## F.A. VANDERLIP IS QUESTIONED BY COMMITTEE

In Testimony Declares His Exaggerated but Admits Saying Government Should Be Given Thorough Investigation.

## NEW OIL LEASE

Care is Retained in Which Denby and Hill Entered Negotiations for Alaskan Oil Reserve by Means of Lease Methods Similar to Teapot Dome.

WASHINGTON, Feb. 15.—The Senate oil committee turned its attention Friday from statements made in the inquiry yesterday to concentrate on the references made by Frank A. Vanderlip, New York banker, in an address in Oshing, N. Y., regarding the sale of the Marion Star by Warren Harding shortly before his death. Mr. Vanderlip who arrived yesterday, was kept waiting until today when the committee followed an unexpected trail of testimony that led through the methods of former Secretary Fall in getting into effect the leasing policy.

Frank A. Vanderlip took the witness stand Friday morning when the oil committee convened. Senator Walsh of Montana opened the article proceedings by reading a newspaper article declaring that members of the committee forced Chairman Lenoir to resign the banker in spite of his unwillingness.

Mr. Vanderlip began his testimony by explaining that in the first instance some papers had misquoted him. "Substantially, I said there were rumors from Washington which went far beyond gossip," he continued.

"You hear it everywhere about this story. I believe that out of respect to President Harding's memory this scandal, for I believe it scandal, should be closed. I do not." He further said that he considered it his "patriotic duty to bring things to the surface because they are known in every newspaper office." He declared he could give no legal information on the subject.

No evidence to implicate President Harding in the oil scandal developed Friday when the Senate oil committee began its inquiry into the rumors regarding the sale of the Marion Star just before Harding's death. The committee has heard detailed testimony in refutation of the Star story but none in support of it. Frank Vanderlip, New York financier who recently created a sensation in a public speech that the sale of the paper would be investigated, testified that it was only a repeating rumor that had become widely current, and he knew none of the facts involved in the sale and made no effort to ascertain them and had intended only to ask an investigation so that the good name of the dead president might be cleared. He made the same explanation as to his reference to reports that the committee had refused to press the questioning of Fall because he might "each" on those in high places. "Did not even know, he said that Fall claimed immunity for those published prominently everywhere. The details of the sale of the Star was laid before the committee by Louis Brush who with Roy Moore purchased it. They said all the money invested in it was their own except some borrowed from Ohio banks. Brush not cross-examined and appeared on witness stand.

Former Secretary Fall and Secretary Denby were declared in a letter laid before President Coolidge today by John Ballaine, Alaskan railroad contractor, to have entered into negotiations in July 1921 for the transfer and lease of the rich Matanuska coal reserves in Alaska along the same lines followed in the Teapot Dome oil lease.

The Alaskan coal lease was not executed, the letter said, but the navy department, largely through the efforts of Rear Admiral Robinson had assiduously refused ever since to permit the use of Alaskan coal by the navy.

Talked By Big Financiers  
Information reaching the committee was that the story had been a subject of discussion among New York financiers and that some of its details had been brought to Washington by Mr. Yeakum after he had talked to Mr. Kahn.

The oil committee continued to hold out last night against approval of Silas H. Strawn and Althea Pomeroy as government counsel in the oil cases, and after being advised of this President Coolidge withdrew the name of Mr. Strawn. He took the position, however, that no conclusive evidence of Mr. Pomeroy's ineligibility had been produced.

Vanderlip Waits in Vain  
Throughout the day's hearing Frank A. Vanderlip, the New York banker, waited in vain in the hearing room to be called to the witness stand for questioning regarding his recent references to the sale of President Harding's Marion Star. He and other witnesses on the same subject will be heard today.

## TAX BILL FIGHT WAGES HOT IN HOUSE DEBATE

Arguments Centering on Income Tax Revision Are Begun in House with the Decision to End All Debate on Monday at 4 P. M. in Anticipation of Amendments.

## NOT WORRYING

WASHINGTON, Feb. 15.—The house agreed today to take up on next Tuesday the income tax rates in the revenue bill, the major point in the controversy, with amendments in order.

WASHINGTON, Feb. 15.—The fight over the tax bill, centering on the revision of income taxes, Thursday reached the floor of the house.

General debate was begun on the measure, which substantially carries out the recommendation of Secretary Mellon under an agreement for its termination at 4 p. m. Monday. Thereafter amendments will be in order, with the income tax section expected to be disposed of first.

Members of the ways and means committee which framed the measure occupied the floor Thursday. After Chairman Green of Iowa had explained the general provisions of the bill, Representatives Garner of Texas, ranking Democrat of the committee, and Mills, Rep., New York, whom Mr. Garner singled out as the "spokesman of the administration" opened the debate in partisan speeches provoking many personal exchanges. Mr. Mills, who is a staunch advocate of the Mellon tax rates, said he expected that "about 20 or 30 men elected as Republicans would join the Democrats, when the critical sections of the bill were reached," and granted that the "minority will then be the majority." He declared, however, that according to Treasury estimates the Democratic tax reduction plan would result in a loss in revenue of \$220,000,000 annually against an estimated surplus annually under the present system of \$320,000,000. He warned the Democrats that they would be charged with responsibility, if their plan was accepted, for raising sufficient revenue to operate the government.

## Bulkhead System Is Discussed At Luncheon Today

What was lacking in numbers was more than made up in interest and enthusiasm at the Chamber of Commerce luncheon held Friday at the Valdez Hotel when an extensive discussion on the proposed bulkhead system was held. City Engineer Fred T. Williams was present at the meeting and when asked what would be the probable cost of the project, stated that it would be approximately \$140,000.

A. P. Connelley stated that inasmuch as there was likely to be some opposition to the proposed system from taxpayers on the west side of the city and inasmuch as those on the east side have already expressed their approval of it, that the first work to be done on the east side first that would be believed that if bonds were voted upon to cover the entire expense, that the opposition from the other side would be sufficient to defeat the whole project.

It was Mr. Connelley's opinion that if the work was completed on the east side first that opposition on the west side would be of little importance and advantage would then be withdrawn their opposition. More discussion revealed that legality of assessing the cost on the abutting property owners, is to be passed upon by the courts.

It was announced that the Atlantic Coast Line Railroad Company will give a rebate of one-half of the cost of the freight on the perishable products to the New York exposition and will rebate the whole cost of the freight on non-perishable goods from New York to Sanford. An expression of appreciation is to be sent to the officials of the company for its splendid offer.

## JOYCE NORMAN, SHOW GIRL, TESTIFIES DIAMOND ADMITTED AFTER SHOOTING THAT HE HAD HAD A PART IN HOLD-UP

William Gibbs McAdoo appeared voluntarily before the Senate Lands Committee to explain his connection with E. L. Doherty, oil magnate. He is shown posing for cameramen after coming from the committee room in Senate Office Building.

NEW YORK, Feb. 15.—Miss Joyce Norman, 20 year old show girl, testified Thursday that Joseph Diamond, on trial for the murder of two bank messengers who were shot down and robbed of \$13,000 on a Brooklyn elevated railroad platform last November, told her in Philadelphia several days after the shooting that he had been "in a hold-up."

"He told me," she said, "that he was a boxer—a pugilist—and was supposed to be in training and did not want to be seen in the company of women. He also said, laughingly, that he was 'wanted.'"

"Later in the evening he looked at a newspaper and got very nervous—terribly nervous. I asked him what was on his mind and he said something about having been in a hold-up. I can't remember exactly what he said. He told me he used to steal automobiles with his brother, but that they were going to quit and go into the lumber business."

Miss Norman, who was brought by authorities from New Orleans where she was playing in a musical comedy, said she met Diamond three days after the Brooklyn shooting when she was playing in a Philadelphia theatre.

Joseph, whose brother, Morris, awaits sentence as a convicted murderer of the two bank messengers, spent money lavishly upon her entertainment, Miss Norman asserted.

Joseph Selikowitz, who testified at the trial of Morris Diamond that he could identify the brother, Joseph, as the actual slayer, declared today he could not now be positive. Later he admitted that the Diamond's aged mother, recently had called at his home and asked with tears in her eyes, "aren't you mistaken when you say Joe shot them?" Selikowitz testified he promised Mrs. Diamond he would "tell only the truth."

Prosecuting attorneys dismissed him without cross examination. Henry L. Channing, another witness who claimed to have stepped off a train just in time to see the shooting, said the bank messengers' slayer was a smaller man than Joseph Diamond.

Miss Norman was "on top of the world," when Diamond entertained her in Philadelphia, she said. Now she is "down and out" jobless and unable to pay her bill at an expensive hotel in Manhattan.

## Commodore Longfellow, Noted Life Saving Director, Will Visit Sanford

Commodore W.E. Longfellow, associate national director of life saving for the American Red Cross, who is himself a veteran scout, will visit the local scouts next Tuesday, it was announced Friday.

Commodore Longfellow will be accompanied by David J. Yates. A special program will be arranged during their visit which will include a demonstration in life saving and first aid. This program will probably be given at the scout camp at Silver Lake. Details of this program will be given on Saturday.

Commodore Longfellow has been associated with Scouts since its start in America, and many of the 600,000 Boy Scouts and leaders know him personally for his efforts to spread the Red Cross Gospel of Water Safety and First Aid to the United States.

A few years ago he made a study of the uses of the Scout membership and has developed nearly 60 different uses to save life and afford convenience to Scouts in the field. Many of these are strictly First Aid uses.

## Charges Brought by Brewer Against Mellon of Duplication of Bonds Are Unfounded Says Treasury Secretary

WASHINGTON, Feb. 15.—Charges brought by Charles B. Brewer, department of justice attorney, of bond duplication in the bureau of engraving were answered "once and for all" Thursday by Secretary Mellon, who in a letter to the President, asserted the accusations were unfounded and the integrity of the public debt undisturbed.

The letter to the chief executive was "a clear statement of facts," the secretary said, that any public uneasiness may be dissipated.

Army Engineer Named  
In making public the letter to Mr. Coolidge the treasury secretary also announced that Maj. Wallace W. Kirby of the army engineer would make charge as acting director of the bureau immediately, relieving Louis A. Hill, the director named when President Harding ousted Jas. L. Wilmoth and 27 other officials of the plant in 1922. Hill's resignation was tendered some weeks ago, upon announcement by the treasury of a decision to restore the ousted employees to their places, but acceptance was withheld until his successor could be selected.

In making known the selection of the new acting director, Mr. Mellon made public a statement by the President which explained that Major Kirby would retain his commission in the army and that when the bureau "is put once more in good working order a permanent director will be appointed as an acting director of the bureau immediately, relieving Louis A. Hill, the director named when President Harding ousted Jas. L. Wilmoth and 27 other officials of the plant in 1922. Hill's resignation was tendered some weeks ago, upon announcement by the treasury of a decision to restore the ousted employees to their places, but acceptance was withheld until his successor could be selected.

Mr. Mellon's letter to the President dealing with conditions in the bureau relating to details of the investigation conducted by the treasury in running down each charge presented by Mr. Brewer. Most of these, the secretary said, concerned affairs of the bureau under previous administrations, and related to the greater time issues of federal credit. But the treasury agents went back to check over these also. Mr. Mellon said, and added that the treasury's record of guarding against fraud in the handling of the securities "invites the fullest inspection."

He recalled that Secretary Houston expressed a similar view of charges made by W. McCarter of South Dakota in 1921, in an inquiry into bureau affairs. The charges then, as now, in Mr. Mellon's opinion, were based largely on "misinformation and misunderstanding" and the secretary declared emphatically there was no evidence at any time to substantiate the charges of fraudulent issue of federal bonds.

What Charges Relate To  
Mr. Mellon said the Brewer charges, in fact, related principally to the temporary issues of securities, nearly all of which were exchanged into permanent bonds as rapidly as conditions permitted. That exchange in the secretary's opinion, provided a good check upon the integrity of the issue of the temporary bonds and "furnishes a conclusive answer to the charges of duplication."

There are now only about 37,000,000 in temporary bonds still outstanding out of a total of more than fifteen billions issued, the secretary asserted.

"In other words," the letter said, "the Liberty bonds now in the hands of the public are practically all permanent bonds, which are not subject to duplication."

There are now only about 37,000,000 in temporary bonds still outstanding out of a total of more than fifteen billions issued, the secretary asserted.

## "Clean-Up" Drive Results In Arrest of 1600 Criminals

ST. LOUIS, Feb. 15.—A "clean-up" drive starting Monday has resulted in the arrest of over 800 persons with a new record of 870 persons apprehended within a 15 hour period and 76 saloons, poolrooms, dives and resorts raided. The drive results shown Thursday by fact only one robbery was reported, the police pointed out; Saloons and other haunts of criminals it is reported are practically deserted with the doors closed in many cases. The "clean-up" drive began four days ago and will continue indefinitely the authorities stated.

## S. A. B. Wilkerson Is Head Athletic Club

S. A. B. Wilkerson was elected to head the Seminole Athletic Club at a meeting of its members on Monday night of this week. Others elected to serve with Mr. Wilkerson in various capacities were: first vice-president, Joe Ludwig; second vice-president, Philip Bach; business manager, Gus Schmah; assistant business manager, Walter Bach; treasurer, Edward Bendig; secretary, Miss Violet Swagerty; sporting editor, Miss Peggy Bruton.

Plans were discussed about a baseball team to be formed by the club. Much enthusiasm was manifested over the project. It was stated that there is plenty of good material available for a team and plans were made for practices to begin within a short time.

Another meeting of the club will be held on next Monday night at 8 o'clock in Mr. Wilkerson's office in the Melech building. All members and those wishing to join, are urged to be present.

Little grafted leaves, little drops of oil, give the papers pieces and make the teapot boil.—New York Tribune.

## SEMINOLE FAIR BEST EXHIBIT ORLANDO FAIR

County Exhibit at Annual Fair of Orange County Declared to Be Best Ever—Many Individual Prizes Won by Exhibitors from Seminole.

Seminole county has received the \$200 prize for having the best county exhibit at the sub-tropical and mid-winter fair now being held at Orlando. This fact was announced Thursday by the judges who declared that the exhibit was the best that has ever been put on by Seminole county.

That the Seminole county booth has attracted the attention of everyone visiting the exhibits building is testified to by the many favorable compliments published in the Orlando papers during the past few days. It is said that the Seminole county exhibit has been one of the chief sources of interest not only to northern visitors but to native Floridians. Thousands of spectators marveled at the Seminole exhibit and have remarked upon the excellence of the products displayed.

Much credit for preparing the booth and arranging the display goes to Frank Miller, who was in charge of the Seminole county exhibit at this fair for the past 10 years. F. P. Rines, who has been working hard on the exhibit, is in charge of the display and has been aided by the splendid cooperation of Mrs. Frank Johnson of Markham.

Not only did Seminole county secure the prize for the best county exhibit, but individual displays from this county received many blue ribbons for first prize. The judges of the fair, J. M. Scott, R. T. Peal and A. A. Henderson, gave first awards for the following exhibits in the county booth: Red sugar cane, Japanese sugar cane, rock grass, guinea grass, sugar cane, six varieties of forage, sample hay grass, collective seed exhibit, collective starch products, collective casava products exhibit, honey, comb honey, strained honey, box of Valencia oranges, collective products exhibit and box of tangerines.

Perhaps the one feature that attracted the most attention of visitors to the Seminole booth was a large relief map of the county which was prepared by H. S. Sellick and F. R. Darling. The map, complete in every detail, was made of sand. Various roads of the county together with the lakes and locations of the towns of this county were shown by the map. It measures six feet by 12 feet and is declared to be one of the most complete maps of its kind seen in this part of the state.

Many were the expressions of genuine approval made on this feature of the exhibit from this county.

Another feature of the exhibit which attracted much attention was that of the racing pigeons placed on display by A. Sands, Poulter, of the Sub-Tropical Farm, Vero Beach, and Sam Wilkinson, Mr. Sands received first award for blue Trenton cock, Mr. Lucas received second prize and Mr. Hutchinson third prize in the same exhibit. Hens displayed also won first prizes and altogether it is said that this exhibit was one of the best features of the fair.

Among the winners of prizes on the exhibit of the Sub-Tropical Farm, Poulter, of the Sub-Tropical Farm, Vero Beach, and Sam Wilkinson, Mr. Sands received first award for blue Trenton cock, Mr. Lucas received second prize and Mr. Hutchinson third prize in the same exhibit. Hens displayed also won first prizes and altogether it is said that this exhibit was one of the best features of the fair.

South Takes Lead As Cattle Country

ATLANTA, Ga., Feb. 14.—There is no single agency that holds out brighter prospects of reaching the more gratifying proportions in Georgia and the South than the cattle industry, which by the way, has already become a potent factor in the prosperity of the section...

Where but few heads of cattle roamed the pastures of the South, hundreds are now being raised. The present quality of the stock in many sections is now far above the average, it is stated, and it has been brought home to the cattle raisers that it costs no more to raise full blooded cows than it does to raise piney woods "scrubs"...

The South is especially adapted for cattle raising with its excellent climate, as many national periodicals are now pointing out. Many cattlemen from other sections are now considering the section as never before, it is stated.

This is the edict of leading shoe dealers, say fashion experts in the Peachtree Arcade, Atlanta's leading style center. It is decided that trouser crease shoes will predominate, the style possessing a crease down the top of the shoe similar to the crease in men's trousers...

High School Quintet Meets Masked Marvels

Announcement was made Thursday that the Sanford High school basketball team will play the Sanford Masked Marvels tonight at 7:30 o'clock at the Grammar school court.

Both teams have been practicing hard for the past few days and are declared to be in fine shape. The line-up for the high school will be: Byrd and Wilson, forwards; Stone, center; Smith and Moyer, guards.

The Masked Marvels will play the same line-up that will face the fast Orlando Dragoon quintet Friday night. Just who compose the team is not known, but it is declared by those in a position to know, that it is composed of some star players.

The Sanford High school team will play the St. Cloud team Saturday night. The meeting will be a doubleheader, arrangements having been completed for the girls' team to play.

GAINESVILLE, Feb. 14.—Announcement is daily expected from the University of Florida that a new coach for the track teams has been engaged. With the initial workout by candidates for the team set for February 15, interest in this year's showing by the elder path artists is increasing daily.

STATE ROAD CONDITIONS

TALLAHASSEE, Fla., Feb. 14. Condition of Florida's cross-state roads, as described in reports by division engineers to the state road department is described in the following report for the week of February 9: Road No. 1.—Nunez Ferry to Jacksonville: Nunez Ferry to Escambia Bay, few miles under construction. Detours marked. Floridatown to Crestview, good sand-clay and brick road. Crestview to DeFuniak Springs, rough, unimproved road. DeFuniak Springs to Ponce de Leon, excellent sand-clay, under construction, take north or south county road. Westville to Marianna, unimproved, but in very good shape. Marianna to Aucilla river, four miles under construction, no detours, remainder in good shape. Aucilla river to Greenville, good. Greenville to Madison, rough but passable, short detours which are posted. Suwannee river to Live Oak, fair. Live Oak to Wellborn and Lake City, fair. Lake City to Jacksonville, good.

Valentine Makes Fortune For College Boys

A large advertisement for a musical valentine. It features a heart-shaped graphic with the words "I Love You" written inside. Below the heart is a musical score for the song. The advertisement is titled "Valentine Makes Fortune For College Boys" and "Princeton Man and Kansas U. Man Invent Musical Valentine". It describes how the song was written and how it has become popular among college students.

Princeton Man and Kansas U. Man Invent Musical Valentine The song they wrote served its intended purpose and Broadway heard the romantic story. It came to the ears of a famous publisher who promptly bought the song and engaged the authors to write "Little Jessie James," a musical comedy, around the song. The musical valentine of last year, a song called "I Love You," sung now all over the world, has made it possible for the creators, Harry Archer of Princeton and Harlan Thompson of Kansas U., to draw royalties in some five figures this Valentine's Day.

### STATE HAS LARGE BANK BALANCE AT END OF JANUARY

Report of State Treasurer Shows State to Have Operating Balance Over Two Million.

TALLAHASSEE, Fla., Feb. 15.—The state of Florida had an operating balance of \$2,515,897.56 on hand at the opening of business on Jan. 1, according to the monthly statement of receipts, disbursements and balances of the state treasury for the month of January. This compared with a balance of \$2,990,711.28 on Jan. 1.

Disbursements for January exceeded receipts by \$471,813.72, with an outgo of \$1,350,943.02 against a net income of \$876,129.30. Payments by the comptroller into several principal funds had not reached the treasurer, however, at the close of business on Jan. 31. Among these were included the motor vehicle license county road fund, the motor vehicle maintenance fund, the state aid fund, the motor vehicle license fund, the state aid fund (gasoline), state aid road fund, which probably would have sent the month's receipts well above the disbursements.

Balances, receipts and disbursements of several of the more important funds during the first month of the year follow, in the order named:

General revenue fund, balance \$14,355.10; receipts \$311,943.80; disbursements \$351,944.01; one mill school tax fund, \$117,044.18; 17,494.80; \$134.64; pension tax fund, \$288,751.81; \$43,754.80; \$18,324.47; state road tax fund \$121,124.84; \$79,596.84; \$134,451.32; state prison fund, \$99,517.49; \$1,534.47; \$17,697.14.

Drainage tax fund, \$244,517.11; \$19,666.97; \$109,484.65; motor vehicle license county road fund, \$27,922.99; no receipts; \$5,170.75; motor vehicle license maintenance fund, \$40,877.26; no receipts, \$4,774.77; motor vehicle license expense fund, \$2,550.17; \$9,000; \$12,471.81.

Gasoline inspection fund \$14,867.67; \$14,925; \$126,814.72.

### Paylova In Final Ballet In Atlanta

ATLANTA, Ga., Feb. 14.—Back in America for her eighth and, she declares, her final tour of the United States, Anna Pavlova with her famous Ballet Russe, will bring to her audience in Atlanta next Friday and Saturday not only of her former tours of North America, but a repertoire enriched with inspirations and knowledge which she has gained from her recent trip to the Orient.

### PIONEER SETTLER DEAD

DAYTONA, Feb. 15.—Capt. Simmons Bennett, said to be the pioneer of the Halifax county, Fla., is dead here at the age of 80 years. He was born at New Bedford, Mass., Apr. 1, 1837, and had resided in this section 67 years. The greater part of his life was spent on the high seas. When he came to Florida he took charge of a fleet of boats engaged in transporting lumber to the North, and later built his own schooners which he operated between Jacksonville and New Smyrna. This for a long time was the only means furnished for residents to obtain supplies of food and other necessities. It was aboard his schooner that Mathias Day, founder of Daytona, came to this point, some 50 years ago.

### BIGGER FAIR NEXT YEAR

TAMPA, Feb. 15.—Plans already are being discussed by directors of the South Florida Fair, which has just closed the 1924 season, to make the affair bigger and better next year than ever before. Enlargement of buildings and facilities to more adequately meet the increasing demand for space will be taken up by the directors and it is probable that an extension of the grandstand, construction of a livestock pavilion and permanent quarters for housing the dog show will be tentatively agreed upon. The fair just closed was greater in every respect than was expected, officials of the organization declare.

### FOUR JAP SETTLERS.

JACKSONVILLE, Feb. 15.—The chamber of commerce here is discussing the desirability of encouraging settlement of Japanese on Duval county farm lands. Those favoring the idea are pointing out the value to be derived from settlement of Japanese, expressing belief that rapid enhancement in land values would follow. It is recounted by others that perplexities have arisen in other sections of the country where members of that race have settled, and stress is laid upon the necessity of caution in any action on the matter.

It will be better off when the knows instead of the noes have it.

### ITALY PAYS HOMAGE

of the ill-fated French dirigible "Dixmude," was picked up on the coast of Italy. It is shown here lying in state in a church at Sciacca, Sicily.

### WHAT YOU PAY OUT IN TAXES EVERY DAY

What's your salary? From the moment you wake up in the morning four invisible tax collectors have their hands in your pocket grabbing one-sixth of every dollar you spend. According to your pay check, here's what you pay out in taxes every day in the year, including Sundays:

Weekly wages	Daily pay	Your Federal income tax	Tax hidden in your rent	Taxes on food clothing etc.	Total Taxes every day
\$21	\$3	.01	.13	.37	.51
28	4	.05	.17	.46	.68
35	5	.09	.21	.51	.81
42	6	.13	.25	.61	1.02
49	7	.17	.30	.72	1.19
56	8	.21	.34	.81	1.36
63	9	.25	.38	.90	1.53
70	10	.29	.42	.99	1.70

And it's more than this if you live in a State where you pay a State income tax

### DEVELOPMENT PLANNED

EUSTIS, Feb. 15.—The average depth of the Ocklawaha river is sufficient to assure greater development in the plans to connect the chain of lakes in this section into a navigable system, according to findings of J. M. Braxton, first assistant to the district engineer, Mr. Braxton, with three other government engineers, has just made an inspection of the river, taking soundings between Lake Griffin and the canal, every 50 to 100 feet, ascertaining that at no point is the water less than five feet deep. The inspection extended into Silver Springs Run.

### ANNOUNCE FOR RE-ELECTION

KEY WEST, Feb. 15.—Mrs. Cornelia C. Sawyer, appointed by Governor Hardee to fill the unexpired term of her late husband as county tax assessor, announces her candidacy for the place, and will enter the Democratic primary next June seeking the nomination.

### HUGE RECEIPTS.

JACKSONVILLE, Feb. 15.—The half-million dollar mark has been passed in receipts from operation of the Jacksonville-St. Johns river bridge, according to the monthly report by Frank Brown, clerk, who informed the county commissioners that \$506,317.81 has been received since the bridge opened in July, 1921. Of this sum \$400,007.59 represents a net profit. Of this profit, \$353,337.79 has been turned over to the bond trustees for interest, sinking fund and emergency fund.

It is not against the law to sit around and cuss the Teapot Dome men, but it is an awful waste of time.

### Batteries

The very best Battery is an EXIDE We re-charge and repair all makes of Batteries RAY BROTHERS Phone 518—Sanford

"Well! Strong!"

Mrs. Anna Clover, of R. F. D. 5, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and was afraid I was going to get in bed. I suffered with my head, back and sides—a weak, aching, nervous feeling. I did not seem to find the right remedy until someone told me of

### CARDUI

The Woman's Tonic I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me." If you have been experimenting with all kinds of different remedies, better get back to good, old, reliable Cardui, the medicine for women, about which you have always heard, which has helped many thousands of others, and which should help you too. Try Cardui.

## GREAT BRITAIN AND INDIA ARE NOT RESPONSIBLE FOR OPIUM TRAFFIC TO UNITED STATES, SAYS CAMPBELL

(By The Associated Press)  
 LONDON, Feb. 15.—Charges made in certain quarters that the governments of Great Britain and of British India are ultimately responsible for the abuse of narcotics in America because opium and similar drugs are produced in, and exported from, Britain's eastern dominion, are answered by John Campbell, representative of the India government at the Geneva opium conference of August, 1923, who contributed an article in the current Asiatic Review on "The Opium Question and America."  
 Mr. Campbell makes the categorical statement that "India does not export opium to the United States, and only the most trifling quantities at very irregular intervals, to countries on the American continent; neither does India export opium to England or to any other country for eventual re-export to the American continent. Moreover, no Indian opium finds its way to America by any channel whatsoever except possibly such trifling quantities as may be smuggled by the crews of ships trading between Far Eastern ports and ports in the United States. India does not now, nor has she at any time, exported dangerous drugs to America

either directly or indirectly." The writer declares that the India government has for years steadily pursued the policy of selling opium as far as possible direct to governments of other countries, and so far from pressing its opium on any country, India requires as a condition precedent to export that the importing government must satisfy itself that the quantity asked for is reasonable; that the importing government must certify that the opium is required for legitimate purposes and that it must assume the administrative and moral responsibility of seeing that the opium imported is not employed for purposes of abuse. As a result, Indian now sells roughly three-fourths of her opium exports direct to responsible governments, and has refused to allow export in cases where it was thoroughly satisfied that the certificates produced were unreliable.

### CORN SOUP

1 can corn  
 1 pint boiling water  
 1 pint milk  
 1 slice onion  
 2 tablespoons butter  
 2 tablespoons flour  
 1 teaspoon salt  
 Few grains pepper  
 Chop the corn, add water, and simmer twenty minutes; rub through a sieve. Scald milk with onion, and add milk to corn. Bind with butter and flour cooked together. Add salt and pepper. Serve with popped corn.

**Cream Soups.**  
 Cream soups are a combination of the white or cream sauce with vegetable pulp or white stock, or both. Being a little too heavy for dinner, they are very suitable for the main dish at luncheon.

**Cream of Tomato Soup.**  
 1/2 can tomatoes  
 2 teaspoons sugar  
 1/4 teaspoon soda  
 1 quart milk  
 1 slice onion  
 4 tablespoons flour  
 1/2 teaspoon salt  
 1/2 teaspoon pepper  
 1/2 cup butter.  
 Scald milk with onion, remove onion, and thicken milk with flour diluted with cold water until thin enough to pour, being careful that the mixture is free from lumps; cook twenty minutes, stirring constantly at first. Cook tomatoes with sugar fifteen minutes, add soda and rub through sieve; combine mixtures, strain into tureen over butter, salt and pepper.

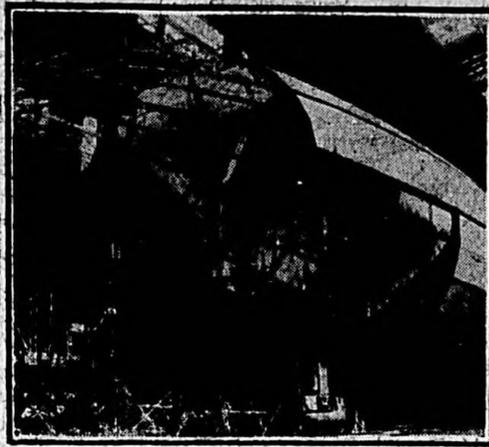

### JOURNALISM SCHOOL

ORLANDO, Feb. 15.—The board of school trustees is considering a suggestion that a school of journalism be introduced into the curriculum of the Orlando high school next year. Theoretical and practical instruction would be included in the course, it is understood, but no definite action has yet been taken. School authorities say that high schools throughout the country are beginning to take advantage of benefits to be derived from installation of journalism departments.

FELLSMERE, Feb. 15.—A consulting chemical engineer representing one of the nation's more important chemical corporations recently has been in this section investigating the possibilities of peat deposits, or muck. These deposits are said to be rich with ammoniates and the prediction is made that the American farmer will be greatly benefited through relief from his dependence on Chilean beds for nitrate to use in fertilizers. The chemical concern is erecting a \$250,000 plant, which is expected to produce 180,000 tons of marketable material annually.

If everybody in the United States learned to play football we could chase the book agents ragged.

### Rebuilding the Shenandoah

The giant U. S. dirigible Shenandoah is being rebuilt, following its disastrous flight when it broke from its mooring in a storm. Photo shows the extent of the repairs being made in Lakehurst, N. J.

### LAKEHURST MEN AWAIT ARRIVAL OF NEW CHIEF

Landsdowne Expected Soon to Relieve McCrary of Command of Shenandoah for Polar Flight

LAKEHURST, N. J., Feb. 15.—Pending the arrival of Lieut. Comdr. Zachary Landsdowne to relieve Comdr. Frank R. McCrary as commander of the naval air station and dirigible Shenandoah, officers here Wednesday continued to be uncertain as to the prospects for the proposed polar flight of the airship.  
 Lieutenant Commander Landsdowne was expected to reach the station Wednesday, and when he did not arrive it was understood he will be here tomorrow to take over the command. Landsdowne is expected to bring explicit word of the navy department's intentions regarding the Arctic voyage.  
 Approves Mooring Mast  
 News from Washington that Secretary Denby had approved orders for the immediate installation of a mooring mast on the fuel ship Ramapo, which is to be supply vessel for the Shenandoah in the Arctic, was cheered by some of the officers, who have been apprehen-

sive that the trip might go over until 1925.

One of the potent causes for alarm was the transfer of Comdr. Ralph D. Weyerbacher, construction superintendent of the Shenandoah, to the Philadelphia Navy Yard as part of the general shake-up, announced Monday. Commander Weyerbacher returned today from Washington, where he went on receipt of his transfer orders, but declined to give out anything about his visit to the Navy Department Bureau of Aeronautics. Next to Capt. Anton Heinen, German civilian pilot, Weyerbacher has been regarded as the most valuable member of the Shenandoah's complement for the projected northern flight. He is regarded on all sides here as the greatest authority on airships in this country and the belief is expressed readily that his place will be hard to fill.

Sanford Daily Herald... Published every afternoon, except on Sundays and Public Holidays... Second Class Matter, October 17, 1915, at the Postoffice at Sanford, Florida, under act of March 3, 1879.

Beautify the Lakefront... A most excellent suggestion has been made by C. H. Lefler, one of Sanford's pioneer business men and residents, regarding the development and beautification of the lakefront. Mr. Lefler says: "Beautify Sanford's lakefront and add a finishing charm to the St. Johns River. Make our 'Substantial mid-winter garden city' worth coming to see and seeing will be open-door to buying."

As Brisbane Sees It... The Wonderful South. And Carefree Palm Beach. Startling, Quick Growth. Buy the Land of No Regrets. Copyright, 1923. THIS IS written at Palm Beach, happy land where those with nothing to do are doing it energetically. The blue sea is beautifully calm, the breezes that sweep across it are mild. The water is warm. Human beings are bobbing up and down in it, fashionable and unfashionable. It is easy to distinguish the "fashionable," for they have little on in the way of bathing suits.

WALL STREET AND THE FARMER... SENATOR ARTHUR CAPPER. Wall Street lampoons the farmers and their spokesmen at Washington for demanding fair freight rates for staple agricultural products. It accuses them of seeking to destroy the railroads, notwithstanding two presidents have urged lower farm freight rates. Canadian railroads have reduced these rates until they are much lower for equal distances than in the United States and that well-managed railroads in the United States did a record business at a record profit in 1923, while agriculture barely staggered through the year.

Paternalistic Tendencies... Several days ago Reuven R. Arnold, prominent member of the Atlanta law fraternity, made a speech before the bar association of that city, which if delivered during the war days, probably would have caused his condemnation as a traitor and his execution by a firing squad. The war is over now, that is, as far as the battlefield goes, but the people are still paying the bill. Mr. Arnold told the unvarnished truth, however, about the taxation system which evidently met with the hearty approval of his colleagues. Here are some of his remarks: "The income tax amendment tears down every barrier erected between Congress and the citizens to protect the citizen in the enjoyment of his property."

DOLLAR UPON DOLLAR... Interest upon interest at the rate of 4% compounded, makes money grow fast at Our Savings Department. No matter how long you live, money saved NOW will come in handy. Start your dollars earning interest at this bank today. FIRST NATIONAL BANK... A COMMUNITY BUILDER. F. P. FORSTER, President. B. F. WHITNER, Cashier.

FOR SALE CHEAP YOUR TERMS... East Half, Block 4, Tier 19. North West 1-4, Block 5, Tier 19. South East 1-4, Block 6, Tier 19. Lots in Woodruff's Sub-Division on easy terms. 800 acres, flowing Well. Land Solid Body. Subdivided in 5 acre lots. As whole or in lots. Easy terms. For Fire Insurance see us—30 years in business. FRANK L. WOODRUFF & SON. Phone 42. Office Woodruff and Watson.

MY FAVORITE STORIES... By IRVIN S. COBB. If my memory serves me right, I already have told here the yarn of the patron in the cheap restaurant who ordered eggs for breakfast. "Boss," said the colored waiter, "mebbe you better tek something else. I would not care to recker-mend aigs dis mornin'."

WORDS AND ACTION... THE TAMPA TRIBUNE. President Coolidge made a very able and well-considered speech in New York, which The Tribune printed in full in yesterday's issue. The address was replete with striking passages and calculated to arouse considerable response from the people generally.

THE GROWTH of the south within the last few years is the marvel of industrial and financial history. Southern bank resources exceeding \$5,000,000,000 are thirty-five per cent greater than in 1910. Capital invested in manufacturing has increased from \$1,000,000,000 to over \$9,000,000,000 in eight years.

THE SOUTH invests its own money in southern enterprises. It manufactures its own raw cotton. Spindles in southern cotton mills have increased sixty per cent since 1910. There are in the south almost a million more spindles than in all the rest of the United States put together. Once the south only grew raw cotton, sending it to northern mills or to England to be made into cloth.

## Half-Million

Mrs. Emanuel Modica of Brook- lyn, N. Y., has filed suit for \$500,000 damages against the Countess Roger de Perigny (above) who married the Count de Perigny last November. The countess, it is alleged, alienated Mrs. Modica's husband's affections.

## EVERY WEEK BRIDGE CLUB

Delightful in every way, was the bridge party given by Mrs. E. Barrett, Thursday afternoon at her home on Magnolia Avenue, the guests being the members of the Every Week Bridge Club. The rooms where the card tables were placed were adorned with baskets of bright yellow callendulas and ferns. Scores were kept on tallies done in floral design, and the card game proved of exceptional interest. When scores were counted the prizes were won by Mrs. James G. Sharon and Mrs. M. H. Mabry. At the conclusion of the game, the hostess served a tempting salad course with coffee.

## VALENTINE BRIDGE PARTY

The newly remodeled K. of C. Hall was the scene of a very pret- ty party Thursday evening, when Mrs. John Maurer, Jr., and Mrs. John Schjeldt entertained at a be- nefit Valentine card party. There were ten tables of players. Festoons of small red hearts were fastened to the chandeliers, and across the numerous windows and doorways. On the wall were large red hearts, and other Val- entine suggestions. Baskets of dried red roses were also used to advantage. Marking the places of the play- ers were red hearts, and the tables were also numbered with "red hearts. Games of 500, bridge and pinocle were played. The evening passed all too quickly and when scores were counted the prize for high score among the bridge players, a cake plate, was won by Mrs. Andrew Mahoney. Miss Margaret Muller, holding high score among the 500 players, was given a blue candlestick. John Pezold having high score among the men, was awarded a box of cigars. In the game of pinocle, the prize, a carton of cigarettes, was won by John Maurer. The cut prize, a cheese dish, was presented Peter Sehaal. Following the awarding of the prizes, the hostesses, assisted by Mrs. Harry Walsh, and Miss Lee Ammons, served sandwiches, pickles, cup cakes, strawberries with whipped cream and coffee.

## SOUTH SIDE PRIMARY PARENT-TEACHERS' ASSO- CIATION

The South Side Primary Parent- Teachers' Association met in the school building Thursday, Feb. 14, with Mrs. Nickel, chairman, presiding. Great interest is being shown in all the work undertaken and re- ports from all committees were very gratifying. The planting committee an- nounced the postponement of "Fern Day" from Feb. 22 until Feb. 29, and invited all parents and interested friends to be present on that date. The grade mothers reported several contributions given and more promised toward the play- ground equipment. The secretary was instructed to write notes of thanks to Mrs. Owen for conducting a Story Hour" at the January meeting and to the school board for planting out trees. Miss Foster volunteered to con- duct the "Story Hour" at the March meeting thus providing for the children's entertainment while the mothers attend the associa- tion. The feature of the afternoon was a most instructive and interest- ing talk given by Miss Doudney on the health conditions prevalent in Seminole county and what we as parents may do to remedy the small defects in our children while there is yet time to get results. This lecture was greatly enjoyed and should prove highly benefi- cial.

## Charity Ball for Hospital, Feb. 15th.

Charity Ball for Hospital, Feb. 15th. Don't forget the Charity Ball, Feb. 15. 95c—Final Close-Out—All Shoes in One Window, for Saturday and Monday 95c—Real Final Bargains—Lloyd Shoe Co.

## MERRIE MATRONS BRIDGE CLUB

The spacious home of Mrs. C. E. Henry on Magnolia Avenue was the scene of a lovely bridge party, Thursday afternoon, when Mrs. Henry entertained the members of the Merrie Matrons Bridge club and two extra tables. Sweet peas, roses and bougan- villae were used in profusion in the various rooms where the card tables were arranged. Several spirited games of bridge were played during the afternoon. The prize for high score among the club members, a blue candle- stick and candle, was won by Mrs. Harry Heeren. The guest prize, also a candlestick and candle went to Mrs. George Knight. The consolation, a late book fell to the lot of Mrs. Archie Betts. Refreshments consisting of a salad course, followed by a sweet course were served by the hostess assisted by her daughter, Miss Ruth Henry.

## EAST SIDE PRIMARY PARENT TEACHERS' ASSOCIATION

Thursday afternoon the Parent- Teachers' Association of the East Side Primary held their regular monthly meeting at the East Side school with the chairman, Mrs. H. C. DuBose presiding. Following the roll call, the sec- retary's report was read and ap- proved. Reports were also given from the various chairmen. It was decided that instead of a cook- ed food sale as previously plan- ned, each member would be asked to donate the money instead. The class room bringing in the most money, would be given a picnic. Reports were given by the play- ground committee, and Mr. H. C. DuBose has kindly offered to loan their committee the money for the equipment so that the order could be made at once. A rising vote of thanks was given him. At the conclusion of business, the meeting was turned over to the subject under discussion, being the Educational Bill, (Towne-Sterling) now before Congress. Mrs. DuBose gave a most instructive talk, explaining this measure, and asked all to use all influence in seeing this bill passed. Articles were also read on this subject by Mrs. DuBose and Mrs. W. Morton Thigpen. Miss Emma Owen prepared a chart showing the way the money of the nation is spent, as follows: Past wars, sixty-eight per cent. Future wars, twenty-five per cent. Civil department, three per cent. Public work, 3 per cent. Education, one per cent. Total one hundred per cent. After the program, the hostesses for the afternoon, Mrs. Dulose, Mrs. A. M. Phillips, Mrs. Ed Hig- gins, and Mrs. T. H. Lamb served tea, sandwiches and wafers.

## CHARITY BALL AT ARMORY TONIGHT

There seems to be some confu- sion about the Charity Ball, to be held tonight for the benefit of the hospital, the place being changed from the Woman's Club to the Armory on account of the former being too small to accommodate the crowd expected. Don't forget the place, the new Armory in the Kent building. This will be the largest and best affair of the season, and good music is assured.

## DINNER PARTY

Mr. and Mrs. Frank Pattee who are spending the winter in San- ford entertained at dinner Thurs- day evening at the Montezuma Ho- tel. The table was centered with a low arrangement of cut flowers and at either side were yellow un- shaded tapers in silver holders. The place cards were also in keep- ing with the decorations. Covers were laid for eight.

## SECURED RELIEF THROUGH FOLEY PILLS

John R. Gordon, Danville, Ill., writes: "I have suffered with kid- ney trouble five years; could not sleep at night and was always tired. I was not strong and hard work made my back ache. I got some FOLEY PILLS and after a few treatments I felt better and could work with more ease, be- came stronger and could sleep bet- ter." FOLEY PILLS are a diuretic stimulant for the kidneys, make them more active. Get a bottle today. Sold everywhere.

## J. A. Balinas of Cartersville

J. A. Balinas of Cartersville, who was in business in that city for the past fifteen years, has bought the Sanford Fruit Store and will locate here permanently. "During the many years that I ran a drug store at Charlotte, it was an every-day occurrence for women to ask me for something in liquid form to be given the children in place of calomel and castor oil. "I got to studying this problem and found that if I could get a hap- py balance between certain vege- table ingredients, some of which act on the liver and some on the bowels, I would be able to fill this very universal and very definite need. "I employed scientific methods and tested one combination after another until, finally, I hit upon a formula which proved up exactly right. Mothers Pleased. "After that, I answered the daily question by handing out a bottle

## Ziegfeld Comedian Would Have February 22nd Americanization Day

## Eddie Cantor Wants All Newcomers Taught Our Popular Airs

New York City.—Eddie Can- tor, Broadway's favorite comedi- an, now starring in Ziegfeld's super-production "Kid Boots" in a serious moment, sug- gests that Washington's birthday this year be celebrated as Ameri- canization Day. Eddie was raised on immi- grant soil, so to speak, for from the time he was eleven years old he was an immigrant runner for his grandmother's east side em- ployment bureau. He has, therefore, first hand knowledge of foreigners' prob- lems. "Every American ought to undertake to teach one immigrant a popular song on the 22nd of February," he insists earnestly. "It's the finest way I know to instill the spirit of the country, and you'd be surprised how it helps with the language. The rhythm and rhyme give a run- ning start to the newcomer struggling with our elusive ver- bage. And anybody who can sing our language is half a citi- zen already. Let's try it and see if it won't help."

## HERING-JARROTT

The announcement of the mar- riage of Miss Doreen Herring to James Howard Jarrott at Savan- nah, Ga., Feb. 12, comes as a sur- prise to the many friends of the young couple who are popular with a large circle of friends and relatives. The bride is the only daughter of Mr. and Mrs. William Herring. She is a lovely young girl, possessing a gracious charm and sweetness of manner that has made her a favorite in the younger society set of Savannah. The groom is the son of Mr. and Mrs. J. Howard Jarrott, also of Savan- nah. He is well known in San- ford, having lived here for three years, in the employ of the At- lantic Coast Line. Both families are prominent socially in Georgia and South Carolina. Mr. and Mrs. Jarrott will reside in Savannah upon their return from the wedding trip down the East Coast and Key West.

## RECEPTION FOR PRESIDENT GENERAL S. W. V.

On Thursday evening of next week, Mrs. Florence M. Clarke of East Cleveland, Ohio, president of the National Auxiliary U. S. W. V., will be the honoree at a recep- tion given by the Theodore Rose- well Auxiliary, No. 3, at the home of Mr. and Mrs. W. B. Ballard at Altamonte. J. C. Bonnon, foreman of the round house at the A. C. L. shops, and Miss Edna Burke, of Spokane, Washington, were quietly married January 31, at the home of the bride's parents, in Spokane. They are now at home to their friends at the home of Mrs. E. D. Chittenden on Magnolia Avenue. The many friends of Mr. Bon- non will join in wishing both him and his charming bride every fu- ture happiness.

## ANNUAL MEETING

DELAND, Feb. 15.—The Flori- da Historical Society will hold its annual meeting here on Feb. 20. Among the many prominent persons expected to attend is Mrs. Washington E. Connor, who trans- lated and edited the "Memorial of Menendez," written by the hon- orable J. Menendez and published by the society.

## 'Southern Mothers Suggested This New Kind of Laxative'

Second of a Series of Three Interviews with W. L. Hand. "During the many years that I ran a drug store at Charlotte, it was an every-day occurrence for women to ask me for something in liquid form to be given the children in place of calomel and castor oil. "I got to studying this problem and found that if I could get a hap- py balance between certain vege- table ingredients, some of which act on the liver and some on the bowels, I would be able to fill this very universal and very definite need. "I employed scientific methods and tested one combination after another until, finally, I hit upon a formula which proved up exactly right. Mothers Pleased. "After that, I answered the daily question by handing out a bottle

## VALENTINE LUNCHEON

Quantities of red roses in bas- kets, and large red hearts were used in decorating the Presbyter- ian Church parlors Thursday, when the members of the Westminster Club entertained at a Valentine luncheon. The long table was centered with a low plateau of red roses, and at intervals were vases of red roses, fastened to these were tiny red hearts. At each plate were red hearts marked with the guests names, and favors of Valentine dolls. The decorations were in charge of Mrs. Claud Howard. (Guests the guests upon ar- rival were Mrs. K. C. Bower, Mrs. Robert Grovenstein, Mrs. Elton Moughton, and Mrs. H. R. Rose- bro.

## Longwood

Word has just been received here that Jim Bryan had been killed in a trolley accident just outside of Chicago. His sister, Lillian, who was at Miami started north immediately to join the rest of the family. He left a wife. No further particulars have been re- ceived. Mr. and Mrs. C. B. Serey are re- ceiving congratulations upon the arrival of a seven and a half pound boy. Their little girl, Mary O'Neal, is having a hard time with whooping cough. Mrs. Allen has pneumonia. One of his daughters who is training for a nurse is at home caring for him. Smith Thompson was taken sud- denly ill last Saturday afternoon and continues to be quite sick. Mr. and Mrs. Ralph Ranger from Gainesville are visiting their parents for a short time. A pleasant social time was en- joyed at the library last Friday evening. Digging in saw-dust for mystery packages caused much young and old. Sandwiches, fancy fun among young and old. Sand- wiches, fancy cookies, and coffee were served.

## "A WORLD BEATER"

"FOLEY'S Cough Medicine is a 'World Beater' for speedy relief," writes Hilton A. Lyre, 200 Evans Avenue, Evansville, Ind. "Last month I was down with a severe cold, and getting worse. I bought a bottle of 'FOLEY'S HONEY AND TAR COMPOUND,' and the next night was well and O. K. If you want a quick, reliable remedy for coughs, colds and hoarseness in- sist upon FOLEY'S HONEY AND TAR COMPOUND. It has all the curative qualities of pine tar and honey. Sold everywhere.

## Big time Feb. 15th in Armory over Kent's new Bldg. Charity Ball.

Big time Feb. 15th in Armory over Kent's new Bldg. Charity Ball. 95c—Close-Out Odd Pairs for Saturday and Monday at 95c. See the Window—Lloyd Shoe Store.

## Helped Baby Survive His First Winter

Every mother knows that the winter is a dangerous season for her little ones. She dreads the approach of winter with its snow, wind and rain, for it is the time when many infectious infantile diseases are prevalent. Colds, catarrh, influenza, croup are a constant menace, for it is difficult to keep baby warm and at the same time well supplied with pure, fresh air. Then Teething proves its value to the anxious mother. "Twitl save her many an hour of dread and suffering because it helps to keep baby well and growing." Mrs. M. J. Hame, of Charlotte, N. C., writes: "Teething is just splendid. It has helped my baby through his first winter and the Baby Booklet is so helpful." Teething is sold by all druggists, or send 30c to the Moffett Labora- tories, Columbus, Ga., for a package and free booklet about babies.

## POSTAL CARDS POPULAR

WASHINGTON, Feb. 15.—Many people utilize the 1-cent postal cards for their correspondence. The postoffice department is using 1,253,000,000 this year, and is pre- paring to make almost 1,500,000,000 in 1925. They will cost \$815,000 to manufacture and print at the government printing office here. Last year they cost 60 cents, a 1,000 to manufacture; this year they will cost 61 cents a thousand. Dempsy says fast footwork is necessary in fighting. It is often more necessary in not fighting.

## CHARITY BALL

For the benefit of Fernald - Laughton Hospital, Friday, Feb. 15th. Price \$2.00—Big Times.

## REALIZING AN IDEAL

## CHAMPION LEWIS WINS FAST BOUT WITH PAT MCGILL

NEW-YORK CITY, Feb. 15.—Ed ("Strangler") Lewis, catch-as-catch-can heavyweight wrestling champion of the world successfully defended his title against Pat McGill, of Wisner, Neb., at the 71st Regiment Army Tuesday night but the head-lock specialist realized he had been through one of the toughest mat battles of his career before he succeeded in pinning down the shoulders of the champion.

Lewis effected a fall after one hour, 15 minutes and 36 seconds of about as spirited "head-spinning" as the fans of Gotham ever witnessed, not excluding the best days of the ante-denatured brand that put the entertainment under a cloud temporarily. The champion weighed 228 pounds, against a paltry 208 for the challenger.

Pat McGill in action is a little giant and tornado combined and he made a great hit with the crowd by his exceptional gameness and aggressiveness. Six times, in close grips with the man that outweighed him 20 pounds, the doughty Nebraska fairly catapulted Lewis out through the ropes and into the laps of the ringside spectators. He used all holds effectively, but specialized on a bad seissors in combination and arm lock. By this dread instrument the challenger twice came within fractional inches of a world crown. Only the superior advantage in weight and the brute strength of Lewis succeeded in saving him on these occasions and after he seemed destined to part with his title.

Lewis finally effected the confusion of the challenger by resort to his pet hold, the dread head-lock. It was necessary for him to apply this no less than three times with all his strength to weaken his adversary into a state of helplessness.

## Cheaper To Attend Court Than To Keep Home Fires Burning

(By The Associated Press) JESSNITZ, Germany, Feb. 15.—The most common-peace civil cases in the Jessnitz courts have attracted unprecedented crowds this winter. There was such a jam of men, women and children on several occasions, when the thermometer was hovering about the zero point, that the bailiffs had to close the doors.

Questioned by court officials the spectators admitted frankly that they had not the slightest interest in the legal proceedings, often even being bored by the sessions, especially when masses of technical documents were being examined. However, they found that it was much cheaper to attend court and get warm than to keep the fires going at home during such severe weather.

## RING MATCH AT MIAMI

MIAMI, Feb. 15.—Red McLachlin of Saginaw, Mich., and Larry Avery, of Atlanta, will meet in a boxing match here next Monday night. This will be the first boxing contest of note here since it was reported that Governor Hardaway had sent out an edict that there would be no more fights (with nationally known participants).

## SHALE OIL INDUSTRY MAY HAVE TO CLOSE

(By The Associated Press) GLASGOW, Feb. 15.—The Scottish shale oil industry, employing 10,000 men, it is feared, will have to close down in a few months because it no longer is profitable. The situation is attributed to the large quantities of crude oil being obtained elsewhere.

## CUT THE OUT—IT IS WORTH MONEY

Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, colds and hoarseness, also free sample packages of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY'S CATHARTIC TABLETS for Constipation and Biliousness. Get accustomed to doing things by the Herald Want Ad method and you will find them profitable, even in the most trivial matters.

Turn the cold facts of the Herald Wants into gold in your pocket.

To reach all the people effectively—leave your Want Ad at The Herald office. I hope us to send for it, or phone it to the Want Ad Department.

PHONE 148

## Babe Ruth Leads Baseball Invasion

NEW YORK, Feb. 15.—The baseball season in these latitudes started officially at 4:50 p. m. Tuesday afternoon, even though the snow was falling heavily at that time. At that precise moment the Hon. George Heilman Ruth, of the world's champion Yankees, boarded a train at the Pennsylvania Terminal and started on his way to Hot Springs, Ark., where he will put in three weeks of boiling out in the baths. What time Mr. Ruth is not steaming adipose tissue from his Herculean form, he will be out at the country club thumping a golf ball about the terrain with the same vigor that marks assault on American League pitching through the season.

The Bambino will be joined early next week by the usual Yankee delegation to the Arkansas health resort. This will consist of Deacon Everett Scott, Joe Bush, J. Robert Shawkey, Wally Schang, Fred Hofmann, Waite Hoyt and Sammie Pond Jones, the good squire of Woodfield, Ohio. Pennock may trail along as an added starter, though he has no extra flesh to remove. All these Yankees are infected by the golf bug except Sam Jones, and it is feared that Sam will succumb as a result of his iniquitous surroundings this spring.

Hugh McQuillan will start the Giant training season when he leaves for Sarasota this coming Saturday. He will be the first of the outfit to reach camp, but Jack Bentley will follow him shortly. The big left-hander is in Florida now, but he is hunting wild turkeys as part of his vacation. Last year Bentley was the last of the Giants to report. This year he will be among the first, thus giving him a fair average for the two seasons.

## Jackson Arrested On Perjury Charge

MILWAUKEE, Wis., Feb. 15.—Joe Jackson, former outfielder of the Chicago American League club and plaintiff in a suit for \$18,500 for alleged breach of contract, was arrested by order of Judge John J. Gregory, in circuit court Thursday, shortly after the jury retired.

"Mr. Jackson," the court said, "you are guilty of perjury, rank perjury, and I order you placed under arrest and fix your bail at \$5,000."

"I commit Jackson to jail for perjury in this court with conviction to the testimony he gave under oath before the Chicago grand jury," the judge said by way of explanation.

"When the jury reports, I shall have something more to say in connection with the case."

Oscar "Happy" Felsch, a former teammate of Jackson, and a witness for the plaintiff, was arrested following testimony he gave before Judge Gregory and is at liberty under \$2,000 bail. Jackson, who refused to discuss the matter, did not make bail early Thursday night.

## HELPED LITTLE GIRLS COUGH

"FOLEY'S HONEY AND TAR COMPOUND" is fine. My little girl had a awful cough. I got a bottle of FOLEY'S HONEY AND TAR COMPOUND and gave her a few doses and she was greatly relieved," writes Clyde H. Benson, Marlbrook, Virginia. The best remedy for coughs, colds, hoarseness; relieves promptly and effectively. FOLEY'S HONEY AND TAR COMPOUND has stood the test of time, serving three generations.

## YOUNG GIRL WILL ATTEMPT TO SWIM ENGLISH CHANNEL

BUENOS AIRES, Feb. 15.—Miss Lillian G. Harrison, the 20 year old Anglo-Argentine girl who swam across the River Plate Dec. 22, the first person to accomplish the feat, hopes to set another record by being the first of her sex to swim the English Channel. She is planning, with the backing of the Argentine Athletic Federation, to leave for England in May and attempt the crossing during the English summer.

Enrique Tiraboschi, the Italian-Argentine swimmer who swam the channel last summer and who accompanied Miss Harrison a part of the distance across the Plate, believes she will succeed in her new venture. The distance she had to swim across the big South American river was 26 1/2 miles in a direct line, somewhat less than the channel swim, and, according to Tiraboschi, the channel currents are no more difficult to master than the Plate currents, though somewhat colder. Tiraboschi himself, in an unsuccessful attempt to traverse the Plate about two years ago, was foiled by them.

Miss Harrison won cash prizes of 7,000 pesos, two cups and a gold medal for her feat. She accomplished the distance in 24 hours 19 1/2 minutes, which is claimed to be the world's record for permanence in the water by a woman swimmer, as well as for distance. She started in the morning from Colonia, on the Uruguayan side, and landed the next morning near La Plata, east of Buenos Aires. Her father accompanied her in a launch, while regays of men swimmers escorted her in the water. She kept a pace of 27 strokes a minute, which when stronger currents compelled her to increase it to 30, and her course was approximately direct.

For food Miss Harrison took black coffee, orange juice and a vegetable concentrate, tossed to her from time to time in nursing bottles. When she touched bottom in the broad shallows on the Argentine side she fulfilled, without any seeming difficulty, a condition that to win her prize she must wade until she reached entirely dry land.

## Holland's Queen Relieves Distress Of Needy Children

(By The Associated Press) SCHWARTZBURG, Thuringia, Feb. 15.—Queen Wilhelmina of Holland and her consort, Duke Henry of Mecklenburg, are caring for many needy children in the Schwartzburg district. They have been instrumental in having many poor Thuringian children sent to Holland for summer vacations with well-to-do Dutch families which could provide them with fats and other foodstuffs which were lacking in Germany.

Duke Henry recently visited the Prince of Schwartzburg at his castle in this little health resort, where Queen Wilhelmina passed much of her childhood. The little Dutch princess, before she became of age, regarded Schwartzburg as her second home. Her mother, Princess Emma of Waldeck-Pyrmont, left the child here in the mountains while she ruled Holland as regent.

Anything can happen these days. A prominent movie star says she is not contemplating divorce.

## EVERT TRUE — By CONDO

## GAINESVILLE, Feb. 15.—University of Florida wrestlers will meet the three-time champions of North Carolina, Trinity College of Durham, on Feb. 28. It is announced by Dr. R. G. Manchester, The Carolina Methodists will bring men of six different weights to oppose the Orange and Blue stars. En route to Gainesville they will stop at Jacksonville for a dual meet with the Jacksonville Y. M. C. A. team.

pay and when the demands were refused they quit their jobs for good. City officials argued to no avail that the spring sunbath eventually would complete the task if the men did not return to work. The Communist agitators were blamed for the trouble.

## UNEMPLOYED STRIKE, THEN QUIT

(By The Associated Press) HALLE, Prussia Saxony, Feb. 15.—City officials recently put 600 unemployed men at work clearing the streets of snow. After two days the men struck for more

**LOGGED THROATS**  
 On your wind is cut off and the difficulty you try to miss the cold suddenly contracting the chest and forcing air through the throat. This is hard on your lungs, throat and dilates the blood vessels, pleura raised and the chest is scuffed and healed by Leon Cough Syrup (Crescent). It is straining, hacking and has a catarrhic action. Best remedy for coughs, colds, bronchitis, croup, and whooping cough. Pure and pleasant. At your druggist.

**ASY SETTLEMENT**  
 The problem of filling needs is easily settled on the principle of reciprocity, for what one has to sell the other wants to buy.

This is the great principle underlying Herald Want Ads and it has worked for years with such great success that this form of advertising has come to be very popular.

The needs of one are supplied by the needs of another.

This process simply is the getting of the buyer and seller together and Herald Want Ads do that to perfection. Try them and see.

To reach all the people effectively—leave your Want Ad at The Herald office. Phone us to send for it or phone it to the Want Ad Department.

**PHONE 148**

**HELP WANTED**  
 WANTED—Help of all kinds by many business houses. If you are without a position, advertise on the classified page of The Herald. It will cost you only a few cents and you will reach thousands.

**W. L. MORGAN.**

**FOR SHERIFF.**  
 To the Voters of Seminole County: I hereby announce myself a candidate for Sheriff of Seminole County subject to the action of the Democratic primary to be held on June 3rd. If I am elected I pledge myself to fulfill the duties of this office to the best of my ability.

**E. E. BRADY.**

**REPAIR houses, wood, tin, cement.** Rate 60c. W. E. Lantz, 1210 French.

**WANTED—One or two boarders** in private family, \$8 with two room \$10 per week. 1102 Magnolia Ave.

**NOTICE**  
 Notice is hereby given that E. A. Farnell, of Seminole County, Florida, trading as Orlando Mercantile Co., has made an assignment of all of his real and personal property, except such as is exempt by law from forced sale, to me for the benefit of all of his creditors, and all creditors of the said E. A. Farnell, are hereby required, within sixty days, if such creditors reside in this State, or if beyond the limits of this State, within four months, to submit to me sworn statements of their claims against said assignor.

Dated this 14th day of February, A. D. 1924.

**A. H. KEY,**  
 As Guardian for the person and estate of Jewel Pauline Dornier, Florence Agnes Dornier, Neal Aural Dornier, and Inez Dornier, minors, in and for Seminole County, Florida.

**NOTHING LIKE IT ON EARTH**  
 The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by R. C. Bower.
