

Fight Between Scheduled Air Lines And Independents On Rates Revealed

By JAMES J. STREIB
WASHINGTON — The Civil Aeronautics Board (CAB) usually disposes of petitions regarding rates by what it terms a "summary order"—that is, a thousand words of legalisms, built around one of two words: "granted" or "denied."

But it has just noted an exception to that custom in writing what appears certain to be a highly important document in the destiny of aviation's youngest and fastest growing department—the freight business.

There was some experimenting with air cargo before the war. During the war some of the larger airlines made a start on it.

But the business really developed into something worth fighting for after the war, when a great many former military fliers bought up surplus transports at bargain prices and filled them with the passengers and freight which overflowed the capacity of the scheduled airlines.

airlines are using mail pay "subsidy" to stage a rate war. They asked the CAB to refuse to let the new rates become effective. The board declined to interfere.

With respect to the independent carriers' charge of "undercutting," it said the airlines' rates still are higher in many instances.

"Undercutting" as such is not an evil, the board said. "The public interest is served by the lowest, economical tariff. That is both the theory and the virtue of competition. When the uncertificated carriers sought and were granted the right to compete on a scheduled common carrier basis with the certificated carriers, they asked and received the right to compete."

The contention is made that the disputed tariffs are aimed specifically at the uncertificated carriers. Admittedly this is the case. But what this proves is merely that the disputed tariffs are competitive tariffs.

No Evidence on Costs
The board commented that there is no substantial evidence as to the costs of flying cargo on a scheduled carrier. It stated that "all industry goes through the experience of promotional rates—of rates initially set below costs in the hope of attaining volume business."

"In the light of the vast potential market for air cargo, a reasonable promotional rate is not unjustifiable," the CAB said.

The board said "The argument that the tariffs filed by the uncertificated carriers (airlines) are supported by mail subsidies is wholly unsound."

The board noted that railroad mail rates are eight to nine times higher than carload freight rates. It said that a "purported offer" by the independents to carry the mail for 18 cents a ton-mile "is merely an unanalyzed offer having no relationship to costs and intended simply to confuse the issues in this proceeding."

How Fight Started
As the airlines rebuilt their fleets, much of the heavy demand for air transport melted away. The issue is now between the airlines and a relatively few large independents.

This latter group has won a temporary right to give scheduled cargo service. The airlines made a big move to meet the competition by reducing their rates to 20 cents a ton-mile Aug. 1. This compared with an average of about 18 cents for the uncertificated operators, some of whom promptly cut their rates to an average of about 15 cents.

Three airlines — American, United and Capital — were most directly affected by that rate slash. They countered with a reduction to about 12 cents, and the independents began screaming to the CAB for help.

Mail Subsidy Charged
The independents asserted in general that the airline cargo rates are below cost and that the

Freight Charges
(Continued from page one)
for wartime movement of freight. The brief declared that shipments "moved to a substantial extent upon rates far lower" than those accorded the general public.

During the last year, the Department of Justice, alleging overcharges, has filed with the commission a series of reparation claims against the carriers. Altogether, millions of dollars are involved. Counsel for the railroad said the claims have been variously estimated as high as three million dollars.

Supreme Court Ducks Hot One From West
WASHINGTON Oct. 20 (AP)—The Supreme Court today kept hands off Los Angeles' new "anti-nudist" ordinance.

The ordinance makes unlawful the operation of any place "where three or more persons not of the same sex are permitted to congregate in the nude; or where persons are permitted to view persons of the opposite sex in the nude."

Lura D. Glassey and Henry L. Browning of Los Angeles and the Supreme Court to rule the ordinance invalid on the ground it violates their rights under the federal Constitution.

NEEDED: A SAMARITAN
PHILADELPHIA Oct. 20 (AP)—A 77-year-old woman, her hip fractured, lay helpless in a heavily-travelled downtown street for 15 minutes before a Samaritan took her to Hahnemann Hospital.

"Nobody would help me," Mrs. Dora Tillitt said. "I couldn't move and nobody would help me. I was afraid that another trolley or an automobile would run over me."

Aid To Europe
(Continued from page one)
Europe and war-shattered areas of the east some three billion dollars.

"This sum, measured on the basis of national wealth, is equivalent to some 14 or 15 billion dollars paid out by you."

Lord Inverchapel declared "we have done more than our full share" in trying to "recreate the system of multilateral trading in the world."

He cited as post war production accomplishments in England "the rapid revival of our merchant marine and production at the present time of 25 per cent more trucks, 55 per cent more rayon yarn, 55 per cent more steel, 45 per cent more electricity than we did in 1938."

Meanwhile in London King George VI, formally ending one of the busiest parliamentary sessions in British history, declared today that national economic recovery cannot be achieved without international cooperation.

The King's propegnation speech—written by ministers, of the Labor government and read by Lord Jowitt, the Lord Chancellor—reviewed the legislative year.

Tomorrow the King will appear before a joint meeting of the House of Commons to open a new parliamentary session, third since the Socialists came to power in 1945.

Though today's meeting was only a perfunctory session clearing the decks for tomorrow's ceremonies, the speech mentioned the dollar crisis, suspension of convertibility and other developments since Parliament recessed Aug. 13.

"My government have been fully aware that our own difficulties cannot be overcome except in conjunction with other governments," the address stated. "These have, therefore, warmly welcomed the initiative of the United States in seeking to promote joint action by the governments of the European nations to increase production and extend international trade, and they have given this initiative their strongest backing."

Prime Minister Attlee's cabinet is expected to decide today, Labor informants said, whether King George VI will call for legislation at the opening of Parliament tomorrow to scrap the House of Lords. Attlee's cabinet is known to have discussed possible action against the Lords in the past and the Prime Minister has said repeatedly that the "Upper House" would not be permitted to obstruct any Labor party plans.

The House of Lords, consisting of some 800 peers, has defeated the government on minor issues in the past, but always has fallen into line on major legislation.

SOME OF THE 48 PASSENGERS aboard the four-engine transport plane that went out of control and flew upside-down over El Paso, Tex., join hands and congratulate one another after their close brush with death. The plane was en route from Dallas to Los Angeles when the mishap occurred. The pilot was able to right the aircraft. Shown in front of the DC-4 are (l. to r.): Herbert Schreiber, 27, Rome, Italy, with his 20-month-old son, Kenny; James A. Magee, 57, Boston, Mass.; Robert L. Halverson, 36, San Diego, Calif.; Kent Goodwin, 35, Los Angeles; Mrs. W. E. Dalton, 30, Washington, D. C.; Krienfield Wallenstein, 30, Moscow, Russia; Mrs. W. J. Arrenault, 22, San Diego, with her son, Warren Joseph Jr., 13 months and daughter, Sandra Lee, 3; Ina Fortis, 47, San Diego; W. R. Rutland, 40, Corpus Christi, Tex.; L. W. M. McCarron, 28, Atlanta, Ga.; and Clint Schreffers, Los Angeles. The airliner, carried a crew of five. (International)

Hollywood Probe

Continued From Page One
opinion are un-American."

"Would you admit there are people in your studio, who are un-American?" Stripling asked.

"Yes," Warner replied.

But he emphasized that whenever un-American ideas creep into scripts, the studio cuts them out.

At the outset of the hearing, Chairman Thomas (R-N.J.) refused to hear a motion to quash subpoenas for 19 Hollywood personalities to appear before the committee during the next three weeks of hearings. The subpoenas are orders for the 19 to appear as witnesses.

Robert W. Kenny, counsel for actor Larry Parks and 18 writers and producers, sought to move that the subpoenas be quashed. This would mean freeing the 19 from any necessity to appear before the committee.

Warner was then called as the first of the industry witnesses.

He was accompanied to the witness stand by Paul V. McNutt, his attorney.

The 55-year-old thin-mustached Warner wore a dark blue business suit. So did McNutt.

Thomas denied McNutt permission to cross examine witnesses.

You are no different from any of the other attorneys who have appeared before this committee at other hearings," Thomas told the former head-of-War-Motionpicture Commission.

As Stripling pressed questions as to the "un-American people" in Hollywood, Warner commented: "I have never seen a Communist and I wouldn't know one if I saw one."

Warner declared he had seen fascists abroad "but didn't recall having encountered them in Hollywood."

The "un-American" infiltration in Hollywood, Warner said, first was noticed in 1936 and 1937 "in our studios and studio there."

Warner said he has been in the movie business "40 odd years" as writer, director and producer. He was born, he testified, in 1902 in London, Canada.

The House Un-American Activities Committee's Hollywood investigation formally opened today, Chairman Thomas (R-N.J.) asserting "there is no question that there are Communists in Hollywood."

What the committee wants to know, the chairman told the audience jammed into the chamber, is "the extent of Communist infiltration in the Hollywood motion picture industry."

In the crowd were many movie luminaries to testify during the three weeks of hearings. But most of the 400 spectators were women who crowded into the large caucus room of the old house of office building more than an hour before the hearing opened. A line that extended more than an hour before the session got under way.

From preliminary investigations, Thomas said, the committee has learned that Communists have had "considerable success" in wedging into the motion picture industry. But that, he added, is no cause for condemnation of the entire industry.

"With such vast influence over the lives of American citizens as the motion picture industry exerts," he continued, "it is not unnatural, in fact, it is very logical, that subversive and undemocratic forces should attempt to use this medium for un-American purposes."

But he said he has "every confidence that the vast majority of movie workers are patriotic and loyal Americans."

HAMBONE'S MEDITATIONS

lent there is no over-all planning authority which has either the responsibility or the resources to insure the effective coordination of the several research programs."

As a move toward formulating such a "national policy," Steelman recommended prompt establishment of a committee of government and non-government scientists to "examine the national medical research program and, in broad scope, suggest a comprehensive program to utilize most effectively all of the nation's resources for medical research."

In the fifth and last of a series on "Science and Public Policy," Steelman recommended that the nation by 1957 raise to \$300,000,000 its annual outlays for all medical research. This would mean almost tripling the current \$110,000,000 outlay by public and private sources.

"Most of this expansion must come from public funds," declared Steelman. "Industrial research can and probably will expand, but it

UN Assembly

(Continued from page one)
The new Soviet demand came as Soviet Deputy Foreign Minister Andrei Y. Vishinsky prepared to begin a last-ditch fight against formal creation of an American sponsored UN border watch in the Balkans.

The Russian proposal to revive the already defeated Soviet resolution was submitted in a letter to Dr. Oswaldo Aranha of Brazil, assembly president, asking that the question be placed on today's calendar for the plenary sessions at the Flushing Meadow Park.

A Soviet source said Vishinsky expected to speak for about an hour and forty minutes on the Greek-Balkan issue.

Revival of the original Soviet move to blame the Balkan troubles on the United States and Britain, and Russia's fight against the "watchdog" committee, foreshadowed a double Soviet defeat.

Russia's prime interest in the assembly debate was manifested at a Security Council meeting here this morning when Soviet Deputy Foreign Minister Andrei A. Gromyko requested a postponement so he could attend a plenary session scheduled to run simultaneously.

The council meeting, called for continuing debate on the Dutch-Indonesian conflict, was then postponed until 10:30 A. M. tomorrow. This was the third recent postponement of debate on the Indonesian case. British delegate Sir Alexander Cadogan, (this month's council president, had asked for the first two delays while Russia had pressed for council action.

In Washington, the United States formally rejected Russia's proposal that Soviet and American occupation troops withdraw simultaneously from Korea.

The State Department made public a message from Under Secretary of State James C. Dorn on Friday.

"It is a great comfort to have strong and capable National Guard" units, he declared, adding that reorganization of the militia in the various states is being hampered by the lack of armor for the Guard's increased post-war strength.

Joining the National Guard discussion, Governor J. Strom Thurmond of South Carolina advocated a merit system for the promotion of officers above captain's rank over the present seniority system. Such a system, he told the other governors, "would put all officers on their toes."

Spending Policies

(Continued from page one)
emphasized the need of a regionalized system of specialized education for southern students if the South's industrialization is to continue unimpeded.

French Election

(Continued from Page One)
MIFP fought it out with the Communists.

The eight large communities where the issue remained in doubt were Toulon, Rennes, Besancon, Beauvais, Grenoble, Nancy, Lille and Angers.

The 29 communities where De Gaulle's men were running far ahead were Paris, Algiers, Bordeaux, Troyes, Nevers, Melun, Mulhouse, Colmar, Lyon, Montbéliard, Pontarlier, Lorient, La Rochelle, Biarritz, Bayonne, St. Brieux, Marseille, Nancy, Nantes, Versailles, Epinal, Strasbourg, Mantes Sur Seine, St. Raphael.

Value Of Forests

(Continued from Page One)
forest production," Mr. Moore stated.

(1) Florida has the second largest forest acreage in the United States. Oregon is first.

(2) Florida has the longest growing season of any state in the Union. Florida has 9 or 10 months of growth. Oregon has 7 months.

Alencor, Verdun, Rouen, Metz and Nice.

Meanwhile, the leaders of the Paris unions of the Communist-dominated General Confederation of Labor met today to take a vote on whether they will order a general strike in the capital to back up striking bus and subway workers.

The transport workers have been on strike a week and were promised Saturday that other government employees would support their stand for increased wages to meet mounting costs of living.

only 6 months. Thus, Florida can grow trees faster.

(3) Florida has the easiest logging conditions, no mountains, no ravines or valleys.

New developments in wood utilization are making it possible, Mr. Moore said, to use Southern pine for almost anything. Forest fires, however, are this state's greatest drawback in forest production, he stated, adding that Florida has the poorest record in fire control of any state in the Union. This, he explained, is hard not only on forests but also on game land fishing.

About one-half of the forest acreage in Florida is burned every year, he said, while in protected areas less than 1 percent is burned over. This is a loss, he said, of about 300,000,000 board feet of lumber every year, or enough to build 40,000 6-room houses.

Following his speech, Mr. Moore showed a motion picture called "Trees For Tomorrow." President Gordon Hrisson welcomed Ed Levy to meet mounting costs of living. Whither back to the club.

City's Budget

(Continued from Page One)
In 1941 the sum of \$10,565 was budgeted for fire protection of which \$7,710 went for salaries of six men.

The sum of \$25,000 is budgeted for operation of the Municipal Airport. Of this sum, \$10,550 will be paid to workers including the superintendent, firemen, guards, utility men and laborers.

Street lighting and water supply, estimated at \$15,050 does not show much increase over the \$12,700 budgeted for this purpose in 1941. Salaries and expenses of the City Manager's Office are anticipated at \$4,555 as compared with \$2,815 in 1941.

Other estimated outlays as compared with 1941 are as follows:

1947-48	1941	
City Commission	\$1,500	\$1,350
Municipal Court	1,300	650
City Attorney	1,225	925
Municipal Elections	150	150
Public Buildings	10,412	3,050
Engineering	3,775	1,000
Cemetery	3,733	1,000
Inspections	4,908	1,830
Insurance	7,650	3,785
Zoo	7,040	2,900
Recreation	6,300	4,270
Parks	8,000	4,500
Public Health	7,148	1,000
Hospital	1,200	1,200
Library	4,067	2,180
Sanitation	6,000	5,038
Charity	2,000	1,575
Publicity	6,000	3,500
Legal fees	1,000	2,000
Contingent fund	3,052	14,500
Civil Service	785	0
Port and dock facilities	4,775	0

Brazil Severs Relations With Soviet Russia

Russian Press Slaps At Brazil And Its President Given As Reasons For Break

RIO DE JANEIRO, Oct. 21 (AP)—Brazil, second largest country in the Western Hemisphere, announced today she had severed diplomatic relations with Soviet Russia.

The announcement set diplomats speculating that Brazil might eventually extend the break to countries in the Soviet sphere of influence. They recalled Chile's recent break with Yugoslavia.

The break with Russia formalized a situation already virtually in effect. Brazil resumed relations with Russia in 1945 but there have been no commercial or cultural exchanges. Rio's Ambassador to Moscow, Mario Pimentel Brandao, has spent much of the time in Stockholm for reasons of health.

Moscow's Ambassador, Jacob Suriz, left Brazil following the official outlawing of the Communist Party here several months ago.

Brazil took offense at Russian press attacks on this country and on President Eurico Gaspar Dutra. One of the Russian periodicals called Dutra an incompetent soldier and a fascist.

Vice President Nereu Ramos had declared the break was "unpleasant for national honor."

In Moscow yesterday Pravda anticipated the break, said that

New Elections Seen In DeGaulle Win

Paris, Oct. 21 (AP)—General Charles De Gaulle, his new anti-Communist party holding a steady lead in returns from Sunday's municipal elections, will press for national parliamentary elections as soon as possible to open the way to his return to power, a De Gaulle spokesman said tonight.

Many Frenchmen expressed belief De Gaulle's victory was responsible for the ending of the week-long Paris subway and bus strike, which had been looked upon as a struggle between the non-Communist government and the Communist-directed General Confederation of Labor.

Dionede Catroux, a spokesman for the General, said De Gaulle's Rally of the French People (RFP) has nearly a third of the national assembly's 618 deputies pledged to him prior to the election, and now more were expected to support him.

Curb On False Charges Asked By Australia

Evatt Objects To Indiscriminate Use Of War-mongering As Attack On Leaders

NEW YORK, Oct. 21 (AP)—Australia formally demanded today that the United Nations act to curb propaganda which "falsely" accuses national officials or other responsible persons of "war-mongering."

The Australian proposal was submitted to the U.N. General Assembly by Australia's minister for external affairs, Dr. Herbert V. Evatt, as an amendment to Russia's resolution on "war-mongers" which comes up for discussion later this week at Lake Success.

The Soviet resolution, as originally proposed by Deputy Minister Andrei Y. Vishinsky, specifically accused the United States, Turkey and Greece of "war-mongering" and demanded action to halt their alleged propaganda.

The key section of the Australian amendment provides that the Assembly condemn "all forms of propaganda, in whatever country conducted, which falsely imputes to officials or other responsible persons of any nation the desire of encouraging any acts of aggression or the use of any measures for the purpose of aggression."

A note accompanying the amendment said "the object of the Australian amendment is to strengthen freedom of expression and of opinion as set out in the charter, by suggesting positive measures to counter war propaganda and to counter the type of propaganda which falsely attributes to other powers a desire of aggression."

Harilaos Trikoupi, Foreign Minister of Greece, repeated his charges that Russia's Balkan sat-

Hollywood Is Seen As Center Of Reds By Adolphe Menjou

Forrestal Tells Of Necessity For U.S. War Strength

WASHINGTON, Oct. 21 (AP)—Adolphe Menjou says Hollywood "is one of the main centers of Communist activities in America." And that "it is the desire of the masters of Moscow" to use motion pictures as a propaganda medium "for their purpose, which for the overthrow of the American government."

This opinion from the dapper actor was made public today as Menjou took the stand in a House Committee's second day of hearings in an investigation of Communism in Hollywood. He gave it at secret hearings by a House subcommittee on Un-American Activities in Los Angeles last May 15.

Menjou and movie critic John Charles Moffitt agreed that Communists are acting in Hollywood and both pointed to John Howard Lawson, film writer.

The dapper Menjou told the House Committee on Un-American Activities that he has "heard" that Lawson was head of the Communists there, but cannot prove it.

Moffitt, following Moffitt to the Committee's witness chair, described Lawson, once head of the Screen Writers' Guild, as an average Communist worker. He said Lawson urged writers to try to get five minutes of the Communist doctrine, five minutes of the party line, into every movie script and told the actors "it is your duty to further the class struggle."

The plump, mustachioed Moffitt, whose home is Los Angeles, hit, too, at Communists on New York's Broadway.

He said that Broadway "is

King Calls For Nationalization Of Gas Industry

LONDON, Oct. 21 (AP)—King George VI has opened a new session of Parliament today in a speech written by his Socialist ministers called for nationalization of the British gas industry and for a curb on the powers of the ancient House of Lords. He gave top priority, however, to economic recovery.

Both Houses sat together in the Lord's chamber for the ceremony starting the third legislative year under the Labor government.

Seated on a gold throne, the King read his 15-minute speech slowly and deliberately with scarcely a pause. On his left sat the Queen; on his right, Princess Elizabeth, attending her first state opening and looking demure in a long-skirted dress of dusty pink crepe.

In ten words the King announced

Truman Summons Leaders To Meet On European Aid

WASHINGTON, Oct. 21 (AP)—President Truman today summoned congressional leaders to the White House for a conference Thursday on Europe's financial plight.

The White House said invitations are going out today for the meeting at 2:30 P. M. Thursday for what Presidential Secretary Charles G. Ross described as a "further discussion of emergency foreign aid."

The group is the same as the one which met with Mr. Truman Sept. 29.

In addition to the Republican and Democratic leaders in both houses, it includes the chairman and ranking minority members of the Foreign Affairs and Appropriations Committees and Senator Taft (R-Ohio), chairman of the GOP policy group in the Senate.

Presumably the conference will canvass the outlook for emergency stopgap aid to Europe as well as the outlook for a European recovery plan based on Secretary of State Marshall's self-help proposal, and the possibility of a special session of Congress.

Ross would not elaborate beyond his brief assertion that emergency

Goal For Drive Is Set At \$3,000 At Association Dinner

SANFORD, Oct. 21 (AP)—Sanford's goal for the annual drive and seal sale conducted by the Seminole County Tuberculosis and Health Association was set at \$3,000 at a supper and meeting of the committee chairman held last evening at the Tourist Center with George Louby presiding. The county goal was increased.

Jack Ratigan, the new seal sale chairman, declared that this is the first time he has had the opportunity to join in this sort of work, and that he was glad to do so.

"We are now getting on top of the disease of tuberculosis," he asserted, and predicted that if the work of prevention is continued, the funds spent 20 years from now will not be spent on actual cases but upon educational work. He stated that the tuberculosis work is now well known, its value is accepted, and that it is no longer necessary give "sales talks," especially to employers, to get donations for the program.

George Austin, chairman of the Large Gifts Committee, told of plans to raise \$1,500 this year as compared with \$911 last year by putting a little more effort reported progress in the health field.

After Edward Kircher, secretary, education program in a night school, told of her 12 years of Salvation Army experience prior to assuming her present position, and declared that she did not look upon her work as a job but as a sort of ministry.

President Louby declared that almost all of Mrs. Kircher's time is taken up in running the Association, which work she does very creditably, he said. He exhibited a poster of the new seal sale stamp showing a winter outdoor scene. He conferred with committee chairman in regard to new county goals and pointed out that the \$4,350 raised last year should be exceeded.

New goals set were: Lake Monroe, \$75; Chuluota, \$25; Lake Mary, \$75; Altamonte Springs. (Continued on Page 31a)

Latin American Investments Are Highly Endorsed

ST. LOUIS, Oct. 21 (AP)—United States citizens who invest their money in industrialization of Latin America, will insure their own and hemispheric prosperity, Ramon Beteta, Secretary of Treasury of Mexico, and Nelson Rockefeller agreed today.

Secretary Beteta, in a speech prepared for the Americas luncheon of the National Foreign Trade Convention, contended such investments mean hemispheric solidarity at the economic level.

Rockefeller, pointing out that "there exist in many parts of the hemisphere critical shortages of food and widespread poverty," said in a speech prepared for delivery before the same organization, "the time has come when business has also got to think and plan in terms of social needs and the broad development of the economy in which we live."

Rockefeller advanced a three-point plan to raise the standards of living of the people of Latin America by the use of private capital and management in Latin America, creation of the Inter-

Truman Summons Leaders To Meet On European Aid

WASHINGTON, Oct. 21 (AP)—President Truman today summoned congressional leaders to the White House for a conference Thursday on Europe's financial plight.

The White House said invitations are going out today for the meeting at 2:30 P. M. Thursday for what Presidential Secretary Charles G. Ross described as a "further discussion of emergency foreign aid."

The group is the same as the one which met with Mr. Truman Sept. 29.

In addition to the Republican and Democratic leaders in both houses, it includes the chairman and ranking minority members of the Foreign Affairs and Appropriations Committees and Senator Taft (R-Ohio), chairman of the GOP policy group in the Senate.

Presumably the conference will canvass the outlook for emergency stopgap aid to Europe as well as the outlook for a European recovery plan based on Secretary of State Marshall's self-help proposal, and the possibility of a special session of Congress.

Ross would not elaborate beyond his brief assertion that emergency

Civic Music Group Plans Drive For Memberships

More than 50 officers and directors of the Seminole County Civic Music Association met last evening at the Episcopal Parish House and made plans for an annual membership campaign from Oct. 27 to Nov. 1, including H. H. Cohen president.

The ultimate type of concert presented this season will be a result of the effort extended in the organization of the membership campaign, Mr. Coleman, president of the Association, announced.

Names of division heads were announced by Mrs. E. E. Roumlet, organization chairman and names of additional captains and workers in the campaign were also announced.

Mrs. J. E. Ingley, secretary, stated that many present members have already paid their dues. Miss Helen E. Welch, national representative of the Civic Music Service, was present at the meeting and will be here to assist in the preparations during the campaign week.

The Seminole County Civic Music Association is a non-profit cooperative organization formed for the purpose of bringing top quality music and radio artists to Sanford each season. Because it requires no sponsors or guarantees, it is necessary to have all memberships in before the close of the campaign, when the talent is booked, said Mrs. Ingley. Headquarters is at the Tourist Center, telephone 1059.

All present members are urged to pay their dues this week, and next week membership will be open to the general public. Members only may attend concerts.

Defense Chief Says War May Come With Lightning Speed

NEW YORK, Oct. 21 (AP)—America must remain militarily strong to give the world time to achieve stability and lessen the threat of a new world war which may strike with "lightning speed," James Forrestal, Secretary of Defense, said last night.

Declaring that Russia is clinging to one idea of government while the United States holds fast to another, Forrestal said that "it is better to live in two worlds than to accept, for as the means to improve our view of our system."

Addressing the 16th annual New York Herald Tribune Forum, Forrestal said that the "external world is not now in equilibrium," and added:

"I am confident that most of our citizens are also in agreement that the surest way to avoid war is to have any possible group of enemies know that the risks of engaging us are too great to make it worthwhile."

Asserting that "Americans hate the very idea of war," Forrestal said "we have the deepest revulsion against its brutality, its economic waste and its sacrifice of the young and brave. Yet there are some alternatives to war which obviously none of us will accept."

Concentration camps, life in a police state where every man lives in constant fear of the midnight knock on the door and the summons to answer for the alleged crime of having his own opinion—these are some of the alternatives to which we believe even war is preferable."

The new Defense Secretary said that the nation must rely upon "the best general preparation that we can devise so that our young men in case of war—which can be assured will come with lightning speed—will not be called upon to fight without adequate training."

John G. Winson, former American ambassador to the Court of St. James, told the forum that

Moscow Seeks To Use Moving Pictures As Propaganda Medium For U. S. Revolt

WASHINGTON, Oct. 21 (AP)—Adolphe Menjou says Hollywood "is one of the main centers of Communist activities in America." And that "it is the desire of the masters of Moscow" to use motion pictures as a propaganda medium "for their purpose, which for the overthrow of the American government."

This opinion from the dapper actor was made public today as Menjou took the stand in a House Committee's second day of hearings in an investigation of Communism in Hollywood. He gave it at secret hearings by a House subcommittee on Un-American Activities in Los Angeles last May 15.

Menjou and movie critic John Charles Moffitt agreed that Communists are acting in Hollywood and both pointed to John Howard Lawson, film writer.

The dapper Menjou told the House Committee on Un-American Activities that he has "heard" that Lawson was head of the Communists there, but cannot prove it.

Moffitt, following Moffitt to the Committee's witness chair, described Lawson, once head of the Screen Writers' Guild, as an average Communist worker. He said Lawson urged writers to try to get five minutes of the Communist doctrine, five minutes of the party line, into every movie script and told the actors "it is your duty to further the class struggle."

The plump, mustachioed Moffitt, whose home is Los Angeles, hit, too, at Communists on New York's Broadway.

He said that Broadway "is

World War II Ace Dies In Plunge

BEARSPORT, Me., Oct. 21 (AP)—A World War II ace went down to death with his falling plane yesterday rather than let it ram homes in this little village.

Mal. Kenneth G. Smith, 33, of Boise, Idaho, who downed six German planes in World War II, was killed when his Thunderbolt crashed in a stream bed, exploded and burned.

Eventualities said Smith stayed at the controls until the fighter was clear of any buildings. He was out on a wing, ready but too late to parachute, when the craft hit.

He was a squadron commander at Dow Field, Bangor. Officials said his ship went into a flat spin at 10,000 to 12,000 feet from undetermined cause.

Garbage Can Stolen From Sam Martina

State Representative M. B. Smith and Mrs. Smith, while sitting on their porch at 456 Rosalia Drive last evening, were startled by the clatter of a large garbage can which was rolled by unknown persons into their yard, and its contents were spilled about. Juvenile pranksters are suspected.

The garbage can was later identified as the property of Sam Martina, 2612 Irwocqua Avenue. Last night Chief of Police Roy G. Williams rounded up some youths who had been recklessly riding around in a cream colored roadster and gave them a stern warning against reckless driving and throwing rocks.

Left Wing Parties Losing In Norway

OSLO, Norway, Oct. 21 (AP)—The Labor party and the Communists appeared today to have lost in municipal representation and the Conservatives, Liberals and Agrarians to have gained on the strength of early returns from yesterday's community elections throughout Norway. Labor still seemed, however, the numerically strongest party.

Returns from 210 places, including 84 towns (with results of the last elections, in December, 1945, in parentheses):

Labor party—119,910 votes, 1,897 representatives (130,540 and 2,184).

Communists—33,340 votes, 517 representatives (30,543 and 537).

Conservatives—42,491 votes, 374 representatives (25,231 and 242).

Agrarians—25,627 votes, 401 representatives (16,991 and 294).

Liberals—47,184 votes, 506 representatives (30,803 and 406).

Non-Socialist coalitions—29,801 votes, 490 representatives (27,803 and 312).

Christian People's Party—27,782 votes, 291 representatives (25,734 and 255).

Non-political lists—13,730 votes, 230 representatives (25,442 and 433).

Railroad Future Said Endangered By U. S. Attack

MIAMI BEACH, Oct. 21 (AP)—A. J. Aydelott, vice president of the Association of American Railroads, declared today that the federal government's suit against some 900 railroads "threatened the entire future of American railroads."

Speaking before the opening session of the three-day AAR communication section convention, Aydelott said that the government suit "might total two billion dollars."

"If out people and the government are sincere in wanting national unity, instead of trying to wreck railroads, they should try to make them stronger," he declared.

He said the government's suit which claims overcharging in the movement of war materials was filed "despite the fact all war-time rates were made in an agreement between the railroads and government officials."

"Besides," he said, "the railroads have paid 85 per cent of their war earnings in taxes."

Aydelott declared that despite higher costs of maintenance and operation, American railroads were operating more efficiently than ever before. He said that it now costs \$32,000 to lay a mile of track compared to the \$24,000 per mile cost before the war. Railroads have 500,000 less freight cars than in 1929, he declared, and yet 69 per cent more ton miles of freight was hauled last year.

Some 450 members are attending the convention which ends Thursday.

Five Candidates To Run For Trustees

Five candidates for the three positions of trustees of Seminole County Schools have qualified to run in the Nov. 4 election, it was announced today by Supt. T. W. Lawton.

Two candidates qualified Saturday: Herbert G. Hebrons of Lake Monroe, who will oppose Mrs. George Harden, and W. J. Wells, Jr. of Longwood who will oppose Roy Howell. R. P. Cooper of Oviedo is not opposed. Monday was the deadline to qualify as a candidate.

The three trustees elected will replace the present 18 trustees, in accordance with recent State legislation.

Two Union Employees Are Shot In Tavern

CHICAGO, Oct. 21 (AP)—Two labor-union employees were shot and fatally wounded in a northwest side tavern last night and police Lt. Leroy Steffens said today, an oil salesman was seized for questioning in connection with the slayings.

Dead in the shooting, which police said was not connected with union trouble, were Patrick S. Brennan, 65, an advertising solicitor of the AFL Chicago Building Trades Council Magazine, and George McCarthy, 60, assistant business agent of Local 708, AFL Chicago Truck Drivers Union.

Brennan was killed in the saloon while McCarthy died in a hospital early today, police said, he had told them the name of the gunman.

41 Persons Executed By Greek Government

ATHENS, Oct. 21 (AP)—Forty-one persons were reported today to have been executed by firing squads throughout Greece in the last 24 hours. The press ministry said 13 died at dawn today at Salonika as convicted members of a Communist "execution squad."

Earlier press reports said 23 other persons, two of them women, were executed yesterday. These included 12 in drama for concealing arms and helping guerrillas, nine for similar reasons in Serrai, three guerrillas in Xantho and four guerrillas in Larina.

An official announcement said more than 1,000 guerrillas Saturday night and Sunday morning attacked Metaxovo, 20 miles east of Ioannina in northwestern Greece, and burned the city hall, police station and school. They were driven off, the account added, after losing 45 killed.

19 Year Old Youth Of Oklahoma Wins Star Farmer Award

KANSAS CITY, Oct. 21 (AP)—Nineteen-year-old Ray Gene Cinnamon of Garber, Okla., was named the Star Farmer of America for 1947, this afternoon.

Sharing the spotlight with Cinnamon at the 20th annual Future Farmers of America convention were Marvin Krull of Lake Mills, Wis., Francis Stull of Yakima, Wash., and Hoopes T. Yarnell of Cochranville, Pa., named Star Farmers of the Central, Pacific and North Atlantic regions.

The Star Farmer award presentation was made in the arena of the American Royal Livestock Show.

Representing the highest achievement in the FFA, the Star Farmers were selected from 100 youths awarded the American farmer degree. Only one boy in one thousand FFA members may receive the American farmer degree in any one year.

Cinnamon has already netted \$2,454 from 120 acres of wheat; this year, pastures about 100 cattle, and has hogs, sheep and goats. Last year, his first out of high school, he had a net income from his combined farming of over \$5,000.

Since his start as a freshman vocational agriculture student in 1942, Cinnamon has netted more than \$25,000 from his supervised farming program.

WOMAN DROWNED

ESSEX, Md., Oct. 21 (AP)—A 34-year-old mother was drowned when a rowboat capsized last night, and one of her two young companions swam nearly 800 yards to get aid, which came just in time to save the second. The victim was identified as Mrs. Katherine M. Thompson of Middle River.

ON GUARD

Albin Hagstrom, farm grower of Pierson, was astonished recently while motoring on Seminole boulevard near the Monroe Bridge to see an old bald eagle who had assumed charge of a run over rabbit and was keeping crows and buzzards at bay.

EX-CHIEF SHOT

TAMPA, Oct. 21 (AP)—William E. Evans, 75, a storm center in the Tampa police department for a bullet wound in the head. Detective Inspector D. D. Stephens said his investigation satisfied him Evans shot himself.

A SLIGHT MISTAKE

WASHINGTON, Oct. 21 (AP)—Samuel Goldwyn of Beverly Hills, Calif., the moving-picture producer, over-paid his 1945 income tax by \$383,407, the Internal Revenue Bureau disclosed today. The Bureau said the over-payment would be credited against Goldwyn's tax liability for later years.

RED GROUP LEAVES

SEOUL, Korea, Oct. 21 (AP)—The 70-man Russian delegation departed for the Soviet-controlled north-Korea zone today, at American request, after the latest failure of joint commission efforts to set up an independent government for all of Korea.

The Russians announced yesterday they had been instructed by Moscow to withdraw because the Americans "refused to discuss" a Soviet proposal that both countries withdraw their troops from Korea in early 1948.

BRITISH STRIKE

EDINBURGH, Oct. 21 (AP)—An unofficial strike among Scottish coal miners, seeking wage increases, was reported today to have spread to 82 pits employing 13,300 men. The report came from the Scottish regional office of the National Coal Board, which said the number of men affected is now more than double the 6,000 who went out yesterday.

SIYRIANS ARRESTED

JERUSALEM, Oct. 21 (AP)—A government source announced today that the British army had arrested 12 Syrian troopers after determining that they crossed the northeastern Galatania frontier while on border patrol.

NO PUSH BUTTON

BALTIMORE, Oct. 21 (AP)—Discounting the theory that "the war of the future" might be a push-button affair, Maj. General Leslie Groves last night said, "The atom bomb has not greatly affected basic military principles."

WELFARE MEETING

The Friday meeting of the Seminole County Federation of Welfare Workers has been postponed until Friday, Oct. 31 due to the Florida Public Health Conference being held this week in Tampa.

Have You Registered?

This is the last week to register in order to vote in the City election on Nov. 3. Registration books will be open at the City Hall until Saturday of this week. Those who have registered for previous City elections do not have to register again. Only those who are over 21, who have resided in Sanford for six months and in Florida for one year, can register now. The election on Nov. 4 is for the purpose of filling two seats on the City Commission. John Krider, Fred Williams and Jack Ratigan are candidates in Group No. 1. Jack Lodge and Randall Chase are candidates in Group No. 2.

FREIGHTER ADRIPT

MIAMI, Oct. 21 (AP)—The Coast Guard said today that the 6,000-ton British freighter Empire Thames was drifting without power about 45 miles southeast of Miami in the Gulf Stream, but was in no danger.

TUESDAY, OCT. 21, 1947

The younger generation, we find, has never heard of Gutz Rice; so feeling is false. But their fathers will remember "Hinky Dinky Parley Vouz" if they do not remember "Dear Old Pal O' Mine."

General Charles de Gaulle has bounced back into the French political limelight like the proverbial ball following Sunday's municipal elections in which his newly organized Rally of the French People polled nearly 40 percent of all the votes cast.

It looks good on a Sunday afternoon to see so many young people riding horses in Fort Mellon Park and so much activity around the swimming pool and tennis courts.

It is the children of Europe for whom one feels sorry in these days of strife, strikes and starvation. They are not responsible for the selfishness, jealousy, prejudices or hatreds of their parents.

A comparison of Sanford budget figures for the current year with those of the last pre-war year reveals a startling rise in costs amounting to nearly 75 percent.

Unionism at its worst is illustrated by the recent edict of James Caesar Petrella, banana king, who has levied more taxes to make City improvements.

The Little Assembly

There is a curious twist to be observed in the matter of Russian objections to the Little Assembly proposed for the United Nations.

The Soviets have, really, a good Constitution, which was planned and adopted quite democratically. Town meetings discussed every point of it, voted on the separate sections, made suggestions freely.

One spot that was used in that regarding the President. This is a small committee, a Little Assembly, so to speak, which is in continuous session and is empowered to make decisions when the Supreme Soviet is not sitting.

The Russians seem to approve their President in practice as well as in theory. Perhaps they do not favor a Little Assembly for the United Nations because their own has been so useful.

Small Loaves Of Bread

Charles Luckman, manager of the nation's food conservation, has come to realize that smaller loaves of bread, possibly even half sizes, would contribute to the saving of wheat.

It is true that machinery, equipment, pans and the like as well as many local laws are geared to force bakeries to turn out the big loaf.

Most American bakers are both intelligent and conscientious. When they put their minds to turning out small loaves, they can doubtless find a way.

Army Courts

An investigation of the court martial sentence in Italy of a young Cleveland soldier has been asked by his Congressman. The matter has been taken to General Eisenhower, who, it will be remembered, has not yet assumed the Presidency of Columbia University but is still chief of the U. S. Army.

Facts about the trial and alleged crime are meager. The boy, a private, 18, is said to have shot and killed two Italian soldiers.

The one-day trial of an 18-year-old boy by an Army Court may have been conducted on just and humane lines, and the sentence meted out to the boy was adequate.

There has been a growing suspicion that courts martial, particularly in the case of enlisted men, have been unnecessarily severe and one-sided.

One day's trial seems hardly enough to lead to a life in prison.

Harvard Business School Graduate Gets Sound Advice For First Job

By James Marlow BOSTON, Oct. 21 (AP)—A bright character, a student in the Harvard Business School, decided the top is the best place to go for advice when you pick a career.

He'll be graduated in February, trained to go into business, but what business? He wanted the best information on all kinds of businesses so he could choose one as a starting place for himself.

He wrote letters to 16 of the most prominent men in the country, including Bernard Baruch and Henry Morgenthau, Jr., former Secretary of the Treasury.

He told them he'd like to talk to them and get their advice. Thirteen of the 16 said "Sure, come on" and promised to talk to him.

Controls—a combination of business statistical work and accounting; and administrative practices—which means how to get along with workers.

In the second year the student can specialize in what they want. One may concentrate on air transportation, another in accounting, another in sales management.

This doesn't mean that the 1,400 students trot around to factories, banks and accountants for information or teaching. Illustrated lectures are used in big part for the teaching.

And case histories of business problems—actual problems that have come up in a certain business—are important in the training.

THE WORLD TODAY

By DWYTT MACKENZIE AP Foreign Affairs Analyst

The French municipal election results still remain a grab-bag out of which further surprises may be extracted, but nothing is expected to change the sensational political comeback staged by General Charles De Gaulle.

The leader of the "Free French" during the dark days of the German occupation again is making a powerful bid for the generalship to lead them out of the wilderness. Naturally his votes haven't come from the Communist party, but rather from the Socialists, the Popular Republican Movement and various other parties.

From this it is clear that a considerable section of the public—and this represents the majority of the people—is seeking for additional leadership in France's life and death struggle.

The General's move was so unexpected that the public was flabbergasted, as your correspondent well knows, having been in Paris at the time.

Should the complete vote show that De Gaulle's "rally" represents the strongest party, we shall witness the strongest party, we shall witness the strongest party, we shall witness the strongest party.

De Gaulle's strength also is his weakness. He is a lone wolf—top man or nothing—and because of this characteristic has drawn the charge from some of his political foes that he is seeking to establish a dictatorship.

De Gaulle's strength also is his weakness. He is a lone wolf—top man or nothing—and because of this characteristic has drawn the charge from some of his political foes that he is seeking to establish a dictatorship.

Gen. Florida Division Of Society Is Formed

A new Central Florida Division of the Children's Home Society of Florida has been opened at 423 South Orange Avenue, Orlando in order to give aid to homeless orphans and needy children of Seminole, Orange, Lake and Osceola Counties.

The Society receives no support from the state or federal governments, and depends entirely on the contributions of individuals, business firms, civic and women's organizations, lodges, schools and churches of all denominations.

CURIOUS HOW BIG A CAWN KIN GROW ON SEEN A LITTLE TOE!

IT'S A WISE PARENT WHO SETS THE EXAMPLE

My New York

By MEL HEIMER

NEW YORK—There was a time, years back, when the words "Fifth Avenue" were synonymous with elegance and opulence; sweeping straight up through the center of Manhattan, that boulevard was the city's gold coast.

If you ask me what Fifth Avenue is like now, I cannot answer in a word. Like so many other streets in New York it is multi-colored and ever-changing like a peppermint stick.

HOSPITALS AND MUSEUMS take up the next few blocks, all on the east side of the road, for the park is on the west all the way down to the Plaza at 59th Street.

FROM THE THIRTIES DOWNWARD, Fifth disappears into a welter of wholesale clothing houses, furriers, button manufacturers and the like.

Then as we drift downtown for the last half-dozen blocks of Fifth, we enter leisurely into Bohemia. Fourteenth Street is the edge of the world for Greenwich Villagers, and they never go above it if it possibly can be helped.

Now we come across the sidewalk cafes, if it is summer, and beads and pea jackets and endless thousands of girls in slacks.

We glide past Eighth Street, the Village's life stream—and suddenly we are at the arch in Washington Square, and Fifth Avenue has ended.

Baby Feds Invade New Smyrna For Battle Tonight

Coach Fred Ganas' Seminole High School Baby Feds are slated to invade New Smyrna for a grid tussle tonight.

The Baby Feds are primed for a hard-fought battle against the Baby Barracudas and have been pointing for the tilt in their practice sessions.

Coach Ganas had not decided who would start the contest at an early hour this morning.

Leon High School Leads North East Grid Conference

TALLAHASSEE Oct. 21 (AP)—Leon High School's defending champions are back in the lead of the Northeast Florida High School Football Conference after bowling over their third straight league rival.

The Lions made short work of the Ocala Wildcats last week, winning 20-0, while the Gainesville Purple Hurricanes won a 2-0 record in conference competition, smothering Starke 34-0 in a non-conference encounter.

However, St. Pauls of Jacksonville served notice on both leaders that it is definitely in the championship picture by hanging up a decisive 14-0 victory over Duncan U. Fletcher of Jacksonville Beach. It was the first loop game for St. Pauls.

Daytona Beach broke into the conference victory column for the first time with a 30-0 victory over Live Oak, and Bolles Military Academy nosed out Lake City 12-7.

Three conference games are on tap this week. St. Pauls opens the program against Bolles in Jacksonville Wednesday night while Ocala plays host to Fletcher and Gainesville travels to Lake City.

Leon goes out of the conference to tangle with Bay High in Panama City while Daytona Beach plays hosts to West Palm Beach of the Big Ten. Live Oak meets Madison.

DURING a stop-over in New York before going abroad, Janis Carter, 1947 motion picture swim for health week girl, gives you a preview of a 1948 beach style. (International)

Sports Writers Name Wolf As Coach Of Week

ATLANTA Oct. 21 (AP)—Coach Ray (Bear) Wolf of Florida has been voted Southeastern Conference Coach of the Week by sports writers in seven southern states, the Atlanta Journal said today.

It is unusual for a coach to win the award when his team has won only one victory in 13 starts, but Florida's surprise 7-6 triumph over North Carolina State Saturday night ended the longest losing streak in SEC history.

Bear Bryant, Kentucky mentor; Red Drew, Alabama; and Bernie Moore, LSU, finished in that order behind Wolf.

Player-of-the-week in the southeastern was Harry Gilmer, whose 11 completions in 14 passes trimmed Tennessee, 16-10, and gave Alabama its first conference win of the season.

Gilmer was picked from an honor roll of stars that included coaches' selections as the standouts for each team. On the honor roll were Frank Ziegler, Georgia Tech; John Rauch, Georgia; Bobby Forbes, Florida; Dean Davidson, Vanderbilt; Bob Garrett, Miss. State; Chuck Conery, Mississippi; Jay Rhodensky, Kentucky; Travis Tidwell, Auburn; Hal Littlefield, Tennessee; Mike Balen, Tulane and Ed Claunch, LSU.

Sports Roundup By HUGH FULLERTON, JR.

By HUGH FULLERTON, JR.
NEW YORK Oct. 21 (AP)—Navy's football team is riding on the crest of a one-game winning streak and you'd be surprised at the amount of enthusiasm it is generating in this sector. . . . The reason is that after last year's Army-Navy game everyone felt sure that Navy had the material for a fine team and they're hoping for another thriller at the end of this season. . . . Commander "Killer" Kane, assistant athletic director and Ensign Dick Duden, who scouts and coaches the plebes, sounded off at yesterday's football writers' chicken and conversation session to the effect that the Midshipmen had recovered confidence through that Cornell victory Saturday. "The California defeat set them back for a few weeks but they finally realized they can jake over where we left off last year," Duden explained.

Growing Boys
Navy's big guns are center Dick Scott and Dick Hawkins, the full-back whose departure from V.M.I. created quite a ruckus. . . . Scott, a fine center both on offense and defense, also is the team's best clutch punter, although no one has figured a way to have him center the ball and then kick it. . . . Tackle Dick Shimshek and end Art Markel have developed fast and are nothing much was expected, has come along very well. Of course there's nothing much wrong with quarterbacks Reeves Baysinger and Bob Horne, though there definitely is something wrong with Pistol Pete Williams, who is out with an ankle injury. . . . The schedule is no bargain, either, with Penn, Notre Dame, Georgia Tech, Penn State and Army still to come. And to make it tougher, Navy has played four games on as many different fields and will be on the road for two more before returning to Baltimore. . . . The Midshipmen really do things the hard way.

Fall Roundup Of Negro Scouts Begins
The Fall round up of colored boy scouts in Seminole County has been announced by James A. Foster, field executive, and the Seminole Divisional Committee. A new scout unit is being organized under Samuel Wright in the St. James A. M. E. Church of which the Rev. G. J. Cates is pastor. Boy fact surveys are being held in the schools of the city to determine the need for new units. A survey has been complete at Hooter Academy. . . . The Seminole Division Committee states that they are hoping to contact every colored boy of scout age in the county and give him an opportunity to enjoy the program if he so desires.

COMMENTS from the SIDELINES By ARTHUR BECKWITH, JR.

GEORGE MYATT
George Myatt, former infielder for the Washington Senators, New York Giants and Jersey City, has been signed as a playing manager for the Chattanooga Lookouts, President Joe Engle recently announced.

Myatt replaces Bert Niehoff, who conducted the Chattanooga baseball school here last year.

The switch had been rumored for some time.

Engle has also announced a ten year spring training contract with Winter Garden, beginning next spring.

FLORIDA GATORS
Joe Sherman, sports publicist for the University of Florida wrote the following description of the Florida team after its 7 to 6 victory over North Carolina State Saturday night:

There have been happy football teams before, but never one more hilariously so than Florida's Gators during the 24-hour period following their brilliantly earned victory over North Carolina State when the outside world didn't give them a ghost of a chance.

Perhaps the happiest and yet most sobering remark came from 208-pound end Frank Dempsey as he stepped off the bus which brought the team from the stadium to the hotel to be met by a handful of beaming Florida supporters:

"Isn't it great," Dempsey said, "to look up and find people smiling at us again?"

Florida Coach Ray Wolf stoutly repeated a philosophy he has never deserted through a complete victory famine, since he came here 14 years ago.

"I know," Wolf said, "that if we kept sawing on that log we'd finally get through it. Aren't they a great bunch?"

Line Coach Ted Twomey summed up the final three unforgettable minutes in two short sentences. In those three minutes, North Carolina State trailing 6 to 7, penetrated Florida's five yard line twice and tried one field goal.

"I aged ten years in the last three minutes," he admitted, "and gained back 15 in the next 60 seconds."

Two score booming voices sang Florida's thrilling Alma Mater down Raleigh's Fayetteville Street as the team returned to the hotel, and encored it to the tune

Growth Is Postponed By Malnutrition

YOSEMITE, Calif., Oct. 21 (AP)—Children's bodies have a protective mechanism which postpones their growth when they cannot get enough to eat, Dr. J. H. Youmans, nutrition expert, reported today.

This delay mechanism prevents to some extent the aging of young bones and shields the child against the onset of certain diseases due to undernutrition, Dr. Youmans said in a paper prepared for delivery at the annual Seminar on Dental Medicine.

Dr. Youmans who directed nutrition activities for the American Army in Europe during the closing stages of World War II, cited surveys by various researchers indicating arrest of the growth process for periods ranging from six to 23 months without disastrous effects to the youngsters.

The surveys were made on children in France, Spain and Germany. In general they indicated that children continued to maintain a nearly normal weight at the expense of height. A slowdown by x-ray pictures, suggested that the aging process had been stayed, and that opportunity remained for later growth in the skeletal structure.

This delay due to insufficient food, cannot continue indefinitely without adverse effects, he said. If the deficiency is mild the individual acquires "the stature or nearly the stature which he would have obtained otherwise. With a mild deficiency of shorter duration, probably no effect can be detected subsequently."

France is about three times the size of Missouri.

Bowling News By Frank Rockett

Lee Shuman was high man last night with a single game of 220. His team, Table Supply, came through to win all three of their games against Moss Amusement.

The Jaycees lost their first game of the season to the Sanford Bulk team.

Young Ideas Kane reveals the "inside" of what appeared to be a sporting feature in the Cornell-Navy game when Tom Bolger, Cornell end, hit the dirt in front of the Navy bench and Coach Tom Hamilton apparently helped him back on the field. . . . What happened, says Kane, is that Bolger got up under his own power, walked over to Hamilton and remarked: "Isn't this a heck of a game for an old guy like me to be playing?"

Shorts and Shells
Binghamton, N. Y., will stage a Jake Pitts night tomorrow in honor of the veteran Dodger coach. . . . Steve Owen expects to complete a deal today to bring a first-class passer to the football Giants. . . . about two weeks too late. . . . Fred Norman (Bud) Cook, son of Bunny, the Cleveland Browns coach, has signed an option agreement to play with his dad's hockey team, but it won't be used for a couple of years until Bud finishes school. The Philadelphia District P.G.A. made Sonny Fraser, the clouting Atlanta City amateur golfer, an honorary member the other day. Sonny went out the same afternoon and shot a 68, two strokes better than any of the 25 Philly pros who competed in the one-day tourney.

HAR HIGH HOPES
TAMPA Oct. 21 (AP)—Tommy Gomez is counting on the hammering might of his two fists to blast a way to revenge over Johnny Flynn of Rochester, N. Y., in here tonight. Flynn holds one belt scheduled 10-round bout decision, over Tommy, gained three years ago in New York. Gomez expects to come in a little under 190 pounds, about 20 pounds less than Flynn.

The opossum habit of "playing possum or feigning death" is a nervous reaction over which the animal has no control; the rate of the heartbeat being slowed sharply.

NOW AVAILABLE

AMERICA'S OUTSTANDING OUTBOARD! IT'S THE NEW **Martin "40"** OUTBOARD MOTOR

See it now!

It's truly remarkable! You won't believe it until you see it. It's one motor that does what you always thought it would take two motors to do. It carries you over the water of speeds that take your breath away and it handles down to perfect, crawling, mile-an-hour trolling. It's the new MARTIN MOTOR . . . flood-proof, sputter-proof . . . instant starting. Its sparkling performance secret lies in a revolutionary new principle . . . mechanically-controlled poppet valves!

MARTIN gives you everything you would ordinarily expect in an outboard motor, plus many highly-important exclusive features.

See it today, it's a beauty!

Mississippi Dry But U.S. Collects On Liquor Taxes

WASHINGTON, Oct. 21 (AP)—Although sale of intoxicating beverages is illegal in Mississippi, year bought the federal tax stamps required of wholesale and retail dealers and Oklahoma, 2,968 residents of those dry states last dealers in distilled liquors.

This was shown today in an internal Revenue Bureau report listing the numbers of persons purchasing in the fiscal year ended last June 30, the various types of occupational tax stamps which the government requires.

Tax stamps are required for dealers in distilled liquors, wine and beer, oleomargarine, adulterated butter and filled cheese, narcotics, firearms, and for operators of pool halls and coin-operated devices.

A bureau spokesman said the tax stamps are required of everyone in the liquor business "whether legally or not," but he emphasized that possession of such a stamp "doesn't authorize or license anyone to engage in the liquor business in violation of state or local laws."

Those purchasing the tax stamps are available for inspection in offices of the district revenue collectors, he said.

The report shows that nationally 7,495 paid the \$110 tax required of wholesale liquor dealers; 289,285 paid \$27.50 each for the retail liquor dealers stamp; 12,374 bought the wholesale beer dealer tax stamp for \$55, and 140,213 paid \$22 for retail beer dealers' tax stamps.

In Mississippi the federal tax stamps were issued to 69 wholesale and 1,843 retail dealers of distilled or hard liquor. In Kansas no one bought the wholesale stamp but 244 purchased the retailer stamp. In Oklahoma the totals were 16 wholesalers and 794 retailers.

Beer tax stamps sales in the three dry states were: Mississippi, 111 wholesale and 3,401 retail; Oklahoma, 187 wholesale and 4,382 retail; Kansas, 199 wholesale and 4,261 retail.

California led the states in number of wholesale and retail tax stamps for hard liquor dealers—37,830. Utah had the fewest, 110.

New York had the most beer dealers—791 wholesalers and 26,230 retailers; and New Mexico the fewest—29 wholesalers and retailers.

At a news conference in Washington, former Governor Harold K. Stassen of Minnesota tells reporters that he will enter the 1948 GOP convention with the backing of at least 100 delegates. This group will come from six mid-western states. He said there was "too little" for rumors that he was teaming up with Sen. Robert Taft of Ohio in the 1948 race, adding that he is not "running for vice president." (International)

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer.

WHAT HO, THE GUARDS!
BRITONS are staging another of their terrific controversies—this time over whether the Buckingham palace guards should wear full-dress or "business" uniforms at Princess Elizabeth's wedding. Londoners haven't had such fun since the great Yorkshire pudding war.

Letters-to-the-editor writers are so busy England faces a drastic pen and ink shortage.

One school of thought insists the guards wear uniforms as colorful as a speech by old lord Pombal on the prospects of the soap crop in North Borneo.

Opposed are those who want the guards to go all out in scarlet tunic, busby and shivvy brass. A busy in case you've missed the dictionary, is a tall hat that looks like a huge barnet's nest with hair.

As a result, the newspapers are filled with the unabashed opinions of "Pro Hono Publico," "Indignant Mother," "Oxford, Os" and "A Father of Five."

The writers have at each other with such endearments as "blighter," "toff," "blunder," "blister" and an occasional "egad, what a codd!"

Of course, if it weren't so much fun, the business could be settled in jig time simply by getting the opinion of the only person really concerned. That's Princess Elizabeth!

Rural Common Sense by SPUD JOHNSON

SOUTHERN FLORIDA GROWERS HARD HIT BY WEATHER BLOWS

Handfuls of growers and stock men in the southern part of the Florida peninsula have suffered staggering blows from the elements during the past few weeks, and farmers and ranchmen in sections that escaped serious damage from the storms that have struck, the state are in full sympathy with them.

As everyone must know, their biggest trouble has been water. The hurricane which smashed into the state in mid-September was accompanied by torrents of rain which washed out pastures and covered fields in which crops were growing. The first storm had barely blown out when another struck, bringing additional water. Then came a northeaster that did a great deal of damage to property and crops along the east coast. And then there was another tropical storm which was characterized by winds of less velocity than the first hurricane but which brought additional quantities of water. Thus, the growers

hardly had time to begin replanting and resuming other farm work before another storm struck, and their work—the work of many of them—has been completely nullified by bad weather.

Thousands of acres of rich crop and pasture lands have been saturated by water for weeks, and some crops that might have been growing, being back grass for cattle, and the resulting starvation to thousands of head of beef cattle. Some farm families have lost their very homes, because of high water. Great efforts have been made to repair the damage from the flood and pasture, but the water has been present in such quantities that removing it from any large area has been impossible. Dry, rainless weather is consequently the result of it—in the absence of rain that will remove the water and make the lands cultivable again.

Many growers and stockmen in southern Florida have suffered serious crops, and they may be sure that their fellow citizens in other parts of the state "feel" for them. And it is hoped that they will have a long spell of good weather in which they may recoup at least part of the losses they have suffered as a result of the recent storms.

Truman Meeting

(Continued from Page One)
Foreign aid would be the topic.
Invitations went to:
Senator Vandenberg (R-Mich.), president pro tempore of the Senate and chairman of its foreign relations committee; and Senator Connally (D-Tex.), ranking Democrat on the Senate Foreign Relations Committee;

Chairman-Eaton (R-N.J.), and Rep. Bloom (D-N.Y.), ranking minority member of the House Foreign Affairs Committee.
Speaker Martin and minority leader Halleck (R-Ind.) of the House and Speaker Rayburn (D-Texas), now minority leader of the House.

Meanwhile wider observance of the third Meatless Tuesday in the food conservation program was hoped for today by the Citizens Food Committee as it awaited a new proposal from poultry and feed men to eliminate Poultryless Thursday.

Surveys have indicated that the campaign to keep meat off the Tuesday menu has met with only partial success while there have been some protests of the voluntary program in connection with Eggless and Poultryless Thursday.
Representatives of poultry and commercial feed organizations were to submit their plan to Charles Luckman, chairman of the Citizens Food Committee, who in turn was to present it to President Truman's Cabinet Food Committee. The plan did not call for abolition of Eggless Thursdays.

December wheat pushed to a new all-time high for that future contract on the Chicago Board of Trade today. But hogs and cattle prices continued the steady decline that attended the two weeks of observance of Meatless Tuesdays.

December wheat was 1 3/4 to 3 cents higher than the previous close near the end of the first hour of trading, with December quoted at \$3.69 3/4. Corn was 1/4 to 1 1/2 higher, December \$2.35 3/4 and oats were up 3/8 to 1 cent, December \$1.32 5/8.

Increase in bread prices in many cities across the country, have been attributed by bakers to the high prices of wheat and flour.

Latin American

(Continued from Page One)
American Bank, and participation by other American republics in the production of goods needed by Europe under the Marshall Plan.

The Mexican cabinet member said:
1. A substantial flow of capital from the United States to Latin America as investments "to remain there as re-investments" is the only way to assure continuance of excess of Latin American purchases from the United States.
2. Industrialization of Latin America will promote a new and more substantial market for U. S. industrial products.

3. Only a few individual U. S. companies will suffer a decrease in sales through competition from new Latin American industries, while a majority of U. S. corporations will profit through increased demand for their goods.
4. The disparity between "creditor United States" and "debtor Latin America" must be diminished.

"Every country in the Americas is attempting the impossible—to export but not to import; to sell and at the same time not to buy," Beteta said.

UN Meeting

(Continued from Page One)
ellites—Albania, Bulgaria and Yugoslavia—were guilty of "aggression" against Greece. He urged approval of the "watchdog" committee.

Taldaris said the principles involved in the Balkan problem affected every member of the United Nations.

"If the members do not vote resolutely to sustain their principles," he said, "the edifice of our organization will be undermined. It will crumble, discarded before the opinion of the world, which this organization represents and which constitutes the main bulwark of its authority for the maintenance of peace."

Kuzha V. Kiselev, foreign minister of White Russia, continued the Soviet attack on the United States and Britain. He vigorously opposed creation of the "watchdog" committee and urged action to get American and British military personnel out of Greece.

TB Sale Goal

(Continued from Page One)
\$126; Longwood, \$75; Paola, \$50; Forrest City, \$25; Casselberry, \$20; Maitland, \$15; Geneva, \$12; Slavia, \$50; Oviedo, \$450. Schools sales are expected to bring in \$560 and street sales, \$275.

Chairmen present included: J. F. McClelland, treasurer; Miss Ruth Hand, Mr. and Mrs. R. E. True of Lake Mary; Mrs. Robert S. Bradford and Mrs. B. D. McIntosh, Sr. of Altamonte Springs; Mr. and Mrs. M. G. Hodges of Paola; Mrs. Ralph Hammond and Mrs. R. E. Gray of Longwood; Mrs. Mary P. Brant and Mrs. J. H. Tindel of Lake Monroe; Mr. and Mrs. C. R. Clotis, Jr. of Oviedo, and Mrs. J. W. Yarborough, Mrs. R. N. Strevell and Mrs. A. G. Allen of Geneva. The supper was prepared under the direction of Mrs. Kircher.

THE OLD HOME TOWN

Parliament Opens

(Continued from Page One)
the government's momentous decision to trim the authority of the Lords:

"Legislation will be introduced to amend the Parliament Act, 1911" (their authority is set out in that act).

A high government source confirmed that this cryptic statement was announcement of a Cabinet decision reached yesterday, to limit the power of the peers.

"A bill will be laid before you to bring the gas industry under public ownership in the completion of the plan for the coordination of the fuel and power industries," the King said, giving a preview of the Socialist program for the coming year.

No mention was made of nationalization of the iron and steel industry, another Socialist objective. Political observers expressed belief that the government might be holding off on this until it could restrict the Lord's authority and thus make sure the Lords could not obstruct such a move.

"The first aim of my ministers," the King declared, "will be to redress the adverse balance of payments, particularly by expanding exports."

He said his government would "continue to participate in the work of European reconstruction put in hand in the recent conference in Paris."

"The present obstacles to cooperation and understanding between the peoples of the world," he said, "have strengthened the determination of my government to support the United Nations and to seek by that means to promote the mutual trust and tolerance on which peaceful progress depends."

"It is my earnest hope," he said, "that the forthcoming conference of foreign ministers will result in a measure of agreement leading towards a democratic and self-supporting Germany which will not threaten world security, and to the satisfactory settlement of the international status of Austria."

"I trust that a treaty of peace with Japan, which will contribute to the welfare of all the countries in the Far East, may be concluded at an early date."

The new legislative projects outlined in the King's speech, drafted by Prime Minister Clement Attlee and his ministers, numbered nearly a score. The plan to clip the peers' power was the most controversial.

The overwhelming Conservative majority in the House of Lords is in contrast to the Labor majority in the House of Commons.

One well-informed political observer speculated that the Conservative majority would attempt that the whole issue of the Lords' authority be submitted to the country at an early general election on the grounds the government has no electoral mandate for reform in the House of Lords.

An informed source said a bill embodying the proposed legislation had not yet been written but such a measure certainly would kill the peers' powers to hold up a bill for two years.

The King and Queen drove in state from Buckingham Palace through throngs of spectators lining fog-shrouded streets and were greeted at Parliament square by a 41-gun salute. Princess Elisabeth traveled along in a glass-windowed coach.

When the Royal family entered the chamber, every eye was on the Princess. Most of the peers were in black morning coats and striped trousers with their crimson parliamentary robes. The law lords made a splash of color with their scarlet and white robes and full wigs.

Forrestall Warning

(Continued from Page One)
world stability depends largely upon the stability of the U. S.
"A new danger in the aftermath of the present war, to private enterprise here and to peace abroad, is unprecedented profits in combination with the high costs of the necessities of life," he said. "It creates dissension at home and runs counter to our foreign policy," he said.

"The worker who cannot buy sufficient food for his children at home queries our economic system and, because of his difficulties, questions our program to export foodstuffs abroad; and yet the same does not want his children to grow up only to be killed in another war."

"I'm unwilling to believe that the good sense of the people or the cooperation of private business and the government cannot find an answer to this grave problem."

Earlier, Secretary of the Treasury John W. Snyder said that the American interpretation of freedom "encompasses far more than mere escape from economic or political slavery," and declared that this country's quest for security is based on its system of free enterprise.

"It has made us a nation of farm and home owners, of insurance policy holders, of savings account and security owners," he said.

"I have no fear that our social structure can be destroyed by forces from within, or from without, so long as the tenant can hope to become owner, the worker can aspire to management, and the average citizen can find it possible to attain success and security."

Brazil Acts

(Continued from page one)
talk of the severance of relations showed "reactionaries" here had "lost all balance."

Some diplomats were inclined to interpret Brazil's action as a turning point in Latin American relations with Russia and Communism. They foresaw repercussions at the Inter-American conference in January, scheduled to discuss the United States proposal for standardization of arms in this hemisphere.

The foreign office statement said the U. S. embassy in Moscow had assumed charge of Brazil's interests in the Soviet Union. Well informed diplomatic sources here said the Yugoslav legation probably would handle Russian affairs in Brazil.

Hollywood Reds

(Continued from Page One)
practically dominated" by Communists.

Moffitt's testimony was interrupted at one point when a man who said he was Charles J. Katz, a Los Angeles attorney, sought to cross-examine him.

Chairman Thomas (R-NJ) ordered police to eject Katz from the hearing room. He was escorted out but not arrested.

Robert E. Stripling, committee investigator was questioning John C. Moffitt, a Hollywood writer, when Katz strode down the center aisle of the hearing room and shouted:

"I represent a number of writers who have been subpoenaed here."

Chairman Thomas (R-NJ) rose to his feet, banged his gavel, and shouted back:

"You're out of order."

When Katz attempted to make himself heard, Thomas called capital police and said "Throw him out."

Two officers, one on either side, escorted Katz from the room.

The U. S. Great Lakes shore line (exclusive of the Canadian shores of the Great Lakes) is about equal to the combined Atlantic, Pacific and Gulf coasts of the United States.

The world's 10 largest islands cover one-eighth of the total area of the earth.

CITED by Capt. Paul Cronk, commander of the U. S. Coast Guard cutter Bibb for his daring in leading a volunteer crew to the downed airliner Bermuda Sky Queens during darkness and rough seas, is Ensign James MacDonald (above), Sumford, R. I. Following the rescue of all 69 persons aboard the plane, it was destroyed. (International)

A SMILING Gen. Dwight D. Eisenhower holds up the jewel-encrusted, handmade golden sword which was given to him on his 57th birthday by Queen Wilhelmina of Holland "in grateful memory of the glorious liberation of my country and my people." Dutch ambassador E. N. Van Kieffens made the presentation in Washington. (International)

IT'S ANYBODY'S BALL as John Kusserow, Columbia left half back, jets to the pigskin as he was hit by Penn tacklers in their game in Philadelphia. Kusserow was trying to snare a pass in the first quarter. Penn's powerful, unbeaten eleven took its third straight triumph by a 34-14 tally. (International Soundphoto)

To remove tea or coffee stains from china cups, rub them with a damp cloth dipped in baking soda.

To cut up rains for baking use a pair of old scissors dipped in hot water.

Robert Young Asks Hollywood Reds Be Deported To Russia

Committee Reveals 79 Film Personalities Involved In Subversive Acts

WASHINGTON, Oct. 22 (AP)—Screen actor Robert Taylor, escorted through surging crowds to the hearing room, told congressional investigators of Hollywood Reds today that he has seen "more indications" of Communist activity in filmland in the last four or five years than previously.

The famous leading man settled into the witness chair, lit a cigarette and told the Congress members:

"There is always a certain group of actors and actresses whose every action would indicate to me that if they're not Communists they're working awful hard to be one. I don't know."

He said "national legislation" would give the movie industry a weapon "to get rid of the Communists," adding, "if I had my way, they would all be sent back to Russia or some other unpleasant place."

The questioning from Robert E. Stripling, committee investigator, swung then to the movie, "Song of Russia," in which Taylor had the leading role. He told a subcommittee of the House investigating group last spring that he took

Cutting Of Ties With Reds May Increase

PANAMA, Panama, Oct. 22 (AP)—The English language Panama newspaper Star and Herald said today that other American newspapers might soon emulate Brazil and Chile, which broke off relations yesterday with the Soviet Union. An editorial entitled "Maddler Chastised," the Star and Herald declared:

"Russia's inability to understand the ideals and civilization of the West is making relationships with her impossible. Her belief that the great and powerful have something like a God-given right to meddle in the affairs of small and weak nations has become intolerable."

"Today it is Chile and Brazil. Tomorrow it may be Mexico. To-day it is the insistence of the Soviet that its troubles in Latin America are the result of dictation by the United States, which proclaims the utter contempt which Moscow holds the small nations of the Western Hemisphere, together with their independence or their ability to be independent."

"No doubt the cup of venom of the Russian 'press' will now overflow."

Kiwanis Resuscitator Is Put On Display

An Emerson Resuscitator which supplies oxygen in cases where natural respiration has failed, and which will be presented by the Kiwanis Club to Fernald-Laughton Memorial Hospital, is now on display in the window of the J. C. Peasey Store.

In order to finance the project, the Underprivileged Children's Committee and the Athletic Committee of the Kiwanis Club are sponsoring the football game Friday night at 8:00 o'clock at Seminole High School field between the Celerys and Florida Military Academy of St. Petersburg.

The Kiwanis board of directors approved the purchase of the resuscitator two months ago after Dr. J. F. McDaniel, a member of the club, pointed out the need by the hospital of this equipment. The apparatus operates as a resuscitator on the energy of the compressed oxygen in the tanks.

WINTER OFFENSIVE

ATHENS, Oct. 22 (AP)—Press reports said today the Greek army has scheduled a winter offensive against the guerrillas to start Nov. 15, when the current amnesty offer expires, and that more than 100 villages in the Pindus and Hasia mountains in the north have been evacuated in preparation for the push.

ROTARY IN JAPAN

TOKYO, Oct. 22 (AP)—Four American congressmen attended a Rotary Club luncheon today the Japanese way. They brought their own lunch. The visiting members of the Home Industries and Foreign Commerce Committee each carried two sandwiches, an egg and an orange for the meeting in the exclusive industrial club with leading Japanese and American transportation officials.

Zhdanov Gives Blueprint For Russian Help

Soviet No. 2 Man Details How Capitalists And Communists Can Co-operate

MOSCOW, Oct. 22 (AP)—Andrei A. Zhdanov, member of the Communist Party Central Committee, told the nine nations represented at the recent Poland conference the Soviet Union could cooperate with capitalist European nations indefinitely on the basis of reciprocity and mutual fulfillment of obligations.

Zhdanov, an outstanding member of the Politburo (Political Bureau of the Central Committee) laid down a blueprint for Europe in which he called for cooperation of European nations regardless of systems of government, and urged Communist parties to fight "against United States imperialism."

Zhdanov said all European nations should be treated as equals.

Two Are Killed As Unidentified Man Shoots Up Crowd

NEW YORK, Oct. 22 (AP)—A tall man wearing an Army jacket casually strolled up to a group of people chatting on a Greenwich Village stoop shortly before midnight last night, drew a gun and fired a number of shots at them, and then casually strolled away, leaving two dead and others wounded.

Police said the man made his getaway easily as the crowds on West Street, near Bleeker Street, where the shooting occurred, were thrown into panic. Crowds poured out of nearby Village night spots when they heard the fusillade. "Women screamed as the wounded lay writhing on the ground while others ran for cover."

The dead were identified as Patsy Graziano, 19, an Army veteran, and Mrs. Rafaela Passarella, 66. Police said the woman, although wounded in the back, might have died of shock or a heart ailment.

The wounded were Salvatore Fusco, 23, who was shot twice in the abdomen, and Lew Rubizna, 17, shot in the left arm. Rubizna was listed as not serious at the hospital.

Assistant Chief Inspector Edward Mullins said the shooting was a complete mystery and without an apparent motive.

Police said Mrs. Passarella died to save her son Anthony, 19. She was standing beside him at the top of the stoop when the gunman started firing. Mrs. Passarella, said, knocked her son sprawling out of the line of fire only to be hit herself.

Cold Weather Moves Into New England

By ASSOCIATED PRESS
A drop from the recent temperatures over a wide area of the eastern half of the country was forecast today as cool air from the Rocky Mountains moved eastward.

The mercury dipped to below freezing and snow fell in parts of the Rocky Mountain region today while another cool spot on the weather map was the New England area, where temperatures fell to freezing in northern Maine. In Denver a light snow fell as the mercury dropped from 60 at midnight to the upper 30's in early morning.

The cool air was expected to move into the Dakotas and Minnesota tonight with below freezing weather forecast for tomorrow morning.

Temperatures again yesterday soared into the 80's over a wide section of the country and touched 90 at Omaha, Neb., near the top of the nation's weather map. High readings in the east included 84 at Philadelphia and 88 at Washington, the same as in Chicago, Cincinnati, and Kansas City.

WORKMAN CRUSHED

CORAL GABLES, Oct. 22 (AP)—W. E. LaVette 22 was killed instantly here today when he was crushed by a dragline working on an artificial lake at the University of Miami's new housing project.

Coral Gables police said the workman apparently fell into the path of the machine.

Stassen And Taft At GOP Rally

FORMER GOVERNOR OF Minnesota, Harold E. Stassen (right) and Sen. Robert A. Taft (left) of Ohio, are shown as they met at a Republican rally-luncheon in Des Moines, Iowa. Stassen is the only avowed candidate for the 1948 nomination for president. Taft is expected to announce his candidacy later this month. In center is Vincent Shringler, Des Moines attorney. (International Soundphoto.)

Senator Taft Is Expected To Offer His Candidacy For President Friday

DAYTON, Ohio, Oct. 22 (AP)—Political experts today said they expected Senator Robert A. Taft, who has promised to announce his status at that time.

Last night he was introduced to 600 Montgomery County Republicans as the "next President of the United States." The words belonged to Ohio's Republican National Committeewoman Katherine Kennedy Brown of Dayton, generally considered the key figure in the G.O.P. distaff organization.

Newsmen, attempting to call the shot before Taft's formal announcement, predicted unanimously that he will be a candidate. Gov. Harold E. Stassen, the only Republican officially seeking the nomination now.

And at Washington, Taft's friends, chiefly Rep. Clarence J. Brown (R-Ohio), squared away for a campaign-launching that should make Taft's last five weeks of personal appearances and speechmaking a mild routine by comparison.

Ticketed to manage a Taft campaign if it develops, Brown said that the Ohio senator had made a good impression on his recent western speaking tour and confidently predicted: "There's no doubt that Senator Taft will be elected President if he is nominated by the Republicans."

Taft remained silent, however. (Continued on Page Six)

Warrant Issued For Killing Of Young Jew

JERUSALEM, Oct. 22 (AP)—Magistrate Dr. G. Stultz issued a warrant today for the arrest of British army Capt. Roy Alexander Farran in connection with the disappearance of May of Alexander Rubowitz, a 16-year-old Jew.

Farran was acquitted by a military court Oct. 2 of a charge that he murdered Rubowitz, the judges ruling that there was no proof Rubowitz was dead.

The magistrate ruled today that Jacob Rubowitz, brother of the missing youth, had reasonable cause to assume that Farran, now in England—had some connection with Alexander's disappearance.

The complaint upon which the warrant was issued alleged that Alexander Rubowitz was "abducted by Roy Alexander Farran and some other persons whose names are unknown to the complainant in order that said Alexander Rubowitz be murdered or be so disposed of as to be put in danger of being murdered."

Attlee And Churchill Congratulate Princess On Approaching Marriage

LONDON, Oct. 22 (AP)—Prime Minister Attlee and Winston Churchill laid aside political differences today and paid tribute to Princess Elizabeth, congratulating her on her approaching marriage to Lieut. Philip Mountbatten.

The rival political leaders offered a motion of congratulations which the House of Commons approved over the protest of a lone Communist.

Willie Gallacher, one of two Communists in the House, protested the "lavish expenditure connected with the affair" amid shouts of "sit down."

Laborite John McGovern protested this "most disgraceful speech of Mr. Gallacher," saying: "The more I look at the Red Royal Family in Moscow, the more I feel that the British Royal family have a place in the hearts of the people."

Reds Boycott Meet On Little Assembly

Heavy Damage Is Caused By Forest Fire In Maine

HARRIMAN, N. Y., Oct. 22 (AP)—A fire raged out of control early today along a five-mile front in the Sterling Forest, and threatened to spread in the 27,000-acre estate owned by Secretary of Commerce Averell Harriman and his brother E. Roland Harriman. The fire was believed to have started from embers from a summer home destroyed earlier at Lake Sapphiria in the Sterling tract. Firefighters said.

GOOSE ROCKS, BEACH, Me., Oct. 22 (AP)—Forest fires swept property loss above the \$1,000,000 mark in New England today as fresh winds started new outbreaks increasing the threat to Kennebunkport Village after destruction of more than 200 buildings in this coastal colony.

In Maine total loss thus far is "roughly \$2,500,000" from over 50 fires, Forest Commissioner Raymond E. Rendall said. A Massachusetts loss of "more than \$500,000" was estimated by Fire Warden Joseph E. Peabody as officials throughout the New England area said danger increased as the nearly month-long drought held. New Hampshire officials said they could not figure overall loss from a series of fires, most of which raged.

Boy Scout Tells Of Experiences At World Meet

Experiences as a boy scout delegate at the international jamboree of boy scouts at Moisson, France last summer were told of to Kiwanians at the Tourist Center today by Howard Gould of Orlando. He was introduced by E. C. Hegan, Jr., Central Florida zone executive, who appealed to businessmen to give more time to youth and the scout movement.

Twenty-Four Injured In Train Collision

ST. PAUL, MINN., Oct. 22 (AP)—Twenty-four persons were injured, at least one seriously, when a San Jose passenger train and a Northern Pacific freight collided head-on today near the north city limits of St. Paul.

The injured included 17 passengers on the Chicago to St. Paul passenger train and five crew members. Reported seriously injured was E. A. Hilder, of St. Paul, freight engineer, who was thrown about 25 feet.

One car of the passenger train and boxes on the freight were telescoped. Several cars were derailed but remained upright.

George Dick of St. Paul, fireman on the passenger, was dug out from under merchandise strewn from the telescoped freight car. Dick had jumped just before the collision.

The Northern Pacific operates on the San Jose tracks at the location of the wreck. The freight was moving toward a siding.

Mrs. O. E. Pennington Died This Morning

Following a three months' illness, Mrs. Oscar E. Pennington died at 10:30 A. M. today. Pennington came to Sanford in 1935 and had lived here since that time. She was formerly a resident of Melbourne.

She is survived by her husband, Oscar E. Pennington, Sanford; one daughter, Mrs. J. E. Smith, Sanford; three sons, Eugene, Oscar, Jr., and Jimmie, all of Sanford; two granddaughters, Pamela Smith and Jill Pennington, Sanford; three sisters, Mrs. E. O. LeVines, Washington, D. C.; Mrs. Maurice Crews, Auburn, Ga.; Mrs. Walter Morris, Arcadia; four brothers, Tin Mercer, Gainesville, Fla.; Leonard Mercer, Oklawaha, Fla.; Webb Mercer, Alturas, Fla.; William Mercer, Arcadia.

Funeral services will be conducted at the Erickson Funeral Home Friday at 4:00 P. M. and interment will be made in Evergreen Cemetery.

DRINKING DECLINES

ATLANTIC CITY, N. J., Oct. 22 (AP)—A 30 to 50 per cent drop in patronage at the nation's bars was reported yesterday by James J. Donovan of Norwood, O., president of the National Tavern Association. Donovan, however, told the association's 10th annual meeting that a "healthy future" was in sight for the tavern business, but he said it depended on elimination of wartime excise taxes on liquor.

French Cabinet Of Premier Ramadier Resign In Body

PARIS, Oct. 22 (AP)—The members of France's cabinet handed their resignations today to Socialist Premier Paul Ramadier, but the Premier himself did not resign.

In the midst of what the Premier called France's grave economic situation, his office announced that Ramadier himself was firmly intent upon going ahead with the formation of a new government. It was not certain, however, that Ramadier would be successful.

The announcement came with startling suddenness, just three days after General Charles De Gaulle's smashing success in France's municipal elections. Some observers said the cabinet's unanimous decision to step down would

Railroad Unions Laying Plans For Political Action

WASHINGTON, Oct. 22 (AP)—Railroad unions may set up a new and vigorous political action program for 1948. A. E. Lyon, executive secretary of the Railway Labor Executive's Association, said today the presidents of the 70 unions in the association will consider the question at a meeting here Nov. 12.

"They will probably re-examine the unions' past policies and methods to determine what changes are necessary in order to be even more effective in the political field," Lyon said in an interview.

The AFL and CIO intend to (Continued on Page Six)

W. L. Henley Dies After Long Illness

Wm. Lamar Henley, retired farmer and citrus grower, died at his home, 308 West Fifteenth Street, last night at 10:30 o'clock after a lingering illness.

A resident of Sanford for the past 27 years, Mr. Henley was owner and operator of a grocery and furniture store at Deatur, Ga. prior to moving here. He was a Kiwan and devoted member of the First Presbyterian Church of Sanford, serving as elder during his entire residence here.

Born at Homer, Banks county, Georgia, Mr. Henley was a member of the Royal Arch Masons of Deatur, Ga.

Survivors include the widow, Mrs. W. L. Henley, Sanford; two sons, Mrs. E. H. Amer, Greensboro, Ga. and Mrs. W. W. Howell of Corcoran, Calif.; one nephew, Henley Hall of Brunswick, Ga.

Funeral services will be conducted at the Erickson Funeral Home at 10:30 A. M. Thursday and the remains will be forwarded to Greensboro, Ga., for interment. Dr. E. D. Brownlee and Rev. Douglas Charles will officiate.

Ware Withdraws From Gambling Case

County Judge R. W. Ware withdrew this morning from the case of Willie Motte, negro, who had been charged with possession of an illegal slot machine.

The withdrawal from the case followed the suggestion of G. W. Spencer, attorney for the defense, that the Court, represented by Judge Ware, had expressed thought as to the law in the case prior to the trial. Mr. Spencer expressed the opinion that this action had disqualified the judge to preside in the case.

CITY FARMING

DENVER, Oct. 22 (AP)—The city of Denver, its eye on the grain market and \$3-a-bushel wheat, is going into the sharecropping business. Officials announced yesterday they would open bids Oct. 31 from farmers who would be willing to plow up 1,240 acres of municipal land surrounding Stapleton Airport for winter wheat, farming it on shares with the city.

THE WEATHER

Mostly cloudy through Thursday with scattered showers and thunderstorms mostly in afternoon. Gentle to moderate easterly

LAKE SUCCESS, Oct. 22 (AP)—Russia and Czechoslovakia began their boycott today on Secretary of State Marshall's proposal for a year-round sitting of the United Nations Assembly.

Seats arranged for delegates of those two countries were left vacant as a subcommittee met to take up Marshall's proposal and changes suggested by other nations. No member of the Soviet or Czechoslovak delegations entered the room at any time during the subcommittee's first meeting.

The two delegations announced last week, when the Assembly's 57-member political committee established the sub-group, that they would not serve on it and would have nothing to do with the "Little Assembly," even if it finally was approved.

As the subcommittee began deliberations Argentine Chief Delegate Jose Acevedo demanded that the group give Russia and Czechoslovakia 48 hours to decide whether to attend the meeting. The vote on Acevedo's proposal was 10 to 1, with Acevedo supporting the "ultimate" idea.

LAKE SUCCESS, Oct. 22 (AP)—Russia lost in an effort today to muddle the five big powers on a (Continued on Page Four)

Bonifay—Principal Convicted Of Crime

BONIFAY, Fla., Oct. 22 (AP)—A three-year prison sentence was imposed today on State Senator E. Bert Riddle, who was convicted of flogging an eighth grade girl pupil in the school of which he was principal.

Bonifay Oct. 22 (AP)—A six-man circuit court jury yesterday convicted State Senator E. Bert Riddle of charges of flogging a 13-year-old school girl, but recommended mercy for the red-headed father of nine children.

The maximum penalty for the offense, which occurred in the rural Poplar Springs school of which Riddle was principal, is 10 years in the state prison. Judge Ira A. Hutchison deferred passing sentence until after considering a motion for a new trial, scheduled to be heard today.

Riddle denied the girl's story. He said he merely lifted her to test her weight and that he put her out of a window at her own request in order that she might be nearer a bus stop than if she left the school by the nearest un-lit back door.

Riddle resigned as principal some time after the girl brought charges against him.

UO FILES

BOSTON, Oct. 22 (AP)—The CIO United Building Workers executive officers voted today to file non-Communist affidavits under the Taft-Hartley Law first major affiliate to announce the action since the recent CIO national convention, which left that decision to individual unions.

FISHING VIOLATION

John Lewis Gledhill was yesterday found guilty by a jury in County Court of having unlawful possession of a mixed string of more than 50 fresh water fish including black bass, speckled perch and bream. He had been arrested by game wardens near Lake Harney. The fish were taken out of cold storage and presented in court as evidence.

Have You Registered?

This is the last week to register in order to vote in the City election on Nov. 4. Registration books will be open at the City Hall until Saturday of this week. Those who have registered for previous City elections do not have to register again. Only those who are over 21, who have resided in Sanford for six months and in Florida for one year, can register now. The election on Nov. 4 is for the purpose of filling two seats on the City Commission. John Krider, Fred Williams and Jack Matigan are candidates in Group No. 1. Jack Lodge and Randall Chase are candidates in Group No. 2.
