The other contestants have quite a start. There is no ouse denying that, but there is still plenty to time for you to give them a run for their money, if a start is made at once. Why let a few votes descourse you? Just think how you would be envied by your friends if you were to win the beautiful Buick tourse car or one of the other fine prizes.

"Lady Luck" does not figure in the race at all. Chance doesn't have a part in this contest. The winn in this race will be the one who is willing to work. If you start now and work conscientiously you whave just as good a chance as the next one, no matter how big a vote that contestant may have at the time.

Every confestant is allowed to obtain subscriptions anywhere not alone in Sanford or in Seminal county, but in any part of the whole United States, or for that matter the whole world.

And another thing. Every contestant who enrells in the campaign and remffins active until the and fails to win one of the prizes will be paid a commission of ten per cent on every dollar turned in. Here you can see that no contestant works for nothing. Everyone will be paid and paid well. No worker of lose.

The thing to do is to get busy at once. If you have not already nominated yourself in the context do it now and then star, working. Do not delay another week, or another day. The longer you wait to harder it will be for you to win. Set your heart on the Pauk and then do not become disheartened, if somewhere you by a few thousand votes. A few subscriptions will bring your vote up.

And remember, the winning of these prizes is not a matter of luck. It is a simple matter of salesman ship. The young lady who really gets busy and works can easily win. It is a chance such as you multiple never have again in your whole lifetime. Can you afford to let is pass?

Five of the series games were played at Baltimore, one of them, the third, resulting in a 13-inning 6-6 tle. Baltimore won the first four to three Ad St. Paul took the second 6 to 6. Winning the other two at Baltimore 6 to 4 and 10 to 1, the Orioles came to St. Paul to close the series, holding a three to one game lead. An old tobacco secret re-discovered -

1870 -Wellman's famous old Secret

1921revived for Granger

1924-

a popular seller in 32 states - a quarter-million smokers

A new richness from an old-time process

Made for pipes - cut for pipes -packed sensibly to save money

NTOW it can be told. Three years ago we decided to revive a famous old secret method of mellowing tobacco-"Wellman's Method", it was called.

For three years we have been quietly trying it out-we, and about a quarter-million shrewd pipe-smokers who discovered it for themselves.

No whirlwind campaigns, no "special offers", no extravagant claims; Granger Rough Cut has made good on its taste alone. There could be no better proof of its quality.

Now we are ready to "tell the world". An extraordinary pipe tobacco. "Wellman's Method"-now ours exclusively-not only mellows tobacco, but "rounds it out"

- gives it a new taste, richer and milder.

There's no other method like it, nor any other tobacco like Granger.

And not only differently mellowed, but cut differently-cut for pipes. The Rough Cut burns more slowly, hence smokes coolerand a pipe-load lasts nearly twice as long-And finally-notice the package.

If Granger Rough Cut were packed in fancy

lithographed tins, it would cost 15 cents. But wrapped in smart heavy foil, you get this fuller, longer, cooler smoke at a third less cost. Foil instead of cost-

ly tin-hence the price.

Too good to be true? Ask any man who has tried it. Better yet-get out your pipe!
