

Amtrak Train Via Sanford Crashes In North Carolina

LAKEVIEW, N.C. (UPI) — A Florida-to-New York Amtrak passenger train jammed with Easter holiday travelers ignored a stop signal today and slammed head-on with a "big old thud" into a southbound Seaboard Coastline freight train.

The Silver Star, which made stops at Orlando, Winter Park, Sanford and DeLand, leaving Sanford at 8:30 p.m. Tuesday, collided with the Seaboard Coast Line freight at 7:35 a.m., 35 miles from Raleigh, N.C.

A Moore Memorial Hospital spokesman said no fatalities have been reported so far, although there are some serious injuries among the 73 injured, all of whom were taken to the one emergency room.

"We know the accident results from the Amtrak train passing a signal in a stop position," said Ray Bullard of Seaboard Coastline in Jacksonville, Fla. "We are investigating to determine the reason." Both trains had slowed before the collision.

The passenger train, the "Silver Star", was carrying about 330 people, many heading north for the Easter holiday weekend.

A spokesman for the Moore County emergency dispatch office said rescue workers transported about 73 people to Moore Memorial Hospital.

Moore County Administrator Larry Moubry said helicopters from nearby Fort Bragg transported Army personnel to the scene to assist and transport the injured. The Highway Patrol rushed blood from Raleigh, 55 miles away, to local hospitals.

Elliott Henson, spokeswoman for Moore Memorial Hospital, said some of the people taken to the hospital apparently were not injured.

"We have a few serious injuries, some minor injuries and some with none at all," she said.

Amtrak station records show one person boarded the train in Sanford Tuesday night, but the ticketholder's name was unavailable. The names of the injured had not yet been released late this morning.

Rescue workers carried the injured in stretchers across a field to vehicles parked on a dirt road near U.S. 1, which runs parallel to the tracks.

The passenger train collided with the Seaboard Coastline freight around 7:35 a.m. EST near Lakeview. Bullard said the stop signal was about three-fourths of a mile from the point the trains collided.

"The southbound freight train was preparing to enter a passing track and the northbound Amtrak train was supposed to stop at the signal to permit the freight to enter the siding," Bullard said.

Bullard said both trains had slowed down prior to the collision.

Moubry said engines of both trains were knocked off the track.

"We just know both trains partially derailed so it had to have been a pretty good impact," Moubry said.

Dora Cooper, who lives about a mile from the scene of the collision, said she heard a "big old thud" when the trains collided.

Vass volunteer fireman Randy Cameron said "there's three engines totally demolished. I mean they are just torn up."

River Board To Meet In Sanford

The St. Johns Water Management District will hold its official board meeting this month in Sanford in response to an invitation by the Seminole County Commission.

A local group, Friends of the St. Johns, has criticized the district water board for not living up to the purpose for which it was created.

The district board has done nothing to help restore water quality and natural conditions in the upper St. Johns river basin, according to Hugh Pain, a director of Friends of the St. Johns.

"We've been sold down the river," he said.

"Sanford is a city with the most beautiful lakefront in Central Florida," Pain told county commissioners at a work session Tuesday. "But it has the greatest pollution."

"And not necessarily of our own making," said Commission Chairman Bill Kirchhoff.

"Most of it comes from other counties," Pain agreed.

The board will hold a public workshop and its monthly meeting at 2 p.m. Tuesday in Room 201 at the Courthouse. The workshop will be held there at 8:30 a.m. Wednesday, April 16.

Pain said his group's effort must be making an impression on the district board.

"They hired a PR person at \$14,000 a year, so obviously we're making waves," he said.

"Make a few more and they'll hire some assistants," Commissioner Bob French said.

Pain said he is pleased the county commission has taken an interest in the fate of the St. Johns. The commissioners are scheduled to meet with members of the district board when they are in town, but no specific time has been set.

"We're so glad you are taking this step," Pain told the commissioners.

"The river is important for so many reasons."

"Senator Brown, another 'Friends' director, also thanked the commission.

"When you're up the well-known estuary with no other means of pollution, you've got to do something," he said.

Seminole County Principal Planner Joyce Bellan, who attended the work session, said the planning department has applied to the district board for a study to study how much water is available to the Geneva area and how much water is expected to be available there in the future with the intent of drawing up water-use regulations.

Shoring Up

A 500-foot strip of the shore of West Lake has been sodded by the developer of The Landings in Longwood to prevent soil from washing into the lake.

Developer Completes Restoration Land Bordering Longwood Lake

By JANE CASSELLBERRY
Herald Staff Writer

Restoration work ordered by the Department of Environmental Regulation (DER) on 500 feet of barren shoreline on West Lake in Longwood has been completed and is awaiting DER inspection, Howard Lefkowitz, vice president of Florida Residential Communities (FRC), said today.

"If you go out there now you will find a fresh bank of sod and aquatic growth respired," he said, "and a half built bicycle and jogging path."

FRC's problems with DER received publicity recently after being brought to the attention of the Longwood City Commission by Commissioner William Mitchell, who wanted the city to help DER to force FRC to restore the lakefront at the firm's planned development, "The Landings."

Lefkowitz thinks the whole thing has been blown out of proportion unfairly damaging the developer's reputation.

"Had the city commissioner not stood up and said what he did at the meeting there would not have been all this fuss and in two or three weeks we would have done the restoration anyway by putting in sod and replacing the aquatic growth," Lefkowitz said. "There was no reason for it. It has nothing to do with the city, but it between me and DER."

Lefkowitz said the damage would have already been corrected if work on the project had not been behind schedule.

"I've got a pretty good reputation with DER and we perform a necessary service," Lefkowitz said. "We pride our selves on our projects. Tiboron and The Landings are designed with so much protection for the lakes it is phenomenal. It was very expensive, but we did it because it is the right way to develop."

FRC's problem began in November when the site development contractor Orange Paving and Construction of Altamonte Springs was laying a major drain pipe that had been approved by the city, Lefkowitz explained. He said it was not a dredging operation and the tractor operator had accidentally scooped up some aquatic weeds when filling in the trench for the pipe.

"It was wrong, he wasn't supposed to do this," Lefkowitz said. "Residents across the lake apparently saw the equipment working and yelled 'dredge and fill' and called the DER," said Lefkowitz.

"Representatives of Orange Paving went in with us to talk to DER and we were sorry we had goofed and would be happy to do whatever was necessary to correct any damage done," said Lefkowitz.

"We asked them to give us until March 15 based on our construction schedule. We were supposed to have the work completed by then on the jogging and bike path and finish resodding."

"March 15 came and we were running behind schedule and I simply forgot about it. If we had been on schedule this would never have happened."

Glenn Vause, DER's field biologist for Seminole County, said on March 25 that FRC had been told in a Dec. 13, 1979 letter to restore the area to its original elevation, revegetate with native vegetation and restore the bulldozed area that was washing into the lake. However, the March 15 deadline had passed without FRC making any effort to correct the situation.

Vause pointed out a timely restoration was of the utmost importance to avoid permanent damage to the lake.

Lefkowitz said since they were forced to resod the area before the asphalt was completed it would now be necessary to go back and replenish the sod when the project is finished.

Firm Takes Hard Look At Sanford

By DIANE PETRYK
Herald Staff Writer

A national distributor of small household items has proposed a \$2 million warehouse for the Port of Sanford which could add more than 200 jobs to the local economy.

The new 200,000-square foot warehouse would be built by the Seminole County Port Authority (SCOPA) and leased to the firm, said Jim Daniel, SCOPA executive director. It could open as early as October, he added.

A special meeting of the SCOPA board has been called for 4 p.m. Thursday to prepare a proposal concerning the type of building and the lease price.

Port Administrator Dennis Dolgner said the firm is also looking at locations in Orange County and the west coast. Daniel said Orlando's Central Park, an industrial park in south Orlando, and a Tampa area location are also being considered.

But both Dolgner and Daniel said the Sanford location has many advantages for the firm.

"We've got the interstate highway outside our front door," Dolgner said. "The Seaboard Coastline Railroad is right here. An airport is eight miles away and we're on a large canal. You can't get much better than that."

Daniel said SCOPA's proposal will be for a metal building, which is cheaper than other types of construction.

The special SCOPA meeting Thursday will also be to discuss building lease terms with Dade City Tire, a coal-process tire recapping firm.

The warehouse, he added, will be comprised of 185,000 square feet of storage space and 15,000 square feet of office space.

The 200 employees, he speculated, will be involved in inventory control, telephone sales, order-taking, trucking and unloading.

Although the firm will probably bring in its own top management people, Daniel said a larger percentage of the employees will be hired locally.

Daniel said he estimates the building will cost about \$10 per square foot to build.

"Two million is a good estimate. The larger buildings come in cheaper sometimes," he said.

If the firm, which does not wish to be named at this time, takes about a month to evaluate proposals, Daniel guessed that the building could be completed by October or November.

"Their (the firm's) schedule is to have it opened no later than the first of next year," he said. "But it could be sooner."

Daniel added that the firm has a warehouse in Miami and one in Georgia. It may be looking at the possibility of combining these, he said, or it may keep the others open in addition to the new facility.

The firm, he said, distributes small appliances to retail outlets, but does no manufacturing.

The special SCOPA meeting Thursday will also be to discuss building lease terms with Dade City Tire, a coal-process tire recapping firm.

TV Show To Kill Off Edith Bunker

HOLLYWOOD (UPI) — Good old Edith Bunker Archie's long-suffering dingbat wife in the "All In The Family" TV series, will be killed off this summer for the good of the highly rated series.

Carroll O'Connor, who stars as Archie Bunker in the show said Edith's demise would give the weekly show new opportunities and dimensions.

Edith made only four appearances on the series during the past season. Jean Stapleton announced a year ago that she was tired of playing the role and wanted to go on to other activities.

After her departure, at the conclusion of the series' ninth year on CBS, the situation comedy was retitled "Archie Bunker's Place."

O'Connor said, "You can't go on with a leading character in a show who never appears because you're stultified in the kind of stories you can do."

"Edith will die off-camera sometime during the summer and when the show starts up again in the fall it will be a fait accompli. It will open up the show, allowing Archie to meet other women which should provide fresh comedy."

Sanford Threatens To Cancel County's Library Lease

By DONNA ESTES
Herald Staff Writer

The city of Sanford began preparations today to go back into the library business on Oct. 1, 1980 if the county is not willing to compromise on a demand for ownership of the downtown facility.

The city commission at a special meeting this morning voted unanimously to notify the county that the city's lease of the old population building, used as a library by the county, will be cancelled on Oct. 1. City Commissioner Eddie Keith, who is in the hospital, was not able to attend the meeting.

Under an agreement between the city and the U.S. General Services Administration (GSA), the building must be used as a library or its ownership will revert back to the federal government.

The move was necessary, according to Mayor Lee P. Moore, to safeguard the city's ownership of the 40,000 volume library leased to the county along with the building in 1965.

A lease the county is proposing calls for the books to become county property on Oct. 1, 1981.

City Manager Warren Knowles noted it would be virtually impossible for the city to stand by its agreement with GSA if it does not have any books.

Knowles criticized county officials for "stonewalling" during the past four months since a December meeting when the city made its position clear that it wished the downtown library to remain in operation. At that time downtown business leaders and members of the Greater Sanford Chamber of Commerce said they wanted the facility to continue a library, whether under the control of the city or the county.

Knowles said he has made a number of telephone calls to county staff during the past four months attempting to get a signed lease for the period after Oct. 1, 1980 to assure continued operation of the library in the city building.

He noted a lease offered by the city would have permitted the county to use the city building for library purposes practically indefinitely.

Moore pointed out that the city commission, under the current lease arrangement faces a Thursday deadline for See SANFORD Page 2A

Militants Pledge Cooperation With Iran

By United Press International

A spokesman for militants holding 50 American hostages in the occupied U.S. Embassy in Tehran said today the captives will be turned over to the Revolutionary Council "without any problems" if and when the time comes.

"If the government order us to turn over the hostages, it will be done without any problems," the spokesman said in telephone call to London. "It is up to the Revolutionary Council. We are not trying to take power from the Revolutionary Council, so whatever the Revolutionary Council says will be fine with us."

Asked if the militants had any idea what the council would make a decision, he said, "We don't know what they are going to do."

President Abolhasan Bani-Sadr has asked for new assurances from the United States as a condition for the transfer of the hostages to government custody. But a White House official said the administration is not quite sure "what it is they're looking for."

The statements from Bani-Sadr Tuesday injected a new note of uncertainty about the fate of the hostages, now in their 151st day of captivity.

Hope had been raised by his earlier announcement the Iranian government would take custody of the 50 hostages from the militants — believed a first step toward their release — if the United States promised not to threaten Iran.

"We want to be helpful," the White House official said, but "there are obviously limits to how far this president or any president can go."

CAIRO, Egypt (UPI) — A personal physician to the shah of Iran said today the ousted monarch's lymph cancer is a "systemic disease" that can spread even beyond the liver.

Dr. George Flandrin of Paris said Shah Mohammed Reza Pahlavi, 60, was recovering well from Friday's surgery to remove his cancerous spleen. He is recuperating at Maadi military hospital, just south of Cairo.

"He's in very good condition," Flandrin said. "His recuperation is normal, he is recovering very nicely and he's now feeling fine."

The shah underwent surgery for removal of a cancerous tumor in his neck at New York Hospital in November.

Today		Honest Man Gets \$500 From Brinks	
Action Reports	2A	James Michael Riner, the 27-year-old DelBany man who found a Brinks bag containing \$6,500 on the sidewalk outside the Atlantic Bank of Seminole in downtown Sanford on March 4 and turned it in to the bank, was rewarded this week for his honesty with a check from Brinks, Inc. for \$500, which he deposited in his savings account.

Colombians Invite Group To Probe Human Rights

BOGOTA, Colombia (UPI)—Colombian authorities, adopting a new tack to try to solve the Dominican Embassy hostage crisis, invited an Organization of American States commission to investigate guerrilla complaints of human rights violations.

Arabs Rally Against Jews

HEBRON, Israel-occupied West Bank (UPI)—Arab protesters outnumbered Israeli soldiers today and packed 300 strong into a second-floor hall for a secret rally against Israel's move to let Jews live in the all-Arabi.

Sanford Threatens

notifying the county of cancellation of the current lease, he said Thursday the city would have been locked in to giving away the books and building to the county. Knowles reminded the city could have the reverter on the property removed by paying \$12,000 to the GSA, but, he added, if the city determined at some future time to sell the property, the money realized from the sale could not have gone into city coffers. The money, minus the funds paid to the federal government, would have had to go either to the federal government or to the library.

WEATHER

NATIONAL REPORT: Another spring storm moving out of the Southwest threatened to dump more snow today on the already buried Plains states. Storm watches for wintry weather were posted for parts of New Mexico, Kansas and Nebraska. A surprise April Fools' Day storm blasted into Southern California Tuesday and floodwaters from the rising Pearl River trickled into Louisiana homes near New Orleans. The National Weather Service said the Pearl approached 20 feet Tuesday, exceeding the highest officially recorded crest of 19.7 feet in April 1960.

ATTENTION SANFORD RESIDENTS! BE A WEATHER WATCHER

Would you like to be a part of Dave McLaughlin's Weatherwatch? You can if you are able to supply exact information each weekday on rainfall amounts and maximum and minimum temperatures. If you are interested and own the necessary weather equipment, write to: Dave McLaughlin c/o WDBO-TV P.O. Box 1833 Orlando, Florida 32802

An early (1940) stamp collector advertised in a London paper for stamps. She already had 19,000 but needed more to finish preparing her room.

Sanford Gains \$100,000 Housing Grant

The U.S. Department of Housing and Urban Development has announced the award of a \$100,000 federal grant to the Sanford Housing Authority for the upgrading of low-income housing. Thomas Wilson, executive director of the housing authority, said the money will be used for modernization of Castle Brewer Court on West 10th Street and for Cowan-Moughtin Terrace on Third and Olive.

Lake Mary's Southward Attends Graham's Housing Goals Council

By DONNA ESTES, Herald Staff Writer. Former Lake Mary Councilman Pat Southward, appointed by Gov. Bob Graham as central Florida's only representative on the Governor's Housing Goals Council, has assumed the duties of her office by attending the first meeting in Tallahassee. Graham has said he will urge the legislature as part of his 1980 legislative package to put the issue on the review of the governor's 1980 legislative program and prefiled legislation which relates to housing.

Altamonte Man Held On Armed Burglary Charge

An Altamonte Springs man is in the county jail, held without bond, on charges he forced his way into an Altamonte Springs apartment and robbed her at knifepoint Tuesday afternoon. Roland Henry Lebeau of the Valley Forge Apartments, State Road 436, Altamonte Springs, was arrested 20 minutes after he allegedly assaulted and robbed Janet Phillips, 26, at her home at Windsor Apartments, Ballard Avenue, Altamonte Springs police report.

Police say Lebeau knocked on Phillips' door at 2:30 p.m. Tuesday, then sprayed her face with a Mace-like chemical. Pulling a knife and forcing his way in, Lebeau demanded money from Phillips, then attempted to force her up the stairs into her bedroom, police say. But Phillips screamed as she struggled with her attacker brought aid, and as the suspect fled, witnesses followed him out, getting a look at him and his license plate, police report.

The city of Sanford has begun planning to increase the capacity of its sewer plant in preparation for its conversion to a regional facility for the north end of Seminole County. City Manager Warren Knowles said he, city staff members and City Commissioner John Morris, as head of the regional sewer plant committee, have agreed to undertake some "phase construction" at the plant to increase its capacity.

The plant's capacity now is to serve a population of 27,000 persons. The modifications and additions will increase capacity to permit service to an additional 18,000 persons, Knowles said. He said the city is applying to federal agencies for federal funds for Step 2 designing and for Step 3 implementation. The federal government has a step process to be followed for sewer plant construction or improvement. Total federal funds being requested is \$2 million. The federal money will finance 75 percent of construction costs with the city to pay the remaining 25 percent.

Floyd, Headrick Attend Union Action Conference

Randall Floyd and Robert Headrick, president and vice president respectively of the Communication Workers of America (CWA), AFL-CIO, local 3113, Sanford, recently attended a legislative-political action conference designed to advance the congressional goals of the union in Washington. The meeting was called by CWA president Glenn E. Watts. The participants focused attention on congressional issues including telecommunications policy, inflation, the federal budget, and the imposition of a form of national sales tax, long opposed by organized labor.

The two Sanford men also visited with senators and congressmen to discuss specific legislative proposals. During the meeting the group was also addressed by several high officials of the Carter administration, members of Congress and collective bargaining experts.

Wilson said it will probably be more than a year before the funds are available. The federal government must first float a bond issue to obtain the funds, he said. The bonds, he said, will probably be sold in March 1981 and contract for the work cannot be let until funds are in hand. Wilson said in preparing the applications an inflation rate of about 30 percent, had to be considered. "We don't know what changes will occur in minimum wages or the prevailing wages for certain skills and costs of materials in that length of time," he said, noting inflation in these areas is currently running at 2 percent per month.

Blair Announces Candidacy

Larry Blair, owner-operator of the Care-Sell Pet Palace on French Avenue, Sanford, has announced his candidacy for Sanford city commissioner in the December city elections this year. Blair said he will seek the city commission seat currently held by Julian Stenstrom. Stenstrom has said he will be running for mayor of Sanford. Blair was an unsuccessful candidate for the city commission in 1976. He is currently a member of the Sanford Board of Adjustment and the Seminole County Board of Adjustment and is chairman of the county board.

Action Reports

Friday conviction on charges he shot and killed two men during a barroom fight last fall. Thomas J. Taylor, owner of The Pub, 250 S. Orlando Ave., Winter Park, was convicted of second degree murder in the death of John Walwyn and manslaughter for shooting Teddy Pawlata. Taylor was convicted by an Orange County jury of shooting the two men during an argument at his bar. He remains in custody pending a pre-sentence investigation ordered by Circuit Judge Frank Kaney.

No Surprises Carter, Reagan Roll Over Foes In Wisconsin, Kansas Primaries

MILWAUKEE (UPI)—Solid primary victories in Wisconsin and Kansas Tuesday pushed President Carter halfway to renomination and Reagan almost that far toward the GOP prize he so narrowly lost four years ago. The wins knocked Gov. Edmund G. Brown Jr. of California out of the 1980 presidential race and once again cast grave doubts on the ability of Democratic challenger Edward Kennedy or Republicans John Anderson and George Bush to stop the Carter and Reagan juggernauts.

Blair was an unsuccessful candidate for the city commission in 1976. He is currently a member of the Sanford Board of Adjustment and the Seminole County Board of Adjustment and is chairman of the county board. He was active in the Jaycees and was president of the Sanford-Seminole Jaycees.

needed to nominate: Democrats — 1,666; Republicans — 998. White House spokesman Jody Powell conveyed Carter's "deep appreciation to the voters in Wisconsin and Kansas," and said the two states had disposed of the theory Kennedy was on the rise after winning New York and Connecticut last week. Reagan said he was "happy as a clam," adding he wasn't going to rest on the oars—even with his substantial lead. Said Reagan: "Every Tuesday I perspire as

N.H.L. Squads Battle To Ice Playoff Positions

By United Press International
The battle for the last playoff spot in the NHL isn't the only one that's raging these days. There is competition at the top as well, and it's just as important to the players involved.
The Buffalo Sabres, for instance, who have had a postseason spot locked up for a while, were ecstatic Tuesday night after beating the Atlanta Flames, 5-2. They called it a must game, because the victory gave them a two-point lead over the No. 3 Montreal Canadiens and a three-point margin over the Boston Bruins.
Gil Perreault of Buffalo, who with Ric Selinger scored two goals each to pace the Sabres' victory, said, "Tonight was our

game. We had the game in hand over Montreal and Boston (both of whom were tied Tuesday) so we had to win it."
Buffalo improved its total to 104 points, while Atlanta remained in ninth place in the overall standings with 80 points.
Atlanta took a 2-0 lead early in the second period with goals 26 seconds apart by Don Lever and Kent Nilsson, but Perreault scored his 36th and 37th goals within 33 seconds of each other to tie the game at 2-2 of the second period.
Selinger scored his 24th goal at 12:35 to give the Sabres a 3-2 cushion, Rick Martin added his 44th at 4:08 of the third, and six minutes later Selinger added his second goal of the game.

Two other teams who were guaranteed playoff berths long ago, the Minnesota North Stars and New York Islanders, also had incentive during their 1-1 tie, as the Islanders in the last few games, 1-0 other games, Vancouver ousted Edmonton, 5-0, Washington defeated Pittsburgh, 6-2, Toronto edged Hartford, 5-4, Philadelphia tied Quebec, 3-3, St. Louis topped Chicago, 5-4, and Los Angeles ripped Colorado, 4-3.
Canucks 5, Oilers 0
Ivan Boldirev scored two goals, Stan Smyl added four assists and Gary Bromley stopped 22 shots to power Vancouver into a three-way tie for the 16th playoff slot.

Said Somner, "If anybody would have said that we'd be neck-and-neck with the Islanders in the last few games, I would have said they were out of their mind."
In other games, Vancouver ousted Edmonton, 5-0, Washington defeated Pittsburgh, 6-2, Toronto edged Hartford, 5-4, Philadelphia tied Quebec, 3-3, St. Louis topped Chicago, 5-4, and Los Angeles ripped Colorado, 4-3.
Canucks 5, Oilers 0
Ivan Boldirev scored two goals, Stan Smyl added four assists and Gary Bromley stopped 22 shots to power Vancouver into a three-way tie for the 16th playoff slot.

Teacher Adds Cooking In Class As A Learning Tool

By TOM NETSEL
Herald Staff Writer
In many kindergarten and elementary school classes wherever a pupil has a birthday his parents will bring a cake to class for everyone to share.
In Connie Nadrowski's kindergarten class at Hopper Elementary in Sanford, this is not the case; the children bake the cakes themselves.
In her first year of teaching at Hopper in Sanford, Mrs. Nadrowski lives in Winter Springs with her husband Lawrence and their two children, Danielle and Jason. The moved here from Michigan last year.
Mrs. Nadrowski has added cooking to her classroom as a learning tool which is also fun. "The children love to cook," she said. "They are eager to experiment and quickly learn nutritional principles if you will take the time to explain."
In addition to creating something tasty, cooking helps the children in several areas. "My aim for the children is to increase their awareness, increase their vocabulary, broaden their horizons and give them a positive experience where they can succeed."
Any time children are working in the kitchen, it is important that an adult be there to make sure certain basic safety rules are followed, especially when working around the hot stove or using any electrical appliances, Mrs. Nadrowski said.
To keep the children interested make certain all ingredients are on hand. Having to stop and run out for eggs can easily dampen youthful enthusiasm.
For children who are poor eaters, helping in the kitchen can have additional benefits. "Children also seem to eat better after they have helped prepare the food," Mrs. Nadrowski said. "A major problem is keeping them from tasting while cooking."
PEANUT BUTTER PLAY DOUGH
1 cup peanut butter (Children like crunchy best)
1 cup corn syrup or honey (Children like honey best and it is a more natural sweetener.)
1/4 cups powdered sugar
1/4 cups powdered milk
Combine ingredients and knead well. Have the children shape them into whatever shape they desire with a lively discussion about shapes or objects they have created. They have delicious little treats they can eat. Mrs. Nadrowski got this recipe from Julian Norman from Casselberry Elementary School.
PIGS IN A BLANKET
2 cups biscuit mix
1/2 cup cold water
1/2 cup butter
1/2 cup milk
1/2 cup sugar
1/2 cup raisins
1/2 cup nuts
1/2 cup cranberries
1/2 cup currants
1/2 cup blueberries
1/2 cup strawberries
1/2 cup cherries
1/2 cup apricots
1/2 cup peaches
1/2 cup plums
1/2 cup pears
1/2 cup apples
1/2 cup oranges
1/2 cup lemons
1/2 cup limes
1/2 cup kiwis
1/2 cup pineapples
1/2 cup mangoes
1/2 cup papayas
1/2 cup guavas
1/2 cup passion fruit
1/2 cup dragon fruit
1/2 cup jackfruit
1/2 cup rambutan
1/2 cup lychee
1/2 cup longan
1/2 cup cashew
1/2 cup almond
1/2 cup walnut
1/2 cup pecan
1/2 cup hazelnut
1/2 cup pistachio
1/2 cup macadamia
1/2 cup brazil
1/2 cup cashew
1/2 cup almond
1/2 cup walnut
1/2 cup pecan
1/2 cup hazelnut
1/2 cup pistachio
1/2 cup macadamia
1/2 cup brazil

Connie Nadrowski's kindergarten class whips up instant pudding.

cutter or knife. Spread both sides of bread with soft butter. Melt tablespoon of butter in skillet over medium-high heat. Brown bread in skillet on both sides. Break egg into measuring cup or saucer. Carefully slip egg into hole in bread slice. Lower heat, cover skillet and cook until egg white is set. Sprinkle egg with salt. Holes from bread may also be browned and served with eggs.
PIZZA WITH A HAMBURGER CRUST
Crust:
1 pound ground beef
1/2 cup dry bread crumbs
1 teaspoon salt
1/2 teaspoon oregano
1/2 cup tomato sauce
Mix ingredients in a large bowl, stirring in tomato sauce last. Spread mixture in ungreased 10-inch pizza pan or on the bottom and side of 10-inch pie pan.
Topping:
1/2 cup tomato sauce
1 can (8 ounce) kidney beans, drained
3 slices Cheddar or Muenster cheese, sliced
Four tomato sauce over hamburger crust, spread beans on top and arrange cheese in crisscross design on beans. Bake uncovered for 20 minutes in 425 degree oven. Makes 4 servings.
MARGHERITES
2 egg whites
1/2 cup sugar
1/2 teaspoon vanilla
1/2 cup chopped nuts
24 soda crackers
Beat egg whites until foamy. Beat in sugar, one tablespoon at a time. Continue beating until stiff and glossy. Fold in vanilla and chopped nuts into meringue. Cover 24 crackers with meringue carefully sealing the edges. Bake crackers on ungreased cookie sheet 6 to 8 minutes in 400 degree oven until meringue is light brown.
COCONUTTY CHOCOLATE GEMS
3 squares Baker's semi-sweet chocolate
1/2 cup peanut butter
1 cup sweetened condensed milk
1 teaspoon vanilla (optional)
1/2 teaspoon salt (optional)
1 and one-third cups (about) Baker's Angel Flake coconut
Melt chocolate in saucepan over very low heat. Add peanut butter and stir until smooth. Remove from heat; add milk, vanilla, salt and coconut and mix well. Drop from teaspoon onto well-greased baking sheets. Sprinkle with additional coconut, if desired. Bake at 350 degrees for 10 to 12 minutes. Remove from baking sheets while still warm. Cool on racks. Store in a tightly covered container. Makes 3 dozen cookies.
BREAKFAST PUNCH
2 cups orange juice
1 cup lemon juice
4 cups apple cider
1/2 cup sugar
Mix in large pitcher and stir until sugar is dissolved. Pour over ice cubes in tall glasses.
EGGS IN A FRAME
1 slice of bread
1 tablespoon butter
1 egg
For each serving, cut out hole in center of bread with biscuit

Tina Willard, left, receives the Youth Service Award from Bettie Hogle.

Bill Daucher presented the Service To Mankind Award to Mr. and Mrs. Carl Mitchell.

Jim Grimaldi Named Sertoman Of The Year Service To Mankind Awards Presented

The Winter Springs Sertoma and La Sertoma Clubs hosted a joint awards banquet to honor community citizens who have been of service to mankind.

Tom Kuhn served as Master of Ceremonies for the event which took place on March 28 at the Quality Inn in Longwood.

La Sertoma, a service organization for wives of Sertomans, feted Tina Willard, director of Threshold, a home care facility for autistic children. Bettie Hogle, Youth Service Award chairman, presented a plaque to Mrs. Willard in appreciation of her efforts on behalf of handicapped children.

Ruby Barnett, La Sertoma Sponsorship chairman, presented a plaque of appreciation to Beverly Burns, who was named "La Sertoma of the Year" for her contribution of the most service hours in behalf of the club's many service projects.

Mrs. Burns, who is both president of the local club and District Governor, recognized club members who had also given unselfishly of their time during the past year.

Sertoma's awards presentations began with the Service to Mankind Award, given annually to individuals rendering extraordinary community service. Sertoma District Governor Bill Daucher presented a plaque to Mr. and Mrs. Carl Mitchell for their years of active participation in community betterment, for originating the Winter Springs Youth Police and for additional volunteer work with young people.

The Rev. Robert Burns presented cash awards and certificates of appreciation to two elementary school children for their winning essays during the club-sponsored Freedom Week campaign. Mohammed Nadim Battis of Red Bug Elementary School and Kelvin Wade of Winter Springs Elementary School read their essays entitled, "What Freedom Means to Me."

The Rev. Burns also presented Grand (Good Thinker) Member Awards, which go to qualifying first year club members, to Jack Schneider, David Branson and Howard Bowen.

Park, a major sponsorship of the club.

The Sertoman of the Year Award, presented annually to the club member having done most for the club and community, was the final award of the evening. This coveted award was given to Jim Grimaldi for his active participation in leadership and service.

Both Sertoma and La Sertoma participate in numerous local and international programs. La Sertoma sponsorships include Threshold, Kradle Kare, food baskets for the needy, youth service programs, and scholarships for deserving college students. Sertoma sponsorships include Freedom Week in local schools, the Sertoma Speech and Hearing Foundation, Easter Seals, Camp Endeavor for the Deaf, and Threshold.

The long-range project of completing the recreational area, Sunshine Park, has resulted in a picnic area and barbecue pit for community use. Future plans include two Little League baseball diamonds, a football field, and landscaping — as funds become available through donations and club projects.

Incoming officers for Sertoma in the 1960-61 club year are president, Tom Hogle; vice presidents Bob Burns, Jack Schneider and Bob Dufault; secretary-treasurer, Bill Daucher; and Sergeant-at-Arms, Don Smith.

Incoming officers for La Sertoma are president, Joyce Schneider; first vice president, Ruby Barnett; second vice president, Margaret Innanen; secretary, Beverly Burns; and treasurer, Fran Daucher.

BEVERLY BURNS
...La Sertoma Woman of the Year

Herald Photos by Tom Vincent

Love Turned To Hate 'So Fast'

DEAR ABBY: I'm 16 and pregnant by a married man. (I'll call him Donny.) When we fell in love, Donny said he was separated from his wife but his divorce was coming through "any day" and then we'd be married, so I really wanted to have his baby.

I just found out that Donny is still living with his wife, and there is no divorce in the works. Abby, I never knew love could turn to hate so fast. I'm five months along and

now it's too late for an abortion. I don't want to keep this baby now, and I never want to see Donny again.

Donny's wife called me and said she was sorry I was in such a mess. Then she asked if I would let her and Donny have my baby. She said they would pay all my expenses and I could go on with my life like nothing happened.

What do you think of the idea, Abby? No way will I keep this baby, and I don't want to be involved with Donny anymore. Please tell me what to do.

MEESSED UP AT 16
DEAR MESSED: You say

you don't want to keep the baby and you don't want to be involved with Donny anymore. A wise decision. Feeling as you do, contact a licensed adoption agency. If you give your child to Donny and his wife, you can expect to be involved with Donny forever.

DEAR ABBY: A minister wrote to say how easy it was for him to get into the homes of total strangers and urged you to warn readers to be more careful. His letter prompts this response:

Ten years ago we invited the public to purchase paper products directly from our company, which is a wholesale distribution concern.

We accepted personal and company checks with no demand to verify identifications. Over a 10-year period, we processed over 150,000 checks of which only 14 were no good! (Our total loss was less than \$300.)

We are convinced that 99.9 percent of the people are honest and law-abiding, and our experience proved us correct.

What a shame that the news media report only on this small percentage of unethical and dishonest people.

MINNEAPOLIS BUSINESSMAN
DEAR BUSINESSMAN: It's not "news" when people obey the law, love one another and live happily ever after. Crime, corruption, violence and misfortune ARE news.

I like you, am inclined to expect the best from people, but when you leave your warehouse. I'll bet you not only lock the door, you turn on the alarm.

Are there questions you ask your parents? Get Abby's new booklet: WHAT TEENAGERS OUGHT TO KNOW. Drugs, sex and alcohol are graphically presented. Send \$2 and a long, stamped (28 cents) self-addressed envelope to Abby, 132 Lasky Blvd., Beverly Hills, Calif. 90212.

Grady Kinsey: Recipient of Award of Distinction
Artist: He Feels Like Grandfather Of Festival

"My greatest influence comes from energies provided by my students," says Grady Kinsey, art instructor at Seminole Community College and recipient of an Award of Distinction at the 1960 Winter Park Sidewalk Art Festival.

He received this award for a saw-toothed primitive pot. "I feel like the grandfather of the Winter Park Sidewalk Art Festival," Kinsey says. "I've exhibited there every year for the past 18 years."

A graduate of the University of Tennessee in 1956, Kinsey received his masters in education from Rollins College in 1958. He taught arts and crafts at Union Park Junior High School and was a counselor at Winter Park High School.

Before he began teaching, he was instructor-manager of the Artisan Market Gallery in Clearwater, and also art director at WATE-TV in Knoxville, Tenn.

Kinsey has exhibited in group shows and one-man shows in Florida and Tennessee and has won numerous awards. He has been teaching basic and advanced drawing, painting, and ceramics at SCC for the last nine years.

"If a student's work reflects the instructor's way of working," says Kinsey, "then there's been too much instruction. I only feel successful if I can pull from, or convince a student that whatever his natural way is — that's the only way." This is the reason his students' works show such distinct individual creativity.

The creative process involves breaking new ground — discarding basic rules to create something new, something different. Kinsey feels. All art forms including dance, graphics, literature, theater and fashion are forever changing.

The public usually dislikes any change at first, Kinsey says.

"The artist is the maverick in society and is accepted only after a period of time. All forms of art both reflect society and open the doors to the future in humanitarian ways."

The two full-time instructors at SCC, Bob McGee and Grady Kinsey, are proud of the large number of graduates who are making names for themselves in the field of art. Other graduates have become successful art teachers throughout the country. — SHIRLEY HELLBY

Chapter Conducts Election

Members of Theta Epsilon chapter of Beta Sigma Phi met at the Geneva home of Cathy Markowicz.

President Tracey Wight called the meeting to order with the open ritual.

Vice President Jane Akers gave the chapter a report on the "Friendly Venture." Theta Epsilon has opened a new chapter, Upsilon Omicron, in Longwood.

Extension Officer Laurel Rodgers gave a brief explanation of election procedures.

The Social Committee thanked everyone for their attendance and support of the All Souls St. Patrick's Day Dance. Members were also reminded of the family Easter Picnic to be held at the Sanford Zoo, April 5, for members and family.

Ways and Means Chairman Pat Van Winkle gave a report on the Little Miss and Master Seminole Pageant to be held April 12. The pageant will be held at Seminole High School auditorium. Admission will be 50 cents. The emcee will be Danny Treasurer, of Eye Witness News. For further information, contact 322-8030 or 322-4678.

Election of officers and Girl of the Year were the main items of business. New officers for the 1980-1981 sorority year are: president, Jane Akers; vice president, Sue Schwegman; recording secretary, Karen Petersen; corresponding secretary, Nancy Hack; and treasurer, Pat Van Winkle.

Also elected were city council representative, Melanie Miller; parliamentarian, Betty Hickson; and international coordinator, Linda Curry.

Vote for Girl of the Year were cast by secret ballot. The winner will be announced at the Founder's Day Luncheon April 16.

Easter gifts and secret sister cards were exchanged. An Easter theme was used for the refreshments with a bunny cake provided by Jane Akers.

Attending were: Tracey Wight, Sue Schwegman, Pat Shaver, Laurel Rodgers, Betty Hickson, Pat Van Winkle, Joyce Harvey, Linda Hubson, Linda Curry, Karen Petersen, Debby Boyd, Cathy Markowicz, Melanie Miller, Nancy Hack, Barbara Mayo, Casey Sharrow, Jane Akers, Karen Wallace, Pat Johnson and Linda Duncan.

CPR Classes Forming

The best goes on! To make sure it does and to give meaning to their slogan, the East Central Florida CPR Task Force has scheduled a series of Basic Life Support classes at Seminole Memorial Hospital beginning April 7 and continuing through April 25.

Each two part course is open to the public. SMH staff members, civic organizations, industrial groups, business concerns, restaurants, motels, etc. The classes provide certification in one and two-man rescue and include a demonstration of both choking maneuvers and infant resuscitation.

CPR (cardiopulmonary resuscitation) instruction will provide basic life support to a person whose breathing and heartbeat have stopped. Such a condition may result from drowning, choking, suffocation, smoke inhalation, poisoning, drug overdose, electrocution, trauma, or heart attack.

The technique combines mouth to mouth respirations with external chest compressions to circulate oxygen filled blood to the person's brain, thus keeping the person alive until more advanced medical care arrives.

Pre-registration is required and priority is given to people on previous waiting lists. Each course is limited to 15. To register call SMH, 322-4811, extension 607.

UDC Aims Jeff Davis' Prison Life

The Norman de Vere Howard Chapter of the United Daughters of the Confederacy met at the Sanford home of Mrs. Burch Cornelius for the March meeting. Mrs. Fred Harris was co-hostess.

For the program, Mrs. Harris gave a book review on "Prison Life of Jefferson Davis" by Dr. John Craven, a federal military doctor. The book will be presented as a gift to the city and county library by the chapter.

Following Gen. Robert E. Lee's surrender on April 9, 1865, Jefferson Davis was captured with a small party at Irwinville, Ga., on May 10. He spent two years politically imprisoned in Fort Monroe, Va., until dangerously near death.

Davis was indicted but never tried in 1867 since federal prosecutors could not settle on any constitutional charges.

For the record, when General amnesty was granted to other confederates after the surrender at Appomattox, Jefferson Davis was excluded from full rights of citizenship, according to the book.

But for his role in the War Between the States, it required a long and arduous waiting period and an act of Congress for restitution. President James Earl Carter signed a bill Oct. 17, 1978, posthumously restoring full rights of citizenship to the great American soldier, statesman, patriot, and President of the Confederacy.

Dr. Craven was an opponent of slavery and had been a Republican all his life. His diary of his visits to Davis reveals that he greatly admired Davis.

Davis probably owed his life to Craven. Because of his interest and sympathetic treatment, Davis probably survived.

Mrs. L.D. Hastings, president, conducted the business session. Refreshments were served to 12 members attending.

BSP Forms Chapter In Longwood

The newly organized Longwood chapter of Beta Sigma Phi, Upsilon Omicron, met at the Longwood home of Linda Curry.

Sanford City Council President Betty Jack and executive board members attended to welcome the chapter to the Sanford Council.

The main business was the installation of the following new officers for the 1980-1981 sorority year: president, Carol Law; vice president, Janine Wilson; recording sec., Becky Winn; corresponding sec., Kay Pruitt; and treasurer, Juene England. Each new officer was presented a yellow rose, the official sorority flower, by Theta Epsilon.

Following the installation refreshments were served by Theta Epsilon.

Others attending were Tracey Wight, Laurel Rodgers, Karen Petersen, Jane Akers, Jean Winkler, Sally Zilma, Paula Thomas, Phillis Scheetz and Nancy Newkirk.

Red Cross Lifesaving Offered

The Central Florida Chapter of the American Red Cross will be conducting a class in Advanced Lifesaving at the Sanora Pool in Sanford starting April 7 and ending April 25.

The course is designed to provide an individual with the knowledge and skills to properly respond to water emergencies. Students must be at least 15 years of age and must successfully complete a preliminary swimming test. Each those interested should call the Seminole County Red Cross Service Center at 831-3000 to register and for additional information.

Sakharov Denounces Press Campaign

MOSCOW (UPI) — Exiled Soviet dissident Andrei Sakharov has denounced a press campaign apparently aimed at belittling his role in World War II.

In an open letter to the general procurator's office recently, the 58-year-old nuclear physicist denounced the "provocative newspaper label which declares me an enemy of disarmament (while I have always supported the SALT II treaty), an enemy of peace (while I have called for an end to war) and an enemy of the people (whose son I am)."

According to Sakharov's wife, Yelena Bonner (who uses her maiden name), the smear campaign has gone much further than simply distorting the views and politics of the 1953 Nobel Peace Prize winner. She says it has actually falsified details of his personal life by means of innuendo, half-truths and blatant inaccuracies.

"The Soviet press has written that Sakharov did not do any fighting during World War II, as if he was hiding away from the fighting," Mrs. Bonner said recently.

It is true that he was not in the army because he was a student when the war broke out. In 1941, when Sakharov was in

the fourth year of a five-year course, Moscow University was transferred as a war-time measure to Ashkhabad (in Central Asia) and the course was compressed into four years.

"When Sakharov graduated, in 1942, he was sent as a specialist to work in an ammunition factory. It was not something he had a choice in, he was just sent on someone's decision."

Far from failing to make a contribution to the national war effort, Mrs. Bonner said, Sakharov quickly devised an electromagnetic device for conducting the quality control of cartridge cases produced by the factory for anti-tank shells.

"The cartridges were previously checked visually by 15- and 17-year-old girls, who simply held them up to the light," Mrs. Bonner said. "Sakharov's invention speeded up the whole process and freed personnel for other tasks in the factory. He received a patent for it the following year."

Citing a case of apparently deliberate inaccuracy, Mrs. Bonner said that the Soviet press has described Sakharov's father, Dmitry, as a professor of mathematics.

"In the first place, he was not a professor during Sakharov's childhood. That would suggest that Sakharov enjoyed a privileged childhood, which he did not. He was a schoolteacher and only received his Ph.D. in 1943.

"In the second place, he was a physicist and not a mathematician. One reason they might want to keep that quiet is that he wrote a physics textbook which is still in use in some Soviet schools and they might not want to draw attention to its authorship."

Another inaccuracy Mrs. Bonner feels may have been intended with malice concerns reports in the Soviet press that Sakharov had a German governess as a child.

"The very suggestion that someone had a governess as a child implies to the broad mass of Soviet people that that person is from an alien, privileged class, which is not true," she said.

"And the implication of a German governess between the world wars is that she filled Sakharov with pro-war sentiments."

Anti-German feeling in rural Russia, where an estimated 20 million people died during World War II according to official figures, still runs high among the generations which went through the war years.

"In fact, Sakharov did take German lessons when he was a child," Mrs. Bonner said. "But he took them from an elderly Russian lady who had taught German in Soviet schools."

Sisters Were Heading Home When Tragedy Struck Them Both

BOYTON BEACH, Fla. (UPI) — Two sisters who had been vacationing on Fort Lauderdale's beaches were on their way back to their central Michigan home when something went wrong with their blue compact car.

Christina Zana Anshy, 24, and Jacqueline Stevens, 20, of Davison, Mich., never made it home. They died late Saturday on a street near the Florida Turnpike — the victims of two separate hit-and-run accidents.

The Palm Beach County Sheriff's Department said Monday that two men have been arrested in connection with their deaths.

About 11:30 p.m. Saturday, police said the women left their car, which was leaking motor oil, and began walking down a dark rural road, apparently looking for help.

Ma Stevens was hit by a 1973 Dodge as she stood in the middle of the road, trying to flag down a passing motorist, police said. She died in a local hospital a few hours later.

Police said Robert Bishop, a motorist who stopped after seeing her sister's bloody body and shouted, "My sister is dead. I want to see you. Kill me, kill me, too."

Bishop said he tried to calm the woman but she stepped into the westbound lane of New Boynton Road West and was struck by a 1967 Ford pickup truck whose driver kept going. Another car ran over her body seconds later but did not stop.

Leonardo Maldonado, 37, was arrested at a dairy farm Sunday after the sheriff's department received an anonymous tip. He was charged with vehicular homicide and leaving the scene of a fatal accident.

He led detectives to a weed-covered area west of Lake Worth where the damaged 1973 Dodge that hit Mrs. Stevens was discovered.

Earlier Sunday, authorities received another tip that led to the arrest of Greg Laredo, 28. He fled into the woods after deputies found the 1967 pickup at a labor camp west of Boynton Beach.

Laredo later surrendered to police and was charged with leaving the scene of a fatal accident. Sheriff's Sgt. Jerry Arbour said other charges were pending.

Arbour said authorities were reluctant to classify Mrs. Anshy's death as a suicide.

"The woman was not in control of her emotions, but somebody should have slowed down," he said.

Prisoner's Drama Reaches The Stage

LONDON (UPI) — Britain's National Theater is showing an inside glimpse of life behind the Iron Curtain these days by a man who knows it all too well.

It is presenting a miniature "underground" play called "Protest" by Vaclav Havel, a leading Czechoslovak playwright, who has just begun his third jail term for speaking out about human rights.

Havel, once a spokesman for the Charter 77 group, and five other dissidents were jailed in October for "subversion" in a rough-and-ready bid to becoming an international rallying point against repression.

Recently this trial was reenacted in Munich by a star cast of volunteers, including Simone Signoret and Yves Montand. English playwright Tom Stoppard played Havel's court-appointed defense attorney — who was allowed to speak just one line — in the reenactment, which was broadcast by German and Austrian television.

Stoppard, born in Czechoslovakia, feels his fate would have been much like Havel's had he stayed there. Havel himself was portrayed by Pavel Kohout, his friend and fellow dramatist, who now is exiled from his homeland.

Havel refused charges at a similar exile, though he has been in trouble with Czech authorities since 1969. When performances of their plays were banned in their own country, Havel and Kohout turned to a kind of "underground theater," writing plays for performance in private homes.

"Protest" is the second of these which Britain's National has staged. It is presented in a manner very close to the underground style for which it was written — as a "platform performance" with no decor and few props.

"Protest" is a deceptively simple little play. During its 45 minutes of talk between two men, a one-time radical playwright who has sold out for the good life waxes out of signing a protest petition which he himself encouraged.

The other man is a dissident, a figure clearly patterned on Havel, who has featured in two previous plays. This time he is no hero but a nonentity cowed by prison and repression, going through the motions of protest as a way of life.

Havel, 43, is a skillful and fair-minded writer who does not paint characters as black or white.

The playwright in "Protest" is basically a decent man with all the right beliefs. He is allowed to list exactly what he stands to lose by getting involved in protest. He convinces himself, though he feels no one else, that his signature on the protest would do more harm than good.

Havel's obvious point is that repressive regimes survive because too many people conclude they have less to lose. His sketch of self-justifying hypocrisy has the ring of bitter experience.

EMPHASIS

TO THE POINT ABOUT TURKEY POINT
What do the two nuclear power plants at Turkey Point mean to you as a customer? They mean more money stays in your pocket. During 1979, TP nuclear alone generated about 15% of all the electricity used by our customers.

(Together with St. Lucie nuclear #1, the total was 26%).

-saving 488 million gallons of expensive oil and saving 172,000 tons of coal. And while the cost of fuel costs, yes, all this is just one way.

Although savings for our customers have exceeded \$925 million since the first Turkey Point nuclear plant began operating in 1972. This is about three-and-a-half times what it cost to build the plant.

EMPHATICALLY SAID...
"When I use a word, it means just what I choose it to mean—nothing more nor less." It brings to mind the use of "public interest." And who is the "public interest?"

Enriches delays in bringing new sources of energy on line because of "public interest" by "public interest" lobbies certainly don't represent the broad public interest of other Americans or Florida. They have every right to such advocacy, they have not the slightest right to "public interest" about "public interest" in any way.

be inhibited as to what they are — and growth, and investment and savings. That's a very special interest. A long way removed from the greed and selfishness of the majority of us.

EMPHATICALLY SAID...
"We've got company coming by this year 2000, and they're likely to be more than one and a half times the present one. It is our wish to provide a sufficient number of power plants within an economic environment for this advanced labor force, our social fabric could be improved."

As a nation, we would be unable to meet our domestic needs, and would likely not be in a position to attract international investments.

It is our wish to provide a sufficient number of power plants within an economic environment for this advanced labor force, our social fabric could be improved. It can be done by your actions. This is a national election year and you can make your voice heard.

New Decade May Change American Cuisine Stigma

Many visitors from abroad assume that fast food chains and steak houses typify what we eat. Unfortunately, fine restaurants seldom identify American dishes on the menu. No wonder strangers wonder if there is an American cuisine! The beginning of a new decade seems an appropriate time to change this, and the accompanying recipes offer a tasty way to start.

American chocolate cakes are unlike any other chocolate cakes in the world. They come in dozens of varieties. Some are high and light; others are red or almost black in color with a moist, intensely flavored texture.

The accompanying recipe for Chocolate Applesauce Cake resembles the latter description, a purely American version of this international favorite.

The cocoa base provides a rich, deep chocolate flavor, since cocoa is chocolate in very concentrated form. And chocolate bits, suspended in the batter, add a nuance that will appeal to epicures. In this recipe, applesauce is used instead of milk, resulting in a super moist cake that makes you take one more bite to see if it's really that good.

The French invented crepes and we love them, flaring or plain. But Chocolate Dessert Pancakes are American. When filled with apples spiked with brandy and a whiff of cinnamon, then topped with a luscious chocolate sauce, you have a triple whammy of flavors that should please anyone's taste buds.

Desserts have to look enticing, and a frosting glance at Chocolate Applesauce Chiffon Pie will tempt even jaded palates.

It consists of a layer of delectable chocolate filling topped with a layer of apple pie filling and a chiffon "crown," dusted lightly with cocoa. These three layers of harmonizing flavors will place a professional stamp on the hostess.

Cupcakes may or may not be on your hit parade of desserts, but don't mothers and bake sale committees advise they rate high with most families.

Sure, they can be made from a packaged mix in a matter of minutes—but they are amazingly easy to make from scratch. The recipe below starts with a base of cocoa: it's ready to mix and measure right from the can, so you skip the messy chocolate melting step.

CHOCOLATE APPLESAUCE CAKE

2 cups unfluffed all-purpose flour
1/4 cup sugar
3 tablespoons apple brandy
Prepare pie shell; cool. Sprinkle gelatin onto cold water; allow to soften. Combine cocoa and 1/4 cup sugar in a small bowl; add butter and set aside. Combine milk, egg yolks, 1/4 cup sugar and cornstarch in a saucepan. Cook over medium heat until mixture thickens. Remove from heat; add 1 cup of custard to cocoa mixture stirring until smooth. Immediately add softened gelatin to remaining mixture in saucepan; blend and return to room temperature. Spread chocolate mixture in bottom of baked pie shell. Chill. Spoon apple pie filling onto chocolate layer; return to refrigerator.

Beat egg whites with cream of tartar until foamy; gradually add sugar, beating until stiff peaks form. Fold the meringue mixture into cooled custard, gently fold in the brandy. Spoon chiffon mixture over apple-chocolate filling in pie shell. Chill until firm. Dust top of pie with cocoa, if desired.

If slightly tart taste is preferred, use unsweetened pie slices.

CHOCOLATE DESSERT PANCAKES

1 1/2 cups flour
1/4 cup sugar
3 tablespoons cocoa
1/4 teaspoon salt
3 eggs, slightly beaten
1 1/2 cups milk
1 tablespoon melted butter
1 tablespoon apple brandy
Chocolate Sauce (recipe below)
Combine dry ingredients in large mixer bowl. Combine eggs, milk and butter and mix until well blended; add to dry ingredients beating until smooth. Add brandy; chill two hours.
Heat small skillet or crepe pan (7 inches in diameter) over medium heat; brush lightly with melted butter. For each crepe, pour about 2-3 tablespoons batter in pan; immediately rotate skillet until thin film covers bottom. Cook about 1 minute; turn and cook other side. Turn out and continue cooking crepes until batter is gone. Makes 12-14 crepes. Stack between layers of waxed paper. NOTE: Crepes can be made ahead of time. Cool and refrigerate until serving time.

APPLE FILLING

4 tart apples — peeled and thinly sliced
4 tablespoons butter
2 tablespoons brown sugar
1/2 tablespoon apple brandy or apple juice
1 teaspoon cornstarch
2 tablespoons water
Melt butter, saute apples 3-5 minutes. Sprinkle with sugar and cinnamon — stir in brandy or apple juice, cook one minute. Mix cornstarch and water, add to filling; Cool until thickened — keep warm.

CHOCOLATE SAUCE

8 tablespoons cocoa
1/4 cup sugar
1/4 cup evaporated milk
1/4 cup butter
1/4 teaspoon salt
1 teaspoon vanilla
Combine cocoa and sugar in saucepan; blend in evaporated milk. Add butter and salt. Cook over medium heat, stirring constantly until mixture boils. Remove from heat; add vanilla. Serve warm over crepes. About 2 cups sauce.

TO SERVE:

Place apple filling in the center of each crepe and fold edges over the filling. Place in a shallow oven-proof dish and warm in an oven preheated to 225 degrees F. for about 15 minutes. Serve one or two crepes per person on individual serving plates. If desired, top with whipped cream, then drizzle chocolate sauce over all. Serves 6-7 if 2 are served per person.

CHOCOLATE APPLE CHIFFON PIE

10-inch baked pastry shell or crumb crust
1 envelope unflavored gelatin
1/4 cup cold water
1/4 cup cocoa
1/4 cup sugar
1 1/2 tablespoons butter
2 cups milk
4 egg yolks, slightly beaten
1 cup sugar
2 tablespoons cornstarch
2 1/2 cups (1 lb. 6 oz. can) apple slices or pie filling
4 egg whites

1/4 teaspoon cream of tartar
1/4 cup sugar
2 tablespoons apple brandy
Prepare pie shell; cool. Sprinkle gelatin onto cold water; allow to soften. Combine cocoa and 1/4 cup sugar in a small bowl; add butter and set aside. Combine milk, egg yolks, 1/4 cup sugar and cornstarch in a saucepan. Cook over medium heat until mixture thickens. Remove from heat; add 1 cup of custard to cocoa mixture stirring until smooth. Immediately add softened gelatin to remaining mixture in saucepan; blend and return to room temperature. Spread chocolate mixture in bottom of baked pie shell. Chill. Spoon apple pie filling onto chocolate layer; return to refrigerator.

Beat egg whites with cream of tartar until foamy; gradually add sugar, beating until stiff peaks form. Fold the meringue mixture into cooled custard, gently fold in the brandy. Spoon chiffon mixture over apple-chocolate filling in pie shell. Chill until firm. Dust top of pie with cocoa, if desired.

If slightly tart taste is preferred, use unsweetened pie slices.

Welcome The Season With Traditional Easter Feast

The holy day marking the resurrection of Christ, traditionally has heralded a new beginning. Easter 1989 has added significance because it begins a new decade, perhaps a new era, for us all.

Even the name for this day reminds us of spring, of birth and renewal after winter's dormant term. The word "Easter" stems from Eostre, the Anglo-Saxon goddess of light and spring. The ancients cooked special dishes in her honor to encourage a fertile year.

Centuries later, friends and family still join in feasting at Easter. This may take the form of an Easter breakfast, a buffet brunch or an old-fashioned after-church dinner with roast ham or leg of lamb, molded salads and colorful desserts. Simple floral arrangements of tulips, lilies, crocuses or hyacinths add notes of spring freshness.

FRESH PINEAPPLE-BACON ROLL-UPS

1 small pineapple
1/2 pound bacon
Cut off crown and stem end of pineapple. Stand pineapple upright. Cut off rind in lengthwise strips. Remove eyes with pointed knife.
Cut into lengthwise quarters. Cut away core. Cut fruit into large chunks.

Cut bacon slices in half. Wrap piece of bacon around each pineapple chunk. Fasten with wooden pick.
Place on broiler rack set 3 inches from heat. Broil until browned, 5 to 8 minutes. Turn and broil until second side is brown and crisp, 2 to 3 minutes.
This kitchen-tested recipe make about 32 hors d'oeuvre servings.

CURRIED TUNA DIP

1 (6 1/2- or 7-ounce) can tuna in vegetable oil
1/2 cup chopped, pared, cored apple
1 teaspoon curry powder
1 cup (8 ounces) creamed cottage cheese
1 tablespoon milk
1 teaspoon lemon juice
1/4 teaspoon Celery pieces
Broccoli florets
Shred carrots
Cherry tomatoes
Cucumber slices
Drain oil from tuna into large skillet. Heat. Add onion, apple and curry powder. Cook until onion and apple are tender.
Turn into electric-blender container. Add cottage cheese, milk, lemon juice and salt. Cover and process at high speed until smooth.
Flake tuna into medium bowl. Add cottage-cheese mixture. Mix well. Chill.
Serve as dip with raw vegetables.
This kitchen-tested recipe makes 1 1/2 cups.
MARINATED BUTTERFLIED LEG OF LAMB

1 leg of lamb, boned and butterflied by butcher
1 cup cider vinegar
1 cup cooking oil
1 teaspoon coarsely ground pepper
2 teaspoons dry mustard
1 cup honey
1 large onion, sliced and separated into rings
Place lamb in glass, crockery or enamel dish.
In 1-quart mixing bowl, combine vinegar, oil, salt, pepper and mustard. Mix well. Add honey and mix until well blended.
Arrange onion slices over meat. Pour marinade evenly over lamb and onions.
Refrigerate 24 hours, turning occasionally. Let meat stand at room temperature 1 hour before barbecuing or roasting.
To barbecue, grill over hot bed of coals about 1 1/2 hours, depending on desired doneness. Baste occasionally with marinade. Lamb may be moved off direct heat if black crust is not desired. Place marinated onion slices in foil pouch and place on grill 15 minutes before completion of cooking time for lamb.
Or roast lamb in oven preheated to 350 degrees for about 3 hours or until meat thermometer registers 160 for medium doneness. Baste occasionally with marinade.
This kitchen-tested recipe makes 8 servings.

MOLDED GAZPACHO SALAD

2 envelopes unflavored gelatin
1/2 cup cold water
2 (10 1/2-ounce) cans condensed chicken broth
1/2 teaspoon garlic powder
Dash cayenne pepper
2 cups chopped fresh tomatoes
1 cup chopped cucumber
1/4 cup chopped green pepper
1/4 cup finely chopped onion
In saucepan, sprinkle gelatin on cold water. Place over low heat, stirring until gelatin is dissolved.
Remove from heat. Add broth and seasonings. Chill until slightly thickened.
Fold in remaining ingredients. Pour into 8-cup mold. Chill 6 hours or until firm.
This kitchen-tested recipe makes about 6 1/2 cups of 6 to 8 servings.

AVOCADO SUPREME

1 envelope unflavored gelatin
1 1/2 cups water
1 tablespoon lemon juice
2 1/2 ripe medium avocados
Grapefruit sections
Mandarin orange sections
In saucepan, sprinkle gelatin on 1 cup cold water. Place over low heat, stirring until gelatin is dissolved.
Remove from heat. Add lemon juice and salt. Chill until slightly thickened.
Meanwhile in blender, blend avocado and 1/2 cup water until smooth. Fold into thickened gelatin.
Four into individual molds (about 1/2 cup each). Chill until firm.
Unmold onto salad greens. Garnish with grapefruit and orange.
This kitchen-tested recipe makes about 2 1/2 cups or 6 servings.

EGGS EN GELÉE

1 envelope unflavored gelatin
1 (10 1/2-ounce) can condensed beef consommé
1/4 cup cold water
1/4 cup dry sherry, Madeira or white port wine (or consommé)
Vegetable oil
Water
8 eggs
In medium saucepan, sprinkle gelatin over consommé. Let stand 1 minute. Stir over low heat until gelatin is completely dissolved, about 5 minutes.
Stir in cold water and wine or additional consommé. Pour mixture into 6-ounce custard cups to depth of 1/2 inch. Chill until set, about 20 minutes.
Place remaining gelatin mixture in refrigerator.
Lightly oil large saucepan. Add enough water to fill 2 inches deep. Heat to boiling over medium-high heat. Reduce heat to keep water at simmer.
Break eggs, one at a time, into dish. Then slip each egg into the water, holding dish close to water surface. Simmer 3 to 5 minutes, depending on desired doneness.
When done, lift eggs with slotted spoon. Drop into cold water.
When eggs have cooled thoroughly, drain on paper towel.
Pat dry and trim edges, if necessary.
Place each egg, yolk down, over gelatin in custard cups. Add about 1/4-inch more gelatin mixture around each egg. Chill until firm, about 20 minutes.
Pour remaining gelatin mixture over eggs. Chill until firm, several hours or overnight. Unmold to serve.
This kitchen-tested recipe makes 8 servings.

FRESH RHUBARB CRISP

6 cups diced rhubarb
1/2 cup brown sugar, firmly packed
1/2 cup unfluffed flour
1-3/4 cup quick-cooking oats
1/2 teaspoon ground cinnamon
2 tablespoons butter or margarine
Place rhubarb in buttered 8-inch square baking pan.
Combine brown sugar, flour, oats and cinnamon. Cut in butter or margarine with pastry blender until mixture is crumbly. Sprinkle over rhubarb.
Bake in 350-degree oven about 30 minutes or until topping is lightly browned.
Serve hot or cold with whipped cream or ice cream, if desired.
This kitchen-tested recipe makes 4 to 6 servings.

Serve Easter Eggs For Party Appetizer

Sweet and Sour Celery is different.

Wondering what to do with the eggs the Easter bunny leaves behind? Invite your friends for a get-together and serve bite-size Party Egg Puffs. Or, if you prefer make the puffs main dish-size and serve them as the entree for a springtime luncheon. Large or small, cream puffs with hard-cooked egg filling are a terrific treat — after Easter or any time.

PARTY EGG PUFFS
(18 appetizers or 3 to 6 main dish servings)

cream puffs: (Makes 18 appetizer-size puffs or 10 to 12 main dish-size puffs)

1 cup water
1/2 cup butter
1 cup all-purpose flour
1/2 teaspoon salt
4 eggs

Bring water and butter to rolling boil in medium saucepan. Remove from heat. Add flour and salt, stirring vigorously until mixture forms a ball. Beat in eggs, one at a time, until smooth and a small quantity of dough stands erect when scooped on the end of a spoon. For appetizer-size puffs: Using about 2 1/2 tablespoons of dough for each puff, drop dough onto ungreased

baking sheet. Bake in preheated 400 degree F. oven 30 to 35 minutes or until light golden brown. Cool on wire rack. Cut off tops; pull out any filaments of dough. Fill each cream puff using about 3 1/2 tablespoons chilled Egg Salad Filling for each puff. Replace tops. Refrigerate until serving time. For main dish-size puffs: Prepare dough as above. Drop by scant 1/4 cupful onto ungreased baking sheet. Bake as above for one-third cup chilled Egg Salad Filling.

EGG SALAD FILLING
(makes 1 quart)

1/2 cup mayonnaise or salad dressing
1/2 teaspoon dry mustard
1/2 teaspoon salt
12 hard-cooked eggs, chopped
1/4 cup chopped drained ripe olives
1/4 cup chopped drained pimiento

In large bowl beat together mayonnaise, onion, mustard, and salt until thoroughly blended. Add eggs, olives and pimiento. Stir until thoroughly combined. Cover and chill to blend flavors.

Vegetables Take On New Dimensions

Most of us overlook the simple pleasures of celery as a hot vegetable. We're too busy cutting up raw ribs to serve as diet snacks or vehicles for rich dips.

Yet, boiled, baked or braised celery will add much to a dinner without requiring much effort from the cook.

Sweet and sour celery goes well with pork or poultry and should especially please fans of Oriental foods.

SWEET AND SOUR CELERY

1 stalk Florida celery
1 egg, lightly beaten
2 tablespoons flour
2 tablespoons sugar
1 teaspoon salt
1/2 teaspoon ground black pepper
2 tablespoons lemon juice
1/4 cup dairy sour cream

Trim celery. Cut ribs into 2-inch lengths. (Makes about 4 cups.)

Cook celery in boiling salted water to cover until just tender, about 10 minutes. (If on low-sodium diet, use lemon juice instead of salt.)

Remove large stems from broccoli. Cut remainder into approximately 1/2-inch pieces. Soak pieces in bowl of cold water for about 15 minutes.

Drain celery, reserving 1 cup of cooking liquid for later use. In medium saucepan, blend egg, flour, sugar, salt and pepper. Stir in lemon juice and reserved 1 cup celery cooking liquid.

Cook and stir over moderate heat until mixture comes to boil. Simmer until thickened, 1 to 2 minutes.

Remove from heat and stir in sour cream. Heat only until hot. Spoon over celery.

This kitchen-tested recipe makes 6 portions.

SPAGHETTI CON BROCCOLI

1 bunch fresh broccoli
Coarse-grained salt
5 whole anchovies packed in salt or 10 filets in oil
1/2 cup olive oil
Salt

Freshly ground black pepper

1 pound spaghetti (imported pasta) or your own fresh spaghetti or 1 1/2 pounds fresh pasta from Italian gourmet store

Remove large stems from broccoli. Cut remainder into approximately 1/2-inch pieces. Soak pieces in bowl of cold water for about 15 minutes.

Meanwhile, put large quantity of cold water in stockpot. Add coarse salt and set on heat.

When water boils, add broccoli. Let cook for about 10 minutes.

Drain broccoli. Save cooking water. Transfer broccoli to large serving dish. Cover dish with aluminum foil to keep broccoli warm.

Return stockpot containing broccoli water to heat. When water boils, add pasta. Cook until "al dente." (That is about 11 minutes for dried pasta or 1 minute for homemade pasta. Since time is variable for purchased fresh pasta, check instructions on package.)

While pasta cooks, prepare sauce. (If using fresh pasta, begin sauce several minutes before water boils.)

If using anchovies packed in salt, fillet while holding under cold running water to remove excess salt. Drain on paper towels.

Put olive oil in heavy enamel or aluminum saucepan. Heat on low flame. When oil is very hot, remove pan from flame. Immediately add filleted anchovies. Mash them into oil, using fork, until they form paste.

Drain spaghetti in colander. Place in serving dish on top of broccoli. Pour anchovy sauce over. Sprinkle with freshly ground pepper. Add salt, if desired. Toss very well but gently. Serve hot.

This kitchen-tested recipe makes 4 to 8 servings depending upon portion sizes and appetites.

LIMA CASEROLE ALMONDINE

1 lb. large lima beans
8 cups water
1 can (1 lb.) pear halves or slices
1 ham hock (1 lb.), cut in 4 pieces
1 cup finely chopped onion
1 tablespoon brown sugar
2 1/2 teaspoons salt
1 teaspoon finely chopped garlic
1 teaspoon dry mustard
1 teaspoon Worcestershire sauce
1/4 teaspoon white pepper
1 can (8 oz.) sliced tomatoes
2/3 cup toasted almonds

Chopped parsley

Combine beans and water in Dutch oven. Heat to boiling and boil 2 minutes. Cover and set aside 1 hour. Drain pears, reserving 1/4 cup syrup. Chop pears. Combine with reserved syrup and beans. Add ham hock, onion, sugar, salt, garlic, mustard, Worcestershire sauce and pepper; mix well. Cover and bake at 225 degrees 1 1/2 hours; stir in tomatoes and almonds, sprinkling a few almonds over top. Bake uncovered 30 minutes longer. Sprinkle with chopped parsley to serve. Makes 6 servings.

Thank You!

Minty Meringue Puffs Top Basic Chocolate Custard

Imagine mouth-watering minty meringue puffs floating atop a sea of chocolate custard.

Many cooks dream of creating such a tantalizing treat. Chocolate Mint Floating Islands can make that dream come true.

This light and lovely treat is simplicity plus. All you need are some basic ingredients. Follow the tips listed for picture-perfectly meringue puffs.

Egg whites at room temperature that are completely free of yolk particles will reach a greater volume.

Use a clean, dry glass or metal bowl because plastic tends to retain fat and may inhibit the foaming of the whites. Beat the egg whites until the sugar is completely dissolved and no "graininess" can be felt when you rub some of the mixture between your fingers.

The chocolate custard sauce on which the melt-in-your-mouth meringues float is easy to fix, too! The eggs in both

increase the dessert's nutritional value and help hold down the cost of this expensive-looking dish.

You don't have to wait for a special occasion to serve Chocolate Mint Floating Islands. Try it out on family and friends soon. This delectable dessert can be the crowning touch to a simply splendid meal.

CHOCOLATE MINT FLOATING ISLANDS

1 egg, separated
1/2 teaspoon cream of tartar
2 tablespoons sugar
1/4 teaspoon mint extract
1 drop green food color, optional
1 1/2 cups milk
3 eggs
1/4 cup sugar
1/4 teaspoon salt
1/4 cup chocolate-flavored syrup
1/2 teaspoon vanilla

In small mixing bowl beat egg white and cream of tartar at high speed until foamy. Add 2 tablespoons sugar, mint extract and food color, if desired, beating constantly until sugar is dissolved and white is glossy and stands in soft peaks.

In 8-inch fry pan or medium saucepan heat milk over low heat until simmering. Drop 4 meringues, using about One-third cup each, into milk. Simmer, uncovered, until firm, about 5 minutes. Remove meringues from milk and drain on absorbent paper. Chill while preparing custard. Reserve milk.

In medium saucepan beat eggs and egg yolk. Stir in 1/4 cup sugar and salt. Gradually blend reserved milk and chocolate syrup into egg mixture. Cook, stirring constantly, over low heat just until mixture thickens slightly and coats a metal spoon. Remove from heat. Stir in vanilla. Pour into serving bowl or 4 (6 oz.) custard cups. Top with meringues to serve.

Serve warm or chilled. Serves 4.

MICROWAVE: Combine milk, 1/4 cup sugar, salt and chocolate syrup in 1-quart liquid measure or microwaveable bowl. Microwave 4 1/2 minutes on Full power. In small bowl beat together eggs and egg yolk. Slowly stir about half the hot milk mixture into the egg mixture. Return egg mixture to 1-quart measure and blend. Cook on reduced power (30 to 50 percent) 2 1/2 to 3 1/2 minutes, stirring every minute, until mixture begins to coat a metal spoon. Let stand 10 minutes, stirring occasionally. Stir in vanilla. Pour into microwaveable serving bowl or cups as above.

Prepare meringue mixture with remaining ingredients as above. Drop 4 meringues, as directed above, onto custard.

Microwave on Full power 1 1/2 to 2 minutes. Meringues are done when a knife inserted horizontally into their sides comes out clean.

Finish A Picnic In Grand Style

Most people love picnics — fresh air somehow adds a special seasoning. And eating in the great outdoors has become a year-round pleasure, whether you're bundled up at the ski slope or on the beach.

Next time you spread a moveable feast, finish it in grand style with delectable chocolate snacks that are also fun and simple to fix.

The cupcakes, brownie-type squares and bonbons below all start with cocoa, which is why to mix and measure right from the can — no messy pre-melting. Since cocoa is a very concentrated form of chocolate, flavor will be extra rich, actually extra "chocolately."

And of course these goodies are good travelers, packed in airtight plastic containers.

DOUBLE CHOCOLATE COCOA CUPCAKES

3/4 cup shortening
1 1/4 cups sugar
2 eggs
1 teaspoon vanilla
1 1/4 cups unsifted all-purpose flour
1/2 cup cocoa
1 teaspoon baking soda
1/2 teaspoon salt
1 cup mini-chips

Cream shortening and sugar until fluffy in a bowl. Stir in eggs and vanilla. Combine flour, cocoa, baking soda and salt; add alternately with milk to creamed mixture. Line muffin cups (2 1/2 inches in diameter) with paper bake cups; fill two-thirds full with batter. Sprinkle top of cupcakes with mini-chips. Bake at 375 degrees F. for about 20 to 25 minutes until cupcake springs back when touched lightly in center. Cool. 24 cupcakes.

COCOA-FROSTED FRUIT-NUT SQUARES

1/2 cup shortening
1 cup sugar
2 eggs
2 1/4 cups unsifted all-purpose flour
1/4 cup cocoa
1 teaspoon baking soda
1/2 teaspoon salt
1/4 teaspoon nutmeg
1/4 teaspoon cloves
1/4 teaspoon grated orange rind
1 cup apple juice
1 cup chopped pitted prunes
1 cup chopped walnuts

Cream shortening, sugar and eggs until light and fluffy in large mixer bowl. Combine flour, cocoa, baking soda, salt and spices; add alternately with orange rind in apple juice to creamed mixture. Beat one minute on medium speed. Fold in prunes and walnuts. Spread batter in a greased and floured 13x9x2-inch baking pan. Bake at 350 degrees F. for 35 to 40 minutes until the cake springs back when touched lightly in center. Cool in pan. Frost with Pudgy Chocolate Frosting.

Pudgy Chocolate Frosting:

3 tablespoons butter or margarine
3 tablespoons cocoa
2 cups confectioners' sugar
2 tablespoons milk
1/2 teaspoon vanilla

Melt butter in saucepan over low heat. Add cocoa; heat until mixture begins to boil, stirring constantly until smooth. Pour into small mixer bowl. Cool completely. Alternately add confectioners' sugar and milk, beating to spreading consistency. Blend in vanilla. Additional milk may be needed.

Potpourri

Baked Smoked Ham
Cherry Cherry Topping
 Place a 5 to 7-pound smoked ham, fat side up, on rack in open roasting pan. Insert roast meat thermometer so bulb is centered in thickest part, being careful that bulb does not rest in fat or on bone. Do not add water. Do not cover. Roast in a slow oven (325 degree F.) until the meat thermometer registers 130 degree F. to 140 degree F. for a "fully-cooked" ham (18 to 24 minutes per pound); 160 degree F. for "cook-before-eating" ham (22 to 25 minutes per pound). To prepare Cherry Cherry Topping, combine 1/4 cup brown sugar, 1/4 cup chopped maraschino cherries, 2 tablespoons maraschino cherry syrup and 1 tablespoon lemon juice in a saucepan and cook slowly 5 minutes, stirring to blend. Brush ham with topping several times during last 20 minutes of baking time. Immediately upon removing from oven, sprinkle flaked coconut over ham, if desired.

ITALIAN-STYLE PASTA SKILLET
 3/4 pound ground beef
 1/2 cup sliced celery
 1 can (14 1/2 ounces) spaghetti in tomato sauce with cheese
 1 tablespoon Worcestershire
 1/2 tsp. oregano leaves, crushed
 1/4 tsp. hot pepper sauce
 1 slice process cheese

In skillet, brown beef and cook celery until tender. Pour off fat. Add remaining ingredients except cheese. Heat; stir occasionally. Garnish with cheese. Makes about 3 cups, 4 servings. Cost about \$1.82.

DOUBLE CRUNCH SANDWICH
 3/4 cup crunchy peanut butter
 1/4 cup bacon, crumbled cooked
 2 tablespoons jelly
 3/4 cup grape jelly or jam
 12 slices bread

In a bowl mix peanut butter, bacon and parsley. Stir until well blended. Spread mixture on 6 slices whole wheat or other bread. Spread jelly or jam over peanut butter mixture. Top with 6 more bread slices.

PEANUT BUTTER-DIPPED COCOA BONBONS
 2 packages (3 ounces each) cream cheese
 1 tablespoon milk
 4 cups unflavored confectioners' sugar
 one-third cup cocoa
 1 teaspoon vanilla
 1 cup finely chopped nuts (optional)

In medium bowl, cream butter, parley, salt, paprika, bay leaves, thyme and pepper. Thoroughly wash wild rice. Place rice, water, salt and thyme in saucepan. Bring to boil. Reduce heat, cover and simmer 50 minutes or until tender and crunchy but not mushy. Remove cover and finish cooking to evaporate any excess liquid. Meanwhile, cook celery in small amount of salted water for 5 minutes. Sauté onions in butter until almost clear. Add mushrooms, celery and wine. Simmer about 5 minutes to reduce liquid. Add vegetable mixture to wild rice. Stir, cover and let stand for a few minutes to blend flavors.

HERBED POTATO PANS
 1/4 cup butter or margarine, softened
 1 tablespoon finely chopped parley
 1/4 teaspoon salt
 1/4 teaspoon paprika
 1/4 teaspoon dried leaf oregano
 1/4 teaspoon dried leaf thyme
 1/4 teaspoon pepper
 4 medium Idaho potatoes
 Sour cream-pimiento-olive topping

In small bowl, mix 2 cups (1 pint) sour cream, 1/4 cup chopped pimiento, 1/4 cup chopped pitted ripe olives, 1 tablespoon chopped parley and 1/4 teaspoon salt. Chill until serving time.

WILD RICE AND THYME
 1 cup wild rice
 3 cups water
 1 teaspoon salt
 1/4 teaspoon thyme
 1/4 cup onion, chopped fine
 2 tablespoons butter
 1/4 cup sliced fresh mushrooms
 1 cup diced celery
 1/4 cup wine (Gamay Beaujolais), optional
 1/4 cup sliced almonds

STRAWBERRY-CREAM CHEESE PIE
 2 (8-ounce) packages cream cheese, at room temperature
 3/4 cup sugar
 4 eggs
 2 teaspoons grated fresh orange rind
 1/4 cup fresh orange juice
 1 1/2-inch graham-cracker crust
 1 pint fresh strawberries
 Orange glaze

Dehydrating your favorite variety of apples is easy today. Dry slices, rings or puree fresh apples to make Apple Leather in a low temperature oven, or in one of the new food dehydrators.

Why NOT Dry Apples?

Now that fresh apples are available the year around, why dry them? If you ask the International Apple Association they say "why not?" But in our country, where there are wide variations of temperature and humidity, the most practical method is either a low temperature oven or a food dehydrator. The recommended temperature is 140 degrees F. For oven drying it is advisable to leave the oven door open, 2 to 4 inches to create circulation of air. Line trays or jelly roll pans with waxed paper or plastic wrap, building up the sides to prevent spillage of the puree. Transfer the puree to the paper, tilting to spread evenly. (Don't use a spatula or knife as that might puncture the paper.) When all spaces are covered, the puree is ready for drying. Set the oven control at the lowest setting (140 degrees F.). Place the trays in the oven and leave the oven door open slightly, about 2 to 4 inches. Check the trays every 2 to 3 hours and reverse positions for uniform dehydration. When the leather has solidified, pick up the paper by the ends and flip it over onto the tray. Peel off the paper and continue drying until it feels leathery, but not brittle. Properly dried fruit will be sticky to the touch, but it will peel away from the paper when adequately dried. For storing, roll it in the paper into loose rolls. It will keep up to 30 weeks at room temperature. For dehydrator drying, check the manufacturers use and care book for directions.

Stromberg Theft Called 'Inside Job'

The January theft of a safe containing thousands of dollars in travelers checks, savings bonds, cash and other documents worked for the company elsewhere. State Attorney Douglas Cheshire's office today began scrutinizing a file submitted by Lake Mary Police Chief Harry Benson containing the names of four suspects in the January burglary of the Stromberg-Carlson plant in Lake Mary. Assistant State Attorney Alan Benson said investigators are going through the file to determine "if anything can be done." Robinson said the usual process is to go through and organize the case; determine whether follow-up interviews are necessary; what subpoenas should be issued. Robinson said no time frame has as yet been set for action on the case. Benson also said today he has turned in to Cheshire's office, under a separate package, information on a fifth suspect requesting that a warrant be issued for the arrest of a person charged with theft and possession of stolen property. Chief Benson said the state attorney's office has had an active role throughout the investigation of the Stromberg-Carlson burglary. In the January burglary, more than \$200,000 in cash, bonds, blank Bank America travelers checks and other documents contained in a safe and the safe itself were removed from the plant. The safe was found near a lake in Volusia County in February, and \$60,000 in cash and travelers checks were recovered at that time.

Graham Asks 2-Cent Hike In Gas Tax

TALLAHASSEE, Fla. (UPI) — Gov. Bob Graham asked the Legislature today to boost the gas tax two cents next year, and 12 cents by 1985, predicting "Floridians won't grumble about the massive hikes in light of their transportation crisis."

The eight-cent-a-gallon tax, last raised in the early 1940's, would go up 1.9 cents Jan. 1, another 2.1 cents in 1982 and rise still further until reaching 19.5 cents in 1985, under the governor's proposal. It would bring in an additional \$45 million next year and an extra \$300 million a year by 1985. Half of the money would be kept by the state to complete the interstate system and maintain state roads. Half would go to local governments, and a sizeable chunk of this share would be earmarked for bus systems and other forms of mass transit.

Graham also endorsed a special "gas guzzler" tax on big automobiles and urged lawmakers to double the license tag fee on semi-trailer trucks to raise an additional \$17.2 million a year for road work.

Graham, Department of Transportation Secretary Bill Rose and state energy Director Lex Hester quickly launched a swing of Florida cities to sell the plan against what the governor admitted is strong opposition from legislators who have to face the voters this fall.

Graham said Floridians are willing to accept the tax, however, because it is clear the current tax isn't providing enough money to meet the state's transportation needs.

"I call on Floridians to dig two cents deeper into their pockets for gas in 1981, so that in 1990-91 we can send this message to the petro-dictators: We are prepared for our energy future in Florida. Keep your oil," he said.

Kelly To Give Records

WASHINGTON (UPI) — Rep. Richard Kelly, R-Fla., has volunteered to provide some documents for a grand jury "Abcam" investigation although a federal court has ruled he need not do so without a court review, a spokesman said today.

Kelly's offer includes any office records he has relating to six persons listed in grand jury subpoenas, but Kelly will continue to oppose having to produce other records, spokesman Bill Purvis said.

The other papers involve Kelly's constituents and are covered by the Constitution's provision for congressional privilege, Purvis said.

HONESTY PAYS 5 WAYS

Virtue may be its own reward, but James Michael Riner, 27, DeBary, was happy to find honesty pays, especially since he has lost his part time job as a messenger with Bob Danone Dodge. Riner received a \$500 reward this week from Brinks, Inc. as a result of his turning in a bag containing \$66,500, which he found on the sidewalk outside Atlantic Bank of Seminole on March 4. Riner, who has a degree in fashion design from Florida State University, is looking for a job related to his field.

Iran May Take Over Hostages On Saturday

By United Press International

Two members of Iran's Revolutionary Council said today two council officials will go to the U.S. Embassy Saturday to take control of the 50 U.S. hostages. The militants said they would give up the hostages but not the embassy.

"We have many, many more documents to examine to prove U.S. crimes against my country," a spokesman for the militants said in explaining why they refused to vacate the embassy they seized Nov. 4.

Interior Minister Mahdavi Kani and were quoted in the Persian-language newspaper Kayhan as saying the Revolutionary Council "is prepared to take over the hostages" in 48 hours.

"We will not give up the house of spies," Shapur said.

In Washington, White House press secretary Jody Powell said today transfer of the hostages to government control this weekend "would be a step in the right direction."

A militant spokesman identified only as Shahpour said that if the Revolutionary Council asked for custody of the hostages, "we would agree to that."

Asked whether the militants would insist, as they have in the past, on a direct order from Ayatollah Ruhollah Khomeini, Shahpour said, "Because the Revolutionary Council is the council (in charge of Iran, we will) obey this order if they want us to hand over the hostages to the Revolutionary Council."

"We never said that we would hand over the embassy," Shahpour said. "We said that if the Revolutionary Council requests it we hand over the hostages to them, not the embassy."

"We will not give up the house of spies," Shapur said.

In Washington, White House press secretary Jody Powell said today transfer of the hostages to government control this weekend "would be a step in the right direction."

County Pay Hikes Could Doom Jobs

By DIANE PETHRYK Herald Staff Writer

Seminole County department heads will be looking to create at least 50 new positions next year to fill out what they consider to be lean staffs, County Personnel Director Lois Martin said today, but salary increases for county employees tentatively approved by the commission may prevent any new hiring.

The salary increases, for about half the county's work force, will cost the county \$45,500 for the last five months of the fiscal year and \$300,000 next budget year, Martin said. They will mean an average increase of 7.34 percent for those employees involved.

The increases, if approved, will bring the total county payroll to \$122,000 in 1981. This year's payroll was expected to be \$92,000, but if the increases are approved it will reach \$1,067,500.

Martin said the county's Office of Management, Analysis and Evaluation has informed her that the money for the increases is available.

Employee salaries are a top priority, she said, even if it means no new positions may be funded.

"We're most concerned with the people we have," she said. "Even if it means some people will have to bite the bullet, and do more to get the job done."

"We prefer that, rather than tell our current employees they won't get more money, then hire more people."

Martin said although 55 new positions have been suggested for funding consideration, this is a "wish list."

It will probably be pared down considerably, she said, but she explained that the department heads are not asking for the ultimate in staffing.

"What they're asking for is a little relief," she said.

"If we didn't have employees now who are doing the best jobs possible, we wouldn't be getting anything done," she added. "We do not have an excess number of positions."

Court Approves Breathalyzer Tests

TALLAHASSEE, Fla. — The Florida Supreme Court today upheld the constitutionality of breathalyzer and blood tests to determine if the driver of a motor vehicle is intoxicated.

The high court, in a unanimous opinion, overruled Pinellas County Court Judge Thomas E. Penick Jr. who held the tests unconstitutional on technical grounds.

Bank Customers Get \$100,000 Insurance Blanket

Major banks and lending institutions in Seminole County intend to comply with a new federal law which requires all accounts up to \$100,000 through the Federal Deposit Insurance Corp. (FDIC), and the Federal Savings and Loan Insurance Corp. (FSLIC).

Signed into law Monday, the Depository Institutions Deregulation and Monetary Control Act of 1980 authorizes the increase to \$100,000 in insurance coverage for all depositors in all FDIC and FSLIC institutions.

The hike in the coverage from \$40,000 to \$100,000 should enable patrons to keep larger amounts of money in the individual institutions, according to local bank and savings and loan officials.

"This is a positive move for the consumer with little money to be sure his money is insured," said Allan Housend, vice president and cashier of Flagship Banks of Seminole, which is complying with the new law.

"A person could now have in excess of \$600,000 set up in different ways at one institution and be fully covered by insurance," Housend said.

"Account holders, instead of running to two or three places, can now put their accounts in one place."

"Banks locally are quite liquid and customers will never have to avail themselves of this," Hodges said.

Howard Hodges, president and chairman of the board of Atlantic Bank of Seminole, said his bank will put the new increase into effect when it is notified of the new law.

Tropic Bank of Seminole will also increase its coverage to \$100,000, according to Joyce Franklin, cashier for the bank.

An exterminator's tent covers Hopper Elementary School in Sanford, holding in poison gas to kill wood borers, beetles which have been chewing away at beams in the building.

Huge Tent Covers School, Hungry Bugs

Things have been happening behind the scenes at Hopper Elementary School since it was built in 1961. This week, school officials took steps to quiet down the hidden action, expelling some unwelcome visitors.

An exterminator's tent was erected over the entire building Wednesday, and the school filled with poison gas to destroy wood borers, beetles which have been living in the joists and trusses holding up Hopper's roof since it was built years ago, said Don Myers, manager of Art Brown Pest Control.

Wood borers are generally brought in while installing the lumber used, Myers said. The beetles lay eggs on the beams, and their larvae do extensive damage tunneling their way through the wood.

While the beetles have managed to do only minor structural damage to the school, the gas leaves no residue, and will be gone long before schools reopen, he said.

School workers discovered the unwelcome occupants about a month ago while installing an air conditioning system, he said. The board immediately put the job out on bid, paying more than \$3,000 to have the job done.

The exterminators had to delay their visit until the spring vacation in order to have the building for the three or four days needed to cover it, fill it with poison gas, then air it out, Myers said.

The gas leaves no residue, and will be gone long before schools reopen, he said.
