## CORPORAL PUNISHMENT IS BANISHED BY THE SENATE AS TO COUNTY PRISONERS

### STAND PAT IN TREATMENT OF OTHER PRISONERS OF THE STATE

### VOTE IN NOT FINAL

### And Was Taken During a Night Session of the Senate

TALLAHASSEE, May 11.—The senate budged a bit last night in its position on corporal punishment and voted to abolish it in the handling of county convicts but remained adamant, 18 to 14, on the subject of banning it in the treatment of all prisoners. None of the votes were final, however. They came during a night session given over to the consideration of convict bills, and which placed the senate on record in the above positions.

The upshot of all the parliamentary palaver was that the senate started out towards its passage another version of how to abolish the convict lease system by Senator Phillips, and carrying also the provision for four physicians who would visit all convicts as soon as they entered the state penitentiary, and would make examinations of all prisoners in which would be made to the governor and the county commissioners. It also seeks to give the commissioner of agriculture broader powers in removing wardens and guards, and the state twice monthly reports of would subject them to be sued or criminal prosecution for mishandling of their charges. In other respects it follows the lines of the bill to abolish the convict lease system that has now passed both houses, but not in the same form.

When the senate started out with it last night, it prohibited the use of the whip on county convicts under 25 years of age. Senator MacWilliams offered an amendment to make whipping prohibitive to either state or county prisoners, and here the senate balked again. A roll call was de-ler, Calkins, Campbell, Eaton, Ether-manded, and here it is.

For MacWilliams Amendment: But-ledge, Hodges, Knabb, MacWilliams, Napoles, Putnam, Russell, Stokes and Wells—14.

Against: Turnbull, Anderson, Colson, Cone, Epperson, Igou, Johnson, Knight, Lindsey, Mitchell, Overtree, Phillips, Rowe, Seales, Shelley, Singletary, Taylor and Wicker—18.

These fourteen senators yielded their ground then and Senator Hodges offered an amendment to prohibit whipping of any county convict. It was carried over the protests of Mr. Phillips.

When the senate was about to leave the bill for last night, Senator Knabb was successful in amending it so that its convict lease provisions would not violate any existing contracts. Mr. Knabb explained that he was a lessee of convicts. Senator Johnson argued that unless that provision was carried the act would be unconstitutional.

Senator Hodges and Calkins argued that the state had the right of police power and that the contracts could be terminated when the bill became effective, August 15.

With the bill then on its second reading and Senator Lindsey asking for consideration of a bill of his making, along the lines of Mr. Phillips' but being further in the way of supervision, the senate went home.

The night's developments showed only again the mood of the upper body against enacting a law that would prohibit corporal punishment of state convicts with no indications that it would recede from that position.

## DAUGHTER OF THE SOUTH IS DEAD AT NORFOLK, VA.

NORFOLK, Va., May 11.—Mrs. Flora Stuart, widow of the renowned Confederate cavalryman, General J. E. B. Stuart, and a daughter of Major General Philip St. George Cooke, of the Union forces, died here late yesterday at the home of her son-in-law, R. Page Walker. She was 83 years old.

While out walking Sunday, Mrs. Stuart fell, suffering an injury on the head. Complications developed and death resulted. Mrs. Stuart had looked back on nearly three years of widowhood. The glory of her husband, the plumed cavalier of the Confederacy and marked yesterday as the greatest leader of cavalry America has ever produced, has gained with passing year. She had been his wife scarcely ten years when her dashing soldier husband was killed in battle.

Romance has been woven around the courtship of the great Confederate cavalryman. Mrs. Stuart was one of the most romantic figures in Thomas Dixon's "The Man in Gray," an historical novel of the civil war, in which the glory of General Stuart and the heroism of his beautiful young wife are portrayed in striking phrases.

Major General Cooke, then a Colonel, was in command of Fort Riley, when the territory of Kansas was opened. Lieut. J. E. B. Stuart was in the regiment of Col. E. V. Sumner, commanding Fort Leavenworth.

One day news was spread to Fort Leavenworth that the prettiest girl in Kansas had gone to Fort Riley, from Virginia. Miss Cooke had dashed across the country from Harper's ferry to visit her father. Lieutenant Stuart contrived to be sent as a messenger to Col. Cooke and there he met her. The next day he returned to his post and got a brief leave of absence to visit her for three days. He proposed and was accepted. He returned to Ft. Leavenworth to march with his regiment against John Brown and his insurrectionists on the Kansas plains. Soon afterwards he married Flora Cooke.

At the outbreak of the civil war Lieutenant Stuart resigned his commission in the U. S. army and threw in his lot with Virginia.

### READY TO REPORT ON JUDGE WILLIS

TALLAHASSEE, May 11.—The senate committee charged with making a report on the governor's recommendation that Judge B. F. Willis's office be removed from Tallahassee on charges of malfeasance, concluded its hearings this afternoon, and planned to report to the senate.

Judge Willis' case grew out of the investigation into the death of Martin Tabert.

## STATE BOARD HAS NO AUTHORITY TO TRY DR. T. C. JONES

(By The Associated Press) MIAMI, May 11.—That the State Board of Medical Examiners has no authority under the state medical practice act to try Dr. T. Casper Jones, physician for the Putnam Lumber Company, involved in investigations into the death of Martin Tabert, of North Dakota, in a turpentine camp, was the information conveyed to Dr. James M. Jackson, president of the board in a letter from Representative A. T. Stuart, attorney for the board. Jackson said it might be possible for the State Medical Society to recommend dismissal of Jones from that organization.

## APPREHENSION FOR SAFETY OF SWISS IN RUSSIA

(By The Associated Press) LAUSANNE, May 11.—Apprehension for the safety of Swiss residents in Russia numbering about 800 was expressed by both the public and the press as the result of the assassination here last night of M. Vorovsky, head of the Russian Soviet delegation to the Near East conference by Maurice Conrad, a Swiss who once served in the Russian army. Conrad claims he acted alone in an effort to avenge his father and uncle.

## HIGGINBOTHAM NOT TO BE TRIED IN DIXIE COUNTY

TALLAHASSEE, May 11.—An outpouring of pent-up emotions, conflicting as they were, brought the house to the dramatic passage late yesterday afternoon of a bill already passed by the senate, that as one of its first accomplishments makes it possible for the state to try Walter Higginbotham, alleged death "strapper" of Martin Tabert, in other than the county of his choosing.

John Clay Smith, a member of the investigating committee that heard testimony concerning Higginbotham, severely denounced him in one of the few times he had spoken his feelings either in or out of the assembly.

"I have listened to abuse from all quarters of the house heaped upon my county," declared Representative Thomas A. Fletcher, of Dixie county, a grizzled man who tottered under his 70 years as he spoke. "The people of Dixie county are as good as in any in the state," and on the roll call, he voted for the bill and exclaimed: "Take your man and try him anywhere in the state; you say we won't give him a fair trial," with that he sat trembling back in his seat, a chair placed for him alongside the speaker's rail, in order that he may hear. He had never wanted to speak on the floor of the house before.

"I have this day received two letters," stated Representative L. E. Wade. "One is from the state's attorney asking me to support this bill; the other carries a retainer's fee to defend Higginbotham. I shall not vote on the bill."

These three stories came in quick succession. The vote was 40 to 22. The provision which makes possible the trial in a county other than the one in which Higginbotham was indicted, is one which provides that a change of venue may be had on request of the state, under certain circumstances, the same as is now the case, for the benefit of the defendant.

Mr. Wade's statement that he had been retained to defend Higginbotham was coupled with a plea that the constitution be adhered to, and as he interpreted it, the state had no right to take a man from the county of his crime. He said that he thought the Higginbotham case had been closed by the legislature and that he did not know the bill was coming up yesterday, otherwise he would have absented himself.

The point was frequently made by advocates of the bill that it was needed as a general measure and not to fit particularly Higginbotham's case but on the other hand, its opponents kept it connected with the whipping post's name.

## CHAMBER OF COMMERCE LUNCHEON

Determination to back to the limit Sanford's golf club, urging the City Commissioners to take generous space in the Tampa Tribune's forthcoming Seminole county edition, and indicating that the body will use its neighborly offices in the matter of Volusia turning over to Brevard county the one section lying between the connected good roads on either side of that strip marked the real accomplishment of the Sanford Chamber of Commerce at its weekly luncheon at the Valdez hotel today.

Although several members were absent from the city on business, the attendance was good, and the spirit of co-operation pervaded the whole. After the reading and approving of the last meeting's minutes, President Ed Higgins announced some of his committee appointments, and stated that he had others under consideration to be announced next week. The Chamber of Commerce recommended by resolution that the pavilion on the end of the city dock be not destroyed but that it be moved by the city to some convenient nearby site for use as a band stand, and generally needed rendezvous for visitors, in addition to the new pier and pavilion which the city is going to build this summer.

A report from G. L. Bledsoe was made on the Mims meeting this week at which the commissioners of Volusia and Brevard counties considered the possibility of Volusia giving up to Brevard a narrow strip in the extreme end of Volusia for the purpose of Brevard county building a hard-surfaced road across it to connect with the road that county already has from Mims back to the Volusia county line. Mr. Bledsoe stated that nothing definite was done, but that a meeting of interested-officials of both counties will be held Monday at which time it is believed some arrangement will be effected by which this much needed hard road from interior Florida to the East Coast will be completed in the near future.

Discussion about the needs of the Sanford Golf Club was general, and the sum of the remarks was that Sanford as a whole and its citizens as the constituent parts of it can not afford not to develop fully this golf club and maintain it both for the city's own pleasure and the attraction it will be to winter visitors to Sanford.

John L. McWhorter, Development Editor of the Tampa Tribune, present by invitation laid before the body for its approval, with the request that it participate in the benefits to accrue mutually from the coming Seminole County Edition of the Tribune, a brief outline of the reasons leading up to the Tribune's undertaking this development work for Peninsular Florida, and sketched the proposed edition for this county. Upon motion duly made and seconded, the Chamber of Commerce approved the proposition and recommended to the City Commission that it take generous paid space in the edition.

The urgency of a publicity tax of the Sanford trucking district to cooperate with each other in the production and sale of their crops, was pointed out in a short to the point speech by G. F. Smith, after which members of the body complimented him on his efforts to bring these men together for their own good, especially for his work in the organization of the farmers themselves.

The urgency of publicity tax of generous amount being provided for in the forthcoming city budget was stressed by several of the members, and the announcement that Sanford is just beginning to find itself and must show itself to others met with hearty approval by all.

## HARVEY HAS NOT RESIGNED HE SAID

(By The Associated Press) NEW YORK, May 11.—George Harvey, American ambassador to England, declared upon his arrival here on the steamship George Washington today that he knew nothing about reports that he had resigned or planned to resign in order to direct the campaign for the re-nomination and re-election of President Harding.

Lake County Number of the Tribune Sells 7,000 Acres of Land

John L. McWhorter sends the following news item from Kissimmee to the Tampa Tribune:

A representative of the Boyer Realty Company, this city, came voluntarily to the writer this morning and stated that the Tribune's Lake county edition sold for a tract of 7,000 acres of land between Umatilla and DeLand, in Lake county, yesterday. Said this representative: "I had been trying for weeks to sell this party, but had not been able to close the deal or convince him that the value was far above the price asked. When the Lake county section came out, I immediately mailed my copy to him, with the comment that he could see for himself what was going on there, and immediately he wrote back, closing the deal.

"In addition to that 7,000 acres closed for, he is now negotiating for 3,000 acres more in that county. Lake county has received incalculable benefit from that edition, and the mere statement that Osceola county is about to have such an exposition of its resources and development opportunities has stimulated activity in business circles."—Lake County, Fla., News.

### ACT OF VENGEANCE

### Claims His Relatives Were Killed by the Bolsheviks

(By The Associated Press) LAUSANNE, May 11.—M. Vorovsky, head of the Russian Soviet delegation at the Lausanne peace conference, was assassinated last night. He was shot several times and killed outright. M. Ahrens, head of the Soviet press bureau in Lausanne, and M. Didwilowski, another Russian, were wounded, the former seriously.

Vorovsky and his party were dining at the Hotel Cecil. A young man seated a few tables away, arose after he had finished his dinner and leisurely partaken of coffee, calmly walked over to the Russians' table, and opened fire without warning. Vorovsky was the first victim of the assassin then turned the weapon on M. Ahrens, who was struck by three bullets, twice in the thigh and once in the shoulder.

Ahrens managed to draw his revolver on his assailant but a waiter rushed forward and knocked up his arm. Meanwhile the assassin shot Didwilowski in the body.

The assassin was seized as he attempted to escape from the hotel. His name is Maurice Alexander Conrad, and according to the police, who subjected him to a severe grilling, belongs to the canton of Grisons.

Conrad is 38 years of age and was born at Anders. He expressed no regret and admitted he had formerly served in the Russian army. He returned recently from Russia and came to Lausanne yesterday from Zurich, where he has been residing. He declared his mission was one of vengeance.

# SOCIETY

MRS. FRED DAIGER, Society Editor  
Phone 217-W

If you have any friends visiting you—if you are going anywhere or coming home, or if you are entertaining, write a postal card to this department giving details, or telephone the item. It will be greatly appreciated.

Mr. and Mrs. Urban May and family spent the day in Eustis yesterday on a combined business and pleasure trip.

Mrs. C. R. Kirtley and baby, Mrs. Percy Mero and baby and their mother, Mrs. Henry Wight, leave tomorrow for Daytona Beach where they will spend several weeks.

Mrs. A. W. Fitts, Mrs. Hal Wight and Mrs. Claude Howard and Master Albert Fitts formed a congenial party motoring to Daytona Beach today where they will spend the week-end.

Mrs. John Matthews and friends, Mrs. Smith, Mrs. Stern and Mrs. Brown, Jr., of Candler, motored to Sanford Wednesday and spent the day as the guests of the former's sister, Mrs. Lott Allen. While here they were shown over the farming sections and expressed themselves as delighted with Sanford.

Mrs. A. M. DeForrest, who represented the Sallie Harrison Chapter, N. S. D. A. R., at the 31st Continental Congress at Washington, D. C., returned home last evening. Mrs. DeForrest also stopped over in New York and Derby, Conn., to visit friends and relatives. Mrs. DeForrest remained in Washington until the close of the D. A. R. Congress and was on the house committee, also acted as delegate from the Sallie Harrison Chapter.

**SANFORD CHORAL SOCIETY.**  
The Sanford Choral Society had a most interesting meeting Monday evening at the Parish House, with a large and enthusiastic group of members.

Mr. Frank Mahon directed the work in his usual efficient manner. Work has begun in earnest on the Comic Opera "Pinafore" which the society plans to present at an early date. Mrs. Clarence Mahoney has been elected as official accompanist.

All those who can sing or at least carry a tune are most cordially invited to come out Monday evening at eight o'clock and meet with the society. Great plans are made by the

society and there is so much good musical talent in Sanford that it stands to reason that many successes will be obtained.

Come out and meet with us Monday and you will feel fully repaid for your time.

Saturday is the last day of the Hair Goods Sale and manufacturing Demonstration by Beth Palm Rowley at Yowell Co. 37-11c

## Roofs that Challenge Weather

It was Mark Twain who said, "Everybody talks a lot about the weather but nobody does anything about it."

But there is one thing you can do about the effect of weather on the roofs of your buildings. Cover them with our prepared roofing or shingles and you can laugh at intense heat, pounding rains, driving snow storms and severe cold.

Free booklets and samples. Call at our office and let us tell you how good roofings will save money for you and add distinctive beauty to your buildings through their cheerful colors.

Sanford is building a city here.

May, with its clear blue skies and its smiling women, is here.

The real Florida papers are playing the game for the whole state.

Women are queer cattle; they will do anything to help another and say anything to hurt her.

Sunday is Mothers' Day; but every time the baby cries in the dark hubby considers it mother's night.

Sanford Kiwanis will be out in all its glory tonight—a reflected glory for the women will be there!

Sanford has a Chamber of Commerce Secretary in friend Pearnan who is a real asset to this county.

Deeper water to Sanford, when the upper St. Johns is dredged out, will make this a port of call for the world.

With the editor gone to Tallahassee this page is like the little one in the mountains who said: "Weens ain't got no paw. Mam she had to git us the best way she could!"

Naugle probably got out of the newspaper game to give his last hair a chance to come to the front.

The St. Petersburg Times speaks of "photographic errors;" we've seen some photographs that were actual horrors.

St. Petersburg will make the Spanish War Veterans forget many a past in the enjoyment of the most pleasant present.

The Miami Metropolis carries no name at its editorial masthead; but somebody is going strong on general subjects.

The trouble with New York City is there are too many men and women there who are not married—technically.

The rumor that Secretary of the Bartow Chamber of Commerce, George Clements, is going to leave that field does not sound good for Bartow. Clements is too good a man to permit any other city to have him.

About the only way a man can get cream enough for his cereal in most restaurants is to use that supplied for his coffee, also.

The Tampa Tribune credited the retail clothes' convention to Sanford. Thanks, contemporary, but don't let Daytona hear of it.

Take a walk about Sanford and see how much more you have to be proud of in your city than you have been thinking you have.

What Florida counties need is a county chamber of commerce like Lake county has, with enough Willis Powell to go 'round for all.

A paper says Moore Haven is "gradually" undergoing a change. How fast does a town have to grow to get out of the "gradual" class?

Lake county boasted that it had but five paupers, but Osceola county had to hunt up a third to make it worth while to consider appropriating relief for that classification.

**WELFARE DEPARTMENT OF WOMAN'S CLUB**

The last meeting of the Welfare Department of the Woman's Club for this season will be held at 3:30 Wednesday afternoon, May 16th, at the Sanford High School auditorium. As this meeting is to be one of special interest, the department asks all members of the Woman's Club and their friends to be present. After a brief business session, the charming one act play, "The Twelve Pound Look," by Sir James Barrie, will be presented under the direction of Mrs. D. P. Drummond, with the following cast of characters:

Sir Harry Sims, Mrs. Endor Curlett  
 Lady Sims, Mrs. Ralph Wight  
 Kate, a Typist, Mrs. D. P. Drummond  
 Butler, Mrs. Aylett Fitts

After the play the Domestic Science girls will give an exhibition of the sewing accomplished in their department this year. 11-6t

Which girl wins your heart lovely Leatrice Joy as the charming Chinese bride of a bold young American or pretty Jacqueline Logan as the Yankee "girl he left behind" who would rather die than give him up? When they meet face to face imagine the gorgeous thrills and heart-tugs. Imagine the luxurious way the producer of "The Sheik" has pictured them. All the seductive lure of the Orient, the tang of the storm-swept sea, the picturesque charm of Old Salem in the glorious clipper-ship days—it's all in this beautiful romance. It is one of the few big pictures of the year.

### FROM OTHER SANCTUMS

#### A CATTLEMAN'S VIEW.

This interview with Glenn B. Skipper, of Bartow, given to the Post's correspondent at Tallahassee, is the best editorial on tick eradication that can be written at this time. It is the best because it is the view of a man who knows the subject thoroughly. Mr. Skipper said:

"Some of my friends and associates have gained an erroneous impression of my attitude, past and present, on the subject of tick eradication, and this is to enlighten anyone who may be interested.

"During the 1921 session of the Florida legislature I was openly opposed to certain tick eradication bills which were introduced for the reason

that I did not believe that the provisions of those bills would accomplish the purpose desired and I did believe that they would greatly injure the cattlemen.

"Beginning about the year 1917, Palm Beach county was put under quarantine and my company and all other cattle owners started fourteen day dipping. The county was not prepared. We did not have enough dipping vats nor proper fence control. We were surrounded by a poor fence through which cattle could roam practically at will. No provision was made for safeguarding the gates. Certain of our inspectors were quite incompetent. After several years of this work I moved my cattle from the county. The cattle of Palm Beach county have been free of ticks for a long time but invariably at the time the quarantine is about to be lifted a few ticky cows will wander through the fence and the work must continue. This trouble could be obviated by properly fencing zones.

"It was owing to my experience under the then existing tick eradica-

tion laws that I was opposed to the bill introduced in the last session of the legislature and I would still be opposed to a bill which would not, in my opinion accomplish tick eradication.

"I am confident there is a method to eradicate the tick without injuring the cattle and the cattlemen, and, although I am far the greater monetary loser from the dipping of cattle by incompetent methods than any man or company in the state. I am nevertheless strongly in favor of a bill which will include:

"First, Pasture rotation. There is a great deal of territory in this state in which it is impossible to gather the cattle every fourteen days but which could be readily cleaned by pasture rotation, as has been proven in other states.

"Second, Bonding of inspectors so that the services of competent men only would be employed, this doing away with unnecessary losses.

"Third, The appointment by the governor of an advisory board composed of the range cattle owners, two

milch cow owners and one hog owner, the duty of this board being to confer with the State Live Stock Sanitary Board on matters vital to the operation of the tick eradication law."—Palm Beach Post.

### EAST SANFORD

Rev. J. F. Bell of Palatka, the presiding elder, will be with Moore's Station people as also will the minister in charge, Rev. Joseph Wright on Sunday, May 20, for an all-day session for quarterly conference services, the Osteen church people and their friends are invited to join with the people here in an old-fashioned basket picnic on the church grounds. Every one welcome to attend.

Mrs. Margaret Marshall, of Cameron City left last Wednesday for a trip west for a few weeks change as she has been ill and unable to attend to her store for some time past. Cecil Mooney and bride from West Palm Beach, were calling on friends here this week and over night guests of Mr. Mooney's cousin, Mrs. Lewis Kinard, at Cameron City. Cecil was a champion plant setter here-about for several years. He has had a fine position with the Overland Motor Co. of West Palm Beach for some time. They were accompanied by their brother from Orlando.

Rev. J. W. Bartlette has been a guest at the O. J. Pope home on Celery avenue recently.

The Sanford Herald "For Sale" columns are read and patronized by people from a distance, West Palm Beach people sending here for Rhode Island eggs for setting as per advertisement appearing in the Herald. So you see "it pays to advertise" as the papers tell us.

We were in error. It is the Parent-Teacher Association ladies who were soliciting flower roots for the school grounds instead of Woman's Club. The committee were favored with plants from many different ones and were much pleased with the response.

Mr. and Mrs. Fred Walsma are moving from town out to their place on Cameron avenue this week.

Mrs. Libbie Weeks, of Cameron avenue, has a fine, gentle cow that pastures by the road side and prefers Celery avenue for her rambles. One morning recently being in a hurry she was on the road around the corner on Celery avenue and met the motor cop in a full head-on collision, which threw the cop, bike and all into the ditch. Spectators said "it's a question which was the most astonished by the come-together, the motor cop or the cow. They said it was funny as there were no casualties."

Some of the finest tomatoes and peppers ever grown are being shipped from here now. While the pepper acreage is not as large as usual there is a greater number of tomatoes grown than for several years, practically all the new land under cultivation has tomatoes. All of J. W. Corley's 20 acres, Charles Dunn 30 or more acres, Fred Walsma's 10 acres, the new Barrette land and other land nearby, the packing is being done there, the largest, finest tomatoes grown and where there is a considerable acreage in tomatoes also on Celery avenue, all fine looking. There is still a little celery to be seen, some sweet corn; egg plant and other spring crops.

### UPSALA AND GRAPEVILLE

What beautiful spring weather, cool and nice for working.

Mr. and Mrs. Cramer and children were Sunday callers at the country home of Mr. and Mrs. V. C. Collier.

Mr. and Mrs. Andrew Bertleson and little daughter, Clair, are having a two weeks visit with her parents, Mr. and Mrs. Reid and other relatives at Palatka, leaving here last Sunday in their car.

C. Hirschi is better now, but for two weeks was laid up with a bad hand, being threatened with blood poisoning from a rusty nail. The doctor had to lance it.

One of the golf men is to live in the new house being put up Mr. Sjoblom near the country club.

Rev. Wahlberg will preach in Swedish at 10:30 in the morning and in the English language in the evening at the Lutheran church next Sunday.

Next Sunday is the day set apart in which to honor our mothers. We hope to have all the mothers out at the services and especially at the Sunday school. Our superintendent says that as far back as he can remember his mother took him by the hand and brought him to Sunday school. Setting this day apart in his childhood

mind as a day in which to worship God and learn of Him.

Grandma Bongston came Sunday and spent the day with her daughter, Mrs. T. O. Tyner, while the rest of their folks at Windermere went on to the beach for the day.

Fred Krell left the first of the week to resume tomato packing. His family will remain here another week.

A note came from Mrs. Anna DeForest at Derby, Conn., that they are still having cold there. She hopes to be home soon.

Mr. and Mrs. Benjamin Swann were both out to service again. Sorry they are going to leave us so soon. They expect to leave Wednesday for Boston.

Mrs. Westerdict and Mrs. Beck received a letter from Mrs. Seymour Pritchard with an account of her husband's death. The doctor says it was caused by heart trouble, angina pectoris. It was indeed sad that it came so sudden that neither his wife or daughter could be with him. The wife was teaching in Long Island but was able to leave that day for the funeral. Miss Hazel was for some time the stenographer for the Sanford Commercial Club in Sanford, but resigned for a position in Jacksonville.

ECHOES OF THE REUNION

Dick Terheun's cup of joy was filled to the brim and ran over the other day when he was elected Departmental Commandant of the Spanish Vets. He is happier than Imperial Emperor Simons with his one grand per month life pension.

The boys all went away with three trams for Sanford, they had a corking time and the fact that Dick Terheun had hustled fast to make this possible.

White Sox Win; Reds Do Too; N. Y. Beats Cleveland

CHICAGO, May 11.—Chicago defeated Boston 9 to 7 after two days of postponement, in the first East-West series here. The game was a slugfest, with the visitors using five pitchers, while Faber went the route for the locals. Schalk and Kamm, the latter with two doubles led the attack for Chicago, while Reichle, the former University of Illinois star, smashed out four hits, including a double and triple for Boston.

CLEVELAND, May 11.—New York slaughtered Cleveland, 13 to 4, here yesterday. Edwards, who started pitching for the Indians, fanned the first three batters including Ruth, and five-of-the-first six to face him. Then he weakened, and was taken over in the fourth. Morton, who followed him, was batted hard. Joe Dugan hit a homer into the left field bleachers, it being the seventh drive ever hit in those stands.

ST. LOUIS, May 11.—Philadelphia hammered four St. Louis pitchers for 13 hits including three triples, and a double and won yesterday's game 10 to 7. Tobin hit two home runs, and a double and was responsible for four tallies, two men being on base, when the first one was made.

BOSTON, May 11.—Caveney's triple and Hargrave's single in the 6th gave Cincinnati the run which eventually beat Boston 4-3 yesterday. McNamara was hit hard, and only excellent fielding by Southworth, Nixon and McInnis prevented the visitors from piling up a higher score.

PHILADELPHIA, May 11.—St. Louis made it three in a row from Philadelphia yesterday defeating the locals 7-0. Doak held the Phillies to three scattered hits in seven innings, when Stuart relieved him, and kept up the good work. Bottomly hot a home run, a double, and a single, driving in four of the St. Louis tallies.

Daytona Beats Lakeland With Rally in Ninth

DAYTONA, May 11.—Overcoming a two run lead in the ninth, Daytona defeated Lakeland here yesterday, 7 to 6. Home runs by C. Stewart and Ammons for the visitors featured the game. Guley hit in his 26th consecutive game in the ninth after two strikes had been called against him.

Score by innings: Lakeland 001 201 101-6. Daytona 200 010 013-7.

Growers Score In 14th Frame To Beat Saints

BRADENTOWN, May 11.—Bradentown defeated St. Petersburg in a 14 inning game here yesterday, 2 to 1, in a pitcher's battle between Camp and Hernandez. Klein knocked a screaming hitover second with the bases full in the 14th inning to end the battle.

Score by innings: St. Pete. 000 010 000 000 00-1. B'town 000 010 000 000 01-2.

Hard Hitting Wins For Orlando, 13-5

ORLANDO, May 11.—Ambitious efforts by Clyde Maltby, whose home run was the turning point in the opening game between the battling Bulldogs and the Tampa Smokers yesterday, put Mr. Burke's young men out in front and they continued to batter the offerings of Frank Riel until a total of 16 hits had been amassed. The score was thirteen to five.

Score by innings: Tampa 000 320 000-5. Orlando 020 204 500-13.

And tonight Stanley Walker and family are the honor guests and will see "Java Head" without cost, the treat being on the family. Be there, Stan, as Osborne's looking for you. Watch for the program for next week. It will be a humdinger.

FLORIDA AT THE FEAST.

Recently there appeared through a syndicate news-agency a feature entitled "The Great All-American Meal." On an outline map of the United States was depicted what items of the menu of such meal each section produced.

The map was issued by the Chamber of Commerce of Sacramento, California, and, naturally, the outline of California is smeared all over the products until they spread out all over the Pacific ocean. Florida is a blank except for one item: "Tampa—Oranges."

This feature has had a wide circulation. Millions of people have seen it and have reflected that while every other state is raising everything from hell to hurricanes, Florida is limited to one product, oranges.

Of course, Willis Powell couldn't stand for this a minute, so, representing the Lake County Chamber of Commerce, he wrote at once to A. S. Dudley, Secretary of the Sacramento Chamber of Commerce, and asked why Florida was limited to one item on the extensive bill of fare of the "All-American Meal."

Mr. Dudley promptly "passed the buck" to the commercial secretaries and incidentally, gave another evidence of the truth of Roger Babson's observation that Tampa's Dickie is the "best commercial secretary in the country." The Sacramento secretary wrote Powell: "Our good friend Dickie, of Tampa, was the only one in Florida who made a reply to the letters we sent out requesting secretaries to give us the name of some food product which they would like to have placed on this map as a contribution from their town. The only qualification was that the food product must be produced in its entirety in America and be obtainable practically every day in the year."

He said further that 162 commercial secretaries responded to his request for information, but only one from Florida—Tampa—showing that Secretary Dickie is on the job. He added that the secretaries of Lakeland, DeLand, Orlando, Miami, Daytona, Pensacola and Jacksonville did not reply to his inquiry—showing that those usually energetic gentlemen were either asleep or off duty.

However, Mr. Dudley did not follow his qualifications very closely, for the map shows from California scores of "seasonable" products, the same as Florida produces, such as grapefruit, tangerines, lemons, kumquats, potatoes, strawberries, lettuce, beans, cucumbers, peppers, celery, and a dozen others.

Surely, Plant City is entitled to a place on the menu with its strawberries, Sanford with its lettuce and celery, Hastings with its potatoes, Center Hill with its beans and Bradentown or Palmetto with their tomatoes. In fact, nearly every town in South Florida could qualify with a distinctive product, unless barred by the dictum that such products must be obtainable every day in the year.

Mr. Dudley writes that the "All-American Meal" will be served at Sacramento, June 4, when moving pictures will be taken of the "spread" and the Associated Press will carry the story. He invites Florida to send its products. Our fruits cannot be sent to California, because California excludes them more rigorously and vigorously than it does the scum of Japan and China, but we can at least send a case or two of Florida canned grapefruit.

The Tribune passes this information over to Secretary Dickie, with congratulations that he was the only Florida secretary who got a product on the map—with the request that he see to it that Florida canned grapefruit is on the table for this "All-American Meal." If we can't send the original article there, we can be represented by the preserved variety. —Tampa Tribune.

Lord Robert Cecil says the League will go on without us, but he failed to state just where it would go.—Rockford Republican.

**SOMETHING DOING IN THIS SECTION**

Word has been received from Tallahassee that the governor has signed the bill authorizing Sanford to secede the city into districts. Score one big bull's eye for Sanford, the first city in Florida to make application for and receive the necessary legislative permission for this purpose. It is sure to create confidence in prospective investors from sections where city zoning has proven a guarantor of realty values.

The completion of a small part of the initial paving program is a good indication of what the streets of Sanford will look like a year from this time. Some fine morning our people will waken and fail to recognize their city with twelve more miles of streets covered with a new dressing.

Side streets, now seldom used, will soon become busy thoroughfares and the beauty and width of Sanford's streets will be further intensified.

The completion of the yacht basin will be the crowning achievement in the present program of municipal improvements affording our citizens the advantage of an additional and unusual source of recreation.

The people of Brevard county, particularly those in the northern part, are anxious to build a road from the St. Johns river to their county line if Volusia will cede the land asked for to them. Seminole can be depended upon to fix the road from Geneva to the river, once this question is settled.

We have been advised that work on the New Smyrna road will shortly begin. When complete, the road will be sixteen feet wide with a nine-inch rock base and will be surfaced with three applications of asphalt penetration. That portion of the road between the new bridge and Osteen will be started within sixty days.

Another bit of good road news is the announcement that the Orange City-Deland road will be hard-surfaced by fall as a bond issue for that purpose will shortly be voted upon in that section.

All are interested in the progress of our neighboring counties, realizing that these kaleidoscopic improvements made each year in Florida are impressing visitors with the enormous development of the state.

**BANKS SAY ADVERTISING IS A GOOD INVESTMENT.**

Twenty years ago the average bank would "carry an ad" in some of the country weeklies to the extent of five dollars a month, merely because the editor kept his fluctuating balance in that institution. In some of the city papers the more progressive banks would willingly expend twenty or thirty dollars a month in space, feeling in duty bound to "help keep the paper alive—not because it did the institution any good." Eleven years the two banks of West Palm Beach spent weekly at least a dozen dollars each; today each if the five banking houses there spends at least one hundred and fifty dollars a month for publicity. That is why there are five, and because there are five is the reason the advertising appropriation for publicity continues to increase.

Bankers are fast learning that it is an essential thing not only to advertise themselves, but to insist that mercantile houses to whom they loan money to carry on business are advertisers. Publicity is taking its true place in the realm of economics as more people come to a realization that it is not an expense but an investment; it creates an asset in name and good will in any business to which it is applied. Those who hold the opinion that it is an expense to advertise when they try to sell goods without advertising or with reduced appropriations. They find that it is just as necessary to invest money in advertising to move the goods as it is to invest in the goods themselves, or to invest in a warehouse to hold them; or a salesroom to show them; and the investment idea looms larger to these people when they discover the amount of good will that accrues from advertising.—Palatka News.

A sense of humor is what would keep men from making such haste on such insignificant errands.

Thinking fast may not bring you success, but it will bring you the good will of those who stand behind you in a cafeteria.
