

PROHIBITION NAVY TO ACT ALONG FLORIDA'S COAST RUNNING BOOZE BURGLARS

Hootch Hounds Will Be Assisted by Uncle Sam's Navy

MELLON APPROVES OF THE DRY NAVY

And Sub-Chasers Will Dry Up Florida for a Time

(By The Associated Press) WASHINGTON, March 9.—Formation of the prohibition navy for combating rum smugglers along the Florida coast was approved by Secretary Mellon of the treasury, it was stated today. Officials declared the use of the coast guard submarine chasers by prohibition authorities should have marked effect upon the operations of the liquor runners.

STATE'S ATTORNEY G. A. D'COTTES BUSY ON DELAND CASE

BRINGS MRS. SHIELDS AND THE NEGRO FACE TO FACE

(By The Associated Press) DELAND, March 9.—State Attorney George A. DeCottes last night brought Mrs. Shields and Pete Smith face to face to question them about the killing of Mr. Shields. The woman again accused the negro of the killing and Smith stoutly denied any knowledge of the crime. The authorities are marking time in the investigation pending receipt of copies of letters and telegrams from Shields which Mrs. Nettie Lawrence, of Wichita, Kansas, telegraphed yesterday she was forwarding. Mrs. Lawrence Shields is a sister.

Florida to Get Benefits From Drainage Bill

SENATOR TRAMMELL GRATIFIED AT FAVORABLE REPORT BY COMMITTEE.

Senator Park Trammell, in an interview yesterday, expressed gratification over the action of the Senate committee on reclamation in reporting favorably on the McNary bill providing for federal assistance and co-operation in drainage projects as well as arid land projects.

The Senator said that under the provisions of this bill Florida and other Southern states will be benefited as well as the states in the West. He added that the McNary bill covers in the main provisions of the bill which he has been fighting for since he became a member of the Senate.

It will be recalled that when Senator Trammell first advocated this policy before the Senate he received very little support from other Southern senators and was opposed by the senators from many of the Western states. It is due largely to his continued efforts on behalf of this character of legislation that the present measure has been reported favorably as a compromise after several attempts to secure federal aid for the arid lands in the Western states had failed because of the opposition of Mr. Trammell and others who declared that the South must receive recognition through the inclusion of drainage provisions if the measure was to be passed by the Senate.

The present bill, which contains many sections, practically the same as those of the bill first introduced by Florida's senator, was approved by the secretary of the interior before it was recommended by the reclamation committee.

Senator Trammell said it was likely that immediate results would be obtained in Florida through passage of the bill which is now belayed to be assured.—Orlando Sentinel.

FORD WILL NOT GET SHOALS FOR YEARS, IF AT ALL

LEGAL ENTANGLEMENTS WOULD PROHIBIT CONGRESS FROM REACHING DECISION.

(By The Associated Press) WASHINGTON, D. C., March 9.—Chairman Kahn of the House military committee yesterday told W. B. Mayo, chief of engineers for Henry Ford, that it would require years to thresh out existing legal entanglements and it was doubtful even then that the Government would be able to accept the Detroit manufacturer's proposed contract for purchase and lease of the nitrate and power projects at Muscle Shoals, Ala.

After the committee adjourned other committee members said the legal barriers to acceptance of the Ford proposal appeared inescapable because of the contracts held by the Alabama Power Company and the Air Nitrates Corporation, which, those concerns claim, give them exclusive rights to purchase the Warrior steam plant and nitrate plant No. 2, respectively. Both units would be delivered to Mr. Ford with free titles in event his proposal was accepted and could not be freed from the contract without prolonged litigation in the courts.

Mr. Kahn said attorneys for the power company and the nitrate corporation had advised him they would insist that the Government discharge the obligations it had assumed when contracts for the construction of the two units were executed with war department officials and options given their clients for exclusive purchase of the two plants in the event the Government ever decided to sell them. Under their separate warnings they would refuse to submit to the disposition of the properties to Mr. Ford and would battle for their rights, from the lowest to the highest courts, Mr. Kahn said, he was unable to see how the Government could enter into the agreement proposed by Mr. Ford, to the extent of delivering the plants to him for immediate development or for future operation if the courts sided with the power company and nitrate corporation in the final decision.

Mr. Mayo revealed that it was Mr. Ford's intention to begin work at Muscle Shoals this summer.

HARDING ARRIVES AT JACKSONVILLE AT NOON TODAY

(By The Associated Press) JACKSONVILLE, March 9.—The Harding Special arrived here at twelve forty-four o'clock, after a brief stop to transfer the train from the Atlantic Coast Line to the Florida East Coast tracks, and then will continue to St. Augustine.

PUTNAM LUMBER CO. SAWMILL BURNED TODAY WITH A BIG LOSS

(By The Associated Press) JACKSONVILLE, March 9.—The sawmill of the Putnam Lumber Company on McGirts Creek, six miles from Jacksonville, was destroyed by fire early today, with a loss of one hundred and forty thousand dollars, which was covered by insurance. Officials announced the plant would be rebuilt immediately. Two hundred men were thrown out of work.

FOUR RELIGIOUS ORGANIZATIONS WANT DISARMAMENT

(By The Associated Press) NEW YORK, March 9.—Four religious organizations, representing Protestant, Catholic and Jews, today began a concerted movement to obtain the Senate's immediate ratification, without reservation, of the treaties adopted at the Washington Armament conference.

Being sort of not on his job, the Secretary of the Interior refuses to fall for resignation stories.

Right now both England and France are doubtless glad the channel was not tunneled.

ROGER BABSON ON FLORIDA

Florida newspapers have been quoting at length an interview given press representatives at Daytona by the famous statistician, Roger W. Babson, probably the leading authority of the day on economic problems as relating to the present business situation. Mr. Babson recently spent some time in Florida, gaining first-hand information as to our resources and our future possibilities. He therefore put himself in a position to speak with authority. In the Daytona interview he expressed amazement at the general condition of business in Florida, noting the remarkable growth of the cities he had visited and the general tone of optimism everywhere encountered. Then when he went back to Philadelphia he published a statement, over his own signature, in the Philadelphia Public Ledger that is well worth reading:

"I have traveled these last two weeks," Mr. Babson says in his statement, "from Maryland to Florida, and then westward through Georgia, Alabama and Mississippi.

"Conditions are surely better in the South Atlantic states than they were a year ago. At that time it was pitiful to see the distress among both the rich and the poor. Like an epidemic, the business depression when it struck the South showed no favoritism.

"Rich and poor, young and old, were all hit together. Virginia, North Carolina and Northern Georgia show more improvement than does the rest of the South. The best cities for sales are Richmond, Va.; Greensboro and Charlotte, N. C.; Charleston and Columbia, S. C.; Columbus, Augusta and Atlanta, Ga. Each one of them will show much better business in 1922 than in 1921.

"Florida is not included in the above list as—with the exception of the northern part—there has been no real depression in Florida. If Florida were in the western part of the country, I should say it will surely be hit by the depression wave some time within the next two years. But considering the fact that the present depression started in the East and that the South has already received its blow, the Southern part of Florida may escape this time without being hit.

"This, however, doesn't mean Florida will always be immune from depression. Some day there will be a real estate collapse in Florida just as there has always been in every state after a period of great prosperity.

"I am distinctly bullish on the South. The young man of the North should advise to go South rather than West. Certainly our South Atlantic states offer agriculturally, industrially and commercially better opportunities to the young man of today than does South America."

DOPE USERS BURGLARIZED THE SOUTHERN DRUG STORE AT JACKSONVILLE LAST NIGHT

Stole \$3,500 Worth of Cocaine, Morphine and \$100 in Cash

JACKSONVILLE, March 9.—Thieves, believed to be drug users, broke into the Southern Drug Manufacturing plant here sometime last night and stole \$3,500 worth of cocaine, morphine, and a hundred dollars in cash, valuable jewelry from employees' lockers, etc. The police said they had several clues and expected to make arrests soon.

AMERICA DECLINES INVITATION TO PARTICIPATE IN CONFERENCE OF GENOA ECONOMIC MEET

Uncle Sam Holds to the Policy of Non-Recognition of Soviet Government

(By The Associated Press) WASHINGTON, March 9.—The United States Government has declined the invitation to participate in the Genoa economic conference.

The decision of the American government was transmitted late yesterday to Senator Rice, the Italian ambassador here, who, acting for his country and indirectly for the Allied Supreme Council, extended the invitation for American participation.

The position of the American government as set forth in the communication handed Ambassador Ricci is that participation by the United States in any general European economic conference is impossible at this time owing to the complete failure of European nations in the view of the American government to adopt proper measures for remedying the ravages of war and for insuring the stabilization of their economic life.

It is understood that the American government also fails to agree with the European powers as to the participation of Russia and in that connection cites the policy of the United States of non-recognition of the Soviet regime as set forth in the note of last March.

LONDON, March 9.—The news that the United States has declined the invitation to participate in the Genoa conference is extremely disappointing to all the supporters of the Genoa project. The view is held here that the absence of the United States is bound to detract from the usefulness of any decisions adopted at the conference for European economists, are increasingly convinced that the real rehabilitation of Central Europe is possible only with the co-operation of the United States.

California Goblin Will Straighten Out the Tangle

Ku Klux Klan Gets Credit for Doing Everything

(By The Associated Press) LOS ANGELES, March 9.—William S. Coburn, Los Angeles attorney, and Grand Goblin of the Ku Klux Klan, announced today he soon would go to Kern county, California, to investigate troubles there attributed to the Klan and "to expose those who are breaking laws and hiding behind Ku Klux organization. I am tired of this bunk and am going to stop it," he said.

Harding Leaves For Florida to Spend Vacation

WASHINGTON, March 9.—Accompanied by Mrs. Harding and a small party of friends in official life, President Harding left Washington early yesterday evening to spend a week in Florida in rest and recreation.

The President, it was said at the White House, plans to spend most of the time at St. Augustine, the presidential train reaching that city at six o'clock this evening. It was added that the President expects to spend the entire week resting and seeking recreation.

IN REFUSAL TO JOIN THE UNITED STATES SHOWS A PRESSURE FOR ECONOMY

KIWANIS CLUB ENTERTAINED AT MONTEZUMA

MESSRS. DOUGLASS, SMITH AND MANAGER GROSE WERE THE HOSTS

At the invitation of Kiwanians E. A. Douglass and H. P. Smith, owners, and Mr. Grose, manager of the Montezuma Hotel, the Kiwanis Club met and had luncheon at Sanford's new hotel today. Messrs. Douglass, Smith and Grose proved to be most entertaining hosts.

President Connelly called the meeting to order and presented Howard Overlin, the baby Kiwanian, and after John Smith had seated the gentleman in the baby chair he was made to rise and give a speech. Howard was going good when Forest Lake called him down for being too lengthy and also in order to give A. Raffeld a chance to sing Liza Jane for being late.

The regular scheduled speaker, Brax Perkins, failed to show up when called, but sent word that he was suffering with a severe case of mumps, dumb ague and etc. He was promptly fined \$10.00 for the hospital fund and Dr. George Hyman was called on to fill his place as speaker. Dr. Hyman responded with his usual entertaining manner and stated that the eight and one-half years spent in Sanford had made him a Sanford booster that he could not forget and that he would be a Sanford booster, although he is shortly to leave for Tampa.

O. P. Swope, of the county commissioners, was here introduced and properly welcomed. Mr. Swope outlined the plan whereby Seminole county is to have its road system materially strengthened and also whereby a bridge could be obtained for Osteen Ferry. This plan called for the endorsement and carrying of a \$100,000 bond issue, the election for which has been called. After Mr. Swope's address the club unanimously endorsed the project and promised its support of the bond issue.

Prof. McKay was the educational speaker of the day and spoke for ten minutes on the necessity of providing education and recreation of the proper kind for the boys and girls of today—that they might make a better nation of tomorrow.

Wm. Akers, of the King Hardware Co., of Atlanta, brother of our Frank, was a visitor and addressed the club. At the close of the meeting on motion of Mr. Lillard and Mr. Lake, a rising vote of thanks was tendered to the hosts of the day for the magnificent entertainment.

Dainty folders were at each plate, on which was printed:

- Complimentary Luncheon to the KIWANIS CLUB Sanford Thursday, March 9th, 1922.
- (Emblem)
- Fruit Cocktail a la Montezuma
- LUNCHEON
- Hearts of Celery - Queen Olives
- Chicken Bouillon, en tasse
- Corn Bread Sticks
- Broiled Filet of Red Snapper
- Sauce Tartare
- Chicken Croquettes en cream with June Peas
- Potatoes Casserole
- Butter Beets
- Asparagus Salad a la Kiwanis
- Chocolate Ice Cream and Cake
- American Cream Cheese
- Cafe Noir
- Iced Tea
- Cigars

GET A BULLETIN ON HOG RAISING

(By The Associated Press) GAINESVILLE, March 9.—The College of Agriculture of the University of Florida, has issued a bulletin on the raising of pigs which it is anxious to place in the hands of every person in the state who is interested in the industry. The bulletin, Number 31, is prepared especially for the club boy and girl and will be supplied free of charge upon application.

Sure, the judge plucked in a dry raid on Newport, Ky., saloons was just personally investigating.

In the Rehabilitation of Europe in Remedying War's Ravages

CONFERENCE WILL PROCEED

Just the Same Without America But They Want Us

(By The Associated Press) WASHINGTON, March 9.—Refusal of the United States to participate in the Genoa conference may be viewed as the first step in the campaign of tactful pressure to promote economic rehabilitation of Europe, it was said today by high officials of the government.

LONDON, March 9.—The decision of the United States not to participate in the Genoa conference will not effect the date nor the plans for the conference as far as Great Britain is concerned, it was stated officially today.

COMPTROLLER TO REFUSE FROZEN LOAN

SAYS BONUS CERTIFICATES WOULD BE NO GOOD AND THE BANKS COULDN'T USE 'EM

(By The Associated Press) WASHINGTON, March 9.—Comptroller of the Currency Crisinger announced today in the event of the enactment of the soldiers' bonus legislation providing for the payments by adjusted service certificates he would advise national banks to decline to accept certificates as security for loans. Crisinger described the proposed plan of issuing adjusted service certificates for use by soldiers if desired, as collateral for loans to 80 per cent of their face value as "the worst kind of frozen credit" and declared while he would be without authority to order national banks to refuse to accept them as security he would strongly advise against their acceptance.

PRESIDENT IS ON THE WAY TO FLORIDA

SPECIAL TRAIN ELABORATELY SAFEGUARDED TO ARRIVE AT ST. AUGUSTINE TODAY

(By The Associated Press) ON BOARD PRESIDENT HARDING'S SPECIAL TRAIN, March 9.—Refreshed by a good night's sleep President Harding was looking forward enthusiastically to his first day's vacation when he arose this morning aboard the special carrying him and his party to Florida for a week's rest. The special early today was skirting the lower South Carolina coast. It is scheduled to arrive at St. Augustine at two o'clock this afternoon. President intended to go out for a round of golf this afternoon. While the vacation plans for the week were not announced it was understood that Harding might take a trip down the coast as the guest of Edward M. McLean, publisher of the Washington Post, on the latter's houseboat. Elaborate precautions are being taken by the Atlantic Coast Line officials to protect the special. Every yard of track is inspected by a pilot train running ahead of the special. No train is permitted to be operated or any switch turned in the track between the special and the pilot train. Picked crews of trainmen are handling the special.

If there be luck in odd numbers, those seven treaties should soon be Senate O. K'd.

MAKE YOUR MONEY WORK FOR YOU
 We pay 4 per cent Interest on Savings Deposits
THIS LITTLE SAVER IN YOUR HOME HELPS YOU TO LAY ASIDE \$3.55 OR MORE EVERY MONTH

You must deposit coins totalling that amount in order to keep the Calendar Bank up to date. A dime inserted in the proper slot every morning turns the calendar to the correct date. A few extra coins during the month provide for other necessary changes. We will lend you one of these banks, on making an initial deposit of two dollars, to help you with your savings. You can put as much more than \$3.55 as you wish. This amount, however, should be deposited every month. The interest works for you, in our Savings Department.

VISIT OUR SAVINGS DEPARTMENT, AND LET US SHOW YOU HOW THE CALENDAR SAVINGS BANK WORKS

The Seminole County Bank
 STRENGTH — PROGRESS — SERVICE

Following the awarding of prizes the hostess served a salad course with accessories and cake laced in green, coffee and mints. Favors of bouquets of pansies were on each plate.
 Mrs. R. W. Pearman, Mrs. J. B. Coleman and Mrs. R. S. Holly substituted for absent club members. The club members present were Mrs. Henry Purdon, Mrs. Don Smith, Mrs. J. B. Lawson, Mrs. A. W. Lee, Miss Thelma Frazier, Mrs. Robert Hines, Mrs. D. C. Marlowe, Mrs. Howard Overlin, and Mrs. Archie Betts.

OUR BAND PLAYED TODAY FOR AUCTION SALE ON THE LAKE FRONT

The Sanford Band played on the street this afternoon for the big auction sale of lots on the lake front near the old fibre factory. The band looked good in their new suits and they played with their accustomed vigor. Jamie Robinson was squeezed into Brady's coat and Ralph Warren didn't have time to get his band pants as he dashed out at noon after a hurried meal but aside from that the band was all right and there with the goods. They just naturally lived on up things all along First Street and if there are any grouches that say Sanford don't need a band we will say they need a liver pill or a swift kick in the pants or something else equally as violent.

DEATH OF DR. JESSOP.

Word was received here today by Charles Whitner that Dr. C. J. Jessop had died at Pittsburgh hospital yesterday evening. Dr. Jessop was well known here where he spent all of his winters and friends will be grieved to learn of his death.

ENTERTAINED SCHOOL BOARD.

Judge and Mrs. Schelle Maines entertained the County School Board at dinner yesterday. The school board met in regular session yesterday with Chairman C. F. Harrison, T. F. Williams and C. A. Dallas and Supt. T. W. Lawton present and at noon were escorted to the Maines home on Magnolia avenue for lunch.

ELECTION FOR SCHOOL BONDS.

The petitions calling for an election for school bonds for a new school building and school supplies for District No. 1 were presented to the County School Board at their meeting yesterday. According to law the petition must remain in the hands of the board for thirty days and after that time at their next regular meeting the board can call the election.

yesterday enroute to other places of interest in the state.

Mr. and Mrs. A. S. Miller, of Valhalla, N. Y., are among the recent arrivals and are pleasantly located at the Montezuma.

Miss Daphne Carroway, of Washington, D. C., left this morning for Jacksonville after spending a few days here at the Montezuma.

Dr. and Mrs. C. L. Stacey and daughter, Caroline, of Lakeland, are the guests of Mr. and Mrs. R. L. Christenberry at their home, 418 Magnolia ave. Dr. Stacey is pastor of the First Presbyterian church at Lakeland.

SEMINOLES BRIDGE CLUB

Mrs. John C. Smith was the gracious hostess yesterday afternoon when she entertained at bridge at her home on West Second street, the guests including the members of the Seminole Bridge Club, there being three tables of players.

The fact that St. Patrick's day is approaching, was evidenced in the decorations and details of this pretty party. Quantities of roses combined with sprays of ferns were effectively used. The tally cards were suggestive of St. Patrick's day.

After several very interesting games of bridge, scores were counted and it was found that Miss Thelma Frazier help top score and was given a cluny lace centerpiece. The cut prize, a framed motto, was won by Mrs. Don Smith.

SOCIETY

MRS. FRED DAIGER, Society Editor, Phone 217-W

If you have any friends visiting you—if you are going anywhere or coming home, or if you are entertaining, write a postal card in this department, giving details, or telephone the item. It will be greatly appreciated.

SOCIAL CALENDAR

Thursday—Little Miss Martha Coney will entertain a number of her young friends at her home on Oak Ave., from 3:30 to 6:00 p. m. The occasion being her seventh birthday anniversary.

MEMBER THE ASSOCIATED PRESS

Of nearly 20,000 school pupils quizzed by the Literary Digest only one answered all the 100 questions correctly and that was a 16-year-old girl of Sanford, Florida.

We do, Gilbert, we do. It speaks well of the schools, teachers, parents and the Sanford Herald.

The Ku Klux seem to have taken a hand in investigating murders in this state. And why not? They have a system of finding out things that is about the best in the world and they are for law enforcement and aid in making communities better.

We wonder how much of that 350 millions appropriated yesterday by the government for reclamation work will come to Florida.

PLENTY OF FRUITS AND VEGETABLES

In the years gone by the visitor to the city and the home folks had a difficult time in obtaining fresh fruits and vegetables in season.

The Okeechobee News truthfully says "That the Florida family that does not have fresh fruit and vegetables on its table every day in the year is not enjoying an opportunity that belongs to all Floridians."

Years ago a visitor upon arriving in Daytona had an occasion to inspect the back yards of many citizens of that town and in each yard found empty tin cans by the hundreds that once had contained canned vegetables, canned meats, canned fish, canned fruits, etc.

QUALITY GROCERIES from "the cheapest that's good to the best that's made." We carry everything a first class grocery should. —A Trial Will Convince— DEANE TURNER Phones 497-494 WELAKA BLOCK Courtesy and Prompt Service Our Motto

had visited many canning factories whose output in the busy season reached over 50,000 cans per day and wondered where in nation those cans were shipped to.

He concluded that the answer was that they were mostly shipped South and that after giving sundry back yards a thorough inspection that Florida received more than its share.

His remarks were taken up by the state press and people were urged to eat more from the products of their garden than from the tin can and many commenced to plant gardens they never planted before.

Today that campaign is having its effect and we see in the stores vegetables and fruits by the wagon load.

Hastings has her potato fields; Sanford here celery and lettuce; the famous ridge section of Florida her oranges and grapefruit; Plant City her strawberries; the great Manatee section her celery, lettuce, peppers, egg plants and strawberries.

With our resources and the possibility of growing weather 360 days in the year, yet we import syrup from Georgia, eggs, chickens, cream and butter from Tennessee.

With all of our waste lands they are good for something and could be utilized either for chickens and eggs, or else developed into gardens.

Taking it for granted that the average sand tracts are not rich enough to produce grass that will keep a steer alive, there is the rich Everglades section where five cows cannot keep the grass down on an acre of land.

Yes, the News is right. Every Florida family should be able to have fresh fruits and vegetables on their table every day in the year.

MAKING "SPOTLESS TOWNS"

Sanford's city commission has started in to clean house by ordering owners of disreputable-looking shacks to tear them down forthwith so that the city may have that pleasing appearance possible only through neatly kept premises and houses that are painted and made otherwise attractive.

There are few towns anywhere that do not have some houses of the kind put under ban at Sanford. In a country like Florida with its balmy climate and profusion of flowers and shrubs even the humblest home can be made attractive.

DEAD WINTER UP NORTH— JOYOUS JUNE IN FLORIDA.

We people in Florida read of the dreadful storms they are having up north, but we suspect that very few genuine Floridians realize what it means when we read that a blizzard is sweeping over that country.

UNCLE HANK

Nowadays, th' young fellers is apt to git his sensation of love confused with th' smell of talcum powder.

and pitying from their soul's depths the people, perhaps their friends and relatives, who are fighting the inclement weather in the country which is still "back home" to so many in Florida.

For it is June in Florida. Even the oak trees are springing their tender green leaves; the orange trees are blooming and filling the air with their sweet fragrance; the hibiscus, poinsettias, bignonias, bougainvillias and oleanders make the yards and streets a riot of beauty and color.

All northwest, including Twin Cities buried under the heaviest snowfall in years.

Four deaths reported due to storm—two in St. Paul, one at Rochester, Minn., and one at Dilworth, Minn.

Train service in and out of Twin Cities demoralized with no trains west and eastern trains greatly delayed.

Twin Cities cut off from wire communications with rest of world except by way of Winnipeg.

Thousands of automobiles stalled in streets and abandoned.

Street car service maintained on all lines by heroic efforts, but far off schedule.

Rural mail service suspended and city service chaotic.

School attendance cut to 15 per cent, with schools closing at noon.

Impending milk shortage due to blocked rural roads.

Flour mills face heavy production curtailment because of dearth of incoming wheat.

Horses uplant motordriven apparatus in Minneapolis fire department.

Great Northern passenger train stuck in drifts at Alexandria, Minn.

Duluth gives up fight and awaits end of storm with policemen traveling on skis and snowshoes.

There are only two classes who can view the situation with any degree of complacency. The unemployed for they can find jobs shoveling snow and cutting ice, of which there is a plentiful supply; and the farmers who believe a heavy snowfall in winter presages a bountiful harvest in the following summer.

FARMING PROSPECTS

General farming as practiced in the North and West may not have such a hearing on the winter vegetable farming of this part of Florida but the farmers are the backbone of the country.

The country would like to see more big men in the senate. The Democratic party is in need of able leadership. Mr. Bryan might prove a real asset from the party point of view.

that we take great pleasure in publishing them as the heads of the farmers association give them:

"It is not without reason to say that the near future will see the farmer selling his wheat, corn, live-stock, tobacco, vegetables and milk directly to the consumer.

"The farmer looks forward to helping the public by elimination of profit-robbing middlemen, bringing a fair return of profit to himself without imposing price hardships.

"Among the important improvements farmers are looking forward to this year include:

"Reduction in transportation costs. "Interior canalization. "Opening of the Great Lakes waterway.

"Improved river transportation. "And as credit is the lifeblood of farming, we hope for some legislative credit machine like Congressman Sydney Anderson's intermediate credit plan to come to our rescue.

"We expect tangible legislation to follow the report soon to be made by the Congressional Joint Commission of Agricultural Inquiry which will go far forward toward making American farming a leader among the professions of the world."

OUR TRANSPORTATION PROBLEMS

The transportation problem is the greatest one that confronts the people of this part of the United States. With the greatest crop of fruit and vegetables ever harvested or ready to harvest last fall and this spring the chance to make good was the best chance in the world—had it not been for the inordinate greed of the transportation companies.

What the growers of Florida should do is to own their boat lines, first starting on the inland waterways of Florida and then taking up the ocean trade and if necessary put on an independent line of ocean steamers that will carry fruits and vegetables under refrigeration.

BRYAN FOR THE SENATE

Down in Florida opponents of William J. Bryan's candidacy for the United States Senate have been industriously laboring to prove him ineligible to the office.

In commenting on this interesting situation the Philadelphia Public Ledger suggests that it would be something new and entertaining for Florida to be represented in the United States senate by a man of the Bryan energy and caliber.

For one reason or another, not necessary here to discuss in detail, the country hasn't seemed to want Mr. Bryan in the presidential chair.

In the senate the former Nebraskan might be extremely useful to the country. His appearance there certainly would add somewhat to the average intelligence of that body.

Good, strong opposition is good for any party. Mr. Bryan might easily provide it in the senate and assist some one else to general leadership two years hence.

mentioned are nothing since most of us have many of them and some all of them and then some. And we all have troubles enough to feel like shuffling off rather than continuing the uphill fight against poverty, hard times, unsympathetic world and all that but life is sweet at that and if we will just whistle a little longer the luck usually changes sometimes for the better.

CAPITAL REMOVAL QUESTION AT OCALA.

Ocala will be the first meeting place of representatives of various cities of the state in the movement to form a State Capital Removal association.

The vote for a place of meeting for the purpose of forming a capital removal association was taken at the instance of the Palatka Chamber of Commerce, the general plan being to eliminate all rivalry when the final decision comes as to the location of the capital—in the event the state votes for removal.

It was brought out last night that there will be much preliminary work necessary to make the plan a success. The first step is to secure reapportionment of the legislature.

HAD THE BLUES.

A Miami man stranded in Philadelphia committed suicide there yesterday and in a note left behind he said that he was 53, had false teeth, bum eyes, bum feet, had shoes, no job, no friends, couldn't beg or steal and would not become a bum—so he shuffled off this mortal coil.

BANKRUPTCY SALE Selling out Bandel's stock Friday, March 10th, 316 Sanford Avenue—J. D. Parker, in charge of sale. 295-3tc

"Furnishing the Home Beautiful," Topic of Chautauqua Lecture

One of the most unusual lecture features on the coming Redpath Chautauqua program will be the address, "Furnishing the Home Beautiful," by Edwin W. Unangst, well-known authority on the effective and inexpensive decorating of home interiors.

EDWIN W. UNANGST

Decorating and is also associated with the Art Institute of Chicago in its "Better Homes" movement.

As a background for his lecture, he sets his stage as a living room completely furnished with lamps, tables, chairs, and accessories secured from local furniture dealers. He explains the possibilities of the inexpensive attainment of color harmony, correct light, and furniture grouping. At the conclusion of his lecture, Mr. Unangst conducts a question-box and discusses any individual furnishing problems presented.

UNITED MINE WORKERS RATIFY ALLIANCE WITH TRANSPORTATION

(By The Associated Press).
INDIANAPOLIS, March 8.—The International Executive Board of the United Mine Workers, today ratified articles on alliance between transportation and mine workers' unions.

START DRIVE FOR BRYAN FOR SENATE

(By The Associated Press).
MIAMI, March 8.—Headquarters for the pushing of the candidacy of William Jennings Bryan for United States senator of Florida, were opened here yesterday in the office of William E. Walsh, an attorney, formerly of Pittsburgh, where hundreds of petitions are being prepared for state-wide circulation, "drafting" Mr. Bryan for the service of the country in the capacity of senator. The concluding paragraph of the petition is: "We the undersigned citizens and voters of _____ county, Florida, draft you into the service of your party and your state. We urge that you declare yourself a candidate for United States Senator from Florida, and actively enter upon a canvass for the nomination. To that end we pledge our loyal, open and active support."

Director Dana believes that a library should "sell" itself to business men and not restrict its activities to young lady readers of fiction, children and unoccupied old gentlemen. It should be a real constructive force in the everyday life of the community, and not a mere collection of books and a lounging place. The Newark library is pretty well known among librarians about the country, but the sort of work it does is not limited as generally as it might well be.

UNITED STATES AT GENOA?

(By The Associated Press).
WASHINGTON, March 8.—The attitude of the United States government toward participation in the forthcoming Genoa conference has been formulated and will shortly be announced, it was learned at the White House.

ATKINSON FOR JUDGE.

(By The Associated Press).
MIAMI, March 8.—Henry F. Atkinson, senior member of the law firm of Atkinson, Evans & Mershon, of Miami was selected last night by members of the Eleventh judicial circuit as their candidate to succeed Judge H. Pierre Branning, resigned, in the June primaries.

ROTARY CLUB FOR FT. MEYERS

(By The Associated Press).
FORT MEYERS, March 9.—Preliminary steps have been taken by business men here toward the organization of a Rotary Club and as soon as the list of prospective members is completed application for a charter will be made.

NOTICE TO CONTRACTORS

Sealed bids for the furnishing of materials for and labor required in erecting and constructing a school building at Oviedo, Florida, will be received until eleven o'clock on the morning of April 4th, 1922, by the County Board of Public Instruction of Seminole County, Florida, at the office of the Superintendent, Sanford, Fla.

Building to be erected and constructed according to plans, blue prints and specifications prepared by, and under the supervision of F. H. Trimble, Architect, Orlando, Fla.

Copies of plans, blue prints and specifications may be had from the architect on and after March 17th, 1922, by depositing with architect \$10.00, same to be held until the said copies are returned to architect.

Building to cost approximately \$18,000.00.

Each bid must be accompanied by a certified check made payable to the above said board in the sum of \$250.00. The check of the successful bidder to be retained by Board should said bidder refuse or fail to execute contract and furnish bond as required within ten days after written notification of the acceptance of bid. All other checks to be returned.

The successful bidder will be required to furnish a surety company bond, agreeable to the Board, in an amount equal to one-third of his total bid.

The Board reserves the right to reject any and all bids.

GOOD IDEA FOR ANY TOWN

Example Set by Newark Public Library Might Well be Copied by Other Communities.

Were you ever on the top of Pike's peak? It is about 14,500 feet up in the air, and some people, in spite of motors and cog railways, find the ascent difficult. The plateau on which the Tibetans live—it is ten times as big as England—is all of it as high or higher than Pike's peak, and the mountains around slope up to nearly 25,000 feet. Kipling, in "Kim," spoke of it as being like a swallow's nest under the eaves of the roof of the world—"Kim threw his soul after his eyes across the deep blue gulf."

It is still a mysterious land, and until a few years ago almost an unknown one. The Newark (N. J.) public library has just held an exhibit of all sort of things Tibetan—things brought together through the happy conjunction of a missionary of unusual experiences and the museum staff—and this exhibit is supplemented with pamphlets and pictures tending to make it more understandable and interesting. This is a typical example of the work of the Newark library under its unusual chief, John Cotton Dana, says Leslie's. A few years ago there was a similar exhibit of Colombian things—Colombia being another interesting and inaccessible land.

Director Dana believes that a library should "sell" itself to business men and not restrict its activities to young lady readers of fiction, children and unoccupied old gentlemen. It should be a real constructive force in the everyday life of the community, and not a mere collection of books and a lounging place. The Newark library is pretty well known among librarians about the country, but the sort of work it does is not limited as generally as it might well be.

ATTRACTED BY STRONG LIGHT

Myriads of Fish Helpless When Diving Bell Descended Into the Depths of the Sea.

At Dover, England, there has been constructed a series of immense breakwaters in order to increase the size of the harbor. In the work a big diving bell was employed. When this machine was descending on one occasion the men seated around its sides saw in the glare of the electric light a strange sight.

The water beneath them suddenly became alive with thousands of silvery fish, which darted hither and thither in their efforts to escape the unexpected captivity. Some succeeded in diving under the edges of the bell, but as it descended nearer and nearer the bottom, the few inches of water remaining became thick with the fish.

When the bell rested on the bed of the sea the men captured nearly a thousand of the sprats. The fish were probably attracted by the electric light that is used in such a bell.

"Shoes at a Wedding."

The custom of throwing one or more old shoes after the bride or groom either when they go to church to be married or when they start on their wedding journey is so old the memory of man stretches not back to its beginning. Some think it represents an assault and is a lingering trace of the custom among savage nations of carrying away the bride, by violence; others think that it is a relic of the ancient law of exchange or purchase, and that it formerly implied the surrender by the parents of all dominion or authority over their daughter. It has reference to a Jewish custom mentioned in the Bible. Thus in Deuteronomy we read that when the brother of a dead man refused to marry his widow she asserted her independence of him by "loosing his shoe." It was also the custom of the middle ages to place the husband's shoe on the head of the nuptial couch in token of his domination.

Best Radiator Paint.

Large radiators in rooms of the home do not present a very attractive appearance unless they are properly decorated. For this purpose a paint should be used which will harmonize with the wall colorings, and one of the best paints obtainable for this purpose is the ordinary sanitary, flat wall paint that is used upon walls. It has been found that these paints dry with a flat surface having a high heat transmission factor. For heating efficiency as well as for decoration, these paints are therefore to be recommended.

Reasonable Statement.

The creator of strange new beauty has a right to demand so much (attention) from anybody who undertakes to pronounce judgment. Is it too much to ask? I don't imagine, for example, that my own flair for "strange new beauty" is special and extraordinary, a thing that could not be cultivated by any lover of old familiar beauty who honestly desires to cultivate it. For beauty is ageless, eternal and one, recognizable under all differences of form.—Baltimore American.

Makes His Coats Last.

Frank S. Stone of Westboro, Mass., says the Boston Globe, has worn the same overcoat for 35 winters, and he says it is good for ten more. For bitter cold he has a heavier coat which has been in service for only 20 years. Stone says styles travel in a circle returning on the average every five years. His 35-year-old coat having been in the front of fashion, seven times.

Daily Fashion Hint

DESIGNS FOR TUB FROCKS

A skirt of wedgewood blue ramie linen and a blouse of batiste in the same shade form the combination featured in the first model. The collar and cuffs of the blouse are of white. Blue suede forms the belt. Unstitched sections in the upper blouse form pockets, though these may be omitted. Medium size requires 3 yards 36-inch linen, with 2 yards 36-inch batiste and 1/2 yard white material for trimming.

Black and white gingham trimmed with delicate green organdy is very striking in the second model. The two-piece gathered skirt is attached to a waist which has an overblouse with front and sash cut in one. The green organdy is used for collar, cuffs, and reversed edges of the pockets. Medium size requires 4 1/2 yards 36-inch gingham and 1/2 yard 36-inch organdy.

First Model: Pictorial Review Dress No. 9334. Sizes, 34 to 42 inches bust. Price, 35 cents.

Second Model: Dress No. 9318. Sizes, 34 to 48 inches bust. Price, 35 cents.

Phone 115-J and 2005
810 West First Street

The property owner is taxpayer, and the taxpayer commands a great deal of respect. The property owner has the right of suffrage. But without the right of suffrage, he is not a citizen. It can not be denied that the property owner can make himself heard when the person who owns nothing is usually dismissed upon the ground that he is not a citizen.

One of the chief practical benefits of home-owning comes in hard times. If one owns his home, or even if he has an equity, his feeling of security is not shaken. He is backed to the wall on account of illness or other unexpected expense he will not be entirely helpless. The man who owns a home, or who is making an honest effort to pay for one, can obtain credit much more easily than the man who does not.

The man who owns a home, or who is making an honest effort to pay for one, can obtain credit much more easily than the man who does not.

Don't experiment when you build your home—and above all, don't experiment with the plumbing. Cheap, inefficient plumbing is like a rumpling sock for a home owner. There is constant exasperation and expense. Every plan for a new home should include a visit to Mahoney & Walker, the plumbing experts. They will give you a complete list of the equipment needs on any phase of sanitation, heating, plumbing or kindred service.

For Sanford is on a building boom and there will be more building this spring and summer than ever before. Materials are cheaper. Let us show you how you can save money on your lumber and all building materials.

THE SPIRIT OF AMERICANISM

Like Washington and Lincoln, the did tree growing tall and straight in the forest of American manhood. When they put their hands to the plow they did not turn back—they could not, for they were too much interested in what was ahead of them.

The way to home ownership may have its hardships and its sacrifices but these are incidental to the great accomplishment that lies before you. Like Washington and Lincoln, the the of Freedom and Independence.

For a man who lives in a rented house is not free—the independence is stifled—permanency, comfort, peace of mind and a score of other advantages can only be yours when you own your own home.

Dunbar Male Quartette and Bell Ringers—Princess, March 14th.

The world at your door every evening. For 15c.—Daily Herald.

BUSINESS IS PICKING UP IN FLORIDA

The Miami Metropolis, with its 100,000 population, is being prepared for the construction of a new 125-room hotel on North Bayshore drive. The property which will be the site of this new hotel, was bought by the Miami Metropolis Hotel Co. and is expected to cost about \$1,250,000. The site is said to have been bought for \$20,000, and measures 75 feet on Bayshore Drive and 155 on Northeast Third Street. Construction may begin in May, and it is expected to be completed in the next ten or twelve months.

Troward County, in voting a bond issue of \$600,000 for road bonds held a record for Florida in the case of a bond issue. The issue was voted by a margin of 100 to 1. The issue was for the purpose of building a modern, up-to-date both houses, cashing and ocean pier at the beach. The newspaper says that the improvement will be a great benefit to the community. The direct road from Cocoa, Fla., to the beach, is a \$10,000 construction was at first contemplated, but it was decided that the best would be none too good for Cocoa, and the amount to be expended was doubled.

More people in Miami than in any previous season, remarks the Miami Metropolis, "and yet this is supposed to be an 'off year' in the state's tourist business." The Metropolis goes on to say that this is really no longer about? Next year, no doubt, will bring more people to Florida than ever before, because it is probable that money will be easier. But there is a room in the state for thousands more. The Metropolis says that the state is steadily with a building program that will provide for the splendid permanent growth that is everywhere evident in the state.

The cold season according to most who are here, is not so severe as it was in the winter of 1921. Some material damage to the crops. Capt. F. E. Bugbee said to the Herald representative that in his opinion the potatoes that were up were damaged to an extent, with the ground would come back again. Mr. Bugbee said that where small potatoes formed on the vines it might do some damage.

There is a heavy rain forecast, and there is a possibility of a heavy rain and fall, that there will be only half enough store rooms for them. Sanford is sure attracting the attention of the world these days.

The world is sure these days every evening. For 15c.—Daily Herald.

Electric Helps

Eight hours is insufficient for human hands to perform all the household tasks. Tomorrow may offer yesterday's work undisturbed if you are still trying to keep house by the old-time methods.

But it is possible to establish the eight-hour day in the home by making use of electrical helps. — a Washing Machine, Vacuum Sweeper, Electric Iron, Toaster, Percolator and other labor saving devices. These untiring "household assistants" will do your work quickly and efficiently. And the cost is indeed trifling when you think of the time, energy and health they save!

GILLON & FRY

Plan NOW to Have Your Own Home and— Independence

OWNERSHIP of real estate gives you a definite place and influence in the community; it makes you a more desirable citizen; it frees you from the cares and worries of the man who doesn't own the roof over his head.

Building costs have been hammered down—way down. There is no longer any excuse for you to "wait for conditions to improve."

I will be glad to show you plans and quote the lowest possible price consistent with good work.

V. C. Collier

At Star Theatre Friday and Saturday

UPSALA AND GRAPEVILLE

Mr. and Mrs. Andrew Bertleson and little daughter motored over to DeLand last Sunday spending the day with Mr. and Mrs. Adam Karr.

G. Hirschi has been erecting a small barn for Niel Swanson and wife to replace the one recently destroyed by fire.

Mrs. Anna DeForrest is looking forward to a visit from her son's wife, Mrs. Norman DeForrest and little daughter of New York for a couple of weeks.

Mr. and Mrs. Forest West are the proud parents of a fine ten pound boy born March 7th. Both mother and babe are doing fine under the care of Dr. Pulston and Mrs. A. S. Swanson.

Mrs. Pritchard has been the guest of Mrs. Westerlick and Mrs. Beck for a few days while her husband was at Tavares and the ladies all called in to see Mrs. V. C. Collier in Sanford on Monday.

Mrs. Pritchard left Wednesday to spend a few days on the East Coast with her relatives, Mr. and Mrs. Sparrowhawk.

Alfred Ericson took his little son Gilbert to see the doctor on Tuesday evening.

Mr. and Mrs. Niel Swanson were Sunday afternoon guests at the home of Mr. and Mrs. Theo. Carlson on the West Side, taking supper with them.

Jesse Lee was a visitor at the home of Mr. and Mrs. Stedt Sunday.

Mr. and Mrs. Charles Cramer and children went over Sunday to Coronado Beach and returned with a party of Sanford friends consisting of Mr. and Mrs. Green, Mr. and Mrs. V. C. Collier and daughter, Miss Walker and her sister, of Comfort Cottage, and on the way picked up Mr. and Mrs. Don Douglas, of New Smyrna, taking them along.

Mrs. Edwin Lundquist was a caller at the home of Mrs. Ballinger Wednesday afternoon.

August Swanson and Archie took dinner Sunday at the home of his daughter, Mrs. E. F. Lundquist.

Lillian Glidewell was a caller at the West home, coming out on the school bus.

Mr. and Mrs. Hicks, of Paola, brought over the pastor Sunday who gave us a good service and we were pleased to have with us Mr. and Mrs. Dunn and children and Goodhart Sjoblom and wife of Lake Mary. Mrs. DeForrest, who is a loyal helper in this mission work, was also present.

There was also a good little meeting Tuesday evening, the pastor, Rev. Clark, got over after the rain and on Wednesday they met at the home of Mr. and Mrs. Dunn, we hear. Just at present the good news is for some way to get back and forth and meet his appointments.

Sunday school was well attended, a round dozen in the junior class to which we were glad to welcome two more, George Vihlen and John Andes, the latter coming over to visit Mr. Henderson's boys.

Mrs. Ballinger worked on the old organ, trying to stop some of the squeaks, but not with very much success. She took dinner with Mrs. N. Swanson.

LONGWOOD

C. H. Corn and Miss Ruth returned Thursday from a week's visit to Cuba.

Mrs. Jim Martin and two boys returned to her home in Oklahoma after an extended visit with her mother, Mrs. Geo. Lewis.

Mr. and Mrs. J. S. Dinkel were visitors in Orlando Saturday.

Mr. and Mrs. Newton Wilson, of Edinburg, Va., were the guests of Mr. and Mrs. J. S. Dinkel Tuesday. Mr. Wilson is an old schoolmate of Mr. Dinkel's.

Mr. and Mrs. Watson returned to their home in Memphis, Tenn., after

spending the winter with Mr. and Mrs. Tullis.

The library building is being completed inside and when finished the Longwood dramatic club will stage a play, "The Wild Man from Barneo."

Mr. and Mrs. Tullis were visitors in Sanford Monday.

Mr. Muzanti is having his oranges picked by Nelson & Co., of Oviedo.

The cooked food sale held Friday was quite a success.

Mrs. A. T. Fuller attended the luncheon at the Valdez given by the Woman's Club of Sanford Tuesday.

Mr. and Mrs. C. W. Entzinger and Mrs. Bill Satcher were visitors in Sanford Tuesday.

OVIEDO

Mrs. J. K. Hardee and two children of Fernindina are visiting her sister Mrs. W. B. Englettes.

The Radcliffe Chautauqua under the efficient management of Dr. Domer, are entertaining large crowds at the Chautauqua tent this week. Both afternoon and evening entertainments have been splendid and have been well attended by the people from Geneva, Chuluota, Golden Rod and Wegner, as well as by the Oviedo people. The general aim of the programs this year has been not only to entertain the people but to arouse in them patriotism of the right kind for America and true Americanism. The first days' program was lectures, afternoon and evening by Dr. Terry with music by the Paige Trio, second day lectures by Dr. Domer and music by the Swiss Yodlers, while on the third day, Dr. Hyde, who was with us last year as director, was the lecturer and Mr. and Mrs. Hendry, musicians and impersonators, the entertainers. The program as a whole was better than last years program, according to the opinion of many.

Mrs. H. B. McCall returned Sunday from Lakeland.

Miss Christine Nelson of Mt. Verde Institute and her mother of Tampa, are visiting friends in Oviedo this week.

Miss Ruth Young entertained a few friends Tuesday night in honor of Miss Mable Swope.

J. R. Hardee of Fernandina joined his family here Friday night as the guest of Mr. and Mrs. W.B. Englett.

F. T. Lingley of Canada is spending a few days in Oviedo this week.

The organization of a ball team for Oviedo is under way and much pleasure is anticipated therefrom both by the players and the spectators. Not having had a ball team in several years, it is hoped that the people will rally to the support of the boys and help them sustain a team that the town will not only take pride in but derive much pleasure from, as there is nothing that can take the place of the American base ball game.

Mrs. O. G. Wolcott has had as her guest, her brother, Mr. F. H. Anderson of Atlanta, Ga.

Mr. and Mrs. H. B. McCall spent Monday afternoon in Sanford.

"DE DUCKS" GOT ALL OF SLIGH'S PROFIT ON CAR OF CABBAGE

"De Ducks" got all the proceeds of a carload of cabbage recently shipped to Boston by the S. J. Sligh Company of this city, according to figures produced yesterday by Mr. Sligh. Here's how come:

Mr. Sligh shipped the products of one acre of land, 401 crates of cabbage. They sold for \$451.75. Then "de ducks" started in to eat up all the profit. Deduct \$31.20 for broker's commission. Then deduct \$20.45 for hauling charges. Then deduct \$391.10 for freight. Add up the deducts and you have \$451.75, which is just what the cabbage brought on the market.

Between puffs of his pipe, Mr. Sligh discussed the problem of transportation which he declared is facing every grower and shipper in Florida. He said that immediate relief was necessary if Florida products were to compete with those of other sections of the country on the market and expressed the hope that everybody interested in obtaining cheaper transportation rates would join the Central Florida Water Traffic League, of which he is president, in its fight to obtain rate reductions.—Orlando Sentinel.

BOWLING LEAGUE NOTES

ROTARY WINS ONE AT LAST.

Last night, after losing the first game, the Rotary Club came from behind and won over the Kiwanis Club, thereby killing the jinx that had been following them, and at the same time placed them where by another win will take them out of the collar.

Lloyd rolled high score, Bower second and Knight third. With few exceptions, everyone rolled better scores last night than usual and from all indications, from now on until the end of the season, many changes are bound to take place in the individual average.

The Rotary Club bowls again tonight, this time with the Congregational Club, and much depends on this game, as it will decide whether or not the Congregational Club stays in first place or whether or not the Rotary Club stays on the bottom.

The Men's Club, after one of their regular meetings, served the bowlers and the spectators with refreshments, consisting of sandwiches and hot chocolate.

Every one interested in bowling is invited to witness these matches, no admission being charged.

Last night's scores:

Rotary

GROWER OWES TWO BOXES OF CIGARS FOR ERRORS

(By The Associated Press)—The St. Petersburg Chamber of Commerce and the editor of the Florida Grower have each forwarded the local Chamber of Commerce a box of cigars as "hush money" in compensation for the publication in an advertisement of the St. Petersburg organization appearing in the Grower a cut showing President Harding playing golf on the Fort Pierce course and with the inscription "You'll enjoy the call of 'fore on the St. Petersburg golf links."

It was recognized here that the cut crept into the advertisement because of an error in the mechanical department of the Grower, but Secretary McDonnell of the local commercial organization twitted both the Grower and the St. Petersburg Chamber of Commerce about the slip-up and suggested that a box of good cigars from each would be acceptable.

The cigars and apologies were forthcoming and Fort Pierce has buried the hatchet.

LAKE COUNTY MAN HAS EGG RECORD HEN

(By The Associated Press)—EUSTIS, March 9.—Nels Pierson, of the Mascotte section, claims a new world's record for egg production, a hen on his farm having laid 339 eggs in the year just closed. Another hen of the same breed on his farm produced 335 eggs during the year. Both of the chickens were purchased from a poultry breeder at Baren, Ohio, and on learning of the record made by the birds the Ohio man came all the way to Florida to purchase them. The hens will be exhibited this summer at poultry shows in the middle west.

DAMAGES FOR PERSONAL INJURY.

(By The Associated Press)—BONIFAY, March 9.—David Jones has filed suit against Frank Hand to recover \$15,000 damages for personal injury as the result of an attack upon Jones several months ago. Hand and Jeff Pennington recently were convicted of shooting Jones, with intent to murder, and sentenced to serve fifteen years in the state prison. Hand is considered one of the wealthiest residents of this county, owning several plantations, grist mills and other property.

NEGRO PREACHER FLOGGED BY MEN. NEAR WINDER, GA.

(By The Associated Press)—ATLANTA, March 9.—Investigation report by Reverend P. N. Huntington, negro preacher, that he was flogged by white men Monday night near Winder, is under way today, following the sending of a stenographic report of the affair to Solicitor General Dean at Winder, by Governor Hardwick. The negro told Hardwick the men accused him of preaching catholicism but he asserted he was a Methodist. Huntington said he was a British subject from Jamaica.

WESTERN RAILROADS ATTACK WAGE SCALE

(By The Associated Press)—CHICAGO, March 8.—Western railroads opened their attack on the railroad labor boards wage scale yesterday in the nationwide wage hearing by introducing industrial figures from twenty-eight states, in all of which it was declared wages for similar work were generally lower than railroad wages.

The lower wages asked, according to J. W. Higgins, representing the western roads, are 50 to 100 percent higher than the wage scale of 1915 and 30 to 70 per cent higher than in 1917.

CAPT. JERRY SLUKER MARRIED
Capt. Jerry Sluker, of the Donnelly fleet, is receiving the congratulations of his many Sanford friends for becoming a benedict last Sunday. Capt. Sluker stole away to Thunderbolt, a suburb of Savannah, and the seaside resort of that city, where he made the charming postmistress, Miss Mamie Jacobson, his wife. She will remain on the postoffice job for some time yet but intends to join her husband here before the Dawn and New Era set sail for the north and will accompany the Donnellys' to Brooklyn in April. Mr. and Mrs. Sluker will have quarters on the boat and the fleet will not lose a captain but will gain another member in the person of Capt. Jerry's wife. The Herald joins in extending congratulations and wishing the bride and groom a long life and a happy one upon the sea of matrimony.

CITY LEAGUE TITLE TO BE PLAYED OFF TOMORROW NIGHT

Tomorrow night the basketball title of the city will be played off between the Men's Club (composed of players from Men's Club, Rotary Club and the Kiwanis Club) and the High School. A fast game is promised, with the outcome uncertain.

The Men's Club team will be composed of old college stars and veterans of the cage tossing game, they know the game from A to Z, but they are out of practice. The High School has a fast team, and knows the game fairly well. Through hard luck one or two of its players, it was kept from going to Gainesville to play for the State title. Both teams expect to win.

As a curtain raiser the Grammar School girls and the Freshman girls will tangle in a close game. Both teams are evenly matched and another fast game will be certain. Everybody come out and see who will win the Junior title and the city title.

YACHTING EDITOR.

BOY SCOUT COUNCIL TONIGHT

Successor to Dr. Hyman as President To Be Elected.

Mr. Edward Higgins, Secretary of the Sanford Boy Scout Council has issued a call for a meeting tonight to be held at the court house. Several matters of importance will be considered. Dr. Hyman has resigned as the president of the Council on account of soon to move to Tampa. His successor will be elected at the meeting tonight.

Vice-president Dean Turner will present a number of important things for the consideration of the council. It will be remembered that Mr. Turner has been very active in the Boy Scout Camp and he desired that steps be made to still better equip the camp.

All members of the council should attend tonight. All pastors, Scout Masters, assistant scout masters, scout committees, principal of High School, President of Chamber of Commerce, Editor of the paper and a few others are members of the council. Those especially interested in the development of boys are invited to attend the meeting.

REPUBLICAN LEADERS CONSIDERING NEW PLAN ON THE BONUS BILL

(By The Associated Press) WASHINGTON, March 8.—Republican leaders today disclosed the fact they are considering a plan to put the Soldiers' Bonus bill through the house under a suspension of rules, which would shut out amendments of any kind and limit the debate to forty minutes.

SOUTHERN MEMBERS WANT PROMPT ACTION MUSCLE SHOALS OFFER

(By The Associated Press) WASHINGTON, March 8.—Southern members of Congress appeared in a body before the House Military Committee today and appealed for prompt acceptance of Ford's offer for Muscle Shoals.

Psychology will buck up farmers as soon as bankers begin to accept it for collateral.

Fatty Arbuckle is convinced that life is just one doggoned trial after another.

THE WEATHER

For Florida: Increasing cloudiness tonight with rain in the extreme north portion; warmer in the north and central portions tonight; Friday unsettled, probably rain in north and central portions.

SANFORD HARBOR FILLED WITH BOATS FROM THE NORTH

Several New Yachts Were Here Last Night

Sanford's yachting harbor was so crowded last night that the Herald sent out a call for a yachting expert and succeeded in finding a volunteer for the occasion and he has turned in the following notes:

Sanford's harbor was almost crowded last night by the following yachts swinging at anchor:

The Lunetta, Washington, D. C., chartered to W. S. Eton, of Boston, who is making a short cruise on the St. Johns after which the Lunetta will sail for Palm Beach where she will be joined by her owner, Col. Slocum, of Washington.

The South Wind, of Englewood, N. J., with C. Irving Wood and Dr. L. A. Smith, joint owners. These gentlemen have had some wonderful fishing and are accompanied on their cruise by the Amo with Mr. and Mrs. Arthur H. Martin, who have a fine winter home at Artesia on the St. Johns.

We also had the Laota, chartered in Jacksonville by W. D. Baldwin, accompanied by his wife and son, R. D. Baldwin. Mr. Baldwin is well known in New York as president and owner of the Otis Elevator Co.

The Clan, a very fine eighty-three foot houseboat hails from New York and is owned by Bruce Dudson.

To keep these fine boats company were Sanford's home fleet, the Frances, the Dawn and the New Era not to forget the Dawn, Jr., our bright little runabout.
