CAPE REMNEDY (AP) —
After years of ougheering headerine, it appears that U. S. actuation have harmoned liquid hydrogen as a high-energy rocket feel for manne-the-moon and other space missions.

The breakthrough came Tuesday when America's heaviest tellie, a 20-ton rocket stage burdled around the globe for three crists while ground sta-tions monitored the behavior of 10 tons of hydrogren packed

Throughout this 4%-hour period, the hydrogen performed better than expected, thanks to a unique system of small rockate and gas vents that created a tiny thrust to keep the fuel post tioned in the bottom of the 64,

on previous tests with smaller packets, the fuel had a tendency to curl into a ball, climb the walls of the tank or vaporise. Tuesday, the hydrogen reacted to its weightless world, forming into small globules that floated in the empty pertion at the top of the tank, at times obscuring the view of a television camera that relayed pictures to the Cabinet Warns:

Under great acceleration by larger rockets, the liquid bubled in its frigid chamber, where temperatures of 423 de-grees below zero were needed to

Equal Rights For Everyone?

The U. S. Sepreme Court has ruled that if any suspect "is alone and indicates in any manner that he does not wish to be interrogated, the police may not question him."

We go now to the police station, Any make you feel better to get it off your

first to know.

SERGEANT: Well, now, this IS
news! Thank you for reporting it, sir.

Do you have an attorney?

CHARACTER: So who needs one?

SERGEANT: Unless you have one with you, sir, it would be illegal as well as unethical for us to discuss the bank holdup with you. Such incommunicado rustodial interrogation could be interpreted as an effort on our part to induce you to incriminate yourself. This, of course, would mar our public image.

CHARACTER: So who digs that an attorney, of course. Come at your convenience. We're open here night and day. Ha!

CHARACTER: Well, don't wait up for me, chum. S'long, sucker. Be see-in' ya in court some o' these days.

So the character leaves with his right of silence, his freedom of action—and his little black bag full of loot.

Each and every American is entitled to his rights, of course, as the Supreme Court says.

Presumably, this includes the public, law enforcers, and even the victims of crime and violence.

Favorable Winds

gon has played itself out, at least for But for a while anyway, the thing this go-round, and we have told North is flying, however wobblingly.

Happy for you, Candy. This reporter knows that you will hang in there and do well.

Chatted briefly with Herman Randall. He is a resident of Bradenton, and is doing well. Glad to see you Herm.

Camp Howard (Boy Scout Lake) was the setting for a Fourth of July family reunion for the Pompey-Baker clans. Serving as host and hostess for 55 members of the family was Mr. and Mrs. Hilmon Pompey of Hickory Avenue.

The usual holiday menu was served to: Mr. and Mrs. Alco Baker and children, M of St. Petersburg; Mr. and Mrs.
Arnet Baker Sr., Sarasota; Mrs.
Samuel T. Baker and family of Talavast; Mr. and Mrs. Stewart Baker and daughter, Stephanic, and invited guest of Sanford.

began June 1.

dy full or part time, attend

Apprentice or, other on-thejob training is not covered, either in a shop or on a farm.
In some cases, you may even

duty with the U.S. Army, Navy, Air Force, Marines or Coast Guard for 181 days or more since Jan. 31, 1965, and Return Home are now a civilian.

to vocational rehabilitation.

served. You are also entitled to vocational rehabilitation. This benefit will also apply to future disabled veterans.

A veteran who remains on active duty after the completion of two years of active-duty service is eligible for benefits while still on active duty for training as a 6-months' reservist is not thereby eligible for any benefits.

(NEXT: Financial aid for education.)

BARTENDING, NO; PUBLIC SPEAKING, YES.

Full-time medical, dental and osteopathic internships and residencies are considered as educational programs

A veteran who remains on active duty for the completion of two years of active-duty for training as a 6-months' reservice is eligible for benefits.

Sharon, daughter of Mr. and Mrs. Doyle Dempsey of North Orlando, was sponsored by American Legion Auxiliary Unit 356 of Casselberry and Linda by Old Glory Unit 183 of Altamonte Springs.

Both girls were fortunate enough to serve in the senate chambers where the regular legislature and sit in the senate chambers where the regular legislatorts convene when in session.

A further coincidence was the fact that both girls held similar posts before becoming senators with Linda as reading clerk in with expansion space for the

ered as educational programs when pursued in specified

bartending or dancing courses. You can receive aid for photography, music, riding, swimming, fishing, skiing, golf, basketry and the like

only if you can show that such training is needed in your present or projected business or occupation.

However, courses in applied music, physical education and public speaking are eligible if offered by inatitutions of higher learning for credit as an integral part of a program leading to an educational objective.

Flight training is covered unless taken for credit toward a college degree.

(For your copy of Ray Cromley's new book, "What You've Got Coming In — Benefits for U. S. Veterans," send your name and \$1 to "Veterans Benefits," c/o Sanford Herald, Box 489, Dept. 32771, Radio City Station, New York, New York 10019).

To wake up all the girls in her city. She also took part in a well received skit called "We acquisitions pours daily into the library, whose employes in many cases literally into the library, whose employes in many cases literally into the library, whose employes in many cases literally into the library, whose employes in many cases literally into the library, whose employes in many cases literally into the library, whose employes in many cases literally into the library, whose employes in many cases literally into the library, whose employes in many cases literally inch their way around the 44 million items already there.

More people are needed to operate the legislative reference service, the copyright office, the cataloguing section that produces most of the cards used by the libraries of the United States, the program for the blind and a dozen lesser known activities, to say nothing of the shelving books and of the scholarly assistance given \$84,000 in the libraries of the United States, the program for the blind and a dozen lesser known activities, to say nothing of the scholarly assistance given \$84,000 in the libraries of the United States, the program for the blind and a dozen lesser known activities, to say nothing of the original building, special reading rooms, exhibit galleries and the like, have lost their original use and their flambcy-and transported to the cards are along t

dreds watched from shore. of the week.

the knowledge-explosion rate of a million items a year, is splitting its marble and steel seams.

You may choose almost any serious subject. Avocational or recreational subjects are not covered.

You may take grade school, high school, college, graduate or postgraduate courses. You the courses of the knowledge-explosion rate of a million items a year, is splitting its marble and steel seams. Help is in sight, but far off. Although Congress loves its library, the agony of decision-making has delayed the new building that may contain the library's expansion for 25 years.

The start of construction has left in protests Rep. Torm Steed

or postgraduate courses. You may attend a trade, vocational or technical school.

You may take co-operative courses, combining full time school with alternate phases of training in a business or industrial establishment. But these co-operative courses must be full-time.

It is expansion for 25 years.

The start of construction has been delayed by a tangle that involves architects, some of the involves architects, some of the most senior members of Consumman of the appropriations subcommittee responsible for financing the library. This funnesses of training in a business or industrial establishment. But these co-operative courses must be full-time.

It least two years have been lost," protests Rep. Tom, Steed, D-Okla., a library buff who is chairman of the appropriations subcommittee responsible for financing the library. This funnesses and father of the Bill of Rights.

Meanwhile, the library, which cautiously describes itself as five years from now."

(Democratic and Republican). You couldn't leave them out of

the decisions if you wanted to -

The result was legislation that

and nobody wants to."

New and future draftees and volunteers will become eligible as they complete these requirements.

But if you have been discharged from active duty since Jan. 31, 1955, for a service-connected disability you are eligible for the full 36 months.

Cote have returned home from the planning and construction of the building to the House Building Committee, the Senate Building Committee, the Capitol Building Commission, the James Madison Memorial Commission, the James Madison Dempsey and Linda Cote have returned home from not a professional architect but an executive officer for the eligible for the full 36 months a busy and exciting week at an executive officer for the of educational benefits regard-less of how long you may have served. You are also entitled to vocational rehabilitation.

American Legion Auxiliary's commissions, and a special committee of the American In-stitute of Architects.

Beauty after Forty
La Edyth Thornton McLeod

"Dear Edyth Thornton McLeod: I have dry, ugly skin but
I can't use cosmetics; the perfume gives me a rash. What do
you suggest?"— Marian.

Some things recommended for akins allergic to perfume is often irritating to even the most mormal akin. And perfume is also drying. Therefore, it is not used in products created really to help dry skin and after 40 skin conditions. I use a special cosmetic oil, as do many women who have after-40 skin figure and you will and an eye to keeping the skin figure 20 september of facial cleansing. Use a good brand of cleansing which would is described with the made just slightly smaller than the dimensions of our bedroom windows. Mewspaper Enterprise Asea.

DEAR POLLY—Most of us hate to sit on dirty or damp ground when camping or picks sicking. We cut old plastic tablecloths or shower curtains into squares the size of our daily newspaper and stitched them into envelopes. We slip the paper in. It affords insulation and dryness and may be removed and discarded when we are ready to roll up the plastic. Secure it with a rubber on sale, greatly reduced. For the seat of the set of the set

carded plastic shower curtain secured at the corners with rocks. This makes it warmer you build up own resources and the condensation that takes | right now. Trust your own good | place keeps the seedlings sense instead of taking advice
