BIG CAT VS. THE BIG LIP The World's Champion Cassius Clay just might have himself a rough row to hoe this Monday night at the Astrodome in Houston as he meets the Big Cat-Cleveland Williams. In all of his earlier fights, Cassius had definite advantages over his opponents; like height, weight, reach, and talent. Won't be like that this time as they're both evenly matched except in two important categories: age and knockouts record.

Williams KO'd 51 to 21 for Clay and comparative overall records are 65-5-1 and 26-0, respectively. The only two things that pop into my mind making Clay our choice is he's only 24 to Williams' 38 years of age and Williams was knocked out twice by Sonny Liston, Need I say HOUSTON -(AP) - Cassius

Don't Let It Happen To YOUR Carrier!

 IT'S DISCOURAGING when a young sinessman like your carrier is unable to complete his newspaper route collections because customers are not at home, or ask him to call again. Often it's the same story when he returns!

ALL HE CAN DO is dip into his own pocket and pay for their papers, and forego his profit until he can finally collect from them. Which makes it pretty tough on a teen-ager engaged in his first business venture!

AID AND ENCOURAGE your carrier-boy by having the money ready for each regular collection call. Remember he gets FULL profit from his route only when he collects from ALL his customers. That's why he appreciates it so much when you pay him promptly!
