

### Fed Cagers Win Thrilling Overtime Decision from Leesburg

It is possible to credit a team with a victory for Coach Lee, who in Sanford's thrilling overtime last night over Leesburg.

The Fed's reserve material by enabling the Fed, who played in the final period, to outlast Leesburg's overtime period.

The Fed fought fiercely throughout the game, and none played any harder than Guard Lee, who turned in, perhaps his outstanding performance of the season. Lee was high man for the night with nine points and his fighting spirit was evident throughout the game.

Leading 23 to 19 with three minutes to play, the local committed two mistakes that allowed Leesburg to tie the score on a successful lay-up and field goal. A few seconds after the overtime period started, Center Billy Fleming, usually the Fed high scorer, caged his only field goal which provided the victory margin. Forward Warren Deanele quickly repeated with his first field goal to Lee added a first free throw to tie the game. Fleming, Jones and Pennington led the Leesburg team, with Fleming tallying eight points. The lead changed hands five times, and was deadlocked at 6-6 at the end of the first quarter and 12-12 at the half. Leesburg, who previously was defeated this season by Sanford, held a 19-13 edge ending the third chapter. No more than four points separated the teams during the fray.

The Fed made a clean sweep of the double bill, when the B squad, led by Forward Calpeper with nine points, outlasted the Leesburg B, 18 to 9.

The line-up:

time period started after a 23-22 deadlock at the end of the regular game. Duffels and Herring were in the game comparatively fresh, and it was evident that the Fed should come out on top in the overtime period.

The Fed fought fiercely throughout the game, and none played any harder than Guard Lee, who turned in, perhaps his outstanding performance of the season. Lee was high man for the night with nine points and his fighting spirit was evident throughout the game.

Leading 23 to 19 with three minutes to play, the local committed two mistakes that allowed Leesburg to tie the score on a successful lay-up and field goal. ### Way Help for WOMEN!

WINE may help women in important ways. Many have found it as directed to help relieve pain. When used as a tonic, it usually helps stimulate appetite, increases the flow of gastric juice, and so aids digestion. It helps build energy and strength and reduce periodic ailments for many. Of course, it is not a substitute for medical treatment.

### Women Will Be Admitted Free Friday At Track

**LONGWOOD, Feb. 23, (Special)**—All women will be admitted free to the Sanford-Orlando Kennel Club Friday night track officials announced today.

"In appreciation for the loyal support of feminine fans, we will admit every woman for nothing to Friday night's races," General Manager Walter Connolly declared.

There will be no service charge. The women will be "on the house" that night. The move is unprecedented in the track's seven year history.

### Bob Pastor Stops Touted Negro Heavy

**CLEVELAND, Feb. 23, (AP)**—Bob Pastor, 155, snuffed a capacity crowd of Cleveland fans here last night by scoring an eight-round technical knockout over Larry Franklin, highly-touted Negro heavy.

The referee stopped the fight after Franklin had gone down for a nine count and was unable to continue.

Before Franklin went down he took a savage 30-second battering on the ropes that left him wringing and groggy. A left hook to the chin put the big broad-shouldered Negro in trouble and Pastor made the most of it.

### Lyles Makes Fine Frosh Cage Record

Jim Lyles, son of Roland M. Lyles and grandson of J. E. Lyles of 311 West Tenth street, is making an outstanding record at Wake Forest College in North Carolina, according to an article in a North Carolina newspaper concerning the Deacon freshman basketball team.

The article reads as follows: "Jim Lyles, one of the greatest Asheville high centers in history, is carrying on in his own little way and stealing most of the back-patting as a leader, both offensively and defensively on the Blue and white combination."

"He is burning up the courts in this neck of the woods with the frosh. The spile kid can do most everything that goes with a well-rounded basketball player, and he has shown that high school coaching gave him a better-than-average foundation for college competition."

"As the first-year team heats the mid-way mark on the season's slate, Lyles is well up in the scoring parade. Coach Murray Oranson, boss of the varsity, watches the Asheville boy turn the courts and thinks he is a coming "great" in the cage game. A 6-4 lad, Lyles can really get around."

Lyles has visited Sanford several times, according to his grandfather.

### Gomez To Meet Scott For Southern Title

**TAMPA, Feb. 23, (Special)**—A real treat will be provided fight fans at Tampa Mar. 10, when one of the biggest local attractions, winner Gomez, and Tommy Gomez together at Phillips Field in an all-out battle for the heavyweight championship of the south.

Gomez has a record of 14 wins in 15 fights, losing last year to Scott by a KO. Southern title holder Bob Sikes of Arkansas was stopped by Gomez in the seventh round after losing to Scott. Both claim the title and the coming fight will determine the question.

### Brooklyn Pitcher Doesn't Like Cubs

**MIAMI, Feb. 23, (AP)**—New York's ready to end one of baseball's weirdest holdouts, Brooklyn's Kirby Higbe, isolated yesterday that the only reason he refused to accompany the Brooklyn Dodgers to their Havana training camp last week is "because I just don't like the place."

The right-hand ace will make his first airplane flight today alone to join the team, but he's dreading the next 10 days.

Higbe, who already had signed his contract, balked at the last minute on flying down with the rest of the players last Wednesday. Club officials said he wouldn't go because he couldn't take his wife along.

## MacArthur's Troops Smash Enemy Lines In Surprise Attack

### Allied Planes Over Rangoon Down 21 Japanese Craft; British Hang On

WASHINGTON, Feb. 24. (AP)—General Douglas MacArthur, and his fighting force, won special attention from Congress today. They won't have in the income tax returns of the Philippines on Dec. 15. A Joint Senate-House conference approved the bill for fighters in the Philippines.

The return and payments, however, must be made when the war ends.

An Associated Press bulletin from Gen. Douglas MacArthur's headquarters in the Philippines today reported American and Filipino troops launched a surprise attack and hurled the Japanese invaders back several kilometers on the Bataan peninsula.

This was the most sizeable advance by Gen. MacArthur's beleaguered defenders since they were driven into the Bataan mountain wilderness nearly two months ago.

Fighting still is in progress. A War Department spokesman here advised newsmen to "make your own interpretation" of the reports.

There was no suggestion, however, that reinforcements were near arrival.

Allied fighter planes today shot down 21 Japanese raiders in battles for control of the air.

The Japanese reported that they had lost 21 fighters and 10 bombers.

British demolition squads continued their destruction of vital Rangoon installations.

The Japanese northern offensive aimed at Mandalay and in the direction of India, was said to have begun last week from Chungking.

The Japanese base 80 miles inside Thailand from the Burmese border.

Rangoon communications broadcast by the All-India announced that British-Indian-American volunteer armies had taken a terrific toll on the Japanese air force.

20 planes destroyed and seven were probably downed yesterday.

It is believed that the Japanese were lagging in behind the Allies.

The Japanese stand against the Allies.

The Japanese stand against the Allies.

### To Raise \$5,000,000

Appointed chairman of the Citizens Committee for the 2nd Naval District, Thomas E. Dewey, former New York district attorney, will raise \$5,000,000 for the Navy Relief Fund.

### British Announce Nazi Battleships Are Out of Action

An official British announcement today declared that the German battleships, Scharnhorst and Gneisenau, and the cruiser, Prinz Eugen, are severely damaged and are being held in the English Channel.

The Red Army's strangulation of a German army trapped in the Bataan-Russia area appeared today to be the first stage of a maneuver aimed at trapping all Nazi forces in the bloody northwestern corner of Russia.

The Russians declared they had defeated the reserves which the Nazis are hurrying into the flaming battle of the Staraya Russia area, where the Soviet ring of destruction closed tighter upon the survivors of the smoldering German 16th army.

The German-Fascist forces are suffering great losses in manpower and equipment, today's communiqué said.

### Jap Ships Have Been Hit Hard, Washington Says

### At Present Rate, Sea Power Of Jap Will Be Doomed In Year

WASHINGTON, Feb. 25. (AP)—Such tremendous blows have been dealt to Japan's navy and merchant marine that if the rate of destruction continues for one year, the ever-vital sea power of the United States Naval officials indicated last night.

This authoritative word was given to reporters after the navy disclosed officially that it had sent 53 Japanese naval and merchant vessels to the bottom since Dec. 10.

It also said in passing that it has good reason to believe that three more enemy submarines have been sunk by United States Navy forces in the Atlantic theater, and four damaged.

This brings the total ships sunk or damaged by the navy in that ocean since the war began at 21, inasmuch as Secretary Knox had declared on Dec. 21 that 14 had either been sent to the bottom or hit.

Mr. Knox, in mentioning the figure of 53 Jap ships sunk since Dec. 10, added that the navy believed it had sunk more and damaged five. Nor was this the whole picture.

In addition, battle losses have been dealt by the navy although the figures on their deeds were not up-to-date enough last night to include in the grand total, they have been sinking or damaging Japanese vessels at the approximate rate of one a day.

### Brigadier General Hutchison Is In Graduating Class

WASHINGTON, Feb. 25. (AP)—Three brigadier generals, including Joseph H. Hutchison, infantry, Camp Blending, were among the first graduating class of a 12-day course in motor transport operation and maintenance at the Hamilton, Md. Quartermaster Corps Motor Transport School, the War Department announced Wednesday.

The officers were required to do repair work and to learn what repairs could be made in the field in case of sending motorized equipment to shops in the rear for overhaul. As part of their instruction, they were required to drive 100-mile trucks in a motor convoy through the streets of Baltimore.

Similar courses are in progress at motor transport schools in Atlanta, Ga., and San Antonio, Texas. The Department said, and a fourth will be started soon at Stockton, Calif.

### Price Control On Pork, Beef Likely

WASHINGTON, Feb. 25. (AP)—Secretary of Agriculture Wickard said Wednesday he expects to announce in a few days that the government will take steps to control the price of pork and beef.

The government has been authorized to control the price of pork and beef under the war price control law, but Wickard said he had not yet decided whether to do so.

Wickard said the price of pork and beef has risen sharply since the war price control law was enacted in 1941.

Wickard said the price of pork and beef has risen sharply since the war price control law was enacted in 1941.

## American Subs Shoot Torpedoes At Enemy In East Indies Water

### Three Local Men Are Appointed On Executive Group

### Hill, Dyson, Leffler Receive Approval For Defense Posts

Mayor V. C. Hill, F. A. Dyson, chairman of the County Commission, and W. A. Leffler, chairman of the Board of Commerce, have been appointed by Governor Spang to the Semole County Defense Council Executive Board, the formation of which was announced today by J. L. Ingley, chairman of the local council.

The appointment followed the approval of the three men by the State Defense Council in Tallahassee upon the recommendation of the local council.

The local Executive Committee, which is the governing body of the council, comprises the following members besides Mr. Hill, Mr. Dyson and Mr. Leffler: Mr. Ingley, chairman; W. D. Peterson, vice chairman; and A. B. Peterson, coordinator.

Mr. Ingley also revealed that in line with a recommendation by the State Council, stating that the co-ordinator of the council should be the commander of the action group when practicable.

Mr. Peterson has been appointed commander of the local council. In addition to his duties as co-ordinator, Mr. Peterson will be in charge of the action group during air raid warnings, blackouts or any other emergency.

### Jack C. Russell Gets Appointment At Station Here

Jack C. Russell has been appointed local experiment station agent at the local experiment station here, today announced by Dr. R. W. Russell, chief of the station.

Mr. Russell, a native of Sanford, received his Bachelor's and Master's degrees from the University of Florida.

Mr. Russell's appointment was made possible by the increase in the appropriation for the Celery Experiment Station by the last legislature.

With the coming of Mr. Russell, the station will be equipped to help growers with their insect problems, it was stated.

### Putnam Named Head County Blood Bank

Dr. Charles L. Park, chairman of the Division of Health of the Seminole County Defense Council, today announced the appointment of Dr. G. H. Putnam as chairman of the Blood Bank for the county.

The appointment was approved by J. L. Ingley, chairman of the Defense Council and Dr. Putnam will represent the council at a State Advisory Committee meeting to be held Sunday, at 1:00 P. M., at the Angelle Hotel in Orlando.

### Public Is Invited To Attend Services

The public is invited to attend this evening's evangelistic services to be held at the South Side Baptist church and conducted by Rev. D. H. Brothers, president of the Railroad Evangelistic Association and engineer of the Seaboard Airline Railway from Hialeah, N. C.

These services will be continued through Thursday and Friday nights of this week. A large crowd attended the services held last night.

### WEATHER

Florida—Mostly clear to light with light to moderate showers over the north and west-central portions late tonight.

### "It's Your Lifeline"

Owen Lattimore, interviewed during a short visit to New York, Owen Lattimore, personal American adviser to Generalissimo Chiang Kai-shek, declared the Hsueh Road is more American lifeline than China's the noted far Eastern expert returned from his Chungking post by air.

### County Exceeds Quota In George Washington Drive

Seminole County went over the top in the George Washington Drive campaign to raise funds for the Democratic Committee.

The county's quota for the drive was \$254,000 and the amount raised by voluntary contributions totaled \$254,000.

All donations were a voluntary affair and Mr. Housholder, chairman of the committee, said the county's quota was exceeded by \$254,000.

The county's quota was exceeded by \$254,000.

### Hit 2 Transports And 2 Other Vessels; Japanese Gain In Sumatra

WASHINGTON, Feb. 25. (AP)—Secretary of War Stimson asserted today the United States are making "massive" defense of the Netherlands Indies, and had inflicted heavy losses on the enemy which he said the Japanese had not disclosed.

Stimson added the United States is "losing every bit of aid possible."

American submarines torpedoed two enemy transports, an auxiliary ship and a freighter in attacks in the past 48 hours on the Japanese sea-borne invasion forces in Dutch East Indies waters.

The Dutch Indies headquarters also listed a Japanese warship, one of a squadron as "presumed" to be hit.

The Dutch acknowledged the Japanese have reached the narrow Sunda Strait across from Java in a drive down Sumatra, India naval forces bombed Japanese held Oosthaven, a southern Sumatra port.

Japanese bombers raided the Sumatra naval base and airbase in western Java. The Dutch reported continued fierce fighting on Celebes, acknowledging the Japanese capture of Sinking, western Borneo, and the island of Bangka, off Sumatra.

Japanese occupation of Borneo and Timor, a spokesman said, was completed, the encirclement of Java by cutting off its communications with Australia.

Don't Fool The Public

What strikes us as a very mysterious thing happened on the Pacific coast night before last.

An "object," otherwise identified as a blimp or balloon was sighted moving slowly down the California coast in the neighborhood of Los Angeles.

An alert was sounded. A blackout was ordered. Anti-aircraft guns went into action. A squadron of interceptor planes took off.

But yesterday Secretary Knox said there was no "positive evidence" of any enemy planes having been in the vicinity. Army headquarters admitted there had been a blackout.

It hardly seems possible that an enemy dirigible could remain in the air anywhere near Los Angeles for 25 minutes or more and not be shot down either by anti-aircraft guns or interceptor planes.

It is conceivable that the Army was conducting a realistic test of anti-aircraft batteries and civilian defenses. It has been suggested that an Army blimp might have been towing a target for anti-aircraft gunners to shoot at in order to get in some night practice.

We believe, however, that the public interest will be better served under such circumstances if the people are fully advised as to the facts.

And on the other hand, if enemy planes or dirigibles have appeared over the California coast, or anywhere else in this country, the public should be fully and truthfully advised immediately.

Peanut Boom

The Federal Government wants the South to produce a much greater volume of peanuts in order to supply oil needed in connection with defense.

The South's total acreage last year was 1,900,000, and now the Government is urging that the total for the next crop be increased to 5,000,000 acres.

Florida farmers should investigate this situation with a view to planting their share of peanuts. It is an opportunity to plant with a market already in sight.

A Difference

C. S. Betterman, the noted mining engineer, was on the witness stand in an important mining case in Nevada, and was being cross-examined with offensive brusqueness by a rather bumptious young attorney.

The question had to do with dimensions of a certain form of ore generally described as "kidney lumps." "Now, Mister Expert," impudently questioned the brawny young attorney, "how large were these lumps—you say they were oblong—are they as long as my head?"

"Yes," replied Betterman, "but not as thick."—Wall St. Journal.

Accommodated

The late Pope XI could speak English fluently, but preferred not to employ that language in private audiences.

One day a concealed American, in audience with the Pontiff, insisted that the interpreter have the Pope talk to him in English.

"Very well," interrupted the Pope, in English, "Good-bye."—Wall St. Journal.

Makes Sense

Bobby: "Aren't you driving kinda fast, Daddy?" Father: "You don't want to be late to school, do you?" Bobby (thoughtfully): "No, but I'd much rather be late than absent."—The Quill.

"Civics" Are Out For Blanding Soldiers

CAMP BLANDING, Feb. 26. (Special)—The sixth carload of salvaged waste paper gathered around Camp Blanding was shipped out by the quartermaster this week.

New regulations state that enlisted men are prohibited from wearing civilian clothes at any time on or off duty.

Officers are also affected by the order. They must wear the uniform at all times when out of the barracks or quarters.

ADAMS IS NAMED TAMPA, Feb. 26. (Special)—Miller K. Adams, popular physical education instructor and basketball and baseball coach, has been appointed director of the University of Tampa physical education department.

**Minneapolis Gridders Provide Top Movie**  
 MINNEAPOLIS, Feb. 25 (AP)—The Gridders provided the top movie for the evening at the Metropolitan Theatre here last night. The picture, "The Gridders," was a comedy starring Billie Burke and Charles Laughton. The picture was a comedy about a woman who inherits a large fortune and goes to Europe to live. The picture was well received by the audience.

**How To Relieve Bronchitis**

When you have a cough, it is a sign that your bronchial tubes are inflamed. This condition is known as bronchitis. It can be relieved by using a medicine that loosens the mucus in your throat and soothes the inflamed tissues. **CREOMULSION** is a medicine that does this. It contains cod liver oil, which is rich in vitamins and minerals. It is a natural and safe way to relieve bronchitis.

Tommy Holmes Star Rookie Boston Braves

BOSTON, N. Y., Feb. 25—Tommy Holmes, then manager of the Braves, was lecturing his young players on ball park etiquette...

He said, "as you move up in the game, that all right field fences are not the same distance from the home plate. Here at Norfolk, you've got an easy target. But if I were you, I'd stick to the percentage and not try for home runs."

Tommy Holmes listened to the sage advice in swift and a move in disappointment. The Brooklyn schoolboy was a Yankee favorite. If he was going to become one of these big swash-

bocklers some day, he would have to hit home runs by the whole sale. He was a left-handed hitter, too, and Yankee Stadium had been built for the lefties. But here was Johnny Neum—

This spring Tommy, who was bought from the Yankees by the Boston Braves last December, will find that he has no nearby fences at the Hub to upset his timing. It is expected Manager Casey Stengel will send his recruit out to center field to replace the aged

Lieut. Arno Egnes

Describing experiences of the crew of a torpedoed Norwegian motor-launch, Surgeon Lieut. Arno Egnes of the Royal Norwegian Navy Air Force, tells reporters in New York how he and the men spent ten days afloat in an open lifeboat. A convoy bomber sighted the lifeboat and a destroyer brought them into a Canadian port.

Johnny Cooney. When this was scouted out to Tommy, the boy just shook his head ruefully as if it was all a dream.

"When I was a kid around Ebbets Field, Cooney was my hero, he pitched like a demon."

Young Holmes is no dressing room barber. On the contrary, he's quiet, soft-spoken and most interested about his achievements. To get him to admit that he's sure of a regular job with the Braves, you would have to bring along a stomach pump.

He would be with the Yankees but for the fact that Manager Joe McCarthy's lineup already has too many left-handers in it.

Comedian Lewis Looks At News From Funny Side

By JOE F. LEWIS Wide World Features

I dunno, I don't like the complex. I can't understand the people that are so afraid of the word 'complex'. I found I could keep up with what's undying in the world and at the same time not fall into a funk that couldn't be shaken by any good news."

The formula is simple: All you have to do is be your own, write man. For example, here's the way I've looked at recent headlines:

I hear the government is looking for a heckler to cut in on those Japanese short-wave propaganda broadcasts. Why get this that tobacco auctioneer? It's the only bird I know who talks fast enough to pass as a Jap."

An item from Toseka, Kas. tells about a guy walking on and finding a burgle in his bed with him. Getting awfully angry, he pulled off the covers and while he was 'shining for the police' that tobacco auctioneer? It's the only bird I know who talks fast enough to pass as a Jap."

Titles has barred "William Tell" from the German street because he calls it "pro-Soviet."

Forgetting would have been all right. I take it, if Willie has missed the apple and hit his son."

Some of the boys were talking about foreign correspondents when somebody tried to describe the term. They arrived at this: "A foreign correspondent is a fellow who falls over a wire from Europe to find out what's going on in Europe."

They claim that in the future we will see something like three people at the top of the tree. One will be the top of the tree, one will be the top of the tree, and one will be the top of the tree.

I hear it is on good authority that in order to get a government job in any of the Axis countries you have to pass a Civil Service Examination.

Comedian Allen Tells of War's Effect On Baby

By FRED ALLEN Wide World Features

There will always be a Poster Mother of America have faith in stars. They will "Keep 'Em Flying." Down through years babies have been pampered

The "little stranger," as baby called, took it for granted that he would be swaddled in his woolen garments, that his skates were among baby's playthings and toys. The baby of

ber arone and his feet encased in wee silken booties. The baby knew sustenance would be provided and that his needs could be obtained through applying his lips to the rubber nipple popped from the top of his glass milk bottle.

The baby of yesterday romped in a mahogany plying, teething on a rubber ring. Rubber tires and metal springs on his carriage made baby's journey abroad a jouncing delight.

For amusement, baby first cooed and giggled at the jingling rattle of his rattled rattle. Later, miniature aluminum soldiers, tin railroad trains and steel roller skates were among baby's playthings and toys. The baby of

Yesterday knew nothing of priorities. His was a world fraught with metal and rubber. Especially rubber, since every Mother hailed her new-born son as a "bouncing" baby boy.

The infant of tomorrow, making his catatonic debut in a world that's concretized its metal and rubber to the great god Murr, will truly have priorities. There will be no rubber for his nipple, no glass to make his milk bottle. Baby will suffer for his milk up a fashion from a gourd, or if there is a priority on rubber, baby will be deposited under a cow and left to his own devices.

There will be no aluminum soldiers, tin trains or steel roller skates. Instead, the nursery floor will be littered with composition paper. The only metal the kiddie will know will be the iron he has in his blood. Yes, the priorities baby, gasping anguish at a non-metal and rubberless world and contemplating his plastic diapers with no steel staples to keep them aloft, will no doubt say to himself, "Brother, I am going to have my hands full!"

According to the Bureau of the Census, Yearling County, Texas, made the fastest growth of any county between 1930 and 1940 with a 323.9 percent increase. Petroleum County, Montana, made the most rapid decline, 47 percent.

Pat O'Brien Has Pants All Right But Loses Coat

By GEORGE TUCKER
NEW YORK, Feb. 24 (AP)—This is the 22d story of a pair of pants that lost their coat, and they belonged to Pat O'Brien.

Photo Approved by U. S. Navy
The submarine U-200 slides down the ways at Groton, Mass., to become the first addition to America's growing fleet of underwater fighters.

When I saw him he was standing on the curb talking with Jean Herbolt and he had not a care in the world. I heard him say, 'The weather was good. He had had fun in Boston. The Manhattan traffic hummed a well-loved refrain in his ears. And in his pocket was a ticket to Washington.'

### Cage Team Meets Top-Seeded Five In Conference Meet Tonight

Sanford High cage team met the toughest opposition in the conference tonight in the five-in-a-row meet at Daytona Beach. The team, which starts at 8:00 p. m. tonight, will play five of Jacksonville's top teams in the conference meet. The team is headed by Coach L. L. McFarland, and the lineup is as follows: Guards, L. L. McFarland, and L. L. McFarland; Forwards, L. L. McFarland, and L. L. McFarland; Centers, L. L. McFarland, and L. L. McFarland; Point Guards, L. L. McFarland, and L. L. McFarland; Shooting Guards, L. L. McFarland, and L. L. McFarland.

### Tavern Bowlers Hold Loop Lead By Three Games

The Tavern bowling team still is leading on top of the Commercial League but is receiving stiff competition from three teams that are tied for second place, three teams behind. Hardware's outfit has climbed from last place to claim 16 losses and 14 wins with Carey, Agency, and Celery City Bowling Company, behind the Tavern five. Meanwhile, Herbit Moss still holds the individual average lead with a round 170. The standings:

W	4
The Tavern	23 11
Andrew Carraway Agency	23 11
Emerick Hardware	23 11
Celery City Bg. Co.	20 16
James Touchette	19 17
Hoffman Elec. Co.	18 21
St. Johns River Lanes	18 21
Touhlon Drug Co.	9 27

### Bob Quinn High On Rookie Clyde Klutz

BOSTON, Feb. 26.—(AP)—The receipt of the signed contract of Clyde Klutz, a 236-pound catcher drafted from the Sacramento Pacific Coast league club, may have been taken in stride by most of the Boston Braves' supporters, but President Bob Quinn regarded it as most important. Although he never has seen Klutz perform, Quinn has been "high" on him since the St. Louis Cardinals, who operate the Sacramento club as a farm team, offered three times the \$1200 draft price to get him back.

### Hi-Guide Wins Schooling Race At Miami Track

LONGWOOD, Feb. 25. (Special)—Greyhound fans have been in a frenzy of activity around the Sanford-Orlando Kennel Club, trying to pick another "big shot" daily double since the 1931 combine won Tuesday night's event at the local racing plant. Tonight's feature race will see fast field entered over the fast turf route. Com'n Along, a fast-breaker with several recent feature race victories, will probably be the post-time favorite along with City Judge and Sanflower Chief.

### Harris Predicts Good Year For Sid Hudson

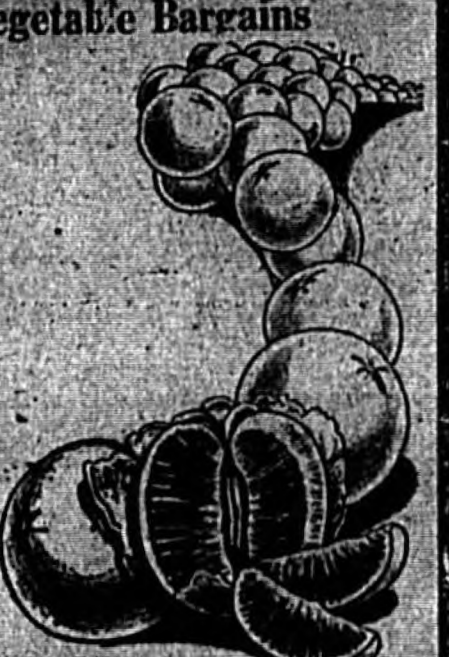

ORLANDO, Feb. 26.—(AP)—Mansueti Dicky Harris predicted yesterday that Sid Hudson, the Senator's 25-year-old right-hander, would have his most successful season this year. "Sid has a swell fast ball but he's been the trouble in it for much," Harris said. "He could stand a better curve. He must develop that change of pace to become a really fine pitcher."

### Milk Surplus Faces Florida Producers

MIAMI, Feb. 26.—(Special)—There is a possibility that some Florida milk producers may be faced with the problem of disposing of surplus milk, said H. L. Moorehead, chairman of the Research Section of the Agricultural Division of the Florida State Chamber of Commerce, here today. Milk is a valuable ingredient in poultry rations, it may be dried and used in a variety of ways, according to advice received from N. R. Marshall, poultry husbandman of the agricultural experiment station at Gainesville. Skim milk and buttermilk are most often used, he stated. Dr. E. L. Fouts, dairy technologist of the agricultural experiment station, advised that surplus milk should be concentrated so that it can be stored and its use distributed over a considerable period of time. Milk drying equipment seems to offer the best means of concentrating this product, Dr. Fouts said, and should be located near the source of supply. He advised that skim milk be used as the cream can readily be disposed of as bottle cream or in ice cream mixes.

### "Chew Up A Set Of Rubber Auto Tires"

FALT LAKE CITY, Feb. 26. (AP)—Rubber that grows on the tree but wears out in the car by anyone with a strong set of teeth—and persistence unlimited. John E. Heppner, an old timer who says he's been chewing the rubber from rabbit brush for 65 years, recommends that anyone try to gnaw out enough for a set of tires, however. Heppner and his childhood playmates did it this way out in Beaver county, Utah, about 1877. They stripped the bark from stalks of rabbit brush, then carefully scraped off a thin, sweet-smelling inner bark. It's they chewed, until it became a pulpy mass. Small bits of rubber about the size of a wheat kernel can be extracted from the pulp. "After several hours of chewing a boy would have a small handful of pure rubber which, when heated, was used to toughen bowstrings," says Mr. Heppner. "We also used the stuff for chewing gum."

### SUSPEND 48-HOUR WEEK

WASHINGTON, Feb. 26. (AP)—Congress has suspended the 48-hour week and removal of Section 1 of Labor Federal wage laws in Congress Wednesday in unemployment disaster aid to the additional work stopped.

## President Condemns Use Of "Riders"

WASHINGTON, Feb. 27.—(AP) President Roosevelt today condemned the use of "riders" as a method of legislating what he called the attaching of riders that ought to be voted to measure cannot be voted.

## Haltax Answers Critics Of Britain

PHILADELPHIA, Feb. 27.—(AP) Britain's answer to the critics of her "haltax" is that it is a necessary measure to meet the needs of the home front.

## FBI News Of Enemy Plans In Island Area

MIAMI, Feb. 27.—(AP) The FBI today reported that it had received information that the enemy was planning to launch a major attack on the island area.

## Jap Planes Raid India Territory; Defenders Gain Along Bataan Front

Small Bands Of U.S. Filipino Troops Harass Enemy In Guerrilla Attacks

(By Associated Press) The Far East radio today the American ambassador to Vichy, Admiral William D. Leahy, demanded that all movements of the Japanese fleet receive prior authorization from the United States and was rejected.

(By Associated Press) In the Philippines United States and Filipino troops gained from a half to five miles along the entire Bataan peninsula as fighting between light forces on both sides continued.

The communists restored activity elsewhere in the Philippines. In northern and central Luzon—occupied by the Japs early in the war—small bands of American-Filipino troops are continuing to harass the Japs in guerrilla fighting with considerable success.

And on Mindanao—southernmost island of the archipelago—there has been "desultory but active" fighting between the Japs and the guerrillas.

Gen. MacArthur's surprise thrust yesterday, while in no sense a major counter-offensive, was regarded here as a courageous and astute maneuver to keep the Japs from getting set for a knockout punch.

It marked the first time in the Bataan campaign that Gen. MacArthur's men outmaneuvered the Japs in a tactical sense, at least in the eyes of military observers here.

The leadership of the House should never have permitted this bill to be placed on the Consent Calendar, Representative Joe Hendricks stated in a special dispatch received here this morning.

"This is where the leaders of the House made their mistake, according to Mr. Hendricks. They should have forced the committee to bring in a rule and had they done so, the bill would never have passed the House," he declared.

"Never in the five years I have been in Congress has any one measure received so much disapproval and criticism among my constituents as this measure caused," the Representative declared.

"Sunshine Lady" Dies Early Today

ATLANTA, Feb. 27.—(AP) Mrs. Mary McChesney Berry, 58, nationally-known founder of the Berry schools at Rome, Ga., for underprivileged mountain children, died early today in a hospital.

## Hit Andaman Island; Nips Delay All-Out Drive For Rangoon, Vital Burma Road

(By Associated Press) Japanese warplanes made their first attack in Indian territory on the vital United Nations supply route to China and Russia today in the Far Pacific as A-119 bombers widened their counter-offensive assaults.

Japanese bombers today carried the war to Indian territory for the first time by raiding Port Blair on the Andaman Islands, 350 miles southwest of Rangoon between Burma and India. No land change in Burma was reported.

A temporary breathing spell on the Burma front today delayed an expected all-out Japanese drive for Rangoon and the vital Burma Road.

The new disposition of enemy troops along the last natural barrier to Rangoon, 60 to 70 miles above the city, was considered most threatening.

When their reinforcements arrive from Singapore, the Japanese are expected to launch a simultaneous attack on the city and at the river's mouth in an attempt to encircle and smother the smouldering capital and its defenders.

The present lull in ground fighting is regarded as evidence that the Japanese suffered heavy losses in their drive on the British across the Isthmus and that they now are awaiting fresh troops.

Of Britain's chances of holding Rangoon, London took a gloomy view. They said that the Japanese had a "strong" but there was no official evidence that Chiang Kai-shek's troops were yet in position or strength to divert the Japanese drive on the airport, now evacuated by virtually all civilians, along with the first of British "scorched earth" demolitions and its sea approaches mined.

## State Sales of Gasoline Fall Off 15 Percent

TALLAHASSEE, Feb. 27.—(AP) The rationing and curtailment of joy riding in Florida last month cut the State's gasoline sales and tax collections 15 percent below the corresponding month last year, and Governor Holland said he expected a further drop in February.

"If it doesn't get any worse than 15 percent, we'll be happy," the Governor commented. "I'm pleased to see that it was no greater than it was in January. I don't expect the maximum has been reached yet."

"The reduction will have to be considerably more than that to endanger the general program of road construction and maintenance and retirement of highway bonds, for which the bulk of gasoline receipts are used."

From 1941, the State collected \$3,372,418 in January, as compared with \$2,784,577 a year ago.

Governor Holland said that although he expected further decreases during the tourist season, "the percentage of reduction should be small in the summer and fall" when the State's roads again are traveled mainly by residents.

He pointed out that a great part of the 1942 road construction will be on military highways which will be built with Federal aid and will not be such a drain on State revenues.

He said he had not determined where the danger point would be reached in financing of highway bond debts, but it will be reached, he said, "in 1943, unless a reduction in effect the situation."

## Hendricks Tells Veteran Writer Has Seen Of Criticism On Retirement Bill

Leaders Of House Said Responsible For Passing Of Act

"I've seen a lot of them come and go. I remember yours ago when the Braves paid \$28,000 to Jacksonville for Don Cantwell. I think that's the highest price ever paid for a player from a Class B club."

John Drohan, veteran baseball writer for the Boston Traveler, was the speaker.

"This wonderful weather here. Much better than in San Antonio where the Braves trained last year. One thing, you can usually count on in Florida is plenty of sunshine. It rained nearly all the time in San Antonio."

## Landis Is Accused By Tennessee Solon

WASHINGTON, Feb. 27.—(AP) Senator McKellar (D-Tenn.) today accused Civilian Defense Director Landis of violating defense laws and giving misleading testimony on how O.G.D. funds are being spent.

The Ohio State Tower Club, at Ohio State University, is a co-operative dormitory built under the aegis of the stadium.

All Shriners are requested by the Grand Lodge of Florida to wear their Fas at the dinner meeting of the club in the Valdes Hotel this evening at 7:00 o'clock.
