

NAME NON ESSENTIALS WORK OR FIGHT ORDER COMMUNITY LABOR BOARD

NEW BOARD IS GETTING DOWN TO BUSINESS.

The Community Labor Board for Seminole County, and who represent the United States Public Reserve, have been named by Florida Director, Robert Gamble, of Jacksonville, and are as follows:

Chairman—K. R. Murrell. Representing Labor—Rex Packard. Representing Management—D. C. Marlowe.

This committee will within a short time name a board of citizens from the various sections of the county to work with them in the branches named above.

There will be a full committee of at least seven to represent employees and a similar committee to represent employer. There will also be two ladies named, one for employe and one for employer serving with their respective boards. At a recent meeting of this Community Board, the following guide as to non essentials business and occupations has been passed and is effective in Seminole County at once. It should be remembered that this scale is representative of the entire state. Some changes being made in localities because of the difference in business and occupation. Everyone should go over this list and also read carefully the last paragraphs as to age limits, vocations etc:

List of Non Essentials as Community Labor Board, Seminole County.

Automobiles—Drivers of pleasure cars.

Cleaning and delivering cars to owners. Drivers and cleaners of sightseeing cars. Automobile Salesmen. Private Chauffeurs.

Amusements—Ushers, ticket sellers, collectors.

Barber Shop attendants, not including barbers.

Heliboyas between the ages of 18 and 40 years.

Bookkeeping clerks and proprietors.

Butchers and bottle supplies, employes and proprietors.

Billiard and pool room employes and proprietors.

Clear dealers, clerks and attendants.

Candy dealers, all employes.

Chauffeurs of public automobiles between the ages of 18 and 40 years.

Chassis to include bus, drivers and owners.

Cooks—All employes.

Confectioners and delicatessen establishments, all employes except the manager who should be above the draft age limit.

Dancing academies, all employes and proprietors.

Elevator operators.

Florists—all employes, not proprietors.

Fruit stands—all employes not proprietors.

Hotel and Restaurant, cashiers, clerks, except one clerk, waiters, heliboyas, kitchen help except chef and one assistant.

Janitors of buildings, except furber man and one assistant who must not be between the ages of 18 and 40 years.

Junk dealers—employes and employer.

Livery and sales stables—all employes.

Mercantile establishments, more than one porter, more than sufficient drivers to make one delivery a day, no special deliveries permitted.

Bookkeepers, cashiers, drummers and solicitors. More than 50 per cent clerks.

Pawnbrokers—all employes.

Pressing clubs—all employes and proprietors.

Peanut vendors.

Popcorn vendors.

Photograph galleries.

Shoe shining shops, proprietors and employes.

Shooting galleries—proprietors and employes.

Soft drink establishments—all employes.

Soda fountain supplies—all employes.

Window cleaners.

The above list is necessary in order to put labor in productive

fields and enterprises.

Employers are requested to take this matter in hand. If your business is in the above class and you have men between the ages of 18 and 40 filling positions, you are requested to so arrange as to replace these employes by women or one who cannot enter fields of highly essential service. Women should be used as dry goods clerks, grocery clerks for indoor work, bookkeepers, cashiers, cigar salesmen, waiters etc and in all capacities where women or older men can serve. This is a mandate of the Government and will have to be enforced.

Homes who maintain servants requested to release them as indicated by this list. Housewives are urged to do more of their own work and you are asked to establish the hours or time between 8:00 A. M. and 4:00 P. M. as home hours and during these hours, eliminate needless visiting and calls and to refrain from entertainments or social attractions, such as card parties, teas etc. The farm work and other essential business demands and must have help.

The "one delivery" will be insisted upon in all businesses and the merchants are expected to maintain this literally.

From time to time the committees attached to this Community Labor Board will be required by the Government to furnish the country's quota of labor for actual war work, ship building etc. Under National rulings, all Government Recruiters will first confer with this Board before soliciting a man and such persons who have no essential occupation or who invariably do not work and who are fit for service, will be pointed out to these recruiters or turned in to the draft board. Other recruiters without the proper credentials will be prosecuted by this Board and all citizens of the county are earnestly asked to report any and all recruiting of labor to either of the committees named in this article.

It must be borne in mind that we must work to win the war. Every one must go to work, no excuse without good reason and thorough investigation will be accepted for failure to comply and this applies to all alike.

The flag committees to act will be authorized by this Board within a short time.

Woman's Suffrage Defeated

Washington, Oct. 2.—The senate today refused to grant the request of the president that the woman suffrage resolution be passed as a war measure.

After five days of bitter debate in the senate chamber and in the corridors, the Susan B. Anthony federal amendment resolution enacted by the house last January received on the final roll call two votes less than the necessary two-thirds majority. Fifty-four senators were recorded for it and thirty against it with twelve absent and paired.

Before the vote was announced Senator Jones of New Mexico, chairman of the woman suffrage committee, to comply with parliamentary requirements, changed his vote from the affirmative to the negative, and moved that the senate reconsider. This made the final official record 53 to 31 and left the resolution technically pending on the senate calendar, in position for further consideration planned after the November elections, when suffrage forces hope to muster the required number of votes.

September Cotton

Washington, Oct. 2.—Cotton ginned prior to September the twenty-fifth, amounted to three million, seven hundred and nineteen thousand nine hundred and fifteen bales, was announced today by the Census Bureau. This is compared with two million, five hundred and eleven thousand, last year. By states is included, Florida six thousand, five hundred and sixty; Georgia, six hundred and seventeen thousand, six hundred and seven; South Carolina three hundred and forty-five thousand, ninety hundred and fifty-one.

NO FIXING COTTON PRICE JUST NOW

IF MARKET RUNS WILD IT WILL BE FIXED.

Washington, D. C. Oct. 2.—No price on raw cotton is to be fixed at present and will not be fixed until violent market changes threaten legitimate business interests, and agencies are now at work to stabilize conditions in the cotton industry and to promote equitable and ready distribution of the entire crop.

To relieve the fears of those who have been worried by disturbing reports and rumors this positive statement has been secured from those officials in direct charge of the cotton schedule in its relation to war work and the business interests.

The public and in particular the cotton interests are warned against giving credence to unauthorized reports, rumors, and information purporting to come from the Cotton Committee in Cotton Distribution. All authentic information will be furnished under the signature of Thomas Walker Page, Chairman of the Committee, or Charles J. Brand, Chair man of the Committee on Cotton Distribution.

The Cotton Committee now makes the following announcement:

1st. The Committee will not recommend that a price be fixed on raw cotton at the present time; nor will it so recommend in any event before sufficient time has elapsed to test the effect as a stabilizing influence of the work assigned to the Committee on Cotton Distribution, unless in the meantime unexpected changes occur in the cotton market of such violence as to threaten the welfare of legitimate interests.

2nd.—The Committee on Cotton Distribution has been organized, and has been directed to effect as quickly as possible an equitable distribution of cotton as to quantity and also as to grade among both domestic and foreign manufacturers, with a special view to providing for the proper utilization of the surplus of grades below middling. It is planned to accomplish this distribution by regulations applying to foreign and domestic manufacturers without interference with the usual trading between farmers and buyers or merchants.

3rd. All purchases both for foreign and for domestic consumption will continue to be made at market prices through marketing and distributing agencies commonly used, unless and until the cotton committee shall determine and announce that a necessity has arisen for making a change.

In view of this announcement the Cotton Committee hopes that agencies engaged in the cotton industry will proceed in the normal transaction of business without uncertainty or hesitation.

An Eye for an Eye

Washington, Oct. 2.—An ultimatum to Germany regarding the ruthless destruction of cities and private property in northern France and Belgium is being urged on the allies and the United States and is under consideration. The burning of Cambrai and St. Quentin and the devastation of one of the most populous regions of Europe as the Germans retreat has aroused great indignation. It was said in diplomatic circles Germany would be warned that if she allows the work of destruction to continue severe reprisal will follow.

It is suggested that the cities of the Rhine should be marked for destruction and the Berlin government told that for every French and Belgian city ruined without military reason a city equally important and valuable sentimentally and materially will be laid waste.

The University of Florida, Gainesville, has been designated as a training school for officers and it is expected that many civilians who were registered in the last draft will attend the school. To be eligible the candidate must be a citizen of the United States and have graduated from a high school or pursued the equivalent instruction elsewhere, be physically fit and have a good moral character. The ages include from 18 to 46 years.

HUNS WILL EVACUATE BELGIAN SOIL

PRESSURE TOO GREAT FOR HUNS TO STAND.

On a front of 20 miles between Armentieres and Lens the Germans continue to retire from the salient west of the fortress of Lille. North of St. Quentin the British again are storming the German defense lines while in the Champagne the French are pressing north, threatening the German communications. Evacuation of the Lille salient is the direct result of the allied advances in Flanders and around Cambrai. The British are keeping close at the heels of the Germans, who already have retired an average of two miles but there is no indication of where the enemy will stop or whether he will extend his withdrawal movements to include the region of Douai and attempt to form a straight line from Roulers through Lille and Douai to Cambrai.

Armentieres and Lens apparently are held by the enemy but their fall to the British is only a matter of a few hours. With Lens in the hands of the British and German lines moved back to near Lille and beyond, the great coal fields in this district which the Germans defended tenaciously for four years, will no longer be of use to them.

In Flanders the Belgians, British and French continue their pressure against the stiffened resistance of the enemy. The pressure on the enemy threatens the German hold on Belgium and an advance of perhaps 15 miles toward Ghent would probably cause the enemy to retire to the northern Meuse line.

On the Cambrai-St. Quentin front the British have maintained their gains notwithstanding strong German counter thrusts. The new British attack north of St. Quentin probably is against the Bauvervier-Fansomes lines where Field Marshal Haig holds a sharp salient in the German line.

Gen. Bathford and Gouraud continue their attacks north of Rheims and in Champagne and have taken further ground from the enemy. The main supply line of the Germans facing the Americans east of the Argonne.

In withdrawing in the Lille salient the Germans are endeavoring to get out of the giant trap which Marshal Foch has constructed. While hammering the formidable Cambrai-Laon line by thrusts in Flanders and from Rheims to the Meuse he is bending back the German flanks. The German supply lines are menaced by the allied advances on the

THE TAMPA IS SUNK

And all on Board Said to be Lost.

Washington, Oct. 3.—The U. S. coast guard cutter, Tampa, as been lost in foreign waters. She was lost off the English coast Sept. 26 while on board while on convoy.

Ten officers and 102 enlisted men of the crew, one British officer and five civilian employes lost their lives. The navy department statement today announcing the disaster says the ship was sunk at night in the Bristol channel and that reports indicated she was struck by a torpedo while escorting a convoy. Details of the disaster were withheld today by the navy department.

Capt. C. Satterlee, of the coast guard, commanded the cutter. Apparently there were no eye-witnesses to the sinking. The navy's report says an explosion was felt after the Tampa had gone well ahead of the convoy about 8:45 p. m. and that later quantities of wreckage, one of the Tampa's life belts and bodies of two unidentified officers were found.

ANNUAL MEETING SEMINOLE CHAPTER AMERICAN RED CROSS

ELECTION OF OFFICERS AND INTERESTING REPORTS.

Possibly 150 or 200 members and friends of Seminole County Chapter, gathered at the Presbyterian church on Wednesday night for the annual election of officers and to hear the reports of the years work. The small attendance was probably due to the inclement weather.

Under the direction of Mrs. S. Puleston, and her competent committee, the church was attractively decorated with Red Cross banners, The Stars and Stripes, Service flags, the flags of the Allies and green and white calladium leaves. The Service flags of the transportation department of the A. C. L. Altamonte, Geneva, and Monroe Branches, and the churches of the city were used effectively.

Under the direction of Mrs. Julius Taekach, a pleasing program of patriotic music was rendered by the audience and a group of Junior Red Cross girls.

The program opened with the singing of America, followed by the invocation by Rev. Dr. Brownlee of the Presbyterian church, after which the song "Keep the home fires burning" was delightfully rendered by the girls.

The address of the Chairman, Mr. D. C. Marlowe, was a bit of interesting history of the American Red Cross and a brief resume of the activities of the organization, at home and abroad. In conclusion, Mr. Marlowe touched upon the work of Seminole County Chapter, emphasizing the cordial spirit of co-operation which prevails throughout the county.

Mr. R. R. Dens gave a fine report of Chapter finances as follows: Balance Oct. 1, 1917 \$66.96 Receipts \$335.87 Overhead expenses \$180.00 Materials and Supplies \$3226.19 Second War Fund Campaign Expenses \$75.77 Expenses for Surgical Dressings \$45.81

The Owners of "Swift & Company" (Now Over 22,000)

Perhaps it has not occurred to you that you can participate in Swift & Company's profits,—and also share its risks,—by becoming a co-partner in the business? It is not a close corporation.

You can do this by buying Swift & Company shares, which are bought and sold on the Chicago and Boston stock exchanges.

There are now over 22,000 shareholders of Swift & Company, 3,500 of whom are employees of the Company. These 22,000 shareholders include 7,800 women.

Cash dividends have been paid regularly for thirty years. The rate at present is 8 per cent.

The capital stock is all of one kind, namely, common stock—there is no preferred stock, and this common stock represents actual values. There is no "water," nor have good will, trade marks, or patents been capitalized.

This statement is made solely for your information and not for the purpose of booming Swift & Company stock.

We welcome, however, live stock producers, retailers, and consumers as co-partners.

We particularly like to have for shareholders the people with whom we do business.

This leads to a better mutual understanding.

HELP BRING BOYS BACK

Liberty Bond Purchasers Will Help Protect Sanford Youths in The Trenches.

As you walk along the streets of Sanford any evening you probably notice the absence of many faces which a year ago were quite familiar. Many of them bright, ambitious, smiling young chaps—have quit the pursuits of civil life to don the armor of the soldier to help fight the battle for liberty and humanity. A number of them have already crossed the Atlantic and some of them are at this very moment in the trench-trenches or helping drive the Teuton forces back. Their smiles we hope, have not disappeared but grim determination has steered their hearts to do their bit to wipe the last vestige of "kultur" and Prussian militarism from the face of the earth.

You and I want to bring them every one of them safely back home. We want them back again as a part of our daily life, even if we cannot boast of a service flag in the window, denoting a vacant chair at the table.

But before we can expect to see them again we must see that they are properly fed, clothed and furnished with the guns and ammunition to accomplish the task they have set out to do.

The way to bring them back is to buy Liberty Bonds and over subscribe the quota. The way to bring them back is to go over the top in the Fourth Liberty Loan.

G. C. Fellows is home on a few days visit to his family. He is now employed in the shipyards at Tampa where he is helping Uncle Sam to build a bridge of ships for our army and supplies to go to France.

The editor of the Herald has learned from grapevine telegraph that his son Reginald is on the way to the battlefield in the tank corps and we will not hear anything more from him until he reaches a point where he can write.

Sanford was a show city last night as something went wrong at the light plant and all the lights were out for several hours. The "Bringing 'P' Father" Company at the Lyric Theatre played by the aid of oil lamps and gave a very creditable performance.

The Herald wishes to apologize to Ovidio for the fact that we unintentionally omitted the fact that Ovidio was represented at the District Meeting of the United War Work Board at Orlando last week. Ovidio was very ably represented at the meeting by Hon. T. W. Lawson, and we are safe in saying that a greater percent of our Seminole towns were represented than of any other County in the District.

Mr. and Mrs. E. B. Brown left this morning for Sanford, where they will spend the week-end with Mr. and Mrs. Bob Holly. Mr. Holly who is a brother-in-law of Mrs. Brown, will leave Oct. 1, for Princeton, N. J., where he will take up Y. M. C. A. work in government service a short while before going overseas. Mr. Holly is editor of the Sanford Herald and has hundreds of friends throughout south Florida from whom he will have best wishes for success in his new work—Tampa Times.

The Grass Fiber Paper Pulp Company, a corporation organized to manufacture paper from saw grass, has determined to build their factory at Moore Haven, where they have secured leases to 75,000 acres of saw grass land. This company is incorporated with a capital stock of \$169,000, its stockholders mainly being New York men. It is said that this will give employment to at least 100 hands.

CARED LITTLE FOR POLITICS

President Cleveland, However, Had Real Liking for the Law, and Loved to Fish.

"President Cleveland loved the law better than he did politics," remarked R. O. Brown, a former resident of Buffalo, to a reporter of the Washington Post. "Had he considered his own desires he would never have left his practice for political office. I doubt if even the prospect of becoming president would have induced him to enter politics."

"It was my privilege to know Mr. Cleveland when he was practicing his profession before he entered politics. He was not what might be termed a glittering success as a lawyer. He had no business instinct so far as the law was concerned, but he delighted in intricate legal problems, and much preferred to take a case that involved apparently hopeless questions. It could not be said he was a good pleader, and while the average person was not attracted by his addresses in court, judges on the bench had the greatest respect for them, because they were profound and logical.

"When he was not engaged in law, Cleveland delighted in utter abandonment of all things that required thought; above everything else he loved to fish. I recall that when some of his Democratic friends wanted him to become a candidate for mayor he said: 'I don't want any more of politics. I want to stay right here in Erie county, where I can go fishing occasionally. I do not care if I never get outside the borders of Erie.'"

PLANES IDENTIFIED BY TUNE

Discovery Made by American Proves Extremely Valuable to British Aviation Service.

Air raids on London are no longer the sure-fire stuff for heartening the German people that they once were. Lately the raiders usually find that they can raid up to the English coast and then have to raid right home again. A young American is given credit for the success of the British in surrounding their capital with a strategic barrage whenever the German flyers approach.

A Brooklyn youth who had enlisted in the British aviation service was assigned to test out an airplane detector which was expected to discover the approach of airplanes before they could be heard, so to speak, with the naked eye. No one expected that the device would make it possible to tell whether the approaching plane were German or British.

This kind of studies had trained the American in music as a high degree, however. He listened through the instrument for several days while only British planes flew within his range. Then he heard a different note. A German raiding squadron was approaching.

The American had discovered that British planes hum in G-major. He found that the German raiders are tuned in B-flat. Now the British aviation service keeps men about the capital with their ears close to detectors, and whenever airplanes are heard vibrating in B-flat a barrage is immediately ordered.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

EAST SANFORD

Mrs. L. A. Brumley has been very ill for several weeks with typhoid malarial fever at her home on Celery Ave. is said to be slightly on the gain. Dr. Puleston has charge of her case.

Willie Brumley returned last week to Greenwood Military School in N. C. for the fall session.

Robert Grier had the misfortune to break his arm while cranking their Ford car.

Ashley Purvise was in Tampa recently to visit his parents.

I. D. Hart has returned from Brunswick Ga., where he was working at the shipbuilding business a few weeks.

F. F. Dutton, Sandy Anderson and G. C. Chamberlain drove down Mesquite inlet last Friday for a few days fishing, bringing home 4 sea bass weighting about 35 pounds each. The neighbors were favored with generous steaks.

Sargent Wm. E. Beaty was here from Jacksonville for a short visit to his wife at the home of her parents Mr. and Mrs. Warren.

UPSALA AND GRAPEVILLE

Mr. and Mrs. Andrew Bertleson were Sunday guests at the home of her sister Mrs. Emil Magnuson.

Roy Lee took his wife and baby down in his car to Winter Park Saturday to spend this week with her mother.

Mrs. Hilmer Lundquist has recovered from the operations recently performed by Dr. Puleston and was able to return home Tuesday.

Clarence Burgquist, Carl Pierson and Roy Lee have all been about sick with influenza, while Eric Lundquist has been at home with a bad case of sore eyes this week.

Word has come that Harry Tynel, once of Upsala and a nephew of T. O. Tynel, has been injured and is in a hospital in France.

We are glad to hear that Mrs. Buchanan, who has been real ill is improving under the care of Dr. Denton.

Most of the folks out our way are patriotically saving gasoline, especially on Sunday; a number of them; Alfred Eriksen, Jesse Lee, Roy Lee, Clarence Burgquist, Elmer Tynel have purchased new bicycles.

Francis Bertleson of Fort Meade surprised his brother and sister here by coming up to see them, Friday for a few days. He hopes to enter a military school.

Mrs. Leroy Hodgins and little daughter Alice arrived home on the evening of the 27th on a summer spent in the north with relatives and friends.

Two of the latter, Mr. and Mrs. Tennis and their little daughters, Esther and Catherine accompanied her home for a short visit.

Mr. Chase was a recent visitor at the home of Emil Magnuson having again enlisted his help as charge of the orange packers at Merritts Island on the east coast. We hate to spare Mr. and Mrs. Magnuson even for a short time.

We had a feast of good things at the Presbyterian church last Sunday as Rev. Brower and wife came out from Sanford and gave us an excellent sermon, with good singing and Rev. R. W. Edwards of Jacksonville came in unexpected and as usual gave us something well worth hearing, planning to be with us again in November.

Next Sunday Rev. Albertson of Deland hopes to be with us at the opening of the Sunday school at 2:00 o'clock and church at 3:00 P. M.

We hope this may be regular rally

day and that all will help to make our school the "best" ever. Margaret Edwards and Rev. Edwards were entertained Sunday at the home of Mr. and Mrs. Ballinger.

FIX SHOE PRICES

People Will Soon Be Able to Get Them Right

Washington, Oct. 2.—The American people soon will be able to purchase shoes at fixed minimum retail prices, lower than those now prevailing and obtain at the same time, shoes of better quality. This movement was made today by the war industries board based on an agreement it has entered into with the shoe industry. Under the agreement shoes will be standardized as to quality and styles at prices ranging from \$3 to \$12 for men and women groups as follows:

Class A from \$9 to \$12; class B \$6 to \$8.50 and class C \$3 to \$5.50. Proportionate prices for youths and children's shoes have been fixed in each of the three classes.

The war industries board will check up on the quality of the shoe sold at each price by means of a class number stamped on each shoe. Policing officials explained will be done by the various state councils of defense, and where the public is in doubt as to what quality it is getting according to the price schedule complaint may be made and the cost of manufacture traced.

While it is possible to purchase a shoe for \$3 now, under the new schedule, the slide at that price will be higher grade. Officials also said that it will be possible to buy better quality shoes throughout the three classes at less money than at present. Shoes now retailing for as high as \$20 they said will retail for the maximum price of \$12 and be of at least equal quality.

Manufacturers, jobbers and retailers will be required to sign a pledge containing the new price scale and display it in their shops. Failure to do so will mean the cutting off of supplies. The manufacturers' pledge provides for standards of quality at the quoted price.

The cutting of the shoe price under the new schedule will begin October 15 and first deliveries will be made within from thirty to sixty days after that date. Time is allowed retailers to dispose of present stocks at present prices.

FAKE STOCK SCHEMERS

Government Will Knock Them Out

If there are any sellers of fake stock in Sanford it is your duty to report them as follows: Fred Washington

More than 90 members of a stock market committee are under investigation and steps to blacklist them publicly may be taken. This was learned today from a preliminary report of the capital issues committee when for weeks has been a series of evaluations on the activities of the without-promotion schemes involving the trading in of Liberty bonds for speculative stock and the consequent absorption of capital for other than war purposes. Some of these enterprises are supported by investors whose loyalty in the past has been questioned. More than 200,000,000 fraudulent or unauthorized securities are now on the market it is reported, and this represents only a small portion of all such issues offered without being first submitted to the capital issues committee for approval.

Jesse Cochrane Dies

Word came here yesterday to D. L. Thrasher announcing the death of his cousin, Jesse Cochrane who died at Norfolk of pneumonia superinduced by influenza. Jesse was well known here where he was engaged in the store of Mr. Thrasher for the past year and left several months ago to join the navy. He was stationed at Norfolk at the time of his death. He was a fine young man and had many friends here who will be saddened by the news of his death. Although Jesse did not get to the fighting lines he gave his life for his country just as willingly as those who died in battle.

Kissimmee police made a number of arrests of motorists Sunday on the technical charge of speeding, although the movement was really to help enforce the gasolineless Sunday order. The city ordinance prohibits the turning at corners of the streets at more than six miles an hour, and at one corner the limit is four miles, and these are the places where the autoists got into trouble.

Will, we are getting them now.

But don't get it into your head that the war is over.

German propaganda will make you think so and have you lay down on the job.

Buy more bonds, more W. S. S. give more to the War Work Fund and the Red Cross and keep going at top speed.

The war will not be over until our armies are on German soil marching toward Berlin and we may have to go to Berlin to end it right.

So keep everlastingly at the game and never let up and remember that winning the war comes first and all other things are only secondary considerations. Get the Hun now.

There is one institution that should be kept alive during the war and that is the Board of Trade. There is much work to do this winter in keeping our city and county going good and the Board of Trade is the motor that will keep them working.

It is working while the people are sleeping and sleeping seems to be a favorite pastime with a bunch of them just now.

All those who have been north for the summer say that Florida will have more tourists this season than ever before despite the war. Now is Sanford doing her part toward getting these money spenders to stop over here a few days? Join your Board of Trade and help to advertise our resources.

GERMAN LIARS BEAT THE WORLD.

Imperial Germany has developed some of the most famous liars the world has ever known. Liars who would make Ananias turn green with envy, and Baron Munchausen rest uneasy in his grave, if they could see how greatly they have been surpassed in the art of drawing the line now by these modern liars. It is no wonder they have developed experts considering the notable example set them by their rulers. It makes one wonder though at the gullibility of the German people, that they should be able to swallow such monstrous inventions as are being fed to them.

Only the other day at Essen the Kaiser, in extending his "imperial thanks" to the workmen assured them that "Serbia and Montenegro were finished." What will he tell them about Bulgaria?

And Chancellor von Hertling had the audacity to tell the reichstag only the other day that old and long discredited yarn (outside of Germany) that "From the first day we waged a war of self-defense. We invaded Belgium only to defend ourselves." Let the old liar go to. Was it in self-defense they made a desert; broke up or stole her manu-

factoring plants and sent her men as slaves to work in German mines out-gaged her women and murdered a maimed her children; destroyed her cathedrals and libraries, and poisoned her wells? Was it in defense of the fatherland that they sunk our ships with women and children on board; fired on Red Cross hospitals, and used poison gas in contravention of all rules of civilized warfare? Is it necessary to the defense of Germany that they should blast every country through which they pass, as with a scorching flame; that they should wreck the little homes of the poor cut down their trees and orchards and turn the people out to freeze or starve?

Defense of the Fatherland, indeed when all the world knows that they were actuated by the same motive as the midnight robber and assassin, that they coveted their neighbor's goods, and thought it a favorable time to go and take them. Now, that they have utterly failed in their scheme to plunder the world they are putting up this transparent plea of self-defense. It won't go. The jury has already decided against them. The fate of the common criminal awaits them.—Tampa Times.

THE CASUALTY LISTS

The casualty lists, which now contain daily the names of hundreds for our American boys who have fallen fighting on French soil, are read with breathless anxiety as the newspapers enter hundreds of thousands of homes the country over. A little poem, appearing recently in the Kansas City Star, voices very feelingly the sentiment that inspires so many wives, mothers, sweethearts and sisters as they hurriedly search the lists and then, failing to find the names that mean so much to them, breathe a prayer for those into whose homes sorrow is carried. These verses are reproduced herewith:

"Each day I read over the Casualty List With a terror and panic I cannot resist; And I come to the end with a bit of a prayer—

"Thank God, none of mine have their names written there."

"Yet, each one—there listed is somebody's son, Or husband, or brother, who may have but one; And I think of the sorrow by chance I have missed

For others contained in the Casualty List.

"And I pray a new prayer as I read it again— God comfort wives, mothers and sisters of men

Who bow to the Cross, so hard to be kissed, When their loved ones are named in the Casualty List."

So far comparatively few Florida boys have been reported in these lists and homes throughout our fair State are spared the overwhelming sorrow that is being carried into so many families. There is no knowing just when our boys are going to be in the thick of it, and the lists are read now with an anxious eagerness just for reassurance that our home boys are not mentioned therein. Probably every one of us in doing so feels a thrill of the keenest sympathy for those on whom the blow is to fall, and murmurs a little prayer that "God comfort the wives, mothers and sisters of men when their loved ones are named in the Casualty List."—St. Augustine Record.

Chimes From the Temple

Last Sunday being promotion day thirty-four diplomas were presented to pupils advancing to higher departments in the Sunday School.

The new officers of the church and Sunday School elected at the annual meeting in Sept., take charge of their duties next Sunday.

Miss Daisy Betts, the Secretary of our Primary Dept., has entered Droughans Business College at Jacksonville for a business course.

The latest stars added to our service flag are for Benna and Burke Steele, who have entered the Students Training Corps at Manassas.

Mr. Jones, who gave our late Ted Biggers the closest attention during his illness, and kept his family advised of his condition, and who on his death accompanied his remains to Sanford; has returned home, leaving on No. 80 Thursday.

The funeral of our late brother Ted Biggers, was held Wednesday afternoon from the residence of the family on 9th Street, the funeral services were in charge of the pastor of the Baptist Church, Rev. M. H. Massey, who was assisted by Dr. Brower. The deceased was a young man who had been a resident of Sanford a number of years, and who had many friends here. He was a member of the Baptist Church, and his death we lose a valuable member from our number. Our heart felt sympathy goes out to his bereaved family.

Miss Mamie Kate Williams is

now the teacher of the Third Grade in the Beginners Dept. of our Sunday School.

The Beran Class of young men held their annual election recently. The new officers are President Dr. J. N. Tolar; 1st. Vice-President W. E. Betts; 2nd Vice President D. B. Hodges; 3rd Vice President Robt. Gordon; Secy. M. L. Wright; member of membership Committee W. T. Wheeler; Teacher Dr. J. T. Denton.

Hon. Schelle Maines made a splendid address to the Sunday School on promotion day, urging even greater things for the coming year; at the close of his address he presented the Sunday School with a beautifully framed copy of "The American's Creed".

Miss Maude Jenkins writes that she attended preaching service last Sunday evening in the First Baptist Church of Knoxville, Tenn. of which Dr. Len. G. Broughton is the pastor he having resigned his church in London, England, to take this pastorate. Dr. Broughton was the builder of Broughton's Tabernacle in Atlanta.

Word has been received by the folks at home of the safe arrival overseas of Lieut. Kenneth Murrell. He had the good fortune to sail on the ship with his brother Oliver, who is serving in the navy and who has been across several times.

Jno. D. Jenkins has just received an interesting letter from Chaplain Geo. Hyman, a part of which was reproduced.

France Sept. 3, 1918: Dear Friend Jenkins:

I enjoy so much your letter, and me fear from you often, tell me how our church is getting along. I speak of it as "My church" to the people here. I am delighted with my work. I know my men and love them. My commanding officer helps me in many ways.

I know what it is to be in real war. I have been under fire and had the nerve to stand it, my thoughts were of my men and could easily forget myself. I have had shells break all about me, but "He has kept me close to Him" I love my Saviour more and more.

There are so many places for service here I have now a Catholic priest with me now in the regiment, he is an excellent man and we are very close friends. I am still the only Baptist Chaplain in the whole Division.

Of course you read in the papers the good work the American troops are doing, you may know that 326th is there with the goods. I wish you would give my love to the friends I have in Sanford; I have thought often of the good old days together and I must confess I get homesick at times. When the war is over I want to get an auto and take my family and just ride around, of course Sanford will be one of the first places I visit. Tell the church folks to pray for me and my men. Send my love to the Grammar folks. Tell Mr. Foster I often think of him.

Kindest regards to your household Write me whether you hear promptly or not. God bless you.

Your friend, George Hyman, Reg. Chaplain 326 Infantry.

Car Painted Yellow at Oviedo, Florida.

With reference to car painted yellow at Oviedo, Sunday night Sept. 8th, I wish to state for the benefit of those that do not know whose car it was, that it was T. C. Brannon's car, and I want to state also for the benefit of those not familiar with the circumstances, that T. C. Brannon, is conductor on the S. A. L. Ry. between Oviedo and Orlando and has held this position for the past twelve years, and during this time he has endeavored to live as a law abiding citizen, and has often gone out of his way to accommodate any one he could and has a great many friends. He has established a home with the people of Oviedo and has a wife and four children, and up to the time Federal Fuel Administrator Garfield issued his request to cut out the joy and pleasure riding on Sundays in order to economize on gasoline I had something over two years to my credit of attending Sunday School an Church with out missing a Sunday, and when Mr. Garfield made his request my wife and myself gave it careful study, and after taking in consideration the fact that we lived one and three quarters of a mile from our church of Country roads, and with four children two girls seven years each (Twins) and two boys one five years old and one thirteen months old, we come to the conclusion that Mr. Garfield's request did intend to bar me from using my car to take my family to church of which I did not, that only; and I did not feel that I was doing anything wrong or disregarding the Federal Fuel Administrators request. But on Sunday night of Sept. 8th, I took my wife and four children to church as usual, my being President of the Christian Endeavor Society and while

wife, children and myself were in the church attending services some law-breakers sneaked up in front of the church and smeared yellow paint all over the body of my car, and were not satisfied with that cowardly act but went so far as to put daubs of yellow paint on the cushions and seats inside of the car. And when my wife and children come out of church and got into the car it being dark they of course, sat down in this yellow paint, spilling their dresses. I regret very much that the good people of Oviedo would countenance such cowardly acts to be perpetrated on a law abiding citizen just because his conscience did not agree with theirs. In regard to the use of his car to take his family to church on Sunday, I feel safe in saying if the ones committing this vandalism had a record of attending church for the past two and one-half years without missing a Sunday as I had they would have been in church themselves offering up to their Deity, instead of being out in the very front fairs of the House of God devastating personal property and trying to humiliate one that was in church trying to do that which was right. If there ever was a time in the history of this great nation of ours that we need Christian influence it is now. And every one should do his part to further this great cause which is the foundation of all civilization. And I am sure that cowardly acts of this kind does not cement brotherly love but on the contrary it tends to stir up strife and antagonism. I want to also state that I have a brother "over there" in the services and I may be called to go before it is over, and if I am I will go manfully. I want to assure you I am for God first, my government and Country to the very last dollar and drop of blood, and I am praying for a victorious and lasting peace and that the Prince of Peace will soon come and reign in the hearts of all men.

Yours for peace and liberty, Signed, T. C. Brannon.

Council of Defense Ruling

Following is the ruling of the State Council of Defense on this question: Prior to adjournment Judge T. P. Warlow and Rev. J. R. Cason the meeting's attention to the necessity of a safe and sane construction of the fuel administration ruling relative to fuel conservation, and the following resolutions were unanimously adopted by the meeting as a whole:

Resolutions

Whereas, we are in hearty accord with a strict policy of fuel-conservation and are pleased that the National Fuel Administration takes into account the right of individuals to follow their conscience in the manner of using automobiles for the purpose of attending churches and in sickness, death and imperative calls, and

Whereas, enforcement should lay with the properly constituted authorities; and

Whereas, individual attempts in the enforcement of rules has frequently resulted in grievous mistakes and serious consequences;

Resolved that this meeting recommends that all infractions of fuel conservation rules be reported to the Council of Defense for investigation and correction; and we urge against individual attempts to enforce the law, as same should be left to the properly constituted authorities.

Rev. Entzinger in Lakeland

Mr. D. H. Sloan is in receipt of a letter from Rev. Louis Entzinger the new pastor of the first Baptist church here, stating that he and his wife had already left Fort Worth, Texas, for Lakeland in their car, and hoped to reach here by next Sunday but, being delayed in Mississippi on account of the condition of the roads due to heavy rains, it is not certain that they will be able to get here by that time. The membership of the church will be glad to know t

Entzinger will be able to take up his work here so early, it being understood at the time he was called that he would hardly be able to get here before November.

Mr. Entzinger lived near Lakeland for several years, but left the State some ten years ago, going to Kentucky as State Secretary of Sunday School work, going later to Fort Worth, Texas, where he has done a great work as assistant pastor, and leader of the Sunday school work in the First Baptist church there. For a part of the time he has been occupying the chair of Sunday school pedagogy in the Southwestern Theological Seminary, one of the great Baptist Theological Seminaries of the South Lakeland Telegram.

Rev. Entzinger is the brother of Hon. C. W. Entzinger, our efficient County Commissioner at Longwood.

Wilhelm Calls For Help

London, Oct. 2.—Emperor Wilhelm, in a dispatch to the fatherland is quoted according to an Amsterdam dispatch to the Exchange Telegraph company as saying: "I hope I have the support of the whole German people in these times and that they will gather round me and give their blood and wealth until the last breath for the defense of the fatherland against the shameful enemy plans."

"With earnest will to live a help we will succeed in breaking the enemy's will to war and secure for the fatherland the peace it is worthy of among the people of the world."

Stafford-Betts. Miss Elizabeth Stafford and Edward Betts were married last night at 8:30 at the Baptist Church. Rev. M. H. Massey officiating. The ceremony occurred in the presence of a few friends and relatives.

The contracting parties are both popular here in the younger society circles. The bride is the daughter of Mr. and Mrs. C. E. Stafford and has lived here since early childhood. She is a most winsome girl and her social disposition and charming manner has made a host of friends.

The groom is also a Sanford boy and since leaving school has been identified in business, being at present a member of the firm of L. R. Phillips & Co. He is the son of Mr. and Mrs. C. H. Betts of this city.

The many friends of this popular young couple will wish them a long life of happiness and prosperity.

Presbyterian Church. Next Sabbath morning the quarterly Communion celebrated at the church. It is hoped that every member of the congregation will make a special effort to be present.

The fall work in the Presbyterian Church has opened up very auspiciously. Ten people have already united with the church since Sept. the first, and several letters are already for early presentation to the Session.

BOARD OF TRADE MEETING

Regular Meeting in Court House Tuesday Night.

At the regular meeting of the Board of Trade next Tuesday night, October 8th, at the Court House, the Community Labor Board will outline the essential and non-essential features of occupations and business.

Other matters of county interest will come up and a large attendance is asked because of the importance of the labor questions and what steps the Public Reserve forces are taking nationally to protect labor and essential businesses.

In this issue a report from the Community Labor Board is published, details of this and all its features will be taken up at this meeting.

Memorial Exercises

Community Services at the Lyric Theatre Sunday Afternoon at 4 o'clock. The community memorial services for Arthur Lossing and Frank Campbell at the Lyric Theatre next Sunday afternoon will have the following program:

Song, "America" by the audience. Life Sketches, by E. D. Brownlee. Prayer, by Dr. J. P. Hillburn. Address, by Rev. M. H. Massey. "Chorus, Keep The Home Fires Burning."

The memorial service for Mr. Frank A. Campbell will be held Sunday morning at 11 A. M. There will be special music with Mr. H. J. Wilmhurst of DeLand as Tenor Soloist. As Mr. Campbell was so long and faithfully a member of the choir and was so passionately fond of the church music, it has seemed most fitting that this attention to music should be paid.

There will be no early service this Sunday as the Rector is under obligation to give that service to St. Barnabas' Church, DeLand, and on Sunday afternoon, as priest-in-charge of All Saints' Church, Enterprise. He has there stated monthly appointment for the first Sunday in the month.

W. F. Bartlett. Oakfield, Ga., May 19, 1917. Old Kentucky Mfg. Co. Tammah, K.

Please allow me to state that I have sold your hog cholera remedy for one season and have ordered more for this season. Last year I sold it to 12 or 15 men who raise hogs. I told each of them to take the remedy, feed it to their hogs and if they lost a single hog from disease of any kind not to pay me a cent for the remedy, but when they began to see that every man came in and paid me for the medicine and every one of them told me that it was the best hog medicine they ever used. One man paid me for the small package and bought \$5 worth more and said it was the best that he had ever tried.

Yours, very truly, W. F. Bartlett. L. Allen Seed Co. 14-F-1-tf

Card of Thanks. Mrs. J. M. Moyie wishes to thank her many friends for the sympathy in the loss of her brother Frank Campbell who gave his life for his country.

Rev. Mecca Marie Varney

She is polished, scholarly, powerful. Patriotism is the keynote of her message.

Wife of a chaplain, with a son flying in Italy, Mrs. Varney since the beginning of the war has given herself unreservedly to her country. The Tampa Tribune says: "Mrs. Varney has a strong personality."

and is a charming as well as forceful speaker.

Sanford is favored in having her presence and message, and the whole community may well turn out to hear one who has few if any equals among the women speakers of our land.

In connection with Mrs. Varney's address on "The Nation's Peril," she will make an appeal on behalf of the Liberty Loan Drive.

Turn out Tuesday, Oct. 8, 1919, and give this eloquent speaker a good hearing. Show your patriotism. First National Bank corner, Park Avenue and First Street.

Junior Red Cross in W. S. Primary

At a called meeting of the teachers and pupils of the West Side Primary School held yesterday morning, a Junior Red Cross Society was organized for the school. The officers elected were: Chairman, Miss Helen Brigham, Secretary, Miss Nettie Mames, Treasurer, Miss Emma Oney.

The paid members of the Society are: Virginia Pennington, Elinor Cameron, Earl Niblack, Bryon Fox, May Lord, Joseph Prevatt, Jack Peppers, John Miller, Ruby Booth, Susie Marrella, Berngel Shimmons, Katherine Long, Clifford Housley, James Higgins, Horace Smith, Edward Hester, Gay Wault, Bessie Blair, Louise Blair, Judd Dornier, Emily Hawkins, Catherine Meuser, Mary Agnes Porter, Lelamoy Sears, Getson Sears, John Higgins, Harold Shimmons, Henry Russel, Eric Lundquist, Milton Moore, Parker Van Ness, Marion Leavitt, June Stoumb, Hopsy Foster, Helen Jenkins, Katherine Van Ness, Blanche Wynne, Pearl Whitlow, Daxey Bangers, Louise Foster and Clara Smith.

Each day paid the membership fee of 2c. A report of the Treasury shows that there are now \$13.25 in the Treasury of this society.

This speaks well for the West Side Primary and it will not be but a short while until every pupil will be a member of the Red Cross and the teachers and parents ought to be glad that this is the case in every school.

Community Sing, Star Theatre. A Community Sing will be given at the Star Theatre, Sunday afternoon October 13th. The Sing will be under the direction of the Music Department of the Woman's Club and will be led by the children of the Grammar School.

This sing is to be a patriotic affair and all the old patriotic songs will be sung by special leaders and a good chorus. There will also be an address by a prominent speaker, whose name will be announced later.

The sing and the address will be an effort to boost the sale of Fourth Liberty Bonds and it is urged that very one who can attend this sing do so—not only from a patriotic impulse but to encourage the community sing program that has been arranged for the coming winter.

A complete program will be published in Tuesday's issue of the Herald.

Card of Thanks. Mr. and Mrs. S. J. Biggers and family wish to thank the many friends for their kindness during the illness of their son and brother, Ted Biggers. For the many floral offerings and other expressions of sympathy and especially to Mr. J. C. Jones of the government service and other government officials who looked after him with paternal care. Mr. Jones accompanying the remains here from Louisiana and doing all that could be done in the attempt to stay the influenza and afterward the pneumonia that caused his death.

COMFORT PAYS GOOD PROFIT

Important That Breeder Feeding Hogs Should Get Most Out of Feed—Corn is High-Priced.

Make your hogs comfortable. Hogs are high-priced now, and so is corn. It is very important, therefore, that the man who is feeding hogs should get the most out of his corn; and in order to do this he must make them comfortable.

Too Much Animal Feed. While animal feed of some kind is necessary for a good winter egg yield, too much will prove disastrous. If the droppings are dark and watery and show traces of mucus, it is an indication that too much animal feed is being fed.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

The Woman's Tonic

Combs have been used in the toilet since very ancient times. The Greeks, the Egyptians and the Roman ladies used them to arrange and hold up their hair; even ladies among the Swiss lake dwellers seem to have been familiar with them. Some of these were made of wood, some of bone, horn or ivory. Specimens have often been found in recent years.

Very Much Out of Place. Among the guests at a reception was a distinguished man of letters. One of the ladies present suggested to the hostess that he seemed to be out of place at such a party. "Yes," replied the hostess, with a bright smile, "you see, he can't talk anything but sense."

Gen. George P. Harrison, of Opelika, Ala., Commander-in-Chief of the United Confederate Veterans' Association.

HEAD OF THE VETERANS

FOURTH LIBERTY LOAN CAMPAIGN IS AT HAND

The Fourth Liberty Loan campaign, to give every American an opportunity to lend to his own government money to win the war and drive the Hun back over the Rhine is now at hand. In every county in the state there is a Liberty Loan committee composed of loyal, energetic citizens, who are subscribing liberally themselves and encouraging others to subscribe.

It is believed that the task of obtaining subscriptions will be far easier in this year than in the past, despite the greatly increased quotas given everyone and county. For, surely the American people have learned by this time what a Liberty Loan means, what it will do for the country and what it will do for the man, whether he be farmer or merchant or laborer, who saves his money and lends it, with interest, to Uncle Sam. There is really no reason why one loyal American should have to chance another loyal American all over a ten-acre field to ask him to do his duty.

It is believed that in this campaign a much greater proportion of citizens will go voluntarily to the banks or to the committee and make their subscription, directly, obtaining a Liberty Loan button and thus declaring they have done their duty to their country.

A great many of our citizens have registered for the new draft, but they realize that there is but slight opportunity of their services being actually required in the war. It would be an excellent thing if these men whose names are now on the roll and who feel sure of exemption because of age or family dependents or disabilities would consider themselves, even now, "in the service" and devote whatever part of their income they can spare to lending to their government.

The war is costing the United States sixty-seven million dollars a day. It is our war, our war bill, and it is up to us to pay it.

LIBERTY LOAN AND SAVING STAMPS NOW UNDER ONE HEAD

Atlanta, Ga.—Joseph A. McCord, governor of the Federal Reserve Bank of the Sixth District, has been appointed general chairman of both Liberty Loan and War Savings Stamps committees for the district. The object is to bring about more thorough co-operation and co-ordination of the two big government revenue-producing movements.

The two organizations will keep their separate individuality, and the campaigns will be conducted separately, as in the past, and the present officers and chairmen will retain their posts.

FARMER TO PUT LIBERTY LOAN OVER TOP AGAIN

Atlanta, Ga.—The Treasury Department of the United States is dependent upon the farmer to put the fourth Liberty Loan triumphantly over the top in the South, just as he did in the Third Loan, when the percentage of subscriptions from the rural districts was very high, the farmer subscribing to by far the greater share of the issue.

The card system to be used in this campaign will enable the committees and the government to keep careful check on the subscriptions made by every man in the country, and by every occupation. The government is anxious that every citizen own at least a few Liberty bonds, and those who are shown on the record not to have invested at all will be especially solicited.

Reports from the county chairmen of Liberty Loan committees to W. C. Wardlaw, district executive chairman, and St. Elmo Massengale, director of publicity, indicate absolute optimism for the Fourth loan, despite the higher quotas asked every territory.

"Our people have given their sons and brothers to this war," they say. "Do you think they are not going to back up the boys with their dollars?"

"Our Southern farmers, too, have been taught the value of bonds as an investment, too. The other campaigns were campaigns of education, but this isn't so necessary now. Every man who has a bond or two tucked away in his strong box or in the bank is anxious to put a few of the Fourth issue beside them."

The campaign for the Fourth loan will continue only three weeks, from September 28 to October 19, inclusive. Within that time each county and state must raise its quota. It will take hard work on the part of the committees, and this will be made much easier by every man's making up his mind what he can invest in bonds and meeting the committee half way.
