McCanna Resigns; Collins Studies Appointment

Richard E. McCanna today submitted his resignation as Seminole County Tax Assessor to Governor LeRoy Collins and minutes later, five of the nine employees of his office handed in their resignations also.

In a telegram to Gov. Collins, McCanna said: "I herewith submit my resignation as assessor as of May 6. Inasmuch as the desired goal of obtaining for Seminole County a lawful assessment level has been definitely achieved, I feel I would like to return to my private business practice."

"And furthermore, if you see fit, I feel the people of Seminole County should be given the opportunity at the earliest time to test the true measure of sincerity in the promises recently made by the former assessor."

McCanna was defeated by Mrs. Mary Earle Walker in the Democratic primary for the tax assessor post by a large majority.

The five employees of the tax assessor's office who

resigned today were Ava Wright Davis, clerk, who served in the office for four years and one month; John C. Peck, deputy assessor under McCanna, who served for eight months; Dorothy Knight Stapleton, who worked for 17 months; David L. Huffman, who worked for eight months and Frances Stanley, 17 months.

Collins already had taken under advisement a proposal that Mrs. Walker be reinstated in office as soon as possible.

That proposal was made Thursday by Braley Odham, who sent a telegram to the governor asking the action because of the overwhelming vote she received and because "she has publicly committed herself to a position of full cash value assessments (which if she had done to you she could have prevented her suspension in the first place)..."

Odham reminded the governor that no public statement was made by those present at the meeting at which

Collins suspended Mrs. Walker except that by her, which she also used in her campaign, that she was unjustly suspended.

He said that Mrs. Walker's attorney charged that Odham was responsible for her removal from office and that impression had been used in her campaign against McCanna.

Odham called to the governor's attention that he had not personally discussed the suspension with Collins before it occurred.

"I am certain the public believes otherwise," Odham said.

Collins was traced by telephone from his Tallahassee office to the state prison at Raiford where he was making a tour. Neither he nor his administrative assistant responded to the call referred to them.

Collins had said at Tallahassee that he didn't know

what he will do about the suggested reinstatement. He was not at his office when McCanna's resignation was received there, creating the vacancy.

"I am a great believer in the public voice," he said Thursday. "But on the other hand I feel the people did not understand fully all the factors involved in her suspension."

Collins said he suspended Mrs. Walker after reports that her tax rolls were the worst in Florida, and after she refused to assure him they would be improved.

Despite the voters' rejection of McCanna, Collins had high praise for him.

"Mr. McCanna has done a superb job under very trying and difficult circumstances and I am proud of the job he's done."

Mrs. Walker could not be reached for comment today.

Storms Slash Oklahoma, Arkansas; Hundreds Die

WILBURTON, Okla. (UPI)—Tornadoes slashing across Oklahoma and Arkansas during the night left hundreds of persons dead and injured today. Many more were homeless.

At least 20 persons were known dead in the tornado zone, and more than 250 persons were injured in some areas had to turn away all but the most seriously injured patients.

Delbert Garner, superintendent of schools at Wilburton, said it "looked as if a bomb had been dropped on main street."

About 30 square blocks of this southeastern Oklahoma college town were crushed, about 13 blocks leveled and the rest approximately 50 per cent destroyed.

Rescue workers digging through stacks of kindling that once were homes and business buildings reported 13 persons dead, and up to 123 others injured. They expected the death toll to go higher.

Garner, former coordinator for the Ground Observer Corps in Wilburton, was in charge of hundreds of volunteer workers.

He said the area used to warn the town couldn't be used last night when the storm hit because hard rain and bad weather knocked out power about 30 minutes before the twister formed.

"I think a lot more people could

have been saved if that hadn't happened," Garner said.

Long lines of muddy, ragged persons lined up in front of the court house looking for casualty lists. Many found relatives and friends on them.

About half of the downtown business section was wiped out, and block after block of homes were nothing more than rubble.

The tornadoes began skipping across Oklahoma about dusk, and hammered a dozen communities in Oklahoma and Arkansas.

The tornadoes struck Menefee, Greengraber and Prescott, Ark., early today. One person was killed and 23 others injured at Menefee. There was property damage at the other two sites, but no reported injuries.

Several victims were killed as they sat down to supper, others while they slept and at least three persons died when their cars were picked up off a highway and smashed along the roadside.

State police and a home operator, who rushed a mobile rig into the area, were the only communications out of Wilburton.

Sports Film Set

A Florida Development Commission film, "Florida, Sportsman's Paradise," will be shown as a special program at the Rotary Club luncheon meeting at noon Monday in the Civic Center.

Chamber Directors Honor Ramage

Capt. James D. Ramage was praised Thursday night as an outstanding Navy officer and an energetic and conscientious contributor of leadership to many Seminole County civic projects.

The directors of the Seminole County Chamber of Commerce had Capt. and Mrs. Ramage as honor guests at their quarterly meeting to bid them farewell before his assumption of a ship command in June.

Resolutions by the County Commission, City Commission and the armed forces committee of the chamber commending him were read into the minutes and presented to Capt. Ramage.

All three commendations stressed the appreciation of city and county for his participation in civic, social and religious activities during the two years he has been commander of Heavy Attack Wing One at the Sanford Naval Air Station.

They praised his leadership in maintaining the "outstanding community relationship between Sanford and Seminole County and the personnel of Heavy Attack Wing One" and thanked him for his "international attention focused on Sanford and the county through his initiation of the Navy Bombing Derby."

The resolutions were presented by Mack Cleveland Jr., Mayor

Nikita Ordered Shot That Felled Plane

MOSCOW (UPI)—Soviet leaders reported today that an American plane was shot down Sunday by a rocket which Premier Nikita Khrushchev personally ordered launched. They rejected U. S. explanation of the incident as "nonsense."

New details emerged before the Supreme Soviet (parliament) of what observers believed was the first firing in anger of a ground-to-air missile.

Marshal Andrei A. Grechko said a single anti-aircraft rocket felled the U. S. plane on the first firing.

The United States has asked the Soviet Foreign Office for "full facts" about the shooting, the State Department announced. Department Press Officer Francis W. Tully Jr., said a note was delivered to the Russian Foreign Office this morning and "we are now awaiting a reply."

The note asked particularly what happened to the pilot of the aircraft.

The State Department assumes it was a civilian, a piloted weather observation aircraft which is

missing from its base in Adana, Turkey. The department said it was "entirely possible" that the pilot was unconscious due to failure of his oxygen system at 50,000 feet, which was reported in his last message to his home base.

Foreign Minister Andrei Gromyko rejected Thursday's U. S. State Department report on the incident and gave a tough preliminary warning to Berlin.

Gromyko repeated Khrushchev's warning that the Americans were "playing with fire." He said that

attempts to maintain the status quo of West Berlin by force would be met by force.

Gromyko dismissed as "nonsense" allegations by the U. S. State Department that the pilot of the downed American plane had fainted before crossing the frontier from Turkey and said Washington was unable to provide any coherent explanation.

Gromyko said there had been several previous violations of Soviet air space and that American pilots had opened fire on Soviet planes.

\$1,546 Stolen From SHS Safe

The Seminole High safe was peeled open and \$1,546.72 taken Thursday night.

The burglary looked like a professional job, Police Sgt. Leo Rock said today. The corner of the safe door was peeled back to get at the lock and tumblers.

The money in the safe was due to be deposited in the bank today. It consisted of lunch room income, money for caps and gowns and credit union checks, police said. Of the \$1,546.72, \$336.29 was in checks belonging to the school credit union.

The school was entered through a window in the girls' rest room, on the west side of the building, Registrar Mrs. Sadie Williams, who reported the break-in to the police, said the offices were ransacked.

The break-in was reported about 7 a. m. today. Sergeants Jack Hickson and Ben Butler investigated the case with Sgt. Russell Trench doing the fingerprint work.

Firestone Heir Plunges To Death
HAVANA (UPI)—Harvey S. Firestone III, 31, St. Petersburg, crippled, 32-year-old heir to the Firestone rubber fortune, plunged to his death Thursday night from a 20th-floor room in the Havana Hilton Hotel.

Police listed his death as apparent suicide, although no suicide note was found.

An autopsy was scheduled later today to confirm the initial report that death was caused by a crushed skull. The body was to be taken to the United States immediately afterward, presumably to Firestone's home in St. Petersburg.

Sports Banquet Slated Wednesday

High School athletes will receive 20 awards and trophies Wednesday night at the annual Sports Banquet at the Civic Center.

All interested supporters of the Seminoles are invited to attend the roast turkey dinner and the presentation of awards. Tickets may be obtained from Gordon Bradley, John Kader or John Schirrad.

Beckwith To Keep Same Personnel
Arthur Beckwith, elected Clerk of the Circuit Court, beginning in January plans no change in personnel in the clerk's office.

The Seminole High Marching Band participated in the annual Watermelon Festival in Leesburg today.

The local band joined some 50 other bands from central Florida in the celebration. The band and majorities were deced out in traditional watermelon colored costumes.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four good reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A Mother's Prayer

Dear God... help me to live up to the faith I see in my child's eyes. Help me to be the person she thinks I am. I am so very human... yet to her I am wise as a sage. I am so very frail... yet to her I am a tower of strength.

I can bind her cuts and bruises... I can soothe her small hurts, both physical and mental... I can give her love... I can protect and cherish her. Yet I can never be half of all I must be, without You to guide me.

Help me... and watch over her. In Your Church, teach her the things that are beyond my power... so that she will one day be a better woman than I; and in her turn, a better mother.

Garden Club Gets Out The Shovels

Ladies with shovels started a clean-up and beautification program this week as members of the Driftwood Circle of the Sanford Garden Club did some planting in the area of the Naval Air Station's main gate.

Members of the Garden Club's various circles will be doing a lot of digging between now and December when the Florida State Garden Show is scheduled here. They want to make a good impression on all the visitors because they have been bragging about Sanford.

The Garden Club has invited all civic organizations and businesses to take part by brushing up the appearance of their buildings and grounds. The rest of us ought to add a little effort of our own.

When those garden clubbers from an over Florida get here in December we ought to have the ole home town fresh as a daisy so they will spread the word and get some more conventions to come here. In the meantime, all of us are sure to enjoy the brightness ourselves.

WORRY CLINIC by Dr. G. W. Crane

Martin is critical of his college professors. Good teachers are vital to progress, but many college professors are like those Martin describes. Either they don't know how to perform their job or else are too lazy to do their duty. He sends for the "Test For a Good Teacher" mentioned below.

GABN E-481: Martin M., aged 27, is a high school teacher. "Dr. Crane," he began, "I have been taking some extra classes in our Extension Center, and also go to summer school, for I want to get my M. E. degree.

"When I have noticed that some of my college teachers are very new, in fact, they wouldn't be interested in a city high school.

"For example, they often fail to advise students on the opening meeting of the class.

"And they don't explain how they intend to grade or tell us the relative amount of grade credit that our lab work will count for.

"Some of them are outright lazy and try to get by on theoretical knowledge they obtained 10 or 20 years before and apparently haven't tried to improve since.

"What do you suggest I should do about a teacher's role in the classroom?"

Crane and high school teachers as a group rate far above the college professor.

They don't teach as a career and don't take a major in the field of education, with many courses in psychology and classroom management.

College professors don't have to take a single course in these vital subjects, which is why many of them don't even understand the ABC's of effective teaching.

The biggest way I feel about it is the matter of college inefficiency but it is generally correct.

Oh, a minority of college professors teach themselves about such basic problems, but there is no requirement that college professors even have a single course in public speaking

UNITED KINGDOM

WASHINGTON CALLING by Marquis Childs

WASHINGTON — Of the several governors who have been listed as entrants in the Democratic presidential contest, the question is: How dark can a dark horse be? The plain truth is that they have failed to emerge with the passage of time as serious candidates, even on the if-and-when-a-deadlock-develops theory. As the senators have come up, the governors have gone down, thereby reversing a tradition of long standing.

Six months ago Gov. Edmund G. (Pat) Brown was widely reported as a man to be reckoned with in the Democratic race. Today he seems to have been the fate of most of his fellow governors and in the darkness of the dark-horse stable he is barely visible.

That fate is to be submerged in a local and regional problem. The governor must contend with a population explosion with a shrill, insistent demand for new schools, new highways, new recreational areas. And all too often, if he is a Democrat, he must wrestle with a Republican Legislature bent on proving his failure and incompetence. Small wonder then that from the state capitals no massive presidential image has risen on the political horizon.

If you were to sit next to Pat Brown on a train or plane, you would get a down-at-earth, solid, hard-working citizen; a sales manager or a production engineer; a good family man, taking his full part in all civil activities. These same characteristics sum him up as a public office holder and, above all, hard working and conscientious.

Brown's only son, Edmund Gerald Jr., is a service in the Jesuit order at Los Gatos, Cal. With seven years to go to his priesthood, Brown, himself a Catholic, tells of the circumstances under which his son made his decision to consecrate his life to the order. Mrs. Brown, who is the Catholic, was saddened at the thought that their only boy would be so completely removed from the orbit of their lives.

As Brown tells it, she approached him for opinion as to the idea with Jerry when he was growing up. You have, she said, given all of yourself to public office. And, rashly, he admits the truth of this.

It is a commentary on the demands of the governorship that in his first eight months in the office he estimates that he had no more than a half-dozen evenings with his family. When his first look over in January of 1939 there was a pressing need to get new taxes through a legislature that for the first time in many years had Democratic majorities. Then the huge Trinity Valley project, calling for the transfer of a great volume of water over high mountain ranges from the north to the arid south, had to be approved. This calls for state bond issues eventually totaling \$1 billion or more.

Along with this goes the problem of rich irrigated land held by a few owners—1 percent of ownership has 47 percent of this highly profitable land with one company having 200,000 acres. The migrant workers who till these great holdings have long been depressed and Brown has tried to improve their lot.

At the rate of a half-million new citizens a year, California will soon become the largest state in the union. The great sun today is nearly melting. The Legislature has just got through the Legis-

ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON — After all, presidential candidate Hubert Humphrey must meet his expenses somehow.

For weeks, as the chartered Humphrey family bus bounced along the byways of Wisconsin, reporters often asked: "Where does Hubert get his campaign money?"

Soon the reporters who asked the question got the answer—or, at least, part of it.

They received their bills from the Humphrey headquarters for riding that family bus.

One fellow, who rode with the Democratic aspirant from Milwaukee to La Crosse—about 200 miles—drew a bill for \$78.35. (He took a train back—same distance—for \$5.30.)

Other reporters who had hopped on Humphrey's happy bandwagon got somewhat similar bills. There were smaller invoices, too. Two men who rode on the bus named "Aspire" from the Milwaukee airport to Racine—distance, 30 miles—were billed \$7.50, at the rate of 25 cents a mile. (The return trip, via the North Shore railroad, was 50 cents.)

There were surprisingly few complaints about those bills, and most were paid promptly.

One newsman did, wistfully, pen this postscript to his payment: "Should Mr. Humphrey be nominated, I fear that the travel costs might be so great as to discourage even some of the richest newspa-

pers giving him the full coverage which he so richly deserves."

If these bus bills indicate how the liberal Democrat operates, he may be not only nominated in July, but elected in November.

A lot of people would root for a man who runs a fast ship or solvent bus, a man who discourages deficit spending, a man who could use these talents in balancing Uncle Sam's budget.

Why, with a determined man like that in the White House, there's no telling how soon this country would climb back into the black—maybe even as soon as the coming day of our great-grandchildren's grandchildren.

While the senator finds how to run his campaign on the debit side, his party as a whole is running in the red.

To try to raise \$240,000, the Democrats threw a massive \$100-a-plate dinner April 30 in the Washington Armory. But they ran into trouble.

The funds will be used for a "close squeak" contest in the November election. But the committee asked the same "contributions" from southern Democrats as from northerners.

The tab: for each congressman, one table (10 places, \$1,000). For each senator, four tables (40 places, \$4,000).

But the rub is this: southern Democrats have no "close squeaks" contests coming up in November. (In the South, congressional contests are decided in the primaries.)

As a result, the money raised ran into some southern resistance. They may try giving up staging \$100-a-plate dinners as a money-maker and do it the Humphrey way: sell bus rides.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: My husband picked our eleventh anniversary to tell me he wanted a divorce. He said he was in love with another woman. I asked him to think of our two children (3 and 5) and he said they were young enough to forget him, and besides, HE grew up without a father and so could they.

He left his clothes, golf clubs, camera and everything he owns behind. All he took were the clothes on his back. He just deserted me. I have no idea who the woman is.

He's been gone twelve days. I had one postcard from him from a motel near Pontiac, Michigan. I think he's lost his mind. I don't want to report it to the police because I don't want a lot of publicity. (I still have my pride.) How can I get him home quietly? **DESERTED**

DEAR DESERTED: Your husband has legal responsibilities to you and the children even if he cares nothing about the moral ones. He can be located and brought home quietly "without a lot of publicity." Your best friend at this time is your lawyer. From what you say, your husband could be emotionally disturbed so don't jump to any conclusions.

DEAR ABBY: My husband's brother begged us to sign a loan so he could have a large wedding reception. We signed, then we didn't even get invited to the wedding. Their excuse was that it was going to be a fancy church deal and they hated to put us to the expense of renting or buying the get-ups. (They suggested we put the money into a wedding gift instead. **HAVE YOU EVER HEARD OF SUCH NERVE?**)

My husband says he doesn't need an invitation to go to his own brother's wedding and we are going! I say he will have to drag me by the hair to get me there. Who is right? **NOT GOOD ENOUGH**

DEAR NOT: I think you are right, but please don't insist on that kind of entrance. Tell your husband that everyone who is wanted is invited to a wedding, including brothers. These people appear to be so rude and inconsiderate, I can't imagine why you would want to bother with them.

DEAR ABBY: Our minister likes my coffee cake. When he's in the neighborhood he drops in and I serve him some with tea. When I see him coming, I rush around pulling all the pin-up girls off the walls.

We have two sons (both in college) who are old enough to have pin-ups and they have decorated the place with them. I would be embarrassed to have the preacher look at them and me at the same time.

My husband says it is our home and if that's the way we live, it's dishonest to hide it. I say it is not dishonest to remove the pictures when the minister comes. Who is right? **MRS. F. J. M.**

DEAR MRS. F. J. M.: There is nothing "dishonest" about making the place a little more presentable for the minister. Hold a family powwow and suggest that the boys keep their pin-ups in their own rooms.

CONFIDENTIAL TO "LOOKING FOR MONEY": You're wrong. Money buys everything but love, personality, health, freedom and integrity. What else is really important?

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's pamphlet, "What Teenagers Want To Know," send 25c and a large, self-addressed, stamped envelope in care of this paper.

Fire District Drive For Funds On

Seminole County's 19th Fire District is not being taxed to support a fire department this year, Lake Mary Fire Dept. Women's Auxiliary publicity chairman Mrs. Olla Bestwell said Thursday.

The 20th district includes Lake Mary, Loch Arbor, Little Venice and Sunland Estates.

The money that the firemen and the women's auxiliary are trying to raise is needed to pay insurance on firemen and fire truck, and to pay off the \$700 owed for the license, Mrs. Bestwell said.

Rescue Craft To Join Armed Forces Day Here

A 65 foot offshore aviation rescue craft has been assigned to visit Sanford on Armed Forces Day, May 21.

The speedy boat will sail up the St. John's from the Mayport Naval Station and will be in position to receive Sanford visitors, any time desired by the City Armed Forces Day Committee.

Announcement of the AVF's visit was made in Congressman A. Syd Herling by Rear Admiral E. M. McMane, Commandant of the Sixth Naval District. Herling relayed the message to Sanford Armed Forces Day Chairman Joel Field.

Admiral McMane said that the depth of the St. John's channel prohibits the Navy from sending a larger craft.

The Sanford Armed Forces Day committee meeting today will be held in the USO building instead of City Hall, Field said today. The meeting will start at 5 p. m.

WASHINGTON (UPI) — Vice President Richard M. Nixon is inclined to think Sen. John F. Kennedy (D - Mass.) will win next Tuesday's West Virginia Democratic presidential primary. According to Nixon intimates, the vice president also believes that a West Virginia victory over Sen. Hubert H. Humphrey (D-Minn.) will clinch the nomination for Kennedy.

The Nixon forces are watching the West Virginia race with interest because the vice president is convinced the voters of that state are picking his opponent for 1960. Nixon did not see the debate between Kennedy and Humphrey televised from West Virginia Wednesday night. But his associates said it supported Nixon's belief that the views of the Democratic candidates are so similar there is "little choice" between them—particularly Kennedy and Humphrey.

If Kennedy beats Humphrey in economically - depressed, heavily Protestant West Virginia, Nixon is known to feel it would trigger a movement of political leaders into the Kennedy camp. He believes that Democratic politicians who might be wary of putting Kennedy, a Catholic, at the head of their ticket because of concern over the religious issue would have their fears answered by a West Virginia victory.

Kennedy and his West Virginia backers staked out a firm claim to underdog status today but still professed to see his chances improving in the state's Democratic presidential primary contest. In the camp of Humphrey there was a growing hope of victory. Both of these contenders for the Democratic presidential nomination interrupted their campaigns to be in Washington today for the scheduled final Senate vote on legislation to help depressed areas. In their parallel assaults

on the Eisenhower administration, each has stressed his belief that this bill is important to the pockets of economic distress in West Virginia. Both also claimed that their repeated emphasis on the administration's lack of attention to the state's economic condition was the major reason why President Eisenhower agreed to meet with Republican Gov. Cecil H. Underwood on the subject this week.

I would like to express my deep appreciation to those who voted for and supported me throughout my campaign. I extend my sincere congratulations to Mrs. Bruce.

14 Top Colts Set For Derby

LOUISVILLE, Ky. (UPI)—Tension almost cracked in the air at Churchill Downs today where 14 colts await Saturday's running of the Kentucky Derby but nerves in the stable area are more relaxed than usual only one day before the big race.

The man with the favorite carries the heaviest burden. But Bob Wheeler, who trains Tompan, for C. V. Whitney, felt a lot more confident this time than he did a year ago. Then he was "teething at the moon" with a filly and now he says, "I wish we had run Silver Spoon in the Kentucky Oaks instead."

Wheeler has been taken ill with an attack of alternating chills and fever with symptoms of influenza. But before the filly he radiated confidence, although the haunting fear of injury gnawed at his peace of mind just as it does with every horseman with a good chance to win the first of the Triple Crown stakes.

SEMINOLE HIGH LETTERMEN'S CLUB officers and two of their co-sponsors proudly show the Orange Belt Conference basketball trophy which the Seminole cagers won this year. Lettermen's Club Now Numbers 70 At SHS

The straining, sweating, hitting and hustling in Seminole High sports is rewarded each term when top young Seminole athletes receive their coveted block "S" letters.

In this big year for sports at the high school, five boys are tied for winning the most letters.

Jimmy Gracey, Ray Lundquist, Terry Christensen, Alex McKibbin and Mike Roberts all have letters in football, baseball, basketball and track. Gracey, Lundquist and Christensen are seniors. McKibbin and Roberts are juniors.

The Seminole High Lettermen's Club now numbers about 70 boys. To win block letters in football, basketball or baseball, boys must play a certain number of quarters or innings. They must win a certain number of points in track, swimming or golf letters.

Don't Let Sievers' Average Fool You

United Press International
Don't be fooled by that .219 batting average—Roy Sievers is adding some boom to the Chicago White Sox' season.

The American League champions are finally straightened out after their stumbling start and with seven victories in their last nine games are in a virtual tie for first place with the New York Yankees. The Yankees actually lead by 1 1/2 percentage points but they're all tied up in the games behind column.

Sievers, acquired from the Washington Senators for \$125,000, has been swinging a productive bat. Despite his low batting average he ranks second in Miami Minor League on the club with 10 runs batted in and he's knocked in at least one run in five of the White Sox' last six games.

Sievers returned to Washington for the first time since the big deal Thursday night and celebrated with a first-inning, two-run homer that paved the way for a 3-1 triumph over the Senators. Bob Shaw gained credit for his second win although he needed relief aid from Turk Low in the eighth.

The victory enabled the White Sox to remain one game ahead of the third-place Cleveland Indians, who beat the Baltimore Orioles, 11-4, in the only other American League game.

The Pittsburgh Pirates increased their National League lead in two games with a 9-7 triumph that spoiled Lou Boudreau's debut as manager of the Chicago Cubs; the Cincinnati Reds shaded the San Francisco Giants, 4-3; the Los Angeles Dodgers beat the Milwaukee Braves, 4-3, and the Philadelphia Phillies topped the St. Louis Cardinals, 3-1.

Tito Francona, hottest hitter in the majors at present, drove in four runs with a homer and two doubles to lead a 15-hit Cleveland attack that also included three hits each by Harvey Kuenn and Woody Held. Wynna Hawkins won his third game for the Indians.

Bill Virdon's ninth-inning triple drove in two runs that broke a 7-7 tie and snapped the Pirates' two-game losing streak. The Cubs had built an early 7-2 lead but the Pirates tied the score in the seventh with the aid of Roberto Clemente's three-run homer.

Vada Pinson stole second and third bases and then scored the winning run on a sacrifice fly in the eighth inning as Cincinnati's Bob Purkey beat the Giants for the first time in two seasons.

Eagles Sign Pair

PHILADELPHIA (UPI)—Fullback Joe Paley and defensive end Eddie Khayat have signed their 1960 contracts, the Philadelphia Eagles announced Thursday. Both players want to be Eagles as free agents in 1958.

About 25 boys are usually lettered in football each year, and about 12 get letters in basketball. The purpose of the club is to promote better understanding among players of all sports, football Coach Jim Pigott said Tuesday. It's a great honor to belong to the Lettermen's Club because such a small number of students are able to make the grade. Pigott added. The club helps promote a "feeling of oneness."

The Lettermen's Club will send a big delegation to the Seminole High All Sports Banquet at the Civic Center May 11. The boys entered a float in the homecoming parade last fall, and saved money to buy a page in the annual "Salmagundi" school yearbook. They also had a beach party with their dates at New Smyrna Beach last Saturday.

John Lovelace is this year's club president. Linvel Risner is vice president; James Markham, chaplain; and Jimmy Gracey, treasurer.

Ragan Paces Tournament Pros

LAS VEGAS, Nev. (UPI)—Trapshooters, like crapshooters, have luck that runs in streaks — and that's why Dave Ragan, the blond bomber from Orlando was tied for the lead today as the second round of the \$45,000 Tournament of Champions got underway.

Ragan, exploding from traps with all the finesse of the wheelers and dealers at the nearby casinos, fired a five-under-par 67 to deadlock with another long shot in this gambling city—Don Whitte of Borrego Springs, Calif.

Pastrano Out To Fix Mistake

LOUISVILLE, Ky. (UPI)—Willie Pastrano, an old pro of the ring at 24, will be out to show Alonzo Johnson that old pros don't make the same mistake twice tonight when they stage a Derby Eve light heavyweight 10-rounder.

Smith Leads Rawls Tourney

SPARTANBURG, S. C. (UPI)—Wiffi Smith today carried a two-stroke lead into the second round of the Peach Blossom-Betsy Rawls golf tournament.

The husky, freckle-faced youngster from St. Clair, Mich., who won this tournament the last two years, fashioned a three under-par 69 Thursday to go ahead of Patty Berg, Marilyn Smith and Beverly Hanson.

THIS WEEK
with the purchase of every
75hp STARFLITE II

we're including an automatic choke, a thermostatic temperature control, a choice of 8 propellers, full gearshift control, two-way shock absorbers, and a warranty policy good at any Evinrude dealer!

We don't mean to mislead you. These are part of the bonus features on every Starflite II... features you won't find on other motors. We just want you to be aware of what you're missing until you trade up to a Starflite II... and why it's to your advantage to trade up now!

It's a remarkable motor. Its 75 hp V-4 engine, combined with its fin-elim Jetstream Drive, will give you more speed with normal loads, more load-handling power, more versatile, all-around performance than any motor ever built before. We can prove it. And we'd love to do it with a demonstration.

Feature for feature, or horsepower per dollar, there isn't a motor to match it in value either! You can buy Starflite II at the lowest cost per hp in history!

Is there any reason why you shouldn't be enjoying Starflite II power, speed and luxury now? Money—who needs it? Your old motor in trade will do it. And now—early in the season, while we still have time to recondition and re-sell your old motor—we can offer you the best trade-in deal you'll ever get.

For newcomers to boating, a reasonable down payment will put you in command of the most commanding power on the water. And think of the vacation living you'll enjoy.

See it... compare value... try a Starflite II demonstration ride at your Evinrude dealer now!

Comedy Film Now At Ritz

"Please Don't Eat The Daisies", one of the nation's top best sellers, has been brought to the screen with a cast headed by Doris Day and David Niven and is currently playing at the Ritz Theatre. "Please Don't Eat The Daisies" tells the story of happily married Kate and Larry Mackay and their four irrepressible sons, ranging from a nine year old to seven year old twins and a one and a half-year old baby. The hijinks that go on in this menage cover almost every facet of life in a typical New York apartment and involve such accessories to the family as the harassed maid, a baby sitting taxi driver with illusions of becoming a playwright and the family mutt, "Hobo."

ROSSANO BRAZZI and Mital Gaynor in a scene in "South Pacific" now showing at the Movieland Drive-In. The film is based on the hit musical that ran five years on Broadway. The film will continue at the drive-in through Wednesday.

Advertising Story May Leave Industry With Some Misgivings

By FRED DANZIG
NEW YORK (UPI)—It's possible that the advertising industry will have its own misgivings about "Girl in the Gold Bathub," Wednesday night's "U.S. Steel Hour" play. Those misgivings might involve the untimely twist in the plot that approved a soap company's decision to pawn off on the American consumer a 20-year-old gold-plated bathub as a 400-year-old Italian art treasure, a tub of solid gold. Since discussions of honesty in advertising are taking place in high and low places these days, it may be that the plot's denouement caused some anguish along Madison Avenue. However, I do not want to give the impression that the play was one of those comedies with a message. My misgivings about Bob Van Scoyk's latest effort on CBS-TV are more general. Let's just say that it was 90-and 44-100 percent pure dreariness; that it was as spry as a damp bathmat. Directed by Allen Reisner, the production was patchy and contrived. As a result, the cast had little chance to shine. The scenes and the bits of business tossed into them were so crudely ground, the action so herky-jerky, that I began feeling sorry for the attractive people in the thing. Johnny Carson portrayed a young ad man who was sent to Italy to escort the priceless gold bathub back to Madison Avenue, after getting it out of a contessa's villa. Jessie Royce Landis was the contessa who chickened out of the deal and began hocking everything in sight in a frantic effort to buy back the bogus bathub. Marisa Pavan was her lovely niece, with whom Carson fell in love, after falling into the tub. Edward Andrews, who, like Carson, is a member of the "Steel Hour" repertory company and has mastered the art of the glazed look, served as Carson's boss.

Happiness Through Health

You Don't Need To Have Arthritis (By DR. F. LEO KERWIN)

Arthritis is an inflammation of a joint. Therefore, any soreness or pain in your joints is, technically speaking, arthritis. In its advanced stages, arthritis becomes not only painful but brings about bone tissue changes. This might be a loss of calcium or lime in or about the joint, causing stiffness and immobility. You don't need to have arthritis, so long as you have a Chiropractor in your community. Your Chiropractor performs what was "yesterday's miracles" in enabling the disabled to walk. You need but to investigate Chiropractic to find out what it can do for arthritis. Your health depends upon proper nerve action. Are you a Chiropractic Case? One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 201 S. French Ave. and his telephone number is FAirfax 2-7442.

Nothing Automatic But The Fun!

Your Corvair doesn't shift itself. Because that's where you come in, and the fun begins!

All the action's up to you—so shift into first, let 'er out and you're off like a humming bird. Glide through Synchro-Mesh, no clutch, 2nd—then 3rd—and feel the positive, easy action of the foot-proof Corvair gearbox. Feel the smooth, responsive power of that air-cooled pancake engine—aircraft-bred to cruise easily at 75 mph with lots left over.

Need a sudden burst of power? Downshift and you've got a blast of it! Nothing compares to the feel of command that comes from putting those Corvair horses through their paces—yourself.

Specialist Devotes Self To Giving Trivial Answers

By DICK WEST
WASHINGTON (UPI)—The only person I know who seems to enjoy answering obscure questions is Sam Davenport, who might be described as a miscellaneous specialist. The more obtuse a question is the more Davenport likes it. Since Davenport answers questions for congressmen, you can see that he has a lot of fun. Davenport gets his kicks as edi-

tor of the Office of the Coordinator of Information. The office of the Coordinator of Information occupies a sunlit suite in the old House office building and employs such cheerful people as Davenport to do the coordinating. The office was established in 1947 to take some of the burden off the Library of Congress in handling inquiries from congressmen. Under an informal arrangement, it handles spot queries,

leaving the library free to field those requiring heavy research. In one respect, it is the most unusual governmental office in Washington. It has less employees now than when it started. Davenport, a former school teacher, joined the staff 12 years ago and recently answered his 35,000th question. To commemorate this milestone, he gave a box of candy to the congressional secretary who asked it.

PLANNING TO BUY A NEW HOME ? HERE ARE SOME GUIDES TO CONSIDER

BUY FROM FOLKS WHO HAVE ESTABLISHED A REPUTATION OF QUALITY

J. Bralley Odham, President of Odham and Tudor has built over a thousand homes in Sanford and environs. Over \$16,000,000 in quality home construction. Indicative of the acceptance of homes built by J. Bralley Odham is the growth of Sunland Estates. The first home in Sunland was completed just two years ago. There are 370 homes completed in Sunland now. Other areas for your examination are Pinecrest Heights, Rose Court, Grove Court, Belaire, Grove Manor, Druid Park and South Pinecrest-Fourth Addition. Model homes are open for your inspection in Sunland Estates.

INSIST ON FULL VALUE IN THE HOME YOU BUY

The value of your home certainly doesn't stop at the lot line of your property. First class street construction, sidewalks, streetlights, drainage and lighted recreation areas make Sunland Estate homes a much better buy for your hard earned home buying dollar. And an important item for your consideration is that there are no septic tanks in Sunland. Septic tanks are cheaper for the builder but not for the home buyer who must contend with them after the builder removes himself from responsibility. YOU GET FULL VALUE IN SUNLAND ESTATES.

CONSIDER THE TYPE OF MORTGAGE CAREFULLY

If you haven't used your VA-loan rights — VA is by far your best mortgage value. Just as an example — on a \$14,000 mortgage for 30 years — the monthly payments under FHA including taxes and insurance would be \$97.50. The same mortgage under VA — at the current interest rate would carry a monthly payment including taxes and insurance of \$87.25. A MONTHLY SAVING FOR THE VETERAN OF \$10.25 FOR THIRTY YEARS. And VA-loans are available in Sunland Estates NOW — NO DELAY. Sunland Estates also offers FHA and FHA-in service financing.

A WORD OF CAUTION TO THE HOMEBUYER

When you are quoted a "Monthly Payment" make certain that you are quoted the TOTAL MONTHLY PAYMENT — a figure that includes not only principal and interest — but also taxes and insurance of the type required on your loan. Our sales personnel secure the amount of taxes from your county tax assessor, compute insurance from current rate, and with the known factors in interest rate and amount of mortgage tell you exactly what your monthly payment will be. When you buy insist on information on all the obligations you will assume — not just monthly payment on interest and principal.

INSIST ON FULL GUARANTEES TO PROTECT YOU — THE BUYER

J. Bralley Odham offers you these two firm guarantees:
I. Your personal satisfaction is guaranteed on the construction of each Sunland Estates Home for one full year or your down payment and closing costs will be returned.
II. To encourage you to join us in a new way of life in Sunland Estates, J. Bralley Odham, President of Odham and Tudor, agrees that if at any time during a six month period beginning with the signing of your sales contract it becomes necessary for any reason for you to effect a job change that requires your moving outside a twenty five mile radius of Sunland — your down payment and closing costs will be returned. DON'T ACCEPT LESS GUARANTEES AND SAFEGUARDS THAN THESE.

Candidates Clash Over Race Issue

The two candidates for Democratic nomination for governor went on their separate campaign trails today after a face-to-face clash over the racial issue in Miami Sunday night.

Doyle Carlton accused Farris Bryant of sending out "smear literature" and Bryant said Carlton was stirring up emotional issues.

Carlton had a breakfast appointment this morning with supporters of Ted David and John McCarty. David has announced he will campaign actively for Carlton but McCarty left Florida for a visit to North Carolina Saturday without endorsing anyone.

In the Miami appearance Sunday, Carlton said Bryant supports a Virginia-type resistance to school integration. He said this would lead only to massive school integration.

He said Bryant sponsored a resolution which would have caused the federal courts to strike down the state's pupil assignment law. He said this would result in a large scale school integration.

"Why don't you let these emotional issues die down?" Bryant said.

"Don't be deceitful and cute," Carlton responded. He then accused Bryant's headquarters of putting out smear literature. Bryant denied this.

The candidates disclosed Sunday they will debate the issues of the campaign on live television shows six more times throughout the state between now and May 24th.

"I am pleased to release this schedule of joint appearances with Mr. Bryant so that we can stop all this loose talk that the public being deprived of a choice to see us compare our views to government," said Carlton.

The six coming debates will be: May 12, WJXT-TV, Jacksonville; May 15, WTVT-TV, Tallahassee; May 18, WTVT-TV, Tampa; May 19, WEAR-TV, Pensacola; May 21, WDBO-TV, Orlando; and May 22, WCKT-TV, Miami.

Bryant said today he does not intend to use the race issue to inflame the people to get votes. He said he will not answer name-calling by Carlton in the runoff campaign but will stick to the issues.

Bryant started the day with a news conference in his campaign headquarters at Ocala where he said he will spend the rest of the day working on a television speech.

Carlton got up early to seek votes at a breakfast in Fort Lauderdale with supporters of Ted David and John McCarty, who were eliminated in the first primary.

Bryant began his press conference with a reference to last night's TV debate at Miami with Carlton in which he said Carlton called him a "race baiter, demagogue and peddler of half-truths."

"Carlton is determined to make his moderate integration approach the issue in this campaign," Bryant said.

"He stands for moderate integration. I am a firm believer in firm segregation. I believe the people will decide for segregation and if I am governor, we will maintain segregation by every honorable and constitutional means."

Concert

The Seminole High Choralists and Freshman Chorus will present their annual spring concert Tuesday at 8 p. m.

"Carnival of Venice, 76 Trombones, Religion is a Fortune and Ball Hit" are only a few of the 28 songs to be presented by the 120 students.

Soloists, madrigal singers, a double quartet, boys and girls' glee clubs, a mixed ensemble, two choruses and accompanists will be featured in the program at Seminole High.

News Briefs

Cutting Quotas — Sen. George A. Smathers (D-Fla.) introduced legislation today to extend the Sugar Act four years but cut Cuba's present quotas by nearly 10 per cent.

Nixon Top Choice — The Florida Press-Observer's William C. Cramer (R-Fla.) says a poll in his district shows Vice President Richard M. Nixon leading in sentiment for president. Cramer said the poll gave Nixon more than three times as many votes as John Kennedy (D-Mass.).

New Space Success

WASHINGTON (UPI) — American scientists have beamed a radio signal 500,000 miles into space and turned on the 150-watt transmitter in the Pioneer V satellite. The transmitter is expected to keep scientists in contact with the satellite for another eight months, or until it is nearly 400 million miles from earth.

Johnson Support

AUSTIN, Tex. (UPI) — Backers of Sen. Lyndon B. Johnson (D-Tex.) for the Democratic presidential nomination forged ahead today with plans to swing all of Texas' 61 votes behind him at the national convention in Los Angeles. Johnson said at his ranch near Johnson City, Tex., Sunday night he will "do everything possible" to justify the grassroots support shown him by precinct conventions Saturday.

Strong Pressure

WASHINGTON (UPI) — Democratic National Chairman Paul M. Butler says Sen. John F. Kennedy will come under strong pressure to run for vice president if he fails to get the Democratic presidential nomination. Butler also said Sunday he thought that Adlai E. Stevenson was "available and ready and willing" to run again as the Democratic presidential candidate "if called upon to accept."

Orlando Man Takes First In St. Johns Marathon

More than 500 heating enthusiasts lined the waterfront of the Sanford Boat Marina Saturday to watch Paul Sanborn Jr. of Orlando win the second annual 27.5-mile St. Johns River overboard marathon. Sanborn, piloting a Critchfield Kelp-Kat, was awarded a silver trophy and \$75 in prize money in the race which was run from Jacksonville to Sanford and back.

The winner's total elapsed time was four hours and 37 seconds. This was 51 minutes and 15 seconds better than last year's mark. Second in the field of 28 boats was Tommy Hagood, also of Orlando.

Another Orlandean, Jim Hunt, took first place honors in the Class 2 division of the race.

The race course consisted of a 2-mile chain of tricky channels and wide shallow lakes which made this year's marathon one of the roughest in a race of this kind.

Nobody Working In Tax Assessor's Office Today

Violent Russian Reaction Expected

MOSCOW (UPI) — The Russians probably will react violently to the news that the United States has admitted the plane shot down over Russia last week probably was gathering information, observers here said today.

A Tass (official Soviet) agency dispatch in today's newspapers, saying the State Department had admitted that the plane was spying on Russia, was the first word published here about the U. S. announcement.

Moscow observers also believed that Francis G. Powers, of Albany, Ga., pilot of the downed plane, would be tried quickly and publicly, probably on spy charges. It found guilty Powers could be sentenced to execution by shooting.

Khrushchev and Russian commentators were expected to use the State Department announcement as the occasion for sweeping denunciations of American "clumsiness, hypocrisy and warmongering."

Soviet dispatches from Washington emphasized White House press secretary James C. Hagerty's statement that President Eisenhower did not know about the plane's flight over Soviet territory.

Khrushchev said Saturday he was prepared to accept the highest statement, but he expressed concern about the president's "alarming... ignorance in that respect."

The premier blamed the State Department, the Central Intelligence Agency and the Pentagon for the incident.

The White House denied today that Eisenhower had ordered a halt to all flights over or near Communist borders in the wake of the admitted U. S. espionage plane mission over Russia.

The report, citing "responsible authority," said Eisenhower stopped the flights pending an executive investigation of the entire intelligence apparatus of the government.

District 1 County Commission candidate T. V. Brown died of a heart attack at his home about 2 p. m. today. Mr. Brown became ill and was driven home earlier, it was reported. Mr. Brown has lived in Seminole County since 1914. Mr. Brown was to be in a runoff election against J. C. Hutchinson May 24.

Bill Planned

WASHINGTON (UPI) — Rep. Peter F. Mack (D-Ill.) said today he was introducing a bill to bar subsidy payments to U. S. domestic trunk airlines. But he denied the measure was aimed at Capital Airlines which is in deep financial trouble.

Chilling Cold Air Mass Moves Into County

A high pressure area carrying a cold air mass moved over Seminole County Sunday dropping temperatures about 15 degrees below normal.

Temperatures this morning dipped to 51 degrees and was termed by weather bureau officials as one of the coldest May days on record in the county.

More cold weather is forecast tonight and tomorrow with a low of 32 forecast for tonight.

The mass, about 1,000 miles wide, was expected to remain over the county and Central Florida area through Tuesday.

Waterpools and accompanying winds up to 40 miles per hour kicked up high waves in the Gulf of Mexico off beaches near St. Petersburg. The spouts dissipated as they moved over land.

A 70-foot sailing schooner from Puerto Rico and a 48-foot cabin cruiser were battered to pieces by high winds in the Tampa-Clearwater area. Three men aboard the schooner and five men on the cruiser were rescued.

Frank Ritz, 18-year-old Clearwater resident, apparently drowned in the surf Sunday in front of hundreds of bathers on a West Coast beach.

Officers said the boy went under after calling that he could not get back to shore because of sudden rough water. His body was not recovered.

The cold wave caused the mercury to plummet to 36 at Miami early today, breaking the all-time low of 90 for May 9 set in 1958.

Downpours drenched New England and the northeastern states today while temperatures in the 30s put a winter-like chill on the Midwest.

A broad rain pattern moved east Sunday to the Atlantic, dropping as much as five inches of rain over central Pennsylvania.

Seven inches of snow fell at Rylvan, Wis. Temperatures were below freezing throughout most of Wisconsin and in the 20s in Illinois and Indiana.

'My Job Over,' McCanna Says Of His Resignation

The tax assessor's office was closed today, 48 hours after Assessor Richard McCanna and five of his employees handed in their resignations.

McCanna said today he had turned over the only set of keys to the office to Clerk of the Circuit Court David Gatchel.

"My resignation was effective as of Friday and as far as I'm concerned my job as tax assessor is over," McCanna said.

McCanna added that he felt that the office would not be busy this time of year anyway.

Attorney for the County Commission Mack Cleveland Jr. said that under Florida law, the Clerk of the Court could assume the duties of tax assessor until an interim assessor is appointed.

Gatchel declined to comment on the recent developments except to say that McCanna turned over the keys to the office late Friday afternoon.

Mrs. Mary Earle Walker who was elected assessor in the May 3 primary, was out of town today and could not be reached for comment. Mrs. Walker is expected to be out of town until the latter part of the week.

McCanna sent a telegram to Gov. Collins Friday submitting his resignation. He said in the telegram that "inasmuch as the desired goal of obtaining a lawful assessment level has been definitely achieved, I feel I would like to return to my private business practice."

Five of the nine employees of the office also resigned Friday.

At 2 p. m. today the governor's office reported that Collins was not expected to arrive back in Tallahassee until about 3 p. m. He was out of town when McCanna's resignation was received by his office.

Gov. Collins had already taken under advisement a proposal that Mrs. Walker be reinstated in the office as soon as possible.

That proposal was made last Wednesday by J. Bralley Odham, who sent a telegram to the governor asking the action because of the overwhelming vote she received in the primary and because "she has publicly committed herself to a position of full cash value assessments."

Atlanta School Mix Ordered

ATLANTA (UPI) — Federal Judge Frank A. Hooper today ordered public schools in Atlanta integrated by May 15, 1961, granting the city a year of grace.

The federal district judge said at a hearing on the Atlanta case that he wanted to give the Georgia legislature "one more chance to prevent the chaos" that would come if schools are closed under present state racial laws.

Hooper gave his decision to a packed courtroom made up of at least 50 per cent of Negroes and also including attorneys for Negro plaintiffs and the defendant Atlanta School Board.

Today's decision was in the nature of an informal order from the bench which Hooper said would be put into final written form at a later date.

An NAACP attorney from New York argued that Hooper's 1959 desegregation order in the Atlanta case should be implemented immediately.

The plaintiffs, Negro parents of school-age children who claimed discrimination by a segregation practice in Atlanta, indicated they would appeal Judge Hooper's order as soon as it is filed in its final form.

This would clear the way for another decision by the U. S. Supreme Court on its historic school desegregation decision of 1954.

Hooper commented from the bench that he feels that while his decision in the Atlanta case calls for slow action, it would be approved by the higher courts. The Supreme Court recommended "deliberate speed" six years ago.

Attorneys for the Atlanta School Board submitted to the court a copy of a lengthy state study commission document which contained recommendations for changes in Georgia racial laws. Hooper has already approved a pupil placement plan drafted by the board.

J. C. Murphy, attorney for the board, said he felt the report contained a possible solution to conflicting Georgia and U. S. statutes that had "a reasonable chance of being approved" by the legislature which meets next January.

Hooper called attention to the fact that provisions for a local option vote on school closings would not require a constitutional amendment which would have to be ratified by Georgia voters in a general election.

Chuluola Post To Name Officers

The George Maurice Jacobs Memorial American Legion Post No. 225 of Chuluola has received its temporary charter.

At the regular post meeting Saturday at 8 p. m. at the Chuluola Supply Co., the temporary chairman, L. Nichols, will preside and, in accordance with the constitution and by-laws of the American Legion will proceed to elect a post commander, vice commander, finance officer, sergeant-at-arms, historian and chaplain. The service officer and adjutant will be appointed by the new post commander.

The 1960-61 post officer's report must be properly filled in and sent to Department Adjutant before May 12, in order that the appointed delegates can qualify to attend the 42nd Department Convention at Tampa, May 27-28-29.

At the post meeting Saturday the charter members will receive their official membership cards.

Due to a heart condition that will not permit an active part, Nichols, the present temporary chairman will not be a candidate for officer.

2 Face Traffic Counts In Mishap

A car pulling out of a French Ave. service station was knocked into a half spin for 36 feet when another car hit it Sunday.

Mrs. Dorothy Nell Lamas of Gainesville drove in front of a southbound car as she pulled onto French Ave. from the Bay Service Station near 18th St., police said.

John Mark Burns' auto hit Mrs. Lamas car in the left end. Burns, a Casselberry resident, was charged with failure to yield the right of way. Damage to both cars totaled \$1,000.

23 Parcels Sold For Road Project

Twenty three parcels of property bordering Sanford Ave. have been sold for the widening of the avenue between Generals Ave. and Gladders Corner. The price paid by the county for the land was \$5,445. This leaves 78 pieces of property the county needs to buy along Sanford Ave. for the widening project. The State Road Dept. will do the widening work.

Police Probing School Burglary

Whoever peeled open the Seminole High safe Thursday night apparently used gloves, since no fingerprints have been found, Sanford police said today.

Chief Roy Williams said that burglaries of this type have been frequent in Sanford and surrounding areas recently. A check is being made with nearby towns to see if the burglaries can be connected to produce a clue about who stole the \$1,546.72 from Seminole High. Considerable damage was done to the safe before the money was taken.

Two Runoff Rallies Scheduled Next Week

The County Executive Democratic Committee has scheduled two political rallies for the 12 candidates running in County Commission runoff battles and one constable and peace justice race.

Both rallies will be held next week.

The first rally will be held for residents in the south end of the county at Prairie Lake and the other will be held May 21 at Memorial Stadium in Sanford.

The date for the Prairie Lake rally has not been set, according to committee chairman R. S. Billheimer.

Billheimer met with the 12 candidates at a meeting Friday and discussed the possibility of the rallies. The majority of the candidates favored holding only two rallies.

The candidates in the runoff are:

1,250 Marchers To Join Parade

About 1,250 civilians and military personnel are expected to march in Sanford's Armed Forces Day parade May 15.

Parade chairman Joel Field gave this number as a conservative estimate of marchers. The parade will form at 9 a. m. and start moving at 11 a. m. Beginning at Fourth St. and Oak Ave., it will go north on Oak to First St., turn east and move along First to San Carlos Ave.

An Armed Forces Day show will also be held at the Sanford Naval Air Station from 11 a. m. until 3 p. m. The aviation rescue craft to visit Sanford will be open to visitors starting at 11 a. m.

Another Armed Forces Day committee meeting is scheduled for 8 p. m. Friday at the USO in the Chamber of Commerce building. All persons interested in working on the parade are asked to attend.
