ECKENER GIVES UP PLANS FOR WESTERN TRIP

High Winds Force Him To Abandon Flight Off Huge Airship Over Mid-Western States

May Begin Return Flight On Monday

Irreducible Commander Regrets Inability To Show Graf Zeppelin

LAKEHURST, N. J., Oct. 26.—(INS)—Dr. Hugo Eckener, commander of the Graf Zeppelin, announced today that the proposed flight of the dirigible over the mid-west had been cancelled.

Unfavorable weather expected again today and after studying the maps this morning Dr. Eckener announced a few minutes after 10:30 that the trip was definitely off. He made the decision reluctantly as he had hoped to be able to get people of the middle west an opportunity to view the huge airship as it passed through.

"If the weather favorable we will start for Germany Monday morning, of course, the ship ready," said Dr. Eckener.

The crew of the Graf Zeppelin, headed by members of the crew of the dirigible Los Angeles, began placing gasoline with immediate effect after Dr. Eckener called off the mid-west flight. About fifty hours will be required for the fueling and general preparation of the Graf Zeppelin for the trans-Atlantic flight, he estimated.

Many of the persons who had expected to be guests on the proposed mid-western trip remained at Lakehurst for several days. They were visibly disappointed when the tour was cancelled. Dr. Eckener expressed regret having disappointed them but explained that he plans to make several trips across the ocean in his ship before the heavy winter sets in. Such storms usually begin late.

Secret Will Becomes Part Of Allison Case

INDIANAPOLIS, Ind., Oct. 26.—(INS)—Investigation of the authenticity of a secret will of the late James A. Allison, Indianapolis, Indiana, capitalist, which bequeaths more than half of his four million dollar estate to his first and divorced wife, Mrs. Sara Allison, is about over.

The will was produced in probate court here yesterday by Edmund Igelsius, one of the co-executors of the Allison estate. The testament bears Allison's signature to the main body, but all but part of the letter "J" of the first name is torn from the codicil.

Mrs. Lucille Madsen Allison, of Miami, Florida, 20 year old second wife who was formerly Allison's stepdaughter and who has been over for \$2,000,000 by her first wife for alleged alienation of affections, is fighting to retain the entire estate.

Schwab Prophesies Improved Business

NEW YORK, Oct. 26.—(INS)—Business conditions at present are "fundamentally sound" and the future of business is extremely bright," Charles M. Schwab, president of the American Iron and Steel Institute, and other steel magnates, declared at a meeting of the industry today.

"Though we have had several remarkable good business years, the country remains sound," said Schwab, and I say with confidence there has been established a foundation upon which there may be built a structure of prosperity far transcending anything we have yet enjoyed."

All Is Now Aiming At Philadelphia

Announcement of Norris Support Offers Fine Encouragement

**By George R. Holmes

Staff Correspondent**

NEW YORK, Oct. 26.—The first phase of Gov. Al Smith's "Battle for the Atlantic Seaboard" ended today with the Democratic nominee more confident than ever of the triumph of his cause.

The Governor came into his native New York today for a brief rest before venturing out again on the conquest of the seaboard states that mean so much to his candidacy. Tomorrow night he speaks in Philadelphia. The speech is to be preceded by a reception and parade in that Republican city which promises to set a record for Philadelphia.

The unparalleled enthusiasm of Alfred E. Smith's riotous reception in Massachusetts, Rhode Island and Connecticut, Raskob declared following first hand accounts from the Governor's party, reveals a "definite swing" toward Smith in the closing days of the campaign. His reports from the middle west; he declared, likewise assure the Democratic ticket a smashing windup in the corn belt as a result of the announced intention of Senator George W. Norris to lay half of Governor Smith over a nation-wide radio hookup from Omaha tomorrow night.

WAYCROSS, Ga., Oct. 26.—(INS)—Senator George (D) of Georgia believes the entire "Solid South" will remain in the Democratic column on Nov. 6. The Senator made this prediction in an address here last night.

"I do not believe the Democratic party will see a single Southern state." George said. "If it is defeated by the loss of any one Southern state, it will suffer an injury from which it will take a half century to recover."

Heflin Attacks Smith

ATLANTA, Oct. 26.—(INS)—The charge that Governor Al Smith, Democratic presidential candidate, received the nomination "by fraud and deception" was made by Senator Heflin (D) of Alabama in a speech here last night.

"Smith obtained the nomination at Houston by fraud, false pretense, hypocrisy and deception," the fiery Alabama Senator declared. "When Smith sent his telegram to the convention announcing his views on the prohibition law he excused every Democrat in the nation from voting for him."

SMITH, SURE OF VICTORY, RESTS IN NEW YORK

LOS ANGELES, Oct. 26.—(INS)—Leaders of a new record for non-stop east to west transcontinental flying, Captain C. D. B. Collyer, of New York, and Harry Tucker, of Los Angeles, sportmen, will take off with a 10 day's supply of food and water to attempt to shatter the west to east record.

The huge red, white and blue monoplane landed at the Los Angeles municipal airport yesterday after flying from the Atlantic to the Pacific in 24 hours and 51 minutes.

Mr. Collyer established a new east to west record, but failed to better its time on the west to east flight, Art Goebel and Harry Tucker made the trip in 18 hours and 51 minutes.

The plane carried a fuel supply of 325 gallons gasoline and 25 gallons of oil, when it took off.

The ship had gas enough for an other hour and a half's flying when it landed.

The two hopped off at Rosemead

Field, New York, at 4:17 P. M.

Wednesday to break the coast to coast record established by the army fliers John McLeod and Oakley Kelly. They made the flight in 26 hours and 50 minutes.

Speaking before the Chamber of Commerce here today, City Commissioner Frank L. Miller said the 20 independent members that the City millage will probably be reduced to 20 for the coming year, and that the assessed valuation will be approximately \$4,000,000 less than for the past year. In making these reductions, the City commission, he said, would be cutting the tax income by about \$200,000.

Supplementing Mr. Miller's statement was a short address by S. D. Highleyman, who gave the results of a personal survey made recently to determine the City's weekly income from its various taxes.

He estimated that \$15,000 representing payroll income from business and industrial houses is placed in circulation each week.

Sanford. Nearly \$2,000,000 in wages accounts, he said are deposited principally to a report in condition in a number of east and west coast cities, many of which he declared, are in greater financial distress than Sanford.

He also stated that the city's weekly income from its various taxes is \$10,000,000, and that the weekly income from its various taxes is \$10,000,000.

MUNCIE, Ind., Oct. 26.—(INS)—With the total of his alleged defalcations mounting steadily toward the \$25,000 mark today

Lady Norrkirk's counsel

defended the course of action that

she had taken since her husband

left her.

Following the presentation of corroborative evidence including the regularity of the Hotel W. Stanley's conduct as

the evidence earlier established that Lord Norrkirk was guilty of infidelity, Justice Morris, a circuit court judge, ruled that

she was a matter of fact, and

that she could be held responsible for her conduct before the workmen

had removed the bodies and

discovered that they were buried under a pile of wreckage.

Lord Norrkirk

will be Peggy's fifth husband.

He has been engaged in

negotiations with his wife

to secure a divorce.

"Red" Grange had the reputa-

laying claim to him.

As it looks around here the
election to Jerry Democratic nomi-
nate who stamping for Smith is
not to result in the election of a
complete Republican ticket.

All Smith took Boston by storm
and left it the same way. It was
the West Indian hurricane
that comes in two parts, the
one half being as enthusiastic as
the other.

WHAT WOULD BE the attitude of California voters
toward a Florida man nominated for President? They would
vote solidly against him, regardless of party lines. In a case
where the interests of Florida and California conflict, where
would Herbert Hoover, Californian, stand? Which state
would he favor? Florida is suffering now because of di-
criminatory citrus freight rates, favorable to California.
How much more will it suffer if the interstate commerce
commission is controlled by a president from California?

After all investigation has been
completed, it seems that the little
Cuban heir actually did
it. That thirteen story building
was never set up as was
suspected. Thus another
theory has been spelled.

FIRE ALARM BOX

You know where the fire alarm boxes in your home is located. If not you better go right now and call up the Fire Department and inquire where it is located. You are well advised to find out how far in a fire alarm, because it is important.

It is also a wise prevention to have the telephone number of the police station given home, or telephone number and a fire alarm box located that can be reached at all times.

There may not be time to get through, so it is well to be prepared. Fire Protection Week starts this Saturday.
