Pigott mentioned several players for their effort in last week's victory. Among them were Butch Riser and Tommy Hinson who were "real impressive." He said Gary Davidson was a fine offen-sive half and that Jimmy Jones was a good, all round end.

And he praised Ray Middleton as a man who could handle tackle, offensively or defensively equally well.

Edgewater beat the strong Melbourne team 19 to 6 last week, showing that it has a good scoring punch. They had a 10 to one season last year, playing some of the best teams in the area.

The Seminoles did not show off too much of their offensive wares last week in beating the Titusville Terriers and maybe Coach Pigott has something up his sleeve that will pay off against Edgewater.

Sanford in the spring of 1962, the Herald learned today. The company, Del-Mar of Atlanta, Ga., and Mjami

has purchased a nine-acre site on Country Club Rd. between 21st and 25th St. and will start construction on a 50,000 square foot building in December.

President of the firm, Jerome Zimmerman told the Herald this morning that about 65 persons will be employed at the start of the operation "but it will be expanded and will double its size in two years."

Zimmerman said his company, in business for 25 years, will develop a new type of kitchen cabinet with the main operational headquarters in Sanford.

He and Vice President Dewey Smith, as well as members of the newly formed Sanford Seminole Development Company, met this morning to arrange the financing of the new building and to hold a brief press conference afterwards.

TWO COUNTY COMMISSIONERS made a preliminary inspection of the new county jail Wednesday and were "pleased" with what they saw. From right to left, Commissioners Ted Williams, J. C. Hutchison, Chief Deputy

Jim Singletary, associate architect John Burton and contractor Jack Jennings. The Sheriff's force hopes to move into the new facility sometime next month. (Herald Photo)
