ADVERTISE in the SANFORD HERALD

This happens yearly in our city when the Civic Center becomes the stage where the Sanfard-Sami-nale Jayeses host an occasion which has all the wel-come attractiveness of hospitality, good friendship, good food and headlines good doods.

To the award winners Miss Ruby Harrington and Hears. Thomas G. Freeman, Dr. W. Vincent Roberts, S. O. "Or" Dorminey, Sgt. Themas Deppen and Walter A. Gielow go our congratulations. Betails of the dinner and the special excellence in each cateever which brought honors to these achievers were

Top award for "Distinguished Service" went to "Tom" Freeman, a young man of almost unlimited energy and vision with an inner drive to achieve. An attorney of note, the Freeman future beckons with a more than usual possibility of putting him alongside others who have been so honored in earlier years and are now accepted leaders in our county and city.

Our personal knowledge of the devotion which Dr. Roberts, former mayor and present city commissioner, has shown in fulfilling his official obligations as mayor, as a leading Democrat, as a tireless worker for the good of your city makes this comment a pleasure. Indeed, when the Roberts schedule, including his professional performance, is viewed. How can anyone say: "I haven't time?"

## Slow Down Now!

Shughter on our highways continues! Alesset every week-end has its horrid lesson in death and injuries for all to read about, think about and do something about.

It seems to us that the time for any further ressures in Congress or without to cope with this tragedy by resort to great mechanical adety features being manufactured into our slock, fast automobiles is past. No autoist can drive along our super highways

or our very dangerous old roads without being teld by the swish of cars going by or the frustration of being penned in by a "poke" on a two-less highway that speed and the lack of it triggers most auto accidents.

With every agency at their command the po lies and traffic authorities have brought to the real answer until the drivers learn the lesson of safety at the wheel before the tracedy of danper overtakes, injures or kills them.

ACT NOW-YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT SAT, FEB. 1, OR IT CANNOT BE ACCEPTED One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family macrow,...next week...next month. Sad to say, very few fam-

the here anywhere near enough coverage to meet today's segring headtal casts. These costs have tripled in just a few start years. They are expected to double again in the few years ahead.

Step for a moment. Think how much a long stay in the headtal will cost you or a loved one. How would you ever pay for eastly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses hept going on the same as ever? The same rent, phone, and, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that ... Pays you \$100.00 z week tex-free

each when you go to the hospital. What a blessing it is when you know you have an extra \$100.00 cash esseing in every week — beginning the very first day you Now, Presidential's economy plan enables you to enjoy the presection at once. Because it will NOT cost you \$20.00. It will NOT cost you \$10.00—or even \$5.00. Your special low price is just 35° for the first month's coverage for your entire family.

Your such benefits increase each year at no extra cost to you!

And what peace of mind not to worry about rising costs. Your pretection automatically increases \$3.00 a week each year. The list year you get \$100.00 a week in the first year, \$105.00 a week in the first year, \$105.00 a week in the first year, \$109.00 a week in the faurith year. By the eleventh year, your policy will be worth a fall \$120.00 a week in benefit payments... at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your increase will be worth much more than the present "face when" of the policy. Certainly, our increased payments to you will help keep pace with rising costs and — best of all ... ... The increasing benefits come to you

at no extra cost. You still pay the regular low Presidential premium! What other Plan protects you like this today? What other Plan sheed without increasing your premiums? And that's not all. for a registered nurse at home.

Yes, in addition to the \$100.00 weekly checks we send you dur-ing your hospital stay, we pay you an extra \$100.00 a week if the doctor says you need a full-time registered nurse to take eare of you at home.

IF YOU ARE 65 OR OVER YOU WILL COLLECT STREET, WITH IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in addition to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay all the bills that quickly pile up as a result of illness or accident.

Regardless of your ago, you still need additional health protection.

We have designed this plan as the important addition to what you receive from Medicare — or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what you receive from Medicare, Presidential pays you \$70.00 a week... EVEN FOR 100 WEEKS if necessary! You can receive as much as \$7,000.00 for each illness or injury when hospitalized!

Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for \$100.00 a week - for as long as you need the nurse - even up to 50 weeks. It's like having a reserve of \$5,000.00 cash to draw on when you need it. These benefits also increase each year by \$3.00 a week. Another exceptional feature you have with Presi-

... Pays you \$100.00 a week each maternity benefits - up to 100 weeks for each hospital stay! Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are terrul Family Plan With Maternity way you want. If a pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days — as long as necessary — you get \$100.00 a week for every day of your confinement, up to 100 weeks.

All these added sush benefits.

Yes, in addition to \$100.00 a week for hospitalization or \$100.00 a week maternity benefits and \$100.00 a week for a registered nurse at home . . . you get all this:

Added cash benefits: \$1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial

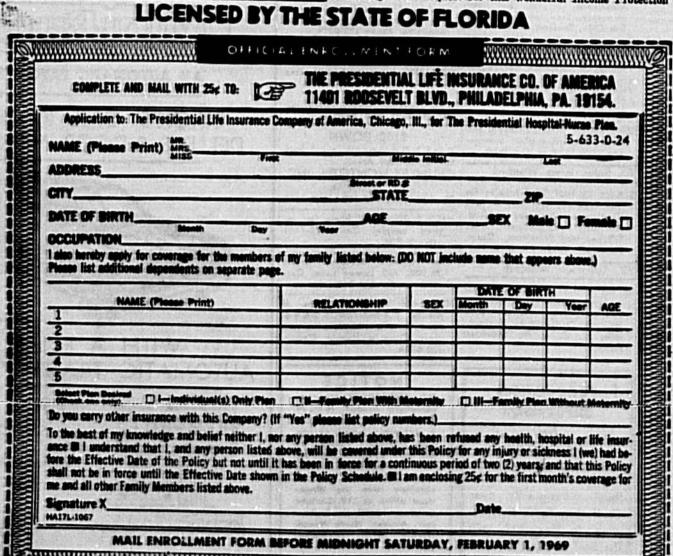

handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefits: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for \$1,000.00 or \$2,000.00 brings peace of mind during the period of adjustment. Added cash benefits: Choose either Family Plan... and your children will be covered too! Presidential pays up to \$5,000.00 any time your youngster goes to the hospital... for tonsils, appendicitia, or any other illness or injury! Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; where care is in a Government hospital; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

This last item is a real help if you siready have a health problem. If you are sick before you take out this policy, you will still be covered for that condition after the policy has been in effect for 2 years. Meanwhile every new condition is covered.

How can 25¢ buy so much? You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with tax-free Income Protection for just 25¢ the first month only because we enroll a large number of people at one time — direct by mail! Make your decision carefully Think how costly a hospital confinement will be. Imagine paying for those indispensible x-rays, doctor bills, medicines and drugs that are not covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown on Why do we give you so little time to apply for your insurance policy—only a few days?
