## Road Bill Nears Senate Okay

TALLAHASSEE (UPI)—A high way funds bill sought by Gov. Farris Bryant was well on its way to passage today as the 1961 Legislature rolled into its third day, but Bryant's program was hitting snags in other areas. Due for a vote in the Senate today was the bill requested by Bryant to declare a moratorium until July 1 on the requirement that a 20 per cent cash reserve be kept in the state's primary road fund.

first big debates on the controversial bills are sure to explode in committee. The Senate Roads Committee gave approval Wednesday to the reserve fund moratorium bill, which Bryant said would allow him to dip into primary funds to get his administration's road program moving. A companion administration-sponsored bill to cut the cash reserve requirement to 10 per cent permanently after July 1 also was in the roads committee, but no action had been taken.

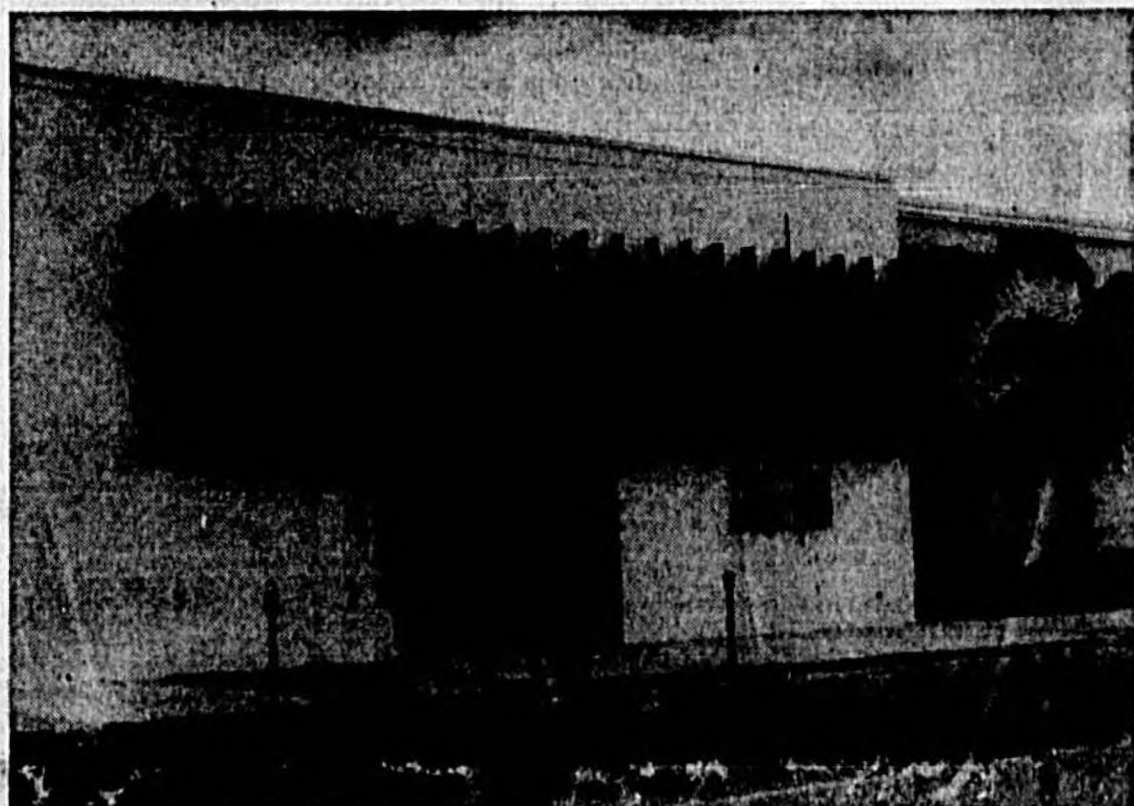

teachers came in for opposition when plans were announced for introduction of bills in both chambers for a \$750 teacher pay hike and a sales tax extension to finance it. Sen. J. Edwin Fraser of MacClenny and Rep. Frederick Karl of Volusia County said they would introduce the twin bills. They said the measures would raise \$125 million annually in new revenue to pay for the raise by extending the three per cent sales tax to food, drugs and other presently exempt items.

Senate membership from 38 to 45, and an increase in the House from 95 to 105 members. Sen. John Rawls of Marianna, chairman of the Senate Constitutional Amendments Committee, said his committee probably would introduce the bill soon after minor kinks were worked out. Rep. Mallery Horne of Leon County, chairman of the House Rules Committee, hinted there might be trouble getting the House to go along with an increase in membership to more than 103. The House received 154 bills in all Wednesday, all but four of them local measures. The Senate got 78 general bills and two local ones.

The two biggest appropriations bills of the day came from Sen. Charley Johns of Starke and Rep. Sam Gibbons of Hillsborough County. The first calls for \$1 million for a free public library program and the second for \$250,000 to pay for a program for children furloughed from the state's industrial schools for delinquents. Also introduced Wednesday were three bills seeking immediate repeal of the state's double intangible tax on stocks and bonds. All three of the bills flouted the governor's recommendation that the tax be cut in steps over a two-year period.

### Frederick Named To Legislative Drain Committee

State Rep. Gordon Frederick was appointed to the powerful drainage committee Wednesday of the House of Representatives. That committee will be responsible for studying special drainage levy acts including one for Seminole before any legislation is passed. Frederick was appointed chairman of the claims committee while his associate Mack Cleveland, Jr. was named chairman of the judiciary committee. Cleveland will serve on citrus, education, finance, taxation, pensions and retirement committees during this term. Frederick will serve also on appropriations, atomic energy, water control and mental health. The House won't slacken its busy legislative pace to go home early for the weekend on Friday. The lower chamber voted 72-5 against the motion to take the day off.

This Is The Herald's New Look

### Finch, Tregoff 'Still In Love'

LOS ANGELES (UPI)—Dr. R. Herold Finch and Carole Tregoff, spared by a jury from death in the gas chamber and "still very much in love," vowed today to fight their life imprisonment sentences. The penalty fixed Wednesday by the jury of 10 men and 2 women meant the lovers, who were found guilty of killing the surgeon's wife, will be eligible for parole after serving seven years. Attorneys for the convicted murderers said they will appeal the case if motions for a new trial are turned down at formal sentencing April 17.

### Herald Building Among New Faces

Among the new faces among downtown Sanford business structures is the renovated Herald building, with a modern front designed by Jim Chapman and contracted by Shoemaker Construction Co. The concrete, stucco and glass front completely changed the building's appearance and put a functional closure on the air-conditioned offices, also renovated by Shoemaker workmen. The streamlined design was furnished by Chapman, a member of the firm of John Burton IV, AIA architects, which also designed the new neighbor of the Herald, the Florida State Bank. The old windowed front of the Herald was closed in with concrete block walls and stucco applied and painted. The louvers on the top section are redwood and the old Herald sign has been replaced by a modern plaque type with cutout lettering by Marcel Falile. The architects and contractor have been complimented by many of the Herald's customers, who also like the new wider sidewalk put in by city crews. Shoemaker Construction Co. crews also remodeled the interior of the building, adding more convenient customer space with rearrangement and enlargement of counters. Storage space was rearranged and lighting improved.

JOHN BURTON IV

The construction crews did the whole job while the staff continued to get out the paper and the renovation was accomplished with a minimum of inconvenience and no delay in meeting the daily deadlines. A communique from the Armed Forces Ministry said eight persons, including two militiamen, were killed and more than 100 counter-revolutionaries captured in a series of skirmishes in the western Cuban province over the past two months. For the first time the government used the word "uprising" to describe armed attacks by rebel groups. Oriente was the cradle of Prime Minister Fidel Castro's revolution and once the source of his main popular support. The government said two militiamen were killed and seven

### Spring Roundup Set For School

"Spring Roundup" for children who will be entering the first grade next year at Southside School will be held at the school Friday, beginning at 1:30 p.m. Parents will go first to the auditorium where they will be instructed on the procedure from there. Boys and girls who will be six years old on or before January 1, 1962 are eligible to attend.

### Kennedy Seeks Talk Seclusion

WASHINGTON (UPI)—President Kennedy and British Prime Minister Harold Macmillan today sought the seclusion of the presidential yacht, "Honey Fitz" for talks on Laos and Berlin. They planned to board the vessel shortly before 4 p.m. for a two-hour cruise on the Potomac River with their top advisers to resume discussions started Wednesday at the White House. The two leaders were expected to take up diplomatic strategy for negotiating with the Communists and reach the international conference table. They were hopeful of early Russian agreement on a cease-fire call which would pave the way for such a meeting.

### Seminole High 'Open House Today'

Principal Andrew J. Bracken invites parents and the general public to "Open House" at Seminole High School today. Visitors will meet in the school auditorium at 7 p.m. with Bracken and Superintendent R. T. Milwee, and then be taken on a guided tour of the school by members of school clubs and organizations. The Student Council will be host for the occasion and refreshments will be served in the cafeteria for a social period, following the tours.

### Fire Destroys Dees Home

The home of Frank Jay Dees in North Lake Monroe was destroyed by fire late Wednesday afternoon. No one was injured in the blaze. Most of the household furnishings and a large amount of cash were lost. Volusia County Fire officials are still trying to determine the cause.

Unity Pledge PARIS (UPI)—President Kennedy today pledged that the United States will do "everything within its power" to enhance the strength and unity of the North Atlantic Treaty Organization.

### News Briefs

#### For Consideration

TALLAHASSEE (UPI)—The House is considering a bill to allow Jackson County to spend county funds on Graham Air Force Base near Marianna. The county has the idea of taking it over when it is demobilized if the state doesn't make use of it.

#### Innocent Plea

MACCLENNY (UPI)—Self-styled "alibi lawyer" Albert R. House pleaded innocent to charges of kidnaping and breaking and entering with intent to commit grand larceny, at arraignment Wednesday before Baker County Judge B. R. Burnsed.

#### Appeal Denied

TALLAHASSEE (UPI)—The State Supreme Court Wednesday turned down a second appeal from condemned cop-killer Norman J. Mackiewicz. The attorney for Mackiewicz, sentenced to death for slaying Bal Harbour Police Lt. Robert Staab in the Balmoral Hotel, said he planned to carry the case into federal courts.

#### More Taxes?

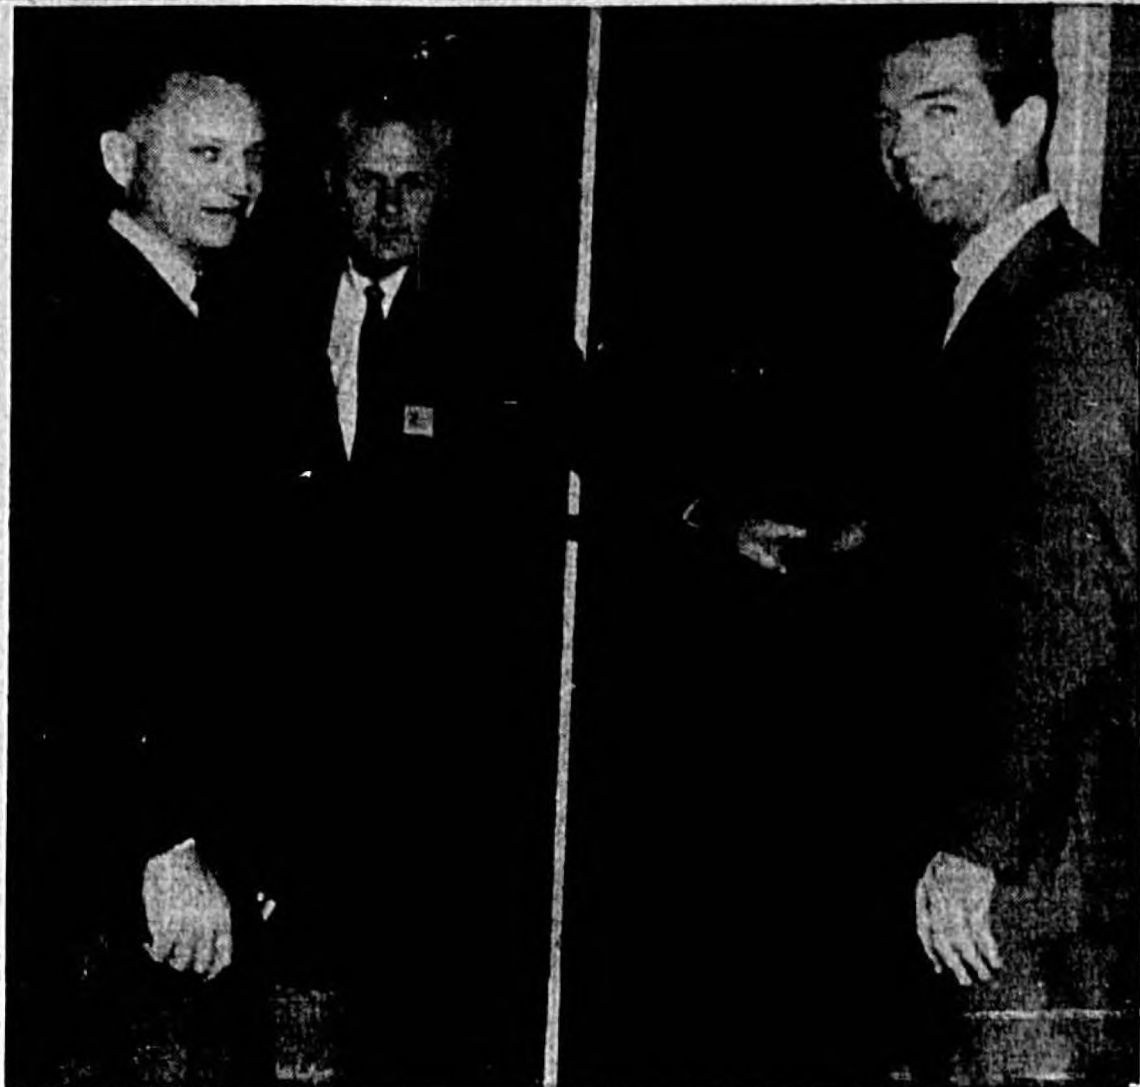

WASHINGTON (UPI)—President Kennedy will propose next week that Congress collect more income taxes from stockholders and less from businesses that invest in new plants and equipment. He was not expected to call for a temporary tax cut for individuals. Administration sources have been rejecting any such plan as a way of giving the economy a shot in the arm.

#### Case Refused

TALLAHASSEE (UPI)—The Supreme Court Wednesday refused to take jurisdiction of a case challenging contracts between Pinellas County and the Terra Verde Corporation, and sent the case to the Central Florida Court of Appeals. Pinellas County residents N. C. Brandon, William Metter, John Immel, Val Gottschling and D. H. Colville contended the contract for financing construction of facilities on Mullet Key was illegal. Attorneys for the five men said the contract was an attempt to avoid bonds for development of the Key.

## Cubans Say 'Uprising' Put Down In Oriente

HAVANA (UPI)—The government said today it had put down an "uprising" in Oriente Province despite aid to anti-Castro forces from the U. S. naval base at Guantanamo. A communique from the Armed Forces Ministry said eight persons, including two militiamen, were killed and more than 100 counter-revolutionaries captured in a series of skirmishes in the western Cuban province over the past two months. For the first time the government used the word "uprising" to describe armed attacks by rebel groups. Oriente was the cradle of Prime Minister Fidel Castro's revolution and once the source of his main popular support. The government said two militiamen were killed and seven

FLORIDA STATE BANK PRESIDENT T. E. TUCKER welcomes Longwood Mayor A. R. Lormann and Altamonte Springs Mayor Wilbur Hawkins to a special preview of the new bank Wednesday. Both mayors were among some 50 guests of the bank for the tour of the new facility. (Herald Photo)

## Recreation Aide Resigns

Assistant Recreation and Parks Director Gene W. Schlickman resigned his post this week after he was accused of mismanagement of recreation funds, the City Commission was informed today in a special meeting. At the same time, the commission authorized City Manager W. E. Knowles to seek a replacement for Recreation Director Ronald Perry whose resignation becomes effective April 15. City Commissioner J.H. Crapps urged Knowles to try and get "a home-town boy" for the job. Perry resigned three weeks ago to accept a job with a swimming pool firm in Florence, Ala. Knowles said that it would take

about "20 to 30 days" to find a replacement and said that the city baseball program may have to be delayed until a director is found. The city's Babe Ruth and Little League programs start May 1.

Knowles, in a two page memo to the board today, said that Schlickman was asked earlier in the week to explain certain irregularities in recreation accounts as shown from September through January. Knowles said he asked Schlickman to explain these irregularities within 24 hours or turn in his resignation. Schlickman resigned his post Tuesday.

### Four Hospitalized After Car Flips

Four persons were hospitalized in a one car accident early this morning on SR 434 three miles west of Longwood, the sheriff's office reported. Deputy Charles Fagan said that a car driven by Frank Hogan of Casselberry rolled off the road and turned over two times. Hogan apparently lost control of his vehicle, Fagan reported. Hogan was hospitalized with chest and neck injuries. Also injured and treated at Florida Sanatorium were Donnie R. Cawood of Bear Lake, Rita Sue Mauldin and Linda Lee Curtis, both of Maitland. Hogan was charged with driving without a license and reckless driving while drinking. Fagan reported that Hogan was driving "at a speed greater than 100 miles per hour" at the time of the accident. The 1961 car was totally demolished with damage estimated at \$2,500, Fagan said.

The clean-up of old outdated records at the courthouse has begun. The records, some dating back as far as 1913, were hauled out of the building early this morning and will be burned. Most of the records concern warrants and deeds.

The Sanford Gas Co. will move into its new quarters in the old First Federal Savings and Loan Building April 15 and work has already started on remodeling the entire front of the building.

The first Piggyback operation over the new ACL site off W. First St. is expected to start late Friday afternoon.

Members of the Committee of 100, city and county officials and other civic and business leaders will be on hand with ACL staff members to mark the beginning of the new service here.

It seems everytime there is opposition to a proposed contractor's bill the board has to give someone the assurance that controls will be limited. The proposed bill has been so "watered down" that it's hard to recognize now. For the second week in a row the commission ordered Zoning Director Robert Brown to write the legislative delegation to cut out additional provisions in the bill.

County Agent Cecil Tucker will speak to the Civitas Club today at 7 p.m. at the Sea Shell Restaurant. He will show a movie on civil defense and discuss this matter from the standpoint of agriculture, food supply and rural people.

### Replacing Light

The City Commission today agreed to replace the street light at Celery and Sanford Aves.

### Congo Leftist Agrees To Meeting

LEOPOLDVILLE, The Congo (UPI)—Antoine Gizenga, leader of Oriental Province's leftist regime, has agreed to meet with Congolese leaders, but remains bitterly opposed to a federation of Congo states, it was disclosed today. Leopoldville Premier Cleophas Kamitatu, who called on Gizenga in Stanleyville on Monday, told a news conference the leftist chief was willing to meet delegates from the central government at Stanleyville or at some point on the border of Oriental Province. Gizenga specifically suggested the village of Bunduki, 183 miles northwest of Stanleyville. He named Vice Premier Jean Bolikango and Minister of Interior Cyrille Adoula of the central government as acceptable negotiators and guaranteed their safety. Kamitatu said Congolese Premier Joseph Ileo also has agreed to the talks and is now making a final decision as to their site and date. Gizenga, in stating his opposition to a federation, was quoted by Kamitatu as saying, "Such a decision can only be taken or approved by the Congolese Parliament."

### Three Youths Die In Pickup Crash

TAMPA (UPI)—A speeding pickup truck carrying six teenagers hit a bridge abutment early today, bounded into the air and traveled 60 feet along the bridge railing before dropping 20 feet to a highway below and bursting into flames. Three youths were killed. One was thrown in front of the truck and was turned into a human torch by blazing gasoline. Three others were critically injured. The dead were Philip Castle, 17, Billy Lee Ewing, 19, and David Anderson, all of Madeira Beach. Their bodies were badly burned. Two other Madeira Beach youths, Thomas Horan, 19, the driver, and Richard Whalen 16, were taken to Tampa General Hospital along with John Dell, 16, of St. Petersburg. Physicians said Hogan and Whalen were the most seriously injured.

# Red 'Experts' Fed Up In Cuba

HAVANA (UPI) — Communist technicians sent here to train Cubans in their specialties were reported today to be heading for home, disgusted with the inefficiency of Premier Fidel Castro's government.

Seven aviation instructors from Red Czechoslovakia left Monday, telling friends they had found it impossible to work under the "inefficient direction" of the Castroites.

## Johnson Puts Reds On Notice Over Test Ban

GENEVA (UPI) — Vice President Lyndon B. Johnson put the Russians on notice today that there will be no nuclear test ban treaty unless Moscow gives up its demand for veto powers.

There is no point to a treaty, a statement to reporters said Johnson said today as he left for Paris.

The vice president stopped off in Senegal on his way back from Paris. He spent three hours consulting Wednesday night with Arthur H. Dean, the chief U. S. negotiator, and heard that immediate prospects for agreement with the Russians are bleak.

Johnson declined to estimate how much longer the United States would continue the conference if the Russians maintain their demand for vetoes over every action of a control organization that would police nuclear tests.

He said the United States and British delegations have in the past three weeks presented new proposals which "have attempted to take into account all legitimate Soviet concerns and are designed to promote an accord fair to all parties."

He said this should satisfy the Russians "if indeed the Soviet Union wants to conclude a treaty."

"If a treaty is to be effective and to command the confidence of participating nations, it must provide an efficient, reliable, prompt system of verification and controls not subject to crippling vetoes," Johnson said.

He said the Western delegations now are awaiting the Soviet response.

## Mr. J. L. Holland Buried Wednesday

Mr. John Lindsey Holland, 71, died Saturday at his home in Oviedo.

He had lived in Oviedo for the past five years and was a retired citrus worker. He was a native of Madison.

Survivors are two sons, Tommy Melbourne and Francis of Ft. Pierce; two daughters, Mrs. Ada M. Plane of Eglin Air Force Base and Mrs. R. H. Phillips of Madison.

HERE ARE two views of the bullet-proof, glass prisoner's dock which will be used in the trial of Adolf Eichmann, scheduled to begin in Jerusalem, Israel, soon. The view at left is from the spectators' seats, looking toward the judges' bench. At right the dock is seen from the area of the judges' bench, looking toward the spectator seats. (NEA Telephoto)

## U. S. Businessman Freed By Chinese

HONG KONG (UPI) — Robert E. McCann, his body wasted by cancer and wracked with pain, emerged fearfully into the free world today from 10 years imprisonment in Communist China.

A U. S. Air Force transport stood ready to fly him back to the United States with his wife, Flora, when and if doctors felt he could risk the trip. His three children and six grandchildren were waiting to see him in California.

It was obvious McCann had suffered from the 1,100-mile trip by plane, train and ambulance from Tientsin to Hong Kong. His wife was by his side all the way.

Tears flowed down the frail man's hollow cheeks as three male and two female Chinese Red Cross attendants carried him on a stretcher up to within five feet of the border at Lowu Station.

He was shifted there to a British Red Cross stretcher and carried across to an ambulance waiting on the Hong Kong side.

McCann grimaced in pain during the transfer as he crossed the border. Mrs. McCann burst into tears with him.

Neither of the McCanns would speak to newsmen.

The ambulance had to keep its speed down to 15 miles an hour to prevent jostling McCann on its trip over winding mountain roads to St. Theresa's Hospital.

Cann's condition as extremely grave and said he was "certainly in no condition to travel today."

A nurse reported that McCann lapsed into a two-hour period of unconsciousness shortly after his admission but ate some custard when he came around again.

There was no immediate indication when the British doctors would issue a report on him but a U. S. spokesman said plans to fly McCann out at 9 a. m. Friday had been postponed.

The Chinese Communists released McCann earlier this week for "humanitarian" reasons after he had served 10 years of a 15-year prison sentence for alleged espionage.

## Diplomats Credit Hammarskjold With Tactical Victory In UN

UNITED NATIONS, N.Y. (UPI) — United Nations diplomats today credited Dag Hammarskjold with a tactical victory in his bold challenge to the Soviet Union to try to force him out as secretary general.

Hammarskjold told the General Assembly Wednesday he would resign if Russia could get approval of a resolution calling for his replacement.

The delegates gave his dramatic gesture an ovation. The Soviet Union, realizing it could not get a two-thirds majority, has never put its demand for Hammarskjold's ouster into a formal resolution.

## Cubans Execute Two More Men

HAVANA (UPI) — Premier Fidel Castro's firing squads took the lives of two more Cubans early today increasing their toll for this year to at least 17.

The men executed were Carlos M. Delgado Duardo, found guilty of killing one of economic czar Ernesto Che Guevara's bodyguards, and Balansacio Palmes Sora, convicted of terrorist activity.

Delgado was one of 12 defendants in a military trial Wednesday from which Castroite authorities barred UPI Correspondent Henry Raymond, the only newsman present.

## Junior High Set For Annual Science Fair

Sanford Junior High School is buzzing today as last minute details of today's Science Fair Exhibition are put into place.

Friends, parents and the general public have been invited to view the projects which have been placed on exhibition in the main building and in the annex.

English teacher, Mrs. Peggy Hardin, reports that she had a "peek preview" of the fair and was really surprised to see what the 7th, 8th and 9th grade students have done.

"I was told," she said, "that each project was voluntarily submitted, with the primary aim being to promote interest in as many branches of science as possible."

"There are hundreds of displays," said Mrs. Hardin, "and some that I saw that were especially interesting to me, were experiments in the feeding of mice, proper and improper care of plants, a project which traced the circulatory system, using colored yarn, and an interesting display showing the comparison of the human heart with the hearts of other animals."

She also noted the strong influence of the space age, with many posters and projects in that field.

"I urge you to see for yourself," said Mrs. Hardin, "to appreciate the work of these young people. I could see that weeks, and in some instances, months of work have been spent on these projects."

London's Big Ben clock is the most accurate of all giant time pieces.

Diplomats generally believed that Russia would not press for Hammarskjold's ouster through a formal resolution.

Aside from the fact that it would meet with sure defeat, they said they do not believe Moscow wants to destroy the United Nations at this point and realize that agreement on a successor to Hammarskjold would be next to impossible.

## Problems On The Move

Did you move last year? If you did, you're among the 1 in every 5 Americans who did. You're part of a whopping 36 million who pulled up stakes and changed their residence.

There's nothing unusual about the latest figures. This is how they've been running for some time. And this kind of moving, not travel, is what the social scientists have in mind when they say Americans are the most mobile people on earth.

In any given year, of course, most of the movers don't go too far. A good deal more than half just shift within the same county. But of those who do stray beyond county borders, 50 percent migrate to different states.

The political, economic and social consequences of all this motion are naturally substantial, as you might guess.

Migration undercuts the political power of older states and elevates new ones. In some areas the shifts are so large and continuous that politicians never get a knowledgeable grip on their constituencies.

Business analysts are confused as they try to pin down the geographic or neighborhood "market" for particular products. City planners puzzle over empty schools as neighborhoods grow up and no new children move in.

Social scientists worry most that people on the move tend to be rootless. Coming in and out of neighborhoods and regions, they neither tend their lawns nor bear community responsibilities as some think they should.

To be sure, some try to bring home-born traditions along. But more often than not these tend to get stuffed into the attic with the luggage. The mobile live for here and now.

To no one's surprise, census surveys show that young people move about more than their elders, that socially and economically discontented Negroes and Puerto Ricans are more restless than the white population. Men, being more independent, outdo women in mobility.

Working farmers generally move less than others. The "migration from the farms" seems in good part a thing of young people drifting off from the rural small town.

America's mobility is part and parcel with its growth.

Nobody really wants to stop it and nobody could. But a lot of our social scientists wish that ways could be found to allow all this healthy motion without the frequently accompanying price of rootlessness, disorganization and irresponsibility.

## YOUR POCKETBOOK By Faye Henle

You often have been warned never to sign anything that you do not completely understand.

Yet how can you and I as laymen completely understand the "fine print" in our wills or insurance policies?

If all this legalistic jargon necessary?

Both lawyers who draw wills and men who write insurance policies are aware of this.

They are aware that they are dealing with a more sophisticated client than with pa or ma that they will have to satisfy this client's needs.

Author and lecturer Earl S. MacNeill says definite attempts constantly are being made to overcome the barrier of legalese, to eliminate unnecessary provisions, to make forms more understandable. He admits that wills can be made simpler.

But when you get to that portion of the will dealing with legal powers, MacNeill says, it is for your own good that those powers be included, regardless how complex the language. As examples, he cites:

Rigid statutes dealing with the handling of money for minors which, unless completely spelled

out, might involve the appointment of legal guardians causing expense and possible undue complexity.

Powers drawn to apply to money for use on behalf of a beneficiary instead of for use by the beneficiary. The distinction spells protection in the event that the beneficiary might be too young, or too old, to handle his or her own funds.

The same aims protection for beneficiaries is cited by experts at the Institute of Life Insurance as the reason for the verbosity in insurance policies.

I actually counted the words in two policies: 7,421 in the first, 7,740 in the second. One of these policies dealt with a retirement plan, the second involved the matter of college funds for very young children. In either case, carrying out provisions of those policies could well fall into the hands of well-intentioned executors totally unknown to the person buying the policies and to the person who wrote the policies.

If we want 100 per cent certainty that those policies are going to fulfill the intended goal, there must be certainty there are no doubts in the minds of future administrators.

## THE WORRY CLINIC by Dr. George Crane

Pete doesn't even realize why he is losing business to his competitor. And he blames the "dumb" public when he is the real dummy. So get help to modernize and advertising strategy. Scrapbook this case and send for the booklet below for it contains answers to a lot of business problems.

CASE H-482: Pete J., aged 37, is operating a gas station.

"Dr. Crane," he began, "I have a competitor directly across the street from my station.

"And he pumps twice as much gas as I do, though my gas is the same price and just as high octane.

"How does he do it? For I have been located here two years longer than this other fellow. Is the public just plain dumb?"

"He does twice as much business? I can't figure it out."

Pete is supposed to be a salesman, for he "fronts" before the public in his duties of selling gas and oil, car washes and auto accessories.

But he wears a poker face most of the time, yet apparently doesn't

realize he is thus affronting customers.

Salesmen MUST smile, even if they have bunions, burning ulcers and lumbago!

For it is the DUTY of every "front" man or woman to start the process of being friendly by the non-verbal compliment called a grin!

A lot of folks look grim and grumpy when their face is in its normal state of repose. Yet they may not be grim and grumpy at all!

But the public THINKS they are, so it patronizes their rival across the street who pays them a compliment.

Pete's rival smiles. That breaks the ice and says, in effect, "I like you and am glad you are patronizing my station."

Repeatedly I have coached you about the "smile" in Psychology for Winning Friends. For everybody bears this brand tattooed across his chest:

"I WANT TO FEEL IMPORTANT."

Pete doesn't smile, so his customers don't start out feeling important. But his competitor across the street DOES grin at his customers.

Remember, too, that it's nice to be important but it is far more important to be nice!

A lot of wives complain that their husbands can put up a cordial, kindly "front" when the guests are on hand, but when the strangers are gone, the husbands grow surly and critical.

Pete also tends to let down when old friends and neighbors drive in for gas. He fails to wash their windshields!

"Aw, they're old friends," he defends himself, "so they don't mind."

But they do mind, for Pete's competitor does wash the windshield. So he gives them a smile, plus a windshield cleaning, plus 10 gallons of gas at the same price.

Pete gives them only the 10 gallons of gas.

Naturally, customers tend to go where they get more for their money!

When customers ask Pete, "Have you time to change my oil?" he pauses for a moment and then grudgingly replies:

"I'm pretty busy but I guess so."

That is lousy salesmanship. A good "front" man should say "Certainly, glad to do it. It won't take long for I have only one car ahead of you."

Jesus gave us a splendid maxim for salesmen when he urged us to "Go the second mile."

That means do more than is required of you, and do it smilingly. Americans are often too indolent or worried about their own convenience rather than the deft winning of customers to help their boss maintain a profit so he can still pay their salaries.

Sales are the "Goose" that lays the golden egg of salaries, so get help.

Send for the booklet "Modern Sales & Advertising Strategy," enclosing a stamped return envelope, plus 20 cents.

Use it on yourself or your "front" men for it contains a super duper "Advertising Test" that'll weed out the men from the boys.

## POLITICAL NOTEBOOK

By Peter Edson

TOKYO—(NEA)—The next time you (menfolk) go to our favorite geisha house in Japan, and the girls start asking you if you can do the missionary and cannibal trick with three matches and three toothpicks, please recall that it was this writer who taught it to the geisha girls, March, 1961.

This cultural exchange probably set the geisha business back by 50 years. It was at least that long ago—or longer—that the trick was taught to me.

Passing it on to the geisha at this late date is by no means a contribution to American-Japanese good relations comparable to Commodore Perry's opening Japan to U. S. trade. On the other hand, it did not cause any riot in the Diet. So the incident may be worth relating. It might even revive the geisha business which is said to be in a sad state of decline.

A. C. Scott, an ex-Royal Air Force pilot who got a Rockefeller grant to study the geisha trade and wrote a book on it, "The Flower and Willow World," makes this sage observation on the situation: "The true geisha linger on, a sizeable if doomed 'corps de plaisir,' pursuing their profession in a rapidly fading twilight. . . . With a vast number of Japanese males, they are losing out to the modern dance hall hostess and show girl."

Professional duty demanded a checkup to learn if this is true, and if so, what are the contributing sociological and economic factors.

"This look some arranging. As my Japanese host explained, 'This is a seller's market.' The situation is that there are 80 registered geisha houses in Tokyo, and only 400 girls to supply them.

In the old days, there was one geisha for each male guest. Not any more. It's only when royalty or a ranking high foreign dignitary comes to town and demands the treatment that they round up a full quota. For ordinary folk, they're lucky if they get two geisha to a party—and you must book ahead.

The answer to the first question foreigners always ask about the geisha is a flat, "No."

Japanese gentlemen of means and honorable intentions have married geisha. An assistant minister in the present Japanese Cabinet is married to his faithful former geisha. Geisha house operators send gifts to a faithful patron's family.

But for transients or once-in-a-whirlers who can't afford this pursuit of happiness regularly, the proceedings are relaxed but formal, and to this old political ob-

server, somewhat on the dull side. The cost is the equivalent of five dollars for two hours per girl. You never pay cash. Too commercial. They send you a bill. More professional. Some geisha will give you only one hour. Some work double or triple shifts.

But such pay is far higher than the going rate for shop girls, stenographers, factory workers or teachers.

That explains why the profession lingers on. The geisha have a union now. Membership is restricted to those carefully trained. The upkeep is high for beauty treatments, lessons, clothes, and maintenance of the surviving rickshaws which travel the back streets and are the geisha's messengers and transport.

The two hours are spent principally in eating one of the stylized formal Japanese dinners. In brief, it consists of not more than three or four bites of 30 different delicious Japanese foods, beautifully served in about nine courses.

The geisha don't do the serving. They kneel at your side. You sit on cushions on the floor, with your shoes off but stockings on in a heated pit under the low table.

The principal function of the geisha in addition to looking picturesquely pretty in her kimono, is to keep your sake or beer glass full. Also, she'll mop up the mess you make if you're sloppy with chopsticks.

When the dinner is all over, one of the geisha may do an old dance to a portable photograph accompaniment. Very quaint and pretty. But as some sage researcher observed, "You can't cha cha in a kimono."

When that stops being fun, they start playing games.

Not doing the handkerchief or anything as rowdy as that.

One game was to take turns pouring a few drops of sake in a small sake cup. Whoever made the cup run over had to drink the contents.

Another was a reverse jack-straw game: Set a matchbox on end. Then take turns putting one match at a time on top of the box. Whoever puts on the match that spills the stack has to drink up. It was riotous.

And it was here that your correspondent contributed a new-to-them—game for the geisha.

Three matches represent three missionaries. Three toothpicks represent three cannibals. They have to cross a river—an imaginary line on the table—in a canoe that seats only two. If two missionaries cross first, the three cannibals will eat the one missionary. Object is to get 'em all across the river alive.

## School Mascot Back In Pen

NEW YORK (UPI)—The mascot of Fordham University was back in his pen today after a frightening experience as a recruit for a circus.

The Ram, which answers to a handful of oaks or the name of Ramezes XIX, was ramrumped last Wednesday. He turned up Tuesday dyed green with pure white horns at the headquarters for a circus. A note attached said he was the "Fordham poodle."

The ram was returned to Fordham University officials who said the wool had not been pulled over their eyes because they knew that the colors of rival Manhattan College were green and white.

Aircraft propeller blades are usually made of hollow forgings of alloy steel containing one to two per cent nickel.

# Spencer Tourney Opens Here

Top Amateur golfers from central Florida tee off today in the first round of the G. W. Spencer Golf Tournament at the Mayfair Club with defending Champion Harold Ring rated the "man to beat."

Ring will be going for his third victory in the annual 72 hole tourney called "the roughest" by golf pros in this area.

Ring was due to tee off at 12:37 with Herb Smith and Key Seales.

Rated next to Ring as a tourney favorite were Jens Witzel who also won the play twice, Herb Smith of Or-

lando, who Wednesday set a new course record and Bryon Herlong who slammed a hole-in one Wednesday.

Wednesday, Smith turned in a practice round of 34-31-65, six under par, after qualifying earlier in the week with a 36-37-78.

Herlong's hole-in-one came on the 16th hole.

Some 70 golfers are expected to tee off today as the first round play begins. The finals will be played on Sunday.

In the qualifying play which ended Wednesday, Ed Kirkland of Orlando and Jack Bumgarner of Leesburg led the pack with 69.

## Rolling Hills To Host Tourney

The Florida State Golf Association will hold a one day stroke play tournament at Rolling Hills Country Club Saturday.

This is the first time the State Association has held an event at the sporty Maitland course just outside of Orlando.

Tournament is open to all area amateurs who hold FSGA handicap cards. Cards will be issued at the first tee upon presentation of a player's 10 best of last 25 scores validated by his club hand-capper or professional. The entry fee for the tournament is \$5. Merchandise prizes will be given in all divisions of play with the field divided into four handicap divisions. Class A players hold handicaps of scratch to four, Class B five to nine, Class C 10 to 16 and Class D 17 and over.

Players may arrange their own soursomes and call the Rolling Hills pro shop for starting times between 9 a.m. and 1:30 p.m. The Rolling Hills phone number is Terrace 8-1751.

Saturday's single day session will be the only event other than the State Amateur scheduled by the FSGA this month. The 44th annual Championship will be played at Ponce de Leon Golf Club, St. Augustine, April 20 through 23. The tournament, a 72 hole medal play event, is expected to draw one of the largest fields in the history of Florida amateur golf. Al Kelley, Jr., Orlando's fine linkman, is the current State Champion and is scheduled to defend his title at St. Augustine against a fast field of Florida amateurs.

## Johnston Named Pittsburgh Coach

CLEVELAND, Ohio (UPI)—The new Pittsburgh entry in the American Basketball League, with Neil Johnston signed as its coach, now turns to the job of getting players.

Johnston, former coach of the Philadelphia Warriors, signed for a two-year term Wednesday. He was one of the outstanding players in the National Basketball Association for 10 years before taking the Warrior job which he held for two years.

It was reported he quit the Philadelphia team because of differences with its star, Wilt Chamberlain.

Johnston was signed by Lanny Litman, president of the Pittsburgh team, as Litman met with the owners of the new ABL's four eastern teams.

## Clinic Set

MONTREAL (UPI)—The Montreal Alouettes will hold their second football training camp and coaching clinic June 5-17. Perry Moss, general manager and coach, said today. The Alouettes are particularly interested in helping promising young Canadian players secure scholarships at United States colleges.

Illustration by Alan Maver

## Herman Gets Scouting Job

NEW YORK (UPI)—Babe Herman, equally famous for his eccentricity as for his batting feats, was signed today as a scout by the New York baseball team of the National League.

Herman, who played for the old Brooklyn Dodgers from 1926 to 1931 and again in 1945, still holds several all-time club records, including a batting average of .337 during his career. He is also among the all-time leaders in number of anecdotes created about a player.

Penguins, which behave much like people, biologically are a very primitive form of bird.

## Celtics Take Commanding Lead In Title Play

BOSTON (UPI)—The Boston Celtics packed a commanding lead into their suitcases today and headed for St. Louis—where they could win their third straight National Basketball Association play-off crown this weekend.

The Celtics, looking like old smoothies after overcoming first-half woes, raced to a 116-108 win Wednesday night and now lead the Hawks, 2-0, in the best-of-seven championship series.

The third and fourth games, both to be televised, will be at St. Louis Saturday and Sunday afternoon.

"We're really hurting now," admitted Hawks coach Paul Seymour. "There's no doubt about that. All we can do now is give 'em all we've got in St. Louis."

Seymour met sports writers at the Hawks' dressing room door after the game. He explained that the players had requested him to keep the writers out. It was the first time a dressing room had been closed to writers here in some time.

Lennie Wilkens, collared as he was leaving the room later, was asked if it would be "a different story" in the Hawks' home town.

"It better be," was all the rookie from Providence College had to say.

## Palmer Favored As Masters Opens

AUGUSTA, Ga. (UPI)—Some of the world's finest golfers tee off today in the first round of the 25th Masters golf tournament with defending champion Arnold Palmer, trying for a new golfing slam, the 4-1 favorite.

Although no Masters champion ever has repeated and he has not been playing too well, Palmer confided to his close friends that he hoped the Masters would be the first leg of the four major golf titles he hopes to win in 1961—the U. S. Open, the British Open and the PGA in addition to this one.

He tried for it last year, winning the Masters and the U. S. Open. But then he just missed in the British Open, finishing second by one stroke to Kel Nagle of Australia, and wound up in a tie for seventh place in the PGA.

Rated next to Palmer, were Ken Venturi, runner-up to Palmer last year, and Gar Player, the South African who is the leading money winner of the year.

Player, who tuned up Wednesday by carding a six-under-par for 14 holes, was paired with U. S. Amateur champion Dean Beaman. Venturi will play with Charley Coe, a former U. S. Amateur champion.

With the field restricted to champions of various tournaments and a select list of entries, there were 68 professionals and 20 amateurs going after 1961's first major golf title. Sixteen of them, including two amateurs, are from foreign countries.

Sammy Snead, a three-time winner, was listed as an 8-1 choice. He will play with Billy Joe Patton.

Ben Hogan, who has been putting better than usual since he quit playing regularly, and Dow Finsterwald, who would have tied Palmer for the Masters title last year except for a two-stroke penalty, were quoted at 10-1. Finsterwald was penalized in the first round for taking a practice putt on a green and wound up two

strokes behind Palmer's winning total of 282.

Grouped at 15-1 were Billy Casper, Lionel Hebert, Bob Roebuck, Jerry Barber, George Baer, Doug Ford, Tommy Bolt Peter Thomson and Juan Rodriguez among others, while the 20-1 group included Nicklaus, Jay Hebert, Stan Leonard, Walter Burkemo, Fred Hawkins, Jack Fleck, Dick Mayer, Bill Collins, Gene Littler, Bob Goalby, Gary Middlecoff and Dick Mayer. The long shot in the field of pros was Vic Ghezzi at 100-1.

## Watch Out For San Francisco To Get Fast Start In Race

United Press International  
If you're looking for a team geared for a fast getaway in next week's pennant races, look no farther than the San Francisco Giants.

It's clear that new manager Alvin Dark looks for a fast start to make San Francisco fans forget the sour finishes of 1959 and 1960, and the team seems ready to provide just that. It has reeled off eight victories in its last 11 games and it's getting that encouraging smooth blend of solid pitching and robust hitting.

The Giants "said it" with pitching Wednesday when Mike McCormick and Stu Miller combined in a six-hitter that gave them a 2-0 victory over the Los Angeles Dodgers. McCormick, the National League's earned run leader with a 2.70 mark in 1960, allowed five hits for the first seven innings and Miller pitched out of

an eighth-inning jam and went on to protect the shutout.

Don Blasingame, mentioned prominently in a possible trade with the Cincinnati Reds this spring, homered for the Giants in the fifth inning and they added another run in the seventh on Tom Haller's double, a sacrifice and an error. Stan Williams and Larry Sherry pitched for the Dodgers.

The Chicago White Sox, another 1960 disappointment, got an important hit when Early Wynn and Gerry Staley hurried them to a 3-1 decision over the Kansas City Athletics. The White Sox broke a 1-1 tie in the eighth inning with the aid of Ed Rakow's wildness.

The world champion Pittsburgh Pirates saw one of their front-line pitchers "bombed" again when the Detroit Tigers clubbed out a 12-8 triumph. Wilmer (Vinegar Bend) Mizell was ripped for 11 runs and 14 hits in six innings by Detroit's 18-hitter, which included homers by Bubba Morton, Dick Gernert and Rocky Colavito. Jim Bunning went the distance for the Tigers although tagged for 12 hits.

The New York Yankees shaded the St. Louis Cardinals, 3-1, in 11 innings, the Los Angeles Angels downed the Cleveland Indians, 5-3, the Boston Red Sox beat the Chicago Cubs, 4-3, the Cincinnati Reds topped the Milwaukee Braves, 3-4, and the Baltimore Orioles and Minnesota Twins split a doubleheader in other Wednesday exhibition activity.

## Joins Squad

BOULDER, Colo. (UPI)—Johnny Cox of the Akron Wingfoots has been added to the squad of 12 basketball players who will make a tour of Russia later this month, replacing Tom Meschery of St. Mary's (Calif.), who has decided not to go.

## Enters Race

INDIANAPOLIS, Ind. (UPI)—Jack Turner of Seattle, Wash., and Jack Rounds of Bell, Calif., have been nominated for the Memorial Day 500-mile auto race here. The list of entries for this classic now totals 33.

There are so-called "bargain" tires, "cheapie" tires, "discount" tires and other tires you've never even heard of.

Most of them do a lot of shouting about price. But there's a big difference in what goes into them, as compared to a Goodyear tire.

1. Goodyear gives you a stronger tire body. It's the tire body that takes the beating. And it all depends on cords and plies. So we tested our 3-T Nylon All-Weather—priced at \$12.88—against nine other nylon cord tires in the \$10-\$12 price class or better. Goodyear's tire rated 28.2% stronger than the average rating of all the others.

2. Goodyear gives you a tougher tread. You need toughness where the tire meets the road. So, Goodyear gives you all-new tread rubber in every tire. And it pays off good: Goodyear's tread was

greater than the average of the rest.

3. Goodyear gives you greater over-all strength! Comparing the results of body tests and tread tests, Goodyear comes out way ahead. Actually, Goodyear not only proved out best on both counts but topped them all in over-all quality rating, too!

Before you part with \$10, \$11 or \$12 for any tire, get the inside story. Remember that for about the same price, you can get a lot more tire—a Turnpike-Proved Goodyear tire. It's called the 3-T Nylon All-Weather. And it costs you as little as

**\$12.88\***

\*6.70 x 15 black tube-type, plus tax and the old tire off your car.

**NO MONEY DOWN with your old tire. Pay as little as \$1.98 a week.**

**GOODYEAR**

get the  
inside story  
on those \$10, \$11, \$12  
nylon cord tires!  
they may look pretty good, but  
there's a big difference in  
what goes into them!

**GOODYEAR NATION-WIDE GUARANTEE**

1. Road Hazard Guarantee—All new Goodyear automobile tires are guaranteed by written certificate against normal Road Hazards—i.e. blowouts, fabric breaks, cuts—except repairable punctures. This guarantee limited to original owner for number of months specified.

2. Lifetime Guarantee—All Goodyear tires are guaranteed against any defects in workmanship and material without limit as to time or mileage. Remember, whenever you and your family drive, any Goodyear tire dealer (in all 50 states, there are over 60,000 of them) will repair your damaged tire without charge, or make you an allowance toward the purchase of a new tire, based on the original tread depth remaining and the current "Goodyear Price."

**SALUTE TO FLORIDA COUNTIES • • WALTON**

**COUNTY SEAT DE FUNIAK SPRINGS**

Walton County was formed in 1824 and is located in the northwestern section of the state. The county was named for Colonel George Walton, who was secretary of West Florida during the period Andrew Jackson served as governor.

The county seat, De Funiak Springs, located in the center of the county, is the site of an important state livestock market. Timber, naval stores and agriculture represent the basic industry of the county.

In progressive Walton County, and throughout Florida, the United States Brewers Association works constantly to maintain the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Association stresses close cooperation with the Armed Forces, law enforcement and governing officials.

## New Trend In Congressional Newsletters

By DICK WEST  
 WASHINGTON (UPI)—A good many members of Congress endeavor to supplement the literary diet of their constituents by sending home weekly "newsletters" filled with nourishing brain food. Ordinarily, as I read over these ventures into personal journalism, I get a feeling that is closely akin to lassitude. But this week, I ran across a couple that tweaked my curiosity.

One was the "Washington Newsletter" composed by Rep. John J. McFall, a California Democrat, and the other was the "Letter from Washington" composed by Rep. Clem Miller, another Democrat from California. "Four years in Washington has not dulled the excitement on a telephone call from the White House," exclaimed the epistle by McFall.

"This was doubly so the other day when the message was President Kennedy's decision to provide additional money to advance the construction of new Hogan Dam by a full year."

Considered alone, McFall's rhapsodizing would not be especially meaningful to anyone outside of his home district. It only becomes universally significant when considered alongside of Miller's chronicle.

"Several years in Washington have not dulled the excitement of the phone call from the White House," Miller's began. "This was doubly so the other day when the message was President Kennedy's decision to recommend additional funds to insure that the development and rehabilitation of our Redwood Empire harbors will be completed on schedule . . ."

If you examine these two missives carefully, you will discover, I predict, a similarity of literary style that borders on the amazing.

In fact, the coincidence is so pronounced as to suggest that

McFall and Miller shared a visitation from the same ghost writer.

What I am interested in is a possible new trend in congressional newsletters. I'm wondering if the Miller-McFall arrangement means that our lawmakers are about to adopt the tandem, or Huntley-Brinkley, approach to the news.

If so, I can foresee all sorts of interesting possibilities. For one thing, I would like to see Sen. Wayne Morse, (D-Ore.),

team up with Rep. Merwin Good, (D-Iowa.)

Together, they could put out a single newsletter called "The Morse-Good."

Or suppose that Sens. Frank Church, (D-Idaho,) and Phillip A. Hart, (D-Mich.,) combined publications with Reps. Alphonzo Bell, (R-Calif.,) and John W. Byrnes, (R-Wis.)

One would be titled "The Church-Bell" and the other would be known simply as "Hart-Byrnes."

CONVENTION BOUND DELEGATES are DCT students, seated, from left, Bill Liphrott and Gayle Burke and standing, Charles Benham and Delton Parker, who will leave for Fort Lauderdale, Friday.

## Auto Leaders Say They Broke Back Of Recession With Sales

DETROIT (UPI)—Auto industry leaders feel they broke the back of the recession with a sparkling sales performance last month and have set their sights on an even better showing in April.

The auto makers claim the worst of the industry's business slump is over and point to last month's fat sales increase as proof. They say the boost was more than the seasonal upturn expected in spring.

Leo A. Iacocca, a Ford vice president, said April sales would show a substantial gain over March when 110,000 Fords, Falcons and Thunderbirds were sold. Iacocca said the Ford Division's average daily sales for the last 10 days of the month were up 22 per cent over the previous period. March sales were the highest of the year, he said.

Ford's Lincoln-Mercury Division said March Mercury sales were about 35 per cent higher than February and Comet sales were

up 30 per cent. But the division's standout performer was Lincoln which reported sales 40 per cent above a year ago.

Walker A. Williams, assistant general manager of Lincoln-Mercury, said the performance in March "indicates spring auto sales are headed on a strong upward trend."

Similar optimism was voiced by L. E. Minkel, Studebaker-Packard vice president. "A steady increase in sales in recent weeks," Minkel said, "indicates that the spring upturn in sales is proceeding on a sound basis with growing optimism among consumers. With most of the spring selling season still to come, we expect good sales to continue."

Roy Abernathy, executive vice president of American Motors Corp., said "The market shows clear evidence of fully restored buyer confidence and indicates that 1961 will be a far better year than was recently anticipated."

# New Anchor Club Holds Installation

Colorful rainbow ceremonies marked the installation procedure of the newly formed Anchor Club, a girls service organization at Seminole High School, chartered and sponsored by the Sanford Pilot Club, Monday, in the attractively decorated dining hall of the school.

Installed as president of the new organization was Deanna Dietrichs, with Mary Helen Washburn to serve as vice-president, Betsy Williams, secretary and Jean Gorman, treasurer.

On the board of directors, representing each class are senior Suzanne Jones, junior Allison Blake and sophomore, Jane Howard. Cheryl Chandler was installed as membership chairman, and Nikki Ashby read the Anchor Creed.

Mrs. "Lucky" Payne, president of the Sanford Pilot Club was the installing officer and presided over the ceremonies, which delineated the duties and ideals of each officer, as each girl was accompanied to the installation table by her mother and held the rainbow ribbons of each officer, the daughter holding one end and the mother the other end.

The 24 charter members of the new club rose in turn and introduced their parents. Miss Lucy Nowlin, Pilot Club representative to the Anchor Club, who has been instrumental in the formation and inception of the group spoke briefly to the girls and parents and suggested that everyone get acquainted.

Present at the event were incoming president of the Pilot Club, Mrs. Patty Galchel, and several past presidents of the organization, including Mrs. Joel Field, Mrs. Lida Stone, Mrs. Laura Ball, Mrs. Lourine Messenger, Mrs. Sue Stevenson also Mrs.

Shirley Seacord and Mrs. Jeannie Blair.

After the formal ceremonies, an

informal reception was held and the girls and their parents were served from a crystal punchbowl

with table setting and refreshments following the Pilot Clubs color scheme of green and gold.

ANCHOR CLUB OFFICERS were installed at recent ceremonies at Seminole High School. Seated from left are Jean Gorman, treasurer; Mary Helen Washburn, vice president; and Betsy Williams, secretary. Standing are Mrs. Lucky Payne, Pilot Club president; Deanna Dietrichs, president and Miss Lucy Nowlin, club advisor.

# Third Birthday Celebrated At Lawn Party In Enterprise

Luella Mae Stultz celebrated her third birthday with a lawn party, given by her mother Mrs. Harold Stultz, at their home in Enterprise, Tuesday afternoon.

Following the afternoon of games on the lawn, refreshments were served from a table centered

with the traditional birthday cake, decorated in pink and white.

Punch was served with the cake and lollipops and balloons were given as favors.

Luella's grandmother, Mrs. Wanda Ellawood of St. Petersburg who is a houseguest of the Stultz family, enjoyed the celebra-

tion with the young people.

Other guests included Debbie Ryan, Joey Bruce, Charles Raymond Coulette, Ecy Snodgrass, Onnie Bentler, Lucille Ryan, Rose Gamms, Marlene McAdams, Catherine Bruce, Theresa Coulette and Allan, Walter, Billy and Martha Nettles, of Lake Helen.

THE HONOREE and some of her guests are shown with her gifts at the lawn party in Enterprise. Left to right are Charles Raymond Coulette, Walter and Billy Nettles and Debby Ryan. Back row, Allan Nettles, the honoree, Luella Mae Stultz and Joey Bruce. (Photo By Cox)

# Fellowship League Plans Luncheon

Members of the Friendship League of the Congregational Christian Church met in Fellowship Hall for the regular meeting.

Thirteen members were present for the meeting and Easter devotions. Topic of the devotions, led by Mrs. George Chabot, was "The Forgiving Christ."

A poem "Forgiveness" was read by Mrs. Ralph Hammond. An incomplete report on the recent rummage sale indicated that it was very successful.

Plans were discussed for the special meeting, next Monday, in Fellowship Hall. Mrs. William Bowles, district director of the

Florida Fellowship Woman's Association, will be guest speaker, following a covered dish luncheon at noon.

All members of the church are invited to attend and the Ethel Root Circle will be special guests of the Fellowship League.

At the close of the meeting, refreshments were served by hostesses, Mrs. E. Benedict and Mrs. Lucille Spencer.

## Oviedo

### Personals

By MARIAN R. JONES

Mr. and Mrs. Lawson Hardy enjoyed the Easter holidays. They had with them their daughter, Miss Martha Jean Hardy and her friend, Miss Gail Conkrite, of Austel, Ga. and Mr. Hardy's brother and sister-in-law, Mr. and Mrs. F. R. Hardy, of Atlanta, Ga.

On Wednesday evening Mrs. R. E. Camp, sister-in-law of Mrs. Hardy, arrived from Birmingham, Ala. to spend a while with the Hardys also.

Mr. and Mrs. Lynn Mosier have been extensively entertaining these days. Mr. and Mrs. Gordon Kittle, of Lansing, Mich., Mr. and Mrs. Ralph Safford, of Fenwick, Mich. and Mr. and Mrs. Everett Beisel, of Charlotte, Mich. and Bradenton, have been their guests for some time.

Friends here regret the sudden death of John L. Holland, last Saturday. He is already being missed by many of us.

Mr. and Mrs. Charles T. Niblack spent the Easter week-end with their son-in-law and daughter, Mr. and Mrs. David Jackson, of Tampa, going down to take little granddaughter, Pam, home after a week's visit here with Charles and Lucille.

Little Mary Jones, daughter of Mr. and Mrs. Ben H. Jones, is confined to her home with measles.

We express deep regret that Carol Beasley and Diane Gaydick have to be confined for six weeks due to glandular fever. Know the girls will be missed by their companions at school as well as many other friends.

Been watching the new addition to the George Means home. Minnie tells us that she is planning two bedrooms using present bedroom for her dining room, and a Florida room on front. Know it will be nice when completed.

There has been quite a bit of virus. Mrs. Arthur Carlidge fell victim to the disease over the week-end as did your reporter. Marian Jones, J. B. Jones was a victim last week. George Morgan has recuperated from same and able to be out, as has Louise Wilson.

## Family Barbecue Enjoyed By Fleet Reserve

Branch 147 of the Fleet Reserve Assn., recently held a barbecue social at their club quarters in the Log Cabin on the Lake front, the former VFW Hall.

The main feature, barbecued roast pork, was prepared by Carl Williams, assisted by Harold Sundvall, president of the FRA, with the rest of the menu prepared by other members of the branch.

About 170 members, wives and children attended, along with invited guests, Mayor and Mrs. Joe Baker and City Manager and Mrs. Pete Knowles.

## Sanford BPO Does To Meet Monday

The Sanford Drive 160 BPO Does will meet Monday at 8 p.m. at the Elks Club for the regular business session. All members are urged to attend.

## Longwood Student Wins High Honors

Mr. and Mrs. J. R. Grant, Palm-etto Ave., Longwood, have been notified that their daughter, Sibyl, had achieved a straight A average for the first semester, and was named on the Dean's list of honor students.

Miss Grant is a second year student at Pentecostal Bible Institute at Tupelo, Miss. She is preparing to enter the missionary field and is majoring in religious education.

She is also working at the Community Hospital in Tupelo for her practical nurse's training. Sibyl attended the Lyman Elementary and High Schools for 12 years. While in High School she was an honor student, served as president of the Student Council, secretary of the Future Teachers Club, was on the Annual staff and participated in many other school and student activities.

She was county winner of the Jaycee International "Voice of Democracy" contest in 1958. Her speech was entitled "I Speak for Democracy."

SIBYL GRANT

## Legion Auxiliary Plans Meeting Tomorrow Night

Members of the American Legion Auxiliary will meet Friday at 7:30 p.m. at the Legion home on the Orlando Highway. All members are urged to attend as plans will be made for the installation of new officers and projects for the coming year.

## Oviedo Church Observing Youth Week

This has been a very important week at the Oviedo First Baptist Church. In addition to the film revival, it has been "Youth Week," an annual event, "Youth Learning To Serve," is the theme of the week.

Officers of the church are being represented by some of the youth of the church. These include Larry Henry, pastor, Miss Peggy Fleming, Sunday School Superintendent, Miss Jan Mays, Training Union director, Miss Julie Gore, treasurer, Jimmy Jones, clerk.

Miss Linda Harris, WMU president, Albert Myers, brotherhood president, Harvey Joe Slayton, chairman of the board of deacons, Miss Beatie Fleming, superintendent of the young people and Miss Rosa Marie Beasley, superintendent of the inter-mediate.

## Home Mission Study Planned By Guild

Mrs. Boyd Gaines was hostess to the Wesleyan Service Guild of the First Methodist Church, Monday night at her home 1802 Cedar Ave.

Mrs. T. A. Wakefield presided at the business session. Sunshine chairman, Mrs. O. K. Goff, reported that several cards had been sent out this month and the "Shut-In" member received an Easter gift.

Miss Mabel Chapman told of the need to have a program on home missions and suggested "Safe in Bondage" with the companion book "Impact." She said that "It was very worthwhile, easy to read and extremely interesting."

Members decided to sponsor the study and session will be held from 7 to 9 p.m. for three evenings, starting April 10. The meetings will be held in homes and Mrs. Burke Steele invited the group to her home for the first session.

Mrs. Escar Nelder gave a report on the youth supper. She stated that the young people liked the chili so well many came back for a second helping.

Mrs. Wilson Carver and Miss Chapman discussed their weekend in Leesburg at the Guild "Retreat" and stated that there was a large number of delegates there and an interesting program was presented.

Thirty-five attended from the Orlando District. Of special interest to the local group was the report by Victoria Lang who served in Mozambique for many years.

Mrs. Wakefield announced that a training conference for new officers is scheduled at the Cocoa Methodist Church.

Mrs. O. K. Goff, Mrs. Nancy Brock and Mrs. Robert Billhimer were appointed to serve on the nominating committee. They will report at the next meeting.

Mrs. Fred Smith led the devotion and Mrs. Nieder presented the program on the status of women today. She was assisted by Mrs. W. P. Chapman, Mrs. Wakefield and a guest, Miss Eileen Myers.

Delicious strawberry shortcake

## Personals

Mrs. R. L. Dann and Mrs. J. P. Holtzclaw, who have both been ill recently, left Tuesday for Titusville. They will stay with Mr. and Mrs. Roger Schmidt while they are recuperating.

## Local Events

FRIDAY

Members of the VAH-11 Enlisted Mens' Wives will meet at the Acey-Ducey Club at the Naval Air Station, at 9:30 a.m. for the regular monthly business session.

## Oviedo Women Hostess To Association Board

The executive board of the Seminole Baptist Association met at the Oviedo First Baptist Church Tuesday. A luncheon, sponsored by the ladies of the church with Mrs. A. A. Myers, church hostess in charge, was served in the new annex at noon as a prelude to the meeting.

Mrs. Myers was assisted in serving by Mrs. Mae E. King, Mrs. Tivvy King, Mrs. J. G. Beasley, Mrs. W.A. Ward, all representing some of the church circles.

The delicious luncheon of ham, broccoli with dressing, candied yams, rolls and butter, coffee and apple pie was cooked and donated by members of the four circles.

Proceeds derived from the luncheon will be divided among the four circles of the church.

## Miss Rossman Plans Medical Career

Among the families enjoying a visit from their children, who are away at college, during the Easter weekend was the Rossman family, Route 1, Longwood. Miss Linda Rossman, daughter of Mr. and Mrs. Jack Rossman, is a student at The Florida College of Medical Technology, in Miami.

She enrolled in June 1960 and has been on the Dean's list throughout the entire course. She is also vice president of the Student Body, a staff member of the college newspaper and is chairman of the student relations committee.

Since Jan. 2, Linda has been working part time for Dr. J. K. Cole and Dr. C. C. James, of Coral Gables. She is employed as laboratory technician.

Miss Rossman will receive her degree as Medical Assistant at the graduation exercises May 12.

LINDA ROSSMAN

## Guitar Party At Power Company Planned Saturday

David Wayne Mather, local guitar teacher, will give a guitar party, Saturday at 7:30 p.m. at the Florida Power and Light Company auditorium on West First Street.

The public is invited. Refreshments will be served and in addition to special music, prizes will be awarded.

## Altamonte Springs

### Personals

By ATLANTA MCGINNIS  
Miss Bobbie Jean Mallard of Oakland Hills, who will become the bride of Donald H. MacLeod, Jr., on April 15 at 6:30 in the First Baptist Church of Altamonte Springs, was feted at a morning coffee by the ladies of the church at the home of the Rev. and Mrs. Lewis D. Haines. Hostesses were Mrs. L. C. Reid, Mrs. H. R. Hamby, Mrs. E. O. Cook, Mrs. James Spencer, Mrs. L. T. Bryan and Mrs. Haines.

Mr. and Mrs. Donald H. MacLeod Sr., of Oakhurst St. Altamonte Springs have as a houseguest Elwood Longenecker, a student of Penn State College, Penn State, Pa.

**For Snacktime**  
For snacktime or a salad course, try cheese on apple slices. Combine a 3-ounce package of cream cheese with 2 tablespoons each of grated sharp cheddar and milk or cream. Spread about 2 teaspoons of cheese mixture per slice on 4 apples, core, unpeeled, eating apples that have been cut into 1/2-inch crosswise slices. Garnish with additional grated cheese. Serves 6.

## Oviedo Circles And WMU To Meet Monday

The WMU of the Oviedo First Baptist Church will meet Monday evening at 7:30 in the church sanctuary with Mrs. Joe I. Beasley, president, presiding at the business session.

The program will be presented by the Nettie Farnell Circle, Mrs. Ruth Brown, program chairman of the circle, in charge.

"His Herald's Will Proclaim" is the subject dealing with Near East-West of S.B.C. with the exception of Israel.

Individual circles will hold short business sessions at their respective meeting places following the business session.

## Organizational Meeting Planned Next Friday

The wives of retired officers of Central Florida will hold a coffee, Friday April 14, at 10 a.m. at the Orlando Air Force Base Officer's Club.

The purpose of the meeting is to discuss the formation of a club for wives and widows of retired officers of Central Florida. Reservations should be made no later than next Tuesday. Write or call Mrs. J. D. Grathwol, 1901 Maplewood Drive, Orlando, Fla.

Accra, the capital of Ghana, lacks an adequate natural harbor. Seagoing vessels anchor offshore and deliver freight in two-ton lots to boatmen, who paddle a mile to shore in heavy swells. In 1961, a deep harbor at Tema, 16 miles to the east, will replace Accra's open roadstead.

By MARIAN R. JONES  
Mrs. Ruth (G. A.) Bacon and Rev. J. Max Cook, both of Oviedo, were united in marriage on March 15 at Kingsland, Ga.

The bride and groom are making their home at Route 1, Oviedo. Mrs. G. W. Alford suffered a severe fall last Tuesday, while shopping down town. She sustained painful bruises.

Among the college students who were home for the Easter vacation were Mr. and Mrs. Luther Duda, Ferdinand Duda and Mr. and Mrs. Warren McCall, from the University of Florida; Pete Ulrey, from

Florida South, Inc.; Jimmie Fleming from Florida State and Miss Priscilla Tuhy, from Miami.

Roy Weisenbarger Jr., was home earlier in the week and has returned to resume his studies.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: First, let me explain our circumstances. We are not rich, but we work steady and save our money. We have some relatives (on my husband's side) who spend money faster than they make it. They owe everybody in town. They live out of the state, thank goodness. A few months ago they asked us for a "loan." We told them no. We have had our lesson with lending them money. It took them nine years to pay back \$300. Ever since that time we have been getting boxes filled with their old worn-out clothes and shoes. They are nothing but rags and junk. Little notes are enclosed, "Maybe you can use these." I think this is going too far. How would you handle this? INSULTED

DEAR INSULTED: Express your feelings to your relatives. Then express the boxes back to them (collect) if they send any more.

DEAR ABBY: About two months ago our daughter told us she was going to marry the young man she had been going with. She said they intend to marry "some time this fall" in our church.

The young man has been a visitor in our home many times, but he has never spoken to either me or my wife about marrying our daughter. Had the young man asked, we would have given our approval, but we feel he should have asked anyway.

Our daughter claims that the formality of asking the parents "for their daughter's hand" is an old-fashioned custom

that has been done away with. Is this so? THE PARENTS

DEAR PARENTS: The custom is very much alive. Unless the young man wants to start down the aisle on the "wrong foot," he had better ask the parents for their "daughter's hand."

DEAR ABBY: I can't seem to please my husband. He brags about everybody else's cooking but mine, and I try so hard to fix things the way he likes them. He never takes me out in company with him. I admit I don't dress up around the house, but I dress up when I go places. I have the hardest time getting him to introduce me to his friends. I still don't know half his family. I am only 35 and he is 60. Do you think he is ashamed of me? LONELY

DEAR LONELY: No. He is probably ashamed of himself.

CONFIDENTIAL TO "STYLE CONSCIOUS": Yes, the skirts are shorter again this spring. But if the girls wear them any shorter, the boys will be looking longer!

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

Getting married? For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

MARLON BRANDO as Fletcher Christian sits with Tarita, a native Tahitian who has the feminine lead in "Mutiny on the Bounty" being filmed in Tahiti. Tarita is of pure Polynesian background, has signed a long-term contract with MGM.

Pay-TV Pays Off In Canada Test

By ERSKINE JOINSON

HOLLYWOOD—(NEA) — Another "economic revolution" for show business?

It's on the way, predicts Daily Variety in the first detailed account of the Telemeter pay-TV operation which began with 802 subscribers and increased to 5,700 in the west Toronto, Canada, suburb of Etobicoke.

"Facts based on the experiment (which started Feb. 25, 1960) are in certain respects startling," writes Thomas M. Pryor, Hollywood editor of the show business trade paper.

"There can no longer be any doubt," he writes, "of the technical efficiency of Telemeter's coinbox home theater" and "that there is an important market for this means of circulating entertainment."

Some of the "startling" facts reported include these: The movie "Psycho" was offered to home audiences two weeks after its theater run "and racked up Telemeter's gross of \$2,550 vs. theater's \$2,241."

The "real test" of home paying audiences for movies came during the October-December period of 1960, the story says, "when Telemeter offered 11 movies which also had played the two theaters in Etobicoke—second run after downtown Toronto. Telemeter, which had what amounted to third run, grossed on its three channels two-thirds of the combined gross of both theaters."

"The great significance of the returns on the 11 films is at least twofold," reports Daily Variety, which based its story on figures revealed by Louis Novins, president of Telemeter.

"First," the story continues, "from the broad point of production costs, it demonstrated that there is a source of income to be obtained from audience (perhaps that LOST ONE) which for any number of reasons may not be lured into the theater."

"Second, going on the basis of 5,700 Telemeter-equipped homes in a community of 40,000 homes, it means that the system had access to only 14 per cent of homes in the area. Considering the 11-picture group, Novins calculated that if Telemeter had triple the number of its customers, the daily average gross per picture would have amounted to 166 per cent of the daily average gross of both local theaters."

At the same time, Variety reports, "attendance at Etobicoke's two theaters has not been affected materially."

This Variety called "one of the real surprises of the experiment" backing up its theory "that pay-TV movies at home can become a supplemental box office."

operated at realistic costs." Paramount's Telemeter system operates via wire, like telephones and closed circuit TV, rather than over the air like the forthcoming Zenith-RKO-General scrambled system test in Hartford, Conn. With 20,000 homes, Telemeter's cost would be \$1 per customer a week after a \$100 per home capital investment in installation charges, according to Novins.

We The Women:

By Ruth Millet

"When is a woman old?" The author of a new book, "What About Women?" begins one of his chapters with that question. But, being a gentleman, he judges on the answer. Not being a gentleman I can safely say when a woman is old—so here goes a woman is old when she: No longer perks up when a man comes into the room.

Stops inspecting herself in the mirror before she leaves the house.

Starts admitting that she is too old to do this or that.

Is no longer eager for a new experience.

Quits believing the compliments that are paid her.

Can't think of a single thing she would like to do to "fix up" her house.

Is no longer interested in making new friends.

Quits making plans.

Thinks an ideal neighborhood is one without children.

No longer laughs easily and often.

Loses her sympathy for the young—because she has forgotten that youth also has its problems.

Stops trying to be good company for others.

No longer looks forward to anything with happy anticipation.

There is no longer any age when a woman is old. She can be young at a hundred (like Grandma Moses) or old at half that age like the women who think their lives are empty because their

children are all grown and gone from home.

Help your husband help you retain a young outlook, with Ruth Millet's "Happier Wives (hints for husbands)." Just send 25 cents to Ruth Millet Reader Service, c/o (Name Paper), P. O. Box 448, Dept. A, Radio City Station, New York 19, N. Y.

Tonight TV

ABC's "The Untouchables" offers "Ring of Terror." A victimized boxing manager refuses to cooperate with "Ness" effort to tie in the narcotics racket with the fight game.

"Face the Nation" on CBS has a debate on "Should private and parochial schools receive federal aid?" The affirmative is held by Magr. Frederick G. Hochwalt, director of the department of education of the National Catholic Welfare Conference, and the negative is advocated by Dr. Oswald C. J. Hoffman, director of formation of the Lutheran Church, Missouri Synod.

Lake Mary Church Continues Films

The Lenten Film Series on the Life of Saint Paul, shown on Wednesday of each week at the Lake Mary Community Presbyterian Church, proved of such interest that another series has been scheduled. Beginning Wednesday, the first of the old Testament Scriptures, all of biblical content and telling the stories of great men of God, will be shown in the Sanctuary at 7:30 p. m.

GETTING A CHRYSLER AIR-TEMP central heating and air conditioning furnace ready at their new location are Mr. and Mrs. George Mills, of Southern Air. The Air-Temp line is among the quality products and services offered by Southern Air. (Herald Photo)

### Milis Opens New Center For Air Conditioning, Heat, Refrigeration

A chemical engineer who has been in the heat transfer field for 25 years has opened Southern Air, Sanford's first exclusive air conditioning, heating and refrigeration center.

George Milis, who came to Sanford in 1938 and previously was a partner in the plumbing and heating business, has established Southern Air as dealer-contractor.

"The Sanford area has for some time needed a competent and reliable heating, air conditioning and refrigeration service," Milis said at the firm's location near the Sea Shell Restaurant in the Walker Building at 2502 S. Oak Ave. "Southern Air deals exclusively with this field and is prepared to serve effectively any problem that may come up, large or small."

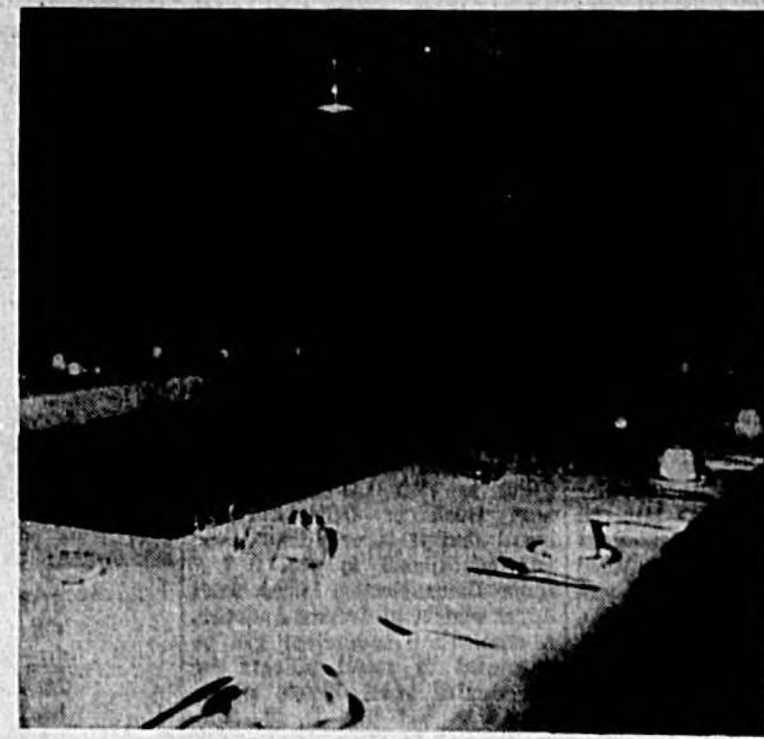

Milis has had long experience in the air conditioning field. He

entered that business in Chicago in 1936 after becoming a chemical engineer with work in engineering and consulting.

He moved to Sanford in 1958 from Pittsburgh, Pa., and was connected with some many local plumbing and heating contracts. Active in civic and church affairs, Milis lives with his wife and four children at 2404 Oak Ave.

Southern Air will climax its grand opening days Saturday with the presentation of a famous Monogram 35,000 BTU space heater as a gift to some visitor to the business today, Friday and Saturday. No purchase is necessary and the winner does not have to be present after registering.

### Accident Victim Not Badly Hurt

Carl Unley, resident of Overlook Dr., Bear Lake Rd., who was involved in a traffic accident early Wednesday morning at the intersection of Hwy. 17-92 and SH 436, received only minor injuries.

Other than damages to the Volkswagen he drives and the shaking up he received, he says the only thing harmed was the frame on his eyeglasses.

"My car door flew open . . . flew out and my glasses flew off! Strangely enough, when I found them yards away from the accident scene, the lens still were intact . . . only the frames were broken," he commented.

### Wives Prohibited From House Floor

TALLAHASSEE, Fla. (UPI) — Wives will be prohibited from the floor of the Florida House of Representatives during its 1961 session.

This was decided Wednesday by the House Rules Committee—at a stag session at which members were strangely reluctant to cast a written ballot.

"They make a lot of noise talking about their hats and dresses," explained Rep. William G. O'Neill, a married man.

### Quake Noted In Pacific

BERKELEY, Calif. (UPI) — A fairly strong earthquake, apparently centered in the Pacific Ocean off the northern California coast, was recorded Wednesday night on the seismograph at the University of California.

Seismologist Don Tocher said the tremor occurred 225 miles northwest of Berkeley. It hit at 8:05 p.m., PST (11:05 p.m., EST), with a Richter magnitude of 5.

### Lake Mary C Of C To Meet Today

The Lake Mary Chamber of Commerce meets today at 8 p.m. in the Chamber Hall for the regular monthly business session.

Discussion of the local scouting program, which is sponsored by the Chamber, is on the agenda and Acting President Al Case urges all residents interested in growth and improvement of the community to attend.

*Presenting...*

## Lake Monroe Jottings

By MRS. E. L. JOHNSON  
Well Easter is over. It was rather cool Sunday but at least it didn't rain. Wish you could have seen all of the little guys and dolls out here. . . . The little dikes with their baskets out hunting the colored eggs. They had a time. Our little granddaughters kept their mother hiding theirs over and over again. . . . We had a cute guest to accompany us to church Sunday. Miss Linda Veino of Osteen. I am going to add her to my growing family of adopted children. . . . Myrtle Pickett of Jacksonville and her daughter, Joanne Berry, of Green Cove Springs, spent the weekend with Rena and Claude Hawkins and attended the P-TO Minstrel with them Saturday evening in Sorrento. Also saw Tootie Mann there. She and her son are here visiting her mother, Belle Allen. . . . Sorry to hear that Mrs. Chester Boyd seriously cut her thumb the other day. . . . The old school house in Sorrento where the P-TO held the Minstrel show Saturday evening brought back memories to several people. Mrs. Wilson Cole-

man and Richard Boyd attended school there when they were small. We sure had a good time putting it on for the benefit of the Fire Dept. . . . Charles Rabun left today, to go to Washington, D. C., with the High School Band. I know he will have a good time. I hope it will be warmer than it is right now. I received a letter from my brother and sister-in-law today from Washington and they said it was snowing and sleeting. That might keep the cherry trees from blooming. I hope it doesn't because that is a beautiful sight to see. Anyway have a good time Charlie. . . . The seventh and eighth grade boys and girls are going to visit the Planetarium next week in Orlando. Have heard that it is very interesting and educational to see. . . . Home Demonstration ladies, don't forget tonight at Lenora Andrews. A nominating committee will be appointed to select officers for the coming year. Please try to attend. . . . The D. E. Norwoods and family of Gainesville spent Easter Sunday with Mrs. S. E. Norwood. . . . Latest word received from Orange Memorial Hospital in Orlando on little Jerry Edwards is that he is still seriously ill. His sister, Frances Galloway, said that the last few days have been extremely hard on him as so many tests have been made. Your little friends over here, Jerry, are thinking of you and wishing you a speedy recovery so you can come back and play with them. . . . Now that Easter is over the talk is on Graduation Day. Have talked to several boys and girls and their plans are to work this summer. Some are considering college and the rest have decided to continue working. A high school diploma is so important in order for a person to get a good paying job. Since this is the spring time, the boys are turning to electronics but the girls still prefer office work. And the next preference is nursing. . . . Despite the cool rain Good Friday evening there was a good attendance at the Lake Mary Presbyterian church for Bob Mero's Easter Music Cantata with the combined choirs of the Upsale church and Lake Mary. . . . The William Carroll Jr. home is coming along fast. The Carroll family will be moved in before very long at the rate it is going.

## Hospital Notes

APRIL 4  
Admissions  
Walter H. Mariand, DeBary; Albert Potter, DeBary; Clifford Brown, Geneva; Ruth Hunt, Elizabeth Greenville, Mary Morris, Ellen Randolph, Winfred White, Sophia Rinkavage, Alfred Vine, Jencie Barrow of Sanford.  
Births  
Mr. and Mrs. Michael Sirlanni of Sanford, a girl; Mr. and Mrs. Leroy King of Sanford, a girl; Mr. and Mrs. Donald Greenville of Sanford, a girl; Mr. and Mrs. Ernest L. Morris of Sanford, a boy; Mr. and Mrs. Jess Tidmore of Sanford, a boy.  
Dismissals  
Mae Williams, DeBary; Doris Dreggors, Geneva; William Ellis, North Orlando; Cecil Carlton, Mary Selmeier, Robert Henry Geiger and Gary Estes of Sanford.  
Sheep do not need salt licks. They should get superphosphate instead, according to Dr. George Fasteners, Australian research specialists.

JOHN L. RICHARDS ADJ1, is shown being read his retirement orders by Cdr. R. J. Mattus, executive officer of Heavy Attack Squadron Three, during recent ceremonies at Sanford Naval Air Station. Richards, during the last year, has acted as a plane captain of an A3D-2T "Flying Classroom" and was considered one of the best qualified mechanics in the squadron. He and his family reside at 2451 Cedar Ave.

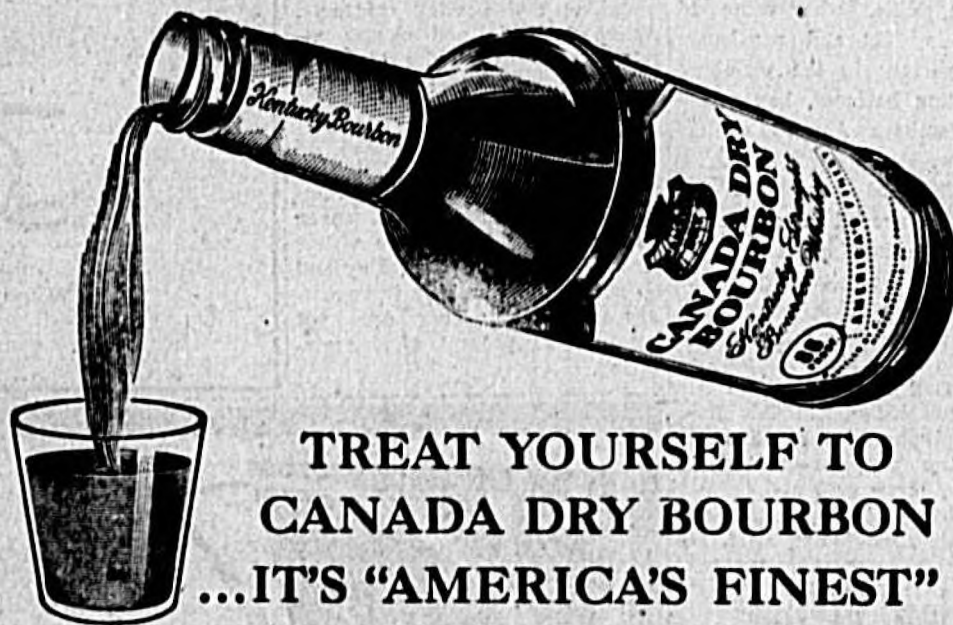

## Sanford Men Join Army

Three young Sanford men have enlisted in the Army according to the local recruiter. They were Barney Johns, Liden Kelly and Thomas Arnold. All three were ordered to Fort Benning, Ga. for basic training.

For information on enlistment requirements contact the Army recruiter at the Sanford National Guard Armory each Monday.

## Class Makes Mural

During the Easter Season, students of the Longwood Elementary third grade taught by Mrs. Eleanor Winkle made a mural on Palm Sunday, Good Friday, and Easter Morn. In this manner, the children learned the true meaning of Easter.

## CAB Raises Airline Merger Questions

WASHINGTON (UPI)—Did the Civil Aeronautics Board CAB violate its own policies by approving the merger of Capital and United airlines?

This issue was raised today by CAB member G. Joseph Minetti, who agreed with the unanimous decision but said he did so reluctantly.

Minetti's dissenting comments

contained sharp criticism of the decision he said violated long-standing precedent and policy.

Minetti recalled that in a 1955 route case the CAB said "it is vital . . . to develop the national air route structure as to

He pointed out that the UAL-Capital merger created a system from 15 to 30 percent larger than American Airlines, now the larg-

est carrier. He said this was "contrary to the board's long-standing efforts to effect a more equitable distribution of traffic among the trunklines."

## Clowns On Parade

Clown puppets are on parade in the third grade Longwood Elementary classroom of Mrs. Mary Walter. Students made heads from paper mache and costuming was done at home. To climax the project, a class group of skits was written and presented by the children.

# North Orlando Pools Efforts To Protest Plant

## The Sanford Herald *Seminole Area Edition*

COUNTY NEWS

THURSDAY, APRIL 6, 1961

PAGE 13

### EDITORIAL COMMENT

#### Millage Cut

The Oviedo Town Council is to be commended for its action Monday night in looking out for its residents. The city agreed to reduce the tax rates from seven to three mills. The council action points out that by cutting excessive wastes you can still cut the millage. We hope other councils around the county will take the same positive action.

### Flower Growing Business Booming In Oviedo

By MARIAN R. JONES  
Much has been said of the celery and citrus industries of the Oviedo area but little has been reported on a new and fast expanding flower growing business.

### Area Delegates Urged To Attend Precinct Meetings

Representatives of areas included in Forest City's Precinct 12 who have been holding a series of meetings to form an association for the betterment and advancement of the community have announced that a called general meeting for all residents will be held in the near future. Another of the preliminary meetings will be held Monday at the home of Mr. and Mrs. W. D. McGinnis at 7:30 p.m. Instructions to reach the meeting place have been detailed by the hosts as: turn south at the Standard Station next to the Little Giant Store at Forest City Shopping Center and travel to the last house on the left at the top of the hill. Those persons interested in helping lay the groundwork for such an organization are urged to attend this meeting.

### Slow Pitch Team Invites Players

North Orlando residents have organized a team to take part in the county recreation Slow Pitch League and are scheduled to play the first game May 1. A work session has been called for Saturday afternoon to work on the temporary diamond just back of Village Hall which Councilman Clarence Memory leveled this week. A request has been made for all men of the community to join the crew Saturday, bringing any yard tools which are in much demand.

Until recently little competition was offered Joseph Leinhart, former Oviedo mayor, who started a nursery many years ago. Now, however, the rich soil of the area has attracted many others in this field of work. L. A. Woolfolk, who spends his summers in Jefferson, N. C., operates his Skyline Floral Gardens during the winter months. Thomas Hollingsworth has the Oviedo Gardens and Mr. and Mrs. J. W. Bedenbaugh operate gladioli gardens making deliveries to many cities in Central Florida.

Mr. and Mrs. R. J. Mathis are in the bulb and flower business and Mr. and Mrs. Joe R. Battle add their talents to the professionals of the business. Two of the latest additions are the Vaughn Gardens, near Lake Charm, and the orchid nursery of Col. W. D. Brown, near Slavia. The Kathryn Partin Florist Shop, only one in town, was closed several years ago following her death.

Mrs. Leona Jones is a licensed and talented florist, working in this line since her graduation from high school and now handles the town's needs for "those special occasions." All these new businesses remind one of the late Theodore L. Meade who some 30 years ago gained wide recognition for his orchid gardens. The Meade Gardens in Orlando are named for this fine old gentleman whose favorites in life were flowers and boys.

He was a Scoutmaster and spent many hours with all boys of the town in those days. A last memory of him still remaining vivid is the kid party he attended arriving as a Boy Scout and joining in and playing all of the kid games with those who were present for a friend's birthday party.

We, in Oviedo, think Mr. Meade would enjoy seeing so many flower gardens in "his town" today. We, in Oviedo, think Mr. Meade would enjoy seeing so many flower gardens in "his town" today.

**'Tables Down' Set**  
Longwood Elementary fourth graders are planning a "tables down" event which is an arithmetic game similar to a spelling bee using the multiplication tables to determine the champion.

FIRST OF THE SEASON was the Garden of the Month Award presented by the North Orlando Club to Mr. and Mrs. Harry Nellis of 100 N. Devon Ave. for their lovely flower borders and beds which have provided residents and neighbors with a source of beauty all during the

winter months. Nellis is an expert on the art of growing tulips and formerly operated a nursery in Holland, Mich., where the annual Tulip Festival takes place.

(Herald Photo)

### Audubon Society Plans Field Trips

The Seminole-DeBary Chapter of the Florida Audubon Society welcomed Rev. and Mrs. Paul E. Shultz as new members at the last meeting of the group held in the School Farm Bldg. in Sanford. Mrs. William Gray, gave a resume of a recent field trip to DeBary and appointed a nominating committee of Mrs. Adele Moore, chairman, and Mrs. Edward Guyette and Mrs. Ruth Porter. Field trips planned included a visit to Cuyler Lanier Sanctuary in Tavares Sunday and one for next Sunday to Lake Harney and the St. Johns River. Mrs. Lucille Norton, of Audubon House in Maitland, spoke on "Birds and Spring" illustrating her talk with three color films entitled "Water Birds and Migration," "Lives of Their Own," and "Sawpit Sanctuary." These pictures were made on Talbot Isle near Jacksonville by the state president, John H. Storer, and several months were spent in setting the photos. The next and concluding meeting of this season will be held at the home of Mrs. Arthur Wait in DeBary.

### DeBary Women Need Sale Items

Mrs. Mary Schob, chairman of the DeBary American Legion Auxiliary Committee which is planning to sponsor a rummage sale in the near future, has asked that all residents with articles to contribute to the project contact her or Mrs. Ed Iovanna, co-chairman.

### Nellis' Win Garden Of Month Award

The first Garden of the Month Award made this season by the North Orlando Garden Club went to Mr. and Mrs. Harry Nellis of 100 N. Devon Ave.

This garden is a continual source of enjoyment to friends and neighbors due to its color and variety. Philox, petunias, fuchsia and amaryllis are included in a 440 foot border around the house and back fence and in front, azaleas, double petunias and other annuals present a flaming riot of color in the otherwise bleak setting of winter.

A variety of trees and larger growing bushes are used throughout the landscaping. The Nellis have been North Orlando residents for the past two winters returning to their native Holland, Mich., during the summer months to assist their sons in the tulip nurseries and for the annual Tulip Festival which opens May 17 this year.

Two sons, Fred and Harry Jr., since their father retired, have operated the nursery which is located in Dutch Village on U.S. 31 near Holland. In addition, the Nellis have four more children and 24 grandchildren. Mrs. Nellis gives her husband full credit for the North Orlando gardens saying "he even creates

floral arrangements about the house." The former nurseryman has been in the flower and bulb business most of his adult life and recently was great speaker at a North Orlando Garden Club meeting when he offered assistance, upon his return next season, to all neighbors, stressing that the work must be done only on a hobby basis.

### VMI Seniors, Thinclads Aid Altamonte School

By ATLANTA MCGINNIS  
Last week two Virginia Military Institute seniors and members of the V.M.I. Relay Team spent a portion of their spring vacation assisting with the Altamonte Elementary Physical Education Program. Wyatt Durrette and Bill Brathwaite, both members of Who's

### Cowley Addresses Altamonte P-TA

Members of the Altamonte Springs Elementary P-TA heard Ernest Cowley, bandmaster of Seminole High, speak on legislative actions sought by the Florida Education Assn., at a meeting Tuesday. The informative lecture was followed by a period of group discussion.

Election of officers, scheduled for this meeting, was held over until the May 2 meeting at which time election and installation will take place. It was announced that a profit of \$111 was made on the recent school rummage sale and items still remaining will be placed on a "10 cent Table" in the school cafeteria at the next meeting.

### Annual Concert Planned By Lyman Glee Club

By BETTIE SMITH  
Theme of the Lyman High School Glee Club's Annual Spring Concert this year is "I Hear Music." The presentation including the 4-member Chorales and the 4-member Junior High Chorus is scheduled to be held at 8 p.m. April 14 in the Lyman High Auditorium. Soloists are to be Alice Ann Hull, Lemmie Hoover and Larry Dill. Mrs. Willis Benson is director of the vocal departments at Lyman and the Lyman High Band, which will also take part in the evening's entertainment, is directed by Michael Fisher. Members of both choral groups have advance tickets for sale.

### Condition Good

Word has been received that William Bell-Jals of Orange Rd., Oakland Shores, who underwent emergency surgery at Orange Memorial Hospital Tuesday following an acute attack of appendicitis, is recovering satisfactorily.

Who in American Colleges and Universities, and elected to the All-State Track Team of Virginia, introduced the sport of Track to the fifth and sixth grade boys at Altamonte.

Monday, Durrette and Brathwaite held a "Skull Session" with the boys and discussed the type and procedure of the events found in Track, equipment used, training program, relation of Track to other sports, sportsmanship and the importance of scholarship.

Tuesday through Thursday found Wyatt, Bill and Don Hasley, fifth grade teacher, giving the warm-up calisthenics V.M.I. style followed by instruction and contests in the low hurdles, relay races, field events and others. The V.M.I. students were met daily by enthusiastic boys eager to learn and ready to improve their physical condition and prowess.

### Civic Group Plans Baseball Program

By MONA GRINSTEAD  
The North Orlando Civic Assn., meeting Monday in Village Hall, voted to organize baseball teams for all age groups to take part in the community recreation program.

Little League, Babe Ruth and Men's Teams will be formed and if these prove successful, a Women's Team is next on the schedule. Grounds now are being cleared and leveled for two diamonds with the village men to be in charge of laying out the playing fields. Mayor Fasula has volunteered to secure clay and piping for the project with the association to get wire for the backdrops.

### United Citizens To Have Picnic

The United Citizens of Casselberry are planning a Sunday picnic at Big Tree Park beginning at 1 p.m. An announcement from the group reads "Bring your own basket, bring a grill if you wish, but by all means, bring your friends! We'll have games and fun for all." Mrs. Isabel Taylor, Citizens social chairman, advises that there are pavilions at the park so those planning to attend need not let rain clouds interfere. She also says that if those who have card tables and folding chairs bring them, it will be much appreciated.

### Commission Sets Hearing On Issue Next Tuesday

By MONA GRINSTEAD  
North Orlando residents were told at a Village Council meeting Tuesday that J. Ambrose Olliff, council attorney, had urged all residents to attend a meeting with the County Commission next Tuesday at 10 a. m. when the location of a bituminous concrete plant in the area will be discussed. Transportation to Sanford will be provided and arrangements can be made by residents through the office of Mayor Frank Fasula.

In other business of the monthly meeting, Fire Chief Bob Stephenson informed the council that contracts for fire protection of homes outside the corporate village limits will be mailed immediately for signatures of residents desiring the service. Concerning the police protection, Mayor Fasula said that the village has organized a plan to be applied on a 30-day trial basis. In this arrangement, Jack Sutton will be employed by the village as law enforcement officer and will be provided with a patrol car. Councilman Clarence Memory has been deputized to act in the absence of Sutton and residents were informed that 24-hour protection will be available by calling FA 2-7281. Fasula said, however, that financial contributions still are needed and that all residents will be contacted by April 15 for these donations. Joe Jackson, vice mayor, announced that a separate bank account will be set up in the name of "The North Orlando Police Dept." and all expenses of the department will be paid from this fund. The council officials announced that if payment for the services is not voluntarily given as agreed, after the trial period, local protection of the area definitely will be abandoned. Fasula said that Sutton had been advised to strictly enforce the stop signals beginning immediately. He also advised that as soon as the land is cleared and prepared in the playground area, the building which will be used for the recreation hall will be moved. The residents were told, after some expressed concern over the lack of new building in the area, that the Masterbuilders Co., now under reorganization, also is working on new models to be used in the community.

### North Orlando Assn. Studying Proposed Charter

By MRS. MONA GRINSTEAD  
Bill Shook, appointed by the North Orlando Civic Assn. to make a study of similar organization's by-laws, read a copy of the DeBary Civic Assn. charter laws to the group meeting Monday at Village Hall.

The suggestions that these laws be used by the newly organized North Orlando group, with amendments to fit particular needs, was accepted and the more than 40 citizens who signed registration lists last week, with those additions made this week, will be considered charter members. Acting Chairman W. W. Anderson advised those present of the excellent cooperation received from Mayor Frank Fasula and the Village Council in association problems and activities. Anderson cited as an example the case of an open drainage ditch which ran through one resident's back yard and was considered a hazard to small children of the neighborhood. He said immediate action was taken on the matter, when, upon being notified by the resident of the danger, he reported it to the mayor.

Announcement was made that male members of the civic group will accept responsibility of completing the North Orlando Playground. Blueprints and plans of the company will be turned over to the association after council approval is voted. A company bulldozer now is leveling the area in preparation for the men whose first project will be to build ball diamonds. Mayor Fasula has advised the association that the company will arrange for clay and pipes and it is to provide the wire for backdrops.

Donald Nell, who was appointed to check the playground deed, reported that the property had been donated to the Village for one dollar per year. The community needs trucks to use in their playground work and a request was issued for all and any trucks to be donated when they are not otherwise in business use. Nominations of candidates for association officers will be made at the meeting next Monday with another awards entertainment also scheduled on the program.

### Longwood Group Sees 'Middle Ages'

The Sixth Grade Longwood Elementary Class of Mrs. Leona Dzurus gave an assembly program presenting the three stages of the Middle Ages. The first scene, an original skit entitled "The Woodcarver's Guild," was narrated by Cheryl Black, Phyllis Kramer and Judy Tyson. Albert Boshard was the master woodcarver and his apprentices were Glenn Atchison and Gary Coyle. Journeymen were Buddy Land.

"The Crusaders" were Gary Stephenson, Donnie Smith, Eddie Clegg and Ashley Seymour. Narrators for this scene were Pauline Burns and Patty Westberry. The third scene, "Manuscript Writing" was narrated by Woody Price with David Nielson playing The Monk. Louis Pasteur, played by Ronnie Kennedy, was pictured at work with microscope and other laboratory equipment with narrating done by Cinda Kauble and Karen Lyons. All girls of the classroom took part in an original Spanish dance with assistance and direction by Mrs. Jennifer Kelley, school music teacher. The finale included all students singing "O Sole Mio" and Panama Tom Boy."

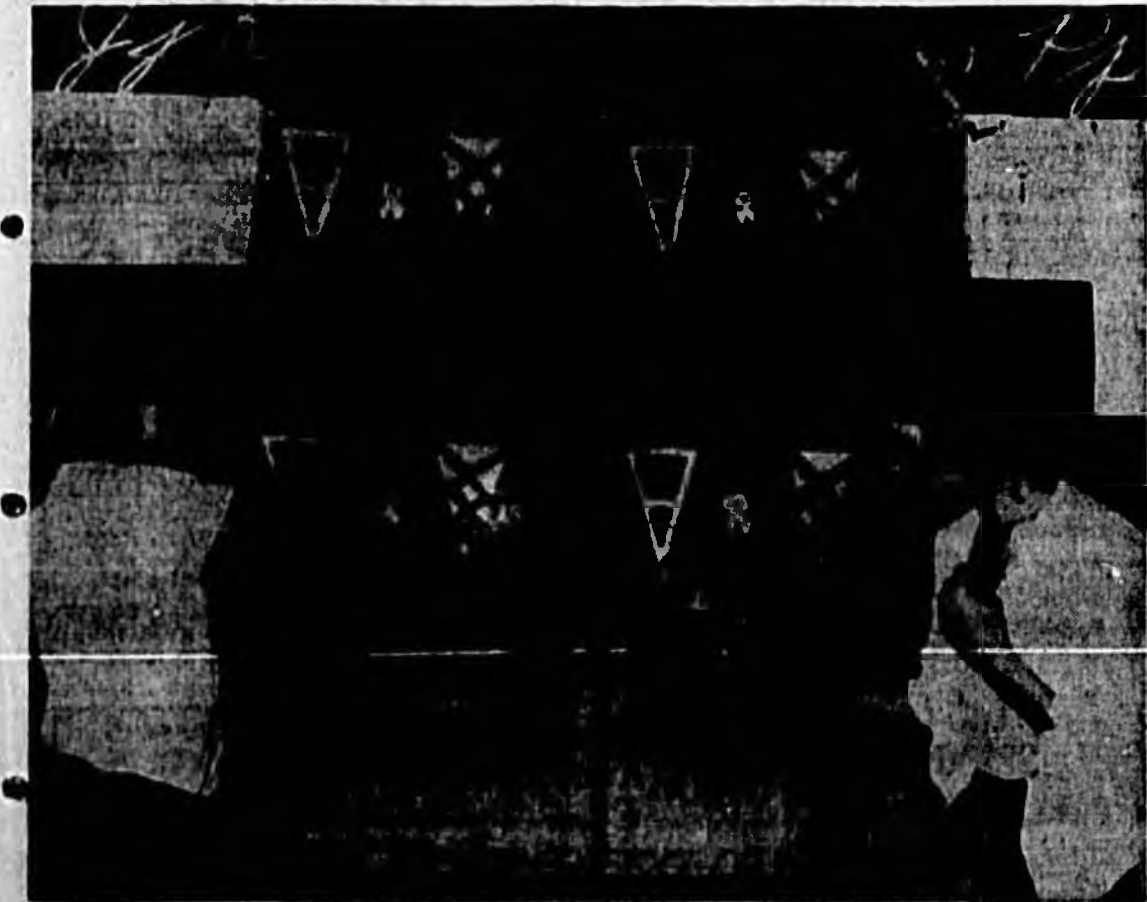

The sessions will be held on the second floor of the Evans Building on Mondays and Thursdays of each week from 7:30 p.m. until 9 p.m. with Mrs. Stephanie Smith as instructor. All women of the area are invited to attend. Further information on the course may be obtained by calling Mrs. Smith at her home.

**New Yoga Class To Open Monday**  
A new six-weeks course on the basic exercises of Yoga will begin in Labs Mary next Monday at 7:30 p.m. The sessions will be held on the second floor of the Evans Building on Mondays and Thursdays of each week from 7:30 p.m. until 9 p.m. with Mrs. Stephanie Smith as instructor. All women of the area are invited to attend. Further information on the course may be obtained by calling Mrs. Smith at her home.

### Brownie Leaders Give Easter Party

By BETTIE SMITH  
Longwood's Brownie Troop #18 which took part in the Annual Friendship Program held at Altamonte Elementary School was entertained at an Easter Party by leaders in appreciation for good work the girls contributed in the Fashion Show. The 24 girls modeled evening dresses, bathing suits, hats, sportswear and shoes from "mother's discarded wardrobes" with touches of bows flowers and ribbons added by each. Sandra Johnson and Marcia Bryant, who put quite a lot of effort in perfecting their "French accent" were commentators. Prizes, judged by the amount of applause received, were given to Kathy Berkow, first; Beth Ann Viber, second and Terry Boyles and Patty Ellis tied for third place. Mrs. June Boyles, Mrs. Marion Bryant and Mrs. Myra Stodden were hostesses at the rewarding entertainment.

**Geneva Gardeners To Meet Monday**  
The Geneva Garden Club will meet at 7:30 p.m. Monday in the Community Hall. Housewives and visitors are invited to attend this meeting during which Mrs. Lucille Norton will show color slides provided by the Audubon Society.

COMPLETING A TAPESTRY for their sixth grade class to enter in the Seminole County School art exhibit are Patricia Westberry and Gary Stevenson of Longwood Elementary School. Painted on burlap, the tapestry has designs of knights and ladies of the Middle Ages studied by the class. (Herald Photo)

## Lyman School Honor Roll Announced

Honor roll students announced by the faculty of Lyman High School for the last six-week period:

Named were Grade 12: Kathy

### School Becoming 'Garden Spot'

News from the primary grades at Longwood Elementary school reports that the surrounding grounds are beginning to have the appearance of a garden spot. Faculty members say that the children are taking great pride in their school and each day finds students from all grades watering, weeding, planting and caring for the plants and grass they so carefully set just a few weeks ago.

Study of Spring planting has been taking place in nearly all classrooms.

In Mrs. Lambert's second grade, the seeds planted in sand boxes are thriving and are almost ready to be transplanted to the border in front of the room. Included in the flower seedlings are carnations, sweetpeas, four o'clocks and nasturtiums.

### Oviedo Scientists To Present Play

Four boys and eight girls of the Oviedo Science Club are rehearsing for a three-act play to be presented in the near future.

Money from the presentation entitled "Watch Out Spooks for Spooks" will be used by the club for financing field trips.

A recent field trip made by this group and students of classes taught by Mr. and Mrs. Jim Palmer to the Orange County Science Fair was an occasion of much pleasure and gained knowledge.

Making the trip by bus and chaperoned by the teachers were 60 junior and senior students.

### Geneva Band Sets Appearance

The Geneva Community Band which holds practice sessions at 7:30 p.m. each Friday in the Methodist Fellowship Hall, is growing rapidly.

A membership increase to the already 16-member band is expected within the next few weeks and the first public appearance has been scheduled.

On May 6, the community musicians will play for the Geneva Historical Genealogical Society at the annual picnic in Ft. Lane Park on Lake Harney.

Charles Lamb, who was instrumental in organizing the band which is directed by W. L. Seig, has made tape recordings of practice sessions.

Many of the early Greek and Roman coins bear the monograms of rulers or of the towns in which they were struck.

Abraham, Brenda Day, Jimmy Dozier, Wanda Gaddie, Alice Ann Hull, Camilla Kirkland, Charles Kurvin, Emily Lovelace, Linda Rider, Pamela Stebick, Gretchen Sweeney, Betty Wynne.

Grade 11: Paula Andrews, David Blanchard, Thomas Foresio, Cheryl Hubbard, Faye Jones, David McCoy, Betsy Newman, Darlene Shea, Patricia Walsh, Judy Wright.

Grade 10: Billy Ages, Betty Field, Dona Friend, Barbara Hart, Nancy Hayes, David House, Virginia Humes, Jennifer Jordan, Diana Caryl Kennedy, Linda Long, April McDonald, Gilda Pettinate, Maryetta Roberts, Jeffery Schembers, Richard Slodyaka, William Taylor, Sandra Unley, Beverly Yates.

Grade Nine: Carlton Beusse, Peter Carlson, Sylvia Chambers, Ronald Cole, Paulette Deak, Judy

### 'Stew' Supper Aids Building

A large group gathered at Oviedo's First Methodist Church Fellowship Hall to enjoy a recent Brunswick stew supper which was sponsored by the Men's Class of the church.

Members of the Women's Society of Christian Service assisted with the serving of the supper which was prepared by L. L. Faulk Sr., with proceeds from the event applied toward the church building fund except for \$35 earmarked for a special fund.

A total of \$312 was made on the supper and an additional amount of nearly \$40, coming from the "take home" sales after the supper, is expected.

### Council To Apply For Advance Funds

Longwood Mayor A. R. Lormann says that councilmen, at their 8 p.m. meeting in town hall today, expect to consider making applications for advance civil defense disaster relief funds.

Approval of the town's request for \$3,061.75 following Hurricane Donna was granted and application blanks for fund advancements have been received, Lormann said.

Eates, Dana Fides, Gloria Green, Carol Hanson, Judith Ivey, Marcia Lyons, Ann Miller, Wayne Murphy, Joseph Paavola, h. a. k. Glenda Payne, Essie Pippin, James Prevatt, Roger Schmidt, Carolyn Sechrist, Donnie Smith, Rita Spivey, Sigrid Tepperson, William Tolson, Loisanna Wagner, Cheryl Werley, Barbara Komisar, Patricia Guillermprieto.

Grade Eight: Kenneth Ament, Emily Austin, Victoria Brandes, Charles Dome, Pamela Eldridge, Elaine Haynie, Cheryl Johnson, Judy Kacar, Bonnie Layman, Beatrice Savarese, Martha Sybert, Sandra Tennant, Ruth Wright, Ann Trawick, Paula Cogan, Richard Hall, Ruth Keim, Sharon Tucker Leroy Tyson, Charles Wagner, Sheila Maceine, Ann Reed, Mary Bradd, Mary Cable, Diane Keeney, Barbara Tullock, Penelope Vaughn, Robert Coles, Donald McManus, Robert Hunnicut, Ted Clark, Beverly Shaw.

Grade Seven: Gary Hicks, Victoria McClellan, Carolyn Thomas, Roberta Carroll, Harry Hall, Cynthia Walker, Darion Thermonos, Victoria Fagan, Clark Thomas, Kelly Trawick, David Barnes, Mary Benson, Candace Bamford, William Jameson, Dudley Meadows, John Wharton, Jacqueline Ament, Mildred Tuck, Linda James, Richard Probat, George Tomlin, Gary Yates, Dania Carmichael, Berton Cooley, Alice Crocker, Mary Shoemaker, Leslie Lyle, Virginia Heaven, Joyce Smith.

### Longwood Students Make Tapestries

Longwood Elementary Teacher Mrs. Leona Dzurus is conducting work on tapestry for her sixth grade students. Made of burlap, the tapestries will have designs of castles, "beautiful ladies," and shields of armor.

This class has decided to make a wall hanging to use in their room which they hope to display at the County Art Exhibit next month in Sanford.

Students created their own designs with the best chosen for use on the project which will be displayed with a cardboard castle of the Middle Ages.

## Store Manager Has Many Talents

By MARIAN R. JONES  
Oviedo Drug Store Manager Roswell Noegel has remarkable talent in many fields.

His decorative ability was brought to the attention of the town when he fashioned a lovely "Easter Egg Tree" which was

displayed in the store and was the result of many hours of patient work.

These decorated eggs were quite the "cutest" we have seen and Oviedoans now are comparing "Rosz" with Sanford's Mrs. David Gatchel in this line of work.

In addition to his art work displayed last week, Rosz spends many hours on his lovely home and he and his charming wife have made it a place of scenic loveliness inside and out.

He also has found time to re-decorate the exterior of Oviedo's Masonic Hall and is serving as Worshipful Master of the Lodge this year.

In addition, he is a wonderful cook and proves to be a popular "Chef" at many entertaining occasions and social events.

The well-thought of citizen loves to joke and have fun but he works hard, too, and is very generous to the many local organizations donating time and talent in many ways.

### 'Pete-E-O' Lost, Found In Day

Longwood Elementary teachers of the primary grades report that their students are surprised by the number of strange birds they have seen and learned to identify in and around the school.

In Mrs. Webster's third grade, children are beginning a unit on birds, making illustrations and searching out information. Students were thrilled recently when two meadowlarks, with their beautiful yellow breasts, presented a musical performance on the window sill.

"Pete-E-O," the parakeet in Mrs. Winkle's room bought with P.T.O. room count prize money, was the cause of much consternation Monday when he flew out the door and away to freedom!

### Assembly Planned

Mrs. Lind's fifth grade students at Longwood Elementary are working on booklets of the Southwest states and are planning and practicing for an assembly program to be presented April 14.

During the daily devotions, class members prayed for little "Pete-E-O's" return and were rewarded for their faith when, returning from lunch, word from fifth grade boys came that the class pet had been found near the playground.

### Outstanding Fungus Control!

Dyrene effectively combats early blight, late blight and Rhizoctonia...  
Greatly increases Celery Yields...  
Improves Quality

Dyrene is so effective that significant increases in both crop quality and yields usually result from its use. In 5 years of cooperative research and field testing, Dyrene has proved its outstanding con-

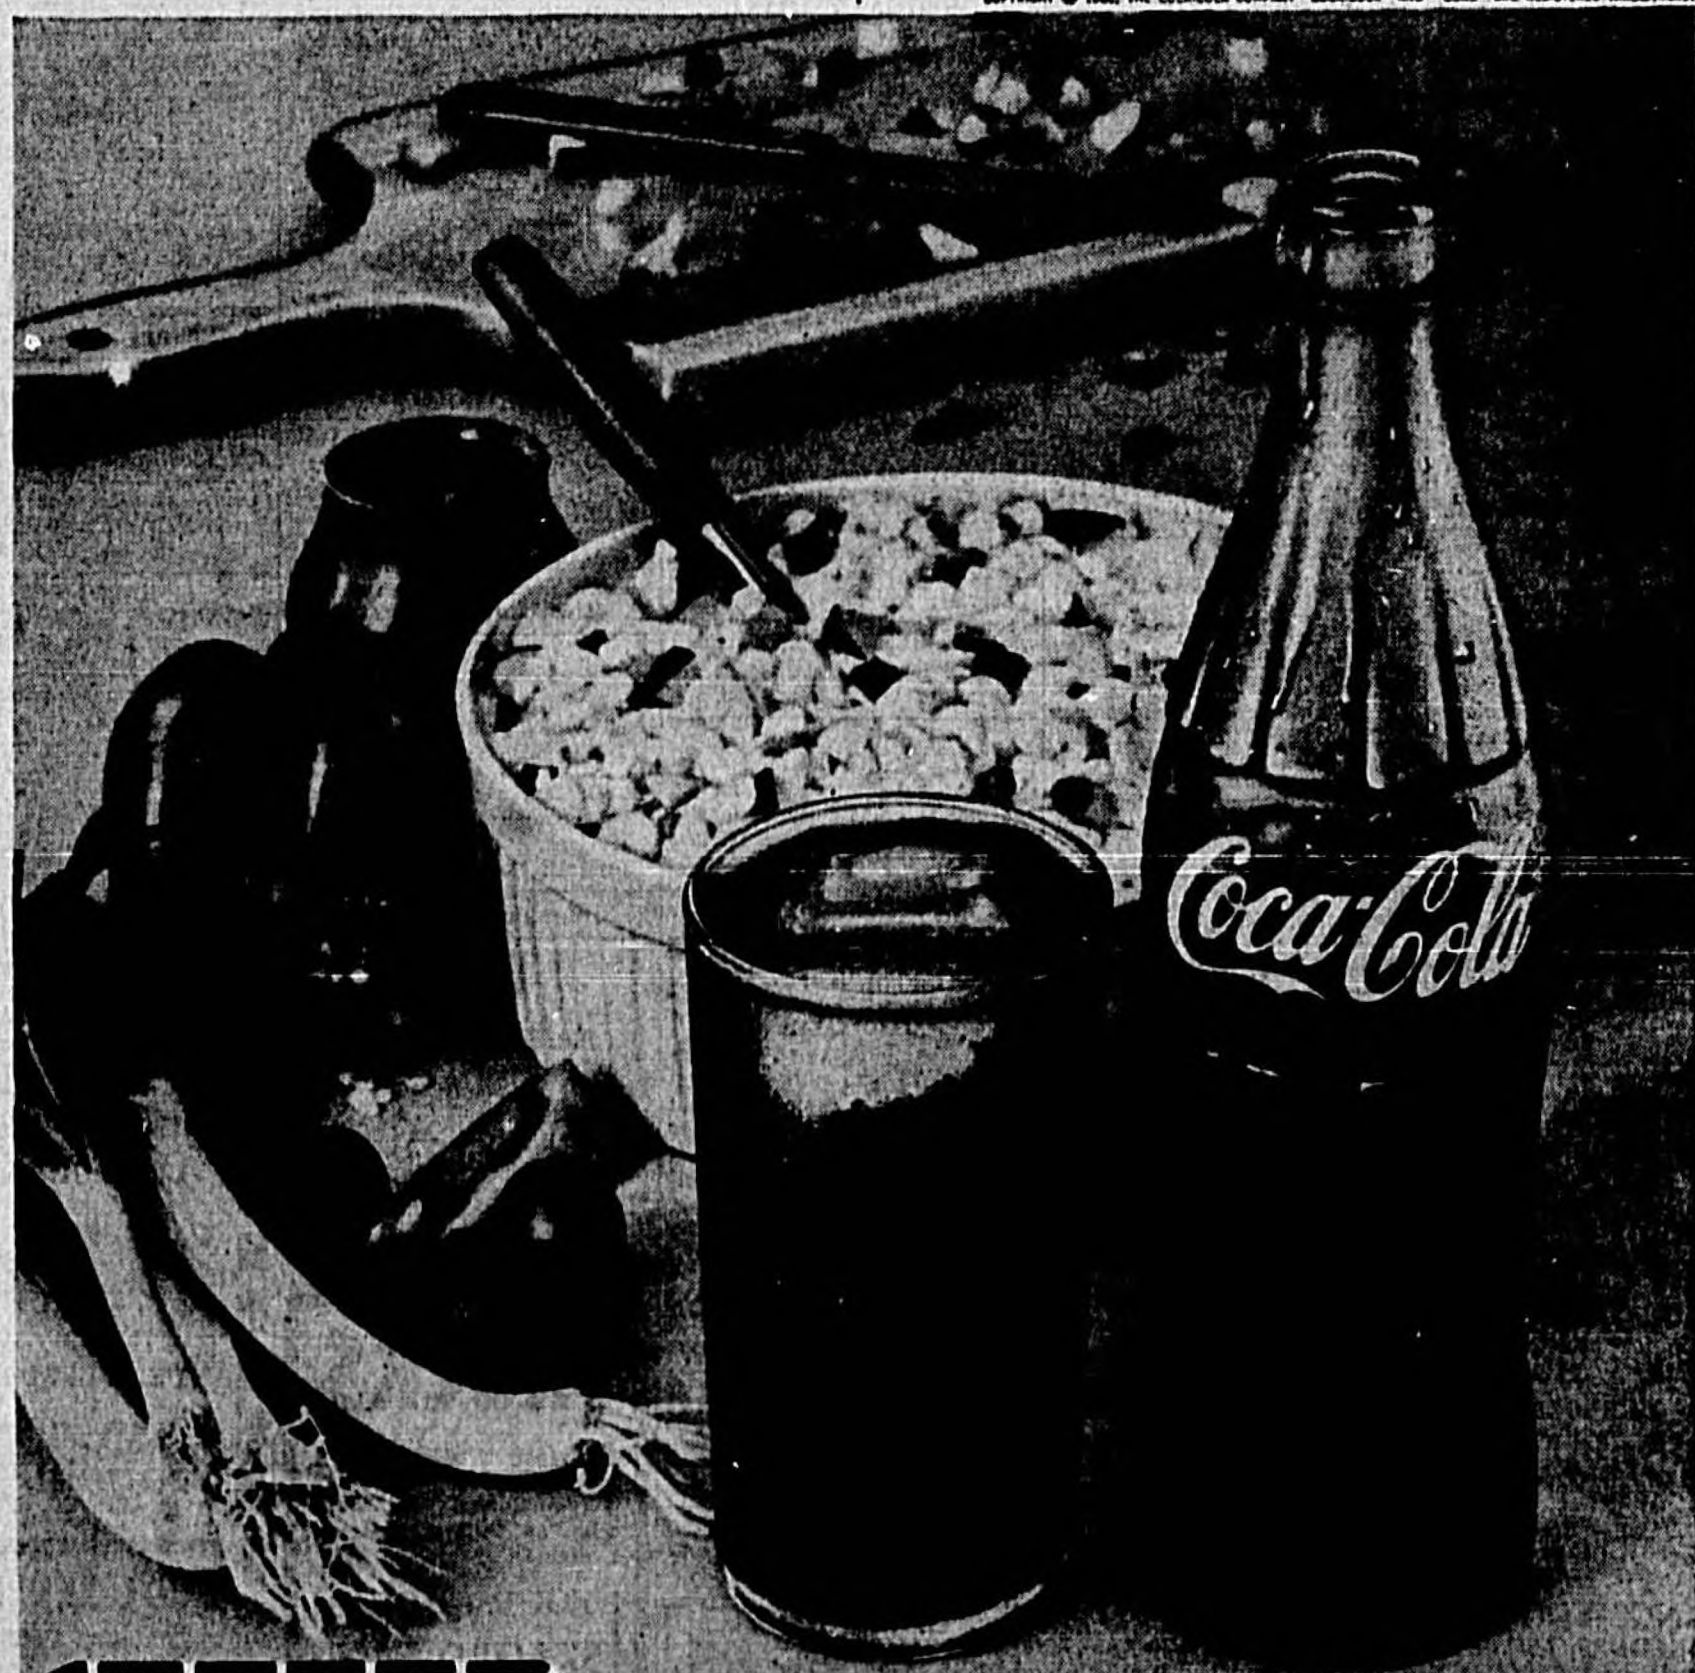

trol of the important fungus diseases that attack celery. Growers from every important celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Dyrene will not harm foliage... does not affect flavor or odor... leaves no harmful residue. For finer celery and more of it, use Dyrene. It works! At your farm supply dealer.

## ZING for your supper with ice-cold Coke!

Serve this tempting new supper sandwich for a late, late snack at the end of the day — or a TV supper on a tray. To make every bite better, be sure to serve it with sparkling Coca-Cola. Coke with food brightens every bite... adds new zest to your appetite! Supper's super with that special zing... that refreshing new feeling... you get from Coke!

### LATE-LATE SNACK

You'll be the star in his eyes when you serve this spicy supper surprise! It's low on calories and low on work; just chop up a radish, green pepper and a scallion. Mix these with creamy cottage cheese and serve on whole wheat bread. Garnish with crisp watercress. Then pass around frosty bottles of ice-cold Coca-Cola. Coke is the right thing to add a bright zing to any evening snack!

Bottled under the authority of The Coca-Cola Company by

Sanford Coca-Cola Bottling Co.

# City Landmark Dump BOUND?

Sanford's main downtown landmark since 1931 was threatened Thursday night with relegation to the city dump.

The City Planning and Zoning Commission Thursday unanimously recommended that the clock at the intersection of Park Ave. and First St. be taken down and called it "a traffic hazard, nuisance and disgrace to the city."

The board agreed to ask the City Com-

mission Monday night to take the clock down and either "put it on a jetty in the middle of Lake Monroe, place it in the sanitary landfill area or just burn it."

Zoning members said that the 30 year-old landmark was hampering the traffic on "the busiest intersection in the city."

The commission was also informed that the Sanford Atlantic Bank had taken out a

building permit to construct a clock and temperature chart atop its building at a cost of \$7,500.

The bank had donated the clock to the city in 1931.

City Manager W. E. Knowles said today that the cost would be very small to remove the clock.

"All we have to do it just bring the wrecker in and let it do the job," Knowles explained.

Understatement of the year— Sign in the window of the old Florida State Bank building at the corner of Park at First St. "Moved to New Location."

So much beautification going on around town even we got confused. The Sanford Gas Company is taking over a portion of the Florida State Bank building and not the old First Federal building as we reported earlier in the week.

City Manager W. E. Knowles said he is "extremely pleased" with new supplementary information by planner George Simons on his master plan for the city. The new information, to be released soon points out additional capital improvements for the city over the next 20 years and also goes into more detail of future annexation studies by the city.

The joint participation program between Sanford and the county on Pump Branch Creek has apparently gone down the drain. Cost of the drainage project had been set at \$17,000. The commission tabled action on the project three weeks—and not one word has been mentioned on the job at the last two board meetings.

Even the run down County Home has taken on a new look. Under the supervision of Commissioner James P. Avery work has started on rewiring the complete facility and also the infirmary has been expanded.

### Upcoming

A kite contest for Sanford boys and girls will be held Sunday beginning at 2 p. m. on the baseball diamonds just back of Memorial Stadium on Mellowville Ave. The contest is being sponsored by the Sanford Recreation Dept. and entry blanks can be obtained from Kofe, Ben Franklin, Hogue's and the Toy Central.

Fred Wilson, a practicing attorney for more than 50 years, 38 years in Sanford, will speak to the Rotarians at their noon meeting in the Civic Center Monday and will give some interesting facts and background on the history of Florida.

# Battle Lines Drawn Over Apportionment

TALLAHASSEE (UPI) — There were signs today that Florida's five-year-old legislative reapportionment troubles still may be far from over.

Gov. Farris Bryant said last week he expected a reapportionment plan to pass the Legislature in the "early days" of the 1961 session.

In his opening-day address to the Legislature Tuesday, Bryant said he understood the Senate was ready to introduce a plan calling for an increase in Senate membership to 45 and House membership to 105.

But key members of the Senate majority bloc said Thursday there was no firm agreement on details of the plan, which has Bryant's backing.

The governor called the plan "so good, I was surprised we have been able to get an agreement so readily."

Whether there actually is any agreement, however, may be answered Tuesday or Wednesday when Sen. John Rawls of Marianna calls a meeting of his Constitutional Amendments Committee to see how members feel about the proposal.

If passed by the Legislature as a proposed constitutional amendment, the voters still would have to approve the plan.

Rawls and Senate President Randolph Hodges of Cedar Key said the Senate is working in the "general area" of a 45-senator reapportionment plan, but that "there is no firm agreement."

Rawls also said there was trouble ahead in trying to work out a plan for reapportioning the state's present eight congressional districts to make room for the four additional congressmen the state gets in 1963 as a result of increased population.

"Apparently nobody has come up with an acceptable idea," Rawls said. "My mail is loaded with complaints about every plan so far mentioned."

The much-opposed Rawls plan would give North Florida and Florida's Gulf coast one additional congressman each and South Florida two.

Rawls also said he was "convinced" that the plan would be passed by the Legislature in the "early days" of the 1961 session.

Rawls also said he was "convinced" that the plan would be passed by the Legislature in the "early days" of the 1961 session.

## Wives Barred; Horne Named '63 Speaker

TALLAHASSEE (UPI) — The House, in a fast-moving session, today barred wives from the floor of the chamber and selected Rep. Mallory Horne of Leon as speaker for the 1963 session.

A predicted fight did not materialize over the new rule that takes away the privilege of legislators' wives to come on the floor while the House is in session.

With some wives watching from the public gallery above, the lawmakers gave unanimous approval to rules governing the session.

Horne's designation as speaker for the session two years away was cut and dried after Rep. John Mathews of Duval, his only opponent, withdrew.

A move by Rep. Reuben Askew of Escambia to delay the vote for a study to see if the practice of naming a speaker two years ahead should not be changed was rejected by voice vote.

Rep. Bobby Ruse of Wakulla was named Speaker Pro Tempore for 1963.

The Senate adjourned Thursday for a long weekend.

## Asphalt Plant Withdraws Plans For Construction

The North Orlando Town Council can rest easy now—there won't be an asphalt plant to discomfort the residents.

The Wilkins plant has withdrawn its application to construct the plant north of SR 419, north of North Orlando, County Zoning Director Robert Brown said today.

A public hearing on the plant was scheduled Tuesday before the county commission and last week the village council agreed to send a delegation to protest the move.

The commission received complaints that the plant would cause a discomfort to residents in the area because of air pollution and that the land would be depreciated.

Brown said today that officials of the plant have agreed to withdraw its application and will move to another county.

THE COUNTY JUVENILE COUNCIL received \$194.86 to help needy youngsters Thursday when the Sanford Area Ministerial Assn. contributed the offering from the Easter Sunrise Service to the council. Shown are Rev. John Adams, Kenneth McIntosh, Clarence McCord, treasurer of the council, Rev. Ernest Bolick, president of the ministers group, and Juvenile Judge Vernon Mize.

## Allamonte Library Officers Elected

Mrs. Paul French was chosen president of the Allamonte Springs Library Assn. Thursday, with Dan Gilbert named vice president; Mrs. Sally Anderson, secretary; and Glaura Humes, treasurer.

Two new trustees also were named: Mrs. Graham Fuller and Dr. Paul O. Schaller. Continuing as trustees will be Eric Dallman and Mrs. J. D. Morrison.

Mrs. Glenn Humes was reappointed chairman of the ways and means committee.

The association announced that its fashion show and coffee will be held April 25 in the Allamonte Chapel educational building.

Stressed during the meeting were the continuing need for old papers and magazines to be left in the library carport and the increased support of the building fund.

## Red Cross Water Program To Start

The Red Cross Water Safety Committee plans to start off its summer program at the Municipal Pool with Junior life saving classes to be held next Monday, Wednesday and Friday, through April 24 from 7 to 8:30 p. m.

These classes will be open to students ages 12 to 15 years and registration will take place at the pool at 7 p. m. April 10.

Senior Life Saving classes for students who have passed their 16 birthday will be held Wednesday and Friday, May 1 through May 15 from 7 to 10 p. m. Registration to be held at the pool 7 p. m. May 1.

A beginners class for Adults is set to start on May 1 at 8 p. m. Classes will be held for one hour a day for a week and a half. Adults who are interested are urged to meet at the Municipal Pool at 8 p. m. May 1.

## Three Injured In Car Mishap

A Winter Park youth was charged with driving at unlawful speed Thursday night after his car skirted off SR 434 and turned over, the Highway Patrol reported.

David W. Andrews, 16, the driver and Gary Schroeder, 18, a passenger were injured slightly and another passenger, Nat Turnbull, also 16, received possible head injuries and lacerations. Trooper Jim Pester reported.

## Jaycees Plan To Launch Development Project

The Sanford Seminole County Jaycees are launching their No. 1 program of the national organization, Monday, which is their Community Development Program.

Through this process the local Jaycees select significant projects to work on in their own communities. The procedure which is followed includes:

- (1) A survey with which to pinpoint community needs.
- (2) An evaluation of these needs.
- (3) Action projects to solve the needs.

The survey phase of the Community Development program will be conducted during the next two weeks, Monday through Thursday nights of each week, from 7 p. m. to 9 p. m.

A questionnaire has been prepared and Jaycee members have been assigned neighborhoods where they will call on each home, leave the questionnaire to be filled out by the individual and return later to pick it up.

With this assistance from the citizens of the community and the information received, the Jaycees will chart their course in community development for the next ten years.

They would like to emphasize the importance of having everyone answer all questions on the form. It will not be necessary to sign the questionnaires, for they are only interested in getting the information, not the names of the individuals. This will give everyone an opportunity to voice their opinions concerning the community.

## Western Leaders Face New Crisis

WASHINGTON (UPI) — President Kennedy and British Prime Minister Harold Macmillan, seeking a peaceful solution of the civil war in Laos, faced another crisis today in neighboring South Vietnam.

The President and prime minister agreed on the need for urgent action to meet the mounting campaign of murder and sabotage in South Viet Nam by Communist guerrillas.

American officials said the United States, in response to an appeal from President Ngo Dinh Diem, was increasing its military aid to South Viet Nam.

Kennedy and Macmillan worked up two days of intensive discussions Thursday night in complete agreement on the need for closer Western cooperation to meet Communist threats around the world.

The two leaders will hold a brief meeting Saturday morning to exchange final impressions and approve a joint statement on their talks before Macmillan leaves Sunday for Ottawa.

## Dedication Services Planned For Church

Dedication services for the Forest City Baptist Church will be held Sunday at 2:30 p. m. with Rev. James Hankin of the Azalea Park Baptist Church as principal speaker.

Rev. Richard Brown, pastor of the Forest City Church, will lead morning worship and a dinner on the grounds is scheduled to begin at 1 p. m.

## Longwood Council Not Taking Chance On Proposed Road

The Longwood town council isn't taking any chances of making the same mistake that was made in Allamonte Springs.

The council, at its meeting Thursday night, agreed to write the State Road Department to designate Mollnar St. a city street when work starts on State Road 431 going through the town.

A few weeks ago, Allamonte Springs complained that State Road 431 was designated a rural road through its town and the council protested the action to the SRD and County Commission delaying action on the road.

A rural road has open ditches while a city road has underground drainage, curbs and sidewalks.

The council Thursday night agreed that if the SRD is notified soon enough "we can avoid open ditches on the road." Mayor A. R. Lormann said.

In other business, during the meeting, the council heard that the Florida Power Corp. will deduct \$30 from the town bill because of the loss of power during Hurricane Donna.

Agreed that any house built after paying starts on the street, the owner must bear the expense of the tile desired for any entrance.

## Chrysler Accused Of Pressure Move

WASHINGTON (UPI) — The Justice Department today accused Chrysler Corp., third-largest U. S. auto manufacturer, of applying illegal pressure on Chrysler dealers who also sell cars made by the Studebaker-Packard Corp.

Atty. Gen. Robert F. Kennedy announced the filing of a civil suit-trust action in U. S. district court in Fort Wayne, Ind., against Chrysler and its subsidiary, Chrysler Motors Corp.

The complaint charged that Chrysler unlawfully had required retail dealers to give up franchises for other cars—particularly Studebaker-Packard—in violation of the Sherman Anti-Trust Act; Kennedy said.

Chrysler, with 1,147, 001 units sold in 1960, is approximately 10 times the size of Studebaker-Packard, smallest U. S. car-maker, which sold 105,936 vehicles last year.

## Nurses Group To Meet Monday

The Seminole County Professional Nurses Association will meet Monday at 8 p. m. in the auditorium of the New Health Center on French Ave.

Dr. Clyde Brothers will speak to the group on "immunization." All registered nurses are invited to attend.

Members of the executive board will meet for a business session at 7:30 p. m.

## Two Arrested

PENSACOLA (UPI) — Two men were arrested here Thursday in connection with 30 burglaries in the area during the last six months. Stolen goods recovered were estimated to be valued "in the tens of thousands of dollars."

## Bulletin

TALLAHASSEE (UPI)—Gov. Farris Bryant said today he has "no fear" that the Legislature will pass an across-the-board sales tax. He also predicted that any pay raise school teachers get out of the Legislature will be "very, very selective."

## News Briefs

Asylum Seeker — HEMSE, Sweden (UPI) — The captain of a Soviet submarine tender which anchored mysteriously here Thursday night has asked for political asylum, police said today.

Seeking Refuge — RAIFORD, Fla. (UPI)—Russell Tongay, once the toast of the aquatic world who wound up in a prison cell because of the death of his swimming champion daughter, apparently intends to seek refuge from the past in a Trappist monastery.

Bomb Blast — HAVANA (UPI)—Foes of Premier Fidel Castro exploded a heavy bomb on a downtown street corner here Thursday night, showering the intersection with glass from broken shop windows but injuring no one. The blast was the latest of the terror-bombings which have become almost nightly events here in recent months.

Culinary Genius — WASHINGTON (UPI) — President Kennedy has hired a French chef his friends call a "culinary genius" after farming him out to the first family's favorite restaurant for a little seasoning. Mrs. Pamela Turner, the first lady's press secretary, said 36-year-old Rene Verdon has been retained only on a temporary basis to help during the spring rush of foreign visitors.

American Hurt — SAIGON, Viet Nam (UPI)—A hand grenade believed thrown by a Communist terrorist exploded in the home of an American official today, injuring him in one eye. The injured man, William C. Nohomas, 67, of Fort Myers, was flown to Clark Airbase in the Philippines for treatment.

Rees Sentenced — BALTIMORE, Md. (UPI)—Melvin D. Rees Jr. was sentenced to life imprisonment Thursday for the kidnap-slays of a Virginia mother and her 5-year-old daughter. His fate remains uncertain, however. Rees still is wanted by the state of Virginia for trial in the killings of the father and an 18-month-old daughter in the same family and the U. S. Justice Department has said it would cooperate with Virginia authorities.

## Rees Demand UN Free Territories

UNITED NATIONS, N. Y. (UPI) — The Soviet Union demanded today that United Nations trust territories throughout the world be given freedom and independence this year.

The demand included the Pacific Islands wrested from Japan in World War II and now administered by the United States as a closed "strategic area." Soviet delegate S. G. Lapin made the demand as the assembly agreed to freeze the membership of the UN Trusteeship Council at 13 countries for 1961.

"The trusteeship system has not justified itself," Lapin said. "It was foisted on the United Nations by a number of colonial countries after the war and it has deprived the peoples of the territories of their freedom and independence."

"All of the trust territories—Tanganyika, Ruanda-Urundi, the British Cameroons, New Guinea, Nauru, western Samoa and the Pacific Islands—must obtain freedom and independence in 1961."

## Five Arrested In News Holdup

NEW YORK (UPI) — Police took five men into custody today in connection with a \$43,000 holdup of the New York Daily News' Brooklyn plant. Authorities said \$38,000 was recovered.

The suspects were rounded up during the night. Police said an arsenal of weapons, including a submachinegun believed to have been used in the holdup, was found in the suspects' possession.

THE DRUMMER BOY for the Seminole High School Band, loaded down with baggage, finds his head a convenient spot to balance the big bass drum, as the band loads up for their trip to Washington, D. C. and the Cherry Blossom Festival Thursday. (Herald Photo)
