

DeLand Red Hats Nip Sanford Cards, 8-7, In 9th

Game Highlighted By 13 Errors; Cards Play In Leesburg Tonight

By KENT CLEGGAN
Sanford's rookies will march into Leesburg tonight still seeking to break into the victory column for the first time this year. The hustling St. Louis Cardinal striplings with a record of 0-2 and 11 errors so far, continued to display fighting spirit last night by losing an 8-7 heart-breaker to the Red Hats in the ninth inning at DeLand.

Those unpredictable kids at least improved on their original chatter against Orlando in the opener here Monday night by pulling seven runs and almost doubling the contest out of the fire. The contest which was DeLand's alone, and for those who believe misery loves company, there was some consolation afforded last night when DeLand committed seven to top Sanford's six.

Veteran catcher and now Manager Ray Dunne was the big gun for the Red Hats. The regular receiver on these initial three runs last night on a fly and two singles, one game winning ball that brought pinch hitter Jim O'Toole around in the ninth. The contest which was DeLand's home opener of the season began with a pitcher's duel. Harry Melia started on the rubber for Sanford and lasted five frames, yielding five hits, seven runs, five passes and the fanning three.

Murray Fryd, twice labelled the starting pitcher for the Sanford Cardinals, and as yet still to hurl this year, is "definitely" going to start against the Cardinals in Leesburg tonight. Manager J. C. Dunn announced this morning. The former Seminole blue who won 11 and lost 16, was called home because of an illness in his family last night and couldn't report to DeLand.

Meanwhile, big Jack Dutton, a 17-9 pitcher for DeLand last season and always a nemesis for Sanford, was rocked from the hill after seven frames. Sanford rapped Dutton for their nine hits. Jim Clutch moved into the game with the score knotted after four big runs off Dutton in the eighth. Clarence Ingram, stylish fast-baller who lost to Orlando in the Sanford opener was charged with his second defeat of the season. Ingram hurled 12 and one-third innings, yielding 14 hits, fanning five and displaying muscular control generally.

Sanford's second baseman Denny Nix and center-fielder Bob Folkert were both good and bad. Nix made three fielding blunders and Folkert let O'Toole reach third when the ball rolled into Redbird territory. This set up the winning score on Dunne's single.

However, Folkert delivered a run with a single in the third to score Bill Silverthorne. The third now set up two more runs as Folkert lined into a triple play to Luke Fitter at short, who stepped on second and threw to Penna at first to snuff out a 2-0 one out rally in the first for the Cards.

Fitter then went on to commit three errors to lead the DeLand parade of seven misplays. Nix and Silverthorne collected two hits. This morning Manager J. C. Dunn put his charges through a grueling two-hour batting and field drill at the Memorial Stadium to sharpen up the dull Cardinal attack.

San-Birds Spell It As "Sea Birds"

JACKSONVILLE (AP) — If you want to know how to spell the name of the Jacksonville Beach club of the Class D Florida State League, look no further than Jack Johnson, son of its owner.

By The Associated Press
DeLand, Jacksonville Beach and Orlando held sway in the Florida State League today with the only perfect records of the young 1953 season—but the top won't be so crowded after tonight.

Jacksonville Beach plays DeLand, meaning something has to give. In their second games Tuesday night, DeLand, Jacksonville Beach and Orlando held sway in the Florida State League today with the only perfect records of the young 1953 season—but the top won't be so crowded after tonight.

Right-handed Ray Britt went the full nine innings for Jacksonville Beach. His teammates backed him with a nine-hit attack led by third baseman Augie Pompella's two hits and two runs batted in.

DeLand put over its winning run in the bottom of the ninth after a four-run eighth inning. DeLand had established a 7-3 advantage with four scoring in the fourth. Catcher Walt Busma was the big gun for Cocoa, his home run in the third putting the Indians ahead for the first time. He missed repeating the feat in the eighth round as his bases-loaded double cleared the sacks after hitting a foot below the top right-handed Virgil Frazier gave up eight hits, three of them coming in Palatka's seven-run fourth inning.

Cubs Beat Cards, 13-5, To Move Out 2 1/2 Games In Lead
Bill Stouffert smashed out a homer and a single while Johnson rapped a pair of doubles and a triple to give the Cubs leading edge. The Cubs led 13-5 victory over the Cardinals at the Lakewood Diamond yesterday.

It was the sixth triumph in 10 games for the Cubs while the Cards sank deeper in the depths of fourth more, 41, games off the pace. Bob Brooks was the winner, pitching a five-hitter. Ken McMurray was nipped, losing 12 hits and 14 runs off the bats of the winners.

The Seminoles and Cardinals tangled tomorrow afternoon at 6:00 p.m. at the Lakewood Diamond.

Fleischer To Face Mainland Tomorrow
"Mighty Mel" Fleischer will go to the hill against Mainland of Daytona at Lakewood Field across the street from Seminole High School tomorrow afternoon at 2:00 o'clock. Coach Bill Fleming's SHS Braves will be seeking to stop their current three-game losing streak. The Lakewood Field encounter will be the first game played there since last year. The three early home games played by SHS were staged at the Memorial Stadium under the lights.

Oviedo Lions Thump Edgewater 10-7
OVIEDO — (Special) — Tight relief pitching by Walter Duda, supported by a nine-hit and 10-run offensive, proved sufficient to give the Oviedo Lion baseball team a convincing 10-7 victory over Orlando's Edgewater Junior Varsity here yesterday.

The contest, marked by nine errors, was the last part of Edgewater's season. The Lions went for six big runs in the second only to have the visitors tie the count against Mather with three hits in each of the fourth and fifth innings. Duda extinguished the fifth frame uprising and went on to allow only one run in the rest of the way. The Lions bounced back in their half of the fifth with three more markers to take a 9-6 margin. After Edgewater cut it to 8-7 in the sixth, Coach Paul Miker's crew had the last word by adding a single score in the bottom of the sixth. Oviedo will entertain Lyman the Birds last year.

Feds Outfit Crabs In Losing No. 4

DAYTONA BEACH — (Special) — The nose diving Seminoles took their first straight defeat the hard way — out-hitting the Seabreeze four to three—losing a tight hurling duel, 2-1, here yesterday.

Jim Stoen's "Jack" Krider, displaying his finest pitching exhibition of the year, yielded two runs and fanned five. Krider's mound opponent — Bill Lezer whiffed hits four Seminoles and allowed four hits.

Errors played an important part in the game. Russell "Wop" Mann, SHS' erid vet-ner, committed two blunders while Bill Bennett and Phil Vinzell were charged with mistakes for the winners.

The Seminoles' Crabs jumped off to a 1-0 lead in the second and held it until the fifth when Sanford bunched three hits to produce their only tally. Junior Metts, who drilled out two of Sanford's hits, rapped a single to open the Fed inning. Krider changed in with a bludge to be followed by Terry Cordell's single which brought Metts around.

Seabreeze added the victory margin in the bottom of the fifth when he singled three hits to produce the only tally. The two blows by Metts and consecutive singles by Krider and Cordell were all that Sanford made off Lezer, who was rapped in the clutch.

Coach Bill Fleming's Braves now hold a rather dismal 1-4 season's mark — a far cry from their heralded beginning with a 2-0 Junior League team early in the season.

Walter Duda, Fred Wheaton, Clayton, Johnny Jones

Oviedo Legion, Auxiliary Honor Lion Basketball Team At Banquet

OVIEDO — (Special) — The citizens of Oviedo were proud of their basketball team and their accomplishments this past season. They soon gathered for a game without a loss before their Conference colleagues. The men—the Central Florida Conference tournament at Mt. Dora then went on to Weirsdale. They came in second there at the District Tournament winning the opportunity of going to Gainesville.

Even though they did not win at Gainesville, Oviedo had a team to win recognition throughout the state. Johnny Jones was one of the two boys in the Central Florida Conference team. Harvey Joe Slayton, Freddie Wheaton and Warren McCall almost placed, the votes being awfully close. They, not having a second team, won Honorable Mention.

Then the Sanford Herald for the first time picked their All-Star team. Harvey Joe Slayton, Oviedo's tall center, Freddie Wheaton, ace guard, and Johnny Jones, forward, were placed on the first team. Norman Fore was selected for the second team. Honorable mention went to Walter Duda, Warren McCall and Billy Meek.

To show how much they appreciated these boys' noble efforts and ability the members of the American Legion Post No. 243 and the Auxiliary Post No. 243 also entertained with an elaborate chicken picnic dinner in their behalf Thursday night at the City Hall Memorial building.

Mrs. George C. Means again showed her artistic ability in the decorations. The spacious room was a scene of beauty after she had artistically intermingled nasturtiums, glads and greenery throughout the room and on the tables. The trophies won by the team were also displayed to advantage for the benefit of the guests.

The Bell Ringing Rasmusens, who now reside in the New Tribe Institute Missionary Boot Camp located just west of Oviedo, entertained the guests and hosts with their talents, playing cowbells, sleighbells, Marimba musical saw and piano. The boys also sang solos, duets and in quartets. Every state in the Union have seen their magnificent music ability, including Canada and Mexico outside the United States.

These boys, the sons of the Reverend Alvin Rasmussen include Marilyn; Rowlyn and Ralyn; twins; Don and Paul, ranging in age from 8 to 16.

Those present for this elaborate affair included members of the basketball team; namely, Walter Duda, captain; Johnny Jones; Freddie Wheaton; Warren McCall; Harvey Joe Slayton; Billy Meek; Norman Fore; Ray Fore; Richard Wrye; Myron Willis; Charles Mentzer; Jordan Boatright; Lorne Mathers; Bobby Shaffer; Ralph Matlock; Paul Miller; coach; Jim Wheaton, score keeper and last year's ace forward; Walter A. Teague, principal, and Mrs. Teague.

Also Leon Giliff, Commander of the American Legion Post No. 243, and Mrs. Giliff; Margaret Wolcott, incident of the American Legion Auxiliary Post No. 243, Mrs. J. W. Storer, who managed bruiser, etc. for the boys; Mrs. Storer being trained nurse and the doctor's helper; Mr. and Mrs. George C. Means; Miss Eddy; Alvin Walgreen; Mr. and Mrs. W. H. Martin; Mr. and Mrs. John Evans; Mr. and Mrs. Harry Russell; Mr. and Mrs. Phil Jones; Mr. and Mrs. James Pezaris; Mr. and Mrs. Merrill Staley; Mr. and Mrs. James Partin; Mr. and Mrs. T. L. Ling; Mr. and Mrs. J. L. Maloin; the Reverend Alvin A. Rasmussen; Robert DuBois and Mesdames Novella Aulin; Mae Cameron; Jean Wheeler; Dora Kelley; Lillian Abell; Grace Olliff; Geneva S. Abell and Missa Betty Mitchell; Eastern Star; Mrs. J. H. Jones, Jr., mother of Johnny Jones, will entertain in their behalf as soon as Mr. Jones, who has been sick for several weeks now, is well enough for her to do so. She promised that a party if they won all their trophies at the Gainesville, Fla. conference.

The team will also enjoy another party when the boys, Mr. and Mrs. Jones, Jr., mother of Johnny Jones, will entertain in their behalf as soon as Mr. Jones, who has been sick for several weeks now, is well enough for her to do so. She promised that a party if they won all their trophies at the Gainesville, Fla. conference.

Joe Black saved the day for the Dodgers in the eighth inning to defeat the Cubs. The Dodgers bragged all spring about their pitchers but they couldn't find one to go the route on opening day. Carl Erskine was the choice and the Pittsburgh Pirates got rid of him with a four-run outburst in the fourth inning. Joe Black saved the day for the Dodgers on base in the first inning. Roberts never had a chance. The Browns, who showed up in St. Louis as usual instead of in Baltimore as many people expected, made it look as if 1953 wasn't the year the Tigers had in mind when they asked the Detroit fans to "wait till next year." The Browns pounced on Red Garver for four runs in the first inning and had added six more against an assortment of three other pitchers before the fireworks were over in the only night game played before 11,804 fans.

The first atom bomb was exploded at Alamogordo, N. Mex., July 16, 1945.

THE SANFORD HERALD

SPORTS ROUNDUP
By GAYLE TALBOT

NEW YORK (AP)—The Yankees, proud four-time world champions going for a fifth straight, were about to open the 1953 season against the Philadelphia Athletics, and Manager Casey Stengel was hugging a radiator in the dugout against the biting cold. He was asked what he thought his chances were of being the first man ever to pilot a five-time winner.

"Well, I would put it this way," replied the veteran who is seeking baseball immortality. "Our outfit looks very good. So does our catching. I've been having some trouble with my infield. I would say it is fair."

"Now, my pitchers who are supposed to win all the games haven't been trying so hard in the exhibi-

tion games down South and they've been getting hit. At least I hope that's it. I'd hate to think I'd been doing these last 35 years. I think I might be a little stronger in my other pitchers," he said.

"Take Johnny Sain. He's been looking better than he did last year. He thinks he's going to have a big year. So does (Ewell) Blackwell. He says his arm feels better than it has for a long time. Those two fellows could help."

"That was the professor's considered opinion of his chances."

He was next asked which of the other American League clubs he figured he had to whip.

"I hear that Lopez (Manager Al Lopez of the Cleveland Indians) is looking for a shortstop," he said. "Well, I'm always looking for something I'm looking for another Mickey Siple but I ain't going to find him, am I?"

The kid from Oklahoma was in the batting cage at that moment

THURSDAY, APRIL 16, 1953
TODAY'S BIBLE VERSE

And the dates on our documents
and papers are an absurdity. If
Christ is not risen then is our
preaching vain.—I Cor. 15:14.

When medical skill and science
are powerless there is still a re-
sort in faith and love. The prayer
of faith shall save the sick.—Ja.
5:16.

Everyone's hoping the peace
dove now flying over Korea doesn't
turn out to be a turkey buzzard.

The Sanford Cards have not
exactly gotten off to a flying start
but they seem to have the makings
of a good ball club. Give them a
little more time to iron out the
kinks and get used to playing to-
gether, and we believe we will have
a team everyone will be mighty
proud of.

It is a shame how little money
is being raised these days on our
various charity drives, but we be-
lieve the results bespeak a condi-
tion which can be remedied only
by establishing a Community Chest.
Too many people think they have
contributed more than they really
have when they are solicited for
something almost every day in the
week.

It may not have been people
like Rep. Johnson of the House
Armed Services Committee whom
President Eisenhower referred to
when he spoke out against blabber
noses, but the Congressman did
say just the other day that he
wishes atom bombs in England and
probably in Korea. Some people
just can't keep a secret.

We may not be able to balance
the budget and reduce taxes in
this country, but our British cousins
across the sea seem to be on the
way to doing it. At least the British
Chancellor of the Exchequer has
offered a plan which would cut
sales taxes 2 1/2 percent and income
taxes 1 1/2 percent. This suggests
that maybe it is about time to cut
down on some of our foreign aid
pending.

We have heard about schools
being closed by lack of funds, by
snow storms and hurricanes, by
epidemics, even by mosquitoes, but
up in Heath, Mass. the other day
the school had to close on account
of mud. The spring rains had made
the road leading to it almost im-
passable. Strikes up there is a pu-
blic issue there which could turn
the next election into a real mud-
throwing campaign.

The Florida Highway Patrol
seems to be doing a good job in
fighting automobile accidents, and
yet facing an almost impossible
task. During the past month, they
made 4,057 arrests, issued 3,094
written warnings, made 178 speed-
up on traffic safety and 291 tick-
ets, investigated 1,302 accidents,
and yet 72 persons were killed, 697
injured as compared with 37 killed
and 678 injured during the same
month last year.

More than 300 million dollars
in revenue is estimated to have
been produced by Florida's forest
lands during the past year, and
will more than one-third of the
forest area in the state is not cov-
ered by fire protection because of
an estimated cost of \$1,500,000
involved. Thus we are in danger of
losing \$100 million a year through
our unwillingness to spend \$1
million. It just does not seem like
good business to us.

Ross Allen, the reptile expert
of Haver Springs, is all burned up
over a proposal in the Legislature
to ban the importation of foreign
snakes on the grounds that out-
breaks might soon fill up with
reptiles, pythons, anacondas, and
boas. This is all so much
nonsense. Allen insists, as such
snakes could not live at large in
the Florida environment. He sug-
gests that the bill be changed to
provide for adequate confinement
for these dangerous beasts. Per-
haps the whole matter should be
turned over to Senator McCarran
of Nevada, chairman of the Na-
tional Snake Control committee,
for his opinion.

Senator McCarran has proposed
that all states agree that wild
birds in any state be listed as
endangered. He also has proposed
that any state which lists a bird
as endangered shall have the
power to purchase the bird and
sell it to the federal government.
After the regulations were issued,
all states would have to list birds
as endangered. He also has pro-
posed that any state which lists a
bird as endangered shall have the
power to purchase the bird and
sell it to the federal government.

Only 20 Years Ago

Incredibly enough, it is only 20 years since Adolf Hitler became chancellor of Germany and started the chain of events which destroyed the Europe that existed then, including his own country, and ended by leaving Russia and the United States the two greatest powers in the world. A new life of Hitler, the best that has appeared so far, by Alan Bullock, a young Oxford historian, emphasizes the fact that he is best understood if it is remembered that he was an Austrian. In his vagabond days in Vienna he acquired his hatred for Jews, Czechs and Marxist Socialists, and his passion to reunite all persons of Germanic blood in Greater Germany.

His success in uniting his soldiers, captured 14 Cap-
itals, and ruled all Western Europe except Italy, Spain, Por-
tugal and Sweden. No one since Napoleon has achieved so
much.

The completeness of his victories proved his downfall. As Bullock says, he became convinced of his own infallibility, and would listen to no suggestion. "If ever a man was destroyed by the image he had created, it was Adolf Hitler."
The world is still paying for the evil he did.

Peaceful Uses

The world is well aware of the damage that can be done when an atomic bomb is dropped. But the same awesome force which is liberated when a bomb is exploded can drive machinery and serve man. Atomic powered engines have already been developed.

It is not likely that the use of atomic energy for peaceful purposes will be widespread for some time. Until now the government has had a monopoly on the use of atomic energy. Private enterprise may soon have an opportunity to obtain fissionable materials, under strict security regulations, and to develop reactors to harness the atomic power. It will then be up to private industry to show what it can do.

Years of research and large sums of money will be needed to discover just what use can best be made of atomic power. We must not expect that the day after tomorrow will find us using atomic energy to toast our bread or warm our bath water. But the potential is tremendous.

It is well that men should turn their attention to peaceful uses for the atom with the same zeal with which they sought its secrets in making weapons.

Perils Or Statehood

"If this addition is made to the Union," said Senator James White of Delaware, "our citizens will be removed to the immense distance of 2,000 or 3,000 miles from the capital of the United States, where they will scarcely ever feel the rays of the central government."

This doubtful addition sounds as if it might have come out of the discussion on statehood for Hawaii. Actually it was uttered 150 years ago in the debate over Louisiana Purchase. Perhaps some of the arguments against admitting Hawaii and Alaska may some day sound as unrealistic as this senator's wall of 1803.

Baseball In Holland

Baseball has not caught on very much in Europe, but is spreading in the Netherlands, according to Albert Hallik, the New York correspondent of a Dutch newspaper. The presence of American soldiers during the war is the chief cause. Interest has advanced so far that a Dutch pitcher recently came to the United States, to learn the practice of "dusting off" a batter, or throwing the ball so close to him as to drive him back from the plate and possibly unnerve him.

This is one of the less desirable features of our national game. It is to be hoped that the Dutch will not learn others, such as spiking.

Legislature

(Continued from Page One)
here it would have an appropriation of \$75,000 to finance a two-year study of the long range problem.

Leon County's three legislators joined in sponsoring the measure. The supervisor purchasing bill was brought to the House Committee on Governmental Reorganization by Rep. Murray. Polk County, for consideration as a measure to be sponsored by the committee and put on the calendar immediately for debate.

But some who prefer creation of a central agency to do all state purchasing objected that supervision of buying is not enough and it was sent to a sub-committee for study and possible revision.

One of the bitterest legislative fights in recent years was revived when the Senate Committee on Miscellaneous Legislation voted 10-3 to sponsor a bill to cut Gulfstream Park in on some of the choice horse racing dates in the middle of the tourist season.

Since Hialeah Park got through a bill giving it the best dates several sessions ago, there has been a perennial battle between race track lobbies that has kept the Legislature tied in knots for days.

The House received another bill to give the state a bigger cut of dog racing profits as the warring state legislators, but there still was no sign of the plan proposed by Gov. McCarty.

The new one, by Rep. Avros of Marion County, would earmark the two million dollar annual receipts to the teachers' retirement fund. Another has been introduced to divide the money between the counties.

McCarty opposes earmarking it for mental health facilities, but sides say he won't quarrel about who gets it.

Sen. Ballinger criticized the McCarty supervisor purchasing bill on grounds that it calls for a divided buying setup and lacked proper authority for enforcement.

Sen. McFadin of Jackson County thought it would be better with some provisions of his own bill. These included a \$10,000 year director, \$100,000 year clerk and one clerk could be paid by state to make purchases for them at retail bulk prices were obtained by the state.

The administration measure would have a state purchasing council made up of buying agents from major departments to fix standards on price and commodity standards, and fix procedures for dealing with the State Cabinet. The state purchasing council would have the power to recommend to the legislature all items to be purchased, and to fix the maximum and minimum prices.

THE WORLD TODAY

By JAMES MARLOW

WASHINGTON — Secretary of State Dulles, already thoroughly roughed up by the Senate, is heading for the White House. Sen. Mundt wants a shakeup of officials who make State Department policies.

The South Dakota Republican said he has the support of these three Republican senators, plus several of Wisconsin, Michigan, and Minnesota.

When he called for the house cleaning three days ago Mundt said "scores, perhaps hundreds of these top officials are the same ones who made policy for President Truman and Secretary of State Acheson."

And last night, when asked what he was aiming at in his demands, he said: "The purpose is to find out what jobs people who are in sympathy with Dulles and President Eisenhower."

Several conclusions could be drawn from that statement. Mundt and his group think Dulles is incapable of running the State Department and they have to tell him; or they have simply decided to tell him how to run it.

Although this episode has separated the powers of Congress from the powers of the executive branch of the government, it isn't the first time this has happened in the history of the country.

Only the State Department can negotiate agreements in foreign affairs. But a couple of weeks ago McCarthy said he tried to find a way to deal with Communists.

He withdrew the word "negotiate" after a quiet luncheon with Dulles. That was one of the things that happened when he was a couple of weeks before that McCarthy wouldn't take Dulles' word.

With Eisenhower's approval, Dulles picked Charles E. Bohlen as ambassador to Moscow and told the Senate Bohlen was definitely not a security risk.

McCarthy challenged Dulles on this and wanted him to come back to testify under oath. The Senate Foreign Relations Committee sent a two-man delegation to Bohlen for a personal look at Bohlen.

It wasn't until the two-man team reported back that Bohlen was all right that the Senate approved by approving Bohlen. Dulles must soon go before the Senate Appropriations Committee to explain why the State Department needs the money he will request to run it another year.

The full Senate depends upon this powerful committee to recommend how much the State Department should get. The department's operations for a whole year could be crippled if the committee cuts down sharply on Dulles' request.

Mundt, McCarthy, Bridges and Ferguson are all members of the committee and, once they get Dulles before them, they can quiz him about practically everything in the department.

If they tell him how to run his department and he fights back, he might find his department's money cut. But he has no assurance the money won't be cut even though he has no right to be sure.

It happened to Bohlen when he was a senator for Dulles has been very gentle with the senators, probably because Eisenhower has laid down guidelines on how to handle up. A continued policy of mildness might work out all right for Eisenhower, who has more to worry about than just the State Department. Dulles, who can't go on indefinitely being stepped on without being disgraced.

Dulles has brought in all new policy makers in the top except these three: Harold Linder, Assistant Secretary for Economic Affairs, who is leaving soon; Paul Nitze, chief of policy planning and budgeting; and an Army officer, Col. Henry Bycoate, Assistant Secretary in charge of Middle Eastern affairs.

But since Mundt wants "perhaps hundreds" of policy makers removed, he's talking about people below the very top. Explaining that he had the same kind of jobs with Acheson's budget sharply.

"If they've worth their salt they must have been loyal to Acheson and enthusiastic about his policies," Mundt said in a speech broadcast about the new administration's policies.

Seeing Eye Dog Goes Blind, Gets Assistant

ST. PETERSBURG, Fla.—A Seeing Eye dog who went blind after 12 years and the master he served now share a new Seeing Eye dog together.

For more 12 years Felix Chester and Charlie, a German shepherd, were inseparable. Two years ago a veterinarian told Chester that Charlie was going blind, and also had developed a bad heart.

So Chester remained close to his dog and Charlie's eyes were taken care of by a veterinarian. Then Chester got Howdy, a 4-year-old boxer from the Seeing Eye kennels in Morristown, N. J. Now Howdy not only guides Chester on his daily trips to town but also is an escort for Charlie.

The three walk together, Charlie close to his master's side on a leash, Howdy a step ahead in a regular Seeing Eye harness.

Howdy gently pushes Charlie aside when the older dog seems about to go wrong.

Chester lost his sight in a mine explosion while in World War I. He came to St. Petersburg in 1936 from Chicago.

Burning British Ship Abandoned By Crew

SAN FRANCISCO — An engine room fire early today forced the crew to abandon the British tanker *Meneathus* off Lower California.

The 7,300-ton ship sent an SOS reporting the fire at 12:45 a. m. (3:45 a. m. EST.) An hour later, the American Navajo Victory radioed that the *Meneathus* crew "took to life boats." The ships were 600 miles from Los Angeles.

The Navajo Victory said the *Meneathus* was "burning badly and looks like a total loss," it picked up 60 of the 80 crewmen and reported the other 20, all in one boat, would be taken aboard shortly. No casualties were reported.

PAKISTANI ELIMINATE

JACKSONVILLE — Twenty-eight cadets of the Royal Pakistan Air Force left for New York City en route home today after 13 months of flight training here.

Originally there were 30 members of the group, the second such group from the U. S. military flying service for the Pakistani government, but two cadets were killed in training flights.

JUMPS TO DEATH

TAMPA — A white haired man scribbled a note that he was "just sick all over" to lives, and jumped to his death from the 10th floor of a downtown building here Wednesday.

R. N. Hutson, 60, who left the note in his hat, had been on sick leave for two years from the U. S. Customs office where he had been a substitute storekeeper.

STATION OPERATOR KILLED

DE FUJIAN SPRINGS — Ralph A. Cataci, 43, Hammond, N. J. service station operator, was killed Wednesday when his automobile crashed into a parked truck.

A nephew, James E. Cataci, 24, was taken to a hospital here in critical condition. The two were driving to Pensacola in visit relatives.

SURVIVORS RESCUED

TAIPEI, Formosa — U. S. naval vessels rescued 14 survivors and picked up 27 bodies after a small Chinese Nationalist steamer caught fire and sank in the Formosa channel Monday. It was announced today. Twenty-three other persons are missing and believed dead.

VOLCANO ERUPTS

MANILA — The Philippine News Service said today deadly Hibok-Hibok volcano in the Southern Philippines erupted violently yesterday. The report said columns of smoke were rising from the crater. It gave no details.

WEATHER DELAYS EXPERT

ITHACA, N. Y. — Late for a date to speak at a luncheon, Ernest C. Johnson explained he had been delayed by unexpected weather.

REMEMBERS TWO
DOLLARS I OWE!"

(Humored by the fact that he has a bill of \$100 in his pocket.)

Williams, Cleveland Bills Hit Gamblers

TALLAHASSEE, Apr. 15 — Reps. Williams and Cleveland of Seminole yesterday introduced a bill to make things harder on gamblers and conductors of lotteries.

They asked for a law to provide for forfeiture of vessels, vehicles, animals and any other means of transportation used in connection with the violation of the state laws prohibiting or regulating lotteries and gambling.

The bill was referred to the Committee on Judiciary, Criminal, and Taxation.

Jaycees

(Continued from Page One)
He estimated that there are approximately 500 homes and over 1,000 population in DeBarry with a minimum income of \$400,000 a year. The fund chairman said he believed a considerable portion of this money was expended in Sanford.

Chinese Reds Attack Strategic Position

SEOUL, Friday — Chinese Reds up to 350 strong attacked Pork Chop Ridge and another western outpost about midnight Thursday, fought into Allied trenches but were nured back by U. S. defenders early today in hand-to-hand fighting.

A frontline division spokesman said the Communists fought their way into the trenches on Pork Chop just before midnight.

Pork Chop is less than two miles west of old Haidy, guarding the main route to the northern invasion route to Seoul, seized by the Chinese in a heavy attack about a month ago.

Furniture Dealers Begin Convention

MIAMI BEACH, Fla. — The Florida Furniture Dealers Assn. opens its 30th annual convention today. In a preliminary meeting, Florida Furniture Travelers — who call on dealers — elected Glen Fisher, Tampa, and W. J. Parsons, Lakeland, vice presidents; Charles Lahn, Miami, secretary; Betty Stecker, Miami, recording secretary, and William Gladstone, Miami, treasurer.

Whisky Thieves Get Three Years In Jail

TAMPA — Federal Judge W. J. Barker sentenced two men convicted in a \$30,000 whisky theft case to three years in prison. Both men — Elmer C. Samples, Jacksonville, and T. C. Clark, St. Petersburg — gave notice of appeal and were released on bond.

Give Barbecue Dinner

OVIEDO (Special)—Mr. and Mrs. Ben H. Jones entertained with a barbecue dinner Sunday at their lovely home here. The barbecue was prepared in the outdoor pit, but due to the cloudy weather it was served with all the comforts of an indoor dining room.

Those enjoying this affair included Beverly Jones, of Orlando; Dr. and Mrs. Edward Stoner; Dr. and Mrs. Ed Hughes and children; Mrs. Ruby U. Jones, Mr. and Mrs. J. C. Parker, Mrs. J. B. Jones, Jr. and boys, Johnnie and Jimmie.

OVIEDO PLAY
OVIEDO (Special)—The Junior Class of the Oviedo High School are presenting their play Friday night in the school auditorium. A very interesting program of dancing is to be presented also, between the acts. A good night of enjoyment is promised for all who attend.

Blues In The News
 By BOB ANTHONY

May 1, 1953 will mark the second anniversary of the reactivation of the Naval Auxiliary Air Station. Much progress and many improvements have been made in the two years NAAS has been in operation and the second birthday anniversary is well worth celebrating. Plans have been set for a gala picnic to be held Thursday, April 30 at the Farmers Auction Market located on Route 17-92. There will be fun for all with a barbecue, games and plenty of prizes. All NAAS personnel and their families are invited to the affair which will begin at noon and last until 7:30. Remember the date—It's Apr. 30. Let's all celebrate the second birthday anniversary of NAAS!

Water skiing is a popular sport in Florida. Some people are professionals at the art while others are only amateurs but whether he is a professional or amateur, the water skier is, in most cases, a good, if not excellent, swimmer. I say in most cases because I have come across a good water skier who can not swim! He is Jack Garcia, commissaryman first class. Jack can often be seen water skiing on Lake Monroe with three of his shipmates—Bob Hayes, commissaryman first class, Jim Britt, storekeeper first class, and Walter Cross, aviation machinist's mate first class.

These four men use Bob's 11 foot, 25 hp. boat and do most of their skiing on Lake Monroe near the bandshell. They each take turns handling the boat while the others ski, and aerobatics are generally included in their enjoyment. If the afternoon is not so warm to see these men water skiing on Lake Monroe like professionals, look closely. You'll see that one of them is wearing a life jacket. That's Jack! He's just too good at swimming, but he surely can do some fancy water skiing!

The Sanford USO is looking for more contestants for its talent show. The show will be held at the USO Wednesday, Apr. 29 at 8:00 p.m. Both naval personnel and civilians are eligible to participate and any type of talent will be welcome. If you can sing, dance, act, play an instrument, whistle or hum you can enter the talent show. Entry blanks may be obtained from the Chamber of Commerce, the USO, Touchton Drug Co., Faust Drug Store or Bonmillat and Anderson's. Get your entry blank now so you may participate in the Sanford USO Talent Show on Wednesday, Apr. 29. There will be prizes for the winners!

DROWN IN LAKE
KISSIMMEE—E. L. Jordan, 23, employee of the Swift & Co. phosphate plant at Bartow, was drowned while fishing in Lake Marion south of here Tuesday.

A companion, Presley Thorp, also of Bartow, said their boat overturned around 4:45 a. m. and he afloat to it until found at approximately 9 p. m. Jordan's body was not recovered.

Housework
Easy Without
Dragging Backache

Working in the kitchen, laundry, and other household tasks can be a source of backache and strain. The solution is to use the right tools and techniques. The Western Auto Store offers a variety of products designed to make housework easier and less tiring. From ergonomic kitchen tools to specialized cleaning equipment, these products are designed to reduce the physical strain of daily chores. Visit the Western Auto Store today to discover how you can work smarter, not harder.

De Bary Doings
 By KAY HENNINGER

At the regular business meeting of the DeBary Civic Association last Friday evening the building fund committee reported that not only were members of the association and others in the community working hard for the new community building, but that our many friends in Sanford and DeLand were helping their helpful hands.

The Sanford Chamber of Commerce has been most helpful in its support of our project as have a number of the merchants. The DeLand C. of C. set a date at which time they will consider the same question. Meanwhile, a number of individuals and business firms have already contributed liberally

to the building fund. DeBaryites will not forget this expression of friendship. After the business meeting was concluded, a very delightful concert was enjoyed by the members and their friends. Once again our good neighbors gave their time and talent to make the evening a huge success. Sanford sent us Dr. H. Wayde Rucker, baritone, and Joyce Hetzel, contralto, as well as Walter Reiter, baritone, who is stationed at the Naval Base. From DeLand came Mrs. M. J. Smith, soprano, from the Stetson Golf Club. Two DeBaryites were also on the program—Adele Brudi, soprano and Helene Miller, violinist. Lauri Platt Brown arranged the program and accompanied all the artists. She was ably assisted by May McCandless Wood, who acted as narrator. Dorothea Henninger,

chairman of the entertainment committee, announced the program and introduced the artists. The Saturday Dance Club sponsored a picnic on Thursday at Juniper Springs. The Plantation Estates Woman's Club met on Wednesday afternoon at the Mansion. All officers were re-elected for another year. Mrs. David Runkel gave a book review and Mrs. C. P. Kemper gave a talk on her shell collection. Miss Lel Banks had a birthday party at her home. The guests were Mrs. Louise Carmas of Sanford, Mr. and Mrs. William Michel of DeLand, Mrs. Lou Hoffman and Mrs. Ray E. Peck. Another birthday party was that of Mrs. Jules Voigt on Friday evening. Her guests were Mr. and Mrs. Paul Froetscher, Mr. and

Mrs. Cesar Robello, Mr. and Mrs. Robert Vance and Mr. and Mrs. Charles Carlsen. She was also honored at a supper bridge given by the Misses Dorothea and Kay Henninger on Sunday evening. The guests were Mr. and Mrs. Cesar Robello, Mr. and Mrs. David Runkel as well as Mr. and Mrs. Jules Voigt. After having spent several months in DeBary on vacation, Captain S. Norman Groves left for New York to resume his duties as captain of the U.S. cutter, the U.S.S. Albatross, and her mother, Mrs. Dee, accompanied him. Mr. and Mrs. William Sekman Jr. of Jersey City were recent visitors in the home of his parents, Mr. and Mrs. William Selman Sr. Roger Casini is spending a 12-day vacation in his home here. He is a proofreader for Warner Music

Publishing Co. in New York. Mr. and Mrs. C. D'Ardusey have had Mr. and Mrs. H. Hammett of Philadelphia visiting them for a month. They have also entertained Mr. and Mrs. A. Wagner of Ft. Lauderdale and Mr. and Mrs. G. A. Wagner of Orlando. Mr. and Mrs. Gus Oechner are back after a two week's vacation in New York. On a recent fishing trip to Lake Dexter, J. P. Young and E. Bryant caught a 7 1/2 and 11 lb. bass, respectively. E. Bryant also caught a 27 1/2 lb. catfish. You may be sure these catches were the subject of conversation at a picnic last week at Juniper Springs. Others at the picnic were Mrs. J. P. Young, Mrs. E. Bryant, Mr. and Mrs. T. Schneider and Mrs. Schneider Sr., Mr. and Mrs. Nicholas Borrelli and daughter, Doris, and Mrs. Elinor

Cavallo who has since returned to her home in Norwalk, Conn. after having spent several weeks as guest of Miss Borrelli. Mrs. Nancy Waser has returned from a trip to Miami and Key West. She is visiting in the home of Mr. and Mrs. Frank Rice. We are sorry to report that Mrs. Patrick Connolly, mother of Mrs. Robert Noite, is ill in Fish Memorial Hospital in DeLand. At present writing reports are good and we hope she will soon be at home again. Mrs. Anna Livingston has just returned from more than a year's travel which took her all through Europe and to Africa. Alonzo Alvarez de Pineda was the first European to see the Rio Grande, in 1519.

Goldboro Division
Of Cancer Campaign

The chairman of the Goldboro Division of the Cancer Drive would like for all workers and persons interested in volunteering their service from 8:00 to 1:00 p.m. Apr. 23, to be present Thursday night, Apr. 16, at 8:00 p.m. at the First Shiloh Baptist Church, West Charlotte street.

"Saturday, Apr. 18, will be 'Pin Day'. Solicitors will be stationed in different parts of the City for your convenience in contributing to this worthy cause." Billy Fields, chairman, said today. "Any amount given will merit you a pin. Won't you please give?"

Citrus Mutual Sees Optimistic Prospects

LAKELAND (AP)—Florida Citrus Mutual paid an optimistic picture of from concentrate prospects for next season. Although the final pack will probably be about four or five million gallons more than last year, the movement has picked up so that carryover (from this season's crop) should not be a problem, Robert C. White, economist for the big co-operative, said.

Mutual reported the monthly movement of frozen orange concentrate is half a million gallons greater than a year ago. The supply on hand as of April 1 was 13,345,000 gallons—800,000 gallons less than a year ago, Mutual said. Nearly all Florida concentrate processors are back in operation since the last season Valencia oranges have gained enough sugar content to meet concentrate requirements. Cotton is the principal crop in South Carolina.

Forrest May Given Eagle Scout Palm For Ten Additional Badges

Forrest May received the eagle scout palm which is awarded for 10 additional merit badges at the Boy Scout Court of Honor held Monday in Ovidis.

Troop 345 of Sanford received the advancement awards. Troop members were: Forrest May, the recipient of the eagle award.

The following acted as members of the court: John Pierson, Robert Knoss, Gordon V. Frederick, Charles Atkinson, W. C. Hutchison, and Frank Caldwell. Mr. Pierson is district chairman, Mr. Hutchison is advancement chairman, and Mr. Caldwell serves as district scout representative.

The following awards were also presented:

Bronze award—Robert Mitchell.

First class award—Teddy Alford, Don Beistal, Jimmy Brookshire, Bobby Standifer, Al Collins, Bruce Tilio, Robert Mitchell, Richard Phagan, Dickie Rountree, Sidney J. Walker.

Second class award—George Williams, Bobby Beckman, Freddy Robbins, and Billy Stewart.

Merit badge awards—Bruce McCoy, Murry Nance, Harrison Smith, Clark Tills, Alvin Wright, Lonny Wright, Bobby Beckman, Bob Shaffer, Bobby Standifer, Don Urey, Allen Maffett, and Sidney Vilhen, Jr.

20 FSU Students Are Featured In National Writup

TALLAHASSEE, (Special)—Twenty Florida State University students, representing the university's 200-strong 1953 circus troupe, Flying High, are featured in the national magazine, Seventeen, currently on the newsstands.

Johnnie Fortune, Laurel Hill, Betty Ann Roberts, John Mabse, Jo Ann Hutto and Larry Hill, Tallahassee; Anne and Jimmie Nates, Key West; Shirley Harner, West Palm Beach; Neville Malloy, Marianna; Pat Payne and Peggy Huberstadt, Atlanta; Gale Tomlinson, Lake Wales.

Billy Atwell, Pensacola; Carolyn Calhoun, Tampa; Sidney Hayes, Thomasville, Ga.; Joyce Hagar, Bradenton; Lester Childs, Seville; Eric Ann Davis, Miami; Elizabeth Fable, Lakeland; and Donna Witte, Sanford, are the students presented in Seventeen.

Court Of Honor

(Continued from Page One)

21 merit badges including pioneering, physical development, path finding, cooking, civics, camping, bird study, firemanship, athletics, gardening, swimming, life saving, first aid, personal health, public health, and citizenship. The other 19 merit badges are: citizenship, forestry, and citizenship.

Gardening, his first merit badge, came easy, because he had always been interested in gardening. His other merit badges were earned over a period of a month was necessary to earn some of the awards.

Allen, who was born Sept. 4, 1912, is interested in engineering as a career and hopes to go to college after his high school days come to a close. But during the next two years he plans to continue his scout work and is already aiming at honor, gold, and silver palms as his next goals.

To other youngsters who are interested in scouting, Allen recommends that "they stick with it and work hard and cooperate with leaders. Always keep in mind that the scout is loyal in everything he does."

King Named Head Of Altamonte Firemen

ALTAMONTE SPRINGS (Special)—Walter King was elected secretary of the Altamonte Springs Volunteer Fire Department last night filling a vacancy created by the death of Dr. H. E. Sennan.

The department adopted a resolution praising Dr. Sennan's efforts on behalf of the volunteer company and extending sympathy to the family of the retired New York physician's family.

The doctor died of a heart attack at a meeting of the volunteer company early this month.

Several new drills have been added to the equipment and drills, aerobics, comedy acts, intricate trapwork and high wire maneuvers.

Oviedo Home Has Interesting History

Wolcott Residence Was Built In 1884

By RALPH J. TOMPHINS
If houses could talk, then surely the old Wolcott residence located on the north side of Lake Charm in Oviedo might have some interesting yarns to spin.

This 12 room house, which now serves as a home for Mr. and Mrs. Henry A. Wolcott and their three little children, was built in 1884. The old mansion is still in remarkably good condition despite its 60 years of battling Florida hurricanes, rains and its numerous tenants.

The three-storied structure comes authentically and unpretentiously complete with all the mysteries generally associated with attics, old lace, high button shoes and the like.

Henry Wolcott, grandson of the purchaser of the Wolcott mansion very obligingly showed me "button and lace and things" which have been treasured for decades in the attic of the old building.

Mrs. Wolcott, who was formerly Margaret Culpepper of Sanford, shares the enthusiasm of her husband in the history of their home and the antique furnishings which are used in their home.

The grandmother of the present Mr. Wolcott, Mrs. Mary C. Wolcott, negotiated a trade with the builder of the home in which she transferred her hotel property at Clifton, N. Y. for the Oviedo property. It was in this way that the building and land came into possession of the Wolcott family.

Since that time, about 1890, it has been left the ownership of the Wolcott family.

The furnishings of the Wolcott home are a combination of "something old, something new". A genuine Chippendale set, which today might be known as something between a walnut and secretary, stands in the living room. An 18th Century piano, which was assembled right in the home after shipment had been there for over 60 years.

A Mr. Todd, who occupied the place at the time the piano was shipped, was a brother-in-law of the manufacturer of Chase pianos.

A large sideboard over six feet high stands in this country from England many years ago. The four feet are carved to resemble bear claws. Eight drawers, four on each side, provide ample storage space for linens or personal effects.

The attic, which is really the story of the house, is never completed. The ceiling of this floor is approximately 11 feet in height. Trunks full of old books, papers, uniforms, drawers, four on each side, provide ample storage space for linens or personal effects.

The attic, which is really the story of the house, is never completed. The ceiling of this floor is approximately 11 feet in height. Trunks full of old books, papers, uniforms, drawers, four on each side, provide ample storage space for linens or personal effects.

Plenty Of Grits Are Assured Eisenhower

WASHINGTON (AP)—Grits have followed President Eisenhower into the White House.

In a white envelope, Eisenhower was Allied commander in Europe, singer Bing Crosby asked him what he wanted for Christmas.

"Grits," he general replied.

A Tampa, Fla., firm (Little Lily Milling Co.) heard of the remark and promptly sent him some.

During Eisenhower's campaign he visited Tampa and the company presented him a five-pound package.

Recently the company sent 24 packages of grits to 1600 Pennsylvania Avenue and advised the President:

"We have made arrangements to give five pounds to you, personally, whenever you are in the city of Tampa during the rest of your time in office and as much longer as you may want them. If you need more, just holler."

Chaplin Surrenders His Re-Entry Permit

WASHINGTON (AP)—British movie comedian Charlie Chaplin has surrendered his U. S. re-entry permit, indicating he does not intend to resume residence in this country.

The action was announced today by the Justice Department. The department last year posted a stop order against Chaplin at all American ports, after he had come to Europe on a visit.

That order, made effective by former Attorney General James P. McGranery, requires that the actor submit to re-examination upon his return, to establish his readmissibility to the United States.

Chaplin was admitted as an alien for permanent residence in 1910, and had a 40-year multi-million dollar career in the Hollywood movie world.

Shortly after he and his family went to Europe for a visit last summer, McGranery questioned his right to return. He said his action was prompted by "public charges" associated with communism and "grave moral charges."

Challenge To Duel Results In Arrest

FRANKFURT, Germany (AP)—A U. S. Army prison sociologist is charged here with challenging a combat veteran of World War II to a pistol duel over a raven-haired German woman doctor.

"It was a matter of love and honor with me," said Donald Groselove, employed at the military prison at Mannheim.

Capt. Charles D. Tarpley, an ordnance officer, said Groselove confessed to him in an Army unit at nearby Havelz on Easter Sunday and challenged him to duel.

Groselove's hand, he said, was a paper bag containing two matched pistols.

The Army captain said at a preliminary hearing here that he rejected the challenge.

"I did not wish to fight a duel," he said.

Evidence at the hearing showed that the two Americans were rivals for the affections of Dr. Margarete Meyer, an attractive young German doctor.

U. S. Judge Robert L. Guthrie said in his court here April 21 after a hearing that a psychiatric examination at the Army's 9th General Hospital here.

Groselove claimed the captain stole his girl while he was a patient in a hospital recently.

One type of antenna for the new ultra high frequency TV channels is shaped like a bow tie made of two triangular frames about the size of a sheet of typewriter paper with the points centered.

CROSS COUNTRY CHATTER

with Mac White

Last night was kind of rugged. I was bobbling back from Miami—which means I was driving my tractor without a trailer. I'd left the trailer and four new automobiles at Miami for another truck driver to haul to Key West.

Half way between Oak Hill and New Smyrna my right eye caught a quick flash in the east drainage ditch. If it weren't for my periodical visual acuity tests, I probably wouldn't have seen it. I pulled onto the shoulder, lighted some flares and walked back.

A New York car was lying on its side. Its front was like an accordion where it had smacked a utility pole. The driver was wedged in between the steering wheel and the seat. He was hysterical. A woman sitting next to him was out, cold. There was a little baby in her arms and the baby was crying. I turned my flashlight on the speedometer. It was jammed at 90 miles an hour.

I took the baby out of the car. Apparently she wasn't hurt—just frightened. I wrapped her in a blanket and laid her on the seat of my tractor. Then I flagged down a motorist with my flashlight and told him to highball up ahead and call an ambulance and the law. I couldn't tell much about the couple's injuries and my first aid training warned me. "When in doubt—don't move 'em." But I got some blankets around them and applied pressure to the guy's left arm, which was bleeding badly at the wrist. Then I managed to apply a makeshift tourniquet.

A little later, I filed my report with the State Highway Patrolman and my duty was done. An intern said to me, "Mac—that's a mighty good emergency job you performed on that arm. You may have saved his life."

That's all part of a professional truck driver's job, Doc," I told him. "But not many people know it."

But you know—I still keep thinking about the speedometer jammed at 90. Why do people do it?

American Leftwing Writer Is Getting Red Zone Asylum

BERLIN (AP)—Sietan Heym, American leftwing writer and war veteran, announced today he has been granted political asylum and citizenship in Communist ruled East Germany, where he was born.

In a statement distributed by the official Soviet zone news agency, the 40-year-old author said he was "not prepared to shake shoulders in shoulder in the Army of the United States with fleas and spiders carrying epidemic bacteria and with convicted Nazi war criminals."

Heym, who fled from Germany in 1933 when Hitler seized power and emigrated to Chicago in 1935, as asserted that the American government was now following "a course of fascism and war."

"I have returned to the President my commission in the Reserve Officers' Corps of the Army of the United States," he said. "At the same time I have returned to the President the Bronze Star I was awarded in the second world war for my service in the battle of the Ardennes."

"It is impossible for me to keep this order which has been withdrawn in the brutal and unjust war against the Korean people."

A native of Chemnitz, Heym wrote a book in 1942 about the German occupation of Czechoslovakia, "Hoflager," which was a best seller in the United States. The Army bought 50,000 copies for distribution to troops.

Heading the Florida Hotel Association for the ensuing year is Richard Edgerton, president of the Lake Side Inn, Mt. Dora. Mr. Edgerton was elected to leadership of the second largest state hotel organization in the United States at the closing session of the group's annual convention in St. Augustine Tuesday. He succeeds W. W. Law of St. Augustine.

Good Things Come To Student All At Once

ST. LOUIS (AP)—The Salvation Army was used as the "front" by a gang of professional burglars while they took part in at least ten robberies.

Chief of Detectives James Chapman made the story public yesterday.

He said the men, one of whom was killed in an April 5 gun battle with detectives after a robbery, were collectors for the organization but "volunteers" in their rehabilitation program. He said "we realize that every once in a while we pick up a rotten apple."

One member of the group had frequently solicited contributions at police headquarters. There, to officers who knew his police record he said "I'm going straight because I've learned the ways of God."

Killed was Charles Ray 24. The three under arrest are Walter Lee Donald, Jerome C. Anderson and James Thompson.

MAJORS ELECTED

MIAMI (AP)—Majors were elected to three major Army commands today.

David H. Hendrick Jr., an attorney, won another two-year term as major of Coral Gables, at West Miami. Jack E. Tom, advertising agency partner, was elected and at Miami Shores. S. P. Phillips, moving and storage firm executive, was elected.

NOVELIST DIES

BRISTOL, England (AP)—British novelist Frederick Lawrence Green died here today.

He was 61.

Most often known only when prominently advertised in water-

Electric generators have been provided as attachments to power lawn mowers and gardening machines by some manufacturers for use when normal electric power is disrupted by storms or other causes.

THE WEATHER

Fair and cooler today, except in Tallahassee area. Fair and slight warmer tonight. Saturday increasing cloudiness and warmer.

Halt is Ordered In Federal Low-Rent Housing Program

Budget Requests Are Cut By House Group

WASHINGTON (AP)—The House Appropriations Committee today ordered a halt to the government's low-rent housing program as it cut deeply into the 1954 budget requests of 13 federal agencies.

The action, if sustained by Congress, also would start getting the government out of the mortgage and housing business by ordering it to dispose of home mortgages it now holds and to refund the housing bonds held by the Public Housing Administration.

By committee arithmetic 81 per cent of \$21,425,007 was topped from original Truman budget estimates of \$1,174,444,100 but some Democrats described much of the cut as "phony" in the same category was a large part of the additional \$1,046,472,000 the committee claimed would pour into the Treasury as a result of its recommendations.

The actual money cut was the largest ever imposed by the committee in the so-called independent offices appropriation bill. Coming as it did on the first of the regular 1953 money bills, it started the GOP economy drive off with a bang.

Seminole County History Society Meets Tonight

All those interested in promoting a historical museum for the preservation of the early records of this area were urged today to attend tonight's meeting of the Seminole County History Society at the City Hall by Mrs. F. E. Houmlatt, president.

Titusville Canal Is Discussed By River Association

Herbert C. Gee and Theodore B. Jensen, consulting engineers of the firm of Gee and Jensen of West Palm Beach, were scheduled to discuss progress up to the present time of plans for the Sanford-Titusville Canal at this afternoon's meeting of the St. Johns-River Improvement Association at the City Hall.

First item on the agenda was a resume of activities by the association to date. This was given by Forest E. Breckenridge. Then followed the report by the two consulting engineers.

A program of action for the association under five components was listed as follows:

1. Publicity in Sanford area concerning the project and the flood damage survey.

These two 13-year-old girls, middle, are the best spellers in Seminole County and will represent the county in the annual state championship spelling bee sponsored by the Miami Herald in Miami on May 1. Donna Lou Harms, second from left, daughter of Mr. and Mrs. Donald Barnes, Casselberry, won first place in the recent spelling bee eliminations at the Junior High School. Jennell Hitchcock, daughter of Mr. and Mrs. F. B. Hitchcock, Longwood, placed second. Mrs. Harms, Donna Lou's mother, stands at left and Mr. B. C. Steele, principal of the Sanford Grammar School, who conducted the county spelling bee, is at right. Both girls attended Lyman School in Longwood. They will go to Miami accompanied by their parents. The winner of the state meet will win a free trip to Washington.
