County Home Director Cleared

Asks 'Study' of County Appropriation

Gov. Bryant today ordered an inquiry into the propriety of the \$1,000,000 appropriation for the Seminole County State Civil Defense Center.

The County Commission approved the appropriation during its 1961 session. Gov. Bryant today ordered an inquiry into the propriety of the \$1,000,000 appropriation for the Seminole County State Civil Defense Center.

Three weeks ago, Gov. Bryant sent out an order for the state to "beef up" Civil Defense appropriations. The commission was informed of the order and refused to allow any more for that office.

Frederick, the governor to give this "your immediate consideration." In his letter he said that a great number of people are, apparently, misled with the attitude of never clipping regarding the state to improve civil defense.

He said that there is little that would or would do in connection with this matter. However, they asked me that I direct the inquiry to your attention and for request that whatever action be taken by you as chief of the state of Florida.

Don't be surprised if one of the attorneys interested in the county attorney's post withdraws his name.

Look for the committee studying courthouse needs to back up Jim Avery's contention that 60 percent of the space in the facility is not being utilized.

The courthouse committee will probably recommend repairs not to exceed \$25,000.

How come County Home Superintendent J. P. Beal declined to comment when questioned by the Herald at 10 a.m. Friday on charges at the home but when he had a full audience at 4 p.m., told the whole story?

The County Commission will meet at 1:30 p.m. Tuesday with bid openings on gasoline, slag and 15 radio units slated for 2 p.m.

The County Commission sat on a board of inquiry Friday afternoon on charges of "gestapo tactics" at the County home and called the charges unfounded and gave home superintendent J. P. Beal a clean bill of health.

County Commissioner James P. Avery who also is official custodian of the home, conducted the investigation and said this morning that "I feel the entire board was satisfied that the charges were unfounded."

"No formal action will be taken," Avery said. The inquiry was called after the Herald interviewed three persons at the home Friday and published the contents of a letter from one of them, citing the "gestapo tactics" and that three men were roughed up.

Beal, who earlier Friday morning declined the comment on the charges, told the commission during the afternoon session that one of the men didn't obey him and he was forced to "take him to his room."

"I never once harmed any of these people," Beal said. The letter to the Herald cited that one man was roughed up when he put the television set on and was wrestled to his cot by the superintendent.

Beal explained that all he did was pick up the man and take him to his room to quiet him. One resident at the home said he was treated pretty rough on one occasion and said that Beal grabbed his arm and "I tried to punch him in the face."

The person who wrote the letter stated that although he didn't witness the supposed rough handling of a resident, he had to take the man's word for it. The letter writer also said that he was sorry he wrote the letter but, was afraid he "was next in line for some rough treatment."

news... BRIEFS

Still Optimistic — DETROIT, Mich. (UPI)—United Auto Workers and Ford Motor Co. officials today appeared optimistic of a peaceful settlement on the last full day of negotiations before a union strike deadline early Tuesday.

Mobile Mayor GOP — MOBILE, Ala. (UPI)—Former Asst. U. S. Atty. George E. McNally, 35, will be sworn in today as mayor of Mobile. He is the first Republican mayor of this Gulf port city since Reconstruction days.

Dies In Crash — WEST SPRINGFIELD, Mass. (UPI)—Robert R. Benson, 18, was killed Sunday when the 17-year-old girl he was teaching to drive his car apparently lost control of the vehicle and it struck a tree, police said.

Driest On Record — MIAMI (UPI) — The Miami Weather Bureau said Sunday that July, August and September gave this record city its driest summer on record. Rainfall during the period averaged 9.99 inches, 10.76 inches below normal.

Wages Go Up — PITTSBURGH (UPI) — The final wage increase for the nation's steel workers under a 30-month contract which expires June 20 went into effect Sunday. Approximately 50,000 workers shared in the increase of 7 to 10 cents an hour.

Tax Contested — MONTGOMERY, Ala. (UPI) — A tax assessment on issues of the New York Times sold in Alabama will be reviewed at a circuit court hearing set for this week. The newspaper questioned the state's right to impose a use tax on newspapers sold in the state.

Ask Fare Home — SHANNON, Ireland (UPI)—One hundred and three Americans, hungry, broke and stranded here since Wednesday, today appealed to President Kennedy to help get them home. They came here for a three-week holiday and were stranded by an airline tieup.

Ahead Of Schedule — PARIS (UPI) — Efforts by the Atlantic alliance to increase conventional military power in Europe by 20 per cent and reach some longstanding defense goals are a year ahead of schedule because of the Berlin crisis, NATO authorities reported today.

Radioactive Rain — TOKYO (UPI)—More than 10 times the normal amount of radioactivity was measured Saturday and Sunday in rain falling on various parts of Japan, the meteorological agency reported Sunday. The increases were believed caused by Soviet nuclear testing.

Born Same Date — WATERLOO, Iowa (UPI) — Sept. 30 means birthday at the Merris McCardell household. Daughter Connie Ann was the latest addition to the family, born Saturday, Sept. 30. A year ago to the day her sister, Kathleen Jo, was born. And a year before that on Sept. 30, 1959, her brother, Edward, was born.

United Press International — The revolutionary government in Damascus today announced the arrest of former Syrian strongman Col. Abdel Hamid El-Serraj on charges of trying to "subvert" the uprising that broke up the United Arab Republic last week. But even as the regime of Premier Mamoun Al-Kuzbari moved to consolidate its power, there were indications it was running into trouble.

U.A.R. President Gamal Abdel Nasser said in a speech in Cairo that fighting has been going on in Syria since last Thursday and that there was a popular movement under way there to save the union with Egypt.

This could not be confirmed from inside Syria, where the Damascus radio reported that all was calm four days after the army revolted and ended the 3 1/2-year-old U.A.R.

UPI correspondent George Hala-by entered Syria from Jordan Saturday and reported that there was "no bloodshed in the city of Damascus."

But today UPI correspondent David Dugas reported that pro-Nasser demonstrations by groups of Syrian taxi drivers were taking place alongside the Syrian-Lebanese border.

Dugas said the drivers reported more pro-Nasser demonstrations were going on elsewhere in Syria. Travelers reaching Lebanon said one Syrian army division located in the border city of Homs had not declared allegiance to the new regime in Damascus.

Parent-Teacher Groups To Meet — Parent-Teacher groups for two Seminole County Schools have scheduled their first meetings for this term for Tuesday night.

The Lake Monroe P-T-O will meet in the school auditorium at 7:30 p. m. to formulate plans for the year and Principal Morris Ruby will introduce all faculty members.

In Altamonte Springs, members of the P-TA will meet at 7:30 p. m. in the cafeteria for a visitation and refreshment period prior to the 8 p. m. business session in the auditorium, Principal George Dabbs announced.

To Open Season — The Sanford Tourist and Shuffleboard Club will open its fall season with a covered dish supper to be followed by games of cards and shuffleboard at 6 p. m. Tuesday at the Clubhouse in Fort Mellon Park. Visitors or prospective members will be welcomed. All persons planning to attend are asked to bring a dish and table service.

Flag Presentation — The Veterans of World War One will present a new flag to the Sanford Legion Post at ceremonies tonight at 8:15 o'clock. The program will take place at the Legion home on Hwy. 17-82 where a new flag pole has been installed for the new flag, said Cmdr. Bill Covey.

Commies Extend 'Zone Of Death' — BERLIN (UPI)—The East German Communists today bricked up windows, strung new barbed wire barricades and dug trenches along the East-West Berlin border to extend their "zone of death."

The zone was aimed at providing a clear field of fire for police to shoot at refugees. But at least a dozen daring East residents braved gunfire to flee successfully to West Berlin.

West Berlin police reported shots rang out along the border at several points during the night. Shrieks for help also were heard. Police searched for wounded refugees by the barrier but found none.

Contract Policy — WASHINGTON (UPI) — Sen. George A. Smathers (D-Fla.) complained today the Defense Department's policy of knowing manufacturing secrets before it awards defense contracts makes some contractors refuse to deal with the government.

Smathers cited a small business firm which supplies ground support equipment to foreign air forces, as an example. He said the firm sells to the air forces of other nations, but does not sell to the U. S. Air Force because it will not disclose all its manufacturing secrets to get an Air Force contract.

Save Tanker Crew Off Jacksonville — JACKSONVILLE (UPI) — All but five of about 40 crewmen of the tanker S. S. Hess Mariner were en route to Charleston, S. C. today after an engine explosion tore a hole in the 323-foot vessel and it began to sink about 110 miles east-northeast of here.

The Coast Guard said one man suffered a broken ankle when the explosion occurred about 8 p. m. Sunday. The vessel, owned by the Hess Oil Co. of New York began to sink immediately.

The Coast Guard said the tanker Texaco Nevada was within sight of the Hess Mariner and came alongside within minutes.

Area Postmaster Applications Open — The U. S. Civil Service Commission has announced that applications for examination of Casselberry Postmaster are being accepted at the headquarters office, Washington 25, D. C.

Clyde Kerck, acting postmaster, said today that blanks are available at the Casselberry Post Office. The announcement sets the annual salary at \$3,700 and states that all applications must be postmarked before midnight, Oct. 24, he advised.

New Tropical Storm Moves In Caribbean — SAN JUAN, P. R. (UPI) — Heavy rains began falling on the south and east coasts of Puerto Rico today as tropical storm Frances bore westward in the Caribbean with 60 mph an hour winds.

Weathermen ordered a "hurricane watch" for Puerto Rico and the Dominican Republic as the season's sixth tropical tempest showed signs of slowly increasing its power.

At 11 a.m., the Weather Bureau located the storm's center about 100 miles south-southwest of San Juan, near latitude 16.3 north and longitude 66.6 west. It was moving on a westward course at 10 m.p.h.

Frances was a small storm, but its top winds, clocked at 50 m.p.h. early today, had picked up to 60 m.p.h. to the north and 20 miles to the south.

"People in the area of the hurricane watch should keep in touch with the latest information on this storm," the advisory said. "Heavy rains are falling over the south and east coastal areas of Puerto Rico and the people should be ready for quick action in case of floods in those areas."

Russia Eases Up On UN Secretary — UNITED NATIONS, N.Y. (UPI) — The Soviet Union today formally announced a "conciliation proposal" calling for appointment of a temporary vote-free United Nations chief executive who would operate with the aid of a panel of three deputies until April 1963.

The proposal, presented by the Soviet UN delegation and published today by the official Tass news agency, was similar to one circulated by the Russians at the UN last week and reported at the time by UPI.

'First Times' Events Highlight Shopping Night

Friday night shopping last week was notable for a rash of "first times" events that made for much interest and activity.

The first time two members of the same family have won prizes was the surprise event at the drawing when Mrs. Shirley Marazita's name was drawn for the \$10 prize.

And who should hold the winning ticket for the \$20 prize but Mrs. Marazita's daughter, Faye, who topped her mother and won the \$30 worth of gift certificates.

Second prize was another "first" in the Friday night shopping world when Mrs. Lillian Bacon, became the first Negro to win one of the merchants' association prizes. Her lucky ticket gave her \$30 worth of gift certificates.

Top prize went to a rural mail carrier, L. P. Payton, who was very surprised and pleased at his good luck.

Giving out the gift certificates this week was Charles Robinson, new manager of Penney's, here, with Dick Ravenhill of WSHF holding down his usual post of emcee for the drawings.

Little Mary Ann Scott was the young miss who drew the tickets out of the big wire cage.

Shoppers proclaimed the display of colorful Christmas lights, turned on for the first time this year, "Beautiful and exciting."

Exclaimed one somewhat shocked shopper, "Do you realize that it is only 12 weeks until Christmas?"

Kearns Wins Powell Battle

WASHINGTON (UPI) — Rep. Carroll D. Kearns, (R-Pa.) apparently has won a round in his battle with Rep. Adam Clayton Powell, (D-N. Y.) over office space for GOP clerks of the House Education and Labor Committee.

Sunday was the deadline set by Powell, committee chairman, for eviction of four Republican clerks from a two-room suite. Powell wanted to move them to a single office to make more room for Democratic clerks.

Kearns showed up at 7:40 a. m. Sunday to defend the office. He remained until after noon and then padlocked the door and posted a guard "as trusty as Napoleon" before leaving to attend the Washington-New York professional football game.

Mr. E. M. Winfree Dies In Virginia

Mr. and Mrs. Richard F. Mapes of Sanford, who just recently returned from visiting the E. M. Winfree in Richmond, Va., have been called back there due to the sudden death of Mr. Winfree.

He will be remembered by many Sanford residents from his several visits here. He was a brother-in-law of Mrs. Mapes and a cousin of Mr. Mapes.

Heated Political Charges Still Fly In California GOP Hassle

LOS ANGELES (UPI) — A former high-ranking state official said Sunday night he heard a friend of Richard M. Nixon offer a political opponent his choice of state posts if he would withdraw his bid for governor of California.

Paul Mason, one-time director of motor vehicles, told reporters he was present Sept. 7 when Nixon's emissary allegedly telephoned former Gov. Goodwin J. Knight to ask that Knight not compete with Nixon for the Republican gubernatorial nomination next year.

Nixon announced for the governorship last Wednesday. The next day Knight claimed that a Los Angeles businessman close to Nixon called him at the El Dorado Hotel in Sacramento to say that the former vice president would give him any state job he wanted — "including the California Supreme Court" — if Knight would withdraw.

Nixon denied the charge heatedly, saying he would swear on a Bible that it was false.

"I'll leave it to the governor to say who the caller was, but it was a man who had represented Nixon in previous conversations with Knight this year," he said.

"The governor was sitting on the bed and I was standing beside him listening in," Mason said in describing the hotel room scene.

Knight later confirmed that Mason was one of the witnesses who heard the telephone call. He said he would name the other witnesses and the caller as soon as he can arrange a news conference.

"I want all my witnesses present when I name the man who called," the former governor said. "Four or five people were in my room and now it's a matter of contacting them and seeing when they're available."

Franco Calls For Pact Revision

BURGOS, Spain (UPI) — Generalissimo Francisco Franco appeared today to be offering Spanish soil for the stationing of United States nuclear missiles.

That was the interpretation placed on a speech by Franco Sunday night in which he said the Spanish-American military-economic pacts of 1953 need to be "restudied and renewed so they can apply to the new situation."

Franco made the speech to Spanish military chiefs celebrating the 25th anniversary of his rise to power.

In London, diplomatic sources speculated that Franco might be trying to edge into NATO by filling a vacuum caused by France's refusal to allow U. S. nuclear weapons on its territory unless they are placed under French control.

Franco said that Spanish armed forces had perfected their training and technique in association with the United States but "we've seen them outmoded today by new achievements."

"That is why now that four-fifths of the period of validity of the agreements has passed they need to be restudied and renovated so they can apply to the new situation," Franco said.

New Panama Canal Treaty Is Asked

PANAMA CITY, Panama (UPI) — President Roberto Chiari of Panama announced Sunday he has asked for negotiations toward a new treaty covering the Panama Canal.

Since 1953, the United States has paid Panama \$1,830,000 annually for the use of the Canal Zone. Before the revision, the rate had been \$430,000 a year.

Chiari called the present accords "harmful to Panama's just claims and to the interests of the national economy."

He was not specific about what Panama intended to ask, but he called for a treaty to recognize his country's "legitimate rights." And he indicated the Panamanian flag should fly alongside the Stars and Stripes on official buildings in the Canal Zone.

South Seminole CTP Sets Meeting

By JANE CASSELBERRY

The Council of Teachers and Parents of the South Seminole Elementary School will meet at 6 p. m. Tuesday in the school auditorium.

Parents will have the opportunity to visit teachers in their classrooms from 7:30 p.m. until 8 p.m. before the meeting.

On the business agenda is the presentation of the proposed budget by Charles Lockyer, treasurer and Mrs. O. J. Baggett, chairman of the ways and means committee.

H. R. Heckenbach, principal of South Seminole Elementary, will explain the primary and intermediate grade reporting systems.

Following the meeting, refreshments will be served in the cafeteria by first grade mothers.

Kennedy's Record In Congress Wins Union Praise

WASHINGTON (UPI) — The Kennedy administration's record in Congress today won praise from the AFL-CIO union leaders for Democratic action that "did not live up to expectations."

AFL-CIO leader Andrew J. Biemiller said the union's record in Congress was a success and that it had to go to the aid of his aides.

But ADA, in its publication, called the union's record "a record of astonishing expediency and national needs."

Speaker Sam Rayburn (D-Tex.) said today that he responded to his constituents' questions, and that he had a fine program.

A veteran of the House, Rayburn said he had a "righted" interview with the World Report magazine. "Kennedy has a successful record that I have a great deal of admiration for," he said.

Biemiller said he would raise the minimum wage and expand housing. "These events are a success," he said.

The ADA said it had no more than a "Democratic" record. Biemiller said he would raise the minimum wage and expand housing. "These events are a success," he said.

National Business Women's Week, which is an annual observance of the National Federation of Business and Professional Women, is designed to focus attention on its purposes, activities and accomplishments.

On Oct. 13, the local club will have a special guest, Mrs. Marie Bowden of Leesburg, who will speak "Hemispheric Friendship" dinner to be held at the Civic Center.

Mrs. Bowden is a past president of the Florida Federation of Business and Professional Women's Clubs, Inc. and Past President of the League of Women Voters.

She also past president of the Leesburg Chamber of Commerce, the only woman to hold this position. She works as administrative assistant to the Citrus Products Division of Minute Maid Company.

One of her most important positions is that of chairman of the special committee on Hemispheric Friendship, appointed by the National Federation of Business and Professional Women's Clubs, Inc. to foster goodwill and understanding between the women of the Americas. As chairman, Mrs. Bowden is presently planning for a conference of business and professional women of the Americas to be held in San Juan, Puerto Rico on November 24 to 26, with delegates from every American republic.

Warren Urges Expanded Federal Judiciary Move

WASHINGTON (UPI) — Chief Justice Earl Warren today called for an expanded federal judiciary to "relieve the congestion in our courts."

Warren issued the statement in answer to reporters' questions at the Supreme Court prepared to convene in a brief ceremony to open the 1961-62 term.

The nine justices, meeting for the first time since June 19, faced a docket of about 1,050 cases, the heaviest in our history for this time of year.

Warren said he was sure the entire judiciary was pleased at the congressional response to the plea of the judiciary conference for more judges.

At the session ending last week Congress authorized 73 new federal judgeships. President Kennedy nominated 54, of whom 37 were approved by the Senate.

"They have even us all that we asked for and therefore, all that we believe necessary to handle the business of the courts," Warren said.

"We do not have backlog, very large ones, in part of the metropolitan areas of the country. We are extremely hopeful that with the addition of these new judges our courts will be able to make substantial progress in relieving the congestion.

The judiciary conference, composed of the chief justices and representatives from lower courts, is the governing body for administering the federal court system.

Following top a brief session, the justices plan to start week-long conferences on several hundred cases filed during the summer.

Challenges to racial segregation again were among the court's most persistent problems. Arguments on three such counter sit-in cases are argued for next week. Negroes contend that a state may not use its police power to enforce segregation in a place of business open to the general public.

U.S. Has Chance

The United States, often driven onto the defensive by clamorous Soviet slogans on disarmament and Berlin, has the makings now of a new initiative which could have far-reaching impact around the world.

For years the Kremlin has trumpeted, with undesired effectiveness among the world's naive and gullible, that it favors "general and complete disarmament." All specific, enforceable proposals advanced by others have been dismissed as obstacles to the broad goal.

Never has Russia defined the means by which this objective would be achieved and safe-guarded.

President Kennedy, speaking for free men weary and troubled over Soviet efforts to pre-empt this field by hollow slogan, seeks to take back "general and complete disarmament" as the proper possession of those who mean sincerely to establish and enforce it.

In his United Nations address the President spelled out main elements of a general plan now offered to the UN. He struck directly at the Kremlin's false front on disarmament:

"General and complete disarmament must no longer be a mere slogan, used to resist the first steps. It is no longer to be a goal without means of achieving it, without means of verifying its progress. . . . It is now a realistic plan, and a test—a test of who is only willing to talk and who is also willing to act."

On the issue of Berlin, the Soviet Union tries endlessly to persuade the world it wants only a "peace treaty" with East Germany, and that the West is making warlike preparations to block that aim. Again Kennedy spoke sharply to the point:

"It is absurd to allege that we are threatening a war merely to prevent the Soviet Union and East Germany from signing a so-called 'treaty' of peace.

"The Western Allies are not concerned with any paper arrangement the Soviets wish to make with a regime of their own creation, on territory occupied by their own troops and governed by their own agents. No such action can affect either our rights or our responsibilities."

Thus the president lays open the Kremlin fraud that peace in central Europe hinges on conclusion of what amounts to an internal Soviet-East German agreement. The real danger, he stresses anew, is the Soviet threat to the freedom of West Berlin's people, to our rights in and to that city.

As he applied himself to the Kremlin and disarmament matters so badly misunderstood in so many parts of the globe, Kennedy performed an important exercise in the restoring of vital perspectives.

Free men must hope that the President's listeners at the UN are capable of the balanced understanding he credited them with when he spoke.

Families can save and so can \$1,100 monthly, and with from 2 to 5 dependents.

It shows how much income is absorbed by federal taxes and social security and how much should be allocated for food, shelter, operating the home, clothing, advancement, and how much you should expect to save.

You can use these figures to check against your actual spending.

If you do this, you'll want the budget guide's definition of what should be included under their headings:

—Under transportation: bus fare, payments on your car, car insurance and repairs, tires, gas, oil and the car's depreciation.

—Household operation: utility bills, outside help, household supplies, and furniture and equipment from bed linen to garden hose.

—Under advancement: family health care, education, recreation, vacation expenses, books, hobbies, membership fees, charitable donations plus a personal allowance for each member of the family.

Political Notebook

WASHINGTON—(NEA)—Nine Americans are now believed to be held prisoner by the Communist Pathet Lao forces in Laos. Five are Army and Air Force personnel, four are civilians.

State Department spokesmen insist that the nine are not hostages of the Communists. It is pointed out that the royal Laotian government forces with whom the Americans are co-operating hold many more Pathet Lao prisoners.

But the status of the nine Americans being held by the Laos Communists is the same as that of the four Americans still being held prisoner by the Chinese Communists. All efforts to obtain their release have proved futile.

State Department requests for information about the Americans held by the Laos Communists began after the first one was reported missing this year. Every channel of communication was explored. None yielded replies.

First contacts were attempted through the British and French governments which maintain diplomatic relations with the Communist government of North Viet Nam. The British and French were then asked to approach the so-called neutralist leader and former

premier, Souvanna Phouma. The results were no better.

The U. S. then made a direct request to the Russian government to obtain information. There were no answers.

An appeal was then made through the UN International Control Commission in Southeast Asia, which is in direct contact with all governments and political factions. Its requests were met with the same stony silence.

American Red Cross was asked if it could make contact. It worked through International Red Cross in Geneva, which maintains a Swiss national as delegate in Laos. He ran into difficulties because there is no Red Cross society in northern Laos. He got no co-operation. In one instance he was stoned.

He has not been permitted to see any of the Americans, nor has he been able to communicate with them directly. But he has been given indirect assurances that some are still alive.

When the Geneva Conference on Laos opened in mid-May, U. S. Ambassador Averell Harriman made direct requests to Laotian and Pathet Lao leaders for release of the Americans.

The only concession he has been able to obtain is tentative agreement on one provision for release of all prisoners held by both sides.

This exchange is to be effected on a still unspecified number of days after a treaty creating a unified, neutral government for Laos is signed.

Harriman repeatedly asked for information during his recent trip to Southeast Asia, but obtained none.

The first American reported missing was Charles James Duffy, 43, Watkins Glen, N. Y. He is an American businessman, Laos resident manager of Pioneer Construction Co. of Hong Kong. He went on a hunting trip into Communist territory Jan. 13.

On March 23, Army Major Lawrence R. Bailey, Waycross, Ga., and seven Air Force officers and noncoms were reported missing when their C-47, assigned to the U. S. air attaché in Vientiane, failed to arrive at Saigon, South Viet Nam.

There is some indication that the plane crashed over Red-held territory and that Bailey was the only survivor. But the others are still carried officially as missing, in absence of proof.

On April 22, Capt. Walter H. Moon of the U. S. military assistance group and three noncommissioned officers were reported taken prisoner when their plane crashed in Red territory. With him were Sergeants John Blachoff, Mountain Rest, N. C.; Orville Ballinger, Spring Lake, N. C.; and Gerald Fiber, Grand Junction, Colo. All are officially listed "missing."

On May 18, Grant Wolfhill of Skelton, Wash., NBC cameraman, and two civilian pilots were reported captured by the Communists when their helicopter was spotted undamaged in a rice field after a forced landing in northeast Laos. The two pilots, flying on a guerrilla supply drop for Air America, Inc., were Edward R. Shore, Galloway, Tenn., and John B. McMorrow, Brooklyn, N. Y.

When an American returns to his own country after nearly a year in Europe, there are a surprising number of things he has to get used to all over again.

For a few days his own, his native, land is the foreign one, and it takes a bit of adjusting to. There are speed cops, for one thing.

There are few such animals in all of Europe, and Italy has none. Once a motorist hits the open road he is free to push the accelerator to the floorboard and let 'er roll. One of the great pleasures of Europe is to harry past a cop whom one's speedometer shows top speed and not give a thought to a chase and a fine.

One can drive from one end of Germany to the other flat out, and when Italy completes its Autostrada there'll be non-stop races.

Dr. Crane's

'Worry Clinic'

CASE K-413: Don D., aged 14, lost his dad in an auto crash.

"Dr. Crane," a mutual friend informed me, "Don was the oldest of five children.

"So he immediately got a job to help his widowed mother, for they had very little insurance.

"Don carried a morning newspaper route; he also worked for a local grocery store.

"In the summer he got a job on the farm. Remember he still was up before 5 a. m. to carry his morning paper route; he went on to the farm for a hard day of labor.

"Now Don is grown. He has acquired two years of college work in the extension division of the state university.

"And he has a good position with an advertising firm. Dr. Crane, why did Don make such a record when a lot of other boys in similar situations star drinking and become bums?"

"Children at birth are potentially saints or devils.

And one of the very best ways to launch them on a productive career, is to lean on them more.

The average dad, for example, struggles to make life easy for his kids. He skimps and saves for their college education.

He then tries to acquire a little nest egg of money to leave to them in his will.

Unwittingly, therefore, he makes them parasites at best, with too little pride in their own personal accomplishment.

So we parents need to reverse things and deliberately cultivate the habit of leaning on our youngsters.

"I wish I knew how to fix this old alarm clock a mother thus spoke mournfully.

"Let me try to do it," eagerly volunteered her 7-year-old son.

Pinecrest School Receives Safety Award

For the fourth consecutive year, Pinecrest School has received a certificate of Exceptional Merit and was placed on the National School Safety Honor Roll by the National Safety Council, 3. M. K. Reynolds, principal, announced today.

"We are proud of our safety education program and are pleased that the National Safety Council has again recognized our efforts," Mrs. Reynolds said.

"As long as accidents are the first ranking cause of death among school children, all of us on the Pinecrest School will continue to organize safety programs to the young people of our community to protect themselves and their fellow students."

The National Safety Council Honor Roll was initiated in 1944. To earn a place on it a school must present a detailed report of its safety program to a committee composed of the school principal, the parent of the local parent-teacher association or a member of another parent group, a student, a local civic leader and the school system safety education supervisor.

This committee reports favorably, the National Safety Council lists the school on the Honor Roll, and sends the school a Certificate of Exceptional Merit.

The committee which reviewed the work of the Pinecrest School for the 1960-61 year was composed of Sid Winkler, chairman, Mrs. Jerry Patterson, Mrs. Mitchell, Mrs. M. K. Reynolds, Louis Markham, Carlton Todd.

Louis Kosky, assistant principal will head the committee this year.

Hospital Auxiliary Schedules Benefit Show On Oct. 19

The Seminole Memorial Hospital Auxiliary is planning their annual fund-raising benefit show on Oct. 19 in the Seminole High School auditorium.

The director of the show, Chester Reack, says that the group has planned a smash opening, using the Navy and Marine Corps personnel, and local vocalist, Mrs. K. W. Clark in a real stand-up number to start the old-fashioned vaudeville show.

The Comanche Band, national champions, will be one of the acts, as will the Royal Dancers variety show, a special brass quartette, and a repertoire of songs from the Broadway musical, "The King and I," in costume.

A special feature will be the appearance of "Mr. Magie," well-known central Florida artist who appears regularly on the Uncle Walt Show on Channel Six.

General admission and sponsor tickets are now on sale from any member of the auxiliary (Pink Ladies) or at the hospital.

Over the years, the auxiliary has annually raised money to purchase numerous items and equipment used in the hospital for the benefit of all.

Other services that the auxiliary performs include staffing the reception desk, answering emergency entrance calls, operating the hospital shop, operating the sunshine cart and assisting nurses in feeding patients.

They also deliver and care for flowers of the patients, deliver mail and operating their station wagon on errands for the hospital.

The Pink Ladies make little hand puppets, called "Pinkies" which are given to each child admitted to the hospital and also supply a librarian for the hospital library.

Seminoles Smear Apopka Eleven For 3d V

Locals Cop 19-0 Win

It was crunch, crunch, crunch again Friday night as the Sanford Seminoles ground Apopka's griders into the turf by a 19-0 score.

While the Seminoles line was doing the crunching, Bubba Davis scored two touchdowns and Bill Phagan added an extra point for the third Sanford win of the season.

The idea was to hold George Kevern, Apopka's outstanding running back, and the Seminoles line smeared him into the bottom of the statistic column, holding the flashy halfback to 18 yards net gain for the night in 13 carries.

The bruising Seminoles linemen—all of them—kept up the fast charging which has prevented three opponents from scoring on Sanford so far this season.

In the middle of just about every pile of jerseys was J. E. Phillips and somewhere around usually were Jim and Eugene Williams, Russ Pearson, Vic Welsh, Don Harvey and John Boniface.

Not at all outdone on the defense by the linemen was Phagan, who crashed through to put the kibosh on many an Apopka play. Phagan restrained his eye in the game and had to have some stitches in a cut, but appeared to be in no trouble with the injury after treatment.

Butch Riser made what might have been the key defensive play of the game when he caught Apopka's Dan Goolsby on the nine yard line after Goolsby had snagged a screen pass and run it 30 yards.

That was the only time the Blue Darters were able to dart during the contest and they wound up back on the 33 yard line as the Seminoles whammed through on every play to tack the ball carriers.

It seemed to be a numerical problem for Apopka—they had only four men in the backfield and Sanford usually had at least five big linemen back there with them.

"We have to give a lot of credit for this one to Junior High Coach Dan Pelham and his staff who scouted Apopka for us," Coach Jim Pigott said.

"They did a good job of showing the problem of stopping Kevern's running and the boys really bottled him up tight. That was the difference."

Vic Welsh covered an Apopka fumble on the 10 yard line to set up the first score in the second quarter. Davidson kicked the extra point for 7-0.

When the lone Darter threat was squashed, Sanford took over on the 47 and Davis and Phagan ran for first downs to the Apopka 26. Sophomore Buddy Lawson got into the game at this point and immediately spurred for a first down. Apopka held though at this point but later had to punt and the speedy Lawson dashed for another first down before the half ended.

"Buddy's play was good on both offense and defense and we probably will use him frequently during the rest of the schedule," Pigott said after the game. Lawson, brought up from the Jayvees because of his speed, had his own cheering section, with the junior varsity teammates applauding him loudly.

Sanford kicked off to open the second half and Jim Williams plopped on a Darter fumble on the first offensive play on the Apopka 30. Phagan shifted through for 22 yards to the eight and Davis slanted off tackle to within a foot of the goal line. Davis then repeated the effort for the second touchdown. The kick was short and it was 13-0.

There was a nip and tuck contest for ground during two series of plays by each side before any more excitement occurred.

The Darter backs continued to eat a lot of footballs, with Pearson and Phagan finally smearing Kevern on the Apopka 15. Goolsby punted to midfield and two first downs put the Seminoles on the 18. Phagan slashed through a good hole off tackle for the 18 yards and the final score. The big fullback and Sanford co-captain wound up with a total of 118 yards on all but a couple of the aerials.

Apopka began trying a passing attack in the final period, but the alert Seminoles defenders broke up all but a couple of the aerials. Jimmy Jones knocked down the final pass attempt as the Sanford fans began the countdown on the final seconds of the game.

Missouri, Washington, Stanford and Vanderbilt turned in major upset victories during an action-packed weekend in which Mississippi and Texas were among the few favorites who lived up to advance notices.

Orange Bowl champion Missouri, playing in snow, rain and cold at Minneapolis, knocked off Minnesota, the defending national champion, 6-0; Rose Bowl champion Washington bounced back from its loss to Purdue with a 20-7 triumph over Illinois; Stanford, winless in 1960, topped two-touchdown favorite Oregon State, 34-0, and Vanderbilt upset Georgia, 21-0.

To these were added Texas Christian's 7-7 tie with Ohio State, Wyoming's 6-6 deadlock with Kansas, Columbia's 30-0 victory over Brown and Miami's Friday night conquest of Penn State to make it a gala weekend of form reversals.

In games where form stood up, Mississippi whipped Kentucky, 20-6, Texas outclassed Texas Tech, 24-14, Iowa beat California, 28-7, Syracuse defeated West Virginia, 29-14, Michigan topped UCLA, 29-6, Michigan State routed Wisconsin, 20-0, Baylor shaded Pittsburgh, 16-12, Georgia Tech beat Rice, 24-0, Army whipped Boston University, 31-7, and Navy downed William and Mary, 44-0.

Notre Dame, obviously making important headway in its rebuilding campaign, defeated Oklahoma, 19-6, in the nationally televised game from South Bend, Ind. There are a number of excellent pairings on next weekend's schedule, starting with Navy vs. Miami in the Orange Bowl Friday night.

The major games next Saturday include LSU-Georgia Tech, Mississippi-Florida State, Vanderbilt-Alabama, Duke-Wake Forest, Auburn-Kentucky, Michigan-Army, Michigan State-Stanford, Minnesota-Oregon, Missouri-California, Purdue-Notre Dame, Ohio State-UCLA, Texas-Washington State, Southern California-Iowa, and Washington-Pittsburgh.

Weekend Sports Summary

By United Press International

SATURDAY

NEW YORK — Kelso scored an eight-length victory in the \$100,000 Woodward Stakes while equaling a Belmont Park record of two minutes flat for 1 1/4 miles.

NEW YORK — Denny (Kid) Faret of Cuba regained the welterweight title with a split decision over Emilio Grilloth.

NEW DELHI, India — Chuck McKinley of St. Ann, Mo., and Ramanathan Krishnan of India each won a singles match in the inter-zone final Davis Cup tennis series at the National Sport Club.

SUNDAY

LOS ANGELES—Jimmy Dykes was fired as manager of the Cleveland Indians.

MADISON, Ind. — Jim Clark of Detroit died of injuries suffered during Saturday's Governor's Cup unlimited hydroplane boat race.

NEW DELHI, India — Chuck McKinley and Don Dell gave the United States a 2-1 lead over India in the interzone final Davis Cup tennis matches with a 6-7, 6-0, 4-3, 6-2. Doubles win over Ramanathan Krishnan and Premjit Lal.

BAKERSFIELD, Calif. — Jack Fleck defeated Bob Roeburg in a sudden death playoff to win the Bakersfield Open golf tournament.

MINNEAPOLIS — ST. PAUL — Sam Mele signed a new contract to manage the Minnesota Twins next season.

Sets Speed Mark

TRENTON, N. J. (UPI)—Eddie Sachs of Center Valley, Pa., set a new record of 59 minutes, 23.89 seconds for a 100-mile race on a one-mile banked asphalt track Sunday in winning the national auto championship race. Sachs averaged 101.013 miles per hour.

Cash, Clemente Take Batting Titles

United Press International—Major league baseball crowned two brand-new batting champions today in addition to its new all-time home run king.

Even while New York Yankee slugger Roger Maris wrote a new mark of 61 home runs in a season onto the books Sunday, the Detroit Tigers' Norm Cash became the new batting champion of the American League and the Pittsburgh Pirates' Bob Clemente became the new National League champion.

Cash, who hit only .288 in 1960, went 3-for-3 in the Tigers' 6-3 victory over the Minnesota Twins to finish with a .381 average while Clemente, a .314-hitter last year, survived the strong finish of Cincinnati's Vada Pinson to wind up with a .331 mark. Clemente did not play in the Pirates' last six games of the season because of an arm injury.

Cash succeeds Pete Runnels of

the Boston Red Sox, who won the AL crown in 1960 with a .317 mark and Clemente succeeds teammate Dick Groat, who wound up this year with a .275 average.

Cash was followed in the AL by the Yankees' Elston Howard with a .318 mark and the Tigers' Al Kaline with .324. Clemente was followed in the NL by Pinson's .343 and by the .329 mark compiled by Ken Boyer of the St. Louis Cardinals.

Maris, in addition to setting his new homer mark, beat out the Baltimore Orioles' Jim Gentile in the RBI race, 142 to 141. Orlando Cepeda of the San Francisco Giants won the National League's RBI crown with 142 compared with 124 for Frank Robinson of the Reds.

Cepeda also won the home run crown of the NL with 46, followed by teammate Willie Mays' 40 and Robinson's 37. Mickey Mantle of the Yankees was sec-

ond to Maris' AL homer total with 54 and Gentile and Harmon Killebrew of the Minnesota Twins each had 46.

Whitey Ford of the Yankees won the pitching leadership of the AL with a 25-4 record good for an .862 percentage and Johnny Podres of the Los Angeles Dodgers led the National League with 18-5 and .763.

In Sunday's windup games of the season, the Pirates beat the Reds, 3-1, the Cardinals downed the Philadelphia Phillies, 2-0, the Dodgers defeated the Chicago Cubs, 8-2, and the Milwaukee Braves scored a 3-2 victory after an 8-2 loss to the San Francisco Giants in NL play.

Baugh Praises Titan Defense In Key Win

United Press International—Coach Sammy Baugh never is surprised at the high-scoring attack his New York Titans put on, but his defense comes in for praise even when it gives up 30 points.

"Our defense kept us in the ball game in the first quarter," Baugh drawled following the Titans' 37-30 victory over the Boston Patriots Sunday. "We never could have won if it hadn't."

The Titans' third victory in four games gave them the Eastern Division lead in the American Football League. In other Sunday games, the Oakland Raiders upset the Denver Broncos, 33-19, and the Dallas Texans beat the Houston Oilers, 28-21.

In a Saturday night game, the San Diego Chargers scored their fourth straight triumph by defeating the Buffalo Bills, 19-11.

The defensive line to which Baugh referred earned in the first 10 minutes Sunday's win over Boston. The sluggish New York defense lost the ball in misplays deep in its own territory on the first four sets of downs. Boston recovered the fumble and gained possession once more when a bad pass from the Titans' center prevented the center from getting off his kick.

Story League Honors Sanford Teachers With Reception And Varied Program

One of the highlights of the Sanford Story League's activities was the reception held recently in the Episcopal Parish House. A delightful program was given honoring the teachers of Sanford. It

was well planned and beautiful in its simplicity. The president, Mrs. Clarence Snyder, Mrs. R. W. Tench, Mrs. C. C. Howard and Mrs. W. L. Roche formed the receiving line.

The guest book was kept by Junior Story League members Sandy Metzler and Patsy Owens. Souvenir booklets were given to all teachers attending. Father John W. Thomas and

Mrs. Snyder gave short welcoming addresses to the 75 guests and members present. Mrs. Betty Snyder, sponsor of the Little Women Story League, told of her work with the junior group.

MRS. S. J. NIX presented an interesting program at the reception honoring Sanford teachers, recently. Left to right are Mrs. Snyder, Mrs. R. W. Tench, Mrs. C. C. Howard, Mrs. W. L. Roche, Mrs. E. C. Williams, Mrs. S. G. Harriman and Mrs. Pete Schirard.

The program was under the direction of Mrs. S. J. Nix. The League's first president, Mrs. E. C. Williams, told an allegory based on Ruth Stauder McKee's article entitled "Storytelling," from Story Art Magazine. Mrs. Harry Eichelberger, accompanied by Mrs. George Touhy at the piano sang, "Pale Moon," "The Rosary" and "Hills of Home." Mrs. C. C. Welsh told a true story, "Unloved, Unwanted, Until—" by Lola Kolbner.

Pete Schirard accompanied by Harry Wester at the piano played four selections on the vibraphone entitled, "Two Guitars," "La Golondrina," "Dream," and "Cross My Heart." They also played soft background music throughout the reception. Mrs. S. G. Harriman concluded the program with a humorous monologue, "Betty at the Ball Game."

Pink floral decorations were used throughout the Parish House. The refreshment table, overlaid with a lace cloth, held a lovely arrangement of coral vine. Mrs. Snyder presided over the punch bowl and was assisted in serving by all Story League board members.

MRS. LEE RHODEN, of DeBary, assisted by her three small sons, Lee Jr., Thomas and Richard, will take care of the Fish Pond Booth at the bazaar, sponsored by the St. Ann Catholic Church, Oct. 7, near the DeBary Plaza. Mrs. Rhoden is chairman of the booth. (Cox Photo)

Mrs. Stringer Honored At Stork Shower

Mrs. James Stringer was guest of honor, recently, at a stork shower given at the home of Mrs. Bennie Keigan on Pasadena Ave., Longwood. Co-hostess was Mrs. Keigan's mother, Mrs. H. B. LaBree.

Games were played by the guests and prizes won by Mrs. Bill LaBree and Mrs. Dewey Finch. Mrs. Russell Grant won the door prize.

Decorations included a beautiful cake in the center of the refreshment table, surrounded by miniature storks and babies.

Other invited guests were Mrs. Paul Herman, Mrs. Beane Edensfield, Mrs. Dean Finch, Mrs. Loretta Finch, Mrs. Fred Dudley, Mrs. John Cowart, Miss Sherry Dudley, Miss Sheila LaBree, Miss Susie LaBree.

Mrs. D. D. Smith, Mrs. Norman Showers, Mrs. Bill Pope, Mrs. Shirley Gattin, Mrs. Hazel Largent, Mrs. C. H. Johnson Sr., Mrs. Lamar Stringer, Mrs. Bill Lane, Mrs. Flo Driskill and Mrs. Dewey McElreth.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am the frustrated father of an 18-year-old girl. She has just acquired her first steady. My problem is that this boy (20) stays to watch the late, late show, eats a sandwich and then necks with my daughter. I lie awake upstairs checking the clock periodically. This morning at 3:30 he was still here. I got angry and went to the landing and shouted, "It's 3:30—GO HOME!" The boy left and my daughter passed me silently in the hall and went to her room.

This morning my daughter told me she was embarrassed by my actions. She said, "I'm old enough to take care of myself, etc., etc." I said midnight was late enough on week nights, and 2:00 a. m. on weekends, for working people. Do you think I was in the wrong? My daughter does.

FRUSTRATED DAD

DEAR DAD: If the house rules you had set up beforehand were ignored, you had every right to break up the party at that hour. But you should have done it quietly, firmly and personally with your daughter. He stays, eats and "necks" with a willing partner. SHE is your problem. Don't shout at HIM.

DEAR ABBY: I am planning to have a November wedding. It will be a formal church wedding with about 300 guests. I have studied voice for two years, and everyone says I have a very good soprano voice. I have a marvelous teacher. I wish to sing at my own wedding. My parents and the few friends I have mentioned this to have tried to discourage me. My fiancé suggested I write to you for the final de-

cision. Thank you. **NOVEMBER BRIDE**

DEAR BRIDE: Don't use your wedding guests as a captive recital audience. Why not ask your voice teacher to sing?

DEAR ABBY: I have been going with a married man for six months. We work in the same place. He says he loves me and hates his wife, but won't leave her because of the children. He also says he can't leave her because everything they own is in both names, and his wife would get everything. Is this a law?

I left my husband and children and have taken a room. Now everybody is talking about me. Don't you think a woman is foolish to live with a man who hates her? This man's wife is a very dull person, and lives just for her children. I know I can make him happy. Shall I call his wife or go to see her?

UNHAPPY

DEAR UNHAPPY: Don't call this man's wife and don't go to see her. She is sticking by her marriage vows, which is more than you have done. The man has given you good reasons why he won't leave his wife. You need to pray for forgiveness and strength to live a loyal and decent life again.

If Young Are Decadent Aren't They Chips Off Old (Decayed) Block?

By RICHARD STARNES

A Senate committee has just coughed out the doleful intelligence that youth crime is proliferating widely, having increased as much as 177 percent from 1955 through 1960.

Statistics are unreliable in matters such as this. They are commonly gathered by self-seeking bureaucrats who mean to use them to wring additional appropriations out of yahoo Congressmen who quake at the sight of a mail-order Ph. D. holding a graph. But whatever the percentage of increase, it is idle to suppose that seriousness among our kids is now growing. Adult worthlessness is increasing, and it is nonsense to think that children are not following suit.

The moral fiber of our young, which is a mirror image of the moral fiber of their elders, is a picture that must offer pleasant summer reading for the neophyte Communist expects to win without a major fight, and any realist must concede that the abounding evidence of moral and spiritual decay in the United States offers vast encouragement to that view. Recently a young chap told me about his experience in taking a physical examination with a group of fellow conscripts in the New York area.

Most of the slack-jawed nothing who were examined with him came armed with chips from fool doctors certifying that the bearers were unfit for military service by reason of heart murmurs, trick knees, and other such ephemeral disorders. I have no doubt most of these sorry fakers were aided by their parents in their craven deceptions.

What manner of people are these? Are their empty, television-bummed minds incapable of understanding that their very right to eat, sleep and reproduce their witless kind is being threatened? It is useless to speak of freedom to such elods; their vision of the world in which they live is bounded by the senseless violence of television, the lawdriness of cheap filelers and the near-pornographic walling of various wretched rock-and-roll singers. But can't they even understand that their unexamined material property is being threatened?

I am realist enough to know that the pack of which I speak couldn't care less whether they were governed by Communists, Hottentots, anti-vivisectionists or bareheaded Populists. But have they even lost their innate peasant rapaciousness as well? They will fight with bicycle chains and switchblades for some loushose scrap of Manhattan "furf"; isn't it passing strange they cannot summon the will to fight for their white-collar families.

As suspect as they are, the statistics aimed to above do contain one clue that may be of value in diagnosing the terrible illness that afflicts so much of our youth. Lately, it is reported, child crime has shown a sharp increase

among the pampered issue of white-collar families.

We The Women: By Ruth Millet

Should high school boys take courses in home economics right along with girls?

A home economist who is beating the drums for togetherness in cooking and home management classes claims that because men are participating more and more in homemaker activities they ought to get the same kind of training available to girls.

Suppose we did make high school economics courses coeducational (and there have been instances). Then what?

Then the wives of the future would lose the one area in life in which women have always been able to feel superior to men—the area of housemaking.

Where is the housewife's job satisfaction going to come from if her husband knows just as much

about meal planning as she does. If his cakes are lighter than hers, or if he can get a meal on the table just as fast as she can?

When housewives complain that their husbands can't fry an egg without getting every dish in the kitchen dirty, or if left to fend for themselves would be living in complete chaos, or couldn't iron a shirt if their lives depended on it—the wives aren't really complaining. They are bragging—building up their own egos.

What they are really saying is, "This husband of mine may be a brilliant, successful man—but all the same he couldn't get along without me to keep the home running smoothly, to take care of the thousand and one things that require a woman's touch."

band's bringing home the bacon, a wife doesn't want to think that her husband can also cook it every bit as well as she can.

When her husband says, "Boy, that was a good meal!" she doesn't want him to add—even in his thoughts, "almost as good as I could have turned out myself."

What a wife wants is for home-making to be enough of a mystery to her husband so that she can always tell herself, "I don't know what he would ever do without me."

Even the best of homemakers can pick up tips from "How To Have a Happy Husband." Send 25 cents to Ruth Millet Reader Service, c/o Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

Highlights TV Key Previews

8-8:30 p. m. NBC. National Velvet—"The Bully." The universality of the theme makes this a worthwhile episode. A bully beats up classmate John, after Mrs. Hadley drives him to school on his first day, with the result nickname "Mama's Boy." Starring Lori Martin, Joan Banks, and Rickey Keiman. Richard Correll plays the bully.

8-8:30 p. m. CBS. Pete and Gladys—"The Hoarder and the Boarder." Light but amusing situation in which Gladys acquires a no-star boarder in a college student, played by Steve Terrell, who blackmails her into serving him breakfast in bed with the threat of divulging a secret to husband Pete. Starring Cara Williams and Harry Morgan.

8-8:30 p. m. ABC. The Rifleman—"The Vagabond." Premieres. New day and time slot for fourth season of series. Doesn't hit the bull's-eye, but sufficient interest; Lucas and Mark ride to Mexico to purchase a bull and are captured by bandits. McCain is tortured and left to die in the desert, with the bandit taking Mark with him. Bandit leader is Martin Landau, with Ziva Rodann playing a peasant girl.

8-30-9 p. m. CBS. Window on Main Street—"The Return." Premiere, has the flavor of the real thing. Like Thomas Wolfe, Cameron (Robert Young) has come back to recapture memories. But the editor tells him, "You can't go home." The town he knew as

a lad exists no longer. Co-starring is Constance Moore as newspaper-women. Featured as editor is the Ford Ramsey.

9-9:30 p. m. CBS. "Danny Thomas Show." Premiere. A welcome return with Danny beginning his fifth season. Episode featuring Bill Dana, as elevator operator, Jose Jimenez. He talks Danny into writing love letters for him and singing a romantic ballad to a nursemaid being courted by Jose.

9-30-10 p. m. CBS. "Andy Griffith Show."—Premiere. If you like Andy's special brand of humor, this one crackles. Opie Taylor is the victim of a nickel-a-day plot, schemed up by an extortionist. Sheriff Andy wises up to the situation, but lets his son work out the problem—her giving the boy a tip on how to handle it. Ronnie Howard plays son Opie. Don Knotts is Deputy Barney Fife.

10-11 p. m. ABC. Ben Casey—"To The Pure." Premieres. New hour-long series dramatizing problems both professional and personal of young doctors in training at a major city hospital. Co-starring Vincent Edwards as Ben Casey, and Sam Jaffe in the role of Dr. David Zorba. Dr. Casey despite disapproval of Dr. Zorba and advice of his associate doctors, proceeds with plans for a series of brain tumor operations

on 8-year-old Pete Salazar. Casey's life is jeopardized when he accidentally infects himself with a dread virus.

11-11:30 p. m. - 1 a. m. "The Jack Paar Show." Color. Paar is back from Moscow and his small war over Berlin, resuming his seat as chairman of the Paar U.N. Guests include actress-writer Gertrude Berg and singer Betty Johnson.

Tribe Set For New Manager
CLEVELAND, Ohio (UPI)—A new manager for the Cleveland Indians will be named today.

The naming will take place at a press conference presided over by general manager Gabe Paul.

The new manager will be a cigar-smoking Jimmy Dykes, who was fired Sunday just prior to the Tribe's final game of the season with the Los Angeles Angels on the West Coast.

Pastor Flies In Jet

Reverend Father William J. Trainor, pastor of Church of the Nativity, Lake Mary, flew as a very interested observer in one

of VAH-3's twin jet flying classrooms, the A3D-2T "Skywarrior."

Boland Warns UN Of Fate

NEW YORK (UPI) — Frederick B. Boland, former UN General Assembly president, warned Sunday the United Nations may be in for the same fate as the League of Nations.

Boland blamed both big and small powers for the deadlock at the United Nations. The Irish UN delegate, who also served with the League of Nations, appeared on NBC's "Meet the Press."

"I think," Boland said, "there is the same tendency nowadays as there was then on the part of the major powers to take the view that the world organization should be subservient to their respective national interest. I think there may be also a tendency, which I hope will not materialize, on the part of the smaller members of the organization, to say rather than have serious great power differences: Let us compromise."

Boland said he would "respectfully decline" any attempt to draft him as an interim replacement for UN Secretary General Dag Hammarskjöld.

He also said he was opposed to the Soviet three-man "troika" proposal for the UN secretariat because it would then cease to be an "effective and impartial international" body.

Cub Pack 534 Sets Meet

Leaders and parents of Cub Pack 534 are asked to attend a meeting today at 7 p.m. at the First Methodist Church.

At this time the Pack will reorganize and make plans for an active season program, and the help of all Pack members' parents is needed.

The flight in September, was a long, high altitude over water, celestial navigation and radar bombing training mission to the island of Haiti in the Caribbean Sea and return by way of Savannah, Ga., then a simulated bombing run was made over Jacksonville thence back to Sanford.

Fr. Trainor is a licensed private pilot and has logged over 750 first pilot flight hours in 10 years of flying.

After the flight Fr. Trainor thanked the pilot, Cdr. Ralph J. Mattus, Executive Officer of VAH-3 and Capt. Joseph M. Tully Jr., commander, Heavy Attack Wing One, who obtained special permission for him from the Chief of Naval Operations in Washington, D. C.

Fr. Trainor commented "The flight crew of the A3D-2T were for the most part friends of mine, but on an occasion such as this, one begins to realize the true professionalism and dedication of these men. Being a pilot myself, I was in some small way able to acknowledge the accuracy and precision with which these men operate. It brought home to me a deep sense of confidence and security that in these troubled times, should the fate of our nation ever be threatened, I have no doubt that our freedoms and those of the free world will be forever maintained and protected."

Women Golfers Name Winners

The monthly luncheon and business meeting was held by the Sanford Women's Golf Assn. last week at the Mayfair Country Club.

Results of the low Putts tournament held during the session follow:

Class A, Dossie De Ganahl and Auggie Russell (tie); Class B, Reba Mahan; Class C, Geneva Woodruff and Class C, Sally Wight.

A point tournament will be held on Oct. 4. Vivian Pierce, tournament chairman announced.

Tiger Tales

By L. E. HIGGENBOTHAM

"Checkmate" is completed. The last Douglas A3D "Skywarrior" roared aboard the Independence this afternoon terminating the six day exercise. The "Tigers" of Heavy Attack Squadron One had met every commitment and had asked for more as would any battle efficiency award winning squadron.

After six days seeing people in flight suits it was a revelation to see Robert B. Everly, chief aviation maintenance, in his new uniform. We're proud of his promotion.

We're all looking forward to a wonderful visit to Athens tomorrow an opportunity to put our feet on dry ground and to see a few of the fabulous sights of that ancient city.

We said goodbye to Commander Meshier, chief staff officer, Heavy Attack Wing One this morning and to Lieutenant Wendell W. "Shifty" Powell tonight. Lt. Powell is going to VAH-3 for a tour of shore duty—Bon Voyage, "Shifty."

There is a movie in the "Tiger Den," ready room for tonight, but I think we'll forego it and shuffle papers a bit.

Fellows turn to their letters and scribble many dreams upon paper and vow kindness, and thoughtfulness, and compassion, and we wish we could be home with our loved ones. I just looked outside and there is a big beautiful half moon—What a wonderful night for flying...

Enterprise Sets Donor Hours For Blood Bank

By HELEN SNODGRASS
Donors who wish to give blood to the Enterprise Blood Bank may do so between the hours of 4 p. m. and 7 p. m. on Oct. 25 in Orange City, co-chairmen of the Enterprise facility have announced.

Anyone wishing further information on the Bank or wishing to make transportation arrangements may contact Carroll Paterman or Miss Helen Snodgrass.

Cancer Society Elects Dunn

Harvey L. Dunn of Enterprise was elected second vice president of the newly organized West Volusia Cancer Assn. at a meeting of the group held in Pierson last Tuesday.

Other members of the Board of Directors from the area are Wesley L. Tyler and Miss Helen Snodgrass.

District Head To Visit Lions

The Lions Club of Sanford is looking forward to the annual visit of their District Governor of Lions International, Myrl Kiekligher of Daytona Beach, Tuesday at their luncheon meeting at the Capri.

Kiekligher will induct a new member of the club and conduct the business of the annual meet.

The only United States president who lived to see his son become president was John Adams.

Accomplishments Of Little Red Schoolhouse Cited

By DOTTIE HIGGENBOTHAM

Hibiscus blooms decorated the two rooms at the Little Red Schoolhouse Wednesday evening where during the day eight mentally retarded children attend a private school specially equipped and suited to their needs.

The doors were opened to the public for the first time and over 40 guests called during the appointed hours to see what has been accomplished by a few hardworking and determined individuals, assisted by kind-hearted and sym-

pathetic clubs and organizations, in the establishment of this desperately needed school.

Guests who called to see the Little Red Schoolhouse, (which really is white) found one large room and one small room with linoleum covered floors and several desks, where the children sit for a little while each day and draw pictures, color, paste and put things together.

There is a clock with movable hands on the wall, where they can learn to tell time, a two-way telephone system, which can be made

to ring and where the children or a child and teacher can talk to each other.

There are large-sized dominoes with big black spots on them with which they might learn to count and a flannelboard, where other felt and flannel pictures and objects can be placed for counting and recognition.

Rhythm band instruments have been kindly contributed by someone and provide a great deal of enjoyment for the music-loving youngsters, who find happiness and pleasure in listening to and making music.

A record player also has been contributed and some records. But the records that the school has are well worn and have been played over and over. Some new ones would be greatly appreciated.

There are several hand, eye and muscle training objects which get lots of use, such as a cloth with a zipper in it, another specially constructed with big buttons and buttonholes, and a wooden shoe that can be laced up.

A bookcase full of toys is in the playroom, along with a long low play table. There are also wheel toys, tricycles and wagons,

which are taken outside in good weather to give the children fresh air and exercise.

The teacher, Mrs. Ada Sires, and the helpers who work a few hours or a day or two a week assisting her met guests and showed them around, exhibiting the children's accomplishments and showing the drapes made by one organization, the paint job done by another, the air conditioner contributed by a group, the bookshelves donated by a club and many other contributions which have gone to make up the school as it now stands.

Deadline Past, Ford Strike On

DETROIT (UPI)—The United Auto Workers Union today called 120,000 workers off their jobs in a nationwide strike against Ford Motor Co., second major strike in the auto industry in less than a month.

The union called the strike when its 10 a. m. deadline passed without a new national contract agreement with the nation's second largest carmaker.

De Gaulle Eyes Dictator Role

PARIS (UPI)—A restless French parliament reconvenes today under the threat of dissolution by President Charles de Gaulle who said he would resume dictatorial powers if the political crisis over Algeria worsens.

De Gaulle, in a nationwide radio-television broadcast, said he will make new attempts to bring the Algerian rebels to the conference table. He said he would hold a national referendum to push his Algerian program through.

Reaffirming his belief in the Algerians' right to dispose of their own destiny, De Gaulle reiterated that he is "ready to seek again an accord with the leaders of the rebellion."

The president also indicated he would not stand for any interference from the Secret Army Organization (OAS), an extremist settler group which has vowed to keep Algerian French.

French Troops Leave Bizerte

TUNIS, Tunisia (UPI)—French troops today left Bizerte following a weekend agreement between France and Tunisia which temporarily settled the question of French rights to the massive atom-proof military base near the city.

Troops from both Tunisia and France returned to positions they held before fighting broke out between them in July.

More than 700 Tunisian soldiers and civilians were killed in the three-day battle. It was touched off by Tunisian demands the French evacuate the base.

Kamen Enters Graduate School

CHICAGO (UPI)—Rejected Peace Corps applicant Charles S. Kamen of Miami has been admitted to the University of Chicago graduate school, to work in the field of sociology, it was announced today.

Kamen aroused the ire of Miami Rotary Club members when he heckled a showing of the film "Operation Abolition" during a Rotary Club meeting. He was thrown out.

Await 'Mr. X'

LOS ANGELES (UPI)—California waited with intense curiosity today to learn the identity of Richard M. Nixon's alleged political go-between, "Mr. X."

Village To Meet

The North Orlando Village Council will meet at 8 p. m. today in the Village Hall for the October business session.

North Orlando Voices Grievances

By MONA GRINSTEAD

The North Orlando Civic Assn. Monday night heard and approved a resolution of criticism against past actions of the North Orlando Company.

The statement, scheduled to be presented to company officials early today, cited the past record of "unfulfilled promises" to the community and called for prompt and decisive action by the company to provide a recreational facility and a community building within a reasonable period of time.

It also stated that at the termination of a 14-day period, if no action is taken, the association then will take available steps to build the facilities including the solicitation of cooperation and financial assistance of interests "outside the village."

As a representative voice of the community, the association pointed out that early sales promotions for the Village of North Orlando indicated, verbally and in printed brochures, that homeowners there soon would have a shopping center, schools, recreation and playground facilities in two parks and many other attractions.

"To date," the resolution stated, "recreational facilities consist of empty concrete forms and a 'lake' which has served no purpose other than to provide a breeding ground for mosquitoes. Continuing, the statement reads: "Just prior to the Annual Fourth of July picnic, the company promised a beach and picnic area to be ready for the celebration. Work was started and labor was donated but the project soon was abandoned by the North Orlando Co."

"Offer of a plot of ground and \$2,000 in cash for a civic building later was revised to provide only the land. Both offers then were withdrawn and the company promised a swimming pool, recreational facility and a community building, presumably to be company owned."

"However, this community is no nearer to the realization of these facilities than the empty concrete forms mentioned previously."

Recognition and appreciation to the company was expressed for assistance with the Volunteer Fire Dept., the Police Dept. and the picnic and fireworks display on July 4. It also was noted in the statement that complaints were not against the village officials.

By LARRY VERSHEL

If you think the pressure is on the The Clock this week... take a look at our county commissioners on civil defense appropriations.

Not many persons around town are aware of it, but there's a massive political row going on inside the local Democratic party as a result of the battle for the Sanford postmaster's job.

When the County Commission comes up with a good idea why does it get bogged down so long in committee. Like the plan they have to take all able-bodied men off the welfare roll. A committee was named to study the matter over two months ago... still no action... and then there's the case of investing surplus funds... in committee for almost seven months.

Don't be surprised if Ken McIntosh's days are numbered as Casselberry attorney.

One final word on the County Home Mess (?). County Commissioner John Fitzpatrick quoted Shakespeare on the charges. "Looks like Much Ado About Nothing," said Mr. Fitzpatrick. Our comment: "The whole horror is in just this dear air... that there is no horror."—Kurpin.

Notice the flag at the stadium last Friday night?

Secretary of State Tom Adams will be the featured speaker at the Chamber of Commerce directors meeting at 7 p. m. Oct. 17 at the Civic Center. Adams will speak on "Florida's Integrated Waterway System."

Kennedy Calls In Military Advisers

WASHINGTON (UPI)—President Kennedy today called his top military advisers to the White House for two conferences that appeared certain to deal with the Berlin crisis.

Despite signs of encouraging progress toward formal negotiations with Russia on the German stalemate, Kennedy was believed preparing for any military eventuality that might arise in Berlin.

The President planned to meet with Defense Secretary Robert S. McNamara and Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff. He set up a 4:15 p. m. session with McNamara, Lemnitzer and Gen. Lauris Norstad, NATO commander.

Prior to the defense talks, Kennedy was scheduled to confer with Thanat Khoman, Thailand's foreign minister. The Chief Executive was expected to assure him that the Berlin crisis will not divert U. S. attention from the renewed Communist drive in Southeast Asia.

Africans Pressure Nationalist China

UNITED NATIONS, N.Y. (UPI)—French-speaking African nations sought to pressure Nationalist China today into withdrawing its veto from the membership application of Outer Mongolia.

Informers said the 12-nation "Brasserie group" was considering sending an urgent appeal to Nationalist Chinese President Chiang Kai-shek to reconsider his opposition.

The Soviet Union has threatened to veto the membership application of Africa's Mauritania if Outer Mongolia is rejected.

Yeah! 2 Stand Pat On CD Fund

MIAMI BEACH (UPI)—State Civil Defense Director Elmer Yarbington told a convention Monday "there is a definite weakening" of interest by Floridians in civil defense.

Earlier, Yarbington told the Florida Osteopathic Medical Association convention, "there has been too much concern for other matters and CD has been swept under the rug."

County Commissioners James P. Avery and John Fitzpatrick today said they weren't changing their minds over boosting Civil Defense appropriations... governor's investigation or not.

Both Fitzpatrick and Avery were opposed to any warning system for the county as was Ted Williams. Williams was not available for comment this morning.

The commission by a 3-2 majority defeated the purchase of a

warning system here. Chairman J. C. Hutchinson and Vernon Dunn favored the system.

Monday, Gov. Farris Bryant ordered an investigation into the county's Civil Defense status.

The commission, meeting this afternoon, is expected to hear from delegations from around the county citing the need for a warning system.

Avery today said, "I would like it understood that I have been for

an expanded civil defense program right along. The record will bear me out, he added.

"However," Avery declared, "I am opposed to large amounts of money being spent on sirens. I have asked for an immediate program of education."

"During the budget conferences held by the commission, when all department heads were called in and the needs for the coming fiscal year discussed, the civil defense director stated to the board

that should a warning system not be approved, that \$2,000 would be sufficient but the board budgeted 30 percent more than he asked for," Avery said.

"The morning the completed budget was adopted I saw for the first time a letter asking for \$25,000 for Civil Defense," he added.

Fitzpatrick said, "At this time I don't plan on changing my mind over any warning system. The governor's order seemed vague to me when I read it in the paper."

Underground Radio
ARLINGTON, Va. (UPI)—Radio station WEAM is building what it calls the "first all-underground station in the country" to enable it to stay on the air in a nuclear attack. A planned underground broadcast tower could be raised if the station's present tower is destroyed.

Report Fallout Rise
TOKYO (UPI)—The Japan Meteorological Agency said rainfall in several Japanese cities Monday showed a considerable increase in radio-activity because of the recent Soviet atomic tests in the atmosphere. But the agency said there was no health hazard.

Syria Joins 'Non-Align' Policy

DAMASCUS, Syria (UPI)—Premier Mamun Al-Kuzbari said Monday night that Syria's new revolutionary government will follow a foreign policy of "non-alignment" with the big power blocs.

He spoke to the first foreign newsmen allowed to enter Syria since last Thursday's revolt against the rule of the United Arab Republic President Gamal Abdel Nasser.

"We are not with the west or the east," Al-Kuzbari said. "We are with every country that extends the hand of friendship."

The premier said foreign envoys in Damascus have been

asked to recognize the new government and that applications for membership have been sent to the United Nations and the Arab League.

He said Jordan, Turkey, Guatemala and Iran have recognized the regime and there are reports that Nationalist China has too, although no official word has been received from Taipei.

Listeners in Beirut reported that Cairo and Damascus radios had begun a battle of the airwaves, with Damascus urging Egyptians to revolt against Nasser and Cairo calling on Syrians to overthrow the new Damascus regime.

The new premier told newsmen he was not actually involved in the revolution, which ended the 43-month union of Syria and Egypt.

"I was like any other citizen," he said. "I knew about it when I heard the shooting and the radio."

The new premier said former UAW Vice President Lt. Col. Abdel Hamid Serraj, arrested here Monday and charged with "subversion," will stand trial "like any other citizen" if a board of inquiry decides to press charges against him.

"I want to emphasize one point," Al-Kuzbari said. "His arrest was to protect him from dangers he was exposed to rather than for any danger he might cause." He did not elaborate.

Al-Kuzbari said his regime is deporting Egyptians "for their own safety."

"If some are willing to stay and it's found to be safe to permit them to, they will be permitted to return later," he said.

About 2,000 persons, mostly Egyptians, crossed from Syria into Lebanon Monday.

Al-Kuzbari said three members of Serraj's bodyguard were the only casualties of the revolt—one killed and two wounded defending their chief.

THE NEW Police Assn. building, to be located on Seminole Blvd., should be completed by the first of the year. Police officers, as well as volunteers, have been working on their off-duty hours to complete the facility. (Herald Photo)

Oviedo Adopts New Election Law

A new system of electing town officials was voted Monday night at the monthly meeting of the Oviedo Town Council with the passage of an ordinance which amended Section 1 of Ordinance No. 48 and Sections 1 and 4 of Ordinance 14.

The amendment provides for staggered terms of members of the Town Council and sets up annual elections. It will become effective with the first election in December.

The ordinance provides that municipal elections will be held on Tuesday after the first Monday in December, beginning in 1961. On that date all members of the Council will be elected. The two candidates receiving the highest votes will be elected for a term of two years. The three candidates

receiving the next highest votes will be elected for one year.

At each annual election thereafter on the Tuesday after the first Monday in December councilmen will be elected for a term of two years.

This means that in 1962 three councilmen will be elected to a two-year term to replace the three who were elected for one year. Then in 1961 the voters will elect two councilmen to replace those elected for two years. After that

three councilmen will be elected one year and two the next.

In other business the Council authorized Mayor Lou Gary to repair the washout in Division Street and replace the necessary drainage pipe.

The Council held a short discussion on the construction of fallout shelters, including a community shelter, and a warning system. It took no action, deciding to await further information on the proposed county-wide warning system.

The Council approved the obtaining of rights of way from adjoining property owners for the extension of South Lake Jessup Ave. Councilman W. H. Martin reported that practically all property owners concerned were agreeable to giving rights of way.

The Council has received one proposal on the purchase of a new police car, but authorization to buy it was deferred until more bids can be obtained.

Doctor, Dentist Draft Call Asked

WASHINGTON (UPI)—The Defense Department asked Selective Service today to call up 716 physicians, dentists and veterinarians for service in America's expanding military forces.

The call was for 495 physicians, 154 dentists and 67 veterinarians. They will be given 15 days to volunteer for officers' commissions instead of being subjected to actual draft.

Space Men Meet

WASHINGTON (UPI)—Space buffs of 31 nations, including Russia, convened here today to talk about such things as radiation belts around the earth and how to get "intelligent living beings on other planets." The occasion was the 12th international congress of the International Astronautical Federation.

Better Phone Service Assured For Oviedo

The long awaited extendoscope telephone service for Oviedo was promised definitely for Feb. 4, 1962 by representatives of the Southern Bell Telephone Co. Monday night.

Two company men, who attended the monthly meeting of the Oviedo Town Council, said that the equipment to install this service had been ordered and that some of it was already on hand and further that installation had been scheduled so that the service will be ready by the February date.

When completed Oviedo will have direct dial service to Sanford, Geneva and Orlando, the representatives said. There will be direct intercommunication between Sanford, Oviedo and Geneva, but not between Orlando

and Sanford or Orlando and Geneva, they explained.

Rates for Oviedo subscribers will be some higher than the phone men said, and will be approximately the same as Orlando rates.

The delay in installing this service was laid to general economic conditions and to a ruling by the Florida Railroad Commission which lopped some \$2 million off the company's revenues, the Council was told.

'Human Fly' Romeo Falls To His Death

LONDON (UPI)—A romantic "human fly" fell three stories to his death here Monday night, clutching the box of candy he apparently hoped to toss into his sweetheart's window.

No one will ever be sure what 22-year-old Michael Wilson had in mind when he set out to scale the wall of the nurses' home where his fiancée, Patricia Wyler, lives.

She thinks he was attempting a romantic delivery of his gift. "It would be just like him," she sobbed today. "I think he planned to surprise me by dropping the box of chocolates through my bedroom window with a note."

Grand Jury Opens Fall Term Friday

The fall term of the grand jury will convene here at 9 a. m. Friday, the Sheriff's office reported today.

The only case expected to come up is that of James M. Campbell, charged with slaying his wife on Aug. 3.

In a preliminary hearing, Campbell pleaded not guilty in the death of his wife, Betty Anne, after an argument at the home of some friends in Sunland Estates.
