#### **KIDNEYS GETTING** YOU UP NIGHTS?

o If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this:

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsaris—Nature's own way to relief. He talled it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results. Swamp-Root goes right to work to flush out kidneys...increases the flow of tring-fixipling to relieve excess acidity...so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses Coution: take as directed.

For free trial supply, send to Dept. S, Kilmer & Co., Inc., Box 1255, Stamford, Coan, Or—get full-sized bottle of Swamp-Root today at your,drugstore.

## Russia Renews Insistence On Banning Bomb

General Slash In Armaments Demanded Immediately By Gromyko At Meet

LAKE SUCCESS, N. Y.— Russia today renewed her demand that the United States scrap its atomic bombs immediately when the Soviet Deputy Foreign Minister, Andrei Gromyko, declared that such a step plus a general slash in armaments would remove what he termed "mutal suspicion and lack of confidence" throughout the world.

Gromyko delivered today his long-awaited Soviet policy speech to the United Nations Commission on conventional armaments. He attacked assertions of the western powers that strong international security measures must precede actual disarming:

Gromyko also rejected American and British contentions that disarming must be conditioned or establishment of safeguards. He asked again for a convention to outlaw atomic weapons now,

"The conclusion of such a convention," Gromyko asserted would present a serious contribution to the strengthening of international prace and security."

The Soviet delegate indicated that Russia is not ready to compromise on the long-fought atomic issue. He said the outlawing of atomic weapons must precede establishment of international con-

new president of Rotary International. He will take office in June unopposed for he was nominated sometime ago and the deadline for additional nominations passed on Apr. I It is a great honor to Florida as well as to Mr. Guernsey:

It happens in the best regu-lated families. Recently the New York Herald Tribune's magazine section published on its cover picture of a charming young lady who drives a 16 horse hitch in a circus and who was identified as Miss Ruth Nelson. This week "This Week" explains that what it meant to say was Miss Gee Gee Engesser.

The Deland-Daytona highway past year is expected to be rethough it may be necessary for a while to use the shoulders for while to use the shoulders for part of the way. By the middle of the month the Road Department promises everything will be in apple pie order and you can breeze over to Daytona Beach in about 45 minutes if you don't hit a telephone pole and the speed cops the sanford district.

Baptist Church of Sanford, they went on record as having "the highest regard for the honeaty, integrity and high moral character of Seminole High School Principal Herman E. Morria", according to John L. Miller, secretary, who pointed out that this information had been communicated to School Trustees of the Sanford district.

Congratulations to the Gatchels and Alex Johnson on the opening of their new quick freeze and storage plant, thus bringing to Sanford the latest and greatest ruits and vegetables, Farmers and nce and a new means of their households economically. Buy, when food is cheap, store until the off-season when prices normally rise.

When John L. Lewis sat down the the mine operators last year negotiate a new contract, he ened the discussion by branding am all "murderers." Now that a government is operating the he likes it no better, and d his respects to Secretary of Interior Krug last week in a

#### Planning

Prof. Roland L. Kramer of the University of Pennsyl vania has been commissioned by the governor of the Canal Zone to survey the possibilities of the canal up to the year 2,000. A like survey, made in 1936, showed that the present twin set of locks would be adequate up to

"To look ahead at the future of a great government asset," says a neighbor, "is highly commendable. If it were economic planning in which the government was engaging, many people would think it wicked."

What's gone wrong with that good word "plan," any how? It seems to have acquired a bad name from small-time planners who made plans without sufficient basis, and from people who weren't willing to take the trouble program, to care for its increasing sorely as the starving millions toto find out what the planning was really about, or to think out better ones. Why not throw away the unpleasant connotations, and look at the word all over again?

A house built without a plan is not sound. It's the well-planned house which stands on a rock and all the winds cannot prevail against it. A well-planned family life favorably impressed with the ef-tinued at an impressive level last is sound, too, taking account of moral and spiritual ficiency of various facilities devel- week, with a total of 4,494 dozen strength, of mental development, of pleasant days and oped by the Florida markets or was being handled. Market Manquiet nights, of close-knit family interests and family fun. ganization. Director Wilson pointager James T. Johnson reported A tax plan ought to be sound and strong and sensible; it ted out today that because of the prices as follows: Extra large eggs. shouldn't take so little that the government cannot pay its necessary bills; nor should it take so much that its taxpayers lose incentive to progress. Roads should not be built helter-skelter - they should fit into sound regional

A good plan is like a good navigating course on the mariner's chart; it shows the direction and the best way to go; it allows deviation for wind, weather and other efficient for the handling of vari-

#### Dignifying Housework

The United States Department of Labor and the Presbyterian Church, working independently, find them- different widths, as experience selves studying the problem of domestic service. Both adpointed to the added efficiency the tomato movement, mit there is "a vital relationship between good household of a wider space on which to Light offerings of service on the one hand, and family welfare and human handle the products being sold happiness on the other." In 19 cities post war projects and shipped. On the other hand, have been set up, designed to train household workers and it is entirely possible to build platto place them where conditions meet standard employ-

According to the Women's Bureau of the Department and the installations necessary for and volume is increasing slowly. of Labor, in a report on these experiments, the difficulty their efficient movement, require in all cases is lack of girls and women who want the training. Despite good pay, stable demand, and in the then changes are necessary as reported a considerable increase in think they'd be more careful in case of the special community training centers, good working conditions, housework still has no wide appeal. Both the 'Women's Bureau and the church people feel that the solution lies in developing a new attitude on the part of the public to domestic service.

As nursing has been raised from servant drudgery to a respected profession, household service must be given a times he can't tell whether we're dignity that recognizes the varied skills it requires as well for a thing or against it. Funny as its valuable contribution to human well being.

#### Fire

Our modern world is filled with brave men, as this generation knows only too well, and it is a graceless and invidious thing perhaps to attempt appraisal and say who modernization. We hope that part mong them are the most valiant. Whether in war or peace, regardless of occasional suggestions that this pres-

this modernization program out generation is growing soft with easy living, there is never any lack of courage when a grim test comes.

So it is no wonder that in peace-time the people who follow and cheer firemen at their hazardous tasks rate them as highly as military heroes, whether they are winning or losing. Civilization itself, from the beginning, has waged war with a demon which always demands fire, but should have it only in the proper places and in the proper quantities.

At last, however, mankind really seems to be mastering this problem to a degree never known before, as new ways of producing and adequately extinguishing fires are

# NOTICE OF SCHOOL TRUSTEES PUBLIC MEETING

NOTICE IS HEREBY GIVEN that the Board of Trustees of School District No. 1 (Sanford) have called a meeting to be held at the Seminole High School on Tuesday, April 8th, 1947, at 7:30 P. M. for the purpose of giving all interested persons an opportunity to be heard in connection with the action of the Board of Trustees in requesting the resignation of Mr. H. E. Morris as Principal of Seminole High School, effective at the

At this meeting the Board of Trustees will make a statement of its reasons for taking this action.

In order to ascertain the wishes of the patrons of the school in this matter a secret ballot will be taken at a this meeting.

It has been agreed by a committee of three consisting of Mr. H. E. Morris, a parent of a high school student, and a member of the Board of Trustees that only citizens of School District No. 1 and patrons of the high school at least 21 years of age shall be eligible to vote and that the clerks to handle the balloting shall be selected equally by Mr. H. E. Morris and the Board of Trus-

Sample ballot is as follows:

#### BALLOT

Mark (X) before one of the following:

- 1. I am in favor of the Trustees recommending H. E. Morris as Principal of Seminole High School for 1947-48.
- 2. I am not in favor of the Trustees recommending H. E. Morris as Principal of Seminole High School for 1947-48.

In order that there may be an opportunity for citizens of the district to properly vote and in view of the fact that most of the high school students have expressed themselves through petitions, all students are respectfully requested not to come to this meeting but to select a committee to represent them at the meeting, if they desire, thereby making more space available to patrons of the school.

All interested patrons of the high school are urged to attend this meeting and let their wishes be known to the Board of Trustees.

#### Feds Rated As Tops In State Loop For "Rags To Riches'

BILVER SPRINGS, Apr. 7, (Special)—While it couldn't possibly happen, Florida State League fans at DeLand and Palatka would certainly have something to crow about, for not in the seven year history of the circuit has 'a club representing those cities won a league pennant, so even if they finished the 1947 season in a dead heat, there would be plenty of cause for rejoicing.

The Redhats finished second in 1941 and have appeared in four

1941 and have appeared in four Shaughnessy play-offs, but the Azaleas' best effort to dath was a third place spot in 1936, the

inaugural year.
That the Redhats are the league's most consistent team in best proved in that in seven years they've won 465 tilts and lost 469

for an average of 498.

Gainesville's G-Men and San-ford's Celeryfeds are the loop's top "rags to riches and reverse" teams. Finishing first in 1936 and 1937 and second in 1938, the and 1937 and second in 1938, the G-Men haven't risen above sixth-place since. Sanford's record includes a record-smashing 1939 pennant winner, and the dubious honor of being the only league club forced to disband before a season ended—the debacle of 1941. St. Augustine's Saints are unique in that they've won two pennants—the first in 1936 and the second in 1941. However, the Saints' 1936 pennant came after

Saints' 1936 pennant came after they had polished off league-lead-ing Gainesville and second place Daytona Beach in Shaughnessy play-offs that then decided the

Best percentage in league his tory was Sanford's 98 victories against 35 defeats for a .737 average in 1939, while "the loop" poorest showing to date lando's 40 victories against 190 porest showing to date was Ordefeats in 1937. Here's how the clubs have fin-

SIDELINES

PITTSBURGH PIRATES

Announcement has been made that the Pittsburgh Pirates are seeking a new home.

As we see it there is no reason why the City of Sanford and the County of Seminole could not have this Major League organization at the Municipal Park next year.

Pirate chieftans are dissatisfied with Miami and are attempting to locate in the central part of the state where there are many teams with which to play exhi-bition contests in the spring. Sanford has more to offer the Pirates than any other Central

Pirates than any other Central Florida town.

We have the best training site at the Municipal Park that could be secured in this area. The facilities at the park are exactly those that are needed by a Manager of the park are recorded by a Manager of the park are recorded by a Manager of the park are recorded by a Manager of the park are needed by a Man jor League club.
Secondly, the hotel facilities are second to none. The management of the Mayfair Inn has repeated-

y received favorable comments from the teams that have been Sanford has nothing to lose and

everything to gain by attempting to get the feam here.

The City has long desired that a Major League team be located here, and this is the chance it has long awaited.

Orlando thinks enough of the organization to build a park for them. They have offered to build temporary park for next sea-son's activity and start immediately on another park of permanent construction. That is what our neighmors to the south think

of Major League occupancy.

Sanford will not have to build a temporary park or any kind of a location for the team. We have what they wantand can get them to come here if we just go after the club and show them that we want them here. we want them here.

One of the Pirate farm organi-

zations is currently undergoing spring training activity at Leesburg, That, too, is one reason that they would like to locate in the central part of our state. Indianapolis trains in the Lake County city. A number of small-er Pirate farm organizations train

Let's all get behind this Pirate organization and let them know that we want them to come the Sanford is the place for them.

Chemists of the Middle Agse directed their efforts toward trans-muting the baser metals into gold and indefinitely prolonging human
