

Vet Farmers To Hold Picnic For Families

The Veterans On The Farm Training Class of Seminole County, together with members of their families, will hold a picnic and educational meeting at Rock Springs Thursday, John Piazon, instructor of the class, announced today.

Baptist Colleges

(Continued From Page One) of money for private or religious schools. The secretary of the association is to inform Mrs. Roosevelt, "the resolution continued, "that the members of this association deplore this unwarranted criticism of her belief in the American policy of absolute separation of church and state."

Last Friday Cardinal Spellman wrote a letter saying his opposition to federal funds for parochial and private schools. He said the late President's wife must have acted from misinformation, ignorance or prejudice.

4-H Meeting

(Continued From Page One) passed Red Cross tests in their groups in addition of the two named for Junior Life Saving. These included Ann Dreggers, Janet Lee, Betty Phillips, and Mary Frances Packham, swimmers; Shirley Baxter, Valen Prevatt, Patay Teslo, Adelle Prevatt and Mary Oldham, interested swimmers and the following beginners: Minnie Lee, Mattie, Dale Dreggers and Geraldine Oldham.

Lions Meet

(Continued From Page One) increased use of equipment on the farm, the farmer should do likewise. "More duties," he declared, "are required of a general farmer than any other vocation, therefore, the farmer comes in contact with more things which cause accidents than any other profession I know of. The farmer produces 80 percent of our necessities of life, therefore we should co-operate with and help the farmer to live."

Nation's Weather

(Continued From Page One) following the talk, Mr. Piazon showed a sound motion picture depicting mishaps on the farm due to negligence and poor, kept equipment. Marriage Thompson, sports editor of the Tampa, Fla. Journal, was welcomed by fellow Lions.

State Finances

(Continued From Page One) son said. "Speaking from a personal standpoint, I can vote for any clean, decent tax based on the ability to pay."

He added, however, "I see no reason to legalize something that is now illegal just for the sake of taxing it."

Proposals that off-track race bookmaking be legalized and taxed were made during the regular legislative session.

In the same statement, Simpson recommended creation of a state commission to study governmental economy "as a long range and non-political project."

"It seems to me that this problem would be slow and tedious in so high that it should be approached as was the school problem," he said.

Florida's school system was reorganized after long study by a committee made up of lay citizens, legislators and educators.

"We need a Florida commission composed of good citizens and a few legislators to consider the problem," Simpson declared.

"In order to keep this matter non-political, most of the improvements could be voted by the 1951 legislature to take effect on Jan. 1, 1952, at the beginning of a new administration. In this was, those running for governor in 1952 would know what the new set-up would be and therefore would not make commitments that would have to be defended later."

"The work of such a commission would be slow and tedious but it could mean much to Florida."

Labor Hearing

(Continued From Page One) would be an easy matter for unions and management to get together and "do the very things which the anti-trust laws forbid."

He argued there is (1) general acceptance of the right of unions to "monopolize" the labor supply and (2) that the Supreme Court in several cases for all practical purposes exempted unions from the anti-trust laws.

Therefore, he said all that would be necessary to fix prices and restrict production without violation of the present laws would be to get the union to "infiltrate" the market, and the employers to "give in."

Leading coal operators testified yesterday they wanted no part of the three-day week, and that it had been "imposed" upon them.

Arnold cautioned that wages and hours could be used as a "guise" of legitimate purpose when a union is actually after something else. He urged that courts be allowed discretion to determine the true issues in each case.

In the "illegitimate" field of union activity Arnold would have the bill seek to prevent (A) unions to prevent "outside goods" from coming into any community; (B) exclusion of "efficient" production methods; (C) refusal by unions to allow "independent" firms to remain in existence; (D) activities of a union in "imposing and maintaining artificial prices or restrictions of production; and (E) the "make-work" or "feather-bedding" system.

Numbers Racket

(Continued From Page One) iating the return of their kidnapped baby on Mar. 5, 1932. The two withdrew from the Lindbergh baby hunt following Apr. 28.

The six, booked after all-night questioning by District Attorney Frank S. Hogan and aides, denied in the lineup that they participated in the alleged racket.

Nine persons were arrested yesterday in New Jersey and Cincinnati, and two were seized here previously.

Today's batch of prisoners including two newspaper circulation employees—were charged with conspiracy and contriving a lottery.

The other men "kissed" here today were identified as: Edward Kane, 44, of Brooklyn, operator of a recreation center and pool room in Manhattan; Abraham Goldberg, 41, of Queens, assistant circulation manager of the Journal American; Emilio Strollo, 31, of Queens, clerk in Manhattan; and Arthur Apichony Strollo, arrested in New Jersey yesterday.

Jack Feldman, 46, of the Bronx, proprietor of a cigar store in Manhattan; Martin Martinson, 26, of Brooklyn, a cook at Kane's recreation center.

Vatican Changes Stand On Reds' Excommunication

Catholics May Vote For Commies, But Reject Doctrines

VATICAN CITY, July 26—(AP)—L'Osservatore Romano, the Vatican newspaper, said today Catholics who support Communism with voter but who do not adopt its anti-Christian doctrine are not excommunicated from the Roman Catholic Church.

The newspaper presented this view in a front page editorial—an exhaustive analysis of the recent order of the Vatican decreeing excommunication for anti-Christian and materialistic active Communists.

The editorial said the church is concerned over the Catholics in western Europe who have been trying to walk a tightrope between Catholicism and Communism.

"In Italy, Belgium and France," L'Osservatore said, "there are many Catholics who, either misled by the promises of Communist chiefs or moved by the desire of social reforms, favor Communism without adopting its basic doctrine."

"The latter do not incur excommunication, but the Holy See warns them of their grave responsibility for the support given to the dogged enemies of Christian religion and of the danger of poisoning their own intelligence with the false ideas continuously spread by the Communist press."

The newspaper specified that Catholics who support Communism with their votes, with money paid out to the Communist press, with their support in social and political discussions, without giving their adherence to the materialistic and anti-Christian doctrine of Communism, are not excommunicated.

"There are different brands of socialism, widely different one from the other," the newspaper said.

It will be enough to say that a Socialist Party which shares the fate of Communism and unites its strength to the Communists, favoring it openly, is condemned by the holy office's decree.

"If Socialists adhere to Communist materialistic doctrine they fall obviously under the excommunication decree."

The newspaper added that whoever professes, defends and propagates "materialistic and anti-Christian" doctrine of Communism is excommunicated.

The decree has forbidden Catholics from reading Communist literature without adequate permission from their confessors. Of this, L'Osservatore said:

"Unusual reading of those writings sooner or later will bring confusion into the mind of the inexperienced without adequate culture, poisoning the mind, endangering seriously the faith and causing the parting of many from the church and religious practices."

ADAMS TRANSFERRED TURNER AIR FORCE BASE, Albany, Ga., July 26—Pfc. Raymond R. Adams, 1728 Locust Ave., Sanford, Fla., has been transferred to this Southwest Georgia 3d fighter base where he will work in Special Services as a member of the 31st Fighter Wing.

When you serve a cold seafood salad, add a small cup of lettuce to the plate and fill the cup with a little tartar sauce. To make the sauce, just add sweet pickle relish, chopped parsley, lemon juice, and a few capers to mayonnaise or creamy salad dressing.

It certainly feels that way when the scorching summer sun pours down unmercifully in your home. Rock Wool Acoustic Insulation will keep your home 20° cooler during the stifling summer heat. See us for full advice on insulation or other home improvements.

Revoit In Ecuador

(Continued From Page One) reated the assassins. Mancheno was captured as he was trying to induce a tank detachment at Asuay. In the southern part of the city, to join in the uprising.

Government sources gave the account of the uprising: When Mancheno tried to win over the tank detachment he was rebuffed with cries of "long live the constitution."

With Mancheno were 40 retired army officers who oppose President Plaza's government.

Mancheno told the tank troops the president vice president Manuel Sotomayor Luna and all members of the cabinet had been taken prisoner by the rebels. He also offered Maj. Reinolado Vares, commander of the tank detachment, the post of national defense minister in a revolutionary government.

Col. Marco Bustamante, commander of the Quito militia zone, reached the Asuay barracks as Mancheno was speaking and denounced his story as "false." Mancheno and his followers were sent to the Garcia Moreno prison.

The government announcement said those arrested at the presidential palace included Capt. Abel Monosalvas, Julio German, a sub-inspector of the civil guard, and a Mr. Moroch. The three had been accused as participants in an abortive plot uncovered at Aguas Huelgas in Loja province a month ago.

29 Killed

(Continued From Page One) Shanghai's worst storm since July 28, 1915. Two hundred were killed in that one and 26 ships were wrecked on the Whangpoo and the Yangtze.

More than half of the small huts in the lower residential district of this city of 5,000,000 were destroyed last night.

The typhoon left two dead on Okinawa, 16 Americans injured and Air Force installations were heavily damaged by winds up to 150 miles an hour but headquarters in Tokyo reported minimum plane losses. Okinawa has a B-29 base.

The army in Tokyo ordered planes and ships to stand by to carry relief supplies to the U. S. base 300 miles south of Japan. Some facilities were wiped out; others suffered 50 per cent destruction. New buildings, especially designed to resist typhoon winds, came out of it with slight damage, the army said.

(One of the two killed was the seven year old daughter of an Air Force officer, whose two other daughters were critically hurt. A Filipino construction worker later died of injuries. Names were not available.)

Meanwhile, Japan was alerted for a new 7 1/2 hour typhoon which missed Okinawa and passed over or near Iwo Jima and was due 480 miles south of Kobe by 11:00 A. M. E. S. T. today.

Shanghai streets were under water from six inches to four feet. Three inches of water got into the second floor of the American Consulate. The British Consulate, next door and slightly higher, escaped the muddy waters. From were uprooted in the British Consulate grounds and the old French town. Streets throughout the town were littered with debris; cars; the drivers had to wade.

Weather Bureau and other agencies said the storm appeared to be the worst in the decade. They couldn't remember when so much of Shanghai was flooded in the same time. The same storm was felt in the fact no important buildings were destroyed. The typhoon struck the night before last.

The Whangpoo River was out of its banks and overflowed. The same storm was felt in the fact no important buildings were destroyed. The typhoon struck the night before last.

Congress Action

(Continued From Page One) the Atlantic Pact." He said past experience assures that the products must likely be in surplus are wheat, corn, tobacco and cotton, and he added:

"In my judgment it will be very detrimental, not only to the ECA program but to all other agricultural products, to give cotton, corn, tobacco and wheat the extremely preferential treatment implied in this amendment."

And Southern Democrats hoisted the flag of surrender in the face of overwhelming house sentiment for anti-poll tax legislation.

They conceded that today's session would see passage of the legislation but said it will never pass the Senate which on four previous occasions has bottled it up.

The passage vote was set for mid-afternoon and Northern Democrats and Republicans predicted that there wouldn't be more than 100 votes against the bill.

The legislation, backed by the 1948 conventions of both major political parties, would make it unlawful to require payment of a poll tax as a prerequisite for voting in primary or general elections for President, Vice-President, or members of Congress.

Southerners have been fighting the bill on the ground it invades the exclusive rights of states to determine the qualifications of voters. They tossed in the sponge late yesterday after having had a four-hour delaying action.

Meanwhile congressional controversy over federal aid to education spread to a bill intended as a compromise.

Rep. Steed (D-Okla.) attacked as a federal invasion of the health field a bill which would make available \$35,000,000 solely for school health purposes, in public, private and parochial schools.

The measure, backed by House Majority Leader McCormack (Mass) was voted out of a House commerce subcommittee yesterday as a possible way out of a controversy over a broader school aid bill under fire from Roman Catholic churches as unfair to parochial schools.

Earlier federal housing officials pleaded with congress to keep them from being hard-hearted landlords. Unless the rules are changed, they said, they must evict thousands of tenants—many of them veterans—at the end of this year.

Raymond M. Foley, housing and home finance administrator, told a Senate banking subcommittee that a previous order by Congress to remove all temporary wartime government housing Jan. 1, 1950, would cause "large-scale evictions and serious consequences to the municipalities and institutions where the housing is located."

Cattlemen and farmers look on the coyote as a friend when he helps to keep in check jack rabbits, ground squirrels, prairie dogs and other animals that eat grass and grain.

Sheep ranchers detest coyotes because they kill sheep, lambs, and chickens.

Senate Approves 10 Per Cent Slash In Foreign Aid Funds

Senators Fight To Get New Farm Program Drafted For Present Session

WASHINGTON, July 27—(AP)—The Senate today accepted with a fight the 10 per cent cut in European recovery funds voted by its appropriations committee.

The amendment to the House-passed bill was approved by voice vote. However, a stack of other amendments still had to be acted on before a vote on the bill itself.

In approving a 10 per cent reduction the Senate voted to provide \$3,628,390,000 for the Economic Cooperation Administration for the year which began July 1. The House voted \$3,568,470,000 with authority to spend it in 10 1/2 months, if necessary.

In addition the Senate bill contains another \$150,000,000 in loan authority for aiding Europe's recovery. That item comes up for action later.

And supporters of a move to force the Economic Cooperation Administration to spend \$1,500,000,000 for surplus American farm products in the European Recovery Program won a first-round victory in the Senate.

The initial test on the hotly disputed amendment of Senator

Mrs. FDR Denies Bias In Note To Cardinal Spellman

She Will Continue To Express Views, Letter Announces

HYDE PARK, July 27—(AP)—Mrs. Franklin D. Roosevelt told Francis Cardinal Spellman today in answer to his charges of "anti-Catholicism" that she would "continue to stand for the things in our government which I think are right."

She told the Cardinal in a letter: "I have no bias against the Roman Catholic Church."

She added: "I have no intention of attacking you personally, nor of attacking the Roman Catholic Church, but I shall, of course, continue to stand for the things in our government which I think are right."

"They may lead me to be in opposition to you and to other groups within our country, but I shall always act, as far as I am able, from real conviction and from honest belief."

Her letter to the Cardinal, archbishop of New York, was a formal reply to his charges last Friday that she had a "record of anti-Catholicism" and his denunciation of her opposition to federal aid for parochial schools.

Cardinal Spellman said Mrs. Roosevelt attacked herself with the "Barden Bill" in her June 28 column and two columns. Mrs. Roosevelt publicly denied any bias in her column last Monday.

Dr. Kogel acted as 19 new polio cases were reported in an official described "wild epidemic" in New York City. The health department put the number of cases since Jan. 1 at 247.

The hospital commissioner said he did not want to frighten the public or overemphasize the seriousness of the outbreak, but he added:

"We do need nurses badly to take care of the increasing number of polio cases and I appeal to every nurse who can give full time or part time to help us out in this emergency."

Nurses caring for the polio victims will get \$80 a month more than the pay for general duty nurses, Dr. Kogel said.

Dr. Harry S. Mustard, city health commissioner, said Brooklyn has the largest number of polio cases, 131. Twenty-eight cases were reported in Manhattan, 25 in the Bronx; 59 in Queens and four in Richmond.

In the 1918 severe epidemic 3,467 cases were reported in July. In 1921 there were 490 cases reported in July.

New Work Seeks Nurses To Care For Polio Cases

NEW YORK, July 27—(AP)—An emergency appeal for special nurses to deal with a rising number of infantile paralysis cases was issued today by Hospital Commissioner Marcus D. Kogel. Dr. Kogel acted as 19 new polio cases were reported in an official described "wild epidemic" in New York City. The health department put the number of cases since Jan. 1 at 247. The hospital commissioner said he did not want to frighten the public or overemphasize the seriousness of the outbreak, but he added: "We do need nurses badly to take care of the increasing number of polio cases and I appeal to every nurse who can give full time or part time to help us out in this emergency." Nurses caring for the polio victims will get \$80 a month more than the pay for general duty nurses, Dr. Kogel said. Dr. Harry S. Mustard, city health commissioner, said Brooklyn has the largest number of polio cases, 131. Twenty-eight cases were reported in Manhattan, 25 in the Bronx; 59 in Queens and four in Richmond. In the 1918 severe epidemic 3,467 cases were reported in July. In 1921 there were 490 cases reported in July.

ACL Streamliner Is Derailed At Alma

ALMA, Fla., July 27—(AP)—The Southeast, fast Florida-to-Chicago passenger train, was derailed at a switch here at 1:30 A. M. today.

No one was injured. Atlantic Coast Line Railroad officials said. They said the last five pullman cars of the northbound limited left the track but remained in an upright position. The first six cars passed over the switch and were undamaged.

Passengers in the derailed cars were transferred to the front part of the train and continued their journey. There was only slight damage and it was not necessary to reroute traffic.

Anna Maria Island Okays Erosion Plan

BRADENTON, July 27—(AP)—Florida's first taxation for beach erosion control has been voted on nearby Anna Maria Island.

The little island voted 176 to 30 yesterday in favor of the tax. Voting was limited to property owners who are registered in the island's two precincts.

With the Gulf of Mexico carrying away large portions of its beaches, Anna Maria voted last summer to set up the state's first erosion control district.

The referendum yesterday was whether to approve the tax on the control district. Commission said was needed for experimental work.

The commission proposed to levy five mills a year for two years. This would raise an estimated \$4,000 a year.

7 Men Arrested On Disorderly Charges

CHICAGO, July 27—(AP)—Seven white men were summoned into court today on disorderly conduct charges in connection with a disturbance near a negro family's house in a white neighborhood.

The seven men and four juveniles were arrested last night after police said they stopped cars and carried anti-negro signs near the home of Roscoe G. Johnson at 7163 St. Lawrence Avenue.

Johnson, 55 year old part time postoffice employe and a northwestern University graduate, moved into his newly purchased south side home Monday with his wife and a roomer. Some 1,000 persons gathered and rocks and road flares were thrown at the two-story brick home. One white man was arrested.

Last night Capt. Ray Crane chief of the uniformed police, said a police detail of 150 officers surrounded a crowd of 2,000 persons from in front of the house. Some of police remained in the area during the night. Crane said the 10 arrested led a group of about 100 in beating policemen as well as stepping cars carrying negroes.

CRIMINALLY INMATE

SYRACUSE, N. Y., July 27—(AP)—A 30-year-old father, who left two small children overnight on a deserted island, has been committed to a mental hospital for the crime.

Judge Leo J. Tully of Albany's court ordered the commitment of Donald Fraser yesterday.

Fraser, a Navy veteran, had pleaded guilty to a charge of endangering the lives of his children by leaving them on a deserted island.

U.S. Military Chiefs Plan European Trip

Atlantic Alliance Executives Will Discuss Arms Aid With Commanders

WASHINGTON, July 27—(AP)—The United States military high command will fly to Europe Friday to discuss the arms aid program with the military chiefs of the Atlantic Pact nations.

The National Military Establishment, announcing this today, said the commanders of the Army, Navy and Air Force "will discuss matters of mutual interest, including the proposed military organization under the North Atlantic Pact, with the military chiefs of European signatory nations of the pact and will acquaint themselves with current conditions in Europe."

They also will "gain first hand information on the status of United States forces" in Europe, the announcement said.

The three military leaders—Army General Omar Bradley, Admiral Louis Denfeld, and Air Force General Hoyt S. Vandenberg—make up the joint chiefs of staff.

General A. M. Gruenther, director of the joint staff which is a working agency of the joint chiefs, will accompany the commanders.

They will appear before congressional committees considering the military assistance program on Friday before taking off.

They will visit Frankfurt, London, Paris and Vienna before returning in about ten days.

"Limitation of time prevents a visit to each European signatory nation of the North Atlantic Pact," the NME said. "However, it is hoped that talks can be arranged with military representatives for North Atlantic Pact member nations at any place covered in the itinerary convenient to them."

A representative of the joint chiefs of staff has already begun informal talks with a representative of the Canadian chiefs of staff.

Talmadge Predicts Corporation Tax Will Be Passed

ATLANTA, July 27—(AP)—Herman Talmadge expected his measure to raise corporation income taxes will sail through the Senate today.

Administration leaders said they hoped to finish up the Talmadge program and adjourn by late tomorrow afternoon.

Talmadge's floor leader, Senator Crawford Pilecher, said he has 33 votes pledged—six more than the 27 needed.

One administration leader said, however, the measure might have rough going.

The bill would raise corporate income taxes from the present 34 percent to 7 percent.

Neither Talmadge nor Pilecher would comment on what their constituents would think.

7 Men Arrested On Disorderly Charges

CHICAGO, July 27—(AP)—Seven white men were summoned into court today on disorderly conduct charges in connection with a disturbance near a negro family's house in a white neighborhood.

The seven men and four juveniles were arrested last night after police said they stopped cars and carried anti-negro signs near the home of Roscoe G. Johnson at 7163 St. Lawrence Avenue.

Fraser, a Navy veteran, had pleaded guilty to a charge of endangering the lives of his children by leaving them on a deserted island.

Lewis Turns Down Soft Coal Offer

WHITE SULPHUR SPRINGS, W. Va., July 27—(AP)—John L. Lewis today rejected an offer of northern and western soft coal operators for a two-year extension of his present contract in exchange for dropping the three-day work week. The nine owners offered to give Lewis the same terms and conditions until Mar. 31, 1951. These include a provision that the miners work only when they are "able and willing." The union described the offer as "trifling." With the rejection of the operators' offer, negotiations between united mine workers and the northern and western soft coal men recessed until Aug. 11.

Atlanta Judge Shoots Opponent In Divorce Case

ATLANTA, July 27—(AP)—An Atlanta judge early today shot down a lawyer, his opponent in a range of divorce suits and other legal actions.

At about 2:30 A. M., police reported, Fulton County Civil Court Judge Robert Carpenter, 44, pulled his car alongside one driven by Attorney John Lockwood, 53, and fired at him five times with a pistol.

One shot wounded the lawyer in the face. He ran from the car and tumbled into a muddy, 40-foot deep hole. A hospital later reported his condition was fair.

Carpenter and Lockwood were former business associates, but in recent months had become bitter enemies.

Russia Demands Yugoslavia To Return Citizens

LONDON, July 27—(AP)—Russia has demanded that Yugoslavia release 31 Soviet citizens, she charges have been jailed, beaten and "doomed to starvation" in the recent Paris big four foreign ministers meeting. Yugoslavia Premier Marshal Tito.

A protest note "insisting" on release of the Russians was broadcast last night by Moscow radio. It was a "critical" denunciation of the wide rift between two countries, resulting from Tito's quarrel with the Soviet Communist Information Bureau.

Russia announced during the weekend she had rejected a Yugoslav protest over the Soviet attitude toward Tito's claims to territory from Austria at the recent Paris big four foreign ministers meeting. Russia dropped a Belgrade dispatch today said the weekend Soviet note had not yet been made public there, and there was no official Yugoslav reaction to latest developments in relations with Russia.

The note said the Russian citizens living in Yugoslavia had been subjected to "floggings and all kinds of insults."

It said the real reason was "not that they committed any crime but merely that Yugoslav authorities regard them as supporting friendly relations between the peoples of Yugoslavia and those of the Soviet Union."

All Weather Hanger At Eglin Field Wages Cold, Hot War On Equipment

EGLIN AIR FORCE BASE, Fla., July 27—(AP)—Behind heavily insulated and guarded walls, this cold war that counts. It is testing air force planes, weapons and men against sub-zero arctic cold.

Tests are carried out in a towering all-weather hanger that can swallow the biggest military plane now in existence, then subject it to a 100-mile per hour blizzard, or withering desert heat.

The experiments conducted in the all-weather hanger are only part of the many operations under way at this 300-acre mile proving ground. Added interest has been given them because of strained relations with Russia.

The air proving ground, commanded by Maj. General William E. Kepner, takes new Air Force equipment and subjects it to strains and stresses of assumed combat operations.

It is decided how these new planes and weapons can best be used in actual operations. And frequently the technicians recommend improvements which are built into equipment before it is placed into service.

At Eglin, and so in the ability of the Air Force's latest jet fighters to stop its biggest bombers, the B-56 and the B-50.

General Kepner said bombers make frequent unscheduled attempts to penetrate the air proving ground defenses. Waiting for them are the newest Air Force jet fighters, kept on 24-hour alert.

Kepner said F-80 and F-86 jet fighters and F-88 twin Mustangs have made a "satisfactory percentage of interceptions on the attacking bombers."

A visit to Eglin is a visit to the Air Force of the future. The air proving ground receives one of the first new planes, guns, bombs and other pieces of equipment to come off the production line.

Its runways and parking aprons are built on the level ground.

Steel Union Okays Filing Non-Red Oaths

NEW YORK, July 27—(AP)—The International Executive Board of the CIO Steel Workers Union today unanimously directed the union's officers to file non-Communist affidavits under the Lattley Law.

The action came after a speech at a closed meeting by Union President Philip Murray who has been one of the strongest holdouts against signing the affidavits.

The resolution adopted by the board said the union "dedicates its entire membership to the unfinished task of repealing the Lattley Law and restoring the Wagner Act with amendments designed to safeguard labor's basic rights."

However, the resolution added that "in order to safeguard the interests of the membership and to go forward with the organization of the unorganized within our jurisdiction, the board directs all the union's international officers and officers of local unions designed by top officials to sign the non-Communist affidavits."

Murray has insisted all along that the steel workers union is free of Communist influence, but he has asserted that it objects in principle to a requirement for union officers to sign such affidavits.

A union spokesman explained that the steel workers could not take advantage of the election procedure of the Lattley Law. He said that if they complied with the affidavit requirement, this would be a major part in the fight to repeal the law.

Prisoners Of War Will Not Remove Mines In Future

GENEVA, Switzerland, July 27—(AP)—A non-Communist international group of states today declared that removal of war mines in future conflicts should not be forced to be done by prisoners of war.

The group, which includes the United States, Britain, Canada and Australia, had defeated on a secret ballot by 43 votes to 10, with 4 delegates abstaining.

The Soviet delegate, General Nikolai Slavov, argued that prisoners should be allowed to remove them, and it would be humanitarian and fair to require them to do so.

William Armstrong of Canada replied that mine-clearing is a highly specialized task, at which few prisoners would have had experience.

W. R. Hodgson of Australia told the Soviet delegate he found it "amazing that a delegation which comes to this restriction on the removal of war mines should be in the forefront of the sponsorship of this particular proposal."

GM Employment And Wages Show Increase

DETROIT, July 27—(AP)—With more than 400,000 employees on its payroll, General Motors today reported a new peacetime employment peak.

President C. E. Wilson said the second quarter of this year totaled 403,743, compared with 375,079 for the second quarter of 1948. GM's highest pre-war employment for any previous quarter was in the second quarter of 1941 when 419,728 employees were on the payroll, part of them engaged in defense production.

Average employment for the first six months of this year, Wilson said, was 400,000, compared with 381,995 for the same period in 1948.

GM hourly-rated employees averaged \$69.52 in weekly earnings for the first half of this year, compared with \$61.53 for the same period in 1948.

Beach Improved

MIAMI, July 27—(AP)—A Rex Beach, one of the country's best known resorts, reported slightly improved today at doctors' hospital.

Beach, 71, was flown here Sunday by ambulance plane in serious condition, his physician said. The author lives at his ranch near Sebring, in mid-Florida. He is suffering a throat ailment, the physician said.

ACCIDENT VICTIM

PANAMA CITY, July 27—(AP)—Mrs. J. Godfrey King, 58, died at 5:00 A. M. today of injuries suffered in an automobile accident Sunday and an Alabama man held in the wreck was charged with technical manslaughter.

He is Arthur Johnson of Panay, Ala. He was also hospitalized in the wreck. Mrs. King's husband and young son, Conditon of all three is good.

Ervin Rules Teachers' Contracts Must Not Include Reduction Clause

LITTLE ROCK, July 27—(AP)—The Cabinet today unanimously approved a \$100,000,000 budget to meet Florida's regional education expenses. The vote came after Governor Warren withdrew objections to the bill on grounds of economy. "I'm all in favor of regional education," he commented, "but I don't see how we can finance it when we can't pay for home education."

LITTLE ROCK, July 27—(AP)—Attorney General Richard Ervin said today counties may not write into teachers' contracts a clause that salaries will be reduced if the State fails to provide its full contribution.

Ervin in an opinion written at the request of School Super. Thomas D. Bates, said such a clause would be in conflict with the state minimum education law which provides that teachers must be given a contract calling for payment of a definite salary.

State contributions to public schools were cut 25 percent for the first three months of the fiscal year. Bates has said many schools will be forced to close after seven months if the cut is not restored.

Measuring Date: Rep. Grant

500,000 Troops Renew Fight On Mid-China Front

CANTON, China, July 27—(AP)—A government spokesman estimated today the Communists have plunged 400,000 to 500,000 troops into renewed fighting in central China.

The spokesman, General Teng Wen-yi, did not go into the Nationalist strength. He said there has been no big clash between opposing forces and that government armies were intact.

"We are waiting," he told newsmen, "for the best time and place to deal the Communists a death blow."

Other Nationalist sources, however, acknowledged fighting has advanced into human province. Communist headquarters ordered martial law in this region capital, effective today. (An Associated Press dispatch from Red-held Nanking reported the Communist high command has ordered capture of Canton.)

Baptist Minister Slain By Father Of Wife In Tampa

TAMPA, July 27—(AP)—Police Inspector M. C. Heasley reported today a Baptist minister slaying a minister in downtown Tampa today. Heasley reported that the Rev. John P. Lane had shot the Rev. John P. Lane had died of a bullet wound.

LANE, July 27—(AP)—A YMCA official and former Baptist minister was slain in downtown Tampa today.

Shortly afterwards, Detective Inspector D. D. Stephens reported he had arrested Ward C. Corcoran, father of the Rev. John P. Lane's 13-year-old wife.

The Rev. Lane eloped in June with pretty Miss Ann Corcoran who was an organist in his former church.

Inspector Stephens said he was holding Corcoran for questioning in the murder.

Lane was hit by bullets after an argument at a traffic light. He died at a hospital a few minutes.

Georgia Woman To Be Assisted By Sanford Pilots

At the meeting of the Pilot Club held in the Tourist Center last night members voted to contribute \$10 toward a fund for transportation to England for Miss Josephine Kinnaman, a charter member and past president of the Clayton, Ga. Pilot Club who has been accepted by the Royal College of Nursing in London.

Miss Kinnaman, who is at in district of Columbia, is a student nurse with the Georgia Department of Public Health, will attend the Royal College as a graduate student of Industrial Hygiene. Pilot Clubs in Florida, Georgia, South and North Carolina have been asked to provide the necessary travel funds for Miss Kinnaman.

It was announced by Mrs. Joel Field, Yarnes chairman, that a picture show will be sponsored at the Mayfield Drive-In Theater by the club sometime in September. At the suggestion of Mrs. John L. Galloway, membership decided to operate a "gift exchange" among the club members as a means of raising funds.

A letter was read from Pilot (Continued on Page 21)

Recreation Ball Team Nips Oviedo

The "Hobbs", one of the teams forming the City Recreation League, defeated Oviedo yesterday afternoon at the Oviedo ball park by a score of 15 to 13.

Jimmy Byrd, Jimmy Smith and Britt Yates pitched for the local team. Walter Routh was catcher. Other players were Stanley Oglesby, Charles Guthrie, Grady Johnson, and Al Phillips.

The "Little Giants", sponsored by the Youth, will meet Oviedo at the Lake Front Ball Park Friday morning at 10:00 o'clock.

Recreation Schedule

Thursday
10:00 A. M. Baseball at Lake-front Ball Park.
10:00 A. M. Teaching method of looking rugs, making finger puppets, apparatus activity. 26th Street.
8:00 P. M. Swimming at Oviedo Pool, including instruction on side strokes.

Acheson Appeals To Congress To Suspend Arms Bill Judgment

Secretary Of State Says Americans In China Face Being Held As Hostages

WASHINGTON, July 27—(AP)—Secretary of State Acheson appealed to Congress today to suspend judgment on the \$1,450,000,000 foreign arms aid bill until all the evidence is in.

Acheson told a news conference that points covered on the program by several members of Congress are sound in theory but that they talked in a nonapprehension of the facts.

Evidently referring to the suggestion of Senator Vandenberg (R-Mich.) that only an armistice plan should be adopted now, Acheson said it is a good idea to have an armistice program.

But he declared that is exactly what the Administration has proposed.

The evidence of which Acheson spoke was presented to Congress beginning with his appearance before the House Foreign Affairs Committee tomorrow.

Discussing that appearance, the secretary refused to answer directly a reporter's inquiry as to whether the United States government has information that the Russians are actively preparing for war with Acheson said that was what he called one of those loaded numbers.

If he replied yes, the reporters would make a lot out of that, he said, and if he replied no, they would make a lot out of that, he said. He did not say all the information the department has on the Russian situation will be placed at the disposal of Congress. But he declared emphatically that it will not contain any hush-hush or topsecret stuff.

And the secretary said that American remaining in China face the danger of being treated as hostages by the Communists.

He held a news conference that Ambassador J. Clayton Stuart in (Continued on Page 21)

Lane Is Hit By Bullets Following Row At Traffic Light

TAMPA, July 27—(AP)—Police Inspector M. C. Heasley reported today a Baptist minister slaying a minister in downtown Tampa today. Heasley reported that the Rev. John P. Lane had shot the Rev. John P. Lane had died of a bullet wound.

LANE, July 27—(AP)—A YMCA official and former Baptist minister was slain in downtown Tampa today.

Shortly afterwards, Detective Inspector D. D. Stephens reported he had arrested Ward C. Corcoran, father of the Rev. John P. Lane's 13-year-old wife.

The Rev. Lane eloped in June with pretty Miss Ann Corcoran who was an organist in his former church.

Inspector Stephens said he was holding Corcoran for questioning in the murder.

Lane was hit by bullets after an argument at a traffic light. He died at a hospital a few minutes.

Hot-Humid Spell Is Slated To Continue

Federal Weather Bureau forecasters in Chicago said there isn't much relief in sight today or tomorrow for the hot belt from the Rockies to the Atlantic coast. It looks like another day of readings in the 90's and 100's with high humidity.

Along the west coast and the Pacific northwest temperatures are cool. Some parts of the warm, humid area may get temporary relief from thundershowers, forecasters said. Rain fell in parts of the Great Plains, the upper Mississippi Valley states and over the upper Great Lakes region. The heaviest fall, five inches, was reported at Rochester, Minn.

The mercury yesterday ranged from 63 at Seattle to 96 at Washington, D. C., and hit as high as 107 at several places in the far Southwest.

OLD ROTARY

DAYTONA BEACH, July 27—(AP)—Kiwanis Club here today named its guest—"Old Rotary."

The goal, which will be cared for each month by members, who have had the poorest attendance records during the previous month, was named in a club contest.

LIFE SAVING COURSE

Swimming instruction for the Senior Life Saving Course will be started at 8:00 o'clock Monday morning at the Mayfair Pool, rather than in the evening as formerly stated, B. C. Steele, Red Cross publicity chairman, announced this morning. Bill Fleming will instruct the class.

Ervin Rules Teachers' Contracts Must Not Include Reduction Clause

Gainesville G-Men Blast Sanford In Sloppy 13-4 Game

Rose, Schultz, Lake Work On Mound; Locals To Play In Palatka Tonight

The injury riddled Sanford Giants dropped a 13 to 4 contest to the Gainesville G-Men here last night as the G's banged out 14 hits from the offerings of three Sanford hurlers.

Tonight the locals move to Palatka to meet the Azaleas in a single contest, and the two teams will return to the Municipal Park tomorrow night for a twin attraction with the first game getting underway at 6:30 o'clock.

Friday night the Giants move to Leesburg and come back to their home park for a two game affair on Saturday evening. Sanford plays St. Augustine in St. Augustine on Sunday and the two teams meet again on Monday night. The Giants move to Daytona Beach on Tuesday night, at which time the Second Annual Zeb Ratliff Trophy will be awarded to Lou Bevil of the Giants as the league's most popular player. The presentation will be made by Seminole County Judge Douglas Steinborn.

Len White, Sanford backstop, was admitted last night with a recurrence of an old arm infection. How long he will be out of the lineup has not yet been determined.

Tommy Cataldo injured his leg in the eighth inning last night as he went sliding into second base, and he may be out of play for several days.

Manager Hal Gruber's mound corps was struck a hard blow yesterday when he was told that Lathander Jack Deal would have to rest for an indefinite time since he has a pulled ligament or muscle in his leg.

Manager Gruber's injured list includes Ed Barry, who is nursing a pulled muscle in his right knee; Jack Deal, who may be out for the remainder of the season; First baseman Fred Weber, who has a broken ankle; Len White, who is nursing a swelling in his arm; and Tommy Cataldo, who may be out with an injured leg. Charlie Popo has been playing for the past three weeks with a bad knee, which is being kept in a cast, and he is nursing an injured heel.

Charlie Rose opened on the hill last night, but was pulled in favor of Joe Schultz in the second inning, after the G's had rapped out five hits good for seven runs. The second inning uprising put the contest on ice for the investors. Buddy Lake tossed the final six frames.

Dick McMillan started the game on the mound for the Gainesville side, and held the Giants at bay for four innings, but the early righthander weakened in the fifth to allow the Giants six hits and a pair of free tickets, which were good for four marks.

Meanwhile, the Daytona lelets stopped the St. Augustine Saints in a 6 to 1 tilt at Daytona Beach last night. Wally Davidson went the route to limit the Saints to scattered hits as he racked up his 17th win of the year.

Jim Rinno, Orlando righthander, outpitched Joe Masada of the Leesburg Dodgers to restrict the Red Sox to a pair of runs, but the DeLand bats were drubbed by the Palatka Azaleas in an 18 to 0 tilt in Palatka. Monte Lopez of the A's tossed the win.

LOOKS AHEAD
NEW YORK.—(AP)—Tom Longfield's 21st birthday and the new look of the Brooklyn Dodgers are being celebrated by the veteran pitcher, who will be 21 on the 28th. It will be Longfield's 47th consecutive season in the Equitable Life Assurance Co. league, although he has been retired a dozen years as a manager.

In 1903, as a youngster of 24, Longfield joined Equitable employees in a bowling session and was high scorer. In the 47 years since he was first in the line-up, he has been in the line-up in 36 seasons, both in college and in professional baseball. Three years ago he had high series of 600 as his team clinched the league crown.

YESTERDAY'S STARS
BY ASSOCIATED PRESS
Vern Stephens, Red Sox, pitched his 25th home run and a double in the eighth inning and drove in five runs to lead the Red Sox to an 11-1 triumph over the Chicago White Sox.

Johnny Sain, Cubs, pitched a seven-hit performance for his third win over the Dodgers this season.

STRANAHAN IN RUNNING
ST. JOHN, N. B., July 27.—(AP)—Five Americans, including defending champion Frank Stranahan of Toledo, Ohio, and St. Canadian were still in the running today as the Canadian Amateur Golf Championship moved into the third round.

Stranahan, making his third straight triumph, expelled gray-haired R. L. Devision of Amherst, N. B., yesterday, 3 and 7.

PLANS GOLF MATCH
SPOKANE, Wash., July 27.—(AP)—Spokane's free-swinging golfers are planning a match between a 12-hole round robin and a 36-hole match play in an effort to raise money for the city's new golf course.

NEW YORK—(AP)—W. B. Fisher, 25-year-old Blue Jays pitcher, won the Blue Jays' first game since they moved to the U. S. Soccer League's championship with a 2-1 win over the Boston Braves.

COMMENTS From The SIDELINES

BY HERALD BECKWITH, JR. Herold Sports Editor

LEAGUE RECORDS
Many Florida State League records are in serious jeopardy, according to Whitely McMullen sports editor of the Gainesville Daily Sun and league statistician. "The year could well go down in history as a 'record' year, he states.

If the Gainesville G-Men continue to hit the ball with the regularity with which they have hit since the 1940 season began, they could easily break the team batting record of .288 set by Sanford in 1940. And while in the hitting department we might mention that Gainesville's Al Pittle has a chance to break the loop batting record set by Tommy West of Daytona Beach in 1938. West's record was .383. Pittle is hitting at a near 400 clip with a .391 average thus far this year.

Tommy Cataldo of Sanford has already tied the consecutive games hitting mark held by Deland's Joe Vetter and set in 1935 tops in this department in 27 games.

Stan Karpinski, who racked up his 23rd victory of the 1945 season on Monday night, will probably topple the loop's best pitching percentage set by Sanford's Sid Hudson, who tossed 21 victories against four defeats for the Sanfordites in 1939 for an .837 percentage. Karpinski has dropped a pair of FHL contests this year. He also bids fair to be the first 30 game winner in the circuit since there are nearly 10 more games to be played before the season ends on Sept. 1.

Jim Rivers, Gainesville center fielder, has an opportunity to break several existing marks. He has crossed the plate 105 times and can almost count to better the 120 mark set last year by Orlando's Charlie Heinbaugh.

The league record stands at 273 total bases for a year and was set by Lou Klein in 1940, but Rivers may shatter this, since he has 319. With a little step up in his hitting, Rivers could pass the 300 mark set by Mike Conroy in 1941 which is tops for a rookie performer in the 10 year history of the league.

Rivers has already batted in eight runs in one game, giving him a tie with four other league performers.

Lou Bevil, the hard hitting Daytona Beach pitcher, has knocked in home runs and is setting a club record with the mark of 18 set by Leesburg's Ralph Harlow last year.

STATE LOOP UPDATING
Despite the poor showing that some of the umpires have made in the Florida State League and despite the fact that the circuit has been exposed to the circuit, we have at least one thing for which we can be thankful. That is the fact that we have not had a player hit an umpire.

The league's record League player, Norris Strickland of Cordele, took a couple of "pokes" at Umpire Charles Steiner in the sixth inning of Sunday's Albany-Cordele game, and the umpire suffered a bad eye. Strickland was a swollen face as the result, according to an Associated Press story.

President W. T. Anderson of the circuit has indicated that a heavy penalty is in store for Strickland. The attack is reported to have come after Strickland protested after a strike was called on him by umpire Steiner and the umpire cut-off the pitcher's arm. Anderson reported the player then caught him as he walked down the first base line.

President Jim Butler of the Florida State League has been on the "hot seat" a number of times as the result of action of his umpires, but he has not had to deal with a situation such as that which has been created by the umpiring gets in the league.

SOME ROLLING
BROOKLYN.—(AP)—Arthur Dopand of Chester, Pa., accounted for the high single game of 216 in the National League for Ed Sawyer at Pittsburgh's Lansdowne, recently. Carl Rice of Brooklyn hit 318 as the Wilkes-Barre quintet gained the team title.

DOVER, ENGLAND, July 27.—(AP)
The choppy waters of the English Channel have scored another victory.

A 21-year-old Dutch housewife, Mrs. Willy Crown Van Rijen, who attempted to swim the channel yesterday, had to give up just a mile and a half from her goal after 14 1/2 hours in the water.

LEFT WINGER IS TOPS
ST. PAUL, Minn.—(AP)—Ding Juckes, 25-year-old Blue Jays pitcher, won the Blue Jays' first game since they moved to the U. S. Soccer League's championship with a 2-1 win over the Boston Braves.

VALUABLE REDS
CINCINNATI.—(AP)—The Cincinnati Reds opened the season with the two most recent winners of the International League's annual Most Valuable Player award. Jimmy Bloodworth on the mound and Ed Delaney at bat.

NEW YORK—(AP)—W. B. Fisher, 25-year-old Blue Jays pitcher, won the Blue Jays' first game since they moved to the U. S. Soccer League's championship with a 2-1 win over the Boston Braves.

Brissie Plans To Complete Season Despite Bad Leg

BY FRANK RECK
AP Newfeatures Sports Editor
BROOKLYN, N. Y.—It would be anything but a surprise to see Philadelphia's pitcher, Ed Delaney, give another courageous athletic effort to Lou Brissie. The handsome southpaw of Connie Mack's Athletics is pitching his heart out.

"My leg bothers me again," said the Purple Heart veteran after his three-inning stint in the All-Star game. "I continually use a crutch, but I don't let it operate on me. I won't let them. Not until the season is over, anyway."

Delaney is the most remarkable pitcher in Major League history, without reservations. His left leg was shattered during the war to such an extent that he still wears a crutch's shin guard under his stockings to protect what little he has left of it.

The 220-pound six-foot-five lefty from Ware, Mass., was left maimed by a German attack on Lou Brissie's ship during the war. He was found half dead and brought to a hospital, doctors insisted on amputating the leg, but Brissie fought against them. He refused to let his leg be cut off and a swollen face as the result, according to an Associated Press story.

President W. T. Anderson of the circuit has indicated that a heavy penalty is in store for Strickland. The attack is reported to have come after Strickland protested after a strike was called on him by umpire Steiner and the umpire cut-off the pitcher's arm. Anderson reported the player then caught him as he walked down the first base line.

President Jim Butler of the Florida State League has been on the "hot seat" a number of times as the result of action of his umpires, but he has not had to deal with a situation such as that which has been created by the umpiring gets in the league.

Hitters In Majors Are On Decline Or Managers Work "Percentages"

BY FRANK RECK
AP Newfeatures Sports Editor
NEW YORK.—When in this pitcher-super-bashball everyone talked about a couple of years ago?

An idea of the type of ball being played in the major leagues can be drawn by the various assortment of lineups. This little study shows either the call of hitting in the majors is on the downgrade or the managers believe in playing the percentages to the hilt.

Take the Brooklyn Dodgers, for instance. In their first 46 games they used 21 different lineup combinations. Why? Because certain batters hit certain pitchers and certain other batters have a habit of getting into hitting slumps.

Jackie Robinson, Dodger second baseman, is the only member of Brooklyn's fleet-footed crew to remain in the lineup. He has hit in the batting order on an on-off basis with Bobby Thomson. Thomson needed a lot of patience. In his first 17 games he hit only 22. But since then he has been hitting the ball, hitting .406 in his next 29 games. He has the mark of a cleanup hitter.

Practically all of the Dodger hitters have been in at least one slump this season. Carl Furillo, right fielder, seems to have suffered a more protracted slump than any other Dodger. Furillo is a great believer in hitting percentages, employing lefty swingers against right pitchers and vice versa. While Billy Shotton is a great believer in hitting percentages, employing lefty swingers against right pitchers and vice versa. While Billy Shotton is a great believer in hitting percentages, employing lefty swingers against right pitchers and vice versa.

Venezuelan Leads Ft. Worth Cats In Hot Pennant Race

AP Newfeatures
FORT WORTH, Tex.—Alfonso Carrasquel is a remarkable young man.

Mostly he played by intuition and clever use of the sign language. A hot boy who could speak Spanish and a player just brought in from Brooklyn who also could speak sign language.

It wasn't long before Alfonso was speaking English—not very fluently, of course, but enough that most folks could understand him. By the time the season is over he ought to be as good as anybody.

Carrasquel also pulled Fort Worth out of the doldrums and set it surging to the top of the Texas League. He just what the Cats needed. He wasn't expected to hit much. He wasn't noted for clotting the ball. He was a great fielder, however.

But Alfonso fooled everybody. He became a slugger. He climbed above the .300 mark just past the half-way point of the league race. Now he's calling him the best shortstop in the circuit.

One of the Texas League managers had this observation when Carrasquel first arrived: "Yes, the Venezuelan looks pretty good, all right. But it's a shame you're not allowed to throw at anybody any more. If it weren't for the modern niceness policy you could run him out the league in a month."

There was nothing bloodthirsty about the attitude. It merely was a reminder of an old custom that was applied automatically to all rookies and particularly those who did not come up the rough-and-tough way off American sandlots.

Anyway, this particular manager did not order "dusters" thrown at the Fort Worth shortstop. Neither did anyone else as the Cats made the swing of the circuit.

The rascal, Lorin McMullen, Fort Worth Star-Telegram sports writer, when the club reached Beaumont "it so happened that nearly all of the eight pitchers the Cats had in their rotation were at least one high-inside 'mustard' pitch. Some came very, very close to Alfonso's chin."

"Now, we are not hollering copper," McMullen continued. "We're just a pitcher in the game who does not on occasion intentionally 'brush back' a hitter he respects. And the Shipper flingers have been wild. Anyway, the baseball change is a serious one and is next to impossible to prove. So let's put it this way, simply in the form of information for all Texas League managers and pitchers: Carrasquel did not really bloom into a dangerous batsman until Beaumont pitchers became conveniently wild, high and inside and repeatedly popped him on his posterior."

On consecutive nights Carrasquel singled and doubled, both times with men on base, honored with a mate on base, delivered a long fly that drove in a run, doubled for two more runs; batted a 400-foot triple and a two run 340-foot homer.

"So, it just could be, chums, that the better policy in playing with Carrasquel is one of nice, gentle neighborliness," McMullen said.

BOXERS POPULAR
SANTA CLARA, Calif.—(AP)—Student bodies at Santa Clara, and cross-town San Jose State, have elected heavyweight boxers as student body presidents. Pat Walsh is president at Santa Clara and Don Shearer won the honor at state.

TENNIS
SOUTHAMPTON, N. Y.—Richard Pascho's first attack on Los Angeles, national champion, led field into the third round of the Meadow Club Tournament.

SCARBOROUGH, Eng.—A 14-year-old boy, Jack Kramer, opened his bid for the Glasgow pro title with an easy victory.

NEW YORK—Sky Miracle (64-50) won the Saratoga Northland Purse at Jamaica with Vamano's second and Sky Miracle third.

MICHELLAN BOUS
DOVER, England.—Mrs. Willy Crown Van Rijen of Holland failed in her bid to swim the English Channel, stopping a mile and a half from her goal.

NEW YORK—E. DeWending champion Frank Stranahan of Toledo, Ohio, won his second round match in the Canadian Amateur golf tournament.

RANGER ROUGHNECK
NEW YORK.—(AP)—Freddie Shero, New York Ranger defenseman, drew only two minutes in penalties in 19 games during the season.

JETHRO BEATS SWELL
MONTREAL.—(AP)—Joe Jethro, speed demon, outdistanced Swell in the 100-yard dash.

Pro Grid Tryout Is Offered Shoe Clerk

NEW YORK, July 27.—(AP)—A professional football tryout was offered today to a 26-year-old shoe clerk whose flying words helped frustrate a \$265,000 jewel robbery on Fifth Avenue.

Coach Red Strader of the New York-Brooklyn team in the All-American conference invited the clerk, Bill Van Zandt, to the Yankees' training camp at Cheshire, Conn., "all expenses paid."

Van Zandt gave chase to two men who held up a jewelry store Monday near his own establishment and brought one of the men down with a flying tackle. Both men were caught.

"We're weak in tackling," said Strader.

ATHLETES TO DELHI
BANGKOK.—(AP)—Thailand (Siam) will send track and swimming teams to take part in the Asian Athletic Federation Games in Delhi, India, in 1950.

Phya Chidarak, deputy minister of interior, says athletes in school and public sports competition will be invited to participate in tryouts for the Delhi games. Provincial towns will be invited to send competitors to Bangkok at the government's expense.

The Olympic Games Association of Thailand is hoping to promote sufficient interest in competitive sports so that the country may be represented in the 1952 Olympic Games in Helsinki, Finland.

GOOD START
CINCINNATI.—(AP)—The Cincinnati Reds bought Lucky Walters, then pitcher and now the manager of the team, from the Philadelphia Phils in 1938 and Bucky joined the club on June 15, the day Johnny Vander Meer pitched the second no-hit game. Walters and Vander Meer are the only remaining members of the World Championship 1940 Cincinnati squad.

LONG STAY
FORT WORTH, Tex.—(AP)—Leo R. (Dutch) Meyer has been head coach at his school longer than any other football mentor in the Southwest Conference. The Texas Christian University coach is starting his 16th consecutive season as boss of the Horned Frogs.

JINX TEAM
AUSTIN, Texas.—In his last six years as head football coach of the University of Texas, Dana X. Bible lost only seven Southwest Conference games, but four of them were to Texas A&M University.

No. 1 football game in New York this fall will be the Nov. 12 meeting of Notre Dame and North Carolina in Yankee Stadium.

Brooklyn's three Negro players—Jack Robinson, Roy Campanella and Don Newcombe, under the National League All-Star team this season.

Cabinet Disallows Pay Increases At State's Colleges

All Increases Except Those Fixed By Law Affected; Warren Raps Board

TALLAHASSEE, July 28.—(AP)—The Cabinet Budget Commission today flatly forbade the Board of Control to raise salaries at the state colleges "at this time."

Meeting in emergency session, the Cabinet voted to "disapprove salary increases except those fixed by law at this time, for the present." Agencies and institutions affected by the action will be heard Monday if they wish to protest.

Only Attorney General Richard Ervin voted against the motion. He said he felt the Cabinet's earlier action in cutting appropriations by 25 percent was sufficient.

"Even though it may have been unwise for some to make raises, it's not fair for all to be prevented from making raises necessary to their proper function," he declared.

The motion did not mention the board of control specifically, but Comptroller C. M. Gray reported it would be the only major agency affected. He said most of the departments which asked for pay raises had recalled their payrolls after the 25 percent cut and "asked" that they be reprocessed on the basis of the salaries as in June.

The state fiscal year ended June 30.

Warren earlier had recommended that the board of control change its mind about raising salaries at the institutions but members declined to go along with him.

He issued a statement yesterday saying the board's refusal had "disappointed" him.

Today's action was taken under authority of the general appropriations law which allows the Cabinet to review salaries and expenses of all departments and institutions supported directly or indirectly by state funds.

Increases applied to all agencies, even those which do not draw money from the general revenue sources.

The board of control authorized salary rates for employees of the University of Florida, Florida A. & M. College for Negroes and Florida State University effective this month.

The governor, who headed chairmanship of the Cabinet meeting over to Secretary of State R. A. Gray, he could make no motion forbidding pay raises, said he realized "that many salaries are inadequate."

"Some of them are barely of subsistence level. But I don't think this is the time to try to correct the deplorable situation."

Protesting the proposal, Ervin asked if the Governor didn't believe we have already met the situation as far as we are able without going into departments' internal affairs.

"We expressly told the boards" (Continued on page three)

Mathieux Reports On Mt. Dora Meet

One of the main discussions at the conference of the Agricultural Commissioners Association in Mt. Dora yesterday was the new definition of crop land, Ore Mathieux, County ACA administrative officer, announced today. Mr. L. M. Grantham, his chief clerk, also attended the meeting.

"To qualify as crop land," said Mr. Mathieux, the land must have provided a seed crop and been harvested within the last five years.

Disqualification will reduce the listings of crop land by several hundred acres as recorded in this county, he predicted.

About 17 members of the Association attended the meeting which was held at the City Hall in Mt. Dora under direction of Aubrey Duncanson of Gainesville and Guy M. Cox and H. O. Bell, district supervisors. A luncheon was served to the members.

Business Census Started In City By Government

Interviewers Will Give Merchants Forms To Complete

The United States Census Bureau today started fact finding interviews here in a canvass of retail business establishments, wholesale service organizations, amusements, hotels, etc. W. G. Wehking, Orlando, is chief interviewer and is assisted by Robert Welsh, also of Orlando.

The enumerators will "go on" calling upon all local business places with census forms. All businesses will be asked to report sales, pay roll and employment, inventories and other basic information on the first national inventory of distribution since 1940.

The program will take about a week to accomplish.

Some of the questions asked will reveal how many grocery stores handle fresh meat, how many grocers are members of wholesale sponsored or retail owned wholesaler groups.

Druggists have an interest in the number and location of registered pharmacists. Such information is needed to assist in the development and location of the supply of this skill. They also want to know how many new and full prescriptions were handled.

Druggists are expected to supply this information.

The Census of Business is required by act of Congress to be conducted by the Census Bureau every fifth year thereafter. The act makes it the duty of business owners and managers of establishments to supply complete and accurate information, to the best of their knowledge, to inquiries on the Census report forms.

The law imposes penalties for failure to supply the required census reports. The forms which will be used have been designed to make the business man's part in the census as simple as possible. The information requested generally is readily available from the records usually kept by business establishments.

Relief From Hot Spell Appears On Way For Nation

By ASSOCIATED PRESS
Some relief from the hot spell appeared on the way today but it is going to be hot and humid again today over most of the country from the plains to the Atlantic coast.

A mass of cool air which moved into the northern Rockies from west central Canada pushed into the Southeast today. Federal Weather Bureau forecasters at Chicago said some cooling breezes could be expected by tomorrow night over most of Minnesota, Iowa, Wisconsin and upper Michigan.

There's a possibility, they said, the nearly week long heat wave in Chicago will be broken by Saturday. Meanwhile, temperatures in the high 80's and 90's are forecast over most of the Pacific coast and northern Rockies were the only areas enjoying cool weather.

Thundershowers brought temporary relief to some of the hot spots. But in some sections, violent storms were reported yesterday. An electrical storm killed three persons in Milwaukee. A wind, hail and rain storm hit the New York Metropolitan area. Water flooded the city-owned independent subway system in Queens, stalling trains. A heavy downpour swept over parts of Bergen, Passaic and Hudson counties in New Jersey in Arcadia. (Continued on page three)

FLYER FINED, SUSPENDED

LEWIS, July 28.—(AP)—W. T. Anderson, president of the Georgia-Florida League, today suspended Corbett baseball player Roy Norris R. Strickland from organized baseball for 180 days and fined him \$100 for striking umpire Charles Steiner during a game in Albany on July 24.

The suspension is effective as of July 26. It means that Strickland will be ineligible for 40 days this season and 80 days at the beginning of the 1950 season. Strickland will be eligible for reinstatement around July 1, 1950.

ROAD BUILDING

TAMPA, July 28.—(AP)—Chairman Alfred McLaughlin of the State Road Department today said construction in the near future will be based on needs shown by traffic surveys. Shortage of funds, he said, a civic club here yesterday, makes it necessary to determine what to build on the basis of an actual survey of the traffic.

Steel Workers Ask 12½ Cent Wage Increase

30 Cents Per Hour Hike In Current Dispute Requested By Philip Murray

NEW YORK, July 28.—(AP)—President Philip Murray of the CIO Steel Workers announced today his union wants a package increase of 30 cents per hour in their current dispute with the steel companies, including a fourth round wage increase of 12½ cents.

Murray revealed the demands for the first time at the opening session of the fact finding board appointed by President Truman to avert a strike in the dispute. Murray was the first speaker for the union before the board.

The demands also include 11 2/3 cents per hour for persons and 6.27 cents per hour for social insurance.

"The union is not afraid to have its side of the dispute examined in the public interest," the key haired union head told the board.

"The industry, on the other hand, has been desperately anxious to conceal the economic facts from impartial scrutiny."

"The industry is amassing profits at the staggering rate of approximately one billion dollars annually, after all taxes. This is a record high never approached before, even in the boom years of 1929."

The union says that the current average basic wage rate of steel workers is \$1.05 per hour. In the previous three rounds of postwar wage increases, the union got 15 cents in 1947, and 12 cents in 1948. The figures for the last two years include some fringe benefits.

As the hearing opened the fact finding board ruled that it could consider evidence on pensions for steel workers along with the two other issues at stake.

This was what the CIO Steel Workers had asked at a preliminary meeting on Tuesday of the three-man board set up to hear the case for and against a fourth round wage increase.

The companies, led by U. S. Steel, had promised that the board hear evidence and then decide first whether the pension issue was a proper matter for consideration.

It is the companies' contention that the pension clause in the contracts with the union, under which negotiations are being conducted this year, does not permit pensions to be brought up.

The companies agree that the other two issues involved, a wage increase and social insurance, are covered in the reopening clause.

The fact finding board, set up by President Truman to head off a threatened strike July 16, will hear evidence for 10 days.

The union, which is asking the wage, social insurance and pension concessions for its some 600,000 members, (Continued on page three)

A. C. Saunders, Lake Mary Resident, Dies

Funeral services for Mr. Aubrey Chester Saunders, 66 retired contractor and builder of Lake Mary, who died yesterday noon at a local hospital after a long illness, will be held Saturday morning at 10:00 o'clock at the Erickson Funeral Home. The Rev. Harold L. Brown, pastor of the Missionary Baptist Church of Jacksonville, will officiate. Burial will be in Lake Mary Cemetery.

Mr. Saunders came to Florida 20 years ago and prior to that time was engaged in band and orchestra work. He served as director of the Silver Band of McMinnville, Tenn., band of the 888 Regimental Band of Ullahoma Tenn. For a number of years he taught music and art at Burrill College, Spencer, Tenn. He was a member of the Episcopal Church.

He is survived by the widow, Mrs. Bessie L. Saunders; two daughters, Mrs. B. D. Hughes of Jacksonville and Miss Orla C. Saunders of Lake Mary; one sister, Mrs. Frank Stevens of Summerville, Tenn.; and four grandchildren.

PLANE CRASH
EGLIN, July 28.—(AP)—A National Guard fighter plane crashed here Tuesday night, killing Lieut. Roy H. Anderson, Jr., of Birmingham, Ala. Survivors include his father, R. H. Anderson of Lakeland.

Legislator Says Special Committee Is 'Stacked' With 'Sales Taxers'

TAMPA, July 28.—(AP)—A legislator and a tax group today charged that the special legislative committee investigating sales tax bills was "stacked" with "sales taxers."

Rep. Alvin Frank, Osceola, reported on Tuesday in a letter to Rep. Richard Simpson, chairman of the House Finance and Taxation Committee, he had written Simpson's "friend in the past and asked 'Don't it strike you that you would select a committee composed practically entirely of members who favor the sales tax?'"

And the Florida Taxpayers Association, with headquarters here, asked, "Since Senator Shands and Representative Simpson have apparently packed their special committee with sales taxers, are they going to propose—and if so, accept?—another \$100,000,000 'poor man's income tax' which these same legislators pushed at the regular session to raise about twice as much as even the wildest 'tax and spend' crowd."

Frank wrote Simpson in reply to a four-page letter sent by the House Finance Committee on July 27.

Kiwanians Hear 49 Pobo Cases

Delegates Tell Run Far Ahead Of M Record

Activities in Legion Sponsored Program Outlined By Youths

Charles Anderson, William Kilpatrick and Donald Linton today told Kiwanians of their experiences at the recent American Legion sponsored Boys State program in Tallahassee. They were introduced by Judge Donald Stenstrom, who served Boys State one of the first youth training programs in the country.

Charles Anderson, sponsored by Kiwanis, told of talks given to the boys by Governor Warren, Secretary of State Gray, Senator Baker and Frank Wright, assistant to the Governor. A full report of the year's activities will be published.

Gordon Bradley Resigns Post As Clerk Of City

Gordon I. Bradley, deputy clerk since Mar. 4, 1946, today announced his resignation, effective Aug. 15.

In a letter to the City Commission he stated "this has been a busy decision after much consideration of the past month."

"I have enjoyed my work in the city and my association with the various departments and the Commission and the staff. Mr. Staver, with whom I worked closely during the past three years.

"I hope the Commission will find that my resignation will be a benefit to the city and that the necessary steps will be taken to fill the position as soon as possible."

"I can ever be of assistance to the Commission or to the city in any way, I hope you will be satisfied with my resignation." (Continued on page three)

Citrus And Cattle Sales Highlight Activities In Geneva During Year

Geneva, located about 11 miles southeast of Sanford on Highway No. 46, its new road leading to the past year from citrus sales and from the cattle raising industry, according to W. G. Kilbee, county commissioner and Geneva citrus grower and rancher.

Residents of the community are expressing much interest in the new Geneva Bridge over the Johns River which will replace a present one way draw bridge. Kilbee will represent the district at the meeting of the State Road Department in Tampa Thursday when bids for the bridge will be opened. Representative M. B. Smith will go to Tampa with Mr. Kilbee, the latter stated today.

Geneva had a population of about 500 when the last census was taken in 1945 by Mrs. J. W. Yarborough, she revealed yesterday. Since then a number of new homes have been built in the town. Building is also active at Rest Haven, which is located on the shore of Lake Harney several miles east of Geneva and where during the past three years about 20 homes and cottages have been built. A. Possible Military Thrust By Russia Is Seen By Acheson

Blandly Calls For War Planning To Prepare For Possible Military Thrust

WASHINGTON, July 28.—(AP)—Secretary of State Acheson today said Congress should begin promptly to help rearm western Europe because the possibilities of direct military aggression by huge Soviet forces cannot be ignored.

Leading off the Administration's drive for congressional approval of a \$1,450,000,000 rearmament program, Acheson pointed to the European situation as being under the shadow and constant fear of Russian armies which are the greatest in the world.

He also asserted that Russia is approaching a crossroads in its policies toward the West where it may have to choose whether to continue trying, impeded by political means, to secure its "military means."
