# New York Yankees Bombard Giants For Fifth World Championship

## Lefty Gomez Has Too Much For National Leaguers As He Sets Them Down 4 To 2

It Was The Second Straight World Series Victory Over Bill Terry's New York Giants; 38,216 See Chilly Game

By ALAN GOULD Associated Press Sports Editor  
POLO GROUNDS, NEW YORK, Oct. 11.—(AP)—The conquering Yankees clinched another record-making chapter in their book of amazing baseball accomplishments yesterday by overpowering the Giants in a booming finish to the second successive all-New York world series.

To the accompaniment of their biggest burst of long-range fire in the series, the Yankees blasted out a 4 to 2 victory on a rain-drenched diamond in the fifth and final game, while Lefty Gomez repeated counter-attacks by the Giants after Mel Ott's homer tied the score in the third inning.

The triumph by the Yankees, 4 games to 1, marked the second straight conquest of their neighborly rivals, their fifth successive victory in baseball's big-money title and their sixth since the war. They won previously in 1923, 1927, 1932 and 1936.

This set an all-time record. The Yankees broke a tie with the Boston Red Sox and Philadelphia Athletics, each of whom was victorious in five world series. The champions of the world now have captured 20 of their last 23 series games and their club in either league that, in two years, has come close to challenging their supremacy.

Gomez was the hero of the decisive game as the Yankees tallied all their runs off the portside delivery of gangling Cliff Melton, Giant freshman who failed for the second time in the series. Five of the eight Yankee hits went for extra bases, including a double, two triples and two home runs, but Gomez enjoyed the distinction of hitting home the winning

run with a single as he repeated his opening game triumph over the Giants.

The lanky Castilian portlander, by winning two contests, ran his world series record to five victories, with no defeats. He beat the Cubs once in 1932 and the Giants twice last year. He is now tied in the record books with Jack Combs and Herb Pennock, each of whom posted five victories without a setback.

Despite penetratingly chilly weather and skies that ceased dripping only an hour before the game began, a crowd of 38,216 turned out to see whether the Giants, after making a winning stand behind the great Carl Hubbell Saturday, could dispel the issue with the Bronx Bombers. With the park less than two-thirds filled the gate receipts just failed to touch the million-dollar mark. The total for five games amounted to \$985,994.

Mack Ordered To Bed By His Physicians  
PHILADELPHIA, Oct. 11.—(AP)—Connie Mack, president and manager of the Philadelphia Athletics, who has been confined to his home by illness since early September, said he was "feeling good" last night after suffering a relapse Friday.

"I've been up and around all day and am feeling good," Mack said. "I'm taking things easy, though."

The Athletics' manager was ordered to bed by his physician Friday after a relapse caused by eating food that did not agree with him. His physicians said there was no cause for alarm.

## Miss Marjorie Newman Wins Speer's Second Football Contest

### She Picks Eight Out Of Possible Eight Winners

### Many Local Football Fans Send In Their Contest Selections

Little Miss Marjorie Newman of Oak Avenue, who has won in this week's Speer's Football Winner contest, when she picked eight winners out of a possible eight games for (win of the 1st games were) 6 to 0.

Miss Newman was not the only person picking eight winners but she brought her selections to The Herald office before any of the other winners had the forwarded for her attention.

The other nine winners in this contest were: Miss Evelyn Whitson, Johnnie Myrick, Edward Johnson, Jr., Douglas Hogstrom, S. E. Gardner who also was a winner in last week's contest, E. A. B. Wilkinson who was also a last week's winner, Misses Knight, Allen, Kiyomasa, Ed. Miller, Williams, the youth who won first prize in the last week's contest.

The contestants this week were very good in their selections although several games were tricky to select. Only a few picked Florida to win over Temple and the final score was 7 to 6 in favor of Temple. If Temple had lost to Florida it would have been a big upset in the local circles.

Mrs. J. A. Wright of 308 Magnolia Avenue was neatly correct on the Florida Temple game as she picked the two teams to play a tie.

Nearly all the contestants were correct in picking the Wisconsin Chicago game as Wisconsin won the game. A few defeated Cornell's game in which only three contestants picked Columbia to win. Cornell's strong attack evaded victory over Princeton in a game in which nearly all contestants picked a tie.

All contestants were wrong in the Notre Dame Illinois game as they played to a tie and according to rules and regulations of the contest all ties unless selected to play a tie, have to be checked incorrect.

Georgia defeated Clemson and surprisingly many fans selected Clemson to down Georgia. Northwestern won over Michigan and did not miss much trouble among the entrants. North Carolina's support did not fall much support from the local fans in the contest while they played New York University. North Carolina defeated the W. T. U. gridsters last season and were rated a favorite over them this season but it was half and half for each team here in Sanford.

Only three fans' selections were incorrect in the contest when they picked the contest to be a tie. The contest had a tough battle and the tie but succeeded in defeating them.

Another tie game in which all contestants were incorrect. And that was the tie game between Cornell and Wisconsin. A large crowd of fans turned their selections to see whether the most pick-the-winner contest and which interest in the contest had taken in it which was.

## HEAVE HO! IT'S GROANING GERTRUDE

WINTER PARK, Oct. 7.—It's all hard work and no play for the Blues fans this week as they prepare for their initial encounter with South Georgia State at Tinker Field, Orlando, this coming Saturday night, Oct. 9. "Groaning Gertrude," the 500-peso charging machine, also like in form, has really been groaning this week as line coach Alex Waite, for six years line assistant to Wallace Wade at Duke University, prepares his front line defenses for the opening contest.

The camera man has picked five of the starting linemen in the group working in the charging machine. They are, left to right: Don Ogilvie, Chicago, Wes Dennis, Asheville, N. C., Al Swan, Lakeland, Soc Soldati, Somersworth, N. H., and Paul Houston, Lakeland.

Although the Blues beat the Georgians last year, 25-13, they are taking no chances as the three weeks of two-daily sessions would indicate.

Five Japanese Airplanes Hit Japanese Announce Big Push At Shanghai Ready To Begin

SHANGHAI, Oct. 12.—(AP)—Three automobiles belonging to the British Embassy were machine gunned today by two squadrons of Japanese warplanes. None of the occupants was injured.

Staff cars in which S. S. Murray, assistant air attaché of the British Embassy, was riding with several other Englishmen were attacked by the raiding Japanese planes near Minghong, 14 miles south of Shanghai.

British officers asserted the cars could have been identified easily and added that there was no doubt the attacking planes were Japanese.

With Murray and the other Englishmen in the cars, British officials said, was the Soviet Embassy secretary named Shabov. He had been picked up 10 minutes before the attack when his car broke down.

The Embassy staff cars were en route to Shanghai from Nanjing in the same highway on which two Japanese planes recently seriously wounded the British Ambassador to China, Sir Hugh Knatchbull-Hugessen, by bombing and machine gunning the automobile in which he was making a similar journey. Japanese officials said the incident had been reported and that they were investigating.

While the Japanese army launched heavy aerial bombardment on the strongly held Chinese Chapel Sector on northern fringe of the International Settlement, spokesman said that, weather permitting, the long overdue Japanese "big push" would get under way in the immediate future.

Five Japanese warplanes were brought down today during spectacular air raids on Nanjing, the Chinese capital, and nearby cities, the Chinese announced today.

Three of the planes were shot down during dogfights with Chinese aircraft over Nanjing. Others suffered destruction at the hands of enemy pursuit planes at Chinkiang, Twenty-four Japanese aircraft took part in the raid on Nanjing.

In helping the capture of Shihchiachang, vital railway junction 175 miles south of Peiping, was aided by Japanese as the beginning of the end.

### 15,000 Jap Troops Take Part In Battle To Crack Lines

SHANGHAI, Oct. 13.—(AP)—A Chinese spokesman declared today that Japanese forces had lost more than 3,000 dead and wounded today in a disastrous attempt to crash through the Chinese lines across the Wentsao-pang Creek into Tazang, four miles northwest of the international settlement.

The Japanese army used 15,000 men in its desperate thrust. One Japanese flying column pushed ahead of the main body three miles to the outskirts of Tazang where murderous machinegun and hand grenade fire forced it to retreat to its original position.

Tazang is the most strongly defended town of the Chinese battle line. Its capture by the Japanese might force the Chinese troops to withdraw from the hotly-contested Chapai sector in order to escape being flanked and surrounded from the west.

A Chinese spokesman announced a Japanese effort to land a large number of troops at Yang-tieh-shao, five miles west of Lihou on the Yangtze River, was a failure. The spokesman said the Japanese were driving in from the rear of the Chinese defenders of Shanghai.

## Drive Is Started For New Members By Country Club

The membership drive of the Sanford Country Club during which it is hoped that the present membership of the Club may be doubled, is getting under way, it was learned today.

The drive was launched in a meeting of the officials of the organization in the Chamber building Monday night. At the meeting membership cards were issued and the names of the prospective members were divided among those present. Each prospect will be contacted and will be asked to purchase an annual membership card.

The City Commissioners have agreed to increase their annual allocation for the Sanford Club in proportion to the number of new members that can be ascertained, it was stated. The extra money is needed for the upkeep of the course and all golfers in Sanford are requested to join the club in order that a better course may be provided and maintained.

In discussing the matter, J. L. Ingley, secretary of the Club, stated that he wished Sanfordites would patronize the course twice as much as they do.

"The course is a real asset to the City," Mr. Ingley asserted, adding that he didn't believe some citizens realize what a real asset it is to the community.

The membership drive is expected to get in full swing this week, and officials of the Club hope that many new names will be added to the list of present members.

## The Career of L. R. Philips Team No. 1 Of Sanford Bowling Loop Takes Lead

By BOB ANDREWS

Fifty-six years ago this month a tall, unassuming young man stepped behind the counter of his brother's drug store at the corner of First Street and Palm-metle Avenue and proudly recorded his first sale. As he looked out upon the deep-rutted, sandy street and the scattered buildings that made up the business section, he probably dreamed of a larger town that might some day stretch back comfortably from the lake, but it is not what he dreamed in him what his own part in the growth of this crude young village might be.

And yet the career of this quiet young man, which was to develop through the years with the town of Sanford and become an important part of it, only recently terminated when Mr. L. R. Philips sold his newstand in the lobby of the Sanford Atlantic National Bank building, and went to Gainesville, Fla. to make his home.

Lucien Raymond Philips was one of six sons who were born and reared upon a farm in Putnam county, some 20 miles from Palatka, and because at that time settlement of Florida was pushing southward, young Lucien followed his father to the new land.

He served as clerk of the Duval County Criminal Court of Record in 1889 and in 1897 was appointed judge of that court. At the time of his death he was senior member of the law firm, Doggett, McCollum, Howell and Doggett.

## Stock Market Falls After Early Rally

NEW YORK, Oct. 13.—(AP)—A heavy stock market, down fractions to two or more points, followed Wall Street again today. Margin calls which went out as a result of Monday's crack, made themselves felt around the end of the first hour, brokers said.

This thrust shares down from an early rally scored after the strength shown in London.

So furious was the trading pace in the forenoon, the ticker fell behind as much as eight minutes at one time. By early afternoon the market regained its poise and the tape caught up but most stocks remained spineless. Motors felt the liquidation most, then steel, but the latter group developed irregular resiliency.

## Rotary International Disbanded In Germany

CHICAGO, Oct. 13.—(AP)—The secretary of Rotary International notified his membership last night of the end of Rotary in Germany. Announcing the disbandment of the 42 clubs in Germany, and the one in the free city of Danzig, the secretary, in a statement to member clubs, said the action was "in line with the considered judgment of the German Rotarians with regard to their obligations as good citizens of their country."

Dissolution of the German service clubs began in Berlin on August 31, after the Nazi party high command started a campaign against them because they did not conform to national socialism.

Walter Buck, chief justice of the party court, circulated a statement throughout the Nation which said "Rotary is not anti-Semitic and it is ruled by an international organization conceived in America."

## Levy Reports North Is Florida Minded

"Everybody in New York is talking about Florida," H. H. Levy, operator of the Geneva Fruit Packing Company, told a Herald reporter on his return to Sanford after a three-month stay in the nation's metropolis.

Every one you meet in Florida would not stay in New York if some one gave him the whole State.

On his return to this City, Mr. Levy stated that the temperature here was 20 to 40 degrees warmer at this time of the year than it was in New York and Long Island.

When asked if he was glad to be back, the packing house operator stated that, although he enjoyed the vacation immensely, he would not stay in New York if some one gave him the whole State.

The entire trip was made without mishap with the exception of a minor collision in a Georgia town when his car was hit by a motorist who had been parked and pulled into the street. He was advised by the judge in the small town that the parked car had the right-of-way, which Mr. Levy declared is an innovation in traffic laws.

Jaffier, and because of this fact he automatically became a duly qualified candidate in the general election without holding the primary scheduled for Dec. 2.

### Secretary Calls Attention To Housing And Snow Bird Problems In Sanford

Total expenditures amounting to \$5,300.00 were last night approved by the Board of Directors of the Seminole County Chamber of Commerce with the adoption of a budget for operation of the Chamber during the fiscal year October 1, 1937 to September 30, 1937. Total estimated receipts were also placed at \$5,300, it was reported today.

In representing the budget as prepared by the Executive and Finance Committees, President T. E. Simpson called attention to numerous reports from over the State complimenting the Seminole County Chamber of Commerce as one of the most aggressive and most economically operated commercial organizations in Florida, a record of which the entire citizenship of Seminole County should be proud.

Authorization was given for renewal of memberships in the following organizations with which the Chamber of Commerce has been affiliated for several years: Chamber of Commerce of the United States, Florida State Chamber of Commerce, Southern Commercial Secretaries Association, Florida Commercial Secretaries Association, St. Johns River Improvement Association and Florida Waterway Congress.

The Board also authorized Pentland, Gray & Moore to make the annual audit of the Chamber's financial accounts.

In presenting a resume of activities for the month of September, Secretary Bagwell again called attention to the housing situation existing in Sanford. The following is quoted from the report: "Twenty-one families took accommodations in Sanford this month (September), either because of business connections or the approaching winter season. ## Gangster Survivor Confesses Killing Three Policemen

BANGOR, Oct. 13.—(AP)—Captain Frank Foley of the Bangor police said today that James Dal-hover, the wounded survivor of the G-men's ambush of the dread Al Brady gang, had confessed the band had slain three policemen.

Captain Foley said he heard the sulky prisoner during an all-night questioning admit to killing Richard Rivers, an Indianapolis police sergeant, Paul Minneman, an Indiana state trooper, and George Conn, a Prepost, Ohio, patrolman.

Dalhover, his skull creased by a bullet, surrendered after the squad of federal sleuths shot and killed Al Brady, John Dillinger's "successor," and the gang's youthful "triggerman," Clarence Lee Shaffer, 21, yesterday in a dramatic five-minute battle on Bangor Street.

Foley said the captured gunman also accused Brady of "knocking off" a grocery clerk but said he did not know the victim's name or where the slaying occurred. G-men, however, have charged the gang with the death of Edward Lindsay Piqua, an Ohio grocery clerk.

## Anglo-French Governments View With Alarm New Signs Of Italian Purpose

BERLIN, Oct. 12.—(AP)—Germany concluded a non-aggression agreement with Belgium today. The accord was reached in an exchange of notes between German Foreign Minister Konstantin von Neurath and Belgian Minister Jacques Davignon at the Belgian foreign office.

The German note said that inasmuch as a new agreement replacing the Locarno Security Pact might take a long time, the Reich wishes to define its attitude toward Belgium without delay.

By The Associated Press  
Italian Blackshirt leaders today asked for 50,000 volunteer militiamen to meet "emergencies" as the British cabinet considered a new approach to the Spanish intervention in passe.

Fascist officials in Rome denied that any of the volunteers were intended for Spanish service but the British and French governments were known to be disturbed by recent reports of further Italian intervention.

The two countries however, seeking to avoid a direct clash with Italy, have yielded to Premier Mussolini's wish to have the London Non-Intervention Committee handle the question.

France agreed to this after stipulating that the negotiations must be swift and that Britain must help her "square the balance sheet" should negotiations fail.

After a cabinet meeting in London, Prime Minister Neville Chamberlain took the unusual step of calling the Laborite opposition leaders into a conference—a step which rarely occurs when Parliament is not in session except in times of crisis.
