

Mainland Lambasts Seminole Varsity Quintet, 57-24

Moss, Butler Pace Fed JVs To 32-22 Victory; Lack Of Drill Hurts SHS

By KENT CHELAIN
DAYTONA BEACH—(Special) Mainland's undefeated class AA cage players on their own court administered a 32-22 whipping to Seminole High School's varsity quintet here last night.

Mainland's Junior Varsity gained some success for the Seminoles by thrashing the Mainland JV, 32-22, in the opener of the twin-bill.

After standing firm, exchanging point for point, with the Mainland JV, the Seminoles finally became exhausted by the lack of adequate practice for the past two weeks. Mainland pulled out in front by a 26-10 count at the end of the first two periods.

Thereafter, Scott yanked the Seminole varsity and instead substituted at will including freshman Jimmy Hawkins, high scorer for the Sanford Junior High School last season.

Right from the beginning the Mainlanders used two men on Sanford's high scoring Gordon Clark holding the senior flank to mere five points after last Friday night's record 21-point game against Edgewater.

Plagued by players having Christmas jobs, Scott has been handicapped for the past two weeks by trying to gather enough cageers together to stage a daily practice. Hubba Hubba, promoting looking Junior Varsity quintet didn't even make the trip because he had to work.

Frank Stafford broke into his own in face of the overwhelming Mainland attack. The slender senior guard tallied six markers to pace the weak Seminole drive.

Scott, visibly disgusted with the recent turn of events, immediately changed the bench using his cuts and youngsters in an effort to form a winning combination while trying to rest his stringers.

Bill Park, best up in the JV's played as did Harold Reynolds, John Hammon, Bill Sheffield and Jimmy Hawkins. They made only one tally in the third period as Mainland pushed the score to 47-11.

In the more pleasant Junior Varsity contest Sanford was paced by Joel "Joe" Moss, the rugged 6-foot-4 center, and Jimmy Butler, why little guard.

Moss almost went on a scoring spree leading the 32-point Sanford attack with 11 markers. The Seminole key players were particularly effective under the boards picking off rebounds and dumping in tips.

Butler played a sterling floor game feeling the score. The triumph gave the Seminole JV a 500 record of 1-1. The Junior Varsity never was trouble throughout the game building a 10-point bulge at the final buzzer.

USC Trojans Rule Star Ineligible For Rose Classic

PASADENA, Calif. (AP)—The academic fathers of the Trojans of Southern California a hard blow today when they ruled Jim Paalis, one of the nation's best defensive linemen, ineligible to play against Wisconsin in the Rose Bowl Jan. 1.

Paalis, whose record of nine pass interceptions, which he returned for 115 yards and two touchdowns, was second best in the nation this year, was declared ineligible because he played two games in the junior varsity team at Santa Rosa, Calif., Junior College in 1947.

Hugh C. Willett, faculty athletic representative of USC and president of the NCAA, made the disclosure which came after a secret poll of faculty representatives in the Pacific Coast Conference.

USC had petitioned the conference fathers to hold Paalis eligible but they turned it down.

Willett said the information on Paalis' eligibility was obtained after the recent USC-Wisconsin game in which he captured the Rose Bowl MVP award.

Schooling Races To End On Thursday; Dog Track Slates

By KENT CHELAIN
Saturday night will see the annual grand opening of the Seminole-Kentucky Club's winter season of exciting dog races at Central Florida's beautiful Sanford-Orlando track off Route 17-92 in Lake Seminole County midway between the Celery City and the Orange county seat.

Furnishing that extra touch of grandeur for that thrilling moment when the announcer shouts, "They're off," amid the united cheering fans of the starting boxes, will be the inimitable Manager, Jim McCall, whose sense of the spectacular can only be appreciated by those witnessing the season's first race.

Added extras will clutter the one-innovative event as the first nighters are carried away with the rapid succession of races, barking dogs, setting tips and general animal meetings, which will combine to form a congratulatory evening of once-in-a-lifetime events.

The emotional tension which accompanies each finish for the hundreds will be indescribable but many will try any way with bursts of enthusiasm after winning while others will at first turn from sympathy to disappointment in expectation of anticipation thinking about the next race.

The excitement of surveying the dogs for the next race, checking numbers, bets, scores and past records, listening to the barking, whining and howling of the dogs, and the general atmosphere of each race while you try desperately to balance all factors in an effort to determine a winner and how to bet on it, will be a unique experience.

If you take time, you will observe the mechanical workings of the dog track, the other hundreds of racing fans employ trying to bring home their dog, the excitement of the winner, the cheering fans, the more playful of the mauling crowd, the barking dogs, the general atmosphere of each race while you try desperately to balance all factors in an effort to determine a winner and how to bet on it, will be a unique experience.

With but three games of the season behind him, the young lion center who has mimed the last two games because of a sprained ankle, started out in the initial contest with Edgewater in fine style basketball 11 points for the second half total, which gives him, on the basis of one game, the second highest average, 11, on the team.

Norman Fove, a crafty guard with a propensity for hitting the net for far out stands third in the Lion scoring column and fourth in the average department with 22 points for a 7.5 percentage.

Jim Wheaton, who annexed the high point crown for the Lions last year, has a brother, Bob, who looks like another future star great from the Oviedo menhounds.

Whenton is in fourth place with 20 points and a 6.7 average.

The Lions will play the "Poor B team tonight.

O'Brien Is Only One Point Short Of College Mark

NEW YORK (AP)—The next point the amount of the record for the Seattle basketball team will give him a new four-year record for college basketball.

The 6-foot-7 center, 164, the first collegian to ton the 1,000 mark in one season, contributed 30 points to Seattle's 102-101 victory over New York University in night and now is tied with Nate Dofant, who scored 3,022 points for River Falls (Wis.) State Teachers College from there only a short hop from the title O'Brien to the career record of 3,000 set by De Long in five years.

Tom Johnson once again takes the headlines away from his twin brother Eddie, his teammate ever since they first started losing a baseball game in their native South Amboy, N. J. Eddie scored 33 points, including two vital foul shots at the end, and was at least equally as important as his more publicized brother to the team's victory.

But it was only another contradiction in the career of the twins who went to a college 1,000 miles from home on baseball scholarships. That's right, baseball—Coach A. Leighton got the school's basketball team to the National Semi-Pro Baseball Tourney at Wichita, Kan.

"The basketball would be nice, but I'd rather play baseball," O'Brien said last night. "I'm an infielder and Eddie's an outfielder. We both hit and we both play the same game."

O'Brien said he doesn't discuss any one player, but he reported that Johnson had scored 30 points in the game.

Sanford's Junior Varsity gained some success for the Seminoles by thrashing the Mainland JV, 32-22, in the opener of the twin-bill.

Gordon Clark Leads Celery Feds With 14.5 Average And 29 Points

A senior transfer student from Kentucky, one Gordon Clark, is following in the footsteps of another native Kentuckian, Jimmy Smith, who won All-East Florida Conference honors while playing for the Celery Fed cage team last year.

This year's Kentucky addition to the Seminoles is currently the high point scorer of the dawn-inning basketball season. Clark tied Junior Metts for scoring honors in the initial contest against Winter Park with eight only to come out on top in the high-flying Edgewater-Kentucky of Orlando to stage a record 21-point effort.

Clark, with 29 total points in the point guard position of the losing Seminoles. With 11 free throws, Clark is the County's leading charity tosser to date. In the Edgewater contest the 6-foot-1 forward deposited seven of nine attempts through the cords for a sterling 76.9 percent.

From a slow eight-point average in the first game, Clark has boosted it to a robust 14.5 percentage after last Friday night's best effort.

Trailing Clark in second place is last year's fourth ranking scorer, Junior Metts. Currently Metts holds a 7-point percentage per game which compares favorably with his low 1.8 record last season. The Lake Monroe "Lunatic" has 11 points to his credit in the past two games.

Downing down to the third place spot, we find Jimmy Krider, the giant center brought up from last season's JV. Krider has three points in three contests for a 5.0 average.

While operating out of the center post last season on the Junior Varsity, Krider maintained a 5.7

North-South Coaches Call Teams Best Ever As South Predicts Win

MIAMI, Fla. (AP)—Coaching staffs of both the North and South all agree today they had the finest collection of players they ever saw but only the South predicts a victory in the Shrine's charity football game, Christmas night in the Orange Bowl.

South Coach Andy Gustafson of Miami made the flat prediction that the South will win its fourth straight game in the Shrine's Christmas night in the Orange Bowl.

"I'm not making any predictions about the game," he said. "I'm just making a prediction that the South will win."

The North will have a general break from the game as their final limbering up drill.

Gustafson planned a 45-minute limbering up session on a final visit to the field.

The South will use a five-man line with three linebackers on defense, using Wayne Martin, Texas Tech, as the center, and Bill Mitchell, University of Oklahoma, as the tackle. The offensive line will consist of Bill Mitchell, University of Oklahoma, as the center, and Bill Mitchell, University of Oklahoma, as the tackle.

Oviedo's Jones Is Out To Establish New Cage Records

Oviedo's hard running, sharp shooting and all-around basketball finish, Johnny Jones, is announced today as the new star of the Seminole county cage team and the Central Florida Conference.

With but three games of the season behind him, the young lion center who has mimed the last two games because of a sprained ankle, started out in the initial contest with Edgewater in fine style basketball 11 points for the second half total, which gives him, on the basis of one game, the second highest average, 11, on the team.

Woodruff Is Old Nemesis In Side Of Tulsa Eleven

FLORIDA COACH ONCE DASHED BOWL BID OF GOLDEN CANES

TULSA, Okla. (AP)—The University of Tulsa football team which picked Florida in the Gator Bowl Jan. 1 is the direct result of a 1948 season which Florida and its president, Bob Woodruff, helped make the Golden Hurricanes' worst in 31 years.

That was the year Tulsa viewed so optimistically that school officials, even before the schedule opened, accepted an invitation to play in the now defunct Delta Bowl at Memphis.

That schedule began with a 42-19 loss to Baylor, then coached by Woodruff. A week later Florida drubbed the Hurricanes 28-14. The campaign ended with nine losses and a tie. Tulsa's most disastrous since 1917.

The university and its supporters were caught short on manpower. A few more defeats and the school would have had to be expanded if the school was to compete in major college football.

To help J. O. (Buddy) Brothman, former Texas Tech backfield ace, backfield coach for Tulsa's bowl teams and head coach since 1944, these associate coaches were hired:

Bernie Witnick, former George Washington University guard and successful high school tutor, from his post as assistant coach of the professional Chicago Sox.

Howitt Weaver, one-time Tennessee line great then an assistant at Mississippi State.

Clarence Weaver, great pass-catching Tulsa end during the school's bowl games era and a former pro star.

Jerry D'Arcy, former Tulsa center.

Butler Is Scoring Sensation Among Seminole Jay Vees

If Jimmy Butler remains on the Seminole Junior Varsity cage roster and isn't called up to the varsity, he will probably set some kind of a JV scoring mark this season.

Against the class double A Edgewater High School, Butler neither froze nor feared the Orlando cage giants as he defied the Orlandoans driving in under the basket on lay-ups to a tune of 11 points, or nearly half of the Celery Fed's total of 23.

The aggressive little guard holds the leading 11-point average per game on the basis of this first contest performance. At this clip, Butler should come near the 200-point figure before the season ends next spring.

Butler is well on his way to the 80 high point figure of Jimmy Krider's last season. In second place is Joel "Joe" Moss, the lanky cage center who is capable of reaching over the top of the rim to push his shots down through the hoop.

The 6-foot-4 skyscraper, who is as tall as he is thin, could well develop into a cog in Jerry D'Arcy's winning Seminole Jay Varsity team for next season. Moss still lacks stamina and drive required in the grueling game.

In putting in six points against Edgewater last week, he looked spectacular at times, reaching up and pounding in lay-up shots. Moss' six markers place him second in percentage and total points for the initial game.

A total surprise to the Celery JV cage machine was a fifth-string substitute Frank Thomas who in but a brief two-minute appearance in four points on a running lay-up and a couple of charity tosses.

Thomas is young and may develop into a dark horse in the future Seminole basketball schemes.

Last Of Two Canadian Nuns Freed By Reds

Catholic Sisters Are Expelled Unexpectedly After Serving Two Years In Jail

HONG KONG (AP)—The last two of five Canadian nuns expelled by the Chinese Communists in the widely publicized "orphanage murder case" in Canton entered Hong Kong today after nearly two years in prison.

They are Sister Superior Antoinette Couvrette, 38, Juliette Que, and Sister Jermaine Gravel, 43. Three other nuns were expelled after serving only part of five-year sentences for "the murder of 2,116 orphans."

They were met at the border by Sister Jermaine Tanguay, Canadian citizen who was born in Nashua, N. H. She and Sisters Inuita La Perriere, Penrouge, Que, and Elizabeth Letour, La Baie de Fevre, Que, shared the ordeal with Sisters Couvrette and Gravel, but were expelled in February. Sisters La Perriere and Letour left for Canada several weeks ago.

The two arrivals said the Communists gave no reason for expelling them. At 4:30 p. m. yesterday they said, guards entered their cells and told them they were being pardoned and "banished for ever."

The case of the five nuns drew world attention Dec. 12, 1951, when they were stoned, spat upon and reviled in a four-hour public trial which was broadcast over the Canton radio.

The Reds jailed the nuns March 19, 1951. They were among the first orphanage workers to be charged with the murder of 2,116 children, an accusation which became routine.

Orphanages in China had become dumping grounds for unwanted babies—mostly girls, because of infant mortality and lack of hygiene at birth, the prevalence of tetanus and congenital diseases, and exposure, most babies were dying when dumped at the orphanages.

George Thurston To Enter Insurance Business In Athens

Mr. and Mrs. George Thurston and children expect to leave next Thursday for Athens, Ga. where they will make their future home and where Mr. Thurston will be engaged in the insurance business as a general agent of the P. W. Martin, Jr. Insurance Agency. Mr. Martin is Mr. Thurston's brother-in-law.

"After nearly 30 years of farming in Sanford, we naturally hate to leave," Mr. Thurston said, "but our opportunity in Athens was so good we could not afford to turn it down. We are still interested in Sanford and expect to keep both our farm and house here as we regard them as good investments."

Mr. Thurston came to Sanford in June, 1920 with his father, Peter Thurston, who now also lives in Athens with his daughter, Mrs. Martin. Following his graduation from local schools, Mr. Thurston went into business with his father and has been engaged in growing and shipping oranges since.

A few years ago Mr. Thurston was associated with his uncle, Henry Thurston and the late P. R. Bach in experimenting for three seasons with the growing of long staple (Sea Island) cotton. He has also specialized in raising cabbage.

Mr. Thurston who is a past president of the Junior Chamber of Commerce and a past executive director of the Elks, is married to the former Miss Erna Schnabel of Soda, N. Y. They have three children, Ann, Billy and Nancy.

Tennis Matches Are Planned At Hotel

A series of invitational tennis matches between guests of the Mayfair Inn and local tennis players will be held at the hotel under the direction of Bill Sweeney, the Inn's tennis professional, Charles G. Mariani, manager, announced today.

Next Sunday afternoon beginning at 8:00 p. m. the first of these matches will be held between Gene Tucker, city champion, and Clay Williams, runner-up and former city champion, playing against two guests of the Inn yet to be selected.

The pairings, as drawn by Mr. Sweeney, will be announced tomorrow, as soon as the registrations from the hotel group are completed. It is planned to have both singles and doubles matches, which will probably be of one-set duration.

SUFFER SAME INJURY

HONG KONG (AP)—Bill Davis of Coonville, Tenn., and Jesse Marley of Douglas, Mo., joined the Navy in May, 1952, went through boot camp together and started Korea duty at the same time aboard the cruiser Los Angeles.

Now they're in adjoining beds in the British naval hospital here.

Toys For Orphans

Series Of Freak Mishaps Reported During Holidays

Five Persons Are Injured In Several Automobile Wrecks

Five people were injured and were arrested by Highway Patrolmen R. D. Harrison on the past three days following a series of traffic accidents and violations.

All the injured were involved in the same mishap, which occurred at 1:15 p. m. today, 10 miles south of Sanford on Highway 17-22, the patrolman said.

Jessie L. Hale, Sanford, riding alone in a car driven by Guy H. Duffy, also of Sanford, had two front teeth knocked out and his leg severely injured when his car struck the dashboard in a collision between their car and one driven by Robert E. Myers, Orlando, sailor at Green Cove Springs.

According to the patrolman, Mr. Duffy suffered a bruised left leg while Mr. Myers incurred minor lacerations of the forehead. William O. Stone, Jr., sailor at Green Cove Springs, a passenger in the Myers' car, suffered a fractured nose, while Charline Lowellen, Orlando, also a passenger in the same car, incurred minor abrasions of the ankles. Donald E. Savage, a third sailor from Green Cove Springs, was a passenger of the Myers' car, also.

Mr. Duffy was driving a 1950 Ford convertible, owned by Mr. Hale, Patrolman Harrison said, and went to sleep behind the wheel. The car veered over to the left side of the highway, meeting the side of the oncoming car.

Mr. Duffy awakened and veered back toward his side of the road. The cars collided about the middle of the highway.

Damage to the Hale car was set at \$1,200 and to the 1948 Oldsmobile coach driven by Mr. Myers \$650. Mr. Duffy was arrested on charges of driving under the influence.

Mayor Thanks Group For Nativity Scene

Personal appreciation has been expressed to the Christmas Pageant Committee by Mayor William H. Stumper, Jr., earlier work in bringing about the installation of the Nativity Scene at the band shell on the Municipal Pier.

Addressed to Mrs. Elvira C. Garner, who was chairman of the committee, the mayor stated:

"Some few days ago, the City Commission accepted the Nativity scene from you and your committee and expressed their appreciation for the gift to the city."

"Since that time, the Nativity scene has been installed at the band shell, and I have had an opportunity to view the beautiful scene, both at night and in the daylight."

"I want to add my personal thanks to you and your group for the time and effort and thoughtful consideration which you and the other ladies of your group extended to the City in making it possible for the Nativity scene to be displayed for the benefit of the people of Sanford and the visitors who pass through and stop in our City."

"With the compliments of the City, I remain, sincerely yours, City of Sanford, William H. Stumper, Mayor."

Navy Gives Christmas Party For Children From Methodist Home

A Navy fire truck with its crew, waiting for a procession of two buses filled with children from the Methodist Children's Home at Enterprise to the U. S. Naval Auxiliary Air Station Monday for an afternoon of Christmas celebration, which included a turkey dinner, movies and gifts from Santa Claus, made possible by voluntary contributions from all the naval personnel stationed here.

When the procession reached the landing in a total of 54 children, consisting of crews of transport ships, turkey with bread dressing, mashed potatoes with gravy, buttered bread, lima beans, cranberry sauce, cherry pie, sliced peach pie, milk, cream pie and ice cream. Oranges, apples, nuts and candy were also passed out to each child.

Many of the children made a short visit to the station chapel before the entire group hurried to the Station midshipman mess where they ate a total of seven turkey dinners.

After the last turkey dinner, the lights in the midshipman mess were turned on, Santa Claus made several trips onto the ship with boxes filled with beautiful wrapped gifts. The gifts were distributed to the children and one of the Navy hosts called out the names of the children and their home addresses.

The idea for giving the celebration to the children of the Methodist Children's Home was suggested at a meeting of the Composite Recreation Committee, whose members came from every branch of the Naval Auxiliary Air Station. R. R. Lewis, ADJ, and J. A. Jones, ADJ, were elected as co-chairmen of the project and organized on their own.

Traffic Toll Over Holiday Period Is Mounting Rapidly

The nation's Christmas holiday accident death toll today passed the 300 mark.

Auto mishaps killed 251 persons since 6 p. m. Wednesday. Twenty-three died in fires. Thirty-one other victims were killed by all other types of accidents.

With more than two and one-half days of the extended 102-hour week and still to come, it appeared that the all-time record of 555 traffic deaths for a four-day Christmas holiday in 1936 may be exceeded before midnight Sunday.

Violent accidents took a heavy toll in the nation over the Christmas holiday, with traffic mishaps the No. 1 killer.

A new all-time death toll on the highways for four-day holiday period was indicated if the current trend continues.

The traffic toll mounted steadily throughout Christmas Eve and Christmas Day and passed the 200 mark early today. The nation's record high traffic fatalities for a four-day Christmas holiday numbered 555 in 1936.

Since 8 p. m. Wednesday, the violent death toll included 225 in automobile accidents; 20 in fires—some resulting from Christmas trees, and 23 in mishaps of miscellaneous nature. The nation's record accidental death toll over the extended Christmas holiday was 555 last year. The traffic total was 535.

Highways in some parts of the Midwest and Northeast were icy, but clear, dry weather was reported over most of the country yesterday.

Some cities reported a record...

Negro Is Wounded Twice In Shooting Affray In Midway

Oscar Hunter, 30, Negro, resident of the Midway portion of the Flint subdivision on Geneva Avenue, was sentenced to county Jail Douglas Stenstrom, to a fine of \$250 or 90 days in jail this morning on a charge of aggravated assault, which resulted in the shooting of two Negroes, one of them twice.

Hunter entered a plea of guilty.

Victims of Hunter's flurry of shooting with a double-barreled 12-gauge shotgun were Johnny Scott and Carl Bryant, also residents of the same area.

Scott and Hunter, who both live at the residence of the latter's mother, had a fight Tuesday afternoon of a family nature. Deputy Sheriff William Hood said today.

Scott was wounded first when Hunter fired through a side window of the residence at about 5:00 a. m. Wednesday, the deputy stated. A wallet in one of Scott's back pockets was torn in pieces. Hunter fired through a side window of the residence.

Later, about 8:00 a. m., Scott was in an automobile in the Flint area and Bryant was behind the wheel. Hunter shot twice into the automobile, the deputy said, and six or seven bird shot pellets struck Scott's face and the side of his head and three were scattered in Bryant's head.

Neither of the victims was wounded seriously during the shooting affray, Deputy Hood said. The deputy, Sheriff P. A. Mero and Constable J. Q. (Slim) Galloway investigated the shooting.

Foreign Jobs Expected To Feel Pruning

Outs Of 25 To 50 Percent Being Forecast For Diplomatic Posts Abroad

ROSEN, Germany (AP)—The Republican economy axe is believed certain to fall on what is projected as the largest American diplomatic establishment in the world.

Outs of 25 to 50 per cent in the American and German staffs of the State Department in Germany are being widely forecast among U. S. officials here.

Before the Republican election victory, State Department officials had worked out plans to employ about 1,000 Americans and 3,000 Germans in West Germany during the year starting July 1, 1953.

They were to be assigned to the new American Embassy in Bonn and to the consulates general which will succeed the U. S. high commission when West Germany regains sovereignty under the Allied West German peace contract.

This proposed State Department setup in Germany would dwarf the big American diplomatic establishments in Britain and France which have about 500 employees each.

The high commission now has 120 American and 2,000 German staff members. About 50 per cent of the Americans are political appointees who could be fired at will. The others are career people.

In addition, the Mutual Security Agency has a total of 600 American and German employees.

"We are bracing for a cut up to 50 per cent when the Republicans take over," said one responsible U. S. official. "The big crowd of Americans leaving here next year. That is certain."

Navy Asks Bids On New Construction

Sealed bids for the construction of three line-ships at the U. S. Naval Auxiliary Air Station here will be received until 2:00 p. m. Dec. 26, by the Sixth Naval District, 1545 Weeks Office, 2202 1/2 Grand Blvd., Charleston, S. C.

The three ships to be built are each approximately 11 feet by 25 feet of wood frame construction supported on steel truss members, including an existing concrete pier.

Contractors are invited to submit bids for the construction of the three ships. The bids will be applied over wood hulls.

Contractors will wish to be physically present at the station here today when they submit their bids. They will be invited to view the site and to discuss their bids with the station engineer.

The bids will be opened at 10 a. m. on Dec. 27, at the station here. The bids will be opened at 10 a. m. on Dec. 27, at the station here.

Elephant Prodigy In Rome Dies Of Colic

ROME (AP)—Two-year-old elephant prodigy born in Rome, died of colic on Christmas Eve.

The news came as a Christmas blow to tens of thousands of the children of Rome who had been fascinated by the awkward little elephant's love of spaghetti and delight at playing with a huge ball.

Roma was the second born of the zoo's huge lovers, Romeo and Juliet. His elder sister, Roma, is four. Juliet, only elephant ever to give birth to two babies in captivity, is expecting her third any day now.

Concrete Proposals Wanted By Dulles In Answer To Stalin

UN Rejects POW 'Murder' Charge

VALERIA A. ZORIN (left), Soviet Ambassador to the U. S., and John Foster Dulles (right), Secretary of State, are seen with other officials at the State Department today.

Race Agitators Seek Georgia's Chief Executive

Eastern Group Calls For Failure At Prison

LOVEHAY (AP)—A mixed racial group of 14 has announced a plan to seek the Georgia governor's office in a bid to end the state's segregation laws.

The group, known as the "Georgia Citizens' Council," is made up of members from various parts of the state. They are planning to hold a convention in Atlanta next month to elect a candidate for governor.

The group's platform includes the abolition of segregation, the establishment of a new constitution, and the election of a new government.

No Russian Move In 1953 Seen By West's Leaders

Stalin's move in 1953 is seen by Western leaders as a continuation of the aggressive actions of the cold war.

Stalin's move in 1953 is seen by Western leaders as a continuation of the aggressive actions of the cold war. They believe that the Soviet Union is not interested in ending the war in Korea, and that the success of a world conference for the cessation of hostilities is not inevitable.

Stalin has on several occasions in the past responded to written questions posed by U. S. newsmen and almost invariably he has expressed a belief that a U. S.-Russian war is not inevitable and a willingness to meet with the U. S. chief executive.

But did there appear to be much fresh hope from the Western viewpoint?

Value Of Water

Granted that water is free, you are paying only to have water gathered, safeguarded and distributed, just what is costing you?

What, for example, does it cost to get enough water delivered to wash your face—just to fill the basin? Less than five one-hundredths of a cent, or less than five cents a month, assuming you're satisfied to clean up three times a day.

You can get all the water you require for a bath, poured right into the tub for approximately a penny, and a shower will cost you even less. The bill for flushing a toilet runs about two-tenths of a cent. Go out and wash your car or scrub the porch—it may cost you two or three pennies for several applications.

Add all these costs up; allow for the water used for drinking and coffee making and cooking, include laundry and household cleaning requirements, and then consider how you would go about meeting your water needs if you didn't have a public supply system.

Compute your other water uses on the same basis and try to think of any other commodity which is delivered to you, guaranteed ready to consume or employed at a comparable price!

The important thing about your water bill is not the charges or records, but the savings and conveniences and necessities it doesn't mention.

Corporal Who Ate With Ike Killed In Battle

CPL. JAMES MURRAY (right), of Muskogee, Okla., shown eating lunch with President-elect Dwight D. Eisenhower on a cold Korean hillside, has been killed in action in center in Sgt. Jack Hutcherson, of Frankfurt, Mo. The corporal went on a patrol into Communist lines and died a few days after Eisenhower returned to the United States. Murray was one of three soldiers Gen. Eisenhower called "my gang" on the day they set down and self-consciously ate pork chops and sauerkraut with "B" company of Eisenhower's old Fifteenth Infantry Regiment, Third Division. (International Soundphoto)

Any Tangible Suggestion For Promoting Peace Is Welcome, Says Ike Secretary

WASHINGTON (AP)—The incoming Eisenhower administration today challenged Russia's Premier Stalin to put forth "concrete proposals" for promoting peace and promised they would be "seriously and sympathetically reviewed."

A statement taking that position was issued by John Foster Dulles, who will be the new administration's secretary of state, after Dulles had talked with President-elect Eisenhower by telephone this morning. Eisenhower is in New York.

The statement was the first reaction of the new administration to replies given by Stalin to four questions presented to him by the New York Times and published yesterday morning.

Stalin expressed willingness to meet with Eisenhower in response to one question and he also said Russia was interested in ending the Korean War.

Dulles made this statement: "I have read with interest the published account of Mr. Stalin's views. If these mean that Mr. Stalin has concrete proposals to make to the new administration after it takes office, he can rest assured that they will be seriously and sympathetically reviewed."

"Diplomatic or United Nations channels of communication are always available for such purposes and for exchanges of views desired by both sides to promote peace and international good will."

The normal diplomatic channels for contact between Washington and Moscow are the Soviet Embassy here and the American Embassy there. At the United Nations Russian and American delegations have a constant opportunity of frank and informal contact.

There was a bit of cautious optimism in a capital Hill, but it was not shared by the State Department. The feeling seemed to be that Stalin had offered little if anything new in a reply to four questions submitted to him by the New York Times. The Times published his response yesterday.

Stalin declared that "aggressive actions" taken by the West's cold war policy against Russia are the main cause of world tension and that it is regarded "favorably" by the idea of a meeting with Eisenhower; that war between the U. S. and the Soviet Union is not inevitable; that Russia is "interested in ending the war in Korea"; and (4) the success of a world conference for the cessation of hostilities is not inevitable; and a willingness to meet with the U. S. chief executive.

But did there appear to be much fresh hope from the Western viewpoint?

FRIDAY DEC. 26, 1952

There are no perfect men nor
women. All must do their part to
make a real and a happy home.
Such homes do not come by
chance. Each member of a home
should examine himself diligently
to discover faults and selfishness.
It is better to dwell in the wilderness,
than with a contentious and
an angry woman. — Prov. 21:10.

In spite of all its commercialism
there seemed to be more real
religion in Christmas this year than
has been evident for some time.

Prime Minister Stalin says he
will co-operate with Eisenhower to
end the Korean war. It would make
a big difference in the future
course of events throughout the
world if he would.

The Nativity Scene at the Band
Shell has added a fine touch of
religious feeling to the Christmas
season. Congratulations to the ladies
whose hard work and foresight
has made this delightful scene possible.

The accidental death toll during
the first 24 hours of the Christmas
season was near the 200 mark with
traffic fatalities reaching 147. "If
the present trend continues," says
the National Safety Council, "we
are headed for an all time high for
the holiday death toll."

What the railroads mean to the
Southeast is well put by the president
of the Seaboard Air Line who told
the Southeast Shippers Ad-
visory Board in Jacksonville the
other day that the average annual
compensation of railroad employees
has increased from \$1,471 to \$4,
015 in the last 25 years.

Don't take yourself or your children
too seriously. Up in New
Jersey a small boy lost his Christmas
toy. His mother and uncle inter-
vened. A policeman off duty and
out of uniform also intervened.
Pretty soon a scuffle started and
before it ended two people were
arrested. A poor ending for the spirit
of Christmas.

Nearly a billion dollars more in
Christmas sales were recorded this
year than last tending to dispel any
notion of a recession incident to
the recent election. More than 14
billion dollars worth of retail sales
were wrung up this month, leading
government economists to com-
ment, "Christmas 1952 was the
grand-daddy of them all—speaking
dollar-wise."

The State Highway Patrol reveals
more than half a million dollars
worth of property damage from
highway accidents during the
month of October alone. There
were 1,053 highway wrecks resulting
in 24 deaths and 514 injuries
during the month. Most of these
accidents could have been prevented
by the proper exercise of cau-
tion among automobile drivers.

Something which has for a long
time seemed to us to be of vital
importance to our nation was
stressed the other day by Raymond
Moley. He suggests that one of the
best things our public officials
could do in the struggle for good
government is to resolve to tell the
truth. "Too long, far too long," he
says, "have politicians in office
practiced cruel deceptions in the
name of fine humanitarian objectives."
There is plenty of room in our
country for differences of opinion,
but we should at least strive to
speak the facts.

Railroads are taking in more
money than ever before despite the
decrease in other forms of
transportation, and a slight drop in
freight tonnage handled. Revenues
went up nearly 7 percent; freight
charges down about 5 percent. Op-
erating costs are also at an all-time
low, bringing profits down under
10 percent, but slightly above
last year. The president of the
National Association of Railroad
Businessmen pointed out that the volume
of business is at its highest since
the first half of

Judicial Scandals

Attorney-general-to-be Herbert Brownell is reported to be planning a clean sweep in the Justice Department, to prevent the recurrence of former scandals. No precautions for securing honesty in government can be too great, but sometimes corruption and maladministration develop where least expected.

President William H. Taft could have testified to this. As a former judge, he prided himself particularly on his court appointments, yet his was the administration in which a major judicial scandal was revealed.

A creation of his administration was the United States Commerce Court, to hear appeals on business matters from the Interstate Commerce Commission and other tribunals. This was expected to speed up cases and to develop a court of specialists in business problems. Among its appointees Taft named Robert W. Archbold. Within three years instances of misconduct on his part were disclosed, none, however, coming under the criminal statutes.

Congress was sufficiently disturbed to impeach him, and after hearing testimony, to remove him from office. This was in 1913 and the disapproval of this selection was emphasized by the decision of Congress soon afterward to abolish the court. Archbold's was the last case to date in which impeachment of a federal official resulted in conviction.

This illustrated Taft's ill-fortune. Nothing went right in his administration. Even his best policies proved unpopular, and weak spots, as in the Commerce Court, developed in positions with which he took the most pains.

The Chinese Peasant

The power behind the throne of Red China is the stolid group of nearly four hundred million peasants who, incidentally, are the ones who put the Reds in power. They form the Achilles heel of Red China. Today the Chinese peasant, is, more than usual, the forgotten man. Goaded to produce more food and heavily taxed to pay for the needed industrialization of his country, the peasant chafes under taxation without representation.

He is not, for instance, growing the full quota because more produce means more taxable property. Like anyone else, he objects to working for the government without pay several days each month.

Meanwhile Red China needs industrial products and mills. The only source for these is money from the sale of agricultural products. Russia, the father of the Communist nations, has few units of industrial equipment to spare, much less give away.

China has done unbelievable things since the Reds squashed liberty and made harsh discipline possible. Using masses of men and an iron hand she can accomplish much but these methods will not build steel mills or dams or fleets of merchant ships. She needs the peasant and his produce. And the peasant chafes at the yoke.

Life On The Planets

If Mars has life, it is only that of plants, and these of the most primitive kind. This conclusion is drawn by the National Geographic Society, studying photographs taken by the huge telescope in Palomar Mountain in California.

The pictures indicate that there is carbon dioxide, on which plants live, and water vapor. They show no sign of oxygen, which would be necessary for animal life. Also the temperature decends to bitterly cold levels, too severe for any animal life we know to endure.

Neither the moon nor Venus, both of which have been carefully photographed, hold out any greater possibilities. No other planet in our solar system is thought to be at all more promising. Elsewhere in the universe there may be some star-whose living conditions resemble ours, but that is something which we may never know.

Berlin Commandant Is Given New Post

HEIDELBERG, Germany (AP) — U. S. Army headquarters today announced that Maj. Gen. Lemuel B. Mathewson, American commandant in Berlin, has been appointed commanding general of the U. S. zone of communications in France.

His successor in Berlin, Maj. Gen. Thomas S. Timberman, commander of the First U. S. Infantry Division, is to take over his post Dec. 20.

Brig. Gen. Charles T. Lanham, former chief of public information at Supreme Headquarters of Allied Powers in Europe at Fontenay-le-Peuple, France, will take command of the First Infantry Division.

Stalin Statement

(Continued From Page One)
point, in Stalin's expressed willingness to cooperate in any new diplomatic gestures looking toward peace in Korea.

This reply, it is true, created the most interest in Washington, but some skepticism was expressed privately as to whether the Russian leader was sincerely interested in a new approach to the peace problem, or whether this was more of the same Kremlin propaganda. In any event, it was evident that as far as the Truman administration is concerned, something more than Stalin's words—some concrete evidence of hope for a truce—would be needed to create any real interest.

As for the idea of a Stalin-Eisenhower meeting, Washington wanted more information on Eisenhower's attitude, and on whether Stalin would be willing to take any affirmative action to bring about such a meeting.

Peace Foreseen

(Continued From Page One)
inspiration and leadership in its fight for a united defense community. There is much hope that defense will take a new spirit forward after Jan. 20, even though Eisenhower may demand Europe trim the fat to beef up its muscles.

Statesmen and soldiers alike agree that, whatever else the year brings, it will see no let-up in Russia's needling, probing and bullying. But they will have a hard task to keep alive any sense of urgency among masses of Europeans who more and more, are reassured by Stalin's "peace" talk.

Western intelligence, however, agrees the danger has by no means passed. Soviet military manpower and supplies are fast being increased behind the Elbe River. There are no estimates of 100 Russian and satellite divisions in Europe, Russia and her East European puppets. The aim of the North Atlantic Treaty Organization was 96 divisions and 9,000 by 1951. But that goal became only a dream in mid-December when NATO cut its 1952 program because of the unwillingness among politicians, combined with public pressure to cut expenses.

Russian encircled easternmost European outpost of the Western world, some top flight intelligence men appraise the cold war outlook for 1952 because of the Russian rather than the West, controls the situation. It can take the initiative and make the West depend upon developments within the Western alliance.

The West's only primary ally is based on French German relations and the planned contribution of 12 German divisions to the European army. If this plan fails, the Atlantic nations will have in Germany, but not in France, an important ally without war.

She will gain, too, if the West's peace contract with Germany is not ratified, if the Schuman coal-steel pool plan fails, if France and Germany can't solve their differences over the rich Saar Basin or if general unrest continues in North Africa.

But if the peace and European Treaty of Commerce is approved, if Europe's economic recovery is speeded, if the situation in North Africa is settled down, these intelligence men say, Russia has two choices for 1952.

First, the Kremlin can set back its timetable for Communist domination of Europe, but keep the peace position in Europe, only the penetration of British intelligence which reportedly believes the cold war will last until 1957.

Alternatively, Joseph Stalin may consider that the extended holiday season of physical requirements, which will allow another check of 4,000 doctors, dentists and veterinarians, previously rejected for military service.

The department said its lowered standards would permit fuller use of doctors who are under Selective Service in the armed services, without hurting the quality of medical care in the armed services. The announcement also said a saving equal to the savings of 4,000 doctors would result from relieving military doctors from non-medical duties. Deaths among wounded getting medical treatment since the Korean War, it added, are running at only half the World War II rate.

Airlines Are On Way To New Safety Mark

WASHINGTON (AP) — The nation's scheduled airlines apparently compiled their best safety record this year with only 638 passenger deaths for each 100 million passenger miles, the Civil Aeronautics Board said yesterday.

The death rate, based on an estimate based on latest available statistics for the year not quite ended, "The rate for 1951 was 1.3 deaths for each 100 million passenger miles. The previous low record was 1.1 in 1950.

Lower Standards To Bring In More Medics

WASHINGTON (AP) — The Defense Department today announced a lowering of physical requirements, which will allow another check of 4,000 doctors, dentists and veterinarians, previously rejected for military service.

The department said its lowered standards would permit fuller use of doctors who are under Selective Service in the armed services, without hurting the quality of medical care in the armed services. The announcement also said a saving equal to the savings of 4,000 doctors would result from relieving military doctors from non-medical duties. Deaths among wounded getting medical treatment since the Korean War, it added, are running at only half the World War II rate.

Navy Gives

(Continued From Page One)
voluntary contributions were asked for from every man stationed at the naval base. The response was so great that enough money was collected to stage the Christmas party for the orphans and still have enough left to make a sizeable donation to the Elk Club for their Christmas party for needy children.

In making arrangements for yesterday's party, the committee felt that it was not enough to give "a gift" to each child so A. D. Lowman, BM2, went to the Methodist Home in Enterprise and obtained a list from C. "The superintendent of the exact article each youngster wanted for Christmas. The committee then made a special point of seeing that Santa Claus found that list as closely as possible. The results were evident from the look on each little boy or girl's face as they opened the package personally addressed to them.

When the children left the Naval Auxiliary Air Station after the party, there was no doubt in their minds that there definitely was a Santa Claus.

THE WORLD TODAY

By JAMES MARLOW
Associated Press Writer

WASHINGTON (AP) — Joseph Stalin had nothing to lose by giving pleasant answers Christmas Day in questions about peace. By being pleasant, he made propaganda hay. If he had snarled, it would have been propaganda against him.

Actually, he committed himself to nothing when he said he was "favorable" to arrangements for meeting between himself and president-elect Eisenhower and would "cooperate" in trying for peace in Korea. He has loopholes for doing nothing, if he intends doing nothing.

The New York Times on Dec. 18 submitted to the Russian Embassy several questions to be forwarded to Stalin. The timing of the answers may have been accidental but, from the viewpoint of Russian propagandists, was excellent. The answers were delivered to the Times late Christmas Eve night.

Because the Times is a morning paper, the Stalin story had to appear in the Christmas morning editions. And, with news usually scarce Christmas Day, a Stalin statement struck the public with maximum attention. It did.

And, since Christmas is the one day when the Western world sings the loudest of peace on earth, Stalin's answer was the day's most appropriate for re-echoing himself as big-hearted Joe, although it is well known he is no believer and Santa Claus is not.

One of the Times' questions said: "Would you welcome diplomatic conversations with representatives of the new Eisenhower administration looking toward the possibility of a meeting between yourself and Mr. Eisenhower on ending world tensions?"

Stalin answered: "I regard this suggestion favorably."

Stalin was being consistent with the early reply. The Communist claim to be the genuine peace-lover, even when blocking or destroying it, as they did with the invasion of Korea. Further, if Stalin was talking strictly for propaganda and doesn't want to meet Eisenhower, the wording of the question and the answer are general enough to give Stalin a wide out.

As the question indicated—and this was what Stalin said was false before he said "I would"—the two diplomats on both sides would have to meet to decide what the two men should discuss when they met. It is not clear how easily present such a meeting on Stalin's instructions, by squabbling with the Western diplomats until the business fell apart in disagreement.

Another Times' question said: "Would you cooperate in any new diplomatic designs to bring about an end to the Korean War?"

How could Stalin say no? He said he would cooperate because the USSR is interested in ending the war in Korea. And maybe at the time he said that he had demonstrated any such inclination.

One of the troubles or gimmicks, Stalin's answer about cooperation is that what he intended to do might look to the West like downright wrecking tactics.

In view of the Russian record it seems unlikely Stalin intended answers to have real meaning, although he could make them have it, if he wanted to.

Series Of Mishaps

(Continued From Page One)
charge of reckless driving, willful and wanton.

A 1916 Packard sedan, driven by U. G. Gibbs, Badger, Ia., ran out of gasoline early Thursday morning on Highway 15-92 about a mile and a half north of Sanford, which resulted in his car being struck twice, by other cars, the car of a motorist who stopped to assist him being hit twice and a wrecker once.

Mr. Gibbs pulled his car off the road, heading south, while enroute with his wife and a brother to Sanford for the Christmas holidays. He left the left rear wheel of the automobile on the highway, the patrolman said.

For some D. Washington, Jacksonville, Fla., stopped to lend assistance. He was off the highway with a 1950 Buick, stopped to lend assistance.

Preparing to push the Gibbs car, he was off the highway with a 1950 Buick, stopped to lend assistance. He was off the highway with a 1950 Buick, stopped to lend assistance.

Edward W. Susuki, Sanford Naval Air Station, driving a 1949 Dodge, going at a high rate of speed on the four-lane highway, struck the Buick with his car, knocking it into a deep ditch, hit the Packard and came to a stop in the middle of the highway, the patrolman said.

A Hatfield wrecker came to the scene and hooked onto the Dodge. Melvin R. Hoover, Baltimore, driving a 1950 Ford sedan at a high rate of speed, Patrolman Harrison said, passed some signal flare and a man with a flashlight, and struck all three of the vehicles with his car.

Mr. Hoover was arrested on charges of driving while intoxicated and driving without a driver's license. Mr. Susuki was arrested on a charge of driving at a speed too great for existing conditions.

Mrs. Calvin Hill, Geneva, accompanied by her husband, was on the right side of the road while driving east on State Road 44, Wednesday night, the patrolman said, and turned over the 1937 Pontiac sedan on its side in a deep ditch.

She got out of the car, the patrolman said, and reported that her husband was pinned in the car. However, she proved to be a false alarm, after Patrolman Harrison hurried to the scene.

Mr. Hill was arrested on a charge of public intoxication and while his wife on charges of driving while her driver's license was restricted and reckless driving.

While bringing the couple to jail in Sanford, the patrolman said, he ran across a Buick off the road with its bright lights turned on. He stopped to question a Negro who said he was the owner, and while he was checking the license plate number, the Negro ran away. Yesterday, the patrolman arrested Harry McCray, Sanford, on a charge of improper lights.

Both Parties To

Caucus On Jobs Now Available

WASHINGTON (AP) — House Republicans and Democrats caucused separately next week, the former to divide up the spoils from the GOP victory in November, the latter to scrap over the leavings.

It's a stroke of patronage posts, some of them paying over \$10,000 a year, will be at the disposition of the victorious Republicans after they organize the new House on Jan. 3 to scrap over the leavings.

The Republican caucus set for next Friday afternoon will form a list of nominees for speaker, chief clerk, sergeant-at-arms, doorkeeper and the new House clerk. It will also select the members of the House of Representatives.

In a telegraphic exchange with Patterson Wednesday, Talmadge said that nothing would be done to impair the constitutional rights of the visitors but that he was apprehensive of their motive and "peace and order" would be maintained.

State Patrol officers with a court order halted the group of white and Negro women when they arrived from Savannah at Reidsville yesterday. Spokesmen charged the group had been stopped by "vicarious hoodlums and Klansmen."

Mrs. Mabel Thompson, listing herself as a representative of the Negro Labor Council, said the group only intended to bring "a bit of Christmas greeting to this woman."

She referred to the 43-year-old Mrs. Ingram, convicted with two young sons of murdering John E. Stratford, a white tenant farmer, near Ellaville Nov. 4, 1947.

Some of the group, which traveled by train from New York to Savannah, said the 65-year-old Negro Labor Council leader, who tried to rape the Negro woman, the plea of the Ingrams at their trial in 1948, however, was self-defense. Both sides agreed that the slaying followed a protest by the white farmer that livestock belonging to the Negroes, likewise sharecroppers, had strayed into his fields and damaged crops.

The order barring the women from the prison was obtained by Warden I. P. Bulkcom from Judge Melville Eric of Ludowick. It contained a charge of murdering John E. Stratford, a white tenant farmer, near Ellaville Nov. 4, 1947.

He was the second-top-ranking Democrat on the powerful House Rules Committee, which decides what legislation shall be cleared for floor debate, to die since the November election.

Adolph Sabath of Chicago, the Rules Committee chairman, was the other. Death of the two makes Rep. Howard W. Smith (D-Va.) the highest Democrat on the Rules Committee.

In next week's caucuses, each party will elect its own floor leader. Charles A. Halleck of Indiana for the Republicans and Sam Rayburn of Texas for the Democrats are unopposed.

Rayburn, mass speaker, will be succeeded in that post by Joseph W. Martin Jr., Massachusetts Republican who was speaker in the GOP-controlled 80th Congress.

Taxicab March

(Continued From Page One)
to Atlanta where Miss Elaine Ross, a leader, said they had first telegraphed the governor. Finding him absent from his Atlanta office for the holidays, they decided to besiege him at his home.

Their purpose, Miss Ross announced, was to protest their failure to impute the constitution in prison and seek her liberation.

Miss Ross gave her address as 22 W. 26th Street, New York, and said she was associated with the Civil Rights Congress.

The governor had shown little sympathy with the visit of the women when plans for it were disclosed in New York by William L. Patterson, executive secretary of the Civil Rights Congress.

In a telegraphic exchange with Patterson Wednesday, Talmadge said that nothing would be done to impair the constitutional rights of the visitors but that he was apprehensive of their motive and "peace and order" would be maintained.

State Patrol officers with a court order halted the group of white and Negro women when they arrived from Savannah at Reidsville yesterday. Spokesmen charged the group had been stopped by "vicarious hoodlums and Klansmen."

Mrs. Mabel Thompson, listing herself as a representative of the Negro Labor Council, said the group only intended to bring "a bit of Christmas greeting to this woman."

She referred to the 43-year-old Mrs. Ingram, convicted with two young sons of murdering John E. Stratford, a white tenant farmer, near Ellaville Nov. 4, 1947.

Some of the group, which traveled by train from New York to Savannah, said the 65-year-old Negro Labor Council leader, who tried to rape the Negro woman, the plea of the Ingrams at their trial in 1948, however, was self-defense. Both sides agreed that the slaying followed a protest by the white farmer that livestock belonging to the Negroes, likewise sharecroppers, had strayed into his fields and damaged crops.

The order barring the women from the prison was obtained by Warden I. P. Bulkcom from Judge Melville Eric of Ludowick. It contained a charge of murdering John E. Stratford, a white tenant farmer, near Ellaville Nov. 4, 1947.

He was the second-top-ranking Democrat on the powerful House Rules Committee, which decides what legislation shall be cleared for floor debate, to die since the November election.

Adolph Sabath of Chicago, the Rules Committee chairman, was the other. Death of the two makes Rep. Howard W. Smith (D-Va.) the highest Democrat on the Rules Committee.

Both Parties To

Caucus On Jobs Now Available

WASHINGTON (AP) — House Republicans and Democrats caucused separately next week, the former to divide up the spoils from the GOP victory in November, the latter to scrap over the leavings.

It's a stroke of patronage posts, some of them paying over \$10,000 a year, will be at the disposition of the victorious Republicans after they organize the new House on Jan. 3 to scrap over the leavings.

The Republican caucus set for next Friday afternoon will form a list of nominees for speaker, chief clerk, sergeant-at-arms, doorkeeper and the new House clerk. It will also select the members of the House of Representatives.

In a telegraphic exchange with Patterson Wednesday, Talmadge said that nothing would be done to impair the constitutional rights of the visitors but that he was apprehensive of their motive and "peace and order" would be maintained.

State Patrol officers with a court order halted the group of white and Negro women when they arrived from Savannah at Reidsville yesterday. Spokesmen charged the group had been stopped by "vicarious hoodlums and Klansmen."

Truman Gives Interview On Past, Future

President Is Proud Of His Record And Tells Of Broadcast He Plans To Make

Editors Note: The writer of this story, which is based on a personal interview with President Truman...

By ERNEST B. VACCARO WASHINGTON — President Truman is getting ready to leave office...

That step, he told me, was the toughest decision he ever had to make...

I talked with the President in his Oval Room office at the White House yesterday...

He is planning a nationwide broadcast sometime in January summing up what he considers the achievements of his administration...

When he ordered the bombing of Japan, Truman said, he was not saving the lives of possibly 250,000 Americans...

When he ordered the bombing of Japan, Truman said, he was not saving the lives of possibly 250,000 Americans...

And at home, he continued, "we've got an economic situation without equal in the history of the world..."

The President pointed to the big world globe given him in 1945 by Gen. Dwight Eisenhower...

"During these eight years," Truman said, "we've kept that old globe out of disaster..."

And at home, he continued, "we've got an economic situation without equal in the history of the world..."

Sanja Claus visits Prison Isle Of Koje KOJE ISLAND, Korea — Sanja Claus...

Sanja Claus visits Prison Isle Of Koje KOJE ISLAND, Korea — Sanja Claus...

Sergeants To March In Inaugural Parade

GEN. JAMES A. VAN FLEET (right, saluting), reviews and wishes good luck to 20 men, all sergeants...

De Gaulle Is Seeking To Form Coalition Rule

PARIS — Premier-designate Jacques Soustelle worked feverishly today to bring up enough supporters to form a new government...

But the tough ambitions young De Gaulle gave up hope of giving President Vincent Auriol a definite yes or no answer by tonight...

Political observers had given Soustelle but slim chance of success in forming a strong coalition...

When he ordered the bombing of Japan, Truman said, he was not saving the lives of possibly 250,000 Americans...

And at home, he continued, "we've got an economic situation without equal in the history of the world..."

Caudle Is Labeled As "Honorably Motivated, Weak" Public Official

By HARRY P. SNYDER WASHINGTON — A House committee today called former Asst. Atty. Gen. T. Lamar Caudle "an honorably motivated" but "weak" government official...

It also termed him "a scape goat" in being fired in November 1951, by President Truman for "certain activities..."

The labels were applied by a judiciary subcommittee, headed by Reps. Cliff D. Kuykendall and Keatley McGee...

But it pointed to his career as "the most disgraceful record of decay within the Department of Justice that the subcommittee has come upon..."

The report also touches on the Justice Department service of Caudle's superior, Tom Clark...

Every member of the subcommittee and its staff, who observed Caudle and listened to his testimony...

Rogers said Caudle was permitted by the committee "to take over a long period, shares of gossip in Washington..."

His testimony did not impress the committee, which was permitted by the committee...

Churchill Is Coming To Talk Over Global Problems With President-Elect Eisenhower

Florida Mutual Is Surprised At Federal Action

LAKELAND — Officers of the Florida Citrus Mutual expressed surprise today at a Federal Trade Commission charge...

In Washington Friday the FTC issued a complaint that Mutual's market for citrus products...

But the committee said its explanation showed a "deplorable judgment at best" and it was not considered "a grave offense..."

Summing up "shortcomings" the report said of Caudle's "shameful record of decay..."

Every member of the subcommittee and its staff, who observed Caudle and listened to his testimony...

Rogers said Caudle was permitted by the committee "to take over a long period, shares of gossip in Washington..."
