UNITED STATE BANK of Seminole . . . SANFORD, FLORIDA

hold their public meetings in the late afternoon and evenings starting Aug. 24th is a backward step, if Each has important private business and professionthese elected officials are truly dedicated to the al obligations which have to be met. Yet these are meetings of the county commission with its broader cause of good government,

A rule of thumb which can be applied to this "good government" goal is when the instruments of government truly reflect and accurately respond to berg which is, quite understandable, of much greater ful from this aspect. - the wishes of the electorate.

Further, along the same line, this cannot be achieved unless two basic conditions are met:

heir opinions at an open meeting of the board; 2. Those elected are willing to devote the time the meeting and at study sessions where the sub-

stance of the meetings can be properly digested. The county commission is now made up of five members: Greg Drummond of Altamonte Springs, chairman; Edward Yarborough of Geneva, Sidney

These commissioners have \$9,000 a-year salaries. up for decision, has been quite ineffective

business from any standpoint.

dimensions than most residents are aware.

creased taxes, due in part from the fair value assess- mission meetings out of the sunlight and into the 1. In Sanford, the largest of the county's munici palities and county seat, the attempt to conduct the business of the city with two meetings a month (and the Sanford budget is now in the \$2 million bracket) can hardly be called a success from any Thus this central Florida area, blessed by na-

ture with its streams and lakes, its groves and its woodlands, is under the kind of implacable change which these very assets put in motion years ago. The sad situation which the governmental units -including the public schools - now find themselves in as they belatedly try to adjust to the needs of the

one groups fault. But it exists and every move now, by these units of government must be to improve, not hamper, change which the county commission has now adopted is definitely in the wrong direction!

DON'T SNEEZE

Citizens of Lake Mary have seen the need for a community center and are doing something

To realize their goal they will need the support of every resident and everyone will gain in one way or another in having available a convenient place in the community in which to hold civic meetings, social events, youth gatherings, and other functions. It could also house the

Lake Mary Moves

Noting the lack of a community building such as is available in other unincorporated Seminole County communities of comparable size (such as Forest City, Geneva, and Chuluota) a group of residents seized the initiative and organized the Lake Mary Civic Association in December.

Practical steps were taken such as visiting other community centers in Central Florida to obtain ideas for drawing up plans for the Lake Mary building, and the search for a proper site by the land committee. Fund raising projects were organized to start a building fund.

Now the group is ready to launch an all-out effort to sign up all residents in the Lake Mary crea as members. Kick-off date will be Aug. 14, when workers will be at the Lake Mary Post Office to accept memberships. Printed appeals have been mailed out to all residents.

young and old . . . to work together toward a common worthy goal by shedding their apathy and Lake Mary's "sleepy village" image in order to obtain an attractive and functional community center they can be proud of.

In addition to paying a membership fee or making a financial donation, there will be opportunities for serving actively on committees and supporting fund raising projects.

Admittedly seeing such a dream come true will not come easy, but as has been proven in her communities, it can be done in "The Good Old American Way" when people see a need and are willing to work hard to accomplish the goal for themselves.

This is a project we are happy to report and endorse with enthusiasm. While the folks in Lake Mary may not be pioneers in such a move. things we'd like to see: we are confdent that in the manner in which it A historical novel with a picis undertaken and the spirit with which it is ture of a horse's bosom on the pursued a standard will be shown which could cove be adopted by other communities with benefits

If you were among the unfortunate softball fans to miss thrown at the Orlando Rebels last week here's a little tip.

That Lionette team will play the Rebels in a regular season contest prior to the opening of the National Tourney. That meeting is slated for August 18,

Don't say we didn't give you fair warning. * * * * While some Pittsburgh Pirate fans are asking what has happened to their favorites an explanation (while perhaps not

valid) is being offered in other circles. It all dates back to the 20th of July when the fellow known as the "voice of the Pirates", veteran announcer Bob Prince was hospitalized by a gastric disorder.

Prince has been called the backbone of the team and his loss is the reason for the team's poor showing. If this is true the Pirates are in for hard times since Prince is not expected to return to his "mike" for at least another month.

While undoubtedly it was not intended that way the move by Stetson University to play five of its home games in Orland do many move other colleges to play more games in that

Stetson Coach Glenn Wilkes recently revealed his cagers will play Tennessee Tech. The Citadel, and Florida State at Winter Park high school gym in addition to their annual appearance in the Hatter Invitational Tournament. In the Hatter classic with the host school will be Loyola of New Orleans, Georgia Southern, and Lehigh,

This action just might prompt schools such as Florida Tech to move a few of its bigger games to a central location. * * * *

Does it seem possible for a kegler to average 240 per game for 42 games and lose a tournament? Well it happened last month when Bob Singleton actually devoured 10,102 pins in his 42 games but lost to southpaw Johnny Petraglia of Brooklyn. Singleton totaled 10,522 counting his bonus pins but was nine pins shy of the 10,531 accumulated by Petraglia, who has won over \$77,000 on the PBA tour this s eason. A little consolation for Singleton is that his actual pinfall of 10,102 for the 42 games was a new PBA record.

* * * * the professionals do not make near as much as other pro-

While this year's leading money winner has won over \$77,000 he has only about a third of the winnings of the leading golf money winner. And that percentage decreases sharply as one goes down the ladder. The third man on the bowling list has wor less than one/fifth that of the third man on the golf list.

* * * * Bidding to retain his national Grand American title "Tiny" Lund has entered both the Bama 200 on Saturday, August 21 and the Talladega 500 on Sunday, August 22.

opening for the 1972 driving championship. He is wasting no time in trying to catch the point leader. The determined Lund and James Hylton of luman, S.C. are

among the latest drivers to confirm entries in the third annual Hylton, like Lund, is running second in his phase of auto racing. The South Carolina driver is chasing Richard Petty in

the Winston Cup National point scramble. Qualifying for both the Grand National and Grand American begins Thursday, August 19 and continue through Saturday morning. August 21.

* * * *

We are told that here in Florida the popularity of the sport of pigeon racing is growing rapidly. President of the Pittsburgh, (Pa.) Southern Combine, Joe Lizik, is working with Pennsylvania Congressman, Joseph M. Associated Press Sports Writer hemispheric show began in Gaydoes in an attempt to get a pigeon stamp and Lizik says | NEW YORK (AP) - Joe 1951.

prospects for it are looking "favorable." * * * * Triple crown winners in horse racing are rare but triple crown winners in motorcycle racing are even rarer. In fact, it went his chance "to show ev- previous PanAm crowns, there there has never been a triple winner on the cycle circuit. Bidding to become the first such winner on the motorcycle

scene is veteran performer Dick Mann. Described as the most versatile rider in the nation today, Mann will be shooting for the second leg on professional motorcycle racing's "triple crown" on September 5 when he competes in the Talladega 200 at Alabama International Motor Speedway.

Earlier this season Mann captured the Daytona 200 to jump into the lead in the American Motorcycle Association's national championship point fight. A victory at Talladega and then at Ontario (Calif.) Motor Speedway in mid-October would make Mann the first rider to win all three races and capture the coveted "triple crown" . . . motorcycle racing's mystical sym- question of his timing. He'll let And the powerful Canadian

Chief threat to Mann's attempt at winning the Talladega 200 and eventually the triple crown is Dave Aldana, last year's winner in the Talladega. Aldana averaged an amazing 104.589 mph in winning last year's Talladega 200. However, cycle experts are predicting that record will tumble at this games last season with a bro- lay team Tuesday. year's Talladega 200.

aid of an \$8 million space buggy. The mission simulation and training facility at the MSC in Houston contains working models of all the equipment used by the astronauts on the lunar surface including the moon buggy, pictured here, and the lunar exploration module. Herald staffer Larry Neely spent a full day last week touring the facility in Houston and took these photos. The flight simulation center is where the astronauts spend many hours training for their space actific equipment carried by the missions. Only four of the over 30 buildings at the MSC is open to the general public, but models and simulations of nearly all the activities conducted at the facility is made

available to the public.

Doris Stein, Sue Stevenson Return From New York Trip

Doris Stein, president of the Pilot Club of Sanford and Sue Stevenson, past president, have returned from New York City, where they attended the Pilots International 50th anniversary convention at the Walderf-Astoria Hotel.

They joined delegates from more than 500 clubs located in six countries and attended all of the important meetings, workshops and banquets. The convention got under way

the first night with a "Birthday Banquet," where the hotel served those at the headtable with their special gold chinaware, usually reserved for state dinners and visiting foreign dignitaries. The members were presented an eight tiered birthday cake and the speaker was the

renowned Jeane Dixon. Other speakers at various meetings included Mrs. Willie Snow Ethridge, humorist, world traveler and novelist and Miss Ruth Norcia, of Connecticut. She is the delightful 16 year old winner of a "Freedoms Founda-

You see, the hours between 4 pm and 8 pm are what we call the "Peak Period." That's the time when you-and all your neighbors-use the most electricity. For cooling off. Cooking. Baking. Dishwashing. (You know the routine.) All cause an unusually heavy drain on the power supply. And all increase the chances of a power shortage occurring on a hot summer's day when just about every air conditioner within miles is going full blast.

Between 4 pm and 8 pm on hot days, moderate the temperature of your air conditioner. Don't overcool. Also, plan meals which require little or no cooking. Cook before or after peak periods. (The same holds true for washing and drying clothes and dishes.) Finally, keep to a minimum the amount of hot water you use for baths, showers, and other uses during peak periods.

Electricity, like all of America's resources. should be used wisely. By helping us conserve electricity, between 4 pm and 8 pm these summer days, you'll be helping yourself. And everyone else.

TurboTrain Visits

Sanford Saturday

A preview of things to come: High speed rail transportation between Daytona Beach and Tampa, via Sanford (maybe). The preview will come Saturday morning when a high-speed TurboTrain passes through to ac-

quaint the public with the modern transportation train. Invited to board the "special" in Sanford are city and county officials, Chamber of Commerce representatives and their wives. Already aboard will be federal and state transportation authorities. Local

> rive at the Sanford depot at 10:45 a.m. and depart at The TurboTrain is making a tour of half of the Amtrak system for the U. S. Department of Transportation. It has been operating between Boston and New York for two years. The month-flong tour, covering 12,000 miles and 31 states, is intended in part to survey public opinion on improved passenger trains, The public is invited to inspect the train at the San-
