

## Douglas Steps Out

(Continued from Page One)  
tealy hopeless fight in this case, lined up behind Laney. A committee named by a rebel caucus yesterday for that task called on advocates of states' rights to rally behind the Arkansas governor.

A few hours earlier, Senator Claude Pepper of Florida had made a belated and almost single-handed entry into the race against Mr. Truman. Pepper took over the physical properties—but few of the supporters—of the boom for General Dwight D. Eisenhower.

The convention itself offered a day of speech-making as the main attraction in a hall where the republicans last month picked Governor Thomas E. Dewey of New York and Gov. Earl Warren of California for their ticket.

A half dozen or more potential vice presidential candidates lined up in the hope of a nod from the white house.

Besides Lane and Tydings, other candidates mentioned include Senator Joseph O'Mahoney of Wyoming, who has strong western support; Senator Scott Lucas of Illinois, Senator Hiram McMath of Connecticut, Senator Francis Myers of Pennsylvania, Governor Mon Wallgren of Washington and Rep. John McCormack of Massachusetts.

The White House was silent on Democratic National Convention maneuver.

Presidential Press Secretary Charles G. Ross declined comment on published reports that President Truman had sought Justice William O. Douglas of the Supreme Court as his running mate.

"There's no news here. It's all in Philadelphia," Ross told a morning news conference.

While it is regarded as probable that President Truman will fly to Philadelphia to accept if he is nominated for the presidency, Ross said that no firm plans have been made for such a trip.

could receive a ruling from the Canadian government at Ottawa.

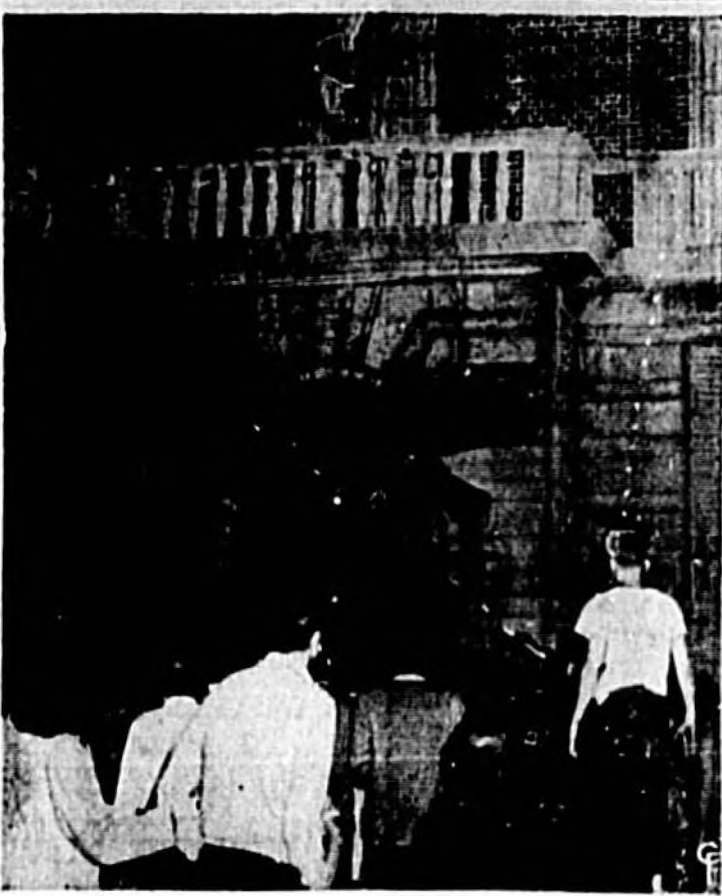

One of the 10 passengers first was rumored to be Barney Ross, former world lightweight boxing champion and U.S. Marine hero. A newspaper reporter said none looked like Ross, however, and Chandler denied the report.

All air force officials here would say was "There's a B-17 forced down by weather here. It's from Teterboro, N. J. But we don't know anything about her."

At Harrison, N. Y. it was reported the plane landed at Westchester County Airport yesterday, and took off after the pilot refused to file a flight plan, or disclose his destination.

An air port spokesman described the plane's arrival and departure as "very hush-hush."

More than 2,500 gallons of fuel were pumped into the plane at the field, he said, according to a purchase arrangement made last week. The plane took off with 10 passengers aboard.

GENERAL OF THE ARMY Dwight D. Eisenhower (arrow) peeks from behind the curtains of his Columbia University residence in New York as some 5,000 persons gather outside. They serenaded him with the chant: "We want Ike." The General told the crowd: "All I have to say, I said in a letter the other night." The large-scale demonstration was sponsored by the Americans for Democratic Action. (International)

## Red Menace

(Continued from Page One)  
States cannot win the friendship of Europe with loans or with armies and added that you cannot kill an idea with force or money. Calling attention to the persecution of the Jews and the pogroms conducted against them in Germany and Poland in which 6½ million Jews died, he said that all the pogroms against the Jews had not killed the idea of a Jewish homeland in Palestine.

American democracy he called the greatest minority in a world practically without democracy. Citing the millions in China, India, Russia, the Moslem world for whom there is no democracy, he said that 18 out of 21 Latin American nations have no conception of democracy.

"Democracy is a very rare flower," he said. "The best way for American democracy to survive is by proving to the rest of the world that it offers the best form of government."

The danger of Communism was cited by the speaker who said that he is convinced Communism is a greater menace to the world today than Nazism ever was. Admitting that there is also danger from the extreme right from what he called fascist elements, he added that Communism is a greater danger because it is backed by Russia which is currently spreading its propaganda in America through 3,000 Communist agents, 75,000 party members, and two or three million fellow travelers.

A "Fellow traveler" he described as follows: "If I see an animal that walks like a duck, quacks like a duck, has a bill like a duck and associates with ducks, I am certainly going to assume it is a duck."

THINGS ARE BRIGHTER for fourteen-year-old Bonnie Faler, shown with her husband, Gerald Newton, 19, as they hold hands over her father's backyard fence in Des Moines, Iowa. The County Attorney's office ruled that her parents cannot obtain an annulment to the young couple's July 3rd marriage. Bonnie, pleading with her folks to let them make a go of the marriage, says, "We want to stay wed." (International)

## Demo Platform

(Continued from Page One)  
ference.

It was President Truman's call for anti-lynch, anti-poll tax, anti-Jim Crow and anti-job discrimination legislation earlier this year that touched off the Southern revolt.

At almost the same time the Dixie group was huddling yesterday, five self-described "liberals" on the platform subcommittee went into a "Rump" session and decided to carry to the convention floor their battle for a strong civil rights program.

Later the 20-vote Minnesota delegation decided unanimously to back a floor fight for a "liberal" platform.

Mayor Hubert H. Humphrey of Minneapolis, one of the leaders in the Rump Platform Committee session, said California, Nebraska and Iowa delegations are solidly behind the proposed battle. Some New Yorkers will join too, he said.

The test of the tentative platform whipped into shape early today was being kept a closely guarded secret until it is ready to hit the convention floor, probably tomorrow night. But through the hush-hush reporters heard that the drafting committee had decided to stick fairly close to the 1944 compromise race plank. It said: "We believe that racial and religious minorities have the right to live, develop and vote equally with all citizens and share the rights that are guaranteed by our Constitution. Congress should exert its full constitutional powers to protect those rights."

Dixie rebels said this language is too strong. The "liberals" said it is too weak. Many delegates, however, including some Southerners, appeared willing to back this language.

As the price of unity the rebelling Southerners proposed this plank:

"The Democratic Party reaffirms and pledges strict adherence to those fundamental principles of constitutional government laid down by Thomas Jefferson, the founder of the party, among which are the doctrine of states rights, free enterprise and private initiative."

"And the party declares that the several states shall exercise, free from federal interference or encroachment by legislation, directive or otherwise, all of the rights and powers reserved to them by the Constitution, among which is the power to provide by law for the qualifications of electors, conduct of elections, regulation of employment practices, segregation, and to define crimes committed within their borders and prescribe penalties therefor." First word of the Rump meeting came from R. P. Emanuel Celler of New York. He said the others

who attended included Mayor Humphrey, Mrs. Esther Murray of California, William Ritchie of Nebraska and former senator Hugh B. Aitchell of Washington.

## BIBLE VERSE TODAY

There is no cause for fear if we  
 have an all powerful friend. His  
 name is Jesus Christ, the Son of  
 God. He is the power of God, the  
 Spirit of God, the Word of God.  
 Tim. 1:7. God gave us not a spirit  
 of fearfulness, but of power and  
 love and discipline.

John Montgomery, who pub-  
 lishes a newspaper at Miami  
 Beach, has decided to enter the  
 South American field. He has just  
 purchased a newspaper at Rio,  
 Brazil. Publishing a newspaper is  
 not all it is cracked up to be  
 even in this country of free speech  
 and press, but we're sure hate to  
 be an editor down in Brazil. . .  
 especially during an election. Keep  
 your powder dry, John.

Frank Wright, who campaigned  
 so ably for Fuller Warren during  
 the recent political disturbance, is  
 now even with his chief. Two  
 years ago Fuller was returning to  
 Jacksonville from a convention in  
 Daytona when he ran into a cow  
 on the highway, nearly lost his  
 life. Yesterday Wright hit a cow  
 himself near Keystone Heights,  
 was badly shaken up. Wright and  
 Warren both have long been ad-  
 vocates of a fence law in Florida.  
 You can bet we'll get one now.

We heard Senator Barkley's  
 keynote speech on the radio last  
 night and it wasn't a bad speech  
 for a man past seventy with the  
 difficult job of trying to say  
 something as pleasing to states  
 rights Southerners as to civil  
 rights Northerners. We felt sorry  
 for him, though, as he panted for  
 breath and stumbled through his  
 speech without his glasses and  
 suffering from near-sightedness.  
 The brevity of the forced demon-  
 strations and the utter lack of  
 enthusiasm in the applause was  
 also disheartening. What a marked  
 contrast with the conventions of  
 eight and twelve years ago when  
 the New Dealers were the young  
 and vigorous men and the Re-  
 publicans were the old and dis-  
 credited party! Times have  
 changed.

Those who have been supporting  
 so ardently the nomination of  
 General Eisenhower by the Demo-  
 crats have evidently been pro-  
 ceeding on the assumption that  
 what you don't know won't hurt  
 you. We have no desire to be-  
 lieve like's accomplishments on the  
 field of battle. Without doubt he  
 was one of the greatest generals  
 American ever had, and that's  
 saying a lot, since America's  
 greatest generals are the world's  
 best. But if there is anyone in  
 the United States who is an "un-  
 known quantity" in politics it is  
 General Ike. It is not even known  
 whether he is a Democrat or a  
 Republican, or how he stands on  
 foreign affairs, labor legislation or  
 civil rights. Once he expressed  
 himself on anyone of these sub-  
 jects, no matter which side he  
 might take, he would lose a large  
 part of his most enthusiastic sup-  
 porters.

Some of our friends seem to  
 think Senator Pepper's candidacy  
 for the presidency is a big joke.  
 The Senator may not get the  
 nomination; probably won't, since  
 Truman has it in the bag. But  
 if Pepper were nominated, we  
 venture to say, he would have a  
 better chance of being elected  
 than President Truman. Pepper is  
 more popular with northern Demo-  
 crats, who include by in large the  
 Big Labor vote, the various minor-  
 ity groups, and the big city ma-  
 chines, than is Truman or any  
 other living Democrat. Being a  
 Southerner he would also garner  
 a lot of votes in the South, though  
 he is not as well thought of in  
 some quarters down here as he is  
 in the North. Nevertheless, most  
 Southerners vote the Democratic  
 ticket regardless, and they would  
 not miss an opportunity to put a  
 man born in Alabama in the  
 White House. However, Truman's  
 policies, who control the con-  
 session will not give him the  
 chance.

## Tourist Courtesy

A quotation from the Toronto Globe and Mail disposes  
 of relations between hosts and guests, and applies not only  
 to Americans in Canada, but also to every visitor to the  
 forests of Maine or California, Washington or Florida, and  
 to any of the lovely resorts for which our own country is  
 justly famous. As the tourist packs his fishing rods and duf-  
 fel, as Mrs. Tourist stuffs the last small clothes in the last  
 suitcase and rounds up the small fry for a clean start, let  
 them all pause for a moment, relax the packing nerves, read  
 this and take it to heart:

"As we value good manners in our dealings with each  
 other, we should extend equal if not greater courtesy to our  
 visitors from the United States. As we respect our com-  
 mercial integrity, we should be sure to give them full value  
 for their money. But those of us who come into contact with  
 American tourists should urge upon them the wisdom of  
 using our resources discreetly.

"If they throw matches or burning cigarets into the vege-  
 tation by the roadside, they may return next summer to  
 find a charred and blackened wilderness where they formerly  
 gazed at a sylvan paradise.

"If they violate the game laws and kill more fish and  
 game than the law permits, they will be compelled to jour-  
 ney to far distant lands in quest of future sports.

"The host has many obligations, including generosity,  
 tolerance and good humor; but the guest has a duty also.  
 He is expected to observe the rules of the house and resist  
 all temptation to pocket the silver, leave burning cigarets  
 on the polished furniture or drop chicken bones on the Per-  
 sian carpet."

## Signs Of The Times

Ernie Hill writes from Rome to the Chicago Daily News  
 that democratic elements in Europe are beginning to hope  
 that it may become possible to successfully oppose Russian  
 methods in the satellite countries.

Hill quotes a report that for the past three months  
 anti-communist feeling has been strengthening in Bulgaria,  
 in spite of 30 months of propagandizing by Moscow agents.  
 The same report says that 85 per cent of the Bulgarian  
 people are anti-Red in sentiment, but are, nevertheless, held  
 firmly down by the others, who are armed and unscrupulous.  
 There are many signs of revolt among the anti-Reds, who  
 are encouraged by the Italian elections and by the re-  
 lative failure of the guerrillas in Greece.

The recent dispute between Tito and his masters in the  
 Kremlin is another straw in the wind. Russia's aggressive  
 tactics in Germany may be laid in part to a recognition of  
 the fact that her headlong progress has been stopped for  
 the time being, or at least turned aside. Fear is frequently  
 the father of aggression.

## Chalk One Up For The Professor

The mathematics teacher at a small southern military  
 college was so strict a disciplinarian that he had earned the  
 undying hatred of every student in his classes. One night a  
 group of malcontents devised a plan to ridicule the old ty-  
 rant. They broke into the local museum, stole a stuffed gorilla,  
 and smuggled it into the classroom. They dressed it in a  
 discarded suit, and placed spectacles on its nose before  
 placing it in the professor's chair.

The next morning, every member of the class was seat-  
 ed well before 9:00 o'clock. At the sound of the buzzer, the  
 professor walked briskly into the room. As he caught sight  
 of the monstrosity, he stopped short.

"Young gentlemen," he barked, "I am delighted to see  
 that you have finally found a teacher suited to your in-  
 tellectual capacity!"—Webb B. Garrison in Your Life.

## Inside WASHINGTON

Has Skyrocket, Like XS-1, Experts Predict Skyrocket  
 Broken Supersonic Barrier? Should Better 763 MPH

Special to Central Press

WASHINGTON—The supersonic secret is out—Air Secretary  
 W. Stuart Symington was "accused" by several months on his  
 recent announcement that an American plane has flown faster than  
 the speed of sound.

Symington's disclosure made it official, however, that the United  
 States seems to have won the world race to cross the supersonic  
 barrier first.

Many aviation writers had written that the Bell rocket-propelled  
 XS-1 sonic research plane had surpassed sound-speed, which is 763  
 miles an hour at sea level but grows less at a  
 greater altitude where the air is thinner and thus  
 more easily penetrated.

The official disclosure came only after a heated  
 behind-the-scenes argument.

Some military leaders and Dr. Vannevar Bush,  
 head of all military research, opposed the  
 announcement on the grounds that it would enable  
 potential enemies to station research on all  
 types of planes except those with X-1 charac-  
 teristics. The blueprints on XS-1 have been widely  
 published.

Other world powers must, however, suspect  
 what has been broadly hinted in American pub-  
 lications—that another sonic plane, the Douglas  
 Skyrocket, has also cracked the barrier, and that  
 a new type, the Douglas Skyrocket, is expected to  
 surpass both of its spectacular predecessors.

The Skyrocket, aviation experts believe, will be the first plane to  
 fly faster than sound at sea level (763 miles per hour). The X-1  
 flights reportedly were made at 60,000 feet, where sound-speed is  
 660 miles per hour.

RED HORIZON—Political observers see new evidence daily of  
 the prominent place the issue of Communism will have in the com-  
 ing presidential campaign.

Mr. Truman's benevolent reference to "Old Joe" Stalin as a  
 "prisoner of the Politburo" was one indication of the fact that the  
 Communist issue is ever in the minds of the top decision-makers.

The numerous anti-Red investigations of the House un-American  
 Activities Committee also have served to point up the issue.

Of course, the controversy over the Mundt bill aimed at dra-  
 matically curbing the activities of American Communists, added fuel  
 to the fire.

The Dewey-Stanley exchanges on Communism which preceded the  
 Oregon primary election may have been a preview of the hot argu-  
 ments on the issue which in all probability will die in voters' ears  
 this autumn.

LEWIS AND THE GOP—At a recent meeting of his 200-man  
 policy committee of the United Mine Workers, John L. Lewis re-  
 portedly instructed his field lieutenants to go down the line this  
 year for the Republican presidential candidate.

District leaders grumbled some but agreed to pass the word  
 along to the 600,000 rank-and-file members of the powerful UMW.

However, it is an odds-on bet that the miners  
 won't follow Lewis' political advice unless he can  
 convince them President Truman was responsible  
 for the UMW's recent troubles.

Some observers believe that Lewis will go to any lengths to avoid  
 a summer coal strike.

They say he doesn't want to embarrass the GOP standard-bearer.

The Statue of Liberty weighs 170 tons and may be split open  
 200 tons and stands 305 feet high by exceedingly low temperatures.

## THE WORLD TODAY

By DeWITT MacKENZIE  
AP Foreign Affairs Analyst

The tug of war between the  
 Bolsheviks and the Democracies  
 over Berlin has produced a taut-  
 ness which can't long continue  
 without something snapping.

The big question, of course, is  
 what sort of break it will be. The  
 conservative London Daily Mail,  
 for example, declares that "This  
 has been the most critical week-  
 end of its kind since September,  
 1939" (the beginning of World  
 War II).

The Mail says if Russia ignores  
 the Western Powers demand that  
 the Soviet East blockade of Berlin  
 be ended immediately "The situa-  
 tion will deteriorate to the point  
 where an explosion becomes al-  
 most inevitable." The conserva-  
 tive Daily Graphic likewise as-  
 serts that "This may be a fateful  
 week for Britain and the world."  
 Since serious editorial esti-  
 mates have coincided with bur-  
 geois conferences among American,  
 British, and French officials. An  
 authoritative source in London  
 said Britain had sent considerable  
 numbers of new troops to West-  
 ern Germany because of the ten-  
 sion. A spokesman for the British  
 War Office denied this, where-  
 upon the authoritative source re-  
 iterated the statement.

Meantime William H. Draper,  
 U.S. undersecretary of war, who  
 is in Turkey, says the situation in  
 Berlin cannot be accepted. He  
 told reporters the Western Pow-  
 ers are not and must be in unanimous  
 agreement on a firm stand.

All that does add up to a grim  
 picture, and we can agree that  
 these are fateful days. However,  
 while fully appreciating the dan-  
 ger, I think we are safe in say-  
 ing that as we may expect the situa-  
 tion to be ironed out without re-  
 sort to armed conflict, at least in  
 the near future.

True, the roll of the drums of  
 war isn't so loud in America as it  
 is in Europe which provides the  
 main fields for the global up-  
 heavals. Still I don't believe we  
 are over confident in thinking  
 that the problem can be solved  
 without burning more powder.

The Bolsheviks claim that the  
 Western Allies have no rights in  
 Berlin. This claim is true but  
 irrelevant; that, the Reds can't  
 make it stick by the barbaric  
 scheme of torturing 2,400,000 help-  
 less civilians with starvation. The  
 world as a whole won't stand for  
 it and, as remarked in a previous  
 column, the application of eco-  
 nomic and diplomatic sanctions on  
 Russia by the United Nations  
 could be a terrible punishment.

What Russia is aiming at in the  
 long run is control of all Ger-  
 many, including the wealth of the  
 great industrial Ruhr. The strug-  
 gle over Berlin is just a stepping  
 stone to the larger ambition. If  
 Russia could Sovietize the Reich  
 and bring it completely under  
 Moscow's domination, then she  
 would have much reason to boast  
 that she had taken a long step  
 toward the conquest of all Europe.

However, the Muscovites haven't  
 given any indication that they in-  
 tend to push the democracies into  
 war. As a matter of fact the  
 Reds, having created a nasty sit-  
 uation in Berlin, have for several  
 days, been advertising in the  
 Communist press that the way to  
 settle the difficulty is through a  
 round table conference of the four  
 powers. If the Western Powers  
 will negotiate, then presumably  
 the blockade will be called off.

And what would be the idea of  
 the four-power conversations?  
 Well, the Russians want the Al-  
 lies to abandon the project of  
 establishing a German state out-  
 side of the three Western zones of  
 occupation. That would give the  
 Bolsheviks a further opportunity  
 to try to consolidate all four zones  
 into one Red Germany.

Certainly wouldn't be surpris-  
 ing if the Democracies did agree  
 to confer with the Russians again,  
 despite previous failures. But it  
 would be surprising if the West-  
 ern Powers made any concessions  
 which would strengthen Moscow's  
 hand in Germany.

STRONG EFFORTS BEING  
 MADE TO KEEP CATTLE  
 DISEASE OUT OF U. S.

Having accomplished many no-  
 table improvements in their live-  
 stock during the past few  
 years and being intent on contin-  
 uing to breed up their herds, Flori-  
 da cattlemen, like stockmen in  
 other states, have been concerned  
 with the prevalence of foot-and-  
 mouth disease in Mexico and have  
 been interested in efforts to keep  
 the disease out of this country.

It should be satisfying to them  
 to know some of the things the  
 U. S. Bureau of Animal Industry  
 is doing to protect their herds  
 from foot-and-mouth disease. Of  
 course, the BAI maintains a strict  
 quarantine against all livestock  
 and meat products from Mexico. It  
 also is cooperating with Mexican  
 authorities in efforts to stamp out  
 the disease in that country.

Carefully selected range riders  
 and inspectors, traveling by horse  
 or truck, patrol the border to pre-  
 vent importation of livestock into  
 this country. When Mexican live-  
 stock crosses the Rio Grande and  
 comes out on American soil, the  
 patrolmen promptly seize and de-  
 stroy the animals. Fences have  
 been built along some stretches  
 of the river by private interests  
 to prevent stock from entering  
 this country, and further fencing  
 for this purpose is to be done.

Sometimes, attempts are made to  
 smuggle animals and meat across  
 the border, and the patrol seize  
 and destroy the animals or meat.

Working with the BAI men are  
 employees of the Bureau of Cus-  
 toms and the Bureau of Entomol-  
 ogy and Plant Quarantine at re-  
 cognized ports of entry to turn  
 back meat, hay or straw, and  
 other materials that might intro-  
 duce the foot-and-mouth virus into  
 this country.

Not only is the border patrolled  
 by men in motor vehicles or on  
 horseback, but airplanes are used  
 to inspect the border area. When

an aerial observer detects a live-  
 stock movement or other signs on  
 the Mexican side of the border  
 that bear watching, he quickly  
 notifies a ground patrol.

Stringent efforts are being  
 made to protect American stock-  
 men, and they should find satis-  
 faction in the way the quarantine  
 is being prosecuted. As a further  
 precaution, however, the BAI  
 urges all livestock owners to re-  
 port any suspicious development  
 among cattle on their places or  
 elsewhere. Every effort is being  
 made to prevent the disease from  
 coming into this country, but in  
 the event it should get by the  
 patrols and other protection, it  
 would be of utmost importance to  
 take immediate measures to erad-  
 icate it.

increase formula.  
Negotiations continued after Reuther walked out.  
He entered the conference Monday for the first time in the history of Ford's relations with the big auto union. It also was Reuther's first return to the bargaining table since an assassin tried to kill him last April.  
The UAW-CIO has threatened a strike any time after Thursday unless a new contract agreement is reached. It would affect 110,000 Ford production employees.

PHILADELPHIA, July 13. (AP)—Production of cars at the huge Ford Motor Co. plant at Westland, Pa., was suspended today as 6,000 UAW workers continued a protest strike against the suspension of two members for "security" reasons.

The stoppage began with a brief sit-down yesterday following a mass meeting of Local 107, United Electrical Machine and Radio Workers. It spread at subsequent shift changes to virtually all production workers and most of the office staff. The plant at Westland is eight miles southwest of Philadelphia.

John Schaefer, president of the local, said the two men were "branded poor security risks" by the Navy which has contracts with the plant for gas turbine engines for aircraft.

A union meeting today was held by Frank Bradley, union business agent that the two men—Frank Garner, 30, an engineer, and Herbert Lewin, 28, sheet metal worker, were given identical letters by the Navy.

Meanwhile, approximately 20,000 French civil servants were called out on strike in a movement which may snowball into a paralyzing stoppage affecting 1,000,000 government workers.

The executive committee of the Non-Communist Workers' Union called the strike because the government refused to grant certain employees a 3.5 percent (32) monthly wage increase.

And the Canadian Cabinet met today, probably to consider the

Unions representing the 150,000 rail workers have offered to cut their 28 cents an hour wage increase demand to 19 cents. It was reported unofficially.

The government was said to have proposed that the workers take a 15% cent increase. That is the amount accepted recently by U.S. rail workers.

It is proposed, he said, that revenue certificates be issued to repay the RFC in event the loan is granted; probably in a 25 year period.

Final approval was given to the leave to the Showalter Corporation to operate a flight training school at the Municipal Airport. Set up work there is now proceeding under direction of George Gostner.

but found no swimming pools built of it.

The Tax Assessor Mr. Sawyer, was directed to assess that portion of buildings rented out for revenue by fraternal organizations.

A request that the City donate \$2,000 to the Jaycees for their proposed program, was taken under advisement. J. Bradley Gilman, member of the Jaycee Board of Directors, and George Williams, treasurer, made the request.

A proposal by Mr. Gilman that the City purchase a second hand car for use as a fire truck, was also taken under advisement.

Mr. Sawyer pointed out that the fee for used car lot sales is \$500 and for established dealers with buildings is \$50.

## Platform Supports

act and for an increase in the minimum wage from 40 cents to 75 cents an hour.

Some of the drafters voiced confidence that the compromise will avert any floor fight when the platform goes before the national convention tomorrow for ratification. Others, however, were not so sure.

One said the race plank was adopted despite White House pressure for "much more" on civil rights. President Truman was in frequent touch with the platform writers throughout their long toll. They put the last words in the semi-final document at 4 A.M. today.

The second preliminary draft was stamped "secret" just as was the first and somewhat different version proposed by a smaller committee 24 hours earlier.

Northern, reported leaked out that, in addition to the race and labor planks, it proposes on living costs—a broad attack on inflation including standby price and rationing controls, as requested by Mr. Truman last fall.

Foreign affairs—a strong plank for continued and strengthened international cooperation for world peace.

Palentine—revision of the arms embargo to permit shipment of arms to the new state of Israel.

Education—federal financial aid to schools.

Agriculture—continuation of farm price supports.

Taxes—a sharp condemnation of the Republican party for "lowering taxes on the rich and putting the burden on the poor."

Displaced persons—a demand that 100,000 European war refugees be allowed to enter this country rather than the 200,000 now in limbo.

That law is described as "un-American" because of "race and religious discriminations."

Rep. Emanuel Celler of New York, member of the platform group, said the platform drafters "snapped their fingers" at the state department and "gave them a shattering" in the Palestine plank.

Mayor Hubert H. Humphrey of Minneapolis, telling reporters "I hope there will be no convention floor fight on the platform," added:

"I don't think there will be." Celler, too, was optimistic, saying the preliminary draft was born "in a spirit of compromise—give and take."

Humphrey and Celler led a "Rump" meeting of "liberal" platform committee members who decided on Sunday to fight on the floor if they failed to obtain a strong civil rights plank.

What Southerners will do is another matter. Some said a fight appears inevitable. The drafting committee, meeting behind closed doors, battled for three hours on the race plank before it reached the compromise.

One committee member said the race declaration favors full opportunity for all persons alike to live, vote, work and develop without discrimination on grounds of race, creed or color. He said the committee wrote an earlier version of this plank, to make it stronger.

This plank, and the one said to call for repeal of the year-old anti-Harley Act were the only ones that caused any real trouble for the drafting group.

Truman Approves

him congratulations on his keynote speech but had said nothing about the vice presidency.

Along with announcing the White House welcome mat is out for Barkley, McGrath told a news conference.

It is possible President Truman will address the crowd at the closing session of the convention tomorrow night.

(Dispatches from Washington said the President's tentative decision is to fly here, accompanied by Mrs. Truman and the youngest daughter, Margaret, and to return to Washington immediately after a short address to the convention.)

McGrath said he hopes the convention can meet in almost continuous session tomorrow to wind up its business.

This would mean jamming through adoption of a platform and selection of presidential and vice presidential candidates into one day.

A reporter asked what was the reason for the speedup.

"The heat of Philadelphia," McGrath replied.

All signs had pointed strongly to Barkley for the last 12 hours although some big city leaders, including Frank Hague of Jersey City and Paul Fitzpatrick of New York, were taking the view some younger man should have the No. 2 spot.

They assert this would be an invasion of states rights.

Alabama's walk-out faction gained control of that state's delegation by a 13-12 margin yesterday.

Foreign affairs—a strong plank for continued and strengthened international cooperation for world peace.

Chairman James S. Peters of Georgia's 28-vote delegation said yesterday it will not bolt the convention, regardless of what happens, but he has been working with the state's rights group since his arrival Saturday.

Georgia, Laney aides believe, will go at least as far as Texas—no further. Peters has not called a caucus since the first meeting Sunday. Then delegates "snapped their fingers" at the state department and "gave them a shattering" in the Palestine plank.

Mayor Hubert H. Humphrey of Minneapolis, telling reporters "I hope there will be no convention floor fight on the platform," added:

"I don't think there will be." Celler, too, was optimistic, saying the preliminary draft was born "in a spirit of compromise—give and take."

## Tel-Aviv Battle

(Continued from Page One)  
and shell fire, and the Jews repelled with artillery fire on Arab positions near the Damascus gate to the old city.

The Jews, holding the vital bastions of Lydda and Er Ramle on the Jerusalem-Tel Aviv highway, launched an attack on Beit Nuba Northwest of Latrun and met resistance from Arab Legion forces. Latrun blocks Jewish efforts to carry a decisive battle in the outskirts of Jerusalem.

Israeli front dispatches reported two counterattacks by mechanized Arab columns against Lydda. Guns hammered away around the rocky approaches to the Jewish hills within sight of Lydda and Er Ramle, which the Jews captured after two days of fighting.

An informant associated with the Israeli foreign office said in Tel Aviv there seemed every reason to expect a new Palestine truce probably by the end of the week. He said it would stem from modified proposals which Count Bernadotte, the U.N. mediator, is expected to place before the Security Council.

LAKE SUCCESS, N. Y., July 13. (AP)—British sources said today Britain is now ready to join in strong United Nations action to stop the Palestine fighting.

Previous Russian-American moves for forestal action in the Holy Land crisis were blocked largely because of British opposition.

The shift in British policy was reported as the security council was called into emergency session to hear Count Folke Bernadotte outline his views.

Spoken for both delegations said, however, it still was uncertain whether the proposal would be offered as a light touch or whether the U.S. would present it alone. In any event, it was said, Britain has agreed to support the proposal in principle.

The resolution would declare that a threat to peace exists in the U.N. charter—the article which permits the use of sanctions, or international force, if necessary.

A similar proposal received five affirmative votes on two previous occasions when it was sponsored once by the United States and once by Russia. Seven affirmative votes are needed for approval.

Bernadotte called on the security council for quick and forceful intervention to end the Palestine war.

The U.N. mediator, in a personal appearance before the council, declared that the fighting must be stopped even if the U.N. had to use sanctions or possibly international force.

The situation is now in the hands of the council, Bernadotte said.

"For the moment," Bernadotte said, "I have done my utmost and can't do more."

"There had been no further word since the SOS," the spokesman said. "And it is unlikely we'll hear anything until late today."

Workmen at Tempelhof dumped tons of rubble into an excavation for an additional runway. Air force officers said the new 5,000-foot landing strip would be large enough to accommodate huge B-29 bombers but added that there was no need for using B-29s in the present operation.

The new runway is being built parallel to the old one and will give the field two all-weather and one grass landing strip. It will take six weeks to complete the new strip.

Despite bad weather at Frankfurt today both U. S. and British planes were arriving in Berlin on schedule bringing food and essential supplies from Western Germany to the isolated Western sectors of the city.

The Russians' Berlin newspaper, Tagesspiegel, said the Western Allies' air operation was being carried out "without regard for the nerves and repose of millions of persons who have not yet forgotten the terror of bomb attacks, who still mourn relatives who died under American and British fire bombs or are buried under the rubble of peaceful residential sections." The newspaper described the air ferrying service as the "circus parades on Tempelhof Airport."

## Russia Replies To Protest By West Powers

### Marshall Declines To Hint At Contents Of Note Handed Him By Soviet Ambassador

WASHINGTON, July 14. (AP)—Russia replied today to the west-  
ern powers' protest against the  
food blockade of Berlin amid in-  
dications abroad the Soviets may  
have rejected the American, Brit-  
ish and French demands.

Secretary of State Marshall flatly  
declined at his news confer-  
ence to hint at contents of the  
Russian language document handed  
him 90 minutes earlier by Soviet  
Ambassador Alexander S. Panyushkin. Marshall said he had  
received only a brief oral report  
on the message.

In Berlin, however, the Soviet  
military administration's official  
German newspaper, Tagliche  
Rundschau, hinted at a Russian  
rejection. The paper described the  
Western protests as "laughable"  
in an editorial it headed: "Whom  
do they think are frightening?"

There was nothing in Marshall's  
discussion of related questions to  
indicate that on the basis of what  
he knows he expects any quick  
break in the East-West deadlock  
over Berlin.

The Secretary told newsmen a  
full typed translation of the note  
had not reached him by the time  
of his news conference.

He said publication of the docu-  
ment customarily would be up to  
the Soviet Union. He added that  
the Russian note did not release  
the content's soon, the western

## Utility Company Presents Coleman With Service Pin

In recognition of his twenty-  
five years of faithful work, H.  
Coleman, manager of the  
Florida Power & Light Company,  
has been presented a diamond-  
encrusted service pin by the com-  
pany's D. P. Caldwell, division manager,  
Dade County, announced today.

Mr. Coleman began his electric  
utility career with the state-owned  
huntsville company in 1923. He  
was manager at Melbourne and  
Cocoa for the Brevard County  
Power Company when its system  
was purchased by Florida Power  
& Light Company in 1926. He  
then managed the Sanford  
District for Florida Power & Light  
Company in December, 1932.

A veteran of the Signal Corps  
in World War I, Coleman volun-  
teered his services to the Navy  
in World War II, and served for  
three years. He held the rank of  
lieutenant commander.

He and Mrs. Coleman have  
made themselves an intimate part  
of community life here and have  
gained a wide circle of friends  
through their participation in civic  
clubs and other activities. An  
active member of the Rotary Club,  
of this area, Coleman has been  
elected president of the San-  
ford Rotary Club and president of  
the Seminole County Chamber of  
Commerce. He has also been ac-  
tive as a lay leader in the Holy  
Cross Episcopal Church.

## Warren Opens Thank You Talks In Polk

By THE ASSOCIATED PRESS  
Governatorial Nominee Ful-  
ton Warren put in a full day of  
speaking today in Southern Flor-  
ida on his "thank you" tour after  
winning Polk County citrus men  
wanted. To end for all time the  
slight of Florida fruit hang-  
ing unopened on trees because it  
can't be marketed profitably.

His day's program had him at  
Wauchula, Avon Park, Okecho-  
hoben for a barbecue, Moore-  
haven, Labelle and tonight at  
St. Myers.

Warren said again he wanted  
to make a first hand study of  
California's marketing and co-  
operative methods to determine  
why that state's citrus has a  
firmer market than Florida's.

He said that on his return he  
would call a series of citrus area  
meetings once to everyman to  
get advice and counsel of our own  
people and to report what he  
learned in California.

## DAWSON'S RETURN

County Agent C. R. Dawson  
and Mrs. Dawson returned yester-  
day afternoon from a two week  
vacation at Eastern, Md. where  
they visited Mr. Dawson's mother,  
Mrs. Harry L. Dawson, and sister,  
Mrs. E. R. Carruthers. Charles  
Dawson, Jr., who accompanied  
them on the trip north, entered  
Columbia University at New York  
for the summer term.

## Colorful Parade Marks Opening Of Shrine Initiatory Ceremonies

Shriners paraded up and down First Street today in the liveliest  
spectacle seen in Sanford since VJ day.

Staged by Morocco Temple of Jacksonville and with the Sanford  
Shrine Club as host, Nobles from central and north Florida paraded in a  
colorful, noisy and humorous display as spectators jammed the sidewalks  
and leaned out of second story windows to see the procession.

It was a "big moment" in the life of Shrine President Edward F.  
Lane as he rode with Warren L. Jones, illustrious Potentate of Moroc-  
co Temple.

Motorcycle Patrolman J. H.  
Patterson spearheaded the parade  
followed by Nobles on motorcy-  
cles. The Chanters with their yellow  
suits followed.

Morocco Temple band followed,  
clad in white shirts, purple knick-  
ers, and white shoes. Next came  
Morocco Temple drum corps bea-  
ring a lively step. The Shrine  
parade was led by Capt. W. T.  
Doss and were in white with green  
sox. Illustrious Potentates fol-  
lowed in automobiles and behind  
them were Scotch bagpipers.

Then came the big fun of the  
parade with four Shriners in false  
faces depicting some well disliked  
dictators. A batch of goofy clowns  
followed.

Followed by a car with booming  
guns and tied to it by a long rope  
was a long double line of candi-  
dates, grotesquely made up and  
wearing bath robes—all ripe for  
initiation. Among them were  
about 15 Sanford candidates.

Behind them with guns boom-  
ing was the calliope playing popu-  
lar airs. Winding up the parade  
were automobiles bearing Nobles  
from the Palatka, Suwannee River,  
Orlando, St. Augustine and In-

## Italian Youth Wounds Rome's Leading Red

### Togliatti Cut Down As He Emerges From Deputies' Chamber

MILAN, Italy, July 14. (AP)—  
A general strike was called in  
Milan Province today to protest  
the attempt in Rome to assassi-  
nate Palmiro Togliatti, Italy's  
No. 1 Communist.

ROME, July 14. (AP)—A young  
Sicilian law student pumped three  
bullets today into Palmiro Togliatti,  
Italy's leading Communist,  
wounding him gravely. The Com-  
munist labor confederation called  
a general strike in the city  
of Rome this afternoon.

Togliatti was cut down as he  
emerged from the Chamber of  
Deputies building. As he fell to  
the ground the assailant fired two  
more bullets, but both missed  
their mark.

Togliatti was rushed to a hospi-  
tal, suffering gravely from loss  
of blood. As surgeons began  
operating, an attending physician  
expressed belief the 55-year-old  
Communist chief would live.

Police seized his assailant and  
identified him as Michele Bal-  
lante, 25, of Randazzo. Police  
said he told them he had long  
planned the attack on Togliatti.  
The assailant was described as  
an ardent nationalist without party  
affiliation.

## Game Commission Will Hold Fishing Parley

TALLAHASSEE, July 14. (AP)—  
The State Game and Fresh Water  
Fish Commission will try again  
Monday to solve the Lake Oke-  
chobee-St. Johns River Com-  
mercial fishing problem.

The commission will meet to re-  
ceive a report from a 14-man  
committee of sports and com-  
mercial fishing representatives which  
was set up several weeks ago to  
hunt a solution.

At present, the commission pei-  
sals nothing but catfish from the  
two rivers by use of pound nets  
and baited traps.

Some sports fishermen want the  
state to ban nets entirely from  
the lake and river. At the other  
extreme, some commercial in-  
terests want permission to take  
everything but black bass out of  
the big fresh water areas with  
nets.

## Former Herald Editor Is Visiting Sanford

Earle E. Jones, secretary to the  
City Commission of Jacksonville,  
and former managing editor of the  
Sanford Herald, was a visitor in  
Sanford today attending the  
Shriners' convention.

Mr. Jones, who left Sanford  
in 1929 to assume a position on  
the Times-Union, expressed him-  
self at surprised with Sanford's  
growth and pleased with the  
evident signs of prosperity here.

## STARS DELAYED

RANGOR, ME., July 14. (AP)—  
A pair of Air Force Shooting  
Stars, delayed here in the first  
overcast flight of jet-propelled  
planes, crashed today at Lab-  
rador, today to the 14 others  
which awaited their arrival.

The two ships left Dow Air  
Base here at 8:00 A. M. and ar-  
rived at Goose Bay at 10:00 A. M.  
The others made the 714-mile  
flight Monday.

## Case Against Lewis Dropped By Government

### Injunction Procedure Withdrawn In Wake Of Strike's Ending

OTTAWA, July 14. (AP)—An  
authoritative source said today  
Canadian rail unions have  
agreed to call off their strike  
on the basis of a 17-cent-an-  
hour increase. The only point  
still at issue is effective date of  
the increase, the source said.

WASHINGTON, July 14. (AP)—  
The government reluctantly with-  
drew its injunction proceedings  
against John L. Lewis today in  
the wake of a conditional con-  
tract agreement ending the strike  
in the steel industry coal mines.

Judge T. Alan Goldborough  
permitted the National Labor Re-  
lations Board's general counsel to  
drop the plea for a court order  
without prejudice to a renewal  
of the petition should subsequent  
events require it.

NLRB attorneys began the ac-  
tion to end the United Mine Work-  
ers' walkout in the "captive" steel  
company mines. It also sought to  
block UMW Chief Lewis from  
forcing a union shop clause in  
the 1946 contract without a prior  
NLRB election among the miners.

Such an election is required un-  
der the Taft-Hartley Labor Act.  
Lewis and Harry Moses, repre-  
senting a steel industry mifees,  
signed a contract late yesterday,  
including the union shop clause.  
Lewis agreed to change the pro-  
vision if legal decisions later hold  
its inclusion in a contract without

## Rev. Zimmerman To Become Rector Of Episcopal Church

The Rev. H. L. Zimmerman, rector of St. John's Episcopal  
Church in Huntington, Pa., has an-  
nounced a call from the vestry of  
St. John's Episcopal Church to  
become its rector effective Oct. 1,  
according to a telegram received  
this morning by H. L. Coleman,  
senior warden of the church.

The Rev. Zimmerman and Mrs.  
Zimmerman visited Sanford last  
Wednesday and Thursday, and  
were very much impressed with  
the parish and with Sanford, said  
Mr. Coleman.

Now on vacation in Daytona  
Beach, the Rev. Mark Carpenter,  
who recently resigned as rector  
here, will assume the duties of  
rector of St. John's Church in  
St. Augustine on Sept. 1. Mean-  
while, services at the local church  
will be conducted by the Rev.  
Thomas M. Melrose of Orlando.

The Rev. Zimmerman is a na-  
tive of Baltimore, Md., and re-  
ceived his B.S. degree at Johns  
Hopkins University and his B.D.  
degree at Virginia Theological  
Seminary. He served as a curate  
of Emmanuel Church in Balti-  
more.

## Jacksonville Bridge Project In Not Dead

TALLAHASSEE, July 14. (AP)—  
Chairman Elgin Bayless of the  
State Road Department said today  
the \$22,000,000 Jacksonville Bridge  
and superhighway project "is not  
dead" despite the Duval County  
Commission's withdrawal of its  
approval.

Bayless, said the agency is  
waiting only a report from the  
board of administration that the  
financing scheme is sound before  
proceeding with plans to borrow  
money for the big project.

The project calls for construc-  
tion of two new bridges across the  
St. Johns river and one across  
Trout River at Jacksonville, and  
linking them with a superhighway.

## SHIP UNDER CONTROL

LONDON, July 14. (AP)—The  
battleship Missouri has managed  
the "everything" to under con-  
trol aboard the American  
freighter William Carson, the  
captain of which sent out a  
captive 808 Monday night.

U. S. Naval headquarters here  
said Rear Adm. A. J. McLean,  
commanding the Missouri, re-  
ported he had been in contact  
with the American tanker Hamp-  
ton Roads, which received a mes-  
sage from the Carson that the  
situation was satisfactory.

## CHILD KILLED

MIAMI, July 14. (AP)—Douglas  
Sailors, Jr., one-year-old son of  
Mr. and Mrs. Douglas Sailors of  
Miami, died in an ambulance on  
route to a hospital after being  
struck by a truck late yesterday.  
County Patrolman W. P. Hardy  
said the child tumbled into the  
path of the vehicle. The driver  
was not held.

to India and Malaya to Nepal.

## Military Gains Made By Jews In Palestine

### Claims Of Successes In Middle, South And North Made In Fight With Arabs

By MAX BOYD  
CAIRO, July 14. (AP)—The  
Jews announced military successes  
today in North, South and Middle  
Palestine.

They claimed to have captured  
Shafa 'Amr, 12 miles west of the  
major port of Haifa. It was the  
major base of Fawzi Pasha Al  
Kaukbi, who leads Arab volunteer  
forces, to Haifa.

Two-engineered Syrian bombers  
attacked Haifa for the second time  
but caused no serious damage.

In the center, the capture of  
Ras Al Ein, nine miles northeast  
of Tel Aviv, relieved the Petah  
Tikva Suburb of Arab shelling.  
It promised to ease the water  
shortage to the 100,000 besieged  
Jews in Jerusalem. The town is  
the terminus of the Jerusalem  
pipeline. The Jews also have taken  
Suba, five miles west of Jeru-  
salem, on the Tel Aviv road.

The news announced a com-  
mando attack on the Negehs area  
of the South, 16 miles northeast  
of the big Egyptian base of Gaza,  
wiped out half of an Egyptian  
company. Seven more Egyptians  
were reported killed in another  
surprise attack at nearby Haqusa  
in Jerusalem. Irgun Zvai Leumi  
said it planned to turn over five  
kidnapped British electricity com-  
pany officials to the Israeli Army.  
The men were questioned on suspi-  
cion of espionage.

The United Nations Security  
Council lined up behind a U.S. de-  
mand for forceful action to stop  
the war. Britain supported the  
move. Arab indignation exploded

## Civil Rights Issue Brings Finish Fight In Convention; Platform Is Given Delegates

### Day And Night Ses- sion Is Ordered To Complete Busi- ness And Adjourn

CONVENTION HALL, Phila-  
delphia, July 14. (AP)—The  
Democrats started an emotional  
day-and-night session today to  
complete business and adjourn  
the annual convention today.

"Labor demands the immediate repeal of the Taft-Hartley Law,"  
declared A. F. Whitney, president of the Brotherhood of Railroad  
Trainmen.

Senator Scott W. Lucas of Il-  
linois said a firm United States  
foreign policy can be secured only  
by restoration of a Democratic  
majority in the senate.

Harvey Cummings, former at-  
torney general, contended the Re-  
publicans "Maneuvered in Demo-  
cratic habitations" in their quest  
for election victory.

Whitney launched a phrase  
from the famous "Crusade of Gold"  
speech of William Jennings Bryan  
in accusing the Republican Party  
of passing a "crusade of greed" on  
the head of labor.

Labor, he said, was "placed in  
a tight-jacket by the enact-

ment of the Taft-Hartley Law and  
the rigidity of the anti-injunction  
law" by a Republican Congress  
that ignored the needs of the people  
by every selfish and false pro-  
posals.

Two years ago, Whitney an-  
grily threatened to spend millions  
to defeat President Truman. That  
was after the President broke up  
a prospective nationwide railroad  
strike by asking congress to  
authorize to draft striking union  
members into the Army.

The union leader later changed

## Citrus Crop Is Expected To Be Heavy For 1948

### Increase Is Due To Favorable Weather Conditions In June

ORLANDO, July 14. (AP)—  
Florida's orange crop for 1948-  
49 is expected to exceed last  
season's 98,200,000 boxes.

The U. S. Bureau of Agricul-  
tural Economic field office here  
said weather conditions in June  
were generally favorable to the  
state citrus crop.

Changes are estimated at 69  
percent of a full crop, compared to  
66 percent on the correspond-  
ing date last year. Grapefruit is  
expected to be 62 percent of a  
full crop, four points under a year  
ago. Tangerines were estimated  
the same at 59 percent.

A full crop is what the trees  
could be expected to produce  
under ideal conditions.

Florida's lime crop, now mov-  
ing to market, is estimated at  
210,000 boxes, compared with

## Miss Margaret Ellis Died Early This A.M.

Miss Margaret (Peggy) Ellis  
died at 1:00 A. M. today in Orange  
Memorial Hospital in Orlando  
following an illness of three  
weeks. Miss Ellis, a registered  
nurse, had been on private duty  
for the past year. She formerly  
was on the nursing staff of the  
Fernald-Laughton Memorial Hospi-  
tal in Sanford for a year.

Born in Jacksonville Mar. 8,  
1925, Miss Ellis resided with her  
parents at 703 Palmetto Avenue.  
She received her nursing training  
at Hurler Hospital in Halstead,  
Kas. She was a member of the  
Trinity Lutheran Church and the  
Nurses' Association.

In addition to her parents, Mr.  
and Mrs. Charles K. Ellis, she is  
survived by one sister, Mrs. Frank  
Van Englen; three brothers,  
Charles Paul, Kenneth and Keith  
Ellis; and a grandmother, Mrs.  
Eva Ellis, all of Sanford.

Funeral services for Miss Ellis  
will be conducted at 3:30 P. M.  
Friday at Dickinson Funeral Chapel  
with Rev. O. E. Linden, pastor of  
St. Paul's Lutheran Church in  
Orlando, officiating.

### Senators Heard At Convention

CONVENTION HALL, Phila-  
delphia, July 14. (AP)—A demand for  
removal of a Republican "crown of thorns" from labor and an appeal  
for defeat of 18 Republican Senators featured today in the Demo-  
cratic national convention today.

"Labor demands the immediate repeal of the Taft-Hartley Law,"  
declared A. F. Whitney, president of the Brotherhood of Railroad

## Roosevelt Tells Why Mother Did Not Attend Meet

### Son Of FDR Pleads For Harmony And Pledges Good Fight

CONVENTION HALL, Phila-  
delphia, July 14. (AP)—James  
Roosevelt told the Democratic Na-  
tional Convention today the ab-  
sence of his mother should not be  
continued as an indication of a  
"lessening" of Democratic ardor  
on her part.

A surprise speaker at this  
morning's convention session, the  
eldest of Franklin D. Roosevelt's  
sons said Mrs. Eleanor Roosevelt  
stayed away from the convention  
city because she believed it more  
desirable for the United States to  
be represented in the United Na-  
tions "by men and women who  
are not taking part in partisan  
politics."

Mrs. Roosevelt is a member of  
the United States UN delegation.  
Roosevelt said he made the ex-  
planation because some delegates  
had asked whether her absence  
was caused by lessening enthu-  
siasm for the party which won  
her husband a four times when  
her husband was a candidate.

Roosevelt told the cheering  
delegates that "the Democratic  
party not only has a past" of  
which it may be proud, "but it  
has a future if we and thousands  
of others do our jobs for the  
Democratic party."

He called for repeal of the  
Taft-Hartley Labor law, saying  
it "must go."

"The Democratic party," he  
said, "has not become the cham-  
pion of labor merely by accident.  
We must fight for the right of

## Watson Gives Ruling On Name For Ballot

TALLAHASSEE, July 14. (AP)—  
A woman nominated for a public  
office and who is later married,  
may have both her Christian name  
and her husband's surname placed  
on the general election ballot,  
Attorney General Tom Watson  
ruled today.

"The correct rule would seem  
to be that a married woman's  
legal name is her own Christian  
name and her husband's surname,"  
Watson said, and added that both  
her maiden surname and her hus-  
band's surname could be used if  
desired.

He rendered his opinion at the  
request of Mrs. V. C. Messenger,  
renominated for a new term as  
Supervisor of Registration for  
Seminole County. Before her re-  
cent marriage she was Mrs. Lou-  
cine Neal.

## Commission To Stay Out Of Track Row

DAYTONA BEACH, July 14.—  
(AP)—The State Racing Commis-  
sion today refused to enter into  
a dispute between the Greyhound  
Owners Benevolent Association  
and Florida track owners.

The dispute, stemming from a  
strike last winter of GOBA mem-  
bers, was reopened at a meeting  
of the Florida Racing Commission  
here today.

Leo Worley, Jr., of Miami, at-  
torney for GOBA, charged that  
some dog track owners have re-  
fused to book greyhounds owned  
by members and directors of  
GOBA. He asked the Commission  
to take a poll of track owners to  
see if reprisals are planned as a  
result of a strike last winter.

## Water Taxi Riders Reach Beach Safely

LONG BEACH, CALIF., July 14.  
(AP)—The "Leading Lady" water  
taxi missing since late last night  
with 24 persons aboard, on a  
charter run from Avalon, Catalina  
Island, to Newport Beach, arrived  
at that yacht harbor today under  
her own power.

Skipper Frank Kiech, 34, said  
dense fog and a faulty compass  
forced him to cut his big motor  
midway in the channel last night,  
and with the small motor operat-  
ing the boat reached Oceanside,  
far off its course and 75 miles  
down the coast, before Kiech  
turned it around and brought it  
back safely.

The passengers spent a chilly  
night but Kiech said none appeared  
from exposure.

## TRANSPORT CRASHES

TOULON, FRANCE, July 14.  
(AP)—A transport plane reported  
carrying 20 persons crashed today  
on the beach of nearby Cape Sicie.  
Six bodies were reported re-  
covered and no survivors had been  
found near dusk.

One report was that the plane  
was a British Dakota but the  
British European Air Ways in  
London said none of its planes  
is missing.

## Southern Delegates Battle For Inser- tion Of Clause Favoring State Rights

### Convention Hall, Phila- delphia, July 14. (AP)—The Democratic convention fell into an angry argument today over what stand the party's platform should take on "civil rights"—meaning anti-labor, anti-poll tax and simi- lar laws.

It threatened to leave the dele-  
gates both ill-tempered and weary  
by the time they got around to  
the main business—picking their  
informally agreed on Truman-  
Barkley ticket and hearing accep-  
tance speeches from the nominees.

The convention came to its long-  
awaited showdown battle over the  
race issue when Pennsylvania Sen-  
ator Francis I. Meyers asked the  
delegates to ratify a committee-  
drafted party platform.

Meyers, chairman of the plat-  
form committee, read to the con-

## Adams Appointed Head Of Delaware Air Guard Group

### Julian R. Adams Jr., son of Mr. and Mrs. J. R. Adams of 1114 Park Avenue, and a first officer pilot with Trans-World Airline, has been appointed as commanding officer of the Air National Guard of Delaware.

As commanding officer of the  
Air National Guard he will also  
be the active commanding officer  
of the 112nd Fighter Squadron  
combat flying unit of the Air  
Guard of Delaware, and succeeds  
Major Preston Shane of Wilming-  
ton.

Col. Adams was born in San-  
ford, attended Seminole High  
School and attended the Universi-  
ty of Florida for two years. He  
saw Army Air Force service from  
Dec. 30, 1940 to Dec. 1, 1945 and  
flew fighters, bombers and even  
a German Messerschmidt 109,  
and served in four major cam-  
paigns.

Last March he was assigned to  
the International Division, At-  
lantic Region, TWA, with head-  
quarters at the New Castle Coun-  
ty Airport, where the Air Na-  
tional Guard of Delaware is based.

One of his first activities after  
the appointment was to lead the  
112nd Fighter Squadron in group  
formation flights as a demon-  
stration at the Civilian Air Patrol  
Show at the New Castle, Del.  
County Airport.

## Denmark's Queen Is Injured In Crash

COPENHAGEN, DENMARK. (AP)—  
Queen Ingrid of Den-  
mark and two of her young  
daughters were injured today  
when the Queen's automobile  
skidded on a slippery road and  
crashed into a tree.

King Frederik IX drove to the  
scene from his residence at  
Grasten Palace, the royal summer  
residence. He helped the queen and  
princesses into ambulances, in  
which they were taken to the state  
hospital at Soenderborg. Their  
condition was described as not  
serious.

Police Superintendent P. Johan-  
sen said the Queen was driving the  
Royal car. The chauffeur was at  
her side. In the front seat, Prin-  
cess Margrethe, eight, and Prin-  
cess Anne Marie, 23 months, were  
in the back seat. The crash occur-  
ed near Law Wood north of  
Grasten, South Jutland.

Queen Ingrid was able to get  
out of the car herself, although  
she slipped from a fractured kneecap.  
She carried the two Princesses  
out of the car.
