boxes.

Limes, Oct. 1, 85 per cent; Sept. 1, 81 per cent; year ago, 79 per cent.

Reports from the California headquarters of the Bureau show the condition of oranges 60 per cent of normal with a production of 15,000,000 boxes forecast for that state this season.

A. Harvesting advances and the growing season for late crops come to a close, reports indicate that production of field crops as a whole will be only one up to last year. A depressed acreage was planted to corn, potatoes, sweet potatoes and sugar cane and as none of these crops are showing exceptional yields, production will be lower than for last year. Cotton, which is a greatly increased acreage, has turned out better than hoped for and production will be easily double that of last year. Last year's cotton crop was 10,000 bales. Sweet potatoes, garbanzo for syrup and the hay crops especially cowpeas, promise to exceed last year's production, although condition of late sweet potatoes is dropping and production may be lower than that indicated by October 1 reports.

Crops harvested earlier in the year have made the last showing. Irish potatoes, an average increase of 100 per cent over the year ago, and corn, with a very low yield last year in production because of a larger acreage cut for grain.

A preliminary inquiry on the velvet bean crop shows slightly more than 90 per cent of the usual acreage grown this year with about the usual yield of grain and forage (per acre) in sight. Yield of grain may run slightly less than usual.

Conditions of past are dropped during September partly as a result of natural causes attending the approach of cold weather, and partly the result of flooding rains in South Florida.

Because of flooding rains, South Florida truckers have lost part of their planted acreage. Replanting is in progress, some sections reporting that the damaged acreage will be re-set fully, while others indicate that much of the flooded acreage will not be cultivated.

Further up the state truck crop is making good progress and transplanting of lettuce, cabbage and celery is going forward. The movement of snap beans, cucumbers, squash and other fall crops is incensing.

Sanford High Takes DeLand Into Camp

CELERY SEED

And Sanford wins another.

Agree to say, "we told you so."

Wilkenson is there with the goal posts, but heaps of credit is due to Billy Bill.

It takes more than rain and mud to stop the Sanford boys. They can even play in Lake Monroe if there is no rain to meet them there.

TOM GIBBONS LOSES TO MISKE

The Associated Press

St. Paul, Oct. 14. Tommie Gibbons, St. Paul's famous boxer, lost to Billy Miske in the tenth round of the fight at Madison Square tonight, after he had but one round to go. Miske, who was out-fought Miske through the seventh round, brought a telegram to Gibbons signed for the manager to take it. "What do you want?" Gibbons asked Tommy. "I don't know," the manager answered. "I'll be in the ring in the next fight," Gibbons said. "I had ended in a four round fight," Gibbons said. "I showed the telegram in my gloved fist. 'Read, Tom.' Let's hurry and dress. I'm sorry." "All right," said Gibbons, "streaming down his face, he brought word of the loss of his father in St. Paul.

Little difference does it make to the Sanford boys whether they are playing in the mud, whether the weather is clear or raining, they play the old game just the same. And DeLand believes it this morning, too.

The local eleven went to DeLand yesterday in charge of Coach Wilkenson and came home with their second victory of the season.

The game was played in a veritable sea of mud, the rain never letting up for a minute throughout the entire game.

Once again the results of Coach Wilkenson's coaching was evident and after the first kick off the result was never in doubt. Although the score was not large, nevertheless, Sanford played DeLand off their feet at all stages of the game.

Sanford won the toss and elected to receive the kick. McLucas receiving the ball on the fifteen yard line returning it to the thirty yard line and from there on it was a steady march to the first touch down.

DeLand scored their one touch down in the third quarter of play. Sanford kicked and DeLand carried the ball for two first downs on the backs by Latham after which the Sanford line took the place and held them for three downs. Latham made an unsuccessful attempt to get out from the forty yard line, but the kicking game gave DeLand the ball on the forty yard line. The game then continued until the Sanford boys scored their only score.

Sanford scored their second touch down in the fourth quarter. The Sanford boys were in the end zone and carried across with DeLand's center. One of the interesting features of the game was the broken back running of Sweeney, who after being carried the ball around the field, was carried back to the end zone for the first time. The Sanford boys were on their feet after a long struggle. "Let's hurry and dress. I'm sorry." "All right," said Gibbons, "streaming down his face, he brought word of the loss of his father in St. Paul.

made by Stetson players who were at the game. They all said that never before have they seen a high school team any better coached or trained, and that coaching and training would win many a game for Sanford this season.

The Sanford fans were a plenty at DeLand yesterday, and it is now to be hoped that, this coming Saturday, when the Sanford High meets the strong team from Kissimmee, at Sanford that all the fans will turn out and help them win. And above all things come prepared to help with your four-bits. The last game in Sanford, with Ocala, with about five or six hundred people present only \$25 was received from the public. Let's all turn out next week and help, both financially and otherwise.

The line up for yesterday's game was as follows:

Sanford	Position	DeLand
Merrill	Quarterback	Latham
McLaughlin	Left guard	Johnson
Howers	Right guard	Stradley
McAlexander	Left tackle	Walters
Appach	Right tackle	James
King	Left end	Crawford
Stone	Right end	Skeels
McLucas	Center	Anderson
W. Mayo	Left half	M. Latham
Peischer and E. Mayo	Right half	Akeroy
W. Mayo	Fullback

THOS. GIBBONS, SR., DEAD

ST. PAUL, Minn., Oct. 14. Thomas Gibbons, Sr., father of Mike and Tommie Gibbons, St. Paul's famous boxers, died of his illness here yesterday after a long illness. He was 62 years old. News of Mr. Gibbons' death was with Gibbons before the Billy Miske Tommie Gibbons boxing match at New York last night.

CHAMPIONSHIP OF THE STATE IS AT STAKE TODAY

In what is probably the most important event in so far as football is concerned, in the state of Florida, is the Florida Rollins game at Orlando this afternoon. Although the weather is bad no announcement has as yet been made that the game will not be played and one of the largest football crowds in the state is expected to witness the kick off this afternoon at 4:00 o'clock.

Both teams are in excellent condition and though the odds seem to be in favor of Florida, Rollins is expected to give a good account of themselves. The probable line ups for the two teams are as follows:

Florida	Position	Rollins
Wulf	Quarterback	Sutliff
Sutliff	Left guard	Emery
Emery	Center	Warner
Warner	Right guard	Emery
Emery	Left tackle	Warner
Warner	Right tackle	Emery
Emery	Left end	Warner
Warner	Right end	Emery
Emery	Center	Warner
Warner	Left half	Emery
Emery	Right half	Warner
Warner	Fullback	Emery

YALE-IOWA THE BIG SCRAP TODAY

The Associated Press

Yale and Iowa will meet today in a football game at New Haven, Conn. The game is expected to be one of the most exciting of the season.

While the football authorities at both Yale and Iowa have stated emphatically that the game will be a hard fought one, the fans at both camps are sure to have a good time.

Neither Yale or Iowa are at all the strongest line up today. Neither team is expected to win easily, but the game is expected to be a close one.

Little is known in the East regarding the strength of the Alabama Polytechnic Institute team which faces the Army at West Point.

Pittsburgh and West Virginia appear evenly matched in general ability.

In the other more important games of the day, Pennsylvania is generally selected to defeat Maryland; Harvard is not likely to have serious difficulty in holding Bowdoin in check; Cornell should win from New Hampshire and Dartmouth take the measure of Middlebury. Closer scores may be expected in the meeting of Princeton and Colgate, Syracuse and Brown, Navy and Bucknell and Columbia and Wesleyan.

STEPS TAKEN TO PRESERVE FLORIDA GAME

LAKELAND, Oct. 14. Marked by enthusiasm and a display of earnestness that promises much for the preservation of wild life in Florida in the future, the first meeting of the Florida Fish and Game Protective association...

held in Lakeland was the most successful gathering of this nature ever held in the state. When President Dr. George Stone, of Fort Myers, called the meeting to order fully 100 members were present from Duval, Lake, Sumter, Manatee, Hillsborough, Glades, Lee, Polk, Pasco, Orange, Brevard, Highlands, Putnam, Seminole, Osceola and Duval counties.

The afternoon session was devoted to the adoption of a constitution and by laws. The name of the organization was changed from Florida Fish and Game Protective League to that of the Florida Fish and Game Protective association. The election of officers for the ensuing year then followed. R. E. L. Chancey of Tampa was elected president, T. E. Smythe of Jaynes, first vice-president, T. S. McLaughlin of Winter Haven, second vice-president, Kelsey Blanton of Lakeland, secretary, Rubie Allyn of Basking, assistant secretary, K. T. Hays of Lakeland treasurer.

The board of governors selected will include the following: Earl Stimpert, Osceola county; Dave Thrasher, Seminole county; S. L. Holland, Polk county; G. B. Prince, Santa Fe county; M. O. Harrison, Manatee county; Edward Seifort, Duval county; D. H. Thomson, Brevard county; C. H. West, Sumter county; J. B. Simms of Polk county; R. H. Kenwick of Polk county; E. M. Hutton, Hillsborough county; C. Z. Osborne, Lake county; J. C. Calkins, Duval county; Dr. George S. Stone, Lee county; J. P. Stannett, Orange county.

In the evening a banquet was held at the association in the grill room of the Hotel and several interesting addresses were given. On the program were: T. S. McLaughlin of Winter Haven, who spoke on the importance of the game fish in Florida; W. C. Lawson of Orlando, who spoke on the importance of the game fish in Florida; and Dr. George S. Stone, who spoke on the importance of the game fish in Florida.
