

Sanford Theater News for the Coming Week.

A TENSE moment from the sky-thriller "Flying Blind." As these players Jean Parker, Richard Arlen and Roger Pryor battle enemy spies in the sky. The picture, which is said to be one of the best aviation pictures yet made, will be at the Ritz Theater next Friday and Saturday.

A DELIGHTFUL and provoking tale of a girl who loves three men and wants them all is "Tom, Dick and Harry," starring Ginger Rogers, with Burgess Meredith, George Murphy and Alan Marshall, to be seen at the Ritz Theater tomorrow and Monday.

PROGRAM FOR WEEK OF SEPT. 14th

Tonight, Final Midnight Show—"THE HUMAN MONSTER" with Bela Lugosi. Also—Comedy, Cartoon and Screen Snapshot.

Sunday, Monday—"TOM, DICK AND HARRY" with Ginger Rogers, George Murphy, and Burgess Meredith. Also—Cartoon, Travel, News.

Tuesday, Wednesday—"THE RICHEST MAN IN TOWN" with Frank Craven, Roger Pryor, and Eileen O'Hearn. Also—repeat of popular favorite "THE WOMEN" with Norma Shearer, Jean Crawford, Rosalind Russell and many others.

Wednesday, Thursday—"DR. KILDARE'S WEDDING DAY" with Lew Ayres, Lionel Barrymore, Laraine Day and Ed Skelton. Also—Musical comedy short, picture people and Universal News.

Friday, Saturday—"THE MEDICO OF PAINTED SPRINGS" with Charles Starrett and Terry Walker. Also—"FLYING BLIND" with Richard Arlen, Jean Parker, Nils Asther and Roger Pryor.

"THE HUMAN MONSTER," said to be one of the most spine-tingling horror thrillers ever made, will bring to a close the series of midnight shows that have provided entertainment for local film fans during the past six months when it is screened tonight at the Ritz in the last midnight show of this season.

3,000 Applicants Are Investigated For Welfare Aid

JACKSONVILLE, Sept. 12.—(Special)—Florida's constantly expanding public assistance program from 1935 collections while investigation during the month of August, according to a report from the State Welfare Board.

These included 1,361 applications for old age assistance, 1,188 applications for aid to dependent children and 294 applications for aid to the blind.

In Jacksonville County applications under investigation during August were 1,027 and assistance \$21,814 in dependent children, 11 aid to the blind.

State Welfare Board statistics show that over an extended period of time about 75 percent of the applications filed for public assistance are rejected, the remaining 25 percent being rejected because of failure to establish eligibility for various reasons.

Of these, the largest number are rejected because of failure to establish eligibility for various reasons.

President's Stand Upheld By Marriage

WASHINGTON, Sept. 12.—The White House announced today that the President's stand against the repeal of the anti-lynching law is being upheld by the Supreme Court.

The Court, in a 5-4 decision, has ruled that the President's veto of the anti-lynching bill is constitutional.

The bill, which would have made it a crime to conspire to deprive any person of their equal rights under the law, was vetoed by the President on August 14.

The Supreme Court's decision is a significant victory for the President's position on the issue.

TO BUILD SEPTUARY

MEMPHIS, Va., Sept. 12.—(AP)—The Septuarian Church, a new religious organization, is being organized in Memphis, Va.

The church, which is based on the teachings of the Bible, is being organized by a group of men who are seeking to build a new church.

The church's first service is scheduled for next week.

WARRANTED

WASHINGTON, Sept. 12.—(AP)—The Federal Bureau of Investigation has issued a warrant for the arrest of a man who is wanted for a crime.

The man, whose name is not being disclosed, is believed to be in the Sanford area.

The FBI is working to locate the man and bring him to justice.

Neutrality Act Is Under Discussion; No Plans Are Made

\$6,000,000,000 Request For New Lend-Lease Appropriation Expected

Army-Navy Plans Joint Censorship

Roosevelt Reports \$190,447,870 In Supplies Exported

WASHINGTON, Sept. 15.—Speaker Rayburn today told a press conference that a revision of the Neutrality Act was discussed by legislative leaders with President Roosevelt but that no conclusions had been reached. At the same time, Rayburn said the President would send a message to Congress Thursday on the subject of a new lend-lease appropriation which increased sources said would amount to about \$6,000,000,000. Roosevelt, meanwhile, reported to Congress that actual reports of American war supplies to the nations fighting the Axis under the present lend-lease program, had totaled \$190,447,870 up to Aug. 31.

Asks More Planes

Constantine Oumansky, Russian ambassador to the U. S., arrives at the White House for a conference with President Roosevelt. He is reported to have asked for all possible fighter planes for the Soviet. The Soviet is said to be losing 25 to 30 a day in the war with Germany.

Mole Cricket Danger Great, Says Dawson

Faced with a possible serious loss in the early crop due to mole cricket damage, farmers of Seminole County are awaiting the action growing out of a survey to be made by a representative of the Bureau of Entomology and Plant Quarantine of the United States Department of Agriculture. C. R. Dawson, county agent, stated today.

Action For Control Awaits Result Of Survey To Be Made

Both Mr. Dawson and the County Commissioners have made recommendations to the Control Committee of the State Plant Board to have mole cricket bait distributed here. The Commission made a resolution to that effect at its last meeting and had the resolution sent to the State board, Mr. Dawson said.

In a report made to the State board on Sept. 6, Mr. Dawson stated that 4,500 acres of early seed beds would suffer severely if the mole cricket were not controlled. Season of greatest injury would be in October and November, the report read.

Polls To Open At 7:00 O'Clock For Election

British Report Axis Troops Are Routed Following Penetration In Egypt

By Associated Press
On the North African front, long quiet, action flared anew today. The British reported two Axis columns based in Libya penetrated 35 miles into Egyptian territory but were routed by British mechanized forces. They said there was every indication that the Libyan situation would be "boiling" by early October and added that more than half a million Allied troops are now in the Middle East, the largest force since the start of the war.

A wing of the royal air force, believed to include some of the latest type American-made fighting planes, has reached the Russian front, ready for battle, authoritative sources said yesterday.

Voting Expected To Be Heavy Though Not Equal To Record Fall Vote

Polls open tomorrow morning at 7:00 o'clock for citizens of Sanford to decide whether they will change the present system of electing commissioners on a staggered term and having the Mayor elected by the members of the commission. Voting is expected to be heavy, according to interest being shown, though it is not expected to equal the record vote of last Fall that brought 1,473 to the polls as a number of citizens are absent in the Army or at work on defense projects outside of the community. City Clerk H. N. Sayer said this morning. No provision has been made for absent persons to vote.

Official Ballot No. 1

Official Ballot No. 1
OFFICIAL SPECIAL REFERENDUM ELECTION
CITY OF SANFORD, FLORIDA
September 16, A. D. 1941
Electing the Mayor and Members of the City Commission of the City of Sanford, Florida, for a term of two years by the duly qualified voters of the City of Sanford, Florida, in accordance with the provisions of an Act passed by the Legislature of the State of Florida in 1941.

Instructions

If you favor the Mayor and Members of the City Commission of the City of Sanford, Florida, being elected by the duly qualified voters of the City of Sanford, Florida, for a term of two years in accordance with the provisions of an Act passed by the Legislature of the State of Florida in 1941, place an "X" mark in front of the words "Yes" in the box below.

FOR Election of the Mayor and Members of the City Commission of the City of Sanford, Florida, for a term of two years in accordance with the provisions of an Act passed by the Legislature of the State of Florida in 1941.

Principal Russian Cities Said In Grave Danger

The Crop Must Be Harvested

Faced with a serious shortage of male workers in harvesting the \$6,000,000 tobacco crop this year, Lancaster County, Pa., has called on its women to drive tractors and do other work in the fields. Here are three sisters and a brother hard at work. They are Mary, Elizabeth, Mildred and Paul Mowrer, of Columbia, Pa.

Traffic Rules Are Explained To Rotarians

Purpose Of Highway Patrol Is To Prevent Accidents

Florida's new traffic rules and regulations were explained at today's luncheon of the Rotary Club by Hugh L. McArthur of Tampa, attorney for the Department of Public Safety, who stated that the department is anxious to help the public, does not want to be known as a "law enforcement agency" and hopes to prevent accidents as well as assist through the co-operation of the public.

New Wage-Hour Laws Are Put In Effect

WASHINGTON, Sept. 15.—The wage-hour administration directed Sunday that employers save orders and invoices, shipping and delivery records, bills of lading and bills to customers (other than "cash") for at least two years. Officials said this new requirement was being put in effect so that the agency's inspectors might use such records to determine instances when the wage-hour law applied to employees and when it did not apply. Business establishments engaged in interstate commerce come under the law.

Fourth Of New York Stations Out Of Gas

NEW YORK, Sept. 15.—(AP)—A spokesman for New York's utility authority said today that the city's 1940 stations will be out of gas by the end of the month unless their gas supply is increased.

Nazi Radio Station Located In Mexico

MEXICO CITY, Sept. 15.—(AP)—Discovery of a "radio relay" and clandestine Nazi propaganda radio station near Los Palmar in the state of Chiapas was reported Sunday by the government.

Lewis Tate's Home On Sanford Avenue Burns To Ground

Lewis Tate, railroad conductor, returned to his home on South Sanford Avenue last night to find that his house was burning and by that time the fire was out of control. The Fire Department had been notified at 8:35 P. M. Upon its arrival, the force saw that the furniture was already damaged beyond repair. The firemen kept the surrounding houses sprinkled but Mr. Tate's house and furnishings were completely destroyed.

Representative In 1929 Session Cites Charter's History

Urging the citizens to vote in tomorrow's election to amend the City Charter, L. P. Hagan, former representative in the State Legislature, today recalled the passage in 1929 of the present law under which City officials are elected and reminded the public of the "one man domination" to which the law puts an end.

Retail Prices Show Record Advancement

NEW YORK, Sept. 15.—(AP)—Retail prices of staple items brought in department stores recorded one of the largest advances last month since the autumn of 1933, the Fairchild publication retail price index indicated Sunday.

Export Freight Is At New August High

WASHINGTON, Sept. 15.—(AP)—Export freight car loadings other than grain at Atlantic, Gulf and Pacific ports reached a new high of 56,011 cars in August, the Association of American railroads reported Sunday.

Large Amount Of Cotton Consumed

WASHINGTON, Sept. 15.—(AP)—The Cotton Bureau reported today that the 1941 cotton crop was estimated at 10,735,000 bales, up from 10,517,000 bales of 1940.

T. A. Greenleaf, Aged Citizen Of Lake Mary, Dies

County Pioneer Dies After Illness Of Several Months

Thomas A. Greenleaf, pioneer resident of Seminole County, died at his home in Lake Mary Sunday morning at 9:10 o'clock after a illness of several months. Mr. Greenleaf was born in Stark, N. H., on Dec. 4, 1854 and resided in Lake Mary for the past 20 years.

Keeping Prices Down... Last week Secretary Morgenthau added his voice to the chorus of New Dealers...

Secretary Morgenthau's remedy to keep prices from going out of sight is simply to stop doing some of the things which have made them rise...

Secretary Morgenthau has added that releasing some of the food surpluses at this particular time could be no disaster to the farmer...

The most effective way to prevent a damaging rise in prices is, quite simply, to release surpluses from storage...

The government now holds or controls, he continues, 7,000,000 bales of cotton...

McDowell Must Re-build Entire Rollins Grid Team

Rollins, Sept. 15.—(Special)—Chimizing a notable record of success in organized baseball circles since 1937, baseball fans of this Lake county sports center Monday night will present Wilbur Good's new, sensational Leesburg Anglers in the opening game of the Florida State League's sixth annual play-off series against Thomasville, the Georgia-Florida league play-off winner. The tilt starts at 8:15 o'clock.

Leesburg Faces Thomasville In League Play Off

Leesburg, Sept. 15.—(Special)—Chimizing a notable record of success in organized baseball circles since 1937, baseball fans of this Lake county sports center Monday night will present Wilbur Good's new, sensational Leesburg Anglers in the opening game of the Florida State League's sixth annual play-off series against Thomasville, the Georgia-Florida league play-off winner. The tilt starts at 8:15 o'clock.

GOING TO THIRD By Jack Sords

JOE CRONIN, RED SOX MANAGER, A SHORTSTOP ALMOST EXCLUSIVELY DURING HIS MAJOR LEAGUE CAREER, NOW GOING FOR THE HONOR THIRD BASE POSITION

Blending Monday morning, Faylich, a great target and steady receiver, is credited with much of the success of the Anglers' five-man hurling staff that includes four rookies. Manager Wilbur Good announced that he had invited Catcher Eddie Martin, manager of the Gainesville G-Men, to replace Pevlich. League officials consented to the move, and it was understood that the Georgia-Florida league also lent its chief with Thomasville also to take on one.

Broadening Of U. S. Frontiers Welcomed By Great Britain

Halifax Says Move Will Be Significant Even After War Is Finished

American Industry Receives Praise

Better Outlook In England Expected Due To Increase

WASHINGTON, Sept. 16. (AP)—Stripped for action, the United States Atlantic fleet took today protective measures against the German U-boats today as they headed for the Atlantic coast.

This new phase of operations began at 12:51 A. M. The widely accepted view is that the move will be significant even after the war is finished.

LONDON, Sept. 16. (AP)—The broadening of American frontiers beyond the coastal limits of the United States, such as the establishment of a defensive outpost in Iceland, will be welcomed by Great Britain, an official spokesman here said today.

Lord Halifax, British foreign secretary, said that the United States' move will be "a great step forward."

The state department announced last night that American ships will be permitted to carry supplies and passengers to large areas of the British Empire which they had been barred from under previous interpretations of the neutrality act.

The department said this was based on an opinion of Attorney General E. A. Tamm that the United States' neutrality act applies only to England, Wales, Scotland and northern Ireland.

President Roosevelt used the term "United Kingdom" in his proclamation on Nov. 6, 1940, which declared that the United States would be neutral toward the one hand and France, Poland and the United Kingdom, India, Australia, Canada, New Zealand and the Union of South Africa on the other.

Under the neutrality act, the proclamation automatically closed these areas to U. S. shipping.

State department officials declined to indicate precisely the areas which the new interpretation of the act would open up to shipping.

They thought, however, that Great Britain, the British Empire, the British Commonwealth and the Anglo-British Sudan now would be opened up.

Hankers For Army

Locked doors can't keep Johnny Schierenbeck, 5, from the army, but his age is a factor. Fifteen times he has run away from his Brooklyn home and showed up at the army base 13 blocks away as a volunteer.

After the 14th time his family hid his clothes, but Johnny donned his sister's slacks and sweater and tried again. Still too young, the army declared.

Martin Bram Is Named Head Of Polio Group

Over \$400 Is Now In Treasury Toward Iron Lung Purchase

Martin Bram was elected chairman of the Seminole Chapter of the National Foundation for Infantile Paralysis to replace Bradford Byrd, who resigned yesterday afternoon to name officers for the ensuing year to begin Oct. 1.

All other officers of the chapter were re-elected at the meeting. The executive council to fill vacancies left by men who have moved from Sanford, Mr. Byrd, former chairman, said last night.

Officers of the organization are: Dr. J. N. Tolary, vice-chairman; Dr. T. Doss, secretary; and James L. Ingley, treasurer. Members of the executive committee are Mrs. Gliddie Harbison, Mrs. Helen Schellie, Dr. E. D. Brownlee, Dr. C. L. Park, Father J. J. Kellogg, Dr. R. W. Riprecht, Miss Lucille Peagram, Maxwell Stewart, Mrs. J. W. Coates, S. M. Culy, E. J. Nelson, Jr., Mrs. Maxwell Stewart, Roland Dean, as well as Mr. Byrd, Major William Rogers and Charles Griffith who resigned.

Mr. Byrd reported at the meeting that the net of \$371.91 sent to the national foundation is check for 84 percent or \$312.55 had been received by the local chapter. The money was placed in a fund to be held as a nucleus for the purchase of an iron lung for Seminole County, in accordance with the vote taken by the chapter.

In addition to this amount, \$125 already on deposit, donated by various subscribers during the winter and spring months, was added to the fund. The total amount is \$437.46.

Mr. Byrd also reported a letter from C. E. Tracy, state chairman of the national foundation, congratulating the chapter for its work.

Brisk Voting Is Recorded Despite Overcast Skies

Nearly 100-An-Hour Cast Ballot On City Controversy

Brisk voting during the morning hours and an increase this afternoon brought the total number of voters to about 600 up to 1:30 o'clock today with a growing line indicating even heavier voting later in the day despite overcast skies, as the electorate of Sanford decides the method of electing the mayor and city commissioners.

Up to 11:30 o'clock this morning the voters had been visiting the folks in a steady stream with an average of 100 persons an hour casting their ballots at the city commission room at the City Hall, but a drifting rain slowed the voting until about noon.

Polling will probably be heavier this afternoon, especially after stores and offices close, as the deadline for closing the polls is set for 6:30 o'clock.

If the 100-an-hour voting continues until the polls close this evening it can be expected that over 1,100 persons will cast their ballots on the question of city government, a number not far short of the record 1,473 vote of the Fall municipal election.

A goodly number of persons calling at the polling place to vote in the city election found they had registered with the County but had failed to register with the City, thus losing their right to vote in this election.

These persons kept working in the City Clerk's office, registering there so they may vote in the next city election.

Sidewalk discussion groups were few and widely scattered, maybe due to the inclement weather.

American R. A. F. Flyers Missing

LONDON, Sept. 16. (AP)—The British air ministry announced Monday that four American volunteers in the R. A. F., including a member of the American Eagle Squadron, are "missing."

The Eagle Squadron man was Pilot Officer V. W. Olson of Concord, N. H., who was said to be "believed killed in action."

The names of the other three were not given but they were identified as follows:

Second Lieutenant E. R. Jack, Sergeant E. A. B. Thompson, and Sergeant C. Degas.

47 Paralysis Deaths Reported in Alabama

MONTGOMERY, Ala., Sept. 16. (AP)—Alabama's infantile paralysis death toll reached 47 Monday as Colbert county reported its third fatality for the year.

Wives were notified by phone that their husbands had died of the disease.

U. S., Haiti Co-operate For Defense

\$1,100,000 In Lease-Lend Goods To Be Sent To Strategic Island Country

WASHINGTON, Sept. 16. (AP)—The United States and Haiti today signed an agreement under which lease-lend goods valued at \$1,100,000 for Haitian defense will be sent to that strategic Caribbean island.

Repayment will be made by Haiti by shipments of Haitian products to this country.

Senate and House conferees completed work on the \$3,563,400,000 defense tax bill in 70 minutes Monday virtually assuring that the record revenue measure will be on President Roosevelt's desk for signature this week.

The House is scheduled to consider the conference report today. Senate leaders have made plans to bring it before that chamber on Wednesday. No prolonged controversy is expected in either House.

In what is expected to be its final form, the bill represents a complete victory by the Senate over the House. The House bill projected additional revenue of \$3,216,000,000. It passed after leaders had rejected a request from President Roosevelt and Secretary of the Treasury Morgenthau that the income tax base be broadened by reducing exemptions for single and married persons.

The Senate bill called for \$3,563,400,000 in new revenue and incorporated the President's and Morgenthau's proposal. Lowering of the present individual income tax exemptions from \$3,000 to \$1,500 for married couples and from \$800 to \$750 for single persons will bring 2,275,000 new taxpayers into the revenue structure, the conference report said.

In addition to the lowered exemptions, the House Senate accepted these major Senate changes in the bill:

• Institution of a "easy computation" method for computing taxes on incomes up to \$30,000.

• Integration of the special 10 percent defense tax into new surtax schedules.

Elimination of the House approved special excess profits tax which would collect 10 percent of the increased earnings of corporations now affected by the regular excess profits levy.

Elimination of the proposed one-tenth of a cent soft drink tax.

New rates on the House approved tax on slot machines, pin ball machines, and billiard tables of \$50, \$10 and \$10, respectively.

Nazis Hurl Full Manpower; Ten Hostages Shot In Paris

Executions Are Reprisals For Attacks On German Army Members

PARIS, Occupied France, Sept. 16. (AP)—General Heinrich von Sulpis, commander of the German occupying forces, announced today that ten more hostages have been shot in Paris in reprisal for attacks on German army men.

These executions brought to 13 the number officially announced.

Cairo suffered its first air raid of the war today, when Axis planes bombed the city heavily, killing 39 civilians and wounding 93.

This apparently opened the way for a British bombing of Rome, for the British last evening warned that the bombing of either Cairo or Athens would bring reprisals against Rome.

Cairo is a Holy City to the Moslem world, such as Rome to the Catholic. Athens proper was not bombed throughout the Balkan campaign.

Seamen Unions May Unite In Strike

NEW YORK, Sept. 16. (AP)—The A. F. of M. Seafarers International Union of North America, which called a strike Saturday in Atlantic coast and Gulf ports over a war bonus demand, Monday officially notified its west coast affiliates, the Sailors Union of the Pacific, that the walkout was still under way.

Leonard Tir, chairman of the strike committee, said it was expected that the Pacific coast union would call meetings to consider measures of assistance, but declared any announcement of sympathetic action would be a violation of the union's secretary in San Francisco.

At least eight ships were reported tied up and picked along the Atlantic seaboard, and no other regulations were indicated by the companies or the union.

Removal Of Nazi Ambassador Asked

TALLAHASSEE, Sept. 16. (AP)—State road department employees throughout Florida Monday received orders to start removing all advertising signs from highway rights-of-way on Sept. 24.

Under the new state law requires signs to be 15 feet beyond the right-of-way boundary on all roads outside city limits.

William L. Hull, director of the road department division of highway advertisements, said metal signs taken from the roads will be offered to defense officials for scrap metal.

Union Refuses To Stop Ship Strike

NEW YORK, Sept. 16. (AP)—Seafarers International Union (A. F. of M.) rejected today the offer by Rear Admiral Ernory S. Land, U. S. Maritime Commission chairman, to try to settle in two weeks union demands for month pay bonuses and other payments if the union would immediately call the 10 ships now tied up by the strike.

"Flying Battleship" For The Navy

Under construction at the Glenn L. Martin Company in Baltimore is the Navy's XPB-2M 1, largest seaplane in the world, which will be able to fly the Atlantic and back non-stop. Powered by four 2,000-horsepower motors, the ship is one-third larger than the present clipper planes, and weighs approximately 70 tons.

Boy Scout Council Meets After Awards Made At Court Of Honor

Seminole County Boy Scouts held a Bi-Monthly Court of Honor on Monday at the Junior High School with E. L. Kelley, chairman of Advancement committee presiding. Scouts John A. Jones and Malcolm MacNeill were promoted to the rank of Star Scouts by W. E. Kader, Harry Leedy, Billy Goetz, E. C. Harper, LeRoy Gilbert, and Billy Wilkinson were promoted to Second class by E. J. Nelson, Billy Chapman, Walter M. Smith and B. C. Harper, Jr. were promoted to the First class by Ralph A. Smith.

John Kader awarded merit badges to the following scouts: Public Health, E. C. Harper, Jr.; John A. Jones, Billy McCall; for Cooking—E. C. Harper, Jr. and Walter Steele; for Swimming—E. C. Harper, Jr.; John A. Jones, Kenneth Leffer, Billy McCall; for Personal Health—Billy McCall; for Bookbinding—Malcolm MacNeill and Ralph Smith, Jr.; for Handicraft—Malcolm MacNeill; for Pioneering—Howard Runge; for Bird Study—Howard Runge; for Scholarship—Billy Shoemaker, Howard Runge; for Business—Ralph Smith, Jr.; for Reading—Walter Steele.

Immediately following the awarding of the merit badges, the Seminole District Council met with Guy Jones, assistant scout executive of Orlando, presiding. Freddy Fields entertained the members with two piano selections. The council had investiture ceremony for the new scouts and passed a resolution to discourage deaf and dumb signaling because the Morse and Semaphore codes are more satisfactory. Plans were made for a Scout Round Up at Camp Weeks on Sept. 25 which will be held by the Central Florida Council.

Members of the Seminole County Council are: W. E. Kader, Ralph A. Smith, Sr., Ned Smith, E. J. Nelson, E. L. Kelley, and A. C. Madden.

Two Runs Made By Fire Department

Two runs were made by the Sanford Fire Department yesterday and last night to avert plagues caused by shorting of wires, which resulted in little damage. Fire Chief Mack Cleveland said this morning.

A wire leading to a neon sign at the Hollywood Shops caused some shorting and smoke because of a short but burned only the wires. Chief Cleveland explained. The other run was made in Sanford-street Street and Sanford Avenue where a wire shorted and caused a fire.

All Available Men Needed To Replace Staggering Losses Suffered In Fight

Germans Report High Red Losses

In the Middle East, British and Russian troops were reported marching on Tobruk, capital of Libya, as the kindom's ruler, Izzad Shah Abdallah, abdicated amid Anglo-Russian charges he was feigning on the agreement to expel all Germans and other Axis nationals or turn them over to the Allies.

The Shah's 21-year-old son, Crown Prince Shahpur, Mohammed II, was named to succeed him.

An inkling that Germany is now hurling all available manpower into the bloody 87-day-old struggle, possibly to replace staggering losses, was seen today in a British report that Hitler had been compelled to withdraw "nearly 5,000,000 seasoned troops" from Nazi-occupied Belgium, Holland and France to meet the demands of the Russian campaign.

Meanwhile, the Italian press frankly predicted that hostilities with the United States were inevitable as a result of Secretary Knox's statement that the U. S. Atlantic fleet, now stripped for action, would protect all bases and convoys en route to Iceland.

Adult Hitler's high command reported today the annihilation of nine Soviet divisions and the crushing of some other divisions ("with bloodiest losses," a grand total of about 70,000 men—on the Leningrad front—) simultaneously.

The Soviet Army newspaper Red Star reported a savage night battle of heavy tanks for "an important point on the approach to Leningrad" ended in a complete rout of the Nazis.

Soviet military dispatches, picturing Leningrad as doomed, said the great network of steel and concrete fortifications ringed the old czarist capital was crumbling under blows of the most potent weapons in the Russian arsenal.

The Russians appeared last night to be adding thousands to a ghastly German casualty toll before Leningrad in a still effective defense of that city, but far to the south seemed clearly in bad case from above Kiev, the Ukrainian capital, down to the Black Sea.

In the south there were indications that major German offensives were being developed, aside from the continuing operation to isolate Kiev itself, toward the Russian Crimea, and eastward toward the great Red industrial basin of the River Don.

German bombers in great force—the noisy and invariable heralds of the destruction of more than 500 Russian motor vehicles in a wide sweep east of the Dnieper river toward the region of the Don.

Moreover, authoritative persons in London spoke plainly of the peril to the Russian position created by the Soviet's forced evacuation of the railway junctions of Kremenchug, 175 miles below Kiev, and a Nazi thrust not mentioned in any other quarter into the Perekop area about 50 miles to the southeast of the lower Dnieper on the neck that connects the Crimea with the Russian mainland.

All this, they said, apparently had laid the Don basin open to a Nazi drive which would meet no single natural obstacle of consequence.

That the Russians were alive to this situation was suggested in this morning's communique, which reported heavy Red air raids on Axis Black Sea and Danube ports—Constanta, Sulina and Galati.

At Odessa, on the Black Sea, the Soviet command declared that Red troops supported by men of the Black sea fleet still were holding the city against German and Rumanian assaults and that one Rumanian regiment had been annihilated.

Turning to action in the north, the morning communique reported that German attempts to capture the Soviet island of Olenok in the Baltic had been repulsed.

Six Men Leave For Camp Blanding To Fill Draft Quota

Six men left for Camp Blanding yesterday afternoon to fill the September draft quota for Seminole County. One man, short of the number needed as one of the men called had already joined the regular army several weeks ago, E. H. Carter, draft board secretary, said this morning.

Under the leadership of James Williams, the men, Marion H. Tidmore, Elijah C. Walters, Levi J. McNab, Henry B. Longwell and Marshall Urquhart joined a bus load of men heading for the induction station.

Upon their arrival at Camp Blanding the men will undergo a rigid physical examination to determine whether they are fit for the rigors of army life before they are accepted and sworn into the service.

Vincent C. Hattaway, the other man that had been expected to go with the group yesterday at Jefferson Barracks, Mo., having enlisted on Oct. 23, the board secretary said.

Questionnaires are being mailed to white men in preparation for the October draft quota of 14 men. Mr. Carter added. Yesterday afternoon the questionnaires were mailed to men whose order numbers are between 2250 and 2350. Plenty of opportunity is afforded men who wish to be volunteer as no men have been assigned for the September quota, Mr. Carter explained.

Removal Of Road Signs To Begin

BUENOS AIRES, Sept. 16. (AP)—The Argentine congress demanded with but one dissenting vote Monday the expulsion of German Ambassador von Therman within three days for abuse of diplomatic privileges in headlong undercover Nazi organizations.

It was the first time since the war's outbreak that an Axis envoy of top rank has been the target of such drastic action by a neutral nation in the Western Hemisphere.

Dutch Jews Ordered To Wear Insignia

BERLIN, Sept. 16. (AP)—The Jews of the Netherlands soon must wear the Star of David on their left shoulders, a DNB dispatch said Monday.

The official newspaper said that the commissioner general for security (in the Netherlands) issued a decree requiring the adoption of this measure.

Two Runs Made By Fire Department

Two runs were made by the Sanford Fire Department yesterday and last night to avert plagues caused by shorting of wires, which resulted in little damage. Fire Chief Mack Cleveland said this morning.

A wire leading to a neon sign at the Hollywood Shops caused some shorting and smoke because of a short but burned only the wires. Chief Cleveland explained. The other run was made in Sanford-street Street and Sanford Avenue where a wire shorted and caused a fire.
