## "Believers" Club Is Formed Amid Spirit Of Keen Enthusiasm

Frank Marler Chosen As First President; Optimistic Speeches Delivered At Meet

### THRONGS AWAIT GRAF'S ARRIVAL AT AIR STATION

#### Preparations Made To Handle Crowds Expected To Be There

Under auspicious and enthusiastic circumstances, Believers-in-Sanford formally organized last night at a rousing meeting at the Court House. The Rev. Frank M. Marler, pastor of the First Christian Church, was elected president, after a series of boasting talks had been given lauding the wealth, natural resources and other potentialities of Sanford and Seminole County.

It was a live, wide-awake gathering, reminiscent of other days when Sanford was making much rapid strides. Speaks a spoke with feeling and their hearts applauded enthusiastically and appreciatively. It was, as one speaker declared, a "get-together affair to take stock." A noticeable spirit of cordiality and informality pervaded the atmosphere as neighbor nudged neighbor with care-free friendliness.

Speakers proclaimed the occasion as "reawakening to the 'treasures that are ours'" as a rejuvenation of civic pride and interest, with a stimulated and concerted effort to push Sanford forward as rapidly as possible. The fundamental wealth of the community was listed, industrial possibilities were enumerated, Sanford's opportunities for becoming a tourist center were described as numerous, and agriculture's future was vividly depicted.

An effort was made to draft T. L. Dumas as president but the latter declined, declaring that the nature of his business kept him away from the center of local activities and also stating that he could not be able to devote the time which he thought should be given by the head of such an organization. Weighing his heart's support, Mr. Dumas said he would like to remain a "hard-working private in the front ranks."

The new president has lived in Sanford for only a few years, coming here to accept the local postmaster. During his short residence, he has been active in work and a prominent member of the Lions Club. In his brief speech of acceptance he pledged his best efforts.

"Those fellows, who tried to make me sit down when I sought to decline this honor, will have to do some work now," he said laughingly in his inaugural. All other members of the official family of the organization are to be appointed by the president.

Robert J. Holly, Sr., presided over last night's gathering as temporary chairman. Outlining the purpose of the club, he said it was to instill "patriotism and enthusiasm among the people, and to stimulate the work of the Chamber of Commerce."

"It's just in little side issues which ought to do a lot of good, and I am sure it will," he declared.

The Rev. Dr. E. D. Brownlow spoke on the "Fundamental Wealth of Our Community." He mentioned a number of names, which he said no bank failures could take away. Among them he listed honor, self-respect, loved ones, God and possession of God-given talents.

He described the boom as a period of "abnormal thinking" when "we all went loony," but added that Sanford and Seminole County is still possessed with the same material resources that it had for years. He said the big need was courage and enterprise, "Chasing after opportunity," he emphasized, "is before us."

Development of water and rail transportation; the construction of a large packing house for citrus products because of both water and rail facilities; commercial truck shipments to old agricultural gathering and processing of water hyacinths for cow feed; hardwood lumber; and a cannery for vegetable products; poultry and dairy.

The speaker also declared the belief that recently reduced freight and refrigeration rates on mixed car vehicles will also open up a tremendous field of opportunity for local shippers, who will now be able to supply smaller markets with their produce where heretofore they have been unable to do so.

H. R. White, before reading a

### GRAF'S COURSE SET DIRECTLY FOR NEW YORK

Message Says Everything Is In Perfect Order, Weather Fine And Trip Enjoyable

FRIEDRICHSHAFEN, Germany, Aug. 3—(INS)—The Graf Zeppelin today was living a direct course over the Atlantic ocean of New York. The Zeppelin works received the following radiogram from the Graf at 3:50 P. M. (10:50 A. M. New York Daylight Saving Time): "Our position at A. M. Greenwich Mean Time was 36°20' North, Latitude and 37°20' West longitude. Everything is in the best of order. The weather is splendid. The Graf is having a fine trip. The course is directly for New York."

The latest message received from Frank E. Nicholson, International News Service, special correspondent aboard the Zeppelin, was received last night, a short while before Dr. Eckermann's arrival tomorrow of the Graf Zeppelin from across the sea.

Everything was set for the reception of the giant aircraft on the completion of its 4,000-mile trip from Friedrichshafen.

The special ground crew of 400 sailors and engineers assembled at the newest airport were ready to meet the Graf when it was reported off the coast to receive the German visitor. Special precautions were taken against possible fire due to the inflammable gas used by the zeppelin.

Traffic rules for air and land were put into effect by military and naval authorities. Aircraft not included in the official escort to the zeppelin were ruled out of the picture. The escort will include two baby blimps, the Mayflower and the Vigilant.

Numerous refreshments stands began mushrooming in the vicinity. Their proprietors began buttoning up the overcoat on myriads of framers in preparation for a holiday crowd expected to break all records, standing, running or sitting.

Although the zeppelin was not expected to final port before the arrival to Lakehurst, the boat was leaving on today with some 200 tourists.

Shades who crossed any road did it at their own peril.

And there were plenty of residents those adventurous young souls popularly called hibiscus.

Overnight accommodations were going like stock exchange seats.

A haunted home looked like the Ritz. One automobile party played safe and brought their own tent. The bleacher crowd encountered the worst disaster of her flying career on her trans-Atlantic crossing last year, when a huge stabilizer of "fin" crumpled.

The damage was repaired while the zeppelin was in the air.

Within a few days after its arrival, the first Zeppelin plans to take off for her round-the-world trip. Fuel supplies for the airship are stored at the naval station.

### Rawlings, Receiver Of First National, Takes Over Duties

The First National Bank of Sanford which closed its doors some time ago, is now in charge of A. F. Rawlings, recently arrived from New Mexico, and upon him rests the settlement of the affairs of the Bank, according to an announcement this morning. Mr. Rawlings has had considerable experience in receiverships and comes to Sanford after more than a year stay in New Mexico where he was in charge of a number of banks and trust companies.

Rawlings in a statement which he had of interest in the matter declared, "Mr. Rawlings said that he was unable to offer any information at this time other than the fact that the Bank is open each morning between 9 and 12 to allow depositors to secure their statements." He added that he "would be glad to meet and talk with any interested persons."

Mr. Rawlings replaces Mr. W. M. Lefay, examiner, who has been in charge of the Bank for the past two weeks. He is associated in the work by several of the employes of the closed institution, and it is reported that they have been unusually busy buying statements during the week past.

### VOLANO IS ACTIVE

CATANIA, Italy, Aug. 3—(INS)—Alarming activity was noted today in the principal crater of the famous volcano, Mt. Etna. Millions of smoke rolled upward in a quantity of smoke which has poured over the sides of the crater. A violent eruption occurred last year when many surrounding communities suffered extensive damage.

### Veteran Of Civil War Is Dead At Age Of 100

QUINCY, Ill., Aug. 3—(INS)—Capt. William H. Tyler, 100, was dead at the soldiers' home hospital here today. Capt. Tyler was a member of the Hartford, Conn., Hussars before the Civil War.

He enlisted in a Kentucky regiment and was one of 120 men garrisoned at Fort Sumpter when it was fired upon April 12, 1861. He was taken prisoner and later exchanged.

Capt. Tyler was the first superintendent of Arlington Cemetery, being appointed by Abraham Lincoln. For 50 years he has been a Republican congressman from Illinois. His fourth wife, and a divorced wife

### Committee Believes New Tariff Protection Will Be Pleasing To Farmers

WASHINGTON, Aug. 3—(INS)—While awaiting public reaction to proposed "sliding scale" of sugar tariffs, Republican members of the Senate Finance Committee today declared—the American farmer would be completely satisfied with the tariff protection allotted to farm products.

Senator Reed Smoot (R) of Utah, chairman, meanwhile took the agricultural schedule, his new "sliding scale" of sugar duties and other proposed rates, to the Blue Ridge fishing camp of President Hoover for executive approval.

Another batch of agricultural duties as fixed by the Senate Republicans was released today.

APARTMENT OWNER RELATED ASSOCIATIONS OF COLLEGE COUPLE

COURTROOM, COLUMBUS, O., Aug. 3—(INS)—Dr. James H. Snook, dignified college professor, poised as Howard Snook, salt salesman of Newark, Ohio, when he rented a "love nest" for Miss Theta Hix, the pretty young woman, for whose murder he is on trial for his life. This testimony was given today by Mrs. Margaret Smalley, proprietress of an apartment house.

Mrs. Smalley, a middle-aged woman attired in black and white checkered dress and a black hat, repeatedly referred to the defendant as "Howard Snook." She was asked to identify Snook.

"There he is," she said, pointing to Dr. Snook who was sitting comfortably in a gaudy-colored beach chair which had been provided for him because he had indicated he wanted to be known as "Howard Snook."

Snook had provided for him because he had indicated he wanted to be known as "Howard Snook."

Mrs. Smalley said Theta and Snook were "nice people and well behaved." She declared that Miss Hix "looked like a country girl," adding, "Her dress was a good length and not short. It covered the knees well. She was neatly dressed."

"Did you ever find any liquor in their room?"

Mrs. Smalley testified that "Howard Snook" agreed to pay here \$1 a week for the "love nest." At first the "nest" was a room beyond the stowaway aboard the giant dirigible. He is not allowed to converse with the passengers, however, and is far from being made a "hero" by his forbidding. Instead, he has been locked in a makeshift "bunk" in the interior of the zeppelin's gas bag. It is understood, he will be deported as soon as the zeppelin arrives at Lakehurst.

By noon today, if the zeppelin maintains an average speed of 60 miles an hour, she should be in little more than 1,000 miles off Lakehurst. Computing an average speed of 40 miles an hour for the distance of the journey, the arrival at Lakehurst should take about four P. M. Sunday.

With the Graf zeppelin past the "halfway mark," it was expected to final port before the arrival to Lakehurst.

By noon today, if the zeppelin maintains an average speed of 60 miles an hour, she should be in little more than 1,000 miles off Lakehurst. Computing an average speed of 40 miles an hour for the distance of the journey, the arrival at Lakehurst should take about four P. M. Sunday.

Then she related—Love Snook rode her in the presence of Dr. Snook. Mrs. Hix was the room. She identified one of them which was introduced as evidence by the state. She testified that when she saw Snook's picture in the paper after the slaying of Miss Hix she called the police and went with them to the county court. Then she faced Snook.

Then she related—Love Snook rode her in the presence of Dr. Snook. Mrs. Hix was the room. She identified one of them which was introduced as evidence by the state. She testified that when she saw Snook's picture in the paper after the slaying of Miss Hix she called the police and went with them to the county court. Then she faced Snook.

The man apparently had been knocked to death without while the woman had been shot twice, once in the head, and again through the heart. Gathbar's pistol, with one shot exploded, was found near his body.

The bodies were discovered after several hours of search by friends and relatives of the victim, whose husband, Lou Wilkerson, reported missing from her home since Friday morning. Physicians said the pair apparently had been dead twelve hours when they were found early today.

WIFE TAKES GAS

ATLANTA, Ga., Aug. 3—(INS)—Wide search was under way today for two convicts who escaped from a two-day camp between here and Sevierville. She convicts grabbed with a gun and dynamited in an attempt to break free, but only a man named Lumpkin and a negro made good their escape. The four others were prevented from escaping by other guards.

KILLS MOTHER OF SEVEN

ATLANTA, Aug. 3—(INS)—Capt. William H. Tyler, 100, was dead at the soldiers' home hospital here today. His estranged wife, the mother of seven grown children, had been found hanging in a room she had been sharing with her husband for the past two weeks.

The killing occurred when coast guardmen were transferring liquor from Alderman's boat to a revenue cutter, according to the Department of Justice. Victor A. Landry and Sidney Sandelin were the victims.

PLANS FOR DIRIGIBLE TWICE SIZE OF Graf Zeppelin Will Be Announced

NEW YORK, Aug. 3—(INS)—Details of plans for construction of two mammoth new dirigibles, twice the size of the Graf Zeppelin and designed for commercial transportation of passengers, freight and mail, were to be announced today.

President Hoover has been requested to sign the bill authorizing the \$100,000,000 loan to the Goodyear Zeppelin Corporation of Akron, Ohio, which will build the dirigibles. The ships are being designed particularly for use across the Pacific, but there is also the possibility trans-Continental and trans-Atlantic air lines may be established in the future.

While the dirigibles will attempt to compete with the established air mail lines now in operation, it is expected they will be placed on air mail routes at present unexpired by post-carriers.

The proposed commercial airships will each have accommodations for 80 passengers. They will be powered by eight Maybach motors, as compared to the five of the Graf Zeppelin. Dining and lounge salons, a smoking deck, shower baths and wide corridors extending through the framework of the ships will be characteristics of the new air liners.

The flotation gas capacity of the Goodyear ships will be approximately 6,500,000 cubic feet each as against the 3,700,000 cubic feet of the Graf. The principal sphere of operation for the two planned dirigibles is the Pacific, and a number of projects both by aviation leaders on the east and west coasts have been outlined to connect the United States with her dependencies in the Pacific.

The plans are to be revealed by Dr. Karl Arnstein, vice-president of the Goodyear Zeppelin Corporation, of Akron, Ohio, which will build the dirigibles. The ships are being designed particularly for use across the Pacific, but there is also the possibility trans-Continental and trans-Atlantic air lines may be established in the future.

While the dirigibles will attempt to compete with the established air mail lines now in operation, it is expected they will be placed on air mail routes at present unexpired by post-carriers.

CHARLESTON, S. C., Aug. 3—(INS)—J. H. Fisher, former mayor of Camden, Pa., died here today from injuries sustained in an automobile accident near here Wednesday night. Mrs. Fisher was only slightly hurt.

WILSON, N. C., Aug. 3—(INS)—The European station of the United States Navy was disbanded when orders were issued to the U. S. Cruiser Raleigh, the last ship in the European zone, to return to Hampton Roads by Aug. 31.

THE WRATHEN

Partly cloudy tonight and possible showers. Gentle winds.

### HALF CLOTHED BODY IS FOUND NEAR HIGHWAY

Brutal Hatchet Slaying Of Man Is Discovered At Camp In Titusville Vicinity

WITNESS, Fla., Aug. 3—(INS)—The half-clad, hacked body of an unidentified man, apparently about 50 years old, was found today in an abandoned tourist house known as "Lover's camp" a few yards to the east of the Dixie Highway.

The man's head was crushed and a father's hatchet, smeared with blood, lay beside the body. The body had been stripped of clothing except for a blood-soaked shirt. Police believed that robbery was the motive.

Automobile tire impressions alongside the body led the author, superintendent of federal prisons, to the theory that the victim had ridden with the murderer to the spot where his body lay. The officers expressed the belief that the victim was knocked unconscious, then thrown out of the car, rolled and beaten with the hatchet until the latter was certain he would die.

The atrocious crime was revealed when a negro workman was passing along the road and heard the white man's moans. It was just after daybreak. The negro ran to the home of Phil W. Roberts of Mims, a suburb to the north, and told him of the sounds he had heard. The officers searched the house, but found nothing.

Simon defended the proposed schedule as designed to "stabilize the sugar market." He declared the revenue rise by his scale would be "about the same as experienced in the sugar market."

Simon's defense of the proposed schedule as designed to "stabilize the sugar market" was rejected but the court held that the sugar market had been disturbed by extreme heat and that the separation movement planned to carry on their campaign in Congress with renewed energy.

Although Congress has authorized the building of two "dope farms," these will be insufficient to relieve the already over-crowded federal prison of all the drug addicts, it was said by prison officials. It has been estimated that 30 per cent of the 8,000 inmates in the three largest federal prisons are victims of the drug habit.

Legislation is being prepared by the Department of Justice for presentation to Congress in December to relieve overcrowding, not only in the prisons but in jails and towns.

Blodgett claimed that he believed the negro was a city attorney, and also testified that he had never known of any efforts on the part of Mr. DeCottis to dictate the administrative functions of the municipality, and that Mr. DeCottis had voluntarily asked for reductions in his monthly salary.

In connection with Mr. Miller's probe of the affairs of the city attorney, James M. Carson of the defense council, asked Mr. Miller if the investigation took place in the negro town, but Mr. Miller said he was not in the negro town.

Building of new "dope farms" was recommended by Mr. DeCottis on the basis of the negative. Speculators got a break when Mr. Carson and the witnesses on the party, and Mr. Miller replied, "Oh, that kind of a yacht?"

Mr. DeCottis again replied in the negative.

Mr. Miller said he took office on the Commission's advice against Mr. DeCottis, whom he selected as an independent legal adviser.

Although a special congressional investigating committee last winter reported that it found no reliable conditions in the Federal Bureau of Investigation, the report was taken to correct the evils. After the report was made the judiciary committee and the investigating committee each claimed that it was the other's job to prepare legislation.

# Social And Personal Activities

MISS MARGARET PETERS, Society Editor  
Office Telephone 148.

## Social Calendar

### MONDAY

Circle Number One of the Presbyterians Auxiliary, Mrs. G. H. Brown, chairman, will meet with Mrs. C. D. Wolfe, 309 West Seventh Street, at 8:30 o'clock. Circle Number Two of the Presbyterian Auxiliary, Miss Lettie Caldwell, chairman, will meet with Mrs. Joe Harrold, 214 Park Avenue, at 4 o'clock.

Circle Number Three of the Presbyterian Auxiliary, Mrs. W. Walter Cooper, chairman, will meet with Mrs. Ben Smith, 201 Eighteenth Street, at 4 o'clock.

Circle Number Four of the Presbyterian Auxiliary, Mrs. W. C. Erickson, chairman, will meet with Mrs. W. F. Brumley, Colby Avenue, at 4 o'clock.

Circle Number Five of the Presbyterian Auxiliary, Mrs. W. James Gillon, chairman, will meet with Mrs. W. J. Hartley, 311 North French Avenue, at 3:30 o'clock.

Circle Number Six of the Presbyterian Auxiliary, Mrs. Henry McLaughlin, chairman, will meet with Mrs. H. H. McCaslin, 310 Magnolia Avenue, at 4 o'clock.

Circle Number Seven of the Presbyterian Auxiliary, Mrs. James Ridge, chairman, will meet with Mrs. June Turnbull, 610 Magnolia Avenue, at 4 o'clock.

Circle Number Eight of the Presbyterian Auxiliary, Mrs. D. L. Thrasher, chairman, will meet with Mrs. W. B. Zachry, 619 Magnolia Avenue, at 4 o'clock.

Circle Number Nine of the Presbyterian Auxiliary, Mrs. A. V. Price, chairman, will meet with Mrs. S. Runge, West Third Street, at 4 o'clock.

Circle Number Eight of the First Baptist Church will meet Monday at 8:30 o'clock with Mrs. H. F. Giovanni at her home, 500 Palmetto Avenue.

The Woman's Missionary Society of the First Methodist Church will hold its regular business meeting at 3:30 o'clock at the church. Preceding this, the Fellowship League will hold a meet in the Dependable classroom at 3 o'clock.

## Stenographic Report Of Libel Action Against Sanford Herald

Here Mr. Carson began a short recross examination of S. G. Gray, city accountant who made an audit for the Commission of the account of Mr. DeCotes at the City Hall.

**RECHROSS EXAMINATION**

By MR. CARSON:

—The voucher shows where the money was supposed to go, as I understand. . . . Is that right?

—The information is prepared from the information that is on the voucher. Now you use the word "supposed" and I—

—Well, I asked you the question awhile ago, and I repeat it: So far as the city records are concerned, the money was paid to Mr. DeCotes?

—Yes sir.

—Q—Or to DeCotes, Spencer & Dighton?

—A—Yes.

—Q—Or to DeCotes, Spencer & Dighton?

—A—Yes.

—Q—Now there is one thing else in this letter to the Herald. You say in paragraph three of that letter, that there are included in the item of \$22,043.47 a payment to Herring.

—A—That's with—1 beg your pardon.

—Q—I am asking you how do you know that was intended to be included in the Herald's statement?

—A—Well, over there the Herald—it had the Herald's statement.

—Q—It is agreed that that is what I could show you.

—Q—Here it is. (handing witness paper)

—A—The Herald lists Expenses charged to Mr. DeCotes office between August 11, 1927 and August 6, 1928, \$22,043.27. In the voucher registers there is such a list and we reconciled it within \$2.45. It is picked out of a column in the voucher registers over there.

## Sanford Herald

(Continued from page three)

failure of the Seminole County Bank, when he was one of the City Commissioners. It was reduced to \$60.00 a month, and shortly thereafter upon my voluntary resignation for the purpose of further retirement it was reduced at my request to \$50.00.

Q.—And that included what services?

G.—Services of attending the various meetings, regular and special of the City Commission, preparing all ordinary and special ordinances and resolutions necessary in the functioning of the municipal government, and its governing authority to attend, when requested, sessions of the Police Court or Municipal Court to advise the Mayor, all members of the commission and all subordinate officers, when directed with regard to the rights of the City.

Q.—And for what services used your oral contract were you entitled to extra money?

A.—For any and all other services performed by me as City Attorney.

Q.—The fixed charge on the proposed issue which was issued increased the other charge over \$600.00 a day for the City.

A.—Yes.

MUR. LANDIS: You may take the witness, Mr. Carson.

CROSS EXAMINATION BY MR. CARSON.

Q.—This memorandum does not give us the fact that it is a permanent one? Mr. DeCotes?

A.—It might just as well have been used to show how easily the City could carry the bonds, might it not?

Q.—It is a matter of opinion on which I will not venture a conclusion.

Q.—All right. It is in evidence that you argued it. You testified on Tuesday I believe of the day before, or sometime this week, as to your agreement with the City Commission as to the terms of your employment?

A.—Yes.

Q.—I believe you said the agreement was not in writing?

A.—It was not in writing.

Q.—Do you recall the last time or the last date which you were elected City Attorney. That was done here the other day into the record?

A.—In 1928, my name having been placed in nomination by Mr. Frank L. Miller.

Q.—The election was to hold during the pleasure of the City Commission as I recall?

A.—Yes.

Q.—Had it been customary on the installation of a new commission to have an election of City officers?

A.—It varied from time to time in the course of the 20 years I was City Attorney. I did not always follow that on the meeting in January of each and every year there was a re-election of the administrative officers of the City.

Q.—But it was generally customary was it not for the new commission or a change in the commission, to re-elect?

A.—It is always customary where there is a change to vote on the question, it was usually customary to vote on the question unless a change was contemplated.

Q.—You spoke the other day of your decapitation as City Attorney, what you meant by that was that Mr. Wilson was elected in your place?

A.—No I meant by that that Mr. Nelson Gray, Mr. Vivian Speer and Mr. R. A. Newman, the candidates of the defendant corporation endorsed by them and approved by them, voted to deposit me. That the commissioners under whom I had served and who knew my qualifications and who were able to judge of my integrity and ability voted to retain me.

Q.—When you say deposited you mean they voted for Mr. Wilson instead of you?

A.—Voted against me.

Q.—That is the way it was done?

A.—Yes.

Q.—So when you say deposited you mean simply they elected somebody else instead of you?

A.—That construction may be put on it.

Q.—The oral agreement as to attorney's fees that you have testified about, will you please relate them for me?

A.—When I was first appointed City Attorney I arrived at compensation of \$25.00 a month, supposedly payable monthly, and assumed it would be two or three years before a voucher could be issued and then you would have to bide your time in getting the cash on the voucher, and it continued to be \$25.00 a month up until the time I went into the service, as I can best recall. On my return from the service, as stated the other day, the Commission form of government was being contemplated, and it was subsequently, and shortly thereafter adopted, and Mearns Landis, Fish and Mall became the first City Attorneys of Sanford under the commission form of government at a salary of \$75.00 per month; they were succeeded by George G. Herring, Esq., who was succeeded by J. J. Dickinsen. I succeeded James J. Dickinsen at a salary of \$75.00 a month, and continued at \$75.00 a month until after the

failure of the City.

Q.—Has not been rendered any bills for additional items of professional services for which the City had not paid me, submitted the bill to the City Commission and in person explained the direction on my part in not having presented the bills. The entire matter was referred to Mr. S. O. Chase to audit and approve and make a report to the city commission. Mr. Chase made an examination of those bills, consulted with me and the payment of the bills was rendered and as adjusted between Mr. Chase and myself was recorded and approved by the city commission and they were paid.

Q.—So that explains the discrepancy of more than three years in date of payment?

A.—I see no discrepancy.

Q.—The services you said were performed all at one time?

A.—Yes.

Q.—The items here charged up as Miscellaneous Expenses, dated February 13, 1928, "Special Semantic Services \$750.00" do you remember anything about that?

A.—Most definitely.

Q.—All right?

A.—I am very happy to inform you as to that particular item.

Q.—I will be very happy to receive the information.

A.—Upon the failure of the Seminole County Bank, at the instance and request of the City Commission composed of Mr. S. O. Chase, Mr. E. F. Housholder and Mr. C. H. Hill, who succeeded Mr. Lake, for the period of time immediately after the failure of the bank for approximately ten and a half months thereafter I devoted daily, weekly and monthly, approximately 95 per cent of my professional time in the interest.

Q.—How about fees in litigation?

(Continued on page 6)

## LEGAL NOTICES

IN THE CIRCUIT COURT OF THE TWENTY-THIRD JUDICIAL CIRCUIT IN THE STATE OF FLORIDA IN AND FOR SEMINOLE COUNTY, CHANCERY.

CHARLIE E. HOLDEN, joined by and with the consent of her husband and next best friend, L. M. WILKINSON, Complainant,
