A bill which would prohibit the assignment of public school students in Florida on the basis of race, was prefiled by State Rep. Lewis Earle a New York state law enacted in 1969

bill makes it illegal to assign students to Flori da public schools on the basis of race, creed color or national origin. I believe it is time to force the ultra-liberal to swallow a good dose of his own medicine. We can all agree that race should not be a factor in the treatment of individuals

62nd Year, No. 136

race. Such forced assignment is in fact the worst sort

"It will be very interesting to watch the liberals the New York state pupil assignment law. All I want is for Florida students to have at least as much freedom as New York state students! If the federal courts, in their great wisdom, should decide that my bill is invalid, then New York's pupil assignment law will also be invalid. The South may not 'rise again', but my bill may at least cause nothern hypocrisy to

Stop Auto Thefts

stand tall and straight about, to enjoy personally and to - in general - be as sunny as the state's national reputation for sunshine permits, that it is a cruel shock to find this out: Florida has the dubious distinction of hav-

Istate in the South. Source of this statement is H. T. DeArmond of Atlanta, chief special agent for the southern division of the National Automobile Theft Bureau. Citing the ever-swelling flood of auto thefts

which he said have mounted countrywide from 1,000,000 in 1969, he called for a coordinated Teffort by law enforcement agencies, the courts, the insurance industry and the public to re-Specifically, Mr. DeArmond said the NATB

and other agencies could deal more effectively with the auto theft problem if: 1. They had stronger laws to work with

2. The courts would deal more severely with - 3. The public would stop its lackadaisical attitude toward the problem

- We are especially intrigued by No. 3! For there are few of us who are not lackadaisical or worse when car theft precautions are concerned. - The simplest is to lock the automobile. This means not only the ignition lock but the automobile itself. Experience has shown that this is one condition which usually stops the casual thief, or the youngster who wants to "borrow."

Such an atitude is a benefit to yourself, the police who must apprehend and - in essence to the thief who steals and finds himself on the road to worse and worse lawbreaking if he can "get away" with this!

The time has changed, so has the place, but the status is just the same. Seminole Junior College, runner-up in Division II to Lake City will be the conference's second representative to the Florida Junior College Conference state tourney slated to start in Lake City Thursday. But Seminole has a different role than any other team preparing for the glittering state meet: They are the defending champions. State tournaments are an assumption to the Raiders, not a feat, as this trip marks Seminoles

third straight journey to the contest. The Raiders will take a 22-5 slate into the tourney, with their first foe being highly ranked and powerful Gulf Coast. The Panama City team is considered to be one of the three favorites going into the tourney. Brevard, beaten only once during the season, ranked as the nation's number one junior college quint takes one of the other favorite posts. Lake City, host for the tourney, and unbeaten at home in the past 50 straight tilts takes the other favorite nod. SJC mentor Joe Sterling considers Gulf Coast "loaded with talent." The Raiders squareoff against the Commodores at 4 p.m. Thursday.

In discussing Gulf Coast Sterling remarked, "They're as tough as anybody in the state." Sterling backs up that statement by pointing to the West Coast team's fantastic 103 point per game offen-

"We will have to have a good effort from everyone, during the entire tourney if we expect to win the championship," Sterling continued, and concluded, "We're not as strong as some of the other teams in the tournament." Seminole is considered the "dark horse" of the

tourney, another position that the Raiders have become familar with through their past tourney ex-Advance tickets for the tourney are now on sale. Those who desire advance tickets should call at

ized condition it was after last year's final fishing trip. If this is your situation, here are a few "get ready" tip

Lures are the first order of cleanup business, Metal and plastic lures should be washed in a warm-not hot-soapy solution to remove grime and grease which dulls the finish, making them unattractive to fish. Hang washed lures on a line in the basement to dry, then polish to a high gloss with a soft rag. Metal polish will brighten brass spinners and spoons. Apply clear lacquer to brass to retain the luster. Flies and feathered jigs should be checked for loose thread, gusted hook eyes, bits of leader, and general condition of the

body materials. If they are damaged, it's best to discard old Wipe rods clean with a mild soap solution, check ferrels seats for firmness. If a rod is several years old, it is a good

Altamonte's Firemen Wary Of 436 Traffic

The traffic situation in Altamonte Springs has become so hazardous on SR 436 and Longwood Avenue the municipal fire trucks are experiencing difficulty in answering alarms and are being delayed by as much as four minutes. The trucks are unable to reach the intersection and Chief Gary Kaiser admonished City Council at a meeting yesterday that for the trucks to enter the oncoming lanes is tantamount to "suicide."

The situation also received the consideration of Police Chief Fred Folsom, who made recommendations to council regarding SR 436. Folsom advised that no left turns should be al-U-turns be allowed on SR 427 at its intersection with SR 436: that parking in front of the postoffice be forbidden; that parking be prohibited on SR 436 between speed limit on SR 436 be reduced to 30 miles per hour

Council is forwarding a request to the state Department of Transportation (DOT) asking the agency to order the above recommendations by the police chief be placed in effect.
