

Pittsburgh Pirates Fined By Chandler

CINCINNATI, Sept. 2.—(AP)—The Pittsburgh club of the National League was fined \$2,000 today by Baseball Commissioner A. B. Chandler, who charged that the club had violated the bonus rule.

Raymond Kennedy, director of the Pirates' farm system, was fined \$500.

The fines were the result of the organization giving Second baseman Danny Lynch \$5,000 to sign a contract with the Dallas club of the Texas League, Chandler said. Dallas is a Pittsburgh farm club.

Wallace Names

under advisement.

The Progressive Party presidential candidate arrived here by train from Tuscaloosa, Ala., at 5:30 A.M.

Accompanied by an escort of 20 state highway patrolmen, Wallace drove to Edwards, 28 miles from here, for breakfast at a junior college for negroes.

Before the meal was finished, the gathering became the convention of the State Progressive Party. Nine presidential electors were formally approved. Henderson declined to give their names or say if any were negroes.

A count showed approximately 20 negroes and 40 whites at the convention-breakfast. These included approximately 20 newsmen.

After filing the elector papers, Wallace drove back to Edwards to deliver a radio address. He also will speak later at Vicksburg.

Wallace cancelled three addresses yesterday in Alabama when police enforced segregation. At Birmingham the Alabama chairman was assailed by a shower of eggs.

Governor Fielding L. Wright appealed to Mississippians to treat Wallace as courteously as any other visitor.

Wallace's policy is to speak only before non-segregated audiences. Neither Mississippi nor Vicksburg has laws requiring the segregation of audiences, but in the past mixed audiences by custom have always

more problems than any of the other five regions of the country. Tradition and races probably cover briefly the reasons for many of the problems arising in the South.

Comparisons of Seminole County with Florida, the southeast and the nation are covered in the book. "For example, there are 710 persons per doctor in the United States. There are 1,100 per doctor in Florida, and there are 1,189 persons per doctor in this county. We have only one hospital bed for each 400 persons in the county," Mrs. Smith asserted.

World Council

Continued From Page One

tion of freedom of the press and freedom of religion, but avoided any definite opinion on war.

The charges against capitalism and Communism were made in a

man, was in charge of the program, and President Gordon Bradley presided.

Richard Elaberry suggested that the Seminole County Jaycees assist the Florida Airways in getting a renewal of their permit. The proposal was referred to the board of directors.

The report on international disorder recognized the gravity of today's crisis, but added "there is no irresistible tide that is carrying man to destruction." It recommended that the World Council declare that churches and all Christian people are obliged to act in the face of international disorder.

The document also appealed to Jewish authorities throughout the world to cooperate in the work of relief among the Arab and other refugees from the war areas of Palestine, and to help the return of these refugees to their homes.

The churches were urged to support "every endeavor to secure within an international Bill of Rights adequate safeguards for freedom of religion and conscience, including the rights of all men to hold and change their faith, to express it in worship and practice, to teach and persuade others, and to decide on the religious education of their children."

Churchmen were asked to push for freedom of speech, assembly and the press, freedom from arbitrary arrest "and other rights which the true freedom of man requires."

segregated themselves.

Yesterday in Alabama, the former Vice President abruptly called off speeches at Birmingham, Bessemer, and Gadsden—at Birmingham and Gadsden when police stretched ropes across courthouse lawns to separate white persons and negroes, and at Bessemer when negroes were barred from a park set aside for white persons.

Wallace spoke in three other Alabama towns, however, when negroes—in each case, only a few—were permitted to join the white listeners.

Knoxville, Tenn. has placed the

welcome mat out for the public and the press at a Ku Klux Klan initiation here Saturday night, J. R. Huling, exalted cyclops of the KKK in Knoxville, has announced.

"We are trying to educate the public to the fact we're fighting Communism and the Civil Rights program, and we want the public and the press to attend," Huling said.

The Klan leader also said the ceremony to be conducted by 2,000 to 3,000 Klansmen under the lights of a burning cross was not planned to coincide with the scheduled speech here of Henry Wallace.

Progressive Party presidential candidate.

The Wallace speech is set for Mount Olive Negro Baptist church at 8 P.M. (EST), the same hour as the Klan ceremony planned for a field near the city.

The Klan ceremony had been planned for several months, Huling said.

"I'm glad it's happened this way, because none of our men will be over at the Wallace meeting, and if anything does happen there then the Klan can't be charged with it," Huling declared.

FRIDAY, SEPT. 3, 1948

BIBLE VERSE TODAY

Do not go to church for enter-
tainment, but for wisdom and in-
spiration and the encouragement
of fellowship. You can put a fire
out by scattering the coals.—He-
b. 10:25; Not forsaking the assem-
bling of ourselves together.

They say that Andrei Zhdanov
died a natural death. But in Rus-
sia it is quite natural for a man
to be liquidated.

It is estimated that 471,000 chil-
dren will register in Florida schools
this month, an increase of about
20 or 25 thousand over last year,
and nearly a hundred thousand
more than five years ago. Yet few
school buildings have been built
during that time. Ask yourself
how we can keep on sending more
and more school children to the
same old school buildings without
overcrowding them.

Just how a man like Wallace
can misquote with miserable effect
a man like Governor Wright of
Mississippi is shown by the text
of Wallace's address in Vicksburg
yesterday in which he said, "Your
governor has suggested that the
negroes leave the state," when
what Governor Wright really said
was, "If any of you negroes have
become so deluded as to want to
enter our white schools, patronize
our hotels and cafes, enjoy social
equality with the white, then true
kindness and true sympathy re-
quire me to advise you to make
your home in some state other than
Mississippi."

We are glad to see that Henry
Wallace was able to get through
the deepest part of the Deep South
without any untoward incident
such as befell him in North Caro-
lina where he was greeted with a
shower of rotten eggs and over-
ripe tomatoes. Just why North
Carolinians should have taken his
invasion more bitterly or more
violently than Alabamians or Mis-
sissippians is hard to see in view
of the fact that the problem which
Mr. Wallace agitates is much more
serious in the latter states. It may
be that they are more self-controlled
there, or perhaps they are so sure
of their solution for the problem
that they are not much concerned
over the irresponsible mouthings
of an out-of-state busy-body.

Mr. Wallace has come South,
offering \$4,000,000,000. It is a
handsome offer, and harmless. It
will cost nobody anything. Mr. Wal-
lace offers peace on earth, too, and
milk and honey all around for
colored people, and wonder-nev-
er-again, he promises to be Franklin
Delano Roosevelt. These offers,
handsome, too, would lead at last
not only to war but to defeat at
war. The milk and honey offer to
colored people is strictly stage
prop stuff. He comes only to ex-
ploit them and the South for po-
litical gain elsewhere. Knowing he
will have no electoral votes from
the South, he hopes to gain them
in other places by making front
page trouble here. It is nothing to
him that things will be harder for
the colored man because of his
wanton dramatics.—John Temple
Graves.

The U. S. Public Health report
advocating a multi-billion dollar
public health program strikes us
as having considerable merit. One
thing we are sure that if people
have sound health and good educa-
tion they will find the ways and
means of obtaining whatever else
they may require for a long and
satisfactory life. The report says
that 325,000 Americans are dying
every year because they cannot
afford adequate medical care, and
many of those of us who are no
dying, or at least haven't yet, can
testify to the painful cost of medi-
cine, doctors, and hospitals. It
would be a grand and glorious
thing if we could pass that cost
along to the government, particu-
larly if it could be done without re-
sulting in a loss of jobs. But the report also
says that the health program
costs a good many billion

The Soldier Vote

It seems odd that both major political parties passed up
the chance to appeal directly for the absentee vote of eligi-
ble men in the Army for the fall election. To make their bid
for this vote they would have had only to make recordings
of speeches by the presidential candidates, and deliver the
records to the Army.

The Army invited all parties with presidential candi-
dates to submit recordings, which it then would duplicate
and deliver to Army radio stations for broadcast to troops.
Only one party, the Socialist, responded.

Perhaps the major parties took a cold look at the fig-
ures. It is estimated there are a quarter of a million men
in the Army eligible to cast absentee ballots. Not since the
days of Grover Cleveland and Benjamin Harrison has there
been a presidential election so close it might have been
swayed by that many votes.

The Army project was part of a broad program to stimu-
late soldier interest in voting and the other responsibilities
of citizenship. The effort is commendable. But absentee
voting tends to be a relatively difficult process, and a good
many Americans seem to find a simple trip to the voting
booth on election day is more than they can manage.

German Civil Rights

The function of a military government is usually
thought of as embodying control only, but General Lucius
D. Clay, American military governor in Germany, thinks of
it also in the light of civil liberties.

General Clay has invited a committee of the American
Civil Liberties Union to conduct a thorough inquiry into
the preservation of civil rights under his jurisdiction. Ar-
thur Garfield Hays, general counsel of the civilian organiza-
tion, is quoted as saying that inquiries will be made into
such matters as "freedom of press, assembly, religion,
radio, motion pictures and communications, rights of labor,
powers and performance of military government and the
courts." The committee will also observe the transferring
of military authority to civilian bodies, the dissemination
of democratic ideas, and the behavior of the American
troops.

Americans hope the German people will observe the
contrast between the actions of such a committee and the
tyrannical procedures of dictatorships and the methods of
the Russian occupying forces. One nets to preserve and in-
crease individual prerogatives, while the other curtails them
in every direction.

First Printed Book

A book of which 40 copies are known to exist is not
strictly rare. There are other reasons to make the so-called
Gutenberg Bible, a copy of which has just been put on
exhibit in New York's Grand Central Palace, the most cost-
ly in the world. It is the earliest existent book printed from
movable type, and as beautiful as any of its successors in
the nearly 500 years that have elapsed since it came off the
press.

Johann Gutenberg, inventor of modern printing, en-
sured himself the respect of printing craftsmen to the end
of time by the skill with which in this volume he manipulat-
ed his types. No wonder that the New York Public Library,
its owner, insured the volume for \$500,000. The last copy
to be put on the market fetched that sum.

Few libraries can have a Gutenberg Bible, but there
are several in the United States. Harvard and Yale Univer-
sities and the J. P. Morgan Library being among the for-
tunate owners. A beautiful and realistic copy was made
some years ago, and this many libraries can hope to own
without spending themselves into poverty.

Hot Water

Continued from Page One

ment. The most important piece
of equipment needed is an ac-
curate thermometer which will
cost approximately three dollars.

It is absolutely necessary to have
an accurate thermometer. Other
equipment will be found on most
farms and includes one 1 or 2 gal-
lon pail, one No. 2 or 3 wash tub,
a piece of cheese cloth large
enough to hold the seed and a
watch. Place the seed in the piece
of cloth and tie the seed in a
loose. Better results will be ob-
tained if several small packages
of seed are treated than when one
large package is treated. Practi-
cally fill the tub with water at
122° Fahrenheit. Immerse the seed
in the water and add small
amounts of the hot water to hold
the temperature at 122°.

Keep the seed immersed at this
temperature for twenty-five min-
utes. Remove the seed and spread
in a thin layer in the open shade
to dry. Stir the seed occasionally
to be sure they are thoroughly

dry. After thorough drying, place
the seed in a refrigerator, or plant
immediately. The land used for
the seed bed must be free of black
rot as well as the land to which
the young plants are to be trans-
planted.

If the grower wishes to treat
cauliflower or broccoli seed the
same procedure is followed ex-
cept that a period of treatment
should not exceed eighteen
minutes.

During the 1947-48 season, Dr.
A. A. Foster of the Central Flori-
da Experiment Station treated
seed for growers in order to dem-
onstrate that hot water treat-
ment of the seed is a practical
method of controlling this disease.
It is not possible for the Experi-
ment Station to continue this serv-
ice because it can be done by the
grower just as well, and because
this type of service is not the kind
of work the Experiment Station
was organized to do. The time
of the staff of the station must
be devoted to the development of
new and better methods of crop
production.

Plane Crash

Royal Air Force averted disaster
and the Battle of Britain passed
into history as an outstanding ex-
hibit of free fighting men.

It is fitting in the minds of
most people that these two anni-
versaries were marked today by
a mock air war which for the
first time in more than seven
years tests the nation's defenses
in full scale operations.

Sharing "operation dagger" with
hundreds of RAF bombers and
fighters were 90 American B-29
superfortresses now based in Brit-
ain. They were assigned to the
"attacking force."

The air "war" will continue for
four days, with the action taking
place over the Midlands and south-
ern England, which ended plenty
of the real thing in 1940 and 1941.

This is the scheme:
The mythical power of "South-
land" has issued an ultimatum to
"Northland," represented by the
Midlands, East Anglia and South-
east England, including London.
The ultimatum was rejected at
noon and the battle joined.

Besides the American B-29s, the
"attacking" forces embrace be-
tween 200 and 300 RAF heavy
and medium bombers and an un-
specified number of jet fighters.
Some of the bombers and fighters
are from the British occupation
force in Germany.

Day and night, the drone of at-
tacking bombers, the whine of
Hornet intruders and the strident
whistle of defending jets will echo
over the southern belt of Britain.
This area was abundantly scarred
by the Luftwaffe assaults on the
London area and the larger pro-
vincial cities likely to be "bom-
bed."

"Northland" has mobilized heavy
defense forces, anti-aircraft units

House Committee

Continued from Page One

complete this Hiss-Chambers and
Elizabeth T. Bentley hearings be-
fore getting into the story of a
new spy ring.

"I think this will take three
weeks," Stripling told reporters.
The investigation was to have
been resumed Sept. 7. Stripling
said the delay is necessary to
give the committee and its staff
time to complete preparations.

Thomas has said the alleged
new spy ring which the com-
mittee will look into involves
government employees.

Hearings also have been plan-
ned for Dr. Edward U. Condon,
Federal Bureau of Standards di-
rector, accused in a committee re-
port of being "one of the weakest
links in the nation's atomic se-

curity." Condon has replied that
the nation is safe in that event.
He has denied the committee ac-
cusations. Prior to the committee
report he had been cleared by a
federal loyalty board.

Stripling said that among other
things planned by the committee
are:

Resumption of hearings on
Communism in Hollywood which
first were started nearly a year
ago; a look into the question of
whether Communists have made
inroads among negroes; and an
investigation of how Reds get
into the United States.

As for the hearings to be re-
sumed Sept. 15, Miss Bentley al-
ready has testified that she was
ready to serve as a courier for a
Red underground operating in
Washington before the war. He
has said one of the leaders
in the underground was Hiss.

Hiss, who now heads the Car-
negie Endowment for Interna-
tional Peace, has denied the
Chambers charges.

Both men and women of these or-
ganizations will be put through
the most rigorous and exacting
purses.

Air Marshall Sir William Elliot,
chief of the RAF fighter com-
mand, summed up the "war":
"The purpose of the exercise is
to find out what we can do to
defend Britain with our present
equipment and organization. Even
during the war a great deal of
development took place in air de-
fense which we never had a chance
of testing against an ene-
my. Still further development has
taken place since the war. En-
tirely new and secret methods of
aerial attack and defense will be
tried out. Some air crews have
had no actual fighting experience.
Since the war too, speed and oper-
ation height of aircraft have in-
creased enormously. All these fac-
tors will, we hope, help the ex-
ercise to yield valuable lessons to
everyone concerned."

Legislative Group

Continued from Page One
so that their views on the pro-
posal may be heard.

"We want a full and fair hear-
ing for every interested political
party or person on the matter
of revising the general election
laws of the state," said the joint
statement. "Any and all proposals
will be considered at this hearing."

"Because of the short time in-
volved we have asked the press
of the state to broadcast this
statement and ask that interest-
ed persons consider it their in-
duty to attend."

aerial attack and defense will be
tried out. Some air crews have
had no actual fighting experience.
Since the war too, speed and oper-
ation height of aircraft have in-
creased enormously. All these fac-
tors will, we hope, help the ex-
ercise to yield valuable lessons to
everyone concerned."

Both men and women of these or-
ganizations will be put through
the most rigorous and exacting
purses.

Air Marshall Sir William Elliot,
chief of the RAF fighter com-
mand, summed up the "war":
"The purpose of the exercise is
to find out what we can do to
defend Britain with our present
equipment and organization. Even
during the war a great deal of
development took place in air de-
fense which we never had a chance
of testing against an ene-
my. Still further development has
taken place since the war. En-
tirely new and secret methods of
aerial attack and defense will be
tried out. Some air crews have
had no actual fighting experience.
Since the war too, speed and oper-
ation height of aircraft have in-
creased enormously. All these fac-
tors will, we hope, help the ex-
ercise to yield valuable lessons to
everyone concerned."

THURSDAY
Circle 1 of the First Methodist Church will meet with Mrs. Jarrell, 210 W. 15th Street at 3:00 P. M.

Circle 3—Mrs. R. F. Crenshaw—3:00 P. M.
Circle 4—Mrs. C. J. Harrison—3:00 P. M.

Personals

Mr. and Mrs. W. H. Messenger of Jacksonville visited yesterday with Mr. and Mrs. V. C. Messenger.

Mr. and Mrs. Percy Meier returned yesterday from New Smyrna Beach where they have been spending some time.

Friends of A. B. Stevens will be glad to learn that he has returned home after having been confined to a Jacksonville hospital for the past five weeks.

Dorothy Altman has arrived from Murray State Teachers College, Murray, Ky. to spend some time with his brother and sister-in-law Mr. and Mrs. J. W. Altman.

Fred Rosetter left today for New York City where he will visit his brother and sister-in-law Mr. and Mrs. Kent Rosetter, Jr. before entering Princeton University.

Miss Meriwether And Mr. R. Sloan Honored

Mr. and Mrs. George A. Stine and Mr. and Mrs. John L. Hughes entertained on Wednesday evening at the Stine home on Summerlin Avenue with a buffet supper honoring Miss Lois Meriwether and Rudy Lee Sloan, whose wedding will be an event of Saturday at high noon.

The living room, dining room and porch were open in suite with lovely arrangements of baby chrysanthemums and pink roses. The buffet table was overlaid with a beautiful arrangement of pink roses, tuberoses and fern. Crystal candelabra holding pink tapers were placed at each end of the table.

The honorees' table was overlaid with white organza place mats and centered with a miniature archway entwined with tiny tube roses and fern with a small wedding bell extending from the center. A miniature bride and groom were placed beneath the arch. At each end of the table crystal candelabra held burning white tapers. A large wedding bell extended from the ceiling over the honorees' table. Bridal place cards marked the seating arrangement of the guests.

Prior to the ceremony a program of initial music was rendered by Silman Boukhechou and "Frend' au main dans la toin" was sung by boys from Fover de Gacoune. The traditional wedding march by Mendelssohn and Lohengrin were used.

The bride, given in marriage by the Rev. E. Hoyt Smith, missionary at Fort National, Algeria, was lovely in her wedding gown of ivory bridal satin which featured a portrait neckline with bow trim and the long fitted sleeves came to points over the hands. The basque bodice with a panel extending to the hemline was attached to a full gathered skirt terminating in a graceful full length train. She wore a tulle of orange blossoms from which fell a fingertip veil of bridal illusion bordered with fine Swiss lace. Her bouquet was of pink roses, gladioli and marguerites.

Mrs. Anna King, missionary in the first Negro slaves were brought to Virginia before the Pilgrims landed at Plymouth.

It has been estimated that less than 20 per cent of American Negroes are of pure African descent.

A NEW ROMANTIC TEAM—Bing Crosby and Joan Fontaine appear together for the first time in the Technicolor musical romance, "Empire Waltz" at the Ritz Theatre Sunday, Monday and Tuesday.

Mrs. Hans Lorens Aurbakken, who prior to her marriage on Aug. 18 in Constantine, Algeria, was the former Ellen Douglas Meriwether, daughter of Mrs. Annie C. Meriwether of Daytona Beach, and formerly of Sanford and the late Robert O. Meriwether. Mr. Aurbakken is the son of the late Hans I. Hansen and Beatrice J. Hansen.

Miss Ellen Meriwether Becomes Bride Of Hans Aurbakken In Constantine, Algeria

Constantine, Algeria, served as nation of honor and flower girl was Miss Mary Kristine Aurbakken. Ring bearers were Elise Marie Aurbakken and Hans-Hot Aurbakken.

Mrs. King's dress, of rose tulle, was made along similar lines of the bride's with a portrait neckline, basque bodice and full skirt. She carried a bouquet of pink carnations and gladioli. The flower girl and ring bearers also wore dresses made similar to the bride's in yellow and white tulle. Miss Mary Kristine Aurbakken carried a bouquet of pink roses and white marguerites and the ring bearers carried the rings upon white satin pillows.

Serving the bridegroom as best man was the Rev. Willy Heggen, missionary to Algiers, Algeria.

Immediately following the wedding a reception was held at the Foyer de l'Hotel. The reception rooms were artistically decorated with white flowers and the bride's table was centered a beautifully decorated wedding cake, a gift of the Rev. and Mrs. S. L. Kiser of Long Island, N. Y., to the bride couple. Assistant Miss Gwen Narbeth in serving were Mrs. Harriet Heggen, Mrs. Douglas and Miss Mary Lawson.

After spending some time with their guests the couple left for a short wedding trip. For traveling Mrs. Aurbakken wore a flowered crepe dress with a white tulle hat and white accessories. Upon their return the couple will be at home to their friends at 40 Avenue, Belfort, Constantine, Algeria.

Out-of-town guests for the wedding were the Rev. and Mrs. Willy Heggen and family and Miss Mary Lawson of El-Har, Algeria and Rev. E. Hoyt Smith of Fort National, Algeria.

A civil ceremony was performed on Aug. 16 in the City Hall of El-Har, Algeria, before the first Vice-Mayor of El-Har. Those attending were Jack C. Spivey, Vice-consul of the U. S. Mr. and Mrs. Pierre Nicoud and Miss Martha Whiteley of El-Har, Algeria.

PRO SCHEDULE OPENS
CLEVELAND, Sept. 3. (AP)—About 65,000 fans are expected at Lakefront Stadium tonight to watch Coach Paul Brown's All-America Football Conference champions open their 1948 schedule against the Los Angeles Dons.

The Dons are the only team to have whipped the Cleveland gridder twice in four conference games.

Miss Peggy Pippin Honors College Set

Miss Peggy Pippin, who will enter Stetson University in the fall, entertained with a back-to-school party and luncheon at her home on West 1st Street on Saturday morning.

Swimming was enjoyed throughout the morning in Miss Pippin's pool and a picnic was enjoyed by her mother Mrs. R. H. Pippin in serving a delicious luncheon to her guests.

Those invited to be with Miss Pippin were the Messrs. Shirley Moreland, Phyllis Bach, Margaret Partin, Emma Jean Mathews, Betty Rose Moreland, Louise Land, Lillian Morgan, J. Ann Williams, Barbara Sanderson, Barbara Chapman, Emily Matthews and Mrs. Pippin.

Lake Mary Girl Is Attending Conference

GRAND RAPIDS, Mich., Sept. 3 (Special)—Miss Jane Peterson, Lake Mary, representing the Lake Mary Community Church, is attending here Tuesday with 1,000 other Protestant youth from all over

the United States and Canada for the Christian Youth Conference of North America. This interdenominational meeting will continue through Sunday, September 5.

The conference opened Tuesday night with a nation-wide radio broadcast of "America's Town Meeting of the Air." Among the speakers on this famous forum was Gil Dobbie, star athlete and young minister.

Governor Luther Youngdahl of Minnesota spoke Wednesday night on the topic "The Church and the Layman."

Jacksonville Slams Macon In 2 Games

BY ASSOCIATED PRESS
Charleston helped itself a long way last night toward a South Atlantic League pennant and at the same time shaved an unexpected but mighty scalp out of the top of Macon.

The Rebels whipped the exhibition Red-111s for 10-0, sixth straight victory and second place Macon, which had taken a long shot at the pennant by playing dead before Jacksonville by losing a no-hitter 10-0 and 8-7.

The results of those three

Mrs. White, Keeling Hostesses To Circle

Mrs. John S. White and Mrs. Harold Keeling were hostesses Wednesday evening to Circle 2 of the First Methodist Church at the home of the former on Avocado Avenue.

Mrs. Roy Wall presented the mission study and Mrs. Park Tyre read the devotional. The circle will have charge of the flower arrangements in the church for the month of September.

Following the business meeting refreshments were served by the hostesses to the following: Mrs. Roderick Adams, Mrs. Ralph Dean, Mrs. Broughton Watkins, Mrs. Park Tyre, Mrs. George Williams, Jr. Mrs. Roy Wall, Mrs. Ernest Southward, Mrs. Ralph Thompson, Mrs. E. H. McAlexander, Mrs. L. E. Lee, Jr., Mrs. A. O. Roberts, Mrs. G. H. Hudson, Mrs. C. O. Jones, Mrs. Carl Copeland, Jr., Mrs. Marvin Liddon, Mrs. Charles Brown, Mrs. Bill Kirk and Mrs. Z. A. Davis.

potent games rocked the Rebels five and a half games in front, a nearly unmountable lead with the season curtain almost falling.

Berlin Blockade

(Continued from Page One)

The four military governors arranged another session (10 A. M., EST) on this divided city's problems, as the Communist press of Berlin declared the negotiations—now in the fourth day here—were turning into a Soviet diplomatic triumph.

Authoritative informants said the negotiations had hit one tough snag. That, they said, was a Russian demand for a favorable exchange rate for their Eastern German mark in trade between Eastern and Western Germany.

These informants said the Russians insist upon a straight-for-one exchange of East-West marks, but German financial circles in the Western zone contend one Western mark should be worth at least four East marks.

The Western Powers were reported insisting on joint control with the Russians of the currency, credit and discount in Berlin. As expected, they yield to Russian demands that the Soviet mark be the money for Berlin.

The Communist papers attacked again the anti-Communist German leaders in Berlin such as Socialist Franz Neumann. He appealed to a mass meeting for the Western Powers to stand firm on the currency issue or be accused of "another Munich." The governments meet for the fourth time today.

Death removed another high Russian from the Kremlin. He was Sergei G. Lukin, minister of light industry. Prime Minister Stalin and Foreign Minister Molotov were conspicuous yesterday at the funeral of Andrei Zhdanov, whom they alone outranked.

Chile joined Brazil and Paraguay in outlawing the Communist Party in South America. The last Chilean ambassador to Moscow, before relations were broken last October, said in Stockholm he was under virtual house arrest in Moscow for ten months.

NLRB Asks

(Continued from Page One)

lives said sharp rises in food prices were likely.

There was no sign that the truck strike would end before next week. It isn't until next Tuesday that strike leaders and employers are scheduled to meet.

A spokesman for one of the other two large A. F. of M. locals in the city said the spread of the walkout among his men was "worse" today.

The strike began after Local 807 refused to accept a 15-cent hourly wage increase which the other two locals had agreed to.

The strike local had demanded a 50-cent hourly raise. Today, however, its leaders submitted a

ELECTRIC WATER HEATING

**LOW ELECTRIC RATES
PLUS FOWLER EFFICIENCY MAKE THE ELECTRIC
WATER HEATER THE BEST BUY FOR YOUR HOME**

Decide to heat water electrically and you can start counting the pennies it saves right now. Yes, low electric rates in this area combined with the efficiency of the Fowler water heater assure you the least cost for automatic hot water.

Because the Fowler is scientifically insulated 3 ways to retain the maximum heat, it requires a minimum of electricity. Long-life "black box" elements also help reduce heat loss, and provide trouble-free operation for years to come. Fowler elements go around the tank instead of in the tank, eliminating maintenance costs from speed or gasket leaks, liming and scaling in the tank. Fowler's rust-resistant porcelain-lined tank insures absolute protection from tank-rumy water.

Thirty-three years of manufacturing to line a product capable Fowler to back every water heater with a 20-year replacement guarantee. Start on the road to new water heating economy with your order for a Fowler Electric Water Heater now.

Citrus Head

(Continued from Page One)

of an even higher solids content for oranges than the nine per cent proposed by the commission.

McKinnon said he still thinks that higher standards are needed but believes "that this issue overshadows more important matters relating to the present plight of the citrus industry, among them orderly marketing."

Fender said the USDA decision will put Florida at a disadvantage in competition with citrus from California and Texas "because California already has a reputation for shipping fine rating oranges and Texas now has a higher maturity standard for oranges than we have."

LARGO, Sept. 3.—(AP)—The Pinellas Citrus Growers Association plans to lead a move to stabilize citrus prices in the new season.

Joseph Couch, president of the group, declared at a meeting on the proposal last night: "This price stabilization should be based on the cost of production and the quality of the fruit. I promise you growers that if this program is successful it will put an end to the northern auctions setting the price for your fruit on your trees."

\$10,000 Fire

(Continued from Page One)

at the kitchen wing. Electric wire connections dangled on the ground. Around the building are piles of sand and cinders for use of the parking area. The building located on what is known as Bungalow Place, is in a 40-acre open tract of land near a swamp of bay and is about 600 yards west of Grangeville Avenue.

Sheriff P. A. Mero, who investigated the fire during the early morning hours, reported this morning that Morgan had not insured the building, but had intended to do so today. In preparation for the opening on Saturday night, Charles Beck, deputy who lives not far from the building, reported that the entire roof of the building was ablaze when he arrived on the scene.

Three Stations

(Continued from Page One)

be shifted from Jacksonville to Pensacola and Corpus Christi, Tex. Brown said Opa Locks will be made into a fleet air base and estimated it will have an annual payroll of \$1,000,000.

A fleet operational squadron will be based at Port Lauderdale and Cecil Field will serve as an auxiliary to the Jacksonville air center.

Brown said the three bases are being reactivated to meet the Navy's need to increase fleet air operational facilities on the east coast.

Opa Locks now is leased to commercial enterprises, but Brown told the Congressmen tenants will be given ample time to make plans to operate elsewhere.

Port Lauderdale is under lease to Howard County and Cecil Field is on the inactive list.

Episcopal Leader

(Continued from Page One)

A difference of opinion, if not a controversy, developed over the capitalism/Communism report. Some thought the rejection of capitalism had gone too far; others, that would mean "an extermination between certain limits."

Taft said he was disturbed to find that during his absence yesterday at the Hague, the report condemning capitalism and Communism had been "received" by the council and not returned to the assembly after final revision.

"I endorse the report, but I find that one sentence has been wholly misinterpreted both by some of those connected with the assembly who didn't share in the discussion of the action, and by others," Taft said.

Of his amendment, he commented: "I support this amendment because, while there is an ideology of Communism with all its inconsistencies, capitalism exists in many variations that it was always difficult, and is today impossible, to state an ideology which even approximately represents capitalism in every country of the world."

"The reference in the amendment is the meaning which I believe was in the mind of the vast majority of the members of the section. The definition of what we mean when we refer to capitalism is necessary because if the price that may have appeared in capitalism at various points in space and time are all to be lumped in one word of condemnation, or if we are to resolve the differences among us about socialism and capitalism systems, we shall be in Amsterdam a long time, and will not agree even then."

York that "powers in southern political life" have organized the disturbances which have punctuated Wallace's southern tour.

C. B. Baldwin said in a statement, "It is clear now that these outbreaks were not spontaneous but organized and encouraged by the powers in southern political life."

In the radio address here Wallace said he is hated by some for his "idea of human freedom" because "it means equality for negroes."

"The answer does not lie in the south. There is a long chain that links unknown hoodlums in a North Carolina or Alabama mill town with men in cutaway and finely tailored business suits."

men who are found in the great financial centers of New York and Boston—men who make a dollar and cents profit by setting race against race in the far away south."

MT. VERNON, Ill., Sept. 3.—(AP)—Curly Mac Dougall, Progressive Party leader, said "threats of violence" had forced him to cancel scheduled talks last night in two southern Illinois coal mining towns.

Mac Dougall, the party's candidate for U.S. Senator, earlier said he was stoned and he and his 14-member campaign party driven out of West Frankfort, Ill., another mining town, Wednesday night.

Mac Dougall said he cancelled plans for last night's rallies in Ziegler and Herrin after two members of his party had told him police in the towns had refused to "guarantee us any protection."

Mac Dougall, a professor of journalism at Northwestern University, told a reporter "I certainly am not going to risk the life of my party with no protection."

The party caravan was scheduled to appear tonight in two other southern Illinois communities, Murphysboro and Pinckneyville, both near West Frankfort, a community of 12,000 about 90 miles southeast of St. Louis. Mac Dougall was undecided about keeping the dates but said he had a "hunch" he would appear and address rallies.

NEW ORLEANS, Sept. 3.—(AP)—Huey P. Long's young son, Russell, has claimed victory in a U.S. Senate race for two days, backed by 9,700-vote majority, but his opponent has yet to concede.

Judge Robert F. Kennon told a radio audience yesterday that Long was nominated in Tuesday's Democratic primary "by one to two percent of the vote—and some people wonder about the validity of the vote."

In a later interview Kennon refused to say whether he conceded the election or planned to contest it.

Schuman Drops

(Continued from Page One)

servative) Premier Andre Marie resigned early last Saturday. Marie himself had succeeded Schuman, who had quit as premier when the Socialists refused to support him on a military budget item.

Serious doubts were expressed that anyone would be able to form a government at the present time. This presented the nation with the problem of how to proceed with its present legislature.

ATHENS, Sept. 3.—(AP)—Greek newspapers reported fresh evidence that Marshal Tito is cooling off toward Greece. Communist leader Markos Vafiadis following continued government victories over guerrillas.

The press reports cited several instances of friendly relations between Greek and Yugoslav troops. On one occasion troops of both nations were reported to have danced to tunes from a Greek sound truck near the border.

There had been earlier reports that fleeing guerrillas either were being turned back at the Yugoslav border or being interned by Yugoslavians.

A Greek government communiqué reported a new incident of gunfire from inside Albania against army units. The communiqué also reported the Army was progressing in a mop-up of rebels caught in the Viti triangle.

Demo Committee

(Continued from Page One)

Representatives, Primus said, but rather at "certain party people" such as members of the national committee and others supporting the Thurmond ticket.

"In all honesty," Primus told a Rights Party, should resign his position as Democratic national committeeman from South Carolina immediately.

"I understand he tendered his resignation to the state committee recently but it was not accepted. Primus said he had been authorized by chairman J. Howard McGrath to say that McGrath "did not take nor has he any intention of taking any action against the duly elected members of the House and Senate as has been implied."

"McGrath's interview with a reporter was in every way intended to make it clear that the Democratic National Committee would not allow certain party people who are now holding office in the party, such as national committeemen and committeewomen, to continue to occupy their positions in that party and at the same time fight the nominees of the national Democratic Party through a fourth party movement such as the Dixiecrats."

Meanwhile President Truman bounded into a political slugging match with the Republicans today over Communists, high prices, health insurance and the St. Lawrence seaway.

The President took specific issue on those points with Governor Thomas E. Dewey, the GOP nominee; Harold E. Stassen, who will open the Republican campaign next Tuesday, and other party members.

On the subject of Reds in government jobs, Mr. Truman told his news conference yesterday it was "a lie out of whole cloth" for anyone to say that he ever protected a Communist or a disloyal person in a federal post.

The House Un-American Activities Committee earlier this week accused the White House of refusing to help "protect the national security" and of hampering, by refusing to supply information, the committee's inquiry into "Communist espionage in the U.S. government."

Mr. Truman told the reporter who brought this up that the real spies during the war were German and Japanese, that Russia was an ally. He added that he never has heard of any search for former German and Japanese spies.

He scoffed at a statement by Dewey that Communists will be cleared out only when a Republican President is elected.

Benes Dies

(Continued from Page One)

minister was the son of Thomas Masaryk, with whom Benes helped to form the Czechoslovak republic in 1918.

Sick and disheartened, Benes resigned as president last June 7 rather than sign the new constitution the Communists drafted. Klement Gottwald, the Communist he had appointed premier, succeeded him.

He resigned as president, once before when Adolf Hitler, greedy for the Czechoslovak Sudetenland, forced the Munich crisis which preceded World War II.

He returned to Czechoslovakia in 1945 after wartime exile in the United States. Britain and briefly in Russia, where he signed a 20-year mutual assistance agreement with the Soviet Union in 1943.

Mrs. Benes was with him when he died. She had been constantly at his side during his fatal illness.

The cabinet was called into special session for tomorrow to arrange the funeral.

Communist Premier Antonin Zapotolsky arranged a broadcast to the nation. The Czechoslovak radio announced Benes' death before the regular evening broadcast. Hymns and dirges then were played.

A touch and you GO—that's DYNAFLOW!

Yes, it boils down to just about a lever — and from then on your treadle foot takes over.

You press the accelerator — and move softly and smoothly away.

You speed up, slow down, halt completely — and your right foot alone, operating gas, brake and clutch, does it all.

How come? Simply because Dynaflo Drive is the one passenger car drive in America that

gets completely away from gears which function in fixed stages.

Changes in the way oil flows, instead of changes in gears, adjust your engine power to your driving requirements.

Whether you are starting out, climbing a hill, surging past others or cruising easily, there's nothing for you to do except feed gas.

For very fast starts, extreme pulls, reserve braking power, you flick the selector lever—and your engine seems suddenly to double in size.

For parking, there is a very special setting, exclusive to Dynaflo Drive, that rigidly locks rear wheels.

Even rough and chattery roads are made smoother by power that flows along through a cushion of oil — your whole car is "sweeter" in its feel, far silkier in its actions.

Quite rightfully is Dynaflo Drive called the most important development since the self-starter.

It's a basically different way of transmitting power — and one you should know about firsthand.

See what your Buick dealer can do about arranging that for you. The moosest sample of Dynaflo magic will make you want to place an order pronto, whether or not you have a car to trade!

TODAY'S DELIVERED PRICES

Electors Called Free Agents By Circuit Judge

Lewis Says Demos
Have Power Of
Choice To Vote
As They Desire

TALLAHASSEE, Sept. 7 (AP)—Home way for Floridians to cast simple and direct votes for President will be sought here tomorrow by a special committee of legislators. If a majority of the 21-man committee can agree on a bill to clarify the muddled presidential election situation, Governor Caldwell has said he will call the legislature into special session to consider passage of the measure. Before the committee reaches a decision, though, it will listen Thursday afternoon to all suggestions which may be made in a public hearing on the election law revision proposal.

JACKSONVILLE, Sept. 7 (AP)—Circuit Court Judge Miles W. Lewis said today he believed a presidential elector was legally a free agent to vote for whom he wished. Judge Lewis said "it is clear to me that presidential electors should have the power of choice to vote for whom they wish" but although the comment was made from the bench it was not an official ruling on the case before him to disqualify Democratic Party electors not pledged to President Truman.

He did say he believed the Democratic Party pledge required of candidates was intended to maintain loyalty within the party, but that it had no force of law. The case was started by Reuben Klein, publisher of a Miami weekly newspaper, and since then four electors have said they would vote.

Tax Increase In Florida Is Lowest In United States

TALLAHASSEE, Sept. 7 (AP)—State tax collections increased less in Florida than in any other state last year. The federal Census Bureau reported Florida's collections of \$150,000,000 during the business year ending June 30 were up only 2.1 per cent over the previous year. That compared with increases ranging from four per cent in Delaware to 86 per cent in Tennessee. Many state legislatures levied new taxes last year, the Bureau reported. Four of them put on sales taxes, seven imposed cigarette taxes and several others increased gasoline and alcoholic beverage taxes. The Florida legislature did not meet last year; and it levied no major new taxes at its last session in the spring of 1947. In 1946, it increased the alcoholic beverage and cigarette taxes. Census Bureau figures showed Florida collected \$49.63 in state taxes for each of its residents. The national figures ranged from \$37 in Alabama and Kentucky to \$91 in Washington. Florida state taxes last year amounted to 5.4 percent of residents' total 1947 income. Much of the Florida tax burden is borne by tourists who contribute to receipts from hotels, restaurants, amusements and racing tracks, the major money producers.

PARM BUREAU

All members of the Seminole County Farm Bureau are urged by A. W. Wilson, secretary, to give a supper and entertainment to be given at 7:00 o'clock on Friday evening at the Future Farmers Building at Seminole High School. Mrs. Edward Kirschner is in charge of the entertainment. Mrs. M. D. Gabel will serve the supper. Reservations may be made for the supper by telephoning Mr. Wilson at 728-2. This will be the initial Fall meeting on the Farm Bureau group.

SCHUMAN FAILS

PARIS, Sept. 7 (AP)—Premier Robert Schuman said tonight his government will resign. It failed to receive a majority in its first test in the French Chamber of Deputies. The official count was 289 for and 295 against. After the vote was announced Schuman and his ministers left for the Elysee Palace, residence of President Vincent Auriol, to submit their resignations. Schuman's cabinet had lasted less than three full days. The next move will be up to Auriol. There was no indication what course he might take. Before the formation of the Schuman cabinet, Auriol had indicated that the various political parties of France's so-called "third force" came to an agreement to form a cabinet.

Angered Man Dies Of Glass Wounds

TORONTO, Sept. 7 (AP)—Angered when his automobile broke down, Gordon Metcalf, 29, smashed his fist through a rear plate glass window and died of wounds today. Coroner Fred Tackett said several arteries were severed in the forearm of the 200-pound man, and he had suffered serious loss of blood when he reached the hospital in a taxicab. An autopsy was ordered. The 1927 model car had given Metcalf considerable expense and trouble since he bought it a few weeks ago, police said. When it broke down in front of his house, they added, "He became so incensed that he crashed the window with his fist."

2 Armed Gunmen Are Caught In Louisiana Town

Pair Is Alleged To
Have Killed New
Orleans Detective

NEW ORLEANS, Sept. 7 (AP)—Two armed gunmen, sought for the slaying of a New Orleans detective and the abduction of the assistant chief of detectives, were captured today following a night-long search. State Trooper Jeff Locky said.

Locky said the pair were taken without resistance at a store in Gonzales, La., a village about 60 miles northwest of here on Highway 61. Gonzales is a few miles from Hobart, where the gunmen last night released John J. Jackson, assistant chief of New Orleans detectives, after abducting him from police headquarters here.

The official state Trooper L. E. Wright and Town Marshal Burke of Gonzales made the arrest. No more details were available immediately. Police identified the pair as Dale Simpson, 26, of Salt Lake City, Utah, the alleged slayer of Detective Nicholas Jacob, and 23-year-old H. E. Miller, a native of Monticello, Miss.

Stocky Assistant Chief of Detectives John J. Jackson related early today the events of the tense seven hours he spent with the gunmen driving over a maze of backwoods roads. Jacob was slain yesterday morning as he and Detective Ida Frances Jennings.

Mrs. Ida Frances Jennings, 83, of New Orleans, N.J., and Sanford and mother of Mrs. W. H. Starnes of Grapeville Avenue, died in New Orleans on Aug. 29 following a short illness. Mrs. Jennings spent 22 winters in Sanford and had many friends in this area.

Funeral services will be conducted at 2:00 o'clock tomorrow afternoon in New Orleans, and interment will be in the Baptist Church Cemetery.

IRANIAN HEAD CHARGED

TEHRAN, Iran, Sept. 7 (AP)—The government said today the chief of the U. S. military mission with the Iranian army will be charged. General Robert W. Grow will return to the United States about Sept. 30 to accept new assignment. Maj. General Vernon Evans of Detroit, wartime chief of staff in the China-Burma-India Theater, will succeed him.

In Nevada, there is a two-man race for Democratic nomination for the state's lone seat in Congress. The Republican, Walter Russell, is unopposed. Other state contests are for two places on the university board of regents and for judges of the peace in Reno and Las Vegas. Utah citizens will choose their nominees for two House seats, governor and various state offices.

45 States Are Threatened By Phone Strike

Communication Workers
Set Sept. 17
Deadline To Settle
Wage Dispute

CHICAGO, Sept. 7 (AP)—The CIO Association of Communication Equipment Workers today set Sept. 17 for a strike which it said would cripple telephone service over the nation. Announcement of the strike date was made by Dan Harris, Portland, Ore., vice president of the union. He said negotiations between the union and the Western Electric Manufacturing Company are deadlocked.

Harris said the strike would pull out 25,000 members of the union working in 2,200 Bell Telephone Company locations in 45 of the 48 states.

Harris said the dispute is over wages and working conditions. The union is demanding a 15 cents an hour increase across the board. The company, he said, has stood pat on its offer of eight cents. Wages of union members now range from 88 cents to \$1.54 an hour.

Negotiations have been going on intermittently since May 11, Harris reported. Union members approve a strike to enforce their demands on July 1, he said. There appeared no indication of immediate settlement today in the nation's three major strikes—in the oil, trucking and shipping industries.

The six-day-old strike by 10,000 truck drivers in New York City, became more serious as 3,500 AFL truckmen in northern New Jersey joined in the walkout. The full effects of the work stoppage were felt by millions living in the metropolitan and northern New Jersey. The strike was scheduled today.

On the West Coast, where 28,000 CIO longshoremen have been idle since last Wednesday, there was no move for settlement by either union or shipowners. Some 160 ships are tied up from Puget Sound to San Diego. The Army was to ask longshoremen to handle Army cargo for commercial ships to assure supplies for the Far East be kept moving.

In the strike by some 15,000 oil refinery workers in California and four other far western states, rationing of gas became a possibility. Continued on Page Two.

Suits Filed Against Volusia Night Spots

DELAND, Sept. 7 (AP)—Circuit court injunction suits to stop permanently gambling in three Volusia county night spots have been filed by State Attorney Murray Sama. The Seabreeze Golf Club and Earl Warner as owner of the Seabreeze Golf and Tennis Club; H. Jackson Green, owner of the Beach Club; and George L. Hark owners of the Diamond Club and S. K. Dennison of Orlando, south of Deland, were listed as defendants.

The first two clubs are in Daytona Beach. In his bill of complaint, Sama described the clubs as "public nuisances" where gambling equipment was maintained for playing unlawful games of chance. The three clubs were raided on search warrants served by special agents appointed by the circuit court. The sheriff's office was bypassed.

Truman Opens Campaign With Bid For Labor Vote

DECLARING THAT A REPUBLICAN VICTORY in November would wipe out labor's high wages and living standards, President Truman opened his campaign for election in Detroit with an out-and-out bid for labor's key vote. The Chief Executive is shown speaking before a record crowd on the steps of Detroit's City Hall. (International Southphoto)

3 Killed And 20 Injured In Blast At Chicago Plant

3 Explosions, Fire
Cause \$750,000
Factory Damage

CHICAGO, Sept. 7 (AP)—At least three persons were killed today by an explosion and fire in a large west side candy factory. Twenty persons were injured. The three bodies in the county morgue remained unidentified. The shattered plant was searched for others. Max Gorenson, chief investigator for the coroner's office, said he believes that five more persons were killed.

Three blasts occurred at about 4:10 A.M. in the south end of the third floor of the two-block long building. Flames then leaped through shattered parts of the wall and shot 50 feet above the roof of the E. J. Brach and Sons Candy Co. plant at 4556 W. Kinzie St. Time cards showed that 29 employees were in the building when the disaster occurred. Many of these were machine operators who had arrived at 4 A.M. an hour before the bulk of 1,000 day shift employees.

Fire Commissioner Michael J. Corvian estimated damage at between \$500,000 and \$750,000. He said the cause was not clear.

Volie Williams, Jr. Is With State Institute

Volie A. Williams, Jr., of Sanford, law senior at Stetson University, has been working with the Institute of government in Tallahassee for the past two weeks. Williams, Melvin Orfinger and Harvey Jerigan Deland, were selected by Professor Charles Tom Henderson of Stetson Law College to work with Sherman Weiss Director of the Institute of Government. In the preparation of memorandums of law pertaining to various governmental departments. These memorandums will be submitted to the Joint House and Senate Tax Survey committee authorized by the last session of the legislature.

Stassen Says Truman Has Made Turn In Attitude Toward Labor

By JACK BELL
DETROIT, Sept. 7 (AP)—Harold E. Stassen asserted today that President Truman has made an 180-degree turn in his attitude toward labor since Mr. Truman asked authority in 1946 to draft strikers into the Army.

Stassen, here to answer the President's six-speech campaign in Michigan yesterday, told a news conference he heard the President's appeal for labor support in Detroit yesterday. "That speech brought back for me memories of another speech he made to Congress on May 25, 1946, when the President asked for the most totalitarian power over labor ever proposed in time of peace," Stassen declared.

Dusty Boots Activity Highlights Labor Day Celebration In Sanford

Labor Day was celebrated in Sanford yesterday with a colorful parade in the morning by more than 100 members and guests of the Dusty Boots Riding Club, by horse racing in the afternoon, and with a dance in the evening at the Club House at Municipal Airport to the music of the Whoot Oods. Many spectators cheered the riders in the parade.

The parade was led by Sheriff P. A. Meis who carried the American flag and by Mrs. E. R. Williams of Lake Mary who bore the club banner. In addition to the club members in the parade there were visitors from Orlando, Daytona Beach, New Smyrna, Edgewater and Apopka. The long line of riders formed opposite the Mayfair Inn, proceeded on First Street to Oak Avenue, south to Second Street, and north on Park Avenue to the Band Shell.

Mrs. Max Massey of New Smyrna Beach was awarded a trophy as the best dressed cowboy in the parade and H. E. Lee, Jr. as the best trophy cowboy. In the races, Miss Mary Louise LeFlore of Geneva riding George Hughes' pony, won the girls cow pony race and received a trophy. Fred Williams was winner of the men's cow pony elimination race and received a trophy. Another trophy winner was nine year old Robbie Heller of Longwood who riding "Pumpkin" won the race for children under 12 years of age. He then surprised.

South Carolina Man Killed Near Bunnell

ST. AUGUSTINE, Sept. 7 (AP)—One man was killed and two were injured last night near Bunnell, south of here, when their car ran into the rear of a trailer parked by the highway. A funeral home listed the dead man as Ollie C. Lee of Orangeburg, S. C. and the injured as G. W. Postal of Columbia, S. C. and a negro, Allen Jones, also of Columbia.

The men were employed by a Daytona Beach construction company were enroute back to Daytona Beach after a holiday trip to South Carolina. W. A. Morrison, president of the Sanford Merchants Association, today announced that the merchants group recommends that all businesses remain open all day on Wednesday due to the fact that they were closed on Labor Day.

Psychological Group Says Electric Shock To Brain Aids Intelligence

By HOWARD W. BLAKESLEE
Associated Press Science Editor
BOSTON, Sept. 7 (AP)—An electric shock to the brain can improve intelligence. This was reported to the American Psychological Association here today by D. Lucille B. Kesler of the Traverse City, Mich., State Hospital.

Electric shock to grey matter is one of the more recent medical treatments for mental disorders. The shock causes brief unconsciousness. Twenty persons receiving shock for split personality troubles all afterward showed greatly improved intelligence ratings. Their queer ideas, one of the signs of split personality, declined. They concentrated better. They lost some of their feelings of loneliness and became better social companions. In the early days of electric shock treatment, there was criticism that the current was likely to burn grey matter and cause confused thinking.

West Powers Plan Protest Against Red Berlin Riots

Auto Accidents
Hurt Two Women
Over Week-end

Over - Running Stop
Signs Cause Three
Traffic Mishaps
Two women were injured and five automobiles were damaged in traffic accidents here during the week-end and it was revealed by police today. Three of the accidents were reported to have been due to drivers of cars disregarding and running past stop signs.

At 10:12 o'clock, Saturday morning, Mrs. A. Jones, a nurse at Fennell-Hudson Memorial Hospital, suffered a broken hip when she was struck by an automobile driven by Mrs. Mary W. Brant of Lake Mary, while walking at the Magnolia and First Street intersection. She was transferred from Fennell-Hudson Memorial Hospital to an Orlando hospital for treatment. Mr. Jones was a witness to the accident. Mrs. Brant faces charges of careless and negligent driving and failing to stop at the intersection.

Mrs. Ouida Cresson of Daytona Beach received unrevealed injuries when her Ford V-8 turned over on the Volusia side of the Lake Monroe Bridge Sunday evening at 6:00 o'clock. P. D. Owens of Ocala drove her to the Police Station and then to Fennell-Hudson Hospital for treatment. The accident was reported by L. D. Stuvell.

A new 1949 Ford sedan was damaged in the front when the driver, Mildred Taylor, colored, failed to heed a stop sign while driving west on Eleventh Street Sunday at 1:30 P.M. and collided with a 1946 Buick Sedan being driven south on Park Avenue by Frank E. Keller of Miami Shores. Left front and rear fenders of the Buick were damaged. Taylor is charged with reckless driving. The accident was reported by L. D. Stuvell.

Citrus Committee Names 1948 Officers

LAKELAND, Sept. 7 (AP)—Citrus growers and shippers from the northern section of the Florida citrus belt got most of the election positions in the Federal Citrus Marketing Agreement committee, which organized today. A. V. Sauerman of Clearwater, re-elected chairman of the Growers Administrative Committee, was the only South Florida fruit man to be chosen. R. Parks Williams of Leesburg was chosen chairman of Shippers Advisory Committee. He succeeds Howard Phillips of Orlando who was not reappointed to the group. Other shipper officers named were Ralph Meiten of Zellwood, vice chairman and J. J. Parrish, Jr. of Titusville, secretary. The growers group named C. E. Fawcett, Jr. of Orlando, vice chairman and Grant Northland of Weirsdale, secretary. Frank Seymour of Lakeland was re-named manager of both groups and Nelson Humberber of Lakeland, auditor.

KIWANIS ELECTION

Results of the Kiwanis election of officers and directors will be announced at the meeting of the club Wednesday at the Tourist Center.

SCHOOLS OPEN

Schools throughout Seminole County opened this morning at 9:00 o'clock and buses ran on schedule, said Supt. T. W. Lawton. It will be several days before total enrollment can be announced, he revealed.

The County School Board will meet Thursday morning at the office of Mr. Lawton to consider the appointment of several new teachers.
