

University Pay Studied Closely By Cabinet

Administrator and professor salaries at Florida universities came under the close study of the State Cabinet Tuesday when differing salary increase recommendations were received from the Budget Commission and the Board of Control.

Budget Director Harry Smith recommended the salary raises suggested by the Board of Control be reduced. He presented a listing of school administrators and professors showing the salaries during the last three years, the Board of Control's suggested increase and the Budget Commission's recommendations on raises.

Appearing in favor of the higher Board of Control raises were Dr. Broward Culppepper, board executive director, and the presidents of four state universities.

The board was told Florida schools must have higher salaries for administrative and academic personnel if continued progress is to be made in improving the state's academic standing and industrial expansion.

Culppepper said the board's recommended increases were all within the 1968 Legislature's budget for higher education.

Smith said there was no consideration of personalities in his suggested raise decreases. The four university presidents said the individuals must be considered.

The Cabinet held the matter in abeyance but promised a quick decision on the increases.

The Cabinet approved \$60,000 in renovations and additions at the Sunland Training Center at Marianna.

The Department of Public Safety was authorized to invest \$80,000 accumulated in the Highway Patrol pension fund.

Deficit Operation Our Greatest Peril

United Press International
The clearest and most present danger to the welfare of the United States lies in the endless deficit operations of the United States at home and abroad and not in the fate of the test ban treaty.

The voters and politicians who are in a lather about what the treaty would do to national security would do better to consider what already has overtaken the first line of American defense.

The first line of defense is the U. S. dollar, its integrity, stability and value.

This first line of defense is being breached by a lack of confidence in the integrity, stability and value of the U. S. dollar.

There is nothing spectacular about lack of confidence. It is not possible to finger any specific calendar date in recent years and to assert that on this day lack of confidence began.

It is like tuberculosis in that both diseases long can flourish in the system without spectacular symptoms.

And then, perhaps when it is too late, the disease makes itself known and the patient is confronted with a life-or-death crisis.

So it could be with the U. S. dollar. Misconfidence in the U. S. dollar was acknowledged in fact last year when President Kennedy assured the world that he had no intention of devaluing the dollar.

U. S. gold reserves amount now to approximately \$15.6 billion of which about \$12 billion must be held by the Federal Reserve System to

Computer Speeds Braille Production

BENKELEY, Calif. (UPI)—A June graduate of the University of California already has put his education to work in an electronic system to help the blind.

Wade White, an electrical engineering student from San Diego, has successfully tested a new automatic technique for transcribing English text into Braille, the "touch reading" system of raised dots for sightless persons.

He uses a high-speed electronic computer and a code-operated Braille printer to speed up the process now done laboriously by hand.

With the present method, a volunteer worker might need as long as six months to transcribe a large book, and the result is only a single copy.

Because of the production

problems, demand for Braille books at present far exceeds the supply.

But White's method makes large books in a few days, and many copies of a book can be produced from a single transcription.

White's system works like this: The English text is converted to punched cards, a standard operation on a machine that uses a two-dial numerical system. A large computer then converts the English text code to Braille code on a second set of punched cards or on magnetic or paper tape. After proofreading, the Braille code goes into a small computer or transcribing device to activate an electrically operated Braille printer.

JFK To Address Florida C. Of C.

WASHINGTON (UPI)—The White House Tuesday confirmed that President Kennedy will address the Commerce Nov. 18 at Tampa. Press Secretary Pierre Salinger also said the President plans other activities on his Florida trip but he would not specify what they would be.

Resolution To Cut Off Aid To Viet Nam Introduced In Senate

WASHINGTON (UPI) — The first indication of congressional anger at the Ngo Dinh Diem government's action against the Buddhists came today when a resolution was offered in the Senate urging that all U. S. aid to South Viet Nam be cut off.

Sen. Frank Church, D-Idaho, who sponsored the resolution, said Americans were "dismayed" at the Diem government's "cruel repression" of the Buddhists.

Christian martyrs marched hand-in-hand to the Roman arenas," he said.

Church rejected arguments that U. S. aid was needed to stem the Communist tide in South Viet Nam. He said that if the Diem government did not change its policy the country would fall to the Reds anyway.

"To persist in the support of such a regime can only serve to identify the United States with the cause of religious persecution, undermining our moral position throughout the world," he said.

Rocks, Bullets, Words Fly In Race Disputes

United Press International — Negroes and whites stoned each other in High Point, N. C. Wednesday night and one shot was fired from ambush early today. Police used tear gas to disperse an angry crowd of 3,000 whites during the height of the violence.

A rifle bullet ripped into a truck carrying three white men in a Negro neighborhood. They were not injured.

The shot was fired about four hours after High Point police used tear gas to break up a crowd of whites who tossed stones, eggs and rotten tomatoes at Negroes during an anti-segregation march.

Later, Negro youths stoned whites on a street in the Negro section. Several persons were injured by rocks and flying glass.

At Chicago, thousands of white demonstrators failed in an attempt to prevent the city council from adopting an open occupation law. The measure, passed by a 20-16 vote, bans racial discrimination in the sale or rental of property by real estate brokers.

A Negro registered for classes at Florence State College in Alabama, where Gov. George Wallace apparently has decided not to attempt to physically block any further court-ordered desegregation.

Attendance was down in schools desegregated Tuesday in Birmingham, Tuskegee and Mobile.

White students staged protest demonstrations at two integrated Birmingham schools and one in Mobile.

Kelly Prosecution Witnesses Testify

TALLAHASSEE (UPI) — House prosecutors placed more witnesses on the stand today as the impeachment trial of Pasco Circuit Court Judge Richard Kelly on charges of judicial tyranny went into its fourth day.

The prosecution has subpoenaed about 61 witnesses in all, but did not immediately indicate whether all of them would be used. When sworn in by the court of impeachment, there were some 16 of the witnesses present at the Capitol.

Prosecutors said the others would be called to Tallahassee when needed.

At least half of Wednesday's hearing was taken up with legal maneuvering by attorneys both for the House and for the Pasco Republican judge.

The Senate ended the legal fight by refusing to grant a motion by the defense for acquittal and refusing to grant a 10-day recess for further study and case preparation.

In all, three witnesses were called by the prosecution on the first day of testimony.

At least half of Wednesday's hearing was taken up with legal maneuvering by attorneys both for the House and for the Pasco Republican judge.

The Senate ended the legal fight by refusing to grant a motion by the defense for acquittal and refusing to grant a 10-day recess for further study and case preparation.

Rusk Cool To Somoza Plans, Exiles Say

MIAMI (UPI) — Ex-Nicaraguan President Luis A. Somoza discussed plans to oust Fidel Castro from Cuba with Secretary of State Dean Rusk and exile leaders here Wednesday before leaving for home.

Somoza, here as a guest of the American Legion convention, made it clear during his four-day visit he favors giving the Cuban exiles the help that has been denied by the United States.

Rusk, exile leaders said, gave a "cool ear" to Somoza's ideas and plans to support the heavily armed Cuban exiles against the Communist dictator.

During his visit, the former president conferred with ex-Cuban President Carlos Prío Gual, Manuel A. Urrutia, chief of the Revolutionary Recovery Movement (MRR) and political leaders Aurelio Masferrer Sterling and Carlos Sanchez Arango.

Marquez Sterling said during a "fruitful" three-hour talk with Somoza, "We concluded that the Cuban exiles must achieve political unity and entry the war to Castro."

The leader of the Exiles movement, Sanchez Arango, said his meeting with Somoza was "very encouraging."

Attorney and Somoza left Miami aboard the same plane. There were reports that Somoza would make a television appearance in Caracas, Venezuela, today to seek a "reapportionment" on the question of exile aid between himself and Venezuelan President Romulo Betancourt.

Howard P. Rives of Clearwater said that Kelly had a bad reputation in the Sixth Judicial Circuit of Pasco and Pinellas counties as far as conduct of court cases was concerned. He admitted under cross-examination by the defense that Kelly was "thought of as a 'diligent' judge."

Undercover Agent Tells Of Cuba Visit

WASHINGTON (UPI) — A volunteer undercover agent who joined some 50 American students in violating a ban on travel to Cuba this summer testified today that about a dozen of them were members of an organization identified as a Communist "splinter group."

The witness, Barry Hoffman, a Brookline, Mass., real estate man, told the House Committee on Un-American Activities the students made no secret of the fact that they belonged to the organization, which is called the Progressive Labor Movement.

Committee Counsel Alfred M. Nitte described the organization as a "Communist splinter group" formed in 1962 by "neo-Trotskyites."

Hoffman testified that all of the students who went to Communist Cuba were warned twice enroute by U. S. authorities that they would be violating State Department regulations if they made the trip.

Hoffman said they were met at the airport in both London and Prague by U. S. embassy representatives.

He said the American diplomat in Prague seemed "quite embarrassed" when many of the students "merely ignored him and walked away" when he tried to advise them they would be violating their country's travel ban.

Hoffman testified in the old House caucus room before a standing-room-only audience which included George Lincoln Rockwell and several of his American Nazi Party stormtroopers. Also scattered throughout the hearing room were a number of bearded beatnik-like youths, some in shirt sleeves.

Uniformed police and plainclothes detectives stood by posts inside and outside the hearing room to guard against possible demonstrations. The committee had been told Wednesday there would be such an attempt.

Argentina Nips Pocket Revolt

RIO DE JANEIRO (UPI) — The government announced that army troops quickly crushed a pocket revolt by navy and air force units in the capital city of Brasilia today. At least two rebels were reported wounded.

The War Ministry in Rio de Janeiro issued a communique saying that rebel elements inside Brasilia had "surrendered unconditionally."

It said two of the rebels had been taken to a hospital, the first indication that there had been any fighting.

However, the Brasilia airport about eight miles from the downtown area, remained in rebel hands. A Navy communique issued here said the next move would be to recapture the airport.

The revolt started when the navy and air force rebels seized the navy air installations, the airport and the telephone exchange in Brasilia.

Army units remained loyal and were ordered to suppress the uprising. They surrounded the rebel-held point and issued an ultimatum to surrender.

Casselberry Man Stricken — Clare Halmer, Casselberry businessman was reported in satisfactory condition today at the Winter Park Memorial Hospital after suffering a heart attack Monday evening.

Sharing the room with him is his son, Jimmy, a student at South Seminole Junior High School, who received a leg fracture doing football practice early this week. He is also reported in satisfactory condition following surgery Wednesday.

U. S. 'Hoist By Own Petard' In Viet Nam

WASHINGTON (UPI) — One of the untold stories of the Viet Nam crisis is the fact that the United States itself largely created what has recently become a "private army" working against American interests there.

U. S. aid and advice both went into creation two years ago of a special Vietnamese military force responsible to the police rather than to the military. It now is the arm of the president's brother, Ngo Dinh Nhu.

At present, some of these Special Forces, intended to fight the Communists in the mountains and delta country, are being used in Saigon's security troops.

Among U. S. officials the story raised fundamental issues of what controls are available to this country to avoid creating "Frankenstein monsters" in projects it must set up or assist in foreign lands.

When Nhu, chief adviser to Viet Nam's President Ngo Dinh Diem, launched massive raids against Buddhist pagodas on Aug. 21, he called on two main groups for the job.

One consisted of units of the so-called "Special Forces" of the Vietnamese army. The other was a special police security section of Viet Nam's national police and security services.

The United States was instrumental in setting up these units in 1961, when Communist guerrillas were terrorizing the country with tactics against which old-fashioned military sciences was useless. It was necessary to apply some of the Communist's own tactics against them.

Letter To The Editor

CC 'Cut' Questioned

Editor, Herald: I was extremely shocked when I read of the action of the Sanford City Commission in regard to the city appropriation to the Chamber of Commerce. In effect the City is stepping backward 15 years—the 1949 appropriation to the Chamber by the City was \$5,000 and the following year (targeted but financially hamstrung) City Commissioners increased the appropriation to \$8,000, when the total city budget for 1950 was \$316,000. Our present City Commissioners will probably adopt a 1963-1964 budget of \$1,767,000.

Assuming that this three-time increase in the city budget represents the appropriate increase in population of Sanford, to what

can we attribute this growth? The Navy, our garment industry, the 17-92 highway electronics industry and the many others, together with the service industries required by an expanding community would not have been brought here and kept here, by numerous costly and time-consuming efforts, without your Chamber of Commerce.

A city, like a life, does not stand still — it either grows or begins to die. And the first pang of the end of our fine city could be the dissolution of the Chamber of Commerce.

Does the thinking of the City Commission reflect the thinking of the business men, professional men and just plain citizens of Sanford? If so, the doctors on East Second Street would be well advised to stop construction on their new office building immediately, as would others who are planning expansions.

Right now there are many vacant business locations, many vacant houses, that further growth of our community would find occupied, but if we retrogress we can only expect more vacancies. If my observations are correct, with the exception of three City Commissioners, all of Sanford's people believe we are growing and want to grow.

We buy insurance against a catastrophe—death, fire, accident. I would suggest to the City Commission that it invest more heavily in the kind of insurance that will keep the Navy in Sanford, build up our industrial potential and entice senior citizens to live here.

The Chamber of Commerce needs no apologies; it stands on a fine record of service and accomplishment. But it does need money to operate and if the City Commission truly represents the people, their vote of confidence in the Chamber could make even more effective the work the Chamber does for all the people in this area.

Clifford McKibbin Jr. (Editor's note: The Sanford Herald is of the opinion that the City Commissioners and the Chamber of Commerce executive committee should sit down in joint session and endeavor to amicably settle their differences for the betterment and welfare of the community.)

DeBary Group Attends Camp Short Course

By Mrs. Adam Walker
A number of DeBary residents represented the DeBary Home Demonstration Club at a short course on conservation held last Thursday at Camp McQuarrie from 8:30 a.m. until 3:30 p.m.

Those making the trip were Mr. and Mrs. George Wright, Mr. and Mrs. Ivan Walker, Mrs. Marie Accardi, Mrs. John Armas and Miss Rose Sponsell.

Speakers appearing on the program, who were introduced by Volusia County Home Demonstration Agent Mrs. E. L. Eby, were Anthony Jensen, assistant farm forester; E. A. Ezer, fishing biologist, Florida Fresh Water and Game Commission, and Charles Hendry, assistant director, Division of Geology.

The first meeting of the DeBary Home Demonstration Club will be held on Thursday, Sept. 23 at the Community Center. The workshop will get underway at 10 a.m. followed by luncheon and the business meeting will open at 1:30 p.m. The program will be on "The Family Laundry."

Mrs. Eby will attend this meeting and all members of the club are urged to be present.

'S. 'Interested' In Race Group

WASHINGTON (UPI) — Members of a small organization of white racists appeared to have advance information about where trouble spots would develop in the latest Alabama school crisis, a government source said today.

The source said movements of members of the "National States Rights Party" turned out to be a better indication of where tension would develop than even maneuvers of Alabama state troopers.

He offered no explanation for the weather-vane-like moves of the party members, but said the government was "interested" in what appeared to be "much more than just a coincidence."

Although very little is known about the party outside the South, its members frequently have been at the scene of other civil rights disturbances.

Robert F. Hall Dies In Deland

Mr. Robert F. Hall, 53, died at 12:30 p.m. Wednesday in the Fish Memorial Hospital in Deland.

Born Dec. 12, 1909 in Sanford, he had made his home for the past six months in Deland County. He formerly had lived in Sanford where he was employed for a number of years by Standard Oil Company.

Survivors are his wife, Mrs. Alice L. Hall; his father, George F. Hall of Lake Monroe; two brothers, Eugene of Ellettsville and Harry of New Orleans; two sisters, Mrs. Ella Smith of Sanford and Mrs. Leda Sumner of Pensacola and several nieces and nephews.

Funeral services will be held at 2:30 p.m. Friday at Erlison Funeral Home with Rev. Joe Douthitt of the Lake Monroe Baptist Church officiating. Burial will be in Sylvan Lake Cemetery.

Defections To Gitmo Reported

MIAMI (UPI) — Cuban exiles leaders here say three groups deserted the ranks of Fidel Castro's Communist militia last month and defected to the U. S. Navy base at Guantanamo Bay.

Some of the defectors, the exiles reported Tuesday, were accompanied by their families.

Navy officials in Washington said they had heard similar reports, but were unable to confirm the defections.

Many Relocated Cubans Return

TAMPA (UPI) — Industrial Commission Chairman Worley Brown said today that many of the 40,000 Cuban refugees that had been relocated to other areas are returning to the Miami area.

Brown said it is apparent Cuban refugees are displacing local citizens in jobs, though no definite estimate is available as to the extent of this displacement.

"But it is now a real problem," he said, adding "the majority of these Cuban refugees who take jobs in Dade County are good workers, but it is felt many are working for lower salaries, thereby depressing wages."

He told the annual Florida Labor School, sponsored by the State Federated Labor Council (AFL-CIO), that the problem is a national one and the burden should not be borne entirely by Florida and, especially, South Florida.

"It would seem logical that federal authorities should not only encourage but require resettlement of a large portion of the Cuban refugees who are presently located in the Greater Miami area."

Mrs. Randall Rites Friday

Funeral services for Mrs. Millie B. Randall of Lake Minnie Boulevard, Sanford, who died Wednesday at Seminole Memorial Hospital, will be held at 10:30 a.m. Friday at the Congregational Christian Church of Sanford with Rev. Walter McPherson officiating. Burial will be in Evergreen Cemetery.

Mrs. Randall came to Sanford from Orlando in 1912. She was a member of the Congregational Christian Church and of the Sanford Pilot Club.

Survivors are her husband, Edwin B. Randall Jr. of Sanford; two sisters, Mrs. Blanche Barnard and Mrs. Nora E. Houkout, both of Orlando and a nephew, Joseph B. Barnard, also of Orlando.

Grankow Funeral Home is in charge of arrangements.

\$4 Million For Citrus Ads

LAKELAND (UPI) — The Florida Citrus Commission approved five changes in the Florida citrus code today and okayed a \$4 million advertising budget for the coming season.

The advertising budget approved by the commission today would provide \$1,300,000 for magazine advertising, \$1,380,000 for television, and the rest split between newspaper supplements and radio.

The commission also approved hiring a Washington firm to obtain a trademark for Florida orange juice. The trademark would be "O.J."

Chairman Sam O. Banks named a committee to study the quality of roadside fruit stands and to make recommendations to the commission.

list of dates and dead people — even though most of the people in your book are dead. Let's take an example from history.

You've probably studied the Renaissance — or else you'll be studying it soon. Have you ever asked yourself why there was a Renaissance — why the whole of Europe suddenly awakened from centuries of comparative lethargy? Why there was such a tremendous flowering of science, art, culture, philosophy? What prompted men to risk their lives upon unknown oceans?

More than this, have you tried to figure out how the Renaissance has shaped the world you're living in — how your country, ideals and beliefs and even the modern technology which is such a part of your life were largely determined by the events of centuries ago?

In other words, have you seen how history moves, how it flows in big sweeping waves?

Let's stay with the Renaissance and take a look at a historical movement or pattern of development. We can go back to the 12th and 13th centuries and the Crusades. The serfs that took part in the Crusades were "getting off the farm" and thus a major blow was dealt to feudalism — a system by which the land, by "divine right," owned the land and virtually owned the peasants. The philosophy and science of the ancient Greeks that had been preserved in the East found its way to Europe via the returning Crusaders. So did valuable spices, jewels, and cloths, and the seeds of trade and mercantilism were sown. Trade meant exploration, exploration meant new lands, new lands meant new merchants — and a strong middle class was on the rise. Exploration required science; science meant freer, broader thinking. Hence, the Protestant Reformation and the Catholic Counter Reformation.

Andrew J. King Of Oviedo Dies

Mr. Andrew J. (Jack) King, 70, of Oviedo, died at 7:15 p.m. Tuesday in the Bay Pines Veterans Hospital.

Born Oct. 25, 1892, in Sanford, he made his home in Oviedo for the past 35 years. He was a member of the Oviedo Methodist Church and of American Legion Post 83 of Sanford. A retired farmer, he was a veteran of World War I.

Survivors are his wife, Mrs. Pearl A. King of Oviedo; two granddaughters; four brothers, Joe N. King of Oviedo, Foster King of Sanford, Richard King of West Palm Beach and Leonard King of Tampa; and two sisters, Virginia and Doris.

Funeral services will be held at 11 a.m. Saturday at the graveside in Oviedo Cemetery with Rev. Robert Soka of the Oviedo Methodist Church officiating.

'Old Glory' Passport To Freedom

COZUMEL, Mexico (UPI) — The leader of the biggest mass escape so far from Premier Fidel Castro's Cuba said today that a U. S. flag improvised from women's clothing saved the 89 refugees who landed here Sunday.

"During the four-day trip, we were sighted twice by Cuban patrol boats—once 85 miles from the Cuban coast—but we were unharmed because 'Old Glory' flew from the mast," said 48-year-old Rafael Rodriguez Alfonso.

The refugees, 89 men, 22 women and 28 children, escaped in a hijacked light-house supply ship with the aid of its captain, anti-Castro naval petty officer Renato Almas Fariñas. Two Castro elite guards brought along involuntarily will be allowed to return to Cuba.

Club Women Visit Girls

By Jane Casselberry
Three members of the South Seminole Welcomes Wagon Newcomers Club recently visited the two girls sponsored by the club at Sunland Training Center this month.

Making the trip were Sue Gates, Sandy LaPoma and Lucille Crowell.

They would like to remind the public that patients at the Center are in dire need of all sizes and types of clothing as many do not have anyone to bring them the necessary items. Any contributions for this worthwhile cause will be welcomed by the Center or by any member of the Newcomers for delivery there.

Major project of the South Seminole Junior High PTA this year will be the purchasing of books for the school library with all funds in excess of items included in the budget approved at Tuesday night's meeting of the group to be used for the project.

Items on the budget were clinic, \$50; beautification, \$50; year book, \$25; national, state or county meetings, \$75; hospitality, \$50, and contingency, \$25.

Mrs. Pat Dome, PTA president conducted the meeting. Other members of the executive board this year are Mrs. Eula Scott, vice president; Mrs. Dorothy Adkins, treasurer, and Mrs. Nina Clark, secretary.

Chairmen are clinic, Mrs. Adkins and Mrs. Esther Cote; Constable Ousted TALLAHASSEE (UPI) — Gov. Farris Bryant today suspended Liberty County Constable Melvin C. Kent on grounds of incompetency.

Frank J. Sedlak Named As Instructor At Lyman

The appointment of Frank J. Sedlak as instructor of Air-Conditioning, Refrigeration and Heating Mechanics at Lyman High School was announced this week by Carlton Henley, Lyman principal, and E. S. Douglas, Seminole County Director of Vocational and Adult Education.

Sedlak is a native of Illinois and formerly instructed in this field at the Chicago Technical College. He operated his own air-conditioning and refrigeration service business in Allegan, Mich. for twenty years.

Selected students enter this training when they become juniors and are with the instructor three hours each day for a two year period. Thirty three high school students at Lyman are presently enrolling. Plans are being made for an adult evening course to open around the middle of January.

Someday someone may find a solution to the needless slaughter on the ill-way but until then—

membership, Mrs. Jerry Eckard; study and discussion, Mrs. Missouri Belle Swafford; publicity, Mrs. Dorothy Lunn; homeroom, Dorothy Martin; year book, Mrs. Donnie Whiteside; hospitality, Mrs. Jennie Wells; art, Mrs. Ann Cooper, and ways and means, Mrs. Betty Rhodes.

An appeal was made for volunteers to serve as homeroom mothers and in the school health clinic.

It was announced that sweaters and jackets in the school colors of red and white will be sold by the PTA on Sept. 24 and Sept. 25 as a fund raising project.

Other events on schedule include a Book Fair to be held at the school on Oct. 8 and a School of Instruction to be held in South Seminole County by the PTA County Council.

Qualified instructors will teach all phases of PTA work at this school for which the time and location will be announced at a later date.

Dick Barnett, formerly of

Seminole High School and new assistant principal at South Seminole Junior High and Mrs. Louise Gilpin, new guidance director for the school, were introduced by John Angel, principal.

Department heads introduced included G. R. Strickland, social studies; Mildred Gaddie, math; Mrs. Harriet Juras, English; E. R. Hill, junior science; Georgia McDaniel, physical education; George Kirsten, band and music.

and Elmer Stone, practical and fine arts. Teachers of each department were also recognized with introductions made by each department head.

Plans for improving communication between the school and parents by means of a parent newsletter and PTA programs to be put on during the year by various departments were outlined by Angel for those attending the meeting.

Constable Ousted TALLAHASSEE (UPI) — Gov. Farris Bryant today suspended Liberty County Constable Melvin C. Kent on grounds of incompetency.

Selected students enter this training when they become juniors and are with the instructor three hours each day for a two year period. Thirty three high school students at Lyman are presently enrolling. Plans are being made for an adult evening course to open around the middle of January.

Smoke For Eternity

That last cigarette before you go to sleep could be your last cigarette, period.

Here's what happens when a person does and the burning cigarette smolders down in the bedclothes to do its lethal work:

Cloth around the glowing tobacco heats slowly to about 700 degrees Fahrenheit.

Flammable carbon monoxide is produced. It dulls the senses. In the confines of the bedding, combustion produces carbon dioxide from the

carbon monoxide, depriving the lungs of oxygen.

The victim breathes with increasing rapidity, thus inhaling more carbon monoxide and other combustion by-products.

Among them on occasion, depending on the material burning:

Hydrogen cyanide (the same gas used in an execution chamber), hydrogen sulfide, ammonia, and superheated acrolein.

It could be a real gasmer if you persist in smoking in bed.

Worst Of Taste

Not long ago in a city with a concentrated audience potential, a merchant with more imagination than judgment and a radio station with more salesmanship than good taste perpetrated a commercial message that deserves comment because it is so representative of what is going on everywhere.

The message was delivered in the rapid-fire, excitable style of a grade-B movie newscaster, and obviously was intended to sound like a news bulletin.

Early in the message, the word "megatown" was used. The lame ex-

cuse to describe a large population center.

"Megatown" is too close to "megaton," the bomb-connected word, to fool with on the air. No one knows how much apprehension is stirred by such half-heard announcements, phrased to catch attention.

Jokes on matters of life and death are rarely if ever funny. They should be plainly labeled. Plays of words on life and death are permissible only when placed clearly and fully in context of the remark.

Fast-sell techniques of this nature are in bad taste. Let's scrap 'em. —F. T. P.

Badminton vs Politics

It could be that Gen. Thomas S. Power, commander of our Strategic Air Force, is a badminton player.

It could be that Sen. Barry Goldwater is a badminton player.

It could be that Sen. Henry Jackson is a badminton player.

Because badminton players of this country, as a man, are leery of Russian gamesmanship as demonstrated on film clips of the now-famous game at Nikita Khrushchev's Black Sea palace in which the Chairman was reported to have "defeated" Secretary of State Rusk. And the three named are outstanding critics of the proposed limited nuclear test ban treaty.

There's a saying that you can "tell a man's character by the way he plays games."

If that is true, the world might

very well examine how Khrushchev plays badminton as a clue to how he plays international politics in matters such as the test ban.

The films clearly show that badminton, Khrushchev style, is played with no net and no lines. Nikita merely stood in one place on a thick oriental carpet and insisted that Secretary Rusk hit the bird back to him. He then proceeded to smash it to the rug and claim the point.

Could be that General Power and Senators Goldwater and Jackson see something similar in the way the test ban treaty is set up.

Isn't there something one-sided in the elimination of inspection which plays into Russian hands just as much as hitting the badminton bird to Khrushchev's forehead? Maybe that's what the cynics have in mind.

Phil Newsom Says . . .

New Spirit In Spain

MADRID, Spain (UPI) — A new spirit is on the rise in Spain.

Externally, it expresses itself in Spain's cautious wish to play a part in European and world affairs.

Internally, it is expressed by an equally cautious, and so far limited, relaxation of some of the controls which have governed Spain's daily life since the end of the

Spanish civil war 25 years ago.

The feeling of these changes soon is made apparent to the visitor who sees the correspondent, who flew into Spain as a guest of Iberia Airlines on an inaugural flight from Los Angeles by way of Canada.

Spain's gradual emergence from behind the barrier of the Pyrenees after more than

100 years of isolation has been shown by its membership in such organizations as the Organization for Economic Cooperation and Development (OECD), the United Nations, and this year's action in joining GAAT the General Agreement on Tariff and Trade, binding her to world trade policies.

Internally, it appears in the government's tolerant attitude toward the current strike of 10,000 Asturian coal miners although strikes in Spain are illegal.

It appears also in a new willingness to permit publication of criticism from aboard and to a lifting of censorship for Spain's provincial newspapers, a condition which on the first of the year is expected to be applied to the national press of Madrid and Barcelona as well.

And it appears also in a new so-called Protestant law which also is expected soon and will give legal status to Protestant churches in Spain for the first time, permitting them to establish schools and hospitals.

As Spain attempts to change her world image there is a mounting resentment that old Hitler-Mussolini axis ties still are held against her. The official view is that Spain has proven itself anti-Communist and with United States air and naval bases on her soil has proven her willingness to take full risks in defense of the West.

It's Still a Long Way to Heaven

Dr. Crane's Worry Clinic

CASE Q-466: Carl R. Turner is the type of practical professor whom I like to salute. For he is a brilliant attorney who specializes in handling estates.

But he also teaches sophomore economics at Urbana College in Ohio.

And Carl uses the Columbus Citizen-Journal as collateral reading for his students.

This classroom use of the daily newspaper is becoming very widespread throughout the United States.

Indeed, you parents should conduct a dinner table quiz each night over the contents of your daily newspaper.

For it contains current history on page one. And the editorial page offers editorials on political scenes.

Other columns, such as this one, deal with psychology, medicine, finance and even Hollywood chat.

If you will analyze the major fields of interest covered by the daily newspaper, you will find that they follow the most popular departments in the average college or university.

The sports page, too, compare with the "athletics department" of the usual college.

Meanwhile, the comics entertain and should attract young children into the habit of reading the newspaper instead of relying solely on TV.

Actually, the comic page should serve as the home "reading laboratory" for youngsters—just learning how to read at school.

So follow Carl Turner's admirable plan and utilize the newspaper for whetting the wits of your family.

For example, you can quickly develop a 10-point quiz each day to encourage wider personal of this newspaper.

At present, children may stop with two or three minutes on the comic page.

High schoolers may add the sports page and society column and thus spend 10 minutes with the newspaper.

Cultured adults should devote from 30 to 45 minutes before they lay down their newspaper.

To help children learn to utilize the newspaper's educational advantages more fully, pick one quiz item from each of 10 pages.

For instance, compile a true-false quiz like this:

T F (1) The weather man predicts a high tomorrow of 82 degrees.

T F (2) The front page auto accident showed three people were killed.

T F (3) Dr. Crane's column today dealt with how to carry on interesting conversation.

T F (4) The medical column discussed gall bladder disease.

T F (5) The price of IBM stock dropped today.

Use this method but expand it to at least 10 quiz items. If you wish, you can include 15 or 20 statements.

That is especially true if different members of the family take turns compiling the daily quiz.

And as a reward, you can pay your child one cent or even five cents for each item he gets right.

Thus, he can help earn his spending money by learning to look at more pages in his newspaper.

This keener attention to the daily paper will pay other dividends, too, for it will help make him a better reader and raise his scores on school exams.

So send for my booklet "How to Tutor Your Child at Home," enclosing a long stamped, return envelope, plus 20 cents. It can help you guarantee him higher marks years hence in college.

Editor, The Herald:

I just finished reading your editorial in today's paper. Just want to say this is the kind of success story we like to read.

We here in Sanford are fortunate in having this kind of Chamber of Commerce. We have young men looking to the future. Mr. Roumillat Jr. is a good leader.

We are now on the right track. What we need is more payrolls—build up our waterfront.

Political Notebook

WASHINGTON — (NEA) — All the pressure which President Kennedy is now applying to have the Senate restore House cuts on his foreign aid authorization is understandable from his point of view. But it is a performance that is becoming a little old hat.

Regardless of whether there is a Republican or a Democrat in the White House, the script for this tired, end-of-season summer theater goes about like this:

Scene I — President sends Congress multibillion dollar message.

Scene II — House cuts authorization about a billion dollars.

Scene III — President, Cabinet and aid officials scream, "Murder."

Scene IV — Senate restores most of cut. Compromises with House.

Scene V — President, Cabinet and aid officials accept verdict.

The final curtain descends with everybody smiling, holding hands and bowing thanks for the applause on a job well done. Somehow the aid officials skip by on what they get. The receiving nations also skip by on what they get.

Statistical support for this plot is shown by a tabulation of foreign aid authorization, appropriations and net cuts in two presidents' original aid requests for 10 years:

(All figures in rounded billions of dollars)

Fiscal Year, 1953; Request, \$3.5; Authorization, \$3.4; Appropriation, \$2.7; Net Cut, \$0.800

Fiscal Year, 1956; Request, \$3.5; Authorization, \$3.2; Appropriation, \$2.7; Net Cut, \$0.800

Fiscal Year, 1957; Request, \$4.8; Authorization, \$4.1; Appropriation, \$3.7; Net Cut, \$1.0

Fiscal Year, 1958; Request, \$3.8; Authorization, \$3.3; Appropriation, \$2.7; Net Cut, \$1.0

Fiscal Year, 1959; Request, \$3.9; Authorization, \$3.6; Appropriation, \$3.3; Net Cut, \$0.600

Fiscal Year, 1960; Request, \$3.9; Authorization, \$3.3; Appropriation, \$3.2; Net Cut, \$0.700

Fiscal Year, 1961; Request, \$4.8; Authorization, \$4.1; Appropriation, \$3.7; Net Cut, \$1.0

Fiscal Year, 1962; Request, \$4.7; Authorization, \$4.2; Appropriation, \$3.9; Net Cut, \$0.600

Fiscal Year, 1963; Request,

\$4.9; Authorization, \$4.7; Appropriation, \$3.9; Net Cut, \$1.0

Fiscal Year, 1964; Request, \$4.9; Authorization, \$3.5; Appropriation, —; Net Cut, —

Nobody can predict accurately what the final figure and cut will be for the current fiscal year. But on the record of past performances it will be in the \$600 million to \$1.1 billion range.

There is a certain amount of politics mixed in with this international do-goodism, too. The President didn't help his own cause by calling the House authorization cut, "short-sighted, irresponsible and dangerous."

He compounded the error by putting all the blame on "a shocking and thoughtless partisan attack by the Republican leadership." And he struck out when he boasted that, as a senator "I recall during my eight years in the Senate from 1953 to 1960, consistently supporting requests which Gen. Eisenhower made as President."

It didn't take the Republicans long to check the record and discover that in six of

those eight years, Kennedy had voted to cut or had been absent—campaigning for the presidential nomination — when foreign aid funds were being considered.

The Kennedy administration fully realizes that it needs bipartisan support to get its foreign aid and a lot of other bills passed by Congress. There were 66 Democrats voting with 156 Republicans in the House to cut the President's \$4 billion foreign aid request to a \$3.5 billion authorization.

If there is one thing that seems to anger the GOP Congressional leadership more than anything else, it is the President's apparent ingratitude or lack of appreciation for the Republican support he has had in getting foreign aid appropriations through Congress with minimal cuts.

This came up in the 1962 elections when Kennedy went into Illinois to campaign against Senate minority leader Everett M. Dirksen, an Indiana to campaign against House minority leader Charles A. Halleck, into Minnesota to campaign against Rep. Walter Judd, a real bipartisan on foreign affairs.

Judd was defeated. Dirksen and Halleck won. But they still remember with some bitterness that the President didn't do them the courtesy of at least not campaigning actively against them. It may cost him a few hundred million dollars on his foreign aid program now.

Seminole Offense Rolls

Seminole High School Head Football Coach Jim Pigott had nothing but praise for his squad after Wednesday's hard workout in another scrimmage with the JV squad under game-type conditions. Work was spent mostly on the Seminole offense and Pigott said the team made few mistakes. Every time the variety got the pigskin it scored, Pigott also had a lot to say about the vastly improved junior varsity defense. He stated that the defensive secondary play was

Season Tickets Catching Hold

Season passes to the Seminole high school football home games have been catching on with the fans, according to Aik. Dir. Fred Ganas, and while sales have been picking up, they are still 65 percent behind the figure set last year for this date.

Ganas stressed the fact that in addition to the bargain rate for families for admittance alone, the fact that it will not be necessary for gridiron buffs with season tickets to stand in line at the

Yankees Set To Clinch 4th Straight Flag

By United Press International
This could be the day the New York Yankees clinch a tie for their fourth straight American League pennant and the 28th in their golden history.

All that's needed is a Yankee victory over the Kansas City Athletics and a Cleveland Indian triumph over the Minnesota Twins.

Then, one Yankee victory or one loss by either the Twins or Chicago White Sox would mathematically eliminate the last two remaining "contenders."

The Yankees moved to within an easy grasp of their third straight flag under Ralph Houk when they beat the Athletics, 8-2, Wednesday night for their 92nd win of the season. And, in typical fashion, it was Whitey Ford supplying the pitching and Mickey Mantle contributing the big blow. Ford, gaining his 32nd win of the season and the 197th of his career, turned in a neat seven-inning while Mantle, playing his way toward top form after a season of injuries, sent his old buddy off in front with a three-run homer in the first inning.

The Twins drubbed the Indians, 9-3, the White Sox edged out the Baltimore Orioles, 8-2, the Washington Senators defeated the Detroit Tigers, 6-5, in 10 innings and the Los Angeles Angels beat the Boston Red Sox, 4-1, in other American League action.

Games to get their tickets has a strong appeal for many, especially those whose activities compel them to get to Memorial stadium late.

The family rate of \$25, entitling all members to get into the five home games "is really a rock-bottom price," said Ganas. The fact that the first game is only a week away should speed up the sale, he added, for this was the pattern last year.

The "Reserved" section's privilege for a small additional fee, is going over real well with the business men whose stores stay open until after starting time for the games. It is expected that a large majority of the season pass holders who are buying the admittance cards now will take advantage of this special feature.

"Any three of the five home spectacles will be worth the season fee," the athletic director opined. The games come up like this: Sept. 20—Tilusville; Oct. 4—Apopka; Oct. 25—Winter Park; Nov. 8—Wildwood (Homecoming); Nov. 15—Hishop Moore. Ganas hopes that all who want the season tickets will rush the orders (and money) to him quickly in order for him to have time to make certain that the tickets are delivered before the game next Friday.

Gus Warns His Sluggish Canes

CORAL GABLES (UPI)—Coach Andy Gustafson prodded his sluggish Hurricane gridlers back to life Wednesday, but warned the team they will have to "pour it on from now on" to be ready for their opener with Florida State Sept. 20.

Most of the players injured in early practices were back on the field, except halfback John Bennett and kicking specialist Don Clifra.

Green Bay Gets Punter Norton

By United Press International
The old pros with Green Bay were smiling after hearing the news that National Football League veteran Jerry Norton will be joining the Packers.

Meanwhile, Detroit, the team expected to challenge the Packers for the Western Division title, gave place-kicker Wayne Walker a vote of confidence following the trade of popular veteran Jim Martin to Baltimore.

"We'll go with Walker all the way," Detroit coach George Wilson said. "Even if Wayne missed five field goals in a row, he will go for the sixth one. I've told him the job is his and I mean it."

Norton comes to the Packers following a trade with the Dallas Cowboys, who will receive a future Green Bay draft choice.

In Norton, Green Bay has a former NFL punting and pass interception leader. He led the league in both departments while playing for the St. Louis Cardinals in 1960. The Packers open defense

of their NFL crown against the Chicago Bears at Green Bay Sunday.

standing. The Seminole varsity made some mistakes but as Pigott put it, "They were nothing compared to the last scrimmage."

Line Coach Jim McCoy had his players on the ball also. The forward wall was opening up holes and offering pass protection. Pigott had good words about the ability of the linemen to get down field quickly for blocking and tackling.

Letterman Dan McCall returned to center for the first time in scrimmage. The Seminoles need a center replacement for the injured Steve Balint. However he is expected to return to the lineup soon.

Pigott said the ball handling of the backs was superb, their faking outstanding and their ability to hit and run through holes opened by the line was great. Improvement was evident in the all around offensive play. The entire team had their signals straight. There was no off-sides penalties against the varsity, offensively or defensively.

Despite the efforts of the JV defense, it couldn't stop the varsity on the ground or in the air.

Quarterbacking the varsity were Ronnie Hinson and Billy Higgins. Higgins, who is a converted defensive end, showed promise in calling plays.

Woods Giving Up Distance Swimming

JIM WOOD announced after completing a 100-mile swim in 54 hours Wednesday that he was giving up distance swimming.

"This was just too much," the car dealer from Orlando said, "I'm not going to try it again."

The veteran distance swimmer left Silver Springs at 8:25 a.m. Monday, splashed down the Silver River to the Oklawaha River, then into the St. Johns River.

Once in the St. Johns River, which flows from south to north, Wood passed through Lake George and Lake Monroe, swimming the last 50 miles against the current.

He arrived at Sanford at 2:25 p.m. Wednesday.

Wood, who was accompanied by a boat on the distance swim, said he didn't run into any trouble, although he did see several alligators.

Shirley Bids For Open Repeat

ENGUENE, Ore. (UPI)—Defending champion Shirley Englehorn, out of a hospital less than a week, began her bid for a repeat championship in the \$10,000 Eugene Ladies Open golf tournament today.

The Caldwell, Idaho, girl was hospitalized in her hometown last Friday after becoming ill. Tests revealed nothing more serious than nervous exhaustion, but it caused her to miss out on the Spokane Women's Open.

She would like to make up for it with the \$1,250 first prize here. Miss Englehorn punished the 6,522-yard Country Club course last year with a pair of 69s, the first time a woman had broken 70 on the course.

Other pre-meet favorites were Kathy Whitworth, winner of the Spokane Open, and Mickey Wright, who was after her 10th victory this year.

FSU Seminoles Reshuffled

TALLAHASSEE (UPI)—Florida State Coach Bill Peterson juggled his Seminole first string Wednesday in hopes of presenting a more potent foe for the University of Miami Sept. 20.

George D'Allesandro of Fort Myers was moved up to first string end, replacing Bill Dawson of Valdosta, Ga.

Ed Pritchett was moved to halfback from quarterback on the offensive squad and Peterson said Howard Eiler will alternate between halfback and fullback.

Buys Share

COLUMBUS, Ohio (UPI)—Golfer Jack Nicklaus announced he has bought part ownership of a 2-year-old pacer named Bervaldo, Nicklaus, who won the World Series of golf and is second among PGA money winners, plans to enter the horse in eastern races this fall.

MARATHON SWIMMER Jim Woods glided into Lake Monroe Wednesday afternoon ending a tiring three days in the water. The 41-year-old Orlando left Silver Springs Monday at 8:25 a.m. and was in the water 54 hours for the 100-mile swim. (Herald Photo)

Cleveland Unkown Upsets Amateurs

DES MOINES, Iowa (UPI)—An upsetting unknown from Cleveland and four of the top stars were among 16 hopefuls who set out today in the fifth round of the U. S. Amateur golf championship with a quartet of them to be left in the running by nightfall.

Walt Stahl, making only his second appearance in the Amateur, hoped to continue his unexpectedly brilliant play and had to do so if he hoped to survive among such as Charley Coe, Deane Beman, Bill Campbell and collegiate champion Dick Sikes.

The lanky 29-year-old gear salesman was a total of only three over par over the tough Wakonda Club course in contributing the tournament's top upset by flattening defending champion Inbron Harrier Jr., 2 and 1, and then raring past Bob Cochran of St. Louis, 6 and 5.

Today he goes against Dave Stockton of San Bernardino, Calif., in the fifth round and then, if he is to reach Friday's 36-hole semifinals, would have to face the winner of a match between Beman and Harry Meerdink of Muscatin, Iowa.

Campbell, the former West Virginia legislator, will face John C. Owens, the Kentucky amateur champion, in the first of today's two 18-hole rounds. Sikes' fifth round opponent will be Ed Tutwiler of Charleston, W. Va.

Coe, seeking to win the title for the third time — he captured it in 1949 and

Predicts KO

PITTSBURGH (UPI)—Carmen Tedeschi, manager of middleweight contender Hurricane Carter, predicts a knockout Saturday when Carter meets Argentine champion Farid Salim at the Civic Arena.

Tedeschi, 40, said he predicted Salim has never been knocked out, quickly remarked, "He was never in a hurricane either."

Buy's Share

COLUMBUS, Ohio (UPI)—Golfer Jack Nicklaus announced he has bought part ownership of a 2-year-old pacer named Bervaldo, Nicklaus, who won the World Series of golf and is second among PGA money winners, plans to enter the horse in eastern races this fall.

Nicklaus Leads Field Of 52 In Seattle Open

SEATTLE (UPI)—Jack Nicklaus and 52 other touring professional golfers tee off today in the \$35,000 Greater Seattle Open.

Nicklaus will be after the \$3,600 first-place money, which would enable him to overtake absent Arnold Palmer as the year's top money winner in professional golf.

Nicklaus picked up \$30,000 last weekend in winning the World Series of Golf.

Nicklaus and his fellow touring pros headed a field of 140 who took to the greens at the Inglewood Country Club course.

Billy Casper shot a seven-under-par 65 to win the \$5,000 pro-amateur prelude Wednesday.

Report
BOSTON (UPI)—The Boston Bruins, the National Hockey League tailenders, will report for physical examinations today in preparation for the opening of their pre-season training camp.

Coach Milt Schmidt said twin workouts will begin Friday and will continue as long as he feels it necessary.

Gator Spotlight On Powerhouse Dupree

GAINESVILLE (UPI)—Powerhouse Larry Dupree and the Florida backfield will be much in focus when the Gators meet Georgia Tech for the nationally televised season's opener in the Southeastern Conference in Atlanta Saturday.

Junior Dupree, 193-pound All-SEC who led the conference in rushing with 604 yards last year and also topped the Florida scoring list with 42 points, will be the stabilizer for an otherwise shallow back section.

Potentially the most dangerous man on the field, Dupree also will be called into action as a halfback, a position where the Gators have two unknown quantities in the starting line.

Coach Ray Graves says Dupree is exciting to watch.

"He has the best running moves ever seen on a Florida back . . . and a safe pair of hands."

Defensively, Florida will use the "roving fullback" or "monster" tactics which competent senior Jim O'Donnell elected chief monster. This method of play proved unexpectedly effective against favored Penn State in the Gator Bowl last year and—with much credit due O'Donnell—the Gators pulled an upset 17-7 win.

Defensive specialist Ken Russell, another stalwart of the Gator Bowl, will relieve O'Donnell.

One of the more spectacular of the Florida players is junior quarterback Tom Shannon, a 6-foot Irishman who set an accuracy record last year with 36 completions out of 100 tries.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I gave my fiancée a ring which I considered adequate for the time being. (I bought it at a loan shop. I told her when I gave it to her that I knew it wasn't much, but I'd get her a better one when I could afford it. She accepted it, and she returned it to me saying her mother had had it appraised and it was a fake diamond. She said I had cheapened her before her family and friends, and then she dropped me like a red hot poker. I am a commissioned officer in the state militia, and am supposed to be a leader of men, and this has made me look pretty foolish. My question is, was it proper etiquette for her mother to do that to me?

TURNED DOWN
DEAR TURNED: NO! But don't waste any tears over this. The girl wasn't real, either.

DEAR ABBY: My daughter is being married. An aunt of mine belongs to the Moose. Neither my husband nor I belong, and we don't know anyone else who does. This aunt told my daughter that she is going to give her a wedding shower and invite all the ladies from the Moose. She says then she will find out who her friends are. I was furious when my daughter told me this, and I wouldn't stand for it. We don't want these people who have never met my daughter to buy gifts for her. How can I tell my aunt NO without hard feelings?

BURBANK
DEAR BURBANK: Tell her you appreciate her kindness, but she will have to find out who her friends are some other way. It is considered poor taste for relatives to give showers.

DEAR ABBY: When I first started to date I never went out with a boy who smoked because the smell of cigarette smoke on someone's breath made me sick. When I married my husband he didn't smoke, but about two years ago he took up the habit. I haven't enjoyed his kisses since, and he knows it. He has tried all the mouth washes, etc., but his kisses still have that cigarette flavor and I hate it. When I was pregnant (last year) it made me so nauseated I was actually sick. I have even tried to learn to smoke but I can't. Am I nuts?

MARCIE
DEAR MARCIE: No. Your husband is.

Jacoby On Bridge By Oswald Jacoby

In the course of a motor trip through the West this summer, Mrs. Jacoby and I spent several delightful days in Laramie, Wyo. We had the pleasure of playing duplicate with the Laramie Unit while there and picked up a wonderful hand for use of the Jacoby Transfer Bid (JTB).

Mrs. Jacoby's two diamond response to my opening no-trump was the heart JTB and my two hearts the automatic reply. Her three diamond bid was a game force and showed that she had a diamond suit besides her hearts.

Since I liked diamonds far better than hearts, I raised her to four diamonds. This suggested a slam and she invited it by a bid of our spades. In spite of my 15 point mini-

Card Pitching Keeps Team In Pennant Race

By United Press International
 The St. Louis Cardinals are using the Los Angeles Dodgers' own most potent weapon—pitching—to cling to the front-runners' coattails in the National League pennant race.

Pitching has been the Cardinals' most serious problem all season but it's suddenly jelled—and just at the right time if the Redbirds are going to overtake the Dodgers, whose once-proud staff is beginning to get the blind staggers in the stretch.

The Cardinal staff turned in its third consecutive shut-out when Ray Sadecki and Ron Taylor combined in a five-inning Wednesday night for a 4-0 victory over the Chicago Cubs.

The win enabled the Cardinals to remain three games behind the winning Dodgers and made it 14 victories in their last 13 games for John Niekro's fast-closing team.

The Dodgers again got shaky pitching from ace Don Drysdale but reached into their bullpen for the necessary relief aid as they downed the Pittsburgh Pirates, 9-1, and eliminated them from the race.

Sandy Koufax is the only Dodger pitcher who has gone the distance in the 11 games played by Los Angeles this month. During the same period the Cardinals have had six complete games from among three different pitchers.

The New York Mets pushed the fading San Francisco Giants another step toward extinction, 4-2, the Cincinnati Reds routed the Milwaukee Braves, 14-3, and the Houston Colts nicked the Philadelphia Phillies, 4-2, in other National League games.

We The Women: By Ruth Millett

Some housewives look at housekeeping as an endless, thankless job that's never done. They can tell you the exact number of times they do the dishes, make beds and prepare meals each week.

And they don't realize that it's their own attitude that makes the job of homemaking seem pure drudgery.

Taken day by day, housework isn't too bad a job. It isn't "today" the frustrated housewife can't face. It's all the "tomorrows" on top of "today."

So the way to look on housework—or on any job—is to take to it one day's work at a time.

If she didn't become depressed over all she has to do tomorrow and all she wants to accomplish next week, almost any housewife could face today's demands cheerfully.

So the thing to do with the hardest job of housekeeping is to set aside a certain number of working hours, accomplish everything possible in those hours.

When the time is up, call it a good day's work and quit. Not only quit working, but stop thinking about the work yet to be done. What is left over can be tackled tomorrow.

The best mental rule for any overworked housewife is to never think beyond the job at hand.

Think of each day's chores separately, and you'll find you can cope without undue stress.

Most Afghans speak Pashto or Pushtu, now the national language. Persian was the official court language until recently.

Miss Kern Honored At Shower

By Mrs. H. L. Johnson
Mrs. Herman Spivey and daughter Grace Ann were hostesses recently at a miscellaneous shower for Miss Von-Kern, September bride-elect. The affair held at the Spivey home in Woodruff Springs was attended by 40 friends of the honor guest.

The party rooms were decorated with wedding bells, rings and cups interspersed with fern. The dining table was overlaid with a white linen cloth. One and held a punch bowl and on the other end was a double wedding ring cake.

Games were played during the evening and the hostesses presented the honoree with a corsage of small wedding bells.

Floating hostesses were the Misses Clara Ann and Barbara Chaplin and Scarlett Daniels.

Miss Kern received many beautiful and useful gifts from those present.

Fashion Show Planned By Sorority At Woman's Club

MRS. JAMES MCKEE, left, social chairman of the Gamma Omega Chapter of Epsilon Sigma Alpha and Mrs. George Wells a model for the fashion show planned for Sept. 17 present fashions from Mary Esthers. Mrs. McKee wears a red wool knit with black and red stole, by Youth Guild. Mrs. Wells is wearing a fuchsia knit suit by Promenade. Both hats are by Betmar.

The Gamma Omega Chapter of Epsilon Sigma Alpha will sponsor a card party and fashion show, Tuesday, Sept. 17 at 7:30 p.m. at the Sanford Woman's Club.

Door prizes and prizes to the winners of the card games will be awarded. Both bridge and canasta will be played.

Fashions from Mary Esthers, of Sanford, and Playgirl Fashions, of Fern Park, will be modeled at the show.

Models and the various civic clubs they represent include Mrs. Kathryn Ray, of the Pilot Club; Mrs. George Wells, Woman's Club; Mrs. Vincent Moore, Officers Wives Club; Mrs. Hammond Polk, Jaycees Wives; Miss Ann Mahan, the Candy Strippers and Mrs. Gordon Frederick, Exemplar Chapter of Beta Sigma Phi.

Mrs. Donna Ord will be the commentator and background music will be presented by Mrs. Patrick O'Gara. Hair styles will be by Alice's Beauty Salon.

Tickets may be purchased from any sorority member or at the door.

Mrs. Lewis Named Valentine Girl By Sorority

Members of Theta Epsilon Chapter of Beta Sigma Phi held the first meeting of the season at the home of Mrs. Paul Lewis.

During the business session future projects were discussed and Mrs. Lewis was named vice president, to replace Mrs. Burt Revels, who has been placed on the inactive list.

Mrs. Lewis was also selected as the Valentine Girl of the year and will represent the chapter in the international contest.

Mrs. Shirley Fox, of Longwood, presented a very interesting program on embroidery with panels. The girls were given small cloth drawings and had a chance to try their skill at this unique hobby.

Refreshments of fruit punch and cookies were served by the hostess during the social hour. Others attending were Misses Richard Walker, Wallace Peacock, Don Cahill, Walt Bohannon, Cameron Lawrence, Sterne Bolle, Bob McKee, Jack Erickson, Robert Deke, Art Lee, Roger Garner, Randall Reynolds and Stuart Stelson.

Circle Plans Spaghetti Supper Saturday

Members of the Anna Miller Circle are sponsoring an Italian spaghetti supper, this Saturday at the Elks Club for all Elks, their families and guests.

Serving will be from 6 to 8:30 p.m. and proceeds will be used for the Harry Anna Crippled Children's Home in Umattila. Plans for the supper were completed at a recent meeting when other projects and social activities were also discussed.

A dinner dance is being planned for Oct. 12. On Tuesday, Sept. 17, a covered dish supper will be served, followed by a program given by George Carver, administrator of the Harry Anna Home. He will show color movies of the work done at the home to help children. The movie will be shown at 8:30 p.m. and all Elks, their families and guests are invited to this event.

Members attending the planning session who will assist with the spaghetti supper were Misses Clarence Collins, J. R. Hoolehan Sr., William Lippthrott, James Hoolehan Jr., Harry Adair, Leslie Thompson, Gerald Behrens, Christine Blankenship, Charles Stafford, Hulon Hale, Charles Gross, Bob Clarke, Irene Kent, Warren Haynes, J. R. Henderson, Clayton Smith, Roy Howell Jr. and Layman Godman.

Sanford Personals

Friends of Mrs. F. M. Marler, former Sanford resident, will regret to learn that she is confined to the Community Hospital, in Nampa, Idaho.

Longwood

Personals

Lucy and Kay Moon, daughters of Mr. and Mrs. W. O. Moon, of Longwood, have returned to their college studies. Lucy is in her senior year at Florida State University at Tallahassee, and Kay is a freshman at Orlando Junior College.

She is recuperating from major surgery in Room 218. Mrs. Marler organized the first Girl Scout Troop, in Sanford. Her husband was minister of the First Christian Church when the present building was erected on Sanford Avenue.

Mr. and Mrs. Eddy Turpin have returned to their home in Oakland after a three week visit with Mr. and Mrs. Joe Alexander 3rd and daughter, Lencia. The Alexanders accompanied them home for the weekend. Mr. and Mrs. Alexander also spent a few days recently visiting relatives in Lyons, Ga.

Mr. and Mrs. W. S. Thornton are celebrating their 64th wedding anniversary this week. They had dinner with Mr. and Mrs. M. E. Baker last Sunday, who are celebrating their 39th anniversary this week. The two families decided to have an advance anniversary dinner since neither planned a formal celebration.

Robert Baker has returned to his home in Louisville, Ky., after a visit with his parents, Mr. and Mrs. M. E. Baker Sr. He accompanied his parents to Sanford after they had been visiting with him. They all spent a week at Junaluska where Robert attended a Methodist Student Movement conference.

Homemakers

By Mrs. E. L. Johnson

From a bulletin "Tomatoes on Your Table," we found several good recipes. The bulletin is yours just for contacting the Home Demonstration office. Here is one for SCALLOPED TOMATOES. 2 1/2 cups sliced fresh or canned tomatoes
1/2 cup minced onion
2 tbsps. minced green pepper
1 tsp. salt
Pepper, if desired 1/2 tsp.
2 cups soft bread crumbs
2 tbsps. fat
Combine tomatoes, onions, green pepper, salt, pepper and sugar if used. Place in a baking dish alternate layers of tomato mixture and bread crumbs. Dot with fat. Bake at 375 degrees 20 to 30 minutes for ripe tomatoes and about 45 for green. If desired sprinkle 1/2 cup grated cheese over the top for the last 15 minutes of baking. Serves 6.

LIMA BEAN-TOMATO CASSEROLE
Combine 5 to 6 cups cooked lima beans with 2 cups thin white sauce and 1 cup finely grated cheese. Pour into baking dish and place quartered tomatoes cut side down on bean mixture. Bake at 350 degrees 20 to 30 minutes or until tomatoes are tender. Serves 8.

TOMATO SAUCE
2 1/2 cups fresh or canned tomatoes
1/2 cup chopped onion
1/2 tsp. sugar
1/4 bay leaf
2 cloves
flour
pepper
Cook together the tomatoes, onion, sugar, bay leaf and cloves about 20 minutes for fresh tomatoes, 10 for canned. Press through sieve and measure. For each cup of sieved tomatoes, blend 1 tsp. flour and 1 tsp. melted fat, gradually add the cooled sieved tomatoes. Cook over low heat, stirring constantly, about 5 minutes or until thickened. Season with salt and pepper. Serve over meat or vegetable loaf, croquettes, fish, cooked spaghetti, soufflé or omelet.

Do you like to cook things with honey? Here are several recipes using honey.
HONEY ALL-BRAN UPSIDE DOWN MUFFINS
2 cups Kellogg's All-Bran
1/2 cup honey
1 1/2 cups milk
1 egg, slightly beaten
1 cup sifted flour
1 tsp. baking soda
1/2 tsp. salt
1/2 cup honey
1/2 cup currants
Combine All-Bran, honey and milk; let stand until most of moisture is taken up. Stir in egg.
Sift together flour, soda and salt; add All-Bran mixture, stirring only until combined. Put 1 tsp. honey into bottom of each greased muffin cup; sprinkle with about 1 tsp. currants. Fill 5/8 full with batter.
Bake in moderate hot oven (400 degrees) about 25 minutes. Let stand about 5 minutes before removing from pans. Serve currant side up. Makes 12-15 muffins.

HONEY HAM LOAF
3 tbsps. honey
1/2 cup brown sugar
Spread honey in bottom of 9 1/2 by 5 1/2-inch loaf pan; sprinkle evenly with brown sugar.
4 cups corn flakes
2 eggs, slightly beaten
1 tsp. prepared mustard
1 lb. ground smoked ham
E.W. first, Dr. and Mrs. Earl Sandberg; second, Mr. and Mrs. Howard Middleton; third, Mrs. Minnie Heitman and F. R. Froehlich and fourth, Mr. and Mrs. William Woodlock.

The DeBary Club conducts an Open Game and special invitation is being extended to residents of the new Deltona development.

Crepe Myrtle In Bloom
ALL SIZES
Grapeville Nursery
2221 Grapeville Ave.
FA 2-0858
"Scott's Dealer"

1/2 lb. ground lean pork
1/2 lb. ground veal
1 cup milk
1/2 tsp. salt
Crush corn flakes into coarse crumbs, combine with remaining ingredients, mixing thoroughly. Pack lightly over honey mixture.
Bake in moderate oven 350 degrees about 1 1/2 hours. Turn out, bottom side up on heated platter.

MEATBALL CHOWDER
1/2 lb. ground beef
salt and pepper
1 can (soup) water
1 can (10 1/2-oz.) condensed vegetable or minestrone soup
Season beef with salt and pepper, shape into 12 small meatballs. Brown meatballs and cook for 5 minutes. Pour off excess drippings. Push meatballs to one side, stir in soup and water. Heat, stir now and then. Makes 2 to 3 servings.

Now that peaches are plentiful prepare this peach butter for year-round enjoyment.
4 1/2 cups prepared pulp (about 2 1/2 pounds fully ripe peaches)
3/4 cup sugar
1/4 cup firmly packed brown sugar
2 tbsps. lemon juice
1/4 tsp. ground cinnamon
1/2 tsp. ground ginger
1/2 tsp. ground cloves
1 box (1 1/2 oz.) powdered fruit pectin
First, prepare fruit. Peel and pit about 3 1/2 lbs. fully ripe peaches and chop or crush. Bring to a boil and simmer, uncovered to 10 minutes. Put fruit pulp through sieve. Then make the butter. Measure the sugar and set aside. Measure 4 1/2 cups pulp in a saucepan (very large), add lemon juice and rind, cinnamon, ginger, and cloves. Add pectin and mix well. Place over high heat and stir mixture until it comes to hard boil. At once stir in white and brown sugar. Bring in a rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon and ladle quickly into glass. Cover butter at once with 1/8 inch thickness hot paraffin. Makes 10 glasses.

ACORN SQUASH
1 medium acorn squash
1 can (1 lb.) grapefruit sections, drained
2 tbsps. brown sugar
2 tbsps. butter or oleo
Prepare squash and bake in a moderate oven 375 degrees 45 minutes. Remove from oven, fill cavity with grapefruit sections. Sprinkle with sugar, dot with butter. Bake 15 minutes longer. Serves 6.

FLORIDA STYLE BROWN 'N' SERVE ROLLS
1 tsp. butter or oleo
2 tbsps. undiluted frozen orange juice concentrate
3 tbsps. sugar
12 brown and serve rolls
Combine butter, orange juice, sugar in saucepan over low heat, stir until sugar is dissolved. Dip top of each roll into glaze. Place on baking sheet and bake in moderate hot oven 400 degrees 10 minutes. Yield: Glaze for 12 rolls.

SWEET MANGO RELISH
Peel green mangoes, cut from seed, chop or put through coarse blade of food chopper enough to make 1 quart. Chop or grind two large onions, 6 sweet peppers (red) and 2 large hot peppers. Add 1 tsp. salt, 1 tsp. each

Corner

of white mustard seed and celery seed, 4 cups sugar and 1 cup vinegar. Two cups raisins also may be added if desired. Combine all ingredients. Bring to a boil and boil 10 minutes. Let stand overnight. Next morning cook until slightly thickened. Pack boiling hot and seal.

New Arrivals

Mr. and Mrs. M. E. Baker Jr., 404 East 24th Place, Sanford, announce the birth of a seven pound, four ounce daughter, Sept. 9 at Seminole Memorial Hospital.
They have chosen the name, Mart Ellnor, for the new arrival. This is the first daughter in the family and she is welcomed home by two brothers, Joy and Price.
Paternal grandparents are Mr. and Mrs. M. E. Baker Sr., Grapeville Avenue, and maternal grandparents are Mr. and Mrs. C. A. Hardy of Pitts, Ga.

At a small dinner party, seat the left-handed individual so he can eat without bumping elbows.

Health Dream Little Boys With Clean Hands

Millions of boys and girls tramping to school with surgically clean hands may sound like a pipe dream but that day is not far off, if public health experts succeed in measures to control the spread of bacterial infections.

Parents are preoccupied with necks and the area behind the ears, but Dr. Charles H. Rammelkamp, Jr., professor of medicine, Western Reserve University, is more concerned with the hands, and for good reason. His studies have demonstrated that the hand is the most important vehicle for spreading germs from person to person—germs which can cause a range of disease conditions from boils to respiratory infections. Surgically clean hands—even among little boys—are possible by substituting hospital cleansing compounds for ordinary soap for hand washing in the home bathrooms and school lavatories. One of these, originally developed for preparative use by surgeons, is a creamy emulsion which leaves a semi-permanent invisible film on the skin to inhibit bacteria. It is known as phisohex. It does not irritate the skin and cleanses better than soap. What about the ears and neck? While phisohex can do this job as well, a washcloth with an ample supply of soapy water is also still highly recommended.

Oviedo Group Gets \$71.50 For ALSAC

By Bernice Kelsey
An enthusiastic group of Oviedo Teenagers working in Sunday's drive for ALSAC under direction of Mrs. T. L. Lingo Jr. collected a total of \$71.50 for leukemia-stricken children.

Those making door to door collections included Marshall Lingo, Marilyn Partin, Gay Utrey, Ted Aulin, Jimmy Courier, Sherry Waltz, Walter Beasley, Joy Walwright and Arthur Evans.

Garden Circle To Meet

By Shirley Wentworth
The opening meeting of the Bear Lake Garden Circle will be held at 8 p. m. today at the home of Mrs. Albert Jacobs, Lake Asher Circle.

Mrs. C. L. Brunk, new president who was installed at the last meeting of the summer, will preside.

Electronics Course Offered At Lyman

Adult classes in Electronics Technology will open next Tuesday at 7 p. m. at Lyman High School, E. S. Douglass.

A training class using the new equipment will be held next Wednesday during the 7:30 p. m. meeting at the Fire House.

Chief Bates reminded those present that it is this type training that makes it possible to save a life in the event of such an emergency as happened last Sunday morning when a six months old baby was saved from suffocating by the quick action of R. M. Nilback and Fireman Owen Anstey.

Bates stated that it is the combined effort that saves the life and expressed pride in his firemen who have put in so much of their own time to acquire the necessary knowledge and training.

He reported that the Southeastern Underwriter's representative from Jacksonville has completed a survey of town facilities and that the town has requested a recommendation from the underwriters for a better insurance rate.

In line with the underwriters' suggested, future plans to keep pace with the growth of the town within the next 18 months should include a paid fireman on duty around the clock and sleeping quarters.

Salaries for the three-man staff needed are estimated to total \$10,000 annually how-ever Bates added that savings in insurance premiums for the residents would amount to much more than this sum.

He reported that the department responded to four brush fire calls and one emergency during the month of August.

Methodist Men To Reorganize

A reorganizational meeting of the Men's Club of the Ebenezer Methodist Church will be held at 7 p. m. today at the church.

Guest speaker for the meeting will be Douglas Stenstrom. Plans also will be discussed for future programs of the club.

Supper will be served by members of the church's Women's Society of Christian Service.

Judge Kelly Described As Erratic

TALLAHASSEE (UPI) — A prosecution witness testified today that Pasco Circuit Judge Richard Kelly injected himself into a case and made erratic rulings during a 1962 murder trial.

Dade City Attorney Charlie Luckie Jr. continued on the stand as the house prosecutors' witness in the trial of the 38-year-old Pasco judge on charges of judicial tyranny.

The Senate was to recess the first week of the case at 1 p.m. to take a long weekend before returning to sit as a court of impeachment at 9:30 a.m. Monday.

Luckie told the Senate that during the murder trial of pre-judged Hill's case in a drawn-out case over whether Hill's confession and that of his mother should be introduced into evidence.

The attorney said Kelly permitted the mother's confession to be used against Hill but did not permit Hill's confession to be used against her.

"It was a very disjunct procedure," said Luckie. "It was a mess." He described the judge's ruling as "the now you see them and now you don't variety," which he said meant that Kelly would rule one way on a point at one time and another way later on the same point.

He said he felt Kelly injected himself into the case "and I felt the judge should go over at the table with the state."

100-Car Motorcade Tours Birmingham

BIRMINGHAM, Ala. (UPI) —A 100-car motorcade set out today to tour Birmingham schools urging a mass boycott in protest of classroom integration.

Police were out in force at newly-integrated West End High school when 150 Negro girls quietly entered their fourth day of classes. White attendance remained far below the normal 1,500 at the high school, one of three city schools which admitted Negroes Tuesday.

A total boycott of high school classes was reported at Tuskegee High School where 15 Negroes entered under federal court orders this week.

State Dept. Fails To Sell Cuba Policy

MIAMI BEACH (UPI) —The U. S. State Department made its strongest pitch to the American Legion to gain acceptance of the administration's policy on Cuba. It failed.

First John J. Crimmins, State Department coordinator of Cuban affairs, told a packed Legion convention meeting last Sunday the United States is embarked on a long fight short of war to make Cuba an untenable island for Premier Fidel Castro and the Communists.

Then Secretary of State Dean Rusk appeared before the annual national commander's banquet Thursday night and said those persons arguing with the U. S. against Cuba overlook consequences. Thursday, the Legion convention ended with a charge the United States has been following a policy of "timidity and vacillation" on the Cuban situation.

The Legion called on the nation's leaders to use all necessary means — including arming Cuban refugees or "proceeding boldly alone" with U. S. arms — to enforce the Monroe Doctrine and throw the Communists out of the western hemisphere.

The resolution was adopted without one dissenting vote from the 2,965 convention delegates.

Church Cards
LEEDS, England (UPI) —Vicar of Leeds Canon Fenton Morley Thursday night suggested that the Church of England issue membership cards "so that when people move to new churches they can introduce themselves by card."

Street Red Like Blood After Crash
OAKLAND, Calif. (UPI) —Tom Thompson, 22, started to jump Thursday when he saw a train bearing down on his truck and trailer, which stalled on two sets of railroad tracks in Oakland.

As he leaned out the safe side, he spotted another train bearing down from the other direction and he "decided to ride it out."

Both trains smashed into the rig, which was loaded with 52,800 bottles of ketchup. Firemen had to call for bulldozers to help clean up nearly 24 inches of the gooey red stuff at the crossing.

Thompson, who for a few frantic moments thought he must be bleeding profusely, escaped without injury.

Diem Reported Fearing Coup

SAIGON, South Viet Nam (UPI) — The South Vietnamese government today was reported quietly picking up persons who might get against the regime should the United States decide to back a coup d'etat.

Suspicion between high Vietnamese officials and Americans deepened with the increase pace of charges over the handling of the Buddhist crisis and the struggle against the Communist Viet Cong guerrillas.

Informed sources said President Ngo Dinh Diem, angered over advice given him by U. S. Ambassador Henry Cabot Lodge, fears a U. S.-backed coup and is enforcing security precautions against the possibility.

The U. S. government is known to consider Nhu as the engineer behind the crackdown on Buddhists which has brought widespread popular protests. The Kennedy administration in Washington fears that a government including Nhu would lack sufficient public support to wage a successful fight against the Viet Cong rebels.

Lodge conveyed Washington's position to Diem Monday, and pointed out that continued aid to South Viet Nam is encountering increasing opposition from some members of Congress who seek reforms here.

Two Directors Of Longwood C. Of C. Named
By Donna Estes
The Longwood Area Chamber of Commerce Thursday night opened its current year with the election of Allen L. Harvell and Donald Brown as new directors after a change in by-laws was approved calling for a total of 12 directors.

Other changes approved in the by-laws allow an officer to succeed himself and set the official meeting time at 8 p. m.

Charles Stewart, co-chairman for the Chamber's city directory committee, reported that eight of the 15 plans drawn for distribution in the census had been completed and returned.

L. L. Cox, in charge of house numbering, pointed out the directory at the earliest possible date and urged that residents cooperate by providing their name, address and telephone number.

Cox was appointed to investigate the possibility of erecting a sign on Highway 17-92 advertising the City of Longwood. Serving as his assistant will be Mark Bullock who also was named as membership chairman.

Mrs. Betty Pyle was elected to fill the office of secretary after Mrs. Charles Stewart resigned effective at the close of the meeting.

E. P. Richards, treasurer, reported that only \$10 remains in the general fund and urged that 1963-64 dues be paid as soon as possible.

The meeting was conducted by Bud Scott, temporary chairman.

Russian Bread In Short Supply
MOSCOW (UPI) — New restrictions on the sale of bread in Moscow focused attention today on Russian agriculture as Premier Nikita S. Khrushchev's most important domestic problem.

Reports circulating in many parts of the country are buying up bread and grain cereals to feed their cattle, and that housewives are stockpiling upon macaroni, sugar, canned meat, sardines and cereals.

Hearing Delayed
Hearing for William E. Smith, 43, of Waycross, Ga., charged with the holdup of the Fern Park branch of Winter Park Savings and Loan Association last week, was postponed this morning by U. S. Commissioner James S. Hyatt to 11 a. m. Monday. Smith was remanded to Orange County jail in lieu of \$10,000 bond.

U. S. Questions Armed Cubans

MIAMI (UPI) — Federal authorities were questioning seven Cuban refugees today who arrived in the Florida Keys wearing camouflage fatigues, stocking face masks and armed with several automatic weapons.

One of the exiles, who arrived Thursday, said the group was "returning from doing what the United States has failed to do about Fidel Castro and Russian troops in Cuba."

He declined to elaborate on the statement or say if the group had made an attack on Cuba.

The Cubans, six men and a woman, were armed with two submachine guns, one automatic rifle and three 45-caliber automatic pistols.

Public Invited To Colorful Ceremony

Sanford Academy To Be Commissioned Sunday

The Sanford Naval Academy, latest addition to educational institutions in Central Florida, will dress ship and be officially commissioned on Sunday at 2 p.m. This colorful ceremony will be attended by both civic and military leaders. Following commissioning, the Academy will be open for inspection by the public.

The Academy, located on the corner of Melonville and Celery Avenues in Sanford, is under the auspices of the Benarr Macfarland Foundation, which also supervises the well-known Castle Heights Military Academy in Lebanon, Tenn.

It is one of the few private institutions throughout the country which emphasizes naval training. Basically an academic institution, it will prepare boys for the college or service academy of their choice.

Extra curricular training in boat handling, seamanship, piloting and navigation will be afforded.

On the "Quarterdeck" of the Academy are numerous aircraft models, ship insignias and two recently produced oil paintings of the sea by Mrs. E. D. Stowe, a well known local artist. A portrait of Captain John Paul Jones, whose words, "I have not yet begun to fight," have been an inspiration down through the years, hangs in a place of honor.

Portraits of later Naval heroes decorate the bulkheads and their exploits will become known to each midshipman.

The galley—a sea-going kitchen—will serve the mess deck (dining room) with meals planned for building bodies and pleasing the appetites. The students will each take a turn at compartment cleaning, mess cooking, and boat coxswain.

On hand Sunday for the "Welcome Aboard" will be the superintendent, Col. H. J. Furman, and the Commandant, Capt. John W. Williams, who will assist visitors in a close inspection of their "Ship."

Following the tour of the facilities, there will be an opportunity to ask questions while refreshments are served.
