## Juvenile Judge Gives 2-Year Activity Report

A general summary of the activities of the Juvenile Judge during his past term of two years and four months was made today by Juvenile Judge Ernest Housholder.

"This is a court without a jury or prosecuting attorney," said Judge Housholder, "and all matters must be handled by the Judge personally."

The figures given in the report are as follows: official hearings in Juvenile Court, 409; hearings preparatory to official hearings, 328; unofficial hearings and probation visits, 774; children confined to jail temporarily, 79; children sent to reform school, four girls and 18 boys.

Judge Housholder also explained that there have also been hundreds of phone calls day and night and out of office contacts, touching the youth of the country. In a brief analysis of these activities, said the Judge, "it is that all wrongful acts or indiscretions of our children have been handled without the stigma of crime and criminal atmosphere."

"Only 22 children were sent to (Continued on Page 10)

## Filling Station Robbed Last Night By 3 Armed Men

Sanford police are investigating an armed robbery reported last night at 10:35 p. m. by LeRoy Hickson, operator of the Imperial Service Station at the corner of South Park Ave. and 13th St. Hickson told Sanford police, according to Chief Roy G. Williams, that three men held him at the point of a pistol while he opened the safe from which \$1,147.50 was taken.

The robbery took place prior to 10:35 p. m., said Chief Williams. The three men, after ordering Hickson at the point of a gun to open the safe, then took the filling station operator with them and left him on Grapeville Ave.

According to Hickson's description, the men were driving a green 1955 or 1956 Chevrolet sedan with the license plate covered up.

One man, he said, had a white scar on the side of his face, was about 30 years old, 5' 9" or 5' 10" tall, and was wearing a brown long-waisted sports jacket and hat. One man rode with him in the front and the two others were in the back seat.

Chief Williams said that the Florida Highway Patrol and the Seminole County Sheriff's office were notified.

"The investigation is being continued," said Chief Williams.

## Jaycees Are Looking For Past Presidents

The Seminole County Junior Chamber of Commerce is looking for past presidents of its organization prior to 1945.

President George Andrew Spear said today "records of the Jaycee past president prior to 1945 have been lost."

"There are a number of businessmen in Sanford, no doubt, who took an active part in the Seminole County Junior Chamber of Commerce in its earlier years and we would like to know who they are," he said.

A Past Presidents luncheon has been planned for Thursday, Jan. 24 which will be a part of the National Jaycee Week celebration during the week of Jan. 21-28.

"However," said Spear, "we don't know who to invite to our past presidents luncheon if we don't know who they are."

"We have complete records of the organization since 1945 and the time of the Jaycee reorganization here in Seminole County but no records of the earlier group," said the president.

Jaycee Week will be celebrated with an event staged on each day according to plans released today by the local Seminole County Junior Chamber of Commerce organization. On Monday, Jan. 21 there will be a proclamation issued by the Mayor of Sanford setting aside the entire week for the celebration. On Tuesday the Jaycees will salute the entire community and stage an open Board of Directors meeting. Wednesday (Continued on Page Ten)

## Negro Youth Dies In Sunday Night Brawl; Neck Broken

A coroner's hearing will be held Friday afternoon at 1:30 to investigate the death of a 20 year old Negro last night in Midway.

Charles White, 20, of Midway sustained a broken neck while involved in what the Coroner, W. Hugh Duncan described as "a brawl" which took place on Brisbane Ave. just north of the Two Spot, a Negro Night Club on Geneva Ave.

The Coroner said White died in the road where the "brawl" took place.

White, according to reports, was involved in the fight with William Hughes, 21 year old Negro of Midway, following an argument, as far as law enforcement officers can determine, was over a Negro girl.

The affray took place at 11:30 last night said Coroner Duncan. Officers investigating the Negro's death included Deputy Sheriff Jimmy Singletary, H. A. Williams, Negro Deputy Lutz, and Constable J. O. "Slim" Galloway.

Members of the Coroner's Jury are: M. G. Hodges, Jim Buckler, B. H. Smith, P. R. Goodspeed, George W. Morgan and N. W. Davis.

The coroner's hearing will be held in the Seminole County court house.

## Peaceful Nuclear Production

UNITED NATIONS, N. Y. (AP)—The United States today proposed a five-point disarmament plan providing for peaceful use of all future nuclear production and aiming at the ultimate prohibition of atomic and hydrogen test explosions.

Outlining the program to the United Nations main political committee, U. S. Ambassador Henry Cabot Lodge Jr., also proposed a cutback in military manpower to 2 1/2 million for the United States and Russia and 750,000 for Britain and France control of outer space satellite tests and safeguards against surprise attack.

The disarmament proposals, he said, could be carried out only under an effective inspection system. In the case of armed forces, such inspection would include President Eisenhower's "open skies" plan for aerial reconnaissance as well as ground inspection teams.

LONDON (AP)—Soviet Communist Party Leader Nikita Khrushchev says that the Eisenhower Doctrine for the Middle East undoubtedly will wind up "on the garbage heap of history."

WASHINGTON (AP)—The Supreme Court returns to the bench today after a four-week recess with several Communist issues among the 40 cases awaiting decision.

TALLAHASSEE (AP)—Gov. LeRoy Collins and the Cabinet Budget Commission resumed hearings today which they hoped may produce some solution to the problem of skyrocketing government costs.

BUDAPEST (AP)—The Communist Hungarian government today admitted American free-lance photographer Goerge Dickey Meyer-Chapelle is under arrest in Hungary.

WASHINGTON (AP)—A spokesman for the family said funeral services will be conducted Thursday.

HOLLYWOOD (AP)—Actor Humphrey Bogart, 59, veteran movie tough guy and one of Hollywood's most colorful characters, died of cancer today with his wife, actress Lauren Bacall, at his side. The actor succumbed at 3:10 a. m. EST. Dr. Maynard Brandeis said.

## Actor H. Bogart Dies Early Today; Victim Of Cancer

The program and advertising committee of the High Fever Follies, headed by Mrs. George Harden, finished up today, when the last of the ads were turned in to Mrs. Robert Blackwood, co chairman, who is doing the lay out. A gratifying response was reported by Mrs. Harden from local merchants.

The Follies will be presented at the Seminole High School auditorium, Feb. 8-9, to benefit the Auxiliary of the Memorial Hospital. Working with Mrs. Harden and Mrs. Blackwood on the program committee were Mrs. R. Fest, Mrs. A. B. Peterson Sr., Mrs. M. L. Raborn Sr., Mrs. A. W. Epps Sr., Mrs. Charles Vodopich, Mrs. Reuel Robinson, Mrs. Claude Michael, Dr. Doris Cline, Mrs. Beattie Yung, Mrs. Harry Woodruff, and Mrs. Phil Kessler.

The Navy Patrol chairman, Mrs. B. W. Jackson reports that the Navy patrol tickets for the Follies are going well. Assisting Mrs. Jackson are Mrs. J. Tully, Mrs. Dooley, and Mrs. J. W. Hill. Buying patrons tickets already are Cdr. and Mrs. F. H. Norvell, Cdr. and Mrs. G. C. Michel, Cdr. and Mrs. J. M. Miller, Cdr. and Mrs. R. W. Hazlett, LCDR. and Mrs. J. M. Stribling Jr., Cdr. and Mrs. O. B. Gray, and Capt. and Mrs. R. M. Jackson.

Two Navy planes, mint wings and landing gear, headed for Jacksonville Friday evening aboard a huge barge and the St. Johns River.

The planes, both involved in crash landings, were brought through Sanford from the Sanford Naval Air Station loaded on lowboys. A heavy crane capable of lifting more than 17,000 pounds reloaded the planes onto the barge which was floated up to the bandshell seawall on the west side.

A Navy Douglas Skyraider weighing 17,000 pounds moved through Sanford streets shortly after 9 o'clock Friday morning. However, in order to place the heavy plane onto the barge, the planes will be completely rebuilt.

More than a score of Navy men and officers were in the salvage crew which moved the planes from the local base onto the barge.

## Top News In Brief

PARIS (AP)—Communist in France's strongest Communist district suffered heavy defeat in their first elections since the Hungarian revolt, results of a National Assembly bi-election showed today.

WASHINGTON (AP)—House Democratic Leader John W. McCormack, Mass., has warned President Eisenhower that the foreign aid bill faces tough sledding if he invites Communist President Tito of Yugoslavia to visit this country.

LONDON (AP)—Soviet Communist Party Leader Nikita Khrushchev says that the Eisenhower Doctrine for the Middle East undoubtedly will wind up "on the garbage heap of history."

JAY HEBERT, Mayfair Inn Country Club's playing pro, was top money in the Bing Crosby Invitational yesterday. (Staff Photo)

## Mayfair Inn Playing Pro Jay Hebert Wins Bing Crosby Tourney

LOS ANGELES (AP)—Jay Hebert, the Mayfair Inn Country Club's playing pro, is top man today among the professionals.

The Louisianan Frenchman who licked the Japs at Iowa Jima but never before could conquer the touring golf professionals, headed south of the border today with the first golfing victory of his career behind him and the position as the leading money winner of the young 1957 tour.

Hebert, 33, won the pro division of the \$15,000 Bing Crosby pro-amateur tournament here Sunday and collected \$2,500 for that. He and his partner, amateur Roger Kelly of Los Angeles, finished second in the pro-amateur division and he picked up \$875 extra there. That gave him \$3,375 for the week-end's work.

So that he headed for the California Open at Tijuana with winnings of \$7,125.

Hebert shot a two under par 70.

That gave him a 213 total for the 54-hole tournament.

That was two strokes better than the 215 posted by defending champion Dr. Cary Middlecott, who posted an even par 72.

Hebert shot a 271 at the Mayfair Inn's \$15,000 PGA Open in December to collect \$300. Hebert finished second in the Los Angeles Tournament last week.

During the three-day pro contest warmups, Hebert was in excellent spirits in Sanford. He said "I'm feeling fine and playing just as good." His optimism undoubtedly paid off.

Mrs. Esther Hilde is general chairman of the party at which bridge, canasta, samba and pinocle will be played. Bridge players will be allowed to double, but not redouble and a time limit will be observed. All players are asked to bring their own cards. At the conclusion of play, prizes will be awarded and refreshments will be served.

The formal agenda includes the approval of minutes and a discussion of the possible use of the park on French Ave. between Eighth and Ninth Sts.

Other business from the floor and the city commission will be discussed.

The personal appearance of the track veteran at the high school is part of a national educational highway safety program sponsored by the Champion Spark Plug Company in support of the accident prevention campaign of the National Safety Council. Arrangements have been made locally by H. B. Pope Co., Inc.

## Benefit Card Party Plans Completed

Plans are complete for the Pilot Club's annual Hospital Benefit which will be staged in the Mayfair Inn Ballroom tomorrow night beginning at 8 o'clock.

Proceeds of the party will go toward the maintenance of a room at the hospital. For many years the Pilot Club maintained a room at Fernald-Laughton Memorial Hospital which was completely furnished by them and maintained until the new hospital was built. When the new Seminole Memorial Hospital opened the club continued in its project by furnishing a room in keeping with the rest of the hospital. A new item added at the time of opening was Hi-to electrical operated bed.

Mrs. Esther Hilde is general chairman of the party at which bridge, canasta, samba and pinocle will be played. Bridge players will be allowed to double, but not redouble and a time limit will be observed. All players are asked to bring their own cards. ## Weather

Partly cloudy Sunday and Tuesday with little change in temperature. Considerable night and early morning fog.

## Additional Local News On Page 10

## Two Woods Fires Told In County Area Yesterday

Two woods fires were reported to the Florida Forest Service yesterday afternoon within ten minutes of each other.

One of the fires was determined to have possibly been of incendiary origin while the other was believed to have been started by burning trash.

About one acre of underbrush, scrub palmetto and pines were burned at the intersection of the Country Club Rd. and Lake Mary Rd. A small child received a severe cut on her foot during the fire when trying to keep her pet dog out of the burning ashes.

Monroe Parsons, tractor operator and Larry Cullum, helper, made the run from Oviedo to the fire in 40 minutes. However, residents of the area had fought the fire and had it under control when the tractor arrived.

A little better than one acre of brush, scrub palmetto and trees burned yesterday afternoon in Altamonte Springs on Parkhurst Rd. Assistant County Ranger (Continued on Page Ten)

## Gossip Clouds

The couple of the week this week is Pat Harrington and Jimmy Butler. Pat is editor of the "Smoke Signals", a member of the Triple Trio, a senior majorite. And a great friend to everyone! Jimmy graduated with the Class of '54, he was outstanding in sports, excelling in football, track, basketball, baseball, he really made a sweet score and they are admired by everyone!

Edith Hansen is slowly (?) going "ape"! Her best "beauty" is coming up from Miami to escort her to the GLEE CLUB BALL. From some of the pictures I've seen of the guy you'd better keep some eyes on him!!!!!! Wow! We hear that Santa brought Penny a car for Christmas! I haven't seen it yet (it's in DeLand being "souped" up) but I hear it's real "purty"!

Everybody in the band sure did have fun at the Governor's inauguration in Tallahassee Tuesday! We marched up and down "swoooooo" hills (at least they looked that way to us South Florida Crechers) for what seemed like hours! But there's one sure of—When we get another chance to do something like that again, we'll have forgotten our blistered feet, lame muscles and aching legs, and be ready to go all over again!!!!!!

Ray Johnson's "cousin's" (?) car sure is something!!! You'd better remember Barton's advice, though— watch the "swift" shifting!!!!!!

Why didn't Meredith go to Glee Club Clinic? Could it be because that certain she from Orlando didn't go to "Peggy"??

A cute little note in the Bulletin quite frequently lately is Susan Waters and Wally Phillips. What happened to Mr. Giles, Susan? Why have Lynda and Virgil broken up?

Ann and Fred will probably begin singing a certain song to each other. Can you guess what it is? "See-Saw"!!!!

Who is that cute new guy that Eva Jo has a date with for that party that's to be held soon? C'm on, Eva Jo, tell us!!!!

Brantley—Why are you compared to Marco Polo by Mr. Kettles? Could it be because of some of those crazy duck hunting stories that you cook up??

Betty Lynn, when asked what was new, informed us that she is the cutest thing since M.M.I.!! What happened to Sue, Peter???

Rickie doesn't see too heart-broken cause Lester is leaving. We hear she just didn't like going steady. Why?? All the other boys leave her alone! That's a bad load!!

We hear that a "brother" has just joined the "League of Duck Hunters"! She didn't see any ducks though, just crows! Better luck next time, Nutt—

I hear that Teddy Walker's favorite memory of 1956 is the hearts he's broken! Don't be too proud, Mr. "T". That's nothing to brag about!!!!

Everybody's glad to see that Judy Herron and Jerry Jones are going steady! They're both real cute and make a real sweet couple!

Dottie Williams is still being true to Larry! Question: Is he worth all the fun she's missing?? Answer: Yes! Dottie thinks so, anyway!

Elsine and David are still going strong!

There seems to be someone new coming between Dotty and Johnny. If he comes "between" them from what we hear there'll be quite a distance in Johnny getting tired of playing "second fiddle, too!"

Hard-to-get— Tony has finally been caught! By whom? Shirley Anderson's sister Sandra! Congrats!

We hear that Pat P. has developed quite a crush on Randy Reynolds—Did you have fun with Jimmy O. New Years Eve??

Who is Nellie P. writing notes to on the chemistry desk? Iris's song, "Lonesome for a Letter" She hasn't heard from Joe for a whole 12 days!

Low Jackson seems to be having lots and lots of fun lately! The "Cause" of it all??? Terry! What's Connie so happy about lately?? Could it be that Alvin

## Band Marches In Governor's Parade Tuesday

The band members quickly found their places in class last Thursday, and noticed that Mr. Cowley seemed unusually happy. He told the members that he was working on a big surprise. He said he would tell us more about it Friday morning.

Friday morning came and the new was out, the Seminole High Band would travel again. This time they would travel to Tallahassee for the Governor's parade. The happiest news of all was that they were to go on Greyhounds; it seemed to make everyone happy. They were all excited and ready to go. It was then decided that we would leave at 4:00 p.m. Monday afternoon. The chaperones were Mr. Zuker, Mrs. Nutt, and of course Mr. and Mrs. Cowley.

The trip consisted of two stops, one in Ocala for supper, and one in Perry just for a rest stop. A pop sheet had been handed out to each member telling what to bring, where to be, and what to do. It helped them a great deal.

We arrived in Tallahassee at 10:15 p. m. and the girls got on one bus and the boys on the other. The boys went to the gym on the college campus. The girls went to the college camp four miles from town. They spent a sleepless night because they were so excited.

The next day they had free time until 12:30 p.m. when we formed for the parade. The parade did not start until a little after 3:00 p.m. We then marched proudly and well down the streets of Tallahassee. After the parade was over we had free time until 5:45 p.m. when we boarded the bus and headed home.

I know all the Band members had a wonderful time at least I know I did. I know, too, that they would like to say a big "thanks" to the people who made it possible. We only hope someone make you proud of us.

## Adolescent Crushes Show Need Of Love

By DOROTHY V. WHIFFLE, M. D.

AP Newsfeature—Cathy was fourteen. Her family moved the year before she finished junior high school. She had to enter a new school where she didn't know a soul.

The first few weeks she was lonely and lost. Every girl in her class seemed to be well established. There were groups of girls who gathered a lunch time and talked about parties and picnics and boys whom Cathy knew nothing of. No one made any advances to Cathy and she was too shy to push herself where she felt she wasn't wanted.

One day the history teacher saw Cathy, looking lonely and dejected eating her lunch all alone in one corner of the cafeteria. Miss Ashley took her tray and sat down with the unhappy child. Cathy was delighted, they chatted throughout lunch and Miss Ashley asked Cathy if she had time after school would she come into her room and help her arrange her books.

And that's the way it began. Soon every spare minute Cathy spent in Miss Ashley's room. She took her presents— little things—a bunch of flowers for her desk, a few cookies she made, a special soft pencil Miss Ashley had said she needed. Cathy began copying Miss Ashley. She tried to arrange her hair the way the teacher arranged hers, she copied little mannerisms and tried to speak softly as Miss Ashley did.

Cathy day-dreamed about Miss Ashley. She adored her, wanted to be just like her. Cathy was jealous when Miss Ashley paid attention to any one else.

Many Adolescents pick out an older person to worship and the mad attachment may absorb all of life for a time. So many young girls go through a period of passionate her-worship that it seems as though it's a natural needed experience. But it's often worth looking below the surface to see if there are some unmet more normal needs that are being replaced by the violent all-absorbing passion. Sch was surely the case with Cathy. Not only did the girl feel pushed away by her contemporaries at school, but she and her family were not on good terms.

Cathy had a younger brother, Roy, whom she was convinced her parents preferred to her. Roy was ten and for years Cathy had been made to give in to her little brother. Ever since Roy was born Cathy had resented him. He got

into her toys, and messed up her books. Mother said he was too little to understand and Cathy mustn't mind but Cathy did mind. Cathy felt pushed out at home and pushed out at school. Her mad attachment to the one person who had showed a friendly interest in her was taking the place of a relationship with her mother that was most unsatisfactory as well as filling in the gap left by her lack of friends her own age.

Fortunately for Cathy, Miss Ashley was a mature understanding person. Slowly she brought in some other girls into her after school sessions and helped Cathy to transfer some of her need for love and friendship to her own age mates.

## Meet SHS Faculty

Teacher of the week, Roger Harris is a graduate of the University of Virginia where he received his B. A. degree.

Mr. Harris has been employed at Seminole High School for eleven years where he teaches Psychology and Social Living.

Mr. Harris says his hobby is music, and with such a wonderful voice how could it be anything else. Besides singing for various organizations, Mr. Harris is the choir director at the Methodist Church.

"I love kids", replies Mr. Harris and seeing is I believing, he is married and has three wonderful children, Oh yes, he also a "hound dog".

ROGER HARRIS (Staff Photo)

## Glee Club Bail Set Jan. 25 At Mayfair Inn

Notice: Everyone be sure to make your reservations for the Glee Club Ball on January 25. The price is \$1.50. Boys be sure to get a date!!! Oh yes, it will be held at the Mayfair Inn.

Where do jellyfish get their jolly? Frosh: From the ocean currents, I suppose.

Barber: Will you have something on your face when I'm through shaving you?  
Patron: It hardly seems likely.

Dim: What are you doing?  
Dull: I'm writing to my girl.  
Dim: But why are you writing so slowly?  
Dull: She can't read very fast.

Doctor (having painted the patient's neck for sore throat): "Three dollars."  
Patient (indignantly): "Three dollars. I had my entire kitchen painted last week for two-fifty."

"Walter, the oyster in this stew is not enough to even flavor it."  
"Deed, suh, he wasn't put in to flavor de stew. He's just supposed to christen it."

## Sally Sales Start

This year's Sally sales were held in chapel, senior salesman, Shirley Anderson, started the program off by giving a talk about the annual.

The student body found there was to be a contest between the classes, each competing for a five dollar cash prize.

The salesman for each of the classes were introduced as follows: Senior, Shirley Anderson, Junior, Nancy Cash, Sophomore, Kaye Jenkins, and Freshman, Betty Carpenter.

The total price of the annual is \$3.50, but a \$2.00 deposit can be made and the remaining \$1.50 paid when the annual arrives.

Don't forget the contest and be sure to purchase your Sally now.

Doctor (having painted the patient's neck for sore throat): "Three dollars."  
Patient (indignantly): "Three dollars. I had my entire kitchen painted last week for two-fifty."

"Walter, the oyster in this stew is not enough to even flavor it."  
"Deed, suh, he wasn't put in to flavor de stew. He's just supposed to christen it."

## Question Of Week

By DALE LEWIS  
A new year begins, but for a moment, let's look back to 1956, to the many memories that old year holds. May the following favorite memories be an inspiration to even greater ones in the New Year!!!

"What is your favorite memory of 1956?"  
Mary Grace Hobby I have lots and lots of wonderful times and memories to remember but I believe that the time I really got the most "goose bumps" was the first half-time show—

Carol Nutt—My favorite memory, or shall I say memories, in 1956 were the parties we went to, to make Jr. and Sr. Prom favors.

Henry Cason—An incident, having to do with oranges, that happened Halloween night.  
Bylvia Price—The day I started going steady with Al.  
Al Stanley—The Melbourne game.

Terry Geombel—The two victories.  
Shirley Anderson—July started going steady.  
Troyes Young—I have two last Caribbean cruises on the Grace Line, and the night I met Glynn!!!

Bets Abby—I can't tell you cause it would embarrass me and it would embarrass somebody else and it would make somebody else mad, and uh.....  
Mr. Ray—The day school let out last year! (The feelings are mutual I'm sure—)

Pat Harrington—I had many happy memories but most of all I remember Thanksgiving—Johnny Williams, Elvis Presley and "Round Dog"....  
Peggy Jane Lundquist—Billy asking me to go steady—Billy Tyre—Peggy.  
Phillip Byrd—Bobbie Crutchfield.  
Eddie Barbour—Our homecoming.  
Mary Jane Flynt—Peggy's party on New Year's Eve.

Manager (to boxer): Well, old man, it looks like you're licked now.  
Boxer (gazing dizzily across the opposite side of the ring): Yeah, I should have got him in the first round when he was alone.

## Ann Crisholder Is On Vacation

Notice: Ann Crisholder, whose column usually runs in this paper, will not appear this week because she is vacationing in Bermuda. Miss Crisholder's personal problems cannot be solved so she is taking this vacation. She will be back again next week.

# TRANSPORTATION

### ...a force for Freedom!

We salute the men and women of America's transportation industries—on land, on sea, and in the air. By their ingenuity and enterprise, we in America gain pleasure and profit from the world's finest transportation network. Free to travel as we please and to speed the goods we produce to the Nation's markets everywhere, these efficient arteries of commerce are a bulwark of our national security—a force for future prosperity!

Just as private enterprise has created the world's finest transportation systems, so has it created the world's greatest electric power system. Today Florida Power & Light Company is pushing ahead on the greatest expansion program in its history—estimated to cost \$435-million over a 10-year period...a program to help Florida grow...and to provide for happier Florida living, electrically!

FLORIDA POWER & LIGHT COMPANY

This advertisement is one of a series that has won national recognition for Florida. The Freedom Foundation named it 1955's outstanding local advertising program, and awarded it this enclosed George Washington Honor Medal for dramatizing freedom's vital importance in every field of American endeavor.

## Tranquilizers May Help Dental Patient

By M. R. L. K. HUNTER, M.D.

YOUR next trip to the dentist, by acting to improve a person's attitude toward the dental procedure, may be a much more pleasant experience than previously, he explains. The threshold to new tranquilizing aid of pain is increased.

### To Relax Patient

The mere thought of having a tooth pulled, or even filled, causes a patient to experience a degree of apprehension. This apprehension, in turn, causes a person to tense up. Therefore, the patient will reach the point where the slightest stimulation produces an exaggerated reaction.

### Psychic Factor

The psychic factor is an important part of all pain sensations. It is a particularly vital element in dental pain.

Your reaction to pain is attributable at least in part to your previous experience and to your adjustment to that experience. It without the advice of your physician depends a great deal upon the direction in which the stimulus is channeled through the brain.

### New Theory

Dr. Irving G. Nathanson, a Boston oral surgeon who has had a great deal of experience in such matters, suggests that by taking a tranquilizing drug prior to a visit to the dentist's office a patient probably will become more relaxed and cooperative and less apprehensive.

THE EGYPTIAN TUG Tias swings the Norwegian tanker Eil Knudsen into the Suez Canal bypass to turn the ship around and enable it to sail out of the north end of the Suez Canal. The ship is the first of 13 to be freed as the work of opening the blocked waterway progresses. The vessels were trapped seven miles north of Ismailia when Egypt obstructed the canal in the Anglo-French invasion. (International Radiophoto)

## Ike's Oath-Taking Ceremony Jan. 20 To Be Private

WASHINGTON — The White House has barred all press, radio, and picture coverage of the ceremony on Sunday, Jan. 20, when President Eisenhower takes the actual oath of office for his second term.

Previously, Press Secretary James C. Hagerly had agreed to limited coverage by reporters regularly assigned to the White House, and to pooled television, radio, and picture coverage of the oath-taking.

However, Hagerly said coverage requests had "saturated out of hand," and the White House decided to make the ceremony private.

Mr. Eisenhower, after attending church at 9 a. m. EST Jan. 20, will return to the White House and join Vice President Richard M. Nixon in taking the formal oath of office.

Witnesses, according to Hagerly, will include only him and members of the immediate families of the President and Vice President.

Hagerly will be the only White House staff member present. He said not even Sherman Adams, the assistant to the President, will attend. He was not prepared to say who will administer the oaths.

Reporters argued with Hagerly that since millions of people voted for Mr. Eisenhower, they were entitled to a first-hand account and pictures of the historic rite.

But Hagerly said he would not argue the point; that the decision had been made and no coverage in any form would be permitted.

The White House position is that the public will have ample opportunity to see the ceremony when it is re-broadcast on Capitol Hill Monday at inaugural ceremonies in the Capitol Plaza.

The reason Mr. Eisenhower is taking the private oath on Sunday is that his present term expires then.

## NATION'S TEN OUTSTANDING YOUNG MEN

HERE ARE THE "Ten Outstanding Young Men of the Nation for 1956," as picked by the National Junior Chamber of Commerce. All are under 36 years old.

Dr. Thomas Dooley, St. Louis, for work with refugees from Communist North Vietnam. He and his staff processed 600,000 in port of Haiphong.

John Patterson, for public service. His father, Alabama attorney general, was murdered in trying to clean up Phenix City, and he is successor.

Rev. Bob Richards, LaVerne, Calif., for his inspiring youth work. Reverend Richards won the Olympic pole vault title in 1932 and 1936.

Robert Liebenow, Wilmette, Ill., as the first non-member ever named president of Chicago Board of Trade. Youngest exchange head in nation.

Richard T. Whitcomb, Hampton, Va., for aeronautical research. He formulated the Area Rule, a concept of aircraft design for supersonic speed flight.

R. F. Pederson, New York, for work in political and security affairs of the U. S. in the United Nations, advice on policy, tactics in negotiations.

Dr. H. E. Stephenson, Columbia, Mo., for study with new cardiac - vascular surgical techniques leading to better understanding of heart.

Carl Erskine, Anderson, Ind., Brooklyn Dodgers pitcher, as an outstanding example to youth for exemplification of humble Christian living.

Millard Harmon, Auburndale, Mass., for dedication to his calling as an instructor in junior high, although he has received higher-pay offers.

Frank Loo, Honolulu, T. H., as an outstanding civic-minded member of the legal profession, serving charitable and civic organizations.

## the Snapshot Guild

A visit to a highway construction project prompted this snapshot activity which mother recorded for the family album.

### Family Album—Modern Style

Recent years we've heard much about documentaries—dramatic stories based on actual events, people and places. But we wonder how many of you snapshoters realize that you're producing documentaries. Every time you add a new batch of snapshots to your album you're actually "documenting" a chapter in your own family history.

With regular additions to keep it complete and up to date, your snapshot record can really be a documentary of life as it's lived at your house—a living history told in pictures that cannot suffer the all-too-human failings of memory.

A case in point is an article that appeared a few issues ago in the magazine, LIVING FOR YOUNG HOUSEMAKERS. Entitled "Family Album: Twelve Years of Happy Life," this picture story borrows its material directly from the snapshot record compiled by Anna and Verne Simril of Williamsville, New York.

The Simril "documentary" opens with a snapshot of the newlyweds and a "homey" shot of their first meal together in their new house. On the Simril's second anniversary, Baby Christopher made his appearance and thirteen days later he debuts in

# Investigation Of Water Shortage In Florida Should Be Forwarded

It is commonly said that the United States is enjoying great prosperity. In a general way, that is certainly true. This does not alter the fact that in broad regions of the country the hard economy has suffered tremendous damage.

The reason for this is a simple one: Drought. Along a wide path from Mexico north to Canada, farmers and ranchers have suffered one of the worst dry spells in the nation's history. The water shortage has been going on, not for a season or two, but for seven years.

Here in Florida there has been talk of drought and water shortage for a long time. To be sure, there has not been any drying up of crops and pastures to any vast extent, but wells have been drying up—rain has been scarce—water sources have become a problem, and the talk of what is in store in the years to come has drawn considerable comment.

The impact of such prolonged drought conditions is almost beyond imagining for those who live in sections not so afflicted.

In Texas, some wells that had been producing water for more than a century have dried up. Mesquite, that hardy plant dear to writers of westerns, has died over thousands of acres for lack of moisture. So have oak in southern Texas thought to be more than three centuries old.

Many ranches, big and little, have been forced out of business. Tens of thousands of farm families have abandoned the land and sought work in the cities. Fortunately, industrial growth and military installations have provided jobs for many of the displaced farmers. But the municipalities have been having troubles, too, because of the water shortage.

One small but significant measure of the drought's severity is the fact that President Eisenhower's inspection trip to the Southwest this month will be the second he has made. The first was three and one-half years ago, and this is the same drought. The President will seek to determine what the government can do to help, in addition to its present programs including cut prices on surplus hay and grain.

Conditions warrant a generous approach to the region's problems.

The studies that have been made in Florida, statewide, regionwide, and countywide, should be forwarded with utmost haste

They will obtain mercy from the Infinite.

## No Tax Cut Possible Now Or Soo

By LYLE C. WILSON  
United Press Staff Correspondent

WASHINGTON (AP)—President Eisenhower's message to Congress on the state of the union suggests the bad news to come in this week's budget message.

The bad news: No tax cut possible now or soon.

The most emphatic paragraphs of Mr. Eisenhower's State of the Union Message dealt with the dangers of inflation. The administration evidently senses those dangers just around the corner.

Every argument Mr. Eisenhower used against inflation would apply equally against a tax cut. Tax reductions are, themselves, inflationary. Tax cut are the kind of economic medicine suitable to correct deflation.

Deflation Vs. Inflation

Deflation describes a situation in which the value of a dollar increases in terms of the commodities it buys. Inflation is the opposite in which the dollar shrinks in terms of what it can purchase.

For example, the 1957 dollar will buy one 100-cent cigar. That is considerable inflation, sufficient to arouse real anxiety such as Mr. Eisenhower indicated in Thursday's message.

Even so much inflation is bad, especially for persons on fixed incomes—pensions and such. It is not a patch, however, on the kind of all-out catastrophic inflation which could overwhelm the United States if the trend of the past 24 years continues.

If that trend does continue, 1975's teen-agers will be skipping along on \$100-a-week spending money and taxicabs will be charging \$25 for the first half mile. It could be worse than that, of course, and will be if the government continues the practice which distinguished the Roosevelt terms and most of the Truman years of spending annually a lot

more money than the Treasury collects.

Mr. Eisenhower did not bear down hard on promises that the budget would be always balanced during his second term. But that, obviously, is his objective. The President's anxiety over the possibility of inflationary catastrophe was so evident that a tax increase might be suspected if only the nation's economy were involved.

Politics, however, is a major factor in Mr. Eisenhower's fiscal policies as politics must be in the policies of any president. Taxes will be increased in the sense that scheduled reductions will not be honored. But the levy of new taxes seems not yet to be in the works.

Higher taxes would be a brake on inflation. Higher taxes also might disrupt the national economy and spin the nation into a deflationary spiral, accompanied by unemployment and what an older generation came to know as a depression.

Government knows more now than in the 1930's about adjusting the national economy to overcome depression and unemployment. It is well that some more knowledge has been gained. The depression of the early 1930's prevailed through the Roosevelt years until the national economy was sparked by the explosion of World War II. War, however, is strong, deadly and costly medicine for depression, even when it cures.

## Try and Stop Me

By BENNETT CERF

NEAR THE STRAND in London, where newspaper men congregate, a canny pub keeper has introduced a phonograph record with astonishing success. It imitates the sounds of type writers clicking and presses rolling. Every time one of the noble and dedicated writing toffs calls up the wife to explain that he's detained at the office by war news and such he puts on the record for background music, happily pays the pub six pence for the service, and goes back to his gin and tonic—and a bit of fluff, perchance—with a perfectly clear conscience.

David Hulburd saw an unfortunate husband rendered hors de combat when his wife scolded him on the head with a heavy glass lampshade. "There's one lady," pointed out Mr. Hulburd, "who coaks a stupor."

Shake On Inflation

Higher taxes would be a brake on inflation. Higher taxes also might disrupt the national economy and spin the nation into a deflationary spiral, accompanied by unemployment and what an older generation came to know as a depression.

Government knows more now than in the 1930's about adjusting the national economy to overcome depression and unemployment. It is well that some more knowledge has been gained. ## Last Week's Good, Bad World News

By CHARLES H. McCANN  
United Press Staff Correspondent

Last week's good and bad news on the international balance sheet. Anthony Eden, victim of his own invasion of the Suez Canal zone, resigned as prime minister of Great Britain. He was succeeded by his friend Harold MacMillan, who had served him as chancellor of the exchequer and who supported his Suez policy in a split cabinet.

President Eisenhower sought quick congressional approval of his plan—the Eisenhower Doctrine—to use American forces in event of armed Communist aggression against a Middle Eastern country.

Soviet Russia and its puppet leaders in Eastern Europe hardened their policy in an attempt to stop the trend toward "independent Communism."

Eden's resignation after a distinguished parliamentary career of more than 30 years was a personal tragedy. He cited bad health as the reason. But there was no doubt that it also was due to the British-French attack on Suez. This action angered President Eisenhower and Secretary of State John Foster Dulles. It brought British-American relations to the lowest point in many years. It brought the condemnation of the United Nations. It split the British cabinet. In addition, the military operation itself was a failure. The British-French hope of unseating President Gamal Abdel Nasser of Egypt backfired. Nasser was strengthened, not weakened. The closing of the canal when Nasser scuttled ships in it was a severe blow to British Germany.

Malta  
French Premier Guy Mollet, who joined Eden in the Suez attack, was not affected. Nasser's open support of the nationalist rebels in Algeria, as well as his seizure of the Suez Canal, had made him France's enemy No. 1.

The Eisenhower Doctrine was the outgrowth of the Suez situation, including Russia's determined attempt to penetrate the Middle East. Nasser does not like the Eisenhower plan by which he can not afford, he is mortgaging his country's future. But in his fanatical hatred of British-French "imperialism" Nasser does not seem to mind the danger he runs

former Orange Bowl Queen, will be married in the Bradenton Baptist Church, April 21, to David T. Rates, formerly of Burgin, N. C., now a Washington attorney.

BIG PARADE—Florida will be represented in the inaugural parade by the motorcycle Division of the Dade County Sheriff's Patrol. This group is expected to score half a million folks lining Pennsylvania Avenue with their death defying exhibition of fancy riding. They are headed by Sgt. J. Balogh.

NEW FACES—When the Congress opened last week, these new faces showed up in the Florida offices: In Bob Sikes' office: Jerry Malvin, formerly with Fort Walton Beach Chamber of Commerce, and Miss Mary Lou Snyder. In Charlie Bennett's office: Miss Muriel Pickles, of Quincy. And Miss Mildred Lang in Senator Smathers' office.

of becoming a Russian puppet. Soviet Russia in that splintered country in hope of suppressing opposition. In Hungary, puppet Premier János Kadar steadily hardened his policy in an attempt to prevent a new outbreak of revolt.

## Inside Washington

By WIN PENDLETON

HIGH TRIBUTE—Each year the Washington society columnists make up their "ten best" lists. Many folks here vie for a place on the "best dressed" or "handicapped" or any of the other lists. When the names were published for 1956, Florida's Senator and Mrs. Spessard Holland upheld the tradition of a great state by heading the list of the "friendliest couples."

FROM SOLDIER TO SOLDIER—Congressman Bob Sikes has an appointment next week for President Eisenhower to autograph a color photograph of "Uncle" Bill Lundy, 108 year old veteran of the Confederate Army who lives at Laurel Hill.

IN ADDITION to the President's signature, the picture carries those of Governor Leroy Collins, Congressman Sikes, James C. Presley, Mayor of Crestview, Cortez Steele, Mayor of Laurel Hill, Cooter Douglas, Radio Station WSPF DeFuniak Springs, and Kenneth D. Conner, the photographer.

SNIP CANAL NEWS—Appearing in the Congressional Record this week is an article on the Florida Cross-State Canal written by R. N. Dosh, editor of the Ocala Star-Banner and Chairman of the Florida Canal Authority. The article was played in the Record by Congressman Syd Herlong, and is further proof that members of the Florida Delegation are still pressing for action on this long delayed project.

SHIPS THAT PASS—Everybody who reads the newspapers knows by this time that Louis Hector of Miami has been appointed to the Civil Aeronautics Board. Also, that Senator Smathers helped him get the appointment. What few remember is that back in the 1930's it was Hector then a student at Yale, who barely beat-out a University of Florida student, George Smathers, for a Rhodes Scholarship. The decision was close. Hector went on to Oxford and Smathers finished school in this country. Their paths crossed again last week when the Senator helped his long time friend secure the CAB appointment.

BIG SHIN-DIG—Look for one of the biggest parties ever thrown by the Florida colony in Washington on January 22nd. The Florida State Society will combine efforts with the University of Florida Alumni Club to fill the Senate Caucus Room with a reception for Governor Leroy Collins. Committee working on plans: Frank Wideman, West Palm Beach, President of the Alumni Club; Jim Slaton, San Francisco, President of the Florida State Society; and Bob Weadock, West Palm Beach, on the staff of the Senate Small Business Committee, 400 Floridians in Washington are expected to turn out for the affair.

WEDDING BELLS—Another wedding in Senator Smathers' office. Miss Ruthie Garret, receptionist in the Senator's office and

of becoming a Russian puppet. Soviet Russia in that splintered country in hope of suppressing opposition. In Hungary, puppet Premier János Kadar steadily hardened his policy in an attempt to prevent a new outbreak of revolt.

## Are You A Safe Driver?

By HENMAN A. BENTLEY, M.D.

As a doctor who is interested in the safety and welfare of the public as a whole, I'd like to commend you on the new road plan it approved not so long ago. I'd also like to compliment the state highway on the addition of special seating, belts and mechanical safety features which they are building into their cars.

At the same time, I'd like to warn motorists not to rely entirely on wider and straighter roads and auto safety features to keep you out of trouble.

Every one of these improvements is a step in the right direction, cutting down our tragic traffic death toll which last year totaled 37,000—a stark record.

But it is brainpower, not horsepower, the power to steer and brake, not power steering or power braking, which will ultimately decide whether you will become a traffic statistic in the remaining days of this year.

Accidents don't just happen. More than 90 per cent of last year's traffic deaths and injuries occurred as a direct result of an error or errors by the driver.

More than 1,000,000 pleasure trips ended in disaster.

Remember that rules of the road are meant for you, as well as for the other driver.

Don't follow that urge to "pour it on" no matter how clear the day, how straight the road, or how dry the pavement.

Remember that rules of the road are meant for you, as well as for the other driver.

Don't ignore strain and fatigue in anticipation of ample relaxation at the journey's end. Stop and take a snooze in a safe place, or that relaxation at the end of your trip might be longer than you anticipate.

Don't drink while driving. Don't drive while drinking.

And, if I may repeat, don't rely upon built-in safety devices to keep you out of the hospital.

E. L. In epilepsy hereditary in most cases?

Answer: In most instances it is not. However, a predisposition to have convulsions or epilepsy can be inherited.

"Your wife just phoned. She wants you to stop off at Mildred's Chapeau Shop — she's got her head stuck in a \$35 hat!"

## Imagine! Three Baths...but only One Telephone!

## Garden Bouquet

Mrs. Wade H. Garner spoke to members of Isora Circle on the therapeutic value of gardening and the ways in which garden therapy is being used in mental institutions, prisons, veterans hospitals and nursing homes in the United States.

Her talk to the group was made on Friday afternoon when the regular meeting was held at the home of Mrs. McKay Truluck. On a local level Mrs. Garner suggested the idea of giving flower seeds and plants to the nursing homes in Sanford to be planted by the patients.

Following Mrs. Garner's talk, the business meeting was called to order by Mrs. T. W. Mera, chairman. She reported on the recent Garden Club meeting where it was announced that \$187.32 had been cleared on the club sponsored coffee and fashion show held at the Mayfair Inn.

Mrs. Fred Ganas told of plans for a landscaping school which will begin Feb. 26 and run for 8 weeks. Mrs. Harry Lee Jr. was appointed to a committee to assist in care of the Garden Center, and members were urged to attend the Hi-Fever Follies audition at the Mayfair Inn.

Mrs. David Bach gave the horticulture report during which she pointed out that now is the time to examine azaleas and camellias for petal blight, also to divide bulbs and perennials. "Fruit trees should be planted this month," she stated and added that members are urged by the horticulture committee to plant flowering trees.

Award Chairman, Mrs. F. L. Woodruff III, asked for volunteers to help with a scrapbook to be used in applying to the committee for an award.

Mrs. Fred Murray announced that the program for the circle in Feb. will be an arrangement workshop and she asked each member to bring a fist container and fair sized needlepoint flower holder to the meeting. It was also decided to start the meeting at 2 o'clock.

During the meeting the resignations of Mrs. John Angel and Mrs. Charles L. Park Jr. were received after which refreshments were served by Mrs. Truluck and co-hostesses Mrs. David Bach and Mrs. George Eick to Mrs. Lee, Mrs. Woodruff, Mrs. Mera, Mrs. Wright Kirtley, Mrs. Donald Bales, Mrs. Taylor Brown, Mrs. W. H. Meriwether, Mrs. Ganas, Mrs. Murray, Mrs. G. D. Bishop Jr., Mrs. Al Doudney, Mrs. Volle Williams, and Mrs. Rudy Sloan.

Nineteen members of the Dirt Gardeners' Circle met at the home of Mrs. Robert I. Magnusson Friday morning.

After the regular business meeting, Mrs. J. M. Moye gave an interesting talk on the use of dried materials which had been made into replicas of spring flowers. Particularly attractive were the water lilies made of nine cone petals painted white with yellow centers. Mrs. Moye also showed beautiful arrangements making use of a few garden flowers combined with dried material. Pink castles were decorated with statice which had been dipped in wax, and would make a delightful addition to any table.

The hostesses were Mrs. Robert I. Magnusson, Mrs. H. H. McCallin, Mrs. W. G. Fleming, and Mrs. L. E. Leeper.

Mrs. Jean Adams was the lucky winner of an attractive arrangement of snapdragons, asters, and other spring flowers.

## On The BOOKSHELF

By SARA KING

Hope you have missed reading the column as much as I have missed writing it. Now with things almost caught up and routine set up to running smoothly again, I'll try to get you caught up on all the new books we have put in circulation in the past month.

"The Fountain Overflows" by Rebecca West is the Literary Guild selection for January. In her first novel in 20 years, Miss West tells the story of a London family of the early 1900's. The Aubreys lives in an atmosphere blended of music, Shakespeare, politics, and money troubles, and their story is told through the viewpoint of young Rose, who grows from six to 16 in the course of the novel.

"Wildfire at Midnight" by Mary Stewart is a story full of suspense and terror on a mountainside in the Hebrides. Granite Brooks had come to Skye to forget Nicholas, her divorced husband, but Nicholas was a guest in the same hotel, and when mysterious fires appeared on the mountain they heralded a brutal murder, followed by a hair-raising chase across the treacherous slopes.

"Marble Orchard" by Margaret Boyle tells about Lovay Claypole, a girl who had been blinded in an accident, and who keeps secret the fact that she has slowly regained her sight—waiting for dramatic occasion for the announcement. The burial of her old hollon of a grandmother seems an appropriate occasion, but when the river rose and the floods came there was drama in abundance.

"What's Left of April" by Robert Lowry is the story of Carol Parks, a restless girl who came to New York to become a model, but soon returned home in a panic. Coming back to New York later as a secure, suburban wife, her old restlessness returns, and she leaves her husband for the promise of an existing career with another man.

"Mirage" by Ruth McKenny is laid against the background of Napoleon's campaign in Egypt in 1797. An absorbing historical novel, with many great scenes—the massing of the fleet at Toulon; the exotic Oriental wedding; the Battle of the Nile; the violent Mameluke uprising; the Parisian fetes of Tallmyr and the unfaithful Josephine.

"Royal Ann Tree" by Patricia Campbell is the story of a young woman of the 1830's whose struggle against the loneliness and toll of life on a wilderness farm was no greater than her struggle against the brutality and greed of the man she was forced to marry.

"Warm Wind, West Wind" by Anne Matthews takes place in the exciting new era in England when John Cabot came back to Bristol from his voyage to the New World. In this novel about lovely Crede Carings and the men who loved her, the author has recreated the colorful life of the times, interwoven with the history of the period.

"Greatest Lover in the World" by Alex Austin is a story for the strong-hearted. The author knows no words and calls a spade a spade, but a gay comedy of life and love—Hollywood style—is the result. It tells of the ghost of a famous romantic star of the silent screen who returns to earth to search out the greatest lover in the world and finds him to be an obscure dentist in Jackson Heights, N. Y. With fame thrust upon him, Dr. Donner is beset by publicity seekers and particularly by Gerda Geldi, the most beautiful woman in the world.

Several new mysteries by your favorites of course love stories "December Literary Guild" is two volumes of short stories collected by Thomas Costain and John Bercoff. Book of the month for December is Churchill's second volume on the history of the English-speaking peoples; New Rivers of America series is "River of the Carolinas; the Santee." New non-fiction: "My Ancestral Honey-moon" by Jennie Darlington; "Home Beneath" by Ralph Moody; "This Hallowed Ground" by Bruce Catton (Book-of-the-month) for November; "Bible as History" by Werner Keller, (Book-of-the-month dividend) "Retreat from Learning" (why teachers can't teach) by Joan Dunn coming in February.

## Meaning Of Discipline Not Wholly One Of Punishment Is Brought Out By P-TA Panel

### Talk On Herbs Is Heard By Central Circle Members

A talk on Herbs was heard when the Central Circle of the Sanford Garden Club met at the home of Mrs. Howard Brewer on Silver Lake.

Mrs. James Moughton, chairman presided and reports were heard from the treasurer, Mrs. Zeb Ratliff and plant therapy by Mrs. J. W. Schwarz. Mrs. George McCall read a paper by Mrs. R. W. Turner on horticulture after which an instructive question and answer discussion was held.

Mrs. Francis Bois, sponsor, introduced Mrs. P. Campbell of Geneva who gave a talk on herbs.

The history of herbs dates back to the beginning of time, she said and that aspect, along with the legends, witchcraft, medicinal and cosmetic uses, is as interesting as their present day growth and use.

The Bible, she continued, frequently mentions herbs and they were known and used all through Asia, Europe and the north countries long before they were used in America.

They were used for many purposes such as dyes, cosmetics, burial rites baths, and poultices for the ill. In witchcraft they were used for love potions and to ward off the devil and the evil eye.

Mrs. Campbell then gave leg seeds of herbs such as basil, dill, coriander, costmary, tennugreek, camomile, angelica, anise, leeks, wood, rue, sage, and parsley.

In Florida, she said, soil has to be manufactured to suit herbs. Those most fitted to Florida are sage, thyme, dill, basil, lemon balm, parsley, garlic, marjoram, chives, mint, summer savory, tarragon and borage.

After refreshments were served the members visited the nearby gardens of Mr. Johnson on Silver Lake.

Hostesses for the meeting were Mrs. N. Howard Brewer, Mrs. W. Warner and Mrs. Basil C. Moore. Those attending were Mrs. James Moughton, Mrs. Zeb Ratliff, Mrs. C. C. Campbell, Mrs. H. M. Papworth, Mrs. E. M. Hoke, Miss Adelaide Conte, Miss Alice Cooper, Mrs. A. K. Rosseter, Mrs. A. C. Benson, Mrs. Frank Evans.

Mrs. Ira Southward, Mrs. M. C. Hagan, Mrs. J. L. Jackson, Mrs. J. B. Fields, Mrs. C. L. Wood, Mrs. F. E. Boltz, Mrs. F. Colburn and Mrs. D. Lard.

## Meaning Of Discipline Not Wholly One Of Punishment Is Brought Out By P-TA Panel

The meaning of discipline is not wholly one of punishment. The word also means to regulate actions and conduct of a person so that they obey certain rules which make for the highest development of his character. In the panel discussion Thursday night, at the Pincroast P-TA meeting, points were brought out along these lines by the speakers. Judge Ernest Housholder represented the community, speaking from his vast experience with children who come under his jurisdiction in the courts. Mrs. Robert Williams, mother of six, spoke from the standpoint of the home, John Angel Jr. High School teacher and assistant principal of the Pincroast School, gave the views of the educators and Chaplain C. L. Arnold of the U. S. Navy, brought out the part the church plays in "The Discipline of the School Age Child."

The only real reason for disciplinary action, of whatever form is deemed necessary, is to build character of the child and instill in him integrity, responsibility, and moral living.

"The school has the obligation," said Mr. Angel, speaking as a teacher, "to carry out the discipline of the child during the hours he is in school, because, besides learning the academic teachings necessary for their education, children must learn that certain behavior is not acceptable in the society in which we live, and the school and teachers must help prepare the child for the time when he steps out to take his place and earn his living in an acceptable and honest way." However, he felt that, if the child had received good discipline before he came to school, the teacher would not be able to spend more time in teaching the academic subjects, and less time in attending to behavior problems of the pupils.

Judge Housholder said that he found that the behavior problems with which he had to deal mostly stem from a lack of love and understanding in the home. He believes that discipline based on love for the child and better understanding of the child's needs goes much further toward the building of respectable behavior than an inconsistent attempt at disciplinary action. He urged that parents never discipline a child in a way that is degrading and humiliating.

All of the panelists were in accord with the statement that a consistent attitude on the part of parents does much to cut down on the amount of discipline handed out. In other words, if a thing is wrong today, it is wrong tomorrow, too. Inconsistently, laughing at or ignoring a child's behavior today and tomorrow punish him for doing the same thing can only lead to confusion in the child's mind.

Respect for the rights of others is the most important thing that children must learn, if they are to get along with their fellows. A large sense of personal responsibility for his own actions, is held to be very important, too. A basically religious attitude, consistent behavior, never failing love, and always seeking a better understanding, between the parent and the child, more or less summed up the remarks of the panelists, and this was brought out by Harry Weir, who served as moderator. Questions from the audience were handled by the panel members which they answered with remarks consistent with their earlier statements.

A short business meeting was held after the program, and the room count was again won by Mrs. Crooms first grade. Refreshments were served in the cafeteria by the first grade mothers.

### Conservation Is Topic Of Camellia Circle's Program

The Camellia Circle of the Sanford Garden Club met Thursday night at the home of Mrs. Donald Flamm on Elm Ave. Mrs. Alfred Chiles and Mrs. Roger Schmidt served as co-hostesses.

Mrs. Ralph Betts, circle chairman, made the announcements from the Board meeting. Discussion was held concerning the workshop the circle will have in February. The Camellia Circle will be responsible for placing flowers in the hospital during the month of February.

Guest speaker for the evening was Ben Wiggins. He brought a very interesting program on "Conservation" in which he explained the various phases of soil conservation in Seminole County.

Members present were Mrs. Betts, Mrs. Jack Martin, Mrs. Vernon Hardin, Mrs. Benny Austin, Mrs. Robert Douglas, Mrs. Harold Chapman, Mrs. Dan Batten, Mrs. John Dunn, Mrs. George Speer, Mrs. Donald Knight, Mrs. Robert Crumley, Mrs. E. C. Harper Jr. Mrs. E. W. Peterson, Mrs. J. G. Horton Jr., Mrs. Alfred Greene and the hostesses Mrs. Flamm, Mrs. Chiles and Mrs. Schmidt.

### Circle No. Six Meets At Chapman Home For Session

Circle No. Six of the First Methodist Church met recently at the home of Mrs. Tate Chapman on West 1st St.

Mrs. Percy Chapman read the devotional, Colossians 4, and a poem "Easy Enough." Mrs. Joe Azzarello had charge of the meeting and announced that on Feb. 1, they will honor the new members of 1956.

Circle Six will meet at McKinley Hall for youth on Feb. 10 Mrs. Farmer had charge of the mission study. Paul's Letters, which is the mission subject of the church. Refreshments of salad, fruit cake and orange juice were served.

Those present were Mrs. Dora Guerry, Mrs. Tate, Mrs. R. U. Hutcheson, Mrs. W. P. Chapman, Mrs. Joe Azzarello, Mrs. Suzie Miller, Mrs. C. E. McKay, Mrs. C. O. Pace, Mrs. W. J. Norman, Mrs. T. A. Burleigh, Mrs. N. V. Farmer, Mrs. J. E. Terwilliger, Mrs. Ned Smith, Mrs. Mabel Blount, Mrs. Albert Hardesty, Mrs. C. F. Mims, Mrs. Pearl Lynch, Mrs. Brodie Williams and a visitor, Mrs. W. A. Hunter, president of the W.S.C.S.

The February meeting will be:

Erle Stanley Gardner's newest "Case of the Lucky Loner"; "Mary of Scotland" by F. W. Kenyon; "Blue Camellia" by Frances P. Keyes; "Stopover Tokyo" by J. P. Marquand; "Bedlam" by Andre Soubrin; "Etruscan" by Mika Waltari. Some good ones, don't you think?

### Lake Monroe News

By GRACE THURSTON

The Lake Monroe P-TA will hold its monthly meeting tonight at 7:30 at the schoolhouse.

Mrs. Walls' room will be in charge of the program and the fifth and sixth grade home room mothers will be the hostesses. All parents are urged to attend.

Mr. and Mrs. Herbert Thurston had as their house guest, Mrs. Walter DeLear, Tenefly, N. J., and Mrs. Elise Schrumpp Union City, N. J. Mrs. Schrumpp left last week for St. Petersburg for a visit and will return in March to stay in Sanford for a week before returning North.

held at the home of Mrs. Albert Hardesty, 2117 Orange Ave.

### 22 Are Present At Anna Miller Circle Meeting

Mrs. Ed Cox, president over the 22 members present at the regular business meeting of the Anna Miller Circle at the Elks Club last Tuesday evening.

Routine reports were given by the standing committee chairmen and other business was discussed. It was announced that several new members would be initiated into the circle at the meeting.

Those present were Mrs. Fred Rowley, Mrs. Peter Bukur, Mrs. Harold Kaster, Mrs. E. J. Moughton Jr., Mrs. Ralph Wight II, Mrs. R. B. Hillimer, Mrs. M. I. Fulch, Mrs. James V. Mrs. J. C. Dishrow, Mrs. R. E. Spencer, Mrs. Clayton Smith, Mrs. Gene Walter, Mrs. L. G. Skates, Mrs. Charles Karkraker, Mrs. W. E. Pratt Jr., Mrs. H. F.

### 4-H Club Gathers

The Pincroast School 4-H Club met Thursday with 10 members present and one visitor.

Mrs. Richard Forbes gave a demonstration on pecan rolls. Miss Myrtle Wilson, Home Demonstration Agent was present and talked to the group about the County Fair.

### Health, Physical Education Topics Of P-TA Discussion

The Grammar School P-TA meeting was called to order by Fred Richards, president who read the P-TA prayer from the manual. The budget for the year was presented by Fred McMurphy and was approved.

The project committee recommended that audio visual aids such as globes and maps for each room be purchased.

Jim Buchler gave a final report on the South's outstanding award a plaque by Mr. Heckman on behalf of the students. Mrs. Richards' room and Mrs. Catherine Ball's room were awarded checks for selling the most tickets to the Peanut Bowl.

All members were urged to attend the Founders Day meeting, Feb. 7, at Southside at which time one of the South's outstanding speakers, Mrs. Walter Beckham will speak.

Physical education and health were the subjects for discussion at the meeting in line with the school policy of education the child. It was brought out that mentally, physically and socially the school are endeavoring to form good habits and provide necessary training for the development of the habits. It is known that good habits is the hub of the educational wheel and that each child must have good physical and physical training to maintain mental, social and emotional well-being. It was learned. The physical education program develops skills and gives a sense of responsibility both as an individual and as a group member. Physical education has become departmentalized with each teacher directing a different phase of physical education.

Mrs. ...

### Personal

Sam Fleet, well known clothier of Dayton, O. is spending his sixth annual vacation here.

Kenl, Mrs. M. Moses, Mrs. C. E. Safford, Mrs. A. P. Bowersox, Mrs. R. F. Mapes, Mrs. Roy Chorpensing and Mrs. Ed Cox.

## Conring The News

BY VIRGINIA CONN

### Rita Bauer and Elaine Bass were the hostesses for the VAH-7 luncheon held at the B.O.Q. Thursday. A sherry hour was followed by a delicious luncheon of chicken pot pie. The table decorations were very cute and original. Each month had been placed, with Santa for December, a turkey for November, and so forth down the table. At each place, the guests discovered small date calendars and the hostesses had very kindly filled in all of their monthly engagements for January. Appearing were Kay Dwyer, Ruth Spartz, Jackie Austin, Marilyn Fortnes, Lou Johnson, Connie Young, Claire Lynch, Rusty Lilleboe, Doris Francisco, Ruth Hodges, Katie Cummins, Betty Guy, Mary Libbey, Jean Stetson, Gretchen Hall, Dot Mann, Terry Price (in one of her European trip creations, gorgeous), Ruth Norvall, Betty Meyer, Thelma MacMurray, Jane Millner, and Marty Millaps.

Spook Hook is back from her trip to White Plains, New York. Olivia Simmons came home from the hospital today with the new baby, Mark is his name, I am told by her young son, Jimmy.

All afternoon, the new prince has been receiving callers, as witnessed by a noisy neighbor. (Me.)

Promotions were celebrated Friday night when LCDR Bob Punch, CDR. Frank Murphy, and CDR. Morrell met their guests decked in blues with the new stripes glistening. The party was held at the Horrell's home in Grove Manor, and blue chrysanthemums were arranged on the tables, and the food was delicious, especially the shrimp. Drawing much admiration was the new car that Bob and Punch had acquired that day.

## Seminoles Prove Tough Competition For Winning Apopka

### SIS Athletics To Include Golf Swimming Next

After meeting again with some 10 high school youths, Andy Bracken, principal of Seminole High School, headed by director Fred Jones would probably expand to include...

The emphasis on minor sports was immediately seized upon by Bracken during his first meeting with Ganas after he had assumed the helm of the school.

Bracken said that he had hoped to have some swimming this year, but we have no facilities as yet, no schedule, and no place to swim.

### Former Pitching Ace Sid Hulson Visits In Sanford

Many of the oldtime baseball fans of Sanford were pleasantly surprised with the visit of Sid Hulson, 1930 pitching ace for Sanford in the Florida State League.

With a baseball school in Kissimmee, Sid doesn't have much time to visit his many Sanford friends, but Sunday he slipped over for a few minutes.

Interrupting the match, Charlie and Sid recounted the past days, Charlie was excited about his old friends return, lost the match (he's an avid tennis player and every match is a grudge one) Sid said he still enjoyed the visit.

## Sanford Sweepstakes Will Take National Boatracing Spotlight

For merely 6663 Sanford will again be in the sporting spotlight. This time a six-class hydroplane and runabout regatta featuring the nation's top speedboat drivers and record-holders will compete in six races, each with two heats, on Sanford's Lake Monroe.

The Sanford Boat and Ski Club played the "Celery City Sweepstakes" in number five spot of the famous Grapefruit Circuit, which is sanctioned by the American Power Boat Assn. The Grapefruit Circuit is the winter tour of power boat racing and offers the Col. Green Trophy a \$7,000 trophy to the top man on the circuit during the Circuit.

All in all it was a pleasing outing for the team and the mentoring staff. "We showed a lot of improvement tonight," Coach Bud Laylor said enthusiastically after the game. "We showed a lot of team unity, and the score was respectable."

Dick Silvers, Laylor's assistant on the guiding staff, was enthusiastic about the game. "Apopka played a terrific game in beating us," he remarked. "We were good, and if we keep up the pace we'll win some games."

The big boys camp through in the Apopka tilt, with Joe High leading the Seminole warpath. His progress in rebuilding gave him three field goals, and the Bluejackets defense found him seven times, six of which he turned into points, giving him a total of 12 points.

Claude Hittell, who's been working almost specifically with rebounds and lay-ups hit the hoop five times to run his total to 10 points for the game, all from the floor.

The Darter big gun, James Dickman, kept his sharp eye alert to spearhead winning Apopka with 18 points.

The big word after the closeness of the game from the Seminole camp was "We're on our way." The Seminoles were looking for a completely one-sided score prior to the Christmas holidays. After the holidays the Seminoles mentoring staff threw all razzle-dazzle to the winds and concentrated completely on offensive fundamentals and burned their eyes to the future.

## Pre-Am Tournament Played On Mayfair Course Yesterday; 41 Teams Participate

### Sanford Sweepstakes Will Take National Boatracing Spotlight

Herold Heckenbach, principal of Sanford Grammar School, held an interested group of parents that Sanford Grammar was attempting to follow a program in cooperation with a national physical education program, in a discussion following the regular meeting of the P-TA.

"You will perhaps recall that Mrs. Eisenhower pointed out the need for such a program," Heckenbach informed the group.

"We have a varied program which includes small group games, relay, folk games, seasonal sports, for boys and girls, and we also show films on safety and good health habits to the children," Heckenbach continued.

Joe Nicholas, commodore of the Sanford Boat and Ski Club voiced optimism that the regatta would be a great success. "We have underwritten \$100 prize money for each race, and a total of \$663 will cover all the expenses, including prize money, entrance into the APBA and for insurance to cover liability during the Circuit.

Virgil Elder, a representative of the American Power Boat Assn spoke to the enthused assemblage last week and laid out the program and cons of the race and offered the services of his experienced racing promoter to initiate the first regatta for the Sanford Club.

Don Smith was named chairman of the Sanford Sweepstakes committee and along with Elder and another St. Petersburg club member C. B. Watson, selected the site for the races. "The St. Petersburg club has been wonderful in helping us," Smith said.

In recognition of his fine work as head of the Peanut Bowl this year he was awarded a plaque by the school inscribed, "To Jim Buckler, for a job well done."

### Junior High Keeps Undefeated Record With Friday's Win

Undefeated Sanford Junior High added another victim to its list Friday afternoon when the high stepping cakewalk came from behind in the last quarter to down highly touted Mainland Junior High of Daytona Beach 22-20 in a thrilling basketball game staged at Seminole High School.

Mainland jumped to an early lead in the first quarter and was leading 10-3 at the half. But behind the sparking of Ed Fuhrman, who tallied for eight points, the Sanford Juniors went on a final stanza scoring spree after entering the bracket trailing 16-8.

LET IT RAIN, let it shine. Every day is a good day to use the Want Ads.

### Apopka Comes From Behind To Beat JVs

The scrappy Sanford Seminoles JVs tumbled into the loss column as the Apopka Blue Darter JVs came from behind to eke out a 29-21 over the baby warriors despite 17 Apopka fowls.

JV Mentor Dick Silvers again praised his boys for a team effort, even in defeat, and also had praise for the young crop of darters. "Just as we thought they would be, they're great," Silvers said.

Silvers used the defeat to point out the purpose of his JV planning. "These boys have excellent fundamental training," he said. "They play a fast, clean, and simple game. Next year they will be one of our roughest competitors in varsity competition."

Silvers said he was pleased with the progress of the boys. As a team they played well, and the tough competition gave us a peek at some of our fundamental errors. We'll work hard on them and see what happens."

The tournament, which awards pro money and amateur merchandise, opened the '57 season last week at Ellinor Village in Ormond Beach. At the opener, Babe Moore, from Riviera C. C. took top honors with a plus 26. Sanford's Bill Foulk and his four-some took fourth place.

The tour will include tournaments at eight clubs in the Central Florida area who are members of the organization and will consist of nine events, starting in January and never over April.

Players are drawn with one pro as team captain, one class A player, one class B player, and one class C player, comprising a team. Complete and attested score cards are turned in at the completion of each round in each event. Each player, pro and amateur are given a quota of points based in his handicap shown on his membership card, ranging from a scratch, or no handicap, which has a quota of 38 points, to a handicap of 29 and over, which has a quota of four points. Points are awarded from one point for a bogie to 11 points for a double eagle. Results are scored with a plus or minus points.

First place, plus 26—Pug Allen, Guy Pellet, Lynn Conrad, Dick Lewis.

Second Place, Plus 15—Bill Foulk, George Wetmore, George Smith Jr., Jim Swearingen.

Third Place, Plus 11—Bill Meyers, Dr. Bud Manchester, Pat Murphy, Al Livingston.

Fourth Place, Plus 10—Dr. Humbley, J. Glauber, E. Sall, Dr. Donald Cann.

Fifth Place, Plus 9—John Foulk Sr., Andy Bracken, Henry Mitchell, Ray Herron.

### Grammar School Trying To Follow National Program

Herold Heckenbach, principal of Sanford Grammar School, held an interested group of parents that Sanford Grammar was attempting to follow a program in cooperation with a national physical education program, in a discussion following the regular meeting of the P-TA.

"You will perhaps recall that Mrs. Eisenhower pointed out the need for such a program," Heckenbach informed the group.

"We have a varied program which includes small group games, relay, folk games, seasonal sports, for boys and girls, and we also show films on safety and good health habits to the children," Heckenbach continued.

### Local Shuffleboard Teams Continue Winning Streak

The Sanford Shuffleboard Club continued on its winning streak Friday afternoon as they edged out New Smyrna Beach in a thrilling tournament 17 games to 16 games.

The Sanforites traveled to New Smyrna for the tournament and played on foreign courts for the excellent win.

"It was a tough one," Joe Lurray said, "but it was exciting and fun to play. It could have gone either way, but we earned the win."

AYMOR F. MARBER, a member of the Inaugural Committee staff, poses in Washington with a blow-up of the cover of the 1937 official Inaugural program. The portraits of President Eisenhower and Vice President Nixon were done by Norman Rockwell. (International)

### U.S. Ready To Join In Outer Space Missile Control

WASHINGTON — President Eisenhower said this week that this country is ready to join in international control of "the outer space missile" and earth satellites. It was the first time any U. S. official has hinted publicly at a need for control of artificial moons fired into space above the earth. The United States is preparing to launch strictly scientific earth satellites during the International Geophysical year starting July 1. The President presumably was not talking about such peaceful enterprises but rather about artificial moons that might be used militarily—perhaps as launching platforms for atomic missiles. His "outer space missile" may have been a reference to the intercontinental ballistic missiles with H-bomb warheads which both the United States and Russia are developing. Such weapons would soar hundreds of miles into space before descending. The reference to the space missile and satellite was in a paragraph of his State of the Union message in which he said "we are willing to enter any reliable agreement which would reverse the trend toward ever more devastating nuclear weapons." In an earlier paragraph he referred to new weapons of "amazing capabilities."

SUSANA BEATRIZ GOBRIS, 11 months old, can shout with joy in Philadelphia, where surgeons removed the last of 47 straight pins the child swallowed six months ago. Two of the pins lodged in her right lung and she was flown from her home in Cordoba, Argentina, to Buenos Aires, where the first was removed, and then to the United States for the final operation. Her mother prepares her for the trip home. (International)

### 1-Man Helicopter Unveiled By Navy

PALO ALTO, Calif. — The Navy has unveiled a 250-pound collapsible, one-man helicopter which it described as the latest thing in front liaison craft. The device, called the "Rotocycle," was developed by the Hillier Helicopter Corp. for tactical use by the Marine Corps. A Hillier spokesman said it comes as close to the idea of a "strap-on-back" helicopter as has yet been developed. The craft is powered by a 4-cylinder opposed, air-cooled engine mounted on the pilot's back. A single rotor 18 feet in diameter provides the lift and a small tail rotor compensates for the torque. Performance data was not disclosed. The Navy said the Marine Corps would use the Rotocycle for observation, liaison and small unit tactical maneuvers.

## Some Warning Signs Of Carbon Monoxide

**By HERMAN M. SUNDIEN, M.D.**  
WHILE most of us think of carbon monoxide as something to fear only when running an auto engine in a closed garage, it is just as dangerous when produced in the home. In Illinois alone, between 40 and 50 persons lose their lives each year as a result of carbon monoxide poisoning. Many of these deaths occur right in the victims' own homes.  
**Very Poisonous**  
Carbon monoxide is a very poisonous gas. It is formed whenever wood, coal, oil or any other fuel is burned. If there is not sufficient oxygen available, or if the burning process is incomplete for any other reason, carbon monoxide is certain to develop. Although you can't smell, taste or see the gas itself, there are a few warning signs that indicate a danger of carbon monoxide. If the gases are escaping into your home because of defective heating and venting equipment, you might notice an acrid odor. Your eyes and nostrils might smart.  
**Check Equipment**  
Watch your heating equipment. If there are flakes of soot on the floor anywhere near the equipment or flue damper, it might be an indication that gases are not being expelled as they should. There are many things you can do to help prevent development of carbon monoxide in your home. For one thing, don't burn any kind of fuel—and I mean any kind—in an area that is air-tight. Remember, carbon monoxide will develop if there is insufficient oxygen. Open a window slightly if you have to, but see that your heating appliance has enough air. If venting is advised for your particular fuel burner, make sure it is vented properly to the outside. And never—I repeat, never—use an unvented fuel-burning space heater in a bedroom. If the flame on your kitchen range is not burning evenly, scrub the burners with soap and water, using a stiff brush. Make sure all equipment which burns fuel of any type is checked and adjusted each year. Gas furnaces and appliances should be installed in accordance with standards established by the American Gas Association. You can obtain copies of these recommendations from the association offices at 420 Lexington Avenue, New York 17, New York.  
**QUESTION AND ANSWER**  
**D. M. P.:** Would you give me some information about multiple sclerosis. What are the symptoms of this disease?  
**Answer:** Multiple sclerosis is a disease of the brain and spinal cord in which portions of the nerve tissues are replaced by scar tissue. This may occur in either the brain or spinal cord alone. It occurs more commonly in females than in males. The most common symptoms are blurring of the eyesight, weakness or tingling in the arms or legs and awkwardness in using one hand.

## Try and Stop Me

**By BENNETT CERF**  
IN FRED ALLEN'S heartwarming "Much Ado About Me," the late star tells about the first vaudeville routine he did with Portland Hoffa—who later became his beloved bride. First, Fred played a clarinet solo, announced as "When the Roll is Called Up Yonder. What Shall We Dunk In Our Coffee?" In the middle of it, Portland capered on-stage. "What character do you portray?" Fred demanded. "I'm a chorus girl," answered Portland. "I have no character."  
"I was in the Follies," she added, "until I was vaccinated." "That's painful," allowed Fred. "Where were you vaccinated?" "In Detroit."  
"Do you sing?" "In my house we have to—there's no lock on the bathroom door."  
"And what," concluded Fred, "is that tiny box for?" "My costume," confided Portland. "Would you rather put it on first," asked Fred, "or shall we get right into the patrol wagon?"

## YOU'RE TELLING ME!

**By WILLIAM RYTER, Central Press Writer**  
**DON'T** scold the kids! We've noted few youngsters break their Christmas toys as fast as does many an adult his New Year's resolutions.  
"Coffee shortage in Turkey"—headline. Good grief, we've always thought it was Turks who invented the stuff!  
A little late, Grandpa Jerry Jenkins declares an ideal Christmas is one in which only greeting cards are subject to exchange.  
A magazine editor predicts that some day man-made satellites bearing TV screens, complete with commercials, will circle the globe. Forget it, boys—we prefer our television shows—even the commercials—made down-to-earth!  
A Chicagoan, nabbed by the cops, claims he set off some tear gas pellets just for fun. For crying out loud!  
Zedek Dumbopf wonders if the treaty transferring that cool-keep area to Germany should be referred to as a Suez note.  
British scientists experimenting with atomic radiation on tulips claim they have returned the plants to a wild state. That, says the man at the next desk, is certainly gardening in reverse English.

AN ITALIAN SALVAGE CREW on the Squalo ties up to a 8,000-ton LST which was scuttled by bombs acrosswise in the Suez Canal just south of Ismailia. The sunken vessel contains an estimated 2,000 tons of cement. The crew plans to break up the ship with dynamite and then remove the brass sections. The Squalo is one of 14 ships joining in operations of the United Nations salvage fleet. (International)

## What Will World Be Like In 100 Years

**CHICAGO** — What will the world be like 100 years from now? Rand McNally and Co. gazed into its crystal ball and found that 100 years hence there will be everlasting peace. In an article in its house organ, the firm predicted that "instant detection of border violations by radar and television" will prevent boundary disputes from developing into major wars. Written in the past tense, the article said: "Instant retaliation has become an international watchdog. The universe has become a healthier, saner, more peaceful and leisurely place in which to live." The map — making and textbook firm, 100 years old in 1956, expects to be doing bigger and better business on its 200th birthday. **Electronic Travel**  
"Our products now include globes and maps of all the planets and their satellites," the article said. **Electronics will put an end to traffic jams, the firm predicts.** "Our automobile system is one gigantic electronic network into which individual automobiles tie as if into a closed circuit, moving out into automatically adjusted speed paths," the article said. **Passengers settle back in rotunda-like plastic domes to view their scenery—scanners, play cards, sip cocktails or enjoy a picnic lunch at a speed of 200 miles per hour.** In general, Rand McNally found that the world would be like this: "The population of the earth has tripled in the past 100 years to 7 1/2 billion. Dispersed skyscraper communities can accommodate more and more people. **Living Is Easy**  
"Seventy and eighty — floor skyscraper apartments providing up to 10 room per occupant with roof gardens and generous open-air patios are gradually replacing the one-family dwelling. "Nuclear and solar energy and liquefied rock fuels are making life more comfortable and convenient for everyone. "Mass artificial processing of foods has eliminated starvation. Conversion of ocean water to fresh water is a development now 50 years old. "Hundreds of new synthetics and the use of the ocean's vast mineral supplies have left our underground resources still undepleted."

## Treat Nose Gently If You've A Cold

**By HERMAN M. SUNDIEN, M.D.**  
**GOT** a cold? Then leave your nose alone. Oh, I know it bothers you. It's a long time to break a habit. So let me caution you at least to blow gently. If you don't, you may force infected material from your nose into your ears or sinuses. Then you may be in for some real trouble. **Closing Nostrils**  
When holding a handkerchief to your nose, be careful not to press both nostrils closed at the same time. That same Virginia physician has another bit of advice on taking care of a cold. He advises a cold victim to sleep on his side, alternating from one side to the other. This, he concedes, may sometimes appear to interfere with your nose. But, he insists, in such a case "sleep" is of secondary importance. **QUESTION AND ANSWER**  
**S. N.:** What causes a person to see tiny white spots before the eyes? My blood pressure and kidneys are all right. **Answer:** The appearance of spots before the eyes may be due to constipation, to a defect in the vision, to high blood pressure or you aren't going to break a life-long habit. Consult a doctor.

## National Income Climbs Last Year

**WASHINGTON** — National income climbed to a record annual rate of \$343,500,000,000 in the third quarter of last year. The Commerce Department reported the income rate for the July-August-September quarter was 5 billion higher than in the previous three months and 15 billion higher than in the comparable period of 1955. However, the department said that while national income hit new highs in each of the first three quarters of 1956, the rate of gain was somewhat smaller than in 1955. It attributed this to the fact that the economy had completed its recovery from the 1953 business dip and had moved on to a period of "sustained high level activity." Payrolls and other employee compensation accounted for the biggest share of the 1956 advance in national income. They rose 7 per cent from an annual rate of 221 billion in the first nine months of 1955 to 237 billion in three quarters of 1956.

**ZYMURGY!** is the last word in the dictionary! The HANSBROUGH AUCTION METHOD is the last word in selling worthwhile properties successfully. It's the SAFE, FAST, SURE and FAIR WAY to SELL! For details, CALL COLLECT: HANSBROUGH, Orlando 4-4571.

**ATTEND! AUCTION BID! BUY!**  
**LAKE BUTLER CHAIN**  
LAKEFRONT HOME—LAKE SHEEN  
Boathouse—Dock—Sandy Beach  
TUESDAY, JAN. 15—1:30 P. M.  
This is a charming in-law home fronting 100' on lake and extending back 400' in depth, having approx. 1500 sq. ft. of living space in addition to a large 2-car carport and a beautiful porch on the lakeside of the house. The utility room area is made of handsome redwood, divided into 2 rooms—one with hand shower. The home has tiled floors and double insulated ceiling. It's heated with thermostatically controlled Cell Heat. The entire home is beautifully and tastefully decorated and sells completely furnished.

**DADE CITY—**  
293 W. Church St.  
**HOTEL DAY RESTAURANT**  
Festively Operating  
WED., JAN. 16—1:30 P. M.  
Hotel Day has 16 completely furnished guest rooms, all with closets. Eight rooms have private baths — the other 8 have running water only. Has air conditioned dining room that seats 100 guests. This is a popular luncheon spot for various civic organizations. The Hotel has a high class reputation and boasts a top-notch clientele. This is a favorite spot over for traveling salesmen from many and various large corporations. Being only 2 1/2 blocks from downtown, guests are handy to all city activities.

**FRIDAY—JAN. 18**  
1:00 P. M.—TANGIERINE  
2-Story Lakefront Home

Drought Conditions Lower Water Levels Of Oklawaha River

ENCHANTED HARBOR By DOROTHY WORLEY

CHAPTER 22
"Bill was heading over the newly carved mahogany set, examining its contents. There were several things she wanted: an exquisite sampler, a richly embroidered linen tablecloth, a fragile yellow shawl, and a peacock fan. She was putting all the other things back when she heard a door open. It frightened her because she was there alone and she had forgotten to lock the screen door. She straightened up and listened to the footsteps, her heart beating fast. "Bill!" she exclaimed. "You frightened me!" "I'm sorry I did that. I found the door unlocked and walked in. Of course, I didn't know who was here."

(Continued from Page 1) reform school," he said. Of the girls, two were sent as dependents because of their parents and two were sent as delinquents because they refused to comply with proper home standards, truancy from school, away from home at night without permission and refused to comply with probation requirements, and generally incorrigible. "The home standards in these," said Judge Housholder, "were not what they should have been and the girls naturally suffered."

A notice from the Corps of Engineers, U. S. Army, Office of the District Engineer in Jacksonville, states that "drought conditions in the Central Florida area during the last year have lowered the water level of the Oklawaha River and its tributary lakes to the extent that restrictive navigation conditions now exist throughout the waterway."

IRVING FRYOR AND HIS WIFE STELLA WERE honored at a banquet by the State Farm Insurance Companies at the Mayfair Inn Friday evening. At the head table were: (left to right—front row) Mrs. Ralph H. Nelson, Ralph H. Nelson, Mrs. Fryor and Irving Fryor, A. J. Fleming and Mrs. Fleming, (back row) A. L. Wilson, Dallas Loop, Edwin Shinkler, Wilmer T. Stapleton, Dr. W. P. Brooks Jr., Wally Dietrichs, David A. Taster, James Brown and Dr. Edwin Epstein. (Staff Photo)

Molasses Glazes Barbecued 'Ribs'

With pork supplies now bountiful at meat counters, many styles of this meat can be economically prepared in the months ahead. Here barbecued spareribs, topped with spicy apple rings, make for a very special and popular menu. Unsulphured molasses in the barbecue sauce adds a fine glaze and color to the spareribs. Unsulphured molasses, the concentrated juice of sugar cane, gives good spreading consistency to a barbecue sauce. Its aromatic and sweet flavor also offers interesting contrast to the nip of mustard, vinegar, Tabasco and Worcestershire included in the sauce. The sauce is ready to be used as soon as the ingredients are blended.

Barbecued Spareribs
3 pounds spareribs
4 tablespoons unsulphured molasses
4 tablespoons prepared mustard
2 teaspoons Tabasco
3 tablespoons vinegar
2 tablespoons Worcestershire sauce

Tiny Barnaclelike Creature May Shed Light On Evolution
COPENHAGEN, Denmark (AP)—Ten prehistoric "missing link" snails dredged up off Mexico brought with them a tiny barnacle-like creature that may shed even more light on evolution than their hosts, a famous zoologist has reported.

## No Change Is Seen In Plans For SNAS

CHARLESTON, S. C. (AP) — The Sixth Naval District said late yesterday two firms had been awarded \$97,500 "architect-engineer service contract" to examine sites in Georgia and North Florida for a new Naval Air Station.

A Navy spokesman said "the contract went to T. B. Bourne & Associates of Washington, D. C., and Reynolds, Smith & Hills of Jacksonville. The two firms will work together in seeking a suitable site for the air station which would cost an estimated \$25 to \$30 million dollars, so the spokesman said.

The spokesman said the study would require about three months and the firms would submit their findings to the Navy, which would review the recommendations and decide if the station should be built.

The spokesman said he did not know if Sanford, Fla. would be considered for the base which would have a complement of 340 officers and 3,000 enlisted men if it is built. More than 100 planes of a four carrier air group would use the new base, the spokesman said.

He said factors in the selection of a site would include topography of the land, prevailing wind and weather, availability of utilities, accessibility of the site, and ability of the Navy to acquire the property.

The stations would have two parallel runways, each 10,000 feet long, two hangars, an operations building, control tower, jet maintenance building, storage and supply warehouses, barracks, mess hall, fire station, and similar administrative buildings.

The spokesman emphasized that no funds have yet been appropriated for actual construction of the base, but only for a preliminary study.

Congressman A. S. "Syd" Herlong Jr., contacted late yesterday in Jacksonville, said that the base referred to in the release from Charleston is a proposed auxiliary base for Pensacola.

"I contacted Admiral Davis of the Navy," said Congressman Herlong.

## Meet To Consider Museum Request Called By Board

The Board of Sanford City Commissioners last night asked for a special meeting with two other groups to consider requests for expenditures which have not been included in the 1956-57 budget.

Mayor David Gatchel told the Board of Commissioners at last night's meeting that the General Henry Shelton Sanford Memorial Library and Museum will be dedicated on Friday, Feb. 8.

"I attended a meeting of the General Henry Shelton Sanford Memorial Library and Museum Committee on Friday," said Mayor Gatchel, "and learned that the City will be presented the key to the building at the dedication.

"However," said the Mayor, "we were also asked to furnish materials, labor, and equipment for landscaping around the museum and library, under the supervision of the Sanford Garden Club."

In addition, explained Mayor Gatchel, "we are being asked to carry insurance on \$5,000,000 valuation of books, papers and other valuable pieces in the collection."

It is also assumed, he said, that the city would maintain the museum and library and the landscaping, as well as provide janitorial service. Another item that returns the picture, Mayor Gatchel said, "is that we are also expected to furnish a librarian to catalogue all of the papers and books, a job which is estimated will require about six months and that the city would provide a librarian to operate the library and museum after the preliminary work is completed."

Commissioner Earl Higdon then proposed that some way be found to build a wing or wings to the General Sanford Memorial Library for the present city library so that the present librarian and staff would be in charge.

The special meeting that will be called will bring together the members of the General Henry Shelton Sanford Memorial Library and Museum Committee, the Board of Seminole County Commissioners, and the Board of Sanford City Commissioners. Date for the meeting has not yet been set.

## Nomination Blanks For Outstanding Young Man Mailed

Nomination blanks for the Seminole County Junior Chamber of Commerce Distinguished Service Award were mailed yesterday to all Sanford and Seminole County organizations.

The nomination for the Jaycee's outstanding young man of the year must be returned, according to George Andrew Spear, president of the local Jaycees, no later than Tuesday, Jan. 22.

Any interested person may secure a nomination blank from the Jaycee Information Booth or from any member of the organization.

The club's president explained that the Distinguished Service Award is the outstanding young man of the year does not have to go to a member of the Jaycee organization. It is awarded to any man between the ages of 21 and 35 who receives the nomination.

"The Junior Chamber of Commerce Distinguished Service Award is presented annually to an outstanding young man of the community for leadership and service to the community during the calendar year," said the Jaycee president.

Floyd Cooper, chairman of the Jaycee committee in charge of the "Distinguished Service Award," said today that the judges, who are to be announced later, will base their decision on the selection of an outstanding young man of the year on three basic fundamentals: (1) contributions to the community welfare during the year. (2) Evidence of leadership.

# Dulles Continues Plea For Eisenhower Doctrine

## No New Russian Threat Now

WASHINGTON (AP) — Secretary of State John Foster Dulles said today there is "very great likelihood" American troops will have to fight in the Middle East unless Congress approves the Eisenhower Doctrine resolution.

But, "if this resolution passes," he added, "there is very little likelihood" that U. S. forces would have to go to war in that crisis-ridden region.

Dulles is fighting hard for the President's request for standby military authority in the face of considerable Democratic skepticism. Sen. Henry M. Jackson said the administration thus far has produced "no evidence of any new Soviet threat" in the Middle East which would warrant hasty congressional action.

Jackson challenged Dulles' assertion Monday that the danger of Russian domination in the Middle East poses "the most serious threat to the United States in a decade."

Dulles testified for the second day at a joint meeting of the Senate Foreign Relations and Armed Services committees.

He estimated at "very much less" than 50-50 the chances of U. S. fighting in the Middle East if Congress approves the President's proposal.

"So far there has been no evidence presented that indicates any new threat," Jackson told reporters. "I think the threat was greater a while back."

Dulles sounded his warning in testimony before the combined Senate Foreign Relations and Armed Services committees. He was recalled today for a second full-day of questioning on the President's Middle East proposal.

Jackson was one of several Democrats ready to question Dulles today as to whether the United States has adequate military forces to meet the threat he warned of.

Mr. Eisenhower has asked Congress to approve a resolution giving him standby authority to use U. S. troops, if necessary, to resist any Soviet aggression in the Middle East. He also requested a \$400 million two-year program of economic and military aid to help Middle East nations maintain their independence.

A SCENE FROM A RACE similar to the Celery City Sweepstakes which is to be staged in Sanford on Lake Monroe, Feb. 17. More than 150 boats are expected to be here for the event. Boats will be manned by 20 to 60 drivers. The races are being staged under the auspices of the Sanford Boat and Ski Club.

## Top News In Brief

UNITED NATIONS, N. Y. (AP) — The Afro-Asian bloc scheduled a meeting today to discuss the final form of a draft resolution urging the United Nations to impose sanctions on Israel. In the United Nations, the General Assembly's main political committee resumed debate on disarmament.

WASHINGTON (AP) — Administration foreign aid planners are studying about two dozen projects which might be financed under the economic phase of the Eisenhower Doctrine for stabilizing the Middle East.

WARSAW (AP) — Communist China Premier Chou En-lai, having won Polish Communist Leader Wladyslaw Gomulka into accepting Moscow's leadership of world Communist policy, returns to Warsaw today for further talks with Polish leaders.

VIENNA (AP) — The puppet Janos Kadar regime is bringing heavy pressure to bear on rebellious Hungarian workers in an attempt to build up a new Communist Party, reports reaching Vienna today.

CHICAGO (AP) — The United Steelworkers Executive Board today took under advisement appeals by five "rebel" members who claimed they were denied places on the ballot for international offices.

## 'Celery City Sweepstakes' To Be Held Here Feb. 17

The Sanford Boat and Ski Club is bringing to Sanford its first annual "Celery City Sweepstakes" race on the afternoon of Feb. 17 when upward of 150 boats will be placed in the water to participate in the water racing contest.

Sanford will be one of seven stops for the Florida Grapefruit Circuit which will draw between 50 and 60 drivers. Each driver, officials of the local Boat and Ski Club said today, will have from two to three boats of different classes.

The Sanford race will be sanctioned by the American Boat and Ski Club, which will give the local boat races national publicity.

Top job for the Sanford Boat and Ski Club at the present is to raise the \$663 needed to underwrite the race. This money, officials said today, will be used for prize money and to cover liability insurance during the race.

The Club's Commodore, Joe Nichols, said today that their plans include the selling of advertising, seeking donations, and the operation of concessions during the race in order to raise the guaranteed prize money.

Don Smith, member of the Sanford Boat and Ski Club has been named the club's race chairman. Virgil Elder and C. B. Watson of St. Petersburg have tentatively selected a site for the race west of the city limits. However, the local club officials said today, that the site will need the approval of the State Road Department.

Nichols, the local club president, said today, that in addition to the prize money, drivers in the race will be trying to gain points toward the Colonel Green Trophy. This \$7,000 trophy is awarded annually to the driver who amasses the most points during the complete Florida Grapefruit Circuit.

The program will consist of six races, said Nichols. There will be four for hydroplanes and two for runabouts, with each race being (Continued on Page 3)

## Man Admits Theft; Breaking, Entering Charge Is Placed

A 28-year old Negro has been charged with breaking and entering after confessing to the taking of 25 to 30 pairs of ladies and mens shoes from a show-window of Gordon's Department Store, 215 Sanford Ave.

The Negro, Farlander Sautler, was picked up at 3:40 p. m. yesterday afternoon on Sanford Ave. by Lt. Joe Hixson and Patrolman Carl Dodson on suspicion because of his previous record.

Police Chief Roy G. Williams said today that the window at Gordon's Department Store was lifted Sunday afternoon. The Negro, the chief said, reached more than two dozen pairs of shoes.

Chief Williams said "We are investigating the possibilities of Sautler's implication in other similar incidences in Sanford."

The Negro is being held in the City Jail until the investigation is complete.

Chief Williams said this morning that Sam Conner, a 33-year old Negro is being held at the City Jail for "violation of parole."

Lt. Hixson and Patrolman Hixson apprehended the parole violator after receiving a report from fingerprint records when picked up on a drunkenness charge.

Conner was serving a life sentence in a murder at Sanford State Prison when released on parole. The Sanford Police Chief said that Nathan Mayor, Prison Commissioner has been notified that Conner is being held in custody.

## Juvenile Judge Faces Full Agenda Tomorrow Morning

A full agenda in juvenile court hearings will come before Juvenile Judge Ernest Housholder tomorrow morning.

The hearings will involve 13 juveniles of various ages and will include two girls whose cases concern run-away charges.

Four separate hearings will be conducted by Judge Housholder beginning at 9 o'clock when five Negroes will come before him on charges of stealing.

Two white boys are charged with breaking and entering in the second hearing to be conducted in the Judge's chambers at 10 o'clock.

At 11 o'clock a hearing will be conducted for three white boys on charges of breaking and entering.

Runaway charges against two white girls will be heard at 1:15 tomorrow afternoon.
