Four Graduates Honored At Fish Fry At Charles Meeks Home In Mayfair

Rita Beasley, Ethel Lee Riser, Betsy Williams and Rosemary Southward were honored with a graduation fish fry, recently, by Mr. and Mrs. Charles Meeks, Myra and Chuck, at their home in Mayfair.

Plastic fish, sea shells and water lilies decorated the tables. Served with the fish were hush puppies, corn on the cob, cole slaw, cake and iced tea.

Four graduate dolls with class '61 and each girl's name decorated the cake.

The guests fished for small plastic fish from tubs of water. Prizes were won by Rosemary, Betsy and Rita, and Billy Johnson, Malcolm Higgins, Joe Rogers, Buddy Kirk, Curtis Green, Phyllis McDaniel, Alex McKibbin, Sharon Riser and Susan Tallman.

Each honoree was presented a gift from the Meeks and dancing, ping pong and badminton were enjoyed by the group during the evening.

Others invited included Johnny Lake, Doug Tammy, Nikl Ashby, Russ Pearson, Judy Ludwig, Barbara Bradley, Ken Sizemore, Sandra Kader, Sandy Wood, John Mann, Suzanne Jones, Mike Caolo, Deanna Nichols, Mike Roberts, Sunny Skinner, Charles Fox, Barbara Moses, Dede Dietrich, Fred Dudley, Gwynne Williams, Pat Smith, Donald Harvey, Mary Ann Watson, Jimmy Jones, Em-

mett, McColl, Susan Hausch, Cary Cowan, Madeline Derkis, Angie Stewart and Mark Whitehead. Also present were Mr. and Mrs.

Jim Riser, Mr. and Mrs. Ernest Southward, Mr. and Mrs. Fred Williams, Mr. and Mrs. W. R. Beasley and Miss Sylvia Beasley.

Assisting the Meeks were Diana Beasley, Linda Williams, Sharon Riser, Andy Lyon, Carl Remusat and Butch Riser.

Garden Circles

JACARANDA CIRCLE
Jacaranda Circle of the Sanford Garden Club held the last meeting of the year at the "Hideway" on Lake Harney Shores with Mr. and Mrs. W. B. Brinson, hosts. Co-hostesses were Mrs. W. T. Raynor, Mrs. R. L. White and Mrs. E. J. Mossman.

Mrs. A. C. McReynolds opened the meeting by reading the garden club collect. She then introduced two new members, Mrs. T. Butts and Mrs. Ben Wade.

Mrs. McReynolds brought the news of the last board meeting together with the wonderful news that Sanford won the national award for the most outstanding flower show.

She then extended her gratitude to a group of loyal members and stated that they had made her two years as chairman a most enjoyable experience. Mrs. Irving Pryor was introduced as the incoming circle chairman.

Mrs. Marian Harman, courtesy chairman, presented Mrs. McReynolds with a beautiful gift and a basket of cards each containing a lovely handkerchief from Jacaranda members in appreciation of her two years as chairman of the circle. After reading each card and giving her thanks the meeting adjourned with all holding hands and singing "God Be With You 'Til We Meet Again."

Under the large oak trees at the Brinson's "Hideway" a delicious fish dinner with all the trimmings and "hush puppies" was enjoyed by members, their husbands and guests. Swimming and games were also a highlight of the afternoon. It was an occasion that will be cherished by the group for a long time to come. About 50 people enjoyed the afternoon together.

Pink Ladies Number Three In Attendance At District Meeting
Seventeen members of the Women's Auxiliary of the Seminole Memorial Hospital attended the seventh annual meeting of the East Central District Association of Florida Hospital Auxiliaries at the Langford Hotel in Winter Park last Thursday.

Representatives from 18 hospitals in the area were present and the Sanford group was number three in attendance.

John Monahan, of Winter Park, director of the Florida Hospital Assn., was the main speaker of the day, using as his topic "The Volunteer—A Hospital Salesman."

Short talks were also given by Edward J. Gurney, Winter Park Mayor, and other hospital and

Bride - Elect Honored With Lingerie Shower By Friends

Miss Carol Lee Sobeck, bride-elect of William F. Smathers, was guest of honor at a lingerie shower recently at the Community Presbyterian Church in Lake Mary.

Hostesses were Mrs. Lois Hudson and Mrs. Elizabeth Smathers. Guests gathered in the social hall of the church and placed the gifts in a large umbrella decorated with white crepe paper.

The umbrella, topped with a huge yellow flower, was perched on top of a large table. Another table held the punch bowl surrounded by an arrangement of red flowers and ferns.

Refreshments of cake, sandwiches, minis and nuts were served buffet style to the guests.

Invited guests included Mrs. Bernice Sobeck, mother of the

bride-elect, the groom-elect's mother, Mrs. Elizabeth Smathers, his grandmother, Mrs. Richard Beebe, Mrs. Horace Cochran, Mrs. Ida May Sjoblom, Mrs. Virginia Anderson.

Miss Ella Bell Jones, of Caliente, Nev., arrived Thursday by jet plane for a visit with her sister-in-law, Mrs. Ruby U. Jones and other relatives and friends in Oviedo.

Extensive plans have been made for her while here. A trip to Jacksonville is planned by Mr. and Mrs. Ben Jones and Mary, and she will be a luncheon guest of Mr. and Mrs. J. B. Jones this week.

Her sister, Mrs. C. B. Jones, of Tampa, will arrive the latter part of this week and take her to Tampa. She will return to Nevada from there.

Mrs. Garner Gehr, Mrs. Ruby Linden, Isabelle Thompson, Helen Smathers, Patty Cooper, Phyllis Rugenstein, Lena Gleason, Ellie Jane Keogh, Jona Jones, Mary Smathers, Sally Pilley, Martha Riley.

Patty Friend, Dorothy Keefer, Jackie Duncan, Louise Malone, Ruth Mason, Mamie Rich, Kay Samsan, Florence Zimmerman, Jean Brooklyn, Maxine Smathers, Annetta Ellison and Arolyn Trus.

Officers' Wives Plan Communism Program Wednesday

The Officers' Wives Club are presenting Lcdr. Jack Langford, popular public speaker, Wednesday at 8 p.m. at the NAS Ballroom.

He will speak to Navy personnel, their wives and guests on ways to fight communism, followed by a question and answer session.

All retired and reserve members are also cordially invited.

Catholic Women Plan Annual Supper Monday

The Catholic Women's Club of All Souls Church will hold its annual covered dish supper in the Parish Social Hall Monday June 5.

Mrs. Jo Von Herbulis, chairman in charge of the supper has a special program of entertainment planned, and all the ladies are invited to put their creative talents to work and design a novelty hat telling something about the individual wearing it.

This will give everybody a chance to do a little "talking about themselves" in an unusual way.

All the women of the parish, and of the Lake Mary Church of Nativity Parish, are invited to attend. They are reminded to bring their own plate and utensils and one of their specialty dishes to the event.

Oviedo Choir Members Enjoy Dinner Party

By MARIAN R. JONES
Choir members, wives and husbands enjoyed a delicious supper on Saturday evening in the educational building of the Oviedo Baptist Church.

Mrs. Mae E. King, Mrs. Joe I. Beasley and Mrs. Arthur Cartledge were in charge of the supper and arrangements.

Hot dogs, baked beans, salad, coffee, tea, rolls and lemon pie were enjoyed by the group.

Those enjoying this social affair included Mr. and Mrs. W. H. Martin, Mr. and Mrs. Arthur Cartledge, Mr. and Mrs. Joe I. Beasley, Mr. and Mrs. A. B. Tedford, Mrs. Mae E. King, Mrs. Vera Bell, Beverly and Loraine Cauthan, Carol Beasley, Diane Aulin, Mr. Thompson, Robert A. Dewberry, Jan Mays, Larry Henry, choir director, and Rose Beasley.

Students Receive National Honor

Five pupils from the Tolar School of Piano have been named to the roll of distinguished students of the National Fraternity of Student Musicians for the year 1961.

They are Twila Campbell, Gregory Carlton, Louise Steakley, Rebecca Patterson and Melanie Williams.

Their names will be published in the yearbook and national directory of the American College of Musicians, National Guild of Piano Teachers and National Fraternity of Student Musicians for the year 1962.

To achieve this honor, the student must be awarded a national certificate for a period of not less than three consecutive years. This requires the playing of a memorized program of 10 to 14 pieces before a member of the board of adjudicators of the American College of Musicians and National Guild of Piano Teachers.

All are pupils of Mary E. Tolar of this city.

The community spirit throughout America helps build security for millions through U.S. Savings Bonds

When the Savings Bond Program began in 1941, thousands of communities rose to the occasion. People in civic, fraternal, service and veterans' groups organized Bond drives, sold Bonds to their neighbors and bought Bonds themselves.

The tremendous savings plan that resulted has bought \$75 billion worth of new homes, college degrees and retirement funds. And Americans still own \$45 billion in Bonds—a huge chunk of security which grows bigger each year.

Just as in 1941, every Savings Bond you buy is a share in a stronger America. As a personal investment, U.S. Savings Bonds are absolutely riskless and guaranteed to grow.

You can buy Savings Bonds where you bank, or on the "installment plan" where you work. Why not look into it today?

"A community grows on its savings—and its volunteer workers."
says Art Linbletter, famous friend of the Bond Program.
"America's communities, big and small, have gotten behind the Savings Bond Program 100%. Every one of us owes a vote of thanks to the community organizations and other volunteer groups whose un-

Renovations And Construction Help Bring New Look To Sanford

The Herald helped sponsor Clean Up—Paint Up—Fix Up Week in Sanford because there obviously have been a good many instances where the city needed perk-up.

During the week, however, we found quite a lot of pride manifest by people in the business community who already had taken

steps on their own to improve property, construct new buildings and add generally to esthetic values.

Commercial construction permits in Sanford and Seminole County have run into several hundred thousand dollars in value since Jan. 1, indicating a healthy improvement in and addition of buildings all over.

The new county health department center, the modern new jail, a cluster of medical and doctors' buildings in the hospital area, considerable renovation along First St. and new office buildings have been started or completed.

Downtown structures have taken on a new look with restyled fronts and improved identification signs. Business houses in the outlying shopping areas have been remodeled and new ones built.

They reach from Mellonville Ave. to W. 13th St. and from the downtown section to the south city limits.

For some, renovation and new looks were necessary—for others it was a matter of pride in improving the city by making an individual effort. Some of them are proudly announcing their new looks in the follow-

ing pages of today's Herald. We congratulate them all.

Keeping our city clean, beautiful, healthful and safe is not only good citizenship but good business.

It maintains and even improves real estate values; prevents fires and lowers insurance rates; cuts down on sick time lost;

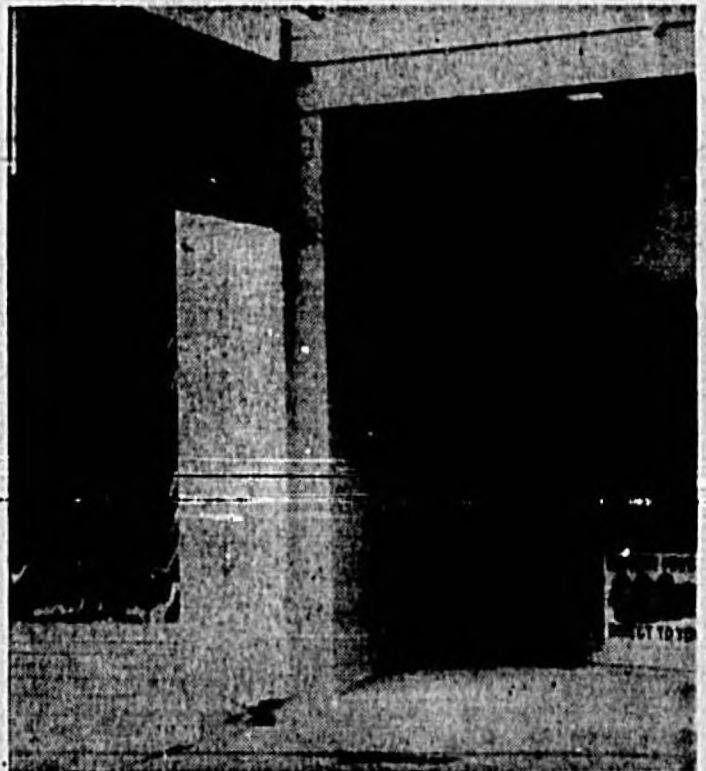

improves employe morale; improves vacant lots; develops community spirit, civic responsibility and respect for property.

It also increases business from those who prefer to do business with a clean, attractive well organized community. It also encourages business to locate in such an advantageous area.

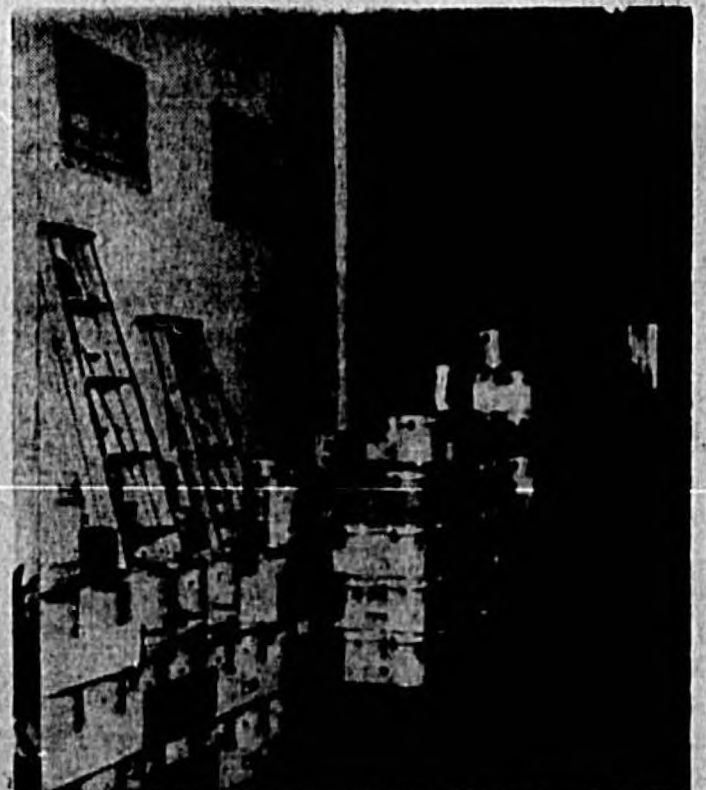

A large electric sign dominates the roof of the bungalow-style structure that is the home of Mrs. Anderson's famous KRISPY KREME DONUTS at 116 South French Ave. The new business is open from 5:30 a. m. to 6 p. m. every day but Sunday serving hot coffee and a variety of donuts. Tomorrow, Wed., May 31st Mrs. Anderson will give a half-dozen donuts free to the first 25 people buying a dozen or more.

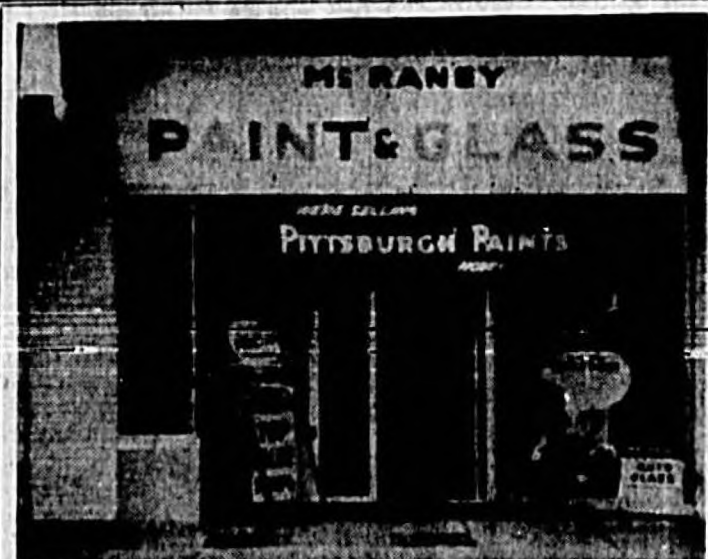

NEW, INSIDE and OUT

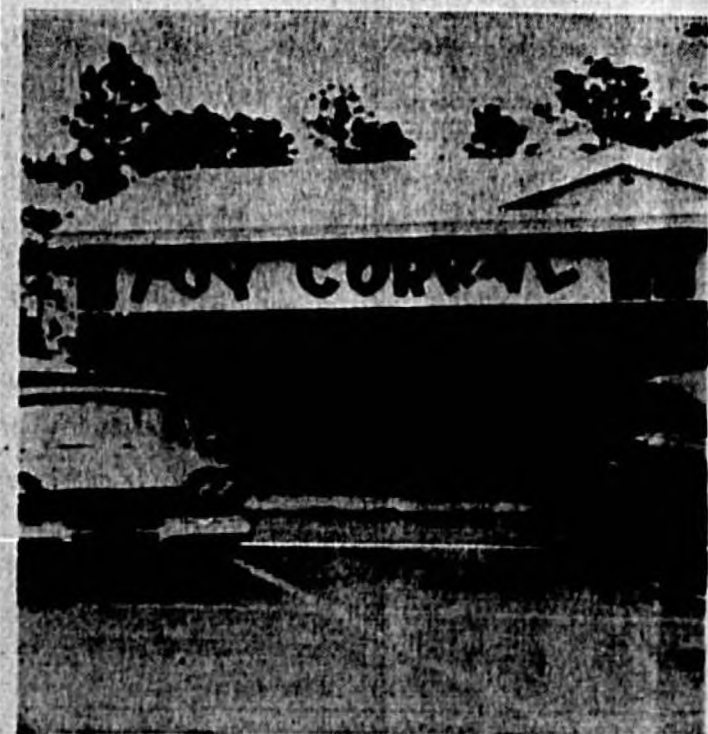

In the case of MARY CARTER PAINTS, growth and progress strangely enough meant moving from larger to smaller quarters. The move to the modern new store-room at 209 East First Street, just 4 doors east of the old location, was made only two weeks ago. Though business is good and continually increasing, Owner Sid Morrison explained that the factory makes fresh delivery of stock by motor van every week, so large storage space is not necessary.

This is a partial view of the interior of Mary Carter Paints showing cases of famous MARY CARTER PAINTS. The company is originator of the unusual retailing practice of giving one can of paint free with every can purchased. All MARY CARTER Paint stores are independently owned franchised stores, supplied directly from the factory.

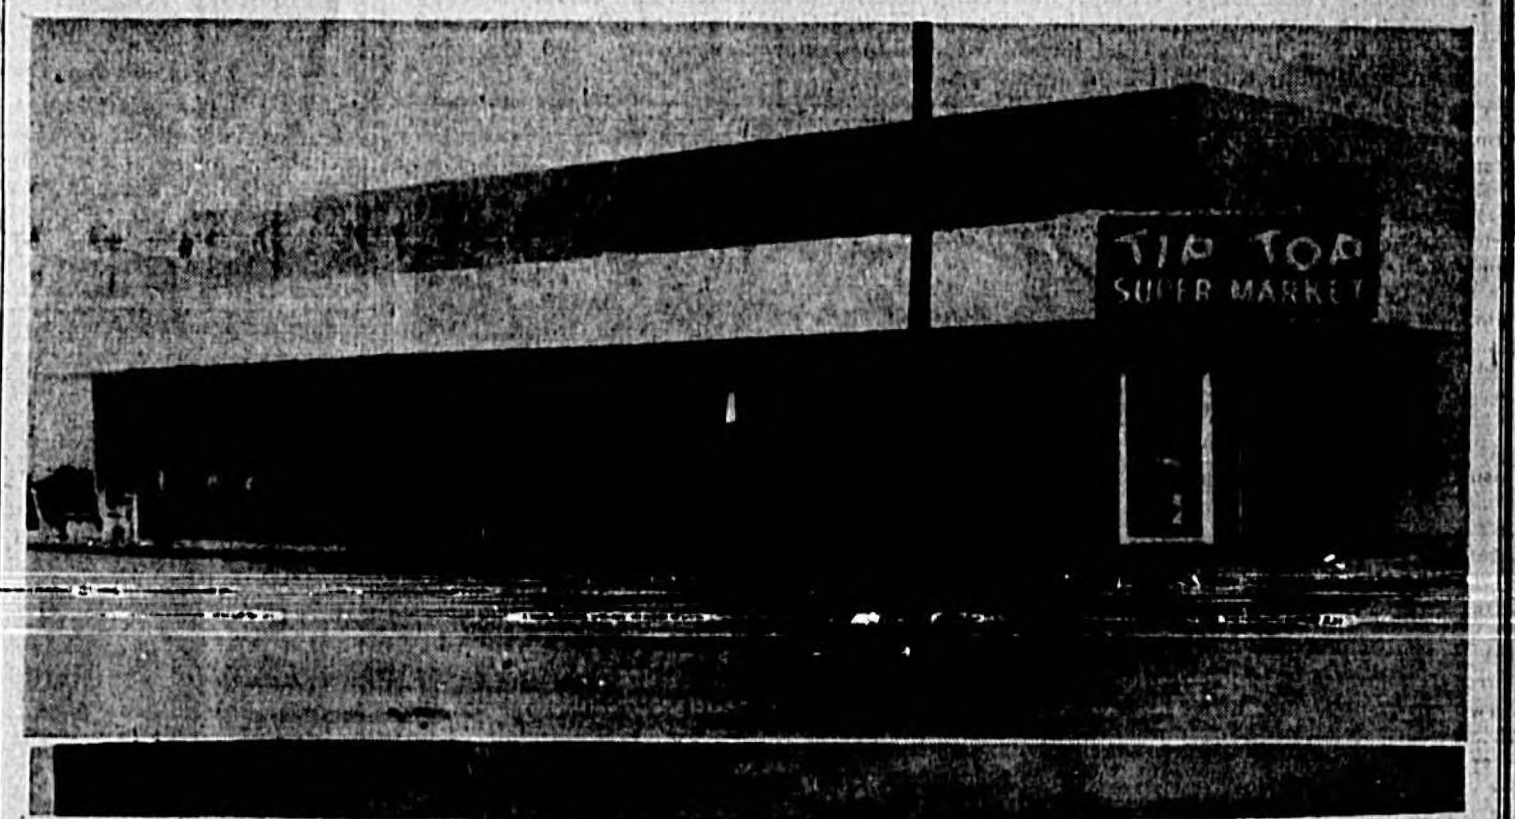

McRANEY PAINT & GLASS will hold their Grand Opening in this handsome Downtown Sanford location within the next few days. Located at 114 West Second Street, the business is owned and managed by Pete McRaney. The company handles Dutch Boy and Pittsburgh Paints, construction window glass and auto glass and aluminum store fronts. Many of Sanford's New Look store fronts were installed by the McRaney firm.

Located in the brand new Pinecrest Shoppe business block at 2614 South French Avenue is another one of Sanford's new commercial firms, THE TOY CORRAL. It is owned and operated by a husband and wife team—Bill and Bobbie Hackett. Their specialty is toys, and they have them by the hundreds in every variety. Featured in their weekly newspaper ads are such items as "Paint by Numbers Sets," Tonka Blocks, Games, Birthday Items, Barbi Clothes, AMT Kits, Golden Books, Mattel Guns, Ho Trains and others too numerous to mention.

The home of YOUR HOME FOOD SERVICE, INC. located at 401 West 13th Street "Serving Central Florida" delivering U S D A Choice Western Beef and U S D A Grade A Fancy Fruits, Vegetables and Juices direct to the home in a Zero Degree Truck. Food Financing is available for members at Bank Rate Budget Financing. VISIT OUR MODERN FOOD PLANT WHERE "WE WRAP OUR FUTURE IN EVERY PACKAGE".

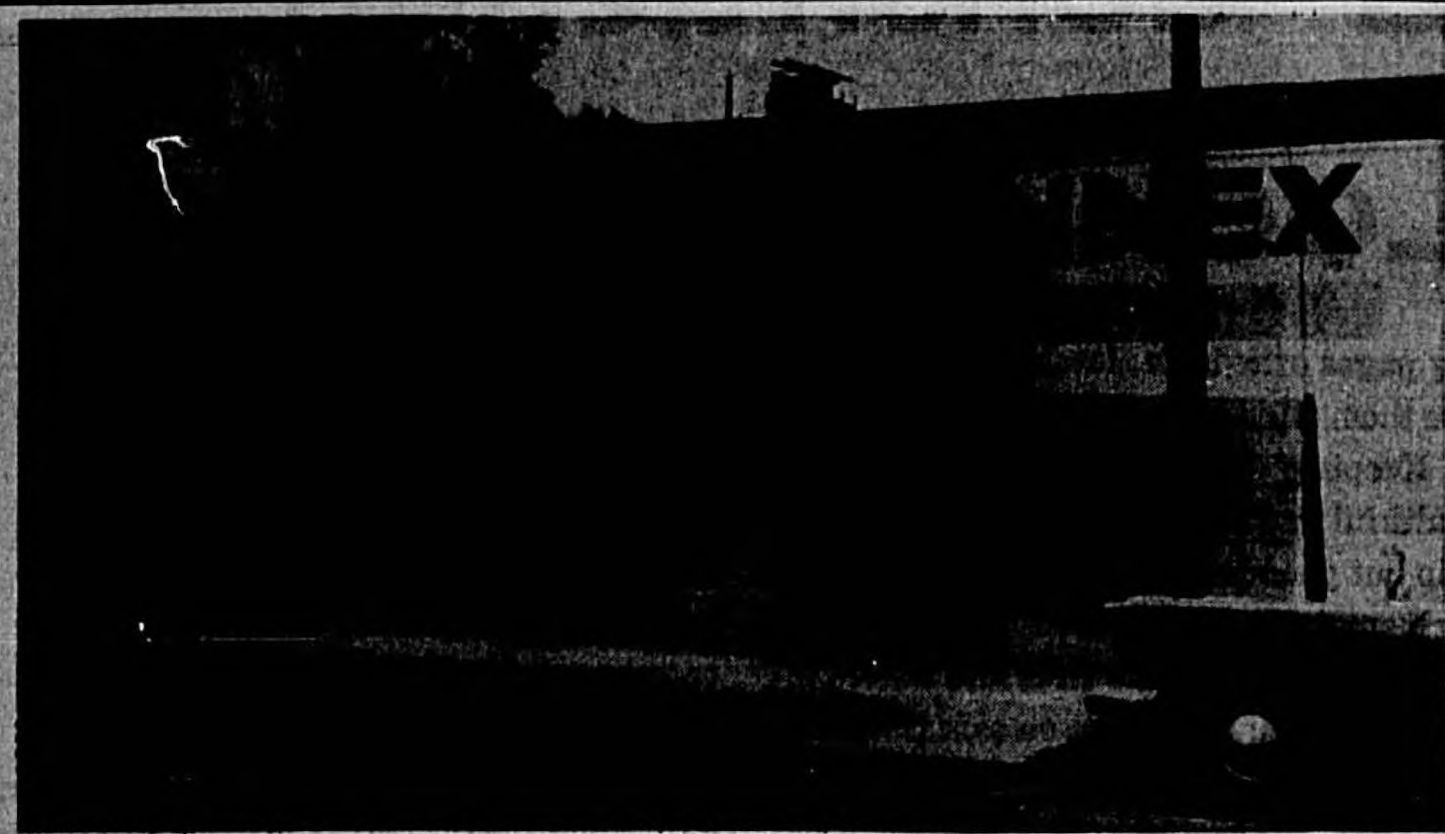

TIP TOP SUPERMARKET, on Sanford Avenue at Fourth Street got a bright New Look with a new marquee, a new sign, and a complete new color coordinated paint job.

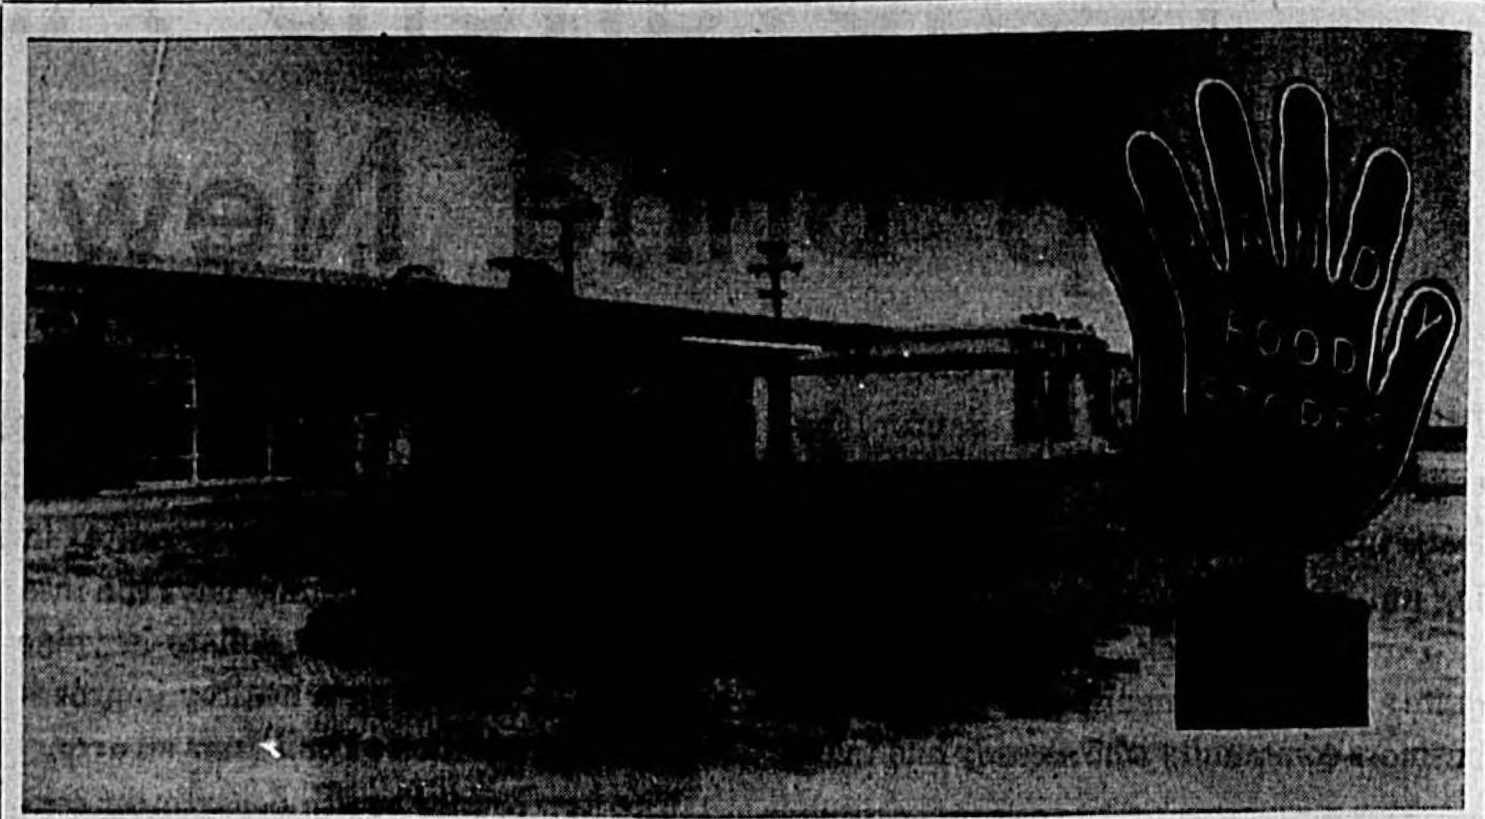

This is SANFORD GAS COMPANY'S new office at 109 West First Street. It is remodeled inside, has new store front, and features a gas lit automatic sign. The gas lamp on the sign burns continuously, day and night. Gas Air Conditioning is now being installed.

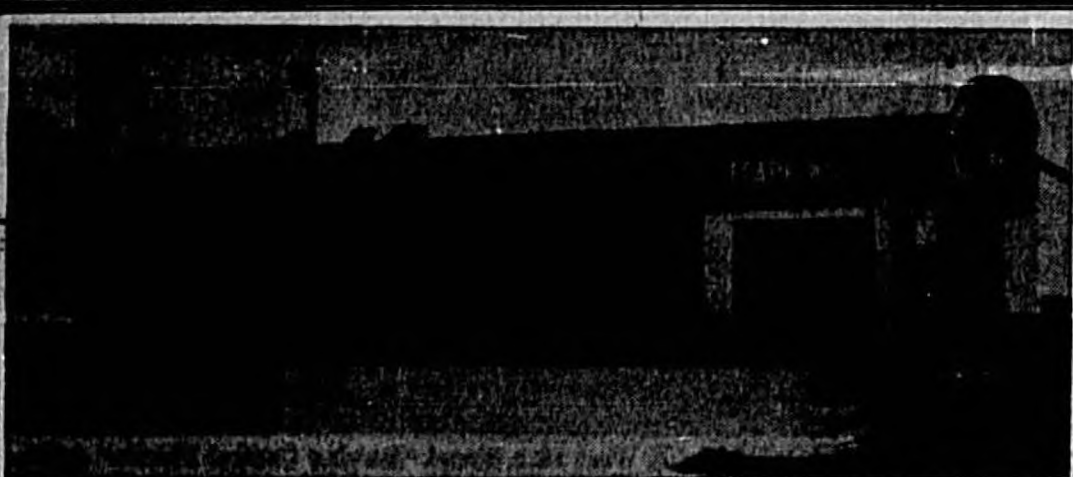

Brand New Buildings, New Faces For Old, Revitalize City

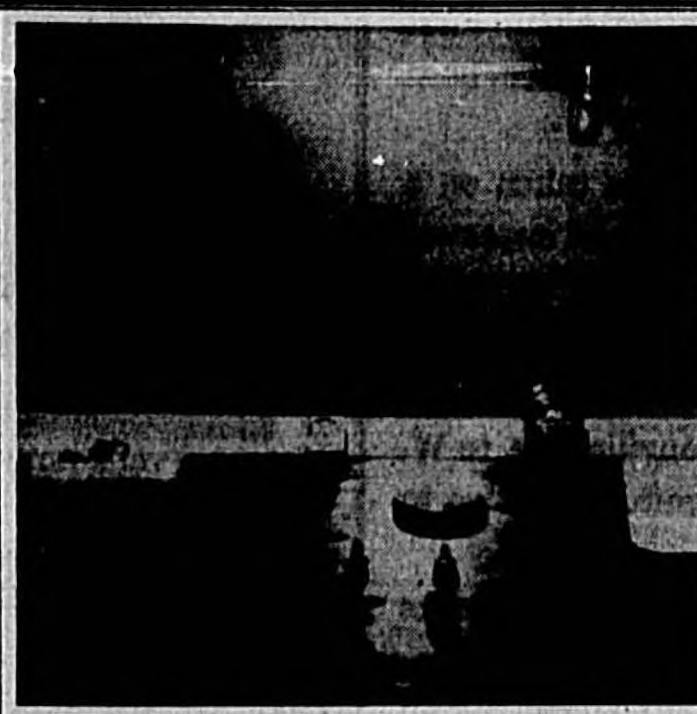

THE WESTERN AUTO ASSOCIATE STORE, owned by Fred M. Smith, expanded its facilities by the construction of this new Annex and paved parking lot for customers, behind the main store, facing Commercial Avenue.

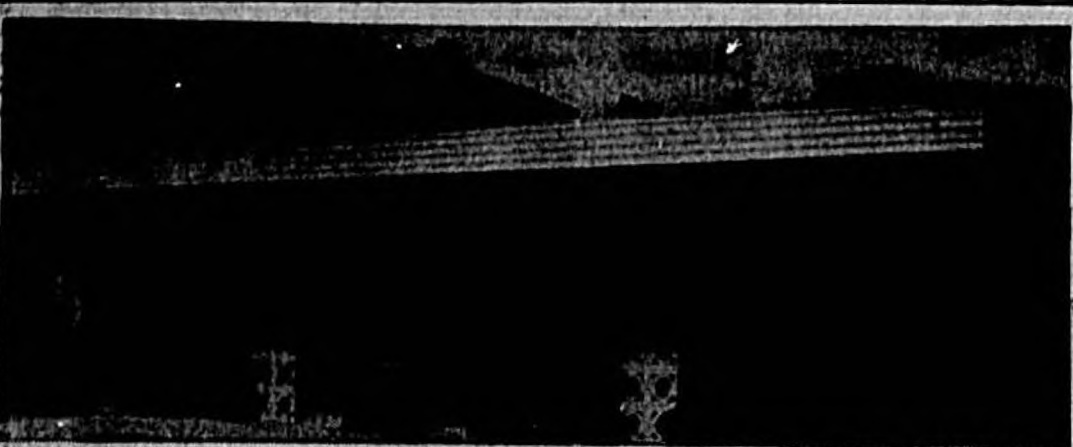

Part of Sanford's New Look is the HANDY FOOD STORE, on Celery Avenue at Mellonville, open since March 17th of this year. Handy offers convenient food service from 7 A. M. to 11 P. M. seven days a week.

Opened for business the first of November last year, the OK TIRE STORE of 2418 French Avenue, is owned and operated by Mr. and Mrs. Harry W. Boone, who, until coming to Florida, operated a similar business in Tuscaloosa, Ala. This handsome building was especially designed and engineered for this type of business, including re-capping, vulcanizing, truing, balancing, front end alignment and complete brake service. The firm also handles the famous OK and Goodrich lines of new tires and tubes with a full, written road hazard guarantee honored by over 1400 OK tire stores throughout the Nation.

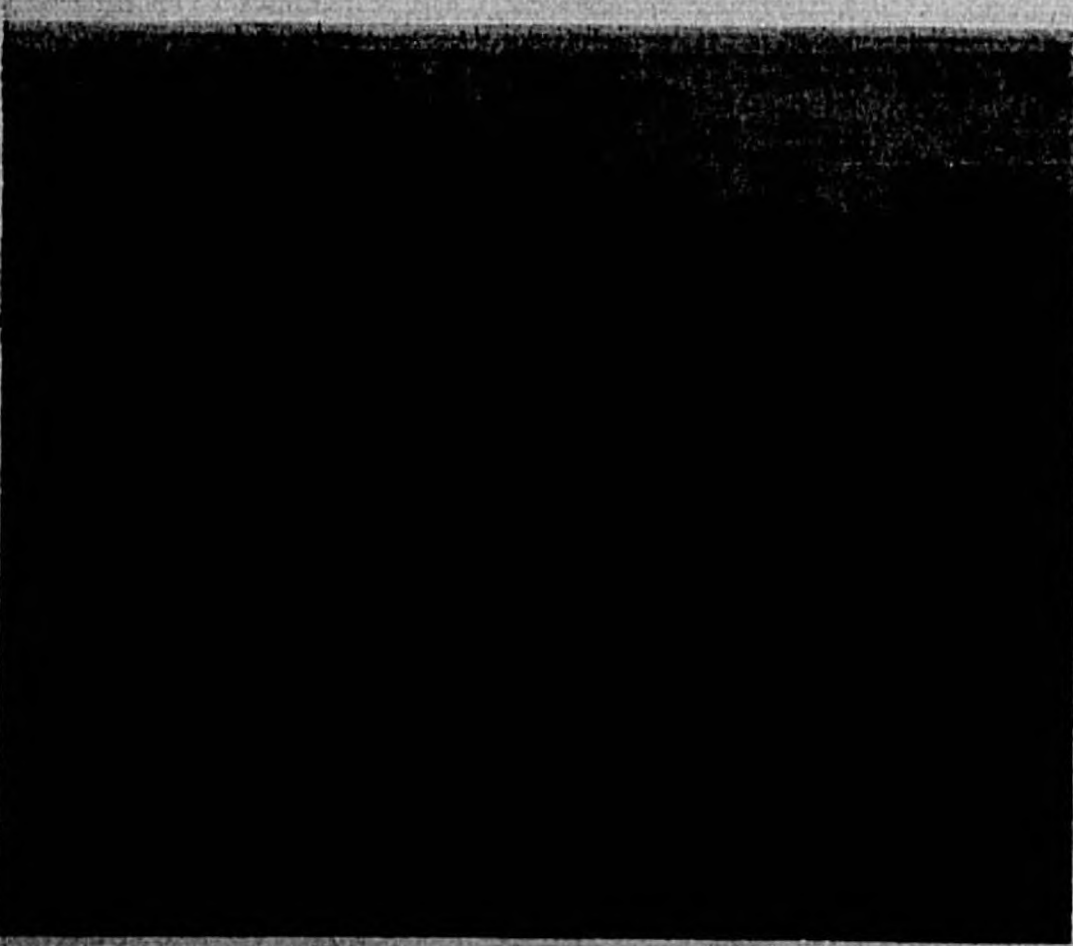

Above is pictured the newly completed Hi-Fidelity Recording Studio at MATHES MUSIC, 608 West First Street. This completely equipped studio is the only one of its kind in the city, making it possible for the firm to make both records and tape recordings. They also have remote facilities for weddings, church choirs and other talent shows.

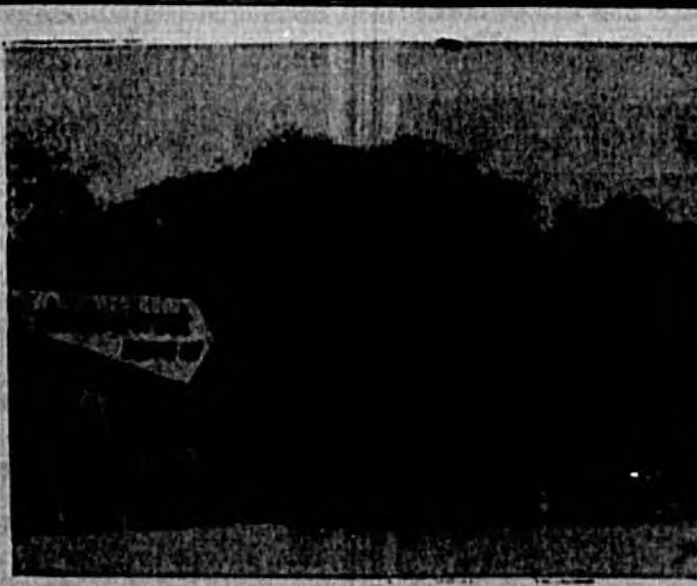

Sparkling like a new jewel at 1220 West 18th Street in Goldsboro is this handsome, modern office building, built and owned by Herbert Cherry, head of the CHERRY REAL ESTATE AND CONSTRUCTION COMPANY. The Cherry firm occupies two of the seven offices in the building. Several are available for rental. In addition to contracting the construction of new buildings, CHERRY CONSTRUCTION also handles remodeling, additions, patios, house and roof painting and other types of building. Facing 18th Street, and immediately adjoining the Real Estate office is the Cherry Barber Shop, also owned and managed by Herbert Cherry. There is a large paved area in the rear for customer parking.

The MILLER MACHINE COMPANY of Sanford, a branch of the parent Orlando store opened its doors at 110-112 West Second Street on April 1st. Joanne Harriett of Sanford, well known throughout the area as an expert in the auto parts business has been named manager of the store. The company carries a complete automotive parts line, and installation is now going on of a fully equipped machine shop for engine rebuilding. A Grand Opening and Open House celebration is scheduled for the near future.

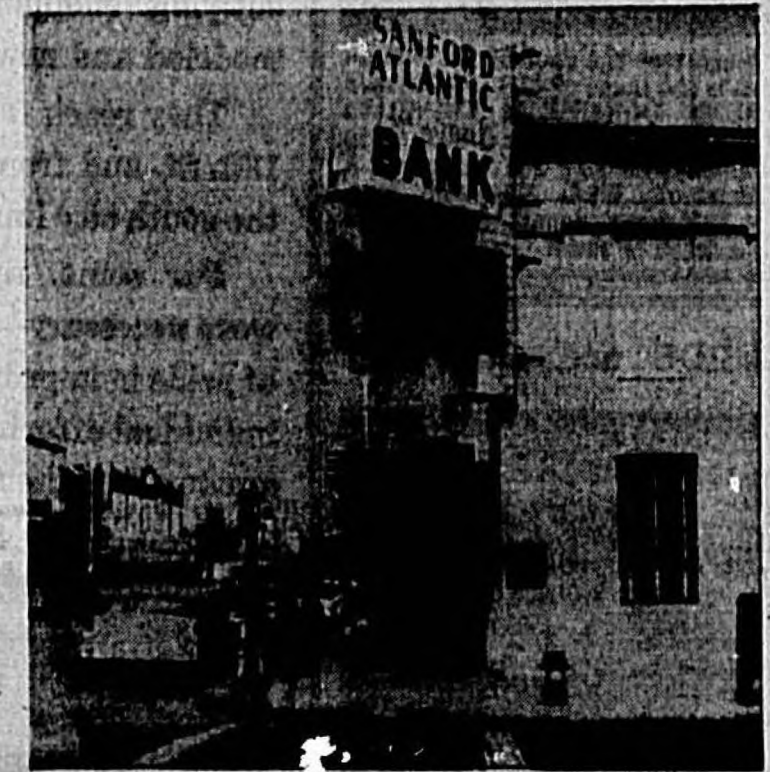

No one who hadn't actually seen the renovation taking place would ever guess that this striking modern office building at 204 West First St. is the same old fashioned Queen-Anne style structure that stood at this location for many years before THE SANFORD HERALD moved into it six years ago. The transformation accomplished through well planned remodeling is eloquent proof that even completely outdated structures can be brought up-to-date. Since the new front was completed many people have mistakenly entered the Herald office, thinking it a part of the magnificent new Florida State Bank building next door.

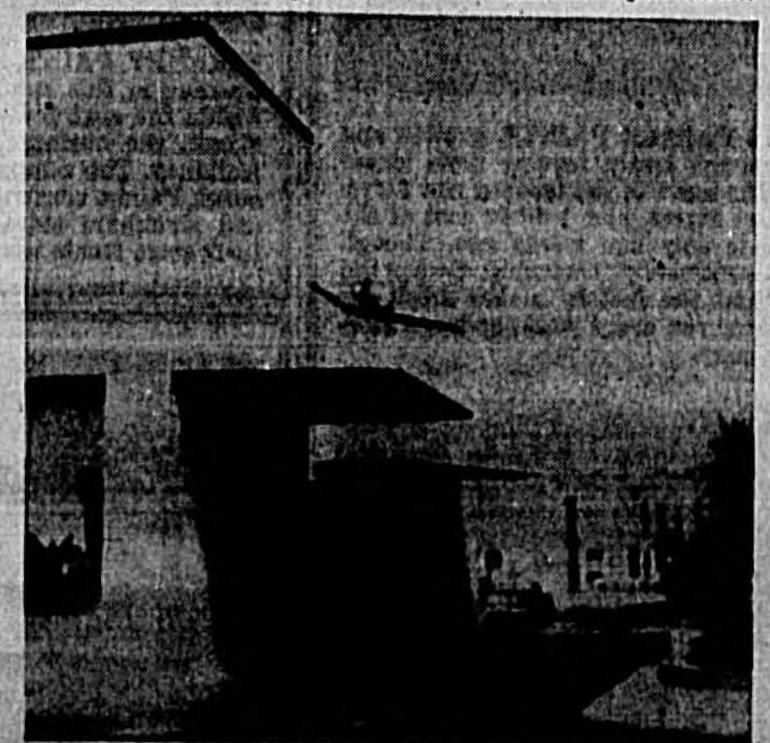

"It's Broasted" cannot be found in the dictionary, but it has become a well-known phrase in Sanford since the opening about a year ago of CHICK 'N' TREAT DRIVE IN Restaurant at 1908 S. French Avenue, 2 doors south of the Junior High School. The company specializes in their patented deep-fry process of food preparation, serving the hungry of Sanford in their large air-conditioned dining room; in-your-car, with carhop attendants; and carry-out service. The popular eating place is owned and managed by Broward N. and Hazel B. Howes.

Keeping Time With Progress!

Replacing Sanford's time-honored trademark, "The Clock" that stood in the middle of the Park Avenue and First Street intersection, is this Modern Time and Temperature Recorder suspended from the northwest corner of THE SANFORD ATLANTIC NATIONAL BANK. The correct Eastern Standard time appears in electric lights on the face of the device every five seconds; and on alternating periods, it shows the temperature.

Oldtimers who regretted the removal of the old clock landmark, are more than pleased with its modern replacement.

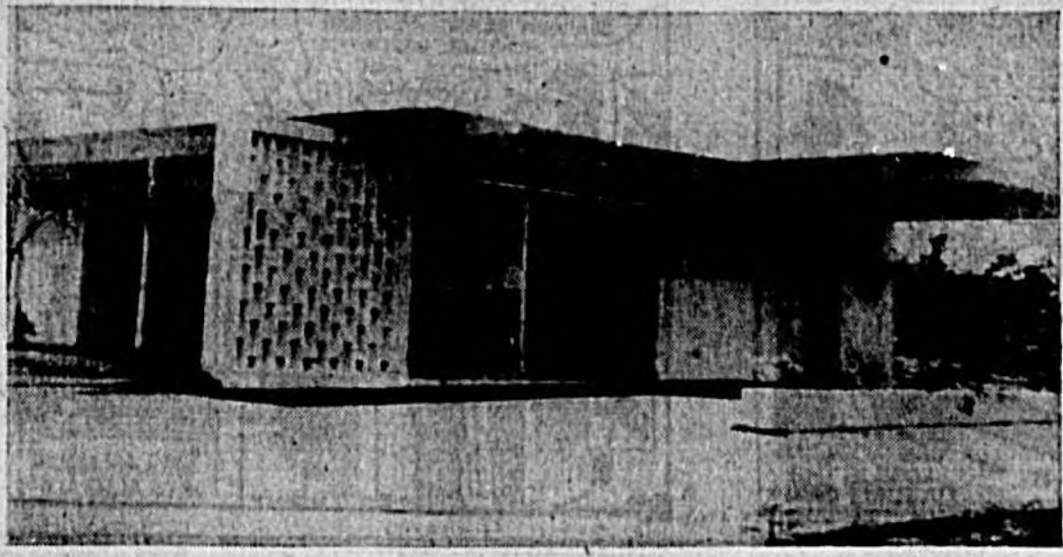

No more double parking on busy Park Avenue since THE SANFORD ATLANTIC NATIONAL BANK completed their easy entry and exit drive-in windows. Motorists approaching either from the north or south on Park Avenue can drive up to the windows and discharge their business from their car completely shielded from the weather, then continue on through the private alley to Second Street. This is just another indication that Sanford is stepping up its big city pace.

New Look Is More Than Good Looks --- It's Sign Of Progress

The view above shows the walk-in and drive-in entrances of the new **MEDICAL CENTER PHARMACY**, occupying 1,000 of the 5,200 square-foot Medical Center Building at 301 San Marcos Avenue. Affiliated with **ROUMILLAT & ANDERSON'S WALGREEN AGENCY DRUG STORE** in Downtown Sanford this professional pharmacy is one of the most modern in the State, handling a complete line of Prescription Drugs and Surgical Supplies. Shown here, at right, is the roofed-over porte-cochere for all weather comfort and convenience of doctors, patients and store patrons. Both **ROUMILLAT'S** and **MEDICAL CENTER** pharmacies feature free automobile delivery service.

SEMINOLE OFFSET PRINTING, one of Sanford's newest business firms occupies the building at 759 West Ninth Street, recently vacated by Greyhound Bus Lines. The building was remodeled inside and out to fit the needs of a specialized business. Jim Smith, owner of the business is a printer of many years experience. Formerly a letter-press craftsman, he switched to the new offset process because it is a more advanced and perfected method of printing production. The very latest Offset Printing Equipment is housed in the above building. This firm is the only Sanford print shop equipped to print by the Xerography process, and last week the company completed installation of an Ozalid Streamliner 200 whiteprint machine for reproducing architects drawings, maps, etc. Charlie Clark is associated with Smith in the new firm.

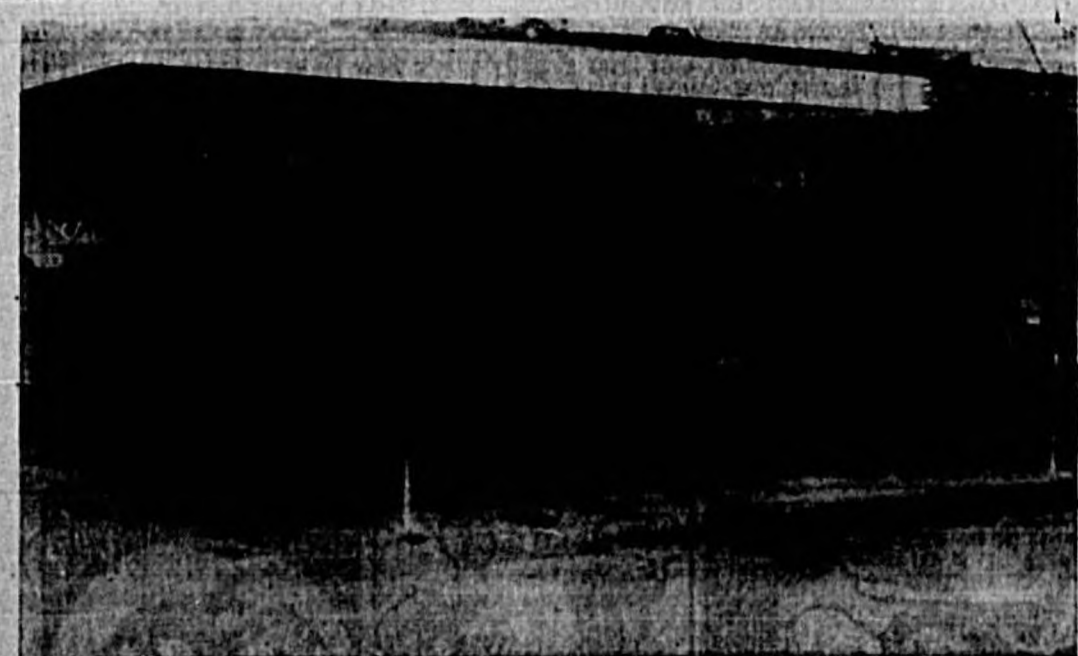

This is the new look of **SENKARIK GLASS & PAINT COMPANY**, their new store at 210 Magnolia Avenue. The building was completely remodeled, inside and out. Senkarik features paints, glass and glazing, custom manufactured venetian blinds, mirrors, picture frames, and many other decorator items.

Pinecrest Shoppe, 2619 So. French Ave.—Home of **SUNSHINE REALTY**, one of Sanford's newest most successful businesses — Amy Anderson, Registered Real Estate Broker—John Zeull, Associate. The firm specializes in homes, groves, acreage, commercial and industrial properties.

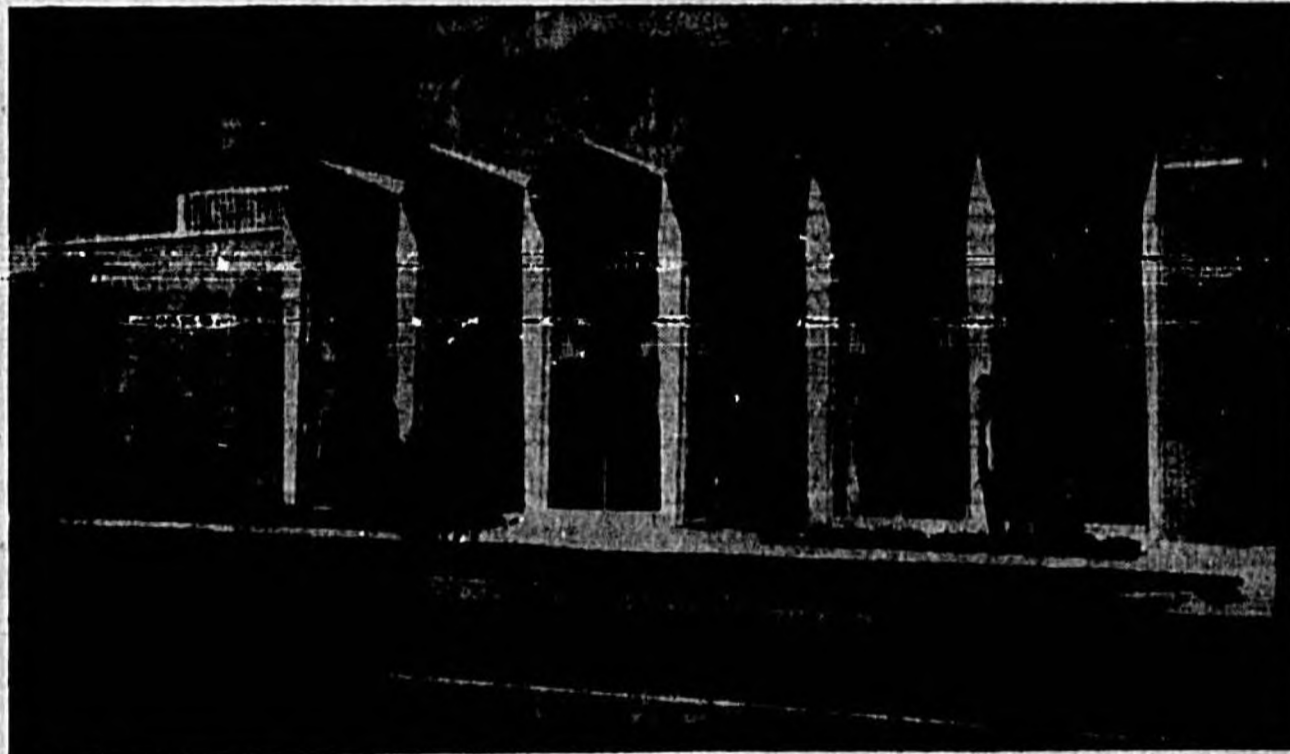

New on the Sanford scene is **FAUST'S PRESCRIPTION PHARMACY**, on the corner at Second St. and Mellonville Avenue. Conveniently located across from the Hospital, this new business was started by E. C. Faust, who also operates Faust's Drug Store in Downtown Sanford.

Like the old town pump, this modern city version is a welcome oasis for the thirsty. Both **THE TOWN PUMP** at 112 West First Street and the adjoining **CUT RATE LIQUORS** at 110 West First Street are owned and operated by a father and son-in-law partnership, J. W. Cope and D. M. Blackwelder. Both men were in the automotive and gasoline business in Massillon, Ohio before purchasing the Downtown Sanford bar and package store last August. In keeping with the trend to urban beautification, both inside and outside of the two stores were remodeled and painted.

New Growth

"NEW GROWTH"—as its luxuriant green appears each year on the citrus trees and other plants in our beautiful section of "The Land Of Sunshine"—is an encouraging indication of development and hope for the future.

"NEW GROWTH"—as indicated by new buildings, remodeling, modernization, community improvements, civic pride and forward planning in our community—also is an indication of progress and confidence.

LET'S CULTIVATE THIS NEW GROWTH in our aggressive, more beautiful, business-boosting community.

Jensen Leads Sox Win; Dodgers Gain On Giants

United Press International
For a fellow who doesn't like airplanes, Jackie Jensen sure is flyin' high.

It was only three weeks ago that the American League's Most Valuable Player of 1958 was saddled with a .130 batting average and thinking of quitting the Boston Red Sox for good. It also was reported that the former California football All-American had a strong dislike of the regular air travel necessary in baseball's modern, expanded era.

But those are mere academic questions today with the muscular, blond bombshell beginning to look like the Jensen of old. He's been hitting .333 for the Red Sox' last six games and Monday night he led them to a 3-1 victory over the New York Yankees that marked the first time Boston had beaten the American League champions since last September.

Jensen scored both runs for the Red Sox, hitting his fourth homer of the season in the second inning and scoring the decisive run on Vic Wertz' single after opening the seventh inning with a walk. Jensen also had a single to give him two hits in three official swings and six hits in his last 13 at bats.

The Los Angeles Dodgers scored a 2-1 victory over the St. Louis Cardinals and moved to within 1 1/2 games of the first-place San Francisco Giants, who lost to the Cincinnati Reds, 5-1, in the only other major league activity. Sandy Koufax struck out 13 batters and pitched a three-hitter for the Dodgers.

Ike Delock yielded five hits, including Mickey Mantle's 11th homer of the season, to win his third game for the Red Sox, who snapped Whitey Ford's personal six-game winning streak. The Red Sox scored the decisive run when Jensen led off the seventh with a walk, moved to second on an infield out and tallied on Wertz' clean hit.

Koufax, pitching the most consistent ball of his checkered career, gained his sixth win when the Dodgers pushed over both their runs in the eighth inning to break up a pitching duel with Larry Jackson. Relief pitcher Andy McDaniel balked home the Dodgers' first run and Willie Davis singled home their second tally.

Koufax, who has a 6-2 record this season compared to his 8-13 mark of last year, has struck out 65 batters in 64 innings. Ken Boyer tripled to open the Cardinals' attack and scored on a balk by Koufax but the fireballing lefty struck out three Batters to end the game.

Ken Hunt, Cincinnati's strong NL rookie of the year candidate, scored his fifth victory against losses with a seven-strikeout, seven-inning performance. Frank Robinson sent the Reds off and winging with a three-run homer in the first inning. Mike McCormick suffered his third loss compared to five wins for the Giants.

Sunland Wins Two Little League Tilts

Sunland beat Bear Lake, 1 to 0 in their Little League game Saturday. Parker and Preso were the batteries for Sunland with Bury and Krum for Bear Lake.

The Sunland Farm team beat Longwood, 6 to 4, for their sixth straight win. Their next game will be Saturday at Casselberry at 9:30 a. m.

1st Federal, Navy Win LL Contests

First Federal ran up or of the biggest scores of the Little League season Monday in defeating Standard Oil by a 21-4 score.

Navy beat Perfection Dairies 12-3 in an afternoon game.

Weights In At Limit

HAINES FALLS, N. Y. (UPI) —Italy's Giulio Rinaldi, weighed in at 175 pounds Monday — after running three miles and sparring with three different boxers. Rinaldi meets champion Archie Moore for the title June 10 at Madison Square Garden.

Fuller Fractures Knuckle On Right

WEST JORDAN, Utah (UPI) — NBA middleweight champion Gene Fuller, known as one of boxing's best conditioned and most durable athletes, began a forced layoff today in preparation for his next title defense.

A fractured knuckle on the middle finger of the right hand forced Fuller out of action and prompted promoters to delay his scheduled title defense against Cuban Florentino Fernandez from two to three weeks.

The West Jordan fighter and Fernandez were scheduled to meet July 6 at Ogden, Utah.

FOOTBALL LETTERMEN returning include, from left, backfield men, Gary Davidson, fullback; Bubba Davis, halfback and Bill Phagan, fullback. Grouped on right are linemen Don Harvey, end; PeeWee Knight, guard and Russ Pearson, tackle. Three other lettermen who will not be returning are Vic Welsh and Jimmy Jones. John Boniface, a fullback, will not be able to play this year because of a shoulder separation suffered in a pre-game practice last season.

Basketball Bribe Scandal Spreads

LOS ANGELES (UPI) — The burgeoning college basketball scandal showed its ugly face in Los Angeles Monday, involving one of the best young players in the nation.

UCLA announced that sophomore Ron Lawson, 19, the team's leading scorer from Pearl High School in Nashville, Tenn., voluntarily quit school because he failed to report a bribe attempt to athletic department officials.

However, Lawson denied ever shaving points.

Athletic Director Wilbur Johns said: "Ron Lawson was requested to appear before the New York grand jury last week in connection with its investigation into point shaving by college basketball players. Lawson appeared voluntarily. Since his return, he has told us he was approached by a contact man for the gamblers but that he did not ever shave points in a game."

"Nevertheless, he did not report the approach to our coaches as all of our players are instructed to do and consequently he has voluntarily withdrawn from the university."

Before he left to testify before the grand jury, Lawson talked with UCLA Coach Johnny Wooden. Wooden said Lawson told him he had been asked to play summer basketball in the Catalina for money. Lawson admitted the bribe attempt upon his return from New York.

Grid Squad 'Looks Pretty Good' In Tilt

When you get four touchdowns out of the offense and a safety and a blocked punt out of the defense, plus some other fair to middlin' football after two weeks' work with a young squad, that's pretty good.

Coach Jim Pigott said that's what he thinks after putting his 44 Seminole high grid hopefuls through a gauntlet of preliminary practice.

"We thought the boys did real well with only two weeks of work on the plays and the less experienced ones showed a lot of promise," Pigott said in reviewing the White vs Blue game.

"These boys are smaller than we had last year, but I tell you they're full of fight," Pigott said. "A lot of them will turn out well if they keep showing that much effort."

"After a quick look, I'd say we may have the best backfield we've had in some time if they keep developing," he said.

"The line this year will be smaller, but the linemen looked agile and aggressive in the early practice and ought to do all right."

Bubba Davis was the big gun of the offense in the practice tilt. He scored three touchdowns, going very well through holes off tackle and shaking loose for some long gains. Lloyd Freeman scored for the losing squad.

One question mark may be erased out of the two main quarterback candidates blossom out in practice which begins Aug. 21. Jimmy Terwilliger and Tommy Hinson were running in this slot and performed creditably. Terwilliger, a senior, is considered a better blocker, but Hinson has a lot of speed.

Bill Phagan showed up strong at Tampa and the drive of Butch Riser impressed the coaches, too, Pigott said.

The line will be short of lettermen, with only Don Harvey, Pee Wee Knight and Russ Pearson back for another season.

A little extra beef in the forward wall and quick success with the new single wing series being added to the attack are key factors in the 1961 Seminoles' outlook.

The season opens Sept. 15 with a home game against Titusville and the coaching staff has almost four weeks to iron out the kinks after practice starts.

Tampa Outslugs Sarasota In FSL

By United Press International
It doesn't pay to try to slug it out with the Tampa Tarpons, the heaviest-hitting club in the Florida State League as well as the league leader.

Sarasota tried it Monday night and came out on the short end of a 12-8 decision. Each club got 10 hits and each had a big inning, but Tampa's six-run outburst in the eighth more than matched Sarasota's five-run splurge in the third.

Orlando split a doubleheader, dropping an 8-5 contest to St. Petersburg in the opener, but riding Carmelo Aquino's one-hitter to a 2-0 triumph over Palatka in the nightcap.

Aquino, a little righthander from Puerto Rico, surrendered a single to Palatka left fielder Tim Strickland in the first inning of the second game and then muffed Asalea bats the rest of the way.

In the other contest, Leesburg crushed Daytona Beach 10-2 largely on the strength of a seven-run fifth inning that saw 12 Orioles come to bat. Center fielder Jack McGowan plated three runs with a double in the fifth.

Argentine Voted Boxer Of Month

PROVIDENCE, R. I. (UPI) — Alejandro Lavorante, a 6-4, 220-pound Argentine, was selected today as the National Boxing Association's Boxer-of-the-Month following his recent knockout victory over Zora Folley.

The big Argentine, who is being billed as a second Luis Firpo, thus edged out fellow countryman Jorge Fernandez and New York Paolo Roel for this month's top NBA honor.

Lake Mary Beats Oviedo By 4-3

Lake Mary beat Oviedo 4-3 in a tight Babe Ruth League game Monday and Rotary and Elks wound up in a 4-4 tie, which will have to be played off later.

Catcher Signs

SAN FRANCISCO (UPI) — The San Francisco Giants have signed Sherrille Lane Craig, a 18-year-old catcher from Roanoke, Va., for an "undisclosed bonus." Craig, who bats and throws right-handed, stands 6-2 and weighs 180 pounds.

Jockey Wins Five

TORONTO (UPI) — Jockey Avellino Gomez's five triumphs Monday boosted his total of winners to 28 in 19 days of racing at Old Woodbine. It was the 18th time in his 18-year career that Gomez rode five or more winners.

Archie Trots

MONTICELLO, N. Y. (UPI) — Ageless Archie Moore limited his exercise to a bit of road work Monday in preparation for the defense of his light heavyweight title June 10 against Giulio Rinaldi of Italy.

Globemaster One Of Costly Colts To Pay Way

By OSCAR FRALEY
NEW YORK (UPI) — Good race horses come in all sizes, shapes, colors — and prices.

Carry Back, the odds-on favorite to win Saturday's Belmont Stakes and become racing's first triple crown winner since Citation in 1949, cost Jack Price about \$700.

Globemaster, the favorite for the Jersey Derby today at Garden State Park, cost Leonard Sasso of Pittsburgh \$80,000 at the 1959 Saratoga sales — the third highest price for a yearling in history.

Tom Kelly, the trainer of Globemaster, never will forget the day Sasso laid out all that cash for the son of Heliopolis.

"We knew he would go quite high," Kelly recalls, "but I told Mr. Sasso I'd rather have him than a half-dozen cheaper colts. And the boss never backed down, even when the bid went to \$75,000."

"Considering Globemaster's background, plus his looks and disposition, we didn't think the price too high."

Fortunately for Sasso — and Kelly — Globemaster turned into a prize plum from an orchard famous for lemons. The speedy colt already has earned \$180,714 in purses and will add another \$78,650 to his budding bankroll if he wins the Jersey Derby.

It is interesting to note that of the 28 yearlings sold for \$60,000 or more in recent years, only three have won their purchase prices.

Idun cost \$63,000 when she was bought by Mrs. C. Michael Paul from Leslie Combs. She ended up with a \$382,690 bankroll. Prince Pleased has barely earned the \$77,000 that Travis Kerr gave for him. The third, of course, is Globemaster.

Kelly admits he fell in love with Globemaster the first time he spotted the colt at the Saratoga sales.

"I liked his looks and I liked his breeding, but even more important, I liked his disposition," the trainer recalled. "He was led from the stall a number of times during the inspection before the sales, and never once was he the least bit excited."

"He's not as big as most Heliopolis colts. You take Summer Tan and Heliopolis now. They were both bigger than this one, but he's well made and except for a knee he hurt last year in the Garden State Stakes, he's sound as a dollar."

Kelly feels that the nine furlong distance of the Jersey Derby today "fits Globemaster perfectly." The Pennsylvania flyer gave Carry Back a 3/4 length lead at the same distance in the Wood Memorial last month.

Kelly also contends that if his colt hadn't been pressed during the early running, he might have won both the Kentucky Derby and the Preakness. Even so Carry Back had to go all out to catch him in the last jump in the Preakness.

Globemaster is the easiest, calmest horse Kelly has ever handled, confirming his first impression at Saratoga.

"He spends most of his time sleeping and he no trouble at all until that bell rings in the starting gate," Kelly claims. "Then he's all business."

If you're buying a boat from an individual or dealer who has had it registered previously, you must apply for transfer of ownership.

That reminder came this week from the State Board of Conservation. The board stressed in its announcement that such applications must be made before July 1 so that the boat owner can register his boat for the next year.

Avoid any last minute misunderstanding about this, the board urged, by contacting the tax collector or any conservation agent. Applications for transfer of boat ownership may be obtained from the tax collector in the county of residence. The new transfer certificate will be mailed back from the board office in Tallahassee.

Another warning was issued by the U.S. Army engineers — and this one opens "Fishermen, beware!

"That's the word from the Corps of Engineers to commercial fishermen who have any idea about setting traps or nets in the navigable waters," the bulletin said.

The warning was prompted by a shad fisherman on the St. Johns who reportedly was stretching nets nearly all the way across a regularly used side channel. It seems he became irked when boats plowed through his nets.

The fishermen decided to "ride shotgun" on his net nets and warn off any boats that approached them.

"The Corps of Engineers took a dim view of the reported tactics," the announcement said.

The engineers emphasized that there is no objection to setting nets or traps outside the regular used channels, provided they are marked in a way that warns boats of their location.

But not with shotguns, the district engineers insisted.

Dear Abby:

By Abigail Van Buren

DEAR READERS: In my morning mail were these two letters which I think are classic examples of "the grass is greener itch," or "the-other-side-of-the-fence."

ABBY

DEAR ABBY: How I wish I could get dressed up every morning in heels and a lovely tailored suit and go to an office to work from 9 until 5. I had just one year of that life before I got married, and now I am a housewife with four children.

STUCK WITH THE KIDS

DEAR ABBY: I am a career girl, 33, and every night I go home to an empty apartment. Don't tell me to fill my life with church activities because I've tried that and I come away feeling cheap. A

church is where you should go to pray, not to look for a man.

Everyone thinks the quiet, smiling girl in the front office is a happy person, but the tears that splatter her typewriter are as noiseless as the typewriter. I would like to prepare a dinner on a kitchen stove with little ones underfoot, and have the front door open and have someone rush in, throw his hat, coat and tie on the chair, drop his cigar ashes on the rug and call out "Hi, honey . . . I'm home. What's for dinner?"

EXECUTIVE SECRETARY

DEAR ABBY: I have a big problem. My husband is the jealous type and the older he gets the worse he gets. We have married children and he is even jealous of our lovely son-in-law. I can imagine some of the worst things. I am ashamed to write them. He has no cause to do me like he does because I am a faithful woman living a good, clean life. I have to be so careful not to say any more than "hello" to a neighbor. I can't stand it any longer. All I do is cry and pray. Please help me. ACCUSED

DEAR ACCUSED: Jealousy is a sickness of the mind. Anyone who continually makes accusations without reason needs to see a doctor.

We The Women:

By Ruth Millet

So you just can't understand your husband? It might help if you and then you would make an effort to look at things from his point of view—instead of always from your own.

You think he is unreasonable because he loses his temper over trifles. Well, they may be trifles to you—but are they to him? And if the same trifles upset him over and over—it could be you ought to quit regarding them as trifles and label them very important matters that concern both of you.

You think he is too hard on the children—so you often find yourself siding with the children. It could be that you're too easy and your husband has to be a

bit tough if the two of you are to strike a happy balance as parents. And it might be that if you stood by your husband instead of the children he wouldn't feel the need of being quite so hard.

You resent the demands his job makes on him and feel he doesn't spend enough time being a husband and father. He's trying to make his way in a highly competitive world, isn't he? And you and the children will reap the benefits of any success he makes, won't you? Then no wonder he feels you are less than understanding if you are constantly complaining about the demands of his work.

You are tired of your husband coming home tired every evening

and not wanting to take you out. Well, what are you offering in the way of recreation to tempt him from his easy chair? A movie he doesn't care about seeing, an evening with people he doesn't really enjoy, a hectic family dinner out, with the children restless and hard to manage?

If so, maybe you ought to get busy planning some evenings that you know your husband would enjoy instead of saying that all you want to do is get out of the house.

Wives who go on for years complaining that their husbands never really try to look at marriage and family life from the breadwinner's point of view.

Highlights

Tuesday's top television shows are previewed and selected by TV Key's staff of experts who attend telecasts, watch screenings, and analyze scripts in New York and Hollywood.

Doris Gillis—Kids will like this one. Doris gets carried away and tells a pretty girl his father died a war hero. He can't help lying and admits it, but keeps right on. Pope Gillis has his share of footcage, too. 8:30 p. m. (CBS).

Red Skelton—"Glimpses of Yesterday." Bread, bread comedy. Red is much stronger now so he plays two parts tonight, Clem and a gangster who wants to take over these fascinating watermelons grown by Clem Kaddididapper and his girl. 9:30 p. m. (CBS).

Gerry Moore—A few cute bits and pieces here and there. Gordon MacRae as Mr. "Talent Tour" interviewing wife Sheila as Talishik, and their opening song as Mr. and Mrs. to "Love in Marriage" are among the high spots. Also, there's an amusing "Mickey Mouse" number, a routine by Mervyn Anderson, and the wonderful (1955) year songs including the finale to "Ya Gotta Have Heart." These sketches on TV shows of the week have been funniest. 10 p. m. (CBS).

Project 20—"Not So Long Ago." (Repeat). A brilliant entry for NBC's consistently superlative documentary series. The period covered is the brief but vital one between V-J Day and the Korean police action, and there's a lengthy and pertinent segment reminding us of the minor miracle of Harry Truman's resounding upset of Thomas E. Dewey in the 1948 presidential election. All the important trends of the half decade are touched upon and, lurking in the background, the specter of the atomic bomb. The music of Robert Russell Bennett augments and enhances the show as usual, and Bob Hope does a capable job of narration. Perhaps it's because we're still too close to the period—the

one emotion which seems neglected is humor. 10 p. m. (NBC).

Close-Up—"The Flabby American." If you didn't spend this past weekend exercising, you may feel guilty after seeing this documentary. It examines our national physical condition and discovers that we're falling apart, thanks to all our pushbuttons. For example, in a comparative British-American school age test, it was learned that British boys from 10 to 16 are in better shape than their American cousins, and British girls in that age bracket are practically in better shape than our boys. A bit too talky, but your flabby previewer walked a mile and a half back to his typewriter after viewing it. 10 p. m. (ABC).

Laurence Harvey . . Drawl's The Thing

By KRISKINE JOHNSON NEW ORLEANS (NEA) — On Bourbon Street a sign announced a disreputable contribution to the centennial of the Civil War. It was outside a shabby little bar where strippers are featured. It read: "Opening Next Week — Roberta E. Lee."

Upturn in an elevator between floors of the swank Roosevelt Hotel, a disreputable looking individual made an unbillied contribution to movie realism. His identity escaped attention of three impeccably clad passengers.

His attire—muddy boots, worn blue jeans, heavy wool shirt and sweat-stained cowboy hat — was

startling for a fashionable hotel. As the elevator reached the lobby one said in a low growl:

"Guess they'll let anybody in this hotel."

The fellow in the muddy boots and cattle range duds could smile—and he did. "They sure do," said Laurence Harvey, one of Hollywood's brightest new romantic leads.

Then Harvey walked through the lobby, stepped into a limousine and was driven to the Old Napoleon House, at the corner of Chartres and St. Louis Streets, for a day of movie hand-holding with Capucine, his lady fair. The clothes he didn't mind but the Texas accent was something else again. Two films, "The Alamo" and "Summer and Smoke," had given the Lithuanian-born, naturalized Englishman a southern accent.

Now his rare versatility has brought him the role of a west Texan in "A Walk on the Wild Side," a love story played against the background of New Orleans' French Quarter during the early depression years of the '30s. "It's an annoyance," he said about the South invading Texas in his voice. "The accent is close but different. I have to watch it." "Close but different" also applies to the film version of "A Walk on the Wild Side," based on

Castro Faces Shortage Of Food, New Sabotage

MIAMI (UPI)—Fidel Castro's government today showed signs of increasing concern over food shortages and renewed anti-Castro sabotage in Cuba.

Havana radio Monday night accused housewives that hoarding is a "counter-revolutionary act." A conviction for counter-revolutionary activities can result in the death penalty.

The radio quoted Commerce Minister Maximo Bergman as blaming current shortages in Cuba as due primarily to "the criminal blockade by Yankee imperialism" and hoarding.

Others heading the sabotage wave, it said, are Aureliano San-

ches Arango, a former premier in the regime of ex-President Carlos Prío Socarras, and Erasmo Majal, labor boss in the Batista administration.

The radio said the U. S. Central Intelligence Agency was behind them. Nevertheless, the radio said Cuba still was willing to go through with the exchange of 1,214 prisoners for 500 American tractors. It said Cuba had "voluntarily renounced" the right to execute the invaders.

3 Area Students To Get FSU Degrees

Among the more than 1,000 graduates who will receive degrees at Florida State University commencement exercises Saturday are three area students.

Miss Nancy Sarah Cash, daughter of Mr. and Mrs. Woodrow Cash of Sanford, will be graduating Cum Laude with a Bachelor of Music degree and the highest grades in the School of Music.

J. D. Stone Jr., son of Mr. and Mrs. John D. Stone of Geneva, will receive a Bachelor of Science degree in education. He was the recipient of the P-TA Scholarship Award four years ago, which is financed by the Parent-Teacher group, under the sponsorship of the County Council, to give an educational scholarship to a deserving and academically qualified student from Seminole High School. After graduation, he will apply for a teaching position in Seminole County.

Robin Oakes Brown, son of County Zoning Director Robert S. Brown and Mrs. Brown will be receiving his Bachelor of Science degree in radio and television work. Robin is married to the former Miss Betty Ashby of Sanford, who has been employed by the University Extension Division in Tallahassee, while taking courses at the University. After graduation, the couple plan to go to California to work for the radio and television studios there.

Mr. and Mrs. Cash and Mr. and Mrs. Brown plan to drive to Tallahassee for the ceremonies. Mr. and Mrs. John Stone and daughter, Patricia, will drive up from Geneva.

Girl Scout Troop 289 Closes Year

Intermediate Girl Scout Troop 289 of All Souls held its final meeting of the Girl Scout year and Mrs. J. C. Crowder gave a summary of the activities and badges completed during the past months, and also read a balanced financial report for the approval of the scouts.

Mrs. Sylvia Huhn gave a brief summary of what lies ahead in the coming year for the troop, which will be working on the Curved Bar Rank.

The 15 Scouts of the troop have all earned the rank of First Class during this past year and received their badges and rank at their official Court of Awards held earlier.

The girls of the troop are Andrea Boggs, Delane Crowder, Virginia Glenn, Peggy Nolle, Peggy Doucette, Joanne Huhn, Denise LaTour, Linda DeMatteo, Elise Gessman, Rosemary Lachars, Karen Trams, Ellen Wolford, Cynthia Michele, Kristina Smith and Pamela Falgone.

Cause For Alarm

MEMPHIS, Tenn. (UPI)—Mrs. H. C. Gwyn revealed her sister's secret of putting the vacuum cleaner to work as an alarm clock. Mrs. Gwyn said her sister's clock radio was out of order. So, her sister placed the vacuum cleaner beside the bed and plugged it into the back of the radio. "It works," Mrs. Gwyn said. "Every morning the vacuum whirrs on at the right time."

Children are much more prone to sleepwalking than are adults, according to the findings of a survey.

Reprisal Threat Against Opponents Of Farm Bill Denied

WASHINGTON (UPI) — A spokesman said today the Agriculture Department had found "no basis" for a charge that one of its officials threatened reprisals against opponents of the administration's farm bill.

The denial was issued by Thomas R. Hughes, executive assistant to Agriculture Secretary Orville Freeman. Hughes said the department's investigation would continue, but added, "We have found absolutely nothing so far."

A second investigation may be opened into the same case by the Justice Department. Atty. Gen. Robert F. Kennedy has been asked to look into the charge by at least one and possible several Southern Democrats in Congress.

The complaint came from John H. Todd of Memphis, an official of the National Cotton Producers and Cotton Warehouse Association. Todd said warehousemen were told that the Agriculture Department would turn down their request for an increase in cotton storage rates—unless.

Unless, he said, the warehousemen persuaded the National Cotton Council not to oppose the administration's farm bill in testimony before the Senate agriculture committee.

Todd said the threat originated with someone in the Agriculture Department, but he did not identify the man. The Memphis cotton industry officials said the threat was relayed through a marketing specialist for the Georgia Department of Agriculture.

Dutch-Venezuela Airliner Feared Lost In Ocean

THE HAGUE, Holland (UPI)—A Dutch-Venezuelan DC8 jetliner flying from Rome to Caracas with 62 persons aboard—10 of them children—was missing and feared down in the Atlantic Ocean between Portugal and The Azores today.

A spokesman for KLM Dutch Airlines said: "We fear for the lives of the passengers and crew." The big jet was carrying the 10 children, 38 other passengers and 14 crewmen, the spokesman said.

The plane, operated by Venezuela's Aviasa Airlines in which KLM is a partner, started its flight in Rome and stopped over in Lisbon.

It took off from Lisbon at 2:15 a. m. (9:15 p. m.) Monday for Santa Maria, the easternmost island of the Azores. It was due to land at Santa Maria two hours later but hours past the arrival time it had not appeared.

A KLM spokesman said radio contact was lost about an hour after the plane left Lisbon. Portuguese and U. S. authorities sent planes and ships out to search the ocean between Lisbon and Santa Maria. A KLM spokesman said radio contact with the plane was lost only four minutes after it left Lisbon's Portela Airport.

THIS DUMP TRUCK WAS DEMOLISHED after the driver jumped out of it as he had to leave the road to avoid being hit by another truck on SR 46. He was hospitalized. (Herald Photo)

Drivers Hospitalized After Wrecks

There were three major accidents on Seminole County roads Thursday, two of which sent drivers to the hospital.

Roy Downing of Union Park was sent to Seminole Memorial and transferred to Orange Memorial with possible fractures after he jumped from a dump truck loaded with lumber trying to escape being hurt, the Highway Patrol reported.

Trooper J. L. Sikes said that Downing steered his truck off SR 46 west of town to avoid hitting another truck approaching him on the wrong side of the highway. Unable to get the truck back on the road, Downing jumped just before it hit a concrete abutment. Sikes said, The truck was a total loss.

Trooper J. S. Foster reported two accidents.

Patrick M. McLaughlin of the Naval Air Station was treated at Seminole Memorial and transferred to the station dispensary after being hurt when his car hit a pole on Wekiwa River Road, Foster said.

McLaughlin was charged with reckless driving after investigation showed he had been driving at a high rate of speed on the unpaved road and lost control, Foster reported. Damage to his car was estimated at \$300.

Earlier Tuesday Thomas R. Foreso was charged with following too close and causing an accident following a mishap on the Old Orlando Highway north of Altamonte Springs.

Foreso's car crashed into the rear of another waiting in a line of traffic stopped while a school bus unloaded, Foster said.

Rail Riders Get Same Treatment

JACKSON, Miss. (UPI)—"Freedom Riders" made their first assault by rail on Mississippi Tuesday, but met the same fate as previous riders who tried to break down bus station segregation here.

A bi-racial student group, including four white Cornell undergraduates, arrived from New Orleans aboard the "City of New Orleans" train and was arrested in the white waiting room of the Illinois Central Station.

The group was jailed on the usual breach of the peace charges as were 45 previous riders who came here by bus. Taken to city court five hours later, they had a five-minute trial and received suspended 60-day sentences and \$200 fines each.

All chose jail rather than pay the fines. It was the same pattern seen in previous journeys to the Mississippi capital by members of the "Freedom Riders" movement. And, as in the other segregation attempts here, there was no violence.

In Montgomery, Ala., a federal hearing seeking to enjoin certain Alabama officials and several anti-integration groups from interfering with interstate buses carrying "Freedom Riders" entered what may be its final session today.

Three witnesses invoked the Fifth Amendment Tuesday when questioned about the burning of a bus near Anniston, Ala., May 14. One was cited for contempt of court in the government's efforts to tie the Ku Klux Klan to the bus burning.

Rusk Urges Okay Of Aid Program

WASHINGTON (UPI)—Secretary of State Dean Rusk today urged approval of President Kennedy's \$4.8 billion foreign aid program as an urgent necessity for the "enlargement of freedom in a decent and tolerable world order."

Rusk told the Senate Foreign Relations Committee that the cost "may seem large, but we can afford to do what has to be done."

Accident Toll Second Bloodiest On Record

The 1961 Memorial Day weekend today became the second bloodiest summertime holiday weekend ever recorded on the nation's highways.

Late reports to United Press International for the 102-hour holiday period from 6 a. m. Friday until midnight Tuesday showed 468 traffic fatalities.

The weekend accidental death count was 468 in traffic, 102 drownings, 2 in planes and 93 miscellaneous for a total of 663. Highway carnage took 45 lives in California. There were 31 traffic deaths in Michigan, 30 in Texas and 28 in New York.

The toll included 11 traffic fatalities, 10 drownings, and four deaths from miscellaneous causes. Among the deadliest accidents of the holiday were two in Illinois and one each in Florida and Texas, each of which claimed four lives. Three persons died and seven others were injured Tuesday in a head-on collision near Drwell, Ohio.

The toll included a race on one traffic death approximately every 13 minutes throughout the 102 hours. The previous high of 371 for a Memorial Day weekend was broken late Monday.

Latest word on Florida waterway development and talk on "The 100-Year Dream" will be given at Thursday's Jaycee meeting by John Krider, Chamber of Commerce manager and one of the founders and past president of the waterways committee.

Krider will speak on canal proposals, flood control and conservation and will outline the tie-in of Florida waterways with those of the rest of the U. S., Dr. Tom Larsen, program chairman, said.

The public has been invited to hear the talk by making reservations for the noon luncheon at the Civic Center.

Charlie Morrison, Chamber of Commerce public relations director, will assist in the program and also will stage a quiz with silver dollars as prizes.

Castro Asks 500,000 More Spies For Regime

MIAMI (UPI)—Radio Havana announced Tuesday night that Premier Fidel Castro needs 500,000 more spies to help him track down saboteurs and other foes of his regime.

The official radio called on Castro supporters to head the appeal of his national directorate of citizen spies for recruits to help "stamp out criminal activity."

"Let there not be a single block, a single workshop, a single factory, cooperative or work center without its own committee for the defense of the revolution," the broadcast said.

"All the people should join in this revolutionary vigilance to close in on the enemies of the revolution."

The radio also said that saboteurs will be "liquidated" by the Castroists—suspecting that the firing-squad rifles which have been silent for six weeks soon may be heard again in Cuba.

"The counter-revolutionary worms (unsuccessful invaders) who did not dare to fight our militia and army . . . are now using live phosphorus and Yankee dynamite in criminal attempts against women and children," the official radio said.

"The generosity of the revolution does not mean that such acts will go unpunished."

Castro's firing squads have executed at least 24 persons for anti-government activity this year. No executions have been announced since April 20, but three persons were sentenced to death last week on charges of killing a Castro supporter in 1956.

The new spies sought by the Castro regime would be organized in "cells" of five informers each with instructions to report anything they learn to neighborhood commissars.

Such volunteer spies guided the militia men who arrested about 200,000 Cubans last month on such charges as possession of American currency, valuable jewelry or anti-Communist propaganda—all "crimes against the state."

Whiteas Blamed

MIAMI (UPI)—"White agitators" were blamed today for goading a group of Negroes into a riot at a traditionally all-white beach, leading to a pushing-shoving incident between Negro and white youths. About 40 policemen who were dispatched to the scene quelled the disturbance Tuesday after arresting a white man, James A. Nelson, 21, for interfering with an officer.

Job Rise Noted

WASHINGTON (UPI)—The Labor Department today reported improved unemployment conditions this month in most of the nation's major industrial areas and forecast a continued rise in jobs into early summer. The Bureau of Employment Security said that five of the 130 major labor market areas moved out of the substantial unemployment category and five other areas showed less severe joblessness than in April.

Fuehrer Ends Strike With Steak

NEW ORLEANS (UPI)—The Fuehrer of the American Nazi Party today tried to get his "hate bus" out of the police pound, while his niece "storm troopers" languished in jail.

George Lincoln Rockwell, the Arlington, Va., man who appointed himself "commander" of America's Nazis, left jail Tuesday on \$300 bond put up by a man whose name was not revealed.

Rockwell's first stop after release from five days imprisonment and hunger striking was a French Quarter restaurant, where he put away a steak dinner.

Stocks Higher, More Active

NEW YORK (UPI)—Stocks were higher and active this morning after a four-day lull.

American Telephone led a firm blue chip group with a gain of nearly one and a half, Westinghouse and U. S. Steel tacking on around a half. Du Pont, rising two points in the early trades, sold off to a large fractional loss. General Motors held steady at 44 1/2.

Committee Of 100 Asks Reorganization As Corporation To Aid Area Development

The Committee of 100 of the Chamber of Commerce voted Tuesday to abolish the committee, upon the approval of Secretary of State Tom Adams of a new charter for an organization to be known as the Sanford Development Company.

The new development corporation, with the original members of the Committee of 100 as stockholders is designed to operate under the provisions of the Small Business Administration of the federal government.

Its purpose is to help the financing of business interests desiring to locate or expand in Sanford but which cannot get loans from conventional sources.

This new venture is expected to do much to boost the economy of the area by cutting red tape and the many months necessary to process loans and mortgages. Clifford McKibbin, committee chairman, said.

The secured loan operations of the new Sanford Development Company will include real estate improvements and building of new businesses and help with the expansion of existing concerns.

Stock in the new corporation will be issued to the original members of the Committee of 100 and temporary officers of the Sanford Development Company will be the present officers of the Committee who are, McKibbin, president; Bob Crumley, vice president; Robert Bauman, treasurer, and F. E. Roumfiat Jr., secretary. B. L. Perkins, Mason Wharton and T. E. Tucker are directors.

Four Local Bills Passed; Urban Renewal Studied

Seminole County legislators were studying the Sanford urban renewal bill today, passed several local bills this morning and were preparing to get eight others under the wire Tuesday.

Rep. Mack Cleveland Jr. took a break from the fast-paced legislative calendar to report that he and Rep. Gordon Frederick had received a copy of the revised urban renewal proposal and had "given it a preliminary look."

They will study the provisions "piece by piece" and already have taken note that it contains an initiating referendum as well as a project by project referendum—one of their requirements for consideration.

"We'll be studying it for possible introduction in the session," Cleveland said.

These bills passed in the House today:

An act allowing the county to expend road and bridge funds for drainage when county purposes are served.

An act permitting the county to buy federal property on the installment plan.

An amendment to the Small Claims Court law increasing jurisdiction of the court to \$500 cases and revising the fee schedule.

An amendment to the county population act on which the county judge's office fees are based to conform with 1960 census figures.

Preparation of eight other Seminole bills should be complete for introduction Thursday, Cleveland said.

He also said that the House is involved today in parliamentary maneuvering on the proposed law banning liquor price advertising.

The Senate amended a House amendment to the proposal and a ruling must be made by the speaker as to whether this action can be allowed.

Kennedy, DeGaulle Agree On Berlin

PARIS (UPI)—President Kennedy and President Charles de Gaulle "came to a general agreement" on how to handle the Berlin situation today in Kennedy's first venture into European personal diplomacy.

Press Secretary Pierre Salinger made the disclosure on Berlin at the end of conversations in the Elysee Palace that followed a cheering, red-carpet welcome for the American president on his arrival this morning.

Salinger declined to elaborate on his statement. But it was presumed that the French and American presidents had reached a firm decision to give no ground to any renewed Soviet pressure against the divided German city.

Salinger said most of the discussion on Berlin took place during a 35-minute pre-luncheon discussion between De Gaulle and Kennedy. After lunch, during a meeting of more than two hours, they talked about "the problems of Southeast Asia," the situation in Laos, and "started on African problems," Salinger said.

He added that the talks between the two men, at which only interpreters were present, were held in an atmosphere of great "cordiality."

Salinger said Kennedy was "extremely delighted" at his reception in Paris.

From the moment the President and his wife, Jacqueline, stepped off their Air Force jet planes from New York, Paris took them to heart.

The reception boomed along the boulevards, clad in the brilliant sunshine of a brisk spring day. It followed to the Quai D'Orsay where the Kennedys are staying in the royal suite. It sounded in the echoes of a 101-gun salute, and it swelled to great volume outside

Worshipful Master Irving Fryor has announced that there will be a special called meeting of Sanford Lodge 62, P and AM Friday at 7:30 p. m. in the Masonic Temple. Purpose of the meeting is the conferring of the Fellowcraft Degree and Master and Fellowcraft Masons are urged to attend.

Getaway Car Found But Bandits Gone

TAMPA (UPI)—Two men strolled into the National Bank of Tampa Tuesday just minutes after it opened.

They were well dressed in dark suits and hats, carried attache cases and wore sun glasses.

They had on gloves.

From the attache cases they pulled two guns—a sawed-off shotgun and a pistol. "This is a holdup," one of them said. He said it twice.

The gunmen herded about a dozen employees and patrons into a corner of the lobby and ordered them to face the wall.

Bank President E. Earl Harrow was among them. "I looked at that shotgun and it looked to me like a cannon," he said.

The men handed the attache cases to two women tellers and told them to fill the cases with cash.

They did—\$41,389 worth.

The men ran out the door, jumped into a car stolen in St. Petersburg, and made their getaway.

A mile away at a shopping center, the stolen car was found abandoned. Not found were the bandits, their loot, or the late-model white Cadillac they were believed to have left the shopping center in.

South Africa Is Official Republic

PRETORIA, South Africa (UPI)—Against the tense background of rising black nationalism, South Africa's white minority today proclaimed the country a republic, ending a half-century of membership in the British Commonwealth.

Cannon roared and church bells rang throughout the country, heralding the victory for the nation's Afrikaans-speaking whites whose ambition for republican status dated back to the Boer War.

As they celebrated, the whites prepared for possible violence by non-whites, who oppose the government's policy of racial separation. Practically every white family was equipped with a gun, ample reserves of ammunition and emergency cooking and lighting facilities.

African nationalists regarded South Africa's transition to a republic as another move by Premier Hendrik Verwoerd's government to keep non-whites as second-class citizens.

the presidential palace where De Gaulle and Kennedy conferred in private.

A crowd of about 1,000 persons broke through police lines today and surrounded Mrs. Kennedy in a wave of admiration for America's first lady.

Crowds of tens of thousands had cheered her—but only from afar—until mid-afternoon when she paid a 45-minute visit to a child welfare clinic founded by the American Red Cross after World War I.

Youth Is Injured By Shotgun Blast

Harry Shaeffer of Mohawk Drive is being held in the county jail today in lieu of \$1,000 bond following charges that he fired a shotgun blast into the side of a car and injured Harry Steinruck Jr.

Preliminary investigation by the sheriff's office shows that the four young men in the car, Steinruck, Wayne Wells, Earl T. Freeman and William E. Mims were cracking a bullwhip at a dog near Shaeffer's home when he fired at the car.

Steinruck was taken to the emergency room of Seminole Memorial Hospital by his companions. Deputies Cochran and Brewster are continuing their investigation of the case today.

Tallahassee (UPI)—A

balanced budget calling for the expenditure of \$78.7 million for state government in the next five years was submitted to the Legislature today by a joint House-Senate conference committee.

The conference recommendations were submitted on a take-it-or-leave-it basis. The report cannot be amended or altered, but must be adopted in its entirety, or rejected and a new committee put to work.

The committee said the bill, which includes \$78.7 million for operations and \$2.5 million for buildings, can be financed without new taxes as long as the state economy does not falter.

The conference report provides a \$200 across-the-board pay raise for all teachers, a \$400 merit raise for superior teachers, a 10 per cent raise for university professors, and a five per cent increase for rank-and-file state employees.

A special proviso requires that state money for teacher salaries be reduced proportionately if Congress makes federal funds available for teacher pay in the next biennium.

A second conference committee dealing with the congressional redistricting problem met Tuesday and Tuesday night. Committee Chairman John Rawls of Marianna said a report should be ready some time today.

Constitutional revision took up most of the Senate's time Tuesday.
