Chamber Of Commerce Writer Traces Gradual Growth Of City

1840 certain inducements were of freed to new settlers in the penting and the penting thing from the penting and the penting thing from the second at a second Lt. William B. Querns was such as rations for six months and the protection of the penting the pent forts. Orange groves were set out, and by 1845 two small steam boats were making regular trips between Palatka and Fort Mellon About this time the government became occupied with moving the Indians to the West, and as a result the forts were undermanted to the yellowing froit to the sun. Thus of necessity energies were turned to the cleared land for other means of support, and it is to those brave and patient few who perfected the system of sub-irrigation which is still in use today that Seminole County owes its present the sun that the patients were turned to the cleared land for other means of support, and it is to those brave and patient few who perfected the system of sub-irrigation which is still in use today that Seminole County owes its present the sun that the patients were turned to the cleared land for other means of support, and it is to those brave and patient few who perfected the system of sub-irrigation which is still in use today that Seminole County owes its present the sun that the patients are the patients and the patients are the patients are the patients and the patients are the patients and the patients are the patients are the patients and the patients are the patients are the patients and the patients are the patients are the patients are the patients are the patients and the patients are the patients are the patients and the patients are the patients and the patients are the patients and the patients are the patients are the patients are the patients and the patients are the patients are the patients and the patients are the patients are the patients are the patients are the patients and the patients are the patients are the patients are the patie so that occasionally it was necsasary for the early settlers to
band together for protection.

In 1846 the pioneer families at
tiny Fort Reed built a stockade
around their largest building, the
home of one of the settlers, and
once while nationity waiting for
help all of them lived behind the
stockade for a period of six
months Hellef of a sort finally did
appear in the form of two bedragsled companies of volunteer cavary which soon proved as disrupting to the community as the Indans. For the troop appropriated
for officers' quarters the small
building which had been erected as
church and achool house, they
feasted on beef, chicken and vegetables stolen from the settlers and
attipped the neighborhood boehives of honey.

Soon letters begging for relief
from these "protectors" were
ataming north by way of the St.
Johns, but not before the voluntears had burned down the churchschool house. By and by a second
log building was erected to replace
the one destroyed, and some teaching of the Fort Reed young was
resumed.

There now began an era of

the one destroyed, and some teaching of the Fort Reed young was resumed.

There now began an era of comparative quist as more and more of the venturesome moved into the State to build their homes within "hollering" distance of the army posts. Here on the 8t. Johns his sattlement began to take on a look of permanency for many of the men who had been stationed at the post remained to carve out for themselves and their families a place in this new land.

Because of its position on a navigable stream, Fort Mellon was the most important inland post as it served as a distributing point not only for all army supplies and the transportation of loss to south Florida but for civilian supplies well.

A bostilities gradually ceased and the settlers became less traid to go into their fields without their musicis, large orange thous were set out and soen golden trult was finding its way into the Christmas stockings "up sorth" stampout were making the 1860 the Areeing Captan of the of them, the "Darlington" the cettlement arross the settlement arross the

Adapted to the rigours of autdoor life in those early days, but now new quarters were raised consisting of eight two-story frame buildings, and the garrison was named fort Mclion to form the contain who had given his life there.

At about this time a more or least permanent line of forts in in land Florida was completed, with Jacksonville, Mclionville had been and a furt near what is now Tampa at the southern end. A road that had its beginning at Fort Mellon at the north end of the line and a furt near what is now Tampa at the southern end. A road that had its beginning at Fort Mellon, beautiful Mclionville Avenue of the grainent time, connected the forts for the movement of troops and supplies.

Meanwhile a one-story block house had been huilt and earthworks thrown up about a mile and a quarter south of the lake to form a modeal garrison later called Fort Reed.

Although intermittent trooble with the Indians continued to the forts are notherned to the forts Reed.

This carly prosperity, however, when with the Indians continued to the fortific set back whom the lake to form a present to the movement of the lake to form a modeal garrison later called Fort Reed.

Summer Injuries Will Keep Kids From Fall Classes

TALLAHASSEE.— (Special)—
Many Florida children who left class rooms for the carefree vacation at the close of school, will never go back or will lose time from next term because of injuries they will have received this summer, the state highway patrol said today.

Thirty-six children under 15 years of age were killed and 734 were injured last year as a result of pedestrian accidents.

"Unless we use the greatest care and all of the precautionary measures at our command", declared Patrol Director It, N. Kirkman, "there will be an increase in pedestrian death and accident These figures include Tuesday's sales of 9,098,625 pounds for an increase in pedestrian death and accident.

man, "there will be an increase in pedestrian death and accident among our children."

On the national level last year, 1,542 children under 15 were killed in occlestrain accidents. One hundred thousand were interest of the control of the control

One hundred thousand were injured.

Parents flould make safe walking habits their habits for the sake of teaching their children pedestrian safety", said Kirkman. He listed some good teaching habits:

Before crossing a street, look both ways! Keep in mind that by the time you've walked 12 feet from the curb, a rar traveling at 30 miles per hour has gone 102 feet.

Always use Intersections for crossing. That is where motorists expect you to cross.

Never step into the street from between parked autos and re-member that darkness reduces visibility which means extreme caution should be exercised when creasing streets.

Refugee Gives **Ike Painting**

LONG BEACH, Callif On-Three years and Eleanor Boruth, a portrait painter, came to the United States as a displaced person from Czechoslovakia.

Yesterday she completed and again to President Eisenhower an oil portrait of him.

"I just had to do it," said the 34-year-old Miss Boruth. "He is a painter and I want him to know him much I appreciate being in America. I hope to likes it. That's all I want."

His fled from the Communists in 1945 and found refuge in Bayaria.

Gainesville's Sale Attracts Cattle From Entire State

er Calf Sale is again attracting cattle from producers from the entire State of Florida. Members of the three participating breeding association sand independent producers have already consigned more than 1,000 head of cattle to this sale with the first sale date still almost a month away. First both the Brahman on Wednesday, Attg. 26; Angus will be sold on Friday, Sept. 4. Henry Chitty, Chairman of the Agricultural Committee of the Gainesville Chamber of Commerce reported.

breeds are as follows: Brahman being placed in Live stock magazines, newspapers that cover the cattle growing areas, and approximately 5,000 letters have been sand under; black and buttheaded, showing predominance of Angus; asters and helfers only no registration papers. Hereford or better and must show definite Hareford characteristics; 200 pounds mind the Florida Hereford Association, and Chitty, regressiting the Florida Aberdeen Communes, in conjunction with the advertising committees of the confers only and manager of the connection of the Agricultural Committee of the Communes, in conjunction with the advertising committees of the confers only and manager of the connection with the advertising committees of the connection and Chitty, representing the Florida Aberdeen Angus Association. Lanny Thompson, owner and manager of the connection with the advertising committees of the connection with the first sale date in the florida Members of the cattle growing areas, and approximately 5,000 letters have been sent to prospective buyers, producers and others in the East and Southeast, to create interest in the sale.

Representative sold and under; 300 pounds minimum weight; 2 years old and unders the florida Members of the connection of the cattle growing areas, and approximately 5,000 letters have being price and the florida Members and the florida Members and the florida Members and the florida

merce reported. Regulations governing the cat-tic accepted for this sale are very

tie accepted for this sale are very much the same as previous years, Chitty said, with no buils and no aregiatration papers accepted. Crosses of all breeds will be sold but all cattle sold must show a definite characteristic of the breed in which sale they are to be sold.

Earlier sales have produced excellent results in the number of cattle offered and in the prices that were paid for these reader calves. Prices have consistently held a few cents above the going market prices at the time of each sale.

Last year's feeder calf sale brought more than 2,200 head of cattle through the auction ring and the advance consignments to date indicate that the increasing popularity of this sale will bring an even greater number of cattle this year.

For the protection of the buyer and so that the quality of the sale will conlinue to bring a premium price for the producers a grading committee has been appointed to grade the cattle before they are accepted for the sale. Members of this committee are Gifford Rhodes. Marketing Specialist. State Live Stack Marketing Specialist. State Live Stack Marketing Bureau; J. E. Pacs; Animal Rusbandman, University of Florida, and Dr. R. G. Kirk, Director, Range Cattle Experiment Station, at One, Fla. Regulations for the different

France Fights Back

To the surprise of the Western world France is demonstrating new vigor in the war with the Communists in Indo China. Recently they took the initiative by parachating a raiding party behind the Red lines, The raiders accomplished their mission and returned to their own lines with precision and dispatch. The atitude of the French troops and the French leaders seems brighter than it has in some time.

Part of the credit for this Improvement | Origin Of The Julep may be given to the rise in confidence that is evidence in France itself. The new government, while far from stable, shows some signs of remaining in power for awhile. More aid from the United States is reachto have stimulated morale.

The war in Indo China has been going on for a long time and the French have carried the burden almost alone. It is understandable that they should lose some of provement in morale are heartening, With the fighting in Korea ended the Communists may decide to make an all out effort to win a victory in Indo China. France may face some difficult days and it is well that they are displaying an ability and a willingness to fight back.

Incident In Ecuador

The government of Ecuador has decided to release a newspaper publisher and four members of his staff from prison. They are serving sentences for shooting at supporters of the national administration when

against the newspapermen had been obtained.

But the paper likelf has not yet been released by the government. Before it can be freed the editors must promise to "refrain feeding so degree a street feeding so degree a street feeding so degree a street feed the editors must promise to "refrain feeding so degree a street feed and first two months. We would have been shoved off the peninsula.

Most generals prefer to fight cause these mornings we always wake up feeding so degree a street feed and first two months. We would have been shoved off the peninsula. freed the editors must promise to "refrain feeling so doggone tired. from calumny, insults and rebellions." In short the paper can resume publication if it will promise to deal more utinistration policies,

The case in Ecuador is an example of how freedom of the press is construed in some countries. In Argentina, Juan Peron has been ruthless in dealing with newsstate of affairs in the lands where freedom mer Time." of the press is denied should serve as a reminder to Americans of Just how precious that freedom really is.

The Horald in a member of the Associated Press which is entitled exclusively to the use for republication of all the local news printed in this newspaper as well as nil AP news disputches.

President Eisenhower has asked Con-, money needed to rebuild Korea placed the figure at about \$1,700,000,000.

Senator Knowland pointed out that the money would come out of savings resulting from the end of the war. He estimated that the cost of fighting the war in Korea has been about \$1,200,000,000 a year, exclusive of the cost of paying and maintaining the troops we have there.

Early in his administration President Eisenhower talked of the good that might be accomplished if the money being spent for war and preparation for war might be diverted to peaceful and constructive ends. His request for money to aid Korea is a way of suiting his actions to his words.

Korea has suffered terribly in the war and if it is left alone and unadided it might prove to be easy prey for future aggresalon on the part of the Reda, By beginning to rebuild that unhappy land as soon as possible we will be averting that danger and strengthening a valuable and gallant ally.

An interstate war may break out any day in the South. The Vicksburg, Miss., Chamber of Commerce claims for its state the honor of inventing the mint julep. The ing the French in Indo China. All this seems story is that riverboat crews came ashore for spring water to mix with their whiskey. One was attracted by the green mint that grew near by, and added it to his drink, with pleasing results. Hence the julep.

Kentucky will certainly rise in arms their enthusiasm for the struggle from against this hersy. Virginia, too, is likely time to time. But the recent signs of im- to be heard from, Mississippi had better watch out.

Wide Chasm Still Exists Between GOP's Hopes And Realizations

But Gap isn't As Great As **Before Ike Won**

(Third of Three Stories)
By DON WHITEHEAD WASHINGTON M-There still is wide chasm between Republican hopes for a two-party system in the Southland and their realization.

But the gap isn't as wide as it was before President Escabow steinped the state organization of

lican organizations. It may be any sharp trend toward a two-party system will become apparent first in the border areas.

Elsenhower carried Misseuri by nearly 30,000 votes. Republicans won a slim majority in the state House of Representatives, and carried 4 of 11 congressions scata. The Democrats won a U.S. Senate seat, held onto the governorship, and kept control of all state executive offices along with state executive offices along with

the state Senate. Sayre had a clear AP Correspondent Larry Hall support over Vinson.

this way:

"Republicans got a foot in the door in last year's presidential election and they here to wilden the crack in next year's congressional voting.

Perry Compton, republican state chairman, is highly optimistic about the outlook. He predicts the GOP can gain two more seath in Congress and win control of both Houses in the Legislature.

"We have already stated to organize for the eampaign, he may. The way things look now I think we can pick up both the think the transmer from Oklahoma Cit: and thus took financial control of the party away from Tukas, where he party away from Tukas, where he party away from Citranity and thus took financial control of thus took financial control of the party away from Tukas theolist and thus took financial control of the party away from Tukas theolistance the party away from Tukas took financial control of the party away from Tukas took financial control of the party away from Tukas took financial control of the party away from Citranity away

Republicans made strong show since the general election to keep ings. The 8th in Central Missouri the organization together and

Democrats now control the state sovernment, six of the state's eight seats in the House at Washingion, and one of the two U. S. Serate seats.
The Democratic fight is devel-

tration forces of Gov Lawrence but a short memory—and landed wetherby and Sen. Earle Clements (D-Ky). Chandler has openly challenged the Wetherby-Clements group and has announced he will run for governor in 1955. Already figure to \$5,000. With that in his pocket he bought a car and wrote out a \$550 check. some state legislative races.

win Desiney concedes "We still have a long way to go to gain a 30-50 split with the Democrats."

But the Republicans for the first time have set up permanent local beadquartics in sevical zerts of the state. Denney is hopeful his party will gain in the atate Legislature this year, pick up a seal or lature this year. State Penitentiary.

Sanford Junior Legion Reaches Area Tourney Finals' Cardinals Win 10-6, Tie For 3rd And Swipe 204th Base

federal taxes.

With all minor league clubs operating on a vertable margina

utility, this 37 percent in taxes makes baseball infeasible and a tosing business. Out of 360-odd minor leagues last year, only 19 either broke even or made money. This was the report given

What it all boils down to is that with the increasing costs of base-ball and the non-commensurate

ncrease in admission prices, plus the exceptitatly high taxes for a non-profit business, baseball in

the lower leagues are doomed un-less they can be sponsored by

would be nice to make money and any money left over would go to the Fernald-Laughton Hospital, just as we promised before the sea-

ceding the game there will be a series of interesting field events, the kind mother and the whole family will enjoy.

There will be an egg throwin contest... A home run hitting duel between last year's FSL home run king — Chuck Aleno— and this year's FSL leader-Manager J. C. Dunn of the Cardinals... In addition, there will be two throwing contests... Outfield throws for distance and accuracy throws for catchers... There will be running race to determine the fastest player on the Cardinals and Pilots.

All these things the Cardinals are doing for the fans so that they might help the club with a generous donation . . All money donated will be exempted from the normal admission taxes, since no

one will be required to may to see the game . . . We feel that this is the lest and only thing the Cardinals can do to save the club

is repealed in Congress soon, the misor lengues will begin folding up like they did in the depression It appears that the only other alterative I s for all the clubs to sto back to the old time days and

In conclusion, it is our opinion that unless this amusement tax

Congress by Minor League head George Trautman.

Flannigan Wins 5th From Sea Birds; Jax Beach Plays Here This Evening

By KENT CHETLAIN Sanford's rollicking Cardinals catapulted from fifth piace into a two-way tie for third place with the Cocoa Indians by clobbering the Jacksonville Beach Sea Birds, 19-6, in Jax Beach last night. It was Sanford's eighth triumph in their last nine games, 12th

It was Sanford's eighth triumph in their last nine games, 12th in 15 encounters and fourth in a row. The Redbirds swiped five more bases to vault their season's total over the 200 mark to 204, only nine short of the Florida State League record established by Gainesville back in 1937.

Jim Flannigan, lanky right-hander from Tucker, Ga., lasted until the algebth hafors ratiring Defand 25 11 694 for hurler Paul Smith, Flannigan Daytons 20 16 671 419 was credited with his fifth victory SANFORD 20 17 541 514 16 671 17 641 was credited with his fifth victory 20 17 .541 10 17 .528
