## Allies "Reduce" Jap Remnants In New Guinea Trap

### Nips Still Fall Back In China, Losing Important Points In Chekiang Area

(By Associated Press) In the Pacific, the Japanese scheme was smashed by defeat in a trap at Milne Bay on New Guinea. Jap remnants are being "rapidly reduced," Gen. MacArthur reported today.

The Japs also are falling back in China. The Chinese pushed them to the outskirts of Nanchang, Kiangsi province, and recaptured Lungku near Chongshen, Chekiang province, and Lan-chi on the Chekiang-Kiangsi railroad, also is reported back in Chinese possession.

The Chinese also are pressing southward in a drive against Canton, South China. This offensive now is menacing Kuitien. The recapture of Hanyang in southwestern Chekiang, also confirmed by the Chinese.

A special communiqué, handed out at MacArthur's headquarters with smiles all around, announced that the "Milne Bay area is rapidly being cleared of the enemy." All his heavy supplies and equipment including tanks were lost.

The first word of victory said the Japanese still left in the Milne Bay area on New Guinea's southeastern tip, were being rapidly reduced to a small force of about 1,000 men.

That shortly afterward in its second daily communiqué, MacArthur announced that Japanese ground troops had been repulsed with heavy casualties in the Kokonago area, 200 miles east of Port Moresby, inland from the Gona-Buna area.

At the same time it was disclosed that Japanese ground troops had been repulsed in another phase of the resurgence of fighting over a wide area of New Guinea.

## Allies Raid Tiny Island Between Greece-Crete

(By Associated Press) Egyptian activity in confined areas in the Mediterranean, the RAF attacked Axis shipping today hitting at least three vessels.

A mysterious commando-style raid on the tiny island of Antikythera, between Greece and Crete, and a hot 24 hours of air fighting in the eastern Mediterranean, forced Males, indicated yesterday that the British once more were striking strongly for the initiative in the Mediterranean.

At the same time a Reuters, British news agency dispatch from "aboard a British destroyer in the eastern Mediterranean," reported that a British force of destroyers rained shells on Rome's tank repair shops and stores at Civitavecchia on the Italian coast early Saturday morning.

At the same time British submarines were reported to be taking a heavy toll in attacks on German merchant shipping in the Mediterranean, oil and ammunition though to Field Marshal Erwin Rommel whose expeditionary force in the desert of Alexandria, and the Nile delta appeared to be fading with the waning of the desert moon.

The first word of the raid on Antikythera, which the Italians call Corgetto, came from the Italian high command which said a small enemy unit made a landing attempt on the night of Aug. 25 but "fled on the quick intervention of our defenses."

## Dixie Flagler Is Derailed In Indiana

CLINTON, Ind., Aug. 31. (AP)—The southbound Dixie Flagler streamlined passenger train between Chicago and Miami, laden with more than 150 civilians and soldiers, was derailed at the north side of the city Sunday.

One person, Ames Weeks of Jacksonville, Fla., escaped with a broken leg, but several were seriously injured, including one who was killed.

The night passenger cars and one truck on the locomotive went off the rails but stayed upright, and the tender overturned.

POLICE FREE ON MOB LUCKNOW, India, Aug. 31. (AP)—Riotous persons are believed to have been in the city since the first week of the month 500 persons attacking a railway station between Lucknow and Patna, and a train in the north country with 100 persons on board.

## Fortresses Make 2 More Raids Without Loss Of Single Plane

(By Associated Press) Eight times United States flying fortresses have returned without loss from bombing raids over occupied Europe today. The same all American aircraft returned safely from two raids on the French coast.

The first of the raids was on the French coast, North Africa, and enemy airfields near Matruh. Three times on successive days United States warplanes blasted the Japanese base at Mikoyan, northern Burma.

Russian bombers, however, blasting out at least 100 miles from the eastern front, set off fires in Berlin, Koenigsberg, Danzig and Stettin Saturday night, the Moscow radio announced, and it warned the German people that they could expect long nights of terror from mighty Allied air raiding forces this winter.

The Berlin radio admitted that "house and incendiary bombs rained down on the districts of the German capital. It said the destruction was at great height and damaged their homes."

At Koenigsberg 20 fires were set off by incendiary bombs. At Danzig there were eight fires and four explosions, and at Stettin six fires and two explosions, the Moscow radio reported.

## WPA Trucks Will Comb County For Metal Wednesday

Residents Are Urged To Pile All Scrap In Front Of Homes

All residents of Seminole county who have not as yet searched their attics, sheds and porches for every last bit of scrap metal are urged to do so on Wednesday, August 31, when WPA trucks will start out to comb the county for scrap metal.

Every home in each of the 10 townships which will follow throughout the county will be canvassed for scrap, according to Mr. Dawson, who for a long time has been in charge of the county divided into districts.

In order to speed up scrap collection, he urged that residents place the metal out in front of the house where it can most easily be picked up. Every truck will be provided with a scale, and donors will be given a receipt for the metal if they so desire, and payment at the rate of 25¢ per 100 pounds of metal.

Mr. Dawson said that the WPA workers will cover the entire county, but he added that he was going to make a "house-to-house" job.

Meanwhile Boy Scout troops III girls and members of a neighboring American Legion group have been busy gathering scrap metal. Adjutant Bill Thorpe of the Post reports that members collected over a ton of metal Sunday.

An additional incentive for adding scrap metal to the Legion's collection is provided by the Kluge Reed Co. Adjutant Thorne stated that a ticket would be given to each donor with a number on it. Later a winning number will be drawn, he said, and a reward of \$5 in War Savings stamps given to the lucky number holder.

In connection with the WPA scrap pickup starting Wednesday, Chairman Dawson has mailed cards announcing the start of the town to residents throughout the county. Meanwhile, he urged that residents place their metal in front of their homes and mail to him the cards previously sent out, or telephone 470. This, he explained, will help to speed collection of scrap.

## Postoffice Cracks Down On Magazines

WASHINGTON, Aug. 31. (AP)—A picture of girl with pretty legs, and pretty much of them showing, may brighten a magazine occasionally but as a standard of decency it isn't what the Postoffice Department wants to carry on a 50¢ cent box.

And that, officials said yesterday, is why you may see on the newsstands fewer and fewer magazines fronted with risqué pictures and filled with more of the same.

In the past two months, the department has barred the second class mails with 20 periodicals, some of them widely known.

## 449 Ships, More Than 3,000 Lives Lost In Atlantic

NEW YORK, Aug. 31. (AP)—The battle of the Atlantic has claimed 449 Allied and neutral ships, and more than 3,000 lives, according to a report by an Associated Press tabulation of announced Western Atlantic sinkings disclosed today. The sinkings disclosed were: the liner *Arcturion*, 1,700 tons, sunk in the Atlantic; the *Arcturion*, 1,700 tons, sunk in the Atlantic; the *Arcturion*, 1,700 tons, sunk in the Atlantic.

## Brazil's Declaration Is Backed By Decree

RIO DE JANEIRO, Aug. 31. (AP)—Brazil's declaration of war with the Axis powers was formally followed up by a decree today. The decree, signed by Vargas, formally declared war with the Axis powers, and authorized the government to take such measures as it might deem necessary to put nation on a war footing.

## Germans Throw Full Power At Unyielding Red Defenses

(By Associated Press) With the Axis stalled in Russia and the Pacific, the Germans throw all the weight of their manpower and machines against unyielding Russian defenses at Stalingrad today as the Red offensive continued unbroken to the north. Moscow reported the Reds were holding their own on the critical Stalingrad struggle, destroying many Russian machines, but Berlin claimed the city is under fire by Nazi planes and German troops only 15 miles away.

Russian gains were admitted at Rostov, northwest of Moscow. In the Red's own "second front," Soviet troops supported by T-34 tanks and ground pontoon launched counter attacks both northwest and southwest of Stalingrad, inflicting heavy losses on the enemy, particularly on an Italian battalion which was said to have lost 10 percent of its men.

The German army has driven past the city, but the Red's counter attack has driven the German back to the city. The Red's counter attack has driven the German back to the city. The Red's counter attack has driven the German back to the city.

## Seminole Quota Is 2 New Tires, 8 Recaps Weekly

Peterson Tells Club Tires In County Are Getting Thin

The Seminole County Retiring Board is limited to granting two passenger-type tires and eight recaps a week. A. H. Peterson, secretary of the board, revealed at the Rotary Club luncheon today with the statement that "just being eligible isn't enough to get recaps because of our limited quotas."

And after eight months of rationing, all the tires in the county are getting thin, he said. It is impossible to meet the demand with our allotments. For instance we could give only 10 recaps to purchase bicycles last month. He added that restrictions on the rationing of typewriters, automobiles and such also have been tightened.

Mr. Peterson, along with H. J. Adams and R. H. Wright, members of the Retiring Board, advised the Seminole County citizens for their rationing program, which makes the rationing program possible for the county getting better. A books in the gas rationing and applied for supplemental book B and but 250 for the book. This is a good record.

Mr. Peterson said that the board is allowed each month most be used for business purposes. The board secretary added in regard to the talk of having a gas rationing in the Sanford and Kingsland area, that the board is not in a position to make such a decision. He said that the board is not in a position to make such a decision.

## Stirring, Patriotic Send-Off Is Given Seminole Selectees

Funeral Services Held Sunday For Charles R. Tate

Funeral services for Charles R. Tate, 27, who died at the Kingsland Hospital Sunday afternoon after an illness of three months, were held at the Kingsland Baptist Church Sunday afternoon. The services were conducted by Rev. H. H. Tate, pastor of the church. Mr. Tate had been in the hospital since last June.

## 700-Ton Furnace Is Moved Over 100 Feet

YOUNGSTOWN, O., Aug. 31. (AP)—Youngstown Sheet & Tube Co.'s new blast furnace, 200 feet high and weighing nearly 700 tons, was moved 112 feet recently and placed on its foundation in one of the first industrial moving projects of its kind.

Sheets & Tube pioneered the way by building the furnace on movable bars while an old furnace is being raised to reduce loss of time 90 to 95 days and increase the district's iron production nearly 100,000 for war purposes.

Never before had the steel industry heard or considered the plan of building a top-heavy blast furnace anywhere except on its permanent foundation. But Sheets & Tube officials say this may be done in the future because of war conditions.

## East Will Get More Fuel By WPB Move

WASHINGTON, Aug. 31. (AP)—The War Production Board today authorized the increased drilling of oil wells in Illinois, southwestern Indiana and northwestern Kentucky in an effort to make more petroleum products available in the east.

The Office of Petroleum Coordinator estimated the move will make available from 30,000 to 35,000 barrels additional daily.

## Credit Association To Open New Offices

Effective tomorrow, the name of the Sanford Production Credit Association will be changed to the Central Florida Production Credit Association, and five branch offices will be opened during September. J. R. Davidson, secretary and treasurer, announced today.

The offices will be maintained either part or full time at Orlando, Leesburg, Deland, Kissimmee and Cocoa in addition to Sanford. J. R. Chapman is president of the association.

Wage And Price Control

Those of us who are still trying to get along on the
incomes we had before the war began have little difficulty
today in recognizing the evils of inflation or in under-
standing what is meant by the cost of living getting out
of control. Those who are profiting from the war in one
way or another may not so easily realize the necessity for
a ceiling over wages as well as prices.

It should be fairly obvious that it is impossible to keep
prices down to anywhere near their present level if wages
are permitted to rise indefinitely. And yet this is exactly
what certain labor leaders propose for a rather large seg-
ment of our population. Organized labor constitutes the
largest single group in the country and if these incomes
which make up the bulk of the cost of most commodities
continue to go up, the prices of those commodities must
also go up.

And so President Roosevelt is expected to go on the
air some time around Labor Day to explain to the nation
the necessity for further price and wage control powers.
He hopes to gain the support in this move of such fairly
consistent backers of his policies as William Green and
Philip Murray, but it is by no means certain that he will
do so. The nation as a whole, however, may be expected
to fall in line with the President's conclusions as expressed
at his recent press conference.

That the problem of inflation is so acute that it might
get out of hand within the next 30 days.
That he expected to announce full details of his
anti-inflation program in an address to the country and in
a message to Congress around Labor Day.
That there is not time for further legislative action
and that the President has been assured that he possesses
sufficient wartime powers to act.

That while progress has been made in reducing the
speed with which the cost of living has been mounting,
more needs to be urgently done.
That it is impossible to stabilize farm prices without
stabilizing wages and that it is impossible to stabilize wages
without stabilizing farm prices.

That he does not consider the interests of farm work-
ers and industrial workers in conflict and that they will
both suffer by a run-away rise in the cost of living.
That stabilization of wages does not mean that there
should be no wage increases whatsoever but that wage
increases must be clearly justified by increases in the cost
of living.

Preventing Accidents

Although removal of many automobiles from the
nation's highways may be expected to materially reduce
accidents during the coming year, the total number of accidents
as reflected by figures on accidents in the homes and
industrial plants may be expected to increase because of
greatly increased activities and prolonged hours in these
lines.

To help combat this menace the National Safety Coun-
cil has just appropriated \$250,000 in an effort to conserve
the nation's manpower. This is the first time, according
to the Council's president, Col. John Stilwell, that an acci-
dent prevention job has been undertaken with such excel-
lent chances of success.

"For the first time in our history, an accident-preven-
tion program with the scope, leadership, and momentum
required to meet the actual needs of the nation is under-
way," Colonel Stilwell said. "This initial appropriation
will enable us to set in motion the first steps of the vast
program ahead to preserve manpower and keep American
war production up to peak level. . . . We must preserve
uninterrupted production for our fighting men. Every
minute is a vital asset. We must aid and can stop accidents,
and the time to stop them is now."

"The enlarged activities for which these funds are
needed will not constitute a program separate and distinct
from the regular work of the National Safety Council,
but rather an expansion and intensification of that work,
already devoted to aiding war production, to a scale more
nearly commensurate with the present national need. The
Safety Council will put into effect its proved techniques
which have reduced accidents in some industries and com-
munities more than 50 per cent."

Of the initial appropriation, \$70,000 will be used to
start new work in the food industry; \$45,000 will
begin a campaign on "off-the-job" accidents in the
home; \$15,000 will go to the work of local safety councils,
and the sums to New York in traffic safety and the pre-
vention of accidents among agricultural workers.

Definition of a Jook

As we understand it, jook joints are establishments
where intoxicants are sold to anyone who has the price,
at any hour of the day or night, and where boisterous and
immoral conduct is regarded as a natural concomitant.
Usually, jook joints are located in suburban and rural areas
where they may operate in comparative freedom from
police restraint. Reading accounts of debauchery and crime
hatched in these places, we get the impression that they
are for the most part operated by persons who have no
regard for either law or decency. The joints are reaping
a rich harvest now because of the presence of large num-
bers of young service men, many of whom are mere boys
newly released from the wholesome ties of home and home-
land influences. These boys are being victimized and
debauched by the jook joints and public indignation is
rising. Something will have to be done about it, and that
right soon.—Tarpon Springs Leader.

Greeting Telegrams Will Be Discontinued

No special-rate social and
holiday greeting telegrams, tou-
rage and reservation messages or
sing-a-grams can be sent after
Sept. 18, it was announced
today by Lester Tharp, local
manager of The Western Union
Telegraph Company. Cancellation
of all flat-rate telegraph services
in the nation has been announced
by the telegraph company to
prevent any possible interference
with the efficient handling of
the large and growing volume of
vital war communications.

"Western Union told the War
Production Board as long ago as
Mar. 10 that it would cancel
these services as soon as they
threatened to interfere with gov-
ernment or war messages," Mr.
Tharp said. "As long, however, as
Western Union could handle these
special services without any dan-
ger of delaying war messages,
the company has refrained from

discontinuing them because they
gave pleasure to so many people,
and thereby contributed to pub-
lic morale.

"I regret that we must take
this step because these services
were attractive to many local
people and to men in the military
and naval services. We feel our
patrons will understand the cog-
nate necessity for this alter-
nation during the present emer-
gency. We shall still keep in ef-
fect the low-rate Expeditionary
Force Message, and from
members of the American army
forces overseas and the low-rate
Cable Money Order Service to
these forces," he said.

Mrs. Wright's students from seven to 16 years of age will open Sept. 8 at 4:00 P. M. Mrs. J. L. McEwan will be pianist again this season.

## Commandos Meet At Woman's Club

Miss Dorothy Ann Whitner was awarded a defense stamp for bringing the largest amount of scrap iron and rubber to the regular meeting of the Junior Commandos and Sanford Junior Waste Wardens, Saturday morning at the Woman's Club House.

Miss LaVerne Newsom also won a prize of a defense stamp in a mental telepathy game during the recreational part of the morning's program. The group gathered around a large table in the club's auditorium and discussed citizenship informally.

Other entertainment was carried out in a novel manner. The group, with the assistance of the piano keyboard, selected chorists and combinations of keys to describe personalities. As President Roosevelt, they chose a group of keys in the middle of the keyboard, while to describe Hitler who is a "heavy man of black character," they chose notes far in the deep bass of the keyboard. For the American flag they attempted to choose a colorful, harmonious chord. To describe the colors of dresses worn by some of the girls, the group selected various notes.

The next meeting of these organizations for boys and girls of junior high school age will be Saturday morning at the Woman's Club at 9:30 o'clock and invited people of that age are invited to become members. The organization's slogan is "Citizenship that is needed in defense projects."

Those present at the last meeting were: Miss Whitner, Miss Newsom, the Misses Viola Alexander, Willis Fay Cherry, Georgia Hutchins, Rose Ann Brookes, Betty Rowland, Helen Petras, Harriet Matthews, Ruby Anderson, Marjorie Anderson and Mrs. James Moughton, advisor.

## Mrs. Madge Rigney Is Honored At Party

## Cannibals Inhabit Solomon Islands

Wide World Features

The Solomon Islands, located in the center of Melanesia, east of New Guinea, now scene of mortal U. S. Jap combat, were lost for 200 years after their discovery by Spanish Alvaro Mendana in 1577. Louis Antoine de Bougainville, a French navigator, found them again in 1768. Bearing his name is Bougainville, largest (150 miles long, 35 wide) of the Solomon chain of 10 large, memorable islands. Heavily forested, volcanic mountains give the Solomon rugged beauty; coral reefs and frequent earthquakes add a sinister note.

No lovers of European civilization until a decade ago natives were plied to Australia and Fiji Islands for forced labor—the 100,000 inhabitants of the Solomons mostly black-skinned Melanesians who close to small tribal units. Some still are head-hunting cannibals. Chief prospect in recent times of the islands is copper. Capital prior to the Jap invasion was Tulagi.

# Celery Feds Gridders Slate Initial Practice

### McLucas Has 25 Days To Prepare Squad For Eustis Opener; Exercises On Tap

The first practice of the 1942 edition of the Seminole High Celery Feds grid team was called for 3:00 P. M. today at the high school field, with conditioning exercises the main thing on the program.

The boys will romp around in shorts for several days, the muscles, tenderized over the summer, toughen up, and it will be some time before Coach L. E. McLucas trots out the heavy football equipment. The first tilt of the season is set for Sept. 25, when Eustis comes here, giving McLucas three and a half weeks to round a comparatively green bunch of gridgers into a competent outfit.

The coach has expressed a little more optimism over this year's prospects than usual, predicting a "pretty fair" eleven. However, with seven gridgers and a total of 11 lettermen missing because of the cap and gown ceremonies, no powerhouse is expected here.

The turnout of boys is expected to be light at first as several prospective gridgers are employed at the Air Base and on other jobs and some are out of town even returning lettermen. As line men, Andrew Hasty, W. E. Hertz, Charles Corley, Jimmy Ridge, and backer, Billy Fleming, Warren Daniels and Ralph Wolf.

Stars of 1941 who are lost in the team are Bill Braun, McKay Truck, Mack Cleveland and Olen Farrell in the backfield, and Glenn O'Han, Junior Brown, Ed Herring, Taylor Brown and J. W. Hicks in the line.

The schedule follows: Sept. 25, Eustis here; Oct. 1, Lake City here; Oct. 9, Daytona here; Oct. 16, Deland here; Oct. 23, Leesburg here; Nov. 6, Leon of Tallahassee here; Nov. 13, St. Augustine here; Nov. 20, New Smyrna here; Nov. 26, Leesburg here.

### Article Hitting Braves Draws Storm Of Abuse

By WHITNEY MARTIN  
NEW YORK, Aug. 31, (AP)—The recent revealing picture showing the Boston Braves' dugout dripping gloom as Eddie Miller returned after hitting a home run has the Braves' manager, Dan Hoerns, and their loyal fans doing more than a little buzzing themselves.

The consensus of their opinion is that "it's a lie." The defense is that the picture was snapped after the turn-out and shooting had died and that you couldn't expect Miller's teammates to continue the welcome far into the night with torchlights, particularly as the Braves were trailing 6-2 at the time of the blow.

One impartial fan we know he's impartial because he signs his letter "Boston Fan—Both Sox and Braves," gives us a going-over for our piece on the picture, and as the letter is more instructive than vitriolic, as quote from it as follows:

"It's very disappointing that a nationally-known sports writer (Ed's) note—'What? Me??' should take such a crack at the Braves because that now famous home run picture is an ordinary fan's occurrence to me at once that all the 'buzzing' is done while the market is rounding off and while crossing the plate. Unless it had a vital bearing on the game there isn't much after the players reaches the dugout steps.

"It turns out of course that this is exactly what happened and how sports writers weren't able to see it another me. As a matter of fact I'd just like some time to see a picture of a Red Sox player under the same conditions. Purely a spiritless team if ever there was one but they do a pretty good job of winning ball games.

"From my observation this season the Braves have much more spirit than the Sox. In fact, people comment on it. They are nimble about the outfield. Javary it's nice to see players like Smith, Klutz, West and Miller draped over them on the way to the dugout. It's unfortunate the photographers haven't snapped a few of these boys to show the other side.

"As to Stengel's jokes, you needn't follow me about that. All we know is what you tell us in the papers. You all seem to like him (Ed's note—correct). Remember this club nearly lost its franchise a year ago and building a team is tough now. Days at least I think it must be after seeing what Jimmy Wilson is doing with the millionaire Clubs. McKechnie and his hangers-on backed by the Crosley gold and why go on.

"Let's see what Stengel can do with some ball players. I don't think he's ever had a chance. At Brooklyn he was given Gregrathy's

### Two City Teams Are Wanted For 6-Team League

Plans are now being made for the formation of a six-team diamondball league, including four representatives from the Naval Air Base and two Sanford teams.

Milton Dearson, manager of the Sanford Independents, said today that the local Recreation Committee asked him to organize two city teams to compete with the Naval Air Base and two Sanford teams.

Dearson, who has about 15 men on the roster, has broken even with an all-star base team losing last Thursday, 5 to 3, after winning a previous 11-9 decision. A rubber game will be played Tuesday night at 8:30 o'clock at the lake front between the Independents and Navy stars.

The Independents, who have a total roster of just five days less than a year on five charges at City Court Friday, according to police records. The Negro was sentenced to 90 days for carrying a concealed weapon, 15 days for drunkenness, 75 days each on two disorderly conduct counts, and 75 days for larceny of a pistol.

White cases during the two seasons last week follow: Joe Sidney Williams, drunkenness, \$11 bond, sentenced to 30 days; Allan Hamon, drunkenness, \$10 bond, sentenced to 30 days; Duke Ranne, drunkenness, \$10 bond, sentenced to 30 days; Jack Johnson, possession of illegal liquor, \$75 bond and 30 days; Alvin Mills, drunkenness, \$10 bond, sentenced to 30 days; Jerry Martin, possession of illegal liquor, \$75 bond and 30 days; Alvin Mills, drunkenness, \$10 bond, sentenced to 30 days; John Henry Jackson, larceny, \$15 bond and 15 days; Steve B. Simmons, larceny, \$15 bond and 15 days; Ed Glover, larceny, \$15 bond and 15 days; Willie Humphrey, assault, \$15 bond and 15 days.

Other cases follow: Fatline Babson, drunkenness, \$25 bond and 30 days; Duke Ranne, drunkenness, \$10 bond, sentenced to 30 days; Alvin Mills, possession of illegal liquor, \$75 bond and 30 days; Jerry Martin, possession of illegal liquor, \$75 bond and 30 days; Alvin Mills, drunkenness, \$10 bond, sentenced to 30 days; John Henry Jackson, larceny, \$15 bond and 15 days; Steve B. Simmons, larceny, \$15 bond and 15 days; Ed Glover, larceny, \$15 bond and 15 days; Willie Humphrey, assault, \$15 bond and 15 days.

### Negro Gets 360 Days At Municipal Court

B. D. Warren, negro, was given a total sentence of just five days less than a year on five charges at City Court Friday, according to police records. The Negro was sentenced to 90 days for carrying a concealed weapon, 15 days for drunkenness, 75 days each on two disorderly conduct counts, and 75 days for larceny of a pistol.

### Surging Cards Chop Brooklyn Lead To Three Games, Taking Double-Header From Braves

ST. LOUIS, Aug. 31, (AP)—Riding high on a surge which has brought them 19 victories in the last 22 games, the Cardinals triumphed twice over the Boston Braves yesterday chopping the Brooklyn Dodgers' lead to three games.

Harry Gumbert's 11th inning double counted Johnny Hopp from second for a 3 to 2 edge in the nightcap after a 13-hit attack on four Boston pitchers took the opener, 8 to 2.

Meantime, the Dodgers split a double bill with the Pittsburgh Pirates.

Johnny Heasley got credit for his 17th victory of the campaign in the opener, although Gumbert hurled the last three frames. Ernie White started the nightcap and was jerked for a pinch-hitter in the ninth. All in all, Gumbert allowed two hits in five innings and received credit for the nightcap triumph.

Held to five hits by White and Gumbert, the Braves in the second game scored once in the fourth on an error and again in the eighth on a walk, a single and a fly ball.

Terry Moore scored in the first inning. Then tripled home another in the fifth. Hopp singled to open the 11th, advanced on Marty Marion's sacrifice and scored on Gumbert's extra-base blow.

The Cards looked shaky in the early stages of the first game, but a five-run spurge in the sixth sealed up the decision. Enos Slaughter, batting for the National League batting crown, hit safely four times in five, driving in four runs. Ernie Lombard hit a home run in Boston in the fourth inning.

### Pittsburgh Gains Split In 2 Tilts With Brooklyn

PITTSBURGH, Aug. 31, (AP)—The Brooklyn Dodgers broke even with the Pittsburgh Pirates yesterday, seeing their first-place margin over St. Louis reduced to three games as the rampaging Cardinals swept a twin bill from the Boston Braves.

The Dodgers won the first game 3-1 but their eighth-inning rally in the second game fell short and they were defeated 9-5. Vince DiMaggio put on a one-man show for the Blue victory, batting in five runs. He also drove in the lone Pirate run in the first contest.

Rip Sewell held the Dodgers to a pair of hits until the eighth inning for the nightcap when they called for four runs on as many hits and a walk. Dolf Camilli's two-run triple was the big blow of the inning. The contest was halted at the end of the eighth because of Pennsylvania's Sunday law.

to be. But seriously, the spirit in Seminole County is the best there is." Rev. Frank Pulley was program chairman.

Earl Turner, local telephone company manager, issued a plea in behalf of the war effort, that the public make one less call a day and limit conversation to a shorter time. Government and war demands on telephone service are heavy, he declared, and materials formerly used by the company are going to the war effort. The club will not meet next Monday, which is Labor Day. Holiday hours provided for the first time since his election, Mr. Dean recently returned from Chimley Rock (S. C.) camp for boys where he instructed 120 youths in the art of rifle shooting. Larry Pagano of Island was a guest.

## U. S. - British Planes Pound Rommel's Army Advancing In Egypt

### Axis Gains 8 Miles Over Mine Fields; Heavy, Successful Allied Raids Made

(By Associated Press) — Egypt, Rommel's forces are reported to have advanced eight miles through British mine fields in the el Alamein sector today. Allied bombers swarmed over the desert battlefield overnight pounding Nazi motorized concentrations in "heavy and successful raids."

New American tanks and American repair crews stood ready to combat the new drive as United States bombers helped support Gen. Alexander's defense armies.

Using armored units, Rommel "pushed forward" early Monday in the moonlit desert near El Helmet, a prominent peak 200 feet high at the fringe of the sandy Qattara Depression 25 miles due south of El Alamein, where the sweeping Nazi advance toward Alexandria and the Nile was arrested early in July.

The newly immolated engaged by Allied forces, the announcement said, and fighting was continuing when the communication was issued just after midnight today (P. M. Monday, Sept. 1). This was the first Axis thrust against Allied defenses on an extensive scale since Rommel was halted during the first week in July when he was scarcely 70 miles from the British Mediterranean base at Alexandria. At that time British counter-attacks drove the Axis forces back about 10 miles to their present position.

### Two Discharged WPB Officials Are Indicted

WASHINGTON, Sept. 1, (AP)—Acting on information furnished by War Production Administration and the war frauds unit of the Justice Department, a Federal grand jury Monday indicted two discharged WPB officials and three dealers in used machine tools on charges of conspiring to defraud the government and interfere with the war effort.

An indictment was returned in the District of Columbia court of Robert B. Rhoads, of Indianapolis, and Ralph L. Glaser, New Haven, Conn., who were chief and assistant chief, respectively, of the available used tools section of the WPB, from January to Aug. 4, when they were dismissed from their \$5000 posts.

Named with the WPB officials in the conspiracy were Louis E. Emerson of Chicago, president of the firm bearing his name, and described as one of the largest tool dealers in the United States; Clarence J. O'Brien, Jr., of Philadelphia. The five are charged with conspiring to prevent critically-needed machine tools from being allocated to war contractors.

### War Plant Explosion Kills At Least Three

MEMPHIS, N. J., Sept. 1, (AP)—An explosion and fire destroyed a small building in the New Jersey Pulping Company today, killing at least three and injuring an undetermined number who were working on war orders.

The blast occurred when the first bomb to hit the western Europe.

## U. S. Planes Hit Burma Base; Nips Launch New Guinea Attack

TOKYO, Sept. 1, (AP)—Japan's Premier General Hiroshi Tojo took over the foreign ministry today, tightening his control of the Japanese war policy and dropping the diplomat who negotiated the Tokyo-Moscow neutrality pact. Foreign Minister Shigenobu Tojo. The move was interpreted in other quarters as possibly an evidence of displeasure over the Japanese campaign, particularly in the Solomon, a Australian sector.

In China, American planes attacked the Japanese airbase at Myitkya, northern Burma for the second day in succession today and started large fires. All United States planes returned. The Japanese have launched a

strong attack in the Kokoda front of New Guinea, a feature of the patch said, adding some Australian advance posts were abandoned under vigorous Japanese pressure but Allied positions are being re-taken after heavy fighting.

Allied planes soared above the Mingo Bay jungles in eastern New Guinea today heavily strafing any Japanese remnants left by veteran Australian land troops sniping up the enemy.
