

Parent Teachers Association Seeks To Bring Together Home And School

Mrs. C. A. Anderson, Jr., president of the Parent-Teacher Association of Seminole High School, has lived in Sanford since childhood, having moved here with her family from Chicago. She is the mother of seven children, two of whom have graduated from Seminole High School. A daughter, Joyce, is a member of this year's senior class. Mrs. Anderson has worked and held offices in the various P. T. A.'s of Sanford for the past 20 years. She is a member of the First Baptist Church, where she is superintendent of the Junior department of the Sunday School. The P. T. A. was organized Mar. 5, 1930, at an open meeting at the High School, conducted by Superintendent T. W. Lawton and Principal G. E. McKay. The by-laws were drawn up by a committee consisting of Mrs. S. O. Shubert, Mrs. S. P. Arrington, and Mrs. A. K. Powers. The first president was Mrs. J. W. Speed, assisted by the following officers: Vice-president, Mrs. L. N. Hansell, secretary, Mrs. F. L. Mitchell, treasurer, Mrs. R. C. Maxwell, Mrs. Hansell and Mrs. Arrington were elected delegates to the state convention held that year in Miami.

Other presidents have been: Mrs. J. N. Robinson, Mrs. A. M. Phillips, Judge J. G. Sharon, Mrs. J. C. Benson, Mrs. F. E. Roumillat, Mrs. Volie Williams, Mrs. E. H. Carter, Mrs. F. A. Byson, Mrs. J. E. Hodge, Mrs. Fred Myers, Mrs. C. L. Powell, Mrs. Joe Corley, Mrs. C. K. Carter, Mrs. J. P. Holtzclaw and Mrs. M. E. Baker.

The organization cooperated with the programs of the county council, and the regional, state, and national organizations. Each year a member, usually the president, is sent to the School of Instruction, a short course in P. T. A. work, held each June at Florida State University in Tallahassee.

However, the primary interest of this group is on a local level, with parents and teachers working together in the interest, and for the welfare, of the students. Meetings are held the first Tuesday afternoon of each month at the school. Programs this year are following the theme "The Citizen Child—His Destiny in a Free World", with speakers and panel discussions on various phases of this subject. Students often participate in the pro-

grams and discussions. At present there are 225 members.

An all day study course is held each year. Mrs. S. L. Whitley, study course chairman, has planned a course for Tuesday, April 17th. The subject will be "Growing Toward Maturity". Among the speakers scheduled are John L. Miller, Rev. Glenn Smith, Miss Etta Turner of Stetson University, and Judge Douglas Stentorom.

Each year one of the group of girls chosen from the student body to attend the American Legion Auxiliary's "Girls' State" in Tallahassee is sponsored by the P. T. A.

The major project is the "Celery Crate", or Teen Age Club. This club was formed in 1944, and the city provided the old City Hall Auditorium for its use. The students were assisted by a special committee consisting of Mrs. Hawkins Connelly, Mrs. Ed Meisch, Mrs. Phil Bach, and Mrs. R. A. Cobb. Dorothy Crumley was elected the first president, Bobby Jones, vice-president, Audrey Bach, secretary, and Pat Anderson, treasurer. For weeks, after school and on Saturdays, paint smeared students, under the direction of Mrs. Mae Fort and Mr. C. W. Fahl of the faculty, painted walls, scrubbed and waxed floors, moved furniture, and gathered the donations of equipment which came from many interested citizens.

The mural paintings back of the stage, by Charles Dawson, carry out the barn motif chosen by the decorating committee. The name "Celery Crate" was chosen by the students. Membership privileges are available to all high school students. The "Crate" is open regularly on Saturday evenings, and on special occasions. Parents and interested citizens are invited as visitors at any time. Ann Whitaker is president this year. Mrs. J. P. Holtzclaw is director, and Mrs. J. M. Silvership is recreation chairman. Other local clubs, beside the P. T. A., contribute generously to its support. New equipment and improvements are added each year.

Several soft ball games are planned, to be played at the soft ball court, with parents and teachers on one team, versus students on the other. Last spring the parents and teachers won the only game played. The students are determined to turn the tide at the next game.

Mrs. S. L. Whitley is the president elect, and will be installed at the May meeting, with the following: vice-president, Mrs. B. V. Hutchison, secretary, Mrs. J. E. McKinley, treasurer, Mrs.

Education Center Is Planned For By Christian Church

The First Christian Church was organized in 1925 with the first meetings being held in the Women's Club Theater, the American Legion Hut and the Junior High School.

Charter members of the church were Mrs. R. A. Lerhoum, Mrs. E. M. Galloway, Mrs. J. B. Richards, Mrs. G. E. McCall, Mr. and Mrs. H. J. Clause, Mr. and Mrs. R. G. Fox, Mr. McKim and Mrs. O. I. Pearson.

Rev. Frank Marley held the first formal service in the present church on Sanford Avenue on Mother's Day in 1929.

In 1949 a new parsonage was built as a memorial to William Perry Vesley who died while serving as pastor.

The church plans to build a new education building on four lots which it now owns near the recent church.

Rev. J. Randall Farris is the present minister of a congregation which numbers 150 people. Rev. Farris is a native of Waycross, Ga., and came to Sanford three years ago.

M. E. Baker, and historian, Mrs. W. A. Morrison.

Mrs. Whitley has been elected delegate to the National Congress of Parents and Teachers which is to be held in May in Miami.

Rev. Farris

Local Story Group Aim Is Study Of Story Telling Art

The Sanford Story League was organized in October 1947 with 24 charter members. Mrs. E. B. Brownlee served as the first president and Mrs. Elvira Garner was a program chairman.

Aim of the Story League is to study the art of story interpretation and to serve the community through the use of stories. The local club is a branch of the National Story League.

The league has cooperated since its inception with other related organizations such as the public library, public schools, recreation programs and church school activities.

Each Friday morning the group conducts a radio program over WTRH for the county schools. A book review is given by some member of the league in an attempt to interest the youth of the county in reading better books.

Story telling is county-wide and the demand for good story tellers far exceeds the supply. The filling of this need is one of the main objectives of the club.

A study course is given at the club's monthly meetings on voice culture, showing how to improve personality and the art of story telling.

Making puppets and learning to use them is a special feature of the organization.

Mrs. Lottie A. Nix, a native of

Mrs. Lottie Nix

VFW Meets Second Monday Of Each Month At Hut

Georgia, is president of the league. She moved to Sanford in 1924. Mrs. Nix graduated from Bessie Tift College in Forsyth, Ga., and attended the University of Florida and Hetsou University for post-graduate work in methods of teaching. She has taught in Sanford schools for the past 25 years.

Mrs. Nix has served as president of the Association For Childhood Education in the elementary schools of Sanford for the past two years. She is an active member of Delta Kappa Gamma, a fraternity for women teachers, and is serving her second year as president of the Sanford Story League. She has four children and eight grandchildren.

Missionary Work Is Primary Aim Of Alliance Churches

The Rev. Glenn E. Smith is pastor of the Christian and Alliance Church located on the corner of Park Avenue and Fourteenth Street.

Rev. Smith came to Sanford in July of 1944 from St. Petersburg and the Church soon grew to such size that it was forced to move from its quarters in a building on the Orlando Highway.

No indebtedness was involved in the construction of the new church.

Missionary endeavor is the chief feature of the Alliance Church and gifts toward missions have amounted to more than \$2,600.

VFW Meets Second Monday Of Each Month At Hut

C. W. "Pat" Johnson, mechanic of the Holler Motor Sales, is commander of the Veterans of Foreign Wars Post which numbers about 50 members and which meets on the second Monday of each month at the Legion Hut.

L. M. Hagan is senior vice commander, Judge Douglas Stentorom is adjutant, and John Galloway is finance officer. E. A. Monforton is chaplain.

The Post is strongly in favor of promoting Americanism and combating Communism and other movements contrary to the American way of life, and to this end sponsors a special broadcast on the 11th of every month over Station WTRR.

Mr. Galloway, who formerly served as commander of the post, and who is county tax collector, has charge of these broadcasts. These also include every week a five minute recorded broadcast.

Printed copies of these broadcasts can be secured from the Americanism Committee of the V.F.W., Kansas City, Mo.

L. A. "Buck" Rogers, national athletic director of the V.F.W., recently wrote Comdr. Johnson concerning contests for youths. These include marble game tournaments, starting with city tournaments and the winners proceeding to the Department Tournament. Fewer yet will be able to go on to the National Tournament in Pittsburg, Pa., June 22 to June 25.

The Veterans of Foreign Wars have also adopted a youth amateur softball program. This program is adopted with the approval and sanction of the Amateur Softball Association, the ruling body of softball in the United States. The National tournament for this game will be in Texarkana, Aug. 1-6 inclusive.

Economy Bloc Loses Grip On Money Control

Proposal Increasing Money For Mental Hospitals Passed; Major Debate Looms

TALLAHASSEE, May 8—(AP)—The economy bloc today lost its grip on the Florida House today as more liberal spenders won, 50-42 in a move to increase the recommended appropriation for mental hospitals by \$1,546,314.

With that victory in hand, the liberal element moved quickly to try to knock out the Appropriations Committee's allocation of \$112,000,000 for county schools and substitute \$118,500,000. Education officials asked for \$120,000,000.

It brought what could be the major spending debate of the session, but action was put off until tomorrow. The overnight delay, voted 5,239, was a temporary setback for the liberal members. They had tried to press their advantage and get action on the school fund this afternoon, but failed 50-40.

Rep. Simpson, one of the committee which drew the 1947 school finance law, urged the \$118,500,000 figure. He said "very few citizens are opposed to the schools. The most opposition is here in the Legislature from people afraid to vote for more taxes."

"If we do not finance it (the school program) in full it means a cut in teachers' salaries and all down the line. I will not play politics against the children of Florida. I will play politics for (continued on Page 2)

Anti-Segregation Resolution Is Hit By FSU Students

TALLAHASSEE, May 8—(AP)—The Florida State University student executive council last Saturday repudiated a Saturday resolution by a group of students from all Florida colleges favoring an end to racial segregation in institutions of higher learning.

The resolution was passed by the Florida Student Government Association, composed of delegates from both white and Negro colleges, at a meeting at the University of Florida in Gainesville Saturday.

The FSU public relations office today released a statement that the University's student executive council unanimously had voted that the FSU resolution did not reflect "the views of the FSU student body, student leaders, or the administration of our school."

It said FSU delegates to the FSU meeting were acting on their own and had not been instructed by the FSU Student Council or any person connected with the University.

Allen Head, FSU student who was elected president of the FSU at the Saturday meeting, could not be reached for comment.

Yesterday, President Woody Eiles of the University of Florida student body said representatives of his institution's student government did not participate in the FSU resolution.

He said the anti-segregation resolution was adopted after all regular sessions of the FSU convention had ended.

Harry Smith of Winter Garden, former district governor of Rotary International, addressed the Sanford Rotary Club upon the occasion of its 30th anniversary at a dinner at the Mayfair Inn yesterday. Seated at the speaker's table, left to right, are Dr. A. W. Epps, B. L. Perkins, Jr., President of the club, and other guests.

Soviet Plan For Japanese Treaty Rejected By U. S.

Proposal Envisioned Participation Of Red China In Meet

WASHINGTON, May 8—(AP)—The United States today rejected Russia's proposal to turn over the drafting of a Japanese peace treaty to four Pacific powers including Communist China.

Russia's purpose in advancing the proposal yesterday was to obtain a "double veto" over a Japanese peace settlement, the State Department said.

The United States intends, a department spokesman made plain to go ahead with the present preparations for a settlement for Japan, with or without Russian participation.

The U. S. has been consulting 15 other nations in working out treaty terms and it is hoped to have a draft ready for signing within a few weeks.

Russia in a note handed to American Ambassador Alan G. Kirk at Moscow yesterday, proposed calling a council of the foreign ministers of the U. S., Russia, Britain and Red China to meet in June or July to draft a treaty.

Other states which took part in the Pacific war would be "consulted." The Soviet proposal sharply attacked the American draft now under consideration and charged it represented an attempt to impose an American peace on Japan which would exclude the Soviet Union, China and other countries.

The prompt American rejection (continued on Page 2)

Law Signed Banning Wearing Of Masks

TALLAHASSEE, May 8—(AP)—Governor Fuller Warren today signed into Florida law a bill to unmask the Ku Klux Klan, which he once said was made up of "covered cowards," hooded hoodlums and sheeplike jerks.

The new law, which will become effective Aug. 1, prohibits the wearing of masks by any person over 16 years old in public places—or at the private property of another person without written permission.

It doesn't mention the Klan by name. The wearing of festival, safety and theatrical masks is exempt from the general ban.

LEGALIZED BINGO
JACKSONVILLE, May 8—(AP)—Mayor Hayden Burns says a bill legalizing bingo now before the Legislature belongs to Attorney General Richard Ervin.

Rotary's 30th Anniversary

Harry Smith of Winter Garden, former district governor of Rotary International, addressed the Sanford Rotary Club upon the occasion of its 30th anniversary at a dinner at the Mayfair Inn yesterday. Seated at the speaker's table, left to right, are Dr. A. W. Epps, B. L. Perkins, Jr., President of the club, and other guests.

Harry Smith Addresses Anniversary Gathering Of Sanford Rotary Club

The Sanford Rotary Club observed the 30th anniversary of its organization with a luncheon at the Mayfair Inn yesterday with Harry Smith, former district governor of Rotary International, as principal speaker.

Walter Haynes, who with Gene Roulmit was introduced as one of the two remaining charter members still in the club, gave a brief outline of the organization of the Sanford Rotary Club, recalling that Col. George W. Knight was largely instrumental in reorganizing the old "Thirteen Club" into the Rotary Club. Mr. Haynes also said tribute to the late B. O. Shindler for his efforts in strengthening the club in its early days and also to Orlando Rotarians who materially assisted.

He also commended Dr. A. W. Epps on 27 years of perfect attendance. President Orville Touchton who presided over the meeting read telegrams of congratulations from Frank Rhodes, district governor, and the Sanford Kiwanis Club, and introduced a number of distinguished Rotarians from Orlando who included Al Robinson, president of the Orlando Club, James H. Keith, incoming president, Harry Lee, Paul Stine, DeWitt Miller and Earle Kipp.

Mr. Smith, speaking on "What Rotary Does For Us and What We Can Do for Rotary," congratulated the club on 30 years of Rotary experience and said that it is good to look back on what has happened from time to time so as to be better prepared to plan for the future.

"When a man gets into Rotary," Mr. Smith declared, "he makes an immediate profit for himself, but when Rotary gets into him, he makes a profit for the entire community."

Pointing out how Rotary helps the individual member, Mr. Smith said that it helped him to learn how to get acquainted with other men, it helps him to render greater service to his community, it helps him to improve the ethics of his business, and it helps him to learn how to talk.

Illustrating these points he told how a coal distributor had improved the ethics of his business after a year or two in a Rotary Club. "Before I joined the Rotary Club," this man said, "I never, whenever a customer or client came in, I would not have been invited twice to appear before the committee but he now showed up or responded."

The resolution offered by Ropa Simpson of Jefferson county, Murray of Polk county and Beasley of Walton county, called on the publishers of Collier's to "cause Velle to appear and testify before the committee without further delay."

The three introducers all formed (continued on Page 2)

Tissue Paper Balloon Makes Ascension

MELOURNE, May 8—(AP)—A. M. Earle of nearby Indian River Beach has once again amazed Brevard county residents with his "balloon ascension."

Once yearly Earle gathers all the tissue and wrapping paper his wife has saved and carefully pastes each piece together. The finished product is a large balloon.

Earle then blinks a fire at the base of the object. As gases from the fire fill the balloon, it rises from the ground and begins its flight.

This year Earle's balloon was over six feet in height. Spectators reported the object looked like "a large sun in a dark sky" as it drifted across Indian River.

The balloon was reportedly in the air several minutes before it burst into flames.

Rubber May Not Be Included In Chinese Embargo

British Agree To Cut Arms Shipments In Line With U.S. Plan

LONDON, May 8—(AP)—British officials declined to say today whether support of the American proposed embargo against Red China will include a complete halt of all rubber shipments to the Chinese mainland.

Qualified informants would not say whether the American proposal to slap a U. N. embargo against Beijing, and that new instructions to this effect had been sent to Sir Gladwyn Jebb, the U. N. delegate. The embargo would halt the shipping of arms, ammunition and war materials.

The informants said Britain already has cut off shipment of war potential goods to Red China with the exception of rubber. Sir Hartley Shawcross, president of the Board of Trade, told the House of Commons yesterday rubber shipments to the Chinese Reds would be restricted to an estimated civilian requirement of 2,000 tons a month.

But officials declined to say whether support for the embargo would mean that these rubber shipments also would be halted. Red China received 3,265 tons of Malayan rubber in April, a drop of 3,747 tons from the month before.

With the possible exception of these rubber shipments, officials here believe Britain's present policy would live up to the terms of the American embargo proposal.

The rubber shipments still are under fire from the Congressmen, and Winston Churchill is expected to lead an attack upon them in a debate in the House Thursday. Referring to criticism from the United States, Churchill (continued on Page Two)

Negro Rapist Willie McGee Dies In Electric Chair As Appeals Fail

LAUREL, Miss., May 8—(AP)—Willie McGee died in the electric chair shortly after midnight today, ending years of legal battles overshadowed in final months by injected political issues founded on his Negro race and conviction of raping a white woman.

The case attracted world wide attention. Until the final hour, supporters sought a stay of execution from Governor Fielding Wright; U. S. District Judge Sidney Mize at Jackson, Miss.; U. S. Fifth Circuit Court of Appeals Judge Wayne G. Borah at New Orleans; Associated U. S. Supreme Court Justice Hugo Black; Chief Justice Fred Vinson of the United States and President Truman.

All appeals were denied on the case which the State Supreme Court had refused to review another three times. Governor Wright had once before declined executive clemency asked by Congress.

Right several weeks ago attributed the thousands of teletype letters and phone calls he received at least in part to action inspired by Communists. Some of the letters came from as far distant as Red China.

Political demonstrations at Jackson, Miss., and Washington, D. C., marked the final efforts (continued on Page 2)

Reds To Be Destroyed By War Of Attrition, Gen. Marshall Says

UN Tanks Probe No Mans Land In Search Of Reds

Disaffection Is Reported In Ranks Communist Forces

By OPEN ELEMENTS
TOKYO, May 8—(AP)—Allied troops today pushed cautiously north at both ends of the 100 mile Korean front for the second successive day.

Patrols hunted in the vacuum between these points for vanishing Red troops. Far north of the theoretical battle line, pilots reported new Communist build-ups in Red Korea.

Withdrawing and reorganizing Chinese and North Korean Reds were reported again because they didn't get Russian tanks and planes to snare their spirit of defiance.

The current limited offensive is in the hands of U. N. troops from West to East, front line dispatches gave this picture of Tuesday's skirmishing.

At the extreme west, where no action has been reported for weeks, U. N. forces on the Kumpo Peninsula northwest of Seoul engaged in a mortar duel with Reds.

South Koreans making the western advance reached points 17 miles northwest of Seoul on the east bank of the Han River. Armored patrols fanned out from U. N. positions to points 20 miles north of Seoul.

Across the rest of the western and central sectors, U. N. forces reported that there is no formal front line. Instead, there is a wide shell of no man's land of varying width. In this belt, Chinese and United States patrols roamed back and forth.

For the second successive day, an armored column rumbled westward into the hub city of Chunchon, 45 miles northwest of Seoul. Patrols jabbed north into Red defenses but elsewhere found no Communists.

South Koreans fighting above the 38th Parallel attacked a Communist battalion east of Inje. Northwest of this Red belt, U. N. forces reported a "considerable build-up" of Red troops.

Eight Air Force squadrons (100 sorties, sometimes through heavy ground fire).

U. S. General James A. Van Fleet, Eighth Army commander, visited the western front to inspect the U. S. Presidential Unit Citation to the heroic British Gloucestershire Regiment.

Reports of Red discontent came from Allied officers on the western front. AP correspondent John Randolph said some U. N. officers believe there is hard feeling among Chinese and North Korean troops because they lack tanks and planes from the Soviet Union to support their recent ill-fated offensive.

The infantry carried the full load of the attack, launched April 22. More than 80,000 Reds have been killed or wounded, U. N. estimates. Monday 2,940 were reported killed or wounded. Randolph quoted Allied officers that Red offensive preparations indicated they had expected both armored support and air cover. He said they were surprised that support didn't develop and the Red infantry was unable to exploit its gains.

He thought that if they had any air and armor available in North Korea they would have used them in the April attack. One officer said, "As it was they took some (continued on Page 2)

Larson Row Is Re-Opened By Mrs. Ravenel

No Action Is Taken By Board Pending Report Of Mrs. Boyd

The county commission adopted a resolution late this afternoon approving a ban on the sale of Sunday beer in Seminole County as recommended by the Municipal Association, the Kiwanis Club and the Jaycees.

Mrs. Eleanor Boyd filed this morning appeared before the County Commission and questioned its right to remove Mrs. Josephine Larson from the County Home on May 9 to the home of Mrs. E. H. Starnes, where she is now staying.

Mrs. Ravenel pointed out that she had recently visited the husband, Mr. Larson, in Savannah, Ga., and stated that he had given her power of attorney and legal guardianship over Mrs. Larson during his absence from Seminole County.

Claiming that Mrs. Larson had been put into the Starnes home by Commissioner J. F. McClelland without the vote of the Board, Mrs. Ravenel protested this action also as a \$25 a week expense, when as the put it, "there is a good county home to stay in."

Mrs. Ravenel said that Commissioner J. F. McClelland, who is a free agent, and has the right to live her life as she pleases.

Mr. McClelland replied that Mrs. Larson is now getting along fine, and added that he did not want to hear any more about the matter. Mr. Pope said no action would be taken on the case until a report by Mrs. C. W. Boyd, County Welfare Agent, is received.

The Commission took under advisement a request by Mrs. Ender Collett that a new road be built south of Howell Creek.

Porter Lansing and Leon R. Bass asked that the Commission aid in improving the two and a half mile long Wakulla River road, a private road used by four residents and operators of fishing camps which they declared had been made responsible, due to use by Air Force squadrons.

The Commission voted to take over the road for maintenance, but Commissioner McClelland pointed out the shortage of funds available for road improvements.

The Commission approved the request of Mr. Bone to extend Second Street for 100 yards east of Virginia Avenue to allow passage for new residents in the area.

Purchases of a one eighth of way for Holiday Avenue at War Road to eliminate traffic was approved.

Daytona Beach To Borrow \$500,000

DAYTONA BEACH, May 8—(AP)—Daytona Beach is attempting to borrow half a million dollars on short term anticipation notes.

The city commission last night passed an emergency ordinance authorizing the borrowing. City Manager J. B. Moody had reported the city needs the money to pay past due accounts and meet payroll.

No taxes have been levied as yet this year. Daytona Beach and other cities in Volusia county that operate on the calendar year, are faced with necessity of changing their fiscal year to start Oct. 1. That is because, by vote of the people, city and county tax assessing and collecting are to be done by the county assessing and collecting officers. The county fiscal year starts Oct. 1.

Daytona Beach is in the process of buying a \$1,376,000 operating budget and a \$2,077,778 debt service budget to cover the period of January through September this year. It is from this tax revenue that the \$500,000 to be borrowed, will be repaid.

SCHOOL BOARD
The Seminole County School Board will meet Thursday morning at 10:00 o'clock, and teachers nominated by the trustees will be considered for re-appointment, said Supt. T. W. Lawton. In addition, bids on the heating plant for the Oviedo School will be received.

Secretary Of Defense Denies Far Eastern Policy Will End In Bloody Stalemate

WASHINGTON, May 8—(AP)—Secretary of Defense Marshall said today he is "quite convinced" the Russians have the bomb but he assumes their development of it will be "technical and difficult." Asserting there are 10,000 subcontractors in all of Soviet Russia with the skills that are required because of the extreme skilled tolerances involved, "My own guess is the buildup would be slower than ours until they have developed some entirely new process, but they have the bomb I am quite convinced, and I couldn't even give you an estimate of when it might be available for use against us."

WASHINGTON, May 8—(AP)—Secretary Marshall said today the United Nations aim to win the Korean war by inflicting "terrible casualties" on the Chinese Communists breaking their morale and destroying their trained armies.

Defense Secretary gave that answer to senators pressing him as to what "forever-end" the Administration's Korean war policies promise.

He was at the Capitol for the second day defending those policies against the latest attack made by General Douglas MacArthur, deposed Far Eastern commander who contends they offer nothing but a "bloody stalemate."

Marshall said the senators, too, that he is "doubtful" about the possible effect on United Nations men in Korea of statements from their commander (MacArthur) which accentuate the casualties that they are suffering and in effect that they are without justified purpose.

"We should find some way," Marshall said, "in proceeding with this negotiation that does not (continued on Page 2)

Farmers' Market Sale Of Produce Totals \$776,000

The sale of produce at the Sanford State Farmers' Market totaled \$776,000 during April, bringing total sales for the season to \$2,141,441 of the \$5,000,000 goal, an all time record, Manager Sandy Anderson boasted today.

He pointed out, however, that prices realized for produce during the past month, had not been all satisfactory to growers. This was true not only at the local market, but in many markets on the country, he said.

He predicted, however, that there is going to be a fairly good demand for sweet corn, cucumbers and peppers which are just starting to move in sales in this area.

During April, units sold totaled 47,706 compared with 363,778 units sold in April, 1950. Fatigue in sales was the biggest selling item, bringing 94 cents a sack, or \$12,582. In crates cabbage brought \$32,492 at \$1.22 a crate. Early in March cabbage sold for more than \$5.00 a sack.

Celery sold at an average price of \$2.11 a crate, and 34,743 crates sold for \$133,568.

Oranges were third in sales value last month with 22,926 boxes selling for \$110,502. Red Bliss potatoes sold for \$2.68 a sack bringing \$20,537. Green beans averaged \$2.10 a bushel hamper and total sales were \$49,698.

Saturday, the P.T.A. held a bake sale in front of the Post Office. The \$10.00 realized will be used for the purchase of playground equipment.

Meeting Is Held By St. Ann's Chapter

St. Ann's Chapter of the Episcopal Church met Monday at 3:00 o'clock with Mrs. Harry Lee at her home on Seminole Boulevard. Beautiful arrangements of day lilies and gladioluses were placed in the living room.

The meeting was opened with a devotional service conducted by Mrs. William Putter who used prayer for the theme.

The treasurer reported that the budget had been met. Mrs. B. F. Whittier reported three books had been purchased for the Parish Library and St. Ann selected two more to be purchased. Mrs. W. E. Kirchhoff and Mrs. A. M. Phillips were appointed to select a gift for the Parish made possible by a donation to the Chapter by Mrs. G. H. Ford.

The announcement was made that the Woman's Auxiliary quarterly meeting will be a box luncheon at 12:00 o'clock at the Parish House on Monday, May 21.

The program given by Mrs. Kirchhoff completed the section on the Old Testament in the study book The Holy Scriptures. At this last meeting of the present St. Ann's Chapter the members gave a ring of thanks to the directress for her leadership and in response she expressed appreciation for the friendly cooperative spirit in which all the members of the chapter has been doing.

A close of the meeting Mrs. Lee assisted by her mother Mrs. P. Brooks served delicious dinner. Refreshments were served were: Mrs. J. N. Robson, Jr., Mrs. M. Minkrik, Mrs. Miriam Russell, Mrs. A. R. Key, Mrs. H. B. W. E. Kirchhoff, Mrs. H. F. Tooke, Mrs. C. Stuart Brown, Mrs. Fred Hall, Mrs. B. L. Perkins, Mrs. Mrs. William Putter, Mrs. E. D. Mobley, Mrs. Ralph Warren, Mrs. Sarah House, Mrs. B. F. Whittier, Jr., and Mrs. W. V. Lovell, directress.

SEMINOLE HI BY BEVERLY GRAY

It's going to be a big weekend! Have you made your plans? Make one of them a date for Friday night! That's the May Day Ball. The biggest event of the year! You won't want to miss that! You'll be sorry if you do. It's going to be at the Mayfair Inn this time. Nine till twelve. Bring a girl; the more the merrier! Check off the eleventh as your big date night! Stag or drag; double-date or single bait we want you to come and enjoy yourself!

Those who went to the Thespian convention had a marvelous time and hated to come home! They left Thursday and were home Saturday night. Saturday morning the meeting was held in the hotel where they stayed. About 150 members were present.

How about a few of the couples who are planning to attend the Ball? The "King" Harold Whittier, is taking Caroline McInnis. And down in the freshmen section we see where Gibson Bates is squiring Sandra Dunn. An ele steady couple that will be having a night out is Kenneth Robbins and Patsy Edwards. Ronnie Garner and Betty Lou Purkin.

By the way Betty Lou will represent Seminole County at the Leesburg Watermelon Festival May 10. She will be sponsored by the Chamber of Commerce. Good luck!

Announcement: "The 'Celery Ped' will be out Class Day. Fifty cents for a copy. Wonderful pictures of the graduating class. Fashions and gab about the May Day Ball, Class Day, Spring Concert, Art and Music Festival, and many more. Buy one soon!"

Miss Lillian Moran Is Guest of Honor

Mrs. R. H. Frazier and her daughter, Mrs. Josephine Huffman together with Miss Lee Condit were co-hostesses at a miscellaneous shower at the Kretzer home in Geneva, Friday evening, honoring Miss Lillian Moran, popular bride-elect of Robert Keith of Marietta, Ga.

Spring flowers in profusion were used throughout the house, with an interesting arrangement centering the dining table which was laden with gifts.

The refreshments, angel food cake and ice cream, which carried out the pink and white color scheme noted in the floral decorations, were served to approximately 75 guests.

In addition to the bride's book, which was the gift of the hostesses to the honoree, Miss Moran received numerous pieces of her clothing, including a sterling china and crystal, together with many other gifts.

CORRECT MEN'S WEAR

Urquhart Hurls 7 To 4 Victory For G-Men Over Sanford Giants

The Sanford Giants will play a double-header with the Cocoa Indians here tomorrow night.

The Sanford Giants hit Gainesville's Don Urquhart hard last night but the cagey right-hander tightened up in the clutches to set them down 7 to 4.

Collecting only eight hits off three Sanford hurlers, the G-Men took advantage of almost everyone in a methodical attack which saw four runs score in the third, one in the fourth and two more in the seventh.

Sanford Manager Richie Klaus was thrown out of the game in the last of the ninth inning after arguing vehemently with Umpire Sayre over a called third strike.

The Giants, helpless before Urquhart's corner-cutting curves in the early innings, got to the lanky pitcher in the sixth for two and one more in the 7th and 9th.

Max Pfeiffer's double to left field started the rally in the seventh. Max came in when Bob Sholten reached first on an error and Sholten crossed on a double play ball hit by pinch hitter Al Neville.

Again in the seventh a double, this time by Fred Petty, started the inning. Petty's ball looked like a homer when it left his bat, but it caught high on the left field fence and dropped back in. Petty scored on a high hopper by Max Pfeiffer forcing Richie Klaus, who had walked, at second.

Still another double opened the ninth as Joe Perise looped a big Texas Leaguer in short center-field and perched on second before the G-Men could recover from an Alphonse and Gaston routine to decide who would field it.

The G-Men got to Ray Scheidt in the third inning after a series on unlucky mishaps. Scheidt had been pitching beautifully until Dolan missed an almost impossible attempt to handle a Texas League single behind second base putting Lou Garcia on first base. Scheidt walked two and gave up two singles, the second of which was a blistering ball which caromed off the hurler's pitching arm and sent him out of the game.

Darrell Thacker relieved Ray allowing only one run in a three and one-third inning stint before being pulled for pinch-hitter Al Neville. The score came on a single, base on balls, fielders choice and an error.

Jerry Schultz relieved Thacker in the 7th and was promptly hit for three singles preceded by a base on balls which produced rallies for the G-Men. Jerry struck out the last two batters

as his fast ball began to work. He faced only six batters in the last two frames.

Two double plays, one apiece for the G-Men and Giants, cut off two rallies. Therman, Klaus and Pfeiffer cut down two in the 8th and Brewster, Garcia and Daniels did the same in the sixth to shut off the Giants biggest inning at the plate.

The Giants left ten potential runs on base in the game including three in the second frame. Fred Petty must have known his long double wasn't going over since he made it down to second in almost record time.

Max Pfeiffer had to leg his two base blow out at top speed to beat in the throw by inches. Perise, whose hit was the shortest, could have loafed but didn't.

Charlie Brewster, manager of the G-Men, made two costly errors but made up for them at the plate.

YESTERDAY'S RESULTS

Brooklyn 4, St. Louis 2 (10 innings). Only game scheduled.

Chico Carrasquel Leads American League In Batting

CHICAGO, May 8—(AP)—Two Chicago White Sox rookies and

age which topped all National League batters today.

Robinson's steady hitting enabled him to stave off a determined bid by Philadelphia's Dick Sisler to take the batting leadership. Sisler, pounding away at a better than .500 clip during the past few days, zoomed his average to .397 within three points of Robinson's figure. This mark also tied him with Boston's Bob Elliott for the runner-up spot.

Pee Wee Reese, Dodgers' crafty captain, was in fourth place with a .378 figure, far above his normal gait. Fifth place was held by Grady Hatton, whose .353 figure was only one better than the mark of Del Ennis, Philadelphia's slugging outfielder.

Pennats Lowrey, Handy Andy of the St. Louis Cards, ranked seventh with .346. Al Dark, captain and shortstop of the New York Giants was eighth with .343. Ninth place belonged to Enoch Slaughter, veteran fly-chaser of the Cards. Ralph Kiner, the League's home run king during the past five years, rounded out the top ten hitters with a .318 mark.

Two-thirds of the livestock of the United States is raised west of the Mississippi river.

McGee Executed

(Continued From Page One)
where the felony occurred.
There was no disorder when McGee arrived at Laurel at 10:05 P. M., but about 300 in the crowd that packed around the front of jail and courthouse pressed forward.
A State Highway Patrolman told the crowd that McGee was going to die and "let's everybody

be nice."
A cheer went up, and the unidentified patrolman added, "We want no demonstration." The crowd appeared more curious than anything else.
Then about 11 P. M., the husband, brother and two brothers-in-law of McGee's victim took seats in the courtroom four rows from the front to witness the execution.
A half-hour before McGee died, the Rev. T. W. Patterson, a

Laurel Negro Baptist preacher, entered his cell and read the 23rd Psalm and prayed with him. McGee smoked a cigar and wrote his will as his head was being shaved. He left his possessions to his mother here.
McGee made no statement as he was led to the chair at 12:05 A. M. He watched with apparent interest as attendants adjusted straps of the chair set up on the dais.
Dr. S. S. Carr pronounced him dead at 12:10 A. M.
When McGee's body was removed from the court house, a path had to be cleared through a pressing crowd of about 500 persons. As the hearse with McGee's body drove away, the crowd gave a loud cheer.
McGee was the ninety-first person to die in Mississippi's portable electric chair.
In New York, William L. Patterson, executive secretary of the Civil Rights Congress, said today that "Willie McGee, an innocent man, has been executed only because he was a Negro."
The Congress was a leader in the unsuccessful fight. The U. S. attorney general's office has listed the Congress as subversive.
The Congress sponsored a street corner meeting in Harlem early today, which attracted 500. An extra police detail said the gathering was quiet and orderly.
At 1:35 A. M. a speaker announced McGee had been executed. The crowd listened without demonstration.
A moment later, a Negro clergyman on the truck said a brief prayer. Another man recited an "oath to avenge the death of Willie McGee" and to "fight to the end of the lynch law in the United States." Some people in the crowd repeated the oath at his request.

Marshall Testimony

(Continued From Page One)
destruction in the field by serious reaction in the way of morale."
Marshall said the Administration plan for Korea has been to "inflict the greatest number of

casualties we could in order to break down not only the morale, but the trained fabric of the Chinese armies."
At this point the censor deleted 50 words from the public version of Marshall's testimony.
Then the Secretary of Defense continued:
"that is, inflict terrific casualties on the Chinese Communist forces."
"if we break the morale of their armies, but more particularly, if we destroy their best trained armies as we have been in the process of doing here, it seems to me, you develop the best probability of reaching a satisfactory negotiatory basis with those Chinese Communist forces, without getting ourselves into what we think would be a great hazard toward developing a much enlarged struggle with consequently larger casualties or a complete world war."
Marshall said the course he had outlined would "retain our Allies, bring them to more satisfactory reactions before the United Nations as their confidence in what leadership in this delicate matter is increased, and generally improve the situation."
Earlier, Marshall had testified that United Nations troops in Korea are barred from approaching within 15 miles of the Russian border.
He said also that MacArthur had been ordered to confine his operations to Korea and under no circumstances to carry out operations beyond the border of Korea into (Chinese) Manchuria.
Marshall said there was one modification of this—MacArthur had authority to retaliate with bombing if his forces were attacked outside Korea.
These same restrictions presumably apply also to Lt. General Matthew Ridgway, successor to MacArthur as Pacific commander.
Marshall differed sharply with MacArthur as to what the Russians might do, and were capable of doing, in the Korea area.
MacArthur said he didn't believe the Russians would come in or could, for lack of transport, throw in a decisive weight if they did.
But Marshall said Russia has considerable forces in the area. The transcript of his testimony did not make it clear here whether he was speaking of planes, or troops, or both.
Marshall testified that there is "a very real possibility of Soviet intervention in the Korean war."
"Like all other matters pertaining to the Soviet government," he said, "the decision is of a few men and can be an instant decision whenever they choose to make it."
"they may make it without any reference to a specific event; and again they may find themselves imperiled as they feel it in their future development of Communism in the world, and therefore take action to reduce that peril."
Marshall said the Soviet had "furnished continuously" planes for a buildup of Red China's Air Forces.
Marshall depicted Korea, too, as only one point in a global struggle with Communism in which Administration strategy has been

to bring to bear whatever has been necessary, in money and manpower, to curb the aggressor while trying "in every possible way to avoid a third world war."
Korea, Marshall said, is not the first time there have been complaints of a stalemate, and it is not the first time there have been demands for a quick and decisive decision."
He recalled to them the Berlin

blockade which lasted 15 months whereas Korea has been going on for 10 months.
Alluding to the Berlin blockade, Marshall said:
"there were those who wanted to end this situation by smashing through the Russian blockade, even though this might have precipitated a war at that time. We refused to take that risk as long

as there were other means of accomplishing our ends and I at that time was Secretary of State."
Saying the Berlin airlift finally relieved the blockade without war, Marshall remarked:
"there were times when the fight for Berlin also looked like a stalemate, but we kept our heads and persevered and in the end won a notable victory."

What About Rabies?

Q: What is rabies?
A: It is a fatal, virus-borne disease which can affect both animals and human beings.
Q: How is it spread?
A: The virus of rabies is usually spread by the bite of an animal suffering from rabies. The saliva from a rabid animal contacting the eye or through scratches or cuts on the skin, can also spread it.
Q: What animals get rabies?
A: It is most common in dogs. However, farm livestock, wolves, foxes, coyotes, cats, squirrels and skunks may develop rabies.
Q: What does rabies look like?
A: Suspect rabies when dogs and livestock don't behave normally. Gentle animals may become pugnacious. Dogs may either have dumb rabies, which appears like a bone in the throat and a paralyzed lower jaw; or furious rabies where the animal wants to bite anything within reach.
Q: Can the disease be prevented?
A: There is a very effective vaccine used by veterinarians to prevent the disease in dogs—also to protect valuable livestock in rabies areas.
Q: What should one do if rabies is suspected?
A: Contact a veterinarian immediately. Confine any suspect dog or farm animal. If a person is bitten call a physician at once.
Q: Can rabies be cured?
A: It is almost always fatal, but can generally be prevented by protective vaccination.
Q: How should a dog or other rabid animal that is biting livestock be destroyed?
A: Kill it by shooting, but never through the head. This damages the brain for testing in the laboratory. If an animal can be confined until death this permits more accurate diagnostic laboratory results. Adv.

NOTICE TO OWNERS OF DOGS
As required by law, all dogs in the City of Sanford, Florida, must be vaccinated against rabies by May 20, 1951, and the vaccination tag continually worn by dogs on a collar or harness for the following year.
In order to accommodate dog owners, Dr. Raymond L. Bass, Veterinarian, will be at the rear of the City Hall April 18th, 25th, May 2nd and 9th, to vaccinate dogs from 1 to 3 P. M.
After May 20 all dogs found without a tag certifying that they have been vaccinated for rabies for year of 1951 will be subject to being picked up by the Police and killed.
City License Tags for dogs for 1951 are now available and owners must obtain tags prior to May 20th from the City Tax Collector City Hall.
Cost of License Tag 25c
Cost of Rabies Vaccination \$1.75
Clifford McKibbin Jr.
City Manager.

State Legislature

(Continued from Page One)
them." He got applause from the galleries.
Rep. Bryant of Marion, advocating a lower figure, said the schools should be "kept in a position where they are going to exercise extreme economy."
He said the Department of Education statement of \$120,000,000 needs was based on maximum estimates of student enrollments and teacher training advancements.
He said a \$115,000,000 grant for schools would allow the schools to meet 50 percent of maximum needs, and bring "a greater expansion than there's ever been in the history of the program. I don't believe that's much of a chance to take."
In the Senate, a school allocation of \$117,000,000 was voted with no discussion.
The House spent an hour debating a proposal to give mental hospitals at Chattahoochee and Arcadia \$13,758,475 for operations in the next two years instead of the \$12,212,000 approved by the Appropriations Committee.
Rep. Burwell of Broward said the Chattahoochee hospital is the "most disgraceful institution, except for the farm colony, we have in the state of Florida." The farm colony is the institution for feeble-minded children at Gainesville.
He said only 11 cents per meal per patient is spent on food at the hospital, and only two meals are served on Sunday. He said the higher amount the House approved would let the hospital cut the work week of its staff members from 72 hours to 48 hours, and improve patients' diets.
Opponents of the increase said the hospital workers get their meals and living quarters in addition to their salaries, and such a boost in the Chattahoochee budget would lead to higher taxes.
Korean War
(Continued From Page One)
terrible losses trying to do it all with infantry.
"if they aren't deliberately hoarding their heavy stuff up north in Manchuria there are only two solutions—either they couldn't cross the Yalu River, or else the Russians wrenched on their promises."
The officer suggested the Reds could be holding large concentrations of planes and armor in Manchuria to ward off any possible Allied blow in that direction.
"Many hours to the front from Manchuria Red tanks had to run a gauntlet of U. N. aerial bombs and rockets. And Communist planes have to sneak past an aerial patrol by F-86 Sabre jets along the Yalu River border."
Even had weather Monday failed to halt "the day-by-day destruction of the enemy's war potential" the Far Eastern Air Forces reported. More than 600 sorties (bomber flights) were flown. Many strikes blasted highways on which 2,000 trucks were spotted. Of these, 315 were claimed knocked out.
Sea-based planes supported the South Korean limited offensives. On the extreme west, Republic of Korea (ROK) infantrymen pushed forward for gains of about three miles.
The objective was to clean out or drive back nearly two divisions of a battered North Korean Army Corps. These Reds were threatening to cross the Han River for possible tank attacks on Seoul. Other small groups of Reds were across the Han in this area.
The South Korean push Monday carried 12 miles northwest of Seoul.
About the same distance due north of Seoul Allied tank patrols struck at seven enemy pockets in the mountains north of Uijongbu. U. N. forces have regained about half the ground lost in the Red offensive. But some hills change hands daily without a fight. Allies occupy them by day; Reds at night.
U. N. patrols found virtually no Reds in the central sector where Allied tanks rolled back unopposed into the highway junction of Chuncheon. Chuncheon is 45 miles northeast of Seoul and 27 miles southwest of Inje.
The small but stubborn fighting around Inje was intended to straighten out the U. N. line that continues to the east coast nine miles north of Inje.
Jap Treaty
(Continued from Page One)
was given in a statement by State Department press officer Michael J. McDermott which said there would be a formal reply later. The treaty's terms were not mentioned however to a definite turn down.
Modern Way To Control Roaches
Bothered by roaches or ants? Johnson's NO-ROACH sprayer kills them in the kitchen, kills them, and keeps them from coming back. It's the only roach killer that's effective for months and months. It's the only roach killer that's safe for you, your family, and your pets. Johnson's NO-ROACH sprayer is available at all drug stores. Price only 25c. Collier's Writer

(Continued from Page One)
er House speakers, were members yesterday of a committee sent to Governor Warren to urge Louis Wolfson and William H. Johnston to appear before the Haley Committee, which is investigating reports of official corruption in Florida.
Collier's said Johnston, Chicago and Florida race track operator whom the Kefauver Committee called an "associate of Capone gangsters," is the "Secret Mr. Big of Florida."
It said Johnston, Wolfson and C. V. Griffin had met with Warren soon after his inauguration in 1949 to "divvy up State business" and get back the hundreds of thousands they put into his successful campaign.
Wolfson and Johnston both telegraphed the committee yesterday that they would be busy with other affairs for the next week or so. They are out of the state and could not be reached with committee subpoenas.
Griffin told the committee last night he had "heard a lot of things" he thought required investigation while he held a chief investigator's card which Governor Warren said was an honorary matter.
But he said he didn't inquire into them and he has no facts to prove the accusations of official corruption in Florida that he talked about when he broke off relations with Warren early in 1950.

House Restores Cut In School Program

Economy Bloc Balked In Attempt To Undermine Minimum Foundation Plan

TALLAHASSEE, May 9.—(AP)—The dam against spending more money than the State has in sight for the next two years broke wide open in the Florida House today.

The economy bloc was decisively beaten and the need for new taxes became virtually certain when the House voted 77 to 12 to give the public schools \$118,500,000 instead of the \$112,000,000 recommended by its appropriations committee.

It also went \$5,000,000 beyond the committee recommendation to give the old age assistance program \$25,000,000.

The \$118,500,000 voted for schools is \$1,500,000 less than the State Department of Education said it ought to have to finance the Minimum Foundation Program in full. But it is \$1,500,000 more than the Senate approved yesterday.

The \$118,500,000 figure was offered by Rep. Beasley of Walton and supported by Rep. Simpson of Jefferson, one of the drafters of the school law.

An amendment by Rep. Ayres of Marion to give the schools only \$115,780,000 was whipped 53 to 35. He insisted it would "provide every penny required for every reasonable school need in the biennium."

Rep. Surtis of Polk, chairman of the Legislative Council subcommittee which spent 18 months studying the school program, endorsed the \$118,500,000 figure.

"There is a difference between economy in government and crippling the Minimum Foundation program," he said.

"We ought to adequately finance the Minimum Foundation law or to depend on the courts."

With few changes, the Senate approved items in the bill for the custodial and educational institutions.

The House allocation of an extra \$5,000,000 for Old Age Assistance was partly offset by cutting \$2,000,000 off the \$8,000,000 which the Appropriations Committee had recommended for aid to dependent children.

The \$6,000,000 figure voted for ADC would leave the Welfare Board less than half what it said it needed to carry out the program.

The amendment by Rep. Shepherd of St. Johns to boost the Old Age Assistance fund from the \$20,000,000 recommended by the Appropriations Committee to the \$25,000,000 recommended by the State Cabinet was adopted 52-34. The Senate appropriations bill also would provide \$25,000,000 for OAA.

The Welfare Board said \$27,000,000 would be needed, but an amendment by Rep. Beasley of Walton to write that figure into the bill was defeated.

"This decision is of great importance to all shippers of top rated perishables in the United States as it clearly established the principle that freight charges may only be collected by the carriers on top of remaining in the car at the time the car is tendered for transportation," Mr. Harper said.

"As a result of the defense of this case by Chase & Company the freight tariff rule was corrected to make a 20% allowance for the weight and melting of ice. This rule has now been amended to cover all of the Southeastern States and has saved farmers and shippers many thousands of dollars already, and will continue to do so in the years to come."

The case was brought against Chase & Company by the government and in the defense of the case which has been in litigation almost three years, Chase & Company was supported by the Atlantic Coast Line, the Gulf Coast Line, and the Seaboard Air Line, which all claimed the freight tariff in the same manner as the defendant.

In handing down his decision, the judge also said that the case should have been tried in a Civil Court instead of in a Criminal Court.

Huge Armed Services Day Parade Scheduled For Saturday May 19

A large parade will be held in Sanford on Saturday morning, May 19 at 10:00 o'clock in celebration of Armed Forces Day, Andrew Carraway, civilian chairman for the program, announced today.

John Pierson has been appointed to organize and promote preparations for the parade and will serve also as chairman of veterans and patriotic organization subcommittees.

Maj. Gen. Thomas, Jr.

Major General C. E. Thomas, Jr., coordinator for Armed Forces Day for the sixth area with headquarters in Georgia said the enthusiasm already displayed by each branch of the Armed Services in this area assures me of the success of our planning. The unified teamwork—Army, Navy, Marines, Air Force, Coast Guard, and other civilian components, so graphically displayed, typifies the common bond "DEFENDERS OF FREEDOM."

If Kremlin Risks War U.S. Is Ready, Truman Declares

WASHINGTON, May 9.—(AP)—President Truman declared today the country's worst enemy is neither foreign aggression nor inflation at home. "It is rearmament," he said.

Addressing 600 businessmen members of the Interior Department's Defense Advisory Council, Mr. Truman said price and wage controls will be needed "for the next two or three years at least."

WASHINGTON, May 9.—(AP)—President Truman said today a "definite concrete plan" for greater military strength and industrial mobilization has been developed in case Moscow is "reckless enough" to start a third World War.

In a speech for some 400 industrialists attending a meeting of the Interior Department's industry council, Mr. Truman said peace in Korea "would not put an end to the global danger of Soviet aggression."

Therefore, he said, the U. S. must:

1. Build up enough military strength to deter any aggressor.
2. Be prepared to meet any aggressor.
3. Be prepared to meet any aggressor.

300 Allied Jets Launch Attack On Red Airfield

WASHINGTON, May 9.—(AP)—President Truman today said 300 Allied jets launched a surprise attack on a Red airfield in the Far East in the rank of full general. The President said in the Senate, for its confirmation, the promotion which will give Hideo Yamamura a fourth star.

Yamamura is a five star general of the Army.

More Than 100 Planes Are Destroyed On Amijiu Air Strip In Bombing Raid

TOKYO, May 9.—(AP)—More than 300 Allied planes smashed a Red air field on the Korean Manchuria border today to prevent an expected Communist aerial offensive.

It was the biggest raid of the war. But first official reports didn't look like much. The Fifth Air Force said two Red planes were damaged in the air, two were destroyed and one was damaged on the ground.

Previously what happened in the bombing raid was screened by flames and smoke. Returning pilots said 10 square miles were blanketed by smoke and flames.

The target was Amijiu air field where 70 to 100 Red planes had been spotted on the ground.

The attack was made by 112 jets and fighter-bombers. They came from every United Nations air field in Korea. For half an hour early Wednesday afternoon they blasted and burned the airfield in northwest Korea.

Eighty Russian type jet fighters were parked on an air field at Antung, Manchuria across the Yalu River from Siping.

Fifty five B-29 Superfortresses, 100 B-24 Liberator bombers, and 100 B-26 Invader bombers, and only 13 fighters. A few jet fighters based at Antung, Manchuria across the Yalu River from Siping.

Fifty five B-29 Superfortresses, 100 B-24 Liberator bombers, and 100 B-26 Invader bombers, and only 13 fighters.

Russian Price For Big Four Meeting Called Too High

WASHINGTON, May 9.—(AP)—Secretary of State Acheson said today Russia is trying to maneuver the Western Powers into suspending their defense program but declared that it is too high a price to pay for a Big Four meeting.

Acheson made clear at a new conference that the U. S. has "not come to the end of its rope in suggesting possible formulas for an agreement at the Big Four talks at Paris which would make possible a session of the foreign ministers."

He said the latest United States suggestions, which Russia has rebuffed, represent the only possible methods of seeking agreement which he now knows of.

Much of the questioning at the news conference concerned the information brought out at the Senate inquiry into the ouster of General Douglas MacArthur and the Far Eastern situation generally. He declined comment on any matters about which he said "I don't think the Reds will fly any more flags that strip," said Col. H. L. Williams, Watonga, Okla. "The napalm (jelled gasoline fire bomb) covered the whole place."

N. J. pilots were guided by "beautiful photos" said Maj. Joe Baglio of Randolph, Mass. They were so clear they could see the planes through the camouflage on them.

Returning pilots reported they hit the revetments squarely. But, in the words of Col. Donald K. Vost of Princeton, N. J., they couldn't see whether they sheltered planes "they were so well camouflaged."

"We watched the buildup of enemy planes in this area," said Williams.

Cattlemen Predict Black Markets Will Flourish Under Meat Control

CHICAGO, May 9.—Price ceilings on beef sold at wholesale became effective today amid indications that cattlemen were withholding stock shipments in protest against government rollbacks.

The Office of Price Stabilization on Apr. 28 issued four orders designed to trim a dime a pound off the butcher shop price of beef by Oct. 1. But the American Meat Institute, which represents the major packers, and the livestock men warned that the OPS orders will lead to beef shortages and illegal markets.

Dollar and cents retail ceilings will be clamped down next Monday. Butcher shops must post retail ceiling price charts, by grade and cut, by June 4.

The OPS order, which aroused the ire of cattlemen and livestock feeders, however, appears to be the 10 per cent cut in price which slaughterers may pay the farmer for cattle. This order will take effect May 30 and Aug. 1 and nearly 30 per cent less between Aug. 1 and Oct. 1.

Mark Tickell, Chicago secretary of the Corn Belt Livestock Feeders' Association, said:

Marshall Denies U.S. Allies Caused MacArthur Dismissal

Secretary Marshall Called America's Strongest Weapon

WASHINGTON, May 9.—(AP)—President Truman today said the United States is the strongest single force available to America for its defense is the Christian faith. The Rev. J. L. McKinley told Sanford and Orlando Kiwanis at an inter-club meeting today at the Yacht Club.

Without that faith, plans in the blueprint stage of carriers, battleships and planes are of no avail, he added. He was introduced by Dr. H. W. Rucker, Joel Hall president.

The Rev. A. G. Melmus, Kiwanis and president of the Sanford Ministerial Association, thanked Kiwanis for its voluntary support in having the association in its request of the County Commission for a ban on Sunday beer and wine sales. "A sure has been made on the side of morality and good living," he asserted.

Kiwanis Vice President J. M. Thompson commended Lt. Mar. Thompson and his committee that appeared with the ministers and Sunday school groups in behalf of the ban.

In honor of Mother's Day McKinley spoke of "Mother's Love" and "My Mom." He was accompanied by Harry Weston, and drew hearty applause. McKinley spoke of the "Mother's Love" and "My Mom." He was accompanied by Harry Weston, and drew hearty applause.

Sunday Sale Of Beer Is Banned By County Board

By a four to one vote, the County Commission yesterday afternoon banned the sale of beer and wine in Seminole County from midnight Saturday to 7:00 o'clock on Monday morning, and ruled that the sale of all alcoholic beverages cease at midnight of each day of the week.

The action followed the request for these measures by members of the Sanford Ministerial Association led by the Rev. A. G. Melmus, and including representatives of civic and religious groups throughout the County.

Lavern and restaurant owners were also present to contest the action, and the commissioners' room was jammed to capacity with every inch of standing and sitting space occupied during the discussion which lasted from 2:00 to 4:00 o'clock.

Commissioners M. C. Howard, Pope, Dadd and Sieg voted for the closing, and Commissioner Fontaine opposed it.

"I don't believe the measure will solve the problem," said Mr. Fontaine, "but it is going to create more bootlegging in Orange County. I do not like to jeopardize the investments of life savings of legitimate tavern operators."

Mr. Pope pointed out that if the sale of 90 days conditions were not improved that it would be the privilege of the Commission to reconsider the measure.

"The Sheriff said that he needed our help," said the Rev. Melmus, "and I believe that he is doing his best to enforce the law."

Commissioner Howard said that about 90 places in the County would be affected by the closing. Among the ministers who spoke in behalf of the new regulations were the Rev. H. L. Zimmerman of Holy Cross Episcopal Church, the Rev. J. L. McKinley of the First Methodist Church and the Rev. Frank Morgan of the United Methodist Church.

The ordinance banning the sale of beer and wine from midnight Saturday to 7:00 o'clock on Monday morning was adopted by a four to one vote.

More Cooperation Urged In C. Of C. Membership Drive

Jack Hartigan reported on the progress of the annual membership campaign of the Chamber of Commerce at a meeting of the Board of Directors at the City Hall last night presided over by Vice President Jack Hall, and called asked for greater cooperation on the part of the directors in making the drive a success.

Members present agreed to devote considerable time during the next week toward contacting those members who have not yet joined in their membership drive in order that the campaign can be completed as quickly as possible. Manager Ed Whitney said that the work of the Chamber of Commerce is increasing daily, and that increased activities, plus rising costs, have necessitated a larger budget than last year.

Clifford McKibbin reported on negotiations currently being conducted between the City and the New York Giants with respect to practicing diamonds for next year's spring training activities. He also pointed out that in connection with the negotiations the possibility of leasing the golf course to the Giants is being studied.

Manager Whitney reported on the progress of the hospital project pointing out that a new State law was signed by the Governor last Friday enabling Seminole County to issue bonds for the construction of a county hospital, that first petitions circulated were not properly drawn and other petitions will have to be circulated in those places which have not yet received a petition.

Andrew Carraway announced May 19 is Armed Forces Day and asked the cooperation of the Chamber in making it a success. H. B. Pope announced that next Saturday is Hospital Day and urged those present to visit the hospital.

President H. James Gut made the report for Treasurer H. James Ingley who was unable to be present.

Tighter Welfare Bill Introduced

TALLAHASSEE, May 9.—(AP)—Rep. Haley of Sarasota county today introduced a series of bills to tighten up the State's welfare law to cut State costs.

One would require applicants for State aid to file an affidavit listing all property disposed of by them during the three years before the application. If it appeared the property had been given up in order to qualify it would be considered as an asset.

A second would require relatives of persons applying for State benefits to swear they were unable to support their indigent kinsfolk. The measure would apply to persons closely enough related to the welfare applicant to be legally required to support them.

A third Haley bill would authorize the State or any county to recover benefits paid anyone not entitled to receive them.

LOAN OFFERED
WINDOW ROCK, Ariz., May 9.—(AP)—The Navajo tribal council yesterday heard the suggestion that "if the government is short of money," maybe the tribe should lend it \$500.

The proposal was advanced by councilman Willis Martin after Walter Olson, assistant superintendent of the reservation, reported that the government hadn't appropriated enough money to remodel the round rock school. The job would cost \$500.

The council took no action.

BRAVE THIEF
FAIRBANKS, Alaska, May 9.—(AP)—Steve Lowinsky parked his jeep with the keys in it, but wasn't worried about the jeep being stolen.

He had left his guard Alaskan Malamute dog to guard it.

Today police were searching for a man who stole both the jeep and the Malamute.

Deposed Commander's Policy Risked More Casualties, Senate Committee Is Told

WASHINGTON, May 9.—(AP)—Secretary Marshall said today General Douglas MacArthur's ouster with Korean war policy caused "uneasiness" among U. S. Allies and threatened to leave this country "going it alone."

But Marshall denied under questioning from senators that the Allies thought about MacArthur's removal. He said "They gave no expression of that kind even remotely that I can recall pertaining to his relief."

MacArthur's removal was necessary, Marshall declared, because his statements raised the issue of "what voice spoke from this country in the matter of foreign policy."

The Defense Secretary testified for the third day to the Senate Armed Services and Foreign Relations committees. They are inquiring into the whole issue of Far Eastern policy and MacArthur's removal.

Under questioning, Marshall said:

1. MacArthur's proposals for getting directly at the Chinese Communists might lead to "very much larger" U. S. and Allied casualties rather than saving lives as the deposed Far Eastern commander contends.
2. The restrictions placed on the fighting—that is the effort to limit it to Korea—have only "very slightly" affected casualties, not at all—the casualties in the war.
3. MacArthur was denied authority to bomb Manchurian bases, blockade the China coast and use Chinese Nationalist troops for a campaign for two chief reasons: "Partly because of the feeling of our Allies and partly because" (Continued on Page 8c)

Hospital Group To Meet To Draft New Election Petition

A special meeting of the Emergency Hospital Committee was announced this morning by Chairman of Commerce Manager Ed Whitney to take place at 2:00 o'clock this afternoon to revise the petition of freeholders calling for a county election to raise funds to build a new hospital for Seminole County.

This action followed the voting by the County Commission late yesterday afternoon of a resolution signed by 808 freeholders, due to the fact, said Mr. Whitney, that the wording of the petition did not comply with State law.

The petition failed to comply with the law because it did not set a maximum amount to be raised to finance the hospital," Mr. Whitney declared.

Asked why the petition had not been properly worded in the first place, he replied that information as to its proper wording did not come from Tallahassee until three days after the petition had been circulated.

It is expected that these petitions will be returned by Thursday with the required number of freeholders signatures. The County Commission is expected to convene in adjourned session in the near future to reconsider the matter," said Mr. Whitney.

"If the petition is found to be correct," he added, "it is mandatory under State law for the County Commission to submit the issue to the voters. Those eligible to sign are resident freeholders, owners of Seminole County real estate in the county."

The Emergency Committee includes Bill Kirk, J. B. Gibson, W. H. Stempert, Rev. J. E. McKinley, L. F. Boyle, G. W. Spencer and Mr. Whitney. Dr. C. L. Clark is medical adviser.

Andy Stine Elected To Hardware Board

JACKSONVILLE, May 9.—(AP)—David Van of Tallahassee and E. W. Weir of Douglas, Ga., were elected presidents of the Florida and Georgia Retail Hardware Association today at the annual convention of the two groups closed.

Van is operator of Van Hardware Company in Jacksonville, and succeeded A. L. Fields, Fred Beckwith of Jacksonville, first vice president.

Andrew C. Stine of Sanford was elected to the board of directors of the FGHHA. Other directors are Charles Beckwith of Jacksonville, S. E. Bertlett of Vero Beach, and O. W. Brady of Miami.

The GRHA directors are Forrest Knapp of Thomasville, Hugh L. Kingdon, Ernest Hodson of Newnan, Williams, Thomas of Atlanta, H. G. Telford of Armstrong and Otto H. Williams of Brunswick.

Investigation Of Tampa Tribune Is Called For In Legislature

TALLAHASSEE, May 9.—(AP)—A resolution calling on the House Judiciary Committee to investigate the Tampa Tribune was introduced today by Rep. Saunders of Clay county.

The resolution would direct a full investigation of the Tampa Morning Tribune's violent attacks upon public officials.

(A) The motives behind the Tampa Morning Tribune's violent attacks upon public officials.

(B) The methods and tactics used by the Tampa Morning Tribune to undermine confidence in public officials.

(C) The affiliations and connections of the owners of the Tampa Morning Tribune, particularly as to their association with known Communists or persons known to be sympathetic to Communism.

The Committee would report its findings and make recommendations to this session of the Legislature. The proposal was referred to a house committee on resolutions.

A preamble to the resolution said "undermining confidence in democratically elected public officials is a tactic used by Communists to subvert the American system of representative government."

Christian Faith Is Called America's Strongest Weapon

WASHINGTON, May 9.—(AP)—President Truman today said the United States is the strongest single force available to America for its defense is the Christian faith. The Rev. J. L. McKinley told Sanford and Orlando Kiwanis at an inter-club meeting today at the Yacht Club.

Without that faith, plans in the blueprint stage of carriers, battleships and planes are of no avail, he added. He was introduced by Dr. H. W. Rucker, Joel Hall president.

In honor of Mother's Day McKinley spoke of "Mother's Love" and "My Mom." He was accompanied by Harry Weston, and drew hearty applause. McKinley spoke of the "Mother's Love" and "My Mom." He was accompanied by Harry Weston, and drew hearty applause.

Chase & Company Is Acquitted In Tariff Rule Case

A decision of not guilty and judgment of acquittal was recently secured by Chase & Company in the District Court of the United States at Jacksonville, D. I. Harper, traffic manager announced today.

"This decision is of great importance to all shippers of top rated perishables in the United States as it clearly established the principle that freight charges may only be collected by the carriers on top of remaining in the car at the time the car is tendered for transportation," Mr. Harper said.

"As a result of the defense of this case by Chase & Company the freight tariff rule was corrected to make a 20% allowance for the weight and melting of ice. This rule has now been amended to cover all of the Southeastern States and has saved farmers and shippers many thousands of dollars already, and will continue to do so in the years to come."

The case was brought against Chase & Company by the government and in the defense of the case which has been in litigation almost three years, Chase & Company was supported by the Atlantic Coast Line, the Gulf Coast Line, and the Seaboard Air Line, which all claimed the freight tariff in the same manner as the defendant.

In handing down his decision, the judge also said that the case should have been tried in a Civil Court instead of in a Criminal Court.

Pilots To Co-operate With Service Center

Plans to participate as hostesses at the Service Center on the second and fourth Wednesdays of each month were made by members of the Pilot Club at a meeting last night at the Yacht Club. Mrs. J. L. Clarke presided.

The club voted to participate in the big parade on Armed Forces Day by entering a decorated automobile. Mrs. Harvey Swanson will have charge of the entry.

An interesting program of music was presented by members of the Seminole High School Glee Club, including Gerald Covington and Janette Ratliff, soloists. Shirley Middleton accompanied. Mrs. J. P. Hall, chairman of the membership committee, had charge of the program. Mrs. Colina Wilhoit, cooking specialist from Daytona Beach, was a guest.

Chase & Company Is Acquitted In Tariff Rule Case

A decision of not guilty and judgment of acquittal was recently secured by Chase & Company in the District Court of the United States at Jacksonville, D. I. Harper, traffic manager announced today.

"This decision is of great importance to all shippers of top rated perishables in the United States as it clearly established the principle that freight charges may only be collected by the carriers on top of remaining in the car at the time the car is tendered for transportation," Mr. Harper said.

"As a result of the defense of this case by Chase & Company the freight tariff rule was corrected to make a 20% allowance for the weight and melting of ice. This rule has now been amended to cover all of the Southeastern States and has saved farmers and shippers many thousands of dollars already, and will continue to do so in the years to come."
