# Port Group Will Study

County Port Administrator Francis Roumillat III and a budget committee's recommendation for operating the Port of Sanford for the next year will be considered during tonight's meeting of the port's board of directors.

A budget for port construction was approved a week ago and a committee was named to study the proposed yearly budget and make a report tonight. It is thought that Roumillat's resignation submitted to Lee P. Moore, board chairman, last week will also be discussed. Roumillat reportedly decided to resign after the administrator's salary request was cut from \$13,200 with \$1,800 travel expenses to \$10,000 plus \$800
