Butterflies aren't Human

The church for all... Our 8th biology trip was a huge success. After we saw the museum's collection of rare butterflies, we went outside to collect specimens. Then we ate lunch and took pictures. Here's one with me, on the left, laughing at Eddie. We were in a big discussion about whether or not butterflies can feel.

U. S. Disclaims 'Rape Of Navy Base'

By FRED VAN PELT
Federal officials are moving from Sanford Naval Air Station to Cape Canaveral, Fla., after a report that equipment and material vital to the United States' defense and war effort, a group of Sanford VIPs was informed at a quick-called luncheon meeting Sunday noon at the House of Steak.

Bradford admitted two hangars are slated to be sent to the National Aviation and Space Administration (NASA) center at Cape Kennedy.

Paulucci informed Bradford it is necessary to retain the two hangars at the base here. While no mention was made of Paulucci's close association with the U.S. General Services Administration (GSA), which holds title to all government property and administers it when other agencies move out.

Peace Envoy Vance To Confer With President

PARIS (AP) — U. S. and North Vietnamese envoys conferred for more than four hours in the fifth session of talks on a peace agreement today.

Cyrus R. Vance, No. 2 man in the U. S. team, prepared to fly to Washington for a firsthand report to President Johnson.

Vance is expected to return to Saigon Friday by Premier Phan Van Dong. He said the Vietnamese people "have the right" to go to a "truce."

The U.S. Command in Saigon estimates that North Vietnam has 85,000 of its troops in the South. Harriman has argued that such problems of peace-making as these troops will be

stop the remaining bombing and shelling of targets in the North unless the Hanoi government cuts the heavy infiltration of recent months or gives some other evidence of de-escalation.

U.S. officials expect much more hard fighting in the South. Their reasoning is that the high command in Hanoi wants to destroy a major U.S. unit, to cap-

ture and hold part of Saigon, or to seize some smaller city as a means of gaining strength at the conference table in Paris.

Auto Union Members Disapprove

French OK Pact To End Nation's Strike

PARIS (AP) — French labor, management and the government hammered out an agreement today to end the nation's paralyzing general strike, but workers in two key automobile plants in the Paris area rejected the settlement.

Union leaders toured the strikebound factories explaining the agreement. The workers' vote showed their disapproval at the national Renault automobile works and the privately owned Citroen plant.

None of the union leaders would predict whether the 10 million striking workers would accept the pact and end the giant defiance of President Charles de Gaulle's government.

"We have arrived at an ensemble of conclusions which one can constitute an agreement," Premier Georges Seguy, secretary general of the Communist General Confederation of Workers, said.

'Who's Paying?' Irks Kirk On Europe Trip

TALLAHASSEE (AP) — Gov. Claude Kirk, starting up every time somebody asked about who's paying, said today his week-long trip to Europe will deal with the "whole essence of the contest" between America and Communism.

and our country and the ability to give a strong and viable economy and successful way of life to the people of the world." Kirk told a news conference in Tallahassee.

County Eyes Traffic Lights

County Commission is expected to deny City of Sanford's request for aid with costs of five traffic signals located within the city on state and county road intersections at the meeting of the Board to take place at 9 a.m. tomorrow at the courthouse.

Sanford is asking for the aid due to new State Road Department regulations calling for installation of traffic lights for traffic signals.

Other items on the Commission's brief agenda for Tuesday include reports on the joint operation in Midway; discussion on the Ontra Road and county right of way discussions on method of payment for regular vehicle inspections and attorney's report on Overstreet Investment Company's Seaboard Springs plot.

3 Wounded In Shootings

Two men and a woman were hospitalized with gunshot wounds during the weekend in three separate shooting incidents.

Ethel Lee Davis, 22, 1400 West 18th Street, was shot in back by her common-law husband, James Henderson, 25, same address, after the two became embroiled in a fight Saturday night at the Silver Tip Bar, Henderson is alleged to have shot the woman in the spine with a .22 caliber pistol, and was charged by city police with assault with intent to commit murder.

In another reported incident, Odell Curry, 25, of 11 Williams Street, Altamonte Springs, was taken to Florida Sanitarium and Hospital with wounds reportedly inflicted by his wife, Juanita Curry, 49, after an early Sunday morning family argument.

In still another report, a man was reportedly shot in both ankles by an unknown gunman who entered a restaurant early Saturday morning and began firing a .22 caliber revolver.

The incident happened at Janie Cooper's Restaurant, 1100 East and Geneva Avenue intersection, at 2:30 a.m. Saturday, when the man entered and without warning started shooting a pistol. Two shots reportedly struck Milton Ray, 25, Route 2, hitting each of Ray's ankles. The man escaped in his sedan car. Ray was taken to Florida Sanitarium and Hospital for treatment.

News Story Occurs At Newspaper

PORTELLA, South Florida (AP) — Peter the Python, missing for four days in Newspaper House, Port Elizabeth has been found.

Editor Ian Harvey brought the python with him to work one night. "It's only a baby — he won't harm anyone," he assured dubious staff members.

When it was time for Harvey to take Peter home, the python was missing. Every drawer and cupboard was turned out without success.

For four days staff editor Mrs. Elizabeth Foster sat interviewing the city's socialites in her newly painted office. She, like every other journalist on the second floor of Newspaper House, wondered whether Peter the Python was watching her from a dark corner.

One day she returned late with a friend, Mrs. H. Tom. "What a beautiful creature," said Mrs. Tom. Then she added in a startled voice: "Good heavens, is that a python?"

Democrats Should Nominate Collins For Senate

Democratic voters of Florida are confronted with a choice for nomination at the Second Primary tomorrow of a man to battle for election to the United States Senate with a Republican who promises a stiff fight.

His opponent—Attorney-General Earl Faircloth—has done in the capacity in which he serves the state. But it does mean that when the experience, training and accomplishments of the two rivals are put on the scales, there can be no question that they indicate the choice of LeRoy Collins as most logical.

We need not, but will, mention his ability to express with clarity and persuasion the convictions which are arrived at by quiet thought and expressed by ringing phrases. This is what is needed when a freshman senator—which he would be—takes the floor.

Mr. Gurney is an established vote-getter. His First Primary campaign exhibited an ability to project issues and persuade that surprised even some of his most fervent admirers.

Smathers' Slate

We endorse the "favorite son" slate backing U. S. Senator George A. Smathers as the best to take the responsible role of Florida Democrat in the Democratic National Convention in Chicago.

In voting at the Second Primary tomorrow we hope that this slate will be chosen. There are, unhappily, some disruptive moves being made which could prevent this slate from being legally elected (as this is being written) but this is not probable.

There are three slates being offered to the registered Democratic voters. One is the Smathers slate, another is one which is pledged to support the presidential candidacy of Senator Eugene McCarthy, and the third is the one devised by Scott Kelly, former state senator and creative gubernatorial candidate, and officially "uncommitted."

The Smathers slate is made up of the senator and our senior and retiring U. S. Senator, Senator Howard K. Eiland, four representatives, two former governors, four members of the state cabinet and House Speaker Ralph Turington.

It seems to us that these men represent the choice of Florida Democrats and should take to Chicago the best judgment when the convention opens in August. We do not downgrade the candidacy of Senator McCarthy but feel that he does not have the support of most Florida Democrats.

Kelly's "unpledged slate" challenges the historic use of "favorite son" delegations. But this is neither new or unique with Florida. It provides a political means by which the votes of a delegation which has a first ballot vote to vote for the "favorite son" and then decide which one of the leading contenders should receive its support.

Commies Step Up War In Vietnam

SAlGON (AP) — The Communist command intensified the Vietnam war over the weekend and for the first time introduced Russian long-range antiaircraft guns to its beelie up air defense just above the demilitarized zone.

Allied forces reported killing more than 1,000 enemy troops in a weekend of savage fighting from the outskirts of Saigon to the demilitarized zone.

In keeping with Hanoi's proclaimed "fight and talk" policy, the Communist command's push came as North Vietnamese and American negotiators prepared for their fifth meeting today in the Paris cease-fire talks.

American casualties were reported as 54 killed and 192 wounded in the series of battles. South Vietnamese losses were termed light.

Sharp fighting continued on three sides of Saigon today. The Viet Cong was believed moving 500 to 1,000 troops toward the capital.

The heaviest fighting over the weekend came in the northern sector, where North Vietnamese troops renewed their pressure on the U.S. Marine headquarters at Dong Ha, and in the central highlands, where a massive campaign may be shaping up.

A U.S. spokesman said superior Russian long-range antiaircraft guns were used for the first time in the area today.

About 800 North Vietnamese overran a section of the perimeter of the U.S. 3rd Marine Division and four battalions of the 4th Infantry Division patrol and artillery base 11 miles west of Dak To in the central highlands. In more than seven hours of fighting, 14 U.S. infantrymen were killed and 86 wounded. U.S. fighter-bombers joined the battle and the enemy retreated in thick fog.

About 500 Viet Cong troops attacking with grenades, mortars and small arms killed five infantrymen of the U.S. 23rd Division unit in night defensive positions on the northwestern outskirts of Saigon, six miles from the center of the city. The enemy withdrew early today.

As in the first two weeks of May, heavy fighting raged again around Dong Ha, headquarters of the U.S. 3rd Marine Division, 11 miles below the demilitarized zone.

South Vietnamese infantrymen reported killing 19 enemy soldiers Sunday on the same battleground where government troops claimed 152 killed the previous day. Government losses in Sunday's battle were reported as one killed and one wounded, and casualties Saturday also were reported light.

U. S. Marines of the 4th Regiment ran into North Vietnamese troops in bunkers seven miles northwest of Dong Ha Saturday and reported killing 103 of them in a 14-hour fight. Aerial observers estimated that another 75 to 100 enemy soldiers, presumably back-up troops, were killed on the periphery of the action by air strikes and artillery. Sixty Americans were killed and 22 wounded.

Some of the Marines' support came from a U.S. Navy fleet ship offshore in the South China Sea.

The North Vietnamese reportedly are massing perhaps as many as 20,000 troops in the central highlands for a possible thrust across the center of South Vietnam aimed at cutting the country in half.

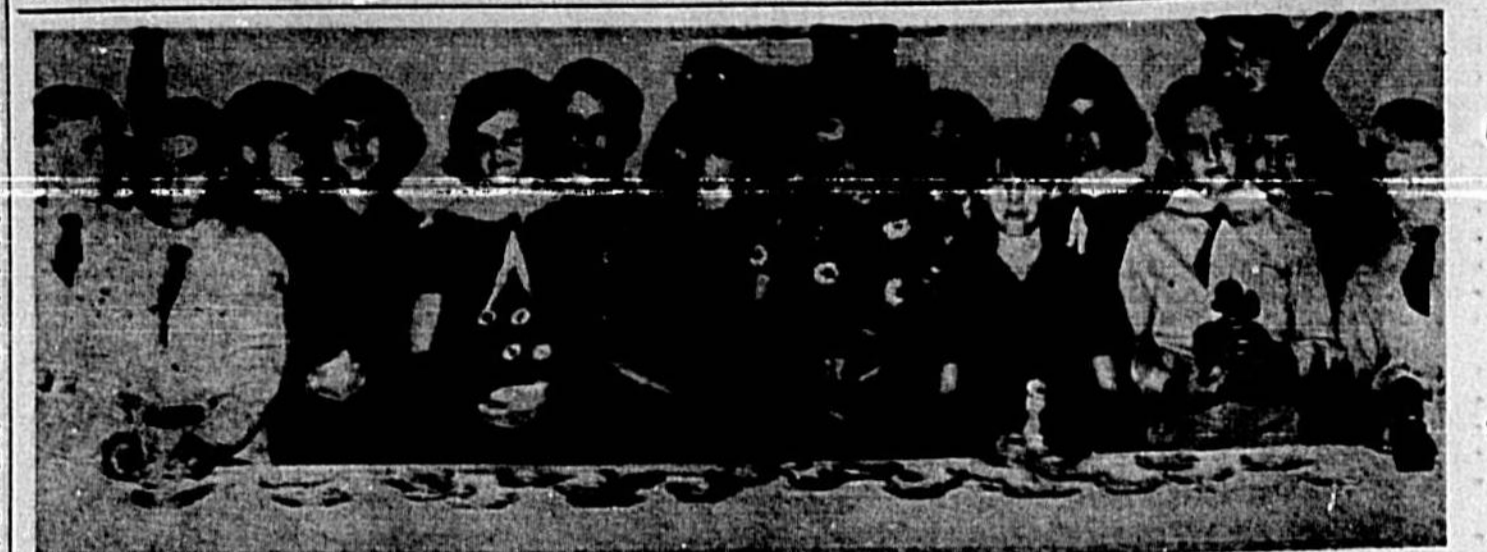

U.S. officers said two North Vietnamese soldiers captured in the attack at Dak Ha Saturday and reported they were from the 23rd Division. That division was involved in the 77-day siege earlier this year of the U.S. Marine combat base at Khe Sanh, 165 miles to the north.

There were indications that the U.S. Command is preparing for American ground troops to chase the enemy troops every inch.

Insects are found on every continent, and have even been found as high as 5,999 feet above sea level on Antarctica.

It was the second straight day of air raids on North Vietnam, the biggest antiaircraft guns they had seen previously were 85mm, with a range of 5 miles. The 100mm has a range of 17 miles.

On the political front, South Vietnam's new premier, Tran Van Huong, took office today. The 64-year-old former schoolmaster shook hands with outgoing Premier Nguyen Van Loc and praised Loc's efforts.

Tips For Working Students

Students who plan to work for the first time this summer should get social security cards before they start job hunting. This information comes from James Boseman, Social Security representative for Seminole County.

"Many of the employers in our area will not accept a new employee unless he can furnish his social security card at the time of hiring. Others will hold up the first pay check until a social security card is furnished," Boseman explained.

"The main reason we urge these young workers to get social security cards," he said, "is that they can get full and proper credit for their work."

So many young people think about social security only in terms of retirement payments at age 65. These youngsters fail to realize that the act building protection against death and disability. Boseman pointed out that the latest amendments to the Social Security law make disability payments possible with less work if the worker becomes disabled before age 31, than under the old law.

"I want to congratulate those students who are graduating from high school this year," Boseman said. "I would like to remind those who are going on to further their education that many colleges and universities now use social security numbers as student identification numbers."

Applications for social security cards can be obtained at almost any post office, and always at your Social Security District Office. The office serving this area is located at 1300 East 2nd Street in Sanford.

Skyride Traps 60

MEMPHIS, Tenn. (AP) — A skyride on which 60 people were trapped—some for nine hours — has been closed until it is inspected by a Swiss cable car engineer.

Leslie Gardner, president of Lakeland Amusement Park, ordered the ride closed Sunday pending the inspection today.

The ride runs on a cable for nearly two miles.

Sixty people, mostly youngsters on school parties, were stranded when a down-pour and tornado-force winds hit the Area Saturday afternoon, causing 56 open gondolas to sway and pull a support cable off its pulley.

Some of the cars were suspended over a large lake in the amusement park, 10 miles east of here.

Rescue workers were able to use fire ladders to bring down rain-soaked people dangling above land, but for 20 passengers in cars hanging over water, the return to safety did not come for nine hours, until repairs were finished.

Registration

Registration for evening classes at Seminole County Business School during the summer months will begin on June 8. Classes in typing, office machines, and bookkeeping will be offered Monday through Thursday evenings from 6-9 p.m. This is a public school under the direction of the Seminole County Board of Public Instruction. Anyone interested in obtaining skills in office occupations or seeking credit for an adult high school diploma may attend. For further information telephone 322-0668.

President Entertains Aussie Chief

WASHINGTON (AP) — President Johnson as he pushed protocol aside in welcoming visiting Prime Minister John Gorton of Australia for talks believed sure to center on Vietnam, the Paris peace talks and future U.S. policy in Asia.

The prime minister's plane had scarcely touched down at nearby Andrews Air Force Base before Johnson, his wife and Gorton and his wife on an informal—and unscheduled—Potomac River cruise aboard the presidential yacht Sequoia.

The formal schedule called for the President and Mrs. Johnson to greet Gorton and his American wife Bettina, with a red carpet ceremony and a 19-gun salute at the White House today.

The ceremony was still on tap but Johnson didn't wait for protocol to talk over the future with the head of a strongly allied and friendly government. Although Johnson has met with Gorton for 60 heads of government during his presidency, he never before had made such an informal gesture of friendship.

On his arrival at Andrews, the 64-year-old prime minister, a ruggedly handsome World War II fighter pilot who survived two crashes in combat, said he would like most to establish "the same contact and continuity."

Kennedy Ahead In Iowa HHH In Vermont, Penna.

By THE ASSOCIATED PRESS

Sen. Robert F. Kennedy has won the bulk of Iowa's Democratic National Convention delegates and Vice President Hubert H. Humphrey holds the lion's share of Vermont's.

And Humphrey has 433 of Pennsylvania's 130 convention votes, an Associated Press survey showed today, to 19 for Sen. Eugene J. McCarthy and 24 for Kennedy.

A meeting of the Pennsylvania delegates has been scheduled today at which it is possible state organization leaders, who have tried to maintain official neutrality, may throw support to Humphrey.

Newsweek magazine meanwhile said Humphrey appears favored for 1,200 of the 1,312 delegate votes needed for nomination. Newsweek said Kennedy appears favored for 713½ votes and McCarthy for 280.

Iowa Democrats gave 18 convention votes over the weekend to Kennedy, 5 to Humphrey and 24 to McCarthy. Humphrey got 10 Vermont delegates, Kennedy 7 and McCarthy 5.

The Iowa and Vermont delegate selection came just before the third crucial primary confrontation between Kennedy and McCarthy, this one in Oregon Tuesday.

Kennedy courted what his camp believed may be a large undecided vote in Oregon and McCarthy said "every sign" now points to a good showing for him.

Republican candidate Richard M. Nixon, predicting he will get 85 per cent of the GOP vote in Oregon, said supporters of California Gov. Ronald Reagan and New York Gov. Nelson A. Rockefeller are working in tandem to try to block his drive for the presidential nomination.

Reagan, a California favorite son who says he is not a presidential candidate, is on the Oregon ballot. Rockefeller, an announced candidate, is not.

Nixon was considered sure to win Oregon's 18 GOP convention votes in the primary and the Democratic winner will get 35 convention votes.

Leaders of organized labor, in effort to help Humphrey, have waged a telephone campaign for votes for President Johnson, who announced he was not a candidate after his name already was on the ballot.

The 100th running of the Belmont Stakes in which Forward Pass and Dancer's Image will meet for the third time, climaxes a big holiday weekend in thoroughbred racing this week.

In the record book, Forward Pass has a chance to become the first Triple Crown winner in 70 years, but many racing fans consider Dancer's Image even with the Calumet Farm color bearer after the Kentucky Derby on May 4, but later as disqualified.

Forward Pass declared the official Derby winner, won the Preakness on May 19 by six lengths over Ot Of The Way with Randy Jones equalling from third for billing between horses in the stretch.

Only Way To Win ... Drysdale Batters Houston With 4th Shutout

By HAL ROCK
Associated Press Sports Writer
The strong pitching arms that have dominated major league baseball this spring are rooming in poor, old Don Drysdale of the Los Angeles Dodgers, who polished off Houston 4-0 for his fourth consecutive shutout Sunday.

Don White's mark stood off a confrontation by Luis Tiant of Cleveland, who pitched four straight shutouts earlier this season and now Drysdale is perched on the doorstep.

In other National League action Sunday, Chicago dropped San Francisco 4-2. Philadelphia battered St. Louis 9-3. Atlanta nipped New York 2-1 in a game called after six innings by rain.

The big right-hander allowed six hits and fough off a serious challenge to his shutout when NL batter Denis Menke and Rusty Staub opened with singles. Drysdale got Lee Tomlin on a double play bounce but walked Jim Wynn and hit Bob Aspremonde, leading the bases, before Dave Adlesh grounded out.

Drysdale also had a couple of stungles, driving in Los Angeles' first run in the third inning. He finished with a two-run wrap rally in the ninth.

Party Fetes Miss Mary Pat Bertrang

Miss Mary Pat Bertrang, a member of the June graduating class of Seminole High School, was complimented with a punch party, Saturday afternoon at the home of Debbie Boyd, on Narcissus Avenue from 4 to 6 p.m.

The party area was decorated with floral arrangements and greenery and the refreshment table was overlaid with an extra lace cloth. The centerpiece was an orange and black "Wise old owl." A large cake laid in white with yellow roses and green trim and the inscription "Congratulations Mary Pat" graced one end of the table and on the other was a crystal punch bowl filled with lime sherbet punch.

Served with the cake and punch were finger sandwiches, chips and dips, and pickles. Nuts and mints were placed on the coffee table. Blended featured black, coral and white, carrying out the decoration theme.

Co-hostesses, Debbie Boyd and her mother, Mrs. Phillip S. Boyd, presented Mary Pat with a corsage of white daisies and blue ribbon and her mother, Mrs. G. E. Bertrang, a white carnation corsage. The corsage also received a graduation gift of lingerie and watch case hangings.

Classmates and friends joining the honor guest and her mother were the Misses: Marie Hawkins, Sharon Wagner, Joan Huff, Laura Henderson, Mary Jane Byrnes, Kaye Wiles and Linda Neades.

Signs To Tell Drug Users

NEW YORK (AP) — How can you tell if your child is taking drugs, and what do you do if you find out he is?

A panel of experts discussing the problem of youthful drug addiction in the May issue of the Family Circle magazine made these points:

"Many well-meaning, intelligent parents are unaware their children are taking drugs—or they just don't want to face it."

"Many adolescents experiment with drugs, take them a few times, find they don't need them and stop. This may be hazardous, but the real problem is the youngster who takes drugs regularly for comfort, is fed need to fill an emotional gap."

"Nearly every one of these youngsters has a psychiatric problem before even initiating the use of drugs. Often you find the youngster has not been getting along too well with a parent," said Dr. Elliot Wexler, a neurologist of Jamaica, N.Y.

Thomas J. Mackall, Queens County district attorney, explained how to tell if a child is taking drugs:

"No advice parents to observe their children and note unusual changes from normal behavior. If the youngster is suddenly and inexplicably aggressive, hostile, and nervous, that may be a sign that something is wrong. Of course it is always necessary to keep the youngster who keeps to himself for long periods in his room or locked in the bathroom, who is constantly on the phone and who is called on the phone by persons who won't identify themselves to the parents, to be notified as effective? You're reading this one."

Church Rites Unite Miss Suzanne Partin, Michael A. Tesinsky

By DORIS WILLIAMS

Miss Suzanne Partin, daughter of Mr. and Mrs. James A. Partin, of Oviedo, and Michael Andrew Tesinsky, son of Mr. and Mrs. Paul Tesinsky, of Slavia, were united in Holy Matrimony, May 25, 1968, at 7 p.m. at First Methodist Church of Oviedo.

Rev. Bob Barber was the officiating clergyman at the impressive candlelight and double ring ceremony before the altar in a background setting of potted palms and four nine-branched cathedral candelabra holding tall white glowing tapers. Accenting the altar were two standing pedestal baskets beautifully arranged with white and pink gladioli, white mums, stock and pom poms enhanced with dainty baby's breath. White satin bows identified the family pews.

John Farmer, organist, presented a pre-wedding recital of appropriate musical selections including the traditional wedding march. He accompanied soloist, Sheila Clarke, who sang, "More" and "Oh Perfect Love" and also soloist, Merritt Staley, singing "The Lord's Prayer."

Given in marriage by her father, the bride was radiant in a formal egg gown of silk organza enhanced with dainty pearl soloist, Sheila Clarke, who sang, "More" and "Oh Perfect Love" and also soloist, Merritt Staley, singing "The Lord's Prayer."

Miss Suzanne Partin, daughter of Mr. and Mrs. James A. Partin, of Oviedo, and Michael Andrew Tesinsky, son of Mr. and Mrs. Paul Tesinsky, of Slavia, were united in Holy Matrimony, May 25, 1968, at 7 p.m. at First Methodist Church of Oviedo.

Rev. Bob Barber was the officiating clergyman at the impressive candlelight and double ring ceremony before the altar in a background setting of potted palms and four nine-branched cathedral candelabra holding tall white glowing tapers. Accenting the altar were two standing pedestal baskets beautifully arranged with white and pink gladioli, white mums, stock and pom poms enhanced with dainty baby's breath. White satin bows identified the family pews.

John Farmer, organist, presented a pre-wedding recital of appropriate musical selections including the traditional wedding march. He accompanied soloist, Sheila Clarke, who sang, "More" and "Oh Perfect Love" and also soloist, Merritt Staley, singing "The Lord's Prayer."

Given in marriage by her father, the bride was radiant in a formal egg gown of silk organza enhanced with dainty pearl soloist, Sheila Clarke, who sang, "More" and "Oh Perfect Love" and also soloist, Merritt Staley, singing "The Lord's Prayer."

Azalea Garden Clubbers Gather For Dinner Meet

Mrs. Henry Russell entertained for their entries.

Members were invited to help themselves to a variety of hot garden flowers and plants which they brought to show and to share.

The Russell hospitality and the lovely choice a stunning two-piece ensemble designed with a beige linen sheath.

Hostesses for next season were revealed as Mrs. C. P. Hickey, Mrs. John Calahan, Mrs. Penney Carnes and Miss Ella Lee Kirchoff.

BACK IN SPOTLIGHT

The shirt and blouse are back in the 1968 fashion spotlight, along with waisted, curved and smoky-fresh femininity. Fortunately, most of those up-to-date blouses and shirts are made of fabrics which have great scabbard-ness ability. Cotton and cotton blends lead in the sportswear field, while dacron, nylon and linen in varying degrees of sheerness are favorites for afternoon and evening wear.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: What do you do about people who just walk into your house because the door isn't locked? Many times I will call my name to get groceries inside my door instead of on the back porch, and I leave the door unlocked for him.

Well, this neighbor lady tried my back door, and finding it unlocked, she walked right in. She snooched and snored because my husband was in the shower. He thought he heard someone come in and thought I had been snoring.

Dear Abby, I would like to see you, but I am sure you would tell me if there is anything I can do about my problem.

DEAR ABBY: This may sound like a silly problem to you, but it is serious to me. My house cracks. Honestly, when I'm sitting in one place for a while and then start walking, my knee cracks. It doesn't hurt, but it is very embarrassing.

When I eat, something may now she comes so often, I've taken a dislike to her. Please tell me what to do, but don't use my name or location. She has a vicious tongue and would make a better friend for enemy.

DEAR ABBY: I think it's terrible how you would tell me if there is anything I can do about my problem. "CRACKY" I have a vicious tongue and would make a better friend for enemy. "TRAPPED" People who open their doors to busses and tolerate their company much attention may have only themselves to blame. By your failure to discourage her, you've encouraged her. If you had to decide between her and me, I would choose you. DEAR ABBY: I have a large nose. It is very embarrassing. At that precise time, invariably a certain neighbor barges in on me with her

Horoscope Forecast

TUESDAY, MAY 28, 1968
GENERAL TRENDS: This is your day and evening to make sure you say or do nothing that could in any way suggest you are. Most everyone is looking for some drastic or dramatic ways to change their present interests but it is not the time for such new beginnings and all would be wise to avoid stepping on the toes of anyone else.

ARIES (Mar. 21 to Apr. 19) Better plan your time intelligently or you will be wanting to go out for fun when you are too tired to do so and get little done. Some fellow worker could be having a fling with the outside. Do not get involved. **LIBRA (Sept. 23 to Oct. 23)** It would be wise to concentrate on monetary matters instead of handling those personal affairs right now. However, be courteous with social personalities, although you are busy. Get affairs in perfect order.

GEMINI (May 21 to June 21) Forget that home problem now and be off with associates who have interesting things planned for you. Some personal aim or goal is being gained now, if you concentrate on it. **LEO (July 23 to Aug. 23)** You have to plan your time well if you are to handle both outside duties and personal matters properly. A bigwig could be very demanding, but so long as you do your best, it will be good enough. Don't overdo.

SCORPIO (Oct. 23 to Nov. 21) You have to associate with reliable pals who are thinking of your interests instead of trying to make others do what you want. A social affair can take your mind off of troubles, if they be many. **SAGITTARIUS (Nov. 22 to Dec. 21)** Take care you act in a circumspetuous way or you risk losing the respect of the highest. Important you get into some civic duty that can add to your prestige now. Elevate your consciousness to the highest. **CAPRICORN (Dec. 22 to Jan. 19)** If you get your work done early, you can then delve into the new ideas and interests that appeal, gain benefits from each, and you can advance far more quickly, really. Be courteous with others. **AQUARIUS (Jan. 20 to Feb. 18)** Engaging in interests that appeal to you gives you the best. Do any original work you have plenty of time. Evening is best for congeniality and having a good time. Be cheerful. **PISCES (Feb. 19 to Mar. 20)** Don't enter into any altercation between one at home and one in business or you get the brunt of it. Be loyal to those who mean a great deal to you. If you then get the support you need and want.

IF YOUR CHILD IS BORN TODAY... ...he or she will be one of those extremely fast-thinking young people, but there is a tendency to do more from interest to another without completing any, so only give advice and look after that so that they can be more self-reliant. **Planets in the zodiac for your sign for June is now ready. We The Women:

I hope you haven't been doing what I have. I have been so involved with unimportant things—like reading the directions on the side of food boxes, where it says, "Serve four," and wondering "HOW WHAT?" because it could not possibly mean four PEOPLE—that I haven't realized I had let my husband's wardrobe get completely out of style. He does not have a pocketbook—no one of the new shoulder strap ones made of elephant hide or canvas and leather. "Children," I announced, "you don't have to worry about thinking of something for a Father's Day present! What your father does not have is a pocketbook."

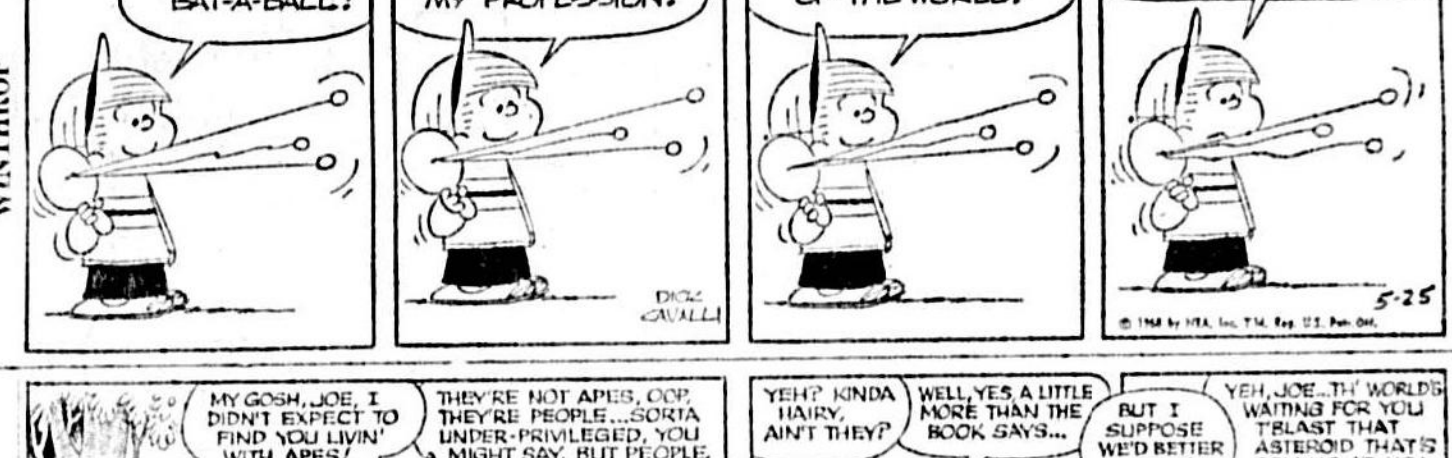

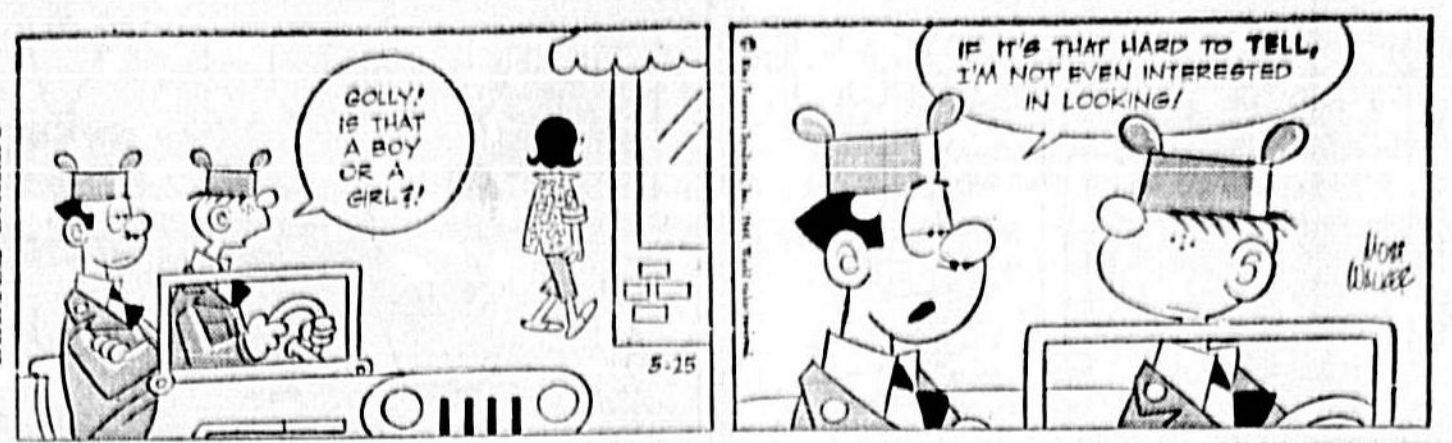

My suggestion went over like an empty candy box. Oh, I did get one nibble. Baba asked if, when the pocketbook got out, could she play dress-up with it. Also, Stu wanted to know if I thought he should write to our congressman or to the State Department to complain about killing elephants. If he has his way, the fashionably dressed, whether they are men or women, aren't going to do anything about it.

Well, as TV-type women say, "What's a mother to do?"

Jacoby On Bridge

Overall: "Here is a hand I watched in a rubber bridge game that illustrates a common error of both rubber bridge and duplicate players."

Jim: "Let's see if I can spot it. Looking at all the cards, I can see how South might have made the hand by a swindle play. He would draw trumps, cash the diamonds and proceed to lead ace and a small club. If East failed to drop his jack of clubs under the ace or West failed to bid, South would win in order to catch East's Jack with what is sometimes called the 'swindle' comp."

East would be end played and South would bring home his impossible slam."

Overall: "No. South played ace-king and a small club so that the swindle failed to materialize. The point I want to stress is South's misleading."

Jim: "You mean that South lured his partner for giving a positive response to the open-

Jacoby and Son

that he hadn't bid his hand perfectly. South pointed out that if his partner had responded two-no-trump and bid four spades next, South would have passed. But he said that North should have had more than one king for his positive response."

Jim: "Don't suppose you were able to convince South that he had misled the hand?"

Overall: "The point was explained to and tried to explain to South that he had made a proper, but minimum, forcing two bid and had loved with a slam try and that when North had refused to accept the slam try, South should have been through bidding."

Jim: "Don't suppose South will ever be convinced. I can tell you he pointed out that he had a two bid, his partner had made a positive response and the slam had to be bid."

Polly's Pointers

DEAR POLLY—I have a recipe for making china berry heads as requested by Beth. Roll the berries until soft—probably about two hours. Place in a soft cloth and rub until the pulp is removed. Then the pulp is dried in a paper bag. Dry in a regular commercial dryer to color them. Then the berries in a commercial dryer and water mixture for about 20 minutes. It is pretty to use stone beads on a string and to give them the appearance of the holes will be in the berries after the boiling. Good luck, Mrs. M.P.C.

DEAR GIRLS—I could not try this myself but Mrs. O.P.C. most graciously sent me a small article on the subject according to the above directions and they looked great. She had alternated black berries with shiny glass beads. POLLY

DEAR POLLY and BETH—Before I retired as a fourth-

Polly and Son

grade teacher, my pupils and I made china berry beads every year. They picked the berries off the ground and I rolled them in a little until the outer where they can be enjoyed the most. With those little magnets, I stick them to the side of the refrigerator so they can be changed from time to time.

DEAR POLLY—When putting my freshly ironed tablecloths away in the kitchen drawer I put a slip of paper on each stating the size or whether they are for the table with one leaf, two leaves or three. This way I know at a glance which size cloth I use without opening each one, trying to find one that just fits and then having to refold it if it's wrong.—MRS. A.J.V.

Beauty after Forty

"I have been miserable for a long time. I am in love with my Doctor, but he has never said anything about getting a divorce. I would divorce my husband for him. I am forty and my husband is sixty. He says I am not getting any older. I tell him my love affair with my Doctor, even though I feel not getting any older."

MISERABLE

Of course you are miserable, there is a time to talk and a time to keep quiet, this is your time. Tell your husband nothing and tell yourself to cut out the affair with the Doctor, he seems to have been very firm about not getting a divorce. You are ruining your life and certainly you are not making your husband happy. You are, evidently looking for romance, maybe if you try you could have it with your husband. So-TRY!!

"I am one of your After Forty Women. I want to color my hair. My hair is getting a little 'NO' in a big way. I am fifty and keep my wife

World Almanac

Joachim Sebastian Bach's compositions are included in some 80 volumes, yet few were published during his lifetime. Thirty years ago some manuscripts were sold or given away. Now the World Almanac has collected 50 of the most beautiful of these manuscripts. The manuscript of "The Brandenburg Concertos" is available for 10 cents apiece. Tomorrow: "From My Note Book"

IT'S GRADUATION TIME ... and an excellent time to meet our "future leaders" as they received their sheepskins last night at the Good Shepherd Christian Day School in Sanford. The students (extreme left) check their appearances, while David Ross (2nd left) is in deep thought, "Will I be nervous?" James DiMartino (center) is solving the world's problems while Korean Connie Mutch, who didn't speak a word of English on her arrival here, now greets her teacher, "Good morning, Mrs. Jordan—sweetheart, darling!" And finally, here's David again (extreme right) ... "Nah, I ain't nervous one little bit!"

AROUND THE CLOCK
 This column — "The Clock" — feels it has accomplished a worthwhile purpose: Making the Sanford City Commission conscious of the state's "Government in the Sunshine" law. This new law prohibits elected and other governmental bodies from holding secret meetings for the transaction of public business, barring press and public.
 The matter was subject of some discussion at last night's meeting. True, some of the commissioners met in secret before the open session. But subject of that meeting, with a committee, was quasi-public. And, the commissioners in the regular meeting somewhat circumvented the "sunshine" law by not vocally expressing themselves ... they wrote and passed notes to each other ... Just like kids in school. They should know the teacher finds out, sooner or later.
 And now "The Clock" will be happy when it can make the County Commission and the School Board conscious of the "Government in the Sunshine" law. (School Board down around Pompano Beach found out the hard way ... four members were arrested on complaint of a news reporter for holding secret sessions. The reporter lost her job because of her action ... but the landed a better one with the Miami Herald ... also because of her action.)
 Miss Evelyn Caraway was that most popular girl in Sanford contest in 1968 that we told you about last week in the Clock. Mrs. Ellen Telford Dooney, daughter of the late Evelyn Caraway Telford, brought in a Sept. 4, 1968 edition of The Sanford Chronicle to show her mother was the winner with 5,516 votes to Clara Miller, 1,959; Blanche Biggers, 1,255; Flossie Frank, 1,005 and Peaches Leffer, 945. Another of the Telford girls is well known to Sanfordites, Mrs. Martha Villen, deputy clerk in the office of the clerk of the circuit court at the courthouse.

County Hires Home Agent
 County Agricultural Agent Cecil Tucker won his battle today to keep the salary of the county extension home king agent position at \$8,225.
 On a four-to-one vote, the Board of County Commissioners authorized Tucker to employ Miss Louise Long to fill the post left vacant with the resignation of Miss Sandra Weiss. It was further agreed to keep the county's share of salary for the position at \$2,900 and to continue furnishing the office with a car and gasoline. State through the extension program pays remainder of the salary.
 Mrs. Frank Staudt, president of the Homemakers' Council, appeared to recommend Miss Long for the post and to assure the board that programs will be devised to benefit young homemakers. She said a program whereby baby sitters will be provided is being considered.
 County Commission Chairman John Alexander, a constant critic of the program, voiced the only "no" vote on the matter. Commissioner John Fitzpatrick, who has opposed the program, voted in favor.
 Miss Long is 24 years old. The board had requested Tucker to fill the post with a mature, settled person.

City Overrides Zoning Protests
 By a vote of three to two the Sanford City Commission Monday night brushed aside the protests of adjacent property owners and voted to rezone from R-2 to C-2 a parcel of land bounded on the north by railroad, on south by McCracken Road, on west by city limits and on the east by Ponce de Leon Avenue.
 After an episode that included the passing of notes between the commission members, containing estimates of just what the city could afford for the county property appraised at \$7,900 located in the Goldsboro area, the commission finally agreed to accept the recommendations of a faculty-student figure for the land, proposed by Commission Lee P. Moore to have Hitchcock draft a letter - of - intent to an adjacent industrial sector, Monday after a meeting with the commissioners had requested the group to supply details with such a letter to be presented to industry's home office indicating city's willingness to lay out a recreation center the city fathers have committed themselves to build.
 The vote - passed - 3-2. The vote - passed - 3-2. The vote - passed - 3-2.

City Overrides Zoning Protests
 At the request of Doctors Thomas L. Largent, L. M. Perez, and Gonzalo Huaman, the body approved rezoning when the same two-all vote upon commission action. In voting to rezone, Roberts said, "In the future, the City Commission should require that a bona fide purchase offer be required to stop speculation." Voting for rezoning were Moore, Earl Higginbotham and Roberts; voting against the measure M. L. Raborn and A. L. Wilson.
 In another land action, the commission voted to allow Paul Jones, representing Care Facilities, operators of 12 nursing homes in Central Florida, to build a facility by rezoning from R-2 to R-3 the area between Ninth Street and Celery Avenue and between Mellonville and Bay Avenue.
 In a display of sincere emotion, Jones told the group he was not interested in making money, he just wanted to establish a home in Sanford at the request of county agencies.
 Mayor Roberts told Jones, "You are the first businessman I've met who is not interested in making money." Apparently misunderstanding the situation, Jones stowed emotion as he told the commission, "You have no right to deprive the people of Sanford this home." Roberts, sensing a possible misunderstanding, told Jones, "No one has yet implied a home could not be built." On a motion by Commissioner Higginbotham, the body voted to rezone.
 In still another land action, it could be construed that the city would pay the estimated \$20,000 for the line, which would be recouped later in the year sales.
 Raborn indicated unwillingness to make city responsible for cost of project and the body approved Moore's motion with only one negative voice.
 Requests were for intersections of 17-92 and 25th Street, 27-82 and First Street, 25th Street and 427, 25th Street and Park Avenue and 13th Street and 17-92. Total estimated cost of the signals at given by the county engineer on advice from the State Road Department was \$28,000.
 Only signal upon which the Commission indicated it may not pay costs is the one at 25th Street and Park Avenue since Park Avenue is a city street.
 Over the past few months, the commission has refused to pay for costs of installing signals in the municipalities despite appeals from Commissioner W. Lawrence Swadlow that it is not fair to expect the cities to pay full costs of traffic moving through their limits.
 Commission Chairman John Alexander stated the reason for the change of heart by the Board is the fact the county is paying costs of the signal at 17-92 and SR 436 in Casselberry. "If we can do it for Casselberry, we can do it for the other cities," he said.
 However, Casselberry has continually maintained the signal at the intersection is not within its corporate limits.
